CAILLAUX WILL APPEAR OCT. 23

French Ex-Premier to Be Tried; Is Candidate For Chamber

Paris, Oct. 17.—Joseph Caillaux, ex-Premier of France, who is under arrest charged with intriguing to bring about a premature and dishonorable peace with Germany, will appear before the High Court of the Senate on October 23, at which time the accusation against him will be read and the date of his trial determined.

M. Giaffier, his attorney, will ask that Caillaux be admitted to bail in order that he may be a candidate in the constituency of Sarthe, where he was chosen as a nominee by the Radical Party in case the High Court agrees to a postponement of the trial and will permit Caillaux to go before the voters. If this request is refused, the attorney will ask that the trial be deferred for six weeks, owing to the impossibility of bringing witnesses from the United States in less time.

BLOCKADE AGAINST SOVIET RUSSIA

Berlin Paper Says Allied Powers Asked Neutrals to Assist

London, Oct. 17.—The text of the note from the Supreme Council inviting Germany to participate in the blockade of Soviet Russia, as published by The Berlin Tageblatt and reprinted by The Daily Herald, shows that Sweden, Norway, Denmark, Holland, Finland, Spain, Switzerland, Mexico, Chile, Argentina, Colombia and Venezuela were invited to initiate measures to prevent their nationals from engaging in any trade whatever with Bolshevik Russia. The measures are thus enumerated:

- 1.—Refusal of permission to sail to every ship bound for a Russian Bolshevik port, and the closing of all ports to ships from Bolshevik ports.
 - 2.—Similar regulations to be adopted with regard to all goods destined for Russian Bolshevik ports by other routes.
 - 3.—Passports to be refused to all persons to or from Bolshevik Russia. Isolated exceptions may be made by the Allied Powers.
 - 4.—Measures may be taken to hinder bankers from granting credit to commercial undertakings in Bolshevik Russia.
 - 5.—Every Government to refuse its nationals any facilities of intercourse with Bolshevik Russia, whether by post or wireless telegraph.
 - 6.—Marshal Foch added the following instructions: "Inform the German Government that the British and French men-of-war in the Gulf of Finland will continue to blockade all Bolshevik ports and detain from the moment they come in sight any supplies bound for Bolshevik ports."
- The preamble to the note declared that the open enmity of the Bolsheviks was directed against all Governments, and that programmes of international revolution circulated by them constituted a grave danger to the national security of all the powers.

MRS. MARY TURNER COULDN'T RIDE ON A STREET CAR

Winnipeg Woman Was Almost a Nervous Wreck From 25 Years Trouble

"I have been trying for twenty-five long years to find a medicine or treatment that would overcome my troubles, but I never had any success until I commenced taking Tanlac," said Mrs. Mary Turner, who lives at 333 Roseberry Street, Winnipeg, the other day.

"I was practically an invalid during all these years," continued Mrs. Turner, "and I really didn't expect to live as long as I have. For months last month I was confined to my bed hardly able to move. My stomach was in such awful condition that everything I ate disagreed with me, and I would have terrible attacks of indigestion. Sometimes I would get so filled up with gas that I could hardly get a good breath, and then, too, this gas would often rise up into my chest and cause my heart to palpitate something awful. Every day or so I would have bad spells of headache, and my nerves finally got in such bad condition that the least noise would upset me, and such a thing as a good night's sleep was out of the question. I was actually so nervous I couldn't ride in a street car as I just couldn't stand the jolting and noise the cars made. My kidneys were out of order a lot, too, and I suffered terribly with pains in the small of my back. In addition to all those troubles, I had rheumatism in my right leg and hip, and the pain and misery I suffered from this trouble almost drove me wild at times. I finally got in such a bad condition that I just felt like I was a burden to myself and everybody else."

"I had heard so much about Tanlac and the good it was doing so many people that I decided to give it a trial, and I just want to tell you now that it has certainly been a god-send to me. Why, I didn't think it was possible for any medicine to do as much for a person as Tanlac has done for me. I have a fine appetite now, and can eat almost anything I want without suffering afterwards with indigestion or sour stomach. I enjoy my meals, too, and what I eat seems to be doing me lots of good, for I am gaining in weight right along. The pain has left my back, and I never have a sign of headache any more. The rheumatism has left, too, and I can get around as well as anybody. In fact, I am in better condition now every way than I have been in many many years, and as long as I live I will praise Tanlac for bringing me back to health after everything else I had tried for twenty-five years had failed to do me any good at all."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Aves.

SAYS GOVERNMENT FOSTERING O. B. U.

McVety Says at Vancouver Esquimalt Navy Yard Breeding Ground

Vancouver, Oct. 17.—J. H. McVety, who represented the local Trades and Labor Council (International) at the recent labor Congress in Hamilton, Ont., in reporting to the Council last night on the work of the Congress, declared that the opposition of the Government toward the One Big Union should be directed toward Government employees who were in that organization. He said the Canadian National Railway employed most of the One Big Union men who were in western Canada and that the Esquimalt navy yard was a breeding ground for One Big Union advocates.

"The Government, instead of opposing the One Big Union, is fostering it by permitting it to continue in the Government service," he declared.

President Welsh said the matter was being brought to the attention of the Government.

COAL INQUIRY IN CITY OF CALGARY

Calgary, Oct. 17.—"Is it necessary to have a marble building and mahogany fittings to sell coal?"

This was a question asked George L. Peet, of Toole, Peet & Co., by Mrs. G. H. Core during the session yesterday of the Alberta Coal Commission. Mrs. Core put the question with the idea of finding out what were the overhead charges supported by some dealers in handling coal in the city of Calgary.

Mr. Peet replied that he was not making more money out of the coal business than when he had occupied a little log shack on Eighth Avenue and paid \$10 a month rent. The margin was then, as far as his firm was concerned, exactly the same as it is now.

In addition to Mr. Peet, Alderman Fred Johnston and E. C. Ferguson, representing Lot & Company, testified before the Commission.

Somewhat divergent views are held by the coal dealers mentioned, but all agreed that there was very little coal stocked in Calgary at the present time.

KOLCHAK STRONGER IN EASTERN SIBERIA

London, Oct. 17.—A dispatch received here from Vladivostok, where it was filed September 30, says: "The political situation in Eastern Siberia is quiet after a month of rumors relative to plots and intrigues by Social Revolutionaries and Zemstvo groups for the overthrow of Admiral Kolchak, head of the All-Russian Government. Manifestations on behalf of the Government resulted from the rumors."

ARGENTINA WILL HAVE LESS GRAIN

Buenos Ayres, Oct. 17.—An official forecast of Argentina's 1920 grain crop, not including corn, shows that compared with the area planted last year approximately 1,325,500 hectares less land was sown to wheat, flaxseed and oats. (The hectare equals 2,471 acres.)

The reduction in area for wheat is 817,000 hectares; flaxseed, 41,500, and oats 275,000. In a memorandum to the Ministry of Agriculture the Director-General of Rural Economics and Statistics says one reason for the reduction was the disastrous floods experienced recently in the southern part of the Province of Buenos Ayres.

Reports of areas sown to wheat show an aggregate of 6,053,000 hectares, flaxseed 1,425,000 and oats 931,000.

CHURCH OF ENGLAND MINISTRY AND WOMEN

Leicester, Eng., Oct. 17.—The Congress of the Church of England took up yesterday the question of admission of women to the ministry. Canon Streeter urged that while perhaps it was not expedient to admit women to the priesthood at the present time, it was an ideal of the future, the only objections being the dictum of St. Paul that "women must keep silent in the church," and the Roman Catholic tradition.

Miss Eleanor Gregory pleaded strongly in favor of the admission of women to the ministry, saying that they had achieved political equality but that religious enfranchisement lagged.

DAMAGES FOR DEATH OF VANCOUVER MAN

Vancouver, Oct. 17.—Damages to the extent of \$6,500 were granted here yesterday afternoon by the jury in the case of Morris vs. Weld. Mrs. Morris, the plaintiff, sued Dr. Weld, whose auto struck the late James P. Morris, a city printer and her husband, on July 25 last, the victim succumbing to the injuries received.

VOTES FOR WOMEN.

Montreal, Oct. 17.—The plan for the coming year's work, which was outlined at yesterday's meeting of the Quebec provincial Women's Christian Temperance Union convention includes two appeals to the Quebec Legislature.

The Government will be asked first to grant to all women over twenty-one years of age the municipal and provincial franchise, and secondly to grant to women the right to vote for members of school boards.

REFORMS URGED BY EAST PRESBYTERIANS

Ottawa, Oct. 17.—Three resolutions dealing with present-day reforms were passed at the session of the Ottawa-Montreal Presbyterian Synod yesterday. The first was the endorsement of the four "noes" of the Ontario Reform Committee. The second asked the Dominion Government to make permanent legislation of the war-time measure prohibiting

MARRIAGES ANNULLED BY MONTREAL COURT

Montreal, Oct. 17.—Two marriages were annulled by judgments of the Superior Court here yesterday afternoon. The marriage of Joseph Contant with Jennie Averbach, which took place before a rabbi on August 23 last, was declared invalid because the bridegroom was a minor.

The marriage of Louis Lefebvre with Marguerite Lacuyer at St. Jean Baptiste Church, Montreal, on July 23, 1919, was declared invalid because the bride, who was a widow, had a husband living at the time of her second marriage although she then believed he was dead.

SCHOOL BOARD HAS BREEZY MEETING

Desire of Trustees to Attend Another Meeting Causes Altercation

To adjourn or not to adjourn was the burning question at the meeting of the Board of School Trustees last night, the business of school matters being apparently of secondary consideration when weighed in the balance against the counter-action of another meeting which Trustees Mrs. Andrews and Perry were desirous of attending.

Signs of Unrest.

Called for 7.30, the meeting opened promptly at that hour, and the first sign of unrest was evident when Trustee Perry moved that the reading of the minutes be waived. "Do you mean that the reading of the minutes be adjourned?" queried Mrs. Spofford, to which Trustee Perry replied that such was his suggestion, he being anxious to attend another meeting, the nature of which was not stated. Mrs. Andrews then announced her desire of attending another meeting "if there were no urgent matters to be brought before the Board."

This brought Trustee Mrs. Spofford to her feet with the observation, "I think that some degree of courtesy is due the other members of this Board when meetings are arranged and then re-arranged as they sometimes are. When the meeting is going to be adjourned, as it was evidently understood by some members of the Board would be the case to-night, I think it only courteous that all the members should be informed so that they could plan accordingly. I had an engagement which I was most anxious to keep but I cancelled it and now find that the meeting is to be adjourned so that two members can keep appointments."

Trustee Aitken: "That is the way with me."
Trustee Perry: "I only asked if it would be convenient to adjourn. As far as I'm concerned if necessary I will stay here all night." Mrs. Andrews then contributed her quota to the discussion, "I know of no previous arrangement to adjourn, but at the same time I should be glad if the meeting could be adjourned as I would like to attend another meeting."

Counter-Attacks.

Trustee Mrs. Spofford, however, was not yet satisfied and immediately countered with the question "Was this meeting called at 7.30 with a view to getting through early in order to adjourn or because of a lengthy programme of business?" to which after some hesitation Chairman P. M. Riddell replied that it was in order to get through early.

At this juncture Trustee Jay moved that the report of the Municipal Inspector on the Senate be presented, and the burning question of adjournment was waived for the moment only to be brought up again later when Mrs. Spofford observed that as several of the members evidently wished to leave it would be a pity to spoil a good evening and she placed a motion before the Board that the meeting adjourn until Monday at 7.30.

Coal Questioned

Again the motion disappeared before a request from Secretary Pope that the financial report be presented. The presentation of the report by Trustee Perry was the signal for objection from Trustee Aitken, who refused to sanction the passing of the accounts for coal, declaring that the coal now being placed in the schools was not up to contract and was "no good."

An altercation then ensued between Trustees Perry and Aitken, the former declaring that the coal was good, until on being challenged by Trustee Aitken he admitted that he would not use it in his own house. This brought Trustee Aitken to his feet with the retort "You say you would not put it in your own house, yet you expect the Board to pay for it for school use. 'Hold on,' was the reply from Trustee Perry, 'the janitors of the schools have sent in reports declaring the coal to be good, and they should know whether it is good coal or not.' In this he received the support of Secretary Pope and Trustee George Jay, who has seen the janitors' report.

After further contributions to the discussion, Trustee Mrs. Andrews that the Board form a committee of the whole to investigate the matter at an early date, the motion to this effect being carried.

Mrs. Spofford's second attempt to bring a resolution of adjournment was successful and the meeting adjourned at 8.30 whereupon Trustees Mrs. Andrews and Perry left to attend, as was later disclosed, the opening of the new Conservatory rooms.

Gordon Head Mission Band.—The "Silver Lining" Mission Band at Gordon Head was marked by a big attendance last night when the members assembled to listen to an address by Mrs. J. G. Inkster, wife of the pastor of the First Presbyterian Church.

Dr. Helen Ryan at Gordon Head.—Members of the Gordon Head Women's Institutes listened to an instructive and entertaining address on "Eugenics," by Dr. Helen Ryan, at the regular monthly meeting yesterday afternoon.

Vancouver Maple Smashers Visit.—A team of five all star bowlers from the Mainland with a spare player will visit Victoria to-morrow to play a Victoria team at the Vimy Bowling Alley in a telegraphic tournament.

WHITE ENSIGN MEN TO HONOR JELlicoe

Plan Informal Reception and Presentation at Navy Yard Canteen

Admiral Lord Jellicoe is to be honored at an informal reception given by, and limited strictly to men who have been serving or are serving under the white ensign, during his forthcoming visit to Victoria.

Considerable discussion ensued as to the form which the ex-naval men's welcome of the famous sailor should take, and it finally was decided to hold an informal reception in the canteen at the Navy Yard on a date to be decided later.

Committees to undertake the necessary arrangements were appointed as follows: Finance, Comrades Kirk, Mitchell, Fagg and Hatcher; refreshments, Comrades Key, Watson, Neel and Bishop; music, Comrades Blythe, Woods and McIntosh.

Those desirous of attending the reception and of subscribing to the gift are requested to communicate with H. F. Helmsing, Room 203 Stohart-Pease Building, or telephone No. 5425.

ALL CANADA'S RESOURCES BEHIND VICTORY BONDS

No man more completely fails to grasp the financial situation of the country than the man who remarks, "The war is over, I don't think it is necessary to buy Victory Bonds."

When you buy Victory Bonds, 1919, you receive with them a war-time rate of interest, but it is not a war-time investment.

By improving the quality of the blood and building up the nervous system this food cure brings new energy and strength to the whole body.

Victory Bonds are an investment in the future prosperity of the country, an investment backed by all the resources of Canada—the lands, the forests, the mines and the fisheries.

CHALLENGE MAINLAND ON VICTORY LOAN

Victoria Is in Race to Raise More Per Capita Than Vancouver

With all his forces on the Island well organized Brigadier-General R. P. Clarke's fighting instinct has been aroused. The Island head of the Victory Loan drive is anxious for that competition which arouses the highest efforts of the bond sellers, and has declared that his bond lieutenants will sell more bonds per capita than the forces on the Mainland.

General Clarke is out this year to make a per capita record in bond selling. The two trips he has made up-Island have convinced him that the rest of the Island will show the same enthusiasm that the people of Victoria are showing, and he feels perfect confidence in issuing the challenge.

Alleged Diseased Meat.—Thomas Mould was charged in the Police Court this morning with selling food unfit for human consumption. It is alleged by the civic health authorities, who have the case in hand, that accused sold meat in the market affected by tuberculosis. The case was remanded.

THREE CAMPAIGN MEETINGS TO-NIGHT

The Hon. S. F. Toimie, Minister of Agriculture, assisted by J. C. McIntosh, M. P., who has just returned from Ottawa, and C. T. Cross, will speak to the electors of Wards IV and V at the Moss Street School at 8 o'clock to-night.

Thomas A. Barnard, labor opposition candidate, will speak at Semple's Hall, Victoria West, at 7:30 o'clock to-night, and also at the Crystalline Theatre, Broad Street, meeting at 8 o'clock.

GARDEN CITY INSTITUTE

Women Hear Instructive Addresses on Goats and Poultry at Wednesday's Meeting.

Two very instructive and extremely interesting addresses were delivered by J. R. Terry, Chief Poultry Inspector of the Department of Agriculture, and Mr. Filmer, Secretary-Treasurer of the Goat Breeders' Association, at the monthly meeting of the Garden City Women's Institute, which was held on Wednesday afternoon in the Carey Road Methodist Church.

Mr. Terry spoke on the "Preparation of Fowl's Milk." In Italy goat's milk is largely used, and in that country the child death rate is lower than in that of any other nation.

The habits of the goat, the food, the products, the cost of raising and the usefulness of the animal were dealt with. It was stated that in British Columbia there were more goats than in all the rest of Canada, and it is hoped that in the future people will appreciate the goat still more highly than is being done at the present time.

It was announced that the Girls' Club would "tag" on Saturday, October 18, in Garden City and surrounding district for the Navy League.

POPULAR YOUNG COUPLE WEDDED

Two well-known young people were united in marriage last night at a pretty home-wedding at the residence of Mr. and Mrs. George Bromley, 613 Frances Avenue, when their daughter, Eva Pearl became the bride of Lieut. Gordon Edward Kenning, R. A. F., son of Mr. and Mrs. J. A. Kenning, of Victoria. Capt. the Rev. Dr. Campbell officiated. The bridegroom, who has recently returned from overseas, was supported by Herbert Oscar Bromley, the bride's brother. The bride, who was given in marriage by her father, was handsomely gowned in white georgette over crepe de chine, with brocaded satin girdle, wore the conventional veil and carried a bouquet of white roses and carnations. She was attended as bridesmaid by the bridegroom's sister, Miss Marion Campbell Kenning, who wore white net over crepe de chine, and carried a bouquet of pink carnations. The living room was artistically decorated with flowers and evergreens. After the ceremony all partook of a dinner daintily served. Mr. and Mrs. Kenning were the recipients of numerous presents from their many friends. They left by the evening boat for Seattle, and their return will make their home in this city.

THE VICTORY LOAN SPELT PROSPERITY

Made Business Enterprise Possible; Big Firms Again Subscribing

Proof of the desirability of Victory bonds as an investment has been received by Brigadier-General Clarke who is in charge of the Island campaign. Addressed to the Victoria Loan office in the Pemberton Building, Phone Five Million, the General received a letter from Dominion Headquarters informing him that the largest financial enterprises of the country had again decided to support the loan, and this fact it was pointed out should be evidence of the desirability of Victory bonds as an investment.

The Canadian Pacific Railway will invest to the same extent as last year—\$17,000,000. The Sun Life has promised to subscribe for \$10,000,000 and the Canada Life will take a similar amount. Five million dollars worth of bonds will be taken up both by the Metropolitan and Prudential Companies.

That the Victoria Loan will pay an important part in the future prosperity is shown in a letter received from the secretary of the British Columbia division. The secretary points out that out of the last loan credit for fifty million dollars was established for timber, without which the Finance Minister stated every saw mill in British Columbia would have been closed. A credit of nine millions was provided to finance the salmon pack and authority was given for ship-building contracts of forty million dollars in which British Columbia had a very considerable share. Those who shared in the prosperity created by the ship-building industry may appreciate the important facts contained in the letter.

Women Canvassers.
An appeal for women canvassers is again sent out. The opinion has been expressed that the women of the country realize as fully as anyone the need of the Victory loan and it is believed that their persuasive eloquence will go a great way in helping Vancouver Island raise its quota of five millions.

Greater Victoria Office Open.
A greater Victoria office has been opened in the premises formerly occupied by Peeden's on Government Street. James Foreman is in charge of the Greater Victoria Committee with Captain George McGregor as chairman of the sales committee. The necessary staff is being got together in both offices and busy clerks are already prepared for the scene of activity that will follow the opening of the campaign for bonds.

United Children's Service.
To prepare for the united children's day service in Christ Church Cathedral on Sunday afternoon, to be attended by a number of Anglican Sunday Schools in the city, a hymn practice will be conducted on Saturday evening at 7.15 in the Cathedral school room, Quadra Street. All members of Christ Church School and boys and girls from other schools attending the service, will be welcomed at this rehearsal of the music and the order of service.

MINISTERS JOIN BARNARD RADICALS IN ELECTION FIGHT

Three More Pastors Enter Political Struggle For Social Change

Three more Victoria ministers of the gospel came out to-day in support of the candidature of Thomas A. Barnard, Labor candidate, against the Hon. Dr. S. F. Tolmie, Minister of Agriculture, the radical platform of the Federated Labor Party, and the name taken by their fellow-pastor the Rev. William Stevenson for a change in society.

The names of these three pastors were announced to-day from the Barnard headquarters as follows:
Rev. Robert Connell, pastor, St. Saviour's Anglican Church, Victoria West.
Rev. Robert W. Thompson, pastor of Wesley Methodist Church, Gorge Road, the second largest Methodist Church on Vancouver Island.
Rev. W. D. Spence, pastor of the First Congregational Church, Quadra Street, the largest Congregational Church on Vancouver Island.

These pastors, it was announced, will participate in the campaign to elect Mr. Barnard. The party managers also announced that they had plans for bringing other prominent ministers of the gospel into the Barnard political fold.

Accompanying this came the announcement that D. McLellan, vice-president of the Victoria Liberal Association, to-day celebrated his reelection to that office at the annual meeting of the Association last night, by entering the campaign for Mr. Barnard, although the Liberal Association has formally decided not to take any part in the campaign. Mr. McLellan will make his public appearance at Semple's Hall, Victoria West, at 7.30 o'clock to-night to make clear his position. Comrade R. G. Duggan will have charge of this gathering in the interests of Mr. Barnard, and will deal with a number of matters said to be of vital interest to returned soldiers, but which have not yet been dealt with in the campaign. Mr. Barnard will also speak.

The Rev. W. D. Spence will make his first public appearance in the campaign at the Crystal Theatre, Broad Street, at 8 o'clock to-night. He will be assisted by Pte. McLernan, while E. E. Woodward, president of the Victoria Trades and Labor Council will preside over the deliberations and deal with the attitude of his organization to the Barnard campaign. Mr. Woodward is expected to deal with the direct action versus constitutional methods question. Mr. Barnard will also speak.

Supreme Court Chambers.—An interesting point of law was raised in Supreme Court Chambers this morning before Chief Justice Hunter when a bill taxed before the Deputy Registrar of the County Court was attacked by way of certiorari proceedings. The bill was taxed pursuant to the Distress Act, from which, according to the County Court judge, no appeal lies. The case involved was one where the bailiff went into possession on a distress for rent and also a distress under a general mortgage. The items objected to are charges for possession, M. B. Gordon, for the applicant, holding that only one set of possession fees should be allowed. The matter was stood over until Tuesday. W. H. Bullock-Webster appeared for the bailiff.

SELDOM has the Royal Victoria Theatre held a delighted audience than that which filled it last night on the occasion of Mrs. Winnifred Lagrin Farewell Concert. It was an evening that will live in the memories of those who were privileged to be present for Mrs. Farewell—as always—gave unstintingly of her. The warmth of her reception by this Victoria audience is a forerunner which the future holds for her, the great musical centres of the east. To Mrs. Farewell—and a return with nation-wide honors achieved. One feature that gave added enjoyment to last evening's performance was Mrs. Gibson's able accompaniments on the magnificent

The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic reconstructer which acts directly and ably upon the feminine organization as a specific for that purpose.

UNANIMITY MARKS LOCAL LIBERALS' ANNUAL SESSION

Attorney-General and Minister of Finance on Bowser Government

OFFICERS WERE ALL RE-ELECTED

Unanimity and optimism as to the future of the party marked the proceedings at the annual meeting of the Victoria Liberal Association last night at the K. of P. Hall. The

election of officers and a brief summary of the work of the Association since the last annual meeting was the only routine business, and this being speedily disposed of, stirring addresses by the Hon. J. W. de B. Farris, Attorney-General, the Hon. John Hart, Minister of Finance, and H. C. Hall, M. P., were listened to. The hearty applause which greeted each speaker at the close of his remarks was evidence of the confidence the members of the association have in their ability to discharge their duties in the Provincial Government House.

Accomplished Much.
In opening the meeting President W. M. Ivel stated that although few meetings of the association had been held the executive had been busy, and among the things they had worked for was the extension of the railroads on the island. The local members had done a great deal to do with the extension of the Great Northern Railroad on Vancouver Island. Some people thought they might have left the road, but those who had occasion to go over the road realized what a great advantage this extension meant to the Island. If it had not been for the Premier

and local members the road would have been left in abeyance.

Helped Soldier Settlement.
They had also helped soldier settlement on this Island. The local members had worked hard with the full support of the party in this direction.

The president paid a tribute to the Junior Liberal Association, which had grown considerably, and which he described as a live organization.

Officers Re-elected.
The Hon. John Oliver, the Hon. Mackenzie King, Dr. Lewis Hall and A. E. Fraser were elected honorary presidents. W. M. Ivel was unanimously re-elected president. Mr. Hall pointed out that the officers elected had not had a full session to prove their ability and he moved that they be re-elected. The motion carried and the remaining officers were re-elected as follows: First vice-president, H. Norman; second vice-president, D. McLellan; secretary, R. L. Cox; treasurer, L. U. Conyers.

Standing the Test.
In the course of a stirring address, punctuated by frequent applause, the Attorney-General declared that under the guise of no politics there were

more politics being played by skillful politicians at present time than at any other time. He did not know if it were good politics to come out in the open on the matter, but as Liberals they should recognize and face the issue that party politics were standing the test better than anything at present time. The greatest demonstration of this was the absolute futility of the Ottawa Union Government at the present day. In a Union Government they had a combination of men who locked horns with the result they obtained absolute negation. It was only because of the personality of Lloyd George that a Union Government had been possible in the Old Country, but in Canada they had no leader at Ottawa of such distinctive personality. The present leader was a "nice man," which was about as had a thing as you can say about anyone.

Opposes Sectional Government.
Advocating government by a responsible party with the interest of the whole of Canada at stake, the speaker said he did not believe in government by a party that represented labor and not society as a whole, or a party which represented returned soldiers and not society as a whole.

Mr. Bowser's Platform.
Dealing with the platform of Mr. Bowser, he said that at the next election they would have the choice of re-selecting Premier Oliver's Government or go back to the one man Government. Mr. Bowser said he was going to increase public expenditure and reduce taxation. Their memories were not so weak that they could not refer back to what Mr. Bowser and his associates did when they were in office. It was only in 1910, in the prosperous days, that Mr. Bowser's Government boasted they had a surplus of \$10,000,000. They had squandered the surplus, squandered the normal revenue and the abnormal revenue by the sale of public assets, and ran the Province so far in debt that of a normal revenue of \$6,000,000, three million had to be spent in paying interest and put to the sinking fund to pay for the extravagance of Mr. Bowser's Government.

The Past Record.
Mr. Bowser declared that he would decrease public expenditure, but one item of his last record showed that at Strathcona Park, as they would remember, \$35,000 was spent to supervise \$105,000 worth of work, and an engineer from the United States was brought to supervise the work.

Mr. Bowser said he would reduce the expense of the civil service. Yet they found in Mr. Bowser's last year of power the expenditure to be \$1,555,000. In 1917 the expense to this amount amounted to \$1,336,000.

The Nanaimo Strike.
A better feeling between capital and labor was one of the planks on Mr. Bowser's platform, but they could refer back to the Nanaimo strike. It was impossible to figure the economic loss to this Province as a result of that strike, but they did know the public expense was about a half million dollars.

"That strike would never have happened," declared the speaker emphatically, "if the Government had shown the consideration and interest in public affairs they should have done. Their attitude was one of defiance and refusal to deal with the question."

Mr. Farris quoted the formation of Government labor bureaus, the minimum wage law for girls as evidence of the present Government's sincerity to work for better working conditions.

Mr. Bowser should be judged not by what he promised but by what his Government had done. "We as Liberals," he stated, "are entitled to be judged not by the things we promise but by the things we have done."

The Minister of Finance.
The Hon. John Hart, Minister of Finance, in explaining the needs for increased taxation, said the total expenditure of the late Government from 1911 to 1916 was approximately \$70,000,000. The present Government was faced with great difficulty in extricating themselves from the position in which they found themselves when they went into office and had been handicapped in doing things they desired to do.

In trying to bring the expenditure within revenue they found obstacles in the way of fixed charges which could not be reduced. Turning to the Public Works Department they found they could not curtail expenditure as they wished because roads, bridges, etc., were in such bad condition.

They went after arrears of taxes which had been outstanding and which the former Government had been afraid to collect for fear of antagonizing people. Since he had been across the Bay, taxes had been collected which had been outstanding twenty years.

The Finance Department have done things which were sufficient to justify a return of the present Government but that applied not only to that department but every other department of the Government.

Mr. Hall, M.P., expressed appreciation of the work of Mr. Farris, mentioning his success for the Province in the Sophia case before the Privy Council. The speaker appealed for strong organization. They wanted to arouse people to the real necessity of hard work to save Canada by putting in a Liberal Government at the next election.

G. W. V. A. to Parade.—Members of the Great War Veterans' Association will attend a united parade of the various service organizations of the city at St. Paul's Royal Naval and Garrison Church, at Esquimalt, on Sunday evening. The ceremony which will be attended by the veterans will be the unveiling of a tablet to the memory of the late Nursing Sister Gladys Maud Mary Wake, of Esquimalt.

ALL PHONOGRAPHS IN ONE

What Shape IS a Horn?

Did you ever hear a horn or a megaphone that was square?
Do you know why they never send water through a square pipe?
Every phonograph or talking machine has a "horn," but they call them "amplifiers." They are really the megaphones of the machine. It is their duty to rouse the tone and send it to the listeners.
Now what shape do you think this "horn" should be to give the best "tone"—and what do you think it should be made of—resonant, vibrating metal or wood—built on the violin principle?
Before you buy any phonograph, find out the shape of the horn and what it is made of.
One of the secrets of the Brunswick's wonderful tone on ALL records is the exclusive patented OVAL tone chamber and throat—built entirely of wood, like a fine violin.
It actually DOES eliminate all harshness, all the stridency, and that "tinny" timbre that we have always thought a necessary evil of the old style "Talking Machines."
All we ask is that you use your own ears—your own judgment—see this wonderful improvement with your own eyes—compare it with anything you like—at any price.
You cannot afford to make a mistake, and it costs you nothing to be sure.

The Rev. William Stevenson, pastor of Emmanuel Baptist Church, took the platform at Thomas A. Barnard's Gosworth Road meeting last night, and dealt with the attacks on himself by Frank Andrews, M. A. High School teacher, and member of his congregation. Mr. Andrews charged his pastor with being a Bolshevik and going around stirring up trouble amongst working men.

The Gosworth Methodist Hall was crowded, many sitting around the platform and standing while others, unable to gain admission, stood outside. The crowd waxed particularly enthusiastic when Rev. Mr. Stevenson assailed the principle of economic rent.

He referred to the enunciations of many that "the worker should have a fair share of the products of industry" as the means of solving the industrial problem.

"Well, who has any right to a share in it, but the man who actually produces the articles?" cried the pastor, while the crowd stormed its applause, against any such obligations as interest or saved and invested capital.

To show his conception of the proper division of the results of labor Rev. Mr. Stevenson instanced a man digging in a potato patch and another who is not doing the manual work comes along and says: "That's all right for you to be digging there, but you are only entitled to a fair share of what you are producing from that soil."

Not Revolutionists.

Rev. Mr. Stevenson took up the Bolshevik charges of Mr. Andrews, saying that they were chiefly a red

herring to divert the minds of the people from the main issue.

"I want to say one or two things for the sake of my friends in the church, and my friends in the city who have been somewhat mystified over what has appeared," he said. "I gave an address seven and one-half years ago to the Ministerial Association of this city. You know your ministers, what kind of men they are. They are a very conservative body of people, and all educated men. They asked me to give an address on the relation of the church to labor. We were in the midst of a lot of labor troubles.

"What I said regarding the impending revolution was more prophetic than I realized. I had been a student of economics for many years under one of the greatest scholars of Europe, and all I did in that address was to quote the general trend of thought. These things were quoted by me as a general summing up of the situation, not as my own opinions.

Ministers Quiet.

"What would you think of a man who would go and preach revolution to a bunch of ministers?"

Rev. Mr. Stevenson then quoted from his pamphlet a number of things that he said Mr. Andrews did not quote, and which changed the meaning of the whole entirely. One of these was:

"It is said that the number of adults who die in a single year in England is 420,000. Of these five-sixths, or 350,000 die in penury. Of the other 70,000, 2,000 alone leave behind them property to the value of \$750,000,000—that, be it remembered, in one year. In a speech, Lloyd George said that there were in England some two millions of people made up of idle rich and their retainers, who live on the fat of the land, but never do anything of a productive nature. Most of these people have the best education, and the best training so far as brain and muscle go; they have every privilege, every advantage and comfort, but so far as the national wealth is concerned, they do nothing but live on the products of others' toil."

Silent Revolt.

"My main contention is that we have in the teachings of Jesus Christ an ideal of society," Mr. Stevenson continued. "We call it the Kingdom of God. If socialism is moving in, we need the teachings of Jesus to give it ethical balance.

"We preachers are not here to preach wild revolution, but to preach principles which will one day bring the silent revolution which will produce a race which will not live by competing and exploiting each other, but by co-operation and by each man doing his best for the other fellow.

"I am supporting Barnard because he supports the Federated Labor Party programme. I deny that the idea of the Federated Labor Party is to establish a soviet government in Victoria." Read it and see. The platform was drawn up solely by men in this city.

Churches Support Principles.

"The great denominations are calling on the people for the very principles we have in the Federated Labor Party, the Baptists, the Methodists, the Episcopalians and with regard to social regeneration and economic reform it is surprising how the great Roman Catholic Church has gone in putting in a plea for the principles that the Federated Labor Party stands for. No power of men or combinations of political parties can hinder the onward march of human beings, on the way to better conditions of society.

"Now, don't you think that if that is true, the men who stand for these ideals should take their place on that platform. It is true you have to pay the price, and sometimes from quarters least expected. But someone must take the lead and pay the price. I am delighted to know that all the younger men in the churches are coming forward for this. You can't expect much from the older men in the ministry. They grow conservative. It isn't possible to everybody, not even your best

friends. We want to get Mr. Barnard off to Ottawa because he will help to realize some of these principles we are after. It is not so much what Mr. Barnard can do if he went to Ottawa but what his going would mean. Let him talk down there as he did to-night and at other meetings in this city and what do you think those seventy-nine lawyers there will not do anything?"

Like Kier Hardie.

Rev. Mr. Stevenson then compared Mr. Barnard going to Ottawa with Kier Hardie when he first went as a member of the House of Commons

at Westminster to represent the great unspoken masses of England.

He declared that the attacks of Frank Andrews on himself had resulted in many persons calling him up on the telephone to inform him that they were joining the labor party. He went on:

"I am astounded to find so many professional men and women from every quarter of the city who have said to me 'That has finished me; I am going to vote for Barnard. I feel so hot about it that I have gone and joined the labor party.' These are intelligent men!

"One of the worst things for labor

men is to think that they have political power which they haven't got. Other men manipulate that power so that they nullify it."

Attacks General Leckie

Thomas A. Barnard, the candidate, charged Major-General Leckie, commanding this military district, with partiality towards the Union Government. He said that General Leckie refused to allow Capt. Whittaker to come from Vancouver to appear on the labor platform, although during the last election he freely permitted soldiers in uniform to appear on the Unionist platform.

Mr. Barnard said that he himself appeared thirty-four times on the Unionist platform in uniform with the special and personal consent of General Leckie because "the uniform with my wounded stripe made an easy appeal to women to vote for conscription."

"If Capt. Whittaker had been wanting to speak on the Unionist Government platform, it would be all right with General Leckie," he said. "Remember, this is the same General Leckie who allowed me to use my uniform thirty-four times in the election of 1917, and now he won't allow

Capt. Whittaker to speak on my platform. I can leave you to draw your own conclusions."

Pension Inequalities

Mr. Barnard attacked the Government for inequality in pensions. He said that Pte. No. 273,709, with a wife and six children, was discharged because of heart trouble with no pension. The board said that there was no provision for paying pensions to men with heart trouble. Shortly after Col. Labatt was also discharged because of heart trouble. He, however, was given a full pension of \$1,870 a year and besides that a sal-

ary of \$5,000 a year as pension commission.

Mr. Barnard also attacked Sir Joseph Flavelle and other alleged profiteers, who, he said, would immediately stop their highway robbery of the consumers of the country if the Government went after them. "But," he added, "they know they won't be prosecuted as long as the Union Government is in power."

Tom Dooley, in an intellectual and refined manner, kept the meeting in order during the stormy periods and closed the gather with his political benediction.

AT MANUFACTURER'S PRICES

COMPARE our \$10.00 Georgette Blouses with those sold elsewhere at \$15.00. See our \$9.50 Crepe de Chines. You cannot buy their equal in material, style and finish for \$12.00 anywhere. It scarcely seems possible to women familiar with blouse values, that we can sell heavy Georgette Crepe Blouses, beautifully beaded and embroidered, at from \$8.50 to \$15.00. Equally difficult is it to understand how we can employ Crepe de Chine of such weight in our blouses from \$6.50 to \$10.00.

Why We Can Do It—

As we make all our own blouses in our own factories, and sell them exclusively in our own stores, we eliminate the middle-man, and we do not require any travellers. When you buy a D'Allaird Blouse you buy it direct from the maker. That is why D'Allaird Blouses can be sold at such very low prices. But we want to impress upon you that we do not aim to make the "cheapest blouses," we make only superior blouses of serviceable materials, but we sell them for less than waists of similar quality can be purchased elsewhere.

Scores of New Styles—

This season's display of blouses far surpasses in beauty and variety any previous showing in the D'Allaird shops. You will find tomorrow blouses of every type in infinite variety. Exquisitely embroidered and beaded blouses for dress occasions, blouses in contrasting colors, blouses for the tailored suit—in fact the loveliest Georgettes and Crepe de Chines any woman could wish to possess. Each blouse, too, is practically exclusive, for we make just three or four waists of each style for each store.

We have blouses in all sizes from 34 up. An excellent showing of sizes 46 and 48.

**THIN PEOPLE
NEED BITRO-
PHOSPHATE**

Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause not only of the failure to succeed in life's struggle for the necessities of existence, but also for the handicap in one's social aspirations. Compare the thin, stony, angular frame with the well rounded

form which is usually accompanied by the bloom of health and attractiveness.

That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies in food or medicine or exercises, either of which might or might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving ugly hollows, a flat chest, lony neck and scrawny arms and legs.

Our bodies need more phosphate than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that as effectively supplies this deficiency as the pure organic phosphate, known as bitro-phosphate and sold by good druggists everywhere.

The essential phosphoric food element in bitro-phosphate assimilated by the nerve cells should soon produce a pleasing change in nerve energy and hence increased vitality and strength. With the burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight with its attractive fullness and ruddy glow of health replaces the former picture of skin and bones. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION.—Although Bitro-Phosphate is unexcelled for the relief of nervousness and attendant disorders, owing to its tendency to increase weight, one should watch the scales while taking it unless it is the desire to put on flesh.

A Series of Matches With Shamrock Fourth With Any U. S. Built Yacht

New York, Oct. 17.—Conditions under which the Royal Ulster Yacht Club which recently challenged in behalf of Sir Thomas Lipton to race for the America's Cup were set forth in a cablegram made public by George Cormack, secretary of the New York Yacht Club. In part, the cablegram read: "We challenged to sail a series of matches for the America's Cup with the yacht Shamrock IV, against any one yacht built in the United States of America. First race to be sailed June 24, 1920; second race Saturday, June 26; third race Tuesday, June 29. For further races, K any to be sailed, on each following Tuesday, Thursday and Saturday." The cablegram further says that the race shall be sailed according to the conditions made for races given in 1914, in which the Shamrock IV was to have taken part. No decision in reference to the challenge has yet been made by members of the New York Yacht Club, but it is expected that the challenge will be accepted.

ISLAND CLUB RUGBY MEN TO GET CAPS

Reward for Players Who Do Best Work for Club During Season

Harry Boyd, manager of the V. I. A. A. team asks that the following players be on hand at Oak Bay at 2.30 in readiness for the friendly game with the High School: Harry Thompson, B. Moffatt, D. Staples, W. Wilson, C. Cowan, J. Matson, Gosnell, W. L. Smith, D. Grubb, Sam Reese, J. MacRae, Garard, Stan Honeychurch, Randall, J. McBrady, W. Tolmie, Tomalin, G. MacRae, E. Blythe, E. Worth. Boyd announces that four caps will be given at the end of the season to players who have showed particular merit. Caps will be of the regulation rugby type and of the club colors, blue with gold braid and tassel with the figures 1919-20 on the peak. The caps will be awarded not to the player showing the greatest individual form but to the man who plays the best game for his side during the season. Two will be given to forwards and two to backs. The caps have been given by a prominent sportsman of the city.

LOCAL BILLIARD STAR GETS A SURPRISE

Irish Beaten in Exciting Game in Two Jacks Billiard League

The defeat of Irish, the local cue artist, by an unknown, was a feature of the opening of the Two Jacks Billiard League last night. In B. Section of the league, Hindle was matched against Irish, and the large crowd in attendance saw one of the most exciting contests they have seen for many a day. Irish secured a lead of seventy-seven and needed only eight to win. Hindle went to the table and made 57. Irish failed to score when he had his opportunity, and his opponent ran out on a 46 unfinished break. Hindle plays an all-round the table game with a skill that won him a lot of admirers. Recently he made a 113 break on the Two Jacks' tables. The game in which the two players led off was the most exciting of the day, only five points dividing the two teams. Morning and Hall were in a close game, the former running out winner by the narrow margin of two points. In the A. Section Perry beat White by a narrow margin of three points. Scores were as follows: "A" Section Frost 250 Hibberson 245 Wilson 158 Railton 250 Perry 250 Murray 247 White 239 Coldwell 250 Bishop 230 Wilkinson 250 Total 1127 Total 1242 "B" Section Irish 542 Hindle 250 Penketh 237 Patton 250 Bennett 250 J. TWO DRAWS DECLARED AT WASHINGTON FIGHTS

Yakima, Wash., Oct. 17.—Bouts between Young Ketchell, of Milwaukee and Harry Casey, of Tacoma, and Charles Davidson, of this city, and Ernie Farron, of Toppensish, at the Yakima, army last night under the auspices of the Yakima Valley chapter of the American Legion were declared draws. Newspaper decisions gave the advantage in the first bout to Ketchell. Farron had the best of Davidson on points in a short bout, but was tiring rapidly at the finish and evidently would have lost a longer fight.

WINTER SWIMS ARE PROVING POPULAR

Good Entry For Events Held at Y. M. C. A. Last Night

The tank at the Y. M. C. A. was the scene of much excitement last night, when the weekly handicaps were held. The event this week were 100-yard dash and plunge for distance. In the plunge, G. Marwick at scratch made a splendid dive of 41.4 feet, but the handicap held him to second place. The results of the long plunge are as follows: First, F. Bartholomew, 43 feet. Second, G. Marwick, 41.4 feet. Third, T. Hibben, 40.4 feet. Exciting Sprint. The hundred-yard dash saw sev-

eral well-known speed artists at the start, notably the McKinnon boys, J. Bedlow, E. Squire, J. Barclay, P. Barclay, and Shorty Marshall.

J. Barclay swam the fastest time—doing the hundred in one minute twelve and three-fifths seconds. The handicap gave the places as follows: First, Bidlow; second, J. Barclay; third, P. Barclay. The different events were closely contested and the contestants are looking forward to next week's events which will be fancy diving and 200-yard side stroke.

MINOR LEAGUE TILT IS AGAIN TIED

Three Runs in the Eighth Gave St. Paul Chance to Even

Los Angeles, Oct. 17.—Three runs in the first inning gave St. Paul the eighth game of the Western Minor League Cup series at Washington Park here yesterday by three to one. The series now stands four and four, and the final game will be played to-day. The Tigers used four pitchers yesterday, but to no avail. The score: R. H. E. Vernon 1 6 1 St. Paul 3 7 1 Batteries—Vernon: Dell, Mitchell; Finneran, Ross, Brooks; St. Paul: Griner and Hargrave.

TWO HUNDRED WILL GET INTO THE GAME

Five Senior and Four Intermediate Soccer Battles Saturday

An indication of the enthusiasm for soccer this season is contained in the big card of games arranged for Saturday. With the Intermediate League players making their debut there are nine battles scheduled, calling for within two of two hundred soccer men to get into the field and engage in the healthy sport of trying to make their way to a position where they can place the leather through the posts to a snug resting place in the hem.

The first three games of the season have found Yarrows, the G. W. V. A. and the Foundation with the maximum of points, Wests and the North Wards with four points won in three games being their nearest rivals. Yarrows have started out in a manner that is giving the club supporters great satisfaction. Not only have they shown themselves good goal-getters by registering eight counters, but until the Fragments found them twice last Saturday they had kept their citadel intact. Saturday they stack up against the K. of C. who have so far not been able to do better than make a draw, but Neary is adding strength and will field a capable eleven Saturday.

War Veterans are looking to bag a couple of points from the Harbor Marine, who have lost both games they have played and also lost a couple of points by default. The North Ward players, however, have been turned over to the Mariners since they last fielded a team and they are hopeful of making a start.

The Wests are matched with the Foundation eleven at Beacon Hill and a battle royal is assured. Jack Youson's men are not accustomed to a place more than three runs down on the league ladder and they will be fighting for a win to put them on an even standing with the veterans.

The league table at present stands:

| Goals | P | W | L | D | For | Against | Pts |
|---------------|---|---|---|---|-----|---------|-----|
| Yarrows | 3 | 3 | 0 | 0 | 22 | 10 | 6 |
| G. W. V. A. | 3 | 3 | 0 | 0 | 22 | 10 | 6 |
| Wests | 3 | 2 | 1 | 0 | 12 | 6 | 4 |
| North Wards | 3 | 2 | 1 | 0 | 12 | 6 | 4 |
| Fragments | 3 | 2 | 1 | 0 | 12 | 6 | 4 |

AMUSEMENTS TO-DAY

DOMINION

Every man, woman and child who frequents motion picture theatres—and their name is legion in these days—has come to look lovingly for a Norma Talmadge picture, for they know she will give them a performance which will awaken every fine element in their emotions and will appeal to their artistic appreciation. In addition, every Norma Talmadge picture is based on a well-known play or story and is acted by a cast that really merits the description of an "all star aggregation." And in her latest Select Picture, "The Way of a Woman," which is now being shown at the Dominion Theatre, these countless admirers of Norma Talmadge have a rare treat in store for them.

who is forced through monetary difficulties to go back to his school-days again, is thrown, causes genuine mirth and expressions of delight are heard on all sides at the conclusion of one of the most enjoyable and amusing entertainments that the Princess Dramatic Society has ever offered for the public's amusement. The present run will end on Saturday evening next.

PANTAGES

Gertrude Long and Spencer Ward, the second act on the bill at the Pantages this week have a turn which, by the verdict of many who have been them, is worth the premier place on the bill. When an act of its charm and entertaining value is placed in the smaller position, it argues well for the quality of the other acts which take the better positions on the bill. Miss Long and Mr. Ward present a repertoire of musical numbers in a setting which is as beautiful as it is unique. Their voices are their chief assets; each has vocal powers of surpassing quality. Miss Long is a splendid piano player also, playing accompaniments on a big grand to the numbers they sing. The Revue de Vogue is another musical act of splendid character with seven singing and dancing maidens, brilliant scenic effects and brilliant costumes, and the Three Bartos, premier acrobats, and the Three White Kuhns, premier entertainers, vie with one another for second place in the programme of outstanding excellence.

ORPHEUM BILL WILL SATISFY

Great Italian Tenor Tops Programme of High Class Vaudeville

This week's Orpheum programme will run the gamut all the way from a first class satirical comedy playlet to that of music of all degrees, at the Royal Victoria to-night with a Saturday matinee and evening performance. There are several exceptional voices on the bill, the most prominent of these being Ciccolini the great Italian tenor who has a lavish repertoire. At the top of the bill also there is Harry Green and a very capable company who will present "George Washington Cohen" a playlet written by Aaron Hoffman, the author of "Friendly Enemies," and "Nothing But Lies." Seldom has a play been accorded the high plane held by Mr. Green in this line of comedy. Many musical authorities declare Ciccolini one of the finest tenors of the day. There is no question but that this young Italian tenor is great. His voice is absolutely inspired and added to this he has youth, a brilliant personality and fine

Do You Remember The Old Corn Doctor?

He stood on the street, in the olden days, and offered a "magic corn cure."

The same ingredients, harsh and inefficient, are sold in countless forms today.

But they did not end corn, and they do not now. Nor does padding, nor does padding—methods older still.

The One Right Way
Modern scientists in the Bauer & Black laboratories have evolved a perfect method and embodied it in Blue-jay.

In 48 hours, while the corn is forgotten, Blue-jay completely ends it, and forever. Hardly one corn in ten needs a second application.

The way is sure. It is easy, pleasant, scientific. Quit old-fashioned, methods. Try Blue-jay on one corn—tonight.

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes the publication or rejection of articles is a matter entirely in the discretion of the Editor. SAYS IT'S NOT TRUE.

To the Editor:—I am instructed by my Executive to reply to the statements in your issue of the 16th. inst. re that W. H. Davies . . . has broken off his relations with Barnard's party. You also state that Mr. Davies was to have appeared on the platform last week, etc. These statements are entirely false and without foundation. He has never been approached nor has he offered his support. Neither has he made application to become a member of the Federated Labor Party. We are at a loss to understand why Mr. Davies should allow his name to be coupled with such gross misstatements. I should be glad if you would kindly find space in your columns for this letter and correct a most glaring error.

VICTORIA DIVISION, BOYS' NAVAL BRIGADE.

To the Editor:—The rapid growth of the Boys' Naval Brigade necessitates the enrollment of ex-service officers of the Royal Navy and R. N. V. R. to complete the complement as laid down. Ex-service officers who are desirous of offering their services for this national cause, should write to the commanding officer, Boys' Naval Brigade, 223 Pemberton Building, making formal application. The work is calling for volunteers; who then will respond to the call of the Empire and devote spare time to this great work?

H. T. RAVENHILL,
Chairman, Victoria Branch, Navy League of Canada, Victoria, B. C., Oct. 16, 1919.

P. S.—I need hardly add that everyone can share in our work by sending donations to help "carry on."

THE LABOR CANDIDATE.

To the Editor:—In discussing what is now generally known as "the calamity" (self-styled), there is one item that should not be overlooked by the workers of Victoria. In the remote chance of the election of the labor candidate, the F. L. P. would take entire charge of the new drydock and would issue an invitation to every I. W. W., every Red, every Socialist in western Canada and Seattle to come and "work" in Victoria. The thousands of workers in this city who paid from \$30 to \$100 for a "card" permitting them to go to work at the wooden shipyards, would find their card valueless and ousted in favor of the O. B. U. card. The O. B. U. fees would be raised to suit the circumstances. The Victoria working man will have the privilege of paying for the drydock, and the aliens will reap the benefit.

It is pleasing to note that the only "returned soldiers" who are swallowing the Barnard bunk are the "brothers" who had to be gently but firmly separated from their nine-dollar-a-day jobs not so many months ago, many of whom never really learned to form fours without falling over their feet.

WALTER POSTER.

DO BETTER NEXT TIME.

To the Editor:—The G. W. V. A. band concert which was given last Sunday night at the Pantages Theatre for the new home for the Association, was a decided success in every way but one. To see the crowd waiting for the doors to be opened, one knew that the attendance would be large. To see the doors closed on a larger crowd of people unable to get into the theatre, as house full was declared, proved that at least the attendance was a success. To hear the music that the Veterans' band rendered, to hear the singing of the artists who had given their services free, as also had everyone who helped in this worthy effort; to hear the audience give out its appreciation with unstinted praise and encore the different numbers and artists as they appeared, made for another success. A good house, a good show, good music, excellent service, but one success was lacking. That one was the essential one, "Finance." Look at the total amount—one hundred and twenty-three dollars (\$123). The average donation that each person gave was thus ten cents. After all expenses were taken out for use of theatre and printing, the new home proposition of the G. W. V. A. would benefit by the grand, almost magnificent, total of \$75—seventy-five dollars—no, not seven hundred and fifty dollars, as more than a hundred thought, but merely seventy-five! Surely something was radically wrong when such a beggarly response was made for such a noble cause. A permanent home for Great War Veterans, after Sunday night's response, seems farther away than ever in Victoria. But let us all get together the next time and show that at least we can give a better response. A permanent home of just one hundred we can make it three hundred.

THE CANNERS' REPLY.

To the Editor:—We have noticed in the press throughout different parts of the Province a charge made by Mr. D. D. McKenzie, Leader of the Opposition, against the Dominion Canners, Ltd., of Hamilton, Ont., in reference to the quality of canned

pork and beans they supplied to the Government.

While we do not know whether this item appeared in your paper or not, we are sending you copy of a letter just received from the Dominion Canners, Ltd., Hamilton, in reference to this charge.

F. G. EVANS CO., LTD.,
Agents for Dominion Canners, Ltd.,
Vancouver, October 15, 1919.

Hamilton, Ont., Oct. 9, 1919.
F. G. Evans Co., Ltd.,
149 Water Street, Vancouver.

Dear Sirs:—You doubtless noticed through the press that Mr. D. D. McKenzie has been making some charges against this company, and for your information we beg to advise you that we sent the following despatch to the press:

"Regarding the charges made by Mr. D. D. McKenzie, M.P., in the House of Commons respecting the quality of the canned goods supplied by this company to the British Government, the company in 1916-17 furnished large quantities of

canned pork and beans to the British War Office.

"The British War Office, as is its habit, had a most elaborate system of inspection to make sure that the company filled its contracts to the letter.

"Each day these inspectors not only carefully examined the material, but carefully watched the goods while in course of manufacture until they were packed in the cans, and in the evening took at random a considerable number of cans from the day's pack, which were forwarded to Montreal, where they were opened, examined and chemically analyzed by the British Government's chief analytical inspectors for Canada.

"When the goods arrived at the seaboard they were again inspected by the purchasing agents for the War Office, who opened cans taken indiscriminately from the shipments. Again on their arrival in France the goods went through a fourth inspection, and although there were 88,000,000 cans shipped in two years, never till this day has this company had one complaint from the

British or French authorities.

"The above charges were communicated to the British War Office about two years ago. At that time the British War Office had on hand millions of cans of these goods, and it was in a position to ascertain the truth. A large sum of money was due and unpaid to this company for the very goods, and after they had made an investigation, with a full knowledge of these charges, the War Office paid this money over to the company, not retaining one cent.

"While in response to enquiries the company makes this statement, they feel that the charges are so extravagant and unreasonable that a sensible person will credit them, as they bear their refutation on their face."

"We may tell you that we have not had a single complaint of quality of our product brought to our attention from overseas, but on the contrary we have had a great many letters of commendation."

Give Canadian Boys their Chance to Become Seamen

THE hope of Canada lies in our boys and young men, and nowhere are they destined to play a more vital part than on the sea.

Important as it is to have Canadian ships to carry Canadian goods to the waiting markets of the world, it is no less imperative to have these ships manned by Canadians, that we may not be left at the mercy of the foreign-born seaman.

We must be in a position to insure the continuation of the Bulldog Breed that gained so large a share of glory in the Great War.

The Navy League of Canada

It is perfectly obvious that work of the Navy League of Canada, especially as it applies to our seamen, is not a commercial enterprise, but it is and must be the patriotic duty of far-sighted Canadians to see that Canadian boys are given the chance to become the trained seamen we need so urgently.

To-day is big with opportunity for the future, and the Navy League of Canada is organized to "carry on"—assured of your support for the Boy's Naval Brigades movement, and for the financing of the work in the homes and institutions for our seamen and their dependents.

The estimates for the coming year show that \$500,000 must be raised by public subscription, and this is only possible by united effort and loyal co-operation in the way of generous contributions to this national cause.

ADDRESSES CONSERVATIVES.

W. J. BOWSER Lengthy in Criticism
But Short in Constructive
Policies.

Meeting local Conservatives in their new quarters in the Arcade Building for the first time since his re-election to the position of Conservative Leader in the Province, W. J. Bowser, K.C., M.P.P., last night made a speech in which he prophesied that the Conservatives would take over the reins of government at the next Provincial election.

In addition to speech-making the local Conservatives provided an evening of entertainment, a moving picture show being provided in addition to the musical numbers on the programme.

Mr. Bowser claimed that he was a much-abused man and for this state of affairs he blamed the Liberals. He said:

"For years I was made the butt of

a vile Liberal propaganda, a veritable German propaganda, and I had to take the jeers of my political enemies and the criticisms of some of my Conservative friends with the best grace I could. Had I been an occupant of the Government benches, where I could have carried on despite such criticisms and attacks, it would have been still a difficult position, but being head of a small opposition against a Government so strongly entrenched, it was all the worse. Hence, when at the recent Conservative convention I was unanimously and enthusiastically selected leader, I may be pardoned if I feel extreme satisfaction, for it proved to me that my work and that of my colleagues in the opposition since was really appreciated by the Conservatives of this Province."

Mr. Bowser's whole speech was in the nature of an attack on the present Government and he made no mention whatever of any constructive policy which he might have in mind.
