Nevertheless General Von Saltza with some of the first Finnish regiment managed to get into Helsingfors from Vatlamstrand. The loyal troops did little firing that day or yesterday.

After the blowing up of the magazines, the mutineers used mortars.

The mutiny practically ended when the warships Slava and Begatry appeared in the offing at 6 o'clock last night, and after an exchange of signals with General Laimang, the commander, in Commander island, opend fire on the mutineers. Two hours later a white flag was run up at one end of the battery, but from the other end a red flag immediately appeared, followed by a fusilade of rifle, showing that the mutineers were divided into two camps and were fighting among themselves. Soon after a motor boat, believed to contain the autine received previous to the mutiny the following telegram in cipher from Sveaborg: "Prepare yourselves to receive a free fleet. We hope to find you friends and not enemies."

A reply was sent in the desired sense and chiefs were chosen from a explication of the saltors after the latter had expelled their officers.

Lydia E. Pinkham's **Degetable Compound** 

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following latter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Finkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties.

"My oldest daughter found it very beneficial for female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength. alth and strength

"I freely advocate it as a most reliable pecific in all diseases to which women are bject, and give it honest endorsement.

Women who are troubled with painful or irregular periods, bleating (or flatulence,) weakness of organs, displacements, inflammation or ulceration can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed, write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. she has guided thousands to health. Svery suffering woman should ask for nd follow her advice if she wants to be 'rong and well.

THE CASTELLANES.

The Mayor argued in favor of a gravity system. By introducing this it would be drawing a supply of two million or two million and a half gallons—the capacity supply of Fik lake. This supply would be permanent, the other was a natch work proposition.

#### THREE PROPOSALS BEING CONSIDERED

(Continued from page 1.)

Ald. Yates wanted to know what ob-lections the committee took to Mr. Adams' report on Elk lake. Ald. Fullerton—The \$300,000.

Aid. Hall pointed out that the only objection to Eik lake as suggested was that the committee had not sufficient information about the Highland district. It would cost \$400,000 to bring in additional 500,000 gallons from Elk Adams' report... Ald. Yates objected to any \$8,000 At this function

pump being installed. If the pump broke down where would the city be? Why not put in a 30-inch or 24-inch main. This would give a better pressure than any pump would give.

Ald. Yates—I say put in a main straight to the lakes, and provide for proper-distribution.

roper distribution.

Ald. Davey thought that the council appeared to be agreed on the Gold-stream water being beyond the power of the city also that there was suffi-cient water in Elk lake. The trouble with both propositions submitted is hat he were the state of the second water the second secon for a reservoir on Baid hill, in which to store 13,000,000 gallons. This would provide plenty of water for fire and domestic service. The estimate of \$50,000 seemed to him a moderate and This scheme would obviate the use of a tank on Rockland avenue and the ostly maintenance of a nump. In proposing such a scheme the city would have something that would meet all conditions. He believed in exploiting the Highland district, and thought that

million dollars.
Ald. Stewart thought the main point
in the committee's report was being
overlooked. It was this, that it provided for an expenditure of just \$8,000 that
would not enter into any other scheme and Canada.

Throughout the United States and It canada like conditions prevail and It is estimated thirty thousand employees that might be subsequently adopted. Ald, Vincent thought It queer that work or on strike. The men demand a

Ald Hall said that the water travelled now through the 12-inch main at the rate of 2 feet a second, and it was proposed that the new pump should force the water through the pipe at the rate of 4 or even 6 feet a second. As to the usefulness of a pump he men tioned that the one at North Dairy sta-tion pumped 2,000,000 gallons a day, while the 12-inch main carried only 800,000 gallons a day.

His Worship said that he had been following the discussion very closely, and had gained some very good points. Aid. Davey's scheme would not provide for water next year, and it was not a economical scheme. It called for the pumping of all water to a high level, refuding that for low levels

Ald. Vincent.—What is the difference between pumping under existing condi-tions and pumping to higher levels? His Worship said that he was arguthe organization of a shop for without them no work can be done, made a demand for a 48-bour week instead of the present 53 hours week. The hesitancy of the employers to grant the demand arose out of the fact that the shops were overwhelmed with work, and that the restrictions placed on the shops by the unions in the small number of approximately app

could retain the Highland system and

not develop it immediately.

His Worship said that he had the opinion of the city solicitor that the corporation could retain this right.

Ald. Hall doubted this, and, wondered if His Worship knew if parties were now at work endeavoring to organize a company to get rights in the Highland district.

Ald, Fell wanted to know if His Worship had the city solicite ion in writing.
His Worship said no, but he would have

His Worship was quick to take up Ald. Hall, he was willing to put up \$100 at once. Argument of the question continued for some time, when the discussion

Ald. Stewart and His Worship—Oh, no. Ald. Yates then called attention to the statement in the press that His Worship

promised water for next year. He did not think this statement coincided with the discussion of the board. His Worship Ald. Stewart took exception to

mittee. There was nothing of the kind.
A little discussion next look place between His Worship and Ald. Stewart, which ended in the latter declaring that chairman. There would either be a water

issue between Ald. He reminded the Mayor of his prewanted to know if the Mayor favor extending a main to Elk lake if

His Worship's reply was in effect that he anticipated some such question. He did not believe in throwing away Elik ake water, and his idea about Goldstream was that it could be used for power purposes. Vincent thought that some con Ald. sideration should be given Mr. Adams' report on Elk lake, and read from the report showing that pumping to a reser-

oir was recommended. His Worship—There is a weak part in Ald. Vincent-He is one of the best in

hat knows anything. Ald. Fell counselled that before definite ction was taken by the council His Vorship should carefully ascertain the owers of the council with respect to the lighland district.

Ald. Douglas then moved, that in any

ne to be submitted to the ratepayers that the estimate known as estimate P be onsidered and that the items for 3,400 ort, bringing it down to \$474,000; also mitted to the ratepayers that the estimate be presented to a competent authority in order that it be properly checked.

A decision being mutually arrived at to postpone the discussion until Monday

evening, the motion was not pushed, and the meeting adjourned at a few mint

Thursday, in reply to a question on the subject, Foreign Secretary. Grey announced that there were no longer any restrictions on foreign trade in Man-churia. The British consuls, he add-ed, will shortly be appointed to posts in Manchuria.

### New Brunswick's "Grand Old Man" comes out strongly in favor of "Fruit-a-tives."

Who has not heard of the Honorable John Costigan? He is to-day one of the most powerful, as well as one of the oldest, figures in Canadian politics. He was one of Sir John Macdonald's ablest lieutenants, and for nearly 20 years held various portfolios in the cabinet.

To-day at the age of 71, he is the idol of the electors of New Brunswick, and a power to be always reckoned with in Parliament.

His rugged eloquence—biting sarcasm—and ready repartee—make him at once the dread of his opponents and the delight of his confreres.

When a public man of the Hoa, John Costigan's position voluntarily testifies to the marvelous cure effected by "Fruit-a-tives," it is bound to carry convincing weight with the whole Canadian people.

You know what fearful trouble I have had all my life time from constipation. I have been a dreadful sufferer from chronic constipation for over thirty pears and I have been treated by many physicians and I have taken many kinds of proprietary medicines without any benefit whatever. I took a pill for a long time which was prescribed by the late Dr. C. R. Church, of Ottawa, Also for many months I took a pill prescribed by Dr. A. F. Rogers, of Ottawa. Nothing seemed to do me any good. Finally I was advised by Dr. Rogers to try "Fruit-a-tives" and aftergaking them for a few months I feel I am completely well from this horrible complaint. STAR BILL AT GRAND

Victoria's Vaudeville House Has a Programme of Great Merit This Week.

Crowded houses are the order of the day at the New Grand theatre this week. The bill is undoubtedly the best week. The bill is undoubtedly the best ever put on in Victoria, and fully equals that at a popular price show in any of the larger cities. Madam Wan-da and her trained dogs are the star-feature, and create great enthusiasm at each performance. The singing and dancing act by Laura Howe and her Dresden dells is a decided novelty. Not only is the exemple meet pretty. only is the ensemble most pretty, bu each member of the quartette is abo good playlets included in the programme. Chas. B. Taylor and con any have something new in the sketch, "At Camp Rest," and the bus ness with the "autogo" is very amu ing. The Martins also give a so what original turn in, "Harvest Tir a quologue between a down east rarm-er and a burlesque actress. Frederic Roberts, as usual, sings with ability, and his latest illustrated song, "When the Green Leaves Turn to Gold," is one of the best he has rendered re-cently. Prof. Nagp's orchestra opens the performance with Luder's "Light the performance with Luder's "Light Cavalry Charge," and the incidental music could not be in more capable

To-day and to-morrow are the last opportunities to see this star bill. Every item is good, must of them particularly so. Manager Jamieson is deserving of the hearty support he is re-ceiving. The new theatre is cool and comfortable, and the capacity has been taxed to the utmost at many per-formances this week.

In the ladiest doubles the Vancouver representatives were beaten, leaving only socal players in the field for championship honors.

The mixed doubles are proving very in-teresting. Joe Tyler and his partner, Miss Bell, won out yesterday in two straight sets, but will have a harder time-this afternoon. Whichever couple wins the match upon the result of which the personnel of their opponents rests the visitors will have worthy adversaries. To-day will see the semi-finals rein the gentlemen's singles, and the different sets will doubtless call forth a worthy exposition of high-class tennis. Joe Tyler, A. T. Goward, F. A. >
> At Juneau on the way back to Victoria with the Mariechen in tow the plaintiff demanded his pay; the three months having expired. The captain of the Salvor said he could not pay him until the vessel got to Victoria.

Cairns went on shore and consulted lawyer, and while away from the steamer the Salvor started for Victoria, eaving him behind.

The defendant company claimed that

there was desertion and refused to pay the amount claimed in wages, namely, \$200.25. with deductions amounting to about \$37.50.

In order to enforce payment the case was taken before Judge Lampman. W. Moresby represented the plaintiff in the action, and W. J. Taylor the defendant company.

the action, and W. J. Taylor the defendant company.

The judgment was given this mroning. His Honor decided in favor of the plaintiff, who was allowed \$162.75, the amount remaining after \$37.59 standing against him was deducted. His Honor held that according to the action of the second standing and the second standing and the second standing to the second standing to the second standing against him was deducted. held that according to the act the sailor was within his right in going on shore to seek legal advice. A question was raised at the trial as to whether His Honor had jurisdiction inasmuch as the claim did not really amount to \$200, the minimum amount of an action within the jurisdiction of a County court. Judge Lampman ruled against this also and decided he had

Another decision was given by Judge Another decision was given by Judge Lampman this morning. This was an appeal from the Victoria police magistrate who had convicted a local hotel man, Herson, for selling liquor to a woman who was under the Liquor Act. The woman had given a wrong name, which was the defence offered.

The appeal taken by Herson was allowed by Judge Lampman.

HON J. W. LONGLEY HERE.

Well Known Public Man and Literary Writer Is Visiting Victoria.

toria, arriving from the Mainland last evening. He is accompanied by his wife and is making his first visit to the

West. Among the public men of Can-ada, Mr. Longley occupies a very proud position. Since 1882, until a year ago, he was a member of the legislative of the province of Nova Scotia, serving as attorney-general nearly all that time in the Liberal government, which assuming power in 1884 is still in conassuming power in 1884 is still in con-

Hon. Mr. Longley has the distinction of being the only member of the inter-provincial conference of 1887 who as-sembled with the next inter-provincial But in addition to his political duties

he has always found it possible to de-

Mixed doubles—Miss M. Pitts and A. T. Goward beat Miss A. Ryan and J. B. Bell, 6-4, 6-4. Miss King and T. H. Leeming beat Miss Hobson and Judge Lamphan, 6-4, 6-6.

Consoaition gentlemen's singles—J. Leeming beat J. B. Bell, 6-4, 1-6, 6-2. In the latter series the semi-finals are being played this afternoon. Joe Tyler, of Scattle, is playing the winner of the Williams and Macrae match that was not finished at 1,30, although williams had won the first set. J. Leeming is playing S. Ryall, the Manitoba representative. The winners of these two matches will meet in the finals to-morrow.

He has always found it possible to devote considerable time to literary work. His name is among the best known in the Dominion as a magazine contributor, and perhaps no other writer in Canada has written so many mazagine articles as Hon. Mr. Longley a year ago was appointed a puisne judge of the Nova Scotia court. He is continuing his course of preparation what promises to be a very valuable political history of Canada since 1867. Already he has arranged for the first volume of this course of preparation what promises to be a very valuable political history will be exhaustive, and

when conjunes, seven volumes.

This history will be exhaustive, and the writer will lay bare many incidents and many scenes which have hitherto been concealed. It will be a full history of the political events of Canada since confederation.

On his way to the West Hon, Mr. Liongley visited the scenes connected to taking

with the Riel rebellion, and is taking advantage of matter to amiliarize himself with the scenes of which he writes. He will leave to-morrow on
