

# Estonian Republic 100

Wikimedia Eesti

20.12.2014, Kaarel Vaidla

# Background

- In 2018 Estonian Republic will celebrate its 100th anniversary!
- There are special preparations for the event and there are many institutions and organisations involved.
- We want Wiki to gain from and be part of the celebrations.

# The Idea

- General idea is to have good representation about **Estonian cultural heritage** in different Wikimedia projects in different languages.

This means:

- Representative collection of Estonian cultural heritage in free use.
- Collecting and concentrating existing materials.
- Introducing Wikipedia as an easy-to find resource and as an educational environment.

# What Wikimedia Eesti does?

1. High Wikimedia competence: training, workshops, consultations, editing manuals.
2. Administrative support and coordinative role.
3. Involving Wikimedia movement and local community.

# What Wikimedia Eesti wants?

1. Support in establishing and maintaining the contacts.
2. Specialist help in creating the structure of the project.
3. Possible help in funding the project.

# State of the project

- 13 partners involved, collaboration contract to be signed.
- General structure of the project created, specific article lists and sub-sections will be created in the beginning of the next year.
- General agreement with the organization team of the anniversary of Estonian Republic 100 regarding funding of the project.
