Subject: War Department Attache Branch Request for Information

Reference is made to your Secret memorandum of April 2, 1947 (File MID 350.05) requesting full information on freedom of movement and application of customs and entry and exit requirements accorded by the Russians to the Americans in Bulgaria, Rumania, Hungary and Russian satellite areas for the eventual information of the Commander-in-Chief, Far East Command, Tokyo, Japan.

The appropriate Division in the Department has advised that a similar request was recently received from Mr. George Atcheson, U. S. Political Adviser to SCAP in Tokyo and as a result of inquiry it has been found that the information desired can best be obtained from the reports of the U. S. representatives on the ACC's of the countries referred to, especially reports of the meetings of the several ACC's at which complaints to the Soviet chairman were made. It is stated that these reports were sent to the Plans and Operations Division of the War Department where they may be consulted.

Subj: War Department Attaché Branch Request for Information of April 2, 1947.

I have your memorandum of April 8 forwarding the memorandum dated April 2 from Col. Turner of the Attaché Branch, Intelligence Division, War Department, requesting information on "freedom of movement and application of customs and entry and exit requirements accorded to Americans in Bulgaria, Rumania, Hungary and Russian satellite areas" for forwarding to CINCFE, Tokyo.

We received a similar request recently from Mr. Atcheson in Tokyo and as a result of inquiry we find that the information desired can best be obtained from the reports of the U.S. representatives on the ACC's of the countries referred to, especially reports of the meetings of the several ACC's at which complaints to the Soviet chairmen were made. These reports were sent to the Plans and Operations Division of the War Department where they presumably may be consulted by properly accredited officers.

This information has been communicated to Col. Lowell of the Attaché Branch. He said that he would ask the requesting branch to consult the Plans and Operations Division and agreed to send us a copy of the report which results from examination of the Plans and Operations records.

OFO 1—1493

After several telephone talks Mr. Bowman of JK arranged a meeting for an exchange of ideas between SPD and JK on the matter of travel to Japan and SPD's duties under SCAP circular No. 8 specifying the Department as the appropriate diplomatic channel for the submission to SCAP of applications to enter Japan originating with nationals of countries not having a representative at Tokyo.

Mr. McCornick of JK met with Messrs. Hibbard and Williams in the offices of SPD on April 3, 1947.

The immediate point under discussion was the underlying draft radio to SCAP which SPD had composed to clear up an apparent inequity in the treatment of applications of U.S., as opposed to alien, businessmen. Neither Mr. Lory of NA nor Mr. Bowman of JK had been able to see clearly why SPD in handling businessmen's applications submitted by foreign governments, could not refuse to transmit them to SCAP on the ground that general SCAP policy prohibited entry to Japan of private businessmen. American businessmen are summarily refused at Washington.

Messrs. Hibbard and Williams spent some time explaining to Mr. McCornick the representation function and the long-established pattern of inter-governmental activity that SPD is trying to protect.

Mr. McCornick appeared to understand clearly SPD's position that it could not properly judge the content of something presented on an official basis by another government for transmission to a third power (which SCAP is in technical fact).

During the talk Mr. Bowman called from JK to state that a newly received telegram from Tokyo made it clear that SCAP insisted on the application of Circular 8 precisely as written.

It was then agreed (1) that the draft radio (asking for revision) not be sent to SCAP; (2) that SPD would handle requests presented by other governments for services under Circular 8 in accordance with standard SPD representation practice; (3) that SPD in doing so would (as in the past) make every effort to keep all Political, Economic and Control Divisions fully informed of the traffic being handled.

There is attached a draft letter to Mr. Borton (OIT) regarding baggage regulations to be applied to our voluntary Japanese repatriates. As you will see, a few changes have had to be made. I trust the letter will get out this time.

There is also attached a statement which should be made available to the interested Japanese including the current provisions of the General License for Personal Baggage and Effects (please see memo of conversation of April 2) and also information concerning regulations of the military authorities in Japan regarding motor vehicles. I spoke with Mr. Meyer, VD about how this information, as well as the necessary information regarding funds and vaccinations, should be made available to the interested Japanese. It was tentatively agreed that VD, when notifying the Japanese that their exit permit applications have been approved, can enclose with their letters three mimeographed sheets containing the necessary information with respect to (1) baggage, (2) funds and (3) vaccinations. Mr. Meyer said that there are pending in VD at least a couple of hundred applications from interested Japanese and that he believes at least 500 sets of regulations should be made up. Do you think we can handle this mimeographing job and make the form statements available to VD to be enclosed with VD's letters to the individuals?

WC/ Dept. will have comments for. MEW

One thing occurs to me in connection with the baggage regulations. They are constantly changing as our export controls are being relaxed. Probably in a couple of weeks, just as we are getting our form statements together, the regulations will be changed again. Could we include something in the statements to the effect that the Japanese nationals may want to keep in touch with OIT for current changes? If the OIT goes out of business I suppose we could refer the Japanese to the nearest customs collectors. What do you think?

Second idea good BR

Dear Mr. Martin:

We have in our hands a letter dated April 7 from the Turkish Ambassador informing us that Messrs. Cevdet Aydinelli, Ragip Sipahi, and Ismail Kavadar will act as the "Buyer's representatives in Japan" in connection with USCC contract #1010, covering the sale of 54,000,000 yards of cotton textiles and 6,000,000 lbs. of cotton yarn to the Sumarbank of Ankara.

We have been in touch with the authorities in the Civil Affairs Division regarding the entry of these gentlemen in Japan and understand that a telegram has been received from SCAP indicating SCAP's willingness to permit this mission to proceed to Tokyo.

We shall be very much obliged if you will do what you can to expedite their departure in the interest of the cotton textile program.

Very truly yours,

B.E. ANCONA, Technical Director of Overseas Business Corporation, is applying for a visa to Japan for three months to buy silk and cotton textiles for Middle East and New York markets. His place of residence will be Asaka. He has an Italian passport No. 229244P issued April 2, 1947 at Cairo, Egypt.

The Commercial Attache of the Embassy reports that the firm is on a suitable basis and has sufficient capital to do business in Japan. However, its director Selim Sassoon, holder of a British passport, who travels between his three offices in Milan, New York and Cairo, is not noted for ethical business relationships with local firms. The Department's decision in this matter will be appreciated.

MEMORANDUM FOR THE FILES:

Reference the attached file concerning the proposed travel to Japan of Mother Mercedes Ruiz-Huerta Horne and Mother Ana Segurola (Spanish nationals) and Mother Rosa Carola Gorini (Italian national). Judge James P.McGranery of Philadelphia, Pennsylvania is interested in expediting action on these cases and Miss Wolberg has on several occasions spoken with his wife and his secretary, Miss Mary Ethier, in the matter. During the past few weeks Miss Ethier has made several trips to Washington and each time has telephoned to clear up various questions on these cases. (It will be noted from the file that Mrs. McGranery was advised that the cases should be handled by the Spanish and Italian Embassies at Washington and the Spanish and Italian representatives at Tokyo, that the Department of State does not come into the picture at all.)

About ten days ago it was learned from Miss Ethier that the Spanish Embassy had received word from the Spanish representative at Tokyo that the two Spanish nationals had been cleared for entry into Japan. Miss Ethier had also checked with the Italian Embassy, however, and had learned that there had been no reply to two cables which the Embassy had sent to the Italian representative at Tokyo requesting that permission be obtained for Mother Rosa Carola Gorini to enter Japan.

On Monday, April 7, Mrs. Flickinger (Military Permit Secretariat, Joint Chiefs of Staff) called to say that a cable just received in that office stated that SCAP had granted permission for all three of the nuns under reference to enter Japan. In view of the procedure outlined in SCAP's Circular No. 8 and as the Spanish Embassy had already received clearance for the two Spanish nuns, it was decided to do nothing further in the matter until later in the week. It was hoped that by that time the Italian Embassy would have received a reply from its representative.

On Monday morning, April 14, Mr. Martinez of the Italian Embassy informed Miss Wolberg that still no reply had been received from the Italian representative at Tokyo. In as much as the three nuns wished to leave for Japan together with a fourth nun (an American national) and as permission for all but the Italian nun had been received through the appropriate channels, it was decided that the Department would inform the Italian Embassy by memorandum that clearance had been received in Joint Chiefs of Staff for Mother Gorini's travel to Japan. Mr. Martinez stated that on the basis of the Department's memorandum the Embassy would make up the statement required under paragraph 9a of SCAP's Circular No. 8. In deciding on this action consideration was given to the fact that SCAP's clearances for entry into Japan are valid for sixty days only. Although Mrs. Flickinger states that the Military Permit Secretariat here can grant extensions it would be preferable to have the nuns get to Japan within the 60-day period and thus avoid further complications. (On April 15, 1947 Mr. Martinez called to say that a reply had just been received from the Italian representative at Tokyo--stating simply, however, that he was again approaching SCAP regarding permission for Mother Gorini to enter Japan.)

My dear Commander Millett:

There is enclosed an application for permission to enter Japan which has been submitted by Victor Chouah Mooche, an Iraqi national. This application was received through the American Embassy at Baghdad. It will be noted that Mr. Mooche wishes to have his wife accompany him to Japan.

In order that a reply may be made to Mr. Mooche, the Department of State would appreciate being informed whether he and his wife may proceed to Japan.

Sincerely yours,

RCH

To the

Officer in Charge of the American Mission,

Baghdad.

The Secretary of State refers to the Embassy's unnumbered despatch dated April 17, 1947 transmitting an application (in triplicate) for permission to enter Japan submitted by Victor Chouah Moche, an Iraqi national. It is noted that Mr. Moche wishes to have his wife accompany him to Japan.

Mr. Moche's travel application should have reached the Department through the Iraqi Government. In this connection reference is made to the last paragraph of Foreign Service Serial No. 667 of January 17, 1947. The foregoing notwithstanding, the Department is forwarding Mr. Moche's application through appropriate channels to the Supreme Commander for the Allied Powers at Tokyo. The Embassy will be informed of the decision reached in this matter.

The Acting Secretary of State presents his compliments to the Charge d'Affaires ad interim and ~~the Honorable the Minister of Ireland and has the honor~~ to refer to a telephone conversation of April 10, 1947 between Mr. Skentelbery of the Legation's staff and an officer of the Department, as well as to previous correspondence, concerning a request that six Irish nuns be permitted to enter Japan for missionary work. In this connection particular reference is made to the Department's note of March 3, 1947 indicating that theater clearance was received for Angela Fitzgerald (Sister St. Enda) to return to Japan.

As stated to Mr. Skentelbery, the Department has now been informed that the Supreme Commander for the Allied Powers at Tokyo has granted permission for the remaining five nuns to enter Japan. Their names follow:

Sheila O'Donoghue (Sister St. Columba)

Eileen O'Keefe (Sister St. Carmel)

The Department has also been informed that authorization has been granted for each of the six nuns to bring into Japan one ton of baggage.

In connection with the foregoing there is enclosed, pursuant to Mr. Skentelbery's request, a copy of the Department's note of January 17, 1947 together with its enclosures, two copies of the Supreme Commander's Circular No. 8 of August 30, 1946. The Legation's attention is invited to numbered paragraph 9a of the circular which states that an individual expecting to enter Japan must have in his possession, in addition to his travel document, a statement in English from an authorized representative of the government of his nationality at point of origin that he has been cleared by the Supreme Commander for entry into Japan. It will be noted that the statement must

Dear Sir:-

I am writing you this letter in behalf of Mr. Haji Moosa Ismail, one of the distinguished and well-known merchants from Bombay, India.

Mr. Ismail is desireous of obtaining a permit from the American Government to enable him to visit Japan and China before returning to India. He has a letter of recommendation from the American Consulate General in Bombay, India, and has also corresponded with the representative of the Government of India here in Washington.

To date he has not accomplished anything regarding his visit to Japan. Mr. Ismail is very anxious to leave by air some time next month, if the Government of the United States will grant him this permission.

I will be in Washington on Monday, April 21st, to testify in behalf of Congressman Fellows' Bill H.R. 2933, which is pending before Congress now, and should like very much to take the opportunity of calling upon you on Monday afternoon, with reference to Mr. Ismail, if your time will permit me. Will call your office on April 21st regarding same.

Thanking you for your kind consideration, I am

Reference your A-195 of April 10 and your A-238 of April 21, 1947 re: desire of B. E. Ancona and Ralph S. Levi, respectively, to enter Japan.

In view of Ancona's Italian nationality and presence of Italian representative at Tokyo, Ancona's application should be forwarded by him or appropriate Italian authority to Italian representative at Tokyo for presentation to SCAP (See FSS No. 667 of January 17, 1947; para. 7(a) of SCAP Circular No. 8). Likewise, in view of Levi's British nationality and presence of British representative at Tokyo, Levi's application should be forwarded by him or appropriate British authority to British representative at Tokyo for presentation to SCAP.

It would be useless for above-mentioned persons to make application through proper channels now, however, since private business trips to Japan are not yet being approved. Both should await soon expected public announcement easing restrictions on such travel.

It appears from your letter of April 15th that the general license for personal baggage and effects which is now in force will be suitable for the use of Japanese nationals, not in an internee or a deportee category. Dear Mr. Stelle:

Thank you very much for your good letter. I am still a Chinese national. Whenever I leave the States I secure a re-entry permit to the United States. I have already applied for such a permit to the Department of Justice. I am sure my permit will be will be issued to me. But the Military Permit to Japan and Korea is another thing which I must have before I enter those countries. At present Senator Barkley of Ky. is negotiating with the State Department for the permit. It may come through, or it may not. As I shall be at Nanking, China to consult with the Chinese Government officials, I certainly wish to visit Japan and Korea on the same trip. In the event that the State Department should decline such a permit, could you somehow help me obtain one. Whatever you do will be greatly appreciated. I shall also be grateful if you could suggest what places of the Far Eastern situation will be most valuable for me to investigate.

Yours truly,

My dear Dr. No-Yong Park:

Your letter of April 7 inquiring about possibilities of a trip to the Far East has been received.

If you are an American citizen presumably your first step is to procure a passport and the necessary visas. The Passport Division of the Department of State can advise you concerning necessary permits to visit Japan or Korea as well as China and how you should go about securing them.

I should be glad to discuss your plans with you in any way which might be of assistance to you should you come to Washington.

NO-YONG PARK, PH.D.

Born and reared in Manchuria, Dr. No-Yong Park received his Oriental education in China, Japan and Korea, and his Occidental training in Europe and America. He completed his undergraduate work at the University of Minnesota and his postgraduate work at Harvard University where he received the degrees of A. M. and PhD. While in college he distinguished himself by winning many literary and oratorical prizes in competition with American students in their own language. He has made Far Eastern problems his life-study and has taught the subject at a number of leading universities, including the University of Minnesota, Western Reserve University and the University of Kentucky. He has likewise served for the past ten years as a special lecturer on Far Eastern Affairs at the Institutes of International Understanding under the auspices of Rotary International.

He is the author of numerous articles and books, some of which have been highly recommended by the Book-of-the-Month Club and literary critics throughout the country. His books include *Making a New China*, *An Oriental View of American Civilization* and *Chinaman's Chance*, a delightful autobiography packed with humorous experiences and wholesome Oriental philosophy of life. He has also written *Retreat of the West*, a challenging and provocative book of facts and prophecy on the fate of Western Empires in Asia, a book which Pearl S. Buck writes "must be required reading for the White race." His latest book is entitled *The White Man's Peace*, which is an Oriental view of the Occidental attempts at building a new order in Asia and the world at large.

It is, however, his delightful and penetrating lectures which have won him fame and popularity among millions of his listeners. His Oriental background and Occidental training, his gift of expression and keen sense of Mark Twain-like humor, his forceful, dynamic platform personality and his profound knowledge of Far Eastern affairs have made him one of the most widely acclaimed Oriental lecturers in America. Year after year he returns to scores of colleges and universities, conventions, lecture forums, men's and women's clubs.

"He puts the present Far Eastern affairs in their right perspective."—JOHN DEWEY.

"He combines the subdued humor of the East with the realism of the West."—CHARLES A. BEARD.

"His view is even more searching than the sun-arc camera in a Hollywood studio."—TORONTO STAR.

"His observations and interpretations are decidedly interesting and often engaging."—BOSTON TRANSCRIPT.

"Agile mind, penetrating knowledge, picturesque speech and scintillating wit."—H. W. HINES, Rotary International, Chicago.

"His lecture was the highlight of our teachers convention."—WAYNE O. REED, State Superintendent of Public Instruction, Lincoln, Nebr.

"Your keen analysis of the problems of the Far East was most ably presented."—KARL H. BERNS, Assistant Secretary, National Education Association, Washington, D. C.

"When he concluded his amazing and wonderfully delivered lecture, his auditors rose as one man, continued standing and applauding until Dr. Park again took the platform to acknowledge their enthusiastic appreciation. Such a spectacular demonstration of ovation is almost unheard of in the history of our club."—CHARLES A. BEACHING, Secretary, Committee of One Hundred, Miami Beach.

"Once in a while his words are pure gold."—WASHINGTON POST.

"A lecturer of very exceptional competence, with the intimate knowledge of his subject and the extraordinary power of a platform speaker."—ARTHUR N. HOLCOMBE, Harvard University.

"I heard only excellent comments everywhere on your addresses. In many places the people went out of their way to say that they liked your talk best of all the series."—WALTER B. PITKIN.

"What a glorious morning Town Hall enjoyed today when No-Yong Park delivered his lecture before the largest audience of the season! Throughout the ten years of Town Hall's existence, none of the speakers has ever been able to define the position of China as Dr. Park did. I wish many of the lecturers would listen to him and take a lesson in oratory and in organization of the material from Dr. Park."—ALBERT RAPPAPORT, Town Hall, San Francisco.

"He has a flair for snapping out lines that intrigue you, make you sit up and take notice. The very title of his current highly popular lecture challenges your attention. So does the presentation of his thesis. He begins by making you chuckle; he winds up making you ponder. . . . Most 'authorities' on the Far East were 100% wrong. Dr. Park rates a score like that on the other side. . . . No wonder he is popular!"—JAMES B. POND in "PROGRAM MAGAZINE," New York.

My dear Mr. No-Yong Park:

From your letter of May 5 it is apparent that your request for a permit to visit Japan and Korea has been brought to the attention of the appropriate authorities in the Department. This being the case there is nothing I can do which could be of assistance in the matter.

I hope your request will be favorably received and that you will have a profitable trip.

894.111/5-647

My dear Mr. Kashiwa:

Acknowledgement is made of your letter of May 6, 1947 concerning your client's entry into Japan.

At present no private businessman of any nationality is permitted to go to Japan, all trade having been conducted on a government-to-government basis since the end of the War. This has been due to the difficulties experienced by the occupation authorities in returning Japan to more normal economic conditions and to the lack of accommodations and food. However, steps are being taken to change this, and businessmen are expected to be permitted into Japan in the near future. Since conditions there are still far from normal, the number of private travellers will probably be limited at first according to a fair quota system based upon the availability of goods in Japan and the number of all nationalities applying for entry in relation to the number that can be handled initially by the occupation forces.

Advance notice of the change in the regulations will be given by the Department of State, and at that time it will list the information to be supplied by applicants for passports. Your client may then apply in writing to the Passport Division of the Department of State, or appear before the clerk of the United States District Court in Honolulu, as passports may be issued by the Governor of Hawaii.

I am mailing this reply by air as you requested, but as no forms or blanks will be available until the Department releases the news to the press that the present restrictions are to be lifted, I return herewith the remaining air mail stamps enclosed in your letter.

Sincerely yours,

Roswell H. Whitman

1. The following broadened general regulations for entry of missionaries into Japan will be substituted for the policy announced in our ZX 26123. The policies concerning their economic and domiciliary arrangements are stated herein.

2. Missionaries will be cleared for entry into Japan if written assurances are received from any missionary (representative or operating) resident in Japan for one year since V-J day that said missionary will not become a public charge or a charge upon the occupation forces, and will not engage in commercial or other unauthorized activity. These assurances must be endorsed by the respective representative missionaries.

3. Organizations which carried on missionary activities in Japan prior to the War but which have no missionaries in Japan to give assurances may send a representative who will be temporarily supported from United States Army sources on a reimbursable basis until such time as they can become self-sufficient. [Until these representatives have resided for one year in Japan the provisions of Paragraph Two above do not apply to them.] In order to clear operating missionaries for entry into Japan they must give assurances that:

B. The individual either has had prior service as a missionary in Japan or, lacking such prior service, possesses a working knowledge of spoken Japanese or is to fill a position of a technical or administrative nature not requiring such knowledge. In the event that the missionary has not had prior service in Japan, he or she must be associated directly with a person who has had one year of missionary service in Japan.

Upon completion of a year of service in Japan, operating missionaries who have entered Japan under the provisions of this paragraph may give assurances cited in paragraph two above.

4. No discrimination will be made because of sex or nationality among bona fide missionaries. Dependents of missionaries will be admitted subject to the following conditions: Children under one year of age will not be admitted. Assurance must be given by respective representative missionaries that adequate medical facilities are readily available for children under 18 years of age. Such facilities must be other than those operated by the occupation forces. The occupation forces specifically assume no obligation for the transportation to Japan, health or welfare of missionaries or their dependents. Travel to Japan will be

Representatives giving or endorsing assurances cited in paragraphs two and three should at the same time request authorization to ship food, clothing or immediate necessities required [on a space available, revenue basis.] These shipments should be sufficient to prevent the missionaries from becoming a charge upon the occupation forces and should be in addition to normal baggage and household goods. Such shipments should insofar as practicable accompany the individuals concerned. Requests will, however, be honored from duly designated representatives of various organizations and sects to authorize the shipment of additional food, clothing and other necessary supplies after the arrival of operating missionaries. Shipments may not include more than one ton of food per individual per annum. If shipment of household goods is desired, application for such shipment should be made at the time necessary assurances are given in connection with request for clearance. [Such household goods may be shipped on a space available, revenue basis.] Shipments of petroleum products, automotive maintenance supplies, prefabricated housing, motor vehicles and food (food may not exceed one ton per annum per individual as aforementioned) may be authorized [on space available, revenue basis,] provided mission boards or cooperatives are able to make individual arrangements for such shipments and for their storage or transportation after arrival. DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

STATEMENT

Christian missionaries will be cleared for entry into Japan if the following assurances can be given:

(1) that shelter adequate for their use is owned or is available for lease in Japan. (These assurances should be based on actual inspections made in Japan to determine the availability of the property involved. Assurances may not be made on the basis of property which is under requisition by the United States Army. However, upon application by appropriate representatives consideration will be given, subject to the demands of military necessity, to the return of property to its owners in order that it may be used as the basis for assurances.)

(2) that food and clothing in adequate quantities are available in Japan from the resources of the organizations supporting the missionaries for whom clearance is sought, or that arrangements will be made for the supplementary shipment to Japan of food and clothing to be used exclusively for the support of such missionaries.

An organization which has no missionaries in Japan to give the required assurances may send a representative missionary there with the understanding that the representative will be temporarily supported from United States Army sources on a reimbursable basis until he or she can become self-sufficient. Such a representative will be expected to conduct the actual inspections and surveys in Japan necessary for the provision of the assurances required in connection with the subsequent entry of operating missionaries.

When the conditions respecting shelter, food and clothing for its missionaries have been met, the organization making the required assurances (or its representative) should simultaneously request authorization to ship to Japan any food, clothing or other immediate necessities intended for the use of its missionaries. These shipments should be made in addition to the normal amounts of baggage and household goods and must be sufficient to prevent the missionaries concerned from becoming a charge upon the occupation forces. The shipments should also accompany the interested individuals in so far as that may be practicable. However, after the arrival of operating missionaries, requests will be honored from duly designated representatives of various organizations and sects to authorize the shipment of additional food, clothing and other necessary supplies. Such shipments may not ~~exceed one ton per individual per annum~~. Requests for additional special shipments which are too large for international mail will be considered on their own merits. If authorization to ship household goods is desired, the request for such authorization should be made at the time the necessary

assurances

include more than one ton of food per individual per annum.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 760050

assurances are given in connection with the request for permission to enter Japan.

Use of United States Army supplies and facilities will ordinarily be extended to operating missionaries only in cases of emergency in order to prevent extreme hardship and suffering. Such use of United States Army supplies and facilities will be extended to missionaries of any nationality on a reimbursable basis and only to the same extent and on the same basis as such privileges are available to other individuals of the same nationality. However, upon the arrival of operating missionaries in Japan minimum assistance, if necessary to prevent hardship, will be furnished them on a reimbursable basis. Transportation will be arranged for them only from the port of debarkation to the rail station nearest their ultimate destination.

It is, of course, preferable that missionaries sent to Japan at this time be persons who have previously served there. However, missionaries who have had no prior service in Japan may be cleared if they are to be associated directly with missionaries who are in Japan and who have had prior service in that country. Assurances must be given that those without prior service in Japan possess a working knowledge of spoken Japanese, or that by the nature of their work no language qualification is necessary.

No discrimination will be made among bona fide missionaries on account of sex or nationality. Dependents of missionaries will not be admitted unless they are bona fide missionaries in their own right.

Special visits by high officials in the organization or hierarchy of any church will be considered on their own merits as an exception to the policy set forth above.

Cases involving islands in the vicinity of Japan and missionaries other than Christian will be reviewed and considered on their own merits.

I am still a little concerned regarding the underlying draft letter to Colonel Lynch regarding Mrs. Wada for the following reasons:

(1) Why should Mrs. Wada have been interned?

(2) Shouldn't we in some way get the Austrian Government in on this?

I don't know who "Professor Wada" is and with only a first name I see no point in checking further. A check with DC/R (the 1930 to 1939 files alone) reveals about twenty Wadas, most of whose cases appear to be VD files. We could check with VD and FC, I suppose, but I think it would be simpler, if this request is referred to the military, to let the authorities in Japan make a check if they want one made.

Miss Smith, FC informs me she can find no record of person in her files named Wada who was repatriated to Japan and can be identified as a professor. MEW

DS 894.111/5-1047

My dear Colonel Lynch:

The Department of State has been informed that in May 1947 the branch of the International Committee of the Red Cross at Batavia, Java approached the American Consulate General there regarding the desire of one Mrs. Adrienne Franziska Wada nee Fränkel, an Austrian national, to obtain permission for herself and her son, Syoti, to enter Japan for permanent residence. The following information was submitted by Mrs. Wada:

Full name: Adrienne Franziska Wada nee Fränkel.

Place and date of birth: Vienna, September 16, 1919.

Citizenship: Austrian by birth - married to a Japanese national.

Employment: None. At present (May 1947) interned for repatriation to Germany.

Purpose of Travel to Japan: To join her husband, Professor Wada, Saichi, Tokyo, with son, Syoti, born at Surabaya on August 12, 1945.

Length of Stay: To make her home there with her husband.

Desired date of entry: As soon as possible.

Final destination in Japan: 11 Miyamoku, Tokyo.

Route and means of travel: Will pay own fare and desires to travel by Java-China-Japan Line.

The Batavia branch of the International Committee of the Red Cross concluded its letter to the Consulate General in this matter as follows: "We would be grateful if you could see your way to address the authorities immediately and get the permission cabled if possible, in order to avoid her repatriation to Germany."

It is believed that this matter should be brought to the attention of the appropriate military authorities in Japan for such action as they may deem appropriate. It would be appreciated if the Department of State could be informed of the action taken by the military authorities in Japan.

Sincerely yours,

W.F.C.

894.42700

JCS Memorandum to SWNCC (SWNCC 348/2) of April 18, 1947, "POLICY FOR THE INTERCHANGE OF PERSONS BETWEEN JAPAN AND OTHER NATIONS".

1. With reference to paragraph 2 of the memorandum, pointing out that the "rejection of requests by foreign governments" might subject SCAP to criticism by those powers, the State Member appreciates the consideration which prompted the JCS proposal, i. e., the desire to protect the Supreme Commander from unwarranted censure.

XR

2. The State Member cannot agree to the proposed amending to 4g, precluding travel to Japan for the time being, because it is felt inappropriate to place in the policy paper a limitation which is the result of a temporary condition.

3. The State Member remains of the opinion that the despatch from other countries to Japan of students, teachers and other personnel engaged in social, natural, medical or other related scientific studies, teaching or research, is a feature of the program most important in breaking down Japan's cultural isolation and furthering the process of democratization, and that the highest priority consistent with the exigencies in Japan should be given to the implementation of this part of the program.

4. For the purpose of relieving immediate pressure by other governments in this matter, the State Member is prepared to have the U. S. Member of FEC make a statement at an appropriate time to the effect that present conditions in Japan might delay the inauguration of visits to Japan under paragraph 4f, but that the program will get under way as soon as the economic situation improves and suitable facilities for food and housing are available.

5. The Department therefore proposes that SWNCC recommend to the Joint Chiefs of Staff transmittal of the attached statement to SCAP for his information and guidance together with the conclusions of SWNCC 348.

Miss Wolberg called Mr. Eichler in reference to Rangoon's telegram 393 of May 15 on the above-mentioned subject and asked whether invitations had been issued for various governments to send into Japan reparation and restitution missions. Mr. Eichler replied that SCAP had invited member governments of the FEC to send such missions to Japan. He further stated that if the Burmese Government were sending a representative to Japan in this connection, that representative would have to be accredited to the British Reparations and Restitutions Mission and would go as a member of that Mission (he said that the British were allowed 25 members on their mission). Miss Wolberg later called Mr. Eichler and cleared with him the draft of a cable to Rangoon in reply to Rangoon's 393 of May 15.

Miss Wolberg called to make inquiry regarding the above-mentioned subject. Colonel Linville stated that there is no restriction on the amount of personal effects missionaries may take with them - except, of course, that it must be within reason and the effects must be for their own personal use. He also indicated they could take up to one ton of food.

Subject: Request of Colombian Missionaries for Permission to Enter Japan.

The Honorable
The Secretary of State,
Washington, D. C.

Sir:

I have the honor to transmit herewith applications being made by six nuns from the Community of Worshippers (Comunidad de las Adoratrices) whose request for entry into Japan has been transmitted to the Embassy for the Colombian Ministry of Foreign Affairs.

In compliance with the instructions contained in Foreign Service Serial No. 667 dated January 17, 1947, (File No. 894.111/1-1747), the detailed information requested therein has been obtained and is attached in duplicate. The transmission of these applications to the Supreme Commander for the Allied Powers would be appreciated. It is understood that the Community of Worshipers has been established in Japan as a missionary organization for a number of years. The six nuns wish to depart from Colombia as soon as possible and would appreciate prompt action upon their request.

A collect telegraphic reply is respectfully requested.

Respectfully yours,

For the Chargé d'Affaires a.i.

My dear Commander Millett:

Pursuant to a telephone conversation of June 25, 1947 between Mrs. Flickinger of your office and an officer of the Department of State there are enclosed six applications for permission to enter Japan which have been submitted, respectively, by the six missionary nuns named below who are presently in Colombia:

Julia Isaza Jaramillo	Colombian national
Maria de Jesus Aguilar Gómez	Colombian national
Maria Isabel Bohórquez Morales	Colombian national
Maria del Carmen Prieto Agudelo	Colombian national
Josefina Ocampo Castaño	Colombian national
Maria Cruz de la Rosa	Spanish national

It appears that in each case the point of origin would be Bogotá, Colombia rather than Sonsón, Colombia or Celanova, Spain as indicated in the applications. It will be noted that each of the nuns wishes to obtain permission to have shipped to Japan 25 kilos of personal effects.

The six applications under reference were sent to the Department by the American Embassy at Bogotá which appears to have received them from the Colombian Ministry of Foreign Affairs. I should appreciate learning whether
