TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases, and Other Operations

[1952 CCC Cottonseed Bulletin 3, Amdt. 2]

PART 643—OILSEEDS

SUBPART—1952 COTTONSEED PRODUCTS PURCHASE PROGRAM

LESS THAN PRIME QUALITY PRODUCTS

The regulations issued by Commodity Credit Corporation with respect to the 1952 Cottonseed Products Purchase Program (17 F. R. 4638), as amended (17 F. R. 8677), are, for the purposes of clarification, amended as provided herein.

The definition of "less than prime quality linters" in § 643.748 is revised to make clear that the provisions of said section and Bulletin 3, requiring a crusher to give CCC advance notice of possible tenders of less than prime quality linters and requiring the crusher to notify CCC, at the time of tender, of the quantity or proportion of less than prime quality linters which he proposes to deliver, do not require such notices in the case of linters sold on a cellulose basis whose price is subject only to zero discounts under the provisions of said section, that is linters sold on a cellulose basis which contain "Excess pepper" or "Excess trash, Regular" but are not subject to other discount factors.

The last sentence of § 643.748, namely, that contained within parentheses, is amended to read as follows: "Less than prime quality linters" as used herein refers to linters which, if classed against the official U. S. Standards, would be classed as "off grade" linters, except that, with reference to linters sold on a cellulose basis whose price is subject to zero discounts in the foregoing table of discounts, the provisions of this section requiring a crusher to give CCC advance notice of possible tenders of less than prime quality linters and requiring the crusher to notify CCC, at the time of

tender, of the quantity or proportion of less than prime quality linters which he proposes to deliver, shall not apply.)"

(Sec. 4, 62, Stat. 1070, as amended; 15 U. S. C. Sup. 714b. Interprets or applies sec. 5, 62 Stat. 1072, secs. 301, 401, 63 Stat. 1051, 1054; 15 U. S. C. Sup. 714c, 7 U. S. C. Sup. 1447, 1421)

Issued this 9th day of March 1953.

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 1, Amdt. 2]

PART 52—REPAIR STATION CERTIFICATES EQUIPMENT AND MATERIALS; INSTRUMENT RATING

The purpose of this amendment is to make certain editorial corrections to Supplement 1, published on June 4, 1952, in 17 F. R. 5002-5014. The following corrections are hereby adopted:

1. Section 52.35-1 (a) is amended by deleting the last sentence and inserting in lieu thereof the following sentence: "An asterisk (*) indicates that when the rating held by the repair station is not applicable to a particular instrument component, maintenance operations undertaken on the component may be contracted to a competent outside agency having adequate equipment and materials to perform the operations. For example, the maintenance operations required for Fluxgate compass and autopilot amplifier components may be so contracted."

2. Section 52.35-1 (c) (2) is amended by changing the reference in the second sentence "(b) (1)" to read "(c) (1)."

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Air Operations, this amendment to Part 241 of the Economic Regulations (14 CFR Part 241) is being adopted for the purpose of condensing and otherwise modifying and formalizing the present reporting of coach and tourist data which is on a voluntary basis.

Notice of this change was published in the FEDERAL REGISTER on September 13, 1952 in Draft Release No. 57. Moreover, all air carriers affected by this change informally received identical notification of the change through distribution of a memorandum addressed to the chief accounting officers of all scheduled air carriers from the Director, Bureau of Air Operations.

Interested persons have been afforded an opportunity to participate in the making of this rule and due consideration has been given to all relevant matters submitted and arguments presented.

In consideration of the foregoing, the Board hereby amends Part 241 of the Economic Regulations as follows, effective April 13, 1953:

1. By inserting under the list of Schedules contained in Instruction No. 3 of § 241.7-1 an additional item in alphabetical sequence to read:

C-2.....	Coach, tourist and low fare off-peak services.	2	Monthly.
----------	--	---	----------

2. By amending the first sentence of Instruction No. 8 of § 241.7-1 to read: "Where the reporting carrier operates separate and distinct air transport divisions, regardless of whether conducted under certificates of public convenience and necessity issued by the Civil Aeronautics Board or on a nonscheduled basis, for which it maintains separate records and books of account, and where the reporting carrier conducts both domestic and international operations, the carrier shall file separate Schedules B, B-1 through B-10, C, C-1 and C-2 for each such division and operation."

3. By amending the first line under the heading "Schedule Nos." of Instruction No. 10 of § 241.7-1 to read:

C, C-1 and C-2

4. By inserting following the instructions for "Schedules C and C-1, Quarterly and Monthly Flight and Traffic Statistics" in § 241.7-2 a new heading and paragraphs to read:

SCHEDULE C-2, COACH, TOURIST, AND LOW FARE OFF-PEAK SERVICES

This schedule is designed for reporting data covering all domestic coach and low fare off-peak services, international tourist services, and similar differential fare services which are conducted separately from other services. It is not to be used for reporting other reduced fare traffic such as seasonal and excursion fare traffic which is carried in regular services. The filing of this schedule is not required for those carriers that do not conduct coach, tourist, or low fare off-peak services.

A report is to be made on this schedule for each calendar month. The requirement for reporting on this schedule will terminate December 31, 1953 unless upon further review the Board finds there is a continuing need for the information on this schedule.

Columns (2) and (3)—Aircraft: Identify types of aircraft and number of passenger seats. Use separate lines for the same type with different capacities. For example: DC-6 70 seats, DC-6 58 seats, CV-240 40 seats.
Column (4)—Totals: Mileage statistics (Lines 1 through 36) should agree with related items for coach and tourist service on Schedule C or C-1.

Columns (5) through (8)—Distribution by Flights: Insert flight numbers in column headings. Use one column for all coach and tourist flights or low fare off-peak flights scheduled to serve the same "terminal points" in both directions. Report low fare off-peak flights in separate columns from coach or tourist flights even if serving identical points. Include data applicable to extra section flights in the same column used for the scheduled flights to which related. Designate low fare off-peak flights with an asterisk in column headings.

Lines 11 through 20—Revenue Passenger Miles: For any passengers carried on flights covered by this report at other than coach, tourist, or off-peak fares (when such other fares are applicable to the flight) give in a footnote or attached statement the revenue passenger miles, identifying also the class of fare and points between which carried.

Line 37—Passenger Revenue: Report the amount of revenue for each combination of flights in columns (5) through (8) and in total in column (4). These revenue data may be estimated provided that this fact is indicated on each report.

Line 38—Number of Revenue Passengers Carried: This is to be an unduplicated count of passengers carried in the services covered by this schedule. Transfer, lay-over, and reduced-fare passengers should be included or excluded in the same manner as required for line 11, Schedule C or C-1.

Continuation Sheets: If needed, use additional forms. Column and line totals on the top sheet are to cover the entire report. Total columns and lines need not be completed on continuation sheets.

(Sec. 205, 52 Stat. 984, 49 U. S. C. 425)

The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

By the Bureau of Air Operations.

In the Matter of Hyman Katz and Louis Ginsberg, Individually and as Copartners Doing Business as Penn Upholstering Company

This proceeding was heard by J. Earl Cox, hearing examiner, upon the complaint of the Commission, respondents' answer, and a hearing at which testimony and other evidence in support of and in opposition to the allegations of said complaint, duly recorded and filed in the office of the Commission, were introduced before said examiner, theretofore duly designated by the Commission.

Thereafter the proceeding regularly came on for final consideration by said examiner on the complaint, answer thereto, testimony and other evidence, and proposed findings as to the facts and conclusions presented by counsel, oral argument not having been requested, and said examiner, having duly considered the record in the matter and having found that the proceeding was in the interest of the public, made his initial decision comprising certain findings as

to the facts,¹ conclusion drawn therefrom,¹ and order to cease and desist.

No appeal having been filed from said initial decision of said hearing examiner as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII became the decision of the Commission on December 5, 1952.

The said order to cease and desist is as follows:

It is ordered, That the respondents, Hyman H. Katz and Louis Ginsberg, individually and as copartners doing business as Penn Upholstering Company or under any other name, their representatives, agents and employees, directly or through any corporate or other device, in connection with the solicitation of orders for the reupholstering of furniture shipped or transported in commerce, as "commerce" is defined in the Federal Trade Commission Act, and in the distribution of respondents' upholstering materials in such commerce, do forthwith cease and desist from:

1. Representing, directly or by implication, that respondents' reupholstering is expertly done when such is not the fact or that materials of inferior quality are of superior quality, or misrepresenting, in any manner, the quality of materials or workmanship afforded by respondents;

2. Representing, directly or by implication, that the filling used by respondents will not become lumpy or lose its shape unless filling is used which has qualities and characteristics which will in all cases and under all circumstances prevent it from becoming lumpy or losing its shape;

3. Representing, directly or by implication, that furniture reupholstered by respondents will be in better condition than when new;

4. Representing, directly or by implication, that foam rubber cushions are furnished at the same price as other materials, unless such is the fact;

5. Representing, directly or by implication, that the materials or workmanship afforded by respondents in their reupholstering of furniture are guaranteed satisfactory to the purchaser unless respondents in all instances comply with such representations; or misrepresenting in any manner the nature of respondents' guarantee of workmanship or materials;

6. Using the word "free," or any other word or words of similar import or meaning, to designate, describe or refer to articles of merchandise which are not in truth and in fact a gift or gratuity or are not given to the recipient thereof without requiring the purchase of other merchandise, or requiring the performance of some service inuring, directly or indirectly, to the benefit of the respondents.

By "Decision of the Commission and order to file report of compliance",

¹ Filed as part of the original document.

Docket 5993, December 5, 1952, which announced and decreed fruition of said initial decision, Commissioners Carretta and Mason dissenting in part as below set forth, report of compliance was required and said dissents recorded as follows:

It is ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

By the Commission.²

Issued: December 5, 1952.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463, 61 Stat. 11, 63 Stat. 409; 21 U. S. C. 357), the regulations for tests and methods of assay for antibiotic and antibiotic-containing drugs (21 CFR, 1951 Supp. 141) and certification of batches of antibiotic and antibiotic-containing drugs (21 CFR, 1951 Supp. 146; 17 F. R. 2600, 11225) are amended as indicated below:

1. Part 141 is amended by adding the following new sections:

§ 141.308 *Chloramphenicol otic; chloramphenicol topical*—(a) *Potency*. Using 1.0 milliliter, proceed as directed in § 141.303 (a). Its potency is satisfactory if it contains not less than 85 percent of the number of milligrams it is represented to contain.

(b) *Moisture*. Proceed as directed in § 141.7 (c).

(c) *pH*. Dilute the drug with an equal volume of distilled water and proceed as directed in § 141.5 (b).

² Commissioner Carretta dissents only as to paragraph 6 of the Order which is part of the Initial Decision of the hearing examiner herein because said paragraph orders the respondents to cease and desist from using the word "free", in advertising, to designate articles of merchandise which are given without additional charge to customers of the respondents when orders are placed with the respondents. The cost of the "free" gift herein was not included in the cost of the reupholstering job to be done by the respondents, and the public was not deceived in any way. Commissioner Mason joins in this dissent.

§ 141.415 *Bacitracin-polymyxin troches; potency and moisture.* Proceed as directed in § 141.412.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 507, 59 Stat. 463, as amended; 21 U. S. C. 357)

2. In § 146.55 *Penicillin-streptomycin bougies* * * *, paragraph (a) is amended by inserting between the words "penicillin bougies" and the word "and" the following: ", except paragraph (c) (1) (iv) of that section."

3. Part 146 is amended by adding the following new sections:

§ 146.308 *Chloramphenicol otic; chloramphenicol topical*—(a) *Standards of identity, strength, quality, and purity.* Chloramphenicol otic and chloramphenicol topical is chloramphenicol, with or without ethyl aminobenzoate, in a suitable and harmless vehicle: The potency of the solution is not less than 5 milligrams per milliliter. Its moisture content is not more than 2 percent. Its pH is not less than 4 and not more than 8. The chloramphenicol used conforms to the requirements of § 146.301 (a), except subparagraphs (2), (4), and (5) of that paragraph. Each other ingredient used, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

(b) *Packaging.* Each immediate container shall be a tight container as defined by the U. S. P. and shall be of such composition as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling.* Each package shall bear on its label or labeling, as hereinafter indicated, the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark.
(ii) The number of milligrams of chloramphenicol, and if it contains ethyl aminobenzoate, the quantity of such ingredient in each milliliter of the batch.

(iii) The statement "Expiration date _____" the blank being filled in with the date which is 12 months after the month during which the batch was certified.

(iv) The statement "Warning—For external use only."

(2) On the outside wrapper or container:

(i) The statement "Caution: Federal law prohibits dispensing without prescription," unless it is packaged for dispensing and it is intended solely for veterinary use and is conspicuously so labeled.

(ii) If it is packaged for dispensing and it is intended for use by man, a reference specifically identifying a readily available medical publication containing information (including contraindications and possible sensitization) adequate for the use of such drug by practitioners licensed by law to administer it; or a reference to a brochure or other

printed matter containing such information, and a statement that such brochure or other printed matter will be sent on request: *Provided, however,* That this reference may be omitted if the information is contained in a circular or other labeling within or attached to the package.

(3) On the circular or other labeling within or attached to the package, if it is packaged for dispensing and it is intended solely for veterinary use and is conspicuously so labeled, adequate directions and warnings for the veterinary use of such drug by the laity.

(d) *Request for certification; samples.*

(1) In addition to complying with the requirements of § 146.2, a person who requests certification of a batch shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark, and (unless it was previously submitted) the date on which the latest assay of the chloramphenicol used in making the batch was completed, the number of milligrams of chloramphenicol in each milliliter of the batch, the date on which the latest assay of the drug comprising such batch was completed, the quantity of each other ingredient used in making the batch, and a statement that each such ingredient conforms to the requirements prescribed therefor by this section.

(2) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of:

(i) The batch; potency, moisture, and pH.

(ii) The chloramphenicol used in making the batch; potency, toxicity, pH, specific rotation, melting point, and extinction coefficient.

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch; one immediate container for each 5,000 immediate containers in the batch, but in no case less than 20 immediate containers or more than 100 immediate containers, collected by taking single immediate containers, before or after labeling, at such intervals throughout the entire time of packaging the batch that the quantities packaged during the intervals are approximately equal.

(ii) The chloramphenicol used in making the batch; 10 packages, each containing approximately equal portions of not less than 300 milligrams, packaged in accordance with the requirements of § 146.301 (b).

(iii) In case of an initial request for certification, each other ingredient used in making the batch; one package of each containing approximately 5.0 grams.

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii) of this paragraph, is required if such

result or sample has been previously submitted.

(e) *Fees.* The fee for the services rendered with respect to each batch under the regulations in this part shall be:

(1) \$1.00 for each immediate container in the sample submitted in accordance with paragraph (d) (3) (i) of this section; \$4.00 for each package in the samples submitted in accordance with paragraph (d) (3) (ii) and (iii) of this section.

(2) If the Commissioner considers that investigations other than examination of such immediate containers are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigation.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification, unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

4. Section 146.402 *Bacitracin ointment* is amended as follows:

a. In paragraph (a) *Standards of identity* * * * change the period at the end of the second sentence to a comma and add ", and, if it is labeled solely for ophthalmic use, it may contain cortisone acetate."

b. Section 146.402 (d) (3) (iii) is amended to read:

(d) *Request for certification; samples.* * * *

(3) * * *
(iii) In case of an initial request for certification, each other ingredient used in making the batch; one package of each containing approximately 200 grams, except if cortisone acetate is used, such package shall contain approximately 100 milligrams.

5. Part 146 is amended by adding the following new section:

§ 146.415 *Bacitracin polymyxin troches.* Bacitracin - polymyxin troches conform to all requirements prescribed by § 146.412 for bacitracin-polymyxin tablets, and are subject to all procedures prescribed by § 146.412 for bacitracin-polymyxin tablets, except that:

(a) Each troche contains not less than 50 units of bacitracin.

(b) Each troche contains not less than 1,000 units of polymyxin B sulfate.

(c) Each troche may be tableted with or without one or more suitable and harmless local anesthetics.

(d) In addition to the labeling prescribed for bacitracin-polymyxin tablets, if it contains one or more local anesthetics, each package shall bear on the outside wrapper or container and the immediate container the name and quantity of each such ingredient in each troche of the batch.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

This order, which provides for deletion of the requirement that the labels for penicillin-streptomycin bougies that contain the excipient polyethylene glycol bear the refrigeration statement; the addition of cortisone acetate to baci-

tracin ointment for ophthalmic use; tests and methods of assay and certification of chloramphenicol otic and chloramphenicol topical; and for tests and methods of assay and certification of bacitracin-polymyxin troches, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for the amendments set forth above.

Dated: March 6, 1953.

PART 398—PRIORITY RATINGS AND SUPPLY ASSISTANCE

MISCELLANEOUS AMENDMENTS

1. Section 372.11 *Issuance and use of export licenses* is amended in the following particulars:

a. 1. Subparagraph (2) of paragraph (e) *Validity of licenses* is amended to read as follows:

(2) Unless otherwise stated on the face of the license, export licenses will be issued for a validity period ending on the last day of the sixth month following the month during which the license is validated, e. g., a license issued on January 12 would expire on July 31. When the validity period expires on a day when the office of the collector of customs is not open for business, the validity period shall automatically be extended to midnight of the first day of business following the expiration date.

2. The Note following paragraph (e) remains unchanged.

b. In paragraph (f) *Shipments against expiring licenses*, subparagraph (2)

¹ This amendment was published in Current Export Bulletin No. 697, dated March 5, 1953, with the exception of Parts 6 and 7.

Other shipments is renumbered subparagraph (3) and a new subparagraph (2) is added to read as follows:

(2) *Commodities in transit to port of exit.* Commodities in transit to the port of exit prior to midnight of the date of expiration of the validated license covering the shipment may be cleared for export, at the discretion of the collector of customs, if the shipment qualifies under subparagraph (1) of this paragraph within 5 days following the ex-

piration date of license. Collectors of customs may require exporters to submit a bill of lading or other evidence that the shipment was in transit to the port of exit prior to the expiration date of the license and was delayed in transit.

2. Section 373.51 *Supplement 1; Time schedules for submission of applications for licenses to export certain Positive List commodities* is amended to read as follows for the Second and Third Quarters, 1953:

¹ Applications for licenses to export commodities for which no specified filing dates are announced may be submitted at any time. (See § 372.3 (a) of this subchapter.) Export applications for commodities requiring a validated license when moving in transit through the United States may be submitted at any time and are not subject to specified filing dates (see § 372.4 of this subchapter).

² The submission dates for these commodities are also applicable to project license applications (see §§ 374.2 (f) and 374.3 (d) of this subchapter), and to petroleum project licenses, as provided in § 398.8 (e) of this subchapter.

³ Controlled materials are identified on the Positive List by the letter "C" in the column headed "Commodity Lists".

⁴ See §§ 398.5 (b) (6), 398.5 (b) (7), 398.5 (b) (8) and 398.8 (k) (1) of this subchapter for exception to these dates under certain conditions.

3. Section 376.51 *Supplement 1; Commodities subject to Periodic Requirements License* is amended in the following particulars:

Footnote 1 following the column heading entitled "License Validity Period" is amended to read as follows:

¹ Unless otherwise indicated in this column the validity period of PRL licenses shall expire on the last day of the sixth month following the month during which the license is issued.

4. Section 380.4 *Extension of licenses*, paragraph (a) *Time for submission of requests* is amended by changing in the last sentence of the paragraph the words "within 21 days after the expiration date shown on the license" to "* * * within one month after the expiration date

shown on the license" so as to read as follows:

(a) *Time for submission of requests.* Licensees may submit requests for extension of the validity periods of licenses which expire before shipment has been made. It is essential that the request for extension be submitted sufficiently in advance of the expiration date to allow the Office of International Trade to send an advice of amendment by regular mail to the licensee and the collector of customs holding the license before the license expires. However, where unusual circumstances have made it impossible for the licensee to submit his request for extension before the expiration date, requests for extension will be considered if received within one month after the expiration date shown on the license.

5. Section 382.51 *Table of compliance orders currently in effect denying export privileges*, paragraph (b) *Table of com-*

pliance orders is amended in the following particulars:

6. Section 398.5 *CMP: Export allocations and procedures* is amended in the following particulars:

a. Paragraph (a) *Controlled Materials Plan as applied to export* is amended by adding thereto a new subparagraph (5) to read as follows:

(5) *Exceptions to export quotas for controlled materials.* Controlled materials acquired in accordance with the provisions of CMP Reg. 1, Dir. 20 (paragraph (b) (8) of this section), or carbon conversion steel acquired pursuant to the provisions of CMP Reg. 1, Dir. 19 (paragraph (b) (7) of this section), or (for petroleum operators, carbon conversion steel acquired pursuant to Dir. 3 to M-46A (§ 398.8 (k)), are not subject to export quota restrictions.

b. Subparagraph (2) *How and when to apply for export licenses* and subparagraph (3) *Assignment of allotment symbols* of paragraph (b) *Procedures governing applications to export controlled materials* are amended to read respectively as follows:

(2) *How and when to apply for export licenses.* Application for license to export controlled materials will be filed in accordance with the provisions prescribed in Parts 370 to 399, inclusive, of this subchapter. Application must be filed in accordance with time schedules

for filing established in § 373.51 of this subchapter. (See subparagraphs (6), (7), and (8) of this paragraph and § 398.8 (k) and (l) for exceptions to established time schedules.)

(3) *Assignment of allotment symbols.* On all licenses approved for commodities designated as controlled materials under NPA Controlled Materials Plan, the Office of International Trade assigns to the applicant the right to apply a specified allotment number and symbol to procure the material covered by the license, except in the case of licenses issued for the export of materials acquired or disposed of in accordance with the provisions of CMP Reg. 1, Dir. 20. (See subparagraph (8) of this paragraph.) The CMP allotment symbols designated by the Defense Production Administration for export are as follows:

CMP allotment symbol: Claimant agency
 W-2----- OIT.
 W-4----- MSA.
 C-6----- OIT and MSA.

¹ Direct defense end use.

The allotment symbol will be assigned by the Office of International Trade by endorsing the validated license (or other appropriate document) with the following or similar legend:

By authority of the NPA, the exporter herein named is assigned the right to apply

the symbol (e. g. W-2-4Q52) to procure the above described materials.

c. A new subparagraph (8) is added to paragraph (b) *Procedures governing applications to export controlled materials* to read as follows:

(8) *Applications for exportation of aluminum, copper, or steel acquired or disposed of in accordance with provisions of CMP Reg. 1, Dir. 20.* Any applicant who has, will acquire (or in the case of a producer, will dispose of), aluminum, copper, or steel commodities (designated by the letter "C" on the Positive List, § 399.1 of this subchapter) for export pursuant to the provisions of CMP Reg. 1, Dir. 20 dated February 16, 1953, may file applications for the exportation of such commodities at any time regardless of filing schedules. In each such instance, the applicant must (i) on the face of the license application certify that "The controlled materials covered by this application have been or will be acquired (or in the case of a producer, will be disposed of) pursuant to the provisions of CMP Reg. 1, Dir. 20, dated February 16, 1953", and (ii) enter the delivery date (if applicant is producer, enter date production will be completed) in item 13 of the Application Form IT-419.

NOTE: Applications submitted in accordance with subparagraph (8) of this paragraph will be considered only where it is indicated that delivery from the supplier will be made to the export applicant (if applicant is producer, date disposition will be made) during the period March to June 1953, inclusive. The meeting of these conditions should not be construed as assurance of approval by the O. I. T., since other licensing criteria such as security considerations will be applicable.

d. A note is added following subparagraph (2) *How and when to apply for license* of paragraph (d) *Applications for exportation of Class A products* to read as follows:

NOTE: Where a manufacturer of Class A Products for export is able to acquire controlled materials pursuant to the provisions of CMP Reg. 1, Dir. 20, the filing of CMP Form 4A is not required.

e. The first sentence of subparagraph (3) *Assignment of allotment symbols* of paragraph (d) *Applications for exportation of Class A products* is amended to read as follows: "On all licenses approved for commodities designated as Class A products under the NPA Controlled Materials Plan, the Office of International Trade assigns, on Form CMP-10 or other appropriate document, to the manufacturer who signed the CMP Form 4A, the right to apply a specified allotment number and symbol to procure the controlled material needed to manufacture the "A" product covered by the export license, except in the case of licenses issued for the export of "A" products where manufacturer acquired controlled materials for fabrication pursuant to CMP Reg. 1, Dir. 20. (See subparagraph (8) of this paragraph.)"

7. Section 398.8 *Supply assistance for foreign petroleum operations* is amended in the following particulars:

a. Subparagraph (1) of paragraph (e) *When to apply* is amended to read as follows:

RULES AND REGULATIONS

(1) For controlled materials only: 180 days prior to the first day of the quarter in which the materials are required as indicated in item 10 of the form (See exception to these filing dates when submitted pursuant to NPA Order M-46A issued September 5, 1952 (paragraph (k)) of this section, or CMP Reg. 1, Dir. 20 (paragraph (l) of this section).

b. Paragraph (l) *Revocation or denial* is redesignated paragraph (m) and a new paragraph (l) is added to read as follows:

(l) *Applications for exportation of aluminum, copper, or steel acquired or disposed of in accordance with provision of CMP Reg. 1, Dir. 20.* Any applicant who has or will acquire (or in the case of a producer, will dispose of), aluminum, copper, or steel commodities (designated by the letter "C" on the Positive List, § 399.1 of this subchapter) for export pursuant to the provisions of CMP Reg. 1, Dir. 20 dated February 16, 1953, may file applications for the exportation of such commodities at any time regardless of filing schedules. In each such instance, the applicant must on the face of the Application Form IT-824, (1) certify that "The controlled materials covered by this application have been or will be acquired (or in the case of a producer, will be disposed of) pursuant to the provisions of CMP Reg. 1, Dir. 20, dated February 16, 1953", and (2) enter the delivery date (if the applicant is producer, enter date production will be completed).

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 5, 1953, with the exception of items 6 and 7 which shall become effective as of March 11, 1953.

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

a. Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
224910	Vegetable oils (except essential) and fats, crude: Tung oil, crude (including chemically cleaned or treated).

¹ This amendment was published in Current Export Bulletin No. 697, dated March 5, 1953.

This part of the amendment shall become effective as of 12:01 a. m., March 5, 1953.

2. The following commodities are no longer subject to the dollar-limit (DL) restrictions (see § 374.2 (e) of this subchapter). Accordingly, the letter "B" set forth in the column headed "Commodity Lists" opposite those commodities is hereby deleted:

Dept. of Commerce Schedule B No.	Commodity
020104	Cattle hides, wet.
020604	Calfskins, wet (include stunk skins).
020704	Kip skins, wet. Hides and skins, raw, n. e. c. (include whole skins and parts thereof):
025098	Cattle hide parts (including, but not limited to, bellies, croupions, shoulders, butts, and splits).
300600	Cotton pulp. Filament yarn (except thrown yarn) of man-made (synthetic) fibers on cones, beams, bobbins, or other winding cores (report value of cones and other nonreturnable winding cores with the value of the yarn. Exclude the weight of such winding cores in reporting net quantity) (report beams, bobbins, or other returnable winding cores in 754900):
384026	Nylon (including monofilaments 20 denier and finer).
384029	Orlon.
384032	Thrown yarns (crepe, voile and combination twists and plied yarns, n. e. c.): Nylon and orlon. Monostrands, monofilaments and extruded bands and strips (not woven) for the manufacture of textiles:
384052	Nylon and orlon (report nylon monofilament yarn 20 denier and finer in 384026). Spun yarns of staple and of waste (including singles and plied): Nylon and orlon.
384062	Nylon webbing for parachute harness.
384998	Wood pulp (air-dry weight): Special alpha and dissolving grades, bleached, sulfite and sulfate (specify kind).
460110	Phosphatic fertilizer materials: Normal (standard) superphosphate, containing not more than 25% available phosphoric acid (state percentage of P ₂ O ₅).
851901	Concentrated superphosphate, containing more than 25% available phosphoric acid (state percentage of P ₂ O ₅).
851909	Potassium chloride.
853000	Potassium sulfate.
853100	

This part of the amendment shall become effective as of March 5, 1953.

b. Section 399.2 *Appendix B—Commodity Interpretations* is amended by the addition of Interpretations 11 and 12 to read respectively as follows:

INTERPRETATION 11: AERIALS, ANTENNAS, AERIAL LEAD-INS, AND WIRE THEREFOR

Commodity	Schedule B No.
Aerial lead-ins, strip-clip and other pre-fabricated types.....	708100
Aerial and antenna kits, complete with insulators, lead-in strips, and with or without lightning arresters and ground clamps.....	708100
Aerials and antennas, built-in cabinet type.....	708100
Television antennas, including those with lead-ins permanently affixed.....	708100
Wire, for aerials and antennas and lead-in wire for aerial and antenna installations: Report according to type.....	608200, 608210, 642510, 645710, 709865, 709870, 709875, 709885.

INTERPRETATION 12: CLASSIFICATION OF "PARTS" OF MACHINERY, EQUIPMENT OR OTHER ITEMS

Attention is called to the section in Schedule B, Statistical Classification of Domestic

and Foreign Commodities Exported from the United States, issued by the Bureau of the Census, which sets forth instructions for the classification of "parts" for machinery, equipment, or other items. These instructions may be found on pages xxiv and xxv in the "Introduction to Schedule B," paragraphs 11 through 22, under the following subheadings: "Definition of parts," "Rules for the classification of parts," "Exception to the rules for the classification of parts," and "Definition of the terms specially fabricated and general-purpose."

It has been determined that mixed shipments of replacement parts classifiable under a Schedule B number for "specially fabricated parts" for a machine often erroneously include replacement parts for which individual classifications are provided in Schedule B. The method for determining when this practice is permissible is set forth in the aforementioned instructions, paragraph c.20, under the heading "Exception to the rules for the classification of parts."

This part of the amendment shall become effective as of March 5, 1953.

TITLE 32—NATIONAL DEFENSE

Chapter IV—Joint Regulations of the Armed Forces

Subchapter A—Armed Services Procurement Regulation

PART 408—PATENTS AND COPYRIGHTS

CONTRACTS FOR PERSONAL SERVICES

The following additions to Part 408—Patents and Copyrights (32 CFR Part 408) relate to clauses for personal services contracts when required under the terms of Executive Order 10096.

1. The following § 408.112 is added to Part 408:

§ 408.112 *Patent rights under contracts for personal services.* The following clause shall, except as otherwise provided in § 406.503-9 of this subchapter, be inserted in all personal services contracts for services to be performed by an individual as set forth in § 406.502 of this subchapter:

PATENTS

The Contractor agrees to be bound by all the provisions of Executive Order 10096, dated 23 Jan 1950, and any orders, rules, regulations, or the like issued thereunder; provided, however, that the foregoing shall not apply if the terms of the Contractor's employment contemplate not more than ninety (90) days' service in any one calendar year.

1. The following § 408.205 is added to Part 408:

§ 408.205 *Contracts for personal services.* The following clause shall be inserted in all personal services contracts as defined in § 406.502 of this subchapter, except under the circumstances described in § 408.203:

COPYRIGHT

(a) The Contractor agrees to and does hereby grant to the Government, and to its officers, agents and employees acting within the scope of their official duties, (1) a royalty-free, nonexclusive and irrevocable license to reproduce, deliver, perform, translate, publish, use, and dispose of, and to authorize others so to do, all copyrightable material first produced or composed and delivered to the Government under this contract by the Contractor; and (ii) a license as aforesaid under any and all copyrighted or copyrightable work not first produced or composed by the Contractor in the performance of this contract but which is incorporated in the material furnished under the contract, provided that such license shall be only to the extent the Contractor now has, or prior to completion or final settlement of the contract may acquire, the right to grant such license without becoming liable to pay compensation to others solely because of such grant.

(b) The Contractor agrees that it will exert all reasonable effort to advise the Contracting Officer, at the time of delivering any copyrightable or copyrighted work furnished under this contract, of any adversely held copyrighted or copyrightable material incorporated in any such work and of any invasion of the right of privacy therein contained.

(c) The Contractor agrees to report to the Contracting Officer, promptly and in reasonable written detail, any notice or claim of copyright infringement received by the Contractor with respect to any material delivered under this contract.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-46, Direction 8, March 10, 1953]

M-46—PRIORITIES ASSISTANCE FOR PETROLEUM AND GAS INDUSTRIES IN THE UNITED STATES AND CANADA

DIR. 8—AUTOMATIC REVALIDATION OF CERTAIN ALLOTMENTS AND ORDERS

This direction is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this direction, consultation with industry representatives has been rendered impracticable due to the need for immediate action.

REGULATORY PROVISIONS

- Sec.
1. What this direction does.
2. Automatic revalidation of certain allotments and orders.

AUTHORITY: Sections 1 and 2 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec.

101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. What this direction does. This direction provides for the automatic revalidation of certain allotments issued pursuant to the provisions of NPA Order M-46, as amended, and permits placement of authorized controlled materials orders for other than oil well casing, oil well tubing, or drill pipe in the calendar quarter next succeeding the quarter for which the allotment is made.

SEC. 2. Automatic revalidation of certain allotments and orders. (a) Notwithstanding any provisions of NPA Order M-46, as amended, any person who has received an allotment of controlled materials, other than of oil well casing, oil well tubing, or drill pipe, may himself revalidate such allotment; and he may place authorized controlled material orders (for other than oil well casing, oil well tubing, or drill pipe), calling for delivery in the quarter next succeeding the quarter for which the allotment is made without making an application to the Petroleum Administration for Defense for authority to take such action.

(b) (1) To revalidate an allotment pursuant hereto, the purchaser need only indicate on his purchase order that he desires delivery in the calendar quarter next succeeding the quarter provided for in the allotment.

(2) If a purchase order has already been placed pursuant to an allotment valid in any particular calendar quarter and if the purchaser desires, for any reason, to receive delivery in the calendar quarter next succeeding the quarter for which the allotment is valid, he may revalidate such allotment and purchase order, and request delivery in the next succeeding quarter, either by furnishing a revised copy of the purchase order to the supplier, or by furnishing the supplier written information clearly identifying the original purchase order and specifying the quarter in which delivery is requested.

(3) All purchase orders placed pursuant to this direction shall be certified in the manner described in section 11 of NPA Order M-46, as amended.

(c) This direction does not apply to allotments of oil well casing, oil well tubing, or drill pipe.

This direction shall take effect March 10, 1953.

[NPA Order M-99, as Amended
March 10, 1953]

M-99—CRYOLITE

This order, as amended, is found necessary and appropriate to promote the national defense and is issued pursuant

to the Defense Production Act of 1950, as amended. In the formulation of NPA Order M-99 as originally issued February 29, 1952, and as amended September 18, 1952, there was consultation with industry representatives, including trade association representatives, and consideration was given to their recommendations. However, in the formulation of the amendments in this amended order, consultation with industry representatives, including trade association representatives, has been rendered impracticable because of the need for immediate action and because of the large number of different trades and industries affected.

This order as amended affects NPA Order M-99, as amended September 18, 1952, by revising section 5. As so amended, NPA Order M-99 reads as follows:

Sec.

1. What this order does.
2. Definitions.
3. Limitations on use.
4. Limitations on purchase.
5. Exports.
6. Authorizations and directives.
7. Inventory limitations.
8. Small user exemption.
9. Request for adjustment or exception.
10. Records and reports.
11. Communications.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. What this order does. This order, as amended, requires conservation in the use of cryolite. It regulates the use of cryolite and, with certain exceptions, limits inventory of users of cryolite. Persons who use 100 pounds or less of cryolite per calendar quarter for all purposes are exempted from certain provisions of the order. Quarterly reports are required from users of cryolite.

SEC. 2. Definitions. As used in this order:

(a) "Cryolite" means refined natural and synthetic cryolite of all grades except the grade known as Raymond Mill Dust.

(b) "Raymond Mill Dust" means that grade of cryolite which:

(1) Results as a byproduct of the initial grinding of crude cryolite ore in producing refined natural cryolite, and

(2) Is not further refined, and

(3) Contains not more than 85 percent sodium aluminum fluoride, and 98 percent or more of which, by weight, passes through a 300 mesh screen.

(c) "Primary aluminum producer" means a person who produces aluminum in either pig or ingot form by electrolytic reduction of alumina. Wherever the term "primary aluminum producer" is used in this order, it shall be understood to relate solely to the producer's use of cryolite for producing aluminum in the form and by the method described in the preceding sentence.

(d) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States Government or of any other government.

(e) "NPA" means the National Production Authority.

SEC. 3. Limitations on use. (a) No person shall use any cryolite in the production, processing, preparation, or manufacture of any material or product when it is commercially feasible to substitute some other material or materials for cryolite. No person shall use a greater quantity or a higher grade of cryolite in the production, processing, preparation, or manufacture of any material or product, if it is commercially feasible to use a lesser quantity or a lower grade for that material, product, or purpose, unless required to meet military specifications or standards.

(b) No person shall use cryolite to produce insecticide-grade cryolite without authorization from NPA, and no person shall purchase or accept delivery of insecticide containing cryolite except for use, or resale for use, as an insecticide.

(c) Subject to the provisions of paragraph (a) of this section, no person, other than a primary aluminum producer or a producer of insecticide-grade cryolite, may, during any calendar quarter commencing with the fourth quarter of 1952, use in the production of any product a quantity of cryolite in excess of 125 percent of the quantity of cryolite used by him for such purpose during the first calendar quarter of 1952.

SEC. 4. Limitations on purchase. No primary aluminum producer shall purchase or accept delivery of cryolite without authorization from NPA.

SEC. 5. Exports. No person shall export cryolite to Canada or purchase cryolite for export to Canada except to fill an order which bears the approval of the Canadian Department of Defence Production. Any person licensed by the Office of International Trade to export cryolite to any country other than Canada may export, or may purchase and export, the quantity so licensed without further authorization from NPA.

SEC. 6. Authorizations and directives. NPA may issue authorizations or directives to any person from time to time with respect to the quantities of cryolite which may be shipped or accepted for delivery by any person.

SEC. 7. Inventory limitations. (a) No person other than primary aluminum producers and producers of, dealers in, and consumers of insecticides containing cryolite, may receive or accept delivery of any cryolite if his inventory of cryolite is, or by reason of such receipt would become, more than 50 percent of the quantity of cryolite he is authorized to use during a calendar quarter under section 3 of this order, or 1500 pounds, whichever is greater, but in no event to exceed twice the quantity of cryolite he is authorized to use during any calendar quarter under section 3 of this order.

No such person may place any orders calling for delivery of any cryolite at a time earlier or in greater amounts than he would be permitted to receive under this section. Any such person who at any time has orders outstanding for cryolite calling for delivery earlier or in quantities greater than he would be permitted to receive under this section shall immediately notify his supplier of the extent to which such deliveries may not be accepted as scheduled, and such orders shall be adjusted accordingly. The provisions of NPA Reg. 1 are applicable to cryolite to the extent that such provisions are not inconsistent with the provisions of this section.

(b) No person shall deliver any cryolite if he knows or has reason to believe that the person to whom the delivery is to be made may not accept delivery of that quantity of cryolite or that he will use the cryolite in violation of any provision of this order. No person shall deliver cryolite unless he has previously received from the person to whom delivery is to be made a certificate reading substantially as follows:

Certified under the provisions of NPA Order M-99.

Such certification shall be signed in accordance with the provisions of NPA Reg. 2 and shall constitute a representation to the supplier and to NPA that the person to whom the delivery is to be made is authorized to accept such delivery under the provisions of this order.

SEC. 8. Small user exemption. Any person whose use of cryolite for all purposes during any calendar quarter does not exceed 100 pounds is not subject to the provisions of section 3 (c) and section 7 (a) of this order during such quarter. However, every such person is subject to the inventory limitations and all other provisions of NPA Reg. 1.

SEC. 9. Request for adjustment or exception. Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, that any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment or exception claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, by letter in triplicate, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 10. Records and reports. (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of

receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available for inspection and audit by duly authorized representatives of the National Production Authority, at the usual place of business where maintained.

(c) For the third calendar quarter of 1952 and for each calendar quarter thereafter, any person whose use of cryolite for all purposes during that calendar quarter exceeded 100 pounds, shall file with the National Production Authority Form NPAF-225 on or before the tenth day of the month following the close of the quarter for which the report is required. Persons who purchase insecticide-grade cryolite for their own use as insecticide are not required to file Form NPAF-225 as to insecticide-grade cryolite so purchased.

(d) Persons subject to this order shall make such records and submit such further reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

SEC. 11. Communications. All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: NPA Order M-99.

SEC. 12. Violations. Any person who wilfully violates any provision of this order, or any other order or regulation of NPA, or who wilfully furnishes false information or conceals any material fact in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order as amended shall take effect March 10, 1953.

[NPA Reg 2, Amendment 1 of March 11, 1953]
REG. 2—BASIC RULES OF THE PRIORITIES SYSTEM

AMENDMENT TO SECTION 14

This amendment to NPA Reg. 2, as amended November 10, 1952, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment consultation with industry representatives has been rendered impracticable due to the need for immediate action and because this amendment applies to all trades and industries.

NPA Reg. 2, as last amended November 10, 1952, is hereby further amended in the following respects:

1. In section 14, paragraph (a), the words commencing "Except as provided in paragraph (b) of this section" are changed to read "Except as provided in paragraph (c) of this section."

2. In section 14, paragraph (a), subparagraph (7) is inserted after subparagraph (6), as follows:

(7) In any case where a rating has been properly authorized and used on a rated order, a change thereafter in the program identification of such rating approved by, or through the authority of, NPA, does not affect the date on which such order was originally received as a rated order.

3. In section 14, paragraphs (b), (c), (d), and (e) are redesignated paragraphs (c), (d), (e), and (f), respectively, and a new paragraph (b) is inserted, as follows:

(b) If, after acceptance of a rated order, the supplier and customer mutually agree upon a delivery date earlier or later than the delivery date called for in such rated order, the change in delivery date shall not affect the date on which such order was originally received as a rated order, provided that the change in delivery date will not interfere with delivery upon any other rated order accepted by the supplier prior to the time of such change.

(Sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect March 11, 1953.

Chapter VIII—Defense Transport Administration

[General Order DTA 2, as Amended; Suspension]

DTA 2—PREFERENCE AND PRIORITY IN PORT TERMINAL STORAGE AND HANDLING OF BULK GRAIN FOR EXPORT

SUSPENSION OF ORDER

General Order DTA 2, as amended April 12, 1951 and January 16, 1952 (16 F. R. 3254; 17 F. R. 508), is hereby suspended until further order, except as to the provisions of section 4 (a) insofar as they require port terminal operators to retain in their possession for at least two years records of transactions occurring prior to the date of this suspension involving the storage or handling of bulk grain for which a grain port handling permit was heretofore required by said order, and except as to the provisions of section 4 (b).

With respect to violations, rights accrued, or liabilities incurred under General Order DTA 2, as amended, prior to the effective date hereof, all the provisions of said order, as amended, in effect at the time when such violations occurred, rights accrued, or liabilities incurred shall be deemed to continue in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability: *Provided, however,* That henceforth any outstanding unused grain port handling permit issued under said order, as amended, shall have no force or effect.

(64 Stat. 816, Pub. Law 429, 82d Cong., 50 U. S. C. App. Sup. 2154)

This suspension is effective immediately.

Issued at Washington, D. C., this 9th day of March 1953.

PART 129—CLASSIFICATION OF EXPRESS COMPANY EMPLOYEES FOR REPORTS OF EMPLOYEES

MONTHLY REPORTS OF EMPLOYEES, SERVICE, AND COMPENSATION

At a session of the Interstate Commerce Commission, Division 1, held at its

office in Washington, D. C., on the 2d day of March A. D. 1953.

The subject of monthly reports of employees, service, and compensation from Express Companies being under consideration, and it appearing that the changes in existing regulations to be effectuated by this order are only minor changes with respect to the data to be furnished and that public rule-making procedures are unnecessary;

It is ordered, That the order dated January 10, 1934, in the matter of Monthly Reports of express companies and the classification of express employees (49 CFR 129.1 to 129.3) be, and it is hereby vacated and set aside, effective on January 1, 1953, and the following order be, and it is hereby, substituted therefor:

§ 129.1 Employees, service, and compensation; express. Commencing with the month of January 1953, and contin-

uing monthly and annually thereafter unless otherwise ordered, express companies, subject to the provisions of the Interstate Commerce Act, shall classify employees and make and file reports of their service hours and compensation in accordance with Form WSX, Monthly Report of Employees, Service, and Compensation—Express, which form and formal instructions thereon is hereby approved and made a part of this section.¹ The monthly reports shall be filed, in duplicate, in the Bureau of Transport Economics and Statistics, Interstate Commerce Commission, Washington 25, D. C., on or before the 25th day of the month following the month to which it relates.

IDENTIFICATION CREDENTIALS

The notice of proposed rule making and announcement of a public hearing to be held by the Merchant Marine Council was published in the FEDERAL REGISTER dated November 11, 1952 (17 F. R. 10264, 10265). The Merchant Marine Council held a public hearing on December 2, 1952, in Washington, D. C., and considered all the comments, views, and data submitted either in writing or orally at the public hearing in connection with the security of vessels and control over movement of vessels in waterfront areas. After considering the comments, views, and data presented before or at the public hearing, it was determined that the proposed regulations which covered only four types of harbor craft would not accomplish the proposed objective since other types of harbor craft not covered by the proposed regulations were engaged in similar patterns of movement within waterfront areas. Therefore, it was determined necessary to write regulations applicable to all types of water craft which in the course of their normal operations service or contact vessels, foreign or domestic, public or merchant, in the navigable waters of the continental United States. To accomplish this it was decided to revise 33 CFR 125.37 by extending its application to all the navigable waters of the continental United States and to include certain types of vessels not previously covered. This revised regulation will require the masters and members of the crews of such vessels to have identification credentials as pro-

vided for in 33 CFR 6.10-7 and 125.11.

Pursuant to the authority of 33 CFR 6.10-5 in Executive Order 10173, as amended (15 F. R. 7007), the Commandant may define and designate those categories of vessels and waterfront facilities wherein any person seeking access thereto shall be required to carry identification credentials. The requirements for obtaining identification credentials are given in 33 CFR 125.15, 125.19 to 125.25, inclusive. The requirements regarding denial or revocation of Coast Guard Port Security Cards are set forth in 33 CFR 125.27 to 125.31, inclusive.

It is urged that all masters or members of the crews of vessels described in the revised regulations below who do not have the necessary credentials submit applications in accordance with 33 CFR 125.19 as soon as possible in order that the necessary credentials may be issued, where proper, in advance of the effective date of this amendment to 33 CFR 125.37.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Executive Order 10173, as amended, the following amendment to § 125.37 is prescribed which shall become effective on and after July 1, 1953, except that applications may be filed and acted upon immediately:

§ 125.37 *Requirements for credentials; certain vessels operating on navigable waters of the United States (including the Great Lakes and Western Rivers).*

(a) On and after July 1, 1953, every person desiring access to vessels, except public vessels, falling within any of the categories listed below, as the master, person in charge, or member of the crew thereof, shall be required to be in possession of one of the identification credentials listed in § 125.11.

(1) Towing vessels, barges, and lighters operating in the navigable waters of the continental United States (including the Great Lakes and Western Rivers).

(2) Harbor craft, such as water taxis, junk boats, garbage disposal boats, bum boats, supply boats, repair boats, and ship cleaning boats, which in the course of their normal operations service or contact vessels, foreign or domestic, public or merchant, in the navigable waters of the continental United States (including the Great Lakes and Western Rivers).

(b) The term "master, person in charge, or member of the crew" shall be deemed to include any person who serves on board in any capacity concerned with the operation, maintenance, or administration of the vessel or its cargo.

(c) Where the Coast Guard Port Security Card (Form CG 2514) is to be used as the identification required by paragraph (a) of this section, application for such card may be made immediately by the persons concerned. The issuance of the Coast Guard Port Security Card shall be in the form and manner prescribed by § 125.17.

(d) At the discretion of the District Commander any person desiring access to vessels of the categories named in this section, who may be required by the provisions hereof to possess identification credentials, may be furnished a letter signed by the District Commander or the Captain of the Port and this letter shall serve in lieu of a Coast Guard Port Security Card and will authorize such access for a period not to exceed 60 days, and such a letter issued shall be deemed to be satisfactory identification within the meaning of § 125.11. The issuance of the letter shall be subject to the following conditions:

(1) The services of the person are necessary to avoid delay in the operation of the vessel;

(2) The person does not possess one of the identification credentials listed in § 125.11;

(3) The person has filed his application for a Coast Guard Port Security Card or submits his application before the letter is issued; and,

(4) The person has been screened by the District Commander or Captain of the Port and such officer is satisfied concerning the eligibility of the applicant to receive a temporary letter.

(40 Stat. 220, as amended; 50 U. S. C. 191, E. O. 10173, Oct. 18, 1950, 15 F. R. 7005, 3 CFR, 1950 Supp., as amended by E. O. 10277, Aug. 1, 1951, 16 F. R. 7537, 3 CFR, 1951 Supp., as amended by E. O. 10352, May 19, 1952, 17 F. R. 4607)

WYOMING

ORDER OPENING LANDS TO MINERAL LOCATION,
ENTRY AND PATENTING

MARCH 6, 1953.

Under authority of the act of April 23, 1932 (47 Stat. 136, 43 U. S. C. 154), and the regulations thereunder contained in 43 CFR 185.36, and pursuant to section 2.22 of Order No. 2583 of August 16, 1950, of the Secretary of the Interior (15 F. R. 5645), it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals, the following described lands shall, commencing at 10 a. m., on the thirty-fifth day after the date of this order, be open to location, entry and patenting under the United States mining laws, subject to the stipulation quoted below, to be executed and acknowledged in favor of the United States by the locators, for themselves, their heirs, successors and assigns, and recorded in the county records and in the United States Land and Survey Office at Cheyenne, Wyoming, before locations are made:

SIXTH PRINCIPAL MERIDIAN

T. 52 N., R. 102 W.,

Sec. 4, lot 2, NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$.

The area described aggregates 48.80 acres. To insure against the interference in the construction, operation, and maintenance of the Shoshone Project, Wyoming, the locator agrees that the following further conditions shall apply to all prospecting, mining and other use and operations on the lands covered by his location:

(a) The mining and prospecting sites for any and all use and operations, methods and equipment, must be approved by the Mineral Supervisor, Geological Survey, prior to commencement of operations. No such approval shall be granted by the Supervisor until he has consulted with and obtained the written approval of the District Manager, Bureau of Reclamation, Cody, Wyoming, as to any proposed plan of operation. Neither shall any entry for blasting or any other operation be made on lands under the Shoshone Project until written approval of such entry has been secured from said District Manager, Bureau of Reclamation, Cody, Wyoming.

(b) In addition to complying with applicable regulations of the Department, any sites for construction must receive prior approval of the District Manager before construction begins.

SECTION 1. Authority. This action is taken pursuant to the authority conferred by the Housing and Rent Act of 1947, as amended (Pub. Law 129, 80th Cong., as amended by Pub. Laws 422 and 464, 80th Cong., Pub. Laws 31, 574, and 880, 81st Cong.; and Pub. Laws 8, 69, and 96, 82d Cong.); and more particularly section 204 (m) of Public Law 96; and the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong.; as amended by Pub. Law 96, 82d Cong.); and Executive Order 10161 of September 9, 1950, and Executive Order 10276 of July 31, 1951; and as implemented by Economic Stabilization Agency Order No. 9 of July 31, 1951.

Sec. 2. Determination. In view of the joint determination and certification by the Secretary of Defense and the Acting Director of Defense Mobilization, dated March 5, 1953, that the Del Rio, Texas, area (this area consists of Justice Precinct 1 in Val Verde County, Texas) is a critical defense housing area, and in view of the suspension of Regulation X on September 16, 1952, by the Board of Governors of the Federal Reserve System and announcement of a period of residential credit control relaxation by such Board, with the concurrence of the Housing and Home Finance Administrator, effective on that same date (17 F. R. 8350), it is hereby determined, after due consideration of relevant factors, that real estate construction credit controls have been relaxed in the Del Rio, Texas, critical defense housing area to the extent necessary to encourage construction of housing for defense workers and military personnel.

NEW YORK STATE NATURAL GAS CORP. AND
NEW YORK STATE ELECTRIC & GAS
CORP.

ORDER CONSOLIDATING PROCEEDINGS AND FIX-
ING DATE OF HEARING AND DENYING RE-
QUEST FOR SHORTENED PROCEDURE

MARCH 4, 1953.

In the matters of New York State Natural Gas Corporation, Docket No. G-1972; New York State Electric & Gas Corporation, Docket Nos. G-1999 and G-2000.

On June 4, 1952, New York State Natural Gas Corporation, a New York corporation with its principal office in New York City, New York, (New York State Natural) filed an application at Docket No. G-1972 and a supplement thereto on September 3, 1952, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a metering and regulating station for the sale of natural gas to New York State Electric & Gas Corporation at a point on New York State Natural's transmission pipeline in the Village of De

Ruyter, Madison County, New York, all as more fully described in the application and notice thereof published in the FEDERAL REGISTER on June 18, 1952, (17 F. R. 5488).

On July 11, 1952, New York State Electric & Gas Corporation, a New York corporation with its principal office in Ithaca, New York, filed an application at Docket No. G-1999 for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of approximately 49 miles of 8-inch and 10-inch transmission pipeline to extend from a point of interconnection with New York State Natural in the Village of De Ruyter, New York, to the City of Norwich, New York, and town of Oneonta, New York, together with pertinent facilities, all as more fully described in the application and in the notice thereof published in the FEDERAL REGISTER on August 7, 1952, (17 F. R. 7196).

On January 30, 1953, the Commission issued an order fixing date of hearing in the matter of New York State Electric & Gas Corporation, Docket No. G-2000 for April 23, 1953, at 10 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Ave. NW., Washington, D. C., upon application for (1) an order declaring New York State Electric and Gas Corporation not to be a "natural-gas company" under the Natural Gas Act by reason of any of the operations in which it is presently engaged in, or proposes to engage in, in the area served by its Auburn, Geneva, Newark, New York pipeline, or (2) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing construction and operation of certain natural-gas facilities subject to the jurisdiction of the Commission as more fully described in the Application filed on July 11, 1952, and the supplement thereto filed August 27, 1952, and as more fully described in the notice of the filing thereof published in the FEDERAL REGISTER on August 7, 1952 (17 F. R. 7196).

On August 14, 1952, Public Service Commission of the State of New York filed a notice of intervention with the Commission in Docket Nos. G-1999 and G-2000.

The Commission finds:

(1) Good cause exists and it is appropriate and necessary in carrying out the provisions of the Natural Gas Act to consolidate the proceedings at Docket Nos. G-1972 and G-1999 with those in Docket No. G-2000, for purpose of hearing, and to hold a public hearing, as hereinafter provided.

(2) Good cause has not been shown for granting the request of Applicants at Docket Nos. G-1972 and G-1999 for the hearing of the respective matters under the shortened procedure as provided by the Commission's rules of practice and procedure and their request should be denied as hereinafter ordered.

The Commission orders:

(A) The proceedings in Docket Nos. G-1972, G-1999, and G-2000 be and the same are hereby consolidated for purpose of hearing.

(B) The request of Applicants at Docket Nos. G-1972 and G-1999 for disposition of these proceedings in accordance with the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure (18 CFR 1.32 (b)) be and the same are hereby denied.

(C) Pursuant to the authority contained in and by virtue of the jurisdiction conferred on the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a public hearing be held commencing on April 23, 1953, at 10 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the aforesaid consolidated proceedings.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: March 6, 1953.

COLORADO INTERSTATE GAS CO.

NOTICE OF APPLICATION

MARCH 6, 1953.

Take notice that Colorado Interstate Gas Company (Applicant), a Delaware corporation, with its principal place of business in Colorado Springs, Colorado, filed, on February 13, 1953, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of the following natural-gas facilities:

(1) 49 miles of 20-inch gas pipeline to complete a looping of Applicant's present Hugoton line from a point near Hugo, Colorado, to Applicant's Kit Carson Compressor Station;

(2) The addition of one 1,320 horsepower compressor unit at the above-described Kit Carson Compressor Station;

(3) Two compressor stations, to be known as the Springfield Station and the Keyes Station, each having a capacity of 5,280 horsepower, to be located on Applicant's Panhandle-Kit Carson line in Prowers County, Colorado, and Cimarron County, Oklahoma, respectively;

(4) Four additional compressor units, having a total capacity of 5,280 horsepower, at Applicant's Fourway Compressor Station located in the West Panhandle Field, Texas;

(5) Two additional compressor units of 880 horsepower each, at Applicant's Bivins Compressor Station located in the West Panhandle Field, Texas;

(6) A new compressor station to be known as Morton County Station, having a capacity of 1,980 horsepower to be located in the Morton County gas field, Kansas;

(7) A new compressor station in Panhandle Field, Texas, to be known as the Sanford Station, having a total capacity of 3,960 horsepower.

In addition, Applicant proposes to construct necessary extraction and dehydration facilities as well as a sulphur treating plant at the Sanford Station, all as more particularly described in the said application.

The estimated over-all cost of the proposed facilities is \$19,856,596 which Applicant proposes to finance by borrowing \$20,000,000 on a short-term basis.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of March 1953. The application is on file with the Commission for public inspection.

ARKANSAS LOUISIANA GAS CO.

NOTICE OF APPLICATION

MARCH 5, 1953.

Take notice that on February 13, 1953, Arkansas Louisiana Gas Company (Applicant), a Delaware Corporation having its principal place of business at Shreveport, Louisiana, filed an application for an order pursuant to section 7 (b) of the Natural Gas Act permitting and approving abandonment, effective March 26, 1953, of natural-gas service to Mississippi River Fuel Corporation presently being rendered by Applicant pursuant to a contract dated December 12, 1947, which is filed with the Commission as a service agreement, and to Applicant's rate schedule CD-1, both forming a part of Applicant's Gas Tariff on file with the Commission.

Applicant states that demands for gas on its system are increasing, and that the volume of approximately 12,500 Mcf per day now being delivered to Mississippi River Fuel Corporation is needed to enable it to supply increased quantities of gas to its own customers.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Commission's rules of practice and procedure, on or before the 25th day of March 1953. The application is on file with the Commission and open to public inspection.

[File No. 70-3003]

DELAWARE POWER & LIGHT CO.

ORDER AUTHORIZING INCREASE OF
AUTHORIZED PREFERRED STOCK

MARCH 6, 1953.

Delaware Power & Light Company ("Delaware"), a registered holding company and a public utility company,

having filed a declaration pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-62 promulgated thereunder with respect to the following transaction:

Delaware proposes to amend its certificate of incorporation so as to increase the number of its authorized shares of preferred stock from 200,000 to 300,000 shares. Such action is proposed to be taken by vote of its preferred and common stockholders at Delaware's annual meeting of stockholders to be held on April 21, 1953, and Delaware proposes to submit this proposal to its stockholders for their approval at that meeting.

Delaware presently has outstanding 190,000 shares of its cumulative preferred stock, having a par value of \$100 per share. The presently outstanding stock consists of four series having respective dividend rates of 4 percent, 3.70 percent, 4.28 percent, and 4.56 percent. The company represents that continuing demands for electric and gas service have required the adoption of a substantial construction program, and the company anticipates that such construction program will require expenditures of approximately \$35,000,000 during the next three years. The declaration represents that, while the company does not presently have any definitive plans as to the issue and sale of additional preferred stock, it is contemplated that the construction program will be financed in substantial part by the sale of additional preferred and common stock and by the sale of mortgage bonds and unsecured temporary bank borrowings.

Due notice having been given of the filing of the declaration and a hearing not having been requested or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act that said declaration be, and hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DuBOIS,
Secretary.

TEXAS LAWN SPRINKLER CO. OF DALLAS
ET AL.

ORDER OF MODIFICATION

This proceeding has to do with the matter of the National Production Authority vs. Texas Lawn Sprinkler Co. of Dallas, Inc., et al., 5422 Redfield Street, Dallas, Tex., in connection with which NPA Hearing Commissioner Robert J. Farley, at Dallas, Tex., entered Suspension Order 28 on August 27, 1952, and J. Forrester Davison, Appellate Commissioner, at Washington, D. C., entered order of modification on October 4, 1952.

In conformity with the policy established by Direction 20 to CMP Regulation No. 1, dated February 16, 1953, and Direction 10 to Revised CMP Regulation No. 6, dated February 16, 1953 (see also Designation of Scarce Materials 1, as amended February 18, 1953); and

On motion of Robert H. Winn, Esquire, Assistant General Counsel of the National Production Authority:

It is hereby ordered, Pursuant to the provisions of paragraph (c) of section 5 of NPA Rules of Practice (17 F. R. 8156), that the above-identified suspension orders be modified so that the respondents herein, any provision in the suspension orders notwithstanding, may acquire any controlled material which is acquired pursuant to the provisions of section 6 of Direction 20 to CMP Regulation No. 1 or section 2 (a) of Direction 10 to Revised CMP Regulation No. 6; and

It is further ordered, That the said suspension orders be further modified so that the respondents herein may use or dispose of any controlled materials so acquired, and the suspension order herein shall not be treated as effecting a prohibition by a regulation or order of NPA as referred to in section 7 of Direction 20 to CMP Regulation No. 1 as to any controlled material acquired pursuant to the provisions of said Direction 20 or of Direction 10 to Revised CMP Regulation No. 6.

In all other respects the aforesaid Suspension Order 28 remains unmodified.

[Suspension Order 55; Docket No. 65]

LUDMAN CORPORATION

A hearing having been held in the above-entitled matter on the 23d and 24th days of February 1953 before Charles J. Hilkey, Esquire, a hearing commissioner of the National Production Authority, on a statement of charges made by the General Counsel, National Production Authority, in accordance with the National Production Authority General Administrative Order 16-06 (16

F. R. 8628), dated July 21, 1951, and Implementation 1 to National Production Authority General Administrative Order 16-06 (16 F. R. 8799), dated August 30, 1951, and Delegation of Authority under NPA-GAO 16-06 (17 F. R. 2098); and

The respondent, Ludman Corporation, Building 143, Miami International Airport, Miami 38, Fla., having been duly apprised of the specific violations charged and having appeared in these proceedings by its attorney, Claude Pepper, an attorney at law, 37 Northeast First Avenue, Miami, Fla.;

The respondent by its attorney, Claude Pepper, Esquire, having entered into a stipulation dated February 24, 1953, which provided that an agreed statement of facts be filed in lieu of the presentation of other evidence in support of and in opposition to an amended statement of charges; and

The name of Max Hoffman having been withdrawn as one of the respondents named in this proceeding and from each of the charges contained therein, it is hereby determined:

Findings of fact and conclusions. 1.

That the Ludman Corporation is a corporation organized and existing under the laws of the State of Florida, having its principal plant and office at Building 143, Miami International Airport, Miami 38, Fla., for the manufacture of jalousie windows and allied products.

2. During the period beginning on or about the first day of October 1951, and ending on or about the 31st day of December 1952, the Ludman Corporation committed acts prohibited by section 19 (f) of CMP Regulation No. 1, dated May 3, 1951 (16 F. R. 4127), and as amended November 23, 1951 (16 F. R. 11860), sections 3 (c) and 17 (b) of CMP Regulation No. 1, dated May 3, 1951 (16 F. R. 4127), and as amended July 12, 1951 (16 F. R. 6800), and as amended November 23, 1951 (16 F. R. 11860), in that Ludman Corporation, having received authorized production schedules and related allotments of aluminum for use during the said period, placed controlled materials orders for 500,000 pounds of aluminum more than it was authorized to place controlled materials orders during the said period, and received and used during the said period in the production of aluminum windows and jalousies, together with operating mechanism and hardware therefor, 500,000 pounds of aluminum in excess of that provided for in said authorized production schedules and related allotments.

In order to correct the unauthorized use of aluminum occasioned by the violations found herein, by the respondent, *It is accordingly ordered:*

1. That all allocations and allotments of aluminum which have or may be granted to Ludman Corporation, a Florida corporation, its successors and assigns, for use during the period commencing April 1, 1953, and ending September 30, 1953, be reduced as follows:

(a) By 250,000 pounds during the second quarter commencing April 1, 1953, and ending June 30, 1953.

(b) By 250,000 pounds during the third quarter commencing July 1, 1953, and ending September 30, 1953.

2. That the respondent, Ludman Corporation, a Florida corporation, its successors and assigns, is hereby prohibited during each of the foregoing periods from acquiring any aluminum in excess of their aluminum allocations and allotments as so reduced.

3. That the respondent, Ludman Corporation, is hereby directed to immediately cancel all controlled materials orders for aluminum issued by it for delivery during the second and third quarters of 1953 which are in excess of their second and third quarter 1953 allocation as reduced in paragraph 1 hereof.

Issued this 24th day of February 1953 at Miami, Fla.

COMMISSION**

[4th Sec. Application 27858]

POULTRY NETTING FROM MINNEQUA, COLO.,
TO TEXAS

APPLICATION FOR RELIEF

MARCH 6, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Netting, poultry, galvanized or plain, carloads.

From: Minnequa, Colo.

To: Points in Texas.

Grounds for relief: Competition with rail carriers, circuitous routes, and analogous commodity.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3443, Supp. 174.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 27859]

SPENT SULPHURIC ACID FROM JEFFERSONVILLE, IND., TO NASHVILLE, TENN.

APPLICATION FOR RELIEF

MARCH 6, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent for The Baltimore and Ohio Railroad Company and other carriers.

Commodities involved: Acid, spent, sulphuric, in tank-car loads.

From: Jeffersonville, Ind.

To: Nashville, Tenn.

Grounds for relief: Competition with rail carriers, circuitous routes, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1200, Supp. 79.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.
