Declare U.S. acceptance of negotiations with all concerned parties including the Vietcong, a primary combatant;

Declare U.S. agreement to constitution of a representative new government in South Vietnam as part of the settlement;

Declare U.S. support for U.N. or other international machinery and guarantees to supervise the cease-fire, provide for the establishment of a new government in South Vietnam, protect the rights of minority groups and protect the rights of the North and South Vietnam.

March On Washington For Peace
In Vietnam, Washington, D.C.,
November 27, 1965

Mr. Hoover's warnings against Soviet espionage was termed 'sententious poppycock' by Ferry at the FFR conference in Seattle. "Perhaps Ferry and his associates might have Mr. Hoover's latest statement on Communism which was broadcast by him on July 15, 1962. The Federal Bureau of Investigation (FBI) chief said, in part: 'Nothing will take the place of responsible knowledge in our fight against Communism--a knowledge anchored in faith in God. We can defeat Communism because we have the superior values, the superior way of life. The task will not be easy. But we can win if each of us is willing to do his share. We must meet Communism with facts, not hysteria. Never must we be guilty of witch hunts or vigilantism. Truth is our best weapon of attack.' "Mr. Hoover has the facts on Communism. Ferry and his friends seem to have the hysteria, the vigilantism and a penchant for name-calling and witch-hunting. Maybe this is why Henry Ford II, who bankrolled the Ford Foundation, long since renounced it."

Erich Fromm

On June 29, 1962, a confidential source made available information concerning individuals scheduled to attend the World Congress for General Disarmament and Peace, Moscow, Russia, July 9-14, 1962. Included among these individuals was the above individual, a writer and lecturer. The 1962-1963 edition of "Who's Who in America" described Fromm as a psychoanalyst born in Frankfurt, Germany, in March, 1900. The occupations of Fromm included lecturer and author.

Another confidential source advised on March 7, 1960 that Doctor Fromm was a sponsor of the New York Council for a Sane Nuclear Policy.

that Fromm was a member of the Socialist Party-Social
Democratic Federation.

Edward P. ~~X~~ Gottlieb

"The New York Times", in its late city issue of November 2, 1965, on page 4 set-forth, a letter to "The New York Times" dated November 16, 1965, from Edward P. Gottlieb, Chairman, War Resisters League. The letter entitled "Ruling on Communists" with the subtitle "To the Editor" stated: "Those of us who have argued for the American way of life with Communists here or in personal confrontation in Moscow must take new heart with the 8-to-0 registration decision of the Supreme Court and your own unqualified approval (editorial November 16)". As a confirmed pacifist, I am joyful over this victory, non-violent and spiritual in the cold war. Americans everywhere, will find it ever so much easier to represent their country as a bulwark of freedom. The response they receive will be measurably favorable to the promotion of the democratic process everywhere. The relative degree of threat of the Communist Party in America or abroad ought not to vitiate our own dedication to the principles which we traditionally believe are fundamental to a free human society."

Edward Michael ~~X~~ Harrington, Jr. 124

The December 24, 1962, issue of "New America", self described as the official publication of the Socialist Party-Social Democratic Federation (SP-SDF) contained an article which stated, "Michael ~~X~~ Harrington, ^{FEK/NC} editor of 'New America', leaves for Europe the first of the year. The author of 'The Other America' is going overseas to work on a new book. While Harrington can no longer serve as editor of 'New America' he will continue as a leading contributor."

A confidential source advised that in late 1954, Harrington was active in the Young Socialist League

T-10 advised that [redacted] at this meeting explained how [redacted] was directed by the SWP to cause the split in the YSL. [redacted] was supposed to have been caught stealing the YSL mailing list which the YSL stole from the SP.

T-10 advised that after the LL meeting, a group went to a "party" at 19-23 Commerce Street (front entrance), 55 Barrow Street (back entrance), Apartment 18, rented by one [redacted]. T-10 advised that the only person he recognized at the party was [redacted] and said that there were about thirty-five people at the party.

T-10 advised that [redacted] (LNU), who attended this meeting, was also seen by him at YSF where she kept a full set of notes of the proceedings and at the YSA meeting of October 1, 1957.

T-10 advised that he had been in a coffee shop with [redacted] (LNU), [redacted] and [redacted] and the conversation drifted to the old fashioned conception of the Anarchist; that of black cape, beard and bombs. [redacted] said her roommate, [redacted] (LNU) would have no compunctions about tossing a bomb. [redacted] said that he knew this and if [redacted] applied for membership as a Libertarian she would probably be turned down because they think she is crazy.

T-10 advised that [redacted] left for Mexico by way of hitchhiking on October 5 (1957). T-10 advised that [redacted] was a little worried that if he was picked up by the police, they would find his I.W.W. membership card. When it was suggested that he leave it behind, he said he would need it for identification. [redacted] also said that when he got to Mexico, he would look up ERIC FROMM.

Dear Friend:

I would like to commend to your attention the work done by Norman Thomas and his supporting Post War World Council.

On a remarkably small budget, the Post War World Council is able to maintain facilities and a channel through which Norman Thomas can voice his conscience (which is so often the conscience of all of us) and suggest possible alternatives. He has never been one to criticize in a vacuum.

The sharpening of crisis in the Middle East has set back many of our best hopes: the ending of nuclear weapons' tests, general disarmament, the strengthening of the United Nations as an instrument of the world's growth to fraternal and economic cooperation.

During the past year, Norman Thomas has taken a leading role in the campaign to build a sane nuclear policy, in organizing a conference to examine workable political settlements that are necessary to universal and controlled disarmament (a conference in which I was glad to take part), established the precedent of the right of individuals to petition the UN (this in connection with a protest to the Trusteeship Council to forbid the United States' using the area of the Marshall Islands for bomb tests), and headed an effort to secure a special meeting of the General Assembly of the UN to consider the execution of Imre Nagy and his associates.

These are the highlights. The list could go on and on. I know of few organizations which put money to such rapid and effective use.

I do not think you need to be convinced by a long letter of details but, if you should want more information before sending a contribution, I should be happy to ask the Council's office to write you further. I hope you will agree with me that Norman Thomas and the Post War World Council merit support. 105-591230-3

REC-93

The Council makes only this one appeal during the year and I hope you will give it as generous an answer as you can.

DEMONSTRATIONS PROTESTING
U. S. INTERVENTION IN VIETNAM

On February 19, 1965, a Special Agent of the Federal Bureau of Investigation observed an individual passing out leaflets in front of the Main Post Office in Denver, Colorado, which leaflets were captioned "An Appeal to the Conscience of America for Peace with Honor in Vietnam." The flyer indicated the leaflet was being passed out under the auspices of the Catholic Worker, 175 Chrystie Street, New York, New York; The Committee for Nonviolent Action, 325 Lafayette Street, New York, New York; The Student Peace Union, 5 Beekman Street, Room 1029, New York, New York; and the War Resisters League, 5 Beekman Street, Room 1025, New York, New York.

It was determined by the Agent that the individual passing out these leaflets was affiliated with the Committee for Nonviolent Action in Denver and that his name was [REDACTED] Denver, Colo.

Records of the Denver FBI Office reflect that on March 13, 1959, [REDACTED] participated in the picketing of the Titan ICBM Missile exhibition at the Civic Center, Denver; and that on May 12, 1959, he attended a meeting of a peace group held at the residence of [REDACTED] Denver, Colo, which, in addition to [REDACTED] was attended by [REDACTED] and [REDACTED]. The purpose of the meeting was to discuss the possible plans and ideas to name the peace group and plans were discussed regarding the passing of leaflets at Lowry Air Force Base in Denver on Armed Forces Day.

A source, who has furnished reliable information in the past, advised on January 15, 1965, that [REDACTED] and [REDACTED] were all members of the Socialist Workers Party (SWP) in Denver.

U. S. INTERVENTION IN VIETNAM

The SWP has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Records of the Denver FBI Office further reflect a leaflet signed Art Juntunen, 10841 Blue Jay Lane, Denver, which is captioned "How to Save the World from All-Out War for Half a Century."

A copy of the leaflet captioned "An Appeal to the Conscience of America for Peace with Honor in Vietnam" is attached hereto.

Declaration Of Conscience

Because the use of the military resources of the United States in Vietnam and elsewhere suppresses the aspirations of the people for political independence and economic freedom;

Because inhuman torture and senseless killing are being carried out by forces armed, uniformed, trained and financed by the United States;

Because we believe that all peoples of the earth, including both Americans and non-Americans, have an inalienable right to life, liberty, and the peaceful pursuit of happiness in their own way; and

Because we think that positive steps must be taken to put an end to the threat of nuclear catastrophe and death by chemical or biological warfare, whether these result from accident or escalation --

We hereby declare our conscientious refusal to cooperate with the United States government in the prosecution of the war in Vietnam.

We encourage those who can conscientiously do so to refuse to serve in the armed forces and to ask for discharge if they are already in.

Those of us who are subject to the draft ourselves declare our own intention to refuse to serve.

We urge others to refuse and refuse ourselves to take part in the manufacture or transportation of military equipment, or to work in the fields of military research and weapons development.

We shall encourage the development of other nonviolent acts, including acts which involve civil disobedience, in order to stop the flow of American soldiers and munitions to Vietnam.

NOTE: Signing or distributing this Declaration of Conscience might be construed as a violation of the Universal Military Training and Service Act, which prohibits advising persons facing the draft to refuse service. Penalties of up to 5 years imprisonment, and/or a fine of \$5,000 are provided. While prosecutions under this provision of the law almost never occur, persons signing or distributing this declaration should face the possibility of serious consequences.

...the United States continues to intervene increases
...by the Chinese, since China and Vietnam
...The war in Vietnam could escalate into general
...China and World War III.

THERE ARE OTHER THINGS at stake in the continued American presence in Vietnam in addition to the lives and freedom of the Vietnamese people, important as these are. It is perhaps impossible for most Americans to compare their present responsibility to speak out against the war in Vietnam with the responsibility of the Germans to speak out in the early days of Hitler. Everyone knows that we have no Hitlers here, in power or close to power. But one wonders what limits there are to the atrocities Americans will go along with, so long as they are explained, however falsely, as necessary for the maintenance of democracy.

Arthur Miller, whose recent play, *Incident at Vichy*, deals with Nazi persecutions of the Jews, has written: "Who among us knew enough to be shocked, let alone to protest at the photographs of the Vietnamese torturing Vietcong prisoners, which our press has published? The Vietnamese are wearing United States equipment, are paid by us and could not torture without us. There is no way around this -- the prisoner crying out in agony is *our* prisoner." (New York Times Magazine, January 3, 1965)

The prospects for the future are terrifying if those of us who live in the most powerful nation in the world, a nation loaded with money and armaments, fail to do what we say the Germans should have done when atrocities were being committed in their name and with their knowledge.

WE MUST INSIST on immediate withdrawal of all U.S. troops from Vietnam, even though the situation may remain a tragic one. Many problems will remain, but withdrawal of U. S. troops will provide the only chance that the people of South Vietnam can become masters of their own destiny. Then the way will be open for genuine negotiations about the problems of Southeast Asia, as distinct from manipulation by outside powers, and for friendly aid to the stricken peoples of the region, if they ask for it. This is the only peace with honor that is possible in Vietnam. End the War in Vietnam.

I join in signing the Declaration of Conscience (stating refusal to cooperate with the prosecution of the war in Vietnam).

IT IS NOT EASY for Americans to believe that the mess in Vietnam is as bad as it is.

The news is of military coups and demonstrations by the Vietnamese people against the U. S.-backed government; of the torture of 13-year-old boys and the spraying of poisons from the air to destroy crops and livestock; of the napalm bombing of native villages and the herding of civilians into stockaded villages, which are essentially concentration camps. The news is of military defeat and senseless deaths.

MOST AMERICANS are used to thinking that the United States stands for freedom, democracy and peace — and that if the United States gets involved in a foreign war it is on the side of the people. It has taken Americans a long time to realize that this is not the case in Vietnam. Now that we have the facts, we have no honorable choice but to insist on an immediate withdrawal of American troops and an end to all military aid to the Saigon government.

Senator Wayne Morse (Oregon) has made the issues clear: "There are no Chinese soldiers fighting in Vietnam; there are no Russian soldiers. The only foreign troops are American... the unilateral war being conducted by the United States in Vietnam must be stopped; and the only force that can stop it is American public opinion."

WE SUMMARIZE a few key facts from the daily press, in case you missed any of these:

On Torture

"Terror is used for interrogation, as propaganda, as punishment and as revenge... Chances of surviving field interrogation are often extremely poor. Death can come for prisoners under the tracks of armored vehicles, by decapitation or by bleeding to death after both hands have been chopped off or by a bullet through the head. It's all part of the war in South Vietnam." (Long Island Newsday, Oct. 28, 1964)

On The Claim "We Are Defending A Free People"

Walter Lippman declared last April: "The truth, which is being obscured from the American people, is that the Saigon government has the allegiance of probably no more than 30 per cent of the people."

The United States did not allow free elections in South Vietnam, as provided in the Geneva agreement of 1954. The reasons are made clear in the following statement by General Eisenhower. "I have never talked or corresponded with a

person knowledgeable in Indochinese affairs who did not agree that had elections been held at the time of the fighting [1954] possibly 80% of the population would have voted for the Communist Ho Chi Minh as their leader rather than Chief of State Bao Dai." (Mandate For Change, p. 372)

There still have been no elections; press and radio are censored, and political opposition is seriously restricted. In order to maintain the war, Washington is trying to patch what the New York Times called "the facade of civilian government," in which, for propaganda reasons, it is hoped that the military rulers "can be prevailed upon to keep... in background." (January 7, 1965)

On The Supply Of Arms From North Vietnam And China

Richard Starnes wrote in the New York World Telegram, January 4, 1965: "There is not one shred of credible evidence that the bulk of munitions used by the Vietcong originate in the north. At the outset, the Vietcong used crude home-made weapons, but the bulk of their arms now are captured or otherwise acquired from the woefully inept defenders of South Vietnam."

On The Menace Of Communism

Norodom Sihanouk, head of the government in neighboring Cambodia, has stated: "The more the Americans fight Communism in the way they are fighting it in South Vietnam, the more they'll spread Communism over the region. It is still not too late to stop the war and save South Vietnam from complete Communization." (William Worthly, York, Pa. Gazette and Daily, Dec. 31, 1964)

It may well be that some form of Communism will come to Southeast Asia, whether the United States continues to intervene or not. But in any case, the United States does not have the right to tell the people of Southeast Asia what form of government they must have, any more than the Russians or Chinese do. Continuation of the war increases the danger of domestic totalitarianism or additional foreign intervention.

On Chinese Domination Of Vietnam

Both North and South Vietnam have always insisted on freedom from China. C. L. Sulzberger writes in the New York Times of December 5, 1964: "Ho Chi Minh, leader of North Vietnam, worries about Washington's ultimate trump — the threat of wholesale escalation. Destructive air raids could upset Ho's wobbly economy and invite intervention by

of Conscience

Because the use of the military resources of United States in Vietnam and elsewhere suppress the aspirations of the people for political independence and economic freedom;

Because inhuman torture and senseless killing being carried out by forces armed, uniformed, trained and financed by the United States;

Because we believe that all peoples of the earth including both Americans and non-Americans, have inalienable right to life, liberty, and the peaceful pursuit of happiness in their own way; and

Because we think that positive steps must be taken to put an end to the threat of nuclear catastrophe, death by chemical or biological warfare, whether it result from accident or escalation --

We hereby declare our conscientious refusal to cooperate with the United States government in prosecution of the war in Vietnam.

We encourage those who can conscientiously to refuse to serve in the armed forces and to ask discharge if they are already in.

Those of us who are subject to the draft course declare our own intention to refuse to serve.

We urge others to refuse and refuse ourselves to take part in the manufacture or transportation of military equipment, or to work in the fields of military research and weapons development.

We shall encourage the development of nonviolent acts, including acts which involve disobedience, in order to stop the flow of American soldiers and munitions to Vietnam.

NOTE: Signing or distributing this Declaration of Conscience might be construed as a violation of Universal Military Training and Service Act, which prohibits advising persons facing the draft to refuse service. Penalties of up to 5 years imprisonment and/or a fine of \$5,000 are provided. While prosecutions under this provision of the law almost never occur, persons signing or distributing this declaration should face the possibility of serious consequences.

HERE ARE OTHER THINGS at stake in the continued American aggression in Vietnam in addition to the lives and freedom of the Vietnamese people, important as these are. It is perhaps impossible for most Americans to compare their present responsibility to speak out against the war in Vietnam with the responsibility of the Germans to speak out in the early days of Hitler. Everyone knows that we have no Hitlers here, in power or close to power. But one wonders what limits there are to the atrocities Americans will go along with, so long as they are explained, however falsely, as necessary for the maintenance of democracy.

Arthur Miller, whose recent play, *Incident at Vichy*, deals with Nazi persecutions of the Jews, has written: "Who among us knew enough to be shocked, let alone to protest at the photographs of the Vietnamese torturing Vietcong prisoners, which our press has published? The Vietnamese are wearing United States equipment, are paid by us and could not torture without us. There is no way around this -- the prisoner crying out in agony is *our* prisoner." (*New York Times Magazine*, January 3, 1965)

The prospects for the future are terrifying if those of us who live in the most powerful nation in the world, a nation loaded with money and overkill, fail to do what we say the Germans should have done when atrocities were being committed in their name and with their knowledge.

WE MUST INSIST on immediate withdrawal of all U.S. troops from Vietnam, even though the situation may remain a tragic one. Many problems will remain, but withdrawal of U.S. troops will provide the only chance that the people of South Vietnam can become masters of their own destiny. Then the way will be open for genuine negotiations about the problems of Southeast Asia, as distinct from manipulation by outside powers, and for friendly aid to the stricken peoples of the region, if they ask for it. This is the only peace with honor that is possible in Vietnam. End the War in Vietnam.

I join in signing the Declaration of Conscience (stating refusal to cooperate with the prosecution of the war in Vietnam).

JOHNSON criticized United States intervention in Vietnam and said the United States was fighting a hopeless battle where there will soon be a country but no people. He also commented on the anti-war demonstration Saturday, October 16, 1965, and said it was the first time so many people had demonstrated in Philadelphia. He commented that he does not condone tearing up draft cards as this was no solution and he would not advise anyone to do so, but if students wanted to, that was their business. MARCH ON WASHINGTON FOR PEACE IN VIETNAM

A Call To Mobilize the Conscience of America

WE SEE no gain coming from the war in Vietnam. We see only the growing victimization of the Vietnamese people, the erosion of a better society at home, and the clear possibility of a world conflict.

Caught between terror, torture, and the senseless use of force, the Vietnamese people have seen their land turned into a bloody, mangled ground by the Vietcong, the Saigon government, by the North Vietnamese and the United States.

Caught between a commitment to eradicate racial injustice and poverty at home and a growing involvement in an Asian war, the Johnson Administration will inevitably turn its resources and energies toward the military conflict.

Caught in a competition for the loyalties of the poorest nations, the Soviet Union and China will seek to prove their militancy by aiding North Vietnam, thus increasing the chances of a direct clash with the United States.

WE SEEK to end this war.

WE AFFIRM that no party to the conflict, the U.S. included, has done all it can to bring about negotiations, and since the war will ultimately end at the conference table, we ask new actions to speed that day.

WE AFFIRM our support for all the efforts, including those of the United Nations Secretary General, U Thant, and Pope Paul VI to bring the dispute to the conference table, and we welcome a wider role for the United Nations in bringing about negotiations and in implementing any agreement.

WE REQUEST that the U.S. cannot negotiate an end to the war by itself, but we believe there are things our government could do which it has left undone, that could lead more quickly to negotiations. And we believe we can help build the public understanding through which our government can vigorously pursue the path of peace.

TOWARD THE GOAL OF A NEGOTIATED SETTLEMENT IN VIETNAM

WE ASK that our government call for a cease-fire, and to this end, halt the bombing of North Vietnam;

halt the introduction of additional men and material, and ask the other side to do the same.

WE ASK that our government state the conditions under which it will accept peace in Vietnam, and to this end;

elaborate U.S. support for the principles of the 1954 Geneva Accords—the eventual withdrawal of all foreign military forces; a prohibition against military alliances, the peaceful reunification of Vietnam, and self-determination for the Vietnamese people.

Declare U.S. acceptance of negotiations with all concerned parties including the Vietcong, a primary combatant;

Declare U.S. agreement to constitution of a representative new government in South Vietnam as part of the settlement.

Declare U.S. support for U.N. or other international machinery and guarantees to supervise the cease-fire, provide for peaceful establishment of a new government in South Vietnam, protect the rights of minority groups and protect the neutrality of North and South Vietnam.

The newspaper "The Militant", in its issue of March 27, 1970, on page 7, carried the following article:

Israeli socialist in U.S. tour

NEW YORK — The Committee on New Alternatives in the Middle East announced March 19 that it is sponsoring a speaking tour of the United States during April and May for Arie Bober, a young Israeli Jew who is a leading spokesman for the Israeli Socialist Organization.

The ISO, which publishes the magazine *Matzpen*, is a joint Jewish-Arab organization committed to the struggle for a socialist, united Middle East, freed of all imperialism and colonialism, in which all peoples enjoy full national rights. As a first step toward this goal, it demands the immediate withdrawal of Israel from all occupied territories, recognition of the right of all displaced Palestinians to return to their land or to receive compensation as they choose, and the abrogation of all laws conferring special privileges in Israel on Jews, especially the Law of Return.

The ISO has recently come under increasingly severe attack from the Israeli government. The Arabic edition of *Matzpen* has been completely banned,

and the Hebrew edition of the magazine has been heavily censored.

Arie Bober was born in Haifa and lived on the Kefar Rupin kibbutz in Beit Sha'an Valley during his early youth. He served three and a half years in the Israeli Navy, and has just been released from a three-month tour of duty in the Army. He is a graduate student of economics and political science at the Hebrew University in Jerusalem and a research assistant in the Vaervold School of Social Work there. He has published a number of articles on the Israeli economy and is a frequent contributor to *Matzpen*.

Among the sponsors of the Committee on New Alternatives in the Middle East are: Eric Bentley, Noam Chomsky, Eric Fromm, Florence Howe, Louis Kampf, William Kunstler, Robert Jay Lifton, Dwight Macdonald, Ashley Montagu, Peter Seeger, I. F. Stone, Louis Untermeyer and Howard Zinn.

Dear Friend:

Arie Bober will be concluding his strikingly successful tour of the U.S. with a series of meetings in the New York area in the next month. His controversial and, in this country, seldom-heard, point of view has stimulated an intense and serious discussion on the increasingly ominous situation in the Middle East. In Israel, the Israeli Socialist Organization's critical analysis of Zionism and Israeli policy is now rapidly winning new adherents.

Following is a list of meetings thus far scheduled in the New York area:

Sunday, June 7, 8:00 p.m. -- Humanist Society, Hotel Ansonia, Broadway & 73rd St. -- Admission, \$2.50.

Wednesday, June 17, 8:00 p.m. -- Debate with a socialist-Zionist representative of the Jewish Liberation Project -- Academy Hall, 853 Broadway (near 14th St.) -- Admission, \$1.00.

Wednesday, June 24, 8:00 p.m. -- Church Center for the United Nations, 777 United Nations Plaza -- Admission, \$1.00.

Friday, June 26, 8:00 p.m. -- Great Neck Forum, Great Neck, Long Island.

Friday, July 3 -- Militant Labor Forum, 873 Broadway (near 18th St.) -- 8:30 p.m. -- Admission, \$1.00.

There will also be meetings on a number of campuses.

Bober will appear on the NBC-TV "Today Show," Tuesday, June 9, 7:30 - 8:00 a.m., Channel 4.

Sincerely,

Berta Langston
