## ALLIED TROOPS ARE FORGING AHEAD IN WEST

### Bulgarians Destroying Villages and War Material in Hurried Flight

#### BULGARS, IN PRECIPITATE FLIGHT ON MACEDONIAN FRONT, ARE USING FIREBRAND TO COVER UP RETREAT

**Allied Forces Have Advanced Over Twelve Miles; Serbians Pursuing Enemy Day and Night; Number of Strategic Points Have Been Captured**

London, Sept. 19.—The Bulgarians are in flight in Macedonia and are burning stores and villages, according to a Serbian official statement received here.

The Allied troops now have advanced more than twelve miles and their progress is so rapid that they have not been able to count the prisoners and war material taken. New regiments thrown in by the Bulgarians have been forced to retreat with the others.

The Bulgarians have been defeated completely and the Serbian troops are pursuing them day and night.

The Serbians and French troops have taken the towns of Topoles, Potashitsa, Beshtitsa, Melynitsa, Vitoshitsa and Rasimby. They have also taken the heights of Kuchkov Kamem.

**All Objectives Reached.**

Paris, Sept. 19.—The following official statement dealing with operations on the Macedonian front was issued last night: "Despite important reinforcements hastily brought forward by the enemy, who defended his new positions stubbornly, the offensive of the Allied armies continued successfully on September 17. All objectives fixed for the day were reached. Attacks developed on a front of about thirty-five kilometers and progress was made to a depth of fifteen kilometers at certain points.

**Greeks Assisting.**  
"Serbian troops, operating with French and Greek detachments, took after a violent assault forty-five villages, including Zovik and Stravina and the heights of Potashitsa and Beshtitsa, north of the river Gradshnitza, and the village of Gradshnitza, which was stubbornly defended by the enemy who had orders to hold it at any cost. In the centre they progressed on the hill which is situated near Kozak, advanced northeast of Kozak and took a foothold on the hills of Kuchkov. To the east they crossed the Perez and occupied the Massif of Topoles. The booty captured was considerable. More than fifty cannon, of which twenty were heavy pieces, fell into our hands. The number of prisoners increases. The Allied aviators dominated completely the enemy and greatly aided in the battle by attacking enemy troops."

**Poincare Pleased.**  
Paris, Sept. 19.—President Poincare has telegraphed to Prince Alexander of Serbia, his congratulations upon the victory of the Serbian army in conjunction with its French allies.

**Many Killed in Ammunition Factory Fire in Vienna**  
Amsterdam, Sept. 19.—Many persons have been killed or injured in a fire in the Woelersdorf ammunition factory in Vienna, according to an official report received here. After the fire there was a panic among the workers in the shell-making section of the factory.

**Dummy Artillery Used as Decoy in St. Mihiel Salient**  
With the American Army on the Lorraine front, Sept. 19.—A German trick designed to deceive the Allies has been discovered in the St. Mihiel salient, where the Germans abandoned large quantities of dummy artillery, big guns, little guns, mortars and even machine guns made of wood and sheets of iron and tin. This dummy artillery has been found in various sections where it could be plainly seen by photographic observers.

**Labor Urges Allies Make Clear Their Aims and Intentions**  
London, Sept. 19.—The war aims committee of the Inter-Allied Labor Conference to-day made a report recommending that the conference subscribe to the fourteen points formulated by President Wilson, adopting a policy of clearness and moderation as opposed to a policy dictated exclusively by changes on the war map.

The committee report says the United States already has been able to reject the Austro-Hungarian proposal for a conference of the belligerents, and that the Allies should make clear the identity of their views by public and collective declarations of their war aims and intentions.

#### Japanese Cavalry Entered Tchita on September 6 Last

Tokio, Sept. 19 (delayed).—A contingent of Japanese cavalry, together with troops belonging to the command of General Semenov, the Cossack leader, entered the town of Tchita, in the Trans-Baikal, on September 6. The arriving troops were enthusiastically welcomed.

#### American Ace is Killed While on Patrol in France

With the American Army on the Lorraine front, Sept. 19.—First Lieut. David E. Putnam, of Newton, Mass., American ace of aces, was killed late Wednesday afternoon while on patrol along the American lines.

Lieut. Putnam was flying with Lieut. Welland Robertson, of Fort Smith, Ark., when they were attacked by German machines. Four of these made for Putnam's machine and three attacked Robertson.

The attack was unexpected and the enemy was able to fire from above. Lieut. Putnam was shot twice through the heart. His machine glided to the earth at Limey, within the American lines, where he was found by his comrades. Lieut. Robertson returned safely.

#### Enemy Beginning to Realize Power of American Army

Amsterdam, Sept. 19.—The Frankfort Zeitung's correspondent telegraphs the following under date of September 16: "The Franco-American attack at St. Mihiel is now seen to have been a carefully prepared undertaking of considerable magnitude. The number of attacking enemy divisions is not yet known for certain, but we know our losses in prisoners were due to the extensive use by the enemy of tanks. More than 1,000 armored cars of all sizes participated.

#### Reichstag President Does Not Anticipate Ministerial Crisis

Amsterdam, Sept. 19.—Constantin Foltrich, President of the German Reichstag sees no reason to expect a Ministerial crisis in Germany, according to an interview with him printed in the Lokai Anzeiger, of Berlin. Differences of opinion regarding peace aims no longer exist between authoritative political and military circles, he is quoted as saying, and hence there is no ground for objection to von Hertling retaining the Chancellorship.

#### ENEMY MAKING A VAIN EFFORT TO STEM THE NEW ALLIED MOVEMENT

London, Sept. 19.—By the Associated Press.—The British troops in desperate fighting are plunging farther into the Hindenburg line north of St. Quentin, while west of Cambrai they have withstood vicious counter-attacks.

The enemy is making every effort to retain his positions on the thirty-mile front and to check the new Allied movement which threatens both St. Quentin and Cambrai.

In Macedonia the Bulgarians are in flight northward before the Serbians and French. Hurled from important heights the enemy has now been forced back twelve miles and the pursuit continues.

**Determined Resistance.**  
How serious was the menace to the security of the Hindenburg line by the British thrust north of St. Quentin is shown by the strong counter-attacks the Germans have thrown against the British lines from Gouzeaucourt, extending the battle line nearly twelve miles northward. On the front attacked Wednesday the British are pushing ahead against bitter resistance toward the St. Quentin-Cambrai high road, railway and canal—three important enemy defence lines.

From Lempire to Pontreux, which the British now hold the Germans have been hurled from the forward lines of the Hindenburg position.

The British at Lempire are four miles from Le Catelet and within one mile of the high road and the canal. On a short front west of St. Quentin the French are working steadily toward the town and are on the outskirts of Dalion two miles from St. Quentin.

German counter-attacks at Tressaint and Moeuvres, southwest and east of Cambrai, were preceded by an intense artillery bombardment. At both points the Germans were hurled back with heavy losses. The enemy entered the British trenches at some points but was immediately overwhelmed.

**Bulgarian Retreat.**  
The Bulgarian retreat from the Serbia-Greek border is reported to be in the nature of a flight and the enemy is burning stores and villages in his path. The Allies have captured additional prisoners and war material which have not been tallied, so fast has been their advance.

A score or more Serbian villages have been reconquered and the Bulgarians have been driven beyond Basimby, on the Cerna River, fifteen miles southwest of Pripel, the immediate objective.

It is not unlikely the Bulgarians will continue their retirement at least to the improved road running east and west through Pripel. Should the Allies succeed in pressing the Bulgarians back to the north of Pripel a complete readjustment of the Teuton lines in Macedonia and Albania from the Adriatic to Salonica would be inevitable.

**Americans Consolidating.**  
American troops are consolidating their new lines across the base of the St. Mihiel salient. It seems improbable that a new American assault will be made in this region.

**Large Bodies Pinned.**  
Attacks by the British and French along the St. Quentin front show that Marshal Foch has pinned down large bodies of the enemy forces in widely separated parts of the line. The Germans are forced to man heavily their lines from before Metz clear down through the Lorraine and Vosges sections, while there is always a very real threat at his vital positions north of Loon. In the meantime the line from Rheims to Verdun always presents itself as an inviting field for an Allied offensive.

**In Russia.**  
Reports from Moscow are that the Bolsheviki forces are retreating on both the northern and southern fronts. On the north they are being forced back by the Entente allied units, while Czech-Slovak armies along the Volga are also advancing. It is also reported that a new American assault will be made in this region.

**Bolsheviki Forces Are Retreating on Separate Fronts**  
London, Sept. 19.—Bolsheviki forces are retreating on both the Northern and Southern fronts, according to a Stockholm dispatch to the Daily Mail. The dispatch says that a telegram has been received in Stockholm from Moscow stating that the Czech-Slovak army still hold the city of Samara, which the Bolsheviki recently claimed to have retaken.

**War Mothers of U. S. Demand Surrender**  
Evansville, Ind., Sept. 19.—"Unconditional surrender," is demanded of the German nation in a resolution sent today by the War Mothers of America, holding their first national convention here, to President Wilson, General Pershing and the American Expeditionary Forces in France.

**GERMAN RECRUITS IN OPEN MUTINY**  
Refusing to Entrain at Aix La Chapelle, Many Were Shot Down

Amsterdam, Sept. 19.—A large number of German recruits, mostly boys eighteen years old, refused to entrain for the front at Aix la Chapelle, according to Les Nouvelles, which says the soldiers were ordered to fire on the mutineers, of whom eight were killed and many wounded.

It is stated by the newspaper that the remainder of the revolters were then driven into their train like cattle, but they were firing from the windows of the cars as the train moved out of the station.

**DECLARES ISLAND LINE UNNECESSARY**  
Baron Shaughnessy Now Considers It an Inexcusable Extravagance

Vancouver, Sept. 19.—Baron Shaughnessy, president of the C. P. R., and party of directors and prominent financial men of the East, returned from a visit to Vancouver Island last night and, while expressing himself as pleased with the visit to the island, His Lordship expressed himself very strongly with respect to the Canadian Northern extension from Nitinat to Sooke.

The laying of this line of railway at this time, he said, "is a piece of extravagance which is inexcusable. It seems to be the old policy of building unnecessary railway lines. I call it an extravagant waste of money in the construction of a line that is not required at this time. The excuse given is that it is needed to get out aeroplane spruce. I do not suppose my remarks will please the Government at all, but that is exactly what I think about it."

His Lordship had nothing further to say regarding his visit to Victoria. The party starts on the return trip to-night. While His Lordship and the other directors are merely on an inspection trip, one of the party, Dr. Alan Banes, a physician and well-known horticulturalist, is gathering material about the fruits and flowers of British Columbia for a book he is preparing on horticulture.

**Serbian Prisoners Sold as Slaves To Central Powers**  
Paris, Sept. 19.—The Serbian Government is in possession of documents proving beyond possible question that thousands of Serbian prisoners have been sold as slaves for a specified period to Turkey by Bulgaria, Austria-Hungary and Germany, according to a Balkan Agency dispatch from Corfu. The prisoners, it is stated, were delivered to contractors who are engaged in work in Asia Minor and Anatolia. It is said that they were subjected to terrible treatment, and that thousands have died from typhus, cholera and hunger.

#### HAIG'S SLEDGE-HAMMER BLOWS ARE FORCING GERMANS BEYOND THE FAMOUS HINDENBURG LINE

**GUIDES VICTORIOUS BRITISH ARMIES; FIELD-MARSHAL HAIG**

**Australians Assisting in Great Drive to Encircle St. Quentin; More Than 8,000 Prisoners and Forty Guns Captured in Cambrai Sector**

London, Sept. 19.—The British last night made further progress in their drive into the Hindenburg line in the St. Quentin region, aimed at the encirclement of that town, according to Field-Marshal Haig's official statement to-day. In a continued advance north of Pont-Muet they reached the outpost positions of the Hindenburg line. The Australians renewed their attacks and carried the Hindenburg outposts. Many prisoners and a number of machine guns were taken by them.

The town of Lempire was captured, as was Gauche wood. (Lempire is four miles directly west of Le Catelet.)

The Germans late yesterday started a heavy bombardment on the northern part of the battlefield, southwest of Cambrai between Gouzeaucourt and the Arras-Cambrai road. The fire was of extreme intensity.

**ORGANIZED PILLAGE BY GERMAN TROOPS**

Deliberate Vandalism Proven by Captured Official Documents

With the French Army in France, Sept. 19.—Efforts to organize pillaging by the German army and the transportation of loot appear from official documents and verified incidents to have been much more effective than the work of carrying out the removal of legitimate war booty during this summer's operations.

The sacking of private houses and public buildings throughout the regions from which the Germans have been driven has been done with characteristic German thoroughness by specially detailed squads. Advancing French armies, however, have found intact on the plateau in the region of Soissons and elsewhere important dumps of munitions which the French had been obliged to abandon in their retreat last spring.

**Official Statement.**  
London, Sept. 19.—The statement reads: "Yesterday afternoon a very violent bombardment from a large number of guns was opened by the enemy on the northern portion of the battlefield between Gouzeaucourt and the Arras-Cambrai road. Telephone communication with the division in the line was rapidly cut by the intensity of the hostile fire."

"At five o'clock in the evening German infantry attacked in strong force on a wide front from the north of Trescault northward. At all points they were completely repulsed with great loss by troops of the guards of 3rd and 37th Divisions. Another strong attack developed shortly afterwards north of Moeuvres, which was also repulsed with heavy German losses. At certain localities bodies of the enemy succeeded in reaching and entering our trenches, where they were overwhelmed by counter-attacks."

"In all such localities our line has been re-established and intact. Many prisoners have been taken by our troops and great numbers of German dead are lying before our positions on the whole front of the enemy attack."

**South of Gouzeaucourt.**  
"South of Gouzeaucourt the operations of the Third and Fourth British Armies continued successfully yesterday afternoon and last night. English troops progressed north of Pontreux, reaching the outpost positions of the Hindenburg Line in this sector. On the left the 4th Australian Division renewed the attack at 11 o'clock at night and carried the outpost positions of the Hindenburg Line after heavy fighting. Many prisoners and a number of machine guns were taken in this successful operation."

"This division and the 1st Australian Division now hold the outpost positions of the Hindenburg Line on the whole of their respective fronts. Further north severe fighting has taken place east of Ronsoy and Ephey. We have gained possession of Lempire and beaten off determined hostile attacks."

"In the Villers-Guislain section the division which in yesterday's advance took several hundred prisoners, recaptured Gauche wood, which the enemy had regained by a counter-attack. Late in the afternoon it repulsed with heavy losses a strong counter-attack launched by the enemy from Villers-Guislain. At Gauche wood repeated attacks delivered by the enemy in the afternoon and evening were repulsed."

"By a successful local operation carried out yesterday morning we improved our positions south and east of Flogsteert (Flanders) and captured a number of prisoners."

**Coalition Bait Offered to German Social-Democrats**

Amsterdam, Sept. 19.—German Social-Democrats say the Tagblatt of Berlin, while not actually refusing to join in a Coalition Government, the formation of which has been suggested, would join only under certain conditions and with certain guarantees. This article printed by the newspaper quotes statements made in parliamentary circles to this effect.

PREPARING TO MEET FLOW OF IMMIGRATION

Hon. J. A. Calder to Confer With Provincial Governments on Vital Problems
Winnipeg, Sept. 19.—Hon. J. A. Calder, Minister of Immigration and Colonization, arrived last night, and will spend a few weeks in the West. He leaves here to-night for Regina. "The main purpose of my visit," said Mr. Calder, "is to hold conferences with all the western Provincial Governments regarding the problems of immigration, land settlement and soldier settlement. Similar conferences will be held with the eastern Provincial Governments."

JUDGMENT RESPECTING ST. LAWRENCE DAM MATTER FOR CABINET

Ottawa, Sept. 19.—Ways and means of meeting the situation created by the judgment of the International Waterways Commission respecting the Long Sault dam of the St. Lawrence, are now under consideration by the Government. The attitude of the Government will be defined, it is expected, in a statement to be issued soon. "Meanwhile there is hardly any question that difficulties arising are regarded in official circles as serious. The rights conferred on the St. Lawrence River Power Company by the judgment, it is said here, throws the burden of maintaining navigation in Canada. Development of power on the Canadian side and the maintenance of navigation could be effected, it is claimed, only at great expense. It is understood that the whole situation is to be taken up by the Cabinet without delay. Excellent display of events of yesterday in pictures. Young's studio, Union Bank entrance.

DOMINION PREMIER'S RIGHTS ARE DEFINED

British Secretary for the Colonies Explains Arrangement
Ottawa, Sept. 19.—The following has been received from the Secretary of State for the Colonies, and at his request has been given out by the Director of Public Information: "Considerable misapprehension exists with regard to the nature of the arrangement recently concluded whereby the Prime Ministers of the Dominions have been given the right of direct communication with the Prime Minister of the United Kingdom on certain matters, and it therefore seems desirable to state the exact nature of this arrangement. After preliminary discussion in the recent Imperial War Conference, the subject was considered by the Imperial War Cabinet, whereon July 30 the following resolutions were passed: "1. The Prime Ministers of the Dominions as members of the Imperial War Cabinet have the right of direct communication with the Prime Minister of the United Kingdom and vice versa. "2. Such communications should be confined to questions of Cabinet importance. The Prime Ministers themselves are the judges of such questions. "3. Telegraphic communication between the Prime Ministers should as a rule be conducted through the Colonial Office, but this will not exclude the adoption of more direct means of communication in exceptional cases. "4. In order to secure continuity in the work of the Imperial War Cabinet and a permanent means of consultation during the war on the more important questions of common interest, the Prime Minister of each Dominion has the right to nominate a Cabinet Minister either as a resident or visitor in London to represent him at meetings of the Imperial War Cabinet to be held regularly between parliamentary sessions. It has recently been stated in the overseas press that there was dissatisfaction with Colonial administration, and this was chiefly why this question was raised. The discussion at the Imperial Conference will shortly be published in a blue book and that it will then be seen that this statement is contrary to fact, and that the assumption that the attitude of the Dominions in this respect was inspired by distrust of the Colonial Office was expressly repudiated by the Dominion representatives."

GERMANY'S HIRELINGS BETRAYED ROUMANIA

Paid Agents Converted Country Into Hotbed of Treason
Washington, Sept. 19.—The betrayal of Rumania and elaborate advance plans of Germany and her Russian Bolshevik tools for suppressing and murdering loyal Rumanians, Russians and Poles, are exposed in the latest chapter of the astounding Russian secret documents which the American Government is giving to the public. "Other installments of the series have disclosed how the Bolshevik leaders Lenin and Trotsky and their associates were bought by the Germans for millions in gold and engineered their bloody overthrow of Russia for the benefit of their masters. Now the story is told of how, while the Brest-Litovsk peace conference was still in progress, the Bolsheviks were sending hired agents into Rumania to disorganize the armies of Russia's ally, dethrone the Rumanian King and turn loose the German armies occupied there for service in a great offensive on the Western front. "Second Phase. "The second phase of the latest disclosure shows the Bolsheviks at German direction undertaking not only to kill refractory Russian generals, but to shoot, individually and wholesale, Polish sailors who were refusing to be sold to the Germans and patriotically keeping the field against their enemies. One of the documents transmits orders from the German intelligence service to the "most despicable measures" to shooting en masse against Polish troops, and to institute surveillance of institutions and persons, including the Roman Catholic Polish clergy. "Explanatory notes by Edgar Slason, who obtained the documents, add many details lacking in the papers themselves, including a story of how the Rumanian Minister barely escaped assassination after being arrested by the Bolsheviks and released through the efforts of Ambassador Francis and other diplomats."

MYSTERY SURROUNDS TRAGEDY AT FERNIE

William Allen Discovered With Bullet Hole Through Head
Ferne, B. C., Sept. 19.—The town was startled this evening by a report phoned to the police station stating that a suicide had taken place in the cottage occupied by John Locke on Upper Victoria Avenue. Just off the business district. Upon the arrival of Chief Welsh he found the lifeless body of William Allen, a violinist, who has been leader of the Orpheum orchestra for several years. The body was found with a bullet hole through the head hanging across a chair in which he had evidently been sitting; his head hanging down upon the left side, his right arm hanging down on the right side and a thirty-eight revolver lying near his hand on the floor. "Mrs. Locke, who has been taking lessons from Allen, was seen running from the house a little before 8 o'clock and running wildly up street towards the park. Mrs. Jenn King, who lives just across the street from the Locke cottage, heard the screams and at once phoned the police. "Mrs. Locke was found in the park in a distracted mental condition, and was taken to the Waldorf Hotel by the police. "Mr. Locke, who had been out on a fishing trip, returned to the house while his wife was running wildly through the park and was horrified at the gruesome sight which met his gaze on returning to his home. The body of Allen was removed to the morgue by Constable Clarkson. Locke and his wife are being held under surveillance by the police."

VICTORY BONDS WILL NOT BE TAXABLE

Proposal Regarded by Finance Department as Impracticable
Ottawa, Sept. 19.—The suggestion which has been put forward and given wide publicity that an unlimited taxable five and a half per cent issue of Victory Bonds should be put out for the purpose of raising the funds required for the Government during the coming year, and for refunding at a premium certain outstanding war loans, amounting to many hundreds of millions of dollars, is regarded by the Finance Department as quite impracticable. "It would, in the opinion of the Minister, inevitably fail to raise the immense sum of money which will be required for the prosecution of the war and the establishment of further Imperial credits for the purchase of wheat, foodstuffs and munitions in Canada. Assuming its success as possible it would create a vast body of securities which would speedily go upon our narrow markets to a heavy discount, causing dissatisfaction among subscribers, and necessitating the payment of a much higher interest rate upon succeeding issues. "The exemption from taxation has always been a most important factor in enabling the Government to float its war loans for the amounts necessary for war finance and at lower rates of interest yield than they would otherwise have been obliged to pay. The volume of loans has much to do with price and other terms of issue. The larger the loans, the greater must be the attraction of the securities if the market value is to be maintained and the way paved for further successful issues. The Government has to deal with conditions, not with theories, it is explained. "LOVE'S RUSE. "Jack—(about to go)—"Hallo! It's raining." "Betty—Take father's umbrella, then he'll be glad to have you call again."—Titi-Bits.

SYNOD MAY ELECT WAR COMMISSION
To Deal With Problems Arising Out of War and Affecting Church
Toronto, Sept. 19.—The appointment of a War Commission composed partly of members of the Synod and partly from Clergy and Church people from all over the Dominion is probable, as the result of a resolution adopted yesterday at the session of the General Synod of the Church of England in Canada. The Commission will deal with all problems arising out of the war and affecting the Church. A motion, introduced by the Commission appointed yesterday was to the effect that another Commission be formed to discuss the whole matter with the House of Bishops. It was approved unanimously. "When the revision of the prayer book was taken up by the synod in joint session, Right Rev. David Williams, Bishop of Huron, moved the adoption of the rubric that the creed of St. Athanasius be read on Trinity Sunday. He referred to the wide divergence of opinion among members of the Anglican faith regarding the creed and stated that the revision committee in recommending this reading of the statement of faith once a year had endeavored to please all sections of the Church. "There was a large element opposed to the recitation of the creed at any time, he said, and a large number, possibly a larger one, held the opinion that the creed should not be eliminated entirely from the services of the Church. "It was the only creed with a positive statement of the Trinitarian faith and he hoped that those who objected to the language used would restrain themselves and try to act charitably. "Remember that in the creeds it is not the individual that speaks," he said. "The statements are such that no individual might be justified in making, but they are the statements of the Lord Jesus and as such the Church as the body of Christ, must state. "The retention of this creed on Trinity Sunday should be exceedingly appropriate and I hope will not be turned down by the Synod." Archbishop Paterson-Smythe declared that the creed should be left in the prayer book as a creed of the Church without any rubric directing its use. "Strongly Opposed. "Rev. Dr. Cayley, Toronto, strongly opposed the retention of the anathema or anathemas of the Athanasian Creed but he did not want the other clauses containing the masterly exposition of the Trinity expurgated completely. "He urged the Synod to adopt the creed without any of the minority clauses and moved a resolution striking out verses 1, 2, 28, 29, 41 and 42. Bishop Bidwell, of Ontario, asked how this could be done in face of article 8 which provides that the Athanasian creed "ought thoroughly to be received and believed." "Professor Abbott Smith, Montreal, declared that the proposition of Dr. Cayley was impossible, while Bishop Doull of Kootenay, appealed for the withdrawal of the resolution. "The request to eliminate verse 29 which reads: "Furthermore, it is necessary to eternal salvation that he also believed faithfully the incarnation of our Lord Jesus Christ," he said was an insult to the Church.

U. S. BILL BANNING IMPORTATION OF WINES BRINGS FRENCH PROTEST
Washington, Sept. 19.—France in a communication transmitted by Ambassador Jusserand through the State Department to-day to the Senate Foreign Relations Committee, joined Italy, Spain and Portugal in protesting against the retention in the war prohibition bill to forbid the importation of wines.

A GREAT VICTORY.

The capture of the Sokol ridge in Macedonia by the Serbian and French troops has been expanded into a great victory. The Bulgars and Teutons are in full retreat on a twenty-five mile front between Monastir and the Vardar...

It was unnecessary for the Serbian communication to say that the Allies were pursuing the flying enemy night and day; the Serbs are fighting among their beloved mountains, for the liberation of their homeland...

According to to-day's bulletin the Allies have taken points east of Prilep, about thirty miles northeast of Monastir and on the highway between Monastir and the Vardar River. This puts them near the eastern entrance of the Babuna Pass...

If the Serbs and French be able to maintain their progress the line of advance necessarily must be extended, for the enemy front from Monastir westward through Albania to the Adriatic must shortly be affected. Likewise, the British and Greek forces in the east...

It is along the Vardar, which flows southward through Serbia and Greece into the Aegean at Salonica, that the only railway line in that country runs. It was over that road, it will be remembered, that the Serbs received munitions during their defence against their enemies in 1915.

Far-reaching possibilities affecting the whole war situation in the Near East may lie in the victory in Macedonia. Bulgaria is heartily sick of the war and, obviously, the morale of her army and people have materially deteriorated.

If Bulgaria, through whatever cause, withdrew the vital nexus between the Central Empires and Turkey would be broken, the way opened for an advance by the Allies upon Constantinople...

FREE PORTS.

The United States Tariff Commission has submitted a report recommending the establishment of free ports and its recommendation will furnish strong support to a bill to this effect which already has been introduced in Congress.

The chief advantage of a free port is the part it plays in the stimulation of foreign trade. The

Washington correspondent of The Post-Intelligencer points out that, contrary to an impression which exists in many quarters, this institution does not involve the abolition of customs duties in the particular port concerned. It is merely a barred zone adjacent to a port, where goods may be landed without any customs formalities, stored for indefinite intervals, and re-exported.

A free port, however, gives a place a tremendous advantage over its rivals as a shipping point and if one were established at Victoria this would develop into a trade entrepot of first importance.

EXTRAVAGANCE?

Lord Shaughnessy says the laying of rails on the Canadian Northern from Victoria to Nitinat is a piece of extravagance which at this time is inexcusable. Well, it is a great deal cheaper to the Canadian people, and much more necessary, than the forty per cent. increase in rates allowed the C. P. R. during the last two or three years.

CLOSING ON ST. QUENTIN.

The advance of the British and French on a twenty-five mile front in the region of St. Quentin brings their lines at some points to where they stood before March 21. The British, who are attacking from Gouzeaucourt south to Holnon, the latter place three and a half miles northwest of St. Quentin...

The Germans will fight with all they have to hold St. Quentin, for if it should be lost the Allies would be able to move against Laon from the north in co-operation with an advance by the French against it from the south and southwest.

Foch, however, may not desire to smash the Hindenburg Line now, but his purpose may be mainly to obtain such positions as will enable the Allies to interfere with the German general retirement which is certain to occur when weather conditions are favorable for it.

Obviously, Germany must concentrate very heavily in Lorraine and Alsace as soon as she can, for she would not be stupid enough to dally on the Hindenburg Line while her own territory was menaced, and to reinforce that flank she must shorten her whole front.

A BULL.

How an American naval officer, new to British waters, mistook a meat ship flag for the royal standard forms the subject of a good story told at the Naval Exhibition by Sir Eric Geddes, First Lord of the British Admiralty.

THE OBSTACLE TO PEACE.

You cannot have peace so long as the militarists are predominant in the councils of our chief enemy, said Lloyd George in a recent speech. The predominance is the obstacle not only to an early peace but to the future security of civilization against another universal war.

DEBENY'S ARMY IS WORKING WITH BRITISH

Pressing Enemy Strongly in St. Quentin Sector

With the French Army in Picardy, Sept. 1.—The troops of the French army under General Debeny, who pursued the Germans from the region of Montdidier have successfully resumed their attacks in the region of St. Quentin in conjunction with the British.

In spite of the long pursuit from the Avre to the Somme with almost constant fighting since August 5, Gen. Debeny's men are pressing the enemy with the same vigor with which they began the offensive in Picardy.

The French have advanced close to Dallon, less than two miles from the western outskirts of St. Quentin. Here they are fighting the Germans on the Hindenburg line, and every inch of the ground is being disputed stoutly by the enemy. Apparently the Germans are determined to hold the plateau which lies just west of St. Quentin...

TEUTONS WILL BAIT PEACE HOOKS AGAIN

Premier Hughes Issues Warning to Beware of Insidious Attempts

London, Sept. 19.—"Never was a note more curt or more to the point, not only the cutbacks of St. Quentin from the south and west, as well as the north. Progress under these conditions necessarily is slow, but the Allied lines are none the less surely advancing toward the outskirts of St. Quentin from the south and west, as well as the north.

HAIQ'S SLEDGE-HAMMER BLOWS ARE FORCING GERMAN BEYOND FAMOUS HINDENBURG LINE

Paris, Sept. 19.—The statement reads: "In the region of St. Quentin the French continued their progress and penetrated Contecourt, which the enemy is defending with desperation."

"Along the Vesle front a German attack northeast of Courlandon was broken up by the French artillery fire before the attackers reached the French front line. "We have repulsed several German raiding parties in the Champagne and along the Meuse."

With the British Army in France, Sept. 19.—An assault delivered by the Australians at 11 o'clock last night in the centre of the Villers sector forced the stubbornly resisting enemy to pull back from their advanced line to strongly fortified defences in the rear.

At Contecourt, Paris, Sept. 19.—French troops last night continued their progress in the region of St. Quentin and penetrated the German positions at Contecourt, three miles southwest of St. Quentin.

Investigation Ordered, Washington, Sept. 18.—Investigation of the recent charge of Alien Property Custodian Palmer, that a group of brewers bought a Washington newspaper to further publicity in this country of brewers, was authorized to-day by the Senate.

NEW MUNICIPAL ACT EXPLAINED TO THE DELEGATES

Union of British Columbia Municipalities Wants Additional Sources of Revenue

ATTORNEY-GENERAL HEARD ON NEW ACT

Pentlison, Sept. 19.—The Provincial Government is in favor of the establishment of a Local Government Board for the cities and municipalities of the province. Attorney-General Farris announced at the Wednesday afternoon session of the Union of B. C. Municipalities.

In discussing in a general way the proposed legislation, Attorney-General Farris said that the Government planned to have a public utilities board, and it was quite possible that one organization would perform these functions as well as those of a local government board.

A number of resolutions presented to the convention from municipalities were adopted. One is to the effect that a municipality may own property outside its own limits, with power to erect wharves and floors on foreshore lots.

Use of Penalties. A resolution from New Westminster adopted by the convention urges that all municipalities paying the salary of the police magistrates and maintaining a police force, shall be entitled to keep all fines and penalties, and may also sell liquor seized under the prohibition act.

The Union concurred in Victoria's application that the cost of transporting criminals be borne by the Province, and that the sources of revenue created by the Province but which belonged to the municipalities be placed in the Act among municipal revenues.

Railway Belt Taxation. Attorney-General Farris announced that the Government was considering the question of taxation of the Esquimalt and Nanaimo Railway and also this company's reservation of mineral rights.

The Union adopted a Victoria resolution that interned aliens should be employed in building trunk roads and clearing land for settlement.

EMBARGO ON SHIPMENT OF WHEAT ON CERTAIN LINES NOW CANCELLED

Winnipeg, Sept. 19.—In orders issued last night the Board of Grain Supervisors cancelled the embargo on the shipment of wheat on international subdivisions of the C. P. R., C. N. R., and G. T. P. Railways.

CINCINNATI'S TRIBUTE. The other day Captain Mergis, a British aviator, who had won the Military Cross at the front, was killed in an exhibition flight at Cincinnati.

Specialising in the Restoration of Missing and Useless Teeth

Dr. Gilbert Has Acquired a Large Practice
Noted Citizens of Victoria—leading people from Victoria and communities—large numbers of men from Lumber Camps, Factories, Mines, and Industries, as well as a host of other B. C. people, have been fortunate in securing the specialized service of Dr. Gilbert, in order to save all the worry and bother about their failing teeth.
Dr. Gilbert's service is safe and efficient—the best recommended dental supplies are used and patients are charged fees that are exceptionally modest.
Pay as you can if you find it a burden to pay cash. No interest charged—no higher fees—same high standard of work performed.
Offices open each Mon., Wed. and Frid. evening.
Dr. Gilbert's Dental Parlors
1304 Government Street, Corner Yates.
Vancouver—207 Hastings West.

TWENTY-FIVE YEARS AGO TO-DAY
Victoria Times, September 19, 1918.
The British barque Thermopylae, Capt. J. R. Winchester, cleared for Hong Kong yesterday and sails at 10 o'clock to-day with 600,000 feet of lumber consigned to Sai Gon.
The Empress of China sailed for Yokohama at 3 o'clock this morning, land last night.
The Empress of China sailed for Yokohama at 3 o'clock (this morning). Her cargo, composed of a variety of consignments, amounted to 3,000 tons. She had to refuse 200 tons of flour at Vancouver.

RECORD NUMBER OF CONCERNS FOR WEEK
Victoria Branch of G. W. V. A. Incorporated Under Benevolent Societies Act
In the list of companies incorporated during the week ending at noon to-day is the Great War Veterans' Association, Victoria Branch, incorporated under the Benevolent Societies Act.
This course was determined upon after the regular meeting a month ago when Mr. Gleima explained to the members that the Federal Government had absolutely refused to grant the Dominion organization its charter unless it chose to become incorporated under the Benevolent Societies Act. In view of that decision and to protect the individual members of the local branch the suggestion has been followed out locally.
Other concerns to which the Registrar of Joint Stock Companies has issued certificates of incorporation during the week follow:
Universal Construction Company, Limited, private concern, authorized capital \$250,000; registered office of the company, Victoria.
Victoria Fish & Cold Storage Company, Limited, private, authorized capital \$50,000; registered office of the company, Victoria.
The Otter Logging Company, Limited, private, authorized capital \$10,000; registered office of the company, Victoria.
The Adanac Publishing Company, Limited by Guarantee; registered office of the company, Victoria.
Surrey Oil Company, Limited, non-personal liability, authorized capital \$200,000; registered office of the company, Vancouver.
Crawford Storage & Distributing Company, Limited, private; registered office of the company, Vancouver.
Kaslo Concentration Works, Limited, non-personal liability; authorized capital \$15,000; registered office of the company, Nelson.
Stockwells, Limited, private, authorized capital \$10,000; registered office of the company, Kelowna.
The Cats Mining Company, Limited, non-personal liability; authorized capital \$100,000; registered office of the company, Vancouver.
Hartford Lumber Company, Limited, private, authorized capital \$10,000; registered office of the company, Cranberry Lake.
Globe Motor Company, Limited, private, authorized capital \$10,000; registered office of the company, Vancouver.
Vancouver Co-operative Company, Limited, private, authorized capital \$25,000; registered office of the company, Vancouver.

—Infants', First Floor

**An Extraordinary Offer—Scalloped Edge Madras Muslin at 29c a Yard**

It happened like this. These goods were bought from an Old Country mill eighteen months ago. They were shipped, but unfortunately the vessel was torpedoed and the consignment lost. The manufacturers kindly duplicated the order at the old price we bought at. This is the lot we offer you Friday at 29c a yard. At the rate these goods have advanced in cost since the original order was placed makes these worth at least 50c a yard. However, we shall sell this consignment at the special price mentioned above.

Various designs to choose from and you will prove it worth while securing a few yards.

No phone orders accepted with this offer.

—Drapery, Third Floor

**Buy Your White and Striped Flannelettes Before the Next Advance Goes Into Effect**

In buying your Flannelettes now you will save at least 10c a yard—for that is what future deliveries will advance to. Grades we are selling at 40c a yard cost nearly this at the mills to-day—so you can figure it out what worth while saving it will make to you personally if you buy now at the old price.

**Striped Flannelettes** in various widths and qualities suitable for nightgowns and pyjamas. A splendid range of designs and colorings, priced from as low as a yard, **20¢** to ..... **40¢**

**White Flannelettes** vary in width from 27 inches to 36 inches wide and in the Canadian and English makes. Some of the grades offered cannot be bought at the factory at any price to-day, as they are the very best English qualities. Buy this month and save at least 10c a yard.

—Staples, Main Floor

**Last Two Days of this Special Offer The DESIGNER for One Year 59c**

Don't miss this extraordinary opportunity to secure one of the foremost Fashion Journals at a price less than 5c a month. Place your order right away while you think of it. If you cannot get down to the store, phone 708 and give your name and address, saying you will become a subscriber.

Out-of-town customers will please note that the Designer can be sent to any address in B.C. for 3c a copy extra—36c for the year.

## EXCELLENT PLAY IS SHOWN AT VARIETY

### "Empey," in "Over the Top," Appeals to Every Human Emotion

"Empey's" experience in going "Over the Top" what happens before he gets there—when he is there—and afterward, is told in a film story at the Variety Theatre all this week in a combination of thrilling chapters which in rapid succession searches out almost every emotion that human nature is capable of experiencing. It is a story that one would sit up all night to read in book form, yet the picture tells the story in something like an hour and a half, with a touch of realism added by the accompaniment of a full orchestra. After obtaining an honorable discharge from the American forces, following operations in Mexico, Empey goes overseas and joins the British infantry. He is wounded in France and later, when the United States enters the war, he again fights under the Stars and Stripes. During his short visit to New York before returning to the front with the Americans he stumbles into a regular hotbed of German intrigue. The evil hand of the spy system creeps into every branch of the work which the American people are endeavoring to carry on in preparation for the conflict. Empey comes within a hair's breadth

of discovering the arch conspirator in the very act of perpetrating his last act of barbarism, which included blowing up huge stores of munitions, before escaping in a submarine for Germany. Unknown to Empey the submarine also carried away the girl with whom he was in love, she having been chloroformed and carried aboard by Count Emden, head of the German spy system, who professed a real love for the girl.

The story ends happily, however, for Empey is taken prisoner on the western front and finds himself face to face with Emden in a chateau belonging to a loyal Frenchwoman who has been forced to extend hospitality to the Germans. Emden taunts Empey by ushering him into the banquet hall at which the wedding feast is about to be celebrated, but the toast to the bride is a fatal one, for the faithful old servant of the household has poisoned the "vintage of 1870" in which the Gount had sarcastically ordered the health to be drunk.

A fight between Empey and the Count takes place in which the latter is killed, and Empey and his true love making a thrilling escape in an aeroplane landing safely behind the American lines. The play is one of the best ever shown in Victoria.

## BISURATED MAGNESIA

### For Dyspepsia, Indigestion

Heartburn, Belching, Sour Acid Stomach, "The Stomach" etc.; take a teaspoonful of Bisurated Magnesia in a half glass of hot water after eating. It is safe, pleasant and harmless to use and gives almost instant relief. It neutralizes stomach acidity and sweetens the food contents so that digestion is easy and painless. Sold by druggists everywhere.

## HOME-LIKE SUNDAYS AT LOCAL Y.W.C.A.

### Simple Vesper Services Followed by a Social Hour Each Sabbath

As a phase of its community work, the local branch of the Y.W.C.A. has held a vesper service every Sunday afternoon for some years past. At four-thirty a group of girls assemble to listen to a leader who talks to them in a straight, practical way, and later, to join in the social hour which invariably follows the service.

These services are open to all girls and women, whether resident in the city or strangers here. It lasts for one hour, after which the girls gather round the table, where simple refreshments are served, the secretary in charge presiding. The girls subscribe to the funds for providing the refreshments, which in accordance with their expressed wish are of simplicity in accord with war-time conditions. The whole occasion is strictly informal. Sometimes the one leader will continue in her addresses to the girls for several Sundays, at other times a minister from one of the local churches or a woman leader of the city will speak. This pleasant home-like feature means much to the girl or woman away from home, and perhaps without friends in the city, and is but another instance of the valuable work undertaken by the Y.

### CONVENIENCE.

"You have placed all the large berries on top."  
Fruit Pedler—"Yes, lady. That saves you the trouble of hunting through the box for 'em."—Boston Transcript.

# IN WOMAN'S DOMAIN

## Social Personal

Major R. J. Burde, M.C., is registered at the Empress Hotel.

A. H. B. Macgowan, ex-M.P.P., is registered at the Empress Hotel.

Mrs. Kemp, of Victoria, who is visiting in Vancouver, was among the guests at a fancy dress dance given at "The Clachan," Dunderave, West Vancouver recently.

Mrs. (Dr.) J. C. Parish, of Vancouver, is visiting in the city for a few days and was among the Mainland guests at the bridge tea at Government House yesterday afternoon.

Mr. and Mrs. W. Wood, of the Kootenay, who have been visiting their nephew, Gordon, and Mrs. Wood, Meadow Place, since Saturday last, left on this afternoon's boat for Seattle.

Victorians registered in London at the end of August included Capt. and Mrs. A. C. Johnson, Lieut. B. S. Hughes, R. N. V. R.; C. W. Holden, R. A. F.; I. M. Gillespie; Joseph Robinson, of Esquimalt, and J. J. Mann.

Mrs. B. Gonnason, 2619 Quadra St. will give a "silver tea" to-morrow afternoon in aid of the funds of the North Ward Red Cross. It is anticipated that there will be a large turnout of the friends of the Branch and that a substantial sum will be realized.

From the recent issue of "Canada," Mr. and Mrs. Fred Ryan, of Sackville, N. B., announce the engagement of their daughter, Katherine Sybil, to Capt. Herbert D. Brydson-Jack, son of Dr. and Mrs. Brydson-Jack, Shaughnessy Heights, Vancouver. The marriage is to take place in London, England.

The Military Secretary of Y. M. C. A. takes this opportunity to make grateful acknowledgement for the men at Willows Camp, of the gift of a quantity of delicious peaches just received from Miss Cridge, of 238 Government Street, on behalf of the Bishop Cridge Chapter I. O. D. E. The peaches will be distributed as a seasonal treat among the members.

The recent issue of "Canada" contains an interesting photograph of the House and nursing staff at Kingswood Park Hospital for Geriatrics, Tunbridge Wells, England. Included in the picture are the Misses Laura and Betty Jukes and Miss Babs Macpherson, of Vancouver, and Miss Dorothy Kemball of Kaslo. B. C. Miss Kemball is the sister of Mrs. (Major) Jukes, of Victoria.

Passengers on the S. S. Venture, arriving from Prince Rupert, have brought news of Mrs. Boyd and Mrs. Pauline, who were the victims of a murderous attack at their store by an Indian some days ago. The two women are now in the hospital at the northern port, Mrs. Pauline is sister-in-law of F. A. Pauline, M. P. for Saanich.

The Women's Auxiliary of the Comrades of the Great War have planned to hold a silver tea at the rooms at the corner of Yates and Government Streets to-morrow afternoon from 2:30 until 5:30, in aid of the Comrades funds. Several novel attractions have been arranged and tea will be served. The organizers hope that all friends of the returned men will avail themselves of the opportunity of seeing the recently-furnished rooms and of helping the good work along.

The first woman to speak before the American Institute of Banking is Mrs. Evelyn Aldrich, of the American International Corporation of New York, who appeared before the annual convention of the association at Denver, Col., yesterday. Mrs. Aldrich spoke on "The Woman in the Bank." She asserted the attitude of men bank employees discouraged the woman, who felt that they were in the banks only on sufferance.

Everything is in readiness for the dance to be held at the Empress Hotel to-night under the auspices of the Unit Chapter, I. O. D. E., and the event promises to be one of the jolliest of the season. The Comrades desire to raise funds for the continuation of their work among the soldier-convolescents, the members of the chapter have exerted every effort in the preparations for the dance and the big demand for tickets indicates that there will be a large attendance. Professor Lou Turner's orchestra will furnish the music.

Joining forces in an entertainment held in the "Y" hut, the men in training at the Willows camp on Tuesday evening enjoyed a well varied programme of musical and educational items, contributed by soldiers and visitors who kindly offered their services. Bagpipes and Scottish dances were featured of the concert that were enthusiastically received, and Miss Agnes Wallace, claimed to be the champion piper of the West Coast, was encored repeatedly for her clever playing on the Scots' national instrument. Miss

September's Birthstone—the Sapphire. Its meaning—Wisdom.

"Practice economy and add patriotism to it."—Canada Food Board.

## Fountain Pen

To Suit Your Hand—The CONKLIN PEN is made in a diversity of points and styles. It is a GOGGI fountain pen through and through.

It neither scratches nor blots. It has an EVEN FLOW of ink which starts the MOMENT THE POINT TOUCHES PAPER.

Leaking is the fault with many pens, but with the Conklin—NEVER.

Prices From \$3.00

## Trench Pen

Essentially the soldier and sailor's pen. No bottle of ink to carry, just one of these pens which furnish good quality ink when dissolved in water. Each \$3.00.

## Mitchell & Duncan

JEWELLERS  
Central Bldg., View and Broad Sts.  
C. F. E. and B. C. Electric Watch Inspectors.

McGimpsey and Miss Knapton, proved themselves to be experts in the difficult Scottish dances and particularly applauded was their exhibition of Highland dancing. Miss Wallace contributing pipe music for the dancing. Songs and duets were rendered by Mrs. Hunt and the Misses Hunt, Pte. Scott, of the Canadian Siberian Expeditionary Force, and Tom Dooley also contributed songs with Pte. Smith, of the Siberian Force at the piano. A sketch entitled "The Dream" was presented by Miss Rita Hunt, Pte. Scott, Pte. A. J. W. Smith, C. A. M. C., Sgt. Soutar, C. A. M. C. and Pte. Harrison, C. A. M. C., and Q. M. S. Fisher was responsible for the artistic scenic efforts.

The Metropolitan Young People's Society reopened for the fall and winter season on Monday evening, when a very enjoyable time was spent by all present. Capt. Martin, chaplain of the forces at the Willows camp, gave a very interesting address, his subject being "Keep the Home Fires Burning." The party of which a very hearty vote of thanks was extended to the speaker. During the evening solos were rendered by Mrs. Wilderspin and Mr. Thomas. The latter part of the evening was spent in social intercourse.

St. Paul's Naval and Military Church, Esquimalt, was the scene of a very happy wedding on Wednesday afternoon when Myrtle Rose, daughter of Mr. and Mrs. Arthur Denyer, of 414 Bay Street, became the bride of Charles Francis, instructor at the Royal Naval College. The bride, who wore a smart travelling suit of brown with beaver hat to match, was given in marriage by her mother, in the unavoidable absence of her father, who is Chief Petty Officer on H. M. S. Niobe at Halifax, N. S. Mrs. B. J. Blight attended the bride as matron of honor, while Mr. Blight, of the staff of the Naval College, supported the groom. After the ceremony the bridal party returned to the home of the bride's mother, where supper was daintily served. The many beautiful presents testified to the popularity of the young couple, among the gifts being an elegant electric table lamp from the officers and staff of the Royal Naval College. The groom's present to the bride was a cheque, to the matron of honor an emerald ring, to the best man a pair of gold links, while to the bride's mother he presented a handsome fur. Mr. and Mrs. Francis left on the midnight boat for Vancouver, where the honeymoon will be spent.

## AU RESERVOIR!

"Just read this, mother," said the girl who had just received a letter from her sweetheart in France. "I'm through with John for life."  
"It's a nice letter," remarked the mother after reading it.  
"Nice!" echoed the girl. "Why doesn't he say that he was out with a British tank the other night and rolled all over the place. And he told me he didn't drink!"—Pittsburg Chronicle-Telegraph.

Brevity may be the soul of wit, but just the same it doesn't tickle a man when he finds himself short.

## MANY AT BRIDGE TEA AT GOVERNMENT HOUSE

### Delightful Social Function Under Auspices of Women's Canadian Club

Yesterday afternoon at Government House the Women's Canadian Club held a bridge tea, and as is the case with all the social functions arranged under such happy auspices, the affair proved successful from every standpoint. Masses of flowers from the beautiful gardens graced the hall and reception rooms. In the hall where Mrs. Andrews presided at the receipt of guests, huge bouquets of white, pink, chelidonia daisies and bronze coreopsis greeted the eye, while the drawing room, where Lady Barnard received the guests, presented a delightful appearance with its profusion of mauve Michaelmas daisies and pink roses, artistically massed together, while bouquets of roses gave their sweetness to the air.

The card tables were arranged in the ballroom, sixteen tables being occupied by bridge and five hundred players. Mrs. B. S. Heisterman having charge of this feature. In the alcove formed by the windows autumn blossoms and ferns were arranged with charming effect, forming a pleasing foreground for the magnificent view to be obtained from this point of vantage.

A delicious war-time tea, of which the tea and coffee were contributed by Lady Barnard while the cakes, etc. were supplied by the members of the Club, and served in the dining room, the table being gaily adorned with bronze-chrysanthemums. The tea arrangements were in the hands of Mrs. John Cochrane and Mrs. R. H. Taylor and the following assisted in serving the guests: Mrs. Grant Lawrence and the Misses Cochrane, Belle Hastie, Margaret Sanson, Kitty Fraser, Conyers, Bertha Hartman and McPhillips. Play was resumed after the interval for tea, and ceased at six o'clock, shortly after which it was announced that Mrs. Harold Eberts and Mrs. Herchner had secured the first and second prizes respectively for bridge, and Mrs. Walsh the first for five hundred. Lady Barnard presented the prizes which had been donated by Mrs. Charles Todd, Mrs. James Forman and Mrs. W. A. Gaillier.

Much pleasure was added to the occasion by the delightful singing of Mrs. Macdonald Fabey, who contributed a number of solos including "The Birthday Song," "By the Waters of Minnetonka," "The Kerry Dance," "An Open Secret," "Cuckoo" and "The Years at the Spring." Mrs. A. J. Gibson playing the accompaniment with the sympathetic artistry which has gained her so wide a reputation as a pianist.

About 150 was cleared by the function and will be added to the Club funds. During the afternoon Mrs. F. A. McDiarmid on behalf of the Women's Canadian Club expressed her thanks to Lady Barnard for her kindness in placing Government House at the disposal of the Club for the occasion.

## The WEATHER

Daily Bulletin, Furnished by the Victoria Meteorological Department.

Victoria, B. C., Sept. 19—5 a.m.—The barometer is low over the interior and is rising on the Coast. Heavy rains have occurred on the Northern Coast and fair weather extends southward to California. Frosts are reported in Saskatchewan and Manitoba. Reports: Victoria—Barometer, 29.88; temperature,

## The Farmerettes

Whether from city or country find themselves living under an unusual strain. The unusual work necessitates the use of different muscles and this development demands a good supply of pure, rich blood.

Because it goes directly to the formation of new blood, Dr. Chase's Nerve Food is of the greatest assistance in building up new cells and tissues and strengthening the muscles.

## JOHNSON APPEAL IS DISMISSED BY COURT

Heavily Fined for Furious Driving; F. R. Stewart & Company Wins Appeal

The appeal in the case of Rex vs. Johnson was dismissed by Judge Lampman in the County Court this morning. The appeal was taken from the conviction of Johnson in the City Police Court on the charge of driving a motor car at an excessive rate of speed along Burnside Road, when accused was fined the extreme limit allowed under the statute, namely, \$300 and costs. H. B. Robertson appeared for the prosecution and J. A. Aikman for the appellant.

The car driven by Johnson belonged to Sutra Bancroft, and contained a number of men and women who were thrown into the road when it skidded and turned turtle. Judge Lampman concluded that the evidence was conclusive as to the excessive speed, and ruled that Magistrate Jay's decision should be upheld.

### Won Two Appeals.

Two other appeals heard in the County Court by Judge Lampman resulted in Magistrate Jay's decisions being reversed. In the case of Rex vs.

F. R. Stewart & Company, convicted in the court below on the charge of having wasted a quantity of onions, and in which case a fine of \$100 was imposed, Judge Lampman allowed the appeal made by the Company. The onions were thrown into the harbor, but His Honor held that it was not proved that they had been wilfully wasted and that the action taken was the only recourse under the circumstances. R. C. Lowe appeared for the company, and C. L. Harrison for the prosecution.

Mr. Lowe, solicitor for the defendant in the case of Rex vs. Sing, an appeal taken to the County Court from the decision of Magistrate Jay, who assessed Sing the sum of \$50 for having liquor in other than a private dwelling place, also won his case, which was heard by Judge Lampman. The evidence showed that Sing and his relatives were the only people inhabiting the quarters where the liquor was seized and Judge Lampman held that it was a dwelling house within the meaning of the Act.

**Victoria Weather Report.**—Sixty-four hours of sunshine fell to Victoria's lot during the week ending September 17, while the highest temperature was 79 on September 12, lowest, 48 on September 11. The long period of drought throughout the province was broken at Prince Rupert and Atlin, where rain fell during the past week.

**W. C. T. U. Activities.**—The women of the Central W. C. T. U. started out on their winter campaign with a meeting convened at the Y. W. C. A. recently, when the members decided to hold a rummage sale on Douglas Street on September 26, from 3 to 4 p. m. In November all the W. C. T. U. Unions of the city will co-operate in the holding of a monster bazaar.

## NANAIMO PIONEER DIES; TO BE BURIED HERE

Late Caleb Rand Masters Was Well-Known Throughout Vancouver Island

Well-known throughout Vancouver Island, and a highly-respected resident of Nanaimo for the past twenty-three years, Caleb Rand Masters passed away at that city on Wednesday at the age of fifty-five years.

Mr. Masters had been ailing for four years, during which time he visited a number of specialists in the Eastern States in the hope of recovering his health, but while temporary relief was secured his condition gradually became worse, until death afforded a happy relief to his years of pain and suffering.

A native of Kentville, Nova Scotia, Mr. Masters had been in business in Nanaimo the past twenty-three years. Besides his widow, he is survived by one son, Albert, a step-son, Gus Harder, three brothers, two in Kentville and one in Boston, and four sisters, two residing in Kentville and two in Boston. A cousin, Mrs. Sutherland, residing in Victoria, also survives him. The remains will be brought to Vic-

toria for interment at Ross Bay Cemetery. The funeral will be held from the Thomson Funeral Chapel at 2 o'clock on Friday afternoon. The family have requested that no flowers should be sent.

**Authoress to Speak Here.**—Mrs. Elizabeth Grace Saitoun, an eminent Bible teacher and authoress, who has lately come to Victoria to reside, will give a lecture on "The Jewish Tabernacle" in the First Presbyterian Church on Tuesday evening next, under the auspices of the Women's Missionary Society. In her lecture, Mrs. Saitoun will use a series of twenty-five large colored charts which were especially prepared by her late husband's father. A world-wide traveller Mrs. Saitoun has written what is declared to be the best modern work on Jerusalem.

**Ward VII. Cottage Gardeners.**—The presentation of the prizes won at the recent exhibition of the Ward VII. Cottage Gardeners' Horticultural Association was made at the Presbyterian Church, Tillamook Road, yesterday in the presence of a large audience by Trustee George McGregor, with Major Hibben acting as Chairman. In recognition of the services of the capable secretary, Mrs. Huddleston, who was largely responsible for the success which attended the first show, a presentation was made to her of a writing cabinet. The prizes awarded by the Government for the best cultivated garden in the Ward were also distributed. A musical programme which followed was contributed to by Miss Fox, Miss Casey, Miss Butterfield, Mrs. Wootton and Mr. Folds. Sergt. T. Gibson gave an exhibition of club-swinging.

## PLAN ASSISTANCE IN ERECTION OF SOLDIERS' HOMES

Union of British Columbia Municipalities Debates Subject

NECESSITY URGED FOR ACTION AT ONCE

Pentiction, Sept. 19.—The Union of B. C. Municipalities proposes to urge upon the Federal and Provincial Governments a plan for assistance in the erection of soldiers' homes.

Mr. M. J. Crehan and N. J. Ladner presented a resolution to the convention this morning advocating that British Columbia and the Dominion co-operate in spending at least one million dollars in building homes for soldiers, sailors and dependents in Greater Vancouver, on Dominion, Provincial or Civic tax lands. The speakers referred to the rising cost of living, and the high rents, as reasons for the proposed assistance. They proposed that four or five-room bungalows be constructed on public land to be rented to soldiers, or sold on easy terms, thus permitting them to get homes for themselves in desirable localities. Mr. Ladner said Vancouver rents had gone up 130 per cent. He declared that British Columbia had not yet taken any important step for the soldiers, although the war was four years old. He aroused enthusiasm when he quoted a statement from Le Matin of Paris that General Foch's favorite fighting men were Canadians. He often used them as the spearhead in his drives.

Councillor Honiel, of North Vancouver, suggested that the Government should give the money to the soldiers so that the latter could build homes on their own property.

Commissioner Gillespie, of South Vancouver, stated that the Provincial Government had asked him for a map of South Vancouver's \$152,000 worth of tax sale lands, with a view of giving this land to soldiers and their dependents, providing the Dominion Government helped with the building of homes. Messrs. Ladner, Crehan, Gillespie and Honiel were appointed a committee to draft a new resolution.

Dr. MacLean Speaks.  
Last evening's session was devoted

principally to the study of the tuberculosis problem, Hon. J. D. MacLean, Provincial Secretary, giving a most instructive paper on the prevalence of the disease in British Columbia, and the measures necessary to combat it. Dr. Vrooman made an appeal to the municipalities for generous treatment for the Tranquille sanatorium. Dr. Vrooman's contention is that the sanatorium is handicapped in preventive work by being overcrowded with cases which have passed to the incurable class, and that either other provision should be made for these cases or that the facilities of the institution should be greatly extended. As things are, cases that might be cured if brought to Tranquille in time can not be furnished with accommodation because so much space is taken up by the incurables.

## ONLY TWO MINISTERS NOW IN THE CAPITAL

Messrs. Hart and Pattullo on Duty at Parliament Buildings To-day

The Hon. John Hart, Minister of Finance, and the Hon. T. D. Pattullo, Minister of Lands, are the only two ministers on duty at the Parliament Buildings this morning.

Premier Oliver crossed to the Mainland on last night's boat to fulfil his engagement to open the annual Fall Fair at Mission City this morning.

The Hon. E. D. Barrow, Minister of Agriculture, is also on the Mainland, and will return in time to open the Duncan Fall Fair on Thursday next.

The Hon. William Sloan, Minister of Mines, is at present in Vancouver in an endeavor to discover a way over the impasse which is holding the miners on strike in the Crow's Nest section. Mr. Sloan was also discussed take up with Lord Shaughnessy in Vancouver this morning the matter of dual control in the Esquimalt and Nanaimo Railway belt.

The Hon. J. W. deR. Farris, Attorney-General, and the Hon. J. D. MacLean, Minister of Education, and Provincial Secretary, are both in attendance at the annual convention of the Union of British Columbia Municipalities at Pentiction.

The Hon. J. H. King, Minister of Public Works, is in Winnipeg, whither he went last week on official business connected with his department.

**Returned Soldiers.**—The following returned soldiers arrived on the afternoon boat to-day: Ptes. A. B. Cox, H. King, L. Macintosh, C. Houghton and G. R. Dudley.

## ROTARIANS DISCUSS COMMUNITY SERVICE

War Veterans Welcomed to Meeting; Member Received Congratulations

"Community service" was the subject under discussion at the Rotarian Luncheon at the Empress Hotel this afternoon, and a talk on "Classification," by Percy Abell, a subject touching the organization and internal workings of Rotary Clubs was also listened to with interest. Mr. Abell's speech was, however, a subject not of general interest except to members of the club.

Before the addresses were commenced, the Chairman, J. D. O'Connell, extended a hearty welcome to Lieut. G. P. Heineke, Secretary, and T. Webb, Vice-President, representing the Great War Veterans' Association who were at the meeting as representatives of their organization for the first time, with the object of joining hands with the Rotarians in their aims.

Cigars were passed around by the proud father-in-law in celebration of the arrival of Peter Schmeckel, Jr., and the Rotarian parent was the recipient of hearty congratulations from his fellow members.

**Its Place in Society.**  
E. J. Down, in opening his address, referred to an address made by the President of the Salt Lake Rotary Club on the same subject at the International Convention of Rotary Clubs, and remarked that despite the importance of community service, he agreed with the Salt Lake Rotarian that in these times community service must take a second place to international service, and their aims at present should be along the lines of bringing the war to a final and satisfactory conclusion. "Rotary Clubs," he continued, "while they have reached the stage where they can bring about improvements on their own initiative for the general benefit of the community, must be prepared to co-operate with other organizations with this object in view." "In a measure they were doing this in their work of vocational training in the schools; and they could develop it in many other directions. Speaking of the vocational training of school children, Mr. Down pleaded for the inculcation of national ideals into the minds of the children and especially so at a time like the present. He also suggested a change in the motto of the Rotarians to read "To Serve." The thousands of men that had left Canada to fight for the Empire were all actuated with the true Rotarian spirit.

The activities of the Victoria Rotary Club in civic matters was also dealt with by the speaker, who registered an objection that the Rotarians had not been given more public recognition. "The work the club has done as a club, and the members as individuals has more than justified the club's existence," he claimed, "and placed them on as sound and important a footing as any organization in existence. He thought, therefore that the executives of the club had not received that recognition in civic matters they should receive, and had not been invited to render aid on matters affecting the general welfare of the city to the fullest extent.

**OBITUARY RECORD**  
Amid every token of the esteem of a wide circle of friends, the remains of the late Mrs. Rose Aaronson were laid to rest in the Jewish cemetery yesterday afternoon. Services at the residence, 1308 Stanley Avenue and at the graveside were conducted by Rev. Dr. Friedlander. The pallbearers were J. Burns, H. L. Salmon, J. Aaronson, R. Huestis, John Langley and J. Burns.

Yesterday at St. Joseph's Hospital the death occurred at A. P. Traynor, the sailor who accidentally fell down the hold of S. E. Otter on Tuesday. His former residence was Vancouver, and local friends have wired to relatives supposed to be living there. The remains are resting at the B. C. Funeral Chapel pending funeral arrangements.

**Children Entertained.**—About 100 children attending St. Mark's Sunday School enjoyed the annual treat in the church grounds yesterday evening. Games and races were held under the direction of the Rev. J. W. Flinton, Vicar and Sunday School Superintendent, and Mrs. Flinton, assisted by the teachers and mothers, served the tea to the children.

The New D'Allaird Mail Order Style Book Will Save You Money

## D'Allaird Blouses

Now Sold by Mail

Women who live out of town can now secure the same advantages in buying Blouses that we offer through any of our City Stores.

This new *Mail Order Service* brings right to your home, no matter where you live, the same smart styles, the same fine quality Blouses and the same low prices.

We are the largest exclusive Blouse Manufacturers in Canada and all our Blouses are sold direct from our factory to our customers at practically wholesale prices. Our large volume of business through our own stores in most of the larger cities of Canada enables us to buy the very finest of materials at extremely low prices.

We give you the benefit of this in a Blouse that cannot be equalled for style, fit, and material, at a price that represents a real saving.

Our new September-October Style list is now ready. It comprises a choice selection of late New York models. All photographs from life. The edition is limited, so we would suggest that you write for this Book to-day and let it guide you not only to better styles, but to greater convenience and greater savings.

"Dr. Jessie Conway's Free Health Lectures" daily, 2.30, until October 1; Woodward's Store, Vancouver. Men and women welcome.

Local Bank Clearings—The returns from the Victoria Clearing House for the week ending September 18, show a considerable increase in bank clearings over the corresponding period in 1917, the figures reading \$2,111,629, as against \$1,615,922.

Presentation is Made—At the mid-week Fellowship of St. Paul's Presbyterian Church, Victoria West, on Wednesday evening, September 18, Robert Lee was presented with a beautifully bound copy of the Holy Scriptures. Wm. Sloan, Chairman of the Board of Managers, making the presentation, the occasion being the completion of additional class room accommodation.

Judge Was Convicted—In the County Court action of Lawless vs. Hood, in which judgment was given for the defendant, Judge Lampman remarked that as the evidence disclosed the fact that one item alleged to be due to Lawless was about twelve years old he could hardly place credence in plaintiff's statements regarding the rest of the claim. The action was for a small amount alleged to be due for repairing a house.

## TOURISTS TO CITY

### Victoria and Island Development Association Reports Bright Outlook

Miss Taylor, of the Victoria and Island Development Association, reports that the mailing of several thousand descriptive leaflets of Victoria and district has been completed, accompanied by a circular letter giving a more personal touch to the invitation to the dwellers on the prairies to visit here this winter.

The principal hotels on the prairies, together with offices that specially undertake the distribution of the Association's literature, have all been well supplied with material in anticipation of the movement westward which is soon to begin.

Miss Taylor states that excellent results have been obtained from the tour of the Association in the United States, especially in Florida and California, and communications have been received from numerous interested parties asking for further particulars respecting their individual needs.

The Association also has a valuable list of agencies, such as hotels and railway offices in the Orient, extending throughout China, Japan and as far as the Philippine Islands.

The foundation for the great rush of winter business has been laid and has already resulted in numerous inquiries from all sections of the continent and the far east.

Splendid Wool, \$2.85 a lb., at The Beehive while it lasts.

Stealing Charge—Cun Olson was arraigned before Magistrate Jay in the Police Court this morning charged with stealing some old iron castings from the Cameron Lumber Co. The case was remanded until to-morrow.

### WARNING ISSUED TO

## SELLERS OF SUGAR

Persons Required to Hold Certificates Must Prove Possession

J. Kingham, Chairman of the British Columbia Committee of the Canada Food Board, announces that the Canada Food Board has issued a warning to all wholesale and retail dealers that the supplying of sugar to any person requiring the permits called for by the recent orders of the Food Board who has not obtained the necessary certificate from the Board will be considered sufficient cause for cancellation or suspension of such dealer's license.

The Board has already given licenses an extension of time in which to obtain these certificates; the order first called for their having them on September 1, but, on the advice of the Provincial Committee, an additional fifteen days was given licenses and those who had not received their certificates from Ottawa were able to obtain temporary certificates from the Provincial Committee.

In view of the very acute sugar situation obtaining at present, Mr. Kingham explained that the Provincial Committee can no longer issue temporary permits. Licensees who have not received their certificates from Ottawa should make a point of immediately taking up the matter with the Board as it will be impossible for them to obtain further supplies of sugar without their certificates.

### TO RELIEVE CATARRAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or a sharp hearing or have head noises go to your drug store and get a ounce of Parment (double strength) and add to it a pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises, the noise in the nostrils should open, breathing becomes easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

## Butter Nut Crisps

This toothsome dainty is a delightful blending of ground nuts, butter, molasses and sugar—in the regular "HOMADE" way. A delicacy that is often asked for, but not always obtainable; so take advantage of this week-end offering at

One Half-Pound for 25c

If you think it unpatriotic to eat Candies, please remember that only 5 per cent. of the consumption of sugar is employed in the manufacture of Candies; the rest is used in jams, jellies and for other sweetening purposes. Candies are a food, and largely used in cases-of-convalescence, as proved by the large amount of Stevenson's "Homade" Candies sent to the hospitals on "doctors' orders." You can buy many kinds of delicious "Homade" Candies that are made absolutely without sugar. They are good ones, too.

### ICE CREAM SPECIAL

Caramel Ice Cream—Made from "Homade" Ice Cream, ground nuts and a delicious caramel dressing, which we make ourselves. Per dish 15c

### THREE ADDRESSES AT

## TILGUM INSTITUTE

Miss Headington, Mrs. Blackwood-Wileman and Mrs. Neureutsos Spoke Yesterday

Mrs. Blackwood-Wileman, of Dunbar, Chairman of the Advisory Board of Women's Institutes, was the principal speaker at yesterday's meeting of the Tilgum Women's Institute, held in the Presbyterian Church, Erskine Road.

She gave a particularly lucid and interesting paper showing woman's share in the ante-bellum reconstruction, her reading being interrupted by frequent applause by the many members of the institute who had assembled to hear her.

At the conclusion of her paper Mrs. Blackwood-Wileman spoke briefly of the importance of Women's Institutes in women's organizations. The Institute movement was spreading and branches were to be found in every province from coast to coast.

The meeting was fortunate in having the presence of Miss Headington, head nurse of the Sanich branch of the Victorian Order of Nurses, who have a comprehensive sketch of the baby clinic held on Saturday under her personal direction, and arranged and carried out by the Sanich branch of the Order. She asked the assistance of the Women's Institutes in trying out these clinics in Sanich, and explained a plan she had drawn up whereby such clinics could be held to advantage in the schools of the district.

As the outcome of her able address the members unanimously voted sufficient money from the Institute funds to provide for the purchase of a set of scales and two measuring boards for use at the clinics, such to be under the charge of the Victorian Order who will be empowered to lend them for use at clinics in Sanich district.

Mrs. Neureutsos, who is a member of the Tilgum Institute, spoke a few words from the conference of Vancouver Island Women's Institutes to be held on October 29, 30 and 31. Mrs. Percy Hale, Mrs. A. Livingstone, Mrs. Huddleston, Mrs. Lavery, Mrs. McLeod and Mrs. Erskine.

At the conclusion of the meeting the members enjoyed a social half-hour, during which opportunity was taken to talk with Mrs. Blackwood-Wileman on matters pertaining to Institute work.

All Over Town—Fred Mellor Signs Phone 3565.

### The Value of Good Glasses

Glasses have value only so far as they represent the skill of your optician. The all-important thing is that they correct and overcome the defects that cause visual trouble and discomfort. Nothing else will satisfy, no other standard is high enough. When I make Glasses, it is only after a deliberate and careful examination, estimating accurately the amount of the defect, and grinding the lenses to cancel and eliminate it. I Sell Correct Glasses at

## DEMONSTRATION WILL PROVIDE A NUMBER OF PLANS

Soldiers' Dependents Should Be Regarded as Wage Earners is Claim

### RESOLUTION TO GO TO DOMINION GOVERNMENT

An announcement is expected in a few days from the committee charged with the arrangements for the demonstration on behalf of soldiers' dependents. The object of the occasion is to bring to the attention of the Dominion Government the urgent need for an increase in pay to soldiers' wives and soldiers' families.

In several sections of the Dominion the demand has already gone forth that dependents' pay should be raised to a straight \$168 per month. That is to say the one cheque from the Government would include the separation allowance, the assigned pay, and the allocation from the Canadian Patriotic Fund. Resolutions have already been passed in many of the Prairie cities, in Victoria, and in Vancouver, while a number of City Councils have gone on record as favorable to the proposal.

New Policy Wanted. At the Victoria demonstration it is expected that the whole question will be dealt with from various angles with no small amount of attention given to the cost of living, and the reason for the soaring of the weekly household food bill. Many letters have been sent to the Great War Veterans' Association from the wives of men serving overseas, and in each instance there has been disclosed an acute situation suggesting that a more intelligent control of food prices would have prevented unnecessary hardships.

That the women of this city will join in no uncertain voice in the demand for a straight monthly payment from the Government goes without saying, while the announcement recently made by Sir Herbert Ames that there would be no solicitation for the Canadian Patriotic Fund after March 31 next, is looked upon as the psychological moment from which the Dominion Government could successfully change its policy in this particular connection.

Obsolete System. The suggestion is mooted in some quarters that a time has arrived when it should be pointed out to the Federal authorities that the whole policy of administration in connection with payments to soldiers' dependents has become obsolete. Admitting the excellent work carried out by the numerous volunteer bodies associated with the dispensation of the Canadian Patriotic Fund, the theory still exists among that section of the community immediately interested that the dole is charity, and that no matter how much argument is advanced to the contrary the belief remains.

While there may have been cases in various parts of Canada where the volunteer worker—in the carrying out of that very necessary phase of personal investigation—has exhibited rather too strong a dash of curiosity for the intimate needs of the beneficiary with the attendant harmful impression, it is generally recognized that the many local committees have accomplished a very great work with the minimum of friction and at no cost to the country.

On Business Lines. On account of the continually growing demands on that part of the nation's treasury—upon which the fighting man depends for the care of those at home—it is suggested that the whole plan be changed. Moreover it is more than likely that some sort of a resolution will go from the Victoria demonstration urging the Dominion Government to institute a plan akin in principle—perhaps not in name—to that of the British Board of Guardians.

If it is to be so, the nation should assume the roll of banker to the soldier dependents through the medium of the local and district boards, not in any sense by way of payments determined upon sentimental reasons, but based wholly on business principles.

Wages Due. It is argued that the soldier dependent should be regarded by the Government in the light of a civil servant entitled to proper payment for services rendered, the fact that such service was rendered by the dependents' husband or son by no means affecting the question. The soldier went to war and gave up a job at perhaps four, five or six dollars a day. In return he offered his life for one dollar and ten cents a day, a part of which he immediately assigned to his wife as a partial means towards her support, while the Government undertook to make up the amount—according to its reckoning—to keep body and soul together, but often obliging the wife to add to the national gift by her own labor.

Save Adjustments. The opinion is growing that if the general basis of poor law administration were followed in Canada, each individual case could be properly investigated by a competent officer who would be paid for his expert knowledge and of ability to administer such new regulations.

The adoption of a like principle would, it is claimed, place the obligation of the payment on a proper business basis, rid it of its sentimental charity atmosphere, ensure to the soldier dependent a correct monetary consideration—capable of sane adjustment according to living conditions and the changing fortunes of her perhaps partially disabled husband and the earning capacity of her family—and at the same time permit of a minimum scale figure to be determined by the nature of the bread winner's disability.

Needs Determined. It is claimed that once the whole question is reduced more to a scientific and due cognizance taken of continually varying conditions in every household affected, that the lot of the soldier dependent would not only be made easier but the cost to the country will be less in proportion than that now prevailing.

Soldiers' wives generally object to the personal investigation of the volunteer worker, not because there is any lack of diplomacy, but because the system lacks a solid business foundation, and it is further argued that once that function is translated into the sphere

## Columbia Records

Bert Williams

—the humorous, black-face comedian, was never funnier than when he describes the visit of the quintet of "in-laws" to his home, and when he exclaims "Europe never was so slaughterous" in his side-splitting song—

## "No Place Like Home"

This is the best sketch yet recorded by Mr. Williams. If you start with this side of the record it will be a long while before you want to listen to the other—"Twenty Years"—and vice versa. Ask for record No. 2438.

### More Good Ones by Bert Williams:

- 1321—"Woodman, Spare That Tree" and "I Certainly Was Going Some."
- 915—"Constantly" and "I'll Lend You Anything."
- 2078—"I'm Gone Before I Go" and "The Lee Family."
- 1354—"Borrow From Me" and "On the Right Road."
- 1504—"Darktown Poker Club" and "You Can't Get Away From It."
- 1817—"I'm Neutral" and "Indoor Sports."
- 1289—"Nobody" and "My Landlady."
- 1853—"Never Mo" and "Purpostus."
- 929—"Something You Don't Expect" and "Play That Barbershop Chord."
- 1909—"Samuel" and "Everybody."

### Tenders for Boiler

Sealed Tenders will be received by the undersigned up to 3 p.m. Monday, 23rd, for an 8 or 10-horse vertical boiler. The boiler shall pass B. C. Inspection for its working pressure not less than 100 lbs. per square inch, and in first-class condition.

Specification to be seen with full particulars at the office of the undersigned.

The lowest or any tender not necessarily accepted.

WM. W. NORTHOTT, Purchasing Agent.

### THE CORPORATION OF THE DISTRICT OF OAK BAY

## Tax Sale, October 9 1918

Properties upon which 1916 taxes are unpaid are liable to sale.

**PAYMENT OF 1916 TAXES AND INTEREST WILL BE ACCEPTED UP TO FIVE O'CLOCK P.M., SEPTEMBER 20TH, 1918.**

After that date the costs and expenses of the sale will be added.

**NOTICE OF DISSOLUTION OF PARTNERSHIP.**

NOTICE IS HEREBY GIVEN that the partnership heretofore subsisting between the undersigned and carried on under the name "Samuel H. J. Mason" in the City of Victoria, in the Province of British Columbia, has been dissolved by mutual consent, the said partnership being hereinafter carried on under the name "Samuel H. J. Mason" by the undersigned, and the said partnership is to be dissolved by mutual consent, the said partnership being hereinafter carried on under the name "Samuel H. J. Mason" by the undersigned, and the said partnership is to be dissolved by mutual consent, the said partnership being hereinafter carried on under the name "Samuel H. J. Mason" by the undersigned.

Dated at Victoria, B. C., this 3rd day of September, A. D. 1918. J. E. SCOTT, J. C. G. GWYNN, W. B. HOOPER.

**LAND REGISTRY ACT.**

**TAKE NOTICE** that an application has been made to register Samuel H. J. Mason, as the owner in Fee-Simple, under a Tax Sale Deed from the Collector of the Corporation of the District of Saanich to Samuel H. J. Mason, bearing date the 22nd day of July, 1918, in respect of the land described as "Lot 16, Block 18, of Section 54, and the parcel of land situated in the Province of British Columbia, more particularly described as 'Part of Lot 16, Block 18, of Section 54, Map 1142.' You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the 'Land Registry Act' are required to contest the claim of the tax purchaser within thirty days of the service of this notice upon you. Otherwise you and each of you will be for ever stopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Samuel H. J. Mason as owner in Fee-Simple.

Dated at the Land Registry Office, at the City of Victoria, Province of British Columbia, this 1st day of August, A. D. 1918. J. C. G. GWYNN, Registrar-General of Titles.

### Some Local Names

#### Capt. Hickey Has Both Son and Son-in-Law in Hospital

Private Stanley Carlow has been admitted into Reading War Hospital, with a gunshot wound in the leg. This morning reached the city.

Pte. Carlow went away several months ago with a draft from the First Depot Battalion, Vancouver. He is twenty-seven years of age, and formerly was employed in munition work in New Westminister.

He has a brother, Driver Roy Carlow, of the Froese, who has been on service nearly three years with the Army Medical Corps.

Gunner E. J. D. Hickey. Gunner Edward John David Hickey, son of Captain J. Hickey, 283 Hickman Street. Captain of the Princess Mary, and of Mrs. Hickey, has been admitted to hospital suffering from gunshot wounds in the left foot and back. He is a native of Victoria, and is fighting with the 52nd Battery, C. F. A., at the time he received his wounds, and has been over two years in the fighting line. Before proceeding to France he was a member of the James Bay Athletic Club, and attended the Victoria High School and St. Louis College here.

A son-in-law of Capt. and Mrs. Hickey, Mr. Gordon Bald, has also been wounded recently and is now in hospital in Liverpool. He had been fighting for nearly two years, and had previously been wounded in the left arm. He is now wounded in the right arm. His relatives reside at Vancouver.

Corpl. D. E. Simpson. A cable has been received by Mr. and Mrs. G. E. Simpson, 314 Cook Street, from their daughter, May, who is a V. A. D. nurse at Brighton, England, that their son, Lance-Corporal Ernest Simpson, a Lewis gunner in the 44th Battalion, has been seriously wounded, but no official intimation has yet been received by the parents. He has been in the firing line nearly a year and a half, and was previously wounded in the 18th Battalion. He left here with the 18th Battalion, which unit he was with Sergeant until shortly after the Battalion's arrival in England, when he relinquished the post.

Corpl. George Gilliland. Miss Eliza Gilliland, of this city, and Mrs. M. S. Gilliland, of Chemainus, have just received word that another brother, Corpl. George Gilliland, was killed in action in France on September 4. He joined the 22nd Battalion in Carman, Man., in the summer of 1916, and received a promotion in the latter part of the same year, later being transferred to the 44th Battalion, with which company he was when killed.

Pte. John Gilliland, another brother, was killed last month in action.

Sergt. W. A. McLean. Another 1913rd man, Sergt. W. A. McLean, who left with the 103rd Battalion in June, 1916, for overseas, and who later transferred to the artillery, was wounded in action on August 28, and is now in the V. A. D. Hospital at Birmingham. Sergt. McLean was one of the five or six who constituted 'The Shave boys,' Howe street, Fairview, nearly all of whom joined the colors since the outbreak of the war.

Pte. E. F. Wright. Pte. Earl Frederick Wright lost his life in action on August 10, according to information received by Mr. and Mrs. J. A. Wright, of 841 Selkirk Avenue.

Pte. Wright left Victoria in 1916 with the 11th C.M.R., having joined the unit in July, 1915. After getting overseas he transferred to the 2nd C.M.R., and was fighting with that gallant force when he met his death.

He was not yet 20. A native of Boissevain, Manitoba, he came to Victoria seven or eight years ago, and attended Langston School as a lad. A brother, James, is still in France, having gone overseas with the 48th Battalion, which was afterwards converted into Canadian Pioneers. There are two other boys being sent to the British War Mission at Washington, D. C.

Mrs. M. Mackintosh. Mrs. S. Mackintosh yesterday morning received from Ottawa a telegram informing her that her husband, Pte. William Mackintosh, of the 29th Battalion, has been admitted to the Casualty Clearing Station suffering with gunshot wounds in the head, back and abdomen.

Pte. Mackintosh went away with the 29th Battalion two years ago last May and has been two years in France. He has been wounded several times, but not seriously. He was taken prisoner by the Germans about three months ago, but succeeded in escaping from his captors after two days in their hands. Pte. Sam McVee, who also donned khaki and went overseas with the 67th, is now back in the city.

## EVERYBODY WELCOME AND EVERYTHING FREE

### Is Slogan of Knights of Columbus Huts in France

The slogan "Everybody welcome, and everything free," is the hallmark which has placed the Knights of Columbus Huts in France among the most popular rendezvous of the men who are able to snatch a brief period of rest and relaxation from the horrors of the trenches. The huts are open to everyone, irrespective of rank or denomination, and the piping hot beverages and welcome refreshments have been of priceless value to many a weary soldier. Of no less value too is the opportunity furnished of writing home in comparative comfort, or for the holding of an impromptu concert or vaudeville show, and for any of the thousand and one ways in which the men content to forget the agony of war for a few short hours, or in the moments.

No finer tribute to the excellent service rendered by these huts for the maintenance of the French cause is to state that the appeal for funds for the maintenance of the huts has had the cordial endorsement of Premier Borden, Sir Edward Kemp, Overseas Minister of Militia and Defence, Sir Arthur Currie, Major-General Sir Richard Turner, Mr. Warburton, the general secretary of the Y. M. C. A., and also of the headquarters of the Great War Veterans' Association.

A Dominion-wide appeal is being made this week to raise \$500,000 for the maintenance of the huts, and already the Provincial Governments of the Maritime Provinces, Quebec, Ontario, Manitoba and Saskatchewan, have pledged sums ranging from \$25,000 in Quebec to \$25,000 in Saskatchewan. Halifax City has raised \$50,000 for the hut fund, while Toronto, Montreal, and Quebec have each contributed \$25,000. In Victoria the local committee, under the leadership of W. H. P. Sweeney, reports that the appeal is meeting with generous response, and remarkable success has attended the drive which is to conclude on Monday.

In order not to conflict with Saturday's tag-day on behalf of the Y. W. C. A. the committee in charge of the appeal in the city will suspend operations for that one day. The committee hopes that the final spurt on Monday will prove a fitting culmination to the week's efforts to raise a phenomenal sum for this worthy cause.

## SEVERAL FOREST FIRES BREAK OUT ON ISLAND AGAIN

### Carelessness of Huntsmen Responsible for Conflagrations

FOUR ARE LOCATED ADJACENT TO CITY

#### Explains Situation

Island Representative of Invalided Soldiers' Commission Speaks

Answering the statements regarding pay of a man under the care of the invalided Soldiers' Commission made at the meeting of the Great War Veterans' Association, Mr. Tunnard, Island Representative of the Invalided Soldiers' Commission, draws attention to the fact that there apparently is a serious misunderstanding existing in the minds of the veterans if they are of the impression that a patient of the I. S. C. receives an allowance of only \$3 per month, while a patient under the care of the C. A. M. C. receives the full allowance.

"This," says Tunnard, "is an absolute inaccuracy, and the August number of Reconstruction distributed among the soldiers should clear up any misunderstanding existing on the matter. A patient of the I. S. C. who is a patient undergoing treatment in hospital receives exactly the same allowance as an ordinary soldier—\$1.10 per day. Eight dollars per month only is paid to him while he is in hospital, and the remainder is placed to his credit, to draw upon, when upon his discharge from hospital. This is on the same lines that a man in hospital in England, and reasonably presuming that \$8.00 per month is a sufficient allowance for a man unable to get around, it is his advantage to have a credit to draw upon, which has been mounting up, during his enforced inactivity, upon leaving the hospital. As most married men have an assignment of \$20 made to the wife it only means that a few dollars are placed to his credit each month. The difference between \$28 and \$31.10 is a discharge of a month of thirty-one days.

A discharged private under the care of the I. S. C. receives \$1.10 per day and \$2.90 a month separation allowance in the case of a married man. As the discharge of a man of this kind has been mounting up, during his enforced inactivity, upon leaving the hospital. As most married men have an assignment of \$20 made to the wife it only means that a few dollars are placed to his credit each month. The difference between \$28 and \$31.10 is a discharge of a month of thirty-one days.

Where Fires Are.

At the present time there are five on Mount Newton, three are burning at Sooke and three in the Shawnigan locality. All these are fairly large fires and are requiring fire-fighting appliances. Several smaller outbreaks have already been subdued or brought under control.

From the Nelson section four new fires are reported and dispatches from other forest districts give strong indications of dangerous conditions.

Slash Burners, Wait.

Although the Land Act permits the burning of slash any time after September 15, the Forest Branch points out to all persons concerned in this particular connection that it would be part of wisdom to abstain from any burning until after the first good rain. The Department states as its reason for making the request that vegetation everywhere is as dry as it could possibly be, and a breeze during burning operations might result in many fires of possible avoidance when general conditions are nearer the normal.

While the Department has had under consideration the extension of the close season it has been suggested that the above request will have the same effect and appeal to all those who desire to keep fire costs and losses down to the minimum.

## You Feel Fine

Fatigue is the result of the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired. But awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

Standing Committee Meets.—The Standing Committee of the Board of Trade will meet this afternoon to consider the proposals made by the committee of manufacturers who met yesterday and decided to form a manufacturers' bureau.

Miraculous Escape.—Albert Grice, 2169 Vancouver Street, had a miraculous escape yesterday afternoon about 5 o'clock at the corner of Broad Street and Fort Street. He was driving a motorcycle along Broad Street, and just as he turned the corner at the Times Building he crashed into a street car coming down Fort Street. Grice was taken to St. Joseph's Hospital suffering from minor injuries. His motorcycle, with a \$500 value, was

### SHIPYARD MAGAZINE

#### IN NEED OF A NAME

Foundation Co.'s Contest Ends Saturday; E. Ewers Appointed Editor

Saturday will be the last day upon which the officials of the Foundation Company will receive suggestions for the name of the weekly paper which their purpose starting in the near future. As is generally known, the prize for the name accepted will be \$25, and already the company has received a choice collection of varied, and in some cases, somewhat startling suggestions. Though it would seem that, if necessary, an excellent choice could be effected from among those already received, there is, as H. B. Pickering puts it, plenty of room for more literary efforts, and it is expected that as the week draws to its close a rush of proposed appellations will be received. The selection of a name will be made by certain prominent citizens of the city.

Final preparations for the first issue of the company's magazine have now been concluded, and the appointment of an Editor has already been made, the choice, auguring well for the success of the venture. Mr. Pickering announces that Emett Ewers, a well-known local newspaper man, will wield the editorial pen in the yards, while holding down a job with the company.

In the choice of Mr. Ewers the officials of the big ship building concern have displayed their usual wisdom, for the future editor will take up the burden of his new responsibilities backed with years of experience in all lines of newspaper work. Moreover, the editorial chair will be occupied by just the right kind of a man for such a project, and one who, with his genial personality, will be immediately popular with his fellow shipbuilders. Mr. Ewers has, for several years past, been a valued member of the staff of the Colonist, and his departure will be a considerable loss to that paper.

First issue October 5. With all preparations now practical-

ly complete, the first issue of the new magazine which, until the end of the week must remain nameless, will appear on October 5, and on every Saturday following. Edited by Mr. Ewers, it will have for its sub-editors and reporters the heads of the different departments who will record the doings of the workers under their management. All the editors and contributors will be employed in the Foundation Company's yards, and a hearty co-operation with all departments of the concern will be maintained with the object of producing the best paper of any ship building yard on the coast.

Papers and magazines of various sorts are now common in the ship yards of the Pacific Coast, some of the publications having reached a very high stage of production. The idea, of course, is to encourage the good fellowship and friendly co-operation of the workers, and in this the different organizations have been particularly successful. In most yards the papers are published only twice a month, but the local branch of the Foundation Company proposes to have the magazine appear every Saturday. Two thousand copies will be printed and distributed free among the workers of the yards, the advertising paying for the expense of the issue. Altogether literary proclivities seem assured of a successful future as the purely ship building activities now proceeding.

### NORWEGIAN STEAMER, FIBED ON BY HUNS, DOCKS FOR REPAIRS

Copenhagen, Sept. 19.—The Norwegian steamship Bjornstern Bjornsen in the service of the Belgian Relief Commission, has arrived at a Norwegian port for repairs, having been fired on outside of the war zone by a German submarine.

### ROYAL IS LAUNCHED AFTER HAVING BOTTOM SCRAPPED AT YARROWS

After having her bottom thoroughly scraped, the S.S. Princess Royal was launched from Yarrow's, Ltd., Equilmait, this morning. The Royal was put upon the ways after the steel ship War Camp had left here for Vancouver, where she was built. The Royal, it is stated by the officials of the C. E. R., will not take up any run, the overhauling being done merely to prevent the deterioration of the vessel.

### SEAL IN INNER HARBOR

The small black seal shown in the hands of the officer who washed up in the Inner Harbor recently.

### CUNARD LINE IS PREPARING PLANS

Vancouver Manager Speaks on Present Shipping Situation

"Passenger trade in the Atlantic is almost negligible," said C. A. White, Vancouver Manager of the Cunard Line, when he arrived in Victoria this morning. "Everything is being done to discourage travel. Military movements and the transportation of food occupy practically all shipping." Though the Cunard Line is too busy looking after the requirements of the Government at present, elaborate preparations are being made for trade after the war, it being the opinion of the company that a large influx of travel will be experienced following the declaration of peace.

#### Preparing For Change.

Mr. White, outlined to a Times representative the steps being taken by his company to deal with the expected increase in business on the cessation of hostilities, and he pointed out that the Cunard Line has lately constructed several new buildings at different points on the continent to attend to the after-the-war business.

"It is the company's purpose to perfect the land and business organization to deal with the increased trade, as it is impossible to estimate just now what shipping will be at the command of any steamship company when the struggle has ended. Mr. White, was of course guarded in his remarks about Atlantic shipping, but he showed that he believed that all shipping would be occupied for several years after the war with the transportation of troops back from Europe.

Though the Cunard Line does not operate in the Pacific, its officials are pretty familiar with shipping conditions in this ocean. In this connection Mr. White prophesies an enormous increase in trade with Russia and Japan, and he deals with that end of this increase that the Cunard Line has lately opened a new office in Vancouver, in which the interests of the Cunard Anchor Company, and the Anchor-Donaldson Line are also taken care of.

Mr. White has just completed a tour of the province in the interests of his company, and it was to visit the local agents that he came to Victoria.

### GERALDINE WOLVIN WILL PROBABLY BE HERE FOR TWO WEEKS

Some delay was experienced in the loading of lumber by the skipper of the five-masted auxiliary schooner Geraldine Wolvin which is at present berthed at the pier of the Canadian Puget Sound-Lumber Company in the Inner Harbor. The Geraldine Wolvin, having brought a large cargo of wheat from Australia to Vancouver, is going to take about a million and a half feet of Island lumber to Shanghai, and it is now stated by R. P. Rithet & Company, her local agents, that she will be in port here for some two weeks. Some difficulty was experienced yesterday in getting stevedores to load the lumber.

### CHICAGO MARU STARTS VOYAGE TO THE ORIENT

The O. S. K. liner Chicago Maru passed through here last night outbound to the Orient, loaded with machinery and general merchandise. She tied up at the Outer Wharf at about half-past six, and an hour later she cast off and started her voyage to Japan, then to China and Manila. It is expected that she will return to this continent at the end of November.

The Chicago was well loaded as she passed through here last night, and she carried an extra heavy mail, most of which will go to Yokohama and Shanghai. Twenty-four persons are embarked from this port, and a large number boarding the vessel at Seattle and Vancouver.

### RUPERT SAILS NORTH WITH HEAVY FREIGHT

The steamship Prince Rupert was slightly late in leaving port for the North this morning because of the large quantity of freight loaded, and it was ten o'clock before she cast off. The Prince Rupert carried, in addition to a heavy cargo of freight, a large list of passengers, ten persons embarking from this port, and a large number boarding the vessel at Seattle and Vancouver.

#### A RISING MAN.

"So that distinguished looking gentleman over there is one of your leading citizens. Has he received many degrees from the college?" "Has he? Why, he has received so many degrees we call him the 'Human Thermometer'."

#### THE WHOLE SECRET.

Benny (having difficulty in teaching little sister to whistle)—Aw, just make a hole in your face and push.

### NIAGARA BRINGS MANY MILITARY MEN FROM SOUTH

Fog-Bound Liner Arrives Late Last Night; Patriotic Money Subscribed

SUGAR IS PLENTIFUL IN PACIFIC ISLANDS

After being fog-bound in the Straits for several hours yesterday, the big Canadian-Australian liner Niagara, without giving much warning of her approach, tied up at the Outer Wharf very late last night. Except for the dense fog which delayed progress yesterday, the Niagara had a pleasant voyage with little incident outside of being delayed at Auckland for five days.

The Niagara brought about 500 passengers, 100 of whom landed here, and she was loaded down with a heavy general freight. A number of Australian officers' wives on their way to England in the hope of joining their wounded husbands, were numbered among the passengers, and several well known business men and manufacturers of the Antipodes were on board as well as a number of military.

#### American Troops Come Here.

There were a large number of American soldiers from Honolulu on their way to the United States. Some of these men stopped over here with the idea of taking the boat to Seattle this afternoon, and in the meantime looked over the city, expressing great admiration for Victoria and its vicinity. The military and win-the-war spirit in the group, these Samoan state, has reached the flood tide, and the natives are as enthusiastic as the whites to put an end to the power of the Huns.

#### Sugar Plentiful.

That sugar is not scarce in the Hawaiian Islands, but that the lack of shipping facilities prevents a copious supply on this continent, was the statement made by passengers arriving on the Niagara. The crop is abundant this year, but the ships are lacking to transport it. In the islands, and in the East Indies sugar, of course, is plentiful, as it is impossible to export it to any large extent. This will be a small comfort for the sugarless population of Western Canada.

#### A Patriotic Spirit.

Patriotism around the purse strings was more strongly in evidence upon the Niagara than upon any other boat reaching this port for many months past. Actually an average of \$25 a head was subscribed by the passengers for patriotic purposes, and the total collected amounted to \$3,525, this being \$125 over the previous record. Most of the money will go to the Mine Sweepers' Fund, and in aid of the dependents of deceased sailors.

#### WHAT HE FEARED.

Hetress (given to slant)—I'm yours all right, Jack, dear, but I'm afraid papa will kick about you.  
Jack—I don't care how much he kicks about me so long as he doesn't kick me about.

### MAY AGAIN VOYAGE TO ORIENT

PRINCESS ENA. Having completed her second trans-Pacific voyage, may make another trip on account of high freight rates offering.

### FURTHER LIGHT ON LIGHTHOUSE TERROR

#### Demented Woman Brought Down on Princess Maquinna; the Circumstances

Passengers arriving on the Princess Maquinna last evening from the West Coast bring further word of the unfortunate story of the insanity of Mrs. Sadler, to whose pathetic circumstances mention has already been made in these columns. Mrs. Sadler has been so certified, and on her arrival last night was removed to a mental institution.

Some phases of the case are now made public for the first time. It is stated, for one thing, on the authority of Mr. Sadler, the lighthouse-keeper at Entrance Island, that his allowance is only \$10 a month, and with a wife and four children to keep it was impossible for him to make adequate provision for his family.

Owing to some difficulties with regard to the mail deliveries, on account of the fact that the subsidy for the delivery of the mail from the nearest post office was merely nominal, the Sadler family have only been able to obtain its mail four or five times a year, and this proved greatly upon Mrs. Sadler's mind. It has been further pointed out by the distressed family that telephonic connection could have been established with a cannery at Koskemo Bay, and which would have relieved the absolute isolation from the world, but this was not installed.

It is further alleged that a Government lighthouse tender stopped for Sadler's distress signal, and that while he was going to lower a boat to go out to the ship, steam was put up and it disappeared in spite of his frequent soundings of the alarm. The Maquinna also passed during his agony on the island, but the wind was blowing in the wrong direction.

Thus, when the whaler St. Lawrence arrived the conditions were indeed pitiable on the island; in fact, Sadler is credited by the passengers as saying that he intended, within the next forty-eight hours to commit suicide, previously making provision that this unfortunate family should not suffer any more agony.

The children are being cared for at Port Alceia where a subscription was taken up on their behalf, after they were removed from the island on the recommendation of Dr. O. O. Lyons. Sadler has the promise of employ-

ment at Port Alceia mills. As already stated Superintendent of Lighthouses Halkett was sent to Entrance Island to investigate the situation.

### ALL READY NOW FOR BUILDING OF SHIPS

Lumber for future shipbuilding activities at the Foundation Company's local yards is being loaded into a scow at Chemainus at present, and will be brought here within the next few days. It is not ship lumber, however, which is being taken aboard at present, but lumber for the various scaffolds, etc.

It will be impossible to order the lumber for the ships themselves until the specifications which are expected any day have arrived. In the meantime everything is being done at the Foundation Company's yards to put each department in order for the coming rush when the first frames are erected. Already three hundred men are working at both yards, and a large part of the equipment is being altered to suit the increased demands when the building of ships begins in earnest.

The new office building is rapidly nearing completion, and when finished with two storeys it will be capable of accommodating a clerical staff of one hundred. This number will be necessary to manage the business of the company when the hulls of the twenty ships for the French Government are taking shape, and at present the original office quarters are much too small for the clerical staff already on duty. Manager Pickering has his hands full attending to all details of the new work and understanding the yards are rapidly being put into order for renewed activity.

# Polarine

## FRICION REDUCING MOTOR OIL

Makes a good car better

### For Cylinder Walls

KEEP your cylinder walls like new—unscored and as smooth as glass with a film of oil that withstands heat and cold and maintains effective lubrication. Scored cylinders cause poor compression, wasted power, lost efficiency that impairs both the performance and the actual value of your car.

#### DELIVERY OF FULL POWER

depends on a gas-tight piston-to-cylinder contact. Correct lubrication is therefore most essential. It reduces friction to a minimum, prevents overheating, protects the cylinder walls against scoring and so keeps power from leaking past the pistons.

### Polarine

has the right body to lubricate every moving part of the motor with a protective film that minimizes wear and friction. It lessens carbon troubles—does not gum in summer nor congeal in winter.—It keeps cars in smooth running order the year round.

Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12½ gallon steel kegs, barrels and half-barrels.

There are also Polarine oils and greases for effective transmission and differential lubrication.

Buy Polarine where you get Premier Gasoline—at the sign of the "Red Ball."

Write us at Room 704 Imperial Oil Bldg., Toronto, for interesting booklet on Polarine for Automobile Lubrication
