What we have done

- Collaboration between CMS and WMSE
- CMS: Council of the National museums and some other major museums
- Directive to reach out to youths and students
- Some pilots by choice, some appointed
• CMS director presentation

• "How to make sure what our experts writes stays there?"
  – Sorry, not happening...
  – This far without you.

• The aim is not to improve the article about your GLAM!
  – Curators and experts, not information department
Pilot workshop

- From 3 to 6 hours
- Different size groups
- Some volunteer help
- Licences and image upload
- Some "private" follow up lessons
Achievements

- ~50 GLAM professionals trained to edit and work with knowledge of working with the community
- New articles
- Improved articles
- More sources
- New images

[[Hilma af Klint]]
A new mindset

- Content donations
  - Royal armoury, high resolution tif
- QRpedia codes
  - Almost there...
- Working life museums
  - Workshops
- Vasa museum
  - New multi touch screen table with maps and categories
To GLAM-institutions

- Make time, don't add this on top of normal work
- Give up ownership
- Allow experts to work in their field, not in the communication departments
Next steps

- Visual Editor update
  - Survey said editing was too hard
- Monthly meeting
  - Fixed time
  - Network
- Common projects
  - Work together
