KILLED AT TROPICO

FATAL ACCIDENT WHEN TRAIN HITS AUTO AT TROPICO AVENUE CROSSING

George Ragland of Tropicco was killed and William Boyle of Mt. Washington was seriously injured early Friday evening when the automobile in which they were riding was crushed by the southbound Southern Pacific Santa Barbara local train at the Tropicco avenue crossing in that city.

Mr. Ragland, his skull fractured, left leg and right arm broken, and suffering many other injuries, was extricated from the mass of debris after much effort and rushed to the Tropicco hospital, where he passed away a few minutes later without gaining consciousness.

Mr. Boyle, severely cut and bruised, was also taken to the Tropicco hospital. Dr. W. C. Mabry, the attending physician, anticipates no serious trouble or results from the injuries sustained by Mr. Boyle.

Mr. Ragland, a son-in-law of Mr. and Mrs. James Bryson, resided in a lovely home adjoining that of the Brysons on Glendale avenue.

The irony of fate seemed all the more poignant, as Friday evening, when the fatal accident occurred, Mr. Ragland was hastening to his home with Mr. Boyle, where Mrs. Ragland had prepared a merry dinner party complimentary to Mr. Boyle, who with his father, C. A. Boyle of Mt. Washington, have but recently returned from a two years' trip around the world, including a visit to South America.

The dining-room of the Ragland residence was elaborately decorated and the table, resplendent in fragrant flowers, fine napery, dainty china and all the appointments that mark a table richly spread, was a mute witness of the terrible irony of fate.

Mrs. Ragland and her guests, Mr. and Mrs. C. A. Boyle, parents of William, were awaiting the arrival of Mr. Ragland and Mr. Boyle, when the dinner would be served at which all had anticipated so much pleasure. Instead of the merry dinner party, which promised so much happiness, Charles E. McKenney, a prominent Elk member of Glendale lodge No. 1289, hastened to the home of Mr. Ragland and very gently acquainted her and her guests of the dreadful accident. Mr. and Mrs. Boyle were hurried to the hospital to be at the bedside of their son. Loving relatives and friends cared for Mrs. Ragland, who is prostrated with grief.

Mr. Frank Bryson, cousin of Mrs. Ragland and public administrator of Los Angeles county, hastened to his cousin's residence and while Mr. and Mrs. James Brown, the latter a sister of George Ragland, cared for Mrs. Ragland, he and Mrs. Hal H. Davenport carefully and thoughtfully removed all traces of the evidences of what promised to be a merry dinner party.

Mr. and Mrs. James Bryson, parents of Mrs. Ragland, who were visiting in San Francisco, were notified by telephone of the accident and will arrive in Tropicco this evening.

Mr. Ragland was born in Parsons, Kansas, about twenty-nine years ago. At the time of his sudden passing he was connected with the Los Angeles Silk Company as traveling salesman, which position he has held for three years. Previous to that time Mr. Ragland was connected with Mullén and Bluet's clothing establishment.

Mr. Ragland is survived by the widow, Mrs. Hazel Bryson Ragland; one sister, Mrs. James Brown of Tropicco; three brothers, Frank of Tropicco, Clarence W. of Los Angeles and Oscar of the Rock & Fulton Theatrical company, playing "The Candy Shop," closing an engagement in Portland, Oregon, tonight.

George Ragland was a prominent member of B. P. O. E. No. 99 of Los Angeles and of the Commercial Travelers' Association. Many prominent members of these two organizations hastened to the home of the unfortunate victim of the terrible accident and rendered aid and comfort to Mrs. Ragland and the bereaved relatives.

George Ragland was known and loved by a large circle of relatives and friends, all of whom are shocked and grieved at the sudden and sad passing of this promising young business man. He was of a genial and jovial disposition, ever ready with a warm hand clasp, cheery smile and words of encouragement for the less fortunate of mankind.

It should be understood that the new office of public defender now coming into favor in the West is designed only as a balance to that of public prosecutor, not for all round defense of the public at all its exposed points.

THEY ARE LAZY

INDOLENT CONGRESSMEN TO BE DOCKED FOR DUTY NEGLIGENCE AT WASHINGTON

While it may work a hardship on some conscientious, hard-working members of congress to have enforced the hard-and-fast rule to deduct from their salary for every day they are absent, except on account of illness, yet this drastic action may be necessary by the inexcusable neglect of and indifference to public duty on the part of a number of members of Congress. These recalcitrant members have been loitering around at ease in Washington while the house was unable to muster a quorum to do business. Speaker Clark and majority leader Underwood finally arose in their ire and instituted the heroic policy of docking every congressman absenting himself from his post of duty.

The dereliction of these indolent members of congress casts a stigma, very unjustly, upon many a hard-working member who conscientiously sticks to his post and performs his duties. It were well if a list were made of the offending members and published broadcast, not only as a merited rebuke to them, but also to exculpate the faithful, devoted-to-duty members.

It is almost beyond belief that men elected to a position of such dignity and responsibility as that of member of congress should deliberately neglect their duties and lead the life of a common loafer, while drawing salary and standing before their constituents as their representatives. It were well if the electors of every congressional district in the country kept informed minutely of the record of their congressman, so that the drones, the lazy-bones and the ambitionless might be weeded out and relegated to private life.—Pasadena Star.

POPULATION FIGURES

Some people concede California is a tolerably large state. Some people do. But other people don't stop to think just how large it is, and some of these people are even worrying about whether we can accommodate the oncoming hordes who will pour into this favored land with the opening of the Panama canal, or whether we will have to build extensions in the Pacific to take care of 'em after a while.

For the benefit of the doubtful ones, a little comparison is both useful and interesting. California, with 158,297 square miles, has an area greater than that of the combined states of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware and Maryland.

If California were as densely populated as Germany, we would be accommodating 50,000,000 within the borders of the state, and with the rate of population per square mile in France we would have 30,000,000. So why should we worry?

SIX-THIRTY DINNER FOR TEN

With all the appointments in yellow and white, Mrs. C. W. McFadden of 1446 Hawthorne street had no trouble in brightening the dinner table at which she informally entertained guests at 6:30 o'clock Friday evening.

Goldenrod and roses were used, the centerpiece, favors, nut baskets and hand tinted cards bearing most effective combinations of the above display. The bonbons and dessert were of yellow, too, these having been brought forth after a huge snow-white cake aglow with yellow tapers had been placed before the hostess, whose birthday it was. This announcement proved quite a surprise to the guests who immediately extended hearty congratulations and who were, besides Mr. McFadden, Mr. and Mrs. A. W. Tower, Mr. and Mrs. Warren Roberts, Mr. and Mrs. W. Elmer Evans and Mr. and Mrs. John G. Hunchberger.

MANY GLENDALE PEOPLE WILL GO TO SEAL BEACH SUNDAY

Last Sunday saw one of the largest crowds of the year at Seal Beach, motorists being particularly in evidence, as the new state highway through Seal Beach is rapidly being completed. It is figured by local investors that this one improvement will increase the value of their holdings twenty per cent.

That fashions do have a certain relation to needs is proved by the vogue of closely cropped hair among small boys in the neighborhood of the barber shop that gives a baseball with every haircut.

WAR ON BLACK SCALE

WHITTIER CITRUS ASSOCIATION HAS DESIGNS AGAINST INSECT PESTS

WHITTIER, August 29.—With two crews in the field and with sufficient equipment and supplies for an entire season, the Whittier Citrus association is waging war on the black scale on citrus trees by fumigation. One crew was put to work several days ago, while the second was added last week.

The association has a carload of twenty-three tons of cyanide with which to battle the scale and the fighting is being waged in earnest. This carload was received by the association at the beginning of the month and will be enough to fumigate the entire acreage in the association. According to law, all trees must be fumigated. The orchards whose owners are non-members of the association will be treated by private contractors.

The shipment of cyanide was received by the association before the war in Europe and the high prices which followed. It was secured at contract price, considerably lower than the figure now prevailing. As a result of the stopping of imports, the price of cyanide has increased. Practically all of America's supply comes from Germany.

Whittier is fortunate in getting the entire shipment at the contract price and at the stated time of shipping, according to L. A. Brundige, manager of the packing house. Several of the districts have been forced to await their shipments.

Each fumigation crew is composed of five men. Twenty-five tents are used by each crew, making possible the same number of trees to be treated at once. The average time for a treatment of each tree is one hour. With good weather a crew can fumigate about five acres in ten hours, the usual working period.

The citrus association comprises about 1150 acres, practically all of which must be treated. Only a small per cent of the acreage was treated last year. Consequently the scale is thicker this season and more fumigation is necessary. The usual time for beginning fumigation is two years after the trees have been set out. Trees under this age are either sprayed or not treated at all.

Fumigation is delayed by damp weather and the progress of the crews depends on climatic conditions. A heavy fog or dew will make a halt necessary until the following evening, when the trees will be dry again. A wind also hinders the work, as the tents are blown about and much of the gas escapes. A result is that the scale is not killed unless a second treatment is given.

The mixture used in fumigation includes cyanide, sulphuric acid and water. The fumes are deadly and many a chicken roosting in the branches of the trees has gone by the gas route. Fumigation in damp weather causes injury to the trees, as the gas burns them if they are wet.

Fumigation is the only known method of preventing a widespread growth of the scale and is therefore very important to citrus growers and the industry as a whole. The scale affects the price received for the fruit and lowers the growers' dividends.—Pacific Fruit World.

AFTERNOON OF FIVE HUNDRED

A delightfully enjoyable afternoon at cards was spent in the home of Mrs. Harry Lynch, 1446 Riverdale drive, Friday, when that charming hostess, who is a recent bride, entertained a few friends informally, but merrily.

A color scheme of yellow and brown prevailed, brown-eyed susans having been effectively clustered about in Japanese baskets and brown painted vases. The tally cards were also cunning two-toned conceits and were in harmony with the candies and delicious refreshments served at the end of several games of Five Hundred.

BURBANK VOTE

FOR DRY STATE

COLLEGIATE PROHIBITION CAMPAIGNERS HIT GLENDALE—MEETING TONIGHT

The college boys are canvassing house to house and stirring up enthusiasm and sentiment such as was never seen before.

A big street meeting and rally will be held this evening on the vacant lot next the chamber of commerce, opposite the fire department.

The economic phase of the subject will be shown and the liquor traffic arguments answered by stereopticon views and speeches made by the college boys.

A male quartet will sing rousing and appropriate campaign songs. All are invited to come and join in.

Sunday evening a large meeting of all churches is to be held in the M. E. church. Mr. Holtwick will be the principal speaker. All in favor of a "dry" state are urged to turn out. Too much cannot be heard on this, the subject of the hour.

LOYAL WOMEN'S CLASS ENJOYS MONTHLY PARTY

Mrs. Fred L. Thompson of 1314 West Fifth street proved herself a hospitable hostess Friday afternoon when she graciously opened the doors of her home to members of the Loyal Women's class of the Central Christian church and their friends, about sixty in number.

The large porch in front, which was sweet with the fragrance of bright summer blossoms and potted plants, had been transformed for the affair into an inviting rendezvous of comfort. It was here and in the different rooms within, where pink and white roses bloomed in all their delicate beauty, that the delighted guests sat and chatted and listened to the following as they generously entertained with:

Readings by Miss Bertha Jackson, who is a delight to all who hear her. Piano selections by Mrs. M. Musser, a finished musician.

Cornet solo by Miss Ethel Baker, accompanied on the piano by Mrs. C. West.

Selected piano numbers by Mrs. John H. Seaman, who like all the rest was graciously received and generously applauded by those present.

Hostesses for the afternoon were Mrs. Joseph Shropshire, Mrs. B. Fellows, Mrs. W. Gibbs, Mrs. Van Osdel and Mrs. Thompson, all of whom refreshed their guests with delicious iced punch and home-made cake.

DINNER FOR HOUSE GUESTS

Mr. and Mrs. Oliver O. Clark of 100 North Louise street were host and hostess at a very delightful informal dinner party given in their home Friday evening as a compliment to their house guests, Mr. and Mrs. Robert S. Fisher, who are visiting in Glendale enroute from Vancouver, B. C., to their home in Phoenix, Ariz.

Red carnations and fern were used for the occasion, attractive showers having been arranged throughout the home and in the center of the table, about which Mr. and Mrs. Fisher, Mr. and Mrs. C. H. Beggs of Santa Monica and Denver, Mr. and Mrs. H. P. Oates of Highland Park, Mrs. Emma Brownfield of Glendale and Mr. and Mrs. Clark were seated.

An hour of entertaining discourse followed, during which time pleasant reminiscences of an extensive trip from which all have just returned were greatly enjoyed.

STRAIGHT POLITICS

It is not uncommon for reports to get out about little crooked deals in politics. The man who is a candidate and will do crooked things is not the kind of an official the people want to serve them.

In the past in some states, probably not in California, there have been too many office holders who would stoop to do unfair things, and that is the reason why in the past few years there has been such a shaking up among the old-line politicians.

RARE TREAT FOR MUSIC LOVERS

The Apollo Musical Club of Chicago, numbering three hundred finely trained voices, will come to California for the exposition next year, giving entertainments in San Francisco and Los Angeles of oratorios from the great masters. The club has a great reputation for these grand old compositions.

Mr. J. H. Redman has just returned from the East and gives us this information direct from the Apollo Club, and vouches a rare treat for all music lovers.

MAYOR'S CONVENTION

CITY HEADS FROM ALL OVER U. S. TO MEET ON THE PACIFIC COAST

Mayor Mitchel of New York City has written to Mayor Rose of Los Angeles suggesting that a convention of the mayors of the cities of the United States be held in California in the summer of 1915. Such a convention, if held, will be held either in Los Angeles or San Francisco. Mayor Rose has written Mayor Mitchel of New York City that Los Angeles will be pleased to entertain the convention of mayors. Mitchel in a letter to Rose says:

"Should it be decided to hold the proposed conference, it has been suggested that it continue for three or four days in from five to seven sessions. At each morning session one topic of interest to all municipalities might be presented briefly by the best-known expert that could be secured, and following the paper an opportunity given for free discussion on the subject by those present at the conference. The evening sessions might be devoted to general meetings, with possibly a banquet on one night, at which the president and several mayors might be invited to speak."

BEAMONS TO ENTERTAIN JOLLY TWELVE TONIGHT

Quite different from all other Jolly Twelve parties will be the one at which Mr. and Mrs. A. M. Beamon of 245 South Maryland avenue, will entertain the members tonight.

The picture show, which ever soars in popularity, will be the attraction, only in this instance especial pleasure is coupled with the fact that it will mark the opening of the new Symphony in Los Angeles, a picture house in which Mr. Beamon, Mrs. Beamon's father, Mr. C. H. DuBois and Mr. Ritterstein are interested.

An after-the-show supper will be enjoyed later at the new Chocolate Shop on West Sixth street and the jolliest of jolly times is expected by Mr. and Mrs. A. W. Beach, Mr. and Mrs. V. Price Brown, Mr. and Mrs. W. L. Truitt, Mr. and Mrs. Roy Hinkley, Mr. and Mrs. D. H. Smith and Mr. and Mrs. Beamon, all of whom will journey forth to the dazzling city in autos.

THE PULL-TOGETHER SPIRIT

The pull-together spirit prevails in Glendale to a large degree. While our citizens may differ on many questions, yet it may be said of them that they stand united on questions that are for the general welfare of the city.

One clear instance of this is the loyal support they are giving the anniversary number of the Glendale Evening News.

The publisher of The News is going to an expense of about \$1500 to get this special number out, and as a mark of appreciation of his energies the citizens of Glendale are giving the cause liberal support.

Five thousand copies, 68 pages each, printed on a good grade of book paper, will be an excellent advertisement for Glendale.

MAKE BUSINESS EASY

A vast amount of money would be saved if every person doing business would make it as easy as possible for others to do business. The expense connected with doing business is too great at present. The man doing business finds it necessary to spend too much time to close a deal with a customer.

There are men engaged in the mercantile business in Glendale who are required to go to so much expense to carry on business to the satisfaction of their customers that all profit is paid out for extra help.

Special deliveries are made at an expense to the dealer. A little forethought might save delivery wagons many long trips.

FREDERICK BAKER'S VOTE

Frederick Baker, who is a candidate for judge of the superior court, made a good run at the primary election Tuesday, his rank being number 14.

On account of someone's neglect, he was not credited with the vote in Tropicco that he should have been.

The Evening News will publish Mr. Baker's Tropicco vote as soon as it is possible to get it from the official returns.

RETURNING FROM BEACHES

The hundreds of people who have been spending the summer at the beaches are returning to their respective homes and are now making preparations for their children to enter school.

AT THE CHURCHES

VARIOUS TOPICS FOR TOMORROW AND DETAILS OF THE SOCIETY MEETINGS

Bible students will be interested in the special address at the First Baptist church on "Universal Peace in the Light of Prophecy" Sunday evening. Rev. John H. Troy, formerly of New York, has a reputation for loyalty to the Bible, and is fearless in presenting what he understands to be its teaching. Since coming to Glendale there has been considerable interest taken in Pastor Troy's special lectures on the Bible themes and

Rev. John H. Troy

it is quite likely that the announcement of this timely theme for Sunday night will draw a large congregation.

In addition to the special sermon, Miss Maud Salisbury will give a recital on the piano. Miss Salisbury has won an enviable reputation as a pianist and it is not unusual for many to come a considerable distance simply to hear so talented an artist.

The following will be Miss Salisbury's program for Sunday evening: Prelude, Nocturne.....Chopin Third Movement Sonata Eroica..... MacDowell Dedication.....Schumann-Liszt Offertory, The Rosary.....Nevin

At the morning service Rev. Geo. M. Lehigh of the Highland Park Baptist church will occupy the pulpit. Rev. Lehigh is considered one of the most eloquent divines on the Pacific coast. THE BEST OIL

There is nothing connected with a sewing machine that better illustrates the proverb that "the best is the cheapest" than the small but important item, OIL. Knowing from many years' experience the great importance of good oil, we sell at all our shops an extra quality of oil, specially prepared for Singer machines.

Beware of scented compounds advertised as equally good for lubricating and for polishing; such a mixture cannot be best for both purposes; it is a chemical impossibility. Use nothing but Singer oil for all purposes requiring a fine lubricant. Warranted not to gum. 1020 West Broadway. Phone 656W. E. J. Upham. 11t3

ILLINOIS PICNIC TODAY

Former residents of the state of famous men are renewing old acquaintances at Eastlake park today. The Illinois Society of Los Angeles issued the call for all "Suckers" in all Southern California to attend this reunion. Well-known Illinois orators are recalling the fame of the state.

JUDICIOUS BOOSTING

Judicious and persistent boosting by men of good standing in a community gets good results.

The kind of boosting that counts for something must come from the heart of the individual. Heart boosting and pocketbook boosting go hand in hand. Mouth boosting accomplishes nothing more than to set the air in motion while the lips of the so-called booster are in operation.

Every time we are tempted to say something that would violate the spirit of neutrality toward the European peoples at war, let's not say it.

Eastern newspapers, which have been discussing the cause of the war, have reached the unanimous opinion that it was induced by foreign countries maintaining such large standing armies. It is a good deal like the man who "totes a gun." He often gets himself into trouble that he would not have started if he had not had a gun so handy.

THIS IS GOOD COUNTRY

A few years ago an educated Japanese came to California and placed his young son in the public schools. The boy is a fine little fellow and has entered most heartily into the American life and its spirit. Of course, he speaks good English.

The other day in conversation with his father, he spoke of "our flag."
 "But it is not your flag," said his father. "You are a native citizen of Japan."

"It is my flag and this is my country," insisted the boy.

"But if Japan and America should ever be at war, would you fight Japan—fight me?" urged the father.

For a moment the boy was bewildered; then he looked up and cried:

"Father, this is a good country!"

Sometimes when the magazines have been especially engaged in enlightening us upon "the things we ought to know," and the newspapers have had a periodic season of frankness concerning the doings of opposing political parties, the heart of the plain American citizen grows faint with the fear that our country has lost her old-time sinews of strength and honesty and that the ship of state is headed straight for the rocks.

We whose grandfathers sacrificed their all in the establishing of this free republic upon the principle that all men are created equal, and whose fathers shed the blood of their brave young manhood that the government of the people, by the people, and for the people, should not perish from the earth, are sometimes led to wonder if all the sacrifice and suffering

have been in vain and the spirit of patriotism is lost from the land.

Then we see a new light in such an incident as the little Japanese boy's patriotic optimism, and we look up and take courage, trusting that the Goddess of Liberty will not die while the flag of freedom waves and an army of public school teachers train the children to allegiance to that flag and the country for which it stands.—Santa Monica Outlook.

PRICES AND THE WAR

The determination by the government to investigate all raises in the prices of foodstuffs and to punish the persons guilty of entering into an agreement to raising the prices, is the right step. The greed manifested by some persons, firms and corporations in endeavoring to send prices soaring because of the European struggle is dishonorable in the very worst sense, and this dishonor would reflect upon our government were these persons permitted to carry out their desires.

The department of justice at Washington is watching the situation and already has started an inquiry relative to the prices of meat. This is the right move. If prices of food advance it is the government's duty to learn if the advance is justified, and if it isn't, then the government should punish the ones responsible.

That war in Europe may be of some benefit to America, is evidenced by the fact that no styles will come out of Paris this fall and winter.

The primary object of the direct primary is to induce the good citizens to attach primary importance to the performance of his civic duties.

"The Milk You Will Eventually Buy"

A Dairy that Needs No Sanitary Legislation

Long before laws and ordinances were passed in regard to sanitary conditions of dairies and the handling of milk, MacMullin's had a sanitary dairy in every sense of the word, and all sanitary requirements were courted.

MacMullin's dairy not only complies with all laws and ordinances, but meets more sanitary conditions than are required, and has justly won the reputation of being "the Most Sanitary Dairy in the San Fernando Valley."

At the morning hour the pulpit will be occupied by Rev. Henry A. Sullivan, the ex-monk, who will preach a purely gospel sermon, and will not touch on Romanism at all. His theme will be "Who Art Thou?" from the text John 1-19.

Mr. Sullivan will be unable to preach on Sunday evening as was announced because of a previous arrangement by the superintendent of the C. E. Society, whereby he will be compelled to occupy the pulpit in Fullerton.

Dr. Durfee, the teacher of the women's class, has worked up a lecture on the subject of "The Development of the Plan of Salvation," and as Mr. Francis thinks that it will be of equal interest to the men, a joint session of the two classes will be held tomorrow, at which this lecture will be heard.

Mr. Francis will preach in the evening on the theme, "No Other Name."

Now that vacation season is drawing rapidly to a close, it is expected that the attendance and interest will be largely augmented, and the fall and winter work will begin in earnest.

It is considered fine that the attendance in the men's class has not fallen below thirty on any Lord's day, and it is the aim of the men to push this up to a hundred in the

next four months. It can be done and without any very great effort if all will put their shoulders to the wheel.

The New York expert observer who says the new primary law, although incomplete, is a big step toward restoring political power to the people, if only the people will take advantage of it, names a condition that is not peculiar to New York. It is the use of power that justifies its possession.

But it will be time for the middle west to worry when the blizzards begin mobilizing up around Medicine Hat.

The Panama canal can be made a boon to California. And California will proceed to make it that very thing.

Worth Thinking About

Many merchants have a card in windows of their place of business on which is printed the following:

"Every dollar spent in Glendale is a dollar spent to make this city a bigger and better place in which to live."

"Every dollar spent in any other city is a dollar spent to make the other city a bigger and better city in which to live."

No agency has a better opportunity for the wise distribution of funds for the upbuilding of a community than a bank.

We wish to reiterate the statement that all the funds of this bank are loaned to home people on home securities, and are at all times actively engaged in promoting the best interests of Glendale.
