ONE MAN DEAD FOUR MISSING

FATAL FIRE IN TOWN IN OREGON

Portion of Business Section of Shaniko Destroyed—Blaze at Walla Walla

(Times Leased Wire.) Shaniko, Ore., Oct. 14.—Hardy Patton is dead and four men are unaccounted for as a result of a fire which started early this morning and partially destroyed the business district of Shaniko. The fire was still burning this forenoon. The fire started in the Dental lodging house, and in a short time the California wine house, the Silvertooth and Browders' saloons and the Wilson drug store were in flames. Other similar structures were burned also. The fire was caused by an overturned lamp. Patton arrived recently from Kichigan. Little is known concerning him. Fire in College. Walla Walla, Wash., Oct. 14.—Fire early this morning caused damage that will amount to between \$10,000 and \$15,000 at College Place, a suburb of this city, where the entire heating and lighting plant of the Walla Walla college, an Advent school, together with the laundry, was destroyed. In addition, the dormitory and college building proper, valued at \$75,000, was damaged. The fire started from the laundry, and was soon raging fiercely. Water from the artesian well saved the school. The fire department from here responded. President Caddy announced this morning it would be rebuilt. About 100 students were in the building when the fire started.

ALLEGED WHOLESALE BRIBERY AT ALBANY

Attorney Charges That Former State Senator Distributed Over \$500,000

(Times Leased Wire.) New York, Oct. 14.—The grand jury this afternoon indicted former State Senator Frank J. Gardner on the charge of offering to bribe former State Senator Poelker, now a congressman. The charge against Gardner is that he offered Poelker \$25,000 for the latter's vote against the Hughes anti-trace gambling bill. A certified copy of the indictment has been sent to Scranton, N. J., by Judge Mulqueen. Gardner was arrested at Scranton yesterday on a charge of being a fugitive from justice. Petition Opposed. Scranton, N. J., Oct. 14.—Declaring that former State Senator Frank J. Gardner of New York distributed \$500,000 or more in an effort to defeat legislation favored by Gov. Hughes, District Attorney Whitman of New York, to-day before Judge Newcombe opposed Gardner's petition for release from custody on a writ of habeas corpus.

BUSY DAY FOR COL. ROOSEVELT

Will Open Campaign in New York State by Delivering Seven Speeches

(Times Leased Wire.) Cleveland, Ohio, Oct. 14.—Colonel Roosevelt promises that his opening speech in the New York campaign which he makes at Dunkirk to-day will be very important and full of interest, not only for his own followers but for those who are opposed to him and his candidates. The colonel also expressed himself as entirely satisfied with his speech-making campaign, through Indiana, in the interest of Senator Beveridge. Roosevelt speaks to-day at Dunkirk, Jamestown, Salamanca, Wellsville, Hornell, Corning and Elmira.

FREE FIGHT IN LEGISLATURE

Trouble Follows Attempt to Remove Labor Member From House. Melbourne, Oct. 14.—A sensational occurrence is reported in the legislature of West Australia. In the midst of a stormy sitting, wherein violent language had been used, the speaker ordered a labor member to leave the chamber. As the member refused, Mr. Lightly, sergeant-at-arms, attempted to remove him. The disorderly representative furiously struck the officer and a free fight followed on the floor of the house. In the end the labor member withdrew, shouting defiance.

KILLED BY TRAIN

Vancouver, Wash., Oct. 14.—John Harvey, a prominent and wealthy citizen of Vancouver, was struck and instantly killed by the Shasta limited train while standing beside the Northern Pacific tracks a half-mile north of Felida, late yesterday. The accident took place only a few moments after he had made a remark about the danger of being on the tracks. With him at the time was J. A. Miniky, a well-known Vancouver attorney. Monday escaped death by a narrow margin, and made a vain effort to rescue his companion.

RAILWAY MEN RETURN TO WORK

BACKBONE OF FRENCH STRIKE IS BROKEN

Prominent Leaders Will Be Charged With Inciting Soldiers to Insubordination

(Times Leased Wire.) Paris, Oct. 14.—Appalled by the riots of yesterday and overawed by the determined stand and radical orders of Premier Briand, the rank and file of the strikers wavered to-day, and deserting the "syndicate," returned to work on the trains in considerable numbers. A fifth of the regular trains on the Western railroad and a fourth of those on the Northern were operated and disorder was trivial. The backbone of what promised to be the gravest industrial clash in the history of France is believed to be broken. Wearing the sashes of the reservists, the men who yesterday fought in the streets against the soldiers and police to-day manned the trains. The most loyal of the strikers gathered along the Western lines in the southern part of the city, shortly after dawn, when the first trains were started. Spasmodic attempts at violence were made. Gradually the crowds diminished and before noon trains were running practically unimpeded. Hundreds of strikers who have been thrown into jail probably will be released but their leaders will be punished. All-day soldiers and police have been taking in the more prominent of the strike agitators. They will be tried on charges of inciting soldiers to insubordination through attempts to persuade the reservists not to obey the orders to assemble and with interfering with the employees of the state railroads. In each case, the prescribed punishment is severe. According to reports traffic on all roads except the Northern and Western is normal. Premier Briand is endeavoring to bring about a peaceable settlement of the difficulties, and it is expected the remainder of the strikers will return to work within a short time. The strike leaders have been unsuccessful in their attempt to bring about a general strike of all unions of railroad employees, and their failure is the cause of much depression among the strikers.

BRITISH POLITICAL LEADERS CONFER

Exchanging Views on General Work of Parliament—Home Rule Rumors

London, Oct. 14.—The resumption of the conference on the veto question is heralded with the announcement that the conferees are engaged in the delicate task of exchanging views on the general work of the Imperial parliament. Some newspapers even get so far as to suggest that the problem of Home Rule for Ireland, England, Scotland and Wales—in other words, Home Rule all around—is engaging attention. In connection with this scheme, the press recalls the noteworthy speech of Mr. Birrell, chief secretary for Ireland, at the Eighty Club recently, when he outlined a scheme of federation for the United Kingdom, somewhat on the lines of the Canadian system of government. Earl Grey is a well-known supporter of a similar scheme. The latest statement made is that Mr. Lloyd George, the chancellor of the exchequer, is a convert to Mr. Birrell's scheme. This conclusion is probably based on a recent speech made in Wales by the chancellor, in which he referred to the time when Wales would be able to deal with her own affairs.

PROPOSED WORLD'S CONFERENCE OF CHURCHES

House of Deputies of Protestant Episcopal Convention Will Discuss Project

(Times Leased Wire.) Cincinnati, Oct. 14.—Action taken by the house of deputies of the Protestant Episcopal convention may result in the calling of a great world's conference of all churches of the Christian faith at some time in the near future. The convention now awaits the report of those to whom discussion of the project has been entrusted, and if the various committees report favorably it is likely that the entire committee will take steps to call such a conference. The matter has been placed in the hands of a committee of seven clergymen and seven laymen, who will meet with a committee of seven bishops.

GYPSIES BEAMED FOR MURDER

Colgate, Okla., Oct. 14.—A wandering band of gypsies which recently passed through Colgate are blamed for the murder of the girl whose beheaded body was found yesterday in a creek near here. The coroner's inquest held to-day returned a verdict of murder. It is believed the severed head and also one hand that were missing from the body have been hidden in a deserted mine near where the body was found, and searchers are now digging in the old tunnels in the hope of uncovering them. No identification of the body has been announced as yet.

DAN'S TIME FULLY OCCUPIED. R. Mc B.—Hi, Dan! I want to make another "announcement" about that Island Railway. D. D. M.—Ah, "forget it." Can't you see I'm busy?

PROTECTION OF PACIFIC COAST

U. S. SECRETARY OF NAVY ALIVE TO NEEDS

Defences Will Probably Be Increased as Result of Visit (Times Leased Wire.) San Francisco, Cal., Oct. 14.—Secretary Meyer of the navy is fully alive to the need of the Pacific coast for added naval defence and during his present tour he is likely to come to conclusions that will result in greater protection being given the Pacific seaboard. On his tour of all the naval stations and yards in the United States, Secretary Meyer arrived to-day at Mare Island and navy yard. To-night he will be guest of honor at the chamber of commerce banquet at the St. Francis hotel. Meyer is the first secretary of the navy to make a personal tour of all the country's great naval stations. "I am going to see for myself," said Meyer to-day. "I am aware of the needs of the Pacific coast and shall do everything in my power to build up the naval strength of this part of the country. The question of a large battleship fleet on the Pacific is one that will take time to work out. I appreciate such a need and believe that there should be such a fleet on this coast, but it is merely a question of maintenance. When we can maintain a large fleet here we shall have it." —Pacific Coast Congress.

MORE BODIES FOUND IN MINE

PITIFUL SCENES AT COLORADO COLLIERY

Rescue Parties Continue to Search Workings Wrecked by Explosion (Times Leased Wire.) Starkville, Col., Oct. 14.—Scenes of horror at the mouth of the Starkville mine, wrecked by Saturday night's explosion, were continued to-day when the rescuers brought to the surface four more mangled and unrecognizable bodies of miners. As each body was brought up, the waiting, tearful wives, mothers and sisters tried to reach the mouth of the pit in an effort to learn whether loved ones had been taken from the mine. Officials of the Colorado Fuel & Iron Company say four more corpses have been located, and probably will be brought to the surface before night. The rescuers are now trying to reach the most remote entries, where it is believed, about half of the victims perished from asphyxiation or by the aftermath.

CHINESE CONSUL-GENERAL

(Special to the Times.) Ottawa, Oct. 14.—The new Chinese consul-general for Canada, Wang Seyuen, former district magistrate in China, arrived in Ottawa to-day. Hon. Mr. Kung, former consul-general, left immediately for Vancouver.

REFUSES TO RESIGN

Cincinnati, Oct. 14.—As a result of the conditions in the police department revealed by Safety Inspector Small's investigation of graft, Cal. Paul M. Milliken was asked to resign by Mayor Schwab yesterday. He refused to do so, and said he would fight every effort to cause his removal.

LEGISLATURE TO MEET JANUARY 11

By proclamation in yesterday's issue of the Provincial Gazette the Legislature is called for the dispatch of business on January 11, 1911.

SEEKING SHARE OF STREET PAVING

RIVAL COMPANIES IN AGGRESSIVE COMPETITION

The fact that Victoria is rapidly assuming the position of one of the leading cities of the coast and embarking upon a policy of undertaking large works of local improvement, particularly in respect to streets, has attracted the attention of the leading companies on the continent who make a specialty of pavement processes. Signs are not wanting that almost immediately there will be the keenest competition on the part of such companies for a share of the large amount of work which the city council will authorize from time to time. Just at present the Worswick Paving Company seems to have a monopoly of the favor of those in authority at the city hall; and there is considerable comment to be heard at the fact that the council seems indisposed to deal fairly with the representations of rival paving concerns which would like to be given a chance to tender on civic contracts. Particularly is this the case in respect to the Columbia Bitulithic Paving Company, which, as Times readers will recall from a recent interview with the local manager, complains that it has been treated most unfairly by the council, is not being allowed to execute work despite the fact that all the owners on certain streets which were to be paved had petitioned in favor of it. The company also charges that the specifications are so drawn as to deprive from tendering all companies save the Worswick. There are some citizens who profess to be able to detect the odor of a rot in the present situation affecting the awarding of contracts for paving, and they are indisposed to tolerate anything which savors of favoritism in civic works which ought to be executed in the best possible fashion. As will be seen by advertisement appearing in this issue of the Times another new paving concern is endeavoring to make a bid for the business offering in Victoria. L. S. van Westrum, president and general manager of Westrumite, Limited, a paving concern of Brantford, Ont., has opened a temporary office in the city and is now preparing to erect a plant, either in this city or at Vancouver, for the manufacture of Westrumite, which he intends to immediately place on the market. To the Times to-day Mr. Westrum stated that Westrumite, of which he is the inventor, is an elastic, durable, dustless asphalt paving material which is laid cold without the use of special machinery, can be easily repaired and is not slippery in wet weather. It is a more expensive material than ordinary asphalt paving, being composed of high-grade Trinidad and California asphaltum in equal quantities and bound with crushed stone. At the same time the only machinery needed in laying it is a concrete-mixer. As with

UNION OFFICIAL IN TROUBLE

(Special to the Times.) Montreal, Oct. 14.—Thomas Izard, fourth vice-president of the International Union of Bricklayers and Masons, has been arrested by the high constable on a warrant charging him with having appropriated money intended for the striking bricklayers by his own use. Izard was taken to the police headquarters, but was not locked up as he was admitted to bail on the sum of \$125 to appear before Judge Lancelotti.

CHURCH WORK IN CANADA

(Special to the Times.) London, Oct. 14.—According to the Society for the Propagation of the Gospel, \$24,500 has been received in response to appeal for funds in aid of church work in Western Canada.

GALE SWEEPS COASTS OF BRITISH ISLES

One Hundred and Fifty Persons Reported to Have Perished—Number of Vessels Driven Ashore—Many Fishing Smacks Missing.

(Times Leased Wire.) London, Oct. 14.—The greatest hurricane of a decade is to-day sweeping along the English and Irish coasts, strewn them with wreckage and the bodies of ships' crews. Reports already received indicate that 150 persons have perished in the gale, which raged throughout the night and gained in violence to-day. Sixteen passengers and six members of the crew of the steamer Hatfield lost their lives when the vessel foundered in the North Sea. The steamer Crawford is missing. She was in the vicinity of Hartlepool when last sighted. It is believed she went down, carrying with her 20 men. More than twelve vessels are reported stranded on the eastern coast with decks awash and crews clinging to rigging. Great waves are sweeping in shore from Moray Firth, Scotland, to the Hull, and life savers are unable to launch their boats. Similar conditions prevail in the Irish sea and the Atlantic coast of the north coast of Ireland. Many large vessels are piled hard on the rocks of other pavings a steam-roller is, of course, necessary in rolling it. Mr. Westrum stated that his company has laid 128,000 yards of Westrumite in Brantford, Ontario, since last year, and dozens of testimonials have been received setting forth its advantages. The material, he claims, while costing about as much as any other high-grade paving mixture, has been found ultimately cheaper and more satisfactory than its rivals wherever laid.

EMPRESS OF IRELAND BREAKS RECORD

Time From Rimouski to the Mersey, Five Days, Twelve Hours and Ten Minutes

(Special to the Times.) Liverpool, Oct. 14.—The C. P. R. liner Empress of Ireland broke all records for the Canadian route, her actual steaming time from Rimouski to the Mersey being five days 12 hours 10 minutes.

NO MONEY LEFT FOR SHELDON'S CREDITORS

Warrant Issued at Montreal for Man Who Recently Disappeared (Special to the Times.) Montreal, Oct. 14.—The latest developments in the Sheldon fiasco tend to aggravate the position of those who confidently placed their cash in the hands of "the gold-maker." The assets appear to be precisely what the furniture of his house and office will realize after the amount of the mortgage of \$2,500 on his house, the legal expenses connected with the liquidation and other prior claims have been settled. The prospects for the creditors are therefore very poor unless Sheldon comes back. Sheldon's safe was empty when opened. Mr. Burnett, official guardian, is in charge of the books now and it is said that although a list of Sheldon's clients and of his liabilities to them can easily be prepared, it will be a remarkably clever man who will succeed in preparing anything like an intelligent statement showing what Sheldon has done with all the money entrusted to his keeping. A warrant has been issued to-day for Sheldon's arrest on a fraud charge issued by Burnside, his former manager.

PUSHED FROM PLATFORM OF MOVING TRAIN

Prosecutions Will Follow Inquiry Into Death of Railway Passenger (Times Leased Wire.) Boise, Idaho, Oct. 14.—Criminal prosecutions will follow the verdict of the coroner's jury at Glenn's Ferry last night which investigated the death of Edward Hager, of Lyons, Nebraska, whose body was found near the railroad tracks at King Hill, Monday. The jury returned the verdict that Hager was "deliberately pushed off the platform of a passenger car by an employee of the Oregon Short Line, while the train was in motion."

FOUR MEN KILLED IN RAILWAY WRECK

(Times Leased Wire.) Ridgeville, Ind., Oct. 14.—Four dead, four fatally injured and 14 more or less seriously injured, is the toll of a collision to-day between a freight and a work train five miles north of Ridgeville. The dead and injured are laborers riding on the work train. The trains met on the main line of the Grand Rapids and Indiana road. A confusion of orders is said to have been responsible for the wreck.

FOURTEEN INJURED IN WRECK

Cincinnati, Ohio, Oct. 14.—Secretary of the Interior Ballinger, being treated to-day for slight bruises he received when the Royal Blue limited of the Baltimore & Ohio road was wrecked near here. Fourteen persons were slightly injured, including Ballinger. The train was bound from Cincinnati to St. Louis.

CYCLONE SWEEPS CUBA

Havana, Oct. 14.—A severe cyclone is reported to have swept eastern and central Cuba early to-day. The storm centered in the province of Havana, Santa Clara, Matanzas and Pinar Del Rio. Shipping has been held in port until the weather moderates.

PROBABLY MURDERED

Chicago, Oct. 14.—The body of Walter Coles, president of the Keefe-Coles Printing Company, was found to-day in Lake Michigan. The man's forehead was gashed and his head cut. Coles had been missing for a week. It is believed he was murdered.

AVIATOR INJURED

Iowa City, Iowa, Oct. 14.—In his second flight here late yesterday in a biplane, Captain Thomas S. Heister, circled the field several times, but in making a descent the machine struck a barn, and was wrecked. Baldwin was slightly injured.

ALL-STAR'S WIN AGAIN.

Washington, Oct. 14.—The All-Stars made it four in a row by beating the Philadelphia Athletics at the American League grounds here today. The All-Stars played a better game than on the three previous occasions when they have met the All-Stars, but at last they were almost shut out, scoring only one run in the first inning. Morgan and Dygert pitched good ball for the losers, while Johnson for the All-Stars was invincible. The score: Philadelphia..... 1 1 1 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100

HIGHLANDERS DEFEAT NEW YORK GIANTS

Take Second Game of the Series—Score is Now Even

(Times Leased Wire.)

New York, Oct. 14.—The Highlanders came back at the Giants in today's game at the American League park in the post-season inter-city championship series, winning after an uphill fight, 5 to 4. It was anybody's game right up to the last, the Highlanders having one out when the winning run crossed the plate.

The New York Nationals opened in whirlwind fashion this afternoon, and with lusty clouting scored three runs in as many innings.

Neither side scored in the first inning. The Highlanders failed to tally in their half of the second. Then it happened. Murray singled and Devlin punched the leather to the far corner of the circuit, scoring Murray ahead of him.

The Americans failed again to score in the third but the Giants came back with a tally on Doyle's double and Snodgrass' single.

The Highlanders came through in the fourth, Knight walking, reached second and third on outs and scored on Mitchell's single.

The fifth, sixth and seventh showed nothing for either side.

The Giants failed to score in the eighth. In their half of this inning the Highlanders scored twice. Hemphill, the first man up, bunted. Snodgrass fumbled Chase's single, Hemphill scoring. Knight singled scoring Chase.

The Giants took the lead in their half of the ninth. A fielder's choice of Murray's grounder and Devlin's two-bagger netting one run.

The Highlanders scored in the tenth. Mitchell was hit by a pitched ball, and Austin singled. Gardner scored but Mitchell was run down between third and home. Daniels was safe on a fielder's choice. Hemphill and Chase walked, forcing Austin home with the winning run. The score:

R. H. E.
Giants..... 4 6 3
Highlanders..... 5 9 2

CIRCLES CAPITOL DOME

AT WASHINGTON

Aviator Flies Over Business Section of City—Mishap When Alighting

(Times Leased Wire.)

Washington, D. C., Oct. 14.—Public business was suspended at the Capitol today while attaches of the various bureaus rushed to the roofs or windows of the government buildings to watch Aviator Graham White in his aeroplane circle the Capitol dome. The aviator ascended at Benning's shortly before noon and, flying just above the housetops, headed straight for the building.

He sailed gracefully around the dome within shouting distance of several watchers who had climbed to the windows and then started toward the Washington monument.

White circled the business section of the city, then returned to Executive avenue and alighted as he had announced he would at the door of the executive buildings.

At 1:30 o'clock this afternoon Graham-White returned to Benning's, his speed averaging 54 miles an hour. In trying to alight at Benning's, he lost control of his machine when 50 feet above the ground and the left wing was wrecked as he struck the earth. White was considerably shaken up, but

EXTENDING CANADIAN COPYRIGHT LAW

Bill Will Be Introduced by Hon. S. Fisher at Coming Session

(Special to the Times.)

Ottawa, Oct. 14.—Hon. S. Fisher will introduce at the coming session of parliament a bill radically extending the Canadian copyright law. As a result of the agreement with the imperial government the new act will give Canada full autonomy over copyright for which the country has been asking for twenty years. Hon. Mr. Fisher's bill will prevent American publishers getting the Canadian copyright simply by securing British registration, as has been the case in the past. The intention of the bill is to give imperial reciprocity in copyright, and British copyrights will be automatically in force in Canada as heretofore.

FOUR KILLED ON CROSSING.

Schreij, Ohio, Oct. 14.—An electric car bound for Stark, travelling at a rate of 60 miles an hour, struck a touring car at a grade crossing today and killed the four occupants of the car almost instantly. The automobile was demolished.

ROBINSON'S CASH STORE

J. E. Andrews, Mgr. Phone 2190 642 Yates Street

Ottawa, Ont., Nov. 22nd, 1905.
The Warren Bituminous Paving Co., 164 Bay St., Toronto.

Gentlemen: It gives me great pleasure indeed to state that the removal of the Scoria Blocks and the replacing of them by Bitulithic on Metcalfe street has been a wonderful improvement.

My hotel, "The Windsor," is situated on the said thoroughfare and although it is a steep grade from Albert street to Wellington street and although the traffic has increased greatly since Bitulithic was put-down, we find no inconvenience, for the pavement is almost noiseless and non-slippery. Our guests complained greatly against the former pavement, "Scoria Blocks," and it was no pleasure to have these complaints continually brought to me, whereas now, nothing but praise is heard for Bitulithic pavement.

I would not for the world have things changed back again. You have only to experience the difference to find the superiority of Bitulithic over Scoria Blocks, and I also hope that the day may come when all pavement used in the city of Ottawa will be solely "Bitulithic."

Yours sincerely,
(Sgd.) JNO. GRIMES.

The Bitulithic Pavement THE BEST BY EVERY TEST.

POLICE CONTINUE SEARCH FOR DYNAMITE

Are Now Trying to Locate Mysterious Woman—Story of Plot

San Francisco, Cal., Oct. 14.—Seeking a mysterious woman believed to have been the mutual friend of the so-called J. B. Bryce and the "squinny-eyed man" called Morris, suspected of the destruction of the Los Angeles Times plant by dynamite, detectives are making a systematic search of San Francisco. They believe they are close to the possession of facts that will lead to the arrest of the dynamiters.

Information was furnished by Mrs. E. J. Ingersoll, who told the police that Bryce was brought to her home at 2656 Twentieth street, two weeks before the Times explosion, by a woman acquaintance. Bryce engaged a room and shortly was joined by the "squinny-eyed" man. One day she overheard them talking of dynamite, of possible police interference and of Los Angeles. Shortly before the night of the Times explosion Bryce left this city, but Morris remained.

Mrs. Ingersoll declared that she feared for her life and did not summon up courage to tell the police until now. She denied yesterday that she had told the police and said that the tale had been concocted by newspapermen. Detective Burns admitted yesterday afternoon that the woman's story of the plot was true and that she had been instructed to deny until the detectives could take advantage of her information without being hampered by amateur sleuths.

The woman who brought Bryce to the Ingersoll home is being sought. She undoubtedly will lead to the men wanted, provided Mrs. Ingersoll's suspicions are correct.

It was learned that J. B. Bryce occupied a room at Mrs. Ingersoll's from September 4 to September 14.—He was visited by a man giving the name of William Morris, who was also known as "Perry" and "Smitty." They claim to have been printers in Chicago. In the course of these visits Mrs. Ingersoll learned of the alleged plot. Bryce appeared to be the man in charge and received messages daily by telephone from men and women. Some of these messages were overheard by Mrs. Ingersoll and are said to have related to the purchase and shipment of dynamite at the Giant plant.

Mrs. Ingersoll is believed to have given the detectives clues regarding the method of transporting the explosives to Los Angeles, also regarding the preparation of bombs. She is said to have directed the officers to a warehouse where the men's effects were stored.

Mrs. Ingersoll's description of the men and their acquaintances tally accurately.

Manufacturers' Resolution.

New York, Oct. 14.—Resolutions condemning the International Typographical Union for its alleged responsibility for the destruction of the Los Angeles Times building, and extending sympathy to the owner, General Harrison Gray Otis, were adopted unanimously to-day by the board of governors of the National Association of Manufacturers. The resolution in part follows:

"That, whereas, the long-continued cowardly and reckless illegal determination of the International Typographical Union to destroy the business of the Times and the influence of its owner, General Harrison Gray Otis, in his efforts in behalf of the principles of industrial freedom has terminated in the destruction of the Times plant and building by dynamite, the murder of more than a score of employees of the paper and the injury of many others; and that

"Whereas, the plot contemplated the simultaneous destruction of the homes of General Otis and F. J. Zschandelaar, at no matter what sacrifice of life; the board of governors of the National Association of Manufacturers' Association adopts the following:

"This board recognizes this act of destruction of life and property as in line with the general policy of criminal unionism, as exemplified by innumerable cases of resorting to the use of dynamite to enforce the doctrine of rule and ruin, and that it places the responsibility therefor not alone upon the human tools who actually perpetrated the crime, but in due proportion upon those who in any manner foster an organization whose line of conduct leads to such results."

A telegram of condolence was sent to General Otis.

CARUSO INJURED ON STAGE.

Meets With Accident While Singing in Opera at Munich.

Munich, Oct. 14.—Enrico Caruso, the tenor, must give up all engagements for some time if he follows the instructions of his physicians.

During a performance of "La Boheme" here Wednesday night Caruso was struck on the forehead by an iron rod used in shifting scenes and rendered unconscious. His physician says the injury is so serious that Caruso must abandon his engagements for a time. The accident occurred just at the close of the first act while Caruso was bowing himself off the stage. The rod struck his forehead with terrific force. Though in severe pain, Caruso returned to the stage after recovering consciousness and finished the two remaining acts.

ROOSEVELT DENOUNCES CORRUPT POLITICIANS

Dishonest Men Must Be Driven From Office—Deals With Tariff Commission

Danville, Ill., Oct. 14.—Col. Roosevelt spoke here yesterday, his speech being one round of denunciation for "corrupt politicians and breakers of the public faith."

Referring to the bribery scandals in connection with the election of Wm. Lorimer to the United States senate, Roosevelt said:

"I don't know whether Danville legislators were among the 'jackpotters' in this case. If they were, drive them out of office. It makes no difference whether Republicans or Democrats are concerned, or who the senator is—the man must be elected to office honestly."

Tariff Commission.

Veedsburg, Ind., Oct. 14.—Declaring himself in favor of tariff commission and urging the re-election of Senator Albert J. Beveridge to the United States senate, Col. Roosevelt spoke here yesterday.

Roosevelt said that the people favor a tariff which equalizes the cost of production in this country and abroad, and in order to bring about this condition he said a tariff commission is necessary. "The difference between the cost of production here and abroad," said Roosevelt, "cannot be ascertained by dicker and log-rolling among the special interests, whom the tariff directly affects. The commission experts must determine this after examining each schedule separately."

MERGER SUIT.

St. Paul, Oct. 14.—Arguments for the railroad's in the Union Pacific merger cases closed here yesterday with the presentation of briefs by attorneys for the Southern Pacific and Harriman interests.

Frank B. Kellogg, for the government, summed up the case against the roads in an argument that lasted until late in the afternoon.

Stockholm has 100 telephones for each 1,000 inhabitants, the largest proportion of any city in the world.

EPISCOPAL RECTOR CAUSES SENSATION

Portland Divine Declines to Consider Bible as Word of God

Cincinnati, Ohio, Oct. 14.—"I have nothing to say at this time," said Rev. A. A. Morrison, rector of the Trinity church of Portland, to-day, following the action of the Protestant Episcopal house of deputies in refusing to abide by the statement that the Bible was not the word of God which was made by Dr. Morrison before the deputies a few days previous.

In his speech Rev. Dr. Morrison said that to consider the Bible as the word of God was to open up the church to criticism of thousands of people and that no-thinking man to-day considers the Bible in that light. He vigorously declared that time "has passed when the Bible is to be taken for all it has held to be."

Rev. Dr. Morrison's speech created a furor owing to the fact that he is one of the most prominent churchmen in the northwest. It caused much heated discussion among those in attendance. Matters finally were brought to a head when Rev. J. R. Winchester, of Memphis, Tenn., told the gathering in the house that he would resign his rectorship and leave the church unless Dr. Morrison's assertion was voted down officially. He offered a lengthy resolution which ended as follows:

"Resolved, that this house place itself on record as accepting the fact that the Holy Scripture as accepted by this church is without doubt the word of Almighty God."

The resolution was carried almost unanimously. A few laymen and several ministers, however, refused to take part in the proceedings. Dr. Morrison refused to speak on the resolution.

FEW DOSES PUT BAD KIDNEYS IN ORDER

Most Severe Backache, Bladder and Urinary Misery Vanishes

In all the world there is no man or woman who can afford to neglect the slightest kidney disorder for one single day.

Kidney diseases are the most dangerous, because the first signs are seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

Some of the symptoms, though, cannot be mistaken; for instance, a constant aching or misery in the back, sides or joints, or headaches and dizzy spells, nervous twitchings, disturbed sleep, inflamed or puffy eyelids, heart palpitations, rheumatic pains, weakness, bilious stomach or a feeling of languor and fatigue. Sick, unhealthy kidneys also cause thick, cloudy, offensive urine or it is full of sediment, irregular of passage and often uncontrollable or attended by a sensation of scalding.

The time to cure kidney trouble is before it settles into Diabetes, Dropsy, Gravel, or Bright's Disease. The moment you suspect the slightest kidney, bladder or urinary disorder, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere in the world, which will effect so prompt a cure. In just a few days you will feel and know that the kidneys, bladder and urinary organs are healthy, clean and normal and all danger passed.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

AUSTRALIA TO HAVE PENNY POSTAGE

Action Taken by Commonwealth Ministry—New Tax in Victoria

Melbourne, Oct. 14.—Action has been taken by the federal ministry of Australia to establish universal penny postage throughout the Commonwealth.

Victoria Finances.

The finance minister of Victoria delivered his budget speech yesterday. He announced serious decreases of revenue on account of the federal authorities taking a larger share than formerly of the customs income. "A new land tax of three farthings in the pound has been levied on unimproved land, with some small exceptions. The income tax will be increased by lessening exemptions."

Railway Commissioner.

Mr. Fitzpatrick, who was assistant commissioner of Victoria railways under Mr. Tait, has been appointed commissioner. He receives three thousand five hundred pounds per year as salary.

The Land Tax.

London, Oct. 14.—The newspapers here publish the text of a cablegram from the British Australian Society, representing the principal land companies, to Premier Fisher, protesting that the land tax is oppressively heavy, restricting the flow of capital and inducing the withdrawal of investments.

MORAL REFORM.

Big Party of Clergy making Tour of the Kootenays.

In all about twenty towns are to be visited by a group of Presbyterian evangelists in the interests of moral and social reform, including Fernie, Cranbrook, Nelson, Trail, Rossland, Grand Forks, Revelstoke and Golden. The meetings start to-day, and will conclude early in December.

Among the special workers taking part are Rev. Robert Atkinson, Chesley; Rev. William Beattie, Cobourg; Rev. R. E. Knowles, Galt; Rev. Wm. Paterson, D.D.; Rev. B. P. Thornton, Colborne; H. M. Brown, Buffalo; G. Knight, Bathurst, N. S. W.; W. J. McBreney, Toronto; Robert Symers, Hamilton, and W. W. Weaver, Toronto. Rev. F. A. Robinson will accompany the workers as secretary and director of campaigns.

It is expected that F. W. Anderson, Toronto; Principal McKay of Westminster Hall, Vancouver; Dr. J. G. Shearer and Rev. R. J. Wilson will assist in the conduct of institutes which will be held at the close of the campaign in most of the important centres.

SELLING AGENTS: The DAILY TIMES is on sale at the following places in Victoria: Army & Navy Cigar Store, cor. Government and Bastion.

ESQUIMALT PROBLEMS: The people of Esquimalt seem to be at the parting of the ways. The difficulty they have to consider is what course they shall take.

residents. It will be for her to wrestle with this problem, but it is hoped that the decision which is arrived at will be one which will be in the line of progress.

IN REGARD TO RECIPROCIITY.

The government of the United States has expressed a wish to meet representatives of the Canadian Government with a view to the arrangement of a reciprocity treaty by which each country shall make certain trade concessions to the other.

There are a great many commodities which could well be placed on the free list to the advantage of either side. These commodities affect different interests in different parts of the country.

Sir Wilfrid Laurier and the other members of the government have a hundred times assured the people of Canada that nothing will be done which will endanger the British preference.

There is to-day a general outcry against the high prices of commodities. It is recognized that we are paying more than we ought for much of our food and other things used in the house.

There are several proposals at present under consideration. One of these is for the district to be divided into three parts for the installation of sewerage systems.

That Esquimalt would find it an advantage to adopt the municipal system goes almost without saying. Take the municipality of Oak Bay as an example.

Work of John Burns: Mr. John Burns, who has shown such ability and assiduity in the work of the great department of state over which he presides, is entitled to view with some complacency the facts set forth in the annual report of the local

FILTHY FISH.

Pure food is one of the most important subjects for the people to consider. It is a necessity to health. It is of course the duty of the province or of the municipality to see that the people are protected in this matter.

The illiterate voters: A British government inquiry as to the illiterate vote has brought out some facts and figures that may well afford food for thought.

Mr. Gordon Henderson, one of Ottawa's most promising barristers, has been awarded recognition of his talents by Toronto university.

General regret will be felt at the news that T. P. O'Connor is not to visit Victoria. There is one consolation, however.

THE MOTHER'S CRY: The wind is calling, calling you, I hear it through all the trees.

The quarterly meeting of the board of trade is in progress this afternoon. It is understood that arrangements will be made for appointing a delegation to wait on Sir Thomas Shaughnessy, president of the C. P. R., during his visit here next week.

Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, accompanied by C. R. Hosmer, an eastern capitalist, and a director of the road, are due to arrive in Vancouver on Sunday evening, and are expected here the following Tuesday or Wednesday. Sir Thomas is making a trip of inspection over the entire system and will spend a day in Victoria.

Owing to the early date of the reception to be given Miss Millar by the Women's Canadian Club, which takes place to-morrow evening, October 15th, at 8:30 in the Alexandra Club rooms, members who do not receive printed cards of invitation are requested to excuse the omission, and be present at the lecture, "Vote For Women," which will be given by Miss Millar. Light refreshments will be served at the close and an admission fee of 25 cents charged.

CHANGES AT DIARID.

Pioneer Hostelry Has New Proprietor—Will Be Remodelled.

E. A. Weldon, recently manager of the Terminal City Club, at Vancouver, yesterday formally took charge of the Diarid hotel. Victoria's pioneer hostelry, having been under the lease held by Harry Hemming.

The Diarid will in the near future be run on the European plan, the present dining room is to be cut up into stores along the Broad street front of the hotel, and a spacious, well furnished and well decorated grill room is to be installed toward the rear of the building at the east of the main entrance. Two main rooms divided by light arches as well as three semi-private smaller rooms will constitute the grill room. At present the kitchen is some distance removed, and this defect in the present plan will be remedied when the new grill room is ready. The barroom is also to be moved, being restored to the room adjoining the main entrance. It is likely that there will also be some changes in the office and corridor. The writing room will be removed upstairs, the large drawing room being partitioned to allow of a writing room being installed there.

Sabbath eve services will be held in the Synagogue this evening at 7.30, when Rabbi Zelsler will preach and lecture as usual. Members and the public are invited to be present.

An inquest will be held this afternoon by the coroner, Dr. Hart, on the body of the young man Ferrario, who drowned off the entrance to the harbor two months ago, which was recovered yesterday afternoon.

Twelve candidates have for the past few days been writing at the government buildings the examinations for certificates of competency as fourth class and eighth class certificated as boiler engineers. These examinations are quarterly events.

Harvest home services were held at Sidney church last evening. The church, which is a new one, was very beautifully decorated with wild flowers. The sermon was preached by Rev. W. Baugh Allen, rural dean of Victoria, and the offerings amounted to \$29, which was given to the building fund.

Now that the creosote plant is again in working order rapid progress on the laying of the blocks on the Douglas street pavement is being made. The pavement will be extended as far as Pandora avenue, when the block laying on Yates street between Douglas and Blanchard streets will be undertaken for the remainder of the block. The street work from Pandora avenue to Fleguard street will be commenced.

A crowded house witnessed the first performance here of "The Goddess of Liberty" at the Victoria theatre last night and was liberally with applause. A number of pretty scenic effects were introduced, the rain in the second scene being novel and effective. The company was headed by Joseph Howard, who soon became a favorite, and all his songs were encored. Several catchy numbers were rendered in the course of the performance, and were all well received.

W. E. Marchant, deputy registrar of the County court, acting in the matter of the Mechanics Lien Act, and in the matter of the examination of the case of Henry McHugh and Elliott and Hendricksen and Henry Rowe Sellick vs. Henry McHugh and Elliott and Hendricksen, is calling for tenders up to and including the 18th day of October, 1910, for the purchase of lot 10, block 2, subdivision of block A, section 7, Victoria district, according to map 882 filed in the land registry office, Victoria, B. C., together with the dwelling house and all buildings thereon. All tenders must be accompanied with a certified cheque for one-fourth of the amount of the tender.

Intending candidates for the cadetships at the new Canadian Naval Academy must make application to the secretary of the civil service commission at Ottawa, November 6th is the date set for the examinations, which will be held at Victoria, Halifax, Yarmouth, Sydney, Charlottetown, St. John, Fredericton, Moncton, Quebec, Sherbrook, Montreal, Ottawa, Kingston, Toronto, Hamilton, Winnipeg, Brandon, Regina, Saskatoon, Calgary, Edmonton, Nelson and Vancouver. It was at first intended to admit to the examination boys between the ages of 14 and 16 only, but it has since been decided to admit boys who will on the 1st of January next be no more than 17 years old. The examination is one which any advanced high school student should be able to take easily.

CHIEF JUSTICE'S FATHER DEAD

JOHN HOWARD HUNTER HAD NOTABLE CAREER

Wrote Several Valuable Treatises on Law—Was Inspector of Insurance

Word reached the city yesterday of the death at Toronto on October 6th of John Howard Hunter, K. C., father of Chief Justice Hunter, of Victoria. The deceased gentleman had been ill only a few days and his death was quite unexpected.

The Chief Justice only received word of his father's serious condition on Wednesday, October 5. He was presiding judge at the assizes, hearing the Allan case, and therefore it was impossible for him to proceed immediately to Toronto. On the conclusion of the case, however, he at once left for the east. Unfortunately he was not able to reach his old home in time to see his father before he died. The Toronto Globe, in its issue of Friday last, had the following in its connection with the death, which occurred last evening about 9:45 o'clock at his residence, 82 St. Mary street, this city, of Mr. John Howard Hunter, K. C., Inspector of Insurance under the Ontario Government.

Mr. Hunter was in his office until Thursday of last week, but went home that afternoon feeling ill, and was carried off by pneumonia, although he had appeared to be enjoying his usual health. He was seventy-two years of age.

Mr. Hunter is survived by his wife, four sons and three daughters. The eldest son is Mr. Justice Gordon Hunter, Chief Justice of British Columbia. The other sons are W. H. Captain A. T. and John H., all of Toronto, the last being the youngest of the family. The daughters are Miss Annie, Mrs. Margaret McFarlane, and Miss Grace. Mrs. McFarlane's winter residence is in New York.

Born at Brandon, Ireland, on 23rd December, 1838, the son of the late William Hunter and his wife, Charlotte Howard, Mr. Hunter removed to Canada when about seventeen years of age, settling near Galt, where he taught school. Then he became headmaster of the Grammar School at Beamsville. Then in 1865 of the united Grammar and Public Schools at Dundas, and in 1871 of St. Catharines Grammar School, which under him became a Collegiate Institute.

In 1874 he accepted the charge as principal of the Provincial Institute for the Blind at Brantford, where he remained until appointed in 1881 Inspector of Insurance, removing then to Toronto.

He studied for two years in Queen's University, Ireland, prior to coming to this country. In 1861 he was graduated with the degree of B. A. from the University of Toronto, and in the following year received his M. A. Besides contributing frequently to periodical literature, he published a pamphlet on the "Upper Canada College Question" in 1868, and a "Manual of Insurance Law" in 1881, and wrote several articles for "Picturesque Canada." In 1882 he was selected to edit a set of "Royal Readers" for the Public Schools. He drew up a number of the most important statutes on Insurance and Company Law, and was associated with his sons, W. H. and A. T. Hunter, in the authorship of treatises on Insurance and Real Property Law, which have been highly commended in English law journals, as well as Canadian.

Mr. Hunter married in 1862 Miss Annie, daughter of the late John Gordon, of Inverness, Scotland. He was not in any sense a society man, preferring, when not in his office, to be at home. He was an Anglican, attending St. Paul's church, and in politics a life-long Liberal.

Chief Justice Hunter is on the train on his way to Toronto, but it is hardly expected that he can arrive until after the funeral, which has been provisionally arranged to take place privately on Saturday. The rest of the family were all present by his bedside at the last.

JAMES BAY FIFTEEN TO MEET VICTORIA

First Club Match Takes Place Tomorrow Afternoon at the Oak Bay Park at 3 o'clock

How the Rugby players of Victoria will form up for the championship matches this season will be gathered to-morrow when the first club match takes place on the Oak Bay park ground between the Victoria and the James Bay fifteens.

season. Both have played in practice games against other players and among themselves. The James Bay club last night met and selected a fifteen to play against Victoria, and for a first season game is trying out some players who have not been used before.

Thomas Bellis, a native of Mold, who was leading an expedition in South America for a British exploration company, met a tragic death. He and his party were captured, and he was devoured by an alligator.

BURNS MATCHED WITH LANGFORD

MUST MEET ETHIOPIAN WITHIN FIVE MONTHS

Fight Arranged by Promoter McIntosh to Take Place in London

Portland, Ore., Oct. 14.—Tommy Burns, former champion heavyweight, to-day received a cablegram from Promoter Hugh McIntosh in London, to prepare to fight Sam Langford within five months at London. It is to be a twenty round go. Burns said that he will be ready to take on the Ethiopian in that time. He said that McIntosh holds both his contract and that of Langford also. He declined to state the sum which he will receive for the meeting with Langford.

"I'll be ready alright by March or April," said Burns, who is here playing a theatrical engagement. "My leg, which was hurt, while playing lacrosse in British Columbia recently, is rapidly mending. Otherwise I am in pretty fit condition to-day and with a bit of exercise will be ready when the gong sounds."

REFEREE'S ACTION UPHOLD BY LEAGUE

Two Second Division Games Reduced to One Hour Each To-morrow

The suspension of Barber, of the Empress soccer team, by the football executive last week, came before the meeting of the Victoria and District Association Football League held last night at the Sweeney emporium, but the action of the league was not altered, in fact it was again upheld. The matter came up on a letter from the Empress club of which Barber is a member, protesting the suspension. The football executive having already passed on the matter held the letter to be out of order.

The discussion that arose when the letter was read was really no discussion at all, for all speakers were of the one opinion that the referees who report on the games and report players for infractions of the rules must be supported, otherwise the game is apt to get out of hand. The delegates agreed that the referee has charge of the game, that players have no right to talk to the referee, or to protest his decisions.

Applications for transfer were granted to several players. The second division games between Victoria West and Beacon Hill to-morrow afternoon, originally to be played at Oak Bay, will take place at Beacon Hill at 3.30. The Baraca-Fifth Regiment match will take place directly after. Each game will be reduced to one hour of play, the second game taking place at 3.30. This action is due to a scarcity of playing grounds.

AUTO RACER KILLED.
Crushed to Death When Big Car Turns Turtle.

Amarillo, Texas, Oct. 14.—L. H. Skaggs, of Deatur, Ill., was instantly killed yesterday when the ninety horse power Simplex car that he was driving in a 30-mile automobile race turned turtle. As his car swept around a curve of the course one of the inner wheels was crushed and the car turned completely over, crushing Skaggs under it.

SOCCER TEAMS FOR TO-MORROW

CHOICES MADE BY CLUB COMMITTEES

Eight Matches in Two Divisions for Fourth Day Play in City League Schedules

The fourth day's play in the soccer schedule for the seniors and second division leagues takes place to-morrow when four matches in each league will be played.

J. B. A. A., the leading team of the senior division, is matched against Esquimalt at Oak Bay park, and Victoria West, the second team in the championship running, plays the Foresters at Royal park. These are the two most important matches and both Esquimalt and the Foresters are putting their best elevens in the field, in the hope of pulling the two leaders down a couple of points in the score.

The teams selected last night by the various selection committees to represent the clubs engaged to-morrow are as follows:

Beacon Hill against Victoria West, second division: Goal, Robertson; fullbacks, Grieg (Capt.), Wales; halves, Barber, Dilger, Petch; forwards, James, O'Rourke, Thomas, Kerry, Morton.

The following team will represent Oak Bay in the second division match against the Garrison, at Work Point grounds, at 3 p. m. to-morrow: Goal, H. Paterson; fullbacks, E. Macdonald and C. Macdonald; halfbacks, McCloud, Malcolm and Creed; forwards, McInnis, Toulney, Nason, Ferris, Winsby.

All players are requested to take the car leaving town at 2:10 from Government and Yates street.

The Esquimalt first division team line-up against James Bay is as follows: Goal, Foster; fullbacks, Isbesher and Cunningham; halfbacks, Malcolm, Duffy (Capt.), Crawford; forwards, E. Sheriff, Jasper, Slater, Thomas and Riffe. Reserves, Mitchell and T. Brigham.

The second division Esquimalt eleven will be represented by: Goal, J. McArthur; fullbacks, S. Stewart, R. Mowat; halfbacks, Sea, Sherville and Young; forwards, Thomas, Williams (Capt.), Woodby, Bolton and Ford. Reserves, R. Stewart and E. Bolton.

The following will represent the Fifth Regiment in their game at Beacon Hill against the Baraca team: Goal, Kroeger; fullbacks, Denham and J. Main; halfbacks, Varney, Hobson, Whittle (Capt.); forwards, W. Main, T. Mair, Richardson, Smith and W. Mair.

BAN JOHNSON TAKES SOME DRASTIC STEPS

Splendid Advertising for Automobile Factory—Cobb and La Joie Each Offered New Machine

(Times Leased Wire.) Chicago, Oct. 14.—Unless Manager O'Connor of the St. Louis Browns reports fully on the recent games between Cleveland and St. Louis within 24 hours and unless Third Baseman Corridor of the St. Louis team is able to satisfactorily explain the charges that he deliberately allowed Larry Lajole's bunts to go as hits last Sunday, both will be expelled from organized baseball, according to a report made by President Johnson of the American League, to-day.

President Johnson announced he would complete his investigation within a day or two, but would not give a decision until next week. Johnson is ignoring the figures sent out by Detroit fans that purport to show Cobb leads Lajole by one point, which if accepted would be an admission that Lajole's hits last Sunday were on the square.

The automobile concern, whose prize of an automobile indirectly caused all the rumpus, has offered to give both Lajole and Cobb machines. Johnson declined to commit himself on the proposition until he had completed his investigation.

MISS COMBE GETS IN GOLF FINALS

Meets Mrs. Griggs in Northwest Championship at Tacoma Links To-day

At Tacoma yesterday in the Pacific Northwest golf tournament, Miss Combe, of Victoria, succeeded in defeating Mrs. Jones, of Tacoma, 7 up and 6 to play in the semi-finals, and to-day is playing Mrs. Everett G. Griggs in the finals for the ladies' championship of the Northwest.

In the semi-finals Mrs. Griggs beat Miss Combe, but the latter defeating Mrs. Jones remained the only other lady in to play Mrs. Griggs for the final.

In the men's events H. S. Griggs, Tacoma, beat Hughes, Spokane, 2 up and 1 to play; Kerr, Seattle, defeated Beaney, Prevoat, McDiarmid, Bailey,

Russel, Tacoma, beat Burns, Vancouver, 5 up and 4 to play; MacLay, Portland, beat Vantuyt, Seattle, 5 up and 4 to play.

Almost any flower can be bleached white by exposure to the fumes of sulphur.

The McLaughlin Buick Car Still Leads

MR. ERNEST G. MAYNARD, 916 Park Boulevard, Victoria, writes the following: Western Motor Supply Co., Victoria, B. C.: Gentlemen:—I have driven my McLaughlin Buick Car continuously since May 14th, 1909, covering OVER 15,000 MILES, and during this period my repairs and replacement account has only been \$7.00, for one spark plug and one spring. My car is running as well now as when I purchased it. I have travelled over some of the roughest roads on this island, also been over the Summit several times, and still running on the same tires I got with the car. I feel safe in saying it is the BEST CAR ON THE MARKET FOR THE MONEY. This is only one of the many unsolicited testimonials that have been received. Better come in and let us demonstrate one for you.

DECLARE HIGHER RATES NECESSARY

Presidents of U. S. Railways Say Legislation Has Increased Expenses

Washington, D. C., Oct. 13.—Two presidents of great American railroad systems yesterday testified before the Interstate commerce commission concerning the proposed advance in freight rates in eastern trunk line territory.

The witnesses were President Daniel L. Willard, of the Baltimore & Ohio Railroad Company, and President W. C. Brown, of the New York Central lines. Both argued for the advance.

President Brown declared the improvement of railroad property so as to furnish adequate transportation facilities could be accomplished only through the increase of the freight rates. Under present conditions, he said, it had been shown to be impossible to obtain the money necessary to make proposed improvements, and he apprehended that the impossibility would continue until such time as the railroads were able to secure what he regarded as an adequate return on investments.

"Our expenses have been increased during the last five years by legislation," said President Willard. "The act regarding the hours of labor and the employers' liability act, to neither one of which I am opposed, have added to the cost of operating railroads."

Mr. Willard expressed the opinion that the stockholders of the Baltimore & Ohio were entitled to not less than six per cent.

WE ALWAYS HAVE SUCH A JOLLY TIME

SLEEP-WALKER IN A TRAIN.

A boy about fifteen years of age, who was being taken by his mother to school in England, was sleeping in the Paris-Calais boat express the other night when he suddenly got up and walked into the corridor of the carriage. A few minutes later he was seen to open a door and disappear. The alarm was given, and the train, which was travelling at 60 miles an hour, was pulled up.

A search was made along the line, and to the surprise of everyone the boy was found hurrying along the permanent way in the direction of the train with no injuries except a few bruises on his knees and a cut on his forehead. The accident was due to the boy's walking in his sleep. The journey was resumed and the boy and his mother crossed to Dover, the boy little the worse for his experience.

Ten ships, each a centry or more old, still are in active service in the Danish mercantile marine.

NOTICE

Notice is hereby given that I intend to apply to the Board of Licensing Commissioners for the City of Victoria at its next sitting for a transfer of the license now held by me to sell wines and liquors, by the bottle, on the premises situated upon the southeast corner of Douglas and Johnson streets, in the City of Victoria from myself to J. H. Pickard.

FRED CARNE
Victoria, B. C., October 13, 1910.

NOTICE

Notice is hereby given that I intend to apply at the next sitting of the Board of Licensing Commissioners of the City of Victoria for a transfer of the liquor license now in the name of John Berryman, in respect of the Teutonia Saloon, situated at Nos. 222 Government street, Victoria, B. C. to Charles P. LeVere. Dated this 11th day of October, 1910. ELIZABETH BERRYMAN, Executrix of the Estate of John Berryman, Deceased.

THREAT TO DESTROY SPANISH LEGATION

Consul-General at New York Receives Letter and is Guarded by Detectives

New York, Oct. 14.—Emilio Periera, consul-general of Spain, stationed here, received a letter yesterday threatening the consulate with destruction by dynamite.

"I fear trouble," said Periera, who has been through the Carlist troubles on the French frontier, "and the man who touches me will be shot down."

The consul carries a revolver and is guarded by detectives.

"I don't think there will be a revolution in Spain," he continued. "The army and navy are loyal. Spain has had experience as a republic and did not like it."

JEWISH COLONISTS IN PALESTINE

Population Has Now Increased to Over 100,000—Twenty-Five Settlements Established.

Berlin, Oct. 14.—A report prepared by the executive committee of the International Zionist League gives details of the movement for promoting the settlement of Jewish colonists in Palestine as an instalment of the complete Zionist programme of an autonomous Jewish state in the Holy Land. During the last twenty years 35 different Jewish settlements have been established. They cover approximately 46,000 acres of land and the settlers are for the most part occupied in agricultural occupations.

The Jews of Jerusalem, who numbered 20 years ago barely 13,000, and formed little more than one-third of the population, now number 60,000 and form two-thirds of the population, while the Jewish population of Palestine has increased from 30,000 in 1890 to more than 100,000 in 1910. One of the most powerful agencies which has worked for the colonization of Palestine by the Jews is the Jewish Colonization Co., founded by the late Baron Hirsch, which has at its disposal the annual interest of an invested capital of \$125,000,000.

The Alliance Israelite conducts and finances numerous schools in Palestine. The Zionists maintain in Palestine three different banks with an aggregate capital of approximately \$2,000,000, which are extremely useful in advancing money to Jewish colonists starting life in a new country and under new conditions. The Zionists also operate with a fund called the national fund, amounting to approximately \$500,000, which is employed to acquire land for the Jewish colonists and to build public institutions for their benefit.

The activity of the Zionists in Palestine is likely to exercise an important influence on the developments of the Holy Land. The Zionists are in danger of becoming involved in the political rivalries of European powers, because it so happens that the great majority of the Jews who have settled in Palestine speak German, so that by a natural process they are to a certain extent promoting German trade. Germany, therefore, views the colonization of Palestine by Jews speaking German with great favor.

HOW TO DESTROY THE DANDRUFF GERM

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist and specialist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. This prescription can be made up at home, or any chemist will put it up for you: 6 ozs. Bay Rum, 2 ozs. Lavona de Composee, 1 dr. Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add half a teaspoonful of Toilet Perfume, which unites perfectly with the other ingredients. This preparation is not a dye, but is unequalled for promoting a growth of new hair, and for restoring gray hair to its original color.

Be sure to ask the druggist for all the enclosures in the Lavona de Composee package. One of them entitles you to a handsome free sprinker top for your hair tonic bottle and you are also entitled to receive the free advice of an expert on the hair by simply writing to the address you will find enclosed in the carton.

CAUTION—Do not apply where hair is not desired, and be sure to avoid tonsils containing poisonous wood alcohol.

COTTON BILL OF LADING.

New York, Oct. 14.—A move towards the settlement of the differences now existing between European and American bankers over the cotton bill of lading was taken at a conference here yesterday, when American bankers, aided by American interests and cotton carriers, recommended the formation of a guaranty company to validate cotton bills at the cost of six to seven cents a bale.

No action to organize the proposed guaranty company has yet been taken, and it is considered likely that opposition will be made on the part of the American cotton exporters.

The plan suggested is recognized as a decided concession by the European bankers, who have been represented at recent conferences with New York bankers by Sir Edward K. Holden, chairman of the London City and Midland Bank.

BREAD AND MEAT

FOOTBALL MATCH

The employees of P. Burns & Company this morning issued a challenge to play any other business team in Victoria a soccer match, and the challenge has been accepted by the Bakers Limited employees.

The game will be played on Thanksgiving Day, on a ground to be selected. H. Skuce, who is to receive the replies to the bakers' challenge, will be notified to-day of the bakers' acceptance.

The Vancouver club also claims that it was entitled to two games on the same rules as the Minto cup is played, and holds up to ridicule the plan of going so far east to play only one match.

SEASON'S WORK OF THE W. C. T. MISSION

Splendid Work is Being Done by Local Charitable Organization

Mrs. Kaye, the matron, at a well-attended meeting yesterday afternoon of the W. C. T. U. mission, gave a short verbal report of the work done during the month in the mission, in the course of which she said that every room was occupied and that more beds could be used, as men had frequently to be sent away. Many men had been helped and some of these had paid for assistance given when they had earned money. There was an immediate need of warm bedding, quilts especially being needed. The religious meetings were fairly attended, but more workers were needed. There were not many men out of work at present.

It was resolved to appeal to friends of the mission for quilts, and Mrs. Bromley-Jubb consented to take charge of the prayer meeting on the last Wednesday of the month.

While there was reading matter enough at the mission for the present the committee appointed to supply outgoing ships with magazines and other literature have not any on hand. Contributions for this purpose will be thankfully received by Miss Copeland, 1822 Quadra street, or Mrs. Wright, Esquimalt.

Mrs. Wm. Grant reported that after the expenses of the refreshment tent a fair was paid there was a balance in hand of \$162. From the bazaar held in the Congregational Church Mrs. Johnson reported the ladies had cleared \$280.50.

The invitation of Mrs. Scowcroft to meet at her home on LisCOVERY street on the fourth Thursday of this month was accepted with thanks.

At this meeting the plan of work for the year will be discussed and Mrs. Bromley-Jubb will address the ladies, giving an account of work done in England by the Mothers' clubs.

RAISING THE MAINE.

Work to Be Completed by February 15th.

Beverly, Mass., Oct. 14.—President Taft has finally approved the plans for raising the wreck of the battleship Maine, which calls for the completion of the work on or before the thirtieth anniversary of the destruction of the war vessel, on February 15th next. The work is to be done according to the plans made by army engineers and to be under the direction of an engineer officer. President Taft believes that the paramount question is the determining for all time the cause of the explosion. He has invited Spain to send a representative to be present during the work of exposing the wreck.

Flowers which are shipped long distances in refrigerators remain fresh much longer than ordinarily, the cold retarding their development.

Recent tests of the interior temperature of the earth, under Prussian government auspices, indicate that it rises one degree Fahrenheit for each fifty-four feet that the earth's crust is penetrated.

NOTICES IN YESTERDAY'S PROVINCIAL GAZETTE

A Number of Appointments—Extra-Provincial Companies Registered

Notice of the following appointments is given in yesterday's issue of the Provincial Gazette: George Gardiner, Fife of Port Kells and F. N. Daniels of Sgymour Arm, as Justices of the peace; and E. J. McDougall, Vancouver; C. L. Fillmore, Vancouver; J. W. Edmunds, Penticton, as notaries public.

The provincial registrar of joint stock companies announces the licensing extra-provincial of the Anchor Investment Co. Ltd.; the Canadian-British Insulated Co. Ltd.; The Crescent Manufacturing Co. Ltd.; Empire Lumber Co. and General Appraisal Company have been registered extra-provincial; and the following incorporated under the British Columbia Companies Act: Canadian Northern Estate Co. Ltd.; Co-operative Realty & Financial Corporation, Ltd.; Equitable Investment Co. Ltd.; and Street, McRae & Lumsden, Ltd.

His Honor the Lieutenant-Governor-in-Council has accepted the commission heretofore held by S. J. Gibbs, of Lillooet, as one of His Majesty's Justices of the peace.

According to information in the attorney-general's department, Mr. Gibbs had recently before him in his capacity as Justice, a case in which a resident of the district was charged with an infraction of the liquor law. The defendant pleaded guilty; but instead of imposing a fine (the minimum penalty being \$100) the magistrate assumed the responsibility of permitting him to go with a severe warning against further offending. Under the circumstances Attorney-General Bowers requested his resignation. Upon its receipt it was forthwith accepted.

HOW TO DESTROY THE DANDRUFF GERM

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist and specialist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. This prescription can be made up at home, or any chemist will put it up for you: 6 ozs. Bay Rum, 2 ozs. Lavona de Composee, 1 dr. Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add half a teaspoonful of Toilet Perfume, which unites perfectly with the other ingredients. This preparation is not a dye, but is unequalled for promoting a growth of new hair, and for restoring gray hair to its original color.

Be sure to ask the druggist for all the enclosures in the Lavona de Composee package. One of them entitles you to a handsome free sprinker top for your hair tonic bottle and you are also entitled to receive the free advice of an expert on the hair by simply writing to the address you will find enclosed in the carton.

CAUTION—Do not apply where hair is not desired, and be sure to avoid tonsils containing poisonous wood alcohol.

The weather of the year past in the Old Country has been the worst since 1842. This is the gist of the Astronomer Royal's report. As a start, the report points out that the mean temperature of the year was 48 degrees—one degree below the average for the previous sixty-five years. There were 1,567 hours of bright sunshine, although the sun is above the horizon for 4,458 hours in the year. June, 1909, was the coldest June on record. The rainfall, too, 1909 averaged 27.7 inches, being 1.60 inches greater than the average for the sixty-five years past. The number of rainy days was 192, the highest for many years.

SPORT NOTES.

James Findley, manager of the Vancouver amateur lacrosse team that went east to try and lift the Mann cup, has entered a protest against the Young Toronto team, in which it is alleged that the winners played three professionals.

A special meeting of the V. A. C. and the B. C. A. A. U. has been called in Vancouver for Wednesday night next to go into the matter and have a square deal obtained for the B. C. representatives.

The protest was made against the three professionals before the game was played but was ignored by the officials in the east. If the V. A. C. makes a good case before the B. C. A. A. U. the latter will take the matter up with the C. A. A. U.

The Vancouver club also claims that it was entitled to two games on the same rules as the Minto cup is played, and holds up to ridicule the plan of going so far east to play only one match.

Philadelphia, Oct. 14.—That the demand for seats for the world's championship baseball games has broken all records and that at least \$70,000 has been returned to applicants for tickets whose orders could not be filled, is the announcement of the national commission having charge of the distribution of seats for the first two games of the series to be played here. In spite of the official announcement that no applications for seats made later than last Saturday would be considered, hundreds have since been struggling in. Every precaution is being taken to keep tickets away from the scalpers.

Chicago, Oct. 14.—Helms Zimmerman, who is playing second base for the Chicago cubs, since Johnny Evers was injured, is certainly making himself "strange" with the fans, and if good luck follows him through the world's series, there is no telling what kind of a strange hold Zimmerman will get on the baseball world. Since Evers' injury Zimmerman has been believing the goods all round. His batting has been better than Evers', and his fielding has been about as errorless. In the first seven games that he played as Evers' substitute, Zimmerman batted at a .515 clip, and he has since given the fans small reason to think Evers' absence will be such an awful blow after all, except for "inside baseball."

SOCIAL AND PERSONAL

L. W. Shatford left for Vancouver last night.
 R. F. Butchart has gone over to Vancouver on business.
 H. G. Wilson left on the Charmer last night for Vancouver.
 Mrs. William Orlove, Nanaimo, is visiting friends in this city.
 J. Kingham went over to Vancouver on a business trip last night.
 Mr. and Mrs. Sydney Child are spending a few days in Vancouver.
 D. G. Williams went over to the Terminal city on the Charmer last night.
 G. H. Dawson crossed over to the Terminal city last night on the Charmer.
 W. E. Naichtrieb has returned to this city after spending several days in Nanaimo.
 F. H. Clendenning, assistant general freight agent of the C. P. R., visited this city yesterday.
 Mrs. Austin Oliver and little son, Nanaimo, are visiting Mrs. Oliver's father, Admiral's road.
 Marshall Gordon, who has gone east on a business trip, will probably visit Cuba before returning.
 W. C. Bowles, general freight agent for the C. P. R., returned to Vancouver last night on the Charmer.
 Mrs. George Booth has returned to her home in Cumberland after a pleasant visit with friends here.
 Aid. A. G. Sargison returned from a business trip to the Terminal city yesterday on the Princess Charlotte.
 D. C. McDonald was among the passengers on last night's steamer for the Terminal city.
 Major and Mrs. Dean, Miss Dean and Mr. and Mrs. Aline W. Sholto-Wilkes are new comers to Victoria from England.
 Mrs. R. Steele, Carry street, received yesterday afternoon for the first time this season and will be at home to her friends on the second Thursday of each month.
 Miss English and Mrs. Foster are visiting friends in Vancouver, and were guests at a recent at home given by Mrs. R. H. C. Green, in honor of W. S. Grant, of Winnipeg, who is her guest.
 Charles S. Buxton, an ex-vice president of Ruskin college, England, and one of the presidents of Darwin board of trade, is here to make a study of trade and labor conditions. He is a man of wide and varied experience.
 Mr. and Mrs. McKelvie, whose marriage took place recently in Vancouver, have purchased a new home on St. Andrew's street, James Bay, and will remove there next week. At present they are occupying a house on the corner of Menzies and Niagara streets.
 Mr. and Mrs. J. Roberts, who have been spending the last two weeks as the guests of Mrs. Roberts' parents, Mr. and Mrs. H. H. Nash, Battery street, are leaving to-day for Vancouver, where they will spend a few days visiting friends before returning to their home in McLeod, Alta.
 Mrs. Duncan Ross received yesterday at her pretty home, 1221 Richardson street, and will be at home during the season on the second Thursday of the month. Mrs. Ross received her many guests in a most becoming gown and her rooms were very prettily decorated with autumn foliage and flowers.
 Mrs. T. W. Paterson and Mrs. Richard McBride have both very kindly consented to be present at the tea and bazaar to be given next Wednesday afternoon, the 19th instant, in the Aged Woman's Home. These annual at homes are a very popular institution among the ladies of Victoria who have always shown themselves willing to aid with their presence and patronage the efforts of the board of management to brighten the lonely lives of the inmates. Mrs. Simon Leiser will preside.

NEW IDEAS IN Artistic Brassware

Our windows are reflecting many beautiful designs in Brassware, including hammered, polished and rubbed effects. These consist of desk sets, jardinières, compotes, etc. But we would particularly draw your attention to a special design in sherbet cans. These are glass lined. Prices exceptionally moderate.

Challoner & Mitchell Co., Ltd.
 JEWELLERS,
 1917 Government St., Victoria, B.C.

THE NOVEMBER SMART SET

Mrs. Helen R. Martin contributes the complete novel, "Half Gods," to the November number of the Smart Set. Mrs. Martin, who is the author of "The Crossways," and "Tillie a Mennonite Maid," has written a story of a small city in Pennsylvania, where is seen in miniature the life of the metropolis.
 Viola Burhans' story, "A Second Chance," is one of the features of this number. It is full of exquisite character drawing. Mary Glasscock's, "The Black Reach," is a story with a foothold motif. S. F. Stevenson's "Back" is a tale of a South African native uprising. "A Dinner Table Story," by Helen Talbot Kummer, is a tale of mystery and adventure in the South American tropical forests. "An Emergency Ration," by Imperia McIntyre; "The City Editor," by Newton A. Fuesole; "The Sin of Lum Shee," by Melville Chater; "The Kindly Flame," by Harold Eyre; and "The Hermit of Males," by Francis Hartkna Snow, are all stories of more than usual merit. Richard Le Gallienne contributes a poem to this number — "Rose Garland."
 A humorous essay on "Airshipping," a good one act play by Rod Cooper Mesrue, book and theatrical reviews, and verse and clever sketches by Arthur Stringer, Charles Hanson Towne, Ruth Sawyer, Theodosia Garrison, Harold Sussman and others, together with the continuation of E. Phillips Oppenheim's latest novel, "Havoc," also appear in this issue.
 Pretty paper shades for electric light 25c. each. Made in artistic designs in green, yellow and red. Mission style lamp shades 25c., others at 10c. and 15c., at R. A. Brown & Co., 1302 Douglas St.

MISS ETHEL LAWSON

over a table of useful and fancy articles. Mrs. Vincent and Mrs. Goodacre will have charge of the candy booth. The refreshments will be in charge of Mrs. Caine, sr., and Mrs. Scowcroft. Mrs. William Grant and Mrs. Gould will sell cut flowers and potted plants, and Mrs. McTavish and the Misses McTavish will look after the decorating.

A pretty wedding took place on Wednesday evening at the home of the bride's parents, Alderman and Mrs. Bishop, John street, when their youngest daughter, Miss Clara A. Bishop, was married to Mr. Robert Evans, of Duncan. Rev. Mr. Wainwright, of the First Baptist church, performed the ceremony. Miss C. Collinson was bridesmaid, and the flower girls were Miss Doris and Clara Allen, nieces of the bride. The groom was supported by his cousin, Mr. J. Evans, of Duncan.

On Monday evening an enjoyable birthday party was given at the residence of Mrs. A. Hill, Burns avenue, in honor of her youngest daughter, Violet. Many of her young friends were present, among them being Miss B. Bennet, Miss V. Speed, Miss V. Grabel, Miss E. Cheseman, Miss M. Kerby, Miss R. Munro, Miss E. Munro, Miss E. Bull, and Messrs. H. Mellish, C. Fern, R. Tod, O. Speed, T. Bull, E. Kéan, S. Clair, Stevinson, Ritchie and others.

The Young Ladies' Club of the Metropolitan church, met on Wednesday evening at the home of Miss Goodacre, Pandora street, when the casts were assigned for the "Temple of Fame" entertainment which will be given by the members of the club about the first of December. The committee in charge of the arrangements are: Miss Ada Spencer, president; Miss Sarah Spencer, Miss Jones, Miss Foxall and Violet. This energetic club is also working hard to get ready for a bazaar which will be held the second week in November.

Mrs. Renolds was at home to a great many friends yesterday afternoon at the pretty residence on Fairfield road. The hostess welcomed her guests wearing a pretty grey silk gown touched with black. Receiving with her was her sister, Miss James, in a dainty black and white dress. Mrs. Grahame poured tea, and Mrs. Christie served the loaves. The rooms throughout were very artistically decorated with trails of ivy and a profusion of white and yellow chrysanthemums. Among the many present were noticed: Mrs. Arbuthnot, Mrs. McDiarmid, Mrs. D. C. Reid, Mrs. McQuarrie, Mrs. J. T. Reid, Mrs. Marvyn, Mrs. Buckley, Mrs. R. J. Robertson, Mrs. Robert Scott, Mrs. Bell and a number of others.

Mrs. F. M. McGregor held her post-nuptial reception on Wednesday afternoon and evening in her pretty new home, "Craig Royston," 3031 Grahame street, welcoming her guests in her wedding dress of cream satin. She was assisted in receiving by Miss Jean MacDonald and Miss Jean McGregor wearing their pretty bridesmaids' frocks of pale blue crepe de chene. The drawing room was artistically decorated by Miss Violet Cameron with sweet peas and roses and the tea room in gold and green color scheme, carried out with a profusion of yellow chrysanthemums. Assisting with the refreshments were the Misses Florence MacDonald and Majorie Hurst in dainty dresses. A great many friends called on the popular young bride.

A quiet but very smart wedding was solemnized in St. Andrew's Episcopal church, at Sidney, B. C., on Wednesday last, October 5th inst., Rev. J. W. Flinton officiating. The contracting parties were Miss Georgina R. Brethour, fourth daughter of Henry Brethour, and Mr. George E. Boughton, son of the firm of Powis & Boughton, Vancouver. The church was beautifully decorated by friends of the bride with white daisies and arches of clematis. The bride wore a tailor-made costume of navy blue serge, with a beaver hat to match, and carried a white prayer book. She was given away by her father. After the ceremony Mr. and Mrs. Boughton left in a motor for Victoria, amidst a shower of confetti and the good wishes of their friends. After leaving the Eastern and Southern streets they will make their home in Vancouver.

Semi-ready Tailoring

The Clothes You Will Buy Some Day

Why Not Do it Now?

Semi-ready clothes will fill your every desire—whether you want conventional, quiet tailoring, or clothes which evidence the advance note in fashion.

Coupled with finer craftsmanship there is true harmony in every contour of each garment.

"Semi-ready" means something better—for we carefully avoid anything that is cheap and risky. We seek the trade of he who knows the worthiness of really good value.

Semi-Ready Wardrobe Sale

Owing to a serious error in buying, we are overloaded with RAINCOATS, AUTO COATS, DRIVING ULSTERS, RAGLAN ULSTERS, etc. These coats must be sold, and sold quickly, as we need the money and the room. Every Overcoat and Raincoat in this immense stock is reduced to bargain prices.

Don't Miss This Chance to Save Money on Your New Raincoat and Overcoat

- \$10.00 Overcoats and Raincoats, now \$ 7.75
- 12.00 Overcoats and Raincoats, now 9.75
- 15.00 Overcoats and Raincoats, now 12.75
- 18.00 Overcoats and Raincoats, now 15.75
- 20.00 Overcoats and Raincoats, now 17.75
- 25.00 Overcoats and Raincoats, now 22.75
- 30.00 Overcoats and Raincoats, now 27.75
- 35.00 Overcoats and Raincoats, now 32.75

All these Coats are new, stylish and strictly up to date, and we can show you all styles from a "Eureka-Stanley Duplex Collar" to a "Slip-On" Raincoat.

**All Goods are Marked in Plain Figures
All Goods Strictly as Advertised**

Fall stock of Underwear, Shirts, Pyjamas, Gloves, Umbrellas, Knitted Vests, Hats, Caps, etc., now complete. See our display before buying as we have the largest stock, best assortment and most up to date goods in British Columbia.

It's "Three and a Tiger" that we feel like when we look carefully into the perfections of Semi-ready Clothes.

This season the models will arouse your enthusiasm just as they have ours.

High-class tailoring, with the full purpose behind of satisfying you—are some of the minor causes behind the huge growth of the "Semi-ready" way of today in tailoring.

Remember—it is tailoring—and tailoring "better than the best tailor's best"—at savings which accrue to organization and system.

PACIFIC METALS COMPANY, LIMITED

Capital \$250,000. \$1 Per Share.

Shareholders' General Meeting Held October 4, 1910.

Very Satisfactory Results From First Year's Operations

The second general meeting of the shareholders of the Pacific Metals Company, Limited, was held at the company's office, Law Chambers, Bastion street, Victoria, on Oct. 4, 1910. A majority of all the stock subscribed for was represented and considerable enthusiasm shown when the results of the work done since the organization of the company one year ago were fully set forth in the president's and general manager's reports. The following named gentlemen were elected directors for the ensuing year: Alvo von Alvensleben, Vancouver; Harold M. Daly, Vancouver; J. Herrick McGregor, Walter Walker, Phillip Odham, C. Arthur Rea, and Wm. M. Brewer, of Victoria. On Tuesday, October 11th, the directors met and elected the following officers for the ensuing year: President, Wm. W. Brewer, M. E.; vice-president, Alvo von Alvensleben; secretary, C. Arthur Rea; Treasurer, R. F. Taylor; general manager, J. L. Parker, M. E. From the report of the president to the shareholders and the report of the general manager to the directors, the following facts appear:

PROPERTIES BONDED.

comprising six full claims and a fraction situated on Prince of Wales Island, Alaska, and the Red Wing group, comprising five full claims and a fraction situated at Goose Bay, Observatory Inlet, B. C.

Dean Group.

Geology—The ore occurs at the contact of limestone and igneous rocks in a garnetiferous gangue, the ore bearing zone being about 60 feet wide.

Ore bodies—In this zone three ore bodies have been partially developed, two to a depth of 80 feet with strong indications of continuity downwards one being 8 feet thick, the other 12 feet thick, while the third has been drilled on at 35 feet below the surface where it shows a thickness of 4 feet. Between the first mentioned and the third ore body garnetite 24 feet wide, carrying bunches of chalcopyrite was cross-cut at 55 feet below the surface.

Assay values—From hammer and mill samples the average values of the two first named ore bodies are: gold, \$3.00; silver, 25 cents; copper, \$86 per cent, or a gross value figuring copper at 125 cents per lb. of \$25.50 per ton. The estimated tonnage above the 30-foot level of the two ore bodies, without taking the mineralized garnetite into consideration, is 3,000 tons of above average value.

Profits—Figuring on mining at \$3.50 per ton, freight and treatment at \$4.00 per ton and allowing for deductions made by smelters, this ore would yield a profit of \$10 per ton, or a total profit for ore estimated at present time of \$30,000.00.

Red Wing Group. Geology—The ore occurs in a fissure nearly 100 feet wide at one place, in a dioritic schist.

Ore bodies—Rich ore occurs in ribs in an oxidized gangue almost at right angles to the mineralized material that fills the wide fissure. Assays—The following were obtained from the ore in place:

Gold, \$1.20; copper, 9.5 per cent.

Gold, \$1.20; silver, 2.5 oz.; copper, 3.33 per cent.

Gold, \$1.60; silver, 4.8 oz.; copper, 7.5 per cent.

Gold, \$1.40; silver, 5 oz.; copper, 9.2 per cent.

From ore from slide that had broken off from main ore body:

Gold, \$3.20; silver, 11.5 oz.; copper, 16.4 per cent.

Gold, \$4.00; silver, 11.9 oz.; copper, 19.7 per cent.

Tonnage—As development work was only started in September last, it is impossible to make any estimate, but as drifting is now being done on the vein from bench No. 2, about 90 feet below bench No. 3, the work will prove the values in ore at that depth.

Finances from President's Report.

There still remains in the treasury 106,500 shares of the capital stock and on September 15, when the books were audited there was a balance on hand in the Merchants' Bank of Canada, Victoria, and also a balance in the Royal Bank of Canada, Prince Rupert, sufficient to provide for all payments as they fall due on the contract for

A Tonic-Stimulant

The active business man, the brain worker, and all this class of people could not stand the constant strain on their brain and nerves were it not for the timely use of a pure, gentle, invigorating tonic.

Duffy's Pure Malt Whiskey

It has been extolled throughout the world for what it has done for suffering humanity. Its success in curing disease has caused many unreliable dealers to put up substitutes and imitations, with which to fool the people, claiming that their substitutes are "just as good as Duffy's Pure Malt Whiskey," but they are thinking of their profits only. Insist on the genuine. Sold in SEALED BOTTLES ONLY. All druggists, grocers and liquor merchants, or direct, \$1.50 a large bottle. Medical booklet and doctor's advice free. The Duffy Malt Whiskey Co., Rochester, N. Y.

What Other People Think

THEY WERE ANXIOUS THAT THE "PEOPLE OF VICTORIA SHOULD NOT BE MISLED."

To the Editor:—The city of Victoria is represented by a Conservative in the Dominion House and by four Conservatives in the provincial legislature. The Ottawa member was elected by means of a forged telegram, and the four local members secured their election by giving a solemn undertaking, published over their own signatures (the undertaking by Premier McBride being in a separate document), that unless certain definite promises were carried out in respect to railway construction they would resign. The reason given for the publication of this undertaking was (as expressed in their pledge): "In order that the people of Victoria shall not be misled."

In the name of all that is decent and honorable, is there on record anywhere an instance of a greater piece of mockery? The pre-election promises have not been fulfilled, the promised resignations have been averted for a considerable period, and there is nothing tangible in sight yet of either resignations or railway construction.

The methods employed at both the last Dominion and provincial elections to win success for the Conservative party in Victoria will surely prove to be costly to them in the long run.

If the Conservative party in Victoria do not realize that they have a reputation to redeem, there can be no doubt that the

MISS CAMPBELL IN THE SEMI-FINALS

Chicago, Oct. 14.—Miss Dorothy Campbell, of Hamilton, Ont., will meet Florence Harvey in the semi-finals of the women's national golf cup match here to-day. Miss Hyde, champion of New York, will be pitted against Mrs. G. M. Martin, of Tavistock, England, in another round of the semi-finals.

FASCINATING HAIR

Women Who Use Parisian Sage Have It and Keep It

You never saw a beautiful woman who didn't have beautiful hair. The charm of a beautiful woman lies in her hair.

Many women do not realize the attractions they possess because they do not give proper attention to the hair.

The women of Paris are famed for their beauty, not because their facial features are superior to those of other women, but because they know how to keep young by supplying vigor, lustre and strength to the hair.

Up to three years ago Parisian Sage could hardly be obtained in Canada. But now this delightful hair restorer can be had in every town in Canada. D. E. Campbell sells it in Victoria for 50 cents a large bottle, and he guarantees it to grow beautiful, luxuriant hair; to turn dull, lifeless hair into lustrous hair; to stop falling hair; to stop itching of the scalp. Understand D. E. Campbell will give you your money back if it fails. Made only in Canada by Groux Mfg. Co., Fort Erie, Ont. The girl with the Auburn hair is on every bottle.

At 2:30 o'clock yesterday afternoon the funeral of the late Maria Angela, the infant daughter of Mr. and Mrs. Messerschmidt, took place from the family residence, 1058 Yates street. Rev. H. A. Carson conducted an appropriate child's service at the house and read the services for the dead at the graveside. Many sympathizing friends were present and the floral tributes presented were numerous and beautiful.

Thirty-four telephones with two switchboards are used in New York's newest theatre, nine of the instruments being on the stage alone.

Paving Problem Solved

Westrumite Asphalt Pavement

THE STANDARD OF MODERN PAVEMENTS AT MODERATE COST

Manufactured from the best Natural Asphalts that have proven successful in the paving industry during the past thirty years.

NEVER SLIPPERY SIMPLE TO REPAIR MOST SANITARY

No special machinery necessary to apply it. Any contractor can construct city or country roads. Most efficient asphaltic cement on the market; elastic, durable, dustless. The popularity of Westrumite Asphalt is well illustrated by the fact that towns which four years ago laid a street or two, now have as many as twenty or twenty-two streets paved with this material.

Westrumite Limited, Brantford, Ont.

MODERN, CHEMICAL, ODORLESS. No water or sewerage required. R. HARRIS & CO. 721 YATES STREET, VICTORIA. 708 COLUMBIA STREET, NEW WESTMINSTER.

people of Victoria at large realize that at least the city has a reputation to redeem, and that when the first occasion offers they will manifest their views in no uncertain manner. No community of respectable citizens can afford to allow criminal and dishonorable practices to play a permanent part in their public affairs, and we are convinced that the independent and right-minded electors, irrespective of party, will set their mark of disapproval on the criminal and discreditable methods that have characterized the last two elections in this city and show to the world that such practices will not be tolerated in Victoria. T. R. E.

To the Editor:—The newspapers full of athletics, and one "athlete" fails in carrying 100 lbs. of flour from the Fountain to the 4-Mile House without stopping! In 1869 individual Yale Indians, six

after day, packed 500 lbs. over a rugged mountain trail, and for miles beyond. A harder effort is on the five-mile steady ascent up Toad mountain from Nelson. The regular pack there, of an Indian chief I knew, was 50 lbs. and a wicked addition of 20 lbs. thereto on one occasion did not seem to bother him. My grandfather's running jump on the level, in Scotland, was easily 24 feet, and in my own boyhood two farmers in the parish could cover more than 25 feet. At the age of 35 with a fighting weight of 25 lbs. I myself, as a bit of common exercise, could jump into and out of a deep barrel without touching its sides. Whence, then, is the poor showing of these flat-bottomed, long-legged colossals, whose comparative failure is recorded in your columns, as it was experienced lately by "Pelatt's Queen's Own" in trying to keep up with British "Tomnies" on the march? I fancy the climate has a good deal to do with it, which about 7,500,000 are in North America. The native American soldiers in the great civil war showed, generally, inferior physical stamina. GILBERT MALCOLM SPROAT.

According to recent statistics there are about 4,000,000 telephones in the world, of which about 7,500,000 are in North America.

Nature implanted in the Coffee berry all the ingredients to produce a healthful, invigorating drink. In

SCHOONER JESSIE IS NOW HOMEWARD BOUND

Local Sealer Reports From Aka-tan, Alaska, With 878 Skins Taken in Behring

Richard Hall and A. J. Beitel, owners of the sealing schooner Jessie, Capt. George Heater, yesterday afternoon received the gratifying news that the vessel arrived at Aukatan, Alaska, October 4th, and is now homeward bound with 878 skins, making her catch for the season 1,110 skins, one of the largest taken in several seasons by a local schooner.

The Jessie, which sailed on December 15th, last year, was delayed for some time at Port Simpson. On her way north Capt. Munro, who had charge of the schooner, was taken sick, and the Jessie put into the Skeena river port. Capt. Munro was brought to this city and died after a lingering illness.

The Jessie, which had a crew of white hunters, was brought down from Skagway by Capt. Folger. On arrival at Victoria Capt. Heater took charge and sailed for the West Coast and shipped an Indian crew.

Capt. Heater had considerable trouble getting the Jessie away to the Behring Sea, but she finally sailed on May 30th. Since that time she had not been reported until a cablegram, dated at Aukatan, October 4th, was received announcing her profitable catch.

Four other schooners, the Umbra, Eva Marie, Thomas F. Bayard and Pescawia, are still hunting in the North.

TIDAL WAVE.

Galveston, Tex., Oct. 14.—The steamer Misa reports a tidal wave in the Gulf of Mexico.

A hurricane is raging in the Yucatan channel, its course is toward the coasts of Louisiana and Mississippi. No deaths were reported.

FORMER VICTORIAN INVENTS FOGOMETER

Capt. W. J. Smith Father of Instrument to Determine Position in Fog

Capt. W. J. Smith, once a resident of this city and now principal of the Seattle Nautical school, Maritime building, Seattle, has sent to the shipping reporter of the Times a circular describing the "Fogometer," an ingenious contrivance patented by Mr. Smith this year and designed to discover the true position of a vessel within the range of combined submarine or air signals and wireless during dense fog.

The fogometer can only be used where it is possible to receive submarine bell or foghorn signals simultaneously with wireless warning, as the position of the vessel is approximated chiefly through calculations of the difference between the sound, which travels 1,123 feet a second, and the wireless waves, which travel at the velocity of light, i. e., 186,330 miles a second. A table shows that if the sound signal is received two seconds after the wireless signal the ship is 1.5 miles from the point of enunciation. With the formula for discovering the distance travelled by the wireless and sound waves the "Fogometer," a triangular ruler arrangement, allows of the vessel's position being determined on a chart drawn to any scale. The "Fogometer" has been favorably commented upon by nautical experts, and it is quite probable that its use will in time become general.

Seven steamships have been chartered by the Bates & Chesborough company for service on the Seattle, San Francisco and Panama route in opposition to the Pacific Mail company. Four of the vessels will run from Puget Sound and the remaining three will not come further north than San Francisco. The collier Leelanaw, well-known in this port, is reported among the vessels chartered.

BRAVES CONSEQUENCES OF DEFYING COURTS

Japanese Captain Who Ignored Habeas Corpus Proceedings Returns to Port

Capt. Ishikawa, master of the Japanese liner Awa Maru, was within reach of British law for several hours yesterday while the N. Y. K. liner was discharging at the outer wharf, but although he defied a court order when last here and sailed away with sixteen British subjects whose release was sought through habeas corpus proceedings the heavy hand of retribution did not fall on his shoulder.

The Awa Maru was here on her last outward trip early in August and was considerably delayed by an accident in her engine room. While she lay at the outer wharf Sunday, a local Hindu doctor, discovered that sixteen of his countrymen were being deported on the steamship from Seattle, solely on account of the fact, according to an affidavit which he filed, that they were Mohammedans and believers in polygamy. Fred Peters, K. C., secured an order nisi from Judge Lampman demanding that Capt. Ishikawa appear in court and show cause why the men should not be released, but acting on the advice of counsel, it is believed, the Japanese master disregarded the court's mandate and sailed for Yokohama.

On the waterfront considerable speculation has been indulged in regarding the possibilities of developments while the Awa Maru was in port but it now appears evident that no action will be taken against the captain.

MOVEMENT OF VESSELS

Tacoma—Arrived: Str. Mexican from San Francisco. Sailed: Str. Governor for Sound ports.

FIVE NEW N. Y. K. LINERS COMING

FIRST TWO ORDERED FOR EARLY DELIVERY

Japanese Company to Have Quintette of 6,000-Ton Steamships Running Here

Japanese exchanges received by the N. Y. K. liner Awa Maru, which reached port yesterday, state that the Nippon Yusen Kaisha has decided to replace the steamships employed on the service from the Orient to Victoria and Puget Sound with new vessels. No particulars have yet been made public but it is known that the company has already ordered two steamships of 6,000 tons and a speed of 15 knots from the Mitsui-Bishi and Kawasaki dockyards. The Kobe Herald explains the general improvement of Japanese steamship services which have lately been announced as the result of changes in the Deep Sea Navigation Protection Law, under which the companies are subsidized by the Nippon government. It says:

"Owing to the revision of the Deep Sea Navigation Protection Law, the N. Y. K. Mitsui Bussan Kaisha and other big firms are busy weeding out all old steamers of between 4,000 tons and 6,000 tons. After making due investigations, the Mitsui Bussan Kaisha has already ordered some English ship-building yards to construct four cargo steamers of 3,000 tons for the purpose of using them in the direction of Shanghai, Hongkong and India, the contracts stipulating that delivery shall be made prior to the enforcement of the new tariff in July, next year. The N. Y. K. will decide how to get rid of their old vessels, the Asahi states, on the return home of Mr. Iwanaga, the manager of the Kaisha, who is now in England. So far, the Kaisha has decided to replace their steamers on the American service with new ones. For this purpose, they have decided to order the Kawasaki dockyard and Mitsui Bishi dockyard each to construct a steamer of 6,000 tons and 12 knots, respectively."

The N. Y. K. has at present five steamships on the service between the Orient, Victoria and Puget Sound. Of these the Awa Maru, Inaba Maru and Tamba Maru ply between Hongkong and Seattle, calling at five way ports and the remaining two, the Sado Maru and Kamakura Maru, do not go further west than Kobe, calling at only four ports on each voyage. At present two steamships of the line sail every month, one to Kobe and one to Hongkong but, as soon as the two new vessels are completed a fortnightly through service will be resumed.

The crew of the Pacific Coast S. S. Co.'s liner Governor, on arrival at Seattle this week, gave to the Sound newspapers thrilling accounts of a race up-coast between that vessel and the steamer Beaver, in which the Governor was reported to have "walked away" from her rival. Now the Portland papers are telling of the Beaver's brilliant victory, how she pulled up 27 miles of the Governor's lead and what she would have done if her voyage had extended beyond the Columbia river.

AMERICA SAILS NORTH.

Lighthouse Tender to Establish Headquarters of New 16th District at Ketchikan.

Astoria, Ore., Oct. 14.—The lighthouse tender America, which was recently transferred to the newly created 16th district, sailed last night for Alaska, having on board a large cargo of supplies for various light stations and equipment for the department headquarters to be temporarily established at Ketchikan, and four power boats for use of the light stations.

Commander Tillman, inspector of the district, and his two clerks are passengers on board the tender, and it is expected the department headquarters will be on the vessel during a goodly part of the winter.

"Now, Tommie," said the teacher, "you may give me an example of a coincidence."

"Why—er," said Tommie with some hesitation—"why—er—why—me fadder and me mudder was both married on de same day."

"Harper's Weekly."

Guest—Look here; how long am I going to have to wait for that half portion of duck I ordered?

Waiter—Till somebody orders the other half. We can't go out and kill half a duck.—Toledo Blade.

A Massachusetts clergyman says a man may attend all games and still be a Christian. But it's a whole lot easier to act like one when the home team is winning.—Pittsburg Gazette-Times.

Cape Lazo—Rain; strong S. E.; 30.05; 51; sea moderate; no shipping.

Tatoosh—Light rain; wind S. E.; 15 miles; 30.12; 52; sea moderate; no shipping.

Estovian—Rain; wind S. E.; 29.82; 51; light swell; no shipping.

Triangle—Dense fog; fresh S. E. wind; 30.02; 41; no shipping.

Pachena—Rain; wind S. E.; 29.71; 50; sea rough; no shipping.

Prince Rupert—Overcast; strong N. E. wind; 28.96; 50; sea smooth; out, steamer Prince Rupert during night.

In Bruno 1 a. m.; Humboldt 1.30 a. m.; spoke Cottage City off Green Island light, north bound, at 8.45 a. m.; expects to arrive Ketchikan at 4 a. m.

Ikedda—Cloudy; light S. W.; 29.74; 46; sea moderate; no shipping.

Point Grey—Rain; wind S. E.; 30.04; 54; misty seaward; no shipping.

Cape Lazo—Cloudy; S. E. gale; 30.05; 52; sea rough; Kingsfisher will arrive Vancouver at 10 a. m.; small steamer, one mast, black stack with white band and letter "C" north bound at noon.

Tatoosh—Light rain; wind N. E.; 5 miles; 30.15; 53; sea moderate; no shipping.

Ikedda—Fog; rain; light S. E. wind; 29.74; 52; sea moderate; no shipping.

Prince Rupert—Overcast; wind S. E.; 28.95; 53; sea smooth; out, Bruno, 8.45 a. m.

Triangle—Dense fog; strong S. E. gale; 29.91; 41; no shipping.

Pachena—Rain; wind S. E.; 29.52; 51; sea rough; no shipping.

The C. P. R. steamer Princess Adelaide, en route from the Clyde to Victoria, arrived at St. Vincent yesterday.

The Osaka Shosen Kaisha liner Tacoma Maru sails outward to-morrow for Hongkong via Orient ports. The Panama Maru, of the same line, is due on Tuesday or Wednesday next.

The appointment of William C. Fraser, of Ladysmith, to be a pilotage commissioner for the district of Nanaimo in place of Richard Gibson, deceased, is gazetted.

The "Goddess of Liberty" company went over to Vancouver on the G. T. P. steamer Prince George, which left for the north last night.

The D. G. S. Kestrel has returned to Vancouver after patrolling the fishing banks, and is undergoing minor repairs before going on the winter patrol in northern waters.

Pumps have been placed aboard the stranded steamship Damara at San Francisco and the salvors are now hopeful of floating her early next week. Nearly all of her cargo of barley has been salvaged.

One hundred and ten Hindus who arrived on the last trip of the Pacific mail liner Asia at San Francisco were deported on that vessel last Tuesday. Of 111 coming over on the Asia only one was passed by the United States immigration department. Seventy-five of those deported were alleged to be suffering from the hook-worm, and the remainder were turned back on the ground that they might become public charges.

The crew of the Pacific Coast S. S. Co.'s liner Governor, on arrival at Seattle this week, gave to the Sound newspapers thrilling accounts of a race up-coast between that vessel and the steamer Beaver, in which the Governor was reported to have "walked away" from her rival. Now the Portland papers are telling of the Beaver's brilliant victory, how she pulled up 27 miles of the Governor's lead and what she would have done if her voyage had extended beyond the Columbia river.

AMERICA SAILS NORTH.

Lighthouse Tender to Establish Headquarters of New 16th District at Ketchikan.

Astoria, Ore., Oct. 14.—The lighthouse tender America, which was recently transferred to the newly created 16th district, sailed last night for Alaska, having on board a large cargo of supplies for various light stations and equipment for the department headquarters to be temporarily established at Ketchikan, and four power boats for use of the light stations.

Commander Tillman, inspector of the district, and his two clerks are passengers on board the tender, and it is expected the department headquarters will be on the vessel during a goodly part of the winter.

"Now, Tommie," said the teacher, "you may give me an example of a coincidence."

"Why—er," said Tommie with some hesitation—"why—er—why—me fadder and me mudder was both married on de same day."

"Harper's Weekly."

For 20 Cents You can get

a half-pound package of "Salada" Tea sufficient to make 100 cups.

"Salada" is grown in the best tea districts of the island of Ceylon; at an altitude of over 5,000 feet. It includes only the tender leaves and buds of the tea plant. It is packed in airtight lead packages to prevent contamination. Its purity is guaranteed.

"Salada" is never sold in bulk.

Ask your grocer for "Salada" Tea or send for a free trial package. We mail it without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

"Salada" Tea Co.

WANTS HOUSEKEEPING MADE PROFESSION

Evidence of Interesting Character Given Before Technical Education Commission

The Royal Commission on Technical Education sitting in the city of Hamilton, recently, had two prominent ladies connected with the Women's Council give evidence before them. One of these asked that the same attention be given to the training of girls as young men. Technical training in the home she considered necessary. The following report of the evidence given is from the Hamilton Spectator:

Mrs. Lyle expressed the hope that girls would get the same privilege as that being given to men as regards technical education. It was strange that men were being trained for all the professions, and nothing for girls in the home, on which Canada was so dependent. She would like to see a profession of housekeeping, and a certificate given to women in Hamilton not quite equal to that given at Guelph. The girls here could not go to Guelph. The council wished the home life raised to where the profession of nursing stood today; so that a girl could sell her services by the hour. A girl with the education given in the schools today had no time for housework. She hoped that housework would be lifted from its present anomalous position, and become skilled labor.

"It would be a great work," remarked Dr. Bryce.

"There is a monotony about household work that men do not understand," said Mrs. Lyle, at the conclusion of her evidence. She added that the women of Hamilton were proud that this city was the first to introduce the subject of domestic science in all Canada.

Mrs. Evans was the next witness called. In reply to one of the first questions put by the doctor, she stated that very few women had a knowledge of the value of food, as a result of which the home was made uncomfortable. She gave instances of women who bought steak in a ridiculous manner, and of the lack of knowledge of the nourishment in the different parts of an animal. The council wished to reach the girl in the factory. After working ten hours in a factory, a girl was not strong enough to attend night schools.

"How would you give her a chance?" asked Dr. Robertson.

"By raising the age at which she entered the factory to 15, and teaching her between the ages of 14 to 16 in home-making."

"Then, there's the great mass of women; what would you do with them?"

Mrs. Evans stated that there was a movement on foot in Hamilton to have reading rooms for women, and to have these subjects taught.

Speaking on the matter of ventilation in houses, Mrs. Evans thought there would be less consumption if women understood these matters, and she gave an instance.

"Is there any knowledge possessed by the average woman as to how an infant should be nourished?" asked the doctor.

Witness thought that such knowledge came with time. The Y. W. C. A., she said, was trying to do this work, but were prevented through lack of funds.

"What are you doing with regard to female prisoners?" asked Dr. Robertson. "Don't you think they should be employed while confined?"

Mrs. Evans would go further than the doctor. She believed both men and women prisoners should be given work.

CRASSING SHOW

New Grand Theatre.

This week the big turn at the Grand Theatre of the three Escardos, jarring acrobats and tumblers, who go through a speedy and thrilling performance and merit the immense amount of applause that is given them throughout the act. The wonderful somersaults made in the small space and shown so quickly have been the talk of the city this week. The three Imperials give a splendid musical act. Edward Cox and Miss Parley are the best pair of juveniles that have come along in singing and dancing; T. Nelson Downs manipulates coins with dexterity that is surprising, and DeWitt Young is seen in a juggling turn that never fails in getting the enthusiastic applause.

Majestic Theatre.

Sells presents "The Little Boy" a story of every day life which is intended to show the devotion of a boy's mother, who remains all through his life his best friend, and by unselfish affection and sacrifice eventually induces her to take the right path. "The Big Scoop," a most unusual story, dealing with the closing of a big trust company. How the midnight conference was overheard by a clever reporter and how he scored "The Big Scoop," getting himself back into favor, are told with never a moment's lapse in interest. "A Girl Conscript" are copied from life. "A Girl Conscript" is a well constructed romance of the wars of Napoleon which contains some very exciting scenes and grips the attention. "Courtship the Widow," a picture perhaps sufficiently well described in its title. As may be imagined it affords opportunity for endless combinations and difficulties, all of an amusing character. The song, "I Had a Thousand Reasons to Live," by Miss McEwen, is sure to please.

ROMANO THEATRE

The bill here is finer and more attractive than ever. "Red Cloud," the Indian gambler, is one of the greatest Indian pictures of the times, full of daring, heroism and romance. "Girls of the Ghetto" is a splendid picture of life in New York among the Jews, the experiences of a young and beautiful Jewess just arrived at Ellis Island from Europe, her struggles and courageous action are superbly depicted. "Within An Inch of His Life" is a good picture dealing with a rather uncommon theme in a manner that is certainly a novelty. "Del Rebbio" is a really beautiful picture, handsomely tinted, a French subject production of brilliance, extremely romantic. This is the most attractive programme to be seen, and the longest. There will be a special children's matinee on Saturday.

Romano Theatre.

An exceptionally fine bill of motion pictures will be presented at the above theatre to-day and to-morrow. The picture which takes first place is a Bison film, entitled "The Girl Scout," a very fine western drama full of thrilling situations. There will also be shown "Gone to Coney Island," comedy; "Lessons in Domestic Economy," comedy; and others. The Romano orchestra will furnish the music for the pictures, including some of the latest selections.

BUY A HEATER EARLY

Get Your New Cole's Hot Blast Set Up In Your House Before Real Cold Weather Comes, and Let It Save for the Full Season for You.

If you have any idea of buying a heater this winter get it early. Many of our readers will remember that during the cold snap of last winter they wished they had done away with the old heater that will no longer do the work. Don't go through the chilly experience of last winter again. Enjoy the comforts of the new stove the whole season now.

Cole's Hot Blast, the Original, from Chicago, sold by us never fails in an emergency. In the coldest weather it meets every requirement. It warms the rooms with a steady, even heat, and if attended to every 24 hours the fire will not go out all winter long. The stove can be shut up air tight and will hold fire from Saturday night until Monday morning. It holds fire over night and by simply opening a draft there will be enough fuel left from the evening before to heat the rooms one to three hours in the morning. Every user of Cole's Hot Blast heater has the genuine luxury of dressing in warm rooms and eating breakfast in a comfortable dining room without getting up in the cold to kindle a fire.

Users of Cole's Hot Blast are the ones who keep their plants throughout the winter in perfect condition. This same stove is also the cleanest heater ever invented because it is smoke proof, and there is no escaping smoke or soot to blacken up the walls and soil the curtains.

Cole's Hot Blast is guaranteed to be a money saver, is guaranteed to save a third in fuel over any lower draft stove of the same size, and we have a letter from the Cole Manufacturing Co., to this effect; so not only do we guarantee the stove, but one of the biggest stove concerns stands behind them, to make good the guarantee so that we can take back the stove if it does not live up to its guarantee in every particular.

Besides this, Cole's Hot Blast burns any kind of fuel, soft coal, lignite, hard coal, wood or cobs. No change of the stove is necessary in any particular to burn any kind of fuel. Don't wait until the season is well on and the cold weather is here before investigating the merits of this remarkable heater.

We have them on hand and will be glad to show them to you. The price runs from \$12.00 up.

Signed
A. & W. WILSON,
Sole Agents, Broad Street.

BUY A HEATER EARLY

Get Your New Cole's Hot Blast Set Up In Your House Before Real Cold Weather Comes, and Let It Save for the Full Season for You.

If you have any idea of buying a heater this winter get it early. Many of our readers will remember that during the cold snap of last winter they wished they had done away with the old heater that will no longer do the work. Don't go through the chilly experience of last winter again. Enjoy the comforts of the new stove the whole season now.

Cole's Hot Blast, the Original, from Chicago, sold by us never fails in an emergency. In the coldest weather it meets every requirement. It warms the rooms with a steady, even heat, and if attended to every 24 hours the fire will not go out all winter long. The stove can be shut up air tight and will hold fire from Saturday night until Monday morning. It holds fire over night and by simply opening a draft there will be enough fuel left from the evening before to heat the rooms one to three hours in the morning. Every user of Cole's Hot Blast heater has the genuine luxury of dressing in warm rooms and eating breakfast in a comfortable dining room without getting up in the cold to kindle a fire.

Users of Cole's Hot Blast are the ones who keep their plants throughout the winter in perfect condition. This same stove is also the cleanest heater ever invented because it is smoke proof, and there is no escaping smoke or soot to blacken up the walls and soil the curtains.

Cole's Hot Blast is guaranteed to be a money saver, is guaranteed to save a third in fuel over any lower draft stove of the same size, and we have a letter from the Cole Manufacturing Co., to this effect; so not only do we guarantee the stove, but one of the biggest stove concerns stands behind them, to make good the guarantee so that we can take back the stove if it does not live up to its guarantee in every particular.

Besides this, Cole's Hot Blast burns any kind of fuel, soft coal, lignite, hard coal, wood or cobs. No change of the stove is necessary in any particular to burn any kind of fuel. Don't wait until the season is well on and the cold weather is here before investigating the merits of this remarkable heater.

We have them on hand and will be glad to show them to you. The price runs from \$12.00 up.

Signed
A. & W. WILSON,
Sole Agents, Broad Street.

AERIAL RECORDS MAY BE BROKEN

Aviators Making Elaborate Preparations for International Meet This Month

New York, Oct. 14.—Few people realize the magnitude of the international aviation meet which is to be held at Belmont park, Long Island, during the latter part of October.

During the month of America and Europe will compete for the richest of prizes—ever offered—for feats in the air. That records will fall daily seems assured from the elaborate preparations the foreign aviators are making for the meet.

Compared with the feats that have been witnessed abroad, America, the birth-place of the heavier-than-air flyer, has been woefully backward in exhibitions of advancement made in the art of aerial navigation. The promoters of the great international amateur meet believe, therefore, that a stimulus will be given the aerial art by the coming meeting that will place America in the forefront.

Two thousand aeroplanes have been manufactured in France alone this year, and the French Aero Club has granted pilot's licenses by the hundred. No man can secure a pilot's license unless he is a skillful and accomplished aviator. Compared with the hundreds of flyers in Europe, the American flyers who have really become experts in the manipulation of their aeroplanes can almost be counted on ten fingers.

The international amateur meet was inaugurated by the French Aero Club, the parent aeroplane organization of the world. It was first held on the great Bothany Plains, near Rheims, last year. Speed was then the greatest aim sought by flyers. For that reason it was decided that the pilot who won the speed contest would have the right to demand that the next international meeting be held in his country. James Gordon Bennett offered a trophy to the flyer winning the contest, in addition to the immense cash purse offered by the club. In an untired biplane of his own make Glenn H. Curtiss, of Hammondsport, N. Y., won the event, his closest competitor being Louis Bleriot, a millionaire French manufacturer who invented and perfected the monoplane type of the heavier-than-air flyer. The contest seemed to spur the foreign flyers and in the last year every single world's record has been smashed abroad. Not one is held in America.

The French have taken aeroplaning up as a sport, and individuals all over the nation own and fly in their private machines.

There seems to be no question that the next international contest will go back to Europe. Bleriot monoplanes

TWO AND A HALF HOURS ON OPERATING TABLE

Specialist Could Not Remove Stone in the Bladder

GIN PILLS PASSED IT

Joliette, P. Q.

"During August last, I went to Montreal to consult a specialist who had been suffering terribly with Stone in the Bladder.

"He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

"They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

"GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life.

"J. ALBERT LESSARD."

50c a box—6 for \$2.50—at all dealers, and money back if they fail to give relief. Sample box free. National Drug and Chemical Co., Dept. V. T., Toronto.

OFFERED BRIBE TO CHANGE TESTIMONY

Witness in Portland Murder Case Makes Statement—Man and Woman on Trial

(Times Leased Wire.)

Portland, Ore., Oct. 14.—In the trial of W. P. Webb for the murder of William Johnson in the New Grand Central hotel, yesterday Irene Trumbull, to whom it is alleged Webb confessed he killed Johnson to secure money for Mrs. Carrie Kersch, testified that she was offered a bribe of \$250 to change her testimony in favor of Mrs. Kersch, who is charged jointly with Webb. Witness said this proposition was followed by another to the effect that she would be given \$200 cash and a ticket to any city in the United States if she would leave Portland. Trumbull asserted the alleged offer was made in the presence of another woman and that she refused it.

Percy Logg, a bellboy employed at the Grand Central hotel, who was to go on the stand his afternoon, said he would testify that he saw Johnson alive after Mrs. Kersch had purchased

the trunk in which the man's body was found later.

Mrs. Kersch alleged that she bought the trunk after Johnson had been killed.

For a given length and weight, aluminum has the least electrical resistance and mercury the greatest. For a given length and cross section annealed silver has the least resistance and bismuth the greatest.

An ice cave, which turns out to be the largest in the world, has been discovered within the last few days in the Dachstein mountains, near Abertauern, on the Lake of Hallstatt, Austria. Scientific investigation has been made, and the cave is found to be nearly a mile and a half in length. It consists of an upper and lower group of great halls, the largest of which is about 700 feet long and 100 feet in height. Many interesting prehistoric objects have also been found.

The Old Folks

find advancing years bring an increasing tendency to constipation. The corrective they need is

"NA-DRU-CO" Laxatives

Entirely different from common laxatives. Pleasant to take, mild and painless. A tablet (or less) at bed-time regulates the bowels perfectly. Increasing doses never needed. Compounded, like all the 125 NA-DRU-CO preparations, by expert chemists. Money back if not satisfactory. 25c a box. If your druggist has not yet stocked them, send 25c and we will mail them.

"The Lottery Man."

During the past season no comedy attained such a degree of popularity as "The Lottery Man," which ran for over eight months at the Bijou theatre, New York. Strikingly original in title, theme and treatment, the brisk little play swept over Manhattan like a refreshing breeze on a sultry day. Then everybody began talking about it—even Alan Dale confessed that it kept him awake laughing over the situations—and its fortune was made. The Shuberts are the managers and Rida Johnson Young, who wrote "Brown of Harvard," the author.

"The Lottery Man," with a company including William Rosal, Vivian Ogden, Florence Robertson, May Donahue, etc., comes to the Victoria theatre next Monday, October 17.

"The Blue Mouse."

When "The Blue Mouse" was first produced in New York, having been translated from the German by Clyde Fitch, it was little thought beforehand that it would prove a sensation. Much was hoped for it, but the reception of the piece was even greater, than either the author or the producers dreamed of. As an example of this, the leading magazines bestowed the most flattering praise upon it. The farce, with a cast of thirty, will be presented here by the Shuberts next Tuesday and Wednesday, October 18 and 19, at the Victoria theatre.

Ainslee's said: "Although it is a German farce, it has the Gallic flavor, even if Mr. Fitch has done all that he could do to purify it. Still a plot that revolves around the efforts of a middle-aged husband to carry on a flirtation with a famous Salome dancer could scarcely develop into anything resembling a Sunday school lesson."

The Theatre Magazine spoke as follows: "The Blue Mouse" is the nickname of a vaudeville Salome dancer, Paulette Divine, who represents one more variant of that singularly unlife-like stage type, the Chorus Lady. Miss Grace Merritt makes her pretty and racy enough, in a cerulean sheath gown, to account for anything that happens; and it is not the actress' fault if Mr. Fitch, or somebody, puts in her kiss-inviting mouth such an incongruous line of talk as 'he has went, and I can't help it; it's my temprament.'"

Margaret Illington.

Margaret Illington, who has already proved her claim as one of the foremost emotional actresses of the country with her splendid work in "The Thief," will come to this city at the Victoria theatre on Thursday, October 20, presenting for its initial production her latest play called "The Whirlwind," which like "The Thief," also claims the same author.

Every report has it that "The Whirlwind" is the finest example of modern French stagecraft and permits unlimited opportunities for emotional acting with Miss Illington at her very highest.

The wood of the Western Australian yate tree is believed to be the strongest known, tests of it showing an average tensile strength equal to that of cast iron, while some specimens have equalled that of wrought iron.

In the various United States state automatic feeding machines have been installed to place the bank coins in the dispensers, a work formerly done by hand.

COMBINE SUSPECTED.

High Price of Milk at Portland Will Be Investigated.

Portland, Ore., Oct. 14.—Investigation of the present high price of milk, with a view to determine whether it is due to a combine on the part of the dealers, is to be carried on by the health and police committee of the council, assisted by members of the city board of health.

In a report filed with the council and referred to the chamber of commerce, which will investigate milk price, City Attorney Grant suggested that a committee be appointed to investigate conditions, as his efforts to determine the existence of a trust were handicapped by his inability to compel people to testify before him personally. The committee appointed will have power to summon witnesses and place them under oath.

For several months the city authorities have been waging a war against certain dairy companies whose employees have been arrested and fined at various times for selling adulterated milk. Recently nearly 100 milk cows suffering from tuberculosis were ordered killed by the board of health. Soon afterward every milkman serving patrons in Portland raised their prices approximately 20 per cent.

TO AID CHINESE NAVY.

New York, Oct. 14.—China has appealed to the 500 Chinese students sent to this country to be educated at China's expense, as an indemnity to the United States for assisting the Chinese navy by abstaining from all luxuries, applying the money thus saved to the upkeep of the navy.

A large sum is expected to be contributed in this manner. A post graduate class and the Chinese Y. M. C. A. of Columbia university, has taken charge of the movement.

ORDERED TO HOSPITAL

For Operation for Acute Indigestion—Did Not Go and Was Cured by **DR. CHASE'S KIDNEY-LIVER PILLS**

A medicine that will save one from a surgical operation must be worth while.

The doctors seem to have made the common mistake of dosing the stomach when the real source of trouble was with the liver and kidneys. Anyway Dr. Chase's Kidney and Liver Pills made a complete cure and here is the record:

Mrs. F. O. Bacon, Baldwin's Mills, Que., writes: "I was very sick and the doctors said I must go to the hospital for a surgical operation. I had acute indigestion and the liver and kidneys did not act. I did not want to undergo an operation, so I began the use of Dr. Chase's Kidney and Liver Pills and have used them ever since. "I am feeling well now and doing my own work for a family of seven. I think there is no equal for acute indigestion and liver and kidney troubles such as I had and they and nothing else made me well again. There is no medicine I like half so well, for this did wonders for me."

The most serious cases of indigestion almost always have their location in the bowels and can only be reached by making the liver and kidneys active. No medicine regulates the liver, kidneys and bowels so nicely and so promptly as do Dr. Chase's Kidney and Liver Pills. One pill a dose, 25 cts. a box, all dealers; or Edmondson, Bates & Co., Toronto. Do not be satisfied with a substitute or you will be disappointed.

COOK ST.—This lot will bring \$2,000 in six months. Price \$1,575.

AMENDING VANCOUVER LIQUOR REGULATIONS
License Commissioners Complete Work—Fight Over Hours is Abandoned

Vancouver, Oct. 13.—Important amendments to the present city liquor license regulations are embraced in the proposed by-law amendments considered by the license commissioners. Perhaps the amendments of most moment is that providing that instead of 300 feet separating hotels from churches, edge to edge, this distance shall apply from main entrance to entrance, measured out at right angles along the street. Any building used for liquor sale purposes shall be included in the restriction clause, and the latter is to allow hospitals to be on the same footing as churches in regard to the proximity of hotels, etc. Section 40 of the Liquor License Act was followed by the commissioners to some extent in making the alteration. This section, however, does not mention hospitals or specify the main entrance of hotels. Also, it has no reference to licensed premises other than hotels.

The proposed reversion to the city of all licenses taken away from the amendments was omitted from the amendments, such a policy not being deemed advisable.

Licenses are not to be allowed to sell to persons under 18 years of age, or to permit them to frequent the premises. The first amendment stood at 21 years, but this was altered.

All hotel dining-rooms must have a seating capacity of fifty.

The clause of the old regulation prohibiting a licensee holding more than one license was struck out.

The number of restaurants holding licenses was allowed to remain at four, although there was a feeling among the commissioners that it should be reduced to two. They also considered that the restaurants conducted in connection with hotels should pay the special \$1,000 restaurant license fee.

Finally admitting the force of the city solicitor's contention that under the Liquor License Act the city council has power to restrict the hours of sale, the commissioners decided to cut out the hours clause from their by-laws and amendments, thus surrendering the whole question to the city council.

The sale of liquor is to be prohibited to officers in uniform.

The amended by-laws may be sent to the city solicitor for framing.

The bartenders by-law will be amended with the new consolidated

ACCUSED OF PASSING BOGUS CHEQUES
Thomas Marsden Committed for Trial at Preliminary Hearing at Ducaan

(Special Correspondence.)
Duncan, Oct. 13.—Thomas Marsden, charged with passing bogus cheques in Duncan, appeared before Judge Lomas yesterday and was committed for trial at the Nanaimo assizes. He was taken to Victoria jail to await his trial last evening. The accused is charged with obtaining sums of money to the amount of \$38 from Hop Ching, the Chinese merchant, in connection with the employment of Chinese labor. The accused is also charged with taking a horse and buggy from T. Harrison, the local livery man, the horse being finally found at the home of Mr. Jeffrey at the date.

The special prize given to the exhibitor winning the greatest number of first prizes at the recent agricultural show goes to J. T. Jones of Nanaimo, who won 19 firsts. The prize is an Albion iron range. The second prize goes to F. Maitland-Dougall of Corfield, with 15 firsts.

Mr. and Mrs. Elverson of Maple Bay, have bought a part of Mr. Henslow's ranch at Somers. Miss Royse is opening up a high class dressmaking establishment in Duncan. Miss Royse has recently come from England and has been visiting her sister, Mrs. Elverson.

T. Harrison has recently sold his restaurant business to J. Routledge.

Mrs. G. S. Potts has just sold her general store to W. Walter, a recent arrival from Alberta.

W. Williams Freeman leaves shortly to spend the winter in England.

Mr. and Mrs. Ashdown Green, who has been spending some weeks at their summer home in Cowichan, have returned to Victoria.

RESCUE STATIONS IN MINING DISTRICTS
Chief Inspector Shepherd Goes to Fernie to Install Apparatus

Nanaimo, Oct. 13.—F. H. Shepherd, chief inspector of mines, leaves for Fernie to-morrow morning, to establish the first of three government rescue stations to be established by the government throughout the province. He will be accompanied on this important mission by R. F. Tolmie, deputy minister of mines, who is accompanying Mr. Shepherd at the request of the minister of mines, to assist the chief inspector in efficiently installing the stations. Upon Mr. Shepherd's return to Nanaimo he will make arrangements for the installing of the Nanaimo and Cumberland stations. All the apparatus for the three above-mentioned stations are now on route. It is the intention of the minister of mines to install a central station at Middlesboro to support the colliery installations as required by the recent amendment to the Coal Mines Regulation Act.

NEW WESTMINSTER HOSPITAL.
New Westminster, Oct. 13.—The citizens of New Westminster will be given an opportunity in the near future of saying whether they wish to give a portion of the Queen's Park reserve as a site for the new Royal Columbian hospital building. At the council meeting it was decided to submit this question to a vote at the earliest possible date.

Mayor Lee brought up the question by stating that the city solicitor was of the opinion that the city council could pass a resolution which would permit the government to change the act and grant a portion of the park for hospital purposes. "It would not be necessary," said his worship, "to submit the question to the ratepayers but I would not be a party to taking a portion of our public parks for any other purpose without first securing the will of the people in this matter."

Aid, Johnston said he occupied a dual position in the matter as chairman of the hospital board and as alderman, but he put his duty to the city before all other things. He advocated taking a vote of the ratepayers, but urged that this be done at the earliest possible moment. Permission was granted for the mayor to submit the question to the ratepayers.

CITY OF VICTORIA
A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

Local Improvement Works
The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with bituminous macadam, to be graded a live level at the top of a telephone pole which he had climbed. The lad was climbing the pole at the corner of Prince Edward street and Sixth avenue when the accident occurred. He was immediately carried to his home and a physician was called. The boy was not seriously hurt.

Local Improvement Notice
The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with bituminous macadam, to be graded a live level at the top of a telephone pole which he had climbed. The lad was climbing the pole at the corner of Prince Edward street and Sixth avenue when the accident occurred. He was immediately carried to his home and a physician was called. The boy was not seriously hurt.

Police Clothing
TENDERS will be received by the undersigned up to 4 p. m. on Monday, the 17th inst. for 3 Pairs Blue Serge Pants for winter use, with white stripe down the leg seam, to be made as sample to be seen in the office. Parties tendering will send sample of cloth with tender and state time of delivery. Delivery to be made at office of Chief of Police. To be made by white labor. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT,
Purchasing Agent.
City Hall.

TEN ACRES, Lake Hill, well within three-mile circle; excellently located; cornering on two roads. Price \$4,200, on reasonable terms.

SIXTEEN ACRES, Saanich, good land, well tilled, with choice water frontage. Price \$4,250, on easy terms.

OVER 300 ACRES, with one mile water frontage. An exceptionally fine subdivision proposition. Get our price and terms on this.

TO LET, large seven-roomed bungalow, Montreal street, \$20 per month.

NEW THEATRE.
New Westminster, Oct. 13.—A local syndicate is now arranging for the erection of a theatre in New Westminster that will have the largest seating capacity of any house in British Columbia. The building will cost in the neighborhood of \$150,000 and will be completed by next August. The structure will be 66 by 122 feet. The stage is to be 30 feet by 60. The stage entrance will be on a level with the ground on the back street. The building will be of brick and reinforced concrete.

INTERIOR LAND DEAL.
Keesee, Oct. 13.—One of the biggest real estate deals that has been pulled off here lately took place last week when Victor Quaedvlieg, of Vancouver, purchased the old Webster homestead from the Rogers Realty Company, of Winnipeg, the deal being negotiated by F. Schneider. Mr. Quaedvlieg is a man of means, and will assist in the development of the district. The purchase covers the building and orchard and thirty acres of the Webster ranch.

PROPOSED GENERAL HOSPITAL.
Meritt, Oct. 13.—The necessity of a general hospital for the valley to be located at Meritt was discussed at the last meeting of the board of trade. A proposal was made to endeavor to arrange for securing the present hospital of Dr. Tait by buying up the property and buildings, this being an ideal location. A committee consisting of H. S. Cleasby, G. B. Armstrong, J. Lawson and J. Hutchinson was appointed to confer with a committee of the Nicola Valley board of trade to devise ways and means for securing a general hospital as early a date as possible. It is expected that a substantial government grant will be forthcoming for this very necessary institution.

The secretary was instructed to endeavor to secure a more central location for the said meetings as early as possible.

CIVIC NOTICE.
Re Municipal Election, 1911.
The attention of persons desiring to qualify as "Householders" or "Holders of Trade Licenses" to vote at the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a trade license, or in the case of a householder, he or she, shall, during the month of October in each year, make and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act in the case of the holder of a Trade License, and of Form 2 in said Schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (1) of Section 59 of Chapter 22 of the Statutes of 1906, being the "Municipal Elections Act" as amended (which exempts certified efficient millmen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs.

Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it be delivered within 48 hours after it is made."

Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."

Forms of Declaration may be obtained and the necessary Declarations made at the Office of the City Assessor, 2nd floor, City Hall, Douglas street.

WAGNERIAN CONCERT WAS ENJOYABLE AFFAIR

Attractive Musical Event in Auditorium of Christian Science Church

While the attendance at the Wagnerian concert and lecture held last evening in the auditorium of Christian Science church, Pandora avenue, was not all its promoters had hoped for, it was a fairly representative musical audience that greeted the performers. A certain amount of indignation was felt by those who had taken literally the announcement that the programme would commence promptly at 8 o'clock and governed themselves accordingly, when they found that it was a good half hour after that when the performers actually started.

The programme opened with a popular number. Then followed the well known vocalists, J. G. Brown, Herbert Kent, Robert Morrison, Miss Cocker and Mrs. Burbridge, all of whom were in excellent voice and well received. Mrs. Morrison's number, "Love's Sacrifice" delighted the audience and won for her a most persistent encore.

Mrs. Garrett Smith and Mrs. Lewis Hall acted as accompanists to the vocal numbers and Miss Cochrane accompanied the orchestra. Mrs. Garrett Smith's piano number, "Au Coraire," by Godard, was given with a lightness and delicacy of touch that proclaimed her a finished artist and she was deservedly encored.

The second part of the programme was opened with a magnificent Wagner number by the orchestra, which was thought by many to be worth in itself the admission fee. It is much to the credit of Victoria that she has an orchestra which can render such music.

The lecturer, Mrs. A. C. Chappell, was then introduced and spoke of Wagner as a poet and writer, rather than as a musician. Had the lecturer been a fluent speaker her remarks would have been listened to with greater interest, but the hour was late and the audience rather tired, and only an exceptionally brilliant speaker could have held their attention.

INTERESTING CASES IN COUNTY COURT

Judgment for Plaintiff in Case of Pioneer Brick Works vs. Smith

Judge Lampan has disposed of a number of interesting cases in the County Court, as follows: Pioneer Brick Works v. Smith—This was a claim for the price of a quantity of bricks sold to plaintiff. He counter-claimed for rent of horse stall at the race track rented by Mr. Humber, a member of the plaintiff company. The counter-claim was dismissed and judgment given for the plaintiff company with costs. Morphy for plaintiff; Walls for defendant.

Hart & Co. v. Bell—This was an action brought to recover \$55.05, balance due from defendant, who was a special agent of the Canadian Railway Accident Insurance Company. The defence was that Hart & Co. were merely agents themselves and were not entitled to sue and in the second place that Bell was merely an agent, who was not responsible for premiums not paid to him; and in support of this he produced two policies in which the premiums were not paid. Plaintiffs, however, alleged that by reasons of Bell not returning the policies to the company in accordance with the instructions given in the agents' manual, he made himself personally responsible. Evidence was concluded, and the case adjourned for argument. Tait for plaintiff; Morphy for defendant.

Victoria Machinery Depot, Ltd. v. Anderson et al.—Action for the price of a steam boiler. Defence, that it was defective and that certain parts had to be purchased elsewhere in order to complete. Judgment reserved. C. K. Courtney for plaintiff; Austin for defendants.

WEATHER BULLETIN. Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Oct. 14—5 a. m.—The pressure is high over the Pacific states and low over British Columbia, Alberta and Saskatchewan. Heavy rain has fallen on the coast, and, fresh to strong winds and gales have occurred on the outside waters. East of the Rockies the weather is fair and cold.

Forecasts: For 24 hours ending 5 p. m. Saturday, Victoria, and vicinity—Moderate to fresh southerly and westerly winds, chiefly cloudy and cooler, with rain. Lower Mainland—Easterly winds, chiefly cloudy, with rain.

Observations at 5 a. m. Victoria—Barometer, 30.16; temperature, 50; minimum, 39; wind, 16 miles S. E.; rain, .65; weather, cloudy.

New Westminster—Barometer, 30.22; temperature, 48; minimum, 38; wind, calm; rain, .30; weather, raining.

Nanaimo—Wind, 8 miles S. E.; weather, raining. Kamloops—Barometer, 30.04; temperature, 48; minimum, 38; wind, 14 miles N. E.; rain, .34; weather, cloudy.

little house maid says you cant turn around in our store without seeing something you need or want

Sale of 1000 Yards Odd Carpet Lengths

New Goods Arriving Daily the Very Latest

Copyright 1910 by P. F. Outcault, Inc. Look around you.

You will have trouble turning around in our store without buying because it is full of new, fresh things in furniture, carpets and china for your home. But when you turn into our store you will not turn away without buying what you want, because you'll find not only tasty furniture, carpets and china but you'll find our prices such as you can afford to pay. Everything for the home

Hotels, Boarding Houses, Dwellings

In order to clear our shelves for the new carpets arriving, we have taken all carpets of which there is only a limited quantity left and will put them out FOR QUICK SELLING TO-MORROW MORNING. There are patterns in Axminster, Wilton and Brussels, some of which have the border to match, and others of which there is only the body carpet. The above carpets will be sold to the first comers at prices which will prove an immense saving, and as the number of pieces are limited, we would advise your early and earnest attention.

"Macey" Sectional Bookcase

THE MACEY is valuable and appropriate in the smallest as well as in the largest library. Increases book space to meet the requirements of growing libraries, large and small. Not more than a dozen books necessary to start with. Just the correct number of sections can be bought at the beginning, and added to one by one as necessity demands. Never any necessity of emptying shelves because of a bookcase too large or unprotected books because of one too small. As convenient as open shelves. Highly ornamental in any well furnished room, and far more imposing in design than the average, ordinary bookcase.

Books are always kept perfectly clean by a dustproof glass door. An air cushion causes the door to close noiselessly when released. It is unnecessary to carefully close the door. When you have the desired book, simply let go of the door and it will take care of itself, closing tightly and without noise. Economy of space by the close and divided construction of the sections, absolutely no lost space.

Lateral expansion to any extent is possible. A superior metal device provided for the automatic lateral interlocking of the sections in perfect perpendicular alignment. No skill or tools necessary. We could go on explaining the merits of this bookcase, but give us a call and let us demonstrate them to you, and no talking will be necessary.
