INTRODUCTORY

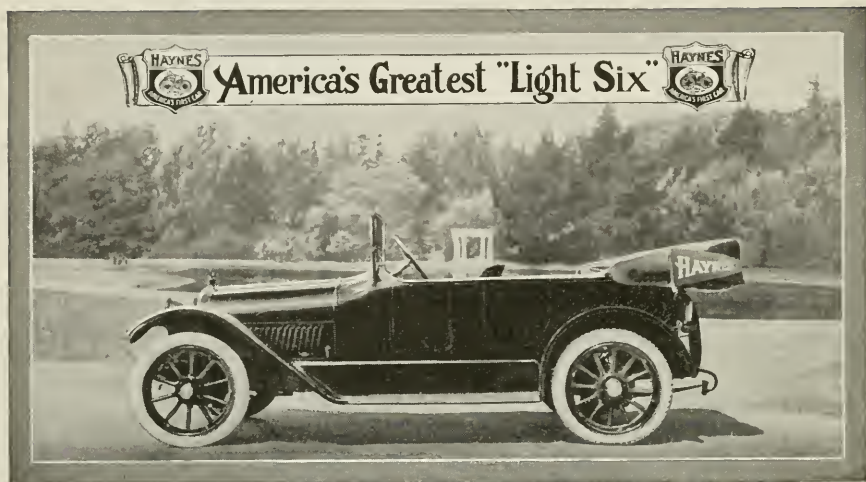

EVER before in the history of San Francisco has an effort been made to compile in one volume the manifold activities of the San Francisco Jewish Community. With the knowledge that the city is the center of the Jewish population of the Pacific Coast—a large city in itself—the necessity and convenience of such a compilation became evident.

Anyone may at a glance ascertain by consulting this volume the religious, social, philanthropic, charitable and other activities of the community. It is intended to show not merely the object of each organization, but its officers, trustees and membership list as well.

Whatever you wish to know regarding them will be answered in this book.

You may see at a glance that this book is something San Francisco should have had decades ago, but on the supposition that it is never too late to begin a good thing we offer this volume to the San Francisco community, trusting that it will be duly appreciated.

*Observed only on following day.

†Observed also on preceding day. All Jewish days begin on the evening of the preceding secular day.

ROSH-HASHONAH.

The New Year festival lasts two days. The blowing of the Shofar (Ram's horn) symbolizes the call to every Jewish soul to awake from its lethargy and be alert in the performance of religious duties.

If the day happens to be a Saturday the Shofar blowing is omitted.

The Hebrew New Year's greeting is: **Leshano Tovo Tikkosav**, which literally means—May you be inscribed (in the Book of Life) for a good year.

THE FAST OF GEDALIAH.

It is observed in commemoration of the murder of Gedaliah, which is recorded in the book of Kings, 25:28.

The period of time beginning from Rosh Hashonah and ending with Yom-Kippoor is called "The Days of Penitence," and especially used in acts of devotion and benevolence.

YOM-KIPPOOR.

The most solemn and sacred day of the whole year is Yom-Kippoor, the Day of Atonement. The day should be spent entirely at the synagogue. There are some of the very devout who remain in the synagogue from Kol Nidre (the evening prayer which ushers the day in) to Nelah (the concluding prayer recited at the close of the day).

Even children should be made to fast at least a part of the day.

On this day of Atonement, which, as the word indicates, makes us as one with our Creator and our Fellowmen, it is quite natural that we should be reunited in spirit with those whom cruel death has taken away from us, and so there is **Maskiv Neshomos**, or the Memorial Prayer for the dead.

SUCCOTH.

The feast of Tabernacles or booths, commemorates the days of wandering in the desert of Sinai when only "Booths" or temporary shelters were possible.

Besides the Succo there is another religious observance, peculiar to this feast, namely, the **Lulab Benschon**, which is based on this commandment in Leviticus 23:40. "And ye shall take you on the first day the fruit of goodly trees (Ethrog) branches of palm trees (Lulab) and boughs of thick trees (Haddasim) and willows of the brook (Hoshaanos)."

The Lulab Benschon is omitted on Saturday.

The eighth day of Succoth is called **Shemini Atzeres**, on which day Memorial Services are held (**Maskiv Noshomos**), and the ninth is **Simchath Torah**, which means the rejoicing of the Law.

On this day the last portion of the law, that is of the Five Books of Moses, and the first portion thereof is read, so as to indicate the Law of Moses is like a circle, it has no end, and like Tennyson's "Brook" it well might say, "Men may come and men may go, but I go on forever."

The day following each of the three high feasts, namely, **Pesach**, **Shebuoth**, and **Succoth**, is called **Isru Chag** and has a little of the festal character, as if we were loath to enter all at once from the joyful festival into the humdrum life of business and toil.

CHANUKAH.

Bright and joyful is Chanukah, "The feast of dedication," referring to the rededication of the desecrated temple, on which the heroism of the Maccabeans is recalled and their victory over the Syrians commemorated. The feast lasts eight

days and every evening the Chanukah lights are lighted both in the synagogue and at the homes.

The daily increase in the number of lights teaches us that we should not be "standpatters" in our religious life, but grow more progressive and enthusiastic every day.

ASOROH B'TEVETH.

The tenth day of the month Tebeth, is a fast day in commemoration of the Siege of Jerusalem by Nebuchadnezzar, the King of Babylon.

CHAMISHO OSAR BESHEBAT.

The fifteenth day of Shebat, was in olden times, when our ancestors were settled in Palestine, the beginning of the year as far as the raising of fruit trees is concerned. In remembrance of that it is customary to eat on this day a great variety of fruits.

PURIM.

The feast of lots (from the "lots" cast by Hamman to determine the day for the massacre of the Jews) commemorates the most thrilling story of the rescue of the Jewish race by the heroism and devotion of Queen Esther. It is marked by merry-making and a general "good time." The religious duties of the day consist in hearing the "Megillah" (Book of Esther) read and in sending **Shelach Monas** friends and gifts to the poor.

Erev Pesach is the fast of the first-born. If the first-born has not yet reached the age of Bar-Mitzvah, his father fasts in his stead. This fast may be dispensed with if the first-born is present at the festive celebration of finishing a section of the Talmud.

PESACH.

The feast of the unleavened bread commemorates the deliverance of Israel from the Egyptian bondage. The preparations for this festival are mostly in the hands of the Jewish housewife, who has plenty of work in making the house "Yontevdig." But she does it gladly.

The principal religious duties of this festival are connected with the home, and this points to the secret of the miraculous preservation of the Jew in spite of everything that was done to destroy him.

His religious nature was rooted and matured in the home circle and therefore proved indestructible.

On the eighth day of Pesach Memorial Services are held (Maskir Neshomos).

The **Sefiro** days are the days between Pesach and Shebuoth, when the **Omer** is counted, that is, every day the number of days that have passed since the second day of Pesach are told.

There is no wedding allowed during that time, except on Rosh Chodesh and Lag B'Omer, that is the 33rd day of the Omer. The reason for the observance of half-mourning during the Sefiro, is based upon the tradition of a violent epidemic that broke out among the scholars of the famous Rabbi Akiba, one of the promoters and martyrs of the Bar Kochba revolution.

SHEBUOTH.

The feast of Weeks, commemorates the giving of the law on Mount Sinai. It is customary to decorate the synagogue and the homes with flowers and green twigs. On the second day there is **Maskir Neshomos**, the Memorial Service for the dead.

It is customary to eat dairy dishes on Shebuoth.

SHEVO OSOR B'TAMMUZ.

The 17th day of Tammuz is a fast day, kept in remembrance of the capture of Jerusalem by Nebuchadnezzar, and by Titus. Three weeks between this fast and **Tisho B'ab** are observed as times of mourning. No weddings or other festivities are allowed during that time.

JEWISH CALENDAR

The ninth of Ab is a day of fasting and mourning over the destruction of Jerusalem. The Book of Lamentations (Megillath Eicho) is read in the evening service and other **Kinoth** (Elegies) are added in the morning. After the morning service it is customary to visit the cemetery. There is no other nation in the world that weeps so much for the loss of national glory and does so little to recover it.

Every Jewish Sabbath or festival begins with the sunset and ends when three stars appear in the sky. The lighting of the Sabbath lights is the special duty of the Jewish housewife, and should be done at sunset.

With the beginning of the month of **Ellul** there begins the preparation for the **Yommim Noroim**, the Days of Awe, as the high festival of Rosh Hashonah and Yom-Kippoor are called. The Shofar is blown every day of the month except Erev Rosh Hashonah and a week before Rosh Hashonah the **Silichoth**, special prayers for forgiveness of sins, are recited early in the morning.

Most of the feasts and fasts of the year are governed by the Passover. For instance, if the first day of the Passover falls on a Thursday, Tisho B'ab will also fall on a Thursday. As falls the second day of Passover so falls Shebuoth on the same day. As falls the third day of Passover, so falls the New Year on the same day. As falls the fourth day of Passover, so falls Simchas Torah on the same day. As falls the fifth day of Passover, so falls Yom-Kippoor on the same day, and as falls the sixth day of Passover, so falls Purim on the same day.

MARMON

34

 IN fleet efficiency, in refinement, luxury, comfort, ease of riding or economy of operation, there is no car comparable to the new Marmon.

Furnished either in closed or open body types, this new light weight luxury car has set a new standard of motor car excellence.

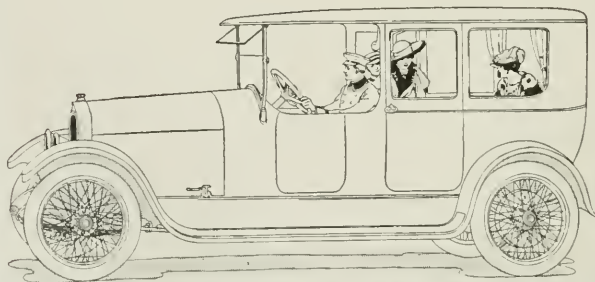

Scientific design and the extensive use of aluminum makes the Marmon 34 eleven hundred pounds lighter than other cars of the same class.

\$5,000,000 FOR YOUR EYES

ARE THEY WORTH IT?

NO !!

There Is Not Enough GOLD in This Entire Universe to Equal the Value of YOUR EYES

Therefore, Remember, Prevention Is Inexpensive

as the **RAPIDITY** and **ACCURACY** of your work depends on the condition of your eyes. From its nature, your work taxes your eyes severely unless they are in the best possible condition. Such eyes can do an enormous amount of work without injury. Neglected Eye Strain often causes permanent injury.

Are you giving your eyes the attention they deserve?

Prevention of eye trouble is inexpensive. It costs but little care and money to keep your eyes in good condition.

But if you neglect your eyes they may easily become injured, and it is often difficult and costly to remedy aggravated eye troubles.

Weak eyes, poor sight, headache, cross-eyes, nervousness, dizziness, floating spots, far-sighted or near-sighted eyes, red or crusty eyelids, inflamed eyes, watery eyes, astigmatism—when these symptoms appear, no time should be lost in removing the cause.

MAYERLE'S GLASSES are highly recommended and **ABSOLUTELY GUARANTEED** to correct most complicated cases of eye defect.

Abbott-Detroit

A New Abbott-Detroit Creation

\$1640.00 F. O. B. San Francisco

The "motor coach" is an idea which is entirely new—the most recent creation of the famous Abbott-Detroit designers.

It is essentially a practical car—one for use every day of the year.

Yet it has a distinctive appearance, an almost ultra style, which makes it a vehicle much to be admired.

No closed car could be more cozy—more comfortable—more perfectly appointed—than the motor coach with its top up.

And with the top back, it is an ideal open car for touring or fair weather driving in town or country.

There is ample accommodation for four passengers, all facing forward in roomy, comfortable seats.

In finish, upholstery and equipment there is a degree of perfection never before found in any except the highest priced cars.

And remember that the "motor coach" is mounted on the new Abbott-Detroit Six chassis—the Six that gives you more power at speeds you drive than any other car.

A demonstration of this car will surprise and delight you. Make your appointment today.

An Everlasting Satisfaction To The Living

A Cemetery Memorial designed and built by Weisenburger & Lyman is always an honor to the dead, and an everlasting satisfaction to the living.

Be the design simple or pretentious there is marked beauty in every one. Each is the work of designers and cutters of artistic ability. Every Weisenburger & Lyman memorial, large or small, is specially designed.

We shall be pleased to show you photographs of the many beautiful Cemetery Memorials that we already have erected. In the design of each we have suited the taste of the donor for a memorial that should be worthy in every way. We should like to talk with you about the memorial you may be considering.

SAXON SIX

A big touring car for five people

Travel "first-class" —in a Saxon "Six"

You enjoy all the luxuries of "first-class" travel when you ride in a Saxon "Six."

Locomotive power pulls you. The six-cylinder Saxon high speed motor sweeps you along with mighty resistless force.

Pullman comfort is yours. The roomy body makes travel easy. Long wheelbase (112") and vanadium steel cantilever springs smooth the highway like a well ballasted track.

Perfect appointments add to your pleasure. Electric starting, lighting and every other convenience of modern motoring are in the "Six." The latest type body is handsomely upholstered and elegantly finished.

Safety first is built into every fibre of the staunch chassis. Timken axles, powerful brakes, and nickel steel steering gear are your security.

To own a Saxon "Six" gives you the same pride that you feel in telling a friend, "I'm taking the Overland Limited today." You know you are traveling first-class. Come ride in the Saxon "Six."

OWEN MAGNETIC

The men who made the first gas cars knew that change-speed gears belonged in the machine shop—not on the road.

Then J. B. Entz, inventor of the self-starter and other electric equipment, grasped the idea that the *attractive force of magnetism is easily varied and controlled.*

Thus came the *magnetic transmission* which does away with the *power jerks* of mechanical gears, substituting *power pull*—attaining true elasticity and unbelievable ease of operation.

To introduce this revolutionary improvement to the motoring world, the R. M. Owen Company, the Baker R. & L. Company and the General Electric Company (associated in the production of the Owen Magnetic) have waited until the advent of 8-cylinder and 12-cylinder cars proved that people are anxious to get smooth, elastic power with easier and safer driving.
