NEW OBLEANS

TUESDAY MORNING, AUG'T 31 1869

rederal Constitution—for the purpose of reporting amendments to that instrument. The people undoubtedly, according to the republican theory, are the source of all power and it is fitting that when changes in the andamental law are called for, they should be anyoned to deliberate therefoon. But we mean the people of the Northern States—we mean the people of the Northern States—have

sees no occasion for such an assemblage. The

Reporters in the Gritish Parliament.

The British Parliament does not officially recognize the existence of the reporters of the public press, although there are reporters gainers, with retiring rooms and other conveniences attached to the chambers both of the Lords and the Commons. After a long struggle the right of the public to obtain, at the earliest moment, a full account of the proceedings of the legislature, has been tacilly, though not formuly, admitted, and yet, cherid a member timing to the attention of the Speaker the fact that trianguar," were in the guilary, the House would be immediately cleared of all percon, whether reporters or visitors. would be immediately cleared of all person-whether reporters or visitors.

In the early part of this century, no occur-rations was more common than that of a member-rizing and skying, "I observe, Mr. Npeak-r, that there are strangers in the gallery," and a strong proof of the great orange that has been produced in the manuers and outstoms of the suc-less the found in the incident that a member of the common recommity called the at-tention of the formulas recommity called the at-tention of the formulas recommity called were were not present. The etcommanance were as follows:

Serim-Glyserine bilk. Initiating that the House in "Fish Joint" all the way from Cheyenne to house ministerial againsted that the House of the Fish Joint" all the way from Cheyenne to house ministerial againsted that the Fish Joint" all the way from Cheyenne to house ministerial against the probably had nearly congue. The reportant being faggred out, with the way from Cheyenne to house a second for an above, the reportance of the response to the second of the reportance was a second for an above the reportance was a second for an above the reportance of the response was a second for an above the reportance of the response was a second for an above the reportance of the response was a second for an above the reportance of the response was a second for an above the reportance of the response was a second for an above the reportance of the response of the re Drainare and Improvement of Land, and the Nitro-Glycerie bils.

The minuterial agent insisted that the Homas about go into committee on these measures, about go into committee on these measures about go into committee on the second of the committee of the responsare was then intunated to the responsary and the control of the responsary and the responsary was then intunated to the responsary was then intunated to the responsary was the responsary to the resp

OITY INTELLIGENOE.

LAFOURCHE -The Thibodaux Sentinel of the LAFOUNCEE — The Thibodan's certific of use he says:

OFF FOR CHINA.—We understand that Mr. Prank Williams, of the Leighton plantation, nor mile above this place, left at the beginning if this week for China. He is accompanied by the Kini Off, a Chinaman, for the purpose of tringing Coolies to work on the sugar plantations in this parish.

hye him Off, a Chinaman, to the purpose of pringing Cooles to work on the sugar plattations in this parish.

Assumption.—The same paper says:

Labor.—Our planting friends in Arsumption are beginning to exert themselves in order to procure labor for the future dittration of their rich and productive soils. An association or joint stock company is being formed, divided into shares of \$100, for the purpose of importing laborers into the State of Louisiana. A provisional Board of Directors will manage the artists of the association until a meeting of stock. When isotres will elect a directory, whose term of offices will be twelves months.

When isotres will elect a directory, whose term of offices will be twelves months.

When isotres will elect a directory, whose term of offices will be twelves months.

When isotres will be insected, a preference will always be given to stockholders over those will be stored to the store the store that t needs. The capacity of these two parishes for the production of sugar, has been developed since the war only about one third, and as every one know that the full sensual of labor has been obtained that can be found in the country, unless labor can be imported one half of our soil must be full to ture.

The Pacific Railroad and What it Costs
(From a correspondent of the New York Times.)
San Francisco, Monday, Ang. 2, 1869.
I landed at the Occidental in seven days from
New York.
The through train leaves the Chicago and
Northwestern depot, at Chicago, at 10:15 a. m.,
daily, (Sandays included). All the evening
trains from New York by all the roads connect
with it, and the train arrived daily in Sacramento at 1::30 P. M., without a single failure
during all Joly. There is no "lay over," for
Sanday throughout the trip this side of Chicago.

Total, greenbacks

magrificent pleasure excursion, and is certainly a the most agreeable and comfortable journey of my life.

Yue engage your Pullman Car at the depot in Cloicago asy on are starting. On the way to Umaha you hou book thy the car conductor; to Premontery, and on the way to Promontery, on book. to Sacramento city, (our the conductor.) I occupied the same Pullman Car all the way from Omaha to the steamer Yos-mits. The cars land you directly at the steamer The cars land you directly at the steamer wharf.

The whole road is in splendid order, and is a better road than the Eric or Pan Handie roads The Pullman Car rune sailly and the road has the "Fish Joint" all the way from Cheyanne to Sacramento City.

Scrure of Copers — Officers Martin and Fee, of the river police, arrested at Post No 15, one Thomas Gamon, with spring waxon No. 225, on which were loaded three seaks containing cigars, supposed to have been sampuled from the steamship Alliance Gannou was sent before United States Commissioner Urban, and released on one thousand chlars ball for further hearing. The cigars were turned over to the Collector of Custome for the port of New Orleans.
