OCITY INTELLIGENOEs are seen as a seen and read road account according to the second a

tes, we suppose on the maxim of first first suppose on the maxim of the Nur. Diracver, Secretary of the Board of Health, for the following report of the Board of Health, for the following report of the intermediate and the service existing mind, singuished by the improper of the control of the intermediate of the service of the intermediate of in thieres, we suppose on the maxim of the third of the case in the project catch a thirf. This artise the prejudice against the service existing public mind, degendered by the improper of of members of what ought to be a body of men. Bo long as the police of our critise is composed of men of the tolerance of the class of society, so long will the reproach to we have polyen, attach to our criminal shiment. Police officers are ministers of w. conservators of the public (eace, and a vindutive agents of the governing power prosecution of orfenders. So far from anthorised to violate the law, or to evade a ministry its precepts or the orders of its returning its included to the control of the

much more aggravated offence than boldly t refuse obsdience to its behests, and we should punish the one with ten fold more severity than the other. It has been contended that officer Wooddridge, of the New York police, was just table in avoiding the service upon him of the writ of harbest corpus issued by the Supreme Court on Tnesday last, in the case of the Mesers. Whitche, and in leaving the State of Louisiana with his presence. Seek's doctrine cannot for one ment be tolerated. If the Supreme Court had his power to issue that writ, and nobody denies that writ, and nobody denies that writ is an expectation of the State. It was announced in open Court and State. It was announced in open Court but and the service upon him, either by secreting himself or by departing from the jurisdiction of the State. It was announced in open Court, Judge Thard being on the bench, in the presence of officer Wooddridge and officers of the work of the service of New Orleans and numerous combers of the Biar and private citizes that the other. It has been contended that officer Wooldridge, of the New York police, was justipoince force of New Orleans and numerous members of the Bar and private citizens, that the accused parties were not satisfied with Judge Theorie decision, and would immediately take out another writ before the Supreme tourt. This was their undeniable right and so long as there existed an unexhausted legal remedy, we contend it was an anomalist.

the accused particle clinear, that the accused particle continued to be designed and selection, and would immediately take out another with before the Supreme Court. This was their undentable right and so loing as there existed an unsabitated legal remedy, we contend it was an unjusticable proceeding to defeat the process of that Court: in the sacred matter of a kedone corpus, and if it were possible to do to indust the punished with the unmost severity. In fact to remove parties from the partialition of the Courts of Louisians against their will, while pudicast proceedings are pending and not concluded, in onsitar or near the remain of abductions as had down in the statutes, and should be treated as note by the process rating officers of the Parish where it as committed. The desistion of an inferior Court is mover final in any case of the magnitude of habeas corpus. A new trial inguaranteed within a contain prescribed time, even if there found the process of the pole of respectively and upon a figal showing, a new trial only and upon a figal showing, a new trial only the cause in high the process of the pole of respectively. The process of the pole of respectively and the considered by a party for the benefit of the place of respectively and the considered by a party for the benefit of the pole of respectively and the considered by a study for the benefit of the pole of respectively and the considered by a study for the benefit of the pole of respectively and the process of the pole of respectively and the considered by a study for the pole of respectively and the considered by a study for the pole of respectively and the considered pole of the pole of respectively and the considered pole of the pole of respectively and the p

Fischer.

Mer. York. Dec. 11.—Riccey casy at 6 to 7 per cent. of call loans. Discounts scaler at 6 to 10. Esterling dull and unchanged. Gold closed heavy at 134 to. Governments steady.

rention moved as subservially at the back of their Radical managers as our slaves did at the command of their matters.

The amondment to the Bill of Rights, introduced by Kiffer, that common carriers should make no distinction between citizens of the State, designed to secure to colored people sents at tables and borthe with white on alsaumonts, at notels and on cars, stronged considerable opposition, and threatening to produce serious discord in the Convention, was withdrawn by its authors and advocates; but the colored delegates, the protesting members are informed, obliged the Radical majority to promise them that the Legislature should and would carry it into effect.

The address alliades to the fact that the Convention refused to provide for separate school.

The address alliades to the fact that the Convention for the establishment of one or more school in each school district, their for the restablishment of one or more school in each school district, the school carrier is district, children of both races must attend the same school.

The ordinance of Blackbure, presented by

The of the standing committees unanimously reported an article of the Constitution pro-labiting the intermarriage of whitee and blacks, which was defeated in deforeme to the colored members, the committee that made the report receding from their position and vising to table.

The signers of the address further declare that, entertaining the views they do, they owe that, entertaining the views they do, they owe
