DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

HEADQUARTERS
MIE MILITARY GOVERNMENT TEAM
APO 710

WLT/LC/ft

4 April 1949

SUBJECT: Authority for Removal of Released Exempt Equipment from Reparation Installations

THRU: Liaison Office, Mie Prefecture

TO: Plant Master, Mitsubishi Heavy Industry Co. Ltd. Tsu Plant
27-Banchi, 4-chome, Kanihama-cho, Tsu-shi, Mie-Ken.

1. References:

a. Letter, Headquarters Eighth Army, AGMGEM 386.3, subject: "Authority for Released Exempt Equipment to be moved from Reparations Installations", dated 14 December 1948.

b. Letter, Headquarters I Corps, AG-004-BA, subject: "Authority for Removal of Released Exempt Equipment from Reparations Installations", dated 21 December 1948.

2. The following ten (10) machines and equipment have been established as EX and are hereby released to the rightful owner for use, removal, or sale. These machines will be marked "EX".

Name of Machine	Manufacturer	Capacity
Plating Vessel	Mimasu Denki	145x55x55 cm
Electric Furnace	Kyowa Kogyo	30 KVA
Dryer	Mimasu Denki	4 KW
Electric Furnace	Borrowed from Okutani Denki	25 KW
Jig (for Tapping)	Mimasu Denki	1 HP
Motor	Mimasu Denki	10 HP
Motor	Mimasu Denki	5 HP
Automatic Welder	Mimasu Denki	7.5 HP
Surface Buffing Machine	Mimasu Denki	1 HP
Electric Furnace	Kyowa Kogyo	5 KW

FOR THE COMMANDING OFFICER:

DESMOND P. WILSON
Major, FA
Adjutant

cc: Chief, Commerce and Industry Section,
Mie Prefecture
Chief of Guards, Mitsubishi Heavy Ind. Co. Ltd. Tsu Plant (23-34).

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Mitsubishi Heavy Industries Co.,Ltd.
Tsu Engineering Works

27-Banchi,4-chome, Kamihama-cho,
Tsu-shi, Mie-ken.

March 28 1949.

To: Commanding Officer
Mie Military Government Team.
Attention, Commerce and Industry Section.
Mie Prefectural Office

Subject: Report of Supplemental E.X.-machines.

Dear Sir:

Submitted herewith is a Report of Newly installed Ten (10) E.X.-machines and Equipments as described in detail on the attached lists.

We wish to ask you for your ealiest approval for the application.

Very truly Yours

Sig. Naokaz Yuu
NAOKAZ YUU
Chief Custodian and Assistant
General Manager.

Subject: Application for the permission to install
ELECTRICAL TRANSFORMERS

Dear Sir: Submitted herewith is an application for the permission to install two(2) rented transformens as described in details on attached sheet to-gather with a loan agreement and a loan certificate made between our company and the Mimasu Co.

Dued to an increase of electric power supply capacity for the paint drying furnaces, it became necessary to install two additional transformers to run the furnaces. As these are our present circumstances, we ask you repeatedly for your kind consideration for a permission for the application.

Very truly yours,

Sig Tsutou Ishijima

Tsutou Ishijima
General Manager.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Details of Transfomer

1. Borrowed from the Mimasu Co. dated September 15, 1948.

2. Quantity of transformer ----------Two(2)

3. Capacity of transformer------150 K.V.A.,200-3000 V.

4. Manufacturer of transformer----Mitsubishi Denki K. K.

5. Location of installation----------Tsu Plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

LOAN AGREEMENT

Tutou Ishijima, general manager and a representative of the Mitsubishi Heavy Industries Co. Ltd. Tsu Engineering Works, hereafter simply called party A, and Masukichi Seko, a representative of the Mimasu Co., hereafter simply called party B, agree to make following contract:

Article 1. Party A rented the following transformers from party B.

Name	Quantity	Capacity	Manufacturer
Transformers	2	150 K.V.A. 200-3000 V.	Mitsubishi Denki K.K.

Article 2. Party A shall pay Five Thousand Yen(5000 Yen) to party B for a year (12 month) rent fees for the transfomers.

Article 3. Party A is responsibe for repairs in case of a damage or an occident, however party A will not responsible for the unexpeted damges or occidents such as a natural calamities.

Article 4. A term of the rent shall be two(2) years commencing from September 15, 1948.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

In the testimony of this agreement, two (2) copies having been made, a copy of each shall be kept respectively by the Representatives of the Mitsubishi Heavy Industries Co. Ltd. Tsu Engineering Works, and the Mimasu Co.

Signed on this 15 th day of September, 1948.

1. Reference par. 4g, Operational Directive No. 21, Eighth Army, subject: "Japanese Industrial Reparations Facil ties", dated 30 March 1948.

2. Transmitted herewith, Inclosure 1, is an application of the Mitsubishi Heavy Industries Co., Ltd., Tsu Plant (23-3(a)), 27, 4-chome, Kamihama-cho, Tsu City, Mie Prefecture, for temporary use of eighteen (18) reparations machines. Said application is endorsed by the Governor of Mie Prefecture.

3. An inspection of the Tsu Plant (23-3(a)) disclosed that this machinery is acutely needed in order to raise the production of bicycles from an average of 1,500 units per month to a full production capacity of 5,000 units per month. Nagano Military Government Team indicated by telephone that they would probably approve this application.

4. Approval is recommended since additional bicycles are needed for export and for use by Japanese economy.

MITSUBISHI HEAVY INDUSTRIES CO. LTD.
TSU ENGINEERING WORKS

July 17th 1948.

TO : Commanding Officer
Mie Military Government Team.
Nagano Military Government Team.

THRU : Commerce and Industry Section, Mie Prefectural Office.

SUBJECT : Application for Temporary Authorized to Use Reparation Machinery.

Dear Sir:

We respectfully submit this application for Temporary Authorized to Use eighteen (18) secondary metal forming machines out of total 468 machines from Mitsubishi Heavy Industries Co. Ltd., Aircraft Liquidation and Conversion Office, Ueda Branch (No 225 Komaki Kamoike Ueda-shi, Nagano-Ken) designated for reparation, particular reasons of which are mentioned in the annexed sheets. Details of said machines under the custody of Nagano Military Government Team, are described in attached application.

We shall be very obliged if you could grant us at your earliest convenience your permission for the application.

Very Truly Yours.

TSUTOU ISHIJIMA Director of
Tsu Engineering Works of
Mitsubishi Heavy Industries
Co. Ltd.

6 August, 1948.

It is recommended that Mitsubishi Heavy Industry Co., Ltd., Tsu Engineering Works needs the metal forming machines mentioned on their application for the more production of bicycles. Therefore, I hereby submit you this application for temporary use of these machines for the abovementioned factory.

Osamu Aoki,

Osamu Aoki
Governor, Mie prefecture.

   Aircraft Liquidation and Conversion Office, Ueda Branch.

3. Address of Company and Plant
   (a) Address of Company
   No. 2, 4-chome, Marunouchi, Chiyoda-Ku, Tokyo-To

   (b) Location of Plant
   No. 225, Komaki Kamoike, Ueda-shi, Nagano-Ken.

4. Date of Establishment of Company and Date of Plant (for operating plant)
   (a) Date Company Estableshed — 1st October 1917
   (b) Date Started Operation of Plant — 1st April 1945

5. Date of Designation for Reparation and Code Number
   (a) Date — 28th May 1946 Aircraft
   (b) Code Number — 26-6A and 26-6B

6. History of Plant

1st April 1945 — Started operation by Mitsubishi Heavy Industries Co. Ltd., Aircraft Liquidation and Conversion Office, Nagano Establishment Department

The said department estableshed the following four plants.

Name of Plant	Location
(a) Suzaka Plant	No. 1300 Baba-cho, Suzaka-machi, Kamitaksi-gun. Rented for Suzaka Kokukizai K. K.
(b) Maruko Plant	No. 1078 Kamimaruko-cho, Chiisagata-gun, Nagano-Ken Rented for Shinano Kenshi K. K.
(c) Ueda Plant	No. 225 Komaki Kamoike Ueda-shi, Nagano-Ken Rented for Kanegafuchi Boseki K. K.
(d) Nagano Plant	No. 1158 Wadazato, Nagano-shi Rented for Kanegafuchi Boseki K. K.

15th November 1945 — Changed title of department to Mitsubishi Heavy Industries Co. Ltd., Aircraft Liquidation and Conversion Office, Nagano Branch

Reparation machinery and equipments of Nagano plant were moved to Suzaka Plant and those of Maruko Plant to Ueda Plant with the approval of Nagano Military Government Team.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

28th May 1946	Suzaka and Ueda Plant were designated as reparation Plants
11th July 1947	The reparation machinery and equipment of Suzaka Plant (26-6A) were moved to Ueda plant (26-6B) with the permit of Nagano Military Government Team.

7. Principal war-time products (1937-1945)
none

8. Principal after war products
none

9. Machinery and Equipment in Ueda Plant

Item	Reparation machinery				Machinery which we want to be released	%

Total	299	123	46	468	18	3.8%

Note: List of machinery which we want to use, is attached hereto as an appendix.

10. Reason for Installing the Temporary Authorized Use Machines at Tsu Plant.

a) Mitsubishi Heavy Industries Co.Ltd., Tsu Engineering Works has been converted into production of bicycles (5000 monthly production) electric refrigerators (150 monthly production) and electric ranges (200 monthly production) with the formal civilian reconversion permit granted by the Headquarters of I Corps, Kyoto, dated August 24, 1946. This plant are us ing total of 294 Authorized Use Machines to manufacture civilian commodities. At this plant the bicycles are chiefly manufactured by applying the mechanical punch press fabricating process, however the condition is such that only eleven (11) of such mechanical presses are available to use at the present time and due to the its capacity shortage, it became impossible to

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

fullfill the needed quantity production, 5000 bicycles per month. Therefore, upon receiving your permission to use eighteen (18) machines from Ueda Plant and by installing said machines at Tsu Engineering Works, it is so evident that it will greatly increase the mechanical press production capacity, thus enable us to manufacture 5000bicycles per month as well as other production items.

b) Bicycle made of light alloy has never been manufactured anywhere in the world befor; they are 7 Kg lighter in weight than the usual bicycle, moreover are refined and smart in appearance, hence it can be said that they are revolutionary in the bicycle industry throughout the world. It is not too much to say that these light alloy bicycle will form one of the most important export articles of Japan, for there is sure to be a big demand for them overseas.

c) It is clear that the bicycle is the essential means of transportation both in the cities and countries in Japan, so, the bicycle may be said an essential commodity of today. However, lack of materials and producting equipment has effected very much on the bicycle production and the number of products is far too small to meet the increasing demands.

d) The light alloy bicycle manufactured in this plant is constructed so simple with just crossing two frames and it is planned to avail the press equipment and its working technique that were developed during the war.

Subject: Application for release of Raw materials under custody.

Dear Sir:

Submitted herewith is an application for release of Raw materials which were held in custody by the Military Government Team since the termination of war. The said materials, as for March 31, 1948, were purchased during the war and are described in details on attached sheet.

Under the present poor material condition, it is very difficult to secure these materials, we wish to use them so as to enable us to carry on our present production.

In view of the forgoing reason, we wish to ask for your kind consideration on permission for the application.

Yours truly yours,

GENERAL DESCRIPTION

May 1st 1948

Mitsubishi Heavy Industries, Ltd.
Tsu Engineering Works.

1. Name of Company.
   Mitsubishi Heavy Industries, Ltd.

2. Address of Company.
   4, 2-chome, Marunouchi, Chiyoda-ku, Tokyo.

3. Date of Establishment.
   October, 1917

4. Name of Factory.
   Tsu Engineering Works.

5. Address of Factory.
   27, 4-chome, Kamihama-cho, Tsu-shi, Mie-ken.

6. Date of Construction.
   April 1926 (by Kishiwada Spinning Co.)
   March 1944 (by Mitsubishi Heavy Industries, Ltd.)

7. Area of the Site.
   69,200 square meters

8. Area of floor.
   36,220 square meters

9. History of the Plant.
   This factory was originally built in April 1926, by Kishiwada Spinning Co. with the purpose of textile production. In March 1944, the plant was leased by Mitsubishi Heavy Industries, Ltd. Works No.3 for the production of aircraft parts. After the termination of war the plant was reconverted to manufacture wall lockers and electric ranges for Occupation Forces, with a permit issued by I Corps Kyoto, on 12 April, 1946.
   The formal permission (permit No. IC-432) to manufacture bicycles (monthly 5,000) and electric ranges(monthly 200) and electric refrigerators(monthly 130) was granted by I Corps Kyoto.

10. Number of Employees and Labour Situation.
    a. Number of Employees.

Clerks	115	Workers	699
Engineers	47		
Total	162		

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

b. Average actual working hours. 7.2 H per person per day.
c. Attendance percentage. 9h% monthly avarage.

11. Machinery and Equipments of the Plant.

Name of Machines	Number of Reparation Machines	Machines being used for production
Machine tools	871	195
Other metal working machines	88	38
Electrical machines	80	53
Other industrial machines	3823	8
Total	4862	294

12. Previous Production of Plant.

Pre-war	Wartime
Cotton fabric	Cotton fabric (up to March 1944) Aircraft parts(from March 1944)

13. Monthly Production.(April)

Item	Quantity
Aluminium alloy bicycle	1240
2HP electric refrigerator	6
Cabinet for electric refrigerator	40
Unit for electric refrigerator	8
Electric refrigerator (completed)	8
2 speed gea r	8

14. Total products after permit of Operation.

Item	Quantity
Aluminum alloy bicycle	11627
2HP electric refrigerator	186
Cabinet	570
Unit	103
Parts for electric refrigerator	803
Electric refrigerator (completed)	58
Electric range	786
Parts for electric range	2,185
Wall locker	3,509
2 speed gear	158

15. Capacity for present production.

Item	Capacity (monthly)
Aluminium alloy bicycle	2,000
2HP electric refrigerator	20
Cabinet	60
Unit	20
Electric refrigerator (completed)	10
2 speed gear	200

Subject, Application for the permission to bring in Bicycle Rim Forming Machines into our plant.

Dear Sir,

Submitted herewith is an application to carry portions of Bicycle Rim Forming Machines into our plant and details of said machines are described in an attached sheet.

Considering the fact that installing said machines will greatly improve our bicycle production, we wish to ask for your kind consideration on permission for the application.

Yours very truly.

Sig. Naokaz Yui
