SEC. 2. Section fourteen of said act is hereby amended to read as follows: Stats. 1915,

amended.

Sec. 14. After the reclamation board has held the hearings in each county pursuant to section thirteen of this act and the assessment lists have been made to conform with its decision, said lists shall be certified by the secretary of the board to be correct, and shall thereupon be filed in the offices of the county treasurers, respectively, of the several counties in which are situated any of the lands assessed thereby. Each such county treasurer shall endorse thereon the date and time to the hour and minute when the same was so filed in his office; and thereafter from that time such assessment shall constitute a lien upon the lands so assessed in such county, and shall impart notice to all subsequent purchasers or incumbrancers or any person acquiring any interest in or lien upon said lands. The assessment shall then be paid to the respective county treasurers in one or more installments of such amounts, and at such times, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct. Assessments
become
lien on
land.

At the time within thirty days after said assessment list has been so filed in the office of the county treasurer as provided above, the whole amount of such assessment upon any tract of land therein separately assessed may be paid in cash to the county treasurer and thereupon the county treasurer shall issue his receipt therefor and shall endorse the fact and date of such payment upon the assessment list, and thereupon the lien of such assessment upon such tract of land shall cease. No interest shall be charged on any assessment paid in full within this thirty-day period. All assessments not paid in full within said period of thirty days shall bear interest at the rate of seven per cent per annum from and after the time when the assessment list is filed in the office of the county treasurer for collection. The remaining portion not yet ordered paid by said board of the assessment upon any tract of land may be voluntarily paid in full, with the accrued interest thereon, at any time after the lien of such assessment has accrued. Payment
within
thirty
days.

If any installment shall remain unpaid at the expiration of thirty days from the date of the board order calling said installment, then said installment shall become delinquent, together with accrued interest thereon to date of delinquency. When any such installment shall become delinquent, a penalty of one dollar, together with twenty per cent of the amount of such installment plus interest, shall be added thereto and collected for the use of the district: *provided*, that if any action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled in said action, may, in the discretion of the board, become delinquent thirty days after any judgment rendered therein shall become final. delinquency
and sale.

After the said installment has become delinquent, the board, when it shall deem it advisable, shall publish in each county where such delinquencies exist, at least once a week for two weeks in some newspaper of general circulation published in the said county, a list in one notice of all said delinquencies in such county which notice shall contain a description of the property assessed as described in the assessment list or by other descriptions sufficient to identify the same, the name of the owner to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount of the delinquent installment, interest and penalty as above provided, and a further notice that each of said parcels will be sold at public auction by said county treasurer in front of the court house of said county at a specified day and hour, to pay said installment with accrued interest and the penalty, together with its proportion of the total cost of publication of said notice of sale.

Sale to
highest
bidder.

At the time and place stated in said notice, or such other time to which said sale may have been postponed, the county treasurer shall sell each parcel of land described in said notice to the highest bidder for gold coin of the United States unless prior thereto he shall have received payment in full of said delinquent installment, interest, penalty and cost of publication. If not completed on the first day the sale may be continued from day to day and over Sundays and legal holidays until completed. No license shall be required of the county treasurer for conducting such sale. No bid for any parcel shall be accepted which is less than the aggregate sum then due for said installment thereon, together with accrued interest, penalty and cost of publication. If no bid is made for any parcel at such delinquent sale which is equal to the total amount then due thereon, the county treasurer shall bid in and sell said parcel to the said Sacramento and San Joaquin drainage district for the amount of said delinquent installment or installments, together with accrued interest, penalty and cost of publication.

Certificate
of sale.

The county treasurer shall execute to each purchaser at such delinquent sale including said drainage district, a certificate of such sale, which certificate of sale shall be recorded by said purchaser in the county recorder's office of said county. Out of the proceeds of said sales the county treasurer shall transmit to the state treasurer the total amount then due on the property so sold as shown in said notice, and shall pay to the owner of said property any surplus remaining after such payment to the state treasurer. The county treasurer shall, when directed by the reclamation board, postpone the said delinquent sale from time to time for not less than ten nor more than thirty days by a written notice posted at or near the place of sale, which written notice shall be substantially as follows: The sale of property for delinquent assessment

If no redemption shall be made within one year the reclamation board upon demand and the surrender of such certificate of purchase and the delivery of a certificate of the county treasurer that no redemption has been made within such year from date of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances except state, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of said or any assessment made by said drainage district, which said balance must be called in and collected in the same manner as other assessments, except that no parcel sold and conveyed to the Sacramento and San Joaquin drainage district shall thereafter, until redeemed or until sold and disposed of by the reclamation board, be subject to sale by the treasurer for subsequent installments of the said or any assessment as in this act provided.

Each deed by the reclamation board purporting to be executed under this act shall be prima facie evidence of the truth of the matters therein recited and of ownership by grantee of the lands therein described. All deeds herein required to be executed by the reclamation board may be executed by the president and secretary thereof on behalf of said board. Any parcel of land bid in and purchased by the Sacramento and San Joaquin drainage district at such delinquent sale shall be held in trust for the assessment under which the same was sold and may be sold and conveyed by said reclamation board or their successors in office at any time after the expiration of said redemption period of one year at public or private sale and with or without notice, to any person paying not less than the amount for which said parcel was bid in by said county treasurer at such delinquent sale for said drainage district, with interest thereon at the rate of twelve per cent per annum compounded yearly from the date of such delinquent sale, and also the amount of all subsequent installments or other assessments then delinquent, with accrued interest and penalties thereon.

If any lands so held by said drainage district remain unsold then the reclamation board shall sell all such lands so held by said drainage district at public auction to the highest bidder for cash, upon two weeks published notice substantially in the manner provided for notice upon above delinquent sales, and shall execute to the purchaser a conveyance, which deed shall convey title to the land as above prescribed. The proceeds of such sale shall be deposited with the state treasurer to the credit of the assessment under which the property became delinquent.

Sale at public auction.

Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges, who shall constitute a board of election for such precinct. If the board fail to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of election, the electors of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of directors must, in its order appointing the board of election, designate the house or place within the precinct where the election must be held.

The names proposed by the various petitions so filed, and no others, shall be printed on the ballots. But there shall be sufficient blank spaces left in which electors may write other names if they so desire and when a name is written in such blank space the vote shall be counted for the person whose name is so written in. The petitions shall be preserved in the office of the secretary of the district.

General
election
laws to
govern.

SEC. 26. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain opened, and shall be conducted, as nearly as practicable, in accordance with the provisions of the general election laws of this state. As soon as all the votes are counted, a certificate shall be drawn upon each of the papers containing the poll lists and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he was voted for, which number shall be written in figures and in words at full length. Each certificate shall be signed by the clerk, judge, and the inspector. One of said certificates, with the poll list and the tally paper

to which it is attached, shall be retained by the inspector, and preserved by him at least six months. The ballots shall be strung upon a cord or thread by the inspector, during the counting thereof, in the order in which they are entered upon the tally list by the clerks; and said ballots together with the other of said certificates, with the poll list and tally paper to which it is attached, shall be sealed by the inspector in the presence of the judges and clerks, and indorsed "Election returns of (naming the precinct) precinct," and be directed to the secretary of the board of directors, and shall be immediately delivered by the inspector or by some other safe and responsible carrier designated by said inspector, to said secretary, and the ballots shall be kept unopened for at least six months; and if any person be of the opinion that the vote of any precinct has not been correctly counted, he may appear on the day appointed for the board of directors to open and canvass the returns, and demand a recount of the vote of the precinct that is so claimed to have been incorrectly counted.

SEC. 27. No list, tally paper, or certificate returned from any election, shall be set aside or rejected for want of form, if it can be satisfactorily understood. The board of directors must meet at its usual place of meeting on the first Monday after each election to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns; but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public and by opening the returns and estimating the vote of the district for each person voted for, and declaring the result thereof.

SEC. 28. The secretary of the board of directors must, as soon as the result is declared, enter in the records of such board a statement of such result, which statement must show: (a) The whole number of votes cast in each division of the district; (b) the names of the persons voted for; (c) the office to fill which each person was voted for; (d) the number of votes given in each precinct to each of such persons; (e) the number of votes given in each division for the office of director. The board of directors must declare elected the persons elected according to the provisions of this act. The secretary must immediately make out and deliver to each such person a certificate of election, signed by him, and authenticated with the seal of the board. In case of a vacancy in the office of director, the vacancy shall be filled by appointment by the board of supervisors of Santa Clara county, from the division in which the vacancy occurred. An officer appointed as above provided shall hold his office until the next regular election for said district, and until his successor is elected and qualified.

Qualifica-
tions of
director.

SEC. 29. A director shall be a resident of and owner of irrigable land within the irrigation district and a resident of the division which he is elected to represent.

Recall of
officers.

SEC. 30. The holder of any elective office of the district may be removed or recalled at any time by the electors; *provided*, he has held his office at least six months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the secretary of the board of directors of such district, which petition shall be signed by registered voters equal in number to at least twenty-five per cent of the highest vote cast within such district for candidates for the office, the incumbent of which is sought to be removed, at the last general election in such district at which an incumbent of such office was elected, or, in the case of the removal of the incumbent of an office elected by a subdivision of such district, such petition shall be signed by a like percentage of qualified electors of such subdivision computed upon the total number of votes cast in such subdivision for all candidates for the office, the incumbent of which is sought to be removed, at the last general election in such subdivision at which an incumbent of such office was elected; and said petition shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in nowise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving the precinct, and if within a town having named streets and numbered houses, street and number. Each such separate paper shall have attached thereto an affidavit made by an elector of the district and sworn to before an officer competent to administer oaths, stating that the affiant circulated that particular paper and saw written the signatures appended thereto; and that according to the best information and belief of the affiant each is the genuine signature of the person whose name purports to be thereunto subscribed and of a qualified elector of the district. Within ten days from the date of filing such petition, the secretary of the board shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate showing the result of said examination. If by the said certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The secretary shall, within ten days after such supplementing papers are filed, make like examination of a supplementing petition, and if a certificate shall show that all the names to such petition, including the supple-

mental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If the petition shall be found to be sufficient, the secretary shall submit the same to the board of directors without delay, whereupon the board shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; *provided*, that if a general election is to occur within sixty days, from the date of the order calling for such election, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election for officers of such district occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the manner prescribed by section twenty-five of this act.

Recall
of
officers.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "yes" and "no" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X) his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "no," said incumbent shall continue in said office. If a majority shall vote "yes," said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The election shall be conducted, canvass of all votes for candidates for said office shall be made and the result declared in like manner as in a regular election within such district. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person, who received the

highest number of votes shall fail to qualify within ten days after receiving the certificate of election the office shall be deemed vacant and shall be filled according to law. If the vote at any such recall election shall not recall the officer, no further petition for the recall of such officer shall be filed before the expiration of six months from the date of such first recall election.

Title to
property.

SEC. 31. The legal title to all property acquired under the provisions of this act shall immediately and by operation of law vest in said district, and shall be held by such district, in trust for, and is hereby dedicated and set apart to the uses and purposes set forth in this act. And said board is hereby authorized and empowered to hold, use, acquire, manage, occupy and possess said property, as herein provided. The board of directors may determine by resolution duly entered upon their minutes that any property, real or personal, held by such irrigation district is no longer necessary to be retained for the uses and purposes thereof, and may thereafter sell such property; and a conveyance of any property held by said district, executed by the president and secretary thereof, in accordance with a resolution of the board of directors of such district, when sold for a valuable consideration, shall convey good title to the property so conveyed.

required
by district.

SEC. 32. Each year, at least fifteen days before the first day of the month in which the board of supervisors is required by law to levy the amount of taxes required for county purposes the board of directors of said district shall furnish to the board of supervisors and the auditor of Santa Clara county an estimate in writing of the minimum amount of money required by the district during the fiscal year for all purposes other than the acquiring by purchase or otherwise, of water or water rights, lands, rights of way or property of any kind to be used in the development, storage, conservation or distribution of water: the construction, operation or maintenance of reservoirs, canals, pipe lines or other means of development, conservation, storage or distribution of water; and the payment of principal or interest of bonds issued for any of the foregoing purposes. The said board of supervisors must annually, levy an assessment upon the taxable property in said district sufficient to raise the amount of money so estimated by the board of directors. Such assessment shall be levied and collected at the time and in the manner as the general tax levy for county purposes and when collected shall be paid into the county treasury of said Santa Clara county and credited to the general fund of the Santa Clara county irrigation district and paid out on warrants as in this act provided.

Estimates
for con-
structing
works.

SEC. 33. For the purpose of constructing or purchasing necessary irrigation canals and works, and acquiring the necessary property and rights therefor, and for the purpose of acquiring waters, water rights, reservoirs, reservoir sites, and other property necessary for the purposes of said district,

and for the purpose of reimbursing the general fund of the district for money expended for surveys, examinations, drawings, and plans, in this section provided for, and otherwise carrying out the provisions of this act, or any other act under which said district is or may be authorized to acquire property or construct works, the board of directors of said district must estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, said board shall cause such surveys, examinations, drawings and plans to be made as shall furnish the proper basis for said estimate. Said surveys, examinations, drawings and plans, and the estimate based thereon may provide that the works necessary for a completed project shall be constructed progressively during a period of years. In the estimate of the amount of money necessary to be raised by the first issue of bonds for any particular project, the board of directors may include a sum sufficient to pay the interest on all of such bonds for three years or less. All such surveys, examinations, drawings and plans shall be made under the direction of a competent irrigation engineer and shall be certified by him. The plans to be carried out may be divided by said board into separate portions or projects in such manner as will in its judgment best facilitate the levying of assessments or issue of bonds, for each particular portion or project in a just and equitable manner according to benefits upon the lands in said district. Said board shall enter in the minutes of the board, a resolution to the effect that the execution of each such separate portion or project which they may determine upon is a public necessity. Each such particular portion or project shall be designated by the board in such resolution by name and number. All assessments, plans, bond issues and funds intended for or connected with the execution of each particular portion or project shall be designated by such name and number and shall be kept separate and shall be used only for the purpose of carrying out such particular portion or project. For the purpose of apportioning the cost of any such project the board shall appoint three assessors who shall be disinterested persons, and shall have no interest in any real estate within said district, and each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of an assessor to the best of his ability. Said assessors must assess upon the lands within said district the said sums so estimated by the board, and shall apportion the same according to the benefits that will accrue to each tract of land in said district, respectively, by reason of the expenditure of said sums of money. After said assessors have examined the plan or plans of the works contemplated and the said estimates of the cost, they shall make a preliminary report to the board indi-

 and also evidence concerning the manner in which said esti-
 mated costs should be apportioned. They shall give twenty
 days' notice of said hearing by publication in a newspaper
 published in said county. They shall exclude any land that
 will not be benefited by the expenditure of said sums and
 shall assess all lands that will be benefited thereby. Said
 assessors shall make a list of the lands so assessed, which list
 shall contain a description of the tracts of land assessed, by
 legal subdivisions, or other boundaries or references sufficient
 to identify the same: the name of the owner, if known, or if
 unknown, that fact, and the amount of the charge assessed
 against each tract. No mistake in the name of the owner, or
 supposed owner of any real estate shall invalidate the assess-
 ment or bonds based thereon. Said lists when completed shall
 be filed with the secretary of the board and the same shall be
 open for inspection by the public for at least thirty days.
 The compensation of said assessors shall be fixed and allowed
 by the board. The board shall appoint a time and place not
 less than thirty days after said list has been filed with the
 secretary when and where it will meet for the purpose of
 hearing objections to said assessments, and notice of such
 hearing shall be filed with the secretary and published for two
 weeks in some newspaper published in said county. At any
 time before the date of such hearing any person interested in
 any real estate upon which any charge has been assessed, may
 file in the office of the secretary of the board written objec-
 tions to such assessment, stating the grounds of such objec-
 tions, which said statement shall be verified by the affidavit of
 such person or some other person who is familiar with the facts.
 At such hearing the board shall hear such evidence as may be
 offered touching the correctness of such assessment or the
 manner of its apportionment, and may modify or amend the
 same and may reapportion all or any part of the entire assess-
 ment. If said assessment shall be reapportioned, the board
 shall give two weeks' notice as before, and proceed to hear
 objections as before, and shall then reconsider said assessment
 and make an order approving said assessment as finally fixed;
 said assessment lists shall thereupon be by the board filed in
 the office of the county treasurer of Santa Clara county.

SEC. 34. The board of directors shall then submit a copy
 of the said estimate, the said engineer's report and the said
 order of approval to the commission authorized by law to
 approve bonds of irrigation districts for certification as legal
 investments for savings banks and for the other purposes
 specified in the act creating said commission. Said commission
 shall forthwith examine said report and any data in its posses-

If the estimate of the amount of said bond issue shall have included any amount for the payment of interest on the bonds of such issue, as provided in section thirty-three of this act, and such estimate for the payment of interest, or any part thereof, is approved by the commission in said report, it shall be lawful for the board of directors, if the issuance of such bonds is thereafter authorized by vote of the electors of the district, to use for the payment of interest on any bonds of such issue so much of the proceeds of the sale of said bonds as may have been approved for that purpose in said report of the commission.

SEC. 35. If after such examination and investigation the said commission shall deem it advisable that the said plans be modified or that the amount of the bonds proposed to be issued be changed, or that certain conditions should be prescribed to insure the success of the project, or that in its opinion it is not advisable to proceed with the proposed bond issue, it shall so state in its report to the board of directors. After receiving said report, or if no report is received within ninety days after the submission of said data to said commission, said board of directors, if it shall determine and shall declare by resolution that the proposed plan of works or some modified plan recommended by said commission is satisfactory and that the said project or said modified plan is feasible, shall make an order determining the amount of bonds that should be issued in order to raise the money necessary therefor; *and provided, further*, that if the district shall issue bonds to carry out any plans approved by said irrigation district bond commission as herein provided it shall be unlawful for said district to make any material change in said plans thereafter without the consent of said commission.

SEC. 36. Within thirty (30) days after said resolution is adopted, an election shall be called and held by the board in that part of said district affected by said assessment or the issuance of said bonds, to determine whether the money necessary to pay the cost of the works and other expenses to be paid out of such assessment shall be raised and whether it shall be

raised by calls to be made upon such assessment in such installments as may from time to time be determined by said board, or whether bonds of the district shall be issued in an amount equal to the amount of such assessment, which amount shall be entered by the board in its records and stated by said board in its order for said election, which order shall be entered upon the minutes of said board.

Polling places.

SEC. 37. The board shall in its order providing for said election specify the day on which said election shall be held and shall specify and designate one or more polling places as it may determine to be necessary for the holding of such election. In case the board shall consider it necessary or proper to provide more than one polling place for the holding of such election, the board shall in said order divide the lands affected by said assessment into separate voting districts, and shall designate and provide one polling place for and within each such voting district at which shall be cast the votes of the owners of land within such voting district.

Board of election.

SEC. 38. The board shall also in said order providing such election appoint a board of election for each such polling place, which board of election shall consist of three owners of land assessed in and by said assessment and situated within such voting district where such polling place is located. Each member of such board of election, whether so appointed by the board or whether acting as a substitute as hereinafter provided, shall be entitled to the sum of five dollars for his services as such, to be paid by said board out of any funds of the district or of said board applicable thereto.

Notice of election.

SEC. 39. Notice of such election must be given by the board by posting notices thereof in at least three public places in each voting district at least twenty-one days prior thereto, and also by publication for the same length of time in some newspaper of general circulation published in said Santa Clara county. Such notice must specify the time and place of holding such election, the aggregate sum of money proposed to be raised, and the names of the persons appointed to act as the board of election. Affidavits of publication and posting of such notices must be filed with the county clerk of said county, together with a copy of said order calling such election certified to by the secretary or assistant secretary of the board. Duplicate original affidavits of publication of posting of such notice shall also be filed in the office of the board.

One vote for each dollar of assessment.

SEC. 40. At such election the owner or owners of each tract of land assessed in and by such assessment shall have the right in person or by proxy to cast one vote for each one dollar of the amount for which said tract of land is assessed by said assessment. In case there shall be more than one owner of any tract of land separately assessed in and by said assessment, all of such owners shall unite in the ballot to be cast at such election for and on behalf of such

tract of land, or shall authorize one or more of their number or some other person to cast such vote for them by proxy.

SEC. 41. Guardians, executors, administrators and other persons holding land in a trust capacity under appointment of court may vote, at said election without obtaining special authority therefor. No person shall vote by proxy at such election unless authority to cast such vote shall be evidenced by an instrument in writing duly executed, acknowledged and certified in the same manner as grants of real property and filed with the board of election. In case of the change of ownership of any tract of land, or in case the name of the owner of any tract of land be not correctly stated in the voting list, or in case it be assessed to unknown owners, the right to vote shall belong to the owner of such land at the time of the holding of such election; and if the right of any person to vote as the owner of any such tract of land be disputed or challenged, the question of his right to vote shall be determined by the board of election after examining him under oath, which oath any member of such board of election is hereby authorized to administer, and any person testifying falsely upon such examination shall be guilty of perjury. Any person voting or attempting to vote at such election who is not entitled to vote at such election, as herein provided, shall be subject to the same penalties and punishments as provided by the general election laws of this state, for voting or attempting to vote illegally.

SEC. 42. The board shall, prior to such election, cause to be prepared and certified by its secretary or assistant secretary, and furnished to the board of election in each said voting district, a true and correct voting list containing the reference number of each tract separately assessed upon the assessment list, to whom assessed, and the amount of the assessment thereon with reference to which the election is to be held, which voting list shall be used by the board of election in determining the right to vote and the number of votes to be cast by each voter, and shall be sufficient evidence thereof.

SEC. 43. For the purpose of determining the so-called "reference number" of each tract separately assessed upon the assessment lists, the board shall, before preparing such voting lists, cause each tract of land separately assessed upon the assessment lists, unless already done, to be given a separate number to be designated as the "reference number" of such tract, which reference numbers shall be entered upon

the assessment lists opposite the several tracts separately assessed, respectively.

The ballot cast at such election shall contain the words "Assessment—Yes" or the words "Assessment—No" and the words, "Bonds—Yes" or the words "Bonds—No," and also the signature of the person or persons casting the ballot, with the number of votes cast by such voter. If a ballot is cast by proxy, it shall also contain the name of the land owner for whom the ballot is cast and the signature of the person casting the said vote as such proxy. A list of the ballots cast shall be made by the board of election, containing the name of each voter, and if the ballot be cast by proxy, the name of the person casting it and the number of votes cast by each and whether the same be cast for or against the issuing of the bonds.

Vacancy on election board.

If any person appointed as a member of the board of election shall fail to attend at the opening of the polls, the voters then present may appoint in his place any land owner of the voting district then present and entitled to vote at such election at such polling place, to fill the position of any such absent member thereof. Each member of such board of election must before entering upon the discharge of his duties as such, take and subscribe an official oath, which oath may be administered by any officer authorized by law to administer oaths, or by any land owner in said district. Such oath shall be to the effect that he will support the constitution of the United States and the constitution of the State of California, and that he will faithfully perform the duties of member of such election board to the best of his ability.

At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result, and shall forward a certificate showing each result and the number of votes cast for and against the issuing of bonds, to the board of directors of said district, and shall deliver a duplicate thereof to the county clerk of Santa Clara county, and shall also deliver to said board all ballots, voting lists and lists of ballots cast at such election, and all documents and papers used thereat. Thereupon the board shall examine and canvass said certificates received from such boards of election, and shall determine therefrom and declare, and enter in its minutes as the managing body of said district, the total result of such election. Any person interested may within ten days after the result thereof has been so determined and declared by the board contest such election by bringing suit in the superior court of Santa Clara county, and if no contest shall be so commenced within said time, the declaration of the result by the board shall be final and conclusive.

At the time and place stated in said notice the county treasurer shall sell each parcel of land described in said notice to the highest bidder unless prior thereto he shall have received payment in full of said delinquent installment or installments together with such penalty. No bid for any parcel shall be accepted less than the aggregate sum then due for said installment or installments thereon, together with such penalty, except that the treasurer may receive from any purchaser at their face value, in lieu of cash, bonds of said district or their interest coupons, which bonds or coupons shall be then matured or will mature within one year after such sale. Any said bonds or coupons so received in payment shall be by the treasurer forthwith canceled. If the entire amount of any such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon. There shall be credited to the bond fund of such assessment the amount of purchase money so paid in bonds or coupons on such delinquent sales, and of all sums endorsed as paid upon account of purchase money on any such bonds or coupons, specifying the same.

Payment for the land so purchased may be made by the purchaser either in cash or matured bonds and coupons issued upon said assessment taken at their face value, and the board shall execute a deed to such purchaser at such sale conveying said property, free of encumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of the said or any assessment thereon levied by the board on lands in said district. SEC. 73. The said bond fund of each such assessment shall be held and safely kept by the treasurer and shall be applied by him toward the payment of the bonds and coupons thereon based upon such assessment, as such bonds and coupons fall due; and if any balance shall remain in the bond fund of such assessment after payment in full of the principal and interest of all outstanding bonds issued upon such assessment, such balance shall be held for the benefit of the lands upon which said assessment was made and in proportion to the amounts assessed thereon, and may be distributed to the owners or other persons interested in such lands by the board, or used in the maintenance and operation of the works constructed with the proceeds of said bonds.

It shall not be necessary to appoint assessors therefor nor to prepare new or additional assessment lists for any such supplemental assessment or assessments, but the same shall be levied and apportioned according to benefits and in the same proportion as specified in the original assessment lists for such assessments; and for the purpose of collecting the same said board shall prepare and cause to be certified to the county treasurer annual assessment collection lists in the same manner and at the same times as hereinbefore provided for the annual assessment collection lists upon such original assessment, and the same shall be collected by the county treasurer, and the same percentages, penalties and costs added for delinquency and the same proceedings had for sale of property, and for redemption thereof and for disposition of the proceeds of sale, and in all other particulars as hereinbefore provided in the case of such annual assessment collection lists upon the original assessment; and all money collected for or on account of any such supplemental assessment or assessments shall be credited by the treasurer to the said bond redemption fund of said assessment.

erty, waters and water rights therefor, and additional bonds be not voted, it shall be the duty of the board of directors to provide for the completion of said plan, and the acquisition of such necessary property, waters and water rights, by levy of assessments therefor; *provided, however*, that such levy of assessments shall not be made except first an estimate of the amount required for such purposes has been made by said board, and the question as to the making of said levy submitted to a vote of the landowners affected thereby in the manner hereinabove provided for the original assessment. Before such question is submitted the order of submission shall be entered in the minutes of the board, stating the amount to be levied and the purpose therefor. At such election the ballots shall contain the words "Assessment—Yes," or "Assessment—No," or words equivalent thereto. For the purpose of defraying the expenses of the care, operation, management, repair and improvement of such portions of such canal and works as are completed and in use, including installments of rental or consideration accruing under any lease or contract as hereinabove in this section mentioned, the board may in lieu (either in part or in whole) of levying assessments as herein provided for, fix rates of toll and charges, for irrigation and other public uses declared by this act, and collect the same from all persons using said canal for irrigation and other purposes.

Tolls and charges.

SEC. 83. The board of directors shall have power to construct the said works across any stream of water, water-course, street, avenue, highway, railway, canal, ditch or flume which the route of said canal or canals may intersect or cross, in such manner as to afford security for life and property; but said board shall restore the same, when so crossed or intersected, to its former state as near as may be, or in a sufficient manner not to have impaired unnecessarily its usefulness; and every company whose railroad shall be intersected or crossed by said works shall unite with said board in forming said intersections and crossings, and grant the privileges aforesaid; and if such railroad company and said board, or the owners and controllers of the said property, thing, or franchise so to be crossed, can not agree upon the amount to be paid therefor, or the points or the matter of

When funds
not
available

SEC. 87. Whenever any warrant of the district payable on demand is presented to the treasurer for payment when funds are not available for the payment thereof, it shall thereafter draw interest at a rate to be determined by resolution of the board of directors, not, however, to exceed seven per centum per annum, until public notice is given that such funds are available. Upon the presentation of any such warrants for payment, other than warrants issued under the provisions of section eighty-six hereof, when funds of the district are not available to pay the same, the treasurer of Santa Clara county shall endorse thereon the words "funds not available for payment," with the date of presentation and shall specify the interest that such warrants shall thereafter bear and shall sign his name thereto. He shall keep a record showing the number and amount of each such warrant, the date of its issuance, the person in whose favor it was issued, and the date of its presentation for payment. Whenever there is sufficient money in the treasury to pay all such outstanding warrants or whenever the board of directors shall order that all such warrants presented for payment prior to a certain date, be made and there is sufficient money available for such payments, the county treasurer shall give notice in some newspaper published in the district, stating that he is prepared to pay all warrants of the district for the payment of which funds were not available upon their original presentation, or all such warrants which were presented for payment prior to the date fixed by the board of directors, as the case may be, and no further description of the warrants entitled to payment shall be made in such notice. Upon the presentation of any warrant entitled to payment under the terms of such notice, the treasurer shall pay it, together with interest thereon at the rate specified by the board of directors, from the date of its original presentation for payment to the date of the first publication or posting of said notice, and all warrants for the payment of which funds are declared in said notice to be available shall cease to draw interest at the time of the first publication or posting of said notice. The treasurer shall enter in the record hereinbefore required to be kept, the dates of the payment of all such warrants, the names of the persons to whom payments are made and the amount paid to each person.

system or any portion thereof, upon such terms and conditions as the said board of directors may deem best.

SEC. 89. Nothing herein contained shall be deemed to authorize any person or persons to divert the waters of any river, creek, stream, canal, or ditch from its channel, to the detriment of any person or persons having any interest in such river, creek, stream, canal, or ditch, or the waters therein, unless previous compensation be ascertained and paid therefor, under the laws of this state authorizing the taking of private property for public uses.

SEC. 93. Whenever said district, in the development of its works as law provided, may have opportunity, without increased expenditure, to utilize the water by it owned or controlled, for mechanical purposes not inconsistent with the provisions of said act, the board of directors may lease the same, as in this act hereinafter provided.

Lease of
water for
mechanical
purposes.

SEC. 94. Whenever the board of directors may desire to lease the use of water, as hereinbefore stated, they shall pass a resolution of intention to so lease the same. Immediately thereafter the secretary shall cause notice of such intention to be given by publication in one newspaper published in the district for at least twenty days, and if the board thinks proper in such other newspapers as may be deemed advisable, calling for bids for the leasing of said water for the purposes hereinbefore mentioned. Said notice shall state that the board will receive sealed proposals therefor, that the lease will be let to the highest responsible bidder, stating the time and place of opening said proposals.

Resolution
of
intention
to lease.

SEC. 95. At the time and place appointed the board shall proceed to open the proposals in public. As soon thereafter as may be convenient the board shall let said lease in portions, or as a whole, to the highest responsible bidder, or they may reject any or all bids, and readvertise for proposals for the same.

shall be payable semiannually, on the thirtieth day of December and thirtieth day of June of each year. All moneys collected, as in this act provided, shall be paid into the county treasury, and be apportioned to such funds of the district as may be deemed advisable by the board of directors.

Term of

SEC. 97. The board shall have power, as in this act provided, to execute a lease for any period not exceeding twenty-five years. If at any time the rental shall not be paid on the days hereinbefore mentioned, the amount of such rental then due shall be doubled, and if not paid within ninety days thereafter, the said lease shall be forfeited to said district, together with any and all works constructed, owned, used, or controlled by said lessee.

Bond of

SEC. 98. Upon the letting of any lease, as in this act provided, the board may require the lessee to execute a bond for the faithful performance of the covenants of said lease, or give such other evidence of good faith as in their judgment may be necessary.

Generation
of
electrical
energy.

SEC. 99. Said district may provide for the construction, operation, leasing and control of plants for the generation, distribution, sale, and lease of electrical energy, including sale to municipalities, corporations, public utility districts, or individuals, of electrical power so generated; and said district, subject however to the conditions in this section contained, may make special appropriations of water for power purposes, as required by law; *provided, however*, that any use of water for generating such electrical power or energy at any given time of the year, which use is in excess of the water appropriated and beneficially used for irrigation purposes by such district at said period of the year, shall be subject to all prior existing appropriations by any municipal corporation, who or which is proceeding in good faith in the expenditure of money and the construction of works designed to divert the water appropriated; and the officers, agents, and employees of such districts shall have the same powers, duties and liabilities respecting such power and the construction, repair, maintenance, management, and control thereof as they now have or may hereafter have respecting such irrigation or such irrigation districts. This act shall be so construed, applied and enforced as to apply to such power as well as such irrigation.

Construc-
tion, etc.

SEC. 100. The board of directors of said district and its officers, agents, and employees, shall do all necessary and proper acts for the construction, repair, maintenance, and management of such electrical power works for such purposes.

Bonds.

SEC. 101. In case funds are not otherwise available the district may issue bonds for such purpose and all of the provisions of this act, relating to the issuance of bonds for other purposes in so far as the same are applicable to said bonds shall apply.

Change of
boundaries.

SEC. 102. The boundaries of said district may be changed in the manner herein prescribed; but such change of the boundaries of the district shall not impair or affect its organi-

zation, or its rights in or to property, or any of its rights or privileges of whatsoever kind or nature; nor shall it affect, impair, or discharge any contract, obligation, lien, or charge for or upon which it was or might become liable or chargeable, had such change of its boundaries not been made.

SEC. 103. The holder or holders, of title, or evidence of title, representing one-half or more of any body of lands adjacent to the boundary of said district, which are contiguous, and which taken together, constitute one tract of land, may file with the board of directors of said district a petition, in writing, praying that the boundaries of said district may be so changed as to include therein said lands. The petition shall describe the boundaries of said parcel or tract of land, and shall also describe the boundaries of the several parcels owned by the petitioners, if the petitioners be the owners, respectively, of distinct parcels, but such descriptions need not be more particular than they are required to be when such lands are entered by the county assessor in the assessment book. Such petition must contain the assent of the petitioners to the inclusion within said district of the parcels or tracts of land described in the petition, and of which said petition alleges they are respectively, the owners; and it must be acknowledged in the same manner that conveyances of land are required to be acknowledged.

Petition for inclusion of lands.

SEC. 104. The secretary of the board of directors shall cause a notice of the filing of such petition to be given and published in the same manner and for the same time that notices of elections for the issue of bonds are required by this act to be published. The notice shall state the filing of such petition and the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition; and it shall notify all persons interested in, or that may be affected by such change of the boundaries of the district, to appear at the office of said board, at a time named in said notice, and show cause in writing, if any they have, why the change in the boundaries of said district, as proposed in said petition, should not be made. The time to be specified in the notice at which they shall be required to show cause shall be the regular meeting of the board next after the expiration of the time for the publication of the notice. The petitioners shall advance to the secretary sufficient money to pay the estimated costs of all proceedings under this act.

Notice.

SEC. 105. The board of directors, at the time and place mentioned in the said notice, or at such other time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition, and all the objections thereto, presented in writing by any person showing cause as aforesaid why said proposed change of the boundaries of the district should not be made. The failure by any person interested in said district, or in the matter of the proposed change of its boundaries, to show cause, in writing, as aforesaid, shall be deemed and taken as an assent on his part to a change of the

Hearing.

boundaries of the district as prayed for in said petition, or to such a change thereof, as will include a part of said lands. And the filing of such petition with said board, as aforesaid, shall be deemed and taken as an assent on the part of each and all of such petitioners to such a change of said boundaries that they may include the whole or any portion of the lands described in said petition.

Payments
by peti-
tioners.

SEC. 106. The board of directors may require, as a condition precedent to the granting of the same, that the petitioners shall severally pay to such district such respective sums, as nearly as the same can be estimated (the several amounts to be determined by the board), as said petitioners or their grantors would have been required to pay to such district as assessments, had such lands been included in such district at the time the same was originally formed.

Order
including
land.

SEC. 107. If the board of directors deem it for the best interest of the district that the boundaries of said district be changed and if no person interested in said district or the proposed change of its boundaries shows cause, in writing, why the proposed change should not be made, or, having shown cause, withdraws the same, the board may order that the boundaries of the district be so changed as to include therein the lands mentioned in said petition or some part thereof. The order shall describe the boundaries as changed and shall also describe the entire boundaries of the district as they will be after the change thereof as aforesaid is made; and for that purpose the board may cause a survey to be made of such portions of such boundary as is deemed necessary; *provided, however,* that any public land of the United States of America adjoining the boundaries of any irrigation district may be included within the boundaries of any such irrigation district by order or resolution of the board of directors of such district without any petition being filed asking for such inclusion; *and provided, further,* that when additional land is included within said district and the board of directors of such district finds either that such inclusion without condition would work an injury to the land already in the district either by an impairment of water right or by requiring a greater expense for furnishing water to the lands proposed to be included, the board may prescribe conditions upon such inclusion of land, either by providing for priority of right to water or for the payment of an additional annual charge of such other conditions as may to the board seem just. If such inclusion is upon petition of property owners all such property owners must sign and acknowledge an agreement with the district, specifying such conditions and describing the land so to be included. Such agreement must be recorded in the office of the county recorder of Santa Clara county, together with a certified copy of the order including such lands, and thereupon such lands shall become a part of said district subject to such conditions.

SEC. 108. If any person interested in said district or the proposed change of its boundaries shall show cause as aforesaid why such boundaries should not be changed and shall not withdraw the same or if the board of directors deem it not for the best interests of the district that the boundaries thereof be changed so as to include therein the lands mentioned in the petition or some part thereof, the board shall adopt a resolution to that effect. The resolution shall describe the exterior boundaries of the land which will be included within the boundaries of the district when changed, but before calling the election provided for in the next section, the board may require an undertaking, with sufficient sureties, from the petitioners that they will pay all of the cost of holding such election for the inclusion of such lands in case such inclusion should be denied.

SEC. 109. Upon the adoption of the resolution mentioned in the last preceding section, the board shall order that an election be held within said district, to determine whether the boundaries of the district shall be changed as mentioned in said resolution; and shall fix the time at which such election shall be held, and cause notice thereof to be given and published. Such registration shall show the name and age of the insured, number and date of the policy and the kind and amount of insurance in each case. Each policy thus registered shall have upon its face a certificate substantially in the following words: "This policy is registered and the reserve is deposited as required by section six hundred thirty-four of the Political Code of California," which certificate shall be signed by such commissioner and sealed with the seal of his office. For each such registration certificate, the company must pay a fee of twenty-five cents. Upon registering such policies from time to time, the company must deposit with the commissioner as a special deposit for the benefit of such registered policies, securities of the denominations stated in section four hundred twenty-one of the Civil Code as permissible for the investment of the capital and accumulations of insurance companies, and said commissioner shall give his receipt therefor, and the state shall be responsible for the custody and safe return of any securities so deposited. Such deposit must be in an amount equal to the full net value of all policies registered up to the time of making the deposit, less the amount loaned on such registered policies and must at all times be equal to such net value of all registered policies, after deducting the amount loaned on such registered policies from such net values. Upon receipt of such securities, the commissioner must

Such company may at any time withdraw any excess of securities above the net present value hereinbefore specified, upon satisfying said commissioner by written proof that such excess exists, and shall be allowed to receive the interest on all securities deposited, and to exchange such securities by substituting other securities of the character in which, by the laws of this state, it may invest its funds. In case such company owns the building in which it has its principal office and the land upon which it stands, or owns other land requisite for its accommodation in the convenient transaction of its business, as authorized by the provisions of section four hundred fifteen of the Civil Code of the State of California, and said land is located in the State of California, said company may, with the permission of the insurance commissioner, mortgage said land and the improvements thereon to the said insurance commissioner for such sum, not exceeding the market value thereof, as said insurance commissioner may determine, and such mortgage may be deposited in the state treasury and shall be included in the amount of securities herein required to be deposited as security for the benefit of such registered policies, and such company may withdraw such mortgage upon substituting therefor other securities of the character herein specified, and the insurance commissioner shall have full power and authority to release any such mortgage and to foreclose the same in case such foreclosure becomes necessary. Should any such company thus registering policies thereafter become insolvent, the insurance commissioner shall have full authority to reinsure all or any part of such registered policies and may use the securities thus deposited for such purpose.

In the event of process being served upon the insurance commissioner three copies of such process shall be served and the insurance commissioner shall file one copy, forward one copy to said attorney by registered mail addressed to the attorney at the principal office as fixed in the certificate filed, and shall return one copy with his admission of service. A judgment rendered in any such case where service of process has been so made shall be valid and binding against any and all subscribers as their interests appear.

The exchange may sue or be sued in its own name as in the case of an individual; *provided, however*, that any judgment rendered against the exchange shall be binding upon each subscriber only in such proportion as his interest may appear upon the date that the cause of action arose.

Where the subscribers are grouped by industries or otherwise under any ruling or agreement which exempts the funds of one group from liability in whole or in part for the payment of losses or expenses chargeable against another group, each independent group must maintain the reserves

herein specified and comply with the requirements of subdivision (f) of section three hereof relative to the number and amount of risks to be assumed.

The people of the State of California do enact as follows:

SECTION 1. In each county of this state an industrial farm or industrial road camp may be established under the provisions of this act. SEC. 2. Before proceeding to establish an industrial farm or industrial road camp in any county the board of supervisors thereof shall adopt a resolution of its intention so to do. Such resolution shall state an amount not to exceed fifty cents per person per day for which persons from incorporated cities will be maintained on such farm. Resolution
by city.

Thereupon the legislative body of any such incorporated city wishing to avail itself of the use of such industrial farm shall adopt a resolution setting forth the following matters:

2. The total number of days for which all such persons were imprisoned in the jail of the city during such fiscal year;

3. A declaration of the desire of the city adopting the resolution to have the prisoners of the city cared for by the county on such industrial farm or industrial road camp and of the agreement of the city to pay said county quarterly for the care of the prisoners of said city at the rate set forth in said resolution of intention.

A certified copy of such resolution shall be forwarded to the clerk of the board of supervisors.

SEC. 4. Upon ascertaining the facts provided for in the two preceding sections of this act the board of supervisors may if they deem it advisable proceed to establish an industrial farm or industrial road camp. For the purpose of establishing such farm the board of supervisors may acquire by condemnation, purchase, lease or donation as many acres of land suitable for agriculture as may be necessary for the purposes of such farm. Such land may be situate within or without the county and may consist of separate parcels. If such land is without the county no industrial farm may be established thereon without the consent of the board of supervisors of the county in which the land is located. The board of supervisors shall erect on such land such buildings and structures and make such improvements and institute such industries as may be necessary or convenient to carry out the purposes of this act. The board of supervisors shall secure by purchase or otherwise such personal property as may be convenient or necessary to carry out the purposes

of this act. Stock, machinery, or any other property belonging to the county and in use on the county farm or elsewhere may be used on such farm.

The board of supervisors shall employ a superintendent of such farm or camp and such other subordinate persons as may be necessary for the proper administration of such farm or camp and the keeping of the prisoners imprisoned thereon. As part of the compensation to be agreed upon for such superintendent and other persons board and lodging may be furnished. The board shall also adopt rules governing the administration of such farm or camp and discipline thereon in furtherance of the purposes of this act which rules shall be enforced by the superintendent and those subordinate to him.

The board of supervisors of each county establishing an industrial farm shall either provide thereon separate quarters for women prisoners, or shall establish a separate industrial farm for women prisoners. A woman assistant to the superintendent of the industrial farm shall be in immediate charge of any farm established for women prisoners only.

SEC. 5. When said land has been acquired and such buildings and structures erected and improvements made as may be immediately necessary for the carrying out of the purposes of this act or arrangements have been made for industrial road camp or camps the board of supervisors shall adopt a resolution proclaiming that an industrial farm or road camp has been established in the county and designating a day on and after which persons will be admitted to such farm or camp. Certified copies of such resolution shall be forwarded by the clerk of the board of supervisors to each justice of the peace in the county and to the clerk of each incorporated city which has expressed the desire that its prisoners be cared for by the county on such farm or camp. The clerks of the incorporated cities upon receiving such certified copies shall immediately notify the judges of the police courts and city recorders within their respective cities that an industrial farm or camp has been established in the county and that a contract has been entered into between the city and the county for the custody and care by the county of any persons sentenced to imprisonment by any of the courts of the city, and that on and after the date designated in the resolution prisoners will be admitted to the farm or road camp.

At its option the board of supervisors may adopt a resolution stating that the county will care for the prisoners of said city on its industrial farm or industrial road camp at the rate set forth in the city's resolution. A certified copy of such resolution shall be forwarded to the clerk of the city named therein. Such clerk shall immediately notify the city recorder or judges of the police or other inferior court of such city that an agreement has been entered into between the city and the county for the care of the prisoners of the city on the industrial farm or industrial road camp of such county.

videt, however, that such person may be detained in the city jail until transportation to the industrial farm or industrial road camp is available.

SEC. 8. The several officers charged with the execution of the judgments of their respective courts shall deliver all persons sentenced to imprisonment in any industrial farm or industrial road camp to the superintendent of the farm or camp within forty-eight hours after sentence is pronounced. It shall be the duty of the superintendent of the industrial farm or camp to receive all persons committed to the farm or camp by competent authority and to keep them safely in custody on such farm or camp until the expiration or other termination of their respective sentences. When persons are sentenced to imprisonment in any industrial farm, the superintendent shall cause a psychological and physical examination of each prisoner to be made upon his entry into the farm with a view to determining the nature of the employment and treatment on the farm most likely to improve the health and moral well being of each prisoner. Every other person in custody on such farm or camp shall be credited with a sum not to exceed fifty cents for each day of eight hours work done by him on such farm or camp. Any such person may, by written order, direct the payment of any sums credited to him to any person dependent upon him or to whom he is indebted. *Provided, however,* that the court by whom any such person was sentenced to such farm or camp may at any time by written order direct payment of all or any part of the sums to be credited to any such person to any person or persons dependent for support on such prisoner. Causes for dismissal are immoral or unprofessional conduct, incompetence, evident unfitness for teaching, persistent violation of or refusal to obey the school laws of California, or reasonable rules prescribed for the government of public schools.

Dismissal for cause shall be made only after the following provisions shall have been complied with: The governing board shall give at least ten days notice in writing to any permanent teacher or principal or supervisor of special subjects against whom charges shall have been preferred, which notice shall state fully the charges, and the time when and the place where such hearing is to be held.

No member of the board shall be qualified to vote who has not been present throughout the entire hearing. Such trial shall have been concluded and the decision rendered within ten days after the beginning of said trial.

It is hereby provided, however, that whenever it becomes necessary to decrease the number of permanent teachers employed by a school district on account of the decrease in the number of pupils attending the schools of such district, or on account of the discontinuance of a particular kind of teaching service in such district, the governing board may dismiss such teacher or teachers at the close of the school year.

If the dismissal of such teacher or teachers shall become necessary on account of the decrease in the number of pupils attending the schools of the district, such teacher or teachers so dismissed shall be the teacher or teachers last employed by the district.

If the dismissal of such teacher or teachers shall become necessary on account of the discontinuance of a particular

kind of teaching service in the district, the teacher or teachers so dismissed shall be the teacher or teachers engaged in the type of teaching work so discontinued. If such a course is reestablished within one year from the time of such discontinuance, the teacher or teachers so dismissed shall have the preferred right to appointment as teacher or teachers of such course. The people of the State of California do enact as follows:

SECTION 1. Section six hundred thirty-three a of the Political Code is hereby amended to read as follows:

633a. No person, firm or corporation shall within this state act as an insurance broker until such person, firm or corporation shall have first obtained a license from the insurance commissioner authorizing him or it so to act. License to act as insurance broker.

Insurance broker defined

The insurance commissioner shall upon the payment of the fee provided for in section six hundred five of the Political Code, issue to a person, firm or corporation, engaged steadily in business in this state, or who proposes to so engage, a license to act as an insurance broker to negotiate contracts of insurance or surety bonds or reinsurance, or place risks, or effect insurance or surety bonds or reinsurance, with any insurance or surety company or society or other insurer authorized to transact such business within this state, or with its agent, or with another broker; *provided, however*, that such proposed licensee shall first file with the insurance commissioner of the State of California, upon a form to be prescribed and furnished by said insurance commissioner, an application in writing duly verified under oath, reciting: License issued. (a) The applicant is known to him and is engaged steadily, or intends to so engage, in the occupation of an insurance broker;

(b) The applicant has a reasonable knowledge of the insurance and/or surety bond business and particularly of the kinds of contracts he intends to negotiate or will obtain such instruction within thirty days;

(c) The applicant is of a good reputation;

(d) The applicant is worthy of a license;

and the said licensee shall make answer under oath to such interrogatories as the insurance commissioner himself, or through his deputies or persons designated by him, shall propound on forms prepared by the commissioner.

Qualifica-
tions of
applicant.

No license shall be issued until the commissioner has satisfied himself from the evidence produced and recorded as to the integrity of the applicant, and that said applicant is qualified to hold a license in the following respects:

(1) That the applicant is of good reputation;

(2) That he has a reasonable knowledge of the insurance and/or surety bond business and of the coverage afforded under policies or surety bonds the applicant intends to negotiate, or will obtain such instruction within thirty days to the end that the interests of the insuring public and of insurers may be reasonably served;

(3) That the applicant intends to engage in business as an insurance broker, to do an insurance brokerage business with the general public, and is not actuated principally in applying for a license by the prospect of insuring the health, life, interest or property of himself or that of relatives or employers or of a single person or corporation or procure surety bonds thereon or therefor, nor the procuring of surety bonds or the insuring of property or interest of which he is himself or through his employer or employers as agent, vendor, custodian, bailee, trustee, payee, or otherwise interested or able to control the obtaining or placing of insurance or surety bonds thereon or therefor, in whole or in part;

of avoiding or preventing the operation or enforcement of the insurance laws of this state and that the granting of the license applied for will not be in violation of such laws either in letter or in spirit: *provided*, that no license shall be refused by the insurance commissioner without providing an opportunity to the applicant within thirty days to be heard and produce evidence in support of his application.

If it shall be brought to the attention of the insurance commissioner, or if written charges be filed with him, showing that any broker licensed hereunder has wilfully misstated any material fact in his application, or that the purpose of applying for such license was to avoid or prevent the operation or enforcement of any antirebate law or any insurance law of this state, or that such broker conducts his business in a dishonest manner or misrepresents the policies or contracts he sells or misrepresents the policies or contracts of agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or if said broker licensed hereunder obtained his license in an unfair manner or by concealment or misrepresentation, then the insurance commissioner shall give notice to such broker and cite him to appear before the insurance commissioner and show cause why his license as an insurance broker should not be suspended or revoked. If at the hearing of said order to show cause it should appear that said broker has wilfully misstated any material fact in his application to the insurance commissioner, or that the purpose in applying for such license was to avoid or prevent the operation of any antirebate law or other insurance law of this state, or that such broker conducts his business in a dishonest manner or misrepresents the policies or contracts of agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or that said broker has obtained his license in an unfair manner or by concealment or misrepresentation, then the commissioner shall revoke or suspend for a period to be fixed by the commissioner, the license of such broker and shall notify the broker of the revocation or suspension, and shall publish a notice of the revocation or suspension of the license of such broker in such a manner as he deems proper for the protection of the public.

If at any time the commissioner revokes or suspends the license theretofore issued to a broker licensed hereunder or refuses to grant a license, the applicant, or the broker, may commence an action against the insurance commissioner for

Such action shall be commenced and tried in the superior court of the county in which such broker or other person licensed hereunder resides unless the parties thereto stipulate otherwise.

Nonresident
brokers.

The insurance commissioner shall upon application issue to nonresident insurance brokers engaged steadily in business in this state a license to transact an insurance brokerage business in this state subject to the same qualifications, requirements, restrictions and fees as provided for resident insurance brokers; *provided*, such application for a nonresident insurance broker's license is from an insurance broker whose head office is in a state that does not prohibit insurance brokers of this state from engaging in the insurance brokerage business in such state.

Expiration
of license.

Unless revoked by the commissioner, the license or any renewal thereof, shall expire on the first day of July next after its issue or renewal. After this section takes effect, any license issued on an application as hereinbefore provided may in the discretion of the insurance commissioner be renewed for a succeeding year by a renewal certificate without the commissioner requiring the detailed information required by this section.

[Approved June 3, 1921. In effect August 2, 1921.]

The people of the State of California do enact as follows:

SECTION 1. Section two thousand six hundred forty-three of the Political Code is hereby repealed.

SEC. 2. A new section numbered two thousand six hundred thirty-nine is hereby added to the Political Code, to read as follows:

highways.

2639. The boards of supervisors of the several counties of the state shall have general supervision over the roads within their respective counties. They must by proper order:

2. Cause to be recorded as highways all highways which have become such by usage, dedication or abandonment to the public, or by any other means provided by law, and to prepare and record proper deeds and titles thereto.

3. Abolish or abandon such as are not necessary.

4. Acquire the right of way over private property for the use of public highways, and for that purpose require the district attorney to institute proceedings, under title seven, part three, of the Code of Civil Procedure, and to pay therefor from the general road fund or any district road fund or the general fund of the county.

5. Levy a property tax for road purposes.

6. Cause to be erected and maintained guide posts, properly inscribed.

7. Cause the road tax collected each year to be apportioned to the several road districts entitled thereto, and kept by the county treasurer in separate funds.

8. Audit all claims on the funds set apart for highway purposes, and specify the fund, or funds, from which the whole or any part of any claim, or claims, must be paid.

Gates.

9. In their discretion, they may provide for the establishment of gates on the public highways, in certain cases, to avoid the necessity of building road fences, and prescribe rules and regulations for closing the same, and penalties for violating said rules; *provided*, that the expense for the erection and maintenance of such gates shall in all cases be borne by the party or parties for whose immediate benefit the same shall be ordered.

Sprinkling
and oiling.

10. For the purpose of sprinkling the roads in any part of the county with oil or water, the board of supervisors may erect and maintain waterworks and oil tanks and reservoirs, and for such purposes may purchase or lease real or personal property. The cost of such waterworks, oil tanks and reservoirs and the sprinkling of said roads with oil or water may be charged to the general county fund, the general road fund, or the district fund of the district or districts benefited.

Side
paths.

11. In their discretion, they may set apart on any public road or highway a strip of land for a side path, and make an order designating the width of such path and cause the lines separating the path from the road to be located and marked by stakes or posts, placed at such distances apart as they shall deem proper. After said paths have been set apart, and the lines separating the same from the road have been located and marked, as aforesaid, the use of the same is hereby restricted to pedestrians and riders of bicycles and other vehicles propelled solely by the power of the rider.

Expense of erecting and maintaining such path may be charged to the general county fund, the general road fund, and the district fund of the district or districts benefited.

12. The boards of supervisors of any county in the state may, by and through an ordinance duly passed, permit the use of any of its public highways connecting with any main public highway of an adjoining county by the board of supervisors or highway commissioners of such adjoining county, for the purpose of constructing and maintaining thereon a highway or boulevard serving the needs of residents of both counties; and the board of supervisors of any such adjoining county, if it accepts the provisions of the ordinance adopted by the board of supervisors of the county granting the use, shall have the power to construct and maintain any such highway or boulevard, or to construct or maintain such bridge or bridges on such highway or boulevard as it may deem necessary, or to macadamize, pave, curb or gutter such highway or boulevard in such manner as it may determine, and the cost or expense thereof shall be paid out of the general fund of the county treasury, or such other fund as the board of supervisors may designate, or which shall otherwise be provided, of the county to which the use is granted. The board of supervisors of any counties proceeding under the provisions of this act may acquire real property adjacent to such public highway in an adjoining county for county purposes, and may expend thereon such funds as said board of supervisors shall deem necessary for county purposes. The board of supervisors of any counties proceeding under the provisions of this act may by mutual consent, expressed through ordinances of the respective boards, retransfer the use, control, maintenance and jurisdiction of any highway or boulevard constructed under the provisions hereof to the county originally granting the use.

At the time specified in said notice, the board of supervisors shall publicly open the bids received and shall award the contract for the work to the lowest responsible bidder; unless it shall appear to the board that the bids are too high, and the work can be done more cheaply by day labor, in which case the bids must be rejected and the work ordered done by the road commissioner or commissioners in whose district or districts the work may be situated; *provided, however*, that said board may reject all bids and readvertise. *Provided further* that if the estimated cost of the work to be done is less than one thousand dollars, the board of supervisors may let a contract for the said work without calling for bids as hereinbefore provided, or may purchase the materials and do the work by day labor. *Provided, however*, that in those counties employing a competent engineer as road commissioner, the board of supervisors may have any work to be done upon highways of the county done under the supervision and direction of said engineer, either

[Approved June 3, 1921. In effect August 2, 1921.]

The people of the State of California do enact as follows:

Inflammable
grass
declared a
public
nuisance.

SECTION 1. The existence upon any suburban homesite, villa lots or town lots in any unincorporated town of inflammable grass, weeds, shrubs or other vegetable matter, except such as are grown for use as food or fuel, where growing or standing so as to constitute a fire menace to neighboring property, is hereby declared to be a public nuisance; *provided*, that nothing in this act shall apply to nor include any ranch land or unsubdivided acreage used for farming or stock raising.

Order to
abate fire
nuisance.

SEC. 2. Whenever, after investigation, the board of supervisors of any county is of the opinion that such a fire menace exists on any parcel or parcels of land referred to in section one hereof, not government land, it may by order entered upon its minutes so declare. Such order shall be substantially as follows:

“Order to abate fire nuisance.

The board of supervisors of ----- county, hereby declares the existence of a public nuisance, to wit, a fire menace due to inflammable vegetable matter, upon the following land: (here insert a description of the land upon which the nuisance exists).

Unless said nuisance is abated on or before the ----- day of -----, 19---, or good reason is shown to the board of supervisors, at its first regular meeting after said day, why said nuisance should not be abated, said nuisance will be abated by order of this board, and the expense of the abatement will become a lien on the property on which the nuisance exists. A copy of this order shall be published once in the -----, the newspaper most likely to give notice to those interested.”

If contiguous, several parcels of land may be included in one order and described separately or as one parcel. Whenever practicable, as a part of or in addition to the description of the land covered by the order, reference shall be made to the highways bounding or adjacent to such land.

Publication
of order.

SEC. 3. At least twenty days before the date fixed in said order, a copy of said order must be published once by order of the board of supervisors in the newspaper deemed by it as most likely to give notice to the owners or persons in posses-

sion of said land, together with a certificate of the clerk of the board of supervisors substantially as follows:

"I hereby certify that the above order was adopted by the board of supervisors of-----county on the----- day of-----, 19-----.

Clerk of the board of supervisors."

Copies of said order and said certificate shall be mailed by the clerk to the persons to whom said land stands assessed on the records of the county if their address be known. Such further attempt at personal service shall be made as the board of supervisors may direct.

SEC. 4. At its first regular meeting after the date set in said order any person interested may appear before the board of supervisors for the purpose of showing that a fire menace does not exist on any or a part of the land described in such order, or may file a written statement to that effect. Such person shall be heard or such statement considered, and the board shall then reaffirm or rescind its previous order, or may modify the same by omitting that portion of the land on which it finds no nuisance exists. Hearing.

SEC. 5. At its first regular meeting after the date fixed in said order, or at any meeting thereafter, the board of supervisors may, unless such order is rescinded, take such action as it finds necessary to abate the nuisance declared in its order by putting an end to the fire menace on any parcel of land described in said order, or said order as modified, and for this purpose may employ persons to go upon the land and cut down or burn or otherwise destroy the inflammable vegetable matter constituting the menace, or so much thereof as may be necessary, or to take such other or different action as may be necessary. The reasonable and necessary cost of abating such nuisance shall be paid out of the general fund of the county in the first instance, but the cost of such abatement on each separate parcel of land shall be a lien on such parcel. Action to abate nuisance.

SEC. 6. A notice of such lien shall be recorded with the county recorder within thirty days after the payment by the county of the cost of such abatement. Within ninety days after the lien is recorded action may be brought in the name of the county by order of the board of supervisors to foreclose such lien. It shall not be necessary in any such action to prove any notice to those interested other than to prove that publication of the order of the board declaring a nuisance to exist was made as required by this act. Lien.

Upon the trial of any suit brought to foreclose a lien for the abatement of a nuisance, the determination of the board of supervisors that a public nuisance existed, as set forth in its order or modified order, shall be conclusive proof of its existence. It may be shown by way of defense, however, that the amount of the lien sought to be foreclosed is greater than the amount expended in abating the nuisance on the parcel of land against which the lien exists.

If said district shall, as a result of any election hereinafter provided for, be not organized, any warrants issued by said state engineer or board of directors of said district upon the funds of the district shall be a charge upon the undertaking, or undertakings, hereinbefore and in section four of this act provided for, and shall thereupon become due and payable by the sureties therein named, and the holders of said warrants shall have a cause of action against said sureties thereon.

SEC. 6. Upon the final hearing of said petition the state engineer shall make an order reaffirming his conclusions as to the genuineness and sufficiency of the petition, affirming the regularity and sufficiency of the notice of hearing thereon, and determining the practicability, feasibility, and utility of the proposed project. The said engineer shall also in his said order establish the boundaries of the proposed district or describe the lands included therein, specify the location proposed for the storage of water to be used for any of the purposes of this act, and provide an estimate of the probable cost of the proposed project; and in so doing shall make such changes in any of the matter or proposals set forth in said petition as he may deem advisable. The said state engineer also shall in his said order divide said proposed district into five, seven, nine, or eleven divisions in such manner as to segregate into separate divisions lands possessing the same general character of water rights or interests in and to the waters of such common source, which divisions shall be numbered first, second, third, fourth, and fifth, and sixth, seventh, eighth, ninth, tenth, or eleventh, according to the number of such divisions. The finding of said state engineer in favor of the genuineness and sufficiency of the petition and the regularity and sufficiency of the notice of hearing thereon shall be final and conclusive against all persons except the State of California upon suit commenced by the attorney general. Such notice shall describe the boundaries so established, or the lands so included, and the divisions so created, and shall designate a name for the proposed district, and said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the proposed district is situated. Such notice shall require ballots to be cast which shall contain the words "Water storage district—Yes" or "Water storage district—No," or words equivalent thereto, and also the names of persons to be voted for at said election. For the purposes of said election the state engineer must establish a convenient number of election precincts in said proposed district and define the boundaries thereof and at least one such precinct must be established for each division of said district and said state engineer, at the time of calling said election, shall in his order designate voting places and appoint three landholders of the district to act as a board of election at each voting place. SEC. 8. At such election there shall be elected a board of directors corresponding in number to the number of divisions in the district, and a treasurer. None of said directors shall be elected by the district at large, but one director shall be elected by each division to represent such division. Said officers shall qualify in the same manner as is provided for the qualification of the same officers elected at a general water storage district election as hereinafter in this act provided.

Qualifications of voters.

SEC. 9. No person shall be entitled to vote at such election unless he holds title or evidence of title to land in such district, and each qualified voter shall be entitled to vote in person or by written proxy in each precinct in which he is such holder of title or evidence of title to land, and to cast one vote for each one hundred dollars' worth, or fraction thereof, of land in said precinct owned by him.

Canvass of votes.

SEC. 10. The state engineer shall on the second Monday succeeding such election proceed to canvass the votes cast thereat and if upon such canvass it appears that a majority of all the votes cast are "Water storage district—Yes" said engineer shall, by an order entered in the records kept by him, declare the territory duly organized as a water storage district under the name theretofore designated, and shall declare the candidate for director receiving at such election the

highest number of votes in each division to be duly elected a director, and the candidate for treasurer receiving the highest number of votes in the district to be duly elected treasurer. If upon such canvass it appears that a majority of all the votes cast are "Water storage district—No," then the result of such election shall be declared accordingly and entered of record in the records kept by the state engineer.

SEC. 11. If such order on election shall declare the territory duly organized as a water storage district the said state engineer shall forthwith cause a copy of such order, duly certified, to be filed for record in the office of the county recorder of each county in which any portion of the lands embraced in such district is situated, and from and after such filing the organization of such district shall be complete and said district shall have the powers and rights conferred upon it by the provisions of this act. All meetings of the board must be public and a majority shall constitute a quorum for the transaction of business. A smaller number of directors than a quorum may adjourn from day to day. SEC. 16. The board of directors must and shall at its first regular monthly meeting levy an assessment of an equal amount upon each acre of land in said district sufficient to pay all warrants issued by the state engineer in accordance with the provisions of this act, and in addition thereto an amount sufficient in the judgment of said board to defray all other expenses incurred or to be incurred by or for the benefit of said district prior to the appointment of the commissioners provided for in section nineteen of this act. In the event the assessment so levied for the purposes aforesaid shall not be sufficient, it shall be the duty of the board of directors to levy an additional assessment, or assessments; *provided, however*, the total of all such assessments exclusive of the amount assessed to pay all warrants issued by the state engineer shall not exceed fifty (50) cents per acre. Thereafter if it shall become necessary to provide funds for the payment of any expense incurred by or on behalf of the district subsequent to the appointment of said commissioners and prior to the assessment provided for in section nineteen of this act, the board of directors shall levy such additional assessment, or assessments, of an equal amount upon each acre of land in said district as may be necessary to pay such expenses. Said assessment, or assessments, so levied shall constitute a lien upon the lands affected thereby until the full amount thereof is paid, which lien shall be prior to all other liens except state, county, and municipal taxes and assessments or taxes levied or assessed by or under statutory authority, and shall be collected in the same manner as other assessments provided for in this act.

Examination
and study of
proposed
project.

SEC. 17. The board of directors shall, upon the organization of a water storage district as in this act provided, proceed to make or cause to be made, all such examinations, surveys, detailed plans and specifications, and estimates of costs

for the acquisition, appropriation, diversion, storage, conservation, and distribution of water, any drainage or reclamation works connected therewith, and the generation of hydro-electric energy incident thereto, and the sale and distribution thereof, as may be necessary or requisite to enable said board of directors to ascertain and estimate the requirements and works necessary as aforesaid for the purposes of said water storage district and the probable cost and expense thereof, and to make a report thereof as hereinafter provided. In such connection said board may use and adopt all previous estimates, surveys, reports, and other data it may have acquired or which are available to it adapted to that purpose, and may employ all necessary engineers, attorneys, and other assistants for the accomplishment of said purposes, and the cost thereof shall be deemed a part of the expense of said project, and such board may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district.

Upon the completion of said examination and study of the proposed project by the said board of directors, the said board shall prepare and file in the office of the state engineer a report thereof, in which said report shall be set forth in full and in detail the character and nature of the proposed works, a description of the rights, both to waters and lands, it will be necessary to acquire to carry said project to completion, accompanied by detailed plans and specifications, and a detailed estimate of the costs of said project, including the acquisition of all rights necessary to the completion and operation thereof. The board of directors shall attach to said report a recommendation that said project shall be carried out in accordance with the plans and specifications in said report contained, or that said project be abandoned. Such report when completed shall be signed by a majority of the board of directors and entered in full upon the minutes of said board. A copy of such report certified by the secretary of said board of directors shall be filed in the office of the state engineer.

SEC. 18. If the said board of directors recommends that said project be abandoned the state engineer shall make such further investigation of said project as is in his judgment desirable and shall within sixty days after the filing of said report make and enter upon the records kept by him an order either (a) approving and confirming the said report and recommendation and declaring said project abandoned, which said order shall be without prejudice to the presentation of another petition covering the same matter, or (b) approving and adopting the said report but taking no action with respect to the said recommendation, and calling another election to be held in the district for the purpose of determining whether or

not the recommendation of said board of directors shall be adopted or rejected. In the event the said order so made and entered by the state engineer shall call an election, said state engineer shall within thirty days after the entry of said order give notice of such election. Said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the district is situated. Said notice shall require ballots to be cast, which shall contain the words "Completion of project—Yes" or "Completion of project—No." For the purposes of said election the state engineer must establish a convenient number of election precincts in said district and define the boundaries thereof and said state engineer at the time of calling said election shall in his order designate voting places and appoint three land holders of the district to act as a board of election at each voting place. Such election shall be conducted as nearly as practicable in accordance with the provisions of this act relating to general water storage district elections, but no particular form of ballot shall be required. The qualification of voters at said election shall be the same as prescribed for the original election on organization of district, and the votes cast at said election shall be canvassed in the same manner as votes cast at said original election, and the result of such election shall be declared and entered of record in the minutes of the board. If such result shall show a majority of all the votes cast are "Completion of project—No," the state engineer shall make and enter in his records an order declaring said project abandoned, and requiring all persons, except the holders of warrants issued pursuant to the provisions of this act and which have been duly presented for payment, having claims against said district, or proposed district, to file them with the necessary vouchers within three months from the making of said order in the office of said state engineer. Notice of said order requiring presentation of claims stating the time and place thereof shall be published in the county in which the office of the district is located by said state engineer once a week for four successive weeks, the first publication of which said notice shall be made within ten days after the making of said order. After all warrants issued under the provisions of this act which have been duly presented for payment and all claims that have been duly presented and have been allowed and approved by said state engineer or the board of directors of said district, have been paid, said state engineer shall forthwith cause a copy of said order declaring said project abandoned, duly certified by said state engineer, to be filed for record in the office of the county recorder of each county in which any portion of the land embraced in said district is situated, and from and after such filing said district shall be deemed dissolved and all liens which may have attached to any of the lands therein under any provisions of this act shall be discharged and any undertaking given pursuant thereto shall be annulled and of no further effect. If the canvass of the

votes cast at such election show a majority of all votes cast are "Completion of project—Yes" said state engineer shall thereupon appoint the commissioners provided for in section nineteen of this act and thereafter such proceedings shall be taken and followed as are provided in said section nineteen and subsequent sections of this act.

SEC. 19. If the board of directors recommends that said project be carried out in accordance with the plans and specifications in its said report contained and if within sixty days after the filing of said report in the office of the state engineer there shall be presented to and filed with said state engineer a petition signed by the owners of more than fifteen per cent of the total assessed valuation of the land in the district requesting that an election be held to ascertain whether such recommendation of the board of directors shall be adopted, the state engineer shall immediately give notice of such an election, which election shall be held and conducted and the result thereof determined and declared in all respects as provided in section eighteen of this act, and if the result of such election shows a majority of all votes cast are "Completion of project—No" the project shall be deemed abandoned and proceedings shall be thereafter taken as provided in said section eighteen in case of abandonment, but if no petition shall be filed as aforesaid or if an election be held and the majority of the votes cast thereat are "Completion of project—Yes" then the state engineer shall forthwith appoint three commissioners whose duty it shall be to assess the cost of the project, upon the benefited lands within the district which shall be done, and the said cost shall be apportioned in accordance with the benefits that will accrue to each tract of land held in separate ownership in said district by reason of the expenditures of said sums of money, and the completion of the project, such assessment to be in gold coin of the United States. One of said commissioners shall be a civil engineer and one shall have a practical knowledge of irrigation, and none of said commissioners shall have any interest in any land in the district either directly or indirectly, and each commissioner before entering upon his duties shall take and subscribe an oath that he is not in any manner interested directly or indirectly in any land in the district and that he will perform the duties of commissioner to the best of his ability, and said commissioners shall be paid as compensation for the services rendered by them such sum, or sums, as the state engineer shall fix and determine, which shall be considered a part of the cost of the project, and said state engineer may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district. The said commissioners shall receive from the board of directors of the district the detailed plans, specifications, and estimate of the costs of the project, which have theretofore been duly

approved by the state engineer. The said commissioners shall thereupon prepare and certify to the state engineer in triplicate rolls which shall contain:

Assessment
rolls.

(1) A description of each tract assessed held in separate ownership by legal subdivisions, governmental surveys, or other boundaries sufficient to identify the same;

(2) The number of acres in each tract;

(3) The name and address of the owner of each tract, if known, and if unknown, that fact, but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid;

(4) The rate per acre of such assessment upon said tract;

(5) The total amount of the assessment as computed;

(6) Any other statement which may be required by the state engineer and as to which notice is given in writing to the commissioners at the time of transmitting the plans and specifications and costs of the work for the district before-mentioned.

The rolls shall be separately made for lands lying within different counties contained within said district. Said rolls when completed shall be accompanied by the written report of the commissioners wherein is set out with particularity the exact nature and quantum of the benefits so assessed, both in respect of the right in and to stored surplus waters, and the right to store water in the reservoir or reservoirs of the district, apportioned and allocated to each such tract of land in said district and also through any drainage or reclamation work connected therewith. In such report lands embraced within a comprehensive area or a political subdivision of the state may be referred to generally as lands lying within such area or subdivision without further description.

In the event of the conveyance of a part of a tract of land in said district and in the absence of any provision in the instrument conveying the same, said lands so conveyed shall be deemed to share ratably in the benefits apportioned to the entire tract.

Adjustment
board to
equalize
assessments.

Said rolls when completed shall be duly certified by said commissioners and forthwith by them filed in the office of the state engineer. Thereafter the executive directors and the president of the board of directors of the water storage district in which the lands described in said rolls are situated shall become and constitute a board, in the nature of a board of equalization, which shall be known and designated as the "adjustment board" and whose functions shall be to consider and act upon objections, if any, presented as herein provided to the assessment made by said commissioners. For that purpose said adjustment board shall at once organize by the election from its members of a president and a secretary and shall thereupon appoint times and places not less than thirty days after said rolls have been filed when and where it will meet within each county wherein lands of said district are situated for the

purpose of hearing objections to said assessments, and notice of such hearing shall be published at least once a week for two successive weeks in each county in which any land within said district may be situate. Said objections, if any, must be in writing verified and filed with the state engineer, and shall set forth the grounds of such objections. Such verification shall be made by the affidavit of the objector or some other person who is familiar with the facts. Said adjustment board may postpone such hearings from time to time. At such hearings the adjustment board shall hear such evidence as may be offered touching the correctness of such assessment, and may modify, amend, or approve the said assessment in any particular and may reapportion the whole or any part thereof: *provided, however*, that no assessment shall be increased except after *personal notice or notice by registered mail given to the owner if known, or if unknown by publication at least once a week for two successive weeks in the county in which such land in the district may be located, and upon a hearing of objections thereto if made.*

Said adjustment board, after said hearings, must make an order approving such assessment as finally fixed or modified. which order shall be filed with and entered in the records of the state engineer, and the apportionment and determination of said adjustment board shall be final and conclusive, and no action or defense shall ever be maintained attacking the same in any respect. Two copies of said assessment roll as finally fixed and approved by the adjustment board shall be forthwith certified by the secretary of such adjustment board and transmitted to the board of directors of the said district, who shall file one copy in their records and thereupon immediately transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county, together with a copy of the order of approval of such assessment roll by said adjustment board. Thereafter when directed by resolution of the board of directors of the district, the treasurer shall sell the whole or any designated number of said bonds for the best price obtainable, but in no event for less than ninety per cent of the face value of said bonds and the accrued interest thereon. Before making a sale of said bonds, notice shall be given by the said treasurer by publication at least once a week for two successive weeks in the county in which the office of said district is located, that he will sell a specified amount of said bonds, and stating the day, hour, and place of such sale, and asking sealed proposals for the purchase of said bonds, or any part thereof. At the time appointed said treasurer shall open the bids and award the bonds to the highest responsible bidder. The treasurer upon written request of a majority of the directors must reject any or all bids. Any sale by the treasurer and delivery of the bonds thereunder shall be conclusive evidence in favor of the purchaser and all subsequent holders of the bonds that such sale was made upon due authority and notice. The proceeds of sale of said bonds shall be placed in the treasuries of the respective counties in which land included in the district is situate to the amount of the unpaid assessment in each county and credited to the bond fund of the district, and a proper record of such transaction shall be made upon the books of said treasurer. It shall be sufficient to describe said lands as all lands in the district (naming it)

without a more specific description. The summons shall be published once a week for two successive weeks in the county where the action is pending. Within thirty days after the first publication of summons any owner of land in such district or any person interested may appear and answer the complaint, which answer shall set forth the facts relied upon to show the invalidity of said bonds. The default of all defendants not so appearing may be entered. Such action shall be given precedence in hearing and trial over all other civil actions in such court, and judgment rendered declaring such matter so contested either valid or invalid. Any party not in default may have the right to appeal to the supreme court within thirty days after the entry of judgment. Judgment for the plaintiff in such proceedings shall be considered as a judgment in rem and shall be conclusive against said district and against all lands therein, and all owners thereof and other interested persons.

All moneys collected by a county treasurer upon any assessment upon which bonds shall have been issued, including all moneys derived from sale of land for delinquent installments, or from redemption thereof, or from sale of lands bought by such treasurer at any such sale as trustee of the bond fund of the district, shall be by such treasurer forthwith paid into the county treasury of the county from which the same arose to the credit of the bond fund of such water storage district, and shall be used exclusively for the payment of principal and interest of said bonds issued on such assessment.

All provisions of this section relative to the original issue of bonds shall apply to such additional series of bonds.

Upon a sale of any of the bonds provided herein the treasurer of the district is hereby authorized to accept in payment for said bonds, either in whole or in part, outstanding warrants of such district at their face value, together with the accrued interest thereon.

said installment thereon with interest and penalty, and such sale shall be made for cash, except the treasurer may receive from any purchaser at their face value in lieu of cash bonds of said district or their interest coupons, issued on said assessment and then matured or to mature within sixty days after such sale. Any bond or coupon so received in payment shall be by the county treasurer forthwith canceled and filed in the office of the treasurer of said district. If the entire amount of such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon. If no bid is made for any parcel at such sale equal to the amount of the installment delinquent thereon, with interest and penalty, the county treasurer shall bid in and sell said parcel to himself and his successors in office, as trustee of the bond fund of said district, as purchaser, for the amount of said installment, interest, and penalty. The county treasurer shall execute to each purchaser, including himself as trustee a certificate of sale, and shall record a duplicate in the county recorder's office. Any person interested in the said property may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purpose a sum equal to the purchase price stated in the certificate, with interest thereon at the rate of twelve per cent per annum from the date of sale to such redemption. If no redemption shall be made within one year, the said county treasurer upon demand and surrender of such certificate of purchase, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances, except state, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority, and any subsequent water storage district assessment remaining unpaid at the date of said sale each installment whereof may be called and collected as herein provided, except that no parcel sold and conveyed to the district shall thereafter be subject to sale by the county treasurer for delinquent installments. All moneys collected by any county treasurer upon account of an assessment on which bonds shall not have been issued shall be similarly accounted for to the treasurer of the district, and shall be credited to the general fund of the district. Any parcel of land bid in and purchased by any county treasurer as aforesaid, as trustee of the bond fund of the district, may be sold and conveyed by him or his successor in office at any time after the expiration of said redemption period of one year, at public or private sale and with or without notice, to any person paying him the amount for which said parcel was bid in by said treasurer at delinquent sale, with interest thereon at the rate of seven per cent per annum, compounded yearly, from the date of said delinquent sale, and also the amount of all subsequent installments then delinquent, with accrued interest and penalties thereon. Such payment may be made either in cash or in matured bonds and coupons issued on said assessment, taken at their face value, and such treasurer shall execute a deed to such purchaser upon such sale, conveying said property free of encumbrances, except as hereinbefore provided for deeds where no redemption is made. Recall of
officers.

SEC. 48. The holder of any elective office of any district may be removed or recalled at any time by the voters; *provided*, he has held his office at least six months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the secretary of the board of directors of such district, which petition shall be signed by qualified voters constituting at least twenty-five per cent of the highest vote cast within such district for candidates for the office, the incumbent of which is sought to be removed, at the last general election in such district at which an incumbent of such office was elected, or, in the case of the removal of the incumbent of an office elected by a subdivision of such district, such petition shall be signed by a like percentage of qualified voters of such subdivision computed upon the total number of votes cast in such subdivision for all candidates for the office, the incumbent of which is sought to be removed, at the last general election in such subdivision at which an incumbent of such office was elected; and said petition shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the voters. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving the precinct, and if within a town having named streets and numbered houses, street and number. Each such separate paper shall have attached thereto an affidavit made by a qualified voter of the district and sworn to before an officer competent to administer oaths, stating that

the affiant circulated that particular paper and saw written the signatures appended thereto; and that according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed and of a qualified voter of the district. Within ten days from the date of filing such petition, the secretary of the board shall examine and from the records of qualified voters ascertain whether or not said petition is signed by the requisite number of such qualified voters, and he shall attach to said petition his certificate showing the result of said examination. If by the said certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The secretary shall, within ten days after such supplementing papers are filed, make like examination of a supplementing petition, and if a certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If the petition shall be found to be sufficient, the secretary shall submit the same to the board of directors without delay, whereupon the board shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer: *provided*, that if a general water storage district election is to occur within sixty days from the date of the order calling for such election, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election for officers of such district occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the manner prescribed by section thirty-nine of this act.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "yes" and "no" on separate lines, with a blank space at the right of each, in which the voter shall indicate by stamping a cross (X) his vote for or against such recall. On such ballots, under each such ques-

tion, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "no," said incumbent shall continue in said office. If a majority shall vote "yes," said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The election shall be conducted, canvass of all votes for candidates for said office shall be made, and the result declared in like manner as in a regular election within such district. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law. If the vote at any such recall election shall not recall the officer, no further petition for the recall of such officer shall be filed before the expiration of six months from the date of such first recall election.

Conduct of
special
election.

SEC. 49. Notice of any special election to be held pursuant to the provisions of this act must be given by posting notices in three public places in each election precinct in the water conservation district for at least twenty days, and also by publication of said notice once a week for three successive weeks in each county in which any land in said district is located. Such notice must specify the time and place of holding the election and the purpose thereof. Unless otherwise in this act expressly specified said election shall be held and the result thereof determined and declared as nearly as may be in accordance with the provisions of this act relating to general water conservation district elections; *provided*, that no informalities in conducting such election shall invalidate the same if the election shall have been otherwise fairly conducted.

Contested
election.

SEC. 50. Any election held under the provisions of this act may be contested by any person owning property within the district, or proposed district, liable to assessment. Such contest shall be brought in the superior court of any county in which some portion of the land within the district or proposed district is situated and shall be conducted in the manner provided for contests of election by title two of part three of the Code of Civil Procedure of California, except that in the case of a contest not involving the right of a person declared elected to an office to hold such office the directors of the district shall be made parties to the contest. The court having jurisdiction shall speedily try such contest and determine upon the hearing

whether the election was fairly conducted and in substantial compliance with the requirements of this act and enter its judgment accordingly. Such contest must be brought within twenty days after the canvass of the vote and declaration of the result. The right of appeal is hereby given to either party to the record within thirty days from entry of judgment. The appeal must be heard and determined by the supreme court within sixty days from the time of the filing of the notice of appeal.

SEC. 51. For all purposes of this act relating to signing petitions and voting at any election, and for all other purposes when the question of title to or value of land claimed to be owned by a petitioner or voter is involved, the county assessment roll last equalized at the time of the election or filing of the petition, in each county wherein any such land is situated shall be sufficient evidence of ownership and value. If any parcel of land is assessed on any such assessment roll to unknown or fictitiously named owners, or to unnamed owners in addition to any owner or owners named thereon, said parcel of land shall be deemed for any of the purposes of this act to have but one owner in addition to any owner or owners whose true name or names may be purported to be given on such assessment roll. The holder of title or evidence of title to an undivided interest in any land affected by any of the provisions of this act may sign any petition or vote at any election provided for in this act, and such undivided interest shall be counted and valued as though it were a separate interest, and if the assessment roll shall fail to indicate the extent of any such undivided interest the holders of title or evidence of title whose undivided interests in any land are not specifically defined shall be deemed to have equal shares therein. Where property has been conveyed prior to the election and such change of interest does not appear by such assessment roll the original deed of conveyance, or a copy thereof duly certified by the county recorder of the county wherein the same has been recorded, or otherwise authenticated, shall be sufficient evidence to entitle the holder thereof to vote the acreage therein described. Any person not legally qualified to vote who shall make any false statement in respect to his right to vote shall incur all of the penalties provided in the Penal Code of the State of California for persons illegally voting at elections. The certificate of the register of the United States land office for the district in which the lands are situated, or of the surveyor general of the State of California, shall be sufficient evidence of possessory right in any lands entered under the laws of the United States or of the State of California. Guardians, personal representatives and other persons holding land in a trust capacity under appointment of court may sign any petition and may vote at any election in behalf of the estate represented by them without obtaining any special authority therefor. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom a petition

was signed, shall be sufficient evidence of the genuineness of such signature and of the fact of place of residence of any petitioner under this act. The state engineer shall, prior to the election on organization, and at all subsequent elections the board of directors shall, cause to be prepared and certified and furnished to the election board at each voting place in the district a copy of each of said assessment rolls so far as the same pertains to any land in the respective precincts, and shall likewise cause to be prepared and furnished to the election boards lists certified by the register of the United States land office or the surveyor general of the State of California, as the case may be, showing the lands entered under the laws of the United States or of the State of California, respectively, which said lists, so far as disclosed by the records of said offices, shall contain the names of the persons entitled to possessory rights therein and the quantity of land held by each of said persons by virtue of said rights. Said assessment rolls and said lists shall be used by the election boards in determining the qualifications of voters and the number of votes each voter is entitled to cast.

Where a tract of land is situated partly within and partly without the boundaries of an election precinct and the assessment roll contains a valuation of said tract as a whole the same must be apportioned according to the number of acres lying within and without the boundaries of said precinct. If there shall be included in any assessment roll or list as furnished to an election board any land which has no valuation assigned to it, then the state engineer or the board of directors, as the case may be, shall request the county assessor of the county in which such land is situated to value said land and it shall be the duty of such county assessor to prepare and furnish to the state engineer or board requesting it a statement of the value of such land as the same shall be appraised by him, which value shall be arrived at as nearly as may be done in the same manner and upon the same basis as was the valuation for purposes of taxation assessed upon other lands in the precinct similarly situated, and the valuation so made by the county assessor shall be furnished to the election board of the precinct in which the land so valued is situated and shall be used by the election board in determining the number of votes which the holder of title or evidence of title to such land is entitled to cast.

Senate Joint Resolution No. 1—Relative to naturalization and property rights of aliens.

[Filed with Secretary of State January 14, 1921.]

Natural-
ization and
property
rights of
aliens.

WHEREAS, At the general election held on the second day of November, 1920, the people of the State of California, in the exercise of their right reserved under the constitution, by an overwhelming majority, adopted the "alien land law," which, among other things, provides that all aliens ineligible to citizenship under the laws of the United States, may acquire, possess, enjoy and transfer real property or any interest therein in this state in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject and not otherwise; and

“The citizens or subjects of each of the high contracting parties shall have liberty to enter, travel and reside in the territories of the other to carry on trade, wholesale and retail, to own or lease and occupy houses, manufactories, warehouses and shops, to employ agents of their choice, to lease land for residential and commercial purposes; and generally, to do anything incident to or necessary for trade, upon the same terms as native citizens or subjects submitting themselves to the laws and regulations there established”; and

WHEREAS, Notwithstanding the aforesaid provision of the treaty limiting the purposes for which the subjects of Japan may enter, travel and reside in the United States, approximately one hundred thousand Japanese are now residing in California, comparatively few of whom are engaged in trade, while the great majority are engaged in agriculture, owning, leasing and farming lands, and now control one-eighth of the entire acreage of rich irrigated lands in the state, as shown by the official report of the state board of control; and

WHEREAS, Japanese, as well as American authorities concede the unassimilability of the two races, and grant that a continuance of existing conditions may develop a racial question and grave international complications out of the present economic problem; and

WHEREAS, The evidence before the house immigration committee, in hearings held on the Pacific coast in July and August, 1920, clearly indicates the impracticability of making homogeneous American citizenship out of the material coming to us from Japan, and the impossibility of a white community holding its own either in increase of numbers or in economic competition against the racial advantages and birth rate of the Japanese; and

WHEREAS, Preliminary negotiations are now pending between the state department at Washington and representatives of the Empire of Japan with a view of entering into a treaty dealing with the subject of immigration; and

Resolved, That in any treaty hereafter made by the United States and Japan, said "alien land law" be held inviolate and that the rights of the states of the Union to enact legislation respecting the acquisition and ownership of land by aliens within their respective borders be properly safeguarded; and be it further

Resolved, That in any such treaty, provision be made prohibiting the further immigration of the subjects of Japan to the United States, save and except merchants, students and teachers, their servants and employecs; and be it further

Resolved, That a copy of these resolutions be forthwith dispatched to the President of the United States, the secretary of state of the United States, to each of our senators and representatives in congress and to each member of the committee on foreign relations of the United States senate.

Retirement
of aged
and
disabled
employes.

Section 1. The Board of Supervisors of the City and County are empowered under the conditions set forth herein, on the vote of fourteen members and the approval of the Mayor, to establish a retirement system and to provide for death benefits for public employes other than policemen and firemen who are now members of a pension system, and elective officers and officers appointed by the Mayor. Provided, however, that in no retirement system so established shall an employe be retired, except in case of disability, incapacitating the employe for the performance of his duties before he reaches the age of sixty-two, and before ten years of continuous service; except that the Board of Administration hereinafter created may, by rule, provide for retirement of employes after thirty years of continuous service, as defined by the Board of Administration, who elect, within one year after their entrance into a retirement system, to receive a retirement allowance, payable after thirty years of continuous service, as defined by the Board of Administration, at rates of contribution to be established by the Board of Administration. Retirement shall be compulsory at the age of seventy.

Report of

Section 2. The Board of Administration hereinafter provided, shall secure from a competent actuary a report of the cost of establishing a general retirement system for all employes, of the City and County. Said actuary shall be one who has had actual experience in the establishment of retirement systems for public employes, and his position shall be considered one requiring expert or technical training within the meaning of Section 2, Article XVI of the Charter.

city and
county
and

Section 3. The retirement system shall be conducted on the contributory plan. The City and County shall contribute jointly with the employes affected thereunder. Employes shall contribute an amount not to exceed 5 per cent of their salary or wage except that in the discretion of the Board of Administration, employes of the age of fifty or over at the time a retirement system becomes effective, may be required to contribute not to exceed ten per cent of their salary or wage; and employes of forty years of age or over at the time a retirement system becomes effective, may, at their option, within one year after their entrance into such a system and with the approval of the Board of Administration, elect to receive retirement allowances in excess of those normally established, at rates of contribution to be determined by the Board. The City

The system shall be applied to such departments, sections or classes of employes as the Supervisors shall determine. The mortality, service, experience, or other table calculated by the actuary, and the valuation determined by him, and approved by the Board, shall be conclusive and final, and any retirement system established under this article shall be based thereon; provided that initial liabilities accruing under a retirement plan because of past service of employes in service at the time this amendment is adopted, may be covered by annual appropriation of the Supervisors. Franchises.

(c) The Board of Harbor Commissioners, as hereinafter provided, shall have power to grant to any person, firm or corporation franchises, permits and other privileges to use the water frontage, in excess of said ten thousand feet, for purposes in connection with, or for the promotion and accommodation of commerce, navigation and fishery, together with the necessary co-terminus and adjacent tide or submerged lands, for periods not exceeding thirty years.

Leases.

(d) Whenever it shall be determined by the board, by order, that any part of such tide or submerged lands may not be required for use for purposes in connection with, or for the promotion and accommodation of commerce, navigation and fishery, the Board of Harbor Commissioners shall have power to grant leases of such tide or submerged lands, in excess of

said ten thousand feet reserved by the city, for periods not exceeding thirty years, for any and all purposes which shall not interfere with commerce or navigation, and are not inconsistent with the trusts upon which said lands are held by the City of Los Angeles.

(e) All such franchises, permits, privileges and leases shall be granted subject to such terms and conditions as may be prescribed therein and to the limitations, conditions, restrictions and reservations in this section contained. Every such grant for a definite period of time shall be made by order, which shall be published once in the same manner as ordinances of said city, and shall, in all respects, be subject to the referendum provisions of this charter relating to ordinances of said city.

Conditions governing grants.

(f) No such grant shall ever be made to any one person, firm or corporation to use any such water frontage whatever in excess of three thousand feet, linear measurement, measured along United States harbor lines; provided, however, that more than three thousand feet of such water frontage, but not exceeding five thousand feet thereof, may be so granted whenever authorized by a majority of the qualified voters of the city voting upon the question of authorizing any such grant at an election.

(g) Every such grant shall provide for the payment to the city, as compensation therefor, of either, any or all of the following: (1) A specified rental; or (2) a percentage of the gross receipts derived from or arising out of the use, operation or possession thereof, or of the lands included therein, and improvements, if any, made thereunder; or (3) a percentage of the valuation of such lands and improvements. Such payment shall be made in such manner, at such time, and upon such basis or scale, either fixed or variable, as shall be prescribed therein; provided, however, that nothing herein contained shall be construed to prevent the board from making such grants to the highest regular responsible bidder after receiving competitive bids therefor.

(h) Every such grant shall be made only upon the condition, whether expressed therein or not, that the construction of the works, structures or improvements, provided for therein, shall, if the same be not already constructed or made, be commenced within ninety days of the date of such grant, and be prosecuted diligently to completion upon such further terms and conditions as may be prescribed therein.

(i) Every such grant shall provide that in case the same, or any improvements made thereunder, or any part thereof, shall be assigned, transferred or subleased, and the control thereof be given or granted to any person, firm or corporation, so that such person, firm or corporation shall then own, hold or control, under any such grant from the city, more than the length of water frontage permitted or authorized under this charter, then such grant, and all rights thereunder, shall thereupon and thereby be absolutely terminated. No assignment,

(j) Every such grant shall be subject to such rights of way over the lands embraced therein for such sewers, pipe lines, conduits, and for such telephone, telegraph, light, heat or power lines as may from time to time be determined by the Board of Harbor Commissioners, and the same shall be subject to such rights of way for public streets and other highways and for such railroads and other means of transportation as shall have been duly established or as shall be reserved in such grant. No such grant shall ever be made that shall provide for any use of the property or for the construction or placing of any structure, building or other improvement thereon that shall interfere with any plan approved or adopted by the city for harbor improvements, or for the development of facilities for the promotion and accommodation of commerce, navigation and fishery, or for providing railroad or other terminal facilities at Los Angeles Harbor.

(k) Every such grant shall provide for a readjustment of the rental or compensation every ten years during the term thereby created, upon such procedure as shall be specified in such grant. In no case shall such readjustment decrease the amount of rental or compensation except upon the approval of the Council by resolution. At the expiration of any such grant the Board of Harbor Commissioners may, upon such terms as it deems advisable, extend the term thereof for a period not to exceed ten years: provided, that in making any such extension, no reduction in the rate or amount of rental or compensation fixed for or in effect as to such grant for and during any period next preceding such extension shall be allowed, except upon the approval of the Council by resolution.

(l) Every such grant shall prescribe that upon the expiration thereof, all wharves, piers, docks, slips, bulkheads, sea walls and channels, constructed or maintained thereunder, shall be and become the property of the City of Los Angeles without compensation therefor to the grantee or holder thereof, and as to the other permanent structures or improvements constructed or maintained thereunder, shall prescribe whether the same shall become the property of the city without compensation or upon compensation to be paid to such grantee or holder, or shall be removed by such grantee or holder at his own expense.

(m) Upon the forfeiture of any such grant, any and all buildings, structures and improvements of whatsoever character, erected, installed, or made under, through, or because of, or pursuant to the terms thereof, shall immediately ipso facto become the property of the city, and every such grant shall so provide.

(n) The method of procedure for making such grants shall be prescribed by ordinance.

Sec. 174. The Board of Harbor Commissioners shall have power to grant ^{Revocable permits.} revocable permits for the following purposes:

(a) To use limited portions of the tide and submerged lands, or any structure or appurtenance pertaining thereto, under its control and management, for any and all purposes which shall not interfere with commerce or navigation, and are not inconsistent with the trusts upon which said lands are held by the City of Los Angeles, upon such terms and conditions as shall be prescribed therein.

(b) To designate and assign berths or landings for the use of vessels at any wharf or other facility controlled or operated by the city, including the ten thousand feet of frontage reserved by the city for public purposes, at not less than the duly established rates or charges for the use of municipal wharves and such facilities, and subject to the rules and regulations governing the same. Every such berthing permit shall reserve to the city the right to use such wharf or other facility covered thereby for general wharf or other purposes when such space is not required for the use of the grantee or holder of the permit.

(c) To designate and assign space in any transit shed, warehouse, elevator, or like facility, including the ten thousand feet of frontage reserved by the city for public purposes, at not less than the duly established rates or charges for the use of such municipal facilities, and subject to the rules and regulations governing the same.

(d) Every such revocable permit shall prescribe that it shall be revocable, without compensation to the grantee or holder thereof, upon due notice to be stated therein, such notice in no case to exceed one year. Every such permit, excepting such as may be revocable upon thirty days, or less, notice, shall be granted by order, which shall be published once in the same manner as ordinances of said city, and shall take effect upon such publication.

(e) The method of procedure for granting such revocable permits shall be prescribed by ordinance.

Sec. 175. The Board of Harbor Commissioners shall have power to contract for or permit the operation of trains and cars upon the municipal terminal railroad of the city upon such terms and conditions as may be prescribed therein; provided, that revocable permits for the operation of such railroad may be granted as otherwise provided herein.

The Board of Harbor Commissioners shall have power to control, order and contract for the expenditure of all moneys in said fund for the purposes prescribed below. Moneys shall only be drawn from said fund upon demands authenticated by the signatures of the president and secretary of the board, or, in the absence of the president, by the signatures of two members and the secretary of the board, except that the Council may, in its discretion, at the time of fixing the general tax levy, by ordinance, apportion and set apart out of the moneys then in said Harbor Revenue Fund, and not appropriated to other purposes or required to meet outstanding obligations and liabilities payable out of such fund, an amount sufficient to meet, in whole or in part, sums coming due for interest and principal upon all outstanding harbor improvement bonds before the time for fixing the next general tax levy, and the City Treasurer shall use the money so apportioned to make such payments and for no other purpose, and if there shall be a surplus remaining, the same shall forthwith be retransferred into said Harbor Revenue Fund.

service
board.

Sec. 17. ORGANIZATION, CHIEF EXAMINER. The City Commission shall appoint a Civil Service Board consisting of three public spirited electors of the city, each at least twenty-five years of age. No person shall be appointed to office in the City of Fresno for political or religious reasons or because of relationship to any officer in the city service, but solely on merit because of his fitness to perform the duties of the office or employment, and the rules prepared by the Civil Service Board shall contain suitable provisions for the carrying out of this principle. The rules may also provide for the covering into the classified service of the city without examination, of such officers and employees in the city service at the time of the adoption of such rules as may be deemed best. The Civil Service rules shall make provision for the exemption of such officers and employees from appointment through examination or other tests provided by such rules as may be deemed best, and there shall be included in such exemptions all elective officers, the City Attorney, members of the Board of Health, Health Officer, City Assessor, if any, City Tax Collector, if any, City Treasurer, if any, Superintendent of Schools, and teachers whose appointments are otherwise provided for by law.

3. That no person in the city service has any right to use his official authority or influence to coerce the political action of any person or body.

4. Suitable regulations governing promotions, transfers and reinstatements in the competitive service and temporary appointments and employments.

Sec. 20. TIME EXTENSION, ADOPTION AND MODIFICATION OF CIVIL SERVICE RULES. The time aforesaid for the drafting of said rules may be extended by the City Commission if in its judgment such extension is necessary, but such extension of time shall not exceed an additional four months. The City Commission, by ordinance, shall approve the Civil Service rules adopted by the Civil Service Board, with such modifications as the City Commission may

see fit to make, and, after such rules shall have been so adopted, they may not thereafter be amended or changed except by the affirmative vote of four of the members of the Commission upon the recommendation of the Civil Service Board.

Political
activity
prohibited.

Sec. 21. **POLITICAL ACTIVITY PROHIBITED.** No officer or employee of the city shall directly or indirectly solicit or receive, or be in any manner concerned in soliciting or receiving any assessment, subscription, or contribution for any political purpose whatever from any officer, clerk, or employee of the city. No person shall in any room or building occupied in the discharge of official duties by any officer or employee of the city, solicit or receive directly or indirectly, in person or by correspondence, in any matter whatever, any contribution of money or any other thing of value for any political purpose whatever. No officer or employee of the city shall discharge, promote or degrade, or in any manner change the official rank or compensation of any other officer or employee, or promise or threaten so to do, for the giving or withholding or neglecting to make any contribution of money or other valuable thing for any political purpose, nor shall any officer or employee of the city give or hand over to any other officer or employee of the city any money or other valuable thing on account of or to be applied to the promotion of any political object whatever. No officer or employee in the city government shall use his official authority or influence for the purpose of interfering with an election or affecting the results thereof. Persons in the competitive classified service of the city, while retaining the right to vote as they please and to express privately their opinion on all political subjects, shall take no active part in political management or in political propaganda or campaigns. No discrimination shall be exercised, threatened or promised by any officer or employee of the city against or in favor of an applicant, eligible, officer or employee in the service of the city because of his political or religious opinions or affiliations. No officer or employee of the city shall become a party worker or solicitor or active partisan, nor solicit any funds to be used for a political purpose. Any person who shall violate any of the provisions of this section, or any of the provisions of the Civil Service rules shall be guilty of a misdemeanor and shall be punished by fine not exceeding \$300.00, or by imprisonment not exceeding six months, or by both such fine and imprisonment in the discretion of the court.

Removals.

Sec. 22. **REMOVALS, PROCEDURE.** No officer or employee of the city may be removed except for reasons that will promote the efficiency of the public service; and after the lapse of the probationary period, except as in this charter otherwise provided, no officer or employee may be removed except for reasons given in writing by the appointing officer, and the person whose removal is sought shall be furnished with a copy of the reasons for his removal and of any charges preferred against him and be allowed a reasonable time for per-

sonally answering the same in writing, and in such answer may demand a hearing upon the charges. If such demand is made, the appointing officer shall furnish the Civil Service Board with the complaint or charges and answer, and the Civil Service Board shall then fix a time and place for, and, according to such rules and regulations as it may adopt, shall conduct a hearing upon the charges and answer, and the party whose removal is sought shall attend such hearing and may be heard in person or by attorney and produce witnesses. The Civil Service Board may regulate the conduct of said hearing so that the same will not be unnecessarily prolonged, and may confine witnesses in their testimony to the material matters under consideration, and shall not be bound by the technical rules of evidence and pleading, and upon said hearing the Civil Service Board may order the charges to be dismissed, in which case the officer or employee shall be restored to duty without prejudice, but if the charges are sustained, the officer or employee shall by virtue of said findings be removed unless the finding in either case is set aside by the City Commission. There shall be no appeal from the judgment of the Civil Service Board as a matter of right on the part of the appointing officer or the officer or employee whose removal is sought, but the City Commission shall have power in its discretion to hear and determine appeals from the decisions of the Civil Service Board. If the officer or employee whose removal is sought is in the exempted service of the city, the hearing, if demanded, shall be conducted in a similar manner, but by the City Commission instead of by the Civil Service Board. Pending the hearing of any charges, whether before the Civil Service Board or City Commission, the officer seeking to make the removal may suspend the officer or employee whose removal is sought, such suspension to be without pay, unless the charges are dismissed. The foregoing provisions in this section contained do not apply to elective officers or to officers and employes under the Board of Education whose appointment and removal is governed by the laws of the State. The City Commission may itself prefer charges against elective officers who have been convicted of any crime involving moral turpitude, or who have been convicted of malfeasance in office, or of a felony, and may compel such officers to answer such charges and conduct a hearing thereon, and if the charges are sustained may, by the affirmative vote of three of its members, declare the office vacant, and, pending the hearing, the City Commission may suspend the officer against whom the charges are preferred, such suspension to be without pay, unless the charges are dismissed. The reasons for the removal of an officer or employee removed during his probationary period shall be stated in writing and a copy thereof shall be furnished to the probationer, but the probationer shall not be entitled to any hearing. It is not the intention of the provisions of this section to warrant the retention in the city service of any inefficient, incapacitated, disgruntled, or insubordinate officer

Sec. 110. OPTIONAL METHOD OF DETERMINING RATES. Whenever, in the judgment of the Commission, any public utility owning a franchise within the city is unable either to render efficient public service, make necessary extensions, or in any way unable properly to perform to the full its obligations under its then owned or procurable franchise for such purposes, by reason of such public utility being unable under the then existing rates, tolls or fares properly to finance itself for the furnishing of such extension of service, the Com-

mission may, after two weeks' notice by publication in a newspaper published in the city (which notice shall appear in at least two issues of such paper) by the affirmative vote of at least four of its members make an agreement with such public utility for the submission of the matter to the Railroad Commission of the State (or other body created in its place with similar jurisdiction), which shall make a valuation of the necessary physical property of such public utility and fix rates, tolls or fares so as to return a reasonable rate of interest on the ascertained value of such property, which rates, tolls or fares shall continue in effect for not less than one year, when the matter can again, on the initiation of either the City Commission or public utility, be submitted to the Railroad Commission (or such other body with similar jurisdiction) for an increase or reduction in such rates, tolls or fares, and the decision of such Railroad Commission (or other body with similar jurisdiction) shall be a continuing one from year to year until altered in the manner prescribed above.

Sec. 111. **OPTIONAL METHOD FOR EXTENSIONS OF FRANCHISES AND SERVICES.** Any new franchises hereafter granted to a public utility already enjoying a franchise from the city, for an extension of its service, by ordinance passed by the affirmative vote of four members of the City Commission, may be made co-terminus with the then existing franchise of such public utility where such new service and old service are necessary to the proper performance of either service for the public use. The City Commission may, by the affirmative vote of four of its members, declare an extension of the service of any public utility to be a public necessity, and call upon such utility to make such extension and grant a reasonable franchise to such utility for such extension, and, upon the failure of such utility within a reasonable time, to be fixed by the Commission, to make such extension, the Commission shall make an application to the Railroad Commission of the State (or other body with similar jurisdiction created in the place of said Railroad Commission) asking for its order in the premises. The matter of reasonableness and terms in the premises shall then be left to the jurisdiction and order of the Railroad Commission (or other body within similar jurisdiction created in its stead).

Upon the receipt of an application for any franchise, the City Council, if it be disposed to grant the same, must require the applicant to deposit with the City Treasurer, either in cash or by certified check payable to the city, a specified sum not less than two hundred and fifty dollars (\$250.00) nor more than two thousand (\$2000.00), as a guaranty of the good faith of the applicant and as a fund out of which to pay all expenses incurred by the City, connected with such application, including the cost of publication in the event that the franchise, permit, or privilege is awarded applicant or be not awarded at all. Upon the making of such deposit, the City Council shall fix a time (not less than thirty, nor more than sixty days from the date of the order fixing the same) and place for a public hearing of the said application, and shall publish for ten consecutive days (Sundays and Legal Holidays excepted), a notice in the official organ of the city setting forth the making of such application, the date therein contained, the time and place fixed for a public hearing thereon and, if the application be not by a holder of existing franchises seeking a superseding or renewal franchise, or by a person, firm, or corporation desiring a franchise for an interurban, steam, or commercial railroad, that at the time of the hearing or at any time prior thereto, any person, having made the necessary deposit, may submit an offer or bid or offers or bids in writing

for the said franchise upon terms which he deems of better advantage to the city than the terms of the said application. An affidavit in proper form establishing the fact of such publication must be filed with the City clerk prior to the date set for the hearing. If the application be not for a superseding or renewal franchise, or for a franchise, permit, or privilege for an interurban, steam, or commercial railway, any person may, at the time of the hearing, or at any time prior thereto, file with the Clerk a bid or offer in writing for said franchise, upon the same terms set forth in the said application. Upon the franchise, permit, or privilege being awarded, all deposits by unsuccessful bidders, or by the applicant, if the franchise be awarded to some other person, shall be returned. The deposit of the successful bidder shall be retained until the approval and filing of the bond hereinafter provided for, whereupon the remainder of the deposit, after the payment therefrom of the expenses incurred by the city in connection with the advertising and warding of such franchise, permit, or privilege, shall be returned.

Granting of Franchise

Sec. 214. At the appointed time, the City Council shall proceed to hear and consider such application and all remonstrances and protests, if any, against the granting of such franchise, and all bids and offers submitted, as aforesaid. If, in the judgment of the City Council, no sufficient reason appears why the permit, or franchise requested should not be granted, it may, within sixty days after said hearing, grant to the applicant, or if the application be not for a superseding or renewal franchise, or be not for an interurban, steam, or commercial railway, to any bidder, a franchise in conformity with the terms of the application or any bid, or such modification thereof as the City Council shall deem to be for the public interest, and upon the terms and conditions of this article applicable thereto, or the Council may deny the franchise, or, if the franchise be one for which bids may be made, may re-advertise for offers or bids. All grants of franchises, shall be made by ordinance and no such ordinance shall be an emergency ordinance, nor go into effect within sixty days from the date of the passage thereof, during which time it shall be subject to the referendum provisions of this charter. Such ordinance must, within ten days after passage by the Council, be published at least once in the official organ of the city.

In case such bond shall not be filed, the grant of such franchise, permit, or privilege shall be set aside and any money deposited in connection with the awarding of such franchise, permit, or privilege shall be forfeited, and the franchise, permit, or privilege may, in the discretion of the City Council, be re-advertised, as hereinbefore provided. Ballots and Voting

Sec. 273. The full names of all regularly nominated candidates shall be printed on the official ballots in the alphabetical order of the surnames.

Ballots and
voting.

The ballots shall be marked according to the following instructions, which shall be printed at the top of each ballot under the heading of "Directions to Voters."

Put the figure 1 opposite the name of your first choice. If you want to express also second, third, and other choices, do so by putting the figure 2 opposite the name of your second choice, the figure 3 opposite the name of your third choice, and so on. In this way you may express as many choices as you please. The more choices you express, the surer you are to make your ballot count for one of the candidates you favor.

This ballot will not be counted for your second choice, unless it is found that it can not help your first; it will not be counted for your third choice unless it is found that it can not help either your first or your second; etc.

A ballot is spoiled if the figure 1 is put opposite more than one name. If you spoil this ballot, tear it across once, return it to the election officer in charge of the ballots, and get another from him.

Rules for Counting Ballots

Sec. 274. Ballots cast for the election of members of the City Council shall be counted and the results determined by the election authorities according to the following rules.

Rules for
counting
ballots.

(a) On all ballots a cross shall be considered equivalent to the figure 1. So far as may be consistent with the general election laws, every ballot from which the first choice of the voter can be clearly ascertained shall be considered valid.

Rules
for
counting
ballots.

(b) The ballots shall first be sorted and counted at the several voting precincts according to the first choices of the voters. At each voting precinct the ballots cast for each candidate as first choice shall be put up in a separate package, which shall be properly marked on the outside to show the number of ballots therein and the name of the candidate for whom they were cast. The ballot declared invalid by the precinct officials shall also be put up in a separate package, properly marked on the outside. All the packages of the precinct, together with a record of the precinct count, shall be promptly forwarded to the central election authorities as directed by them and the counting of the ballots shall proceed under their direction.

(c) After the review of the precinct count by the central election authorities and the correction of any errors discovered therein, the first-choice votes for each candidate shall be added and tabulated. This completes the first count.

(d) The whole number of valid ballots shall then be divided by a number greater by one than the number of seats to be filled. The next whole number larger than the resulting quotient is the quota or constituency that suffices to elect a member.

(e) All candidates the number of whose votes on the first count equals or exceeds the quota shall then be declared elected.

(f) All votes obtained by any candidate in excess of the quota shall be termed his surplus.

(g) Any surpluses there may be shall be transferred next (unless one or more candidates may next be declared defeated according to rule (m)), the largest surplus first, then the next largest, and so on, according to the following rules.

(h) In the transfer of a surplus transferable ballots up to the number of votes in the surplus shall be transferred to the continuing candidates marked on them as next choice, in accordance with rule (n). The particular ballots to be taken for transfer as the surplus of a candidate shall be obtained by taking as nearly an equal number of ballots as possible from the transferable ballots that have been cast for him in each of the voting precincts. All such surplus ballots shall be taken as they happen to come without selection.

(i) "Transferable ballots" means ballots from which the next choice of the voter for some continuing candidate can be clearly ascertained. A "continuing candidate" is a candidate as yet neither elected nor defeated.

(j) Whenever a ballot is transferred from one candidate to another, it shall be tallied or otherwise recorded by a tally clerk assigned to the candidate to whom it is being transferred. Each tally clerk shall take care not to receive for his candidate by transfer more ballots than are required to complete the quota.

(k) The votes standing to the credit of each candidate shall be added and a tabulation of results made whenever a

comparison of the votes of the several candidates is necessary to determine the next step in the procedure. Each tabulation, together with the transfers of ballots made since the preceding tabulation, is referred to in this section as a "count." ^{Rules for counting ballots.}

(l) After the transfer of all surpluses (or after the first count if no candidate received a surplus) every candidate who has no votes to his credit shall be declared defeated. Thereupon the candidate lowest on the poll as it then stands shall be declared defeated and all his transferable ballots transferred to continuing candidates, each ballot being transferred to the credit of that continuing candidate next preferred by the voter, in accordance with rule (n). Thereupon the candidate then lowest shall be declared defeated and all his transferable ballots transferred in the same way. Thus lowest candidates shall be declared defeated one after another and their transferable ballots transferred to continuing candidates.

(m) But one or more candidates lowest on the poll may be declared defeated before the transfer of surpluses, and their ballots, if any, transferred after the surpluses as part of the same count, provided,

(1) the votes of those lowest candidates and all the surplus votes do not all together exceed in number the vote of the candidate next higher on the poll, and

(2) the number of continuing candidates is not thereby reduced below the number still to be elected.

And after the transfer of surpluses (or after the first count if no candidate received a surplus) two or more candidates lowest on the poll at the end of any count may be declared defeated simultaneously and all their ballots transferred in one count, provided,

(1) the votes of those lowest candidates do not all together exceed in number the vote of the candidate next higher on the poll.

(2) the number of continuing candidates is not thereby reduced below the number still to be elected.

Whenever the ballots of two or more defeated candidates are transferred during the same count, the ballots of the candidate lowest on the poll shall be transferred first, then those of the candidate next higher, and so on.

(t) The candidates or their agents, representatives of the press, and, so far as may be consistent with good order and with convenience in the counting and transferring of the ballots, the public shall be afforded every facility for being present and witnessing these operations.

(u) The City Council shall have power to provide for the use of mechanical or other devices for marking and sorting the ballots and tabulating the results, and to modify the form of the ballot, the directions to voters, and the details in respect to the methods of counting and transferring ballots accordingly; provided, however, that no change shall be made which will alter the principles of the voting or of the counting.

JOINT MEETING OF COMMITTEES.

3. Whenever any bill has been referred by the senate to one of its committees, and the same or a like bill has been referred by the assembly to one of its committees, the chairmen of the respective committees, when in their judgment the interests of legislation or the expedition of business will be better served thereby, shall arrange for a joint meeting of their committees for the consideration of such bill.

BILLS AND RESOLUTIONS.

SCOPE OF WORD "BILL."

4. Whenever the word "bill" is used in these rules it shall include constitutional amendments, joint and concurrent resolutions.

JOINT AND CONCURRENT RESOLUTIONS.

5. Joint resolutions are those which relate to matters connected with the federal government. All other resolutions relating to matters to be treated by both houses of the legislature are concurrent resolutions.

RESOLUTIONS TREATED AS BILLS.

6. Joint resolutions, concurrent resolutions and constitutional amendments shall be treated in all respects as bills; except that they shall be read but one time in each house, and that they shall not be deemed bills within the meaning of section two of article four of the constitution and shall not be referred to the committee on introduction of bills, and shall not require a vote to authorize their introduction. As in the case of bills, they shall be engrossed in the house in which they originate before being voted upon.

PREPARATION AND INTRODUCTION OF BILLS.

TITLE OF BILL.

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

DIVISION OF BILL INTO SECTIONS.

8. Bills amending more than one section of existing laws shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that

rules of

and

future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

CHANGES FROM EXISTING LAWS TO BE MARKED BY AUTHOR.

9. In case of a bill amending a code section, or general law, all omissions must be shown by the insertion of heavy parentheses or brackets without including the omitted matter; all additions must be shown by underlining the new matter. When printed, the new matter so underlined shall be enclosed in heavy brackets in the printed bill and also heavy brackets shall be retained to show omissions.

COMMITTEE ON REVISION AND PRINTING TO EXAMINE BILLS WHEN INTRODUCED.

10. Unless otherwise ordered by the house in which the bill was introduced, all bills before being printed shall be immediately sent to the committee on revision and printing, which shall examine the bill, with the aid of the legislative counsel bureau. The committee, by and with the written assent of the author filed with it, shall have authority to correct any clerical error such as in orthography, adding or correcting the enacting clause, mistakes in numbering sections and references thereto, errors in grammar, phraseology, or in the form of the bill; *provided*, that no bill which bears the stamp of the legislative counsel bureau showing that before introduction it has been examined as to form, shall be sent to the committee on revision and printing.

NOTE.—The submission of bill copy to legislative counsel bureau for approval of form before introduction will expedite its course.

BILLS INTRODUCED TO INDICATE CHANGES IN EXISTING LAWS.

11. The committee on revision and printing shall see to it that rules seven and nine of these joint rules are observed by the author, and that the bill shall not be sent to the printer until the provisions of these rules have been carried out.

REPORTS OF COMMITTEE ON REVISION AND PRINTING.

12. The committee on revision and printing shall return to the secretary of the senate or chief clerk of the assembly all bills in the order in which they were sent to it, but shall not retain any bill for longer than three legislative days, unless otherwise ordered.

ENDORSEMENT OF DATE OF INTRODUCTION.

13. Bills introduced in either house shall be endorsed with the date of introduction.

PRINTING AND DISTRIBUTION OF BILLS.

MANNER OF PRINTING BILLS, ETC.

Joint
rules of
senate
and
assembly.

14. The state printer shall observe the following directions in printing all bills, constitutional amendments, joint and concurrent resolutions:

(a) The body of such bills and resolutions shall be printed in solid unspaced form so that the same type shall be used both before and after enrollment.

(b) All titles of bills, resolutions, etc., shall be set in italics, statute form, and the length of the lines used in the bills shall not exceed that of the body of the bill.

(c) The lines of all printed bills shall be numbered by page and not by sections, and amendments shall be identified by reference to title, page and line only; *provided, however*, that concurrent resolutions approving city or county or city and county charters or amendments thereto may be set in smaller type and without line numbers.

(d) Enrolled bills may be inclosed in stock cover.

PRINTING OF AMENDMENTS.

15. All bills amended by either house shall be immediately reprinted; in the case new matter is added by the amendments, such new matter shall be inclosed in heavy parentheses in the printed bill, and in the case of matter being omitted, the omission shall also be indicated by heavy parentheses. When a bill is amended in either house, the first or previous markings, except that showing change from code provision or former law, shall be omitted. When a bill amendatory of a code section is engrossed, all figures or symbols shall be removed.

DISTRIBUTION OF BILLS DURING CONSTITUTIONAL RECESS.

16. All requests for mailing or distribution by the members shall be filed with the secretary of the senate or chief clerk of the assembly who shall compile the same with the elimination of duplication as a general mailing list. The distribution of bills, constitutional amendments, joint and concurrent resolutions shall be systematized as follows: Members' desks and legislative officers' files one hundred fifty full sets; to authors fifty copies of their own bills; accredited newspaper representatives twenty-five; to public and law libraries, newspapers, county officials, and other civic, commercial, fraternal or industrial organizations as the secretary of the senate and chief clerk of the assembly may compile from the recommendations of the members of both houses, one thousand two hundred copies; to state officers, state library and secretary of state, two hundred copies; to legislative committees, bill room files and public requests—confined to single copies of bills designated, one thousand copies. The state printer shall cause to be printed in the standard form adopted by the senate and the assembly as many copies of all bills, constitutional amend-

A similar number and distribution shall be made of the semifinal history and final calendar.

DISTRIBUTION OF BILLS AFTER CONSTITUTIONAL RECESS.

17. Following the recess, new bills introduced shall be forwarded to the public libraries and law libraries only, and one copy each of amended bills as may be requested. Weekly histories and journals shall be distributed generally, following the recess, upon such schedule as the secretary of the senate and chief clerk of the assembly may designate.

OTHER LEGISLATIVE PRINTING.

PRINTING OF THE DAILY JOURNAL.

18. The state printer shall print one thousand copies of the journal of each day's proceedings of each house; at the end of the session he shall also print a sufficient number of copies, properly paged after being corrected and indexed by the secretary of the senate and chief clerk of the assembly, to bind in book form as the journal of the respective houses of the legislature as required by law.

WHAT SHALL BE PRINTED IN THE JOURNAL.

19. The following shall always be printed in the journal of each house:

(a) Messages from the governor and messages from the other house, and the titles of all bills, joint and concurrent resolutions and constitutional amendments when introduced in, offered to, or acted upon by the house, and the title and text of joint and concurrent resolutions and constitutional amendments when adopted by the house; *provided*, that in the case of a concurrent resolution approving the adoption of a charter or charter amendments of any kind, the text of such charter or charter amendments need not be printed in the journal.

21. Each house shall cause to be printed on Monday of each week, during the session, a complete history of all bills, joint or concurrent resolutions and constitutional amendments originating in, or acted upon by the respective houses.

Joint
rules of

and
assembly.

Such history shall show the action taken upon each measure, up to and including the legislative day preceding its issuance.

For each legislative day intervening there shall be printed a supplementary history showing the action taken upon any measure since the issuance of the complete history. A regular form shall be prescribed and no other form shall be used.

Immediately following the adjournment for the constitutional recess the history shall be compiled and printed to date of recess.

AUTHORITY FOR PRINTING ORDERS.

22. The superintendent of state printing shall not print for use of either house any matter other than provided by law or by these rules, except upon a written order signed by the secretary of the senate or the chief clerk of the assembly. The secretary of the senate and the chief clerk of the assembly may also, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

RECORD OF BILLS.

SECRETARY AND CHIEF CLERK TO KEEP REGISTER.

23. The secretary of the senate and the chief clerk of the assembly shall keep a register, in which shall be recorded every action taken by the senate and assembly on every bill, concurrent or joint resolution, or constitutional amendment.

SECRETARY AND CHIEF CLERK SHALL ENDORSE BILLS.

24. The secretary of the senate and the chief clerk of the assembly shall endorse on every original bill a statement of any action taken by the senate and assembly.

SPECIAL FILE.

27. On the second day after the close of the recess provided for in section two, article four, of the constitution, the senate and assembly shall each adopt and provide a special file upon which shall be placed: In the senate, only assembly bills that have passed the assembly; and in the assembly, only senate bills that have passed the senate. Such special file shall be taken up at two o'clock p. m. of each day, and be considered at least one hour and a half after being so taken up unless its consideration shall be completed in a lesser period of time. This rule shall not be suspended in either house except by a three-fourths vote of such house.

Joint

of senate
and
assembly.

PASSAGE OF BILLS TAKING EFFECT IMMEDIATELY.

33. Each house shall act in the usual course upon all bills that may be made to take effect immediately, under the provisions of section one, article four, of the constitution.

PASSAGE OF URGENCY PROVISIONS IN BILLS.

34. Upon the third reading of an act which is an urgency measure within the meaning of section one, article four of the state constitution, the presiding officer shall direct that the section of said act setting forth the facts constituting the necessity for such urgency (which shall be known as the urgency section) be then read and put to vote. The question shall be thus stated: "Shall this section setting forth the urgency features of this bill be passed?" If upon such final vote two-thirds of all the members elected to the house in which the vote is being taken shall not vote in the affirmative, no further action shall be taken on the bill; but, in case an identical bill without such an emergency clause be again introduced into such house, such bill shall be placed on file without reference to any committee.

PASSAGE OF BILLS PRECEDING FINAL ADJOURNMENT.

35. No senate bill shall be passed by the senate and no assembly bill shall be passed by the assembly within seven days of the time set for adjournment (*sine die*) of the two houses of the legislature, unless permission to vote on such bill shall be granted by a three-fourths vote of the house of its origin after being recommended by the presiding officer thereof.

37. After a bill shall have been thus passed in each house, it shall be presented by the engrossing and enrolling committee of the house in which it originated to the governor of the state for his approval (it being first endorsed by the presiding officers of the two houses, and by the secretary of the senate and chief clerk of the assembly). The said committee shall report the day of presentation to the governor, which time shall be carefully entered on the journal of the house in which the bill originated.

Such amendment or amendments shall be attached to the bill or resolution so amended, and indorsed "adopted," and such amendment or amendments, if concurred in by the house in which such bill or resolution originated, shall be indorsed "concurred in," and such indorsement shall be signed by the secretary or assistant secretary of the senate, or the chief clerk or assistant clerk of the assembly, as the case may be; *provided, however*, that an amendment to the title of a bill adopted after the passage of such bill shall not necessitate reprinting, but such amendment must be concurred in by the house in which such bill originated.

TO CONCUR OR REFUSE TO CONCUR IN AMENDMENTS.

39. In case the senate amend and pass an assembly bill, or the assembly amend and pass a senate bill, the senate (if it be a senate bill) or the assembly (if it be an assembly bill) must either "concur" or "refuse to concur" in the amendments. 40. If the senate refuse to concur (if it be a senate bill), or the assembly refuse to concur (if it be an assembly bill), the secretary or the chief clerk shall notify the house making the amendments of such refusal, and ask that they recede from their amendments. If they refuse to recede, the presiding officer shall appoint a committee of three (3) on conference and the secretary or the chief clerk shall immediately notify the other house of the action taken and request the appointment of a like committee. Two of the members comprising such committee from each house shall be selected from those voting with the majority on the point about which the difference has arisen, and the other member from each house of such committee shall be selected from the minority, in the event there is a minority vote. The first senator named on the conference committee shall act as chairman of the committee from the senate, and the first assemblyman named on such committee shall act as chairman of the committee from the house, and the chairman thus selected shall arrange the time and place of all meetings and prepare or direct the preparation of reports. COMMITTEE ON FREE CONFERENCE.

42. If the conference fail to agree or either house refuse to adopt the report of the committee, a committee on free conference shall then be appointed which shall consist of three members from each house to be constituted and appointed in the same manner as a committee on conference. The committee on free conference is hereby directed to include in its report any amendments which it may adopt as a committee, and such amendments shall be attached to the bill.

The report of the committee on free conference shall not be subject to amendment, and if either house refuse to adopt such report the conferees may be discharged and other conferees appointed.

It shall require the affirmative vote of not less than four of the members constituting the committee to agree upon a report. No member who has served on a committee on conference shall be appointed a member of a committee on free conference on the same bill.

WHEN CONFERENCE COMMITTEE REPORT IS IN ORDER.

43. The presentation of the report of a committee on conference or free conference shall always be in order, except when the journal is being read or a question of order or a motion to adjourn is pending, or during roll call, and, when received, the question of proceeding to the consideration of the report, if raised, shall be immediately passed upon, and shall be determined without debate.

DISPENSING WITH JOINT RULES.

48. No joint rule shall be dispensed with except by a vote of two-thirds of each house; and joint rules twenty-seven and thirty-five can be dispensed with only in the manner provided for in said joint rules. If either house shall violate a joint rule a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the joint rules have been violated, the bill involving such violation shall be returned to the house in which it originated, without further action. Or, at the option of such house, the president or speaker may direct the secretary or the chief clerk to mark the section or sections in conflict with the rules as nonconcurring or negatived.

ARTICLE XXVII.

Direct Legislation.

POWERS RESERVED TO THE PEOPLE.

Sec. 304. The people reserve to themselves the power to ^{Direct} adopt or reject ordinances at the polls, independent of the ^{legislation.} city council; and also the power of recall independent of the city council or the city manager.

INITIATIVE AND REFERENDUM.

Sec. 305. The citizens of the City of Long Beach may propose and submit to the city council ordinances in the following manner: By petition signed by electors, equal in number to twenty-five per cent of the entire vote cast at the last preceding general municipal election. The petition shall set forth the proposed ordinance or ordinances and contain a request that the same be enacted into law by the city council. The signatures to such petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving street and number and the date of signing. One of the signers of each paper shall make oath before some officer authorized to administer oaths, that each signature to the paper appended was made in his presence and that to the best of his knowledge and belief it is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing of such petition the city clerk shall examine the same, and from the list of qualified voters of the City of Long Beach, ascertain whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition his certificate showing the result of such examination, stating the number of qualified voters found upon said petition and the number of persons not qualified to vote, and in checking said petition the city clerk shall designate the names of persons found thereon not qualified to vote, with the letters "D.V." in red ink opposite such name or names. If by the city clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of the return of said certificate to the petitioners. The city clerk shall within ten days after such amendment is filed with him, make a like examination and check off the names thereon, and if his certificate

shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition is shown to be sufficient by the certificate of the city clerk, he shall submit the same to the city council without delay, and the city council shall either:

(a) Pass the ordinance set out in said petition without alteration within ten days after the date of the city clerk's certificate of sufficiency thereon; or

(b) Submit the same to a vote of the qualified electors of the city at a special municipal election to be called for that purpose within forty days from the date of said certificate, unless a general municipal election is to be held within ninety days thereafter, and then at such general municipal election, such ordinance shall be submitted without alteration of any kind. The ballot used in voting upon such proposed ordinance shall set forth the title thereon in full and state its general nature, and shall contain the words: "For the Ordinance" and "Against the Ordinance." If a majority of the qualified votes cast is in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city, and any ordinance so enacted shall not be repealed or amended, except upon a vote of the people. Any number of ordinances may be voted upon at the same election in accordance with the provisions of this article. The city council may submit a proposition for the repeal of any such ordinance or for amendments thereto to be voted upon at any general municipal election, and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly.

ORDINANCE SUBMITTED TO VOTE—PUBLICATION OF.

Ordinance

to vote.

Sec. 306. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be published three successive days in the official newspaper of the city; said publication to be not more than twenty nor less than ten days before the submission of such ordinance or proposition to the vote of the people.

ORDINANCES—WHEN EFFECTIVE—EXCEPTIONS—GRANT OF FRANCHISE—PETITION—REFERENDUM ELECTION—PROCEDURE—SUSPENSION OF ORDINANCE.

Ordinances.

Sec. 307. No ordinance passed by the city council shall go into effect before the expiration of thirty days from the time of its final passage, except when otherwise required by the general laws of the State of California, or by the provisions of this charter, and except an ordinance for the immediate preservation of the public peace, health and safety, which contains a statement of its urgency and is passed by the vote

of five members of the city council, as the same is more fully described in section 45 of this charter; and no grant of any franchise shall be held or construed to be an emergency measure, and all franchises and ordinances granting the same shall be subject to the referendum vote hereinafter provided; and if, during said thirty days, a petition, signed by qualified electors equal in number to twenty-five per cent of the entire vote cast at the last preceding general municipal election, protesting against the passage of such an ordinance shall be presented to the city council the same shall thereupon be suspended from going into effect, and it shall be the duty of the city council to reconsider such ordinance, and if the same is not entirely repealed the city council shall submit the ordinance or ordinances to a vote of the people, as provided in this article, either at the next general municipal election or at a special municipal election to be called for that purpose, and such ordinance shall not then go into effect or become operative unless a majority of the qualified voters voting upon said ordinance or ordinances shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of this article of the charter, except it shall not be subject to amendment, and shall be examined and certified by the city clerk as therein provided. If an ordinance is passed by the city council within ninety days next before a general municipal election, then a petition signed by fifteen per cent of the qualified electors voting at the last preceding general municipal election, or more, shall be sufficient to suspend the going into effect of said ordinance, and it shall either be repealed by the city council or submitted to the vote of the people at such next general municipal election.

THE RECALL.

Sec. 308. The holder of any elective office, or the city ^{Recall.} manager, in the City of Long Beach, may be recalled by the qualified electors of the City of Long Beach at any time after he has held office for six months. Not less than ten nor more than twenty-five qualified electors of the City of Long Beach may originate a petition of recall in the following manner: The said qualified electors shall file with the city clerk a petition containing a general statement of the ground or grounds for which the recall of the official is sought. This petition shall be signed by each of the petitioners originating the recall, each signer adding to his signature his place of residence, giving street and number, and the date of signing. The city clerk shall file the petition, and shall cause the said petition with the signatures attached thereto to be published for three successive days in the official newspaper of the city, with notice therein that said petition is in the city clerk's office open for signatures. The city clerk shall, during office hours for thirty days from the last day of publication aforesaid, keep the petition open for signatures by the quali-

fied electors of the city, each signer to add to his signature his place of residence, giving street and number, and date of signature. No petition other than the originating petition shall be signed or presented for signature at any place other than the city clerk's office, and must be verified by the city clerk or one of his deputies. At the expiration of said thirty days, the city clerk shall declare the petition closed for the purpose of examination, and within five days thereafter shall ascertain whether said petition is signed by qualified electors of the City of Long Beach equal to not less than ten per cent of the entire votes cast at the last general municipal election; and the city clerk shall attach to the petition his certificate showing the result of such examination, stating the number of qualified voters found upon said petition, and the number of persons not qualified to vote, and in checking said petition the city clerk shall designate the names of persons found thereon not qualified to vote, with the letters "D. V." in red ink opposite such name or names. If the petition is shown, by the city clerk's certificate, to be insufficient, the city clerk shall at once notify the signers who originated the petition of recall of the deficiency, and five additional days, exclusive of the day of mailing, shall be allowed for the final completion of the recall petition. Notice herein required shall consist of depositing in the postoffice at Long Beach a letter, postage prepaid and registered, containing such notice, addressed to each signer originating the petition of recall at his address named in the originating petition. The city clerk shall within three days after the expiration of the additional five days allowed within which to complete the recall petition, make a like examination and check the names as hereinbefore provided, and if the city clerk's certificate shall show the recall petition to be still insufficient, no further action shall be taken. The failure to secure sufficient names shall not prejudice the filing of an entirely new petition to the same effect by the same or other originating petitioners. If the petition shall be found to be sufficient, the city clerk shall submit the petition of recall, together with his certificate, to the city council without delay, whereupon the city council shall forthwith cause a special municipal election to be held not less than thirty nor more than forty days after the date of the order calling such election, to determine whether the voters shall recall such officer. If the same ground or grounds are alleged, one petition shall be sufficient to propose the recall of one or more officials. Upon the same ballot there shall be printed, in not more than two hundred words, the ground or grounds set forth in the recall petition for demanding the recall of the officer or officers; and upon the same ballot in not more than two hundred words, the officer or officers may justify himself or themselves. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office

(title of office)?" following which question shall the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall, by stamping a cross (X) indicate his vote for or against such recall. If a majority of those voting on said question of the recall of any officer shall vote "No", said officer shall continue in office, If a majority of those voting on said question of the recall of any officer shall vote "Yes", said officer shall thereupon be deemed removed from such office, and the city council shall declare said office vacant, and shall immediately fill such vacancy by appointment, such appointee to hold office until the next general municipal election. An officer thus removed shall not be eligible to succeed himself.

CHAPTER 33.

Senate Joint Resolution No. 27—Relative to extending an invitation to the interstate commerce commission to hold hearings in California.

[Filed with Secretary of State April 28, 1921.]

Hearings by interstate commerce commission in California.

WHEREAS, Many producers of agricultural and horticultural products in California find themselves at this time in a deplorable financial condition because of the excessive freight rates between points of production in California and marketing points east of the Rocky mountains; and

WHEREAS, The condition resulting from the imposition of present freight tariffs is likewise serious in its results to the carriers of freight because of the fact that fruit and vegetables in large quantities are not shipped but are allowed to go to waste; and

WHEREAS, As a natural consequence the embarrassment of would-be shippers and of transportation lines leads to serious economic distress among the people in general who are denied the opportunity to purchase such agricultural and horticultural products at reasonable prices, and the cost of living is materially augmented by failure to ship and to market; and

WHEREAS, In at least one other state in the union the interstate commerce commission, which is the national rate determining body, has ordered a hearing or a conference to be held within said state in the hope of speedily remedying the existing condition by an adjustment of freight rates, such hearing following upon a request for the same by the legislature of said state; now, therefore, be it

Resolved by the senate and the assembly of California, jointly, That the legislature of this state extend to the interstate commerce commission an invitation to hold hearings or conferences in California on the question above outlined; that we urge the earliest possible date for the opening of such hearings to the end that any relief possible may be speedily employed and that we suggest to said interstate commerce commission the advisability of hearings in both Los Angeles and San Francisco; and be it further

Resolved, That the secretary of the senate and the chief clerk of the assembly are hereby directed to forward a copy of this resolution by telegraph to the interstate commerce commission at its office in Washington, D. C.

CHAPTER 34.

[Filed with Secretary of State April 28, 1921.]

WHEREAS, The olive industry is one of the great and important enterprises of this state, and materially contributes to the upbuilding thereof; and

WHEREAS, The rates of duties on olives should equalize the difference in cost of production between the United States and foreign countries; and

WHEREAS, The continuation of the existing low rate of duty upon the importation of olives will seriously hamper and retard the growth and development of the State of California; now, therefore, be it

Resolved by the senate and assembly of the State of California, jointly, That we respectfully memorialize the congress of the United States to impose a tariff upon olives and olive products which shall be adequate to cover the difference in the cost of production of olives and olive prod-

acts in the United States and foreign countries; and be it further

Resolved, That our senators and representatives in congress be and they hereby are urged and requested to use every honorable means to accomplish this object; and be it further

Resolved, That copies of these resolutions be transmitted to the president of the senate and the speaker of the house of representatives of the United States, and to each of our senators and representatives in congress.

Alvaro
Obregon.

WHEREAS, There has existed in our neighboring republic of Mexico an era of strife and revolution in which life, liberty, property and the pursuit of happiness was at many times in jeopardy; and

WHEREAS, There has finally been elected to the presidency of our great sister republic a man who promises to be the true savior of his country, the most honorable, General Alvaro Obregon; and

CHAPTER 36.

Senate Joint Resolution No. 26—Relative to immigration.

[Filed with Secretary of State April 28, 1921.]

WHEREAS, The Japanese Exclusion League of California, representing officially such organizations as the American Legion, War Veterans, Native Sons and Native Daughters of the Golden West, State Federation of Women's Clubs, State Federation of Labor, and various other patriotic, civic and fraternal bodies, have adopted a statement of policy recommended for adoption by the government of the United States as urgently required in protection of the nation's interest against the growing menace of Japanese immigration and colonization; and

Undersement of declaration of principles of Japanese Exclusion League.

WHEREAS, Said declaration of principles has been approved by the organizations affiliated with the League—the Los Angeles County Anti-Asiatic Association and the Japanese Exclusion League of Washington; and

WHEREAS, Said declaration of principles is in words and figures as follows, to wit:

First—Absolute exclusion for the future of all Japanese immigration, not only male, but female, and not only laborers, skilled and unskilled, but "farmers," and men of small trades and professions, as recommended by Theodore Roosevelt.

Permission for temporary residence only for tourists, students, artists, commercial men, teachers, etc.

Second—Such exclusion to be enforced by United States officials, under United States laws and regulations, as done with immigration, admitted or excluded, from all other countries; and not, as at present, under an arrangement whereby control and regulation is surrendered by us to Japan.

Third—Compliance on the part of all departments of the federal government with the constitution, and the abandonment of the threat or attempt to take advantage of certain phrasing of that document as to treaties, which it is claimed gives the treaty-making power authority to violate plain provisions of the constitution in the following matters:

(a) To nullify state rights and state laws for control of lands and other matters plainly within the state's jurisdiction.

(b) To grant American citizenship to races of yellow color, which are made ineligible for such citizenship.

Fourth—For the Japanese legally entitled to residence in California, fair treatment, protection in property rights legally acquired, and the privilege of engaging in any business desired, except such as may be now or hereafter denied by law to all aliens, or to aliens ineligible to citizenship; and provided particularly they may not hereafter buy or lease agricultural lands.

Now, therefore, be it

Resolved by the senate and assembly, jointly, That the legislature of the State of California hereby endorses said declaration of principles and urges that the president, the department of state and the congress of the United States adopt and observe the policy therein stated; and be it further

Resolved, That the secretary of the senate be and she is hereby directed to transmit copies of these resolutions to the president and the secretary of state of the United States and to each of California's senators and representatives in congress.

Senate Constitutional Amendment No. 4—Relative to the framing and ratifying of municipal charters.

[Filed with Secretary of State May 11, 1921.]

Resolved by the senate, the assembly concurring, That the legislature of the State of California at its forty-fourth regular session, beginning on the third day of January, 1921, two-thirds of all the members elected to each of the houses voting in favor thereof, propose to the people of the state that section eight of article eleven of the constitution be amended to read as follows:

Sec. 8. Any city or city and county containing a population of more than three thousand five hundred inhabitants, as ascertained by the last preceding census taken under the authority of the congress of the United States or of the legislature of California, may frame a charter for its own government, consistent with and subject to this constitution; and any city, or city and county having adopted a charter may adopt a new one. Any such charter shall be framed by a board of fifteen freeholders chosen by the electors of such city at any general or special election, but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city. An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city, and, on presentation of a petition signed by not less than fifteen per cent of the registered electors of such city, the legislative body shall call such election at any time not less than thirty nor more than sixty days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city or city and county and the expenses of such verification shall be provided by the legislative body thereof. Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections. The board of freeholders shall, within one hundred twenty days after the result of the election is declared, prepare and propose a charter for the government of such city; but the said period of one hundred twenty days may with the consent of the legislative body of such city be extended by such board not exceeding a total of sixty days. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city. The legislative body of said city shall within fifteen days after such filing cause such charter to be published once in the official paper of said city; (or in case there be no such paper, in a

paper of general circulation); and shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more papers of general circulation published in said city a notice that such copies may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than sixty days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said sixty days. If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the legislature, if then in session, or at the next regular or special session of the legislature. The legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city or city and county, and supersede any existing charter and all laws inconsistent therewith. One copy of the charter so ratified and approved shall be filed with the secretary of state, one with the recorder of the county in which such city is located, and one in the archives of the city; and thereafter the courts shall take judicial notice of the provisions of such charter. The charter of any city or city and county may be amended by proposals therefor submitted by the legislative body of the city on its own motion or on petition signed by fifteen per cent of the registered electors, or both. Such proposals shall be submitted to the electors only during the six months next preceding a regular session of the legislature or thereafter and before the final adjournment of that session and at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the legislative body of the city or city and county not less than sixty days prior to the general election next preceding a regular session of the legislature. The signatures on such petition shall be verified by the authority having charge of the registration records of such city or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city,

not less than forty and not more than sixty days after the completion of the advertising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof it shall be deemed ratified, and shall be submitted to the legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one, receive a majority of the votes, the proposition receiving the larger number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any such charter, or amendment thereof, to provide for the creation of boroughs in all or any part of the territory of the city or city and county governed thereby, and to provide that each such borough may exercise such general or special municipal powers, and to be administered in such manner, as may be prescribed for each such borough in such charter; *provided, however,* that after the creation of any such borough, the powers thereof shall not be modified, amended or abridged in any manner, without the consent of a majority of the qualified electors of such borough voting at a regular or special election.

The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general state election; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city or city and county shall, so far as applicable, govern all elections held under the authority of this section.

(b) Every company engaged in the operation of motor vehicles for the transportation of persons or property for compensation, other than taxicabs, hotel busses, local drays, or delivery service, operated within city limits, or any bus operated exclusively for the transportation of pupils to or from any public school, sight-seeing busses, and companies operating motor vehicles as a part of or incidental to a commercial, industrial, or agricultural enterprise, when the compensation thereof is charged or absorbed in the amount paid for the product furnished by such enterprise, shall annually pay to the state a confined license and property tax of two per cent upon its gross receipts within this state, as defined in this section. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one and sixty-three hundredths percentum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county, and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business, together with all the reserve, surplus and undivided profits, at their full cash value, and deducting therefrom the value as carried in the assets of said bank of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state taxes, county and municipal, upon the property of the banks and

bankers, mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking association, savings and loan societies and trust companies, but shall not include building and loan associations.

Franchises.

(e) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one and sixty hundredths per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

Moneys for support of school system and state university.

(f) Out of the revenues from the taxes provided for in this section, together with all other state revenues, there shall be first set apart the moneys to be applied by the state to the support of the public school system and the state university. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the state, including the above named expenditures for educational purposes, there may be levied in the manner to be provided by law a tax, for state purposes, on all the property in the state including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivision (a), (b), (c) and (e) of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district, on the eighth day of November, one thousand nine hundred ten. The taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for state purposes.

(g) All the provisions of this section shall be self executing, and the legislature shall pass all laws necessary to carry this section into effect, and shall prescribe the procedure for the determination of the question of whether property shall be classed as operative or non-operative, and shall provide for the valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the state board of equalization and any officers, state, county, and municipal in connection with the administration of this section and of all laws enacted to carry the same into effect.

The rates of taxation fixed in this section shall remain in force until changed by the legislature, two-thirds of all the members elected to each of the two houses voting in favor thereof. The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section; and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the legislature. The legislature shall provide for reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for state purposes only.

Change in rates.

(h) The legislature, two-thirds of all the members elected to each of the two houses voting in favor thereof, in fixing the rates of taxation pursuant to the provisions of this section may classify and reclassify, divide and subdivide the several group of utilities or companies mentioned therein, and fix such rates as it may determine for the respective classes, subclasses, divisions or subdivisions so established by it from time to time.

Reclassification of utilities.

(i) No injunction shall ever issue in any suit, action or proceeding in any court against this state or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section; but after payment action may be maintained to recover any tax illegally collected in such a manner and at such time as may now or hereafter be provided by law.

tion act.

WHEREAS, By section four hundred twenty-two of the transportation act, 1920, amending the interstate commerce act by adding section fifteen a thereto, the congress of the United States prescribed a rule of rate making whereby the interstate commerce commission shall fix rates so that carriers as a whole will under honest, efficient and economical management and reasonable expenditures for maintenance of ways, structures and equipment earn an aggregate annual net railway operating income of six per cent upon the aggregate value of railway property held for and used in the service of transportation; and

WHEREAS, Said transportation act as now framed applies to and assures a six per cent income return to all railway properties, regardless of whether or not said property was reasonably acquired for, or properly applied to, transportation uses; and

WHEREAS, Such rule of rate making in effect guarantees to carriers annual net earnings and removes the incentive for efficiencies in operation and economy in expenditures; and

WHEREAS, Such rule of rate making imposes upon shippers and the public an excessive transportation burden making it impossible for producers to market their products and destroying the value of producing properties especially agricultural and horticultural lands and has in its operation wholly failed to accomplish any beneficial results for the carriers but on

the contrary has been detrimental to the interests of producers and the public at large; now, therefore, be it

Resolved by the assembly and senate, jointly, That the legislature of the State of California at its forty-fourth session petitions the congress of the United States to reconsider the transportation act of 1920, and urges congress to eliminate the objectionable features herein pointed out, and to grant a rate structure that will not place a false earning power on a large fictitious railroad capital, the payment of which is stifling to industries of the Pacific coast; and be it further

Resolved, That a copy of this joint resolution be sent to the president of the United States, to the interstate commerce commission, to the members of the committee on interstate commerce of the senate, and to the members of the committee of interstate and foreign commerce of the house of representatives, to the governors of each of the western states, and to each member of the senate and house of representatives of the United States from the State of California.
