- The development and distribution of an effective and safe vaccine against COVID-19 represents a lasting response to the pandemic. It is at the heart of the European Commission's coronavirus response.
- The vaccination of Europeans started during the European Vaccination Days from 27 to 29 December 2020.
- To date, 4 safe and effective vaccines against COVID-19 have been authorised for use in the EU following positive scientific recommendations by the European Medicines Agency: BioNTech-Pfizer, Moderna, AstraZeneca and Johnson & Johnson.
