CO, Wakayama Military Government Team

1. Reproduced herebelow for your information are telephone messages received from Mrs. Dumars, Eighth Army Military Government through Headquarters I Corps Military Government on 13 April 1949:

a. "SCAP has asked us to inform Military Government that May 1st is a traditional "May Day" for leftist elements in labor and we are advised neither to recommend nor forbid any demonstration on that day. In other words, Military Government is requested to remain strictly neutral concerning any demonstration that may take place on that date."

b. "Colonel Papen, Eighth Army, requests the assistance of all labor officers in obtaining material for the Military Government Monthly Bulletin. Any items of unusual interest in solving unusual problems in the field, plus any special activities in any prefectures involving labor unions or labor education. It is felt that the inclusion of this material in the Monthly Bulletin will serve as a helpful source of information to the Regional and Team labor officers. The 20th of each month is fixed as the deadline for such material to arrive at Eighth Army Military Government Labor Section."
