PROCEEDINGS AND DEBATES OF THE 116<sup>th</sup> CONGRESS, FIRST SESSION

Vol. 165

WASHINGTON, MONDAY, JULY 22, 2019

No. 123

## Senate

The Senate met at 3 p.m. and was called to order by the President pro tempore (Mr. GRASSLEY).

### PRAYER

The PRESIDENT pro tempore. The Chaplain of the House of Representatives, Father Patrick Conroy, will open the Senate with prayer.

The guest Chaplain offered the following prayer:

Let us pray.

Righteous God, deliver Your people from evil. Set our lawmakers on safe paths, protecting them from dangers. Preserve them and their loved ones, keeping them from stumbling.

Provide our Senators with counsel, even in the night sessions where they may prevail against the evil that seeks to destroy our Nation and world. As they trust Your loving-kindness, may their hearts rejoice in Your salvation. Lord, deal bountifully with them and the members of their staffs.

We pray in Your marvelous Name. Amen.

### PLEDGE OF ALLEGIANCE

The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The PRESIDING OFFICER (Mr. HAWLEY). The Senator from Iowa.

### MEASURES PLACED ON THE CALENDAR—H.R. 582 AND H.R. 748

Mr. GRASSLEY. Mr. President, first, I have a duty to perform for the leader.

I understand that there are two bills at the desk due a second reading en bloc.

The PRESIDING OFFICER. The clerk will read the titles of the bills for the second time.

The bill clerk read as follows:

A bill (H.R. 582) to provide for increases in the Federal minimum wage, and for other purposes.

A bill (H.R. 748) to amend the Internal Revenue Code of 1986 to repeal the excise tax on high cost employer-sponsored health coverage.

Mr. GRASSLEY. In order to place the bills on the calendar under the provisions of rule XIV, I object to further proceedings en bloc.

The PRESIDING OFFICER. Objection having been heard, the bills will be placed on the calendar.

Mr. GRASSLEY. Mr. President, I ask to speak as in morning business for 1 minute.

The PRESIDING OFFICER. Without objection, it is so ordered.

### UNITED STATES-MEXICO-CANADA TRADE AGREEMENT

Mr. GRASSLEY. Mr. President, passing the United States-Mexico-Canada Agreement means more market access for our farmers and businesses and more protection for our workers. This agreement includes new commitments in critical areas such as customs, digital trade, services, environment, and labor that are crucial to bringing higher wages and more jobs to American workers.

Of course, enforcement is key to a strong and durable trade agreement that will deliver all of the benefits that I just listed. We need enforcement measures that work for all aspects of this agreement.

It is time to bring NAFTA into the 21st century, and that is what the U.S.-Mexico-Canada Agreement will do. The time for USMCA is now.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. McCONNELL. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mrs. BLACKBURN). Without objection, it is so ordered.

### RECOGNITION OF THE MAJORITY LEADER

The PRESIDING OFFICER. The majority leader is recognized.

### NOMINATION OF MARK T. ESPER

Mr. McCONNELL. Madam President, the Senate's first order of business this week will be confirming a thoroughly well-prepared nominee to a post of vital national importance. Later today, we will vote to advance the nomination of Dr. Mark Esper to serve as Secretary of Defense, and we will vote on his confirmation tomorrow.

When Dr. Esper was nominated in July of 2017 to serve as Secretary of the Army, he already possessed an impressive record that spanned public service, the private sector, and, of course, his distinguished service in uniform. As a student, he excelled at West Point. He served honorably in combat during the Gulf war as an infantry officer with Kentucky's own 101st Airborne, the Screaming Eagles. He then later obtained a master's degree from the Kennedy School at Harvard and a Ph.D. from George Washington University.

In the years since, Dr. Esper has continued to serve his country, compiling an outstanding record in public service. He has served as Deputy Assistant Secretary at the Pentagon; as a Senate-appointed member of the U.S.-China Economic and Security Review Commission; and, of course, as a trusted staff expert right here in the Capitol.

As a result, many of our colleagues have been familiar with this nominee for more than a decade. Members on both sides remember Mark Esper from his time on staff with our former colleague Chuck Hagel. Some knew him during his tenure with the Foreign Relations Committee or with what was

then the Governmental Affairs Committee, and many of us inevitably crossed paths with the smart and level-headed national security adviser for Majority Leader Bill Frist.

So, when President Trump first nominated Dr. Esper to be Secretary of the Army 2 years ago, my colleagues and I were well acquainted with his expertise, his professionalism, and his patriotic dedication to the men and women who serve to keep us safe. It is no wonder that this body confirmed him to that post by an overwhelming bipartisan margin. Since then, Secretary Esper has continued to impress. He has continued to earn the praise of experts and colleagues from every corner of the national security landscape.

“He’s highly regarded inside the Army. Soldiers like him.”

He is “someone who can work across the aisle . . . somebody who can work with Congress.”

Additionally, he is “superbly well qualified by experience and temperament for the position.”

Another quote: “The nation would be lucky to have Mark serve in any capacity . . . He is particularly well-suited to step into one of the most important jobs in the world.”

This is high praise from former Pentagon officials of the Obama years and from widely recognized national security professionals. Just last week, our colleagues on the Armed Services Committee offered a ringing endorsement of their own by voting by voice to favorably report his nomination to the floor.

It would be hard to draw up a more compelling case than the one in front of us for confirming Dr. Mark Esper, and it is hard to imagine a more persuasive argument for doing it right away—with no further delay—than the front pages of newspapers all around the world every day.

The world is full of serious threats to America, to our allies, and to our interests. Not the least among them, obviously, is Iran’s insistence on continuing to ratchet up tensions in the Middle East. Having a Senate-confirmed Secretary of Defense, especially one of this quality, could not have come a moment too soon.

In closing, when Secretary Esper took his last job, he wrote Army personnel a letter that laid out three priorities: readiness, modernization, and reform. Since then, he has played an active role in this administration’s efforts to restore the primacy and lethality of America’s fighting forces, and the success of defense authorizations and ongoing operations abroad bear his fingerprints.

We are reminded every day that this work continues, and we are reminded why. My colleagues should be proud to join me today in voting to advance the Esper nomination and in putting the right man on the job.

The PRESIDING OFFICER. The Senator from Texas.

#### BORDER SECURITY

Mr. CORNYN. Madam President, over a week ago, I traveled to the Texas-Mexico border with the Vice President, as well as the Presiding Officer and other Republicans on the Senate Judiciary Committee. We visited McAllen, which is located in the heart of the Rio Grande Valley, which is a beautiful region with a thriving economy, but folks in the region continue to struggle to manage the growing humanitarian crisis caused by the massive influx of migrants arriving at our southern border.

The Rio Grande Valley has been disproportionately impacted by this migrant crisis, with 46 percent of all apprehensions last month occurring in that sector. It has taken a toll, as you might expect, on the Border Patrol, the Department of Health and Human Services, local communities, and the nongovernmental organizations working to provide care for these migrants.

Our trip provided the opportunity for the Vice President and members of the Judiciary Committee to meet with the men and women who are on the frontlines of this crisis and hear about the challenges they face every day. We also discussed what Congress needs to do to help them address this crisis.

Chairman LINDSEY GRAHAM invited all the members of the Judiciary Committee, both Republicans and Democrats, to go on the trip, but unfortunately none of our Democratic colleagues accepted that invitation. Instead of going on a bipartisan basis, Senate Democrats chose to wait a week and go on what was clearly a partisan messaging mission.

The minority leader said the purpose of the trip was to “investigate, inspect and evaluate conditions for migrants at facilities on the border.” They traveled to McAllen—exactly where we were 1 week before—and they had a very similar itinerary, but they had a very different mission. Our mission was to find out what Congress needed to do to help fix the problem; theirs was to shine a light in a partisan fashion on conditions of migrants, which are largely of Congress’s own making as a result of congressional inaction on dealing with the underlying causes.

We both met with Chief Patrol Agent Rudy Karisch, toured the Donna holding facility, heard from Border Patrol agents, and had the chance to speak to the migrants themselves, but our takeaways from these nearly identical trips were quite different. This was like ships passing in the night.

I left that trip feeling immense gratitude for our professional Border Patrol agents, whom we met, working tirelessly to fulfill their duties with the utmost professionalism and compassion. As this crisis has grown, they have been asked to do more and more with less and less. They go to work each morning not knowing exactly what the day will bring. Will they encounter a group of hundreds of migrants? Will they find abandoned chil-

dren left for dead by smugglers? Will they rescue a drowning family from the Rio Grande or, worse, find the remains of those who have succumbed due to the dangerous journey in very hot weather?

This growing crisis is not the fault of our professional law enforcement officials working along the border, and despite what our colleagues across the aisle claim, it is not a side effect of the 2016 Presidential election either. This migrant crisis has been bubbling up for years. We got a glimpse of how bad it could be in 2014 when then-President Obama announced there was a “humanitarian and security crisis”—his words—on the southern border. In May of 2014—the height of apprehensions that year—nearly 69,000 people were detained at the southern border. In May of this year, that number more than doubled to 144,000 in 1 month alone. So President Obama called it a “humanitarian and security crisis” in 2014, and the problem has roughly doubled since that time.

If there is one thing I hope our colleagues found on their trip, as the minority leader said, to investigate, inspect, and evaluate, I hope it is this: I hope their investigation confirmed what they have reflexively denied for months on end—that there is, in fact, a crisis at the border. I hope their inspection revealed that the problem isn’t with the administration’s policies or with the actions of our Border Patrol; it is our broken immigration system. And I hope they evaluated that without some type of action—real action—by Congress, the situation along the border will only continue to get worse.

As this senseless partisanship over border security carries on, people living and working along the border are also hurting. When we were in McAllen a week and a half ago, we heard from one Border Patrol agent, Oscar Escamilla, who talked about the role Border Patrol plays at the centralized processing centers. He said:

We wear different hats. Sometimes we’re fathers, sometimes we’re mothers, brothers, sisters, play pals, and even counselors. We do this because we care. We do this because there is a real need.

There is certainly a need.

Last month, we passed bipartisan legislation to send much needed humanitarian relief, which will provide some temporary help. That bill also included funding for the departments and agencies that have depleted their resources trying to manage this crisis the best they can, and it made \$30 million available for impacted communities to apply for reimbursement from the Federal Government. In other words, they have had to pay out of their own pockets for something that is the Federal Government’s responsibility, and I am glad that at least we provided \$30 million for reimbursement.

This was a long-overdue and important step to support those who have been working day in and day out, hour

by hour, minute by minute, to manage this crisis, but, as the folks we talked about in McAllen reiterated, the underlying problem still exists. In other words, you can treat the symptoms, or you can treat the cause. But we shouldn't be confused. We have been maybe addressing some of the symptoms; we have done nothing to address the underlying cause.

These officers and agents work incredibly hard to enforce our laws and provide compassionate care for those in their custody, but without meaningful action from Congress, we are sending them into a losing battle. Without fixing the loopholes and repairing the broken system that facilitated this humanitarian crisis in the first place, we will find ourselves experiencing *deja vu* every few months. If you think \$4.5 billion was needed for this emergency just a couple of weeks ago, wait for 6 more months, when there will be another \$4.5 billion required and thereafter and thereafter and thereafter.

Well, what is the answer to the underlying root cause? What does Congress need to do in order to fix it and to staunch this flow of humanity across our border?

Well, there is only one bill out there with bipartisan support—with support both in the House of Representatives and the U.S. Senate—that would provide relief along the border, and that is the HUMANE Act. It is an honest, non-partisan attempt to fix the problem—no poison pills, no radical proposals, just reasonable policy designed to solve the problem.

This bill would close what has become known as the Flores loophole, which is often exploited by human smugglers as a way to gain entry into the United States. This is an effective way to stem the flow of those trying to game—to game—our immigration system without inhibiting legitimate trade or travel.

In addition, the HUMANE Act would improve the way we process individuals entering into our country. We got the recommendation for the legislation from the bipartisan Homeland Security Advisory Committee. It would, for example, establish regional processing centers, which would have personnel on hand from across the government to assist, including medical personnel and asylum officers right there at the border in regional processing centers.

Finally, it would improve standards of care for individuals in our custody—something we all want to see happen. It would require the Department of Homeland Security to keep families together during court proceedings and ensure that migrants have timely access to medical assistance, as well as recreational activities, educational services, and even legal counsel.

The HUMANE Act also requires additional training for Customs and Border Protection and ICE officers, otherwise known as Immigration and Customs Enforcement—in other words, everyone who deals with children.

The HUMANE Act is the only bipartisan bill currently proposed, and I would urge all of our colleagues to give it serious consideration.

I can only hope that this trip our Democratic colleagues took convinced them that it is time to quit playing games and get serious about finding a solution to the humanitarian crisis on our southern border.

I yield the floor.

##### TRIBUTE TO JUDY SCHNEIDER

Mr. VAN HOLLEN. Madam President, I rise to recognize and thank an extraordinary public servant, one who has contributed greatly to the U.S. Senate.

Next week, my constituent Judy Schneider will retire after a long and very distinguished career serving the U.S. Senate, the U.S. House of Representatives, and the Congressional Research Service, where she has earned a reputation as one of the Nation's top experts on the workings of the Congress. She has joined us in the Gallery today, so I hope all my colleagues will make sure we pay attention and play by the rules.

When I was a new Member of Congress, a Member of the House of Representatives, one of my very first meetings was with Judy Schneider. I was proud Judy was my constituent in Maryland's Eighth Congressional Dis-

trict, and I was glad to have the benefit of her advice. Since then, I have sought her counsel many times during my years in the House and the Senate.

Judy's service at the Congressional Research Service has been nothing short of extraordinary. Over the past four decades, she has educated hundreds of Members of Congress and their staff on congressional operations and procedures. As the author of numerous articles and the coauthor of the "Congressional Deskbook: The Practical and Comprehensive Guide to Congress," Judy's expertise on the intricacies of congressional structures and procedures is unmatched. Judy is known equally well for the positive personal impact she has had on each of her students. From giving lectures to countless conferences, to her "Direct Connect to Congress" series, Judy's impact has been far-reaching. Through her dynamic, informative, and humorous style, she has been described as having a life-changing impact on her students.

For her remarkable work, Judy Schneider has received a number of well-deserved and prestigious awards. She received the 1988 PLEN Mentor Award for her work educating and training women in public policy, a fellowship in the 108th Congress through the Stennis Center for Public Service Leadership, and the Distinguished Member Award from Women in Government Relations. In 2015, Women in Government Relations created the Judy Schneider Fellowship in recognition of her efforts to educate women about congressional procedure and policy. Judy has mentored thousands of women, and this fellowship will ensure that her legacy is felt by many more.

Last year, Judy received the Lifetime Achievement in Democracy Award from the Congressional Management Foundation in recognition of her outstanding impact and important work in Congress. This award truly exemplifies the role Judy Schneider has played for so many of us. Her mission has always been clear. Because of her deep love for this institution and for our country, she has used her unique talents to try to help make our democracy work better. She has trained generations of staff and Members, including a number of staff who later became Members of Congress themselves.

She represents the very best of public service. She exemplifies the spirit of service in a way few have, bringing the legislative process to life with humor and passion. Her presentations—packed with information and insight and delivered with wit and humor—were designed to train Members of Congress and their staff so we as a body function better and, consequently, so our democracy functions better. If some of us are finding that the Senate is not functioning particularly well at the moment, we can't say we weren't taught better. As they say, you can lead a Senator to "Riddick's Senate Procedure," but you can't make him or her read.

Some have been heard to say they have found Judy to be just a little bit intimidating. What is intimidating about Judy is the depth of her knowledge of this institution, her pursuit of excellence in her work, the exacting standards she practiced and demanded of others, and her unyielding commitment to quality. Most importantly, her deep love and concern for the U.S. Congress is reflected in all she does.

I ask my colleagues to join me in recognizing the transformative impact Judy Schneider has had on this body and in thanking her for her career at CRS, her dedication to public service, and the lifetime of work that has truly made a difference in the lives and careers of Members of Congress. I know that while we will miss her daily presence in these halls, Judy Schneider's commitment to Congress will continue to inspire us to serve this institution and the people we represent to the best of our abilities. I know that would be the highest tribute to Judy we could pay.

Since Judy Schneider is a stickler for procedure, I now suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. GRASSLEY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. BOOZMAN). Without objection, it is so ordered.

#### CLOTURE MOTION

The PRESIDING OFFICER. Pursuant to rule XXII, the Chair lays before the Senate the pending cloture motion, which the clerk will state.

The legislative clerk read as follows:

#### CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the nomination of Mark T. Esper, of Virginia, to be Secretary of Defense.

James M. Inhofe, John Hoeven, Mike Rounds, Joni Ernst, Kevin Cramer, Ben Sasse, Pat Roberts, John Boozman, Mike Crapo, Steve Daines, John Cornyn, James E. Risch, Roger F. Wicker, Richard Burr, Thom Tillis, Roy Blunt, Mitch McConnell.

The PRESIDING OFFICER. By unanimous consent, the mandatory quorum call has been waived.

#### HEALTHCARE

Mr. CASEY. Mr. President, I rise to speak about an issue that, candidly, we don't talk enough about around here, and that is the threat to the Affordable Care Act and the lawsuit that was filed and is now in a Federal court. This time, it is in the Circuit Court of Appeals for the Fifth Circuit.

Earlier this month, there were oral arguments. This case could be decided in a short timeframe, maybe even this fall. I guess, because it is not an issue that is being debated in the Halls of Congress by way of hearings or votes or otherwise, it doesn't get the attention it warrants.

This lawsuit, which is now a direct challenge to the constitutionality of the Patient Protection and Affordable

Care Act, would be every bit as devastating and harmful as the repeal efforts that were undertaken two summers ago, in 2017, and the consequences of the success in that lawsuit would put the country in the same place it would have been had the repeal effort been successful.

If you want to simplify it, the Affordable Care Act has two parts to it. We know, for example, of the protections that were put in place in the Affordable Care Act, one was new protections, and the other was new coverage. So, roughly, 20 million people got coverage who didn't have coverage before. Most of those 20 million, at the time—or a higher number at least—were folks who had gained their healthcare coverage through Medicaid expansion. As we now know, Medicaid expansion has had a number of positive impacts on the American people.

It really came into force—came into effect—right in the middle of or in one of the early stages of our broader awareness of the opioid crisis, of the addiction crisis. Were it not for the expansion of Medicaid, a lot of people in my home State of Pennsylvania and around the country would not have had treatment for opioid misuse or for the broader category of substance use disorder conditions. Medicaid expansion has helped a lot of people with treatment, which is essential to freeing yourself from the grip of an addiction we have seen so often.

This lawsuit was successful in the district court. If it were to be affirmed, for example, in the Fifth Circuit, it would mean this court would declare the Affordable Care Act as unconstitutional. The effect of that would be that Medicaid expansion would go away—protections for a much larger number of Americans, not simply those who need opioid treatment or treatment for opioid addictions or for substance use disorder conditions and not just for those who have been newly enrolled—for the roughly 20 million who have gotten coverage.

When you are talking about the protections, you are talking about a much larger number of Americans—maybe as high as 150 million Americans or more—who have protections not only in the circumstances in which they had preexisting conditions but also protections against capping the coverage one would get or the treatment one would get over a year or over a lifetime, which is just to mention two or three new protections. For example, it would go away for all of those young people who have been able to stay on their parents' health insurance plans until the age of 26. So you are talking about a tremendous coverage loss of at least millions of people—potentially as high as 20-plus million people—and the elimination of protections for tens and tens of millions of Americans.

You would think, in that circumstance, those who have been most determined to have the Affordable Care Act struck down—because they have

had about 8 years now, give or take, to prepare something with which to replace it—would have a replacement ready to go, maybe a replacement enacted into law, but at least a replacement that is ready to go on day one that would have all of the details worked out. This would not be just any replacement—not just a replacement that has words like “preexisting conditions” in the title of the bill—but something real and substantial and credible on a complicated subject like healthcare, meaning that the replacement would cover at least 20 million people, would provide all of the protections for all of those Americans, whether it is on protections against a preexisting condition or otherwise, and would be comparable in its positive impact on Americans. You would think this bill would be ready to go and ready to be enacted into law, but that is not the case.

I shouldn't say I was surprised, but I was somewhat concerned when—I guess it was last week, about a week ago—I picked up *POLITICO* and read that a number of Republican Senators were expressing the hope that the lawsuit would be successful, the hope that the Affordable Care Act would be declared unconstitutional. Yet what I didn't see in that article and didn't see in a lot of other places is a replacement that will provide a comparable, if not identical, measure of protection. That is what they told us all along—right?—that they have another way to do it and that all of the American people are going to be better off because of it. That is the basic promise that has been made by the Republicans in the Senate and in the House over many years. So you would think it would be ready, but it apparently is not ready.

I hope that maybe in the month of August, the plan will be developed and be ready to go and not just any old plan that has a nice title on it and a surge of protections that can't be brought to fruition—or brought into effect—because, when you provide the kind of protections the Affordable Care Act provides, you have to make the math work. You have to make sure you can pay for it, and you have to make sure the policy will support what you promise in the details of the legislation.

We will see what happens. If this lawsuit were to be affirmed at the circuit court level, I am assuming there would be an appeal by one side or the other. Yet, if we reach a point at which a court says the ACA is unconstitutional, I hope there is going to be a replacement that will provide all of the protections, all of the coverage, and all of the essential elements that were in the Affordable Care Act but that they will be done in a better way because that is what they have all promised on the other side. I don't think it is likely to happen. Something is going to give. Something will be cut. Something will be taken away or a lot more than that.

By way of an example, I will use only one number for today—642,000. I think

it is 642,700. That is the estimate of the number of children who live in Pennsylvania who have preexisting conditions. So any change in law by way of a court—a Federal court or the Supreme Court or otherwise—or any change in law pursuant to congressional action has to make sure, among many things, that every one of those 642,700 children in Pennsylvania has protections in place by law for preexisting conditions in addition to covering all of the other adults across Pennsylvania.

Basically, it is almost one out of every two Americans who has a preexisting condition. That is the rough estimate. That is a lot of people across the country. Some people believe, as well as there being some credible, reliable estimates, that it is north of 130 million Americans. So those are the only two numbers I will give.

The lawsuit is problematic. If that were all, that would be bad enough, but there are two things that are problematic when it comes to healthcare. One is that of the proposed cuts by the administration. Now, I realize House Republicans and Senate Republicans may not agree with the President's proposal, but he is in the same party, and his Budget Director is in the same party, and the Congress of the United States has to react to that budget proposal.

The administration proposed a 10-year Medicaid cut of \$1.5 trillion, and that is with a “t”—trillion—not billion. The administration proposed a \$1.5 trillion cut to Medicaid. It proposed a similar cut—or, I should say, a comparable cut but actually a lower number—to Medicare over 10 years of \$845 billion. You have to be able to say: OK, if it is the case that there is a credible replacement that provides the identical protections and coverage that the Affordable Care Act provided, what would happen to healthcare if you were to cut Medicaid by \$1.5 trillion and Medicare by \$845 billion?

You have to answer those questions if you are serious about healthcare. Now, if you are just kind of moving things around and having a talking point for a campaign, maybe that is different, but if you are serious about healthcare and if you are serious about coverage and if you are serious about there being an adverse impact on kids, on people with disabilities, and on seniors, you can't cut Medicaid by \$1.5 trillion.

One way to describe Medicaid is in the nursing home program for the middle class, in many instances. Medicaid is not a program for someone distant out there who is not worthy of our support and our help. Medicaid is about us. Medicaid is who we are because we decided more than 50 years ago that we are the United States of America, and we are the strongest country in the world for lots of reasons. Thank goodness we have the strongest military, and thank goodness we have the strongest economy. Yet we are also the

greatest country in the world because folks around the world have seen they can follow our example once in a while. They saw more than 50 years ago that we said, if you are a child in a low-income family or if you have a disability or if you are a senior who is trying to get into a nursing home, Medicaid is going to help you do that. We also passed Medicare at the same time.

So if you are serious about healthcare, you have to be really concerned about these budget cut proposals by the administration.

The third and last topic on this is the efforts undertaken by the administration, when in the midst of failing to repeal the Affordable Care Act and, thereafter, the efforts to sabotage the Affordable Care Act—and not in any way an overstatement—when you have an advertising budget to let people know that they can go to the exchanges—not the Medicaid expansion but the exchanges—to get healthcare coverage and to get a subsidy to help them purchase healthcare—maybe for the first time, millions of people got that opportunity, and millions still have it—in order for folks to know about that, to know about their eligibility, to know about the benefits of that, you have to advertise. We know that. The administration cut the advertising budget by only 90 percent—not quite 100 but a 90-percent cut in the advertising budget.

There are also other ways they have undermined and sabotaged the system. If you are concerned about healthcare, you have to be concerned about that sabotage, you have to be concerned about Medicaid and Medicare cuts, and you have to be concerned about this lawsuit.

We have a lot of work to do just to protect the gains—the coverage gains and the protection gains—that have been hard won over many years that benefit tens and tens of millions of Americans. I am not sure I can put a total number on them. So I hope those who are rooting for this lawsuit to be successful will have factored in all of that when that day comes, if it were to come, to change healthcare radically and dramatically for the American people.

I yield the floor.

The PRESIDING OFFICER (Mr. SULLIVAN). The majority leader.

### TRIBUTE TO DR. JOHN LOGAN

Mr. McCONNELL. Mr. President, on this recent Father's Day, Dr. John

Logan's granddaughter wanted to publicly honor his lifetime of service and success in western Kentucky. I have had the privilege to call John a friend for more than three decades, and I enjoyed reading the stories of his youth, his early medical career, and his many contributions to his community and our Commonwealth.

Growing up, John's baseball talent was apparent at an early age. In fact, he was still in middle school when he caught the local high school coach's attention. As the varsity team's catcher, John quickly stood out. One sports reporter even called him the best catcher in all western Kentucky. His skill was matched only by his passion for the game, even a broken elbow didn't stop him from playing in the 1955 State tournament.

During his senior year of high school, however, John began to hear a calling to help other people. It was a drive that took him away from the diamond and into medical school. After graduating from Western Kentucky University, John earned a rural medical scholarship to study at Vanderbilt University. His career in medicine began with a commitment to serve rural Kentucky communities most in need.

As a doctor, John and his new wife Jackie made a home in Sebree, KY, where his gifts were in high demand. Caring for Kentuckians across three counties, John quickly honed his skills and provided quality care to those in need. During his time in this small community, John learned that a physician must treat more than a patient's body. He began getting involved in a number of community organizations, and has dedicated his efforts to projects through the years to make Kentucky a better place.

Moving to Henderson and opening a private family practice, John also began working with the Henderson Fine Arts Center, the Depot on the Riverfront, and the YMCA. He worked to help provide scholarships for young people to attend college, paying forward the aid he received to fund his studies years before.

Many of Henderson's landmarks simply wouldn't exist without John's leadership. One of them, the Henderson Riverwalk, gave me a chance to join John's team to get the project done. It now bears a plaque recognizing his lasting imprint on this community. When this honor was unveiled, I was proud to recognize his life spent working for others. As he enjoys his well-deserved retirement, John continues to inspire others to contribute to their communities and improve our beloved Commonwealth.

I would like to thank Ashton Brooks Logan, John's granddaughter, for sharing these stories about his many achievements. It is my pleasure to recognize my dear friend today. I ask my Senate colleagues to join me in thanking Dr. John Logan for his years of dedication to western Kentucky, which is better because of him.

The Gleaner in Henderson, KY, recently published a profile of John's remarkable life. I ask unanimous consent that the article be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the Gleaner, June 15, 2019]

JOHN LOGAN WENT FROM CHASING HOME RUNS TO MAKING HOUSE CALLS  
(By Ashton Brooks Logan)

In the summer of 1950, there wasn't much to do in historical Edmonson County, Kentucky, other than get a few local kids together and enter a baseball tournament, in Bowling Green.

"We didn't have equipment, we didn't have uniforms, and we didn't have a coach, we just had nine guys," Dr. John Logan said recently.

But John's quick arm attracted the eye of Louis Durbin, the Brownsville High School's baseball coach, when the team was short a catcher.

Logan was just in the sixth grade when Coach Durbin gave him an offer to play on their varsity team in 1951.

"I started without a mask and I still have the scar under my left eye to prove it," Logan said. Logan's passion for baseball, paired with an eye for throwing out players who stole second base, led him to play for the Bowling Green American Legion team.

Even now, his eyes brighten and cheeks lift with a smile as he talks about his time on the team. He believes his claim to fame was the 1955 state tournament when he played three games with a broken right elbow—without ever letting the fact on to the other team.

"I couldn't even warm up the pitcher. I could barely step in front of the plate and flip it to him," he said. "The coach and I had a little plan and it was unbelievable, but it happened."

To his advantage, his team had already faced its opposition in the previous year's state tournament and won. He can't remember how many runners tried to steal second in that first go-round, but he recalls throwing out every one of them.

Apparently they were still scared of Logan's arm.

"Now tell me somethin'," the opposing coach said a little later in the hotel lobby, after Logan's team won the tournament. "I don't recall you throwin' a single ball to second base, you got a problem or something?"

John simply looked at him, smiled and said, "Well, just a broken elbow, but other than that I'm fine!"

Later that year, a sports reporter wrote in a local paper that he believed Logan was the best catcher in all of Western Kentucky.

Logan was at a crossroads. He had a passion to play ball but a burning drive to help those around him.

Dr. Eugene Farmer, a family physician in Brownsville took Logan under his wing, allowing him to shadow his work at a young age. And after transferring to Bowling Green High School his senior year, Logan buckled down on his studies.

A week following his graduation from BGHS, he was enrolled in summer school at Western Kentucky University in 1955. He then went straight through undergraduate, graduating in 1957 and that fall enrolled in medical studies at Vanderbilt University.

He was on a rural medical scholarship that clearly stated for every year he attended school, he must spend a year in rural Kentucky. So he settled in Sebree, Kentucky, the Webster County hometown of his new wife, Jackie Barnett Logan, and opened his own practice.

"I made house calls and took care of three different counties . . . I admitted patients to hospitals that were 16 miles away on a two-lane road," Logan says. "I must have aged 15 years in that period of time."

He recalls times that he had no idea what he was coming up on.

Remembering a time that a woman called him to a car accident outside of her house, he describes jumping in his car and riding to the scene to see a car turned over in a ditch and hearing a child's cries.

Working his way in the ditch, he immediately saw a child's leg hanging out of the door and thought to himself, her limb has been severed.

Finally, after laying the child on the bank and checking her vitals, he looks at the child's face only to realize it was his second eldest daughter, Sarah. His initial fears were unfounded; she walked away that day with nothing more than a few bruises.

"Talk about something shocking," Logan said. "We dealt with things that you never thought would happen."

After leaving his practice in Sebree in 1967, he and Dr. Kenneth Eblen formed a partnership to open a private family practice in Henderson.

In 1986 Logan moved to hospital administration at Methodist Hospital where he held the position of medical director.

During his time as medical director he started and managed the intern and resident program among various other duties until he retired in the spring of 2018.

Dr. Logan still has an passion for playing ball, and those who also share a love for the sport.

While still practicing medicine in Sebree, he was approached by a man who was interested in baseball and wanted to better the current field in the county. Almost 50 years later and the baseball park is still functioning, seeing hundreds and hundreds of ball players coming through its diamonds in the years.

"I feel strongly that professional people, too many times, in their own community use the excuse of not helping out in community organizations because they are too busy," Logan said.

"(But) these things made an impact. These things made an impression. These things help people's lives. That is what you feel good about as well as helping people, physically."

Logan has been deeply involved in the community of Henderson through major projects such as the Henderson Fine Arts Center, the Depot on the Riverfront the Riverwalk, the YMCA, and the Colonels to College scholarship that ensures students graduating from Henderson County High School will get to attend two years of college.

According to Logan, baseball taught him so much more than how to throw out the runner at second base.

"One of the biggest things, sugar, is discipline. Sometimes you go when you feel like you can't go but you've to do to get job done and baseball, to me was that," Logan said.

"It was a team effort to reach a certain goal and my goal in life and what I went into medicine for, was to help people. I've done a lot in the community that has nothing to do with medicine because it's the same thing. I think everybody owes something back and that, I think, is a driving force."

Dr. Logan is now retired and resides in Henderson with his wife Jackie. He still serves on various charitable boards and loves to spend time in his garden when he isn't busy catching crappie on Barkley Lake.

TRIBUTE TO DR. CHRISTOPHER J. SCOLESE

Mr. CARDIN. Mr. President, just before the July recess, the Senate confirmed the nomination of Dr. Christopher J. Scolese to serve as Director of the National Reconnaissance Office, NRO. I doubt there is any individual more qualified for the job. I supported the nomination, but it was bittersweet because Chris has left his post as Director of NASA's Goddard Space Flight Center in Greenbelt, MD. Chris was the longest serving Director in Goddard's illustrious history.

Chris is well-suited to run the NRO. To put the matter simply, he knows how to put stuff into space and make it work. I will provide just one example: the Terra mission. Chris was the project manager. Terra was supposed to be a 5-year Earth science mission that has now lasted 20 years. Terra explores the connections between Earth's atmosphere, land, snow and ice, ocean, and energy balance to further our understanding of our home planet.

I know the NRO is headquartered in Virginia, but with Chris at the helm, we Marylanders will consider it part of our State, just as we consider the Wallops Flight Facility to be part of Maryland. I was down at Wallops on April 17 for the successful commercial resupply services, CRS launch to the International Space Station and I visited Goddard on March 4 to discuss the impact of the 35-day government shutdown and the budget picture going forward with Chris and the Goddard workforce.

Chris certainly has the academic credentials for the job. He holds a bachelor of science degree in electrical and computer engineering from the State University of New York at Buffalo, and he earned a master's degree in electrical and computer engineering and a Ph.D. in systems engineering from George Washington University. After Chris earned his bachelor's degree, ADM Hyman Rickover personally selected him to serve at Naval Sea Systems Command, NAVSEA, where he worked on the development of instrument and multi-processor systems for the U.S. Navy and the Department of Energy. I think anyone who could pass muster with Admiral Rickover can handle just about anything, including running the NRO.

Chris's stint in the Nuclear Navy from 1978 to 1986 was just the beginning of a long, distinguished career in public service. In 1987, he joined Goddard's Earth Science team and became Earth Science Program Manager and Deputy Director of Flight Projects. Later, he moved to NASA Headquarters as Deputy Associate Administrator for Space Science for 3 years before returning to Goddard where he rose to become Deputy Director. Chris then returned to NASA Headquarters, first as Chief Engineer and then as Associate Administrator, which is the top civil servant at the Agency. He served as Acting Administrator from January to July of

2009. He went back to Goddard, where he became Director in 2012.

I think that moving over to the helm of NRO is a natural fit for Chris since Goddard manages many of NASA's space telescope programs, including the Hubble Space Telescope and the Wide-Field Infrared Survey Telescope, WFIRST, that have a technology heritage from NRO's satellites.

I have enjoyed getting to know and working with Chris over the past several years. He developed great relationships with the Maryland delegation and with local officials. He is a subject matter expert and an excellent manager. He has an upbeat, amiable, and collegial personality that brings out the best in the people who work with him. Goddard employees from custodians and bus drivers to Nobel laureates felt free to engage with Chris. He listens and relates to everyone as a colleague. Former Dodgers' manager Leo Durocher famously said that nice guys finish last. He didn't know Chris. Chris is a genuinely nice guy who has come out on top, and deservedly so.

Chris instituted a culture of diversity and inclusion at Goddard, and I am sure he will do the same at NRO. He is committed to inspiring the next generation. He has a great interest in STEM and talking with students. Goddard hosted over 500 interns every year while Chris was Director. He routinely referred students and young adults whom he met to Goddard's education director so they could learn more about working at Goddard. He has been committed to early career professionals and always included their voice in senior staff retreats. Above all, Chris is a dedicated public servant with the accolades and awards to prove it, including the 2018 American Institute of Aeronautics & Astronautics Von Karman Award, the Presidential Rank Award of Meritorious Executive, and the NASA Distinguished Leadership Medal, among many others.

Whenever we talk about public servants, it is important to mention their spouses and other family members whose own sacrifices enable and support that service. I would be remiss if I failed to mention Chris's wife, Dianne, and their children: daughter Jenni and her husband Mark; son Dan and his wife Maura and their daughter Maddie who is Chris and Dianne's granddaughter; daughter Lauren and her fiancé Ian; and daughter Anna.

Chris may be from New York, and he may live and now work in Virginia, but we Marylanders will always consider him as one of our own, and we are grateful for his distinguished service to our Nation. I have no doubt that he will be a superb NRO Director.

TRIBUTE TO MAJOR GENERAL BARBARA R. HOLCOMB

Mr. DAINES. Mr. President, today I wish to honor MG Barbara R. Holcomb for her 32 years of service in our Armed

Forces, most notably, as the first female commanding general at the U.S. Army Medical Research and Development Command at Fort Detrick and chief of the U.S. Army Nurse Corps. Major General Holcomb grew up in the small town of Miles City, MT, and joined the Army Reserve Officer Training Corp, ROTC, following her first year of nursing school at Seattle University. She completed her education as a distinguished military graduate with a bachelor of science in nursing. She continued her exceptional career with service to our country and continued Montana's proud heritage of military service and firsts in female leadership.

Major General Holcomb goes above and beyond as a leader and, as such, was chosen to speak at the 2018 Women in Leadership Summit at the Aberdeen Proving Ground. She shared her experience in finding balance as a leader and the importance of a leader getting to know themselves and their peers. Even though she was not allowed to serve in a battalion commander position as a cadet in ROTC, she became a commander as a captain and commanded at every rank thereafter. It is this commitment to strong leadership and personal growth that has led her to a long and successful career in the Army and distinguishes her as an exceptional Montanan.

It is not without good reason that Major General Holcomb has received many awards, including a Distinguished Service Medal, Bronze Star, and membership in the Order of Military Medical Merit. Between her focus on the personal, human aspect of healthcare, her commitment to continued education, and the selfless passion with which she serves her country, Major General Holcomb embodies what it means to be an outstanding leader and individual.

Upon her retirement, the U.S. Army will be losing one of their most valuable assets; however, the example of leadership that she has set for so many will leave a lasting impact on the quality of this nation's Army Nurse Corps and, consequently, the quality of care that our Nation's soldiers will receive. Montana is proud to call her one of our own.

I would like to recognize Major General Barbara R. Holcomb, her personal accomplishments, and contributions to this country.

ADDITIONAL STATEMENTS

TRIBUTE TO DAVID BLOM

• Mr. BROWN. Mr. President, I rise today to recognize the career and service of David P. Blom, who will retire later this month after serving as the president and CEO of OhioHealth since 2002. Under David's leadership, OhioHealth has grown its legacy of providing high-quality care to patients across central Ohio, including residents of my hometown, Mansfield.

In the 17 years since David became CEO, OhioHealth has tripled in size. David spearheaded initiatives like the OhioHealth Research & Innovation Institute, which makes significant contributions to the field of research around new drugs, medical devices, and procedures. His focus on installing new technology has helped to drastically reduce errors in medication and patient identification across the OhioHealth system.

During David's tenure as CEO, OhioHealth has been named one of the top 100 places to work by Fortune Magazine for 12 consecutive years. In 2016, David was honored with the Columbus Award, and in 2009, he was inducted into the Central Ohio Business Hall of Fame. He currently serves on the boards of the Columbus Foundation, Columbus Downtown Development Commission, Columbus Partnership, Vizient, and Healthy Roster. But beyond all that, it is David's commitment to the communities OhioHealth serves that truly sets him apart as a leader.

David was instrumental in establishing Wellness on Wheels Women's Health, a mobile health clinic which provides prenatal care to women in high-risk communities. This program has been invaluable in saving the lives of the most vulnerable among us.

In 2015, David was selected as one of 15 members to serve on the Veterans Affairs Commission on Care, a task force that developed critical reforms to veterans' healthcare. Out of this came the VA MISSION Act, which aims to improve veterans' access to effective and timely health care. These reforms would not have been possible without David's expertise and sense of service.

We are fortunate to be able to count David among the ranks of great Ohioans. His innovative leadership has touched lives in my State and across the Nation. I wish David all the best in his retirement and thank him for his years of service in central Ohio.●

● Mr. PORTMAN. Mr. President, today I wish to recognize the career and accomplishments of David Blom, retiring CEO of OhioHealth.

David began his career with OhioHealth in 1983. Working through various roles in the health care system, he was named CEO of OhioHealth in 2002.

In his first year as CEO, after several tough years with losses, David led OhioHealth to report a \$23 million profit. Over the last 17 years at the helm, he has presided over expansion in and beyond central Ohio. OhioHealth has nearly tripled system revenue and has grown its central Ohio market share while working to unite the culture of multiple hospitals, outpatient sites, and physician practices.

Today, OhioHealth is a \$4 billion system of 12 hospitals and more than 200 outpatient sites. The organization has 29,000 associates, 3,600 physicians, and 3,000 volunteers across 48 counties in Ohio.

Under David's leadership, OhioHealth has become a major central Ohio employer and economic driver.

David also cares deeply about the central Ohio community that he has called home for so many years. He has served on the boards of the Columbus Partnership, the Columbus Downtown Development Corporation, and the Columbus Foundation. He was also instrumental in creating Columbus 2020, the economic development arm for central Ohio.

Under David's leadership, OhioHealth has had a substantial positive impact in Ohio, and I want to thank him for his service and leadership.

I wish David the best in the next chapter of his life.●

#### TRIBUTE TO COLONEL JOEL WARHURST

● Mr. SHELBY. Mr. President, today, I wish to honor COL Joel Warhurst as he relinquishes command of the Anniston Army Depot, effective on July 25, 2019. In July 2017, Colonel Warhurst became the 35th commander of the depot. His command tenure oversaw an annual \$850 million operating revenue and led a workforce consisting of 2,800 people. He has devoted over 20 years of loyal service to our country and has acquired important leadership positions and notable recognitions along the way.

HONORING SERGEANT MIKE  
STEPHEN

Mr. BOOZMAN. Mr. President, I rise today to honor the service and sacrifice of Sergeant Mike Stephen of the Stone County Sheriff's Office. Sergeant Stephen was mortally wounded in the line of duty on July 18, 2019.

As a veteran of the U.S. Army who spent 20 years in law enforcement, Mike Stephen was a true public servant. He bravely wore many of the uniforms we associate with serving and protecting communities. And his work didn't stop in his own community; he also advocated for his brothers and sisters in blue before the Arkansas State Legislature.

Mike's second home was the fire station. He started serving at the Pineville Fire Department when he was 16 years old, and for the last 11 years, he served as chief. His colleagues at the fire department had great respect and admiration for him. He was known as a leader who put 110 percent into everything he did.

Sergeant Stephen's colleagues in the sheriff's office will remember him as a man who led from the front and pushed everyone to do better.

Sergeant Stephen truly was a hero. We honor his service and sacrifice. Certainly my thoughts and prayers are with his wife Susan, along with many other family members, friends, and colleagues in the law enforcement community. I humbly offer my sincere condolences as they grieve Mike's passing.

I stand with all Arkansans in expressing our heartfelt gratitude for Sergeant Stephen's steadfast devotion to serve as a law enforcement officer. It takes a special person to put their life on the line every day to protect our communities. Sergeant Stephen exemplified what it meant to serve and protect, running toward danger as an Army veteran, a member of the Stone County Sheriff's Office, and as Pineville fire chief. Arkansas will be forever grateful for his sacrifice.

SUMMER FOOD SERVICE PROGRAM

Mr. BOOZMAN. Mr. President, today's heat index is a brutal reminder that we are in the height of summer. While we all struggle to stay cool, too many children across the country have to deal with an additional discomfort this time of the year—hunger.

We can't control the temperature outside, but we do have an opportunity to help relieve their hunger pangs by modernizing USDA's Summer Food Service Program, which offers children from low-income families free lunch and snacks in the summer.

The Summer Food Service Program is hamstrung by rules that date back to the 1960s and dictate a one-size-fits-all approach to the problem. Because of this, five out of six of the children who participate in the school lunch program during the school year miss out on meals during the summer. The program falls short because it is inflexible. It requires that children travel to

a central location and eat their meals together. While this works well in some communities, too many children still go hungry during the summer.

More than 14 million low-income children across the country live in communities that are ineligible to operate an open summer meals site. Even in communities where there are sites, access can be far from easy. Lack of transportation and extreme weather often keep children away. In rural areas, where roughly 3 million low-income children live, the closest site could be several miles away.

Senator LEAHY and I are leading a bipartisan charge to overcome this challenge and make Federal child nutrition programs more efficient, flexible, and better equipped to reach children in need. Our bill, the Hunger-Free Summer for Kids Act of 2019, brings together Senators from different regions with views across the political spectrum in an effort to address this issue. It counts the majority leader as one of its original cosponsors, as well as Senators BROWN, HYDE-SMITH, BENNET, and HOEVEN. I am grateful for their support. We hope to add more names to this coalition moving forward.

The bipartisan group teamed up because we have seen the need for more options to end hunger in our communities and share a belief that the best solutions to this problem come from the ground up. The changes we have put forward come directly from the leaders of organizations in our communities who are dedicated to ensuring children do not go hungry during the summertime. They have seen firsthand how difficult these summer months are for children who are unable to access meals at a central location. Their expertise and ideas helped us fashion alternative options to provide States with flexibility that will help fill the gaps where the programs fall short.

The solution proposed by the Hunger-Free Summer for Kids Act of 2019 channels the energy and want-to of these helpers to make the summer meals program work for all areas of the country. Kathy Webb, executive director of the Arkansas Hunger Relief Alliance, is one of those leaders on the ground in my State. She said the Hunger-Free Summer for Kids Act of 2019 will make a "significant difference" because it "provides the options families need to overcome barriers to access nutritious food their kids need in the summer."

I would stress that the organizations that provide summer meals at centralized locations do an excellent job. Not only do they supply nutritious meals children need to ensure their development does not suffer while out of school, but they also provide educational and recreational activities in a social setting. But, again, this doesn't work for every child in need. Too many are falling through the cracks. In fact, summer meals currently reach less than 20 percent of children who participate in similar programs during the school year.

Our bill proposes two alternative options States could utilize through the Summer Food Service Program to reach these kids. The first would allow for meals to be consumed off-site through innovative means, like mobile feeding, and other programs, such as the backpack meals. The other option would authorize the summer EBT program, which would provide eligible families \$30 per summer month per child, with a maximum of \$100 per child per year, to purchase food from approved retailers. Summer EBT was shown to reduce child hunger by over 30 percent in USDA pilot programs.

To my colleagues, as you plan your itinerary for the August work period, I encourage you to visit summer feeding programs in your communities. Talk to those on the frontlines of this effort and ask them about our proposed changes to the Summer Food Service Program. I think you will find they face similar challenges to those we are seeking to overcome with the Hunger-Free Summer for Kids Act of 2019. August is the ideal time to see how organizations in your communities are using the program to help those in need and how these proposed changes will help them increase their reach.

I yield the floor.

## EXTENSIONS OF REMARKS

HONORING MELINDA WALKER ON HER RETIREMENT AS CHIEF REPORTER OF DEBATES

**HON. NANCY PELOSI**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, July 22, 2019

Ms. PELOSI. Madam Speaker, I rise to recognize Melinda Walker, the Chief Reporter of Debates, on her retirement in August after more than 20 years of outstanding service to the House of Representatives.

Ms. Walker has brought great effectiveness and integrity to this critical position, which has long been vital to the transparency and accessibility of Article I, the Legislative Branch, to the American people. She carries on the long, storied tradition of shorthand reporters of debates, upon whom the House has relied for nearly two centuries to ensure that the People's House can be open and accountable to the American people.

A proud native of Texas, Ms. Walker came to the House in 1999 after serving as a court reporter for the UN International Criminal Tribunal for Rwanda in Arusha, Tanzania. Her career began after graduating from the Stenograph Institute of Texas in 1989, and her skills took her around the country and the world, with positions in England, the Caribbean, and South Africa.

Ms. Walker has led a career of great distinction in the House. She has reported both House committee hearings and Floor proceedings, and has taken down committee testimony from two Chief Justices of the United States and three Secretaries of State, among many others. On the Floor, Ms. Walker has reported the State of the Union messages for three Presidents as well as the speeches of numerous foreign dignitaries during Joint Meetings of Congress.

Upon her promotion to Chief Reporter in 2015, she led the team of court reporters and staff in charge of the production of the CONGRESSIONAL RECORD. She has distinguished herself by the excellence with which she has mastered intricate parliamentary nuances of House proceedings and by her passion for and commitment to this institution. Among her many contributions to the House is the legacy she leaves through the 200-page style and format manual that she fully revised and updated for the Office of Official Reporters, which will serve as a resource for years to come.

Ms. Walker is recognized by the National Court Reporters Association as a Registered Professional Reporter, a Certified Manager of Reporting Services, and is a Certified Shorthand Reporter in Texas. She plans to return to her hometown of San Saba, Texas, and spend more time with her family and faithful hound dog, Bleu.

Madam Speaker, Ms. Walker has joined a long and distinguished tradition of dedicated, nonpartisan service to the House, and I join her staff and many others in wishing her the very best in retirement.

COMMEMORATING THE 50TH ANNIVERSARY OF THE "APOLLO 11" MOON LANDING

**HON. SHEILA JACKSON LEE**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 22, 2019

Ms. JACKSON LEE. Madam Speaker, on July 20 our nation commemorated the 50th Anniversary of the Moon Landing.

I remember July 20, 1969, when astronauts Neil Armstrong and Edwin "Buzz" Aldrin became the first humans ever to land on the moon.

With the words "the Eagle has Landed," their place in history was secured.

I hold the men and women who made that day possible in great regard for their tireless work to make it possible in my lifetime to see people depart our tiny blue planet and visit another world.

To young people listening today this may sound like science fiction, but for those of us fortunate enough to have witnessed the event it is science fact.

Since the beginning of mankind, we have been driven by curiosity and a wonder of what is next for humanity.

In 1865, Jules Verne's "From the Earth to the Moon" was published.

"From the Earth to the Moon," was a humorous science fantasy story about three members of a post-American Civil War gun club efforts to build a spaceship to the moon.

A little over a century later, the men and women of NASA made that science fiction story science fact.

People have wondered about our place in the cosmos for as long as we have been able to look up into the night sky and see the stars.

And of course, after witnessing the moon landing, we have been dared by our own sense of imagination and possibility to slip the surly bonds of earth, ascend to the heavens.

The visionary who made this possible was the nation's youngest elected president, John Fitzgerald Kennedy, the 36th President of the United States of America.

His election as president fired the imagination of a nation that was redefining its role on the world stage following World War II.

He said in his inaugural speech "Ask not what your country can do for you, ask what you can do for your country."

President Kennedy understood that for freedom to prosper in the world America must lead the way and that we did not have a person to waste—that we needed everyone's talents.

Most of all, John Kennedy was a man who never stopped thinking about tomorrow or working to realize the full promise of America.

And he understood that we all had a place in that future and a role to play in bringing it about.

John Kennedy believed there was nothing America could not achieve once it set its mind to it.

In September 1962, President Kennedy delivered his famous Moon Speech at Rice University in the city of Houston, Texas, and committed America to send a man to the moon and to bring him safely home before the end of the decade.

Asked why we should go to the moon, President Kennedy said:

"We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard."

To anyone who might doubt America's ability to make good on this commitment, President Kennedy said, "this country of the United States was not built by those who waited and rested and wished to look behind them.

"This country was conquered by those who moved forward—and so will space."

It is with an awe of that sense of exploration that I commemorate the 50th Anniversary of the *Apollo 11* moon landing.

In one fell swoop, President Kennedy harnessed our competitive drive and merged it with mankind's relentless pursuit of discovery and information and knowledge.

"It was a bold proposition, not because of this challenge, but also because of our standing in the Space Race.

Just four years before Kennedy's Moon Speech, the Soviets had released Sputnik into orbit, as the first unmanned satellite, and in the process taken the lead in the global space race.

Our confidence shaken, we set out to work on the mission before us.

The 1960s were a tumultuous time in our pursuit of the moon's surface—Vietnam, Civil Rights, and the Cold War vied for our attention.

A few years ago, the book "Hidden Figures," about three African American women who made significant contributions to the space program was made into a motion picture.

Their contributions and those of hundreds of women was revealed for the first time.

There are thousands of hidden figures who contributed to the pinnacle of human achievement—human space flight and men walking on the moon.

More important, it revealed the capacity of an America absent discrimination to outperform the world on the most difficult of human endeavors—landing a man on the moon and returning him safely to Earth.

Our path to the moon was not linear and not without setbacks.

Before we could celebrate the triumph of the *Apollo 11* crew and the valor of Neil Armstrong, Buzz Aldrin, and Michael Collins, we mourned the crew of *Apollo 1*, Gus Grissom, Edward White, and Roger Chaffee who died tragically during a launch test.

Before we could walk on the moon, it was necessary first to orbit the Earth.

Indeed, the journey to Mare Tranquillitatis was long, and a collective, national endeavor.

The challenge would be the pursuit of three presidents until, on July 20, 1969, the crew of *Apollo 11* touched down on the Moon's surface.

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

The words uttered by Neil Armstrong were instantly immortalized, and can be recited by every child, then and now: "One small step for man, one giant leap for mankind."

This was a moment for joy and celebration for the entire nation.

But for those of us from Houston, this moment is an occasion of unique pride.

The flight to the Moon, and indeed all manned flights, have been guided by the brilliant and hardworking men and women working in Mission Control at the NASA Johnson Space Center of Houston, who, for close to 60 years, have been the steady hand, guiding manned space exploration.

I thank them for all that they do and urge all who will hear these words to maintain that same sense of discovery and exploration and wonder for what lies next for us.

And, I invoke President Kennedy's admonition to us from 58 years ago, that we should not be motivated simply by what is easy, but that we should meet the difficult challenge and savor what can be accomplished by our collective efforts.

Therefore—I seek out ways each day to touch this part of American exceptionalism—our ability to take all that we know about science, seek out new knowledge, bring the talents of all our people regardless of gender, race, or ethnicity and apply our resources to solving problems.

We can prevail against global climate change, cure cancer, end pandemics, and poverty—by pursuing these ends with the same focus and determination that our nation brought to bear in facing the challenge of landing people on the moon.

I congratulate the men and women of NASA past, present and future in making science fiction—science fact.

Today, we celebrate our trip to the moon.

I look forward to our celebration of our nation sending the first humans to Mars.

**HONORING LUCINDA MARIE LOPEZ  
FOR RECEIVING THE GIRL  
SCOUT GOLD AWARD**

**HON. FILEMON VELA**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. VELA. Madam Speaker, I rise today to honor Lucinda Marie Lopez, who has earned the Girl Scouts of the USA Gold Award.

Lucinda joins a select group of scouts to obtain this recognition. The Gold Award symbolizes an individual's outstanding accomplishments in leadership, community service, career planning, and personal development. The award requires earning four interest project patches, the Career Exploration Pin, the Senior Girl Scout Leadership Award, and completing the Senior Girl Scout Challenge. A scout must also complete a Gold Project, in which scouts identify and lead a project on a pressing issue in the community.

Inspired by the work and leadership of Girl Scout's founder Juliette Low, Lucinda assembled a replica of Low's childhood home for display at Brownsville's Holiday Village. Her model helped to inspire our children and instill in them values championed by the Girl Scouts. This project required remarkable creativity and attention to detail in order to bring an exhibit

of such magnitude to life. Additionally, she designed a patch of the Holiday Village, which her fellow Girl Scouts earn by visiting the village.

It is a great honor to recognize Lucinda Marie Lopez for her dedication and unwavering service. I am confident that the skills and life lessons she learns through Girl Scouts will prove to be invaluable in her future endeavors. I ask my colleagues to join me in recognizing her achievements, work, and service.

**WOMEN'S HISTORY HONOREE:  
CATHERINE ELIZABETH MCCARTHY**

**HON. DARREN SOTO**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. SOTO. Madam Speaker, I retract the Congressional recognition of Ms. Catherine Elizabeth McCarthy.

Congressional recognition of one's accomplishments is a solemn honor and privilege conferred to people that have earned it through their service to their community. Catherine Elizabeth McCarthy is wholly undeserving of this honor, as she deceived the community about her medical credentials and did not perform any of the actions described in the recognition. While I understand that I cannot make a retraction of my March 11, 2019 remarks made in the CONGRESSIONAL RECORD, I formally submit this statement as a substitute for my earlier comments.

**HONORING COLONEL L. OMAR  
LOMAS**

**HON. VICENTE GONZALEZ**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. GONZALEZ of Texas. Madam Speaker, I rise today to honor Colonel L. Omar Lomas, an Army veteran, and a dedicated community leader. On July 18, 2019, he took command of 42D Military Police Brigade.

Colonel Lomas is a native of Texas's 15th Congressional District, born in McAllen, Texas. In 1996, he graduated from Texas State University, formerly known as Southwest Texas State, as a Distinguished Military Graduate through their ROTC program, earning his Bachelor of Science in Criminal Justice. In August 1996, Colonel Lomas enlisted and served as an Army soldier in Operations Desert Shield/Storm. After serving, he obtained two Masters degrees, one in Business and Security Administration from Webster University and another in Strategic Studies from the U.S. Army War College. Colonel Lomas engaged in a variety of impressive learning opportunities including the Military Police Officer Basic course, the Captain's Career course, the Combined Arms Services Staff School, Command and General Staff College, the U.S. Army War College, the U.S. Army Air Assault and Airborne courses, and the Army Force Management Course.

Colonel Lomas has honorably served in key leadership roles in our military; serving as a Platoon Leader to Commander for the Military

Police at Fort McClellan, Fort Polk, Fort Hood, Fort Riley, Schofield Barracks, and in Kandahar, Afghanistan. Colonel Lomas also served as Operations Officer, Directorate of Emergency Services, Fort Riley Kansas; Military Police Observer Coach/Trainer, Mission Command Training Program, Fort Leavenworth, Kansas; Deputy Director, Defense Forensics and Biometrics Agency, Pentagon; and Strategic Initiatives Group Chief, Office of the Provost Marshal General, Pentagon.

Colonel Lomas has received several awards and distinctions, including the Bronze Star Medal (3 OLC), the Meritorious Service Medal (4 OCL), the Joint Commendation Medal, the Army Commendation Medal (3 OLC), the Army Achievement Medal (3 OLC), the National Defense Service Medal (1 Bronze Star), the Armed Forces Expeditionary Medal, the Southwest Asia Service Medal (3rd Bronze Star), the Afghanistan and Iraqi Campaign Medals, the Global War on Terrorism Expeditionary and Service Medals, the Liberation of Kuwait Medal, the Defense of Saudi Arabia Medal, the Order of the Marechausee (Bronze), the Combat Action, Air Assault and Parachutist's badges, and the Army Staff Badge.

Madam Speaker, Colonel L. Omar Lomas has dedicated his life to defending our country and the freedoms we hold dear. It is an honor to represent a hero who has exemplified leadership, scholarship, and selfless service. There is no doubt in my mind that Colonel Lomas will excel with 42D Military Police Brigade. I wish Colonel L. Omar Lomas, his wife Edna Georgina Garcia, and his children Maria, Miguel, Mateo, and Diego the best in their future endeavors.

**HONORING THE MOYE FAMILY'S  
COMMITMENT TO COMMUNITY  
AND FAMILY**

**HON. BRIAN HIGGINS**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. HIGGINS of New York. Madam Speaker, I rise today to recognize the rich history of the Moyer Family and their commitment to maintaining the values of loyalty and community.

Jacqueline Johnson, a constituent and Buffalo resident who worked for many years in the Buffalo Public School District, brought the Moyer family history to my attention as they gather in Buffalo to celebrate their 39th annual family reunion.

The Moyer family history begins in South Carolina, with the marriage of Ezra Moyer to Sarah Howard. This union produced six children, Willis, Sonny, Ezra Moyer Jr., aka "Bud", Millie, Rachel, and Margaret. From these six children, the Moyer family has grown exponentially.

The firstborn in the next generation of Moyer's is Lawrence Moyer, the son of Willis and Mattie. Prior to Lawrence's birth, all previous Moyer ancestors had lived under the crushing burden of slavery. In 1865, Lawrence was freed from slavery, and in his first display of true freedom he chose to marry two weeks later. His love for his new wife Charlotte was unbounded by slavery, and he seized this opportunity to benefit the generations of his family to come.

Willis, Sonny, Ezra, Millie, Rachel, and Margaret endured the unspeakable hardships of slavery. Even after slavery was legally abolished, injustices in education, employment, and law enforcement have had an impact on African Americans in our society. Despite this, communities of strength and virtue have prevailed, as we bear witness today at this Moye family reunion.

While this is the 39th annual Moye family reunion, it is the first one being held in Buffalo, and the city is honored to be the site of celebration for a family with such rich history and traditions. Family members descending from Eugene and Minnie, Daisy and Joseph, and Georgia and Neb live in Buffalo today. Moye family members began moving to Western New York as early as the 1930's, and thanks to the Moye Family Historian, Gregory Moye, we are able to recount some aspects of the family history today.

The Moye family is the embodiment of a virtuous family with a rich history of obstacles that ultimately led to great perseverance and triumph. Family members from all around the country have traveled and sacrificed to be here today, for the simple and beautiful reason of celebrating family with one another. Buffalo is honored to have been called home for many members of the Moye family and I would ask my colleagues to join me in extending a warm welcome to each member of the Moye family and extend our best wishes for an enjoyable successful celebration this year and for generations to come.

HONORING ANDREA AGUILAR FOR RECEIVING THE GIRL SCOUT GOLD AWARD

**HON. FILEMON VELA**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. VELA. Madam Speaker, I rise today to honor Andrea Aileen Aguilar, who has earned the Girl Scouts of the USA Gold Award.

Andrea joins a select group of scouts to obtain this recognition. The Gold Award symbolizes an individual's outstanding accomplishments in leadership, community service, career planning, and personal development. The award requires earning four interest project patches, the Career Exploration Pin, the Senior Girl Scout Leadership Award, and completing the Senior Girl Scout Challenge. A scout must also complete a Gold Project, in which scouts identify and lead a project on a pressing issue in the community.

For her Gold Project, Andrea installed a bicycle rack and a repair station with sidewalks and landscaping at the National Historical Park—Resaca De La Palma Battlefield in Brownsville, Texas. Andrea worked with local businesses to secure labor and material. I am proud of her work ethic and ability to improve community access to an historic landmark through this project.

It is a great honor to recognize Andrea Aileen Aguilar for her dedication and unwavering service. I am confident that the skills and life lessons she learns through Girl Scouts will prove to be invaluable in her future endeavors. I ask my colleagues to join me in recognizing her achievements, work, and service.

RAISE THE WAGE ACT

SPEECH OF

**HON. DAVID B. MCKINLEY**

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 18, 2019*

Mr. MCKINLEY. Mr. Speaker, working Americans are rightfully concerned with their salaries and wages. H.R. 582, the "Raise the Wage Act" was an attempt to address this issue by increasing the minimum wage up to \$15/hour. Unfortunately, this is not the right approach. The nonpartisan Congressional Budget Office (CBO) stated that this could result in the loss of up to 3.7 million jobs.

Incremental increases in the federal minimum wage are appropriate, and I was proud to support West Virginia's recent increase of the minimum wage to \$8.75/hour. But the fact is, H.R. 582 did not account for regional differences in cost of living. \$15/hour may work for places like Manhattan and San Francisco but would devastate small businesses in the Mountain State.

Further, such a drastic increase in the minimum wage would harm those workers that this bill claims to help. CBO has estimated that of the millions of jobs lost, 46 percent will be young workers and 38 percent will be those without a high school diploma. For every person lifted out of poverty by this bill, another 1 to 3 jobs would be put at risk.

If Democrats in Congress are serious about addressing issues surrounding the minimum wage, they should have proposed legislation that accounts for regional factors and slowly increases it to a more reasonable level, instead of pushing a one size fits all 107 percent increase nationwide. Unfortunately, this legislation would have been unworkable for West Virginia and I was given no other choice but to oppose it.

TRIBUTE TO DR. SUZANNE EATON

**HON. DENVER RIGGLEMAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. RIGGLEMAN. Madam Speaker, our hearts are heavy as we mourn the loss of Dr. Suzanne Eaton, an American biologist who was murdered in Greece on July 2nd. Dr. Eaton worked at the Max Planck Institute at Dresden University in Germany, where she was a leader in the field of molecular biology. Her colleagues described her as a woman with an insatiable curiosity and a humble, loving heart.

The legacy she leaves behind is not one of sorrow. Instead, it is a legacy of discovery. Dr. Eaton's work advanced our understanding of the building blocks of life, and in doing so, provided an invaluable contribution to the understanding of humankind. For this, and for her, we are grateful.

Today, it is my hope that we can remember here in this chamber her work, her life, and her legacy.

HONORING ABIGAIL ELIZABETH ROCHA FOR ACHIEVING THE GIRL SCOUT GOLD AWARD

**HON. FILEMON VELA**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. VELA. Madam Speaker, I rise today to honor Abigail Elizabeth Rocha, who has earned the Girl Scouts of the USA Gold Award.

Abigail joins a select group of scouts to obtain this recognition. The Gold Award symbolizes an individual's outstanding accomplishments in leadership, community service, career planning, and personal development. The award requires earning four interest project patches, the Career Exploration Pin, the Senior Girl Scout Leadership Award, and completing the Senior Girl Scout Challenge. A scout must also complete a Gold Project, in which scouts identify and lead a project on a pressing issue in the community.

For her Gold Project, Abigail built five libraries, three in Matamoros, Tamaulipas, Mexico and two in Brownsville, Texas. An avid reader, Abigail excelled in her goal of providing both communities with access to books. I applaud her vision and ambition as she diligently worked on both sides of our border to get the communities involved in this project. Her imagination and leadership helped improve educational opportunities for children and families.

It is a great honor to recognize Abigail Elizabeth Rocha for her dedication and unwavering service. I am confident that the skills and life lessons she learns through Girl Scouts will prove to be invaluable in her future endeavors. I ask my colleagues to join me in recognizing her achievements, work, and service.

DAN BRENNAN

**HON. ED PERLMUTTER**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2019*

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Chief of Police Dan Brennan for his many years of service to the City of Wheat Ridge and surrounding communities.

For almost 15 years, Chief Brennan has served the Wheat Ridge community and the City's police department. Chief Brennan became Chief of Police in 2005, but his commitment to his community started long before then. He received both his bachelor's and master's degrees from local colleges before graduating from the 208th Session of the FBI National Academy, the Police Executive Research Forum's (PERF) Senior Management Institute for Police, the University of Denver Public Safety Leadership Institute, and the International Association of Chiefs of Police Leading Police Organizations Program.

Chief Brennan has been recognized for many of his achievements with the Medal for Meritorious Service, Medal for Distinguished Service, the Police Service Award, Police Officer of the Year, and the Colorado Association of Chiefs of Police Ralph Smith Professional Innovation Award. Chief Brennan's dedication

to public service and helping people has improved the quality of life in Wheat Ridge and across Jefferson County.

I extend my deepest thanks and appreciation to Chief Brennan for his service and commitment to our community and his service to the people of Colorado.

HONORING THE CAREER OF JUDY SCHNEIDER

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, July 22, 2019

Ms. LOFGREN. Madam Speaker, I rise today to honor Judy Schneider who is retiring from the Congressional Research Service after over forty years of service on Capitol Hill.

Last year, when Judy Schneider received a lifetime achievement award from the Congressional Management Foundation, the Roll Call article on the event stated that “hundreds of members of Congress know how to legislate because Judy Schneider taught them.” If anything, that does not capture the extent and depth of Judy Schneider’s influence on Congress and the legislative process.

Judy, who received both Bachelor’s and Master’s degrees from American University has also worked for the Senate Ethics Committee, the Senate Select Committee to Study the Senate Committee System, and the House Commission on Administrative Review. She has been with CRS since 1979. She has also been active with Women in Government Relations, who recognized and honored her work through their program “Direct Connect to Congress” series by creating a fellowship in her name.

Congress depends on rules and precedents, decades and sometimes centuries old. We, as legislators, must rely upon guides and pathfinders to navigate the legislative process and to make sure that the institution operates as it should. There have been few, if any, guides and pathfinders as instrumental in serving this institution and in lighting the way for all of us to assist us in working to ensure that this nation meets the challenge of its promise.

I thank Judy Schneider for her years of service to all of us and wish her the very best in her retirement.

HONORING KATHRYN THALIA LEOS FOR RECEIVING THE GIRL SCOUT GOLD AWARD

HON. FILEMON VELA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 22, 2019

Mr. VELA. Madam Speaker, I rise today to honor Kathryn Thalia Leos, who has earned the Girl Scouts of the USA Gold Award.

Kathryn joins a select group of scouts to obtain this recognition. The Gold Award symbolizes an individual’s outstanding accomplishments in leadership, community service, career planning, and personal development. The award requires earning four interest project patches, the Career Exploration Pin, the Senior Girl Scout Leadership Award, and completing the Senior Girl Scout Challenge. A

scout must also complete a Gold Project, in which scouts identify and lead a project on a pressing issue in the community.

Kathryn’s project, “Kat’s Closet,” focused on meeting the professional-attire needs of students at South Texas Academy for Medical Professions. The school serves as an alternative to larger high schools of local independent school districts for students interested in pursuing careers in health care. Equipping our next generation of leaders is critical as they embark on their careers. Kathryn’s work has made a lasting, positive impact on the lives of many.

It is a great honor to recognize Kathryn Thalia Leos for her dedication and unwavering service. I am confident that the skills and life lessons she learns through Girl Scouts will prove to be invaluable in her future endeavors. I ask my colleagues to join me in recognizing her achievements, work, and service.
