(b) Present office he holds:

3. Reason asking for approval:

As I fall under any of the following 4 facts:

(i) That the applicant is not a member of the Zaibatsu family concerned, nor a spouse, parent, son, daughter, brother or sister of any member on the same family register, nor a spouse of either of these persons.

(ii) That there was no agreement entered into between the company in whose officer's office the applicant was installed and the Zaibatsu concerned or any company directly affiliated with it necessitating a previous approval of the latter for such installation.

RECORDED UNDER 18 USC SEC. 5(E) AND 5(D) OR (E) NNOG # 775012

A formal agreement was entered into between them. However, our understanding was that the literal application of this agreement was not necessary for it was a well-established practice of our company to report to the Zaibatsu on the decisions reached at the meeting of the board of directors and to submit them to the shareholders' general meeting for consideration regardless whether such decisions obtained ex post facto approval or not.

(iii) That during the tenure of the officer's office the applicant was not empowered to act equally to no had practically the same or stronger controlling influence with the highest representative officer.

(iv) That the applicant was not holding concurrently more than 4 offices of the Zaibatsu companies affiliated with the Zaibatsu concerned.

(c) Present office he holds:

Executive Auditor

4. Reason asking for approval:

1. Details of the circumstances under which I have been installed as officers of the Japan Paper Industry Co.:

Since I entered the Yasuda Bank, Ltd., in 1910, I had been engaging in banking business for about 14 years. During that period, as I took charge of the business with the Japan Paper Industry Co., one of the customers of the bank, I became acquainted with the officers of the company.

It happened that in 1923 when Mr. Higashihara, who was at that time in charge of the accounting work of the company I was requested by them to enter the company as the chief of the accounting section. So that I took that office accepting their offer. Since that time for about 18 years I was continuously at the office of the chief of the accounting section. However, in July, 1940, in order to fill the vacancy among the officers I was recommended as director at the meeting of the board of directors on the ground that I knew well about the state of affairs in the company having been at the office for a long time, and was elected director at the shareholders' general meeting. At the same time with this installation I was installed also as the chief of the general affairs department and was in these positions for one and a half year doing company's business as ordered by the president and the executive director. However, when it happened that the full-time auditor at that time, Mr. Kiyoma Uda, was compelled to retire from the position on account of illness, I was appointed as the full-time auditor in January, 1935, by the resolution of the meeting of the board of directors for the reason that I am most fitted as his successor having been engaging in the accounting work for a long time, and since then till now I have been in this position for six years.

From the above statement it will be plainly understood that the Yasuda Hezensha was not concerned with my appointment.

II. The position and authority of the offices in which I have been installed;

For one and a half year after my assumption as director I worked as the chief of the general affairs department. During this period, however, I never attended to my business in the capacity of an officer but always attended to the duties of my office as an ordinary official. Since I was installed as full-time auditor I have always been doing only my duty as an auditing organ for the executive organ of the company. So that I have had no interest in the Yasuda Hezensha devoting myself only to the auditing work. Therefore, whether the directors of the company as the executive organ have had any relations with the Hezensha which was the central company of the Yasuda Zaivatsu or not was not my concern.

Such being the case I am convinced of the fact that it will be quite unreasonable that I am an appointee.

---

Upon graduation from the German Law Course of the Law Department of Tokyo Imperial University in 1909, he entered the service of the Yasuda Bank. After serving as manager of various branches of the bank, he was appointed director and manager of the Chugoku Railway Co., Ltd. While holding this post, he was appointed in January 1922 standing director of the Nippon Shiki Seizo K.K. (Japan Paper Appliance Mfg. Co., Ltd.), the predecessor of the Japan Paper Industry Co., Ltd., for the purpose of adjusting the affairs of the company. Even after the completion of the adjustment, he continued to hold the post of either standing director or president of that company. Meanwhile in 1931 he became a director ("Riji") of the Yasuda Hozensha (Unlimited Partnership). Upon reaching retirement age in January 1944, he resigned the presidency of the Japan Paper Industry Co., Ltd. and has been residing in his native village ever since.

Question: "In your opinion was the relation between the Nippon Shigyo and the Yasuda Hozensha less close than that between other companies bearing the Yasuda name and the Yasuda Hozensha?"

Answer: "Having fallen into management difficulties owing to stoppage of financial assistance since February 1921, the Nippon Shigyo held several creditors' meetings and in January 1922 it was decided to first reduce and then increase its capital stock with the understanding of the Industrial Bank of Japan and the Yasuda Bank, which were the largest creditors. All of its officers resigned en bloc and the selection of their successors was entrusted to Mr. Hisakira Hijikata, then Governor of the Industrial Bank of Japan, by whom Mr. Ichiro Hatoyama and I were appointed President and Standing Director, respectively, of the company. Since then up to January 1944 I served as Director (either as President, Standing Director, or Director) of the company. The Yasuda Hozensha became a large shareholder of the company as a result of having subscribed to the preferred shares which were issued as new capital then. Inasmuch as our company was an adjusted company which carried heavy losses, the assistance rendered by the Yasuda Hozensha was such that the financial relationship between the two companies was closer than that existing between the Yasuda Hozensha and other companies affiliated with it. However, our company's officers acted with a free hand with practically no direction from the Yasuda Hozensha in respect to personnel affairs and management (memorandums for approval were merely perfunctory). This was quite necessary for a company like ours which carried heavy losses, because its adjustment required speed and decision. This was a sort of a condition put up against the Hozensha by our officers who undertook the adjustment of our company. Such being the case, the relation in this respect between our company and the Hozensha was the least close among the companies affiliated with the Hozensha. Thus although our company was assisted financially, the relationship in other aspects was not close."

Question: "Has the Hozensha ever forced the enforcement of arrangements (in respect to personnel affairs) during your presidency or standing directorship of our company?"

Answer: "There was not a single instance where the Yasuda Hozensha forced the enforcement of arrangements in regard to personnel affairs during my term of office (January 1922 to January 1944)."

Question: "Do you acknowledge that there was a period during which personnel arrangements between our company and the Hozensha were faithfully carried out and also a period during which the arrangements were practically rendered a dead letter? If there were such periods, when were they?"

Answer: "Among the personnel arrangements between our company and the Hozensha, that relating to export facts reporting was comparatively faithfully carried out up to November 1925. Thereafter even this arrangement was practically rendered a dead letter, because, following our company's merger with the Tosa Kami K.K. (Tosa Paper Co., Ltd.), in that year, the former officers (President or Directors) of the merged company, who comprised half of our executive officers including Vice President (the post of President was left vacant), all held the view that in order to streamline the company's management the Hozensha, as a large shareholder, should be consulted beforehand only for the sake of courtesy in respect to important matters."

Question: "Do you acknowledge that, although written arrangements existed between our company and the Yasuda Hozensha, such arrangements were virtually a dead letter between the two parties?"

Answer: "Of course, such arrangements existed, but they were a dead letter, as I have said already. During my terms of office as Standing Director (January 1922 to January 1932) and as President (January 1942 to January 1944), among the personnel arrangements existing between our company and the Hozensha, that relating to export facts reporting was relatively faithfully carried out up to the time of the merger with the Tosa Paper Co., Ltd. (November 1925). During the other periods the arrangements were virtually a dead letter. As to matters which occurred during the period of my service as a non-executive director I do not know."

Question: "Do you acknowledge from the experience during your terms of office with our company that in the selection of our officers the candidates were nominated after consultation by the board of directors and then merely reported to the Hozensha as the large shareholder for the sake of smoothly expediting the proceedings of the shareholders' meeting?"

Answer: "In general, yes. However, I wish to speak a little more specifically in regard to the election of officers during my terms of office as Director:

1. The following persons were elected from among the officers of the Tosa Paper Co., Ltd. in accordance with the terms of the merger of that company with our company:

- (a) Kyutaro Nakauchi
- (b) Matsuji Nakauchi
- (c) Saburozaemon Nikaide
- (d) Tsunenosuke Moriki
- (e) Kiyomi Uda

- 3 -

2. The following persons were elected from within and outside the company as qualified persons for technical guidance on the initiative of our own officers:

  - (b) Kojiro Takami (Bachelor of Engineering; Graduate of Electric Engineering Course of Tokyo Imperial University; Employed by our company since 1924).
  - (c) Takahiko Wada (Bachelor of Engineering; Graduate of the Applied Chemistry Course of Kyoto Imperial University; Employed by our company since graduation in November 1922).
  - (d) Chiyoji Yashima (Graduate of the Mechanical Engineering Course of the Tohoku Technical School; Employed by our company since 1922).
3. The following persons were elected on the initiative of our company from the standpoint of sales of our products or special technical ability:
- (a) Tomeji Yamamoto (President of Hakushinsha)
  - (b) Masao Kato (Manager of Goshi Kaisha Toyo Shokai, General Agents in Japan for the British Columbia Pulp and Paper Co. of Canada, in which capacity he was well-versed in paper pulp).
  - (c) Terazo Kawaji (Formerly Managing Director of the Shikanuma Hemp Yarn Spinning Co., Ltd., who held special views on fibre products).
4. The following persons were selected from among our company's own staff:
- (a) Shikakichi Hakauchi (Employed by the Tosa Paper Co., Ltd., merged company, since 1911 and taken over by our company at the time of the merger).
  - (b) Masanosuke Doi (Employed by the Tosa Paper Co., Ltd. since 1911 and taken over by our company at the time of the merger).
  - (c) Chosaku Miura (Employed by the Tosa Paper Co., Ltd. since 1911 and taken over by our company at the time of the merger).
  - (d) Toshie Ohira (Employed by our company since 1925).
  - (e) Yoshimune Tada (Employed by our company since 1925).

- 4 -

5. The following persons were recommended by the Yasuda Bank and agreed to by our company after investigations:

- (a) Norimichi Owaki
- (b) Etsutaro Saito
- (c) Shinkichi Ikeda
- (d) Keizo Tanji
- (e) Hikotaro Yasuda
- (f) Shiro Fujisaki. "

Question: "During your terms of office as Standing Director or Director of our company did you know that there were arrangements between our company and the Yasuda Hozensha in regard to personnel matters and other controls? Or do you acknowledge that, even though such arrangements existed, they were practically a dead letter?"

Answer: "I know that there were arrangements, but at the same time it was a fact that in the case of our company these arrangements were a dead letter."

Question: "Do you think that during your terms of office as Standing Director or Director you received the impression that pressure, interference, compulsion, etc. were exerted in the negotiations between our company and the Hozensha? Or do you think that our company paid little regard to the Hozensha and acted freely without any restraint, such that in the election of our officers there was no instance where the decision of our company was changed by the Hozensha, and that it was not thought necessary to obtain the sanction of the Hozensha in respect to their election especially?"

Answer: "There was no pressure, interference or compulsion on the part of the Hozensha. There was no instance where the company's decision in respect to the election of officers was changed. As for myself, I believed it best from the standpoint of management to decide according to the company's own wishes in respect to the election of its officers."

Question: "Do you think that during your terms of office as Standing Director or Director our company was subjected to some sort of inconvenience or restraint in the selection of officers because of the arrangements with the Hozensha?"

Answer: "Our company was never subjected to any such inconvenience or restraint."

## Personal Statement

I was at first in the service of the Nihon Rayon Co, Ltd. as the technician for the production of chemical fiber, when the Toho Zinzo Sen-I ( chemical fiber ) Co, Ltd. was established in 1934 I joined as chief for the scientific section. In 1940 when the Nihon Yushi Co, Ltd. amalgamated the Toho Zinzo Sen-I Co, Ltd., the employees and the business of the latter were transferred and the chemical fiber section was newly formed and I was appointed to the manager of the Tokushima Mill. In December 1943 I was appointed to the director and acted as sub-chief of the Chemical Fiber Division. On February 18th 1945 the chemical Fiber Division was affiliated by the Teikoku Sen-I Kaisha Ltd. by the mediation of the Ministry of Commerce and Industry by this affiliation all the employees engaged in the Chemical Fiber Production were transferred to the Teikoku Sen-I Kaisha Ltd.

According to the agreement of the affiliation ( kindly refer to the documents No.1 and No.2 ) I was appointed to the director as the representative of the employees in the chemical fiber section by holding the responsible position for the Chemical Fiber Division. In August 1947 by the unanimous support by the employees of this company, I was appointed to the Junior Managing Director, responsible for the production of chemical fiber.

From the above facts my appointment was not through the recommendation by the Yasuda Zaibatsu. It is said that there was the agreement with the Yasuda Zaibatsu as to the appointment of the executive personnel, but my appointment was due to the result of the amalgamations as stated in the foregoing and was quite exceptional.

I further state that I have not been related in blood to any of the Yasuda family. By the reasons I explained in this personal statement I was not an executive personnel of the Zaibatsu at any time.

Attached documents :-

1. Report on the agreement of transfer of the Nihon Yushi Co., Ltd. Textile Division.
2. Certification, regarding my appointment to the executive personnel due to the agreement of transfer.
3. Statement relating to the executive personnel matter of the Teikoku Sen-I Kaisha Ltd.

The actual facts for the appointment of the  
executive personnels.

I firmly believe that the appointment of the executive  
personels were conducted under the conditions and circumstance as  
explained in the following:-

1. This company had the arrangement as to obtaining sanction about  
certain business matters from the Yasuda Hosensha by presenting  
memoranda, but this company, by its business nature, had been under  
the control of the military authority during the war, the matter for  
obtaining the Hosensha's sanction became the matter of formality.  
This practice had been applied also in event of appointment of an  
executive personel. Except Zengoro Yasuda, Tarino Kawaji, and  
Seiichi Iwamura who were recommended and appointed by the Yasuda  
Hosensha, all other executive personnels were selected and appointed  
on the sole reason from the business nature of the company itself  
or the technical nature, and most of whom were promoted or joined as  
the result of the negotiations for the amalgamations, consequently  
the appointment of executive personnels had become the matter to be  
decided by the company itself in the late years, and the Hosensha's  
sanction had been given without any interference, whatsoever from their  
side.

Since the year of 1941, the Hozensha's control over us became extinct not only in the monetary but also personal matters, and it isn't erroneous statement to say that the Yasuda Hozen-sha had not power of control over the appointment of executive personnels during the war time and post-war years.

On the 1st of the November 1945, the Yasuda Hozensha had cancelled the regulation regarding the obtaining sanction by presenting the memorandum from the subsidiary companies under their control. This cancellation was the result of the alteration of the article of the association passed at the general meeting held on Oct. 23rd 1945, by the members of the Yasuda Hozensha and the result had made clear regarding the abandonment of the control over the subsidiary companies, thus even in the formality for obtaining the sanction from the Yasuda Hozensha became unnecessary.

2. The regulation and principle for the appointment of the executive personnels.

This company had no written regulation and principle for the appointment of the executive personnels, but during the pre-war years the executive personnels were selected and appointed by the Yasuda Hozensha. However, from the years (1940-1941), the general opinion having become prevalent for appointing the employees to the directors and responsible positions, and moreover having been essential to appoint to the directors, the technicians with long service, and personnels with characteristic experience, because of such a reason that there was almost no adequate persons as our executive officer in the linen industry of Japan, owing to the fact that the industry was almost operated by our company. Such appointment became in the recent years the unwritten regulation and principles.

Since the year of 1931 there were 42 executive personnels, of whom:-

appointment by affiliation, or transfer, 10 personnels  
appointment by promotion from the employees, 18 personnels  
and for those above mentioned appointment, it was not necessary to obtain the sanction by memorandum from the Yasuda Hozensha prior to the appointment.

3. During the war, the business of this company was under the military control and the appointment of executive personnels was of consultative nature with the military authority, seeking their advise and sanction as the customary practice.

4. Most of the present executive personnels of this company are those who were requested to take office by the unanimous resolutions, passed at the meetings of the chiefs (of the sections and departments) and also of the representatives of the employees' trade union, when the president and other five directors had resigned in February of 1947 in accordance with the Purge Law. They were as follows:-

Chairman	Okajiro Tsukagoshi
President	Yoshihiko Sasaki
Senior Managing Director	Terizo Yamada
Junior Managing Director	Hisao Hara
" " "	Ziro Nagano
Director	Suzuma Suwa ( promoted from staff )
"	Shigeyo Imura ( " )
"	Fuku Kube ( " )

At the time of appointment, Hara and Nagano were requested to become Junior Managing Director by the employee's resolutions.

however, Yamada alone was made Junior Managing Director, and on the 20th August at the board of the directors' meeting it was decided that Yamada was appointed to Senior Managing Director, Hara, Takahashi, Nagano and Takagi to Junior Managing Director.

(23 April, 1948)

1. In view of the progress of screening at the Appointees Examination Committee, it is proposed that the time-limit, set for on the end of April, 1948, be further postponed to 31 May, 1948.

Respectfully I state that I have been notified by the publication that I would be classed as the executive personnel related to the Zaibatsu under the Clause 2, No.1 of the Article 3 of the Law for Termination of Zaibatsu Family Control, however I present this petition for your kind re-consideration with the personal statement together with the relative documents, proving that I have not been related to the Zaibatsu.

Personal statement.

I was appointed to the auditor of this company (at that time named as the Teikoku Seima Co. Ltd. ) on July 30th 1928. due to the amalgamation of the Nihon Seima Co. Ltd. by this company. The Nihon Seima Co. Ltd. after the 1st Great War and Kanto Earthquake, had fallen nearly into the fate of bankruptcy, which eventually lead to the affiliation as aforementioned. Prior to the affiliation, the Koike Bank. of which I was the auditor had undertaken to underwrite<sup>e</sup> the debentures ( Yen 2,000,000 ) issued by the Nihon Seima Co. Ltd. in order to procure the fund of redemption for the issue of debentures, the Koike Bank by the request made by the Teikoku Seima Kaisha Ltd. accepted the new shares for the new capital issue, hence to present the interest of the Koike Bank I was made the auditor of this company. ( kindly refer to the certification No.1 and No.2 )

So, my appointment was not due to the recommendation by the Yasuda Hozensha. When the chairman and five other executive personels resigned on the 25th February.1947, by the Purge Law, to fill up to the vacancies I was requested to become the chirman of this company by the recommendation of the directors and whole employees.

I have nothing related to the Yasuda Zaibatsu, and I am not related in blood to any of the Yasuda Zaibatsu Family nor Have I any relative among that family. At any time I had not any additional position related to the Yasuda Zaibatsu.

When I was non-standing auditor, I only had been in receipt of the report on business of this company from time to time.

As explained in the foregoing I was not an executive personal related to the Zaibatsu.

DECLASSIFIED BY: 11652 SEC. 5(E) AND 5(D) OR (E) NNDG # 773012

January 20th 1946.

The Teikoku Sen-I Kaisha Ltd.

1,1-chome, Nihonbashi, Muromachi,  
Chuo-ku, Tokyo.

The actual facts for the appointment of the  
executive persons.

I firmly believe that the appointment of the executive  
persons were conducted under the conditions and circumstance as  
explained in the following:-

1. This company had the arrangement as to obtaining sanction about  
certain business matters from the Yasuda Hozensha by presenting a  
memorandum, but this company, by its business nature, had been under  
the control of the military authority during the war, the matter for  
obtaining the Hozensha's sanction became the matter of formality.  
This practice had been applied also in event of appointment of an  
executive person. Except Zengoro Yasuda, Torizo Kawaji, and  
Seiichi Iwamura who were recommended and appointed by the Yasuda  
Hozensha, all other executive persons were selected and appointed  
on the sole reason from the business nature of the company itself  
or the technical nature, and most of whom were promoted or joined as  
the result of the negotiations for the amalgamations, consequently  
the appointment of executive persons had become the matter to be  
decided by the company itself in the late years, and the Hozensha's  
sanction had been given without any interference, whatsoever from their  
side.

UNCLASSIFIED IN PART UNDER SEC. 5(E) AND 5(D) OR (E) NNDG # 775012

Since the year of 1941, the Hozensha's control over us became extinct not only in the monetary but also personal matters, and it isn't erroneous statement to say that the Yasuda Hozen-sha had not power of control over the appointment of executive personels during the war time and post-war years.

On the 1st of the November 1945, the Yasuda Hozensha had cancelled the regulation regarding the obtaining sanction by presenting the memorandum from the subsidiary companies under their control.

This cancellation was the result of the alteration of the article of the association passed at the general meeting held on Oct. 23rd 1945, by the members of the Yasuda Hozensha and the result had made clear regarding the abandonment of the control over the subsidiary companies, thus even in the formality for obtaining the sanction from the Yasuda Hozensha became unnecessary.

2. The regulation and principle for the appointment of the executive personels.

This company had no <sup>i</sup>written regulation and principle for the appointment of the executive personels, but during the pre-war years the executive personels were selected and appointed by the Yasuda Hozensha. However, from the years (1940-1941), the general opinion having become prevalent for appointing the employees to the directors and responsible positions, and moreover having been essential to appoint to the directors, the technicians with long service, and personels with characteristic experience, because of such a reason that there was almost no adequate personels as our executive officer in the linen industry of Japan, owing to the fact that the industry was almost operated by our company. Such appointment became in the recent years the unwritten regulation and principles.

Since the year of 1931 there were 42 executive personels, of whom:-

appointment by affiliation, or transfer, 10 personels  
appointment by promotion from the employees, 12 personels  
and for those above mentioned appointment, it was not necessary to obtain the sanction by memorandum from the Yasuda Hozensha prior to the appointment,

3. During the war, the business of this company was under the military control and the appointment of executive personels was of consultative nature with the military authority, seeking their advise and sanction as the customary practice,

4. Most of the present executive personels of this company are those who were requested to take office by the unanimous resolutions, passed at the meetings of the chieives (of the sections and departments) and also of the representatives of the employees' trade union, when the president and other five directors had resigned in February of 1947 in accordance with the Purge Law.

They were as follows:-

Chairman	Okajiro Tsukagoshi
President	Yoshihiko Sasaki
Senior Managing Director	Torizo Yamada
Junior Managing Director	Hisao Hara
" " "	Ziro Nagano
Director	Susumu Suwa ( promoted from staff)
"	Shigeyo Imura ( " )
"	Fuku Kubo ( " )

At the time of appointment, Hara and Nagano were requested to become Junior Managing Director by the employee's resolutions,

however, Yamada alone was made Junior Managing Director, and on the 20th August at the board of the directors' meeting it was decided that Yamada was appointed to Senior Managing Director, Hara, Takahashi, Nagano and Takagi to Junior Managing Director.

His Excellency, the Prime Minister, *Misao Ueda* Katayama.

Potition: Relating to the Article 7 of the Law for Termination of Zaibatsu Family Control.

Respectfully state that I have been notified by the publication that I would be classed as the executive personal related to the Zaibatsu under the clause II, No. 1 of the Article 3 of the Law for Termination of Zaibatsu Family Control, however I present this petition for your kind re-consideration, with the attached personal statement, proving that I have not been related to the said Zaibatsu.

Personal Statement.

As I come under the regal interpretation within Clause I, from No. 1 to No. 4 of the Article 7 of the Law for Termination of Zaibatsu Family Control, as explained in the following, I do not come within the meaning of Zaibatsu executive.

1. I have not related in blood to any of the Yasuda Zaibatsu Family nor have I any relative among that family.
2. There was the arrangement relating to the appointment of directors between the Yasuda Hozensha and the Teikoku Sen-I Kaisha Ltd., but at the time of my appointment to the auditor of this company was exceptional case (then called as the Teikoku Seima Kaisha Ltd.), the reason was the result of the affiliation of Nihon Seima Kaisha, Ltd. by this company. The Nihon Seima Kaisha Ltd. after the 1st Great War and Kanto Earthquake, had fallen nearly into the fate of bankruptcy, which eventually lead to the affiliation as aforementioned. Prior to the affiliation, the Koike Bank, of which I was the auditor had undertaken to underwrite the debentures (¥2,000,000.) issued by the Nihon Seima Kaisha Ltd., in order to procure the fund of redemption for the issue of the debentures, the Koike Bank by the request made by the Teikoku Seima Kaisha Ltd. accepted the new shares for the new capital issue, hence to present the interest of the Koike Bank I was made the auditor of this company. When the chairman and five other executive directors resigned on the 26th Feb. 1947, by the Purge Law, to fill up the vacancies I was requested to become the Chairman of this company by the executive directors, whole employees and representatives of them in this company. Thus I did not join this company by the relationship with the Yasuda Zaibatsu, nor was my appointment due to their recommendation.
3. Until I was appointed to the chairman of this company on the 26th, Feb. 1947, I was non-standing auditor and had not the power in the management more than that of a ~~junior~~ director.

4. At any time I have not any additional position related to the Yasuda Zaibatsu.

The actual facts for the appointment of the executive personels.

I firmly believe that the appointment of the executive personels were conducted under the conditions and circumstance as explained in the following:-

1. This company had the arrangement as to obtaining sanction about certain business matters from the Yasuda Hozensha by presenting memorandum, but this company, by its business nature, had been under the control of the military authority during the war, the matter for obtaining the Hozensha's sanction became the matter of formality. This practice had been applied also in event of appointment of an executive personel. Except Zengoro Yasuda, Torizo Kawaji, and Seiichi Iwamura who were recommended and appointed by the Yasuda Hozensha, all other executive personels were selected and appointed on the sole reason from the business nature of the company itself or the technical nature, and most of whom were promoted or joined as the result of the negotiations for the amalgamations, consequently the appointment of executive personels had become the matter to be decided by the company itself in the late years, and the Hozensha's sanction had been given without any interference, whatsoever from their side.

DECLASSIFIED BY: 11652 SEC. 3(E) AND 3(D) OR (E) NNDG # 773012

Since the year of 1941, the Hozensha's control over us became extinct not only in the monetary but also personal matters, and it isn't erroneous statement to say that the Yasuda Hozen-sha had not power of control over the appointment of executive personels during the war time and post-war years.

On the 1st of the November 1945, the Yasuda Hozensha had cancelled the regulation regarding the obtaining sanction by presenting the memorandum from the subsidiary companies under their control.

This cancellation was the result of the alteration of the articles of the association passed at the general meeting held on Oct. 23rd 1945, by the members of the Yasuda Hozensha and the result had made clear regarding the abandonment of the control over the subsidiary companies, thus even in the formality for obtaining the sanction from the Yasuda Hozensha became unnecessary.

2. The regulation and principle for the appointment of the executive personels.

This company had no written regulation and principle for the appointment of the executive personels, but during the pre-war years the executive personels were selected and appointed by the Yasuda Hozensha. However, from the years( 1940-1941), the general opinion having become prevalent for appointing the employees to the directors and responsible positions, and moreover having been essential to appoint to the directors, the technicians with long service, and personels with characteristic experience, because of such a reason that there was almost no adequate personels as our executive officer in the linen industry of Japan, owing to the fact that the industry was almost operated by our company. Such appointment became in the recent years the unwritten regulation and principles.

Since the year of 1931 there were 42 executive personels, of whom:-

appointment by affiliation, or transfer, 10 personels  
appointment by promotion from the employees, 12 personels  
and for those above mentioned appointment, it was not necessary to obtain the sanction by memorandum from the Yasuda Hozensha prior to the appointment,

3. During the war, the business of this company was under the military control and the appointment of executive personels was of consultative nature with the military authority, seeking their advice and sanction as the customary practice,

4. Most of the present executive personels of this company are those who were requested to take office by the unanimous resolutions, passed at the meetings of the chiefs (of the sections and departments) and also of the representatives of the employees' trade union, when the president and other five directors had resigned in February of 1947 in accordance with the Purge Law.

They were as follows:-

Chairman	Okajiro Tsukagoshi
President	Yoshihiko Sasaki
Senior Managing Director	Torizo Yamada
Junior Managing Director	Hisao Hara
" " "	Ziro Nagano
Director	Susumu Suwa ( promoted from staff)
"	Shigeyo Imura ( " )
"	Fukuh Kubo ( " )

At the time of appointment, Hara and Nagano were requested to become Junior Managing Director by the employee's resolutions,

however, Yamada alone was made Junior Managing Director, and on the 20th August at the board of the directors' meeting it was decided that Yamada was appointed to Senior Managing Director, Hara, Takahashi, Nagano and Takagi to Junior Managing Director.
