THE

CHARTER AND BY-LAWS

OF THE

NEW-YORK DISPENSARY,

Instituted, 1790.

"I was sick, and ye visited me."

NEW-YORK:

PRINTED BY C. S. VAN WINKLE, 101 GREENWICH-STREET,

Printer to the University of New-York.

1821.

At a meeting of the New-York Dispensary, held on the 21st of May, 1821, on motion, it was resolved, that Dr. DAVID HOSACK and EDWARD R. JONES, be a committee to prepare and publish a new edition of the Charter and By-Laws of this Institution, including all such regulations as have been introduced since the date of the last publication.

By order,

RICHARD PENNELL, M. D. Sec'ry.

New-York, May 21, 1821.

P R E F A C E .

The poor, when confined by sickness, have a peculiar claim upon the benevolence of those whose circumstances enable them to administer to their wants.

For their relief many institutions have been established in this city.

While the New-York Hospital, the Alms-House, and the Lying-in-Hospital, receive those who are among the most destitute, and are in want of every domestic accommodation, the Dispensary provides assistance for that description of poor, who, when deprived by disease of the earnings of their daily labour, are also denied the means of procuring the medical assistance necessary for their relief.

The mechanic who cannot, without great inconvenience, leave his family to reside in a Hospital, the mother who cannot be separated from her children, the tender infant who requires the constant care and assistance of a fond parent, those who labour under chronic diseases, and are thence not objects of the Hospital, are the peculiar objects of this charity.

The benefits arising from an institution of this sort, by which the poor are relieved at their own habitations, require no illustration.

Its utility in this city has been long experienced and acknowledged ; but the number of our inhabitants having considerably increased since the first institution of the Dispensary, and the objects of its charity having multiplied in proportion, the trustees have found it necessary to enlarge the establishment.

For this purpose they have divided the city into eight districts, and have appointed a physician to each, whose duty it is to

give constant attention to the poor, who are the objects of the Dispensary.

To secure to the sick the benefits of additional advice, they have appointed six consulting physicians, who will be called on by the attending physicians in all difficult or dangerous cases.

In addition to the relief afforded to the poor afflicted by sickness, it is also a primary object of the trustees of this institution to diffuse the benefits of vaccine inoculation among the poor. For the accomplishment of this object, the trustees are happy to acknowledge the liberal pecuniary assistance which they have recently received from the corporation of this city.

That the duties of this department may be executed in such a manner as will be most beneficial to the community, the trustees have made it the duty of the attending physicians of the Dispensary to vaccinate every person within their several districts, who may not have had the small-pox, or have not been already vaccinated, of whom information can be obtained.

They have also made it the duty of the apothecary of the Dispensary to vaccinate such poor as may apply at the Institution, and are recommended in the manner prescribed in the regulations of this establishment.

The regulations which have been adopted relative to this department, and the alterations which have been made in the mode of conducting the ordinary business of the Dispensary, will be seen in the by-laws, which are herewith published for the information of the contributors.

AN ACT

TO INCORPORATE THE

and that they and their successors, by their said name, shall forever hereafter be persons capable in the law, to purchase, take, hold, receive and enjoy, to them and their successors, any real estate whatsoever, and other hereditaments, of whatsoever nature, kind, or quality they be, in fee simple, for term of life or lives : or in any other manner howsoever ; and also any goods, chattels and personal estate whatsoever. *Provided always*, the yearly income of the said real and personal estate, and hereditaments, doth not at any time exceed the sum of twelve hundred pounds current money of New-York. And that they and their successors, by the same name, shall have full power and authority to lease the said real estate and hereditaments, on such terms as they shall judge most beneficial ; and also to dispose of all such personal estate at their will and pleasure, as they shall judge most beneficial and advantageous to promote the humane purposes of the said corporation.

And be it further enacted, That there shall be forever hereafter, thirteen trustees of the said corporation, who shall conduct and manage the affairs of the said corporation ; that the said trustees shall be contributors to the said dispensary, actually resident in the said city of New-York ; and the first trustees of the said corporation shall be, John Rodgers, John Henry Livingston, Abraham Beach, John Watts, Matthew Clarkson, Jacob Morton, Moses Rogers, John Charleton, Samuel Osgood, Lawrence Embree, John Cozine, John Broome, and James Watson, who shall hold their said offices until the second Monday in January next ensuing : and for keeping up the succession in the said offices,

Be it further enacted, That on the said second Monday in January next ensuing, and yearly and every year forever thereafter, on the second Monday in January in every year, the members of the said corporation shall meet at some convenient place in the city of New-York, to be fixed by the by-laws of the said corporation, and thereby the majority of such of them as shall so meet, shall by ballot elect thirteen of their members to be trustees of the said corporation for the year ensuing, who shall immediately enter upon the said offices, and hold the same from the time of such election, for and during the space of one year, and until others shall be elected in their stead ; and in case any of the said

persons elected to be trustees of the said corporation, or who shall thereafter be elected thereto, shall die, or remove out of the city of New-York, before the time of their appointed service shall expire, or shall refuse or neglect to act in, and execute the said office ; then, and in every such case, the remaining trustees of the said corporation shall, within thirty days thereafter, by ballot, elect another or others of the members of the said corporation in the stead of him or them so dying or removing, refusing or neglecting to act ; and that such person or persons as shall have the greatest number of votes at every such election, shall hold their said offices from the time of such election, until the second Monday in January then next ensuing, and until other or others shall be chosen in his or their stead.

And be it further enacted, That the trustees of the said corporation shall regularly meet on the third Monday in every month, and at such other times as they may judge expedient ; and that any seven or more of the said trustees, being so convened together, shall, forever hereafter, be a legal meeting of the said corporation ; and that at any and every such legal meeting of any seven or more of the trustees of the said corporation, it shall be lawful for them, or a majority of them, to make such by-laws, rules and regulations, for the management and disposal of the property and estate of the said corporation, and the government of the said Dispensary, and the same or any part of them, to alter, amend, or repeal from time to time, as they, or a major part of them so met, shall think proper : *Provided,* such by-laws, rules, and regulations, be not repugnant to the constitution and laws of the United States, or of this state ; and that at any such legal meeting of any seven or more of the said trustees of the said corporation, it shall and may be lawful for them, or the majority of them, so met as aforesaid, to nominate and appoint one of the said trustees of the said corporation to be their president, and one other to be treasurer, and any other competent person to be secretary of the said corporation, and also to appoint so many physicians, surgeons, apothecaries, officers and servants, and with such compensations as to them shall seem meet ; and, whenever they shall think proper, to discharge them or any of them, and to appoint other or others in their stead.

And be it further enacted, That any male adult person, who shall contribute for the benefit of this corporation the sum of five dollars, shall, by virtue of such contribution, become a member thereof, and continue so to be, for the space of one year, from and after the time of his making such contribution ; and any like person who shall contribute ten dollars for the like purpose, shall be a member thereof two years : and any like person who shall contribute any greater number of sums, of five dollars each, not exceeding nine, as shall be equal to the number of sums of five dollars each, so by him contributed ; and any like person, who shall contribute fifty dollars for the like purpose, shall be a member of said corporation for life ; and every contributor of the value of five dollars or upwards, shall be entitled to have such number of patients (being proper objects of this institution) on the Dispensary list, and for such term of time as shall be prescribed by the by-laws of the corporation.

And be it further enacted, That it shall be the duty of the trustees of the corporation hereby created, to exhibit annually between the first and last days of May in each year, to the chancellor of this state, a full and particular account of all the estate, both real and personal, then vested in the said corporation, and of the rent or income thereof, attested by the oath of the treasurer thereof, that the same is a true and perfect account, together with a particular and detailed account of all the moneys expended by the said corporation in the preceding year, specifying the several purposes to which it has been applied ; and if it shall appear to the said chancellor, that the amount of the said property, or the disposal of the same, is not agreeable to the true intent and meaning of this act, he shall report the same to the legislature at their next ensuing session.

And be it further enacted, That this act shall be, and is hereby declared to be a public act, and shall be construed benignly and favourably, for every beneficial purpose herein intended.
