CLEMENCEAU, NOT SO WELL, FORBIDDEN BY PHYSICIANS TO SPEAK

Wounded French Premier's Exertions Yesterday Fatigued Him; No Visitors Received by Him To-day; Doctors Tell Him He Must Rest Quietly

Paris, Feb. 22.—An official bulletin on Premier Clemenceau's condition issued this morning said: "The Premier is a little more fatigued and will receive nobody to-day. He is absolutely forbidden to speak. Temperature, 98.7 (Fahrenheit); pulse, normal, 72."

Paris, Feb. 22.—Premier Clemenceau was able to rest well during the night and seemingly suffered no adverse effects from his exertions yesterday, which caused considerable anxiety to his physicians and family. Yesterday he saw no fewer than forty persons, which the doctors considered excessive for a man of his age with a bullet in his back, but the Premier is an arbitrary person who does exactly as he pleases.

All the physicians agreed that the action of the Premier's lungs should be reduced as much as possible, as movement causes the edges of the wound to rub against each other. The only way of effecting this was an injection of morphine, which no one cared to propose to the Premier, all foreseeing how he would receive the suggestion.

Millerand Called.
Paris, Feb. 22.—Alexandre Millerand, former Minister of War, was one of Premier Clemenceau's early visitors to-day. "The Premier," said M. Millerand after his visit, "is rather more tired to-day. He over-exerted himself yesterday. However, his condition is generally satisfactory."

BIG GERMAN SHIPS TO CARRY TROOPS

Imperator Will Be Among Those American Forces Will Use

Paris, Feb. 22.—An agreement has been reached whereby the United States will obtain some of the best German merchant ships for transporting American troops home, including the Imperator, Graf Waldersee, Pretoria and J. C. Ham Brouhard. The Imperator is a monster craft, second in size only to the Vaterland.

The exit from the channel at Hamburg became choked during the war and unfortunately the Imperator was not brought out until the channel was dredged. The sailing of the ship is being held up also by food and financial complications.

Marshal Foch agreed to have the food question settled by a Commission, but the Commission finds that this question is dependent upon Germany's financial situation. The Germans are ready to pay, but the Allies are unwilling to accept vast German issues during the war.

The German delegates at Treves furnished a detailed statement showing their resources. It set forth the total German gold as equivalent to \$700,000,000, which is insufficient to satisfy the various demands of the Allies. On the other hand the Allies are unwilling to accept the German paper marks, as they are "unsalable outside of Germany in large amounts."

France also objects to taking German goods in payment, as this would derange French labor and industry. These financial objects are retarding the food question and the food question in turn is retarding the delivery of the ships for taking the troops home.

A German Proposal.
Berlin, Feb. 21.—Via London, Feb. 22.—(Associated Press.)—A proposal to transport several hundred thousand men of the American Expeditionary Forces to the United States by way of Germany, placing them on board ships at Bremen and Hamburg, has been submitted to the American authorities. According to the present American arrangements, however, the first of the American units to be repatriated in German steamships will embark at a Netherlands port. The proposal, which was submitted by the directors of the North German Lloyd Line with the approval of the German Government, provided that a fleet of big liners with a normal carrying capacity of 50,000 passengers should be assigned to this service.

BABIES AND TAX EXEMPTION IN U. S.

Washington, Feb. 22.—Babies born in the United States in 1918 will bring varying income tax exemptions to their parents, depending on the month of their birth. A child born in January, 1918, gives \$200 exemption, in addition to the \$2,000 allowed married persons, but if a child was born in July the parent is entitled to exemption of only \$100 on the infant's account. If the child was born in October the tax-paying parent is allowed only \$50 exemption.

Under a regulation of the revenue law a person living in one community acting as the principal support of a person living elsewhere may be considered the head of a family and entitled to exemption of \$2,000.

Little Lads Tried to Kill Hundreds in Eastern Canada

Halifax, Feb. 22.—The arrest here early to-day of two twelve-year-old boys disclosed a daring attempt yesterday to wreck a main line train on the Intercolonial Railway and the narrow escape of several thousand passengers, including 2,000 returning soldiers. Seven sticks of dynamite were placed on the rails and were found by track walkers. Five trains passed over the explosive, but it was explained that the first train, a special with editors of forty western Canadian newspapers aboard, probably caused the rails to vibrate so that the dynamite sticks rolled harmlessly between the ties.

VIOLENCE AND PLUNDER IN MUNICH FOLLOW KILLING OF PREMIER OF BAVARIA

Berlin, Feb. 22.—(Associated Press.)—The assassination of Kurt Eisner, the Bavarian Premier, yesterday, caused a tremendous riot in Munich, according to reports received here. The streets adjacent to the Parliament building were thronged with crowds during the day and the chamber where the Diet was in session was invaded by a mob.

London, Feb. 22.—The troubles in Munich took a still more serious turn yesterday afternoon, according to a Copenhagen dispatch to the Exchange Telegraph. Church bells began ringing, 10,000 workmen from the suburbs marched to the centre of the city and a short time later violent firing was heard. It is said the mob is reported to have begun plundering shops.

The dispatch characterizes the conditions now prevailing in Munich as virtually those of civil war. Hundreds of civilians started to flee from Munich, the Exchange Telegraph correspondent adds, but this movement was stopped when the Spartacists occupied the railway terminus.

Dictatorship.
The reports received from this source state that a dictatorship of the workmen will be proclaimed, and predict that the killing of Premier Eisner and the wounding of Minister of the Interior Auer will be avenged in a most frightful manner. Automobiles filled with armed Spartacists are reported rushing through the streets of Munich.

Rescuees Arrived.
The advice state that Hoeschaupter, the Minister of War, was not killed (as reported from Weimer), but was wounded during the shooting in the Diet and afterward placed under arrest.

Prince Joachim, youngest son of former Kaiser Wilhelm, is said, contrary to previous reports, to be still in Munich.

Act of Revenge.
The attempted assassination of Auer is interpreted as an act of revenge for the killing of Premier Eisner, according to advices from various German sources. The men were bitter opponents of Auer, who had been looked upon as a man likely to displace Eisner as Premier. The latter was the idol of the ultra-radicals.

Desperate Attempt.
The political situation in Munich has been drifting rapidly to the point of an explosion, and the ultra-radicals, who comprise the Independent Socialists and the Spartacists, are suspected of uniting in a final desperate attempt to save their political control.

The immediate adjournment of the Bavarian Diet after the shooting was due to the fear that the holding of further sessions would aggravate the situation.

Auer Dead.
Copenhagen, Feb. 22.—Bavarian Minister of the Interior Auer has died of his wounds, according to the Munich correspondent of The Politiken.

Deputy Swiller, the dispatch adds, fired the shots which fatally wounded Minister Auer and the Deputy Gustaf Hoffmann and Frauendorf, members of the Bavarian Cabinet, the correspondent says, were wounded by a bullet.

(Concluded on page 4.)

AIRSHIP ALOFT FOR OVER 100 HOURS

Record Made by British Machine Announced by Gen. Seely

London, Feb. 22.—During the discussion of the aerial navigation bill in the House of Commons Major-General Seely, Parliamentary Under-Secretary of the Ministry of Munitions, said that a British machine recently had remained in the air for more than 100 hours. At an average speed of fifty miles an hour, the Under-Secretary added, the machine must have covered more than 5,000 miles. It was possible that the airship could have continued longer in the air, the speaker declared, notwithstanding the fact that it encountered considerable wind.

Aerodromes.
Gen. Seely announced that the Government intended to make flying safer by providing a larger number of aerodromes, some of them military establishments and some civil. The Government, General Seely said, would pay the entire cost of the exclusively military aerodromes, but it was hoped that before long the civil ones would become entirely self-supporting.

SPANISH CABINET CHANGE

Madrid, Feb. 22.—(Associated Press.)—Senor Argente, Minister of Supplies in the Romanones Cabinet, has resigned and has been succeeded by Leonardo Rodriguez, a Conservative.

Italian Soldiers Granted Amnesty by a New Decree

Rome, Feb. 22.—King Victor Emmanuel has signed a decree of amnesty to soldiers and members of their families sentenced for political and economic offences, treason and speculation alone being excluded.

The preamble of the decree concludes: "We also celebrate in our hearts, with sincere faith, the pact of the Society of Nations, which must be the intangible charter of humanity. The whole Italian people must receive and understand with joy the high value of this pact and its immortal meaning."

Italy Soldiers Granted Amnesty by a New Decree

Rome, Feb. 22.—King Victor Emmanuel has signed a decree of amnesty to soldiers and members of their families sentenced for political and economic offences, treason and speculation alone being excluded.

The preamble of the decree concludes: "We also celebrate in our hearts, with sincere faith, the pact of the Society of Nations, which must be the intangible charter of humanity. The whole Italian people must receive and understand with joy the high value of this pact and its immortal meaning."

Members Busy Pressing to Have Dominion Structure There Instead of in Victoria

Vancouver, Feb. 22.—Early this morning a wire was sent to H. H. Stevens, M.P., at Ottawa, by W. E. Payne, secretary of the Vancouver Board of Trade, asking the member for full information in connection with the rumor that Victoria is favored by Hon. Martin Burrell for a drydock instead of this city. The wire also advised the member to state what action he wished the Board of Trade to take along the lines of supporting the local member in his effort to secure the drydock for this port. Strong pressure undoubtedly will be brought to bear on the Government.

Members Busy Pressing to Have Dominion Structure There Instead of in Victoria

A dispatch from Ottawa to The Vancouver Sun says: "Mr. Stevens, M.P., of Vancouver, supported by S. J. Crowe, M.P. for Burrard, has been urging the Government to place a drydock in that port under the Drydock Subsidies Act, or else by direct construction."

It is understood that the former plan is quite acceptable to the majority of the members of the Government, but Messrs. Green, Tolmie and McIntosh, members of Parliament, have been urging the Government to place it at Esquimalt, although there is already one in that harbor. Hon. Martin Burrell is stated to have thrown in his influence as well as active co-operation with the Victoria group, headed by Mr. Green, and so the matter rests. Unless Mr. Burrell should be induced to change his attitude, it would appear that there will be two drydocks at Victoria and Esquimalt within a few hundred yards of each other, and Vancouver, which the great terminal port, will have none.

DR. CHOWN SPEAKS OF INDUSTRIAL UNREST IN UNITED KINGDOM

Toronto, Feb. 22.—Unless prompt Government action is taken, trouble, perhaps even a revolution more or less of Bolshevik type, will come in the United Kingdom, says Rev. S. D. Chown, D.D., General Superintendent of the Methodist Church in Canada, who has just returned from overseas.

"The men and women who toil with their hands," he said, "are quite conscious that they are in control of the situation and if capital does not speedily accept the principle of co-operation with labor, private capitalism will be eliminated. But if the Lloyd George Government at the coming conference can bring labor and capital to an understanding with an arrangement whereby labor will be assured a larger share of the profits of industry, the revolution may be averted for a time."

"Of course, if the conference should open the way to mutual co-operation it might prove the starting point of a new era of prosperity for the whole nation."

LONDON BANKER DECLARES GERMANY IS ABLE TO PAY EACH YEAR \$3,000,000,000

London, Feb. 22.—Herbert Gibbs, a well-known London banker, in an address here to-day said that after making a special study of the subject, he was able to say that the savings of the Germans were very great.

Germany could easily pay \$600,000,000 yearly, the burden of which, he asserted, would fall not on the wage-earners of Germany, but on the people who had made the war. He believed that an Allied Commission should sit in Berlin to receive the money in marks at the gold rate of exchange.

It was possible, Mr. Gibbs said, that for the first three or four years Germany would find great difficulty in paying, owing to her economic and political condition, and he suggested that these yearly amounts should at first be received in merchant ships to the value of \$200,000,000 and from the savings of the railways.

BODY OF SIR WILFRID LAURIER LAID TO REST IN CAPITAL TO-DAY WITH SOLEMN AND IMPOSING RITES

VANCOUVER WANTS A NEW DRYDOCK

Pressing to Have Dominion Structure There Instead of in Victoria

Vancouver, Feb. 22.—Early this morning a wire was sent to H. H. Stevens, M.P., at Ottawa, by W. E. Payne, secretary of the Vancouver Board of Trade, asking the member for full information in connection with the rumor that Victoria is favored by Hon. Martin Burrell for a drydock instead of this city. The wire also advised the member to state what action he wished the Board of Trade to take along the lines of supporting the local member in his effort to secure the drydock for this port. Strong pressure undoubtedly will be brought to bear on the Government.

DEATH SENTENCES IMPOSED IN PARIS

Charles Hartmann and Henry Guilbeaux Found Guilty of Espionage

Paris, Feb. 22.—Charles Hartmann and Henry Guilbeaux, who were placed on trial before a Paris court-martial charged with espionage in that they communicated intelligence to the enemy, were convicted yesterday and sentenced to pay the death penalty. The prosecution read an eighty-page history of the career of Guilbeaux to show his revolutionary and anarchistic connections, which included his affiliations with a band of automobile bandits.

Hartmann, who was shown in the proceedings, was born in Alsace and posed as a Frenchman. He went to New York in 1873 and worked there as a printer. When he returned to France he was reputed to have accumulated some wealth.

Henry Guilbeaux was arrested in Switzerland in July, 1918. At the time of his arrest he was editor of The Revue Domain.

Hartmann, who was editor of a Paris-Geneva newspaper service, was implicated at the same time.

CREDITS VOTED BY GERMAN ASSEMBLY

Weimar, Feb. 21. Via London, Feb. 22.—The German National Assembly has voted the credits asked by the Government. The Minority Socialists and the German Nationalists voted against the passage of the measure.

Museum Building Not Large Enough to Hold All Representatives Who Gathered to Honor Dead Statesman; Procession to Basilica and Cemetery

Ottawa, Feb. 22.—The state funeral of Sir Wilfrid Laurier was held here to-day. Official Canada gathered at the Memorial Museum, which is the temporary headquarters of the Canadian Parliament, but even that spacious building would not accommodate all the representatives who had congregated to do honor to the late Liberal Leader. Recognizing this, the Great War Veterans' Association and the purely unofficial societies remained outside.

The scene inside the building was remarkable for the smooth order which prevailed. Perfect arrangements had been made for the reception of the delegates and members of Parliament, special rooms having been assigned to each special body.

Amongst the rank and file of members of the Commons were numerous ex-Ministers and ex-Members, including Hon. Sydney Fisher, Hon. George Green and Hon. Mackenzie-King, Premier Martin of Saskatchewan, Hon. Charles Murphy, Hon. W. S. Fielding, Hon. H. S. Belland, Hon. Frank Oliver and others. There were over 300 Senators, members of Parliament and ex-members in the procession.

Outside the building the arrangements were equally perfect. Half an hour before the official representatives left the building the wreaths and flowers which had surrounded the casket in the Commons chamber were removed and placed on ten large sleighs drawn by magnificent horses which had been provided by the Public Works Department.

GERMAN TROOPS IN POSEN STUBBORN

Say They Will Continue Fighting Poles Despite New Armistice

Berlin, Feb. 22.—(Associated Press.)—German troops defending the Posen front against the Poles at Birnbaum have addressed a communication to National Assemblyman Oehler, protesting against an official order to vacate territory held by them in accordance with armistice conditions signed at Treves. The communication says: "We propose to remain in the positions held by us so long as we have a cartridge left, and so long as a spark of fire remains no Pole will succeed in invading our lines. The death to the point designated by Marshal Foch will lead over the dead bodies of thousands of Germans. If Marshal Foch is determined to force matters to the extreme he will find us ready. We will open the gates to Bolshevism, which will overflow Europe."

In a supplementary communication the officers of the corps at Birnbaum declared that it is considered a matter of honor to hold the present positions to the last breath.

Following the blood relatives of the deceased statesman came Maj.-General Grawlin, representing the Duke of Connaught, and the Lieutenants-Governors of the Provinces, including Sir John Hendrie, of Ontario, and Hon. William Pugsley, of New Brunswick. The representatives of the British Columbia nominations in the procession before the Parliament Buildings and the Basilica were confined to non-Roman Catholic clergy, the others being assembled at the church.

When the members of Parliament had assembled in the hall, Speaker Rhodes, preceded by Major Bowie, the Sergeant-at-Arms, carried the casket to the way, and the long file of mourners commenced to move up Metcalfe Street in the direction of the Basilica. Senator Bostock represented the British Columbia. Then came the Mayors of cities and towns of Canada and their representatives. In the cortege were Henri Bourassa and Lieut.-Colonel Armand Lavergne.

COMMITTEE MAY BE PLAN OF LIBERALS

Leadership During Session at Ottawa May Be Entrusted to Group

Ottawa, Feb. 22.—While the air is full of rumors as to the choice of a new Leader in the Commons for the Liberal Party, nothing will be definitely settled upon until the caucus called for Monday meets. The impression is steadily growing, however, that the temporary leadership of the Opposition, pending the calling together of a convention to choose a permanent Leader, will not be vested in one man. Doubtless there is considerable diversity of opinion within the party as to the best thing to do, but the majority opinion appears to favor the management of the Party by a committee consisting of members at present in the House, with J. A. Robb, the Chief Liberal Whip, as chairman.

Not Empowered.
A prominent Liberal, whose opinions probably will have considerable weight in the caucus, stated somewhat emphatically last evening that it was unlikely that the temporary leadership of the Party would be offered to Hon. W. S. Fielding, Hon. G. P. Graham or any other of the prominent members of the Party whose names have been mentioned. He asserted that it was not within the province of the Liberal members of the House to choose the Party Leader, and was inclined to believe that for the session and until the convention is called the Party's affairs will be in the hands of a committee of members of the House.

WAR GRATUITIES IN UNITED KINGDOM

London, Feb. 22.—The war service gratuity for men of the British Army, now announced, gives all ranks having served overseas and being in active service on November 11, 1918, 181 days' pay and allowances for three years' service; between three and two years' service, 153 days; between one and two years' service, 122 days; and less than one year's service, ninety-two days.

The amounts for men who have not served overseas are ninety-two days for three years' service; between two and three years, fifty-one days; and between one and two years, thirty-one days.

EDUCATIONAL FUND

The Educational Fund, promoted by the Rotary Club, is slowly climbing towards the desired goal of \$2,000. The committee feels confident that during the coming week the remainder of the sum will be subscribed by the general public. This fund is being raised as Victoria's contribution towards the necessary expenses of a great convention to be held in Winnipeg this fall, at which a supreme effort will be made to place Canada's educational system on the highest possible plane. Every public-spirited citizen of Victoria is invited to subscribe. The fund stands as follows: Already acknowledged \$1,125.00 A widow's mite 2.50 \$1,127.50

GERMAN GOVERNMENT TROOPS IN CONTROL OF WILHELMSHAVEN

Copenhagen, Feb. 22.—The German naval port of Wilhelmshaven has been occupied by Government troops without fighting, according to an official statement issued in Berlin.

INCREASE OPPOSED

Nelson, B.C., Feb. 22.—Growers of small fruits declared to the Railway Commission here yesterday that if the proposed increase in express rates should go into effect the industry would be ruined. It was impossible except in rare instances for small fruits to be shipped by car lots, they said.

CHANGE OF POLICE CONTROL IN ALBERTA

Edmonton, Feb. 22.—Hon. J. R. Boyle, introduced a bill in the Legislature here yesterday to abolish the Alberta Provincial Police Commission, putting the city police directly under the control of the Attorney-General's Department.

A resolution proposed by Dr. Blow, of Calgary, regarding the establishment of a new institute of technology and art at Calgary with all the amend-

ments thereto was withdrawn. A long discussion on the subject was participated in by Hon. George Smith, Minister of Education; Captain Campbell, of Rocky Mountain; Captain Robert Pearson, a soldier-member; Dr. Stanley, High River; George Hoadley, of Okotoks, and others.

MORE LIQUOR IN BRITAIN.

London, Feb. 22.—The Government decided to release an additional fifty per cent. of spirits for public consumption.

POLISH ASSEMBLY STARTS ITS WORK

Premier Paderewski Says Conscription Army Needed to Fight Bolsheviki

Warsaw, Feb. 21.—Via London, Feb. 22.—(Associated Press)—The second important meeting of Europe's newest Parliament, the Polish National Assembly, was held yesterday, and was marked by the formal turning over by General Joseph Pilsudski of his authority as Dictator and his return to him subject to the approval of the Diet. Ignace Jan Paderewski, the Premier, informed Parliament of the country's situation and asked for a vote of confidence in the ministry.

"The proceedings were quiet and orderly and with the white walls and the modest character of the assemblage gave the affair more the atmosphere of a church than that of a legislative body.

Premier Paderewski, in a lengthy address, declared that the country needed a large army and compulsory service to fight Bolshevism. Secondly, he said, another step must be made to promote the prosperity of the workers and give them better homes. Land must be secured for peasants who had none and more given to those who had only a little, but the land reforms must not be carried out too hastily. Equal rights must be given to Polish citizens and freedom of speech guaranteed.

Poland, M. Paderewski declared, should never forget that Techen is here, as are also cities like Vilna. The Lithuanians and Ruthenians, he said, should be permitted to develop their own language, customs and schools.

UNEMPLOYMENT GROWS IN NEW YORK CITY

New York, Feb. 22.—The recent crimes and the growing army of unemployed in Greater New York were attributed in part to the Government's policy of demobilizing soldiers and sailors in camps and stations near the metropolis, instead of sending them to the jurisdiction of their local draft boards; in an address by Police Commissioner Enright last night.

PREMIER EISNER KILLED IN STREET

Bavarian Leader Shot by a Count; Two Other Ministers Shot

London, Feb. 22.—A German wireless message received here last evening quoted Philipp Scheidemann, German Chancellor, as saying in the German National Assembly at Weimar: "With the greatest sorrow and indignation, I have to inform you that the Bavarian Premier, Kurt Eisner, champion of the revolution, has been shot by a fanatic. Munich is the scene of a bloody civil war, and my friends Rosshaupter and Auer (Bavarian Minister of War and Bavarian Minister of the Interior, respectively) are said to be dead."

"The Government expresses the deepest sorrow and condemnation of these shameful acts of murder. Nothing shows the breakdown of order more clearly than the assassination, which becomes a political weapon. If the sacrificial death of Herr Eisner has good results they will be in bringing us all together on a way with our common sense. It would mean the ruin of Germany if all did not take this view and join in this condemnation."

The House stood while Scheidemann spoke.

On Way to Diet

A dispatch received here by way of Copenhagen said Premier Eisner had been shot and killed yesterday by Lieut. Arco Valley as Eisner was on his way from the Foreign Ministry to the Diet. The shooting occurred in the Franerstrasse, and death resulted from two shots fired from behind into the head. Eisner's body was carried into the Foreign Ministry. Soon after the shooting the judicial and police authorities arrived to investigate the assassination. There was great excitement in the streets of the city. The Diet, which was holding its first session, adjourned indefinitely.

Auer

A Munich dispatch last evening said the shooting of Auer took place during a sitting of the Landtag while Auer was alluding to the assassination of Premier Eisner. Auer fell wounded in the left side.

Lieut. Auer also was killed, and two other officials were seriously wounded. The shots were fired from the public gallery and caused a panic among the Deputies.

The Diet Building was put under military guard.

In Street

Geneva, Feb. 21, via London, Feb. 22.—Kurt Eisner, Premier of Bavaria, was shot dead in Munich this morning at 10 o'clock.

Eisner, with Merkle, his secretary, was walking along the Franerstrasse to attend the opening of the Landtag, where he intended to deliver an important speech. Suddenly Lieut. Count Arco Valley, formerly an officer in the Prussian Guards, shouted "Down with the revolution! Long live the Kaiser!" and fired from behind at a distance of a few yards.

Two bullets penetrated the Premier's head and he fell dead. A sailor shot down his assailant, who is reported to be mortally injured.

The first news of the tragedy reached the Landtag when a Bavarian soldier, holding Eisner's blood-covered spectacles in his hand, entered shouting Eisner has been murdered."

The Arco Valley family has been prominent in Bavaria and Germany for years, a count of that name having died at Rio de Janeiro in 1905 while German Minister to Brazil.

Eisner, a Jew, was born in Galicia, and at one time was editor-in-chief of The Vorwaerts, of Berlin.

BERNE RESOLUTIONS TO LLOYD GEORGE

London, Feb. 22.—Mr. Lloyd George on Thursday received at his residence in Downing Street the British delegation to the International Labor and Socialist Conference held recently in Berne. Lord Curzon, President of the Council, was present with the Prime Minister.

A resolution submitted by the delegation dealt with the responsibility for the war, the League of Nations, territorial questions, an international labor charter and prisoners of war. Another resolution dealt with citizenship. It affirmed the accepted political principles of democratic Socialism as opposed to the Bolshevik theory as generally understood and favored the appointment of a commission of inquiry to proceed to Russia to investigate the situation.

A very full discussion took place. The Prime Minister indicated his agreement with a number of the problems. He emphasized that the same difficulties that had been encountered at Berne had been encountered by the Government at the Peace Conference. He indicated that the work at Berne had been of value and that he would see to it that the resolutions of the delegation were brought to the attention of his colleagues.

WIPER'S ONE DAY CANDY SALE

Great Reductions Dollar Day

WIPER'S TWO STORES

1210 Douglas 607 Yates St.

Saves 25% in Shortening

Just imagine—crisper, fluffier pastries than you ever thought possible, and the saving of 25% in shortening "thrown in for good measure" by using WILD ROSE PASTRY FLOUR. And this has been made possible by the milling of soft kernelled wheat into a special flour, that is as different from ordinary bread flour as silk is from cotton.

Lower in the percentage of gluten (the cell-binding, hardening part of the wheat) WILD ROSE PASTRY FLOUR produces a softer, less brittle crust and more velvety cake body, with at least 25% less shortening than necessary with ordinary bread flour. Used by the leading chefs in the West, it may be had at any grocery in small 10-lb. sacks. Try this special flour.

MODERATION LEAGUE SCORES PROHIBITION

British Columbia Act Attacked at Meeting Held in Vancouver

Vancouver, Feb. 22.—Scathing criticisms of the present British Columbia Prohibition Act were indulged in by all six of the speakers at the first public meeting which the recently-organized Moderation League held in the Dominion Hall here last night. Every one of the speakers attacked the existing prohibition measure, declaring it to be un-British, class legislation, an extremist measure and an Act that infringed on the freedom of the individual. The speakers were Sir Charles Hibbert Tupper, K. C.; Charles Wilson, K. C.; Lieut. F. E. Dorchester, R. T. O.; Rev. Lewis Hooper, G. H. Chamberlain and Sergt-Major "Jimmy" Robinson, D. C. M. Campbell Sweeney presided, and the hall was well filled with a thoroughly representative throng of citizens who followed the speakers with close attention and were liberal with their applause at the many telling points scored in favor of moderation in the use of liquor by the removal of what were termed the extreme regulations existing at present.

No resolution was passed, but an appeal was made by the last speaker for all who supported the aims and objects of the Moderation League to call at the League's headquarters in the Standard Bank Building and sign a monster petition which is being prepared for submission to the Provincial Legislature at the present session, requesting certain changes in the Prohibition Act in line with the League's policy.

Sir Charles Hibbert Tupper was introduced as the first speaker, and gave an exposition of the aims and objects of the Moderation League, and made some caustic comparisons of the suggested changes in the liquor regulations with the workings of the present Prohibition Act. He characterized the latter as a travesty on British justice. He considered that nothing was gained by "slamming" the present laws, no matter how unsatisfactory they were, so he proposed to apply moderation in his views on the methods adopted by the Prohibition Party.

FUTURE OF CANALS.

Paris, Feb. 22.—It has virtually been decided that there is no possibility of the Panama Canal or any North American waterways coming before the Peace Conference as the subject of proposed international regulation. It is asserted that the Panama and Suez Canals are not regarded as international waterways, each being within one country.

SURPLUS OF FISH IN THE DOMINION

Decrease in Prices May Be Outcome; January Catch Worth \$606,556

Ottawa, Feb. 22.—The total value of Canada's sea fish catch at the points of landing on both the Atlantic and Pacific coasts during the month of January was \$606,556, according to the statement for the month issued by the Department of Marine and Fisheries.

WHITELEY SYSTEM IN GOVERNMENT PLANTS IN UNITED KINGDOM

London, Feb. 22.—(Reuters).—At a conference of Government officials and representatives of a number of labor unions held to discuss the application of the Whiteley system of Government to Government establishments, the Minister of Labor declared that the Government was ready to apply the system, giving the workmen a share of the management in all Government workshops and yards.

COLLISHAW SPOKE AT CONCERT IN DUNCAN

Duncan, Feb. 22.—Lieut.-Col. Collishaw, the famous aviator, spoke to a capacity house at a Red Cross entertainment held in the Duncan Opera House on Thursday evening. His talk was most interesting, his opening remarks being a verbal message from Lieut.-General Sir Arthur Currie, given to him to deliver to the mothers and relatives of the men who had served overseas to tell them from him how very proud he had been of their work.

Mrs. Brindley A. Rice will leave next Tuesday to take passage on the steamship Empress of Asia for India to join her husband, Col. B. A. Rice, who is stationed near his old post on the northern frontiers of the Punjab.

PROPOSAL MADE THIS PROVINCE BE DIVIDED INTO TWO PROVINCES

Revelstoke, Feb. 22.—With a full list of delegates present, the Associated Boards of Trade of Eastern British Columbia yesterday unanimously passed a resolution asking for the separation of British Columbia into two provinces, with the Cascade Mountains as a dividing line, declaring that proper recognition of the interests of the Eastern part of the Province cannot be obtained from the coast.

SOUND USED TO LOCATE CANNON

American Device of Great Assistance to Allies Near War's End

Washington, Feb. 22.—American sound-ranging devices in use on the British front shortly before the signing of the armistice in a single day located more than 100 hidden German guns, placing them at the mercy of the British artillery. This and other interesting achievements of the army corps were revealed to-day with the opening of newspaper correspondents by the War Department of an engineer corps exhibit.

Charts showing the part played by the engineer corps in the war were included to show that when the United States entered the war the corps represented only 1.6 per cent of the numerical strength of the army, while when the armistice was signed it constituted 19.65 per cent.

ALLIES TRACE U BOAT MURDERERS

London, Feb. 22.—Reuters says it has learned that the commission inquiring into German submarine excesses have sufficient evidence to convict some twenty German submarine commanders, nearly all of whom are in Germany, of murder.

DUKE OF DEVONSHIRE'S ESTATE YIELDS OIL

London, Feb. 22.—Important discoveries of fuel oil have been made on the Duke of Devonshire's estate at Chesterfield, Derbyshire, where exploration has been carried on on a large scale and under official sanction.

FISHERMEN'S SIDE OF CASE FINISHED

Japanese Menace to Coast Fisheries; Major Burde-At-Lacks Administration

Port Alberni, B. C., Feb. 22.—The packers will present their side of the case when the Royal Commission into fishery conditions resumes its sessions next Thursday, the evidence of the independent fishermen having been concluded. It was decided last night, after both parties had debated the subject for some time, to continue the investigation here instead of in Vancouver, as suggested by Knox Walken, counsel for the packers.

The Department officials' counsel yesterday sought substantiation of the resolution of the Board of Trade charging H. S. Clements, M.P., with domination of the West Coast fisheries privileges. B. C. Garrett, Secretary of the Board, on being cross-examined stated that no specific allegations had been made by members before the resolution was passed, and as far as he knew the charges were based on the "general feeling that laws were being continually violated."

WOMEN'S COTTON KNIT UNDERVESTS

To-night 3 for \$1.00

Women's Summer Cotton Knit Undervests, fashioned with short sleeve; also plain and fancy tops, at 3 for \$1.00, will be an inducement for after supper Dollar Day shoppers to visit the women's knit underwear section to-night. TROOPS OF ALLIES MAKE ADVANCE IN THE MURMAN AREA

London, Feb. 22.—The Allied forces, in successful operations carried out with courage and dash, have advanced to Svegola, sixty miles south of Soronko, on the Murman railway, according to an undated official report received here.

GERMAN-AUSTRIAN DELEGATES IN PARIS

Paris, Feb. 22.—A German-Austrian delegation has arrived here from Vienna to confer with the British, French and American officials concerning economic and financial questions. The Austrian delegates are Dr. Richard Schuler, of the Foreign Office, and Dr. Victor Braunels and Dr. Hans von Simon, of the Treasury Department.

NO CONSTIPATION NO PILES

We think, without a doubt, that constipation is the most prevalent, and at the same time, one of the greatest troubles human nature is afflicted with, and causes more sickness than anything else.

SOLDIERS AND WIVES RETURNING TO CANADA

London, Feb. 22.—Over 1,400 soldiers with their wives and children and from Liverpool yesterday aboard the steamship Melita, with 200 ordinary soldiers in addition.

The trains from London yesterday were crowded, especially in the third-class, with honest, serviceable-looking women, a fair proportion of whom carried lusty infants. Many hundreds more went to Liverpool direct from different centres in England, and were met on the ship by their soldier husbands, who came up in a body from the Canadian discharge depot at Exeter.

NATIONALIZATION OF MINES IN BRITAIN UNSETTLED QUESTION

London, Feb. 22.—The official report of Mr. Lloyd George's speech to the miners' executive committee Thursday, which was made public yesterday, shows that the Government apparently has no settled policy as yet about the nationalization of mines. The Prime Minister, indicating his readiness to set a time limit for the proposed royal commission's report of the question of wages, hours and other matters, said it was difficult to impose such a limit on the question of nationalization because the discussion would involve the future management and control of mines, whether joint control by employers and workmen, and whether nationalization or the present system should be continued.

GERMAN SHIPS MAY BE SUNK; HELIGOLAND MAY BE DESTROYED

London, Feb. 22.—The proposal to sink the German warships now interned at Scapa Flow is generally stated in the newspapers of this country as practically certain to be accepted by the Peace Conference. It also is proposed, it is said, to raise the island of Heligoland to the water level. According to The Mail, both proposals which originated in the British Admiralty, will be discussed in Paris in the next few days.

JOINT MINE COUNCILS PROPOSED IN BRITAIN

London, Feb. 22.—The Mining Association of Great Britain, which comprises all the leading collieries, has decided to invite the formation of joint councils of miners and employers to manage mines in certain defined districts. The Evening Standard declares. These joint councils would arrange and fix the standards of wages, labor costs, management and interest in capital. The miners also would be brought into intimate contact with all problems relating to selling prices and costs.

BURIAL OF SIR WILFRID LAURIER.

Sir Wilfrid Laurier's mortal remains were borne to the tomb this morning amid tokens of sorrow from the whole of the people of Canada. During the period in which the body was lying in state many thousands paid silent tribute to the memory of a noble citizen.

Messages of condolence from all parts of the British Empire and from the Governments of foreign lands were eloquent of the high place which the late Sir Wilfrid occupied in international esteem. There was universal recognition that a great man has gone.

No less was the impressive testimony of how deeply he was loved. Not only is the bereavement a national one; it is personal throughout the length and breadth of the country in whose service the years of his strength were given. The funeral ceremonies of the church to which he belonged were attended by a throng who offered earnest prayer for the departed patriot.

Let him rest in peace. The controversies of his life are hushed and forgotten. It can be truly said of him that the world is better for his having been in it. He served faithfully and he has entered upon his reward.

QUEER THINGS IN GERMANY.

Continental press dispatches of the last few days have revealed a peculiar process obtruding itself into Germany's evolution from Hohenzollernism to Republicanism. In the first place, although this phase of the process may be the least significant, we learn that the German Armistice Commission in future is to be under the control of the Foreign Office. Herr Brockdorff-Rantzau intends to reserve to himself supreme direction of the pourparlers, subject to submission to and consultation with the National Assembly on all matters of a decisive nature.

An insight into the stubbornness of the German character is provided by the dispatch recording the utterances of the President of the German Peasants' Union. At a meeting of the organization over which he presides, held in Berlin on Tuesday of this week, he declared that the former Kaiser deserved blame for having delayed his stroke for domination so long. To that hesitancy and the weakness implied could be traced the birth and rise of Socialism, said this estimable chief of the peasants. The world may take note, however, that the German Peasants' Union intends to remain loyal to the Monarchist movement.

From Weimar comes the announcement that a gigantic league is planning a campaign to revive the national feelings with its watchword "Protect William the Second." Chief among the objects of this new body—whose name, by the way, is "The League of German Men and Women"—is the protection of the personal liberty and life of ex-William II. The touch of humor is provided in the fact that Prince Henry of Prussia has graciously consented to become a patron of the League.

One of the claims of this body—and its emphasis at once gives rise to doubt—is that it rejects any suggestion of intention to exert its efforts towards re-establishing the old regime. But, the proclamation goes on to say, "it will be an easy task to prove completely that William II was innocent concerning the outbreak of the war." So delightfully expressed is Prince Henry's acceptance of membership: "With affectionate pleasure" he signs the roll as he considers himself witness that his brother made every effort to avoid war.

Translation of power to the Foreign Office in the matter of the Armistice Commission may be a link in the movement which shows the world that Germany has undergone no change at heart. The attitude of the Peasants' Union is a declaration that there are still many unpenetrated German skulls. All the efforts of the "whitewashing brigade" will fail to convince the rest of the world that William Hohenzollern is the spotless character the League would have him judged.

On the other hand, apparently no account has been taken of other happenings in the Fatherland itself. The recorded judgment of the democratic nations of the world has gone unheeded. All the intensive culture of forty years is being revived in an attempt to chloroform the people into the belief that November 11, 1918, did not happen.

In the meantime the preliminary terms of peace are being made ready for presentation. Signature and acceptance may dampen the ardor of the new societies.

THE OLD REGIME—WITH BRANCHES.

According to Dr. Alonzo E. Taylor, special investigator to Germany on behalf of the Supreme Food Relief Council, there is yet very considerable evidence that the old school of Teuton bureaucracy is dying hard. He does not hesitate to say that the German Government of to-day is the bureaucratic regime of the Kaiser's time. Its attitude toward labor and capital has undergone no change; in fact, the Pan-German elements are striving valiantly to stem the tide that must inevitably engulf them.

And it would appear that the Monarchist adherents are not without their organizations. The Peasants' Union and the League of German Men and Women—the former quite outspoken as to its intent to remain firm for the restoration of monarchical government, and the latter profes-

ing the reverse, yet seeking to whitewash William the Second—are tangible proofs of dangerous activity. That is to say, dangerous for Germany, because the Allied Governments are taking good care to remove the incidentals requisite to Germany before she can cause trouble outside of her own domain.

While it might be possible for a well-organized bureaucracy to restore order to the demoralized German army and again revive militarism the democratic nations of the world will be in a position to call pause long before Germany can do permanent damage to herself and cause annoyance to her former adversaries.

One important factor which Pan-Germanism apparently refuses to accept is that within a month the Fatherland will be virtually dependent upon an Allied larder for food. By the same token the National Ministry of Economic Demobilization estimates the number of men unemployed in Germany at one million. Food will be a good object of barter when the time comes to insist that Germany behaves herself.

One German official has said: "We have lost the war as thoroughly as it could have been lost; but it is time to quit complaining. Let us grin and bear it." Reason begins to dawn.

HIS FIGHTING SPIRIT.

There was very little doubt from the outset that German gold, flowing through the channels of Bolshevik fanaticism, would be found at the base of the dastardly attack upon the French Premier. The activities of the Paris police have been successful in unearthing what was apparently a thriving Bolshevik movement in the heart of the city.

While the populations of the Allied countries read with admiration the magnificent fight Premier Clemenceau is waging against his serious hurts, it is to be hoped he will subject the will, which earned for him his famous sobriquet, to that of his medical advisers. "The Tiger" was uppermost yesterday when the wounded statesman received no less than forty persons. To-day's dispatches indicate the effect of yesterday's strenuousness.

The assembled delegates to the Peace Conference can ill afford to lose the benefit of Clemenceau's judgment and sage advice. France needs his counsels; Germany will not weep if the final peace treaty is reached without his assistance. The democratic nations will pray for victory over the assassin's bullet.

HE BACKED THE WRONG HORSE.

His Majesty King Alfonso is not the only monarch who believed that victory would go to the Central Powers. King Ferdinand and King Constantine both shared the identical view. But "Foxy" and he of the Hellenes carried their enthusiasm a little too far. Not satisfied with "having a little bit on," Ferdinand must needs enter the race himself, while Constantine provided padlock accommodation for other entrants. Neither reached the post.

Of course the position of the neutral is a difficult one to-day. But why does King Alfonso adopt such a comical attitude? Surely he does not expect to move the conferees at Versailles with the drive accredited to him in a newspaper interview. "It seems to me," observes the titular head of "this absolutely free regime," "that the victorious countries are more inclined to remember the actions they consider unfriendly than the help they had from us, but that is human."

Alfonso asks with what is Spain reproached. What a virtue to possess so short a memory! His Majesty appears to forget certain accommodation extended to hostile submarines. A port of call with adequate facilities within convenient range of both Atlantic and Mediterranean traffic lanes assisted U-boat commanders to their nefarious work on more than one occasion. As an exterior bureau for German propaganda Spain was notorious; but His Majesty merely holds up his hands and says the constitutional guarantees were not suspended. He will have to do better than this to square himself with the Entente.

It is to the credit of the Spanish monarch that he does not suggest Gibraltar as a fit and proper gift to Spain as the price of her neutrality. While there will be no very great concern exhibited by the new world over his claim to being the newest creation in Kings.

COMPARISONS IN PROCEDURE.

On some points of procedure the Parliament of Canada can give lessons to the British Columbia Legislature. For instance, at Ottawa they have considerably shortened the purely formal steps connected with the passage of a bill, thus getting rid of some wearisome repetitions.

But on the other hand, in at least one respect the British Columbia method of doing business is much better than the Federal. The Dominion Parliament would not think of transacting any real business until the Address in reply to the Speech from the Throne has been disposed of. As the orations on this subject are, generally, of no great practical importance, the result is that the first month of the session at Ottawa is hardly better than lost time.

In fact, in some respects the time is rather worse than lost. The administrative departments have fallen into the habit of counting upon having three weeks or a month in which to get business ready for Parliament assemblies. The result, of course, is that the three weeks or a month elapse and the business is not ready.

In Victoria the plan has grown up of sandwiching some real work in among the speeches on the Address. In this way, Government bills are presented as fast as they are prepared and the delay is reduced to a minimum. As a matter of efficiency, the balance of advantage is with British Columbia. But even British Columbia could improve by pruning off a few exercises which serve no obvious purpose.

A group of irreconcilables in South Africa still talks about forming a republic. Every country contains a percentage of citizens who have no sense. Some of the Boers seem to have a streak of the Irish habit of being against everything that is.

**DR. MARY E. WALKER
 DIES IN STATES**

**Veteran of American Civil War
 Appeared Constantly in
 Male Attire**

Watertown, N. Y., Feb. 22.—Dr. Mary E. Walker, aged eighty-seven years, died at her home on Bunker Hill, near Oswego, at 8 o'clock last night after a long illness. She was a surgeon in the Civil War, and was awarded a Congressional Medal of Honor. She gained considerable fame as being the only woman in the United States allowed to appear in male attire by an Act of Congress.

Dr. Mary E. Walker led a picturesque career. Four years were spent on the battlefields of the American Civil War. The remainder of her active life was spent in fighting for feminine dress reform and woman's right to political suffrage, in which movements she was a pioneer. She frequently claimed to have been the first American woman to attempt to cast a ballot in a legal election. Her livelihood was earned during all these years by her private medical practice and by writing.

By special authorization from the Federal Congress Dr. Walker adopted male attire during the Civil War, and for the half century since she had continued to wear it in civil life—the only woman in the country who ever had her rights in this respect prescribed by the National Legislature. She wore a black frock coat, trousers and a high silk hat and carried a cane.

Dr. Walker also was distinguished as the only woman in history who, when held as a captive in war, was exchanged as a prisoner of war for a man of equal rank in the army of the foe. She also was the first woman to be regularly enlisted in an army as a surgeon.

Graduated Young.
 Born in Oswego N. Y., in 1832, Miss Walker was a graduate doctor with the degree of M. D. at the age of twenty-three. Beginning practice immediately, she soon adopted masculine clothes. Her war career began at the age of twenty-nine. She volunteered her services, entering the Union army as an assistant surgeon with the rank of first lieutenant. She dressed like her brother officers, having a gold stripe running down the trouser legs and wearing a felt hat with gold cord, and an officer's overcoat. Her jacket was cut like a blouse and fitted loosely at the neck.

"When I had on my overcoat," Dr. Walker declared, "I looked every inch the man, and I am sure I acted it."

Her proudest possession was the bronze medal she wore on the bosom of her frock coat. On the back was engraved this legend: "Presented by the Congress of the United States to Mary E. Walker, A. A. Surgeon, U. S. Army."

She became celebrated in the United States and England as a lecturer during the half century following the Civil War.

**BODY OF SIR WILFRID
 LAURIER LAID TO REST IN
 CAPITAL TO-DAY; SOL-
 EMN AND IMPOSING RITES**

(Continued from page 1.)

countrymen and tried to bring them together in concord and harmony.

"He understood," Monsignor Mathieu went on, "and tried to make others understand, that we are not born to hate each other, but to love each other. He was convinced, and tried to convince others, that we in Canada should be united in one heart and with the same devotion."

Oration in English.
 An oration was delivered in English by Rev. Father John Burke, of Toronto, son of the late Denis Burke, of Ottawa.

Father Burke took the lament of the Pope for the late Sir Wilfrid Laurier as the text of his oration. He described with a facile touch how Maccabeus led the people of Judea in battle, how they humbled their enemies and how finally still waving battle, Maccabeus himself fell on the field of Edessa.

"The people of Israel lost a leader," Father Burke said, "but they lost an ideal. We have lost a leader. We have lost an ideal. We have lost him whom we have looked upon as a gift from on high."

Monsignor di Maria, representative of the Pope in Canada, officiated at the church assisted by other high dignitaries of the church. Mr. Routhier was Priest Assistant, Canons Campbell and Platin, Deacons of Honor, and Father Myra, of St. Anne, Deacon of Office. In the sanctuary were several archbishops and bishops and representatives of all the religious communities. A touching requiem mass composed by the Abbe Perosi was rendered by the choir.

The body was taken to its last resting place in Notre Dame Cemetery.

Great Throngs.
 It was necessary to restrict admission to the Museum Building and the church strictly to ticket holders, but the fullness of the grandeur of the nation's tribute was seen more especially in the vast concourse of those who did not wait for ticket or invitation to show their admiration for the "Great Old Man." This was the dominant note of Sir Wilfrid's funeral.

Soon after 8 o'clock great numbers of spectators assembled along the route, taking advantage of every position which would give them an unobstructed view. The city had filled with visitors as if by magic overnight, special trains running from distant points, and at times congesting the large railway stations.

Thousands Viewed Body.
 During the eve of the funeral, when the body was lying in state in the Chamber of the House of Commons in which the great leader had won his triumphs for the people, nearly 40,000 filed past the catafalque. It was late last night before the last of the long line could be admitted, and from the earliest dawn this morning thousands more streamed down to the Victoria Museum Building.

Unquestionably the funeral was the largest, the grandest and the noblest Canada has ever seen.

**VIOLENCE AND PLUNDER IN
 MUNICH FOLLOW KILLING
 OF PREMIER OF BAVARIA**

(Continued from page 1.)

man in uniform who fired from the gallery.

A previous report that Ministers Hoffman and Fraendorfer had been wounded was denied later in a dispatch from the same source in Berlin. The foregoing dispatch was filed in London two hours after the denial of the first report.

Excitement Grows.
 Berlin, Feb. 22.—Excitement is growing throughout Munich, according to latest advices from that city, and motor cars carrying red flags and placards reading "Revenge for Eisner" are hurrying through the streets. The stores are closed and factories have shut down. Workmen are parading and calling for a general strike.

Large bodies of armed demonstrators have collected in various parts of the city and there has been promiscuous shooting in the streets.

The resentment of the masses in Munich against the bourgeois government of its hostile attitude toward Eisner. Most of the afternoon editions did not appear to-day and the newspaper plants are under military protection.

Two More Wounded.
 Berlin, Feb. 22.—Bavarian Minister of Justice Timm and Minister of Social Affairs Underleitner were wounded during the shooting which took place at the Bavarian Landtag yesterday when Auer, Bavarian Minister of the Interior, was shot and wounded.

The man who fired at Auer afterwards sprang in among the Deputies and fired three shots at the Ministers' bench. At the same moment several shots were fired from the strangers' gallery. A scene of indescribable confusion ensued, the Deputies scrambling to escape from the room.

Spartan Fired.
 The Lokal Anzeiger, in a Munich dispatch giving the details of the shooting of Auer, says that the Diet, which had adjourned for half an hour when the news of Premier Eisner's assassination was received, had just re-assembled when a soldier, apparently a Spartan, appeared in the entrance hall and ran towards the Ministers' bench, shooting as he advanced. Shots also were fired from the tribune.

Auer, the account says, was struck in the left breast and sank, dying on the tribune. Deputy Osel and two officials, the account adds, also were wounded. The Deputies fled in a great panic through all the available exits.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the greater the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

FAIR WAGE CLAUSE.

To the Editor.—Re last night's editorial in your paper we notice your opposition to the insertion of the fair wage clause in the scheme of reconstruction re the housing plan. May we draw your attention to the fact that fifty per cent of the allocation of moneys for this purpose will go to labor which is not in the category of what we know as fair labor. We mean the Oriental, of whom there are employed in B. C. mills 7,000 or more. Any scheme of reconstruction must first of all be based upon the rights, standards of life and living, and wages of a white man's existence. Thus to

Weiler Bros Limited
 Government Street Opposite Post Office

**The Editor of the
 "Saturday Evening Post"
 Says—**

REFERRING to the protection of soldiers' and sailors' families by the U.S. Government—

"This insurance experience ought to be permanently useful. There is no better or more helpful form of co-operation than insurance against death and accident. The social value of such insurance, if widely used, is fairly incalculable. This war-insurance experience should lead to a condition in which no responsible adult person will be going around the country without insurance any more than without clothes."

At a trifling cost to the individual soldier the United States Government offered life insurance to their troops up to \$50,000 on a single life. The total insurance effected on enlisted men was nearly thirty-five billions of dollars.

This shows the value placed upon life insurance by the greatest economists of our age. To carry this insurance did not increase, but lighten, the soldier's "kit." It gave him confidence and courage, and life insurance will do the same for our CIVILIAN soldiers in the grim battle of LIFE.

We have a particular policy to suit your financial and other requirements. Write for information.

**The Mutual Life
 of Canada WATERLOO
 ONTARIO**
 FRED M. MCGREGOR, District Manager
 203-204 Times Bldg., Victoria, B. C.

TWENTY-FIVE YEARS AGO TO-DAY
 Victoria Times, February 22, 1894.

The sealing schooners which are cruising along the West Coast of the Island have not as yet succeeded in making any catch whatever.

The Legislative Committee of the City Council held a meeting this morning when amendments to the Municipal Act and the proposed new charter of the tramway company were considered.

The steamer Barbara Boscowitz returned from the north last evening, having made her first round trip under the arrangement by which she and the Danube will run alternately.

It is necessary to solve the problem of white employment by a disbursement of moneys from the public treasury into the coffers of the Orient is not only far-acting, but disastrous. Therefore, to mitigate the coming unemployment and to safeguard those who fought for democracy from the mercenary whims of some of the mill owners and other employers, it is absolutely essential to insist on the fair wage clause covering all departments from which materials and labor will be drawn.

R. DONNACHIE
 Victoria, B. C., Feb. 22, 1919.

[There was no suggestion of opposition, we would pointed to the assistance of a similar protective clause in the law. To do what Mr. Donnachie declares to be necessary would require a great deal more legislation than could be injected into the Housing Bill. We take it that Mr. Hawthorthwaite in this instance wishes to protect that phase of labor which will enter into the actual construction of houses under the Act.—Ed.]

FRENCH FINANCES.
 Paris, Feb. 22.—Finance Minister Klotz presented in the Chamber of Deputies yesterday the provisional credits for exceptional military and civil expenditures for the second quarter of 1919. They aggregate 8,577,000,000 francs, a decrease of 287,000,000 as compared with the first quarter of 1919, and a decrease of 5,656,000,000 as compared with the last quarter of 1918.

IN WOMAN'S DOMAIN

TO-DAY'S AMUSEMENTS

Pantages—Vaudeville.
Dominion—William S. Hart in Arterast feature, "The Border Wireless."
Royal Victoria—Dorothy Gish in Paramount picture, "Battling Jane."

ROYAL VICTORIA

One might go a long way and find nothing as good as "Battling Jane," which is being shown at the Royal Victoria Theatre this week. This is Dorothy Gish's first Paramount picture, and as such demands attention and consideration from the patrons. As it is a picture in theme and whimsically humorous in character—just the sort of picture you will welcome in these days. It has the spirit of Aristocrazia, the charm of an unusual story and the wonderful acting of the star and company to recommend it. With these points in its favor it is in every way a charming picture. Elmer Clifton directed the production. A very funny comedy and a weekly make up the balance of an excellent evening's entertainment.

DOMINION

A fine cast supports William S. Hart in his new picture "The Border Wireless," which is now being exhibited at the Dominion. Wanda, a young actress of filmdom's prettiest actresses, is another well-known film beauty leading woman. Marcia Mason has an important role. Others in the cast are Charles Arling, James Mason, E. von Ritzon, Berthold Sprotte, etc. The story is a modern one, dealing with the work of Hun spies on the Mexican border. Elmer Clifton has one of the most vivid roles of his career. A Sunshine comedy and a Mut and Jeff reel are also contributing much to the enjoyment of Dominion patrons this week.

PANTAGES

There is a bill of great surprise booked for the Pantages next week. It is headlined by the Imperial Pekingese Troupe of wonder workers and magicians. All the mysticisms of China—the land of unworked mysteries with its thousands of years of veiled past behind it—are embodied in the stunts performed in this act. It stands alone in the amusement field as an attraction. It is unequalled and unrivalled. Chester Spencer and Dolly Wilson present a routine of "charms," songs and stunts. They have what is termed "the most appealing boy and girl turn" in modern variety houses. Both are good to look upon and have great personalities, and they put over material of the very clearest calibre. The Little Burglar is a tabloid musical comedy of a type new to vaudeville. It contains plot, lines and characters in addition to the essential music and dances. Several very pretty songs are sung by the principals of this act. Well and Temple have a vehicle comprising all the odds and ends of variety entertainment. It is seldom that an act of this kind is successful, but this turn is the exception to the rule. It possesses real merit. The Dancing Tyrols have a fast terpsichorean presentation. This attraction is undoubtedly among the very best of its kind. Popular Joe Roberts will be here again with his trusty banjo. That is all the introduction that is needed for Joe. The bill will be preceded by the thirteenth chapter of "A Fight for Millions."

midst benefited by her sojourn in the South.

R. W. Perry, of Great West Permanent Loan Company, left on this afternoon's boat on a business trip to Winnipeg.

Hon. George A. Bell, of Regina, has arrived in the city on a visit. Mr. Bell and family, who are spending the winter months in Victoria, residing at 141 Beachwood Avenue.

Mr. and Mrs. T. A. G. Crawford and daughter Phyllis have gone to Vancouver, where they will take up residence. Mr. Crawford recently received his discharge from the Mechanical Transport Service, C. E. F.

Under the auspices of the Daughters and Maids of England, Lodge Princess Alexandra, a most enjoyable dance and card party was held in the K. of P. Hall last night. The music for dancing was furnished by Ozard's orchestra, dancing being kept up until midnight. The prizes for the card games were donated by Mrs. T. Palmer, Mr. and Mrs. Wyatt, Mrs. R. Dent, and Mr. Haines. A delicious supper was served by Mrs. Plator and Mrs. Ogden and members of the social committee. In the downstairs dining-room, the tables being nicely decorated with narcissi, sun-pussy-willows. Mrs. T. Palmer and Mr. Adams addressed a few words to the assembled guests during supper.

WILL MEMORIALIZE FIRST CONTINGENT

Lady Alderson Chapter, I. O. D. E., in Annual Meeting Yesterday; Officers Elected

Organized in February of last year, the Lady Alderson Chapter, I.O.D.E., held its first annual meeting at the Alexandra House yesterday afternoon. Founded to commemorate the magnificent work of the men under General Alderson's command of 1915-16, the chapter later broadened its policy to embrace a memorial scheme to include the men of the first contingent. To this end it was hoped to include in its membership the next-of-kin of those who had served with the Canadian forces overseas, or who had done conspicuous war service.

Chapter's Aims

In her report, Mrs. Wallace Grime, the secretary, recalled the presentation to the chapter of a standard by Lady Alderson, who at that time expressed the wish that the chapter work to establish a memorial to perpetuate the memory of the men who had achieved such undying fame on that field. To enable the chapter to carry on its destined work it was necessary to raise funds, and to this end the members accepted the kind invitation of Lady Barnard to hold a party at Government House on October 14, a date being set aside by the chapter to commemorate annually the anniversary of the departure of the first Canadian contingent. This party netted the sum of over \$300 for the memorial fund.

As part of the educational work which the Order has undertaken, the chapter has purchased a historical picture to be given to a local school. Under the convener'ship of Miss Ravenhill the chapter turned in to Field Comforts seventy pairs of socks and five sweaters, the chapter having also purchased a knitting machine for the use of members. In addition a number of garments have been made for the Belgian and French refugees.

Record of Finances

Donations received by the chapter during the year included the following to the memorial fund: Mrs. Gooderham, \$25; Mrs. Moffat, \$10; Mrs. Kestell, \$10; Mrs. Hasell, \$10; Mrs. W. C. Ward, Mrs. Bullen and Mrs. Moffat gave donations towards the expenses of the party. Among the chapter's contributions to various causes were: Field Day sports, \$2; Jack's Christmas Aid, \$5; Siberian troops' Christmas, \$2.50; Comrades of the Great War Christmas, \$25; soldiers' graves, \$5; milk fund for "nut" cases, \$5; to Mrs. Hallet, per Miss Ellis, \$5.

Mrs. Hasell, the Regent, in her brief address appealed for the continued co-operation of the members and a widening of the scope of the chapter's work. She gave an interesting report of the activities of the members overseas. Reviewing the chapter's aims and policy, Mrs. Hasell suggested that some definite steps be taken to consummate the original plans to memorialize the men of the first contingent. The suggestions originally considered included the erection of a drinking fountain in Victoria or some restoration work in the devastated village of Ypres. After some discussion it was decided, on the suggestion of Mrs. Neroutos, to confine the chapter's efforts to the raising of funds, their disbursement to be decided upon later.

Officers Elected

The officers elected for the ensuing year were: Regent, Mrs. Hasell; First Vice-Regent, Mrs. Wallace Grime; Second Vice-Regent, Mrs. Dennis Cox; Secretary, Mrs. Ravenhill; Educational Secretary, Mrs. Ricketts; Treasurer, Mrs. Corning; Standard-Bearer, Mrs. Chas. Gardiner.

A pleasing feature of the meeting was the presentation to Mrs. Hasell, by Mrs. Beaumont Boggs, on behalf of the chapter, of a white war clasp for her daughter, Miss Green, who has been nursing in England, France and Italy for the past four years. War clasps were also presented by the Regent to Mrs. Chalmers Johnson, Mrs. Chas. Stephens and Mrs. Ricketts.

At the invitation of the Regent, the chapter will meet at the Alexandra House for the next two months. At the close of yesterday's meeting Mrs. Hasell entertained the members at tea.

"Never in my life," said the harassed householder, "have I been so pleased to hear my neighbor's piano going."

"Oh!" asked his friend; "is there a good pianist staying there?"

"No," I heard it going away in a furniture van."

Handsome New Models For Spring in Women's Suits

The arrival of many new and handsome models tends to make our displays more replete and particularly interesting. They will impress all who delight in the new styles, as well as those who may anticipate an early purchase.

The models in question portray some of the most favored styles and novelty effects of the new season, and are developed from worthy materials.

One unusually smart suit of black gaberdine features in a novelty coat a remarkably attractive waistcoat effect, long roll collar, large square pockets, military braid trimming and deep pleats from the waist.

A very distinctive model of navy gaberdine. The coat has a smart waistcoat effect in Pekin blue silk jersey cloth, also a fancy roll collar which extends down the full length of the front. It is flared from the waist, the flare being trimmed with heavily embroidered motifs in black and Pekin blue.

ALEXANDRA ROSE CHAPTER

Miss M. A. Dunn Elected Regent at Annual Meeting on Thursday.

The second annual meeting of the Alexandra Rose Chapter, I. O. D. E., was held on Thursday at the Willows School. Miss A. B. Cooke, the Chapter's first Regent, congratulated the girls on their work and encouraged them to continue their efforts throughout the coming year.

The secretary's report given by Miss Helen Hayward showed that an average of thirty-five members had met when the school was opened, to knit comforts for men overseas, with the result that a total of fifty-six pairs of socks, fifty-four scarves, twenty-five face-cloths, eight sweaters and eight caps were handed in to the field comforts committee.

The officers elected for 1919 were as follows: Regent, Miss M. A. Dunn; First Vice-Regent, Miss M. R. McGillivray; Secretary, Joan French; Treasurer, Helen Hayward; Standard-Bearer, Beatrice Matheson.

Private Stalate—"So your sister keeps you well supplied with pocket-money?"

Tommy—"Yes."

Private Stalate—"I presume you render something in return?"

Tommy (yawning)—"Oh, yes. I have to come in and yawn when visitors stay too late."

"TURN TO THE RIGHT"

COMING TO ROYAL

Comedy Will Be Here Two Nights Early Next Month

Tears and laughter will hold sway at the Royal Victoria Theatre for two days, Monday and Tuesday, March 3 and 4, where "Turn to the Right," a great comedy drama, success of the past year in New York and Chicago, is to be presented with the New York cast and production. Local audiences will see this quiet mixture of fun and mother love exactly as it ran for nine months at the Gaiety Theatre, New York. Considering that many have been turned away wherever "Turn to the Right" has been shown, patrons are urged to obtain seats well in advance.

"Turn to the Right" was written by Winchell Smith and John E. Hazard and is presented by Mr. Smith in association with John L. Golden, a famous writer of songs and lyrics. Its charm of simplicity and wholesomeness place it at the top of the list of Winchell Smith successes, which include "The Boomerang," "The Fortune Hunter," "Folly of the Circus," "Brewer's Millions," and other notable offerings.

The cast is headed by Joseph Striker, well remembered for his work in "Fair and Warmer" and other Broadway successes. Mr. Striker has created a strong impression in his interpretation of the role of Joe Bascom, an honest-hearted but wayward boy who is restored to the path of rectitude through the Christian influence of his mother.

The story of "Turn to the Right" is told in a prologue and three acts. It does with the return of Joe Bascom after seven years of wandering to find his mother and young sister about to lose their home for non-payment of a debt. Two former prison pals of Joe, Muggs, a pickpocket, and Gilly, a safe burglar, happen along in the nick of time and by a daring trick the village shylock is frustrated in his scheme to seize the place. The two crooks linger to help harvest the peach crop and a syndicate is formed to exploit Mother Bascom's justly-celebrated peach jam.

Sound Progress

Mr. and Mrs. C. B. Pearson and their little daughter, Betty, of Vancouver, have arrived in the city on a visit to Mrs. Pearson's parents, Mr. and Mrs. George M. Watt.

Friends of Mrs. Charles Wilson, of Arcadia Street, will be pleased to learn that she is now recovering from the serious accident sustained a month ago when she fractured several ribs and injured her side.

P. W. Pain returned to Victoria on Thursday from Toronto, where he has been on duty with the Royal Air Force for some time. Prior to enlistment, Mr. Pain was teller at the local branch of the Imperial Bank.

Miss Lorraine, of Philadelphia, U. S. A., will arrive in the city on Sunday and will join Mrs. Boyd as teacher of the latest dances. Miss Lorraine is a pupil of the celebrated teacher of the Eastern States, Professor Newman.

The recent issue of Canada contains the following marriage announcement which will be of interest to many Victorians: "On January 16, at St. Peter's, Bexhill, England, Harry Chaine, of Victoria, B. C., to Kathleen, widow of Commander L. M. Wilber, R. N. R."

Miss Orwin has returned to Victoria from Toronto where she has been taking a six-month course in orthopaedics and hydro-therapeutics at Hart House in furtherance of her work as a member of the Victoria division V. A. D. Miss Orwin has been appointed to Esquimaux Military Hospital for special work in connection with the recently-opened hydro-therapeutic department. Mrs. Geoffrey Lake, who also undertook a course at Hart House, has been appointed to the military hospital at Whitby, Ont.

At the residence of the bride's brother-in-law, A. Taylor, 1703 Chandler Avenue, Rev. Dr. Campbell on Thursday evening celebrated the marriage of Murdoch MacLeod and Miss Barbara McCallum, both of Victoria. The house was artistically decorated and evergreens, the bride was gowned in white satin georgette, with conventional veil and orange blossoms. She was attended as bridesmaid by her sister, Miss Catherine J. MacCallum, who wore a smart frock of sage blue taffeta. The flower girls were little Catherine and Christie Taylor, the bride's nieces, who carried baskets of white and pink carnations. The bridegroom was supported as groomsman by his brother, Donald MacLeod, of H. M. S. Lancaster. After a trip to Vancouver, Mr. and Mrs. MacLeod will take up their residence in Victoria.

A large number of Victorians gathered yesterday afternoon at the Outer Wharf to bid Miss Juanita Sears, of 924 Empress Avenue, bon voyage on the departure of the Niagara. Miss Sears is on a three-months' vacation to Honolulu where she will be the guest of her girlhood friend, Mrs. Emmens, nee Miss Ella John, late of Victoria. On the eve of her departure a surprise party was given in her honor by her many friends. The first part of the evening the guests indulged in playing progressive whist, the winning lady being Miss Dorothy Featherston, gentleman, J. Moss. After a dainty supper had been partaken of dancing was indulged in until the early hours of the morning. The success of the evening being largely due to Miss Ethel Coyves and Mrs. Willis, who were instrumental in bringing this happy gathering about. Miss Sears is a graduate nurse of the Provincial Royal Jubilee Hospital, and since her graduation last year has been in health, and it is the wish of her many friends in this city that she will return again soon to their

VIOLONCELLO

MISS MAUDE SCRUBY, A.R.C.M., L.R.A.M., Receives Pupils, Ensemble Classes, Piano, Theory of Music. CONCERTS, ORGAN RECITALS. Address: 821 Burdett Avenue, Victoria, B. C. Telephone 6212.

FIRST COMPOSER OF U. S.

An interesting advertisement appeared in a well-known periodical several years ago, setting forth the fact that six songs by the first American Composer, Francis Hopkinson (1737-1791) had just been issued, and were: "My Days Have Been So Wondrous Free," "Cry—The Hills," "Beneath—Weeping Willow's Shade," "Come Fair Rosina," "My Generous Heart Disdains," and "The Traveler Benighted." The advertisement goes on to say that this gentleman was a friend of George Washington and a signer of the Declaration of Independence.

VICTORIA CHORAL SOCIETY

Since the resumption of the rehearsals, the Choral Society has been making big strides towards the proficiency demanded by Gideon Hicks, their exacting Conductor, and last Tuesday's rehearsal was very satisfactory, but the attendance was not as good as usual. All members of the chorus desiring to take part in the coming concert in April must be in their places next Tuesday, and at future rehearsals or be debarred from the concert. Rehearsals for the Orchestra will commence to-morrow afternoon in St. John's Hall at 4.00 p. m., and the ladies and gentlemen who have kindly consented to assist are requested to take note of the time and place.

ORGAN RECITAL

At Christ Church Cathedral, Sunday, February 23, there will be an organ recital by Dr. J. E. Watson, as follows: Overture (Messiah).....Handel Fantasia.....R. Stewart Andante in G.....Battiste

THIRD RECITAL BY MUSICAL CLUB

American Works to Be Interpreted by Visiting and Local Musicians

The programme of the next evening concert to be given by the Victoria Ladies Musical Club, Thursday, February 27, contains much to interest music lovers, although necessarily containing but few of the many compositions produced by the musicians of the United States.

The ensemble singing of three folk songs will be by members of the Club; Mesdames Bick, Burbridge, Hamlet.

MISS MAUDE SCRUBY
solo cellist at Musical Club Concert.

Hicks, Morton, S. Morton, Webb, Stamford and Legg and the Misses W. Bell, Kate Ede, Newton, Moore and Pearey, under the direction of Mrs. Albert H. Golem, with Mrs. J. O. Cameron at the piano.

The concert will begin at 8.15 o'clock sharp, without fail, and the proceeds will be given, as usual, to the Red Cross Society.

In addition to the programme of American music, Gwendolyn Taylor Lewis, pianist, of Seattle, will play, in response to a request, the Fantasia "Rigoletto" (Verdi-Liszt).

The complete programme follows: Semi-Chorus—Deep River (Negro—"Spiritual").....H. T. Burleigh Violoncello—Romanze, Op. 35.....E. A. MacDowell Voice—

God Save the King.

CHANGE OF STUDIO

Late B. C. Academy Studio to Be Occupied by Madame Webb.

The Dominion Academy of Music, of which Madame Kate Webb is the Principal, will remove to its new quarters, Royal Bank Building, Corner Cook and Fort Street, on March 1, 1919. The success of the Academy has been phenomenal, as the results of the examinations of the Associated Board of the R. A. M. and R. C. M. will testify. Last year, Madame Webb secured twenty successes at these examinations, and there are nearly 700 successes to her credit in former years. She makes a speciality of the teaching of the Theory of Music, and all the pupils are expected to attend the theory classes. At the theory examination last December, out of the eight pupils entered by Madame Webb, four gained full marks of ninety-nine; two, ninety-seven; one, ninety-six, and one, ninety-three. Two of the pupils had studied theory for only two months.

Madame Webb gives lessons in voice production, singing (Italian method), pianoforte, harmony and theory. Among her pupils are many well-known English artists including Ethel Spark, May Ames, Alice Coombes, Elsie Bennett, Ida Bennett, Blanche Pugh, Declina, Chatteris, Stephanie Stephens, Emilie and Ethel Kiefert, Marjorie and Dolly Bowyer, Fred Clements, Boret Percival and Montague Gillmore. Madame Webb does not confine herself to adults; she has made a special and very successful method for training children, whilst beginners of all ages receive special attention. In London, England, the success of the Ballham Conservatoire of Music, of which she was the Principal, was exceptional, and extracts from the London press reveal the fact that her pupils gave several very important recitals and concerts on one occasion being invited by the managing director of the Earle-Court Exhibition to repeat a concert in the Grand Concert Hall, which reputation was successfully carried out before an audience of 2,000 persons.

Miss Barbara Fay will conduct her School of Dancing in the large recital hall of the new premises. This clever lady is acting as stage manager and ballet mistress for the pantomime, All Baba, which is being produced next week at the Royal Victoria Theatre.

WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"I have called regarding your vacation on an errand boy," said the smart-looking lad as he entered a grocer's shop. "But I don't require an errand boy," said the tradesman. "I have one already." "No, you haven't," was the ready reply. "He has just been ran over."

"HOUR OF MUSIC" FOR TO-MORROW EVENING

Recital at First Congregational Church Will Be Held Sunday

The next regular monthly recital or "Hour of Music" at the First Congregational Church will be given to-morrow evening, at 7.30 o'clock.

The programme will include the following numbers: Organ Prelude.....Sullivan Choir—O Gladsome Light.....Sullivan Solo—The Still Small Voice.....Humblich Miss Purdy.
Quartet—God is a Spirit (Woman of Samaria).....Sternale Bennett Misses Hadfield, Scowcroft, Messrs. Frederic King and E. R. Lock.
Violoncello—Le Cygne.....Saint-Saens Mr. C. M. Rix.
Address—Hymns of the Church.....Rev. J. Johnston.
Offertory—Organ.....Solo—The Voice in the Wilderness.....Mr. F. J. Mitchell.
Choir—The Sun Shall Be No More.....Woodward Organ Postlude.....
These recitals will be continued and will be given on the last Sunday evening of each month, having already proven very popular.

CITY MUSIC NEWS

The members of the Victoria Choral Society are kindly asked to set aside each Tuesday evening for rehearsal of the work "Death of Minnehaha" (S. Coleridge-Taylor) to be presented at the next concert which will be given at the Princess Theatre, Wednesday evening, April 2, 1919. The entire programme of the concert will be given to the Red Cross Society.

On Wednesday evening, February 26, the pupils of Miss McGregor, of the St. John's Studio, will give a vocal recital in the assembly room of the studio. The principals on this occasion will be the Misses Dorrell, May Muir, Grace Watson, Gonnison, Townsend, Gilbert, Alf, Gunn, Lee, son of Leo Mow Kow, and Wm. Harler. Miss Jessie Smith, A. T. O. M., late of Moose Jaw, Sask., who has recently started her studio for the teaching of piano, has been appointed accompanist to Miss McGregor.

"American Music" suggests to the mind a few masters which the United States has produced; men who have had creative genius and were independent to a large degree (although not wholly) of the different schools of Europe. To-day, more than ever before in the history of that country, the art of music is receiving serious attention in every direction, the municipalities and school governing bodies having set in motion a nation-wide campaign for the encouragement, development and presentation of the best in music. Orchestras, Glee Clubs, State Festivals and Recitals of Chamber Music will result in a nation growing up with artistic standards.

Mr. G. Jennings Burnett, organist of St. John's Church, will give an organ recital, Monday evening, March 3, 1919.

The Morris Music Store, Government Street, has a most complete stock of pianos, victrolas and records at their warerooms and expect a large re-assignment of pianos early next week. This firm has lately enlarged its premises, adding three more record rooms, and claim also to have the largest stock of sheet music on the island.

The Rotary Club have completed arrangements to bring to this city the French Military Band, or "Guard of the Republic," to which reference was made on this page several weeks ago. This band, which is having a wonderful tour on this continent, is under the leadership of M. Gabriel Pares, the arrangements for their coming to America having been made through the French High Commission at Washington. Many of the men who compose the band have been in the trenches and some of them have won high distinction. Their appearance will be at the Royal Victoria Theatre, Saturday, March 8, 1919. The proceeds, being amount of the minimum guarantee made by the promoters, as well as everything in excess of that amount, will be devoted to reconstruction work in France and for work amongst the French widows and orphans. Apart from the pleasure of hearing such an organization, the cause to which all receipts will be given should insure a full house on this occasion.

PIANIST AND PRESIDENT

In spite of the fact that his earnings were something like £500 an hour, Paderewski gave up all for the sake of his country. He was the greatest "draw" at a concert that has ever been, this shock-headed wonder. His fee in American was \$1,000 for a couple of hours. His piano-playing raised the audience to frenzy; the famous Pole was hurried from the back door after the show, lest the ladies tear the clothes off his back for souvenirs.

But Paderewski left all for Poland's sake. He went to America, and raised an army out of the 4,000,000 Poles that are there. He secured loans from President Wilson. He wasted his strength—a frail and delicate artist—at stormy public meetings. He wrote fiery propaganda, showing the glorious history of Poland for a thousand years. And how the Poland of peace would be a land nearly as big as Germany, with 30,000,000 people redeemed from Austria, Russia and Prussia. Quite likely Paderewski will be the first President of this new Poland—just as another "big-brother" Thomas Masaryk, has been elected for Czechoslovakia, or Bohemia. If Paderewski is chosen, it will be the only case where a public performer left the stage to rule a great romantic land.—T.T. Ditt.

Which Do You Prefer A "Victrola" or "A Sonora"?

Both are superb and afford the world's best music. The Sonora will play any make of disc record. Its tone quality, like that of the Victrola, is really beautiful.

Remember, too, that Victor Records are made by the greatest artists in the world. Each record is passed upon by the artist before it is placed on the market for sale.

When Music Wins Its Greatest Appreciation

Whenever the great masters of the piano or violin appear, in nine cases out of ten the instrument they choose for performance or accompaniment is

—The—
STEINWAY PIANO
"The World's Masterpiece"

They know that the entrancing beauty of its tone is instantly appreciated. They know that only in the tone of the Steinway is there the bewildering richness that is ever a source of new inspiration. Sweet and soothing, mellow and sound, broad and fulsome—whatever the mood of the player, it has an answering tone-quality that always wins the greatest appreciation.

You may not want to buy a piano now, but when you do, let the Steinway be your ultimate aim.

REV. ROBERT GILLIES TO SPEAK IN CITY

Useful Work of China Inland Mission Will Be Subject

Rev. Robert Gillies, who will speak at the China Inland Mission meetings at the Y. M. C. A. on Tuesday next, speaks with confidence about the China Inland Mission, the first pioneer society for the inland provinces, and which is the largest organization now at work in the country.

There are over 1,000 missionaries now who are scattered over sixteen of China's provinces. Often the only foreigners in their district and in some cases 100 days' journey from the coast. Fifteen hundred places of worship testify to the success of their labors.

Many of these buildings have been secured, and are entirely supported by Chinese converts. In cases where foreign funds have been used for larger edifices in important centres the money has been given without solicitation, for no begging, no collections and no debt form a fundamental rule of the Mission. It follows, therefore, that low cost and no debt bar the possibility of a guaranteed salary. Hence the missionaries go out on these Apostolic terms to share a community of funds.

The plan has stood the test of half a century. Least some should doubt the practicality of this system it may be well to state that every deputation sent out to inspect missionary work in the Orient has expressed unqualified approval of the Business Department of the C. I. M. at Shanghai. Numbers of other societies have copied their office methods, and availed themselves of the C. I. M. telegraphic code, plan of book-keeping and other details of routine. The office staff has to deal with the thousand and one complications created by exchange, chaotic currency differing widely in different districts, and other Chinese puzzles which perplex the Occidental.

Life of Travel. As the distribution of Christian literature and explanation of the Gospel in the untouched regions inland form the chief object of the missionaries, travelling is a special feature of their work. In every district the most economical mode of travel is employed. The missionary may be met enjoying the breeze on a junk on a Southern stream; tramping in straw sandals or springing on a coolie in Mid-China. He may also be found on a "sampan" hauled along a foul smelling canal, or riding donkey back with his bedding for a saddle. If travelling with his family—it may be in a lumbering spruce cart covered with dust; or floundering knee deep through mud in a mule litter.

In the semi-tropical South with its crowded cities, or on the barren plains of Mongolia the same kind of work is being done, and the missionaries have many strange experiences. The Mission is strict in the testing of those who wish to become church members. Only those who have given very clear proof of having renounced

idolatry in all its forms, and of the purpose to conform the lives to the Christian ideals are received. The early days of the Mission saw few such. Up till 1915 the Jubilee year of the Mission only 55,000 such converts had been received. In the last three years the annual increase has averaged about 5,000. This does not include the large number under direct Christian teaching or a still greater number more or less under Christian influence.

CELEBRATED DIVINE COMING TO VICTORIA

Dr. John Pringle Took Active Share in Cleaning Up Yukon

The Presbyterian Church has taken its full share of chaplaincy work in the great war, and among the Presbyterians who have won fame overseas is Dr. John Pringle, who comes to preach at St. Andrew's Church to-morrow evening.

Dr. Pringle's name was widely known a decade ago in connection with his comments on the administrative affairs of the Yukon at a period of exceptional mining activity. His strictures had a material influence on a condition of affairs which called for censure in the territory. Now he comes from Flinders' Fields to tell about the war.

John Pringle was born in Murray Harbor on Prince Edward Island in 1852, and was educated at the public schools, and the Prince of Wales College, in Charlottetown. Later he continued his studies at Queen's University, Kingston, where he secured his B. A. degree. In October 1879 he married the second daughter of William Bignell. In early life he was a school teacher, but after taking orders he was called to Georgetown, Ontario, and was successively pastor at Fort Arthur, from 1882 to 1892, and at Kildonan, Manitoba, from 1892 to 1896.

After being a financial agent in St. Paul, and the pastor of Goodrich Avenue Church, in that city, he volunteered as a missionary when the Klondike gold rush commenced. By his timely help and sympathy he did excellent work on the Stikine River. When the Atlin goldfields were discovered he moved there, and then later transferred to the Klondike creeks in 1901. He took charge of the general work of his church in the different mining districts and in order to combat certain evils arising in that part he completed a march of 1,054 miles within the territory on snowshoes. Later he went East and laid before the Social and Moral Reform Committee of the General Assembly of his church a full account of the immorality and other evils existing in the Yukon. He was called to St. Andrew's Church, Sydney, C. B., in 1905. Thence he went overseas.

CATHOLICS HONOR EMINENT CARDINAL

Head of Catholicism in America Achieves Notable Record

Cardinal Gibbons's Episcopal Golden Jubilee is being kept as notably as was the Silver Jubilee in Baltimore twenty-five years ago. He has so long been the leading figure in America Catholicism that to many he has come to occupy a pedestal not far removed from the occupant of St. Peter's Chair.

With a personal representative of the Pope in attendance a brilliant pontifical mass was sung by the aged prelate in the church of the Franciscan Monastery in the presence of the most notable gathering of clergy and laity ever held in North America. After the mass attended a dinner at the University, where Cardinal O'Connell of Boston, presented the venerable priest with a purse of \$50,000, the gift of his fellow-bishops and archbishops.

In the afternoon at 3 o'clock a service in commemoration of the anniversary for members of the Cathedral Sunday school and young people of the church will be conducted by the Dean. The Bishop of the diocese will deliver an address. "What the sixtieth birthday of our diocese means to us." At services throughout the day, special offerings will be devoted to the Cathedral Extension Fund, and the afternoon services, part will also be devoted to the fund for the promotion of work among teen-age boys and girls and the Patriarch Mar Shimun Fard for sending of Armenian Assyrrian deputations to the Peace Conference.

Appeal to Anglicans. The commemorative associations of the day, and recognition of sixty years of complete spiritual ministrations by the Church, through the devoted loyalty of its pioneer missionaries, together with the forward steps undertaken by the Church's appointed representatives at this week's meeting of the Synod, looking to more efficient and effective service to the age and nation, place a great obligation on all members of the Church of England in the district, and present a challenge to enter this open door of opportunity and blaze the path anew, for a new era in the world's history and the Church's responsibility.

There is promise of a more just and adequate income for clergymen whose present stipends barely cover the necessities of existence, and the prospect of a Memorial Hall to meet the growing needs of the diocese and the cathedral parish as a consequence of the recent Synod sessions.

METHODIST JUBILEE

Ceremony on Tuesday Marked Historic Event in Methodist Church History. Methodism throughout British Columbia has been celebrating in the last two weeks the proud record of sixty years of existence. The Methodist Church kept the event fittingly on Tuesday evening. The denomination has good reason to be proud of the men whose portraits form the chief glory of the Columbia College, where he graduated with distinction in 1857.

He pursued his studies at college in Baltimore, and in June 1858, was ordained priest. He rose rapidly in office, and in 1868 was consecrated Bishop of Adramyttium in partibus infidelium, and first vicar apostolic of North Carolina. He headed a deputation to Rome, and in 1886 was chosen as a Cardinal. He has been the head of innumerable gatherings, and has written various publications.

ST. JOHN'S SERVICES

Special Jubilee Occasion Will Be Marked To-morrow. The Diamond Jubilee of the diocese will be fittingly observed in St. John's Church to-morrow. For the morning service at 11 o'clock the Rector, Rev. F. A. P. Chadwick, has issued a special invitation that parents should bring their children with them. The sermon will be addressed mainly to the children and children's hymns will be sung, the intention of the service being to emphasize the ideal of "Family worship." In the evening at 7 o'clock there will be more particular reference to the jubilee. Mr. J. G. Burnett will give a short organ recital at the close of the service.

SIXTY YEARS OF ACTIVE CHURCH WORK

Consecration of Bishop Hills Took Place Feb. 24, 1859

The Anglican Synod meeting here this week has been engaged upon a number of important matters concerning the future of the church on Vancouver Island, and incidentally marking the sixtieth anniversary of the consecration of its first Bishop, Dr. Hills, within the sacred fane of Westminster Abbey on St. Matthias Day, 1859. It was, however, not for nearly a year before he landed on the shores of his future diocese, January 8, 1860.

The genesis of the church on Vancouver Island dates much earlier, and its record is closely interwoven with the history of the ministrations of Bishop Cridge, whose advent here had been due to the company rule prevailing in the colony. In fact, just as on the other side of the vast territory then ruled by the Hudson's Bay Company, it was found beneficial to have clergy attending the settlers, the roots of Anglican polity take their soil on Vancouver Island, as at the junction of the Red and Ashcroft Rivers, in consequence of the encouragement. The Quadra Street cemetery here, with its graves of factors and pioneers, has its counterpart in St. John's cemetery, Winnipeg, where mural tablet commemorates those whose names are daily remembered in the nomenclature of Victoria's streets.

The association of Dr. Hills with the diocese dated more than thirty years ago. It has the distinction of being a career contemporary with stirring times, and though those differences which marked his diocesan work are matters of history, his constructive work was the subject of fitting tribute when he withdrew from the episcopacy. A scattered diocese, many parts difficult of access, with a concentration of population within a limited area, has been troublesome to develop, but there are some phases which have merited approbation everywhere. The Columbia Coast Mission, the Indian work, and similar phases which the diocese has followed in the footsteps of St. Andrew, and laid permanent foundations for the development which will follow the expansion of the natural resources of Vancouver Island.

At the 11 o'clock service in Christ Church Cathedral to-morrow the Bishop of the diocese will dedicate the recently constructed addition to the west end of the cathedral. The sermon on this occasion will be preached by the Dean, and the offertory throughout the day will be applied to the Cathedral Extension Fund, the sum of one thousand dollars being the amount asked for.

In the afternoon at 3 o'clock a service in commemoration of the anniversary for members of the Cathedral Sunday school and young people of the church will be conducted by the Dean. The Bishop of the diocese will deliver an address. "What the sixtieth birthday of our diocese means to us." At services throughout the day, special offerings will be devoted to the Cathedral Extension Fund, and the afternoon services, part will also be devoted to the fund for the promotion of work among teen-age boys and girls and the Patriarch Mar Shimun Fard for sending of Armenian Assyrrian deputations to the Peace Conference.

SUFFERED TWO YEARS WITH PIMPLES Child Could Not Sleep Till Cuticura Healed. "My little brother suffered for about two years from tiny red pimples. They appeared constantly on his body but he had the greatest trouble under his ears. The skin was red and very sore and at the least touch he would give a howl of pain. After a few seconds he would have to scratch, and he was not able to sleep. A friend advised me to send for Cuticura Soap and Ointment. I noticed change, and I used three cakes of Cuticura Soap and four boxes of Ointment when he was healed." (Signed) Louis Frank, 746 City Hall Ave., Montreal, Que., February 2, 1918. Keep your skin clear by using Cuticura Soap and Ointment for everyday toilet purposes. For Free Sample Each by Mail address post-card, "Cuticura, Dept. A, Boston, U.S.A." Sold everywhere.

ST. ANDREW'S CHURCH (PRESBYTERIAN) REV. W. LESLIE CLAY, D. D., Minister. FEBRUARY 23, 1919. 11 a. m.—"A STATESMAN'S DEATH—A NATION'S LOSS" (Suggested by the passing of Sir Wilfrid Laurier.) 7.30 p. m.—Bible School. Major the Rev. John Pringle, D.D. Chaplain with the Overseas Forces, will preach. Soloist, Mrs. Wm. Grant. MONDAY EVENING at 8 o'clock Major Pringle will address a public gathering on "Reminiscences of the Battlefields."

Gorge Presbyterian Church, Tillamook and Walker. Sunday morning service at 11 o'clock. Subject, "A LOST PRIVILEGE." Miss McGregor, of W. M. S. Toronto, will speak to the parents and children at 2.30. A large attendance earnestly requested. DANIEL WALKER, Pastor.

Mayor Calls Meeting for Tuesday to Discuss Inducement to War Trophies Exhibit

As was to be expected, there will be an effort made to secure for Victoria the war trophies exhibition and photographic display now attracting so much attention in Vancouver. Mayor Porter has called a meeting at the City Hall on Tuesday at 4 o'clock to discuss terms of inducing the exhibition to come to Victoria.

It is the London exhibit complete and now removed to Vancouver—five carloads of murderous devices used by the Huns until they were captured by the Canadians, mute evidence of the heroism of Canada's fighting forces.

As was to be expected, there will be an effort made to secure for Victoria the war trophies exhibition and photographic display now attracting so much attention in Vancouver. Mayor Porter has called a meeting at the City Hall on Tuesday at 4 o'clock to discuss terms of inducing the exhibition to come to Victoria.

DIAMOND JUBILEE SERVICES AT ST. JOHN'S CHURCH ON SUNDAY

The Diamond Jubilee of the Diocese will be fittingly observed in St. John's Church on Sunday. The eleven o'clock service will be especially adapted for children and parents are requested to have their children accompany them. An organ recital will be given by G. J. Barnett at the close of the evening service.

A TRIP THROUGH SCOTLAND

The Scottish concert and illustrated lecture, "A Trip to and Through Scotland," which created such enthusiasm and enjoyment when presented in Victoria West recently under the auspices of St. Paul's Presbyterian Church Choir, will be given again at Knox Church, Spring Ridge, on Monday evening next. The following ladies and gentlemen are assisting in addition to the members of the choir: Mrs. Lewis Hall; Mrs. Beasley, Mrs. Butler, Mrs. W. A. Jameson, Messrs. Jas. Petrie, J. G. Brown, J. Taylor, Jos. Walker (elocutionist), and D. Cameron. The Rev. Joseph McCoy will occupy the chair. A large number of people were turned away when this entertainment was given before, and those intending to attend on Monday should secure their tickets at once as the church will be taxed to its utmost capacity to accommodate the crowd. The entertainment will commence promptly at 8 o'clock on account of the length of the programme. Doors open at 7.30 p. m.

CURE FATIGUE! BUILD UP! GET FAT!

ONCE YOU START USING THE NEW BLOOD-FOOD REMEDY YOU'LL GET WELL QUICKLY.

You're nervous and uneasy. Appetite is poor. Sleep is hard to get. Still worse, you are thin and fatigued out. Work must be done, but where is the strength to come from? Make your blood nutritious and you'll have lots of strength. Your only hope is Ferronone, an instant blood-maker, blood-purifier, blood-enricher. It brings keen appetite, digests food and supplies nutrition for building up all the bodily tissues. Ferronone makes muscle and nerve-fibre, increases your weight, instills a reserve of energy into the body that defies weariness or exhaustion from any cause. For men who toil and labor, for the office man, the minister, the teacher—to these will Ferronone bring a new life of spirit and robust health. For growing girls, women of all ages—no tonic is more certain. Sold in 50c. boxes by all druggists, or direct by mail from The Catarthosone Co., Kingston, Ont.

PRESSURE ON HOSPITAL

Board Learns of Urgency for New Jubilee Hospital Buildings.

An example of the overcrowding at the Jubilee Hospital was stated at the meeting of the Board of Directors of the Jubilee Hospital yesterday evening that the buildings, capable of accommodating some 110 patients, have now a daily average of 150. This situation is only reached by considerable overcrowding in the wards. The Board learnt that the old laundry premises have now been leased for new servants' quarters. They inspected the premises, and were pleased with the change. The Finance Committee reported, in view of the fact that the per diem charge is now \$3, that an effort should be made with the military authorities to raise the grant for military cases to \$2.50 per day, and it was further arranged to renew the contract at \$2 per day with the Workmen's Compensation Board. It was reported that a superintendent will be placed in charge of the Tubercular Ward, and that the vacancy will make an appointment to the position, subject to the Board's confirmation. L. U. Conroy was appointed to the special building committee for the specialty created by Mr. Fraser's removal from the city.

CAPT. CRADDOCK LEAVING

Paymaster Will Take Over New Duties Next Month.

Capt. A. E. Craddock has been appointed to take charge of work in connection with Conducting Pay Services, and will leave next week for Ottawa. The Captain, who is at present in control of Miscellaneous Units, M. D. No. 11, acted as Paymaster for "J" Unit and for District Depot No. 11, after the taking over of the unit. No successor has yet been made for the position which is left open by Capt. Craddock's departure. Capt. Craddock's duties in connection with Military District No. 11 placed him in charge of the payment of all permanent force units and their military staffs, together with the C. A. M. C., the Military Police Corps and civilian employees of military offices.

VOICES PROTEST AT CITY'S REQUEST

Ward 1, Saanich, Ratepayers Pass Resolution With Regard to Taxation Exemption

A meeting of the Ward One Ratepayers' Association was held at St. Aidan's Hall, Mount Tolmie, last night when matters relating to the lighting of the district were discussed. Negotiations are now under way between the Council and the B.C. Electric Company, and it was thought that the result of these should be known before any further steps be taken. Considerable discussion arose concerning the extension of the Mount Tolmie carline to Bay Road as a follow-up to the proposed half-hourly car service. A resolution was drafted calling upon the B.C. Electric Railway to undertake this work now so that they may have the co-operation of the Council.

Clause 18 of the city's bill now being considered by the Legislature evoked strong feeling at the meeting. The clause seeks to exempt the City of Victoria from taxation on land or real property owned by the City, but situated in other municipalities and at present non-revenue-producing. It was pointed out that such exemption would work a great hardship upon the people of Saanich since it has been known for cities to be thus exempted for years and then to sell the property when the market value of such has been multiplied many times over. The question was asked "would Saanich be allowed to build an isolation hospital on Beacon Hill Park and be exempted from taxation?" Yet it was claimed there was no appreciable difference in the circumstance. Letters will be sent to the Saanich member of the Legislature, asking them to use their influence on behalf of the returned soldiers of the Saanich district in overcoming this proposed injustice.

NO TAIL LIGHTS

A fine of \$5 was levied by Magistrate Jay in the Police Court this morning upon R. Clark and Yuen Wah for failing to have tail lights burning on their automobiles after dark.

Sailors' Song Service—At the weekly Song Service which will be held at the Sailors' Club, Esquimalt, commencing at 8.30 to-morrow evening, the Port Missionary will continue his illustrated story of the work among the sailors in different parts of the world.

RED CROSS HEADQUARTERS

The Canadian Red Cross Headquarters in the Temple Building, 521 Fort Street, will hereafter be closed all day Saturday. The Committee trusts that this will not cause inconvenience to supporters of the cause, and the headquarters intend to try to do six days' work in five hereafter.

Taken to Prison—Joseph Sampson, sentenced to two years in the penitentiary for desertion, and William Young who is scheduled to reside at Okalla Prison Farm for eighteen months, having assisted Sampson to leave the Canadian Forces, were taken to the Mainland last night.

WELSH RESIDENTS OBSERVE ST. DAVID'S DAY

The Victoria Cymrodorion Society have planned to fittingly commemorate St. David's Day and to that end have engaged the K. of C. hall for that occasion. The committee in charge of the arrangements met last night at the office of the president, D. O. Lewis, when an attractive programme was formulated. The past year has been a quiet one with the Society, owing to the absence of so many members on active service. Several members have recently returned, and it is hoped that there will be a large attendance at the annual gathering to welcome these home. Particulars of the affair may be obtained from the secretary, telephones No. 9 or 2244L.

CHILDREN'S CLOTHING NEEDED

As aftermath of the time of stress occasioned by the epidemic the Friendly Help Association is receiving a number of applications for assistance from destitute families. The greatest need is for children's clothing, particularly boys' and the Friendly Help issues an appeal for cast-off clothing for this purpose. There is an immediate need, too, of a dressing-room for a sick man, and of furniture especially beds, bedding and a kitchen stove. It is hoped that these wants may be supplied by generously-disposed citizens having any such articles for which they have no further use.

CHINA INLAND MISSION—MEETINGS AT 3 P. M. AND 7 P. M. TUESDAY, 25th FEBRUARY, IN THE Y. M. C. A.

Addresses by missionaries from China: Rev. Chas. Thomson, Rev. and Mrs. St. Gilles, Miss Dorothy Allen. All interested friends invited.

IF CRIPPLED WITH A LAME BACK READ THIS

Tells All About a Safe Medicine That Relieves After One Dose.

That throbbing pain at the base of the spine is caused by improper kidney action. Fix up the kidneys and the backache goes in a hurry. The most wonderful kidney medicine ever made is Dr. Hamilton's Pills. They contain the juices of certain herbs which soothe and heal all kidney illness. It's a pleasure to use Dr. Hamilton's Pills. They relieve the first dose, give you a new feeling entirely, remove that dull, throbbing backache, correct urinary disorders, stop headaches, and vague pains through the muscles and joints. Forty years of success stand behind Dr. Hamilton's Pills, which are prepared in the laboratories of the famous Catarthosone Company, and can be depended upon as a safe, swift, and certain cure for Backache, Kidney, Liver, Stomach, or Bladder Troubles. Sold everywhere in 50c. boxes.

AUTO INDUSTRY ON SOLID FOUNDATION

Head of Studebaker Corporation Sees Bright Outlook

The part of the automobile industry in the winning of the war is a record of achievement unparalleled in the annals of business. A more loyal, patriotic group of men in business cannot be found than the automobile makers and their dealers. Not a call came during those dark days of strife but they answered, willingly and gladly. They were wholeheartedly back of the Government in everything, giving time, money, cars and men for Government work, and they gamely fought their way through the days when rumors were rife and when public confidence and business conditions seemed shaken.

Now comes the definite assurance that the tests of war have proved the efficiency of the automobile and its importance to the life and business of the world in general. Where there may have been doubt there is now clear understanding. The public has been impressed with the solid foundation upon which the industry rests and the truly remarkable engineering genius back of the modern automobile.

Airplane Motors for Autos.
In discussing the problems of reconstruction and their effect upon the automobile industry, A. R. Erskine, president of the Studebaker Corporation, in a recent issue of Vanity Fair said:

"The improvements and developments in airplane motors are in some degree applicable to automobile engines, and these improvements will no doubt be adopted generally by American manufacturers. The improvements are principally in smoother operation, reduction of vibration, and, therefore, greater economy in gasoline consumption and longer life, all tending to improve the car. The improvements are necessarily light in weight and very expensive to manufacture.

"The Liberty motor weighs less than two pounds a horsepower developed, and cost the Government \$4,000 each, which indicates that a similarly designed engine of less size and power, adaptable for automobiles, would be too expensive to justify any advantages in efficiency it might have over the ordinary automobile engine.

"The business outlook of leading manufacturers is undoubtedly very great, both domestic and export, and the resources of these manufacturers will be fully occupied in taking care of this business as soon as they can obtain raw materials and resume normal production."

Jameson, Rolfe & Willis are local Studebaker agents.

VALUE FOR MONEY

Buyer of Chalmers Automobile Always Satisfied With Bargain.

"The Chalmers gives the motor car buyer the utmost value in general economy and with that unvarying quality which is found in each Chalmers automobile," says R. A. Playfair, manager of the Begg Motor Co., and local Chalmers agent.

"For such rare quality the Chalmers price is low and its light weight insures low maintenance and long life.

In the Chalmers wide range of selection, the new models in all are found innumerable body designs. Each car is superbly finished and powerfully built.

"Chalmers performance is proven. On the speedway, in traffic, on the open road and in the hands of 70,000 enthusiastic owners, the Chalmers has conclusively demonstrated its value and its dependability. No matter which of the Chalmers models you may select, you will have chosen a car you will be proud of. A satisfied purchaser is bound to be the result as these cars are automobiles of known quality and economy."

Island Motorist

A year's subscription to Island Motorist entitles you to the privileges of the Touring and Information Bureau. Maps and road information furnished upon application. Send in your subscription, \$1.00. P. O. Box 353.

BRIGHT OUTLOOK

This year promises to be the banner year in automobile tourist travel, says C. L. Harris, the secretary of the Island Automobile Club. Proof of his assertion lies in the fact that his office is the recipient of hundreds of inquiries from motorists who are contemplating visiting the Island. He has the assurance also recently received from a prominent tire publicity man who has just completed a tour of the United States, who declares in a letter of few days ago that "every tire, automobile and accessories manufacturer predicts the best year the Pacific Northwest has yet had."

ONE CITIZEN OUT OF TWENTY-FOUR HAS CAR

License Figures Show That Motors Are Increasing in British Columbia

The increase in the use of automobiles in British Columbia is seen in the figures recently compiled by the Automobile Registry Office.

These figures show that about one person in twenty-four in the province owns or has a license for a car.

In 1917, 11,439 licenses were taken out in the Province, while in the past year this number was increased to 15,380. In 1918 the revenue for licenses for the Province taken out in January amounted to \$15,228, while last month \$20,726 was collected.

A FEW YEARS AGO AUTOS WERE HOOTED

Marvelous Change is Brought About in Short Space of Time

It is hard to imagine in the age of handsome limousines, with their smooth-running mechanisms, perfect control, utmost luxury and splendid appearance, with scores of different models and thousands of machines gliding noiselessly and swiftly through the city streets, that only twenty-five years ago the originators of the automobile were jeered at, laughed at and almost gaoled for daring to inflict such a nuisance on the public streets.

If it had not been for the pluck and determination of such men as R. E. Olds and Elwood Haynes and a number of others, the first automobiles might have been hooted off the streets, possibly run out of town, and cast into utter oblivion. When the old single cylinder machines were first experimented with a condensing crowd stood around and assured all and sundry that "the critter would never be a success."

It is true that these early experiences were most trying on the nerves, not only of the inventors, but of those who had to listen to the row kicked up by these "monstrosities," and many were the disappointments met with.

Breakdowns were innumerable and it was never possible to go very far without something going wrong with the contrivance. It was the habit of these pioneers to seek out a nice quiet spot in the rural districts to work out their machines and many a runaway horse was started out of his senses for many a day by beholding the queer object that was so soon to put his class in the obsolete list, so far as most phases of transportation were concerned.

Swiftly improvements were brought about until, to-day, manufacturers find themselves in a position where it is almost impossible to think out any new feature that can add to the comfort of the automobile owner or make the car easier to handle.

M'LAUGHLIN LIGHT SIXES DUE WEDNESDAY

Carload Shipment Also Includes Famous Forty-Five Specials

Another carload of McLaughlin light six touring cars will reach Victoria on Wednesday next, according to a statement to-day by H. A. Davie, local agent for this popular passenger car.

"These cars are little beauties and I must say that the 1915 model eclipses anything heretofore turned out in the shape of a good serviceable light touring machine," said Mr. Davie.

"This car is of real sturdy quality and is built to withstand heavy traveling and climatic conditions. With the wonderful roads which we have on Vancouver Island this car runs along so smoothly that you can hardly hear the murmur of the engine," he continued.

"Speaking of the engine, I might state that this is the special feature which goes to make up the par excellence of the McLaughlin and puts our Canadian product away ahead of all others on points of speed and operating accomplishments.

"These latest models are upholstered in Spanish russet brown leather, with real mahogany instrument board and are very attractive.

"The most agreeable surprise I have in store for my patrons is the news from the factories that in the car due here Wednesday are two of the famous extra special '45's, a six cylinder car that has no peer. In fact there is such a demand for it that the factories cannot begin to supply the needs of the buyers who are on the waiting list for these favorite cars. Our experience heretofore has been that these specials were snapped up before they are received and, in fact, I expect that these two will be sold before they are delivered at the yards," concluded Mr. Davie.

FREE RIDES HAVE STRANGE ENDINGS

Automobiles Could Tell Some Interesting Stories; a Humorous Case

Of course there are many mysterious stories that could be told respecting the consequences of offers and acceptances of free rides in automobiles. The everyday history of the motor car could furnish the novelist with almost every sensation required for a best seller, including humor, pathos, tragedy, love, hate and so forth. It is not proposed to go deeply into this subject but merely to relate an incident that took place in Victoria the other night.

"Going down town" inquired the driver of a Studebaker Sedan as he drew up before a pedestrian standing at the curb waiting for the next street car.

The pedestrian in question had just come out of the Royal Jubilee Hospital, where he had been visiting his sick mother. He was a seafaring man and so far as an automobile was concerned, it was as good to him, any day as a street car, and he accepted the kind offer and promptly jumped into the seat of the enclosed car alongside the driver, who proved also to be the owner.

Conversation drifted along in an amiable sort of fashion until the car approached the business section of the city when the Good Samaritan remarked: "I presume you have been up to the hospital to see some relatives?" in reply to which the local mariner explained that he had been paying a visit to his mother, who, he was glad to say, was gradually recovering from an operation.

"I have just been up there myself," volunteered the owner of the spirit and smoothly running motor car.

"That so?" inquired the other, in a sort of disinterested manner as he was deeply engrossed in thoughts of other things.

"Yes, you know I have just taken a patient up suffering with a bad case of the 'flu.'"

The man with the briny atmosphere gave his companion one look of disgust, which passed unobserved, and

politely requested that he be let out at once as he had really traveled farther than he had wished.

"Of all the blithering asses, that one takes the cake," exclaimed the irate officer as he steered a course for his vessel at the docks some block away. Looking neither to the right nor to the left, but muttering darkly to himself he reached his ship satisfied that most

men were fools and that he had fully exhausted the sailor's vocabulary in expressing his opinion of the owner of the Studebaker Sedan.

To clean a dirty saucerpan, fill it half full of water, put into it a squeezed-out lemon, and let it boil for half an hour; then rinse with hot water.

AUTOMOBILES

MOVES PLANT TO LARGER QUARTERS

H. J. Holman, Tire Dealers and Repairers, Branch Out

A new location and a new name has been decided on in connection with the interesting tire re-making business which for years has been run under the name of H. Baynes at the corner of Yates Street, and Wharf Street.

H. J. Holman is the new name, and 755-57 View Street is the new address. For the past five years Mr. Holman has been running the business and recently he bought out his late partner's interest in the plant. Mr. Holman is well-known in automobile circles here and elsewhere and his business grew to such an extent that it was found necessary to make a change. To-day is moving day, and a strenuous effort will be made to have everything ready for business in the new quarters on Monday morning. The premises on View Street are those formerly occupied by the Magnet Auction Rooms.

It is rather surprising to see what Mr. Holman's concern can do to an old tire—in fact, he is in the business of making new tires out of old ones. If a casing is otherwise in fair condition but there is a hole or a bad tear, Mr. Holman's expert staff will put it right and, if necessary, vulcanize on a new tread, either rib, non-skid or other type.

Mr. Holman is making a specialty of cord repairs and in this connection it is interesting to note that a lot of his work comes from Alberta and a considerable amount from Vancouver and the whole of British Columbia, so it will be seen that Mr. Holman's concern is one that is widely known for its high-class work. Though this work is very difficult to do, all orders are handled to the entire satisfaction of Mr. Holman's many patrons. The firm also does sectional work on cases and all kinds of tube repairs.

The establishment has in its equipment a 100-ton hydraulic press which is used for pressing on solid tires. Formerly, in the United States and Canada all solid tires were bolted on, but as this was both expensive and unsatisfactory it was decided to discontinue the method in favor of the press.

Mr. Holman, in making the present move, enlarges his floor space very considerably and he will at once install new and necessary machinery to bring his equipment up to the most modern standard for all kinds of tire repair work. He promises that in every respect he will be in a position to give satisfaction to all.

BRITISH ROADBUILDING

\$50,000,000 Appropriated to Rebuild Highways and Bridges.

Grants amounting to \$50,000,000 will be distributed by the British Road Board for the reconstruction of roads and bridges in England in 1919. Demobilized army units will be used to do the labor. Local highway authorities will be required to match this appropriation by at least as large a programme of road work as they carried out in the year before the war. Areas taken into consideration, England's programme is thus far in excess of that of the United States, including both Federal aid and state funds.

How Teddy Lost the Bear

POPULAR SALESMAN RESUMES HIS POST

J. G. Patterson, Who Joined Flying Corps, Back at Plimley's

J. G. Patterson, star motor car salesman for Thomas Plimley, and who joined the Flying Corps in 1917, is back again at his old post. He is busy re-awakening old acquaintances in automobile circles, where he is receiving a hearty welcome.

"Pat" as he is familiarly known to his many friends, was salesman for Plimley's for over a year before he went away. His affable disposition and personality generally make him particularly fitted to meet the buying public.

J. G. PATTERSON

In demonstrating the various types of high class models handled by Plimley he spares no pains in pointing out and explaining the details of the latest features that go to make up the modern machine.

Just at present Pat is going strong on the Willys-Overland "90," which is turned out at the Company's factories in West Toronto. He finds that prospective buyers feel so much at home in this splendid Canadian product, and that they are so struck with the luxury, convenience and ease with which the car glides along that there is no difficulty whatever in closing a deal.

Business in all branches at Plimley's reported brisk, particularly in the tractor department, which is one of the most complete on the coast, various lines being carried to look after the needs of the small gardener up to the rancher on a large scale.

SELLS REO TRUCKS.

The Shell Garage Company, of View Street, put through a great deal this week when they sold three Reo trucks to Kirkham & Company for use in connection with their growing grocery business.

The Shell Garage has entered upon an aggressive selling campaign in the city and the assurance is given that a few more records of the above nature will be recorded within the next few days. The Reo is such a well-known and popular car that it is an easy matter to sell the machine on its own merits. The "Nash" is another production handled by the Shell Garage.

Editor—"How is the new society reporter getting on? I told him to condense as much as possible."

WILL WORK TO SECURE HYGIENIC REFORMS

Health Committee of Reconstruction Group Discuss Plan of Work

The Health Committee of the Reconstruction Group met in the committee room of the City Hall on Thursday afternoon.

Alderman Johns, who had charge of this section, was present together with Mrs. R. S. Day, ex-officio member, Mrs. MacLachlan and Alex. Peden. Mr. Johns, chairman of the City Health Committee, considered it advisable to relinquish the chairmanship of this section, and Mrs. MacLachlan was accordingly appointed.

Chief among the matters discussed were the need for enlarging and improving the Isolation Hospital; more stringent regulations for the storing and sale of vegetables, fish and meat; better care for delinquent children.

Resolutions to the Dominion Government asking for the establishment of a Federal Bureau of Health; to the Provincial Government asking that additional accommodation be made for tuberculosis cases; and appealing for further financial aid for a preventive campaign; to the city asking that a Child Welfare Bureau and clinic be established suitable for a city the size of Victoria; and that the entire public nursing service in the city be under the City Medical Officer, so as to prevent overlapping along these lines.

Among the special lines of work that this committee could carry on would be the holding of Health Exhibits, using the very excellent material in possession of the Provincial Board of Health, which includes moving picture films, lantern slides, health panels and posters. It was thought that arrangements might be made with the different moving picture houses to show some of these films along with the regular entertainments.

It was thought advisable to endeavor to have the Hugh Dobson National Health Exhibit and to write the authorities in Vancouver, New Westminster and perhaps Nanaimo, with a view to having this exhibit put on in the four cities.

The holding of Well Baby Clinics during the summer vacation in the various school rooms was also discussed, the advantage of having a health record of all babies and children of pre-school age being one that appealed to all interested in promoting the health of the community.

A hen-pecked man being told that an old acquaintance was married exclaimed, "I am glad to hear it."

But, reflecting a moment, he added, in a tone of compassion and forgiveness, "And yet I don't know why I should be; he never did me any harm."

DO YOUR EARS RING? HAVE YOU CATARRH?

A buzzing noise in the head is the beginning of chronic Catarrh. If not checked the result is deafness. A simple remedy that many physicians advise is to slowly inhale Catarrhosone a few times each day. The soothing vapor of Catarrhosone cures the Catarrhal condition, and hearing improves at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat, nose and lung Catarrh, there is probably no remedy so efficient. The large one dollar outfit lasts two months and is guaranteed; small size 50c, trial size 25c. Sold everywhere by dealers, or The Catarrhosone Co., Kingston, Ont.

DEPUTY MINISTER OF AGRICULTURAL DEPARTMENT NAMED

Dr. David Warnock, O. B. E., M. R. C. V. S., Appointed by Provincial Government

VALUABLE ASSISTANT TO HON. E. D. BARROW

Dr. David Warnock, O. B. E., M. R. C. V. S., was appointed by the Provincial Executive this morning to the position of Deputy Minister of Agriculture, recently rendered vacant by the retirement of W. R. Scott, whose health compelled him to relinquish his duties. The announcement is made by the Hon. E. D. Barrow, Minister of Agriculture, this afternoon.

Served British Government. Upon the outbreak of war Dr. Warnock volunteered for service overseas, but the Imperial Government, recog-

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties. MRS. M. SUMMERS, Box 951 Windsor, Ont.

izing his special abilities appointed him to the British Remount Commission of Montreal under the command of the late Sir Frederick Benson. He became attached to a large remount depot at Lachine, P.Q., and remained there until June, 1917, with the rank of senior veterinary officer. Following this he was promoted to the position of commanding officer of the depot, which position he continued to occupy until recent demobilization. No less than a quarter of a million horses were inspected by Dr. Warnock during his term with the Commission, and in recognition of his valuable services he was honored by the British Government with the Order of the British Empire.

Native of Scotland. Dr. Warnock is a native of Scotland and gleaned his first experience of agricultural life on his father's farm in Lanarkshire, his parent being a well-known breeder and exhibitor of Clydesdales, Ayrshire cattle and black faced sheep. With a grounding in the rudiments of agriculture, Dr. Warnock entered the Glasgow Veterinary College, whence he graduated in 1889 with first class honors, receiving the diploma of membership of the Royal College of Veterinary Surgeons of England. Seven medals and a valuable bursary are testimony of the ability possessed by the new Deputy Min-

ister at that time. His course also included a special training in agricultural science.

In the Right School. As far back as 1899 Dr. Warnock came to Canada and quickly received the appointment of local manager of the High River Horse Ranch in Alberta, where he remained three years. In 1902 he succeeded to the management of the Wainwright Ranch, one of the largest establishments in Canada. At a later date he became associated with Dr. J. G. Rutherford, C. M. G. O., one of the foremost authorities in his particular profession in this country, under whom he acted as veterinary inspector in the Dominion Health or Animals Branch. He played an active part in controlling and eradicating mange in cattle and glanders and dourine in horses.

Administrative Ability. In addition to a complete understanding of the complex problems of agriculture and livestock, Dr. Warnock will bring to bear on his new duties a Dominion-wide reputation for executive and administrative ability. During the long period of the late Deputy Minister's illness and since his subsequent retirement, W. T. Macdonald, Provincial Livestock Commissioner, has acted in the dual capacity of Deputy and Commissioner with commendable success.

I. O. D. E. DANCE MONDAY

Margaret Rocke Robertson Chapter to Hold its Postponed Dance at Alexandra Club.

After several postponements on account of the ban by the health authorities, the programme dance arranged by the Margaret Rocke Robertson

Chapter, I.O.D.E., will be held in the Alexandra Club on Monday evening. Those who attended the enjoyable and successful ball given by this chapter last year have signified their intention the event and, with the tickets selling readily, a large attendance is anticipated. Ozard's orchestra will furnish the music for the dancing, to commence at 9 and continue till 1 o'clock. Refreshments will be served in the downstairs cafe during the evening.

Oak Bay Council.—At its special meeting last night the Oak Bay Council agreed, at the request of the Oak Bay Athletic Association, to endeavor to secure a lease on certain foreshore rights for the proposed municipal baths. The Council disapproved of the School Board estimate for a new Wilsons school, with the idea that a by-law should be submitted later.

Flower Guild to Meet.—A business meeting of the Flower Guild has been called for Monday at 5 o'clock in the offices in the Pemberton Building, to which all members are cordially invited to attend.

OBITUARY RECORDS

The remains of Ellenor E. Clark were laid at rest in Ross Bay Cemetery yesterday. Services were held in the B. C. Funeral Chapel at 3.15, Rev. F. H. Fatt officiating. The service was private. The following gentlemen acted as pall-bearers: J. Jones, T. D. Bell, J. Cameron and T. Roberts.

The funeral of James Campbell, who passed away at his home, 449 Oliver Street, on February 17, took place yesterday afternoon at 4 o'clock from the above residence. Rev. T. S. Baynes conducted the services. The pall-bearers were: H. J. Adams, W. K. Stewart, E. Plowright and D. Sutherland.

To Meet Monday.—An important meeting of the Junior Liberal Association will be held on February 24 at the rooms, Arcade Building.

C., and delivered not later than noon on Monday, the 23rd day of March, 1919. Each tender must be accompanied by a marked cheque for \$50,000. The cheque of the successful bidder to be retained and applied as part payment for the Bonds; other cheques to be returned immediately. Alternative bids will be considered for Bonds running for five years. The highest or any bid not necessarily accepted. JOHN HART, Minister of Finance for the Province of British Columbia, Parliament Buildings, Victoria, B. C., February 20, 1919.

RE CANADA SHIPPING ACT. RE SOPHIA ENQUIRY. The adjourned hearing will take place at the Court House, Juneau, on the 26th instant at 10 a. m. AULAY MORRISON, Commissioner.

BRITAIN DESIRES GERMAN SHIPS SUNK

Admiralty Says Surrendered Warcraft Should Disappear, but Not Machinery

FAIR DIVISION AMONG ALLIES IMPOSSIBLE

Paris, Feb. 22.—(Associated Press).—Out of the great number of contradictory stories being published concerning the disposition of the German warships which were seized by the Allies, this much may be accepted as a definite fact: Great Britain insists that these ships be destroyed. This proposition, it is understood, will be put before the Supreme War Council as a part of the British proposals for definite peace terms. The published assertions that these ships will be destroyed would seem premature since there is considerable opposition to this plan, especially on the part of France. Opposition has been voiced in various quarters to the destruction of the ships on the ground that they represent not only a military force, but also material required for industrial purposes. In this connection, one important feature of the British plan has not been published.

Would Save Engines. Britain does not propose to destroy the engines or other parts of the ships which have industrial importance. She would remove these parts and then destroy the hulls and armaments. The basis of the British Admiralty's plan, which will be submitted to the Supreme War Council, is that the German ships should not be retained as warships, and it is insisted that because of their construction they have no commercial value. Whether the vessels shall be sunk in the Atlantic Ocean or otherwise destroyed is a matter of indifference to the Admiralty. The Admiralty's decision is said to have been influenced largely by the belief that a satisfactory distribution of the ships among the Allies would be impossible. In fact, it is added, Great Britain would claim a major number of the ships. This would only serve to increase her preponderance of seapower which, it is stated, is objected to by the other nations.

Paris, Feb. 22.—Methods of dealing with complaints against a state for failing to observe the provisions of the International Labor Conference to which it is a party were considered by the Peace Conference Commission on International Labor Legislation at a meeting to-day. A statement issued after the meeting says: "The twelfth meeting of the Commission on International Labor Legislation was held this morning under the presidency of Samuel Gompers. Continuing examination of the British scheme, the Commission discussed the articles dealing with the procedure in regard to complaints lodged against a state for failure to carry out provisions of the International Labor Conference to which it is a party. "Discussion of the article dealing with the ratification of the convention was adjourned to a later sitting in view of the difficulty arising in connection with the legislation of various countries."

LIMITATIONS. She sighed. "I saw the loveliest lace curtains to-day!" she murmured. "I did want them so badly!" She sighed again. "But I knew you wished to economize, dear," she concluded, "so I didn't get them." Then he spoke. "That's too bad, my dear," he said, generously. "Anything which adds to your happiness and brings gladness to your eyes; anything which brightens your domestic cares and glids the lowering clouds; anything which borders with sweet flowers the thorny paths of duty, and appeals to your aesthetic nature, you are welcome to, my angel—if it doesn't cost more than a shilling."—Tit-Bits.

Epitomizing a Business

It was logical that Goodyear should produce the Cord Tire that bears our name. It is a better tire. It is a tire that costs more to buy—less to use.

And the Goodyear Cord Tire has proved this—over and over again—in actual use on passenger cars, racing cars, trucks. Proved it so fully that it has become the dominant factor in the Cord Tire field.

We said it was logical that Goodyear should develop such a tire—because the Goodyear Cord Tire is an epitome of our business history.

Every Goodyear Tire development—and there have been many—has aimed at reducing motoring cost.

Motoring cost—NOT tire prices. There is a difference.

Already the majority of the world's motorists realize this difference. They are buying tires for the service that is in them, not for the price down to which they are kept.

And as a result Goodyear Tires are the largest selling tires in the world.

An important link in the world-wide Goodyear organization is the Goodyear Service Station Dealer near you. Ask him about Goodyear Tires. Ask him, too, about Goodyear Heavy Tourist Tubes. You'll find them better tubes of longer life—tubes that will give greater service in any tire and are specially suited to the Goodyear Cord Tire.

REFERENDUM ASKED ON JITNEY QUESTION

Deputation Waits on Streets Committee of City Council in the Matter

"As I look around at you men here, I am pretty sure that I voted for every one of you, though I don't know why I did," said Mrs. MacLachlan, Cloverdale, who made numerous humorous sallies at the Streets Committee of the City Council yesterday afternoon while speaking in support of the jitney. The Council should see to it that the suburbs had transportation facilities sufficient to meet the present dire needs, she said. It should not consider the curtailing of such limited means as were now at the outside residents' disposal, said Mrs. MacLachlan.

Petition Presented.
That the fate of the jitney should be left to a referendum, and that if this were done they would receive seventy-five per cent. of the vote, was contended by J. S. Brandon, who, as counsel for the Jitney Association, presented a petition signed by three thousand advocates for the retention of the "jitney" system, in which it was claimed that this means of transportation has now become an absolute necessity. It was pointed out that the livelihood of a large number of people depended on the existence of this means of transportation.

Alderman Patrick asked Mr. Brandon if it was not true that districts were not regularly served on a schedule, that jitneys at times put out "for hire" signs and sometimes operated for hotels and in other ways conducted an unsatisfactory system.

Mr. Brandon stated that it was true in some cases. With regard to cutting into the B. C. E. Railway Company's profits, which they were entitled to make on the basis of a very heavy investment, as had been suggested by Mr. Patrick, Mr. Brandon said it was his opinion that it was the prevalence of so many automobiles and the free ride to friends feature of the situation that reduced the railway's income and not the jitney.

Alderman Clark wanted to know if it was not a fact that when the B. C. Electric Railway strike was on last summer that the jitneys raised their rates to 25c.

"They were scarce," declared one of the jitney men present.

Practical Drivers.
It was claimed by Mr. Gilson of the Jitney Association, that larger children were carried on the jitneys for reduced fare than the B. C. Electric Railway. He alleged that it was his practice never to charge returned soldiers any fare.

Another jitney driver claimed that the jitney men had more money invested than the railway company.

Mr. Hobb, who came here from the prairies and invested \$15,000 in the city and became "property poor," operated a "bus service for a mile and

a half beyond the Cloverdale car. The service was badly needed, he declared, and he was also entitled to earn a living if he was expected to pay the taxation imposed upon him.

WOMEN WILL WATCH NEW FRANCHISE ACT

Independent Political Association Names Committee; Regulation of Liquor Sales

Recognizing that attention will be given to the question of Women's Franchise at the present session of the Federal Parliament, as promised in the Speech from the Throne, the Women's Independent Political Association yesterday afternoon passed a resolution on the subject.

On the motion of Mrs. Winn, seconded by Mrs. Bayfield, it was resolved to appoint a committee to investigate and take any advisable measures to secure the necessary legislation. Mrs. Graves and Mrs. Winn will compose the committee.

Acting on correspondence from the People's Prohibition Party the meeting went on record, at the suggestion of Mrs. Mitchell, to forward a letter to the City Council protesting against the present manner of conducting the bars and recommending that some similar action as at present exists with regard to ice cream parlors and soft drinks counters.

A resolution was introduced and adopted on the motion of Mrs. Graves to be sent to the Attorney General commending the proposed Bill amending the Marriage Act, legitimizing children born out of wedlock.

After hearing the report of Mrs. Johnston on the proposed Municipal Act, and the steps taken to advise municipal councils of the opinion held by the Association, the committee was thanked and discharged. Correspondence was read on the subject.

Mrs. Williscroft, the President, occupied the chair, and the following officers were elected:

First Vice-President—Mrs. Graves.
Second Vice-President—Mrs. J. D. Gordon.
Recording Secretary—Mrs. Johnston.
Corresponding Secretary—Mrs. Winn.

Committees struck were—Legislative, Mrs. Gordon Grant, convener; Mrs. Richards and Mrs. Todd.
Finance—Mrs. McEwan, convener; Mrs. Biggin and Mrs. Williscroft, joint.

SEPARATE CEMETERY FOR DEPARTED HEROES

War Memorial Arch and Plot May Be Dedicated in Beacon Hill Park

Comrades Ault, Dawson and Tait waited on the Streets Committee of the City Council yesterday afternoon as a deputation on behalf of the Great War Veterans' Association to request that an area of land be set aside in Beacon Hill or other suitable place for the purpose of a burial ground for ex-service men. It was pointed out that all the available space in Ross Bay Cemetery had been taken up and it was intimated that this matter might be dealt with in conjunction with a war memorial. For instance, a noble arch with the names of the fallen inscribed thereon might form the entrance to an enclosed plot sloping toward the sea. The matter will be given consideration by the Council.

The following resolution aiming at the same thing was passed at a meeting of the Comrades of the Great War last night:

"Whereas there is need for some provision being made by the City Council of a suitable burying ground for ex-service men, therefore be it resolved that this association ask the City Council to consider the matter of laying aside a piece of ground in Beacon Hill Park or other suitable place where all ex-service men could be buried together; and be it further resolved that this association endorse any action which may have been taken in this matter by other ex-service organizations."

HAVE REACHED HALIFAX

Several Victoria Officers Crossed Atlantic on Royal George.

The British Columbia Returned Soldiers' Commission, Parliament Buildings, has been advised by telegram from the O. C. Clearing Depot, Halifax, N. S., that the following officers and men on the Royal George, left there February 20 for this district by special train:

For Victoria—Lieut. E. E. Scott, 1254 Craigdarroch; Lieut. W. H. B. Webb, Lake Road, Maywood; T. M. Hickey, 715 Cook Street; J. C. Rivers, Carleton Cafe, 1218 Broad Street; A. H. Wills, 1002 Caledonia Avenue; A. E. Bloom, c/o. C. Elgg, Colwood P. O.; T. A. Brown, c/o. Miss E. Le Clercq, 1610 Fernwood Road; R. B. Burns, 1604 Redfern Street; R. Clerci, c/o. R. R. Clerci, Goodyear Tire & Rubber Co.; O. M. Clark, 412 Pine Street; C. B. Cook, 260 Piquard Street; J. B. Day, 1231 Fairfield Road; F. J. Fawcett, 237 Government Street; K. Greig, 1048 Craigdarroch Road; A. Knight (admitted to hospital), 1794 Haultain Street; B. Kyle, c/o. J. Kyle, James Bay Hotel; J. Lowrison, 445 Cornwall Street; P. Tuff, Elk Lake.

For other places in the Province—P. Hooton, Sidney; H. E. Hooton, Sidney; J. Emanuel, Alberni; G. E. Laban, Comox; H. H. Bassett, Duncan; J. Bradwell, Nanaimo; T. Caisley, Nanaimo; T. A. Greensmith, Cowichan; P. T. Haispood, Fender Island.

No Canadian addresses—Lieut. W. A. Hoskin, A. T. Gray, A. Chalmers, R. Evans, B. C. Gratton, H. Hoare, T. Lamont, W. F. Meldicott, N. S. H. E. Macdonald, J. Blackstock, F. I. Co-

Chocolates as a Dessert.

"PASS the chocolates again, please." They certainly give a finesse to the meal, which is a most decided improvement over the customary heavy puddings or fancy pastries.

Good chocolates are quite the vogue now for the third course and as a tasty, profitable and beneficial dessert, their use is a most sensible custom.

The many occasions on which chocolates can be served with relish and appreciation make them almost a household necessity.

As delicate, delicious desserts—at afternoon tea—as a relish for luncheon—mid the family circle in quiet hours—or at late suppers—chocolates may be served with excellent taste and good form.

Chocolates are not a luxury. They are energy-producing food and can be eaten in your home with benefit to both old and young.

Canadian-made chocolates have no superiors. Their high standards of quality and wholesomeness are obtained by purity in manufacture and the careful selection of all materials used.

Serve Chocolates as a Dessert. They are a Splendid Food.

THE CONFECTIONERY AND CHOCOLATE INDUSTRIES OF CANADA

USE GIN PILLS

They are Reliable

They are harmless and relieve Backache, Swollen Joints, Pains in the Sides, Brick Dust Deposits, Painful Urination, Dizziness and those constant Headaches that come from Kidney or Bladder derangements.

OGDEN POINT PLANT IS SOUGHT BY FOUNDATION

Effort Being Made to Secure Lease Outfitting Plant to Equip Wooden Steamships Under Construction in Victoria.

Negotiations are in progress for the leasing of the Ogden Point Assembly Plant by the Foundation Company to enable the shipbuilding corporation to go right ahead with the outfitting of the 3,000-ton wooden steamships being built in Victoria to the order of the French Government.

For some time past direct negotiations have been carried on between Foundation headquarters and the Imperial Munitions Board at Ottawa and the indications are that a satisfactory arrangement will be reached whereby the Foundation Company will be in a position to utilize the splendid equipment installed at Ogden Point for the fitting out of the twenty wooden steamships involved in the French contract.

For the past two months R. P. Butchart, head of the Imperial Munitions Board in British Columbia, has been in the East in connection with the winding up of the affairs of the board which has now practically completed its shipbuilding programme in Canada. Some months ago Mr. Butchart intimated that the Foundation Company would have no obstacle placed in its way should the concern desire to take over the Ogden Point plant. His visit to Ottawa may have some connection with the proposed transfer of the equipment.

Vital to Victoria.
In the event of the Foundation Company being unable to secure the lease of the Ogden Point plant it may mean that the contractors would be forced to send the vessels away from Victoria to be equipped with engines, boilers and auxiliary machinery.

The equipping of these vessels will mean the employment of an additional thousand men which will bring the total force of workmen employed by the Foundation Company to over 4,000 men. The payroll of the company is already over \$100,000 weekly, the operating cost of the company representing a substantial industrial enterprise in the history of Victoria. The enforced removal of the ships for outfitting purposes would have disastrous consequences.

Near Launching Stage.
Within a month the Foundation Company will be ready to launch its first ships and the work on the vessels under construction is so far advanced that subsequently it will be possible to stage a launching every fifteen days.

The planking on Hulls No. 207 and 211 is now practically completed and the caulkers are busily engaged in getting these vessels ready for the maiden plunge. Hulls 209 and 219 are not far behind and Nos. 206, 208, 217 and 218 are also shaping up well. Mechanics are now engaged in fitting the steel trusses in Hulls 207 and 211, new feature in ship construction which consists of eight-inch channel bars rivetted diagonally. These trusses will give great strength to the vessels and were designed to prevent hogging.

Easy to Make This Pine Cough Remedy
Thousands of families owe by its prompt results, its safety, and its ease about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Or you can use clarified honey, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchitis, asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous for its cough remedy for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction—money promptly refunded. The Pine Co., Toronto, Ont.

RESTORER ORDERED SOUTH PACIFIC

Cableship Formerly Stationed at Esquimalt to Repair Damaged Submarine Lines

On her first offshore voyage since being transferred from Esquimalt to Seattle the cableship Restorer, Capt. Basil Combe, will leave Puget Sound within the next few days for the Midway Islands where she will engage in cable repair work.

The Restorer, which for many years made her base at Esquimalt, left the naval harbor in the fall of 1914 in accordance with the requirements of the naval authorities and has since been stationed in Puget Sound waters. Serious cable interruption has been reported from the cable stations in the South Pacific which has necessitated the dispatch of the Restorer to effect repairs.

The Restorer is owned by the Commercial Cable Company of New York, one of the allied corporations of the Postal Telegraph Company. The company has 16,000 miles of cable extending from San Francisco to Honolulu, Midway Islands, Guam, Manila and Shanghai. It was laid in 1903 and since that time the Restorer has been called out only four times for repair work.

Famous Craft.
The vessel was launched in 1903 from the yards of the Armstrong-Whitworth Shipbuilding Company in Newcastle-on-Tyne for the Eastern Extension Telegraph Company's service in Oriental waters. Two years later she was purchased by the Commercial Cable Company of New York.

Under the command of the Restorer and bring her from Singapore to this coast.

Formerly British.
The Restorer was formerly a British vessel, but was given American registry at the outbreak of the European war. She went to Puget Sound in 1914 from Esquimalt where she lay idle for a long time. She has a speed of seventeen knots, which places her among the fastest deep sea vessels on the Pacific Coast.

CHICAGO MARU WILL MAKE PORT TUESDAY

R. P. Rithet & Co., local agents for the Osaka Shosen Kaisha, announce that the Japanese steamship Chicago Maru will arrive in quarantine on Tuesday morning from ports in the Orient.

The O. S. K. liner Arabia Maru got away to sea yesterday on her return voyage to the Far East.

Following her arrival in the Orient the Arabia Maru will undergo her annual overhaul and survey.

WINDJAMMER TAKES PAPER TO AUSTRALIA

The first windjammer to leave the Pacific Coast with British Columbia paper for Australia is the ship Cardina, which is carrying a cargo of the pulp product from Powell River to Sydney, N. S. W.

PROFESSOR SHORTLY DUE FROM LIVERPOOL

First of Harrison Ships to Resume is Expected Early in March

Heading the fleet of Harrison Direct Line in the resumed freight service between United Kingdom and North Pacific ports, the steamship Professor is expected to arrive here the first week in March. The Professor, which sailed from Liverpool, January 29, has been reported through the Panama Canal, and is now on the last lap of her voyage. San Francisco will be the first port of call on this seaboard, and after finishing at the Golden Gate the Harrison steamship will come on to Victoria.

Following the Professor in the Harrison Direct Service is the steamship Musician, which was scheduled to sail from Liverpool, February 21, for Victoria and other North Pacific ports by way of the Panama Canal.

It is expected that the former monthly service will be given now that the British company has secured the release of a number of its vessels. British tonnage, however, is still under the control of the British shipping controller.

For the return voyage to the United Kingdom the Harrison ships will load cargoes on this coast on account of the British Government.

FACTOR IN BUILDING UP CANADIAN TRADE

Demise of Andrew A. Allan Removes Prominent Figure in Canadian Shipping History

The death of Andrew A. Allan at Montreal removes one of the most prominent shipping figures in Canada. He was one of the leading factors in building up the Allan Line of steamships operating between the Mersey and the St. Lawrence. His demise recalls the days when his uncle, Sir Hugh Allan, and his father, Andrew Allan, were the shipping potentates of Canada, a name that commanded the confidence of all Canada for shrewdness and business integrity.

Sir Hugh's death, succeeded by his brother, placed the responsibility on the shoulders of Montreal Hugh A. Allan, and James Allan, the latter withdrawing to study law. They kept the business going successfully, but the entry of the C. P. R. into the shipping business with its enormous ramifications threatened, as the brothers shrewdly saw, the stability of the Allan Line, which ultimately sold out to the railway.

Exact Location of Earthquake is Given in Official Report

The epicentre of the quake which occurred off Vancouver Island on December 6 is given in The Journal, the official organ of the Royal Astronomical Society of Canada. The Journal says: "Seismographs all over the continent were disturbed on December 6 by an earthquake of considerable intensity. It is of special interest since it occurred in a district heretofore more or less immune. By employment of five stations and Dr. Klotz's stereographic projection method, the epicentre is found to be 49.32 N. and 127 W., 185 miles W. W. of Victoria, twenty-five miles off Estevan Point. The disturbance apparently traveled from a northwesterly to a southeasterly direction."

WRECKED SCHOONER JANET CARRUTHERS OFFERED FOR SALE

The British auxiliary schooner Janet Carruthers, recently wrecked while on a voyage from Vancouver to San Francisco, is now offered for sale as she lies on the beach near Point Brown, W. S. Her cargo of lumber is also in the market. Separate tenders for the vessel and cargo will be received up to February 26 at the office of F. Griffin & Co., 216 Colman Building, Seattle. The Janet Carruthers was built at North Vancouver.

LANSING BOUND SOUTH.

After discharging a cargo of fuel oil at Vancouver, the tanker Lansing passed out to sea at midnight for Port San Luis.

BUDAPEST REVOLT LEADS TO FIGHTING

Communist Outburst Led by German and Russian Agitators

Paris, Feb. 22.—A communist revolt broke out in Budapest Thursday night, says a dispatch to The Matin from Zurich, quoting a Swiss news agency message from the Hungarian capital.

The revolt is under the leadership of agitators who are for the most part Germans and Russians, the dispatch states. The insurgents stormed the offices of the socialist newspaper Nepszava and occupied the telegraph office and the railway station.

Count Karolyi, the Provisional President, called a meeting of the Cabinet. The members sat far into the night, and decided to take all necessary measures to quell the outbreak. Martial law was proclaimed.

Government troops, the message adds, already have captured the railway station.

The metal workers of the city, it is stated, are preparing an anti-communist manifestation.

MARTIAL LAW PUT IN FORCE BY CABINET

WAR STORIES OF FOUR BATTALIONS

Histories of 10th, 13th, 28th and Pats in Pamphlet Form Available

Ottawa, Feb. 22.—The Department of Public Information has received from the Canadian War Records Office in London the first installment of the histories of Canadian battalions which have served at the front. The compilation consists of the stories of the 10th, 13th, 28th and Princess Patricia's Canadian Light Infantry, which will be available on application at the nominal charge of fifteen cents.

The value of the famous 10th of Alberta, the 13th (Royal Highlanders of Canada), Montreal's fine 13th unit, and the 28th, made up originally of men from Saskatchewan and the twin cities of Fort Arthur and Port William, is dealt with in intimate style, the histories showing how large a part these battalions play in bringing to Canada the world-wide glory—honour—has achieved in the fields. Cuts of the original commanding officers of the three last-named units illustrate the histories.

Exact Location of Earthquake is Given in Official Report

The epicentre of the quake which occurred off Vancouver Island on December 6 is given in The Journal, the official organ of the Royal Astronomical Society of Canada. The Journal says: "Seismographs all over the continent were disturbed on December 6 by an earthquake of considerable intensity. It is of special interest since it occurred in a district heretofore more or less immune. By employment of five stations and Dr. Klotz's stereographic projection method, the epicentre is found to be 49.32 N. and 127 W., 185 miles W. W. of Victoria, twenty-five miles off Estevan Point. The disturbance apparently traveled from a northwesterly to a southeasterly direction."

ELECTROTRIG Better Than Drugs

Electricity is the great nerve energizer. Low vitality is restored to normal by strengthening the entire nervous system. Electricity does this by aiding Nature. It increases blood circulation, brings in new nourishment, dissolves sluggish or congested conditions and strengthens weakened nerves, organs and tissues.

Dr. Bell Electro-Appliances have long since been perfected to generate their own current for months without recharging (which we guarantee), so that you can take this inexpensive electric treatment in the privacy of your own home. It is cheaper than doctoring with drugs and far more effective. No dangerous poisons are introduced into your system. You can feel its soothing and health-giving glow; it works while you sleep, giving prompt, positive and permanent results. Thousands have secured satisfaction even after all drugs had failed. It has cured others, why not you?

GET MY GUARANTEE
Cut out this coupon and mail it now for complete detailed information about the electric treatment. We show you how to cure yourself in the privacy of your own home by personal communications strictly confidential. Send now.

LOOK FOR MAN WHO CALLED ON COTTIN

Paris Police Seek One Who Visited Criminal Who Attacked Clemenceau

Paris, Feb. 22.—The police continue work on the case of Emile Cottin, the would-be assassin of Premier Clemenceau, but so far have discovered nothing throwing new light on his activities. They are endeavoring to trace a young man who called to see him at his lodging house on Tuesday night and who was there once or twice before during the past few weeks. His visits attracted the attention of the landlord, as Cottin never had any visitors.

The landlord has been able to give a description of him, which is thought to correspond with that of Cottin's known as "Michiel," who is alleged to have anarchistic leanings. So far the police have not discovered his whereabouts, nor have they found where Cottin got the trench pistol he used when he fired upon the Premier.

The Matin says that the search of the homes of anarchists and subsequent arrests have no connection with the case of Cottin, who says these measures had been decided upon some time ago, the charge against those under arrest being the dissemination of Bolshevik propaganda.

Governor Departs.

The Governor of the Pacific Steamship Company, left here last evening en route from Seattle to San Francisco and San Diego. Sixty passengers embarked here for California destinations.

Common Diseases are Often Dangerous

Chief Among These is the Ordinary Cold in the Head; A Very Common Ailment

The great majority of people think that a cold in the head is an ailment which naturally comes at least once or twice a year and that it is a complaint which will gradually work itself off without attention.

No greater mistake could be made. The common cold in the head is capable of developing into various forms of acute disease if not given proper attention. Very often, even if it does work itself off, it leaves the person weakened in condition and especially subject to attack by other diseases. Medical men all agree that no cold in the head should be neglected, but that it should receive prompt attention.

What is needed for a cold in the head is something which will keep the system open and carry off the poisons generated in the body by the ailment. This will keep down the temperature which generally rises toward the end of the attack. Its action is remarkably prompt, as an ordinary cold is overcome in 24 hours and even a case of grippe in 48 hours. Recommended by many prominent physicians there is no substitute for Grip-Fix. It is put up in capsule form and can be obtained in Victoria at the stores of H. O. Kirkham & Co.

ARISTOCRATS VICTORIOUS IN HISTORIC OVERTIME BATTLE WITH MILLIONAIRES

Vancouver Equalized Three Minutes Before Time and Clem Laughlin Got Winning Goal After Thirty-Seven Minutes Extra Play; Will a Sensation

Setting a league record, the Millionaires and the Victoria Aristocrats battled into 37 minutes and 20 seconds overtime play before Clem Laughlin, skating down the ice with Eddie Oatman, banged in Victoria's third goal and finished the game three goals to two in favor of the home team.

Manarch a Sensation. Wilf Laughlin took the ice with Lester Patrick on the defence from the start, and never left until Victoria had game tucked away.

Murray's Perfect Play. Murray and Lehman played the games of their respective careers last night, and especially in the overtime play Murray was brilliant.

Hard Working Rover. Charlie deserved a goal last night for the rover skated until he was hardly able to move, and for the first time this season had to take a short rest, but was soon back in the game with his usual vigor.

as many men hovering in front of goal to help put the finishing touch to many hard-played-for onslaughts towards Lehman.

Taylor Offended. Victoria had most of the breaks through the period and several times tested Lehman in the remaining three minutes in their efforts to get the winning tally.

Line-Up. Victoria Position Vancouver Murray... Goal... Lehman W. Loughlin... R. Defence... Duncan Patrick... L. Defence... Cook Tobin... Rover... Mackay Oatman... Right wing... Stanley Dunderdale... Centre... Taylor Marples... Left wing... Harris

Cyclone Shooting Hard. Taylor battled like a Trojan for a scoring position, and swung them in from a few yards in front of goal three times in rapid succession without success.

Dunderdale Shooting Strong. McKay and Taylor tested Murray in the second period before the Aristocrats had made an effort in Lehman's territory.

Another series of races in connection with the amateurs' contest was held between the second and third periods. Sid Elmer came home first, Gerald Tobin second and Gandy third over the half-mile course.

Third period— 2, Victoria; Oatman, 7.14. 3, Victoria; Tobin, 4.16. 4, Vancouver; Harris from Mackay, 3.36. Overtime: 5, Victoria; C. Loughlin from Oatman, 37.26. Total goals— Victoria, 3; Vancouver, 2.

ONTARIO FINALS WILL BE PLAYED IN MARCH

Toronto, Feb. 22.—The Senior O. H. A. finals will be played during the week of March 3, it was announced by Secretary Hewitt this morning.

San Francisco, Feb. 21.—Benny Leonard, of New York, lightweight champion of the world, and Willie Ritchie, of San Francisco, former holder of the title, fought a smashing four-round, no-decision bout here to-night.

SHIPBUILDERS BRANCH OUT IN MORE ATHLETICS

The Foundation Boating and Tug-o-War Club has been formally organized with Dave Clark as chairman of the club and Percy Tribe as secretary.

MANITOBA SKATER WINS QUARTER MILE RACE

Winnipeg, Feb. 22.—Mike Goodwin, speed skating champion of Manitoba, added more laurels to his fame when he won first place in the quarter, half and mile races staged between intervals of the hockey game at the Amphitheatre rink last night.

BASKETBALL GAMES TO BE PLAYED TO-NIGHT

At the Y.M.C.A. to-night two ladies' basketball games are down for decision. The Normal School girls and the High School girls will be the first to take the floor at 8 o'clock.

WILLIE RITCHIE MADE SUCCESSFUL COME-BACK

Ritchie stated before the fight that if he found he could come back he might go after the welterweight title.

VANCOUVERITES OUT TO GET A DRYDOCK

Seattle Interests Would Build If Dominion and Province Would Aid

COMMITTEE TO SEE GOVERNMENT HERE

Vancouver, Feb. 22.—Mayor Gale and the members of the Joint Drydock Committee agree that during thirty years of effort, Vancouver was never nearer obtaining a class "A" drydock and ship repair plant than at the present time. Financiers and experienced drydock construction men of Seattle, conceded to be highly responsible parties, want to build a \$4,000,000 plant here. They are ready to proceed with immediate construction providing the Dominion subsidy and a Provincial bond guarantee are forthcoming.

The Mayor, en route to the Rotary convention at Portland, ran into the drydock scheme at Seattle, and remained there until last night, returning to Vancouver to-day and obtaining immediate official action which will reach from Vancouver to Victoria and Ottawa.
 As the result of a joint meeting of the Board of Trade, Manufacturers' Association, Harbor Board, North Vancouver and the Vancouver City Council, summoned under an "S.O.S." call by the Mayor this morning, a special sub-committee has been provided for, to obtain all the Government action possible with a view to facilitating the effort of the drydock builders to locate here.

Names Kept Secret

For obvious reasons, the Mayor suggested that the identity of the Seattle financiers behind the scheme for the privately-owned Vancouver drydock remain unstated for the present. He stated the names to the meeting today, however. One is a big Seattle financial institution and the other is head of the largest drydock and construction company on the entire Pacific coast. They stated plainly that the money is already "up" and they are prepared to start construction without delay if the Dominion and Provincial Governments will assist.
 The proposition was fully discussed from all angles and the meeting decided to approach the Provincial Government next Tuesday morning through a special committee to be selected with one member from each of the organizations represented. It was admitted that while the Dominion subsidy of four and one-half per cent. is assured for the scheme, the fifty-five per cent. bond guarantee required from the Provincial Government may prove somewhat of a stumbling block, but the consensus of this morning's meeting was that a way to overcome opposition must be found, even to the extent of finding some other way to provide a guarantee that will be just as satisfactory as that required from the Provincial Government, in case the latter should not be willing to comply.

The Seattle financiers and drydock men interested will be asked to have a representative in Victoria on Tuesday morning to outline a concrete proposal to the special committee and then join in the delegation to the Government with a specific request.

GERMANS MUST DISMANTLE FORTS AND KEEP UP ONLY SMALL FORCES FOR ORDER

Paris, Feb. 22.—The Supreme War Council has completed the main details of the military treaty which Marshal Foch will present to the Germans. It will be further perfected at a meeting of the Council Monday, and then finally passed upon by the Council of the great powers on Tuesday.

This document is a permanent armistice and in effect a military treaty, disarming and demobilizing the German forces down to a small police basis, understood to be between five and ten divisions of 10,000 men each, with a similar complete naval and aerial disarmament and the dismantlement of the frontier fortifications, as well as Heligoland and the Kiel Canal. The economic and boundary questions with Germany are left for later determination, but from the military and naval standpoint this treaty will be completely effective in terminating the war, making impossible any resumption of it. The treaty also will have the effect of releasing the Allied troops except in the established areas to be occupied until the final peace treaty is signed.

The military treaty will be so effective in ending the possibility of hostilities that it is construed in some quarters as definitely ending the war although there may still be the technical question whether the final ending of the war does not await the signing of the final treaty of peace.

Soldiers and Workers Said to Have Made Bavaria a Republic

Berlin, Feb. 22.—(Associated Press).—Bavaria last night was declared a Soviet republic by the Soldiers' and Workmen's Council in Munich, the Vossische Zeitung to-day says.

OKUMA SPEAKS OF THE RACE QUESTION

Tokyo, Feb. 22.—Count Okuma, referring in the House of Peers to the League of Nations yesterday, said: "Great Britain and the United States are conjointly the leading nations of Anglo-Saxon civilization. For consummating the League nothing more important is to be done than the removal of racial discrimination. Japan is now among the five great powers, and fully entitled to demand equality in all respects."
 "Much will depend upon Japan's delegates at the Peace Conference to give practical efficiency to this most important problem, not only for Japan, but for the practicability of the League of Nations."

CITY OF VANCOUVER AND UTILITIES BILL

Vancouver, Feb. 22.—Better than the Public Utilities Bill he not passed at all than it should pass with Clauses 99 and 106 in it.
 This was the effect of a resolution adopted last night at a special meeting of the Vancouver Board of Trade called to consider the draft of the bill.
 Another important resolution requests that Clause 11 be not made applicable to the existing agreement which this city has with the British Columbia Electric Railway Company regarding the six-cent fare.
 G. L. Smellie, R. K. Houlgate and W. H. Gallagher will go as a delegation to Victoria to present the resolution to the Government.

WILSON WILL SPEND LITTLE MORE THAN WEEK IN STATES

Washington, Feb. 22.—President Wilson, who is expected to arrive in Boston Monday, will spend only a little over one week in the United States before embarking on March 5 to return to Paris.

In a week crowded with a Cabinet meeting, a conference with the Foreign Relations Committee of Congress, the signing of bills, attention to various domestic problems and perhaps an address to Congress on the proposed League of Nations, while House officials are arranging the business of the executive offices, not a single minute of the President's time will be lost.

POLAND'S FRONTIER BEING EXTENDED TO ITS OLD MARKS

Warsaw, Feb. 21.—Via London, Feb. 22.—(Associated Press).—The campaign of the Poles in Lithuania and also in the provinces east of Brest-Litovsk is proceeding actively. The Bolsheviks have been driven out of Maniewicz, in Volhynia, leaving behind them large quantities of munitions.
 There has been made public a decree of military and civil occupation of those provinces, which means that Poland's frontiers are being extended to the historic boundaries of the kingdom.

The City of Edmonton is the capital of Alberta and the gateway to the world-famous Peace River country—the richest and most fertile portion of our neighboring Province—and whose development promises to be the most stupendous of the coming decade. Edmonton's transition through the period of reconstruction cannot be but one of progress, possessing no war-time industries which must be converted to a peace basis. Financially the City is in an exceptional condition, and as an investment yielding a full 6 per cent. the municipal bond market offers nothing better.

D. K. CHUNGGRANES DIED THIS MORNING

Well-Known Citizen Passed Away at Home of Daughter in Vancouver

A prominent business man and a respected citizen of this city passed away in Vancouver this morning in the person of Demetrius K. Chunggranes. Mr. Chunggranes was paying a visit at the home of his daughter Mrs. Athens, when he was smitten with influenza followed by double pneumonia which caused his death at twenty minutes past seven this morning. He had been ill for three weeks.

Mr. Chunggranes was born in Kalamaria, on the Island of Eya, Greece, sixty-seven years ago. He came to Canada in 1902 and was employed by the British Columbia Electric Co. for some time before sailing around the Horn to California. From there he came to Victoria on a British man-of-war, arriving here when he was about twenty years old. In Victoria, Mr. Chunggranes married a daughter of George Vienna, a United States citizen. Later he opened an establishment of his own, and when Mr. Vienna retired he combined the two businesses operating them under his own management. For forty years this business has been carried on. Mr. Chunggranes taking up his present store in 1908.

Mr. Chunggranes is survived by his wife and his daughter, Mrs. Athens, in Vancouver, as well as C. D. Chunggranes and a daughter, Mrs. O. Chunggranes. There is also a younger son, M. Chunggranes. The family home is at 655 Toronto Street.

Mr. C. D. Chunggranes was appointed manager of the firm by his father last week when he visited him in Vancouver, and he will carry on the business under the same name by which it has been known for so many years past.

Mr. Chunggranes' death will be widely regretted in Victoria, and his loss will be felt in the public life of the city, for he had a reputation for unimpeachable integrity in business and for sane, sensible ideals in civic affairs.

WHAT VICTORIA ROTARIANS DID AT PORTLAND CONFERENCE

Graphic Story by Capt. T. J. Goodlake, Secretary of Local Rotary Club.

"What I like about your delegation is the determined look on your faces," was the bouquet handed by an Everett man to the Victoria Rotarians who were present at the Victory Conference of the Twenty-Second Rotary District held at Portland, Oregon, on Thursday and yesterday, with Governor Alec MacFarlane, of Vancouver, in the chair.

This was no mean compliment to receive in the presence of 700 active business men of the most thriving communities of the Pacific Northwest, who eagerly accepted Victoria's invitation to meet for the 1920 conference in this city.

The Start. After a journey of varied incidents the local delegates with their wives as it came to a halt at Portland early on Thursday morning. The strains of a brass band playing "There will be a hot time in the old time town," awaiting the length of the train, banished all thoughts of sleep and the visitors were soon en route to their hotels in the fleet of autos.

Conference Opens. At ten o'clock the conference proceedings opened in the municipal auditorium. A better setting for the event cannot be imagined. In the main hall twelve hundred delegates and their wives, at the two luncheons and the banquet on the second evening without crowding. A large procession and stage filled one end of the hall. Public galleries of vast seating accommodations and the other three sides, and were well filled by the citizens of Portland who gathered in large numbers to view the elaborate dramatic productions which were put on the stage by the various clubs during the period allotted to them for "stunts" after the two noon gatherings. One of the most ambitious of these was Spokane's contribution, showing an Indian village scene staged with magnificent costumes and "props" as accompaniments to a miniature opera. Vancouver put on a splendidly conducted minstrel troupe who poked fun at their neighbors in a series of especially written songs and parodies.

When Everett's time came the curtain rose on a gigantic bottle labelled "Rotary Spirit." From it emerged the personification of the title in the shape of a young, well-dressed, well-mannered man who had not to wait long for a wooer. There quickly appeared in turn characters alleged to represent the different Rotary clubs of the district, who in more or less tenuous fashion tried to gain his ladyship's affection by descriptions of what their cities could offer her. While she hesitated whether to bestow her hand on the hustling salesman from Vancouver or the monied millionaire from Everett, the latter promptly celebrated by a dance and from Everett, and their betrothal was promptly celebrated by a dance of the rejected suitors.

Dangerous and Pernicious.

"To my mind that clause is one of the most dangerous and pernicious in the whole draft," said City Solicitor Hannington, referring to a clause in the proposed Municipal Act, providing that during the period allowed for redemption of lands sold at tax sales, the owner at time of sale may bring action on the grounds of irregularities existing in connection with the imposition of taxes for which the land was sold.

Mr. Hannington said he had no objection to the point so long as it applied only to the Rate by Law.

It was contended by Municipal Inspector Baird that there was no danger of the clauses as worded resulting in the upsetting of the assessment roll.

Too Much Onus.

Delegate Farmer, of North Vancouver, stated that there was too much onus placed on the municipalities in actions brought in connection with tax sales and any rights of objection should be specifically stated in the Act, to which objections could be tied down.

F. A. McDiarmid thought the whole argument was outside of what the draft stated, and that litigation in any event could only go back three years.

On the motion of Mr. Hannington it was decided to limit the right of action to "irregularities existing subsequent to the assessment roll, in connection with which particulars must be furnished."

It was decided to make provision in the Act enabling a council at its discretion to withdraw any lot or lots from tax sale without removing the tax obligation stated in the Act.

Treasurers and other officials will be protected in respect of any action

UNION SUGGESTS TAX IMPOST FOR INSURANCE AGENTS

Executive of Union of B. C. Municipalities Concludes Session

The question of taxing insurance agents was seriously discussed but no action was taken at the meeting of the executive of the Union of B. C. Municipalities this morning.

Municipal Inspector Baird outlined the present status of insurance agents, and expressed some doubt about taxation under the present insurance regulations.

Dangerous and Pernicious.

"To my mind that clause is one of the most dangerous and pernicious in the whole draft," said City Solicitor Hannington, referring to a clause in the proposed Municipal Act, providing that during the period allowed for redemption of lands sold at tax sales, the owner at time of sale may bring action on the grounds of irregularities existing in connection with the imposition of taxes for which the land was sold.

Mr. Hannington said he had no objection to the point so long as it applied only to the Rate by Law.

It was contended by Municipal Inspector Baird that there was no danger of the clauses as worded resulting in the upsetting of the assessment roll.

Too Much Onus.

Delegate Farmer, of North Vancouver, stated that there was too much onus placed on the municipalities in actions brought in connection with tax sales and any rights of objection should be specifically stated in the Act, to which objections could be tied down.

F. A. McDiarmid thought the whole argument was outside of what the draft stated, and that litigation in any event could only go back three years.

A CENTRAL COUNCIL MAY BE ESTABLISHED

Which Will Have Authority to Act for All Ex-Service Associations

The formation of a Central Council composed of delegates from all ex-service organizations which would have power to take up and deal with all matters referred to it by the various bodies, was discussed at a meeting of the Comrades of the Great War held last night. At the present time, whenever a question of importance affecting the service organizations, or in which they feel it is their duty to play a part, a great deal of delay results through passing the matter on from one organization to another before joint action can be taken. A Central Council would afford the opportunity of referring matters from all organizations to a properly constituted body empowered to deal with any question with promptness, and as the fully authorized spokesman of all the ex-

service associations in the city.

The scheme was advanced by a motion from Comrade R. MacNichol, seconded by Comrade W. Shaw, and it will be placed before all of the local organizations for consideration.

It was pointed out at the meeting that although a body of business men of the city seemed to be deeply interested in what was known as the Victoria Reconstruction Group, and many meetings were held and much had been said, yet there did not seem to be very much evidence so far of returned men being placed in employment in the business houses and banks of the city.

Other matters were discussed, among them the possibility of developing the entertainment feature of the work, in which connection it is more than likely that Victoria will shortly witness what will be known as the Comrades' Pierrot Troup.

Veteran's Pierrot Troupe—Supported by the Comrades of the Great War, G. Ingledew is organizing a pierrot troupe which will appear at gatherings held under the auspices of the veterans for charitable purposes. Mr. Ingledew is a veteran of the 47th Battalion, and plans, among other things, to give entertainments to men in the military hospitals of the district. He has enlisted the support of a number of clever artists and will have to assist him L. Brunella, R. Ballantyne, Miss Rosie Heyland, Miss Elsie Dumblenton, Miss K. Martin, Miss G. Spence with Miss Robertson as pianist.

MARKET REPORT

Accompanying is the market report at the City Market to-day:
 Fruit—Apples, 5c. lb.; per box, \$1.50 to \$2.50.
 Dairy Produce—Fresh eggs, 60c. dozen, dairy butter, 50c. to 55c. lb.; cream, 30c. pint.
 Vegetables—Potatoes, 25 sack, 40c. lb.; carrots, per sack, 2c. lb.; leeks, 5c. bunch; rhubarb, 10c. lb.; parsnips, 2 1/2c. lb.; cauliflower, 10c. to 25c. lb.; Meats—Pork, 25c. lb.; fresh herring, 5c. lb.; smoked black cod, 15c. lb.; beef, 25c. to 35c. lb.; pork, 25c. to 35c. lb.
 Poultry—Chicken, 45c. lb.; young fowl, 40c. lb.; geese, 45c. lb.; ducks, 45c. lb.; turkeys, 50c. lb.
 Fish—Smoked black cod fillets, 25c. and 35c. lb.; haddock, 15c. lb.; fresh herring, 5c. lb.; smoked black cod, 15c. lb.; whitefish, 10c. lb.; fresh cod (sliced), 10c. lb.; fresh cod fillets, 15c. lb.

WHEN THE STOMACH IS WRONG LIFE SEEMS TO BE A BURDEN

Indigestion Comes With a Debilitated and Run-down Condition of the System and Can Be Cured Through Enriching the Blood

There are many symptoms of indigestion, such as acute pain after eating, belching of wind, nausea and vomiting, bloating and pains in the region of the heart, a dread of food for the misery it causes. Dieting and the use of pre-digested foods may give ease, but can't cure—they only further weaken the stomach. The work of digestion depends upon the blood and the nerves, and the only way to cure indigestion is to tone up the stomach through the blood to do the work Nature intended it should do. The very best way to cure indigestion is through a course of Dr. Williams' Pink Pills, which renew the blood, strengthen the nerves and enable the stomach to do its work with ease and comfort. Neglected indigestion means prolonged misery, and a more difficult cure. If you have any of the symptoms of this trouble try the tonic treatment with Dr. Williams' Pink Pills at once, and you will be gratified with the results.

APPETITE FAILED Mr. Daniel Dexter, Liverpool, N.S., says: "For years I was a great sufferer from indigestion. I was troubled with gas on the stomach which caused disagreeable conditions. I was also frequently troubled with nausea and vomiting, which were very distressing. As a result of my trouble my appetite almost completely failed, and what I did eat caused me constant pain. I was continually doctoring, but did not get any benefit, and had about made up my mind that I would suffer for life. One day a friend asked me why I did not try Dr. Williams' Pink Pills, and while I had not much hope of a cure I decided to do so. I had only taken a few boxes, however, when I found they were helping me. Very gladly then I continued the use of the pills, and in less than three months I was as well as ever I had been, able to eat a hearty meal, and to feel that life was again worth living. I had also been troubled from time to time with attacks of rheumatism, and the use of the pills cured this as well as the indigestion. It is now over a year since I took the pills, and in that time I have had no return of the trouble."

FOOD TURNED SOUR Mrs. J. Harris, Gerrard Street, Toronto, says: "About three years ago I was seized with a severe attack of indigestion and vomiting. My food seemed to turn sour as soon as I ate it, and I would turn so deathly sick that sometimes I would fall on the floor after vomiting. I tried home remedies, but they did not help me. Then I went to a doctor, who gave me some powders, but they seemed to make me worse. This went on for nearly two months, and by that time my stomach was in such a state that I could not keep down a drink of water, and I was wasted to a skeleton and felt that life was not worth living. I was not married at this time, and one Sunday evening on the way to church with my intended husband I was taken with a bad spell on the street. He took me to a drug store, where the clerk fixed up something to take, and my intended got me a box of Dr. Williams' Pink Pills. By the end of the first week I could feel some improvement from the use of the pills, and I gladly continued taking them until every symptom of the trouble was gone, and I was again enjoying the best of health. These pills are now my standby, and I tell all my friends what they did for me."

SUFFERED GREAT DISTRESS Mrs. Albert Hall, Sonya, Ont., says: "I have used Dr. Williams' Pink Pills with wonderful results. For two years I was a great sufferer from indigestion, which almost made me a physical wreck. At times my sufferings were so great that I was unable to attend to my household duties. I had smothering spells at times and was afraid to lie down to rest. After every meal, no matter how sparingly I ate, I suffered great distress. I tried several doctors, but their medicines did not seem to help me in the least. I saw Dr. Williams' Pink Pills advertised to cure this trouble and decided to try them. I had not been taking them long when I felt somewhat improved. This improvement continued, and, after taking ten boxes, I could eat and digest all kinds of food and felt better than I had done for years. You may be sure I am very grateful for the wonderful relief these pills have given me. I know they are also a cure for anemic sufferers, as an intimate friend of mine was badly affected with this trouble, and, after taking several boxes, she was entirely cured."

DIED IN ENGLAND

A few moments were occupied by a family reunion, when the exceedingly unattractive wife (R. N. Hincks) leading her abominable brat (E. J. Down) falls into the arms of her husband, a Canadian soldier (James Hunter), returned from the front, and describes the treatment she had received from "Them Vancouver guys" during his absence.

Appreciate America.

The business of the meeting is resumed, and a decision is reached to put on a stunt showing appreciation of America's part in the war. As a finale the Canadian soldier advances greets the American hero (P. C. Bell) and sings, "Dixie," while the national flags are unfurled above them, and the rest of the cast, to say nothing of the audience, joins in the chorus. The impression left by the sketch was that Victoria had well maintained her reputation.

Business Session.

So much for the lighter side of the conference. The business sessions, which occupied the greater part of the two days were held in another hall in the auditorium building. They were fully attended throughout by a carnival of business men, in whom one might hardly recognize the boisterous crowd of fun-makers, who joined their wives in the great hall during the mealtime recesses.

Instructive Addresses.

Amongst items outside the purely Rotary business, the address by Dr. Henry Stenholm, President of the University of Washington, on "The Common Ground Between Employer and Employee." This wonderfully lucid and thoughtful contribution, dealing with one of the pressing questions of the day, was in itself worth the journey to Portland. This was the opinion freely expressed among the attentive throng which heard it delivered.

Amongst the many other items on the agenda were contributions by Victoria, consisting of a stirring talk on "Education in Rotary," by Frank Higgins, K. C.; a well received report of the year's work of the Victoria Club read by the secretary at a full session, while President O'Connell was occupied elsewhere with his duties as a member of the Committee on Resolutions, and finally the extending by the Victoria leader of the club's invitation to the conference to reassemble at Victoria in 1920, and its enthusiastic acceptance by the assembled delegates. They will come in their hundreds, and Victoria will be ready for them.

To Address G.W.V.A. To-morrow.

A series of Sunday afternoon meetings have been arranged by the G.W.V.A. for the business of members who are unable to attend the regular meetings on account of night work. To-morrow afternoon at 3.30 at the G.W.V.A. rooms the meeting will be addressed by Major McIntosh, M. P. P., who will talk on the subject of State Control of Medicine; Frank Glavin, M. P. P., and probably Major Burde, M. P. P.

which they may have done under express orders of the Council and against their written protest.

Trade Licenses.

The question of trade licenses was such an intricate one that it would require discussion at great length. Unless two days could be given to it, the whole matter should be stood over, said Mr. McDiarmid, and it was decided to do this until such time as the municipalities were informed as to what increased sources of revenue will be permitted by the Government. It was decided, however, to tax public amusements a fee of not more than \$10 every six months.

The clauses in the Act relating to statute labor and commutation which are the same as in the old Act, will be considered at a later date.

The right to vote on any by-law is limited to owners of land, as shown on the Land Registry records thirty days prior to the date of voting. The question of the distinction between private and public hospitals for purposes of exemption from taxation was discussed at length.

In the opinion of the Union executive the exemption question was one that should be taken up after the question of municipal financial resources was settled, and a strong protest was recorded against exemption of land and improvements being forced on municipalities by the Legislature.

Before the Executive adjourns to-day it will have considered the bill throughout. The amendments suggested will then be sent to all the municipalities in the province, and as soon as possible thereafter the consideration of the Bill will be taken up with the Municipal Committee of the Legislative Assembly.

Returning Veteran—Leslie Mackey, although his name is not mentioned in the official list, has wired his parents from Halifax that he reached Canada on the Royal George.

SUBSTANTIAL PROGRESS TO SIMPLIFY TESTS FOR MINING CERTIFICATES WITH SEVERAL BILLS

Legislature Advances Measures Which Have Already Been Explained

Legislative Press Gallery
February 21
With comment on the Hanes resolution finally out of the way, considerable progress was made this afternoon with a number of Bills.
What is known as the Grazing Bill occasioned considerable discussion in committee on second reading. The Leader of the Opposition subjected a number of its clauses to lengthy scrutiny, suggesting that more protection might be let into the measure as affecting those to whom the Act would apply. The Minister of Bands, who is in charge of the Bill, explained the matter of penalties. The report was adopted and the Bill committed.
"The Allied Forces Exemption Act" will also receive its third reading on Monday. The following Bills were read a second time and ordered to be committed at the next sitting of the House: "An Act Respecting the Construction of Works to Prevent the Encroachment of Rivers Upon Their Banks"; "An Act to Amend the Civil Service Act"; "An Act to Amend the Fort George Incorporation Act"; "An Act Respecting the Municipal Election Held in the City of Alberni in January, 1918"; and "An Act to Amend the Marriage Act."

WILL REQUEST FULL PROHIBITION PROBE

Mr. Bowser Will Ask That Select Committee Conduct Investigation

In a resolution which he will present to the Legislature on Tuesday afternoon, W. J. Bowser, K.C., Leader of the Opposition, will request that a select committee of the House conduct a full investigation into the administration and enforcement of the Prohibition Act, and all matters concerning the department and its operations. Mr. Bowser will ask that the investigating committee be composed of Messrs. White, Jones and Bowser, and that it shall have power to inquire into the following matters:
(a) The administration and enforcement of the British Columbia Prohibition Act.
(b) The appointment and conduct and salaries and wages of the Commissioner and all employees, permanent or temporary, under said Act.
(c) The appropriation and expenditure of all money connected with the administration of said Act.
(d) All revenues derived from the sale of liquors.
(e) The purchase or acquisition of all supplies.
(f) The leasing of any and all premises by the Commissioner or any other person for warehouse, dispensary, or storage purposes.
(g) The fittings and furniture of said warehouses, dispensaries, or storerooms.
(h) All revenues derived from fines or forfeitures and the subsequent disposition of the same.
(i) All commissions, rebates or brokerage paid or contracted to be paid by the Commissioner or any other official member of the Government on the purchase price of any supplies.
(j) All commissions paid or contracted to be paid to the Commissioner or any official on the purchase or sale of supplies.
Mr. Bowser will ask the committee be granted the fullest possible powers so that it may compel attendance of witnesses, the production of documents and may do all things necessary in carrying out the most searching inquiry into the administration of the B. C. Prohibition Act."

Had Hacking Cough Couldn't Sleep Nights

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in an irritated and inflamed condition.
Don't neglect the hacking cough. You can get rid of it with a few doses of Dr. Wood's Norway Pine Syrup; the most prompt, pleasant and perfect cough remedy known.
Miss Catherine M. McLean, Craik, Sask., writes: "Last winter I caught a heavy cold and was laid up for some time. I had such a hacking cough I couldn't sleep at night. I didn't think I would get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to try Dr. Wood's Norway Pine Syrup. The next day I sent for a bottle, and I soon got relief, and by the time I had taken two bottles, my cough was all gone, and now I am able to do my work again. I don't think there is anything to equal it."
There are plenty of "pine" preparations on the market trying to live on the reputation of "Dr. Wood's." The genuine is put up in a yellow wrapper, three pine trees the trade mark, price 25c. and 50c. a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.
Tommy Hodge, who had been apprenticed to Farmer Hicks, had not proved what might be called a conspicuous success, and so when old Mr. Hodge came along one day to ask what progress the lad was making the old farmer looked dubious.
"Well," said he, "t'isn't as I want to discourage you or your son either. He don't do nothing wrong—nor nothing at all if 'e can 'elp it. But I will say that, in my opinion, if your son 'ad another hand 'e'd want another pocket to put it in!"

Hon. William Sloan Has Beneficial Measure for Colliery Industry

Regulations of first importance to the coal mining industry of the Province have been laid before the British Columbia Legislature by Hon. Wm. Sloan, Minister of Mines, in a Bill entitled "An Act to Amend the Coal Mines Regulation Act." They will radically change for the better the present system of conducting examination for first, second and third class coal Mining Certificates, removing much of the present cumbersome administrative machinery by placing the new widely-distributed authority in the hands of one competent and responsible Board of Examiners. The same applies to the existing methods of examining and issuing certificates of competency to coal miners, and it is being proposed that one travelling Board of Examiners shall have charge of this important work, the duties of which shall be to go from colliery to colliery throughout the Province for the purpose of passing upon the qualifications of persons applying for certificates.
Various other changes are provided, for having in view making the mines safer and more productive, and removing the chief dangers with which the underground workers have to contend.
The initial provision of the Bill is under the heading of "Constitution of Coal-Miners' Minimum Wage Board," to which reference has already been made.

Board of Examiners.
The appointment of a Board of Examiners to conduct the examinations in any part of the Province of applicants for certificates of competency is another important innovation. At present this Board consists of three coal mine managers and three representatives of the men from different parts of the Province, together with the Chief Inspector of Mines. Its headquarters are in Nanaimo, B. C. Two of the men's representatives are of the Crow's Nest Pass Coal District, and in the past five years, on one occasion only has one of these representatives been able to attend a Board meeting.
While provision is made to pay the travelling expenses of those who have to come from a distance this reimbursement by no means covered the loss of time which trips from various parts of the Province to the Coast entailed. The result has been that the Board often found it difficult to obtain a quorum. Its duties, too, have been entirely of a supervisory character in connection with examinations.
The proposal now is that the new Board, which shall be composed of three members only, one being the Chief Inspector of Mines, as chairman, and two others to be appointed by the Minister, "one of whom shall be appointed as representing the mine-owners and one as representing the coal-miners."

Methods of Examination.
The Bill makes provision for another alteration in respect of the conduct of examinations of miners applying for certificates of competency. Under the Coal Mines Regulation Act as it stands most of the collieries have their own Boards for this purpose, the membership of which consists of a secretary appointed by the Lieut.-Governor-in-Council, a representative of the mine management and a representative of the men.
The situation at the moment is that there are small mines such as that at Telkwa, in Northern British Columbia; Coalmont and Princeton in the Interior, and Cranby and Nanosee on Vancouver Island, which are without Boards. Consequently miners applying for certificates to work in any of the latter mines must travel considerable distances, in many cases, to take their examinations. Telkwa miners, for instance, must come to Nanaimo; those of Coalmont to Merritt; and those of Nanosee to Nanaimo. In other words, if the method now in vogue were continued, it would be necessary to appoint at least five Boards in addition to the nine now organized, and some of these would have to be maintained in camps where the number of miners employed is exceedingly small.

More Workable Plan.
Examiners for "managers of mines, governers, shiftbosses, firebosses, shot-lighters and mine surveyors," except that the "Inspector of Mines for the district in which the examination is held" will be the chairman instead of the Chief Inspector of Mines, and the other two will be named by the Minister of Mines, one as representing the operators and the other the men. The two latter will have jurisdiction throughout the Province and will move from colliery to colliery at frequent intervals in order to facilitate the issuance of certificates to those who can show that they are properly qualified. This will have the effect of fixing a standard of knowledge for coal miners throughout British Columbia.

A clear definition of the duties of a fireboss in a coal mine is given by the amended measure, it being set out that "the district of a mine assigned to any fireman shall not be of such size as to prevent him from carrying out his inspection duties in a thorough manner." It has been a standing complaint on the part of men holding this position, and coal miners generally, that firebosses are handicapped in the faithful discharge of their responsible and important duties by being required, in addition, to attend to haulage, pumps, and various other matters with the result that often their duties at the working face have been neglected. It now is to be made law that this official shall "devote his whole time to his inspection duties," the exception being undertaken by him in addition to his inspection duties are not such as prevent him carrying out his inspection duties in a thorough manner.
Then comes the amendment which, it is thought, will mean the introduction of safety lamps in practically all the coal mines of the Province. Future lamps, it is stated, shall be used, and none other, "in any mine where the air current in the return airway from any ventilating district in the mine is found normally to contain more than one-half of one per cent of inflammable gas."
In addition to this, provision is made against any possibility of argument or misunderstanding as to how the percentage of gas in mine air is to be arrived at by the following sub-section: "The average percentage of inflammable gas found in six samples of air taken in the air-current in the return airway from the ventilating district at intervals of not less than two weeks shall, for the purpose of this section, be deemed to be the percentage of inflammable gas normally contained in the air current."

Provisions Regarding Ropes.
The provision that "every winding-rope shall be given a bath in hot oil before being installed; that every winding-rope shall be re-capped at intervals of not more than six months, and that no winding-rope which has been in use for more than two years or which has been spliced shall be used for raising or lowering persons" no doubt is the direct result of the lamentable accident of last September at Protection Shaft, Western Fuel Company, Nanaimo, when a number of miners lost their lives through the breaking of a cable. The verdict of the coroner's jury, it will be recalled, was that the evidence indicated that the cause of this break was internal corrosion, the primary cause of which was lack of lubrication.
"Father, who was Shylock?"
"Goodness, boy! You attend the finest school in the district and don't know who Shylock was?" cried the father, with a look of surprise and horror. "Go and read your Bible, sir!"
