To Cherry Hill

Reservoir Park Line,
Central Pa. Traction Co.

BELLEVUE PARK

HARRISBURG, PA.

AS DEVELOPED BY

UNION REAL ESTATE INVESTMENT CO.

WALNUT STREET AND COURT AVENUE
HARRISBURG, PA.

The lots are numbered in the various sections. The lines within some of the lots are suggestions only as to house locations and walks, and are not binding on purchasers.

The locations of lights are indicated in red. Pentwater Park and Oak Woods Reservation are set aside as park area, for the use of the public.

All the lots are sold subject to such restrictions as will assure permanently pleasing views and conditions. A building-line is established, varying with location. Not more than one house may be erected on any one lot, and there is an established limit for the minimum cost of houses. Black smoke, billboards, public stables, public garages, the sale of intoxicants, are prohibited in the deeds of sale.

No overhead wires or poles are on the property, or will be permitted either on the streets or on private properties. The blue line indicates the completed underground conduit system in June, 1910, subject to extension as the need appears. Filtered water, gas and sewers are in mains along the same route.

Trees of permanent character are planted where indicated. Sidewalks are in place. The views are permanent, inasmuch as the restrictions prevent any change in such features.
