

THERE ARE PLACES I'LL REMEMBER
ALL MY LIFE, THOUGH SOME HAVE
CHANGED.

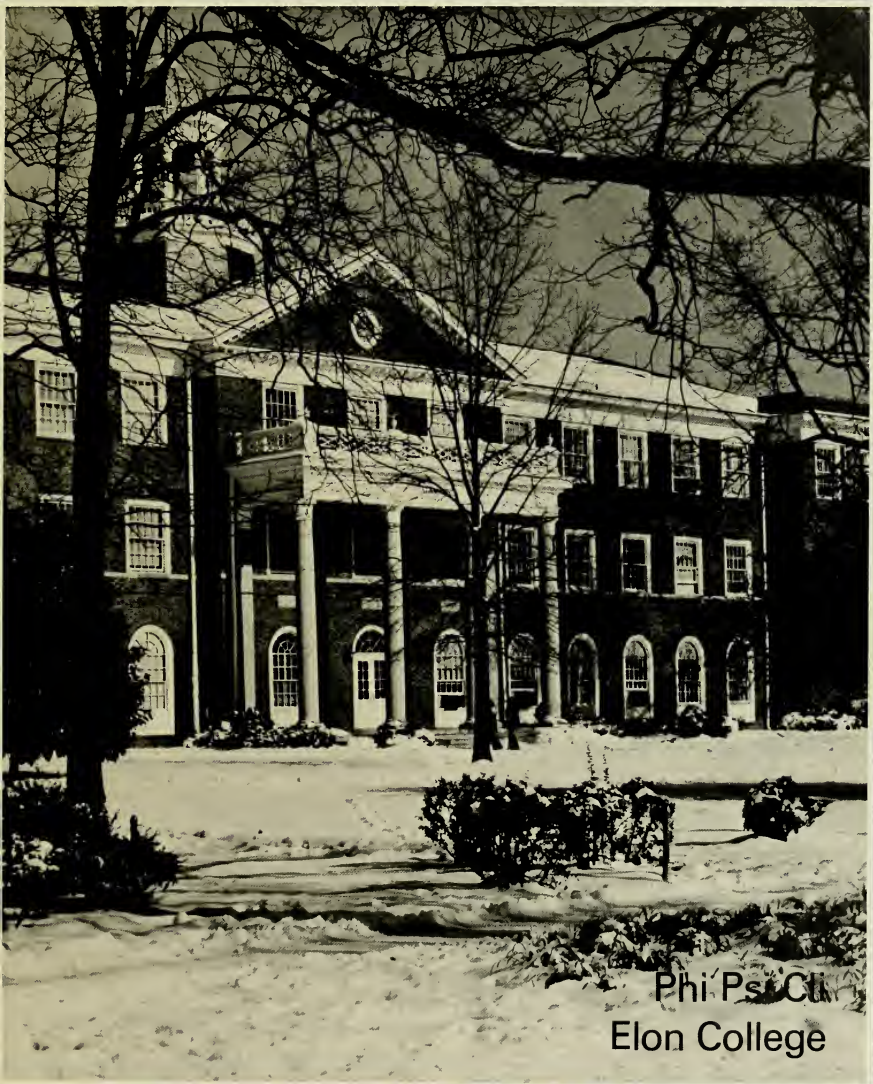

SOME FOREVER, NOT FOR BETTER.
SOME HAVE GONE AND SOME REMAIN.

To every thing there is a season,
and a time to every purpose
under Heaven:

A time to be born,
and a time to die;

A time to plant,
and a time to reap;

A time to kill,
and a time to heal;

A time to break down,
and a time to build up;

A time to laugh,
and a time to mourn;

A time to embrace,
and a time to refrain from embracing.

A time to speak,
and a time to remain silent;

A time to love,
and a time to hate;

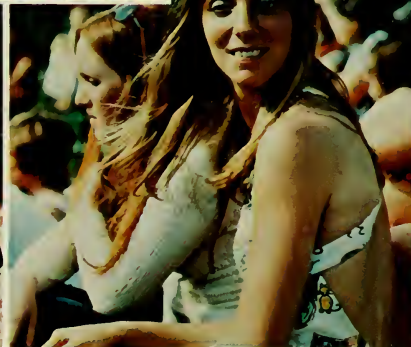

A time of war,
and a time of peace . . .

To every thing there is a season,
and a time to every purpose
under Heaven.

—Ecclesiastes

"It was the best of times. . .

It was the worst of times . . ."

Charles Dickens

I am as the Spring,
An infant, new to all that is singular;
I am the young tree
Upon which a thousand storms
Will soon beat . . .
Thus into life I move.

spring

Spring . . .

the season
for cutting
off jeans,
slipping your
shoes off, and
getting together
with friends . . .
to be a part of
the beautiful
world around you.

A day in the life of a college freshman.

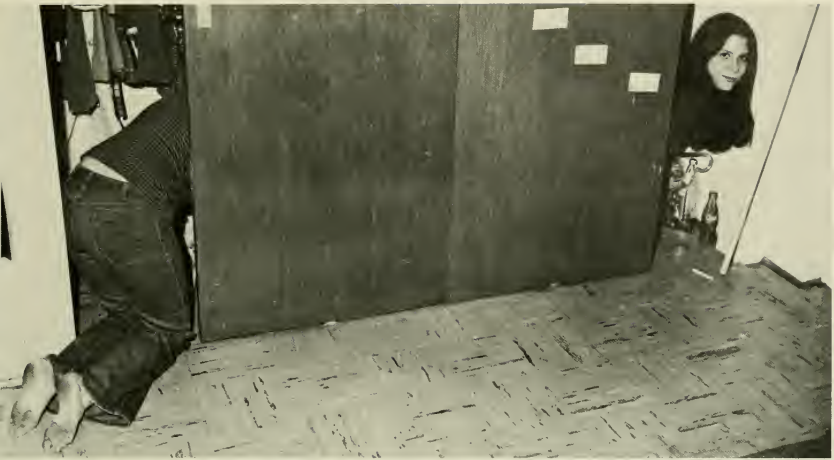

I cry to all who can hear,
"I am Real" . . .
for my body has become me;
My goals, I have not reached,
But I can see them in the heights of a pine;
Here are my days of freedom
Among the fields of summer.

But I say, what part of me can be the fool

for I know all . . .

Into a tangled web,

With all things entwining,

as the limbs of the oak.

Honor Court

The Honor System was introduced at Elon College in 1949. Its purpose then and now is to maintain the principles of honesty and integrity in the college community. The Honor Court strives to safeguard these principles and the rights of all students at Elon College.

Currently, the court is undergoing substantial revisions in jurisdiction as well as in procedure. However, along with these specific revisions, the Honor Court's ultimate desire is that the system be just. Therefore, the process of change would be never-ending.

The National Panhellenic Council of Elon College was established in 1970. Composed of women from Elon's four sororities, its purpose is to govern over all sorority activities. Its most important objective is setting guidelines for Elon's fall and Spring Rush program, and its ultimate goal is overall sorority unity.

Carol Leone (Zeta Tau Alpha) is President; Vicki Stinnett (Phi Mu) is Vice-President; Page Cassel (Delta Zeta) is Secretary; and Diane Coleman (Tri Sigma) is Treasurer.

Alpha Phi Omega is a National Service Fraternity whose purpose is to assemble college men in the union of principles as set forth in the Boy Scout Oath and Law, to develop leadership, to promote friendship, and provide service to humanity. APO is open for membership to any male student enrolled at Elon who desires to render service to others.

Elon's Sigma Rho Chapter was founded on June 10, 1967. Since then, APO brothers have worked to combine service and social projects to form a balanced fraternal organization. Some of the projects this year have included helping Elon and UNC-G coeds move into the dorms, collecting for Muscular Dystrophy, Heart Fund, and United Fund, and working with scouts in various projects. The two biggest projects were sponsoring the Inner City Youth Walkathon and participating in the highly successful "big brother program" at the Elon Home for Children.

Pi Gamma Mu

Pi Gamma Mu at Elon College is the National Social Science Honor Society, and it is designed to recognize students' academic achievement in the field of the social sciences. Under the directorship of Dr. Durward Stokes, the Elon College Chapter of Pi Gamma Mu undertakes an interesting program. This year, they took a day's field trip to historic Hillsborough. They have also sponsored several dinners this year.

Pi Gamma Mu's objective — scholarship and fellowship.

Civinettes

The Civinettes of Elon College was formed in the Spring of 1972. Sponsored by the Civitan Club of Burlington, its purpose is to work with the Civitan Club in serving the community. Several service projects have been undertaken and, presently, work is being directed toward the building of a summer camp at Lake Burlington for handicapped children.

Circle K International

CIRCLE K INTERNATIONAL is the largest collegiate organization in North America. It is a service organization, and it offers opportunity for rendering service to others as well as enjoying fellowship and social activities. Circle K can effectively motivate many others to become actively involved in the service role. Through Circle K, students can find a means for student action in the community and a more active involvement on the Elon College campus.

The Mathatians of Elon College is composed of students who are planning to enter into full-time Christian work, and any others interested in participating in some aspect of Christian work, while living in a campus community. The purpose of the organization is to offer each member a meaningful outlet for Christian service, provide useful training and experience for the future service of its members, to benefit the college and surrounding community, and to promote Christian fellowship. Any student interested in participating actively in Christian service on the organizational level is eligible for membership. Meetings are held twice monthly during the college year on the second and fourth Thursday nights.

The Big Brother/Big Sister program and a monthly vesper program at the Elon Home for Children were two of their projects this year. They are also leading a recreation program on Saturday nights in Burlington at Wesley House for the rehabilitation of alcoholics.

Society for Advancement of Management

The Society for the Advancement of Management is dedicated to the advancement of management and of management men. The University Chapters are dedicated to the development of tomorrow's managers. The objectives are: to provide a bridge between theoretical training and the practical world of business; to learn what a manager is; to provide students with the opportunity to participate in the organizing, planning, directing, and controlling activities of an organization dedicated to the promotion and advancement of the art and science of management.

The Women's Athletic Association is an organization which promotes physical activities for women students. These activities include intramurals, gym nights, when the gym facilities are reserved for the women, and an end of the year awards banquet at which time trophies and certificates are given to those women who have won tournaments or accumulated large numbers of points for participation. All women students are members of this organization but a council of officers and representatives of sororities and dormitories plan and carry out activities of the organization.

Being a senior you have

- survived 16 to 17 years of education;
- spent at least 12,410 hours for study at 2 hours nightly (not including all-nighters before exams);
- taken more tests than you'd want to recall;
- spent at least \$1,040. at \$5.00 a week (not including dates, special weekends, and other extras);
- complied with decisions made by the "Establishment" which you felt were unjust . . .

Congratulations Seniors . . .

And welcome to the Establishment.

Outstanding Administrator

The outstanding administrator chosen last spring is a member of Elon's alumni from the Class of 1966. This man can be honestly referred to as "a friend of the student" because of his efforts in working towards the best interests of the students.

When he attended Elon, he was Editor of the MAROON AND GOLD for two years, an officer in Student Government, the winner of the Outstanding Student Award, and was a member of Sigma Mu Sigma Fraternity where he was chosen 1971 Outstanding Brother.

He is employed at Elon as Director of the News Bureau. He is interested in aiding the Student Government, and he can be seen at all athletic functions, not only doing his regular job, but ardently supporting our teams. His job covers general release, college features and the COMMUNITATOR. He also edits certain publications such as football and basketball programs.

The outstanding administrator for 1972 is Melvin Shreves.

"Dr. J. Earl Danieleley, president of Elon College since July 1, 1957, announced October 18, 1972, that he will retire from the office on June 30, 1973 upon the completion of sixteen years of service as president."

This quote was taken from the November ELON COLLEGE ALUMNI NEWS, and its message was one of sorrow for faculty, staff, and students alike.

During his years at Elon, Dr. Danieleley has displayed many talents to those around him. As educator, his accomplishments are many. He was graduated from Elon in 1946 and was appointed Instructor of Chemistry in 1947. He has an M.A. Degree in Educational Administration and a Doctor's Degree in Organic Chemistry from University of North Carolina in Chapel Hill. He also completed one year of postdoctoral research at the Johns Hopkins University. He has taught at Elon, served as Dean of the College, and was also a visiting professor in chemistry at UNC.

As a president, Dr. Danieleley has done much in improving Elon's physical facilities as well as the relationship between students and administration, and college and community. He has been an excellent fund raiser which has permitted the renovation of several old buildings and the construction of many new buildings. Elon's enrollment has increased considerably and shows no indication of declining; the College continues to meet accreditation standards; and the reputation of Elon College substantially improves from year to year.

However, with all of his responsibilities as president, Dr. Danieleley has a definite personality which many on Elon's campus have not seen — Dr. Danieleley, a man. He holds a great love for young people and their ideals, and his door has always been open to any student who wished to either talk over a particular problem or just sit and share ideas about various things. He has never discouraged students to think for themselves, and he definitely feels that the student should govern himself. In fact, he regrets that in his sixteen years of service he has not been able to get to know each student individually. Hopefully, when he returns to teaching, this personal relationship with young people will continue to grow. Certainly his compassion for others and his humorous ways of looking at life are two of his most important attributes.

We agree with Dr. Danieleley when he said:

"What is past is only prologue . . . greater days lie ahead. Let us go forward with an abiding faith in God that what we are doing is right and worthy of our best efforts."

Joy of Peace"

"If I could hold the world in my hand, or touch the dying sun; Then I could give the message of peace in my heart. But today with the world enflamed with hatred, I wonder why we cannot embrace peace with but hold the words we repeat war."

Faye Walton

"Soon after World War II, the war was finally done. They never really decided who lost it or who won. I guess it was each man who had so many friends with him. The war was really on..."

Debbie Matze

"Let's be reminded that there have been many who have tried to establish some brotherhood of peace of any kind. ... Peace starts with an inner tranquility to peace and there it is going to be a peace of any kind."

"Be glad for those whose families return. Show sympathy for those who are in the most important cycle of life."

Suzanne Dalouch

May I not be blind

To those a part of the cycle

Who exist outside my own,

for mine is that of all men—

And just as the tree of life

knows not of death,

So the cycle is endless;

Encompassing all that has come before,

Touching today

Until infinity . . .
