Baldwin Directory Company, Inc.

Home Office:

125 MEETING STREET, CHARLESTON, 5, SOUTH CAROLINA

Independent and Progressive

Baldwin Directory Company, Inc., publishers of this city directory and the world's largest independent publishers of city directories, is in no way connected with any national association or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used 30 years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, Inc., publishers of your city directory, takes pleasure in presenting the 1949 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of your community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SIX DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Buyer's Guide and Civic Section** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyer's Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.
2. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

INTRODUCTION

3. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

4. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents or distributors.

5. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

6. **Rural Route Directory** contains names of all rural residents.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory:

Number of dependents under sixteen;

Designation of home ownership;

Nationally Advertised Brands;

Numerical Telephone Directory;

Telephone Numbers on Street Guide.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke—they established a guaranteed HOME circulation for advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin Directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

Salisbury

NORTH CAROLINA

"Where Location Pays An Extra Dividend"

Salisbury, North Carolina, "Where Opportunity Greets You," a modern Southern City, is located in the heart of the industrial Piedmont Section of the South's most progressive state.

More than 24,000 people reside within its 5.19 square miles of incorporated area, while the suburban communities, including the towns of Spencer and East Spencer, place the urban population at approximately 32,500. The trading area of 25-mile radius has a population of approximately 150,000. As a trade center, Salisbury has a total of 311 retail outlets doing an annual business of \$44,249,000.

Among the twenty cities in North Carolina with a population of more than 16,000 within their corporate limits, based on the Government Census of 1940, Salisbury was in 1949.

1st in per capita Retail Sales.

3rd in per capita Drug Sales.

5th in per capita Food Sales.

7th in per capita General Merchandise Sales.

5th in per capita Furniture, House, Radio Sales.

9th in Total Retail Sales, \$44,249,000.00.

13th in per capita effective buying income, \$35,545,000.00.

HISTORY

Salisbury and Rowan County share in the earliest history of this progressive state and it is a history that the descendants of the earliest settlers and the people of today may well be proud to tell the world. The County was first settled in 1720 by Protestants from Moravia and a few years later, Scotch and Irish migrated here from their mother country. These were later followed in 1745 by a steady flow of Germans.

The County of Rowan was established at the session of the general assembly of the province of North Carolina on March 27, 1753. Thirty counties in Western North Carolina were later formed from Rowan County. The first Court—the Court of Pleas and Quarter Sessions—met in Rowan in 1753, the same year of the organi-

zation of the county. The first court house was erected in 1756 and old records dating back as far as 1750 are still in file in the office of the register of deeds. The deed for Salisbury Township was granted February 11, 1755, and it is a point of interest to note that as early as 1757 Salisbury boasted of traffic laws.

Salisbury and Rowan County were especially active during the Revolutionary War and in 1781 Lord Cornwallis made temporary headquarters here. General Nathaniel Greene occupied Salisbury immediately before the arrival of Cornwallis' army. In the spring of 1791 George Washington visited Salisbury.

Near Salisbury today stands the remains of one of the South's most outstanding relics—"The Old Stone House"—a large building constructed of native granite, built somewhat in the style of a fort, and occupied by Michael Braun, the forerunner of many of the Browns in the city today.

A national cemetery is located in Salisbury in which Federal soldiers held prisoners by the Confederacy here, Spanish American War veterans and World War veterans are buried.

"Boone's Cave," where the pioneer Daniel Boone sought refuge from the Indians, is located north of the city near the Yadkin River and "Old Trading Ford" on the Yadkin River, established before the Declaration of Independence, is also north of the city.

West of Salisbury, in the graveyard of the Old Third Creek Presbyterian Church, is the modest grave of Peter Stuart Ney, well-known school teacher who came to this country from France and is believed by many to be Marshal Ney, Napoleon's "right hand" man. He was supposed to have been executed for treason to Louis XVII of France, but many believe he escaped through conivance with the firing squad and then came to this country, taking up residence in North Carolina.

Andrew Jackson, at one time President of the United States, studied law in this city.

The mother of James K. Polk, eleventh President of the United States, was born and reared in Rowan County.

Mrs. Frances Christine Tiernan—Christian Reid, a writer of national reputation—was a native of Salisbury. She was author of the volume "The Land of the Sky," from which Western North Carolina derives the name "Land of the Sky."

GOVERNMENT

Since 1927 the city has operated under a City Council-Manager form of government. The Council is composed of five members elected at large. The Council elects a mayor from its own membership and appoints the City Manager, who is the administrative head of the city.

Salisbury has a municipal water system ample to supply pure water to care for the city's needs; a modern sewer system and disposal plant; efficient police department with every modern facility for the detection and prevention of crime.

The fire department has long been a source of pride to the city and through its efficiency has compiled throughout the past number of years an enviable record.

Salisbury and Rowan County has a well-organized health department, ranking among the best in the South.

INDUSTRIAL

The fact that Salisbury is a manufacturing community of importance is evidenced by the presence of more than 90 diversified industries located here, manufacturing a very wide variety of products and giving employment to approximately 12,600 employees with a total annual payroll of approximately \$10,900,000.

Salisbury businesses have a highly diversified industrial structure. Soaps, combed yarns, cotton battings, shirtings, furniture, wash cloths, rubber rolls, hosiery, rubber hose, rubber printing plates, lumber and millwork, florists' supplies, packing plant products, flour and feeds, paving blocks, building ceramics, refrigeration equipment, beverage syrups, proprietary medicines, bakery products, castings and machine durable goods, printing and publishing, building and monumental granites, cotton and rayon finishing, and many other products and types of business help to make a rich industrial and commercial community.

Balfour Pink Granite, recognized as the hardest granite obtainable, is said to be quarried exclusively near Salisbury and has been used in the construction of monuments and buildings throughout the world.

POWER

Salisbury is located at the center of the immense system of the Duke Power Company (including power dams and steam plants), which provides practically an unlimited source of power at exceptionally low rates. Anticipating possible demands for increased power in this area, an expansion program is underway increasing the capacity of the Buck plant in Rowan County to 190,000 K. W.

AGRICULTURE

Rowan County is the leading county in North Carolina in diversified farming. Sixty-five per cent of the farms are operated by owners. Excellent soil and climatic conditions favor the growth of all kinds of vegetables, fruits and berries. Rowan leads the South in the growing of Lespedeza and leads the state in the production of wheat (in the number of acres and production per acre). Rowan County also leads the state in the production of Guernsey cattle.

Every important highway has high tension electric service, bringing this convenience to a majority of farm owners, and an active program is under way to extend this service.

DISTRIBUTION

Probably no city in the South has better distribution facilities than Salisbury. The Spencer Transfer, the largest freight transfer terminals south of Philadelphia, are located at the Southern Railway's plant, where merchandise is assembled from 'all over Piedmont North Carolina, unloaded and reloaded into through package cars and trains going to the principal commercial centers of the United States.

Exceptional facilities are offered by express service. Modern well-paved highways radiating in all directions give additional weight to Salisbury's claim as a distributing center and afford speedy motor express service to all points.

A modern airport, equipped with all necessary service facilities and with one of the largest hangars in the state, is located just three miles from the city. Terminal

facilities are adequate to take care of large airliners and modern lighting equipment has been installed so that the port will be in full service 24 hours per day.

EDUCATIONAL

Salisbury's educational facilities are of the best and most modern, having five white public schools, including a high school, and three negro schools, including a high school. Other educational institutions include: Catawba College, fully accredited by the Southern Association of Colleges and Secondary Schools, offering a full four-year course in Liberal Arts. The Salisbury Business College, which provides excellent commercial and secretarial training, also the Salisbury Commercial College. Livingstone College (Southern Association Class B) offers negro citizens a four-year curriculum.

The Rowan County Public Library, located in Salisbury, has experienced a steady growth in recent years and under the guiding hand of a capable librarian this institution is rendering a great service to Salisbury and Rowan County. The library facilities are widely used.

RADIO AND NEWSPAPER

At Salisbury is located one of the five State Highway Patrol Radio Stations. This station forms part of the Highway Patrol Radio system, covering the whole state. The City of Salisbury has a modern police radio system with radio patrol cars equipped for two-way communication. This system results in an extremely economical and highly efficient organization for crime control.

Radio Stations WSTP-FM, and WSAT are a powerful influence in the community.

The Salisbury Evening Post is a daily and Sunday morning publication which has a circulation of 15,100, covering the city, county and adjoining territory.

CHURCHES AND HOSPITALS

Leading denominations are represented by 20 churches, offering a warm friendly welcome; good pastors and excellent music have made this a real church-going community.

Salisbury has one excellent hospital, maintaining highly efficient staffs. It participates in the Duke Endowment and offers many advantages not available elsewhere.

RECREATION

Recreation is available to all. The Salisbury Country Club (membership basis) and the American Legion Country Club (open fee basis) offers golf, tennis, swimming, etc. Playgrounds for children are maintained by the city under the supervision of trained directors, theatres, professional baseball and softball leagues, give Salisbury and surrounding territory well-rounded recreational activities.

CIVIC AND FRATERNAL ORGANIZATIONS

Nearly all of the leading fraternal organizations are represented by strong local chapters.

Civic organizations include: Rotary, Kiwanis, Civitan, Lions and Altrusa Clubs. American Legion and Auxiliary, Woman's Club, Junior Woman's Club, Merchants Association and two Chambers of Commerce.

HOTELS

Salisbury has three hotels, offering the visitor or tourist a complete hotel service. Excellent rooms, good meals and courteous service await you.

For further information write:

THE SALISBURY CHAMBER OF COMMERCE

Salisbury, N. C.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L).

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R. (Mary L) 3.

The **®** both in the resident directory and the householders' directory designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown "h" denoting a householder or head of the family, "r" denoting people in the home.

Married women, engaged in some other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers' Directory.

Colored is shown by a **©**. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

The Rural Route Directory will be found in back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number, with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The **®** denotes householders who own the house in which they live. By using the street guide as a mailing list, a thorough coverage of the city will be obtained without any duplication of names.

The buyers' guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

MORE POWER

TO YOU!

In every community served by the Duke Power Company electric service is being extended. One giant steam generating addition is completed, another nearing completion, and a third is underway. These new installations with corresponding increase in facilities for transmission and distribution represent years of planning . . . and an investment of over \$100,000,000 . . . to have economical power ready for progress where and when you ask for it —north, south, east or west on the Duke System.

SALISBURY

“Where Location Pays In Extra Dividends”

Because of the unrivalled package car service of the Southern Railway's Spencer Transfer, and because of its nearness to all important Eastern markets Salisbury is an ideal location for that new factory, branch plant, branch warehouse or wholesale organization. The South is forging ahead and the executive who has the vision and foresight to grasp the possibilities the "NEW SOUTH" offers is planting seed that will bring a rich harvest.

Salisbury, the center of a marketing area of more than half a million people, offers unparalleled opportunities for any type of industry or business. The city and surrounding area are rich in industrial and economic resources with an abundance of educational, religious and recreational facilities available.

Further Information Gladly Given By

SALISBURY CHAMBER OF COMMERCE

Salisbury, North Carolina

and the greatest of these is . . .

CHARACTER

A message to parents and educators on the need of Character-Forming as a Part of Every Child's Training

Character, Capacity and Capital are the three standards by which business men judge applicants for credit. And CHARACTER comes first.

For, a man may have Capital, plenty of money. He may have Capacity—the ability to earn more. But without Character—the willingness to pay promptly according to agreement—his promises are worthless. The man with character can be depended upon to keep his promises and meet his obligations.

Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during early years — the formative period.

Character is honor—a high sense of personal responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligations. Otherwise his education is incomplete—his chance for success is impaired.

Treat Your Credit as a Sacred Trust

LIVINGSTONE COLLEGE

Salisbury, North Carolina

Livingstone College . . .

the chief school of the A. M. E. Zion Church, is located in Salisbury, in the western part of North Carolina. Its position on the main line of the Southern Railroad makes it easily accessible from any direction.

This College was founded in 1879, opened its doors in Concord, N. C., in 1880, and moved to Salisbury in 1882. The illustrious Joseph Charles Price was the first president of the new College. The aim of the institution, has from the beginning, been to serve humanity and the Negro race by training young men and women for Christian leadership. During the sixty-eight years of its operation as a College, Livingstone has given to the Negro race and to the world some of the outstanding characters of the time. Many of the leaders in American life today are graduates of Livingstone College.

The Salisbury

POST

Daily and Sunday

The Post maintains a corps of able writers to cover interesting local news; correspondents throughout the county to report "the goings-on" in their respective communities; special representatives in Raleigh and in Washington to keep you informed of what's happening there, and is a member of the great Associated Press, world-wide news-gathering agency, to supply you with first hand, factual information of the world at large.

Is there any wonder that The
POST GOES INTO more than
80% of Rowan County HOMES!

Resident Directory
1949

Containing the full name, husband and wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age residing in this city and environs.

The publishers wish to express their appreciation to the business and professional establishments for the splendid cooperation and valuable assistance given them in preparation of this volume.

A list of abbreviations in this directory will be found on the following page and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

Number of dependents under 16 is indicated after name

PUBLISHED BY BALDWIN DIRECTORY CO., INC.
