1/ The increase in the number of establishments and net sales was due primarily to differences in methods of reporting some large chain organiza-

and to concerns which began operation subsequent to 1929.

2/ Cream stations were not included for the most part in 1929 data.

3/ Includes 220 cooperative elevators with sales amounting to \$14,912,000.

1/ The increase in the number of establishments since 1929 was due in part to difference in methods of reporting by organizations dealing in petroleum.

2/ The decrease in the number of establishments since 1929 was due in part to loss of assemblers and country buyers of farm products.
