Dreer's Quarterly Wholesale Price List

SEPTEMBER—DECEMBER, 1903.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. We do not, however, attempt to meet the price of those who import and who give no thought as to whether the goods are true to name or as to their quality—with us quality is first consideration. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—(See remarks on page 14.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 1/3 %; Small Tools and Insecticides, 10 %; Lawn Mowers, 5 %.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

☞ Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

☞ Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

☞ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

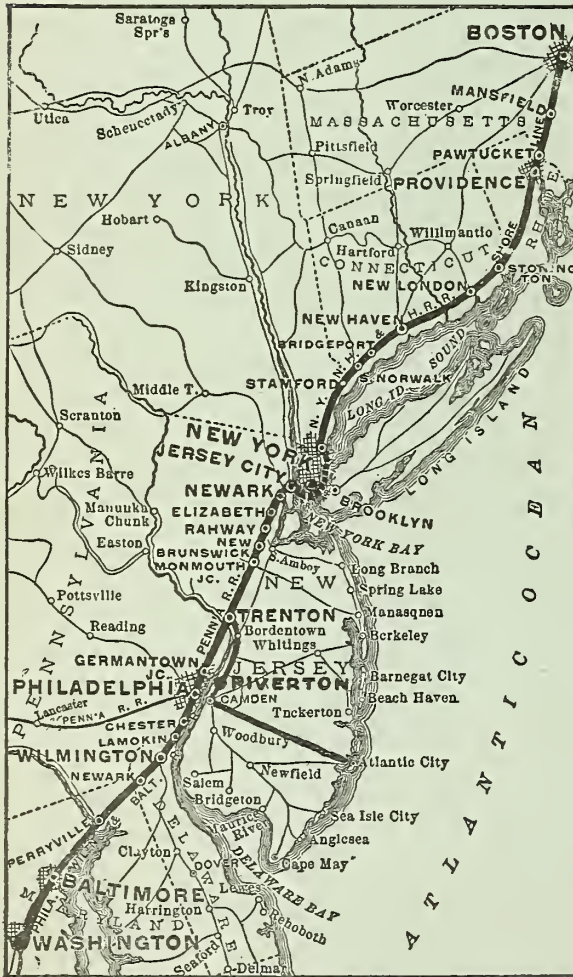

☞ In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation. We cordially invite you to visit our Greenhouses and Nurseries at Riverton, N. J., one of the most interesting commercial places in the world. Open to visitors at all times, except Sundays. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes and by boat in 45 minutes. Time tables on application.

Our Water Lily Garden, which is the most extensive in the world, is worth coming a long distance to see.

The now so popular Hardy Perennials are grown in immense quantities, also Cannas, Petunias, etc., etc.

Six or more of any one kind sold at dozen rate, 25 or more at 100 rate, 250 or more at 1000 rate.

French Roman Hyacinths.

White Roman Hyacinths are reported as being anything but plentiful, while a combination of the growers has forced the price up a little above last year's figures. On account of this a great many less are being imported, and we anticipate that it will be rather difficult to secure stock of them late in the season. We would advise that supplies be secured early.

FOR DUTCH ROMAN HYACINTHS

(See page 2)

Importations of Dutch stock are due to arrive during the first week in September. French stock, including White Roman Hyacinths, Paper White Narcissus, etc., are later than usual this season, but should be here in time to go out with the regular line of Dutch Bulbs. All bulbs are shipped immediately they are received, unless we have instructions to the contrary.

WHITE ROMAN HYACINTH.

DOUBLE HYACINTHS.

MIXED HYACINTHS

In Separate Colors

The following are selected unnamed sorts, and are used largely for forcing and bedding and are made up of bulbs measuring 15 centimeters and over in circumference, of the best quality. Beware of low priced mixed Hyacinths this season; they are likely to be low grade as well.

NARCISSUS POETICUS ORNATUS.

Single Mixed Narcissus

A fine mixture of leading sorts excellent for planting out for cut flowers; this mixture does not include Poeticus or any of the very cheapest sorts. 15 cts. per dozen; 75 cts. per 100; \$6.50 per 1000.

Double Mixed Narcissus

A fine mixture of double sorts, splendidly adapted for planting out in masses, for cut flowers, etc. 15 cts. per dozen; 85 cts. per 100; \$7.50 per 1000.

Chinese Sacred Lily or Narcissus

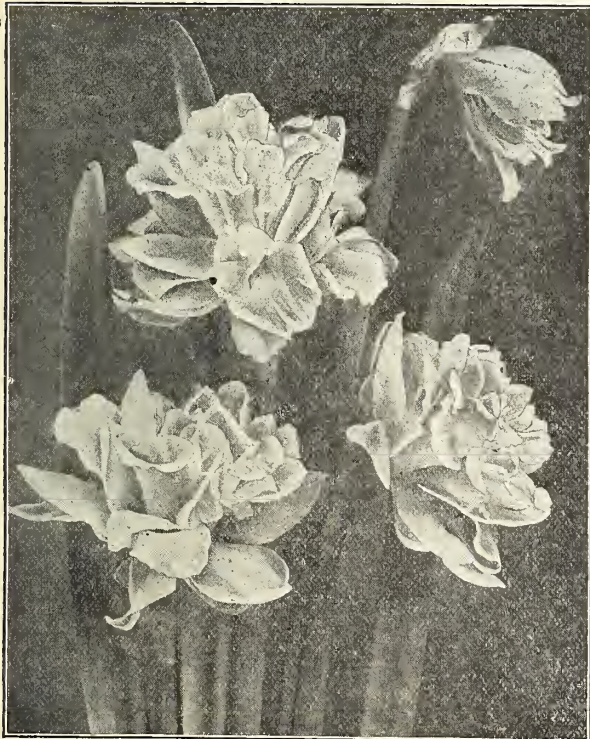

Ready late in September or early in October.

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale.

Selected Bulbs, 60 cts. per dozen. Original basket containing 30 bulbs, \$1.40. Original bundle of four baskets, containing 120 bulbs, \$5.00; per 1000, \$35.00.

Narcissus Jonquilla Jonquils and **Narcissus Odorus**. Campenelle Jonquils are offered on next page.

Polyanthus Narcissus, including the popular Paper White, Paper White Grandiflora, Double Roman, etc., are offered on next page.

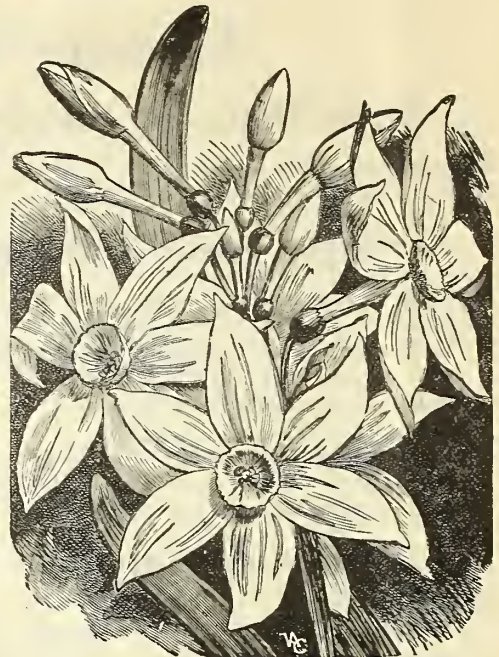

DOUBLE VAN SION NARCISSUS.

OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, including Palms, Ferns, Pandanus, Ficus, Araucarias, etc., etc., is again this season very complete in a full line of sizes, while the quality is up to the same high standard for which our stock is celebrated and with which our customers are familiar. The plants are clean, healthy, vigorous and of good color, and of full value. We also call your attention to our extensive line of Hardy Perennials, which includes not only the standard and popular varieties but many scarce and rare sorts not generally offered. We are the largest buyers of Azaleas in the world, and your attention is directed to what we say regarding them on the opposite page. Through personal annual visits to the horticultural centres of the world we keep in close touch with all new plants, and are therefore prepared to present good novelties as soon as placed on the market. **We solicit a personal inspection of our stock.** We invite you to visit us at any time.

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc. means the height of the plant from the top of the pot to the top of the plant in its natural position.

ARAUCARIA EXCELSA

Azaleas for Easter.

We are now booking orders for October delivery. Florists who use this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Six reasons why we are in a position to take the best care of your wants in Azaleas.

- 1st. Because we are the largest buyers of Azaleas in the world.
- 2nd. Because cash purchases secure us and you best values.
- 3rd. Because personal inspection of the plants insures finest quality.
- 4th. Because all plants are repacked at our own nurseries and any which have been damaged in transit are not sent out.
- 5th. Because we only handle varieties suited to the American market.
- 6th. Because no foreign house can give you lower prices and insure you the same grade of plants.

NOTE.—On account of the continued scarcity of *Mmc. Van der Cruysen* we cannot furnish more than 25% in the 10 to 12 inch and 12 to 14 inch sizes, and only 10% in the larger sizes of this variety.

Azaleas Mollis (For Forcing).

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35 00 per 100.

Handsomely trained specimens, 9-inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

Begonia Gloire de Lorraine and Light Pink Lorraine.

These beautiful Begonias are undoubtedly the most valuable *Winter Flowering Pot Plants* we have, especially for the holiday season, and the demand is always far in excess of the supply. We are prepared to furnish a fine lot of thrifty young plants from 2-inch pots which can readily be grown into fine specimens in 5 and 6-inch pots by December. Either variety at \$2.00 per dozen; \$15.00 per 100.

Flowering Begonia, "Coral."

A shrubby variety that flowers the year around. In habit and growth and foliage it closely resembles the old *Begonia Fuchsioides*, which is now rarely seen, but its flowers are of much larger size and of a beautiful coral red color; a real acquisition. 10 cts. each; \$1.00 per dozen.

Tuberous Rooted Begonias.

Ready in December.

The strain of Tuberous Rooted Begonias which we handle is the product of one of the foremost specialists in Europe, whose product cannot be excelled, if equaled. The price is as low as is consistent with good quality, and while it will not compare with indifferent cheap strains, is especially appreciated by the retail florist who grows for the spring trade to sell when in bloom.

Single. Crimson, scarlet, white, rose, yellow or orange. 40 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

The prices hold good only for early orders.

BEGONIA GLOIRE DE LORRAINE.

PYRAMIDAL SHAPED BAY TREE.

Browallia Speciosa Major.

A giant-flowered form of the beautiful blue Browallia, flowering continuously summer and winter. May be grown either as a pot or border plant. Its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cents per dozen; \$6.00 per 100.

Camellia Japonica.

A fine lot of bushy, well-branched plants, in 12 distinct varieties. 5-inch pots, 15 inches high, \$6.00 per doz.; \$45.00 per 100.

Cannas. Large Field-Grown Clumps.

The varieties enumerated below can be supplied in strong, undivided field-grown clumps, which will average from twenty to thirty eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped by freight at a low cost of transportation.

Orders for this stock at this low price will only be accepted as long as the plants remain in the fields, which is usually until about the 25th of October.

Place your orders now and the stock will be reserved until the proper time to dig.

Deutzias for Forcing.

Gracilis. We have a large stock of this standard variety in strong two-year-old plants, suitable for 6 and 7-inch pots, 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000.

Gracilis Rosea. Identical with *Deutzia gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year-old plants, suitable for 6-inch pots, \$1.00 per dozen; \$8.00 per 100.

Lemoinei. *Deutzia Lemoinei* is now a standard forcing variety, and when better known will no doubt entirely supplant *Deutzia Gracilis* for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type, while its flowers are three times as large, and are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, which are of the purest white.

We offer strong two-year-old plants for forcing, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000. Strong one-year-old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Dahlias for Easter Forcing.

For several years our grower of Dahlias has been experimenting with the forcing of these plants for Easter and the results with a number of varieties have been most gratifying, and similar results have been shown by other growers who have given these a trial at our suggestion, most prominent among whom is Mr. William Falconer, whose grand displays of flowering plants at Schenley Park, Pittsburgh, are well known to the trade. Mr. Falconer's trials last winter were made with Storm King and A. D. Livoni and a few days after Easter he wrote us as follows, which we here repeat to show the value of the Dahlia as a forcing plant: "The Dahlias were a complete success and are now in beautiful bloom. I am sorry indeed, that I did not get onto this Dahlia wrinkle sooner or I would now have 250 or 500 plants in bloom. I found the white variety (Storm King) the most responsive, the pink one (A. D. Livoni) the most beautiful. I thank you for bringing them to my notice."

We are offering but four varieties which we have found best adapted for forcing, and we are growing, ripening and preparing roots of these four varieties especially for forcing purposes and if cultural directions that accompany each shipment are followed, are certain to give satisfactory returns. Ordinary roots which have flowered all summer are not suited for forcing.

The four varieties which we offer will average ten large blooms on stems 18 to 30 inches long, they should be planted in not over 4 1/2 inches of soil, from December 15th to January 15th, according to the variety and date of Easter, planting them 10 x 14 inches apart, making the average yield 10 first class blooms per square foot in a period of four months, a most profitable crop to follow Chrysanthemums.

Storm King. Pure white, fine form, dwarf branching habit; an extremely profuse bloomer. \$1.00 per dozen; \$8.00 per 100.

Camellia Alba. Similar to Storm King; a somewhat stronger grower, flowers not quite so large but a free bloomer. \$1.00 per dozen; \$8.00 per 100.

A. D. Livoni. Beautiful, soft pink of large size; full round form; profuse bloomer. \$1.00 per dozen; \$8.00 per 100.

Twentieth Century. This superb, single Dahlia is the finest for cut flower purposes. An early and extremely profuse bloomer on long, slender, graceful stems, well supplied with buds and graceful foliage. \$2.00 per dozen; \$15.00 per 100.

Remember the roots which we offer have been ripened up early and specially prepared for forcing, full cultural directions accompany each shipment or will be mailed on application.

DREER'S FINE FERNS.

VARIETIES OF SPECIAL MERIT.

Adiantum Bensoniana.

A most beautiful Maiden-hair, with large fronds and deep green pinnæ, which, while closely overlapping, is not so dense as to make the frond appear crowded. It makes a handsome specimen plant, and is a distinct addition to our long list of Adiantums.

A fine lot of 3-inch pot plants \$2.00 per dozen; \$15.00 per 100.

Adiantum Cuneatum.

We wish to call special attention to our immense stock of this, the most popular of all Maiden-hairs, which is in exceptionally fine condition.

Asplenium Nidus Avis.

The "Bird's Nest Fern," a fine thrifty lot of 3 inch pots, 30 cts. each; \$3.00 per dozen; \$20.00 per 100.

Asplenium Nidus Avis Multilobatum.

A distinct new variety of the Bird's Nest Fern, with which it is identical in every way, except that the edges of the fronds are deeply lobed or toothed in irregular segments; a variety that is worthy of a place in every collection. 4-inch pots, \$1.00 each.

Gymnogramma Chrysophylla Superba.

While the Gymnogrammas or Gold and Silver Ferns are of little or no value as decorative plants, they always appeal to the amateur and at least a few plants should be kept in stock for show and decorative purposes.

In the variety here offered the foliage is not only liberally dusted with golden yellow but is also heavily crested on the ends, not unlike the popular *Microlepia hirta cristata*, which adds materially to its appearance.

3-inch pots, 15 cts. each; \$1 50 per dozen.
4 " " 30 " " 3 00 " "

The New Boston or Sword Fern.

(*Nephrolepis Piersoni*.)

The most important addition to our list of Ferns for many years, and a plant which will supercede that most popular of all decorative plants, the Boston Fern, from which it is supposed to be a sport. The plant possesses the same vigorous growth that is characteristic of the Boston Fern, with long graceful fronds, but with each pinnæ or leaflet subdividing, so as to form a perfect miniature frond. This characteristic of the frond is well shown in our illustration, though it conveys but a slight idea of the grace and beauty of the feathery plume-like fronds, which can only be compared to the graceful ostrich plume. The fronds grow broad and heavy, and measure, when fully developed, at least 6 inches across, increasing in beauty as they develop. On account of the weight of the foliage the plant assumes an exceedingly graceful appearance, and, owing to the fullness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern.

The plant has been awarded Gold Medals by the Massachusetts Horticultural Society, Society of American Florists and Ornamental Horticulturists, Great Kansas City Chrysanthemum Show and a Silver Medal at the New York Chrysanthemum Show.

Golden
PANDANUS
(Pandanus Sanderi)

Introduced by
HENRY A. DREER,
PHILADELPHIA.

1903

DREER'S GOLDEN PANDANUS

(*Pandanus Sanderi.*)

The most important ornamental foliage plant introduced in many years.

AMONG the many honors which have been awarded this plant may be mentioned:

Gold Medal.

Great Quinquennial Show, Ghent, 1903.

Gold Medal.

Paris Exposition, 1900.

Gold Medal.

All-American Show, Kansas City, 1902.

Gilt Silver Medal.

Massachusetts Horticultural Society, 1903.

Silver Medal.

Newport (R.I.) Horticultural Society, 1903.

Two Silver Medals.

Pennsylvania Horticultural Society, 1902.

Silver Medal.

Chrysanthemum Show, New York, 1902.

Silver Cup.

American Rose Society, New York, 1901.

First-class Certificate

by the Royal Horticultural Society of Great Britain, the highest distinction that can be given and one that is rarely awarded.

Also highest awards at

Great Quinquennial Show, Ghent, 1898.

Great Horticultural Show, St. Petersburg, 1899.

Great Horticultural Show, Hamburg, 1897.

NEVER have we taken such pleasure in offering a new plant as we do in presenting this Golden Pandanus, without doubt the most important addition in many years to the comparatively small list of really first-class decorative plants, and one that must become valuable not only in all decorations, but as a plant for the conservatory, the window garden—in fact, for any position where a decorative plant is required, it giving a richness, life and glow of color which cannot be secured with any other subject, and its introduction has been looked forward to not alone in this country, but in Europe, the plant being well known on both sides of the Atlantic, it having been exhibited at many of the principal horticultural exhibitions in Europe and America during the past six years, and at all of which it was AWARDED THE HIGHEST HONORS and was enthusiastically described by the horticultural press.

The colored plate on the reverse side gives a fair idea of its general appearance. In habit of growth it closely resembles *P. Veitchi*, excepting that its leaves are longer and more recurved, which gives the plant a more graceful appearance; but the main distinctive feature is its coloring, which, instead of being white, as in *P. Veitchi*, is a rich golden yellow, while the heart of the plant presents a bronzy-orange coloring, which is brightest in the centre, gradually diminishing toward the tips of the leaves. The longitudinal striping of the foliage shows much the same character as *P. Veitchi*, being generally in alternate broader and narrower stripes of gold and green, while in some leaves one half is green and the other half gold. A strong feature in favor of the new variety is that the variegations in the foliage become stronger and more pronounced as they grow older, while in *P. Veitchi* the older leaves usually lose the variegations entirely.

The plant was discovered by a collector in one of the South Pacific Islands, where he had been sent by Messrs. Sander & Co., of England, for the purpose of collecting rare Orchids and other tropical plants, and who, with considerable difficulty, succeeded in sending the plant to England, where it was carefully nursed and propagated until the spring of 1901, when we succeeded in buying the entire stock, which then consisted of nearly one thousand plants, at a price far in excess of any ever before paid for a decorative plant of any kind. We have been very successful in propagating it, which enables us to offer it for delivery the coming autumn at prices which are remarkably low for such a grand novelty.

LATANIA BORBONICA.

Dreer's Double Petunias.

Our Double Petunias are too well known to require special description; we simply wish to call attention to the fact that the stock which we offer is selected and propagated every season from seedling plants, thus securing a life and vigor which is not found in plants which have been propagated year after year from cuttings.

The stock this season promises better than ever, both in the quality of plants as well as in the selection of varieties. Strong 3-inch stock plants will be ready early in October.

Vriesia.

Splendens. A beautiful Bromeliad with light green foliage, transversely marked with brownish black bars. It throws up a tall spike of brilliant scarlet bracts, from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 35 cents each.

Double Violets. Marie Louise.

A fine lot of thrifty, healthy plants of this most desirable standard variety, in strong and field-grown clumps. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about September 25th.)

Single Violets.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

- Admiral Avellan**, reddish purple, of good size.
 - La France**, rich violet blue, large and very fragrant.
 - Princess of Wales**, intensely fragrant, soft violet

Incarvillea Delavayi. A new, hardy, tuberous-rooted plant, very aptly called the hardy Gloxinia. An introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large, rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition. 20c. each	2 00	15 00

INCARVILLEA DELAVAYI.

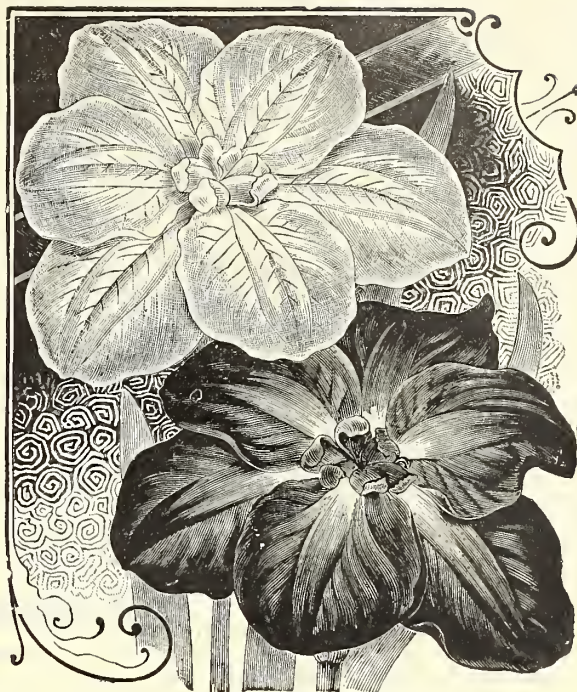

Iris Kämpferi (Japanese Iris).

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. We offer 25 distinct varieties, which were selected while in flower from over 75 of the best Japanese introductions.

- Date-Dogu.** Rich violet purple, with golden centre.
- Fuji-Jose.** Six petals, ground color white, marbled violet blue.
- Hana-aoi.** Six petals, nearest approach to an ultramarine blue.
- Iso-no-nami.** Ground color silvery white, delicately veined and traced with violet, and golden rayed centre.
- Kanarinishiki.** Greyish white ground, marbled violet purple. Six petals.
- Kagaribi.** Ground color white, beautifully traced and marbled with ultramarine blue; six large petals, golden yellow star like centre.
- Kasangana.** White suffused violet purple, deepening towards the centre. Six petals.
- Kimino-megumi.** Three large, pearly-white petals, delicately veined with ultramarine blue, with yellow centre; with light-blue standards fringed with white.
- Koki-no-iro.** Six large, rich royal purple petals with golden centre.
- Kumo-obi.** Light violet, with yellow centre. A fine, self color. Six petals.
- Mana-dsuru.** A late flowering white, with six large petals and golden-rayed centre.
- Oniga-shima.** Rich royal purple, with white veins radiating from golden centre. Six petals.
- O-torige.** Light violet-blue, veined white; the finest light blue. Six petals.
- Renje-no-toma.** Light lilac suffused light violet. Six petals.
- Senjo-no-hara.** Six large petals, variegated throughout, white and purple.
- Shishi-odori.** Rich, dark velvety purple, golden centre. Six petals.
- Shippo.** Light lilac, densely veined with purple, and pure yellow centre.
- Shi-un-ryo.** Light ground, densely veined, deep violet. Three petals.
