

GENERAL ROSS TAKES CHARGE THURSDAY

Arrived Yesterday to Relieve General Leckie, Who Is Retiring

On Thursday morning an important ceremony will be performed at the Armories, when Major-General R. G. E. Leckie, C.M.G., will hand over to Brig.-General J. M. Ross, C.M.G., D.S.O., the reins of authority in Military District No. 11. It will also mark the passing from a very active military career to civilian life of General Leckie, whose services to his country during the strenuous days of the past five years have been invaluable.

Yesterday afternoon General Ross, accompanied by Mrs. Ross and two children, arrived in Victoria. They are staying at the Empress Hotel at present. General Leckie met the party and warmly welcomed them to this city.

A Fine Career.
General Ross, who is a veteran of the South African war, as well as the European conflict, decided to remain in the military life on returning from

BRIG.-GEN. J. M. ROSS, C.M.G., D.S.O.

overseas and a short time ago was offered the post of G. O. C. here, relieving General Leckie, who has been anxious to return to his civilian duties. General Ross, who was a South African war veteran, enlisted in Vancouver early in 1915 with the 29th Battalion, and when the unit went overseas he held the rank of major. The following year in France he was promoted to Lieut.-Colonel and in 1917 was made a brigadier-general and given command of the 5th Brigade. In 1918 he was wounded and invalided to England. On rejoining the Canadian Corps he was detailed to the 10th Brigade. His many acts of bravery and skilful leadership brought many honors, including the C.M.G. and the D.S.O. with two bars. Victorians will be sorry to lose the presence of General Leckie. He proved himself a good soldier on the battlefields of France and Belgium and a capable administrator in the affairs of this military district. His deeds while on active service will always be remembered by the people of British Columbia. He has been granted two months' leave of absence in reward for his lengthy services and at the expiration of that time will be placed on the reserve officers' list. General Ross is an Ontario man, belonging to Oxford County. Before enlisting in the army he had resided for two years in Vancouver.

PLAN TO HOLD LOAN EXHIBITION HERE

B. C. Arts and Industrial Institute Appeals For Loan of Objects d'Art

A loan collection is being arranged by the Provincial Arts and Industrial Institute to foster a love for and an appreciation of the arts and crafts. Access to a good collection has been a long felt want in this Western Province, and it is hoped that this exhibition will be the means of laying the foundation of a permanent art gallery. This exhibition will be housed in the large room of the Institute in the Provincial Library at the Parliament Buildings, and will include pictures, china, statuary, old jewellery, silver, pewter, lace, miniatures, furniture, wood carvings and any other articles of true artistic merit. All articles entrusted to the care of the Institute for this exhibition will be fully insured and kept under lock and key, and in the charge of competent curators. Will any one having suitable articles and willing to lend them kindly communicate with Mrs. R. E. Pemberton, telephone 559; Mr. J. Kyle, 1,229; Mr. E. Bounds, 2,589L; or Mr. Walter Harvey, 6,669R. The exhibition will be open from about February 10 for one month.

Double Tie in Amateur League; Senators and Jacks Got Points

Elks Beaten Three to Two in Overtime Game—War Veterans Lose to McDonald's Septette Three to One

	Won	Lost
Elks	3	2
Two Jacks	3	2
G. W. V. A.	2	3
Senators	2	3

Following two more of those strenuous battles which have the amateur league supporters cheering and rooting throughout every minute of the encounters, a double tie was created in the amateur league last night. The Senators for the second time in two meetings handed a defeat to the Elks, four minutes of overtime play being necessary to decide a three to two encounter in favor of Straith's men last night. The Two Jacks, outclassing the G.W.V.A. in the first two periods, handed the icy mit to the greenbacks by three goals to one and deservedly won the match.

The crowd was larger than ever, amounting to upwards of 1,400, and to add to the general enthusiasm of the hockey feast, Mike McDonald, acting as ringmaster, announced the result of the Victoria-Vancouver game, an announcement which drew a great burst of applause.

The third game on the card was the first of the junior games, the Thistles and the Bays taking the Thistles and the Bays had the best of the argument by five goals to nothing.

Senators Opened. The league champions and the Senators hit up the hottest pace yet seen in an amateur game this season without either side showing any advantage. Joe Ham got the first counter with less than two minutes to go. Hughie Burnett had hooked one towards Gravelin, which he left his goal to clear and while he was away from his net, Ham skated up, and put it between the posts.

Alex Injured. Ten seconds before time Stewart put in a backhanded shot which caught Alex Straith in the eye, and knocked him flat on the ice. Spence followed it up and banged the puck in on the rebound before either the players or referee realized that the Senators were the victors. Although the Elks' manager was willing to waive all claims to the counter the referee declared the score to stand. Watson replaced Straith with the agreement of the Elks.

Senators Leading. Good defensive work by Irwin and Cook at the Elks end and Christy and Wickson at the other end, featured the opening stages of the second period. Hughie Burnett put the Senators in the lead six minutes after the start with a direct shot from half a dozen yards out. Buck Irwin settled his way tenaciously through to test Watson, but the deputy goalie played a game end in which he had previously figured.

King Tied Score. A few minutes after the last period opened, Wickson went down neatly eluding all opposition and caved the puck back put it past Gravelin but the goal was given off-side. King tied up the game again by getting one through, while Watson was on the ground after an invasion of his net.

In the overtime play Ham drew Gravelin out of his goal and put the Senators ahead. Straith tried out a new man, Duff, who shaped up like a goal getter and looks like adding considerably to the Senators' strength.

The Lineup.

Senators	Position	Elks
Straith, Watson	Goal	Gravelin
Wickson	Point	Cook
Christie	Defence	Irwin
Quinn	Centre	Spence
Smith	Rever	George
Hamm	L. Wing	Stewart
Burnett	R. Wing	Glaser
Straith, G.	Utility	King
Fitzsimmons		E. King

Goal Summary—First period: 1, Senators, Hamm, 12:23; 2, Elks, Spence, 1:27. Second period: 3, Senators, Burnett, 6:55. Third period: 5, Senators, Hamm, 6:23. Overtime: 5, Senators, Hamm, 6:23. Penalties—Third period: Elks, Spence, and Senators, Hamm, three minutes.

Jacks Got First. The Two Jacks and Vets promised lots of excitement from the time they took the ice, both opening up with all they had. Miller put the Jacks ahead with the game three and a half minutes old and the diminutive Jachlin sagged the Two Jacks' net five and a half minutes later. A great cheer went up from the vets' supporters as the score was equalized. Play was even for the rest of the period. Sid Elmer had hard luck with a shot which clattered against the upright.

Simmonds in Fern. Simmonds was called upon to save two hot shots from Ross Miller as the second period opened, the Two Jacks staging a great offensive which caused the Veterans to tighten up their defence for a spell. Simmonds shaped up like a different tender to the one who guarded the Veterans' net at the beginning of the season, and while Watson, who only visited a couple of times saved shots from Oatman, Miller and Elmer. After nine minutes' play Oatman's solo efforts was rewarded and the score stood 2-1 in favor of McDonald's septette.

MORE CRITICISM OF CHAMP'S WAR RECORD

Cleveland, Ohio, Jan. 13.—Condemnation of the war work of Jack Dempsey, world's heavyweight champion, was voiced in a resolution unanimously passed by the Meuser-Ruhr Trust of the American Legion here. The resolution contains an appreciation of the war record of Georges Carpentier.

Fort Wayne, Ind., Jan. 13.—Condemning Jack Dempsey as an unfit representative of American athletics, the Fort Wayne Veterans of the American Legion unanimously passed a resolution last night declaring opposition to his defending the championship title for America.

The resolution is the result of recent agitation against Dempsey for his war record, due to the fact that his services during the war were confined to work in the shipyards.

LADIES' BASKETBALL OPENS TO-MORROW

The Ladies' League in the Sunday School basketball series opens Wednesday evening in the First Presbyterian gymnasium. At 8 p. m. sharp meet the St. Mary's ladies and at 9 p. m. the First Presbyterian "A" team meet the "Pilgrims" (Cen-tennial). Both games will be keenly contested and a good crowd is expected.

Meeting To-night. A meeting of the Sunday School Basketball League will be held to-night at 8 p. m. in the Y. M. C. A. building. Delegates from all senior and intermediate teams are asked to be present, as several important items of business are to be brought up at this meeting.

MACAN GIVES A HAND ON TOURNAMENT LINKS. A. V. Macan, of Victoria, was in Vancouver over the week-end giving professional touches to the winning of the new nine of the Vancouver Golf and Country Club, which is being prepared for the big Pacific Northwest tournament on the Burlington course next Spring. Macan is considered the best authority around these parts, and officials of the club thought it would be best to secure his opinion as a final authority.

TWO STRAIGHT FALLS. Boise, Idaho, Jan. 13.—Ad Santel, champion light-heavyweight wrestler, won two straight falls here to-night from Sam Clapham, the English wrestler. The first fall came in one hour and six minutes, and the second in twenty-four minutes. Santel weighed 180 and Clapham 190.

Looking Things Over. In granting a card to St. Forsythe, former professional baseball player, allowing him to take part in amateur sport with the exception of playing amateur baseball, the provincial body of the British Columbia Amateur Athletic Union have set an example which has frequently been advocated should be applied universally. Although in this particular instance Forsythe should not be getting just the kind of card he wants, it has often been advanced that a professional sportsman in one branch of sport should not be excluded from all amateur sport.

Are Barred From Games. The matter came to a head last season when Bobby Genge, of hockey fame, sought to while away the summer time by playing amateur football. As a baseball player Bob is an amateur and not out of his class, but although Bob's home is in Victoria, and he likes sport, there was not a single sport he could indulge in the whole year round except three months of hockey in the winter. Eddie Oatman is under a similar cloud. Eddie was anxious to play baseball with the amateurs, but the fact that he is a pro, purchaser kept him out. Lester also tackles practically any sport, including lacrosse, but cannot jump into any game during the summer except tennis and golf.

Billiards Profitable. According to figures recently announced, estimated from contracts already made, Willie Hoppe will earn between \$20,000 and \$25,000 this year in exhibition matches, putting him far above the stars of the diamond, as Ty Cobb, Walter Johnson and "Baby" Ruth. Ralph Greenleaf, the twenty-year-old pocket billiard champion, also will have a big earning power, estimated at \$10,000, while Robert Canefax, the three-cushion champion, is likely to earn about the same amount.

The Fighting Champ. In a couple of months or so, when Jack is finished with the moving pictures, Kearns announces that Dempsey will be prepared to tackle all comers. With a bout with Carpenter billed as practically decided upon, the champion dismisses the French idol summarily when he states that Carpenter will be the next opponent or someone else if satisfactory arrangements can be made. The Juana has been declared impossible as the venue of the next fight, and after all the talk of the last few days another contest for the heavyweight crown is not one whit nearer a decision than it was before Carpenter stopped Beckett's aspirations.

English Cup Surprises. The early rounds of the English cup competition are usually productive of a few surprises, but it is doubtful if the great soccer classic ever produced such profound surprises as those which were announced after Saturday's games. The most surprising result of the day was undoubtedly the defeat of the famous Burnley team—members of the first division of the league—who went under to a practically unknown team by the name of Thornycroft. Another first division team who met with a rude shock, was Oldham Athletic, who were knocked out by Cardiff City of the Southern League. Birmingham, of the second division, put a blanket on the hopes of Everton, another senior league team, by defeating them two goals to nothing. Liverpool, the other representative of "the Black Spot on the Mersey," could only make a draw with South Shields, and it is by no means a foregone conclusion that they will win the replay which takes place at Liverpool, in the near future. Then again West Bromwich Albion who, thus far this season have been very successful in the first division, were knocked out by Barnsley of the second division. Barnsley won the English cup several years ago, after a series of very stiff games with teams as Everton and Newcastle United, and it may be that history will repeat itself this year.

Aristocrats Increase the Lead; Beat Vancouver Four to Three

Only Lehman's Phenomenal Tending Saved Oatman's Men From Piling Up a Bigger Score

Vancouver, Jan. 13.—Beaten four goals to three, after showing the way for twenty minutes of the fastest hockey ever witnessed here, Vancouver puckchasers dropped their first game of the season on the home ice last night. The Victoria Aristocrats, staging one of their characteristic comebacks, banged through four goals in the last two periods, won by four goals to three and increased their lead in the championship race, leaving Vancouver and Seattle tied for second place.

Surprised Mainlanders

The result, a big surprise to local fans, after the brilliant showing of the Millionaires a week ago, shattered the dope. The wise ones, who figured Vancouver to win and set the pace in the pennant fight, got an awful setback. Victoria played a more consistent game throughout, and deserved to win, notwithstanding Vancouver's determined rushes and spirited offensive in the last few minutes of play.

Five Man Defence

With the score 4-3 and the minutes slipping by faster than home fans hoped for, the Millionaires made valiant but futile attempts to tie the count. Victoria presented a five-man defence and successfully withstood Vancouver's rushes. A couple of times Taylor made rushes through the opposition, only to miss the net by inches, or have Fowler turn the puck aside. The Breaks were all against the home team after the opening session, and but for Hughie Lehman's masterly performance in the goal the score would surely have mounted up rapidly.

Lehman Was Busy

Lehman saved Vancouver from a decisive beating by phenomenal work. Half a dozen times he came out of the net and stopped shots after a visiting puckchaser had the whole defence. He was working overtime compared with Fowler's duties, and Vancouver was fortunate that Lehman was between the posts last night.

Taylor, Duncan, and Cook, along with Lehman, were the only Vancouver men to show anything like the form displayed a week ago. For Victoria, Dunderdale, Oatman, the Loughlin brothers and Johnson worked hard and effectively throughout. Oatman played on the wing in the first period. After that he joined the defence, the Capitals having five men stationed in front of the goal from them until the finish. Fowler stopped a lot of shots, but Vancouver's inability to find holes in the Victoria defence made it easier for him, while Kerr only showed form on a couple of occasions.

Close Checking

Both teams displayed but little combination, the checking being too close to enable them to break away. The pace was fast at all times, the checking furious, spills numerous and the casualty list fairly heavy. W. Adams, Johnson, Dunderdale and Kerr suffering bad cuts. The arena rocked several times when the Moose collided with the ice, but he played a dashing game and got a big hand for his effort. Play was wild and woolly at times, the kind which appeals and on occasions the big arena was in an uproar as the teams batted, scrambled and checked fiercely in an effort to gather counters.

Summary

First period: Taylor for Skinner, Vancouver, 2-0.
Second period: Kerr, Victoria, 1-0.

DUNDERDALE STILL LEADS THE SCORERS

Registered His First Assist Last Night; Also Got Goal

Tommy Dunderdale still leads the race for scoring honors, with his team captain following on his heels. The Aristocrat captain by his unselfish work for the good of the team has had a lot to do with placing the center-forward on top of the ladder, and Dunderdale who is shooting like a machine gunner has passed up few opportunities to register. Pending low to check last night Dunderdale got a bad skate cut across the forehead, figuring in the casualty list at Vancouver for the second time. The injury may possibly keep him out of the game with the Millionaires at the Victoria Arena Friday night. In that event the Vancouver scoring wizard, Cyclones Taylor, who registered a couple of points last night, will probably be able to sneak up on the Victoria man for the Vancouver veteran seldom lets a game pass without adding at least one to his total.

Fans Delighted

Evidence of the delight which the success of the Victoria septette has created was shown at the amateur games at the Arena last night. The announcement of the final result was the signal for a spontaneous outburst of cheering.

After Wednesday's game between Seattle and Vancouver, Victoria will have their two goal lead reduced to one whatever the outcome of the tilt. If the Mainlanders win Friday night will see them fighting to tie the Aristocrats for the top position again.

"THAT OLD BAG OF TRICKS."

To the Editor:—Yes, Mr. Editor, it surely is the same old bag, easily recognized by the tools it contains—the handle of the knacker's hammer sticking out ready for use on every opportunity. If you dig down into the bag you will also find a lot of assorted such narrow-minded views, selfishness, petty jealousies, and many others which have been the means of keeping this city back for years. There is also a magnifying glass called "positivism" that enables the user to make all sorts of small difficulties appear like huge and insurmountable mountains and distorts the user's vision of everything.

Thank goodness, there are only a few left now who carry this old style bag, and the large majority are proud of a new modern bag which is called the constructive tool, such as those used by the Rotary Club and the Kiwanis Club, viz. Optimism, community service, unselfishness, willingness to help put over anything that is for the benefit of the community without thought of personal loss or gain.

This bag also contains a modern perspective, "Optimism," which enables the user to see over the small difficulties and the big ones, too, and look into the future benefits. It also has a long-range telescope called "faith" which also shows us plainly the growth and development of this city in years to come if we faithfully use these new tools. Which are you going to use on the polling day, Mr. Voter: "The old bag of tricks" or the "New bag of real tools"?

OPTIMIST.

A CHALLENGE TO MR. PEIRCE.

To the Editor:—Saturday evening I attended a meeting at the Crystal Theatre at which W. E. Peirce openly advocated the policy of Bolshevism and prophesied that during the present year the Dominion Government would be replaced by that of a Soviet form. The audience was small, but evidently in full agreement with the speaker. There can be no question that there is an active organization in Victoria working to establish in Canada a dictatorship of the proletariat.

I feel that some reply should be made to the remarks of Mr. Peirce.

Either the speaker did not know his subject or made statements with the express intention of misleading the audience. In the first place he claimed that the Bolshevist party had the support of at least nine-tenths of the Russian populace. Nevertheless, he gave no figures and neglected to state that a Constituent Assembly had been elected in November, 1917, by means of a universal adult suffrage. This election was even held under the supervision of the Bolshevists after they had seized power. Nevertheless, when it was allowed to sit in January, 1918, after all the cadet members had been arrested, out of the 423 members who assembled only 140 were Bolshevist, and the rest wanted the Bolshevist demands to it, they were entirely rejected. Lenin replied by red Guarding and abolishing the Assembly.

Since then the Bolshevists have never allowed the people to express their opinion in any election, but have established a dictatorship by means of brute force. And yet in the face of this the Canadian supporters claim they have the backing of nine-tenths of the populace.

Again, the speaker claimed that he was a Bolshevist because their methods of election were the most democratic he had ever heard of. Nevertheless he gave no idea of what they were and when asked later on endeavored to make his audience believe that there was a universal suffrage for all over 18 years of age.

Chapter XIII of article 4 of the constitution of the "Russian Socialist Federated Soviet Republic" sets out the qualifications for voting as follows:

Chapter XIII.
Sec. 64. The right to vote and to be elected to the Soviets is enjoyed by the following citizens, irrespective of religion, nationality, domicile, etc., (a) Citizens of the Federated Soviet Republic, of both sexes, who still have completed their eighteenth year by the day of election;

(b) Persons who have acquired the means of living through labor that is productive and useful to society, and also persons engaged in housekeeping, which enables the former to do productive work, i.e., labors and employees of all classes who are employed in industry, trade, agriculture, etc., and peasants and Cossack agricultural laborers who employ no help for the purpose of making profits.

(c) Citizens of the two preceding categories who have to any degree lost their capacity to work.

(d) Persons who employ hired labor in order to obtain from it an increase in profits.

(e) Private merchants, trade and commercial brokers.

(f) Monks and clergy of all denominations.

(g) Employees and agents of the former police, the gendarme corps and the Okhrana (Czar's secret service), also members of the former reigning dynasty.

(h) Persons who have in legal form been declared demented on mentally deficient, and also persons under guardianship.

(i) Person who have been deprived by a Soviet of their rights of citizenship because of selfish or dishonorable offenses, for the period fixed by the sentence.

The above will disfranchise the

great majority of the people, and yet it is called "democratic."
The following classes, together with many others, will certainly be excluded:

1. Every merchant from the keeper of a corner grocery store to the owner of a large mercantile establishment.
2. Every banker, every commission agent, every broker, insurance agent or real estate dealer.
3. Every petty contractor, garage-keeper or other person employing any hired help of any kind whatever.
4. Every farmer who hires help of any kind, even a single "hand."
5. Every clergyman and minister of religion.
6. Every person who has any income whatever from inherited wealth or invested earnings. This would include a savings bank account.
7. Every person engaged in house-keeping for any of these people.

Power, of imposing the cost, by the proletarian minority is the basic principle of Bolshevism.

The Bolsheviki denounced Kerensky's Government for not holding the election for the Constituent Assembly in control they delayed the meeting of the Assembly and then suppressed it by force of arms! They denounced Kerensky for restoring the death penalty in the army, and then they instituted capital punishment for civil and political offences, establishing public hangings and floggings as a means of imposing the law.

The Bolsheviki denounced Kerensky for interfering with freedom of speech and the press, and then suppressed all non-Bolshevist papers and meetings in a severer manner than even under Czarism.

Lenine began by a reign of terror, and he holds power by that alone. If Mr. Peirce really believes in his own cause, he should be afraid of being exposed, and I know will accept this, my challenge, to meet him in debate on his own platform in the Crystal Theatre at any time or date he may care to give.

JOSEPH B. CLEARHUE.
212 Union Bank Building, Jan. 12, 1920.

THE DAY AFTER.

To the Editor:—Every intelligent citizen ought to vote against the Johnson Street Bridge by-law. The usual charges of "knockers," "moss-backs" and "unprogressives," need not deter anyone from recording a vote against such an unwise expenditure.

Let the citizens grasp the following indisputable facts before they vote: General debt, \$9,859,410.49; local improvement debt, \$8,341,284.17. Total, \$18,200,694.66.

Unpaid taxes to date, which amount is steadily increasing through interest charges, is very nearly \$3,000,000. At the 1919 tax sale the assessed value of property bought in the name of the city was as follows: Land, \$1,424,395; improvements, \$174,050. Total, \$1,598,445.

Now the whole of this property could have been acquired by private investors for \$84,399.90 or about 37 per cent of its assessed value, yet no buyers could be found. It is certain that another large offering of property must be made this year for unpaid taxes, and that such property will have to be bought in by the city.

Added to this, the demand for increased appropriations for the various services of the city is irresistible. The city's expenses will be higher, the wages of the outside employees must be increased. The cost of all materials used for public works is greater than ever before, and the burden from any added burden the taxes of the city must be increased by one or two mills upon the dollar at the very least.

The two new by-laws will absorb one mill upon the dollar upon the assessable property. Last year the best average year for five years for tax collection, reached 74 1/2 per cent, so that at the very highest and best period of the city, over 25 per cent of the city's taxes remain unpaid.

Is it not, therefore, the truest of civic patriotism to refuse adding to the difficulties of the city? Apparently one only of the aspirants for aldermanic honors—Mr. A. E. Todd—has the moral courage to pronounce against the by-law. I do not know the reasons he may give for his attitude, but I shrewdly suspect that he would say that the Railway Company should build its own bridge at its own cost, carrying its own responsibility, making proper provision for pedestrian traffic, which the Order-in-Council compels the company to do, and that when the industrial demands call for greater facilities or access to the South Bay Reserve, the citizens should build a bridge for themselves.

The local improvement sinking funds at the close of the year 1918 amount to \$1,982,348.12, and this part of the civic exchequer is steadily falling in arrears to the tune of \$200,000 to \$300,000 per annum when the citizens wake up from the orgy of extravagant borrowing, they will

WAS RESPONSIBLE FOR FINAL LOCAL MAPS

Late Robert H. Chapman Was in Charge of Island Field Work for Three Years

The wonderful topographical maps of the Saanich peninsula, and other districts contiguous to Victoria, which have been issued during the last few years by the Geological Survey of Canada, are based upon the survey carried out by Robert H. Chapman, the eminent topographical engineer, whose death is reported by telegram from Washington. There he made his headquarters since his return to the United States Geological Survey. Pneumonia was the cause of death.

Mr. Chapman was induced to go to Ottawa from Washington in May, 1909, when the Hon. William Templeman was in charge of the Department of Mines, in order to introduce the United States topographic methods into the Geological Survey of Canada.

Work being then in progress in southern Vancouver Island, a preliminary report having been issued in 1908, Mr. Chapman was sent to Victoria early in the season of 1909, and during that year and working season of 1910 and 1911 he made his headquarters on Vancouver Island, while in charge of field work. On his splendid topographic map—4,000 feet to an inch—the official maps now issued by the department in its memoirs on Southern Vancouver Island are based.

The late Mr. Chapman, who was associated with the United States Geological Survey from 1880 to 1909, and again from 1913 to the time of his death, was a member of a number of learned societies. He had contributed many bulletins, and many descriptive and scientific articles in magazines and to transactions of scientific societies. He was in his fifty-second year.

Berne, Jan. 12.—Via London, Jan. 13.—Dr. Chayim Weismann, head of the Jewish administrative commission, who has just returned from Palestine, says the present situation there is favorable for Jewish immigration, as the British authorities are supporting Zionist colonization. Dr. Weismann believes it possible that this year 30,000 Jews of the poorer classes will be transported to Palestine.

LABOR'S APPEAL

FOR ALDERMAN

ROBT. DEWAR.
In the spirit of SERVICE, we, the nominees of the Trades and Labor Council, tender you our assistance in the solution of the several problems which concern our common citizenship. We feel that the general interest will be advanced by the frank recognition of Labor's right to fair and proportional representation in the Council Chamber. The prosperity of Victoria is inextricably woven with the well-being of its industrial toilers. Any solution of civic problems which ignores their viewpoint is foredoomed to inevitable failure. We therefore appeal to you to afford us the opportunity to contribute our quota to the happy solution of the many problems which confront Victoria—our Home City.

OPPOSITION TO NEW SYSTEM OF MEAT INSPECTION

City Council Postpones Action on Health By-law Amendment

In order that Victoria butchers may be given an opportunity of coming before the aldermen and giving their views on the measure, Alderman Johns' amendment to the Health By-law, which was published in last night's Times and which provides for rigid inspection of all meat sold in the city, was tabled by the City Council last night.

Alderman Dinsdale, chairman of the Market Committee, voiced strong opposition to the system of rubber stamping all meat before it could be sold, as proposed by Alderman Johns, and to any measure that would check the growth of the market.

Effect on Outside.
"On the whole, certainly," replied Alderman Johns. "But sometimes it is not fit to eat. I have seen it that way and you, Mr. Mayor, I have no doubt have also. This measure will not go all the way, but it will do some good. It may prevent one death from eating bad meat."

Sanitary Inspector Lancaster informed the Council that the press had misquoted the Vancouver inspector who was reported to have declared that meat unfit for human consumption was being sold in Victoria. As a matter of fact, the inspector stated, the Vancouver official had not mentioned Victoria. Mr. Lancaster stated that, under present conditions, it was impossible for the inspectors to pronounce meat in the market unfit for food. Diseased meat, he said, might appear all right when displayed in the market.

Oak Bay must pay \$400 a month for fire protection. Oak Bay will have to pay the city \$400 a month for the months of January and February for the fire protection which it is afforded by the city's Fire Department.

CITY PROBABLY MAY SPEND \$22,350 TO HELP UNEMPLOYED

Public works costing \$22,350 will be carried out in Victoria almost immediately as a partial relief to the unemployment situation. The recommendation of the present City Council, made last night, is carried out by the Council of 1920.

BUSINESS OF 1919 COUNCIL CONCLUDED

Last night's meeting concluded the business of the present City Council. Some of the aldermen seized the opportunity to pay tribute to the work performed by the Council, and to congratulate the Mayor on his election for a second term by acclamation.

COST OF KEEPING INDIGENTS RISES

Alderman Sargent, chairman of the Finance Committee, informed the City Council last night that it now costs the city \$2.11 a day to keep indigent patients at the Hospital. The Hospital as against \$2.11 last year. Alderman Sargent advocated that the Provincial Government take over the administration of hospitals.

FORWARD MOVEMENT AT FIRST CHURCH

Last evening a large and representative gathering of the members of the First Presbyterian Church was held to organize for effective work in the Forward Movement. Rev. J. G. Inkster called the meeting to order, which then proceeded to elect the necessary officers and heads of committees. R. W. Mayhew was chosen general chairman of the Forward Movement and B. Gammell secretary. Rev. Mr. Kerr, of New Westminster, addressed the meeting at length on the aims of the movement and the methods of organization.

He emphasized the superlative necessity of keeping the spiritual aspects of the movement uppermost. The chairman of the different committees were then elected as follows: Spiritual aims, R. G. Howell; literature and publicity, Donald A. Fraser; finance, Geo. McGregor; special subscriptions, Jas. Forman. The meeting was very enthusiastic in its promise of support to the different committees, and a good campaign and substantial results can be looked for in the First Church.

The New England Restaurant will reopen January 15.
The Building of the Johnson Street Bridge will help relieve the unemployment problem.
