SH 503

11 October 1949

SUBJECT: Services of Mr. K. Murata with Kinki Civil Affairs
Region

THRU: Shiga Ken Liaison Office, Shiga Prefecture

TO: Governor, Shiga Prefecture

1. Reference; letter this headquarters, dated 8 October 1948, subject, "M.G. Employment of Ken Officials".
2. Mr. Murata has served this team in the capacity of a Sub-section chief, and for the past nine months as chief advisor in the Economics Section. He has done an outstanding job in every respect and his experience with the prefecture government prior to his joining the team has been a particular asset to the efficiency of operation.
3. Mr. Murata has been asked to transfer to the Kinki Civil Affairs Region Team, Economics Section at the time this team is dissolved. He will be just as much an asset to that team and will assist in the prefecture team relationship there, fully as much as he has for this team.
4. Mr. Murata realizing that this will take him farther away from the prefecture than at present, is greatly concerned about his return to the status of a prefecture official upon his release by the Occupation Forces.
5. It is desired that some concrete understanding in writing concerning the return of his official status be reached prior to the closing of this team and for his transfer to the Kinki Region Team.

SH-501

20 September 1949

SUBJECT: Release of Lands and Buildings

THRU: Liaison Office, Shiga Prefecture

TO: Mitsui Seiki Kogyo K.K., Seta cho, Otsu city.

1. References

a. Letter, 10 September 1949, Mitsui Seiki Kogyo K.K., subject, "Application for Release of Land and Buildings", with enclosed plant blueprint.

b. O.D. 21/1 1949, "Japanese Industrial Reparation Facilities".

2. The buildings marked on blueprint as A, B, C, D, E, F, G, H, I, J, K, L, and the land on which they are situated, the land enclosed by the bamboo fence so marked and the necessary rights of way in order to gain access to the above buildings and land continue under reparations custody with Mitsui Seiki continuing to retain the same responsibility of care and maintenance as heretofore.

3. The lands and buildings of Mitsui Seiki Kogyo KK as shown on the blueprint with the exception of those stated in paragraph 2 above are hereby released from reparations custody.

4. In case of any question or doubt arising from this release, the decision will be in favor of reparations custody until specific clarification is made by the Occupation Forces.

16 September 1949

SH-5003
SUBJECT: Non-Compliance with Ministry of Welfare Ordinance

THRU: Shiga Liaison Office

TO: The Governor of Shiga Prefecture

1. Reference: Sho Hatsu #161 Fujin Hogo Taisaku (Women's Protective Measure) dated 11 December 1946.
2. Reference: Sho Hatsu states that minsei-in will help in giving guidance to women known to be prostitutes and that in big cities and other important towns, it is recommended that an institution be provided for the case, vocational training, guidance of such women.
3. The Ken Welfare Section states that the building of an institution was attempted in September 1949 but subsidy from the Central Government was not available. They further reported that if such women are found they will be sent to Kyoto or Osaka institutions. None have been sent.
4. There is no program for the establishing of any care for these women in Shiga Prefecture.
5. It is directed that such ordinance be complied with and a report of activities be submitted 30 September 1949.

SH-497

SUBJECT: Evaluation of Welfare Workers

THRU: Shiga Liaison Office

TO: Governor Shiga Ken

1. It is obvious, thru the administrative reviews made by this team that proper supervision is not being given to local officials engaged in Public Welfare Work.
2. One step in supervision is a written evaluation, of the officials ability, at regular intervals.
3. The inclosure is one form which might be used for such evaluation.
4. It is suggested that evaluation be started the first November 1949 and be repeated once each 6 months. After the prefectural officials have discussed the method of evaluation with the district officials, they in turn should discuss it with each local official and mayor. Each official should be aware of the pending practice before such practice goes into effect.

SH4913

9 August 1949

SUBJECT: Commendation

TO: Chief, Otsu Police Dept, Otsu, Honshu, Japan

1. In keeping with the spirit of the Occupation to recognize and give credit to those officials and representatives of the Japanese Government whose efforts in furthering the objectives of the Occupation Forces are outstanding and worthy of special mention, the undersigned as Commanding Officer of Shiga Civil Affairs Team desires to commend you, and through you, all members of the traffic department for the superior manner in which traffic control was handled on the occasion of the recent visit of Lieutenant General Walton H. Walker, Commanding General, Eighth United States Army. At no time was there any interference with the free movement of the convoy. This demonstrated efficiency indicated careful and thorough planning and perfect execution of all details of the assigned mission.

2. The Metropolitan Police Department of Otsu, since its reorganization as an autonomous unit, has rapidly developed under capable leadership into a well-organized and disciplined unit whose members are able to discharge their duties efficiently, either collectively or as individuals. The citizens ~~and reflect great credit on the~~ Otsu may well take pride in the fact that the influences thus engendered are far-reaching and reflect great credit on the organization and the city as a whole.

Letter received 1000 hours
May 2, 1949 thru Mr. Yamanaka,
Information Desk

SUBJECT: Eliminating Boss Activity at the Time of Festival
TO: Military Officer in Charge
FROM: A Suffering Citizen in Hikone

Sir:

I am living at the town called Shimouoyamachi in the city of Hikone and must present to you the facts which give much trouble all around here and there.

As you know, on 8th of this month, there is a Festival (shrine) and, to carry out gay festival, many town leaders act against our will.

They organized a Town's Association (Chonaikai) which was flourished during the war and which was disbanded after the war--still there is such a Chonaikai, which uses a powerful dictatorship at the time of this Shrine festival even now. The leaders planned to make a 'Baby Shrine Procession' a very heavy palanquin carrying. I admit some people who are interested in the festival may carry such palanquine, but the trouble is as follows:

1. They visit every door in turn, asking them to contribute money to the shrine, quite compulsory.
2. They spend this total for their own drinking Sake, and not paying for the festival procession as a result.
3. They asked, since last year, every door to send one man each for carrying the heavy Mikoshi or shrine palanquine. The weight of this baby shrine is terrible heavy, some 100 Kan in weight, over 800 pounds. A weak man cannot carry it out, aged and women families are annoying with this demand.
4. If we cannot obey their command, some of our glass windows shall be smashed by the leaders and their company, and some other threatening will be conducted otherwise.

Fearing such blackmailing and unpleasant threatening, all the weak and aged and women families have to contribute money much to the boss group.

Almost all the citizens hate this all, but fearing that they might revenge this or other later, they have to accept their command, much against their will.

The weak family wants peace in their community and would donate money or others tearfully.

The shrine bosses declared that this Palanquine Carrying shall be conducted by my town this year and I am afraid all such trouble.

Don't you think it is quite undemocratic? Do, Military Officer, solve this unpleasant customs of this town and oppress the bosses, who shall never do such in all future to come.
