B. C. TO HAVE CONTROLLED LIQUOR SALE

Temperance Statute To Be Immediate Care of Executive

Attorney-General Regards Prohibition Vote As People's Desire For Effective Liquor Measure; Some Returns.

Vancouver, Oct. 21.—Hon. J. W. de B. Farris, the Attorney-General, who arrived here from Victoria last night, stated when interviewed that the vote in the Prohibition referendum indicated that public sentiment in the Province is against the present Prohibition Act and explains to a large extent the grave difficulty which the authorities have had in carrying out its enforcement.

"I believe that the vote is not intended in any sense as a repudiation of temperance sentiment in the Province, but is an expression of the belief of the mass of the electors that the best results in favor of temperance will come from a strict regulation and control rather than from an attempted prohibition," he said.

The present Prohibition Act, with amendments, though condemned at the polls, must continue to be the law in B. C. until the Legislature can meet and repeat it, stated the Attorney-General.

There is no act on the statute books under which Government sale can be carried on. The Government, it is said, will proceed to outline a Government control measure calculated to meet with public approval and forthwith hold a general election.

About seven weeks must elapse before a general election can be completed, after which the Legislature must be called and the Government sale bill debated and put through its three readings before it becomes law.

Majority 26,000. Vancouver, Oct. 21.—Approximate totals show that 125,189 votes were polled in British Columbia yesterday—easily a record. The latest returns show 75,984 for Government control, and 49,225 for prohibition, giving a net moderation majority of 26,739.

Some Returns. Some returns of the polling follows: Vancouver—Final official figures: Wet, 29,942; dry, 13,768. Majority, 16,174.

Powell River—Government control, 285; Prohibition, 140; spoiled, 4; absent, 97. Rossland—Government control, 356; Prohibition, 214. Mission—Prohibition, 236; Government control, 905; majority, 287.

Chilliwack City—Prohibition, 516; Government control, 20. Prince Rupert—Prohibition, 541; Government control, 593. Cranbrook—Prohibition, 390; Government control, 591. Vernon—Prohibition, 591; Government control, 814.

Revelstoke—Government control, 487; Prohibition, 272; absentees, 52; spoiled, 11; majority for city, 115. Pentonite—Prohibition, 575; Government control, 517. (Concluded on page 4.)

PRISON GUARDS TO BE MOVED ABOUT

From Jail to Jail Is Suggestion Made Following Kingston Disturbances

Ottawa, Oct. 21.—(Canadian Press.)—Official reports on the trouble in the Kingston penitentiary indicate that the disturbances have been much exaggerated. The reported attempt at a general jail delivery by means of dynamite is not borne out in the official dispatches.

Reports of some such attempt had, it is stated, gone around and there was a search for explosives, but none were found. Further detailed reports of the week-end disturbances, however, are now expected and when these are secured decision will be reached as to the punishment to be inflicted on the guilty parties.

Changes. The recent developments at Kingston probably will end in a revision of the system under which penitentiary guards are employed. In the past guards have been indefinitely attached to a particular penitentiary, with the resulting possibility that they may be subjected to local influences. The suggestion is now being made that penitentiary guards should be constituted into more of a general force so that a guard might be transferred from one penitentiary to another, much as a member of the permanent military force might be transferred from one district to another. One step has already been taken in this direction. Recent legislation authorized the employment of men as penitentiary guards in general rather than in any one particular penitentiary.

Every desire is expressed in official circles here that the conditions in all the penitentiaries shall be of the best character.

ISLAND VOTE IS DECIDEDLY "WET"

In Places It Runs Seventeen to One Against Prohibition

LATEST ISLAND RESULTS

Table with 2 columns: Location, Prohibition, Government Control. Includes Victoria, Saanich, Esquimalt, Cowichan, Nanaimo, *Newcastle, *Comox, *Islands, Alberni, *Incomplete.

Outside of Victoria city, Vancouver Island returns show that many of the smaller towns and the outlying districts were the most decided in their denunciation of prohibition.

While Victoria voted about two to one against prohibition, small towns went from three to one up to as high as seventeen to one for the wets in the case of James Island.

Esquimalt municipality itself went almost three to one for Government control. Nanaimo city went only slightly better than two to one.

Alberni was about the kindest to prohibition, going for Government control by less than two to one.

Saanich as a whole went less than two to one for Government control, although such centres as Keating were decidedly wet.

The two polls in Oak Bay gave 1,024 Government control and 478 prohibition.

The results for Vancouver Island outside of Victoria city are:

PETROGRAD HUNGRY, DECLARES WELLS

But Order Is Maintained, Says British Author After Observing

London, Oct. 21.—Conditions in Petrograd were summarized in one phrase: "Hunger and want, but order," by H. G. Wells, British author, when he arrived here from Russia. He implied that similar conditions prevail throughout Russia.

In a conversation with a Daily Mirror reporter, Mr. Wells said he had had a chat with Nikolai Lenin, the Russian Bolshevik Premier, and had gone about freely without a guide. He said he had been able to see and judge things for himself, but declined to give any general conclusions because his observations were not digested.

He declared he had been amused when he read of disturbances and insurrections in Russia, adding: "All that is just humbug."

LEAGUE COUNCIL MAKES PAUSE FOR LEMAN FUNERAL

Brussels, Oct. 21.—To-day's session of the Council of the League of Nations here was postponed until 1 o'clock this afternoon because of the state funeral of Gen. Lemnan, the defender of Ljeko, who died last Sunday.

ARMENIA ASKS ALLIES TO AID AGAINST BOLSHIEVI

Paris, Oct. 21.—The Russian Soviet Government issued an ultimatum to Armenia, according to advices received to-day by the French Foreign Office from Armenia, demanding permission for the immediate transport of Bolshevik troops through Armenia to effect a junction with Turkish Nationalists in Asia Minor. Armenia has rejected the ultimatum.

The Bolsheviks also asked the Armenians to repudiate the Treaty of Sevres with Turkey.

Belief was expressed at the Foreign Office that Armenia's rejection would result in serious fighting between the Armenians and Bolsheviks. Armenia has requested aid from the Allies but no decision has been reached, it was said.

Mandatory. Brussels, Oct. 21.—According to the independence, Belg. A. J. Balfour, representing Great Britain, presented a report on Armenia at yesterday's session of the Council of the League of Nations here. The meeting, added to the report, decided to ask the Supreme Council to appoint a mandatory power for Armenia, providing that such power would not have to bear all the expenditure involved in the mandate. Such expenditure, it was pointed out, could be borne by all the countries participating in the control and guarantee of the League of Nations.

LOSS CAUSED BY FIRE IN LONDON ABOUT £1,000,000

London, Oct. 21.—Fire which started late last evening in the hop exchange in Southwark Street, in the borough district, was still burning this morning. Damage totalling many hundreds of thousands pounds was done to the exchange. Some estimates place the loss at £1,000,000.

BABY KIDNAPPED IN TACOMA GIVEN BACK TO MOTHER

Tacoma, Oct. 21.—Dobby Stagg, kidnapped here September 14, was returned to his mother to-day. The News-Tribune announced in an early edition. The recovery of the child was made with the assistance of two reporters of the paper. Details have not yet been made public.

NOURISHMENT IS GIVEN MAGSWINEY

Liquid Given During Periods of Semi-consciousness or Unconsciousness

First Food Given Mayor of Cork on Sixty-ninth Day

London, Oct. 21.—The Bristol prison officials were continuing to-day to put liquid nutrition in Lord Mayor Maeswiney's mouth during his periods of delirium, it was declared in the noon bulletin of the Irish Self-Determination League on the Mayor's condition.

This bulletin stated that the Mayor continued in a delirious condition all morning, at times being violent and at other times quiet. His mind, it was said, worked spasmodically all the time. He was momentarily calm as the bulletin was issued. The Mayor, it was stated, did not recognize relatives who visited him during the morning.

Still Delirious. The League's mid-afternoon bulletin said: "The Lord Mayor continues in a delirious state, but is calmer. He still fails to recognize his relatives. Doctors who have just visited him during the morning say there is a serious development of scurvy, which covers the whole body."

Statement by Shortt. London, Oct. 21.—In the Commons to-day Rt. Hon. Edward Shortt, the Home Secretary, said in answer to a question that the condition of Lord Mayor Maeswiney was very serious. Until yesterday, he added, the doctors had given the Lord Mayor only medicine, but yesterday, during semi-consciousness, they had given him a little liquid food.

To His Lips. Mr. Shortt was asked whether this meant that the Mayor had been forcibly fed. He replied that in this case (Concluded on page 4.)

City Votes Two to One For Government Control

VICTORIA CITY FIGURES

Table with 5 columns: Division, Prohibition, Govt. Control, Spoiled, Absentee. Includes One, Two, Three, Four, Five, Total.

Majority for Government Control, 4,195. Total ballots cast, 14,502.

Victoria voted almost two to one yesterday against prohibition and in favor of the Government conducting the sale of liquor openly throughout British Columbia.

Out of 14,502 votes cast in the five wards of the city prohibition was beaten by 4,195. Out of the 18,992 persons registered on the lists 4,490 failed to vote here. This number of non-voters will be reduced when the absentee vote results come.

Government control men as well as prohibitionists were surprised when the results from the wards began to pour into the newspaper offices, showing a determined reaction to the dry law. Prohibitionists had been quite confident of a victory and Government control men made no secret of their fear that the city would go dry by a substantial majority and the rest of the Province by a big margin.

Women's Vote Falls. "It's the women's vote that will give prohibition its certain victory," was what was said in many places even after three polls had closed last night.

First bulletins that came in, however, showed prohibition behind in every ward. Later bulletins until the final were in only increased the lead over the "drys."

Final results also indicated that women had gone strongly Government control. Prohibitionists had counted on from 70 to 90 per cent. of the women's vote. Even if all the male votes had gone solidly wet, according to the final figures, prohibition got less than 50 per cent. of the women's vote.

The polls closed at 7 o'clock, and the actual count of the vote in most of the voting stations was completed by 7:35 o'clock. After that the recounts were made.

"Drys" Lose Best Wards. Prohibitionists counted on winning at least three wards of the city ward, but they were disappointed. Here and there they thought would return them the lowest number of favorable votes. When the final came through, however, they showed that prohibitionists better than any other ward of the city. Ward Five, including Victoria West, which was considered a strong prohibition ward, went two to one for government control.

Broad Street was crowded to watch the bulletins outside the newspaper offices. There was enthusiasm and demonstrations as the returns were posted. Here and there a noisy individual showed that he had started to celebrate already.

Jews Reported Killed in Russia. Forces of Gen. Balakovitch, Assisting Wrangel, Are Accused

Warsaw, Oct. 20.—Jewish members of the Polish Parliament have made a public statement confirming the reports of pogroms committed by the forces of General Balakovitch, who is co-operating with General Wrangel. The reports declare that much brutality was displayed by the soldiers, who maltreated a large number of women and subjected some of the victims to much torture.

The community of Kanen-Kazirich (near Kovell) is declared to have suffered most. The statement gives the names of some sixty Jews there who were murdered. A large number also were killed in Kremno, Natistche and other places in the same district.

NARROW MAJORITY IN QUEENSLAND

Theodore Government Will Have Margin of Four Following Election

London, Oct. 21.—(Canadian Associated Press)—Advices from Brisbane, Australia, say that it is now certain the Queensland election will give the Government a majority of four as compared with twenty in the last Legislature.

The change in public opinion is attributed to dissatisfaction with the Government's financial legislation and administration.

The Queensland election was called by Premier Theodore following the failure of his attempt to raise a loan in London, caused, as he alleged, by the intervention of Queensland interests.

Ross Rifles on British Warships. Sir Sam Hughes Replies to Statements by Canon Scott

Montreal, Oct. 21.—As a result of "wire drawing" his attention to statements by Canon Scott at Calgary recently in which he said that the Ross rifle was the crime of crimes against the Canadian soldier, Sir Sam Hughes on use of this rifle many Canadians lost their lives, and that General Alderson was removed for protesting against its use. Sir Sam Hughes has replied from London, Ont., to the effect that all jamming of Ross and Lee-Enfield rifles was due to bad ammunition and not to the rifle. He claims that the Battle of St. Julien was won by the Ross rifle and not one case of jamming occurred until bad ammunition was issued. He adds that British warships are armed with Ross rifles, including the Prince of Wales's ship, the battleship Renown.

Sir Sam further states that General Alderson was removed for entirely different causes than those alleged by Canon Scott and refers him to General Turner for the facts.

Other Unions in Britain Ready to Join Coal Strikers

Railwaymen and Transport Workers Announce They Will Strike Unless Negotiations Between Government and Coal Miners Are Opened.

London, Oct. 21.—(Associated Press)—The coal strike situation took an unexpected and grave turn to-day when the railwaymen and transport workers announced that they would strike in sympathy unless negotiations between the Government and the miners were opened this week.

J. H. Thomas, general secretary of the National Union of Railwaymen, announced that the delegates of the railwaymen had decided "to instruct the general secretary to intimate to Premier Lloyd George that unless the miners' claims are granted or negotiations resumed by Saturday which will result in a settlement, we shall be compelled to take the necessary steps to instruct all our members in England, Scotland and Wales to cease work. In addition a telegram is being despatched to all members to be prepared to cease work at midnight of Sunday next unless they hear to the contrary."

Williams' Statement. London, Oct. 21.—The executive body of the Transport Workers' Union held a meeting to-day in connection with the coal miners' strike, after which Secretary Robert Williams made the following statement: "Unless something tangible happens between the Government, who are responsible for the negotiations on the owners' side, and the Miners' Federation in the next twenty-four hours the issue will be immediately conceded to the miners on the basis of increased cost of living and the need of maintaining the pre-war economic status of the mine workers."

London, Oct. 21.—Decision on the question whether the National Union of Railwaymen and the Transport Workers' Union would join in the strike of coal miners which began last Saturday was expected at meetings held by the two organizations here to-day. Conferences of the executive officers of the two unions were held yesterday and the situation was reviewed, but nothing definite was done, it being decided to wait another twenty-four hours before taking sides in the industrial controversy.

Critical. Should the railwaymen and transport workers call a strike, a critical phase of the dispute between labor and the Government would immediately ensue, it is believed. The Ministry of Labor has been exerting its utmost efforts to prevent such a step. Sentiment in the railwaymen's union seems to be wavering over the course to be pursued by the organization, one section opposing the calling of a strike and the other favoring it.

Leaders of the Transport Workers' Union were in conference yesterday with the Trades Union committee, but nothing was learned as to the trend of the meeting. (Concluded on page 4.)

SEVERAL KILLED IN LOS ANGELES

A Young Woman Perished When Fire Destroyed Five-Story Building

Los Angeles, Oct. 21.—One young woman is known to have been killed and the lives of several others were believed by firemen to have been lost in a fire that completely wrecked a five-story building in the wholesale district here to-day. Fifty hysterical girls and women, huddled on the roof of the building and virtually surrounded by flames and smoke, were carried screaming to safety by firemen and volunteer rescuers. Numerous firemen suffered slight injuries from falling glass and debris.

The damage was estimated by merchants involved and by fire department heads at about \$300,000. The body of Miss L. E. Heppburn, bookkeeper for the Coast Envelope Company, was found near a window in a fourth floor corridor. She had been suffocated by smoke.

GENERAL STRIKE CALLED IN POLAND

In Protest Against Proposed Creation of Upper House of Parliament

Warsaw, Oct. 21.—A general strike throughout Poland has been proclaimed as a protest against the proposed creation of an upper house of Parliament under the new constitution on which a commission has been working for more than a year.

In Warsaw the street cars ceased running and restaurants and many stores were closed. Open air mass meetings were held and a procession of several thousand persons marched to the Diet and presented resolutions.

CANADA'S TRADE SHOWS INCREASE

Half-year's Imports Greater Than Last Year; Exports Less

Ottawa, Oct. 21.—Figures issued from the Department of Customs show an increase in the grand total of Canadian trade for the first half of the fiscal year amounting to \$230,000,000, as compared with the same period a year ago. In the six months' period of the present fiscal year which ended on September 30 last, half the grand total of Canadian trade was \$127,487,550. During the first half of the year 1919 the grand total was \$105,448,462.

Goods were imported into Canada during the six months ended on September 30 to the total value of \$713,012,181. When this total is compared with the figures for the same period last year an increase of \$261,261,781 for the present year is shown. The imports for the first six months of the last fiscal year amounted to only \$451,750,410.

Although Canada increased her imports and the value of commodities brought into this country is much greater than it was during the six months of the last fiscal year, this cannot be said for the exports. The statement shows that the value of domestic merchandise exported from this country during the six months' period in 1920 was \$30,662,923 less than during the same period in 1919. The total value of domestic exports during the six months of 1920 was \$548,855,172, while in 1919 it was \$579,448,095.

SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhoea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhoea germs.

Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

SAYS TERRORISM MUST BE ENDED

Greenwood Tells British Commons Violence in Ireland Being Stopped

London, Oct. 21.—A motion made by Rt. Hon. Arthur Henderson in the House of Commons yesterday afternoon calling for a public inquiry into reprisals in Ireland was withdrawn in the evening after a heated debate. The Government, which had firmly resisted the demand for an inquiry, had a large majority in the House at the time of the withdrawal.

While admitting armed forces of the crown and suffered provocation, the Government's policy, Mr. Henderson asserted, seemed to him to aim at stamping out Nationalist opinion and breaking the spirit of the Irish people.

The defence of the Government, set up by Sir Hamar Greenwood, Chief Secretary for Ireland, was that while the Aquilinas put the emphasis on the reprisals, I put it on the provocation.

He insisted that no case has been made out for what he characterized as Arthur Henderson's "insulting resolution demanding an inquiry into the reprisals by the police and soldiers in Ireland. He incidentally remarked that the United States was no longer welcoming immigration from Ireland, because it did not desire to swell the vast total of disturbing elements in the republic, and he declared his intention to take Irishmen from the frontiers, including Ulster, in search for arms.

Sir Hamar Greenwood declared Mr. Henderson had not produced a single case to justify his motion.

Reign of Terror.

"The difficulty," continued the Chief Secretary, "that there is a reign of terror which extends throughout the country. The Irish republican army, organized in brigades, companies and platoons, armed throughout the country, with branches in England, Scotland and Wales, has terrorized, until recently, nearly the whole of Ireland. I am glad to say that terror is being broken by the forces of the Crown. It is only the British Government acting through its forces in Ireland that can break that terror. The Irish people are helpless under it. The Roman Catholic Church is admittedly impotent to break it."

Sir Hamar Greenwood declared he believed the vast majority of the people of Ireland pressed for a cessation of murder and outrage.

"I foresee at no distant date the end of the rule of assassination in Ireland," he said.

"The reign of terrorism was being broken down, he asserted.

Urged Inquiry.

Lord Robert Cecil, former Assistant Secretary for Foreign Affairs, and former Premier Asquith both pressed urgently for an inquiry. Lord Robert declared that the administration in Ireland in the last eighteen months was one of the most disastrous and tactless things in the country's history.

Mr. Asquith asserted that there was prima facie evidence that some officers and servants of the Executive in Ireland had far exceeded the limits of legitimate self-defence, and that until the perpetrators of the reprisals received punishment, there would not be the shadow of respect for the authorities in Ireland.

Rt. Hon. Andrew Bonar Law, Government leader in the House, based his refusal of an inquiry on the necessity of supporting the officials and others responsible for the security of law and order. He declared the authorities had condemned the reprisals, which since then had been greatly reduced. The Government, he added, could be no party to any surrender to crime.

TRAIN MAN KILLED.

Winnipeg, Oct. 21.—Charles Anderson, a C. P. R. fireman of Keora, was killed yesterday in a collision between two freight trains at Oxdrift, Ont.

SENDING CHILDREN BACK INTO RUSSIA

Riga, Oct. 21.—(Associated Press) Preliminary arrangements have been made for the return to Russia of the 751 Russian children who were taken from Vladivostok by the American Red Cross and brought to Europe by way of the Panama Canal, according to Colonel E. W. Ryan, of the American Red Cross, who has just returned to this city from Helmsingfors. The steamship bringing the children to Europe arrived at Hallia, near Viborg.

Fifty of the little Russians are ready for repatriation and will be taken across the frontier as soon as the Bolsheviks send a commission to receive them. Others will be taken to the frontier as soon as Soviet agents give proof that they have located the children's relatives, who will receive them.

LITTLE CHILDREN PLAYED ON TRACK

Lindsay, Ont. Oct. 21.—Small children played on the railroad track here yesterday afternoon, and were playing "Babes in the Wood" when a train was bearing down on them as it was entering the town. Engineer Hutchinson was startled by seeing a three-year-old tot stick her head out of the pile of leaves when the pilot of his engine was almost upon her. He applied the brakes just in time to save the child from death. The train was moving slowly at the time.

BEFORE COURT-MARTIAL.

London, Oct. 21.—A dispatch from Dublin says Martin Fitzgerald, one of the directors of The Freeman's Journal, has been served with a summons to appear before a court-martial Friday to answer a charge in connection with reports published in the Freeman's Journal on the activity of the "Black and Tans" in Carlow. A similar summons has been issued to the editor and other officials of the newspaper, but they are absent from the city.

OPPOSE ASKING OF LEAGUE RULING

Japanese Ministers Take Stand on Question of Racial Equality

Tokyo, Oct. 21.—(Associated Press) The Japanese Foreign Office and the Cabinet are not disposed to submit to the racial equality question to the League of Nations, according to the Kokumin Shimbun to-day.

In the first place, says the newspaper, the time is considered inopportune, on account of the California complications. In the second place, it declares, Japan desires to maintain the theory that the League of Nations is not yet sufficiently strong to settle international disputes and thus to forestall any attempt by the League to settle the Shantung question.

The newspaper says this problem is meeting opposition, especially from the diplomatic advisory council, and that final decision has not been reached regarding it.

\$50,000 PAPER MERGER RUMORED

Montreal, Oct. 21.—Though lacking confirmation, it is believed in circles close to large scale developments in the pulp and paper industry that negotiations are rapidly approaching completion for a combination of Maritime Province lumber and pulp and paper interests that will bring together several existing pulp and paper mills with one of Canada's largest lumber producers and will in addition involve the purchase of the largest tract of freehold pulp lands in existence. It is believed that in volume of output and in resources of raw materials the new combination will stand in the very front rank of Canadian lumber and pulp and paper producers, comparing only with such success as Price Brothers, Hurdon or Booth's. The development is naturally one to which much significance is attached, for it is currently believed that financing of approximately \$50,000,000 is involved in the project, a transaction of a magnitude that would at once indicate developments of major importance.

VANCOUVER ISLAND NEWS

WINTER LECTURES FOR THOSE ON LAND

Metchosin, Oct. 21.—In connection with the petition received by the Metchosin Farmers' Institute from the residents of Luxton and Happy Valley district regarding a special winter course of lectures and demonstrations on dairying, poultry and livestock, soils and crops, etc. The Deputy Minister of Agriculture, Dr. D. Warnock, along with other experts will attend a meeting at Luxton Hall to-morrow at 3 p.m. for the purpose of arranging programmes, etc. The Deputy Minister has gone carefully

into the proposals made for the holding of a full course of instructions during the winter, and desires that all residents and members, particularly ladies, make it their business to be present. The proposals are of a new nature, and if followed will be of great benefit to all who take part in them. Not only theoretical, but practical work will be done, and the courses are to be made open to all with the exception of pneumonia, development of the Metchosin Farmers' Institute are urging all to take an interest in these matters and to bring along any neighbors, as valuable results can be achieved by such co-operative efforts.

Death of Mrs. Skiford.
Port Alberni: The death occurred on Sunday evening of Mrs. Chas. Skiford. Mrs. Skiford had been a resident of the city for the last eight years, having come here from Kamloops. A week ago Sunday she was taken ill with rheumatic fever and died on Monday. She was 68 years of age. She was always bright and cheerful and will be greatly missed by her many friends.

Library Work.
Nanaimo: Herbert Killam, secretary to the Public Library Commission, came up from Victoria Monday to make arrangements for the coming convention of the British Columbia Library Association, in conference with J. C. McGriffie, of the Library Board, Principal Manzer, of the Teachers' Association, and Mrs. J. E. T. Powers, regent of the Bastion Chapter, I. O. D. E., the convention was set for November 19 and 20. The programme will include a children's story hour and a conference on the library as an aid to the school. It is hoped that both Prof. Sedgwick, of the University of British Columbia, and Dr. Henry Seattie's librarians, will deliver addresses at the evening meeting. The I. O. D. E. will have charge of local arrangements.

BALLANTYNE REPLIES TO DUFF

Ottawa, Oct. 21.—Hon. C. C. Ballantyne, Minister of Marine and Fisheries, yesterday characterized the alleged statements of William Duff, member for Lunenburg, at Lebridge, as "vulgar mendacities." He had no further comment to make on them.

RAID IN DUBLIN

MADE BY POLICE

Business Premises Visited and Searched and Two Men Arrested

London, Oct. 21.—An auxiliary division of the Royal Irish Constabulary carried out an extensive raid in the heart of Dublin yesterday, according to a dispatch from that city. Business premises just off Sackville Street were visited and searched, and two men were arrested.
About noon all traffic was stopped, two armored cars and a large number of pickets being posted to prevent a disturbance.
Dublin Castle has issued a report that a number of raids were recently carried out by men in uniform who, however, were not connected with the military. In one case they were accompanied by women, who cut the hair of the wife of the tenant of the house and burned it.

Fitzgerald Funeral.

London, Oct. 21.—A dispatch from Cork said 700 Irish volunteers followed the body of Michael Fitzgerald from Fermoy Church yesterday, but were turned back by a strong military force posted at the bridge leading to the cemetery. Admission to the cemetery was strictly limited to fifty persons. Soldiers with fixed bayonets prevented any evasions, and there were no disorders.

Mr. Costello has been visiting Germany and the Baltic States but says he did not attempt to enter Russia.

ATTEMPT TO POISON LONDON ACTRESS

Poisoned Candy Sent to Peggy O'Neill; She Became Ill

London, Oct. 21.—Peggy O'Neill, the actress, who about a month ago was taken suddenly ill during a performance at the Savoy Theatre, has returned to her place in the cast and declares her illness due to an attempt to poison her. She says a box of chocolates was sent to her dressing room anonymously. She ate some of the candy and was soon taken seriously ill. One chocolate was given to a pet dog, which soon died. An analysis showed the candy contained arsenic and strychnine.

"SHEEP QUEENS" MAY LECTURE IN CANADA

Successful Texas Women Asked to Address Women in Dominion

Port Worth, Texas, Oct. 20.—"Sheep queens" of the Texas range have been asked to lecture to widows of fallen Canadian soldiers, and explain their "great adventure" to other women ambitious enough and keen enough to duplicate it on the Dominion prairies.
Two of the Texas women, Mrs. Jeanette Hartwell and her sister, Miss Donna Gardner, may accept the invitation. The sisters are daughters of a retired Chicago manufacturer, and own and manage ten sections of land in Palmer County, Texas, upon which 5,000 sheep now graze and from which 20,000 sheep were sold during the past Summer.

The signal success of these two "sheep queens" was heralded during the meeting of the Texas Sheep and Goat Raisers' Association in San Angelo, and was responsible for the invitation to visit Canada on a lecture trip. The invitation came from the head of the Federated Women's Clubs of the Dominion, who wrote personal letters to Mrs. Hartwell and Miss Gardner.
The two young women also have been deluged with letters from straggling girls who are desirous of learning the ranching business. Marriageable men already in the sheep business in the Southwest also sent in their quota of letters.

A desire to accomplish something worth while attracted the young women from their home in Chicago, they said during a visit to Port Worth. They came to the Texas plains and at first went in for farming and for Jersey cattle raising. They met with several disastrous experiences from a financial standpoint.

They sold their farm and bought the ranch in Palmer County, a part of what is called the X. T. cattle outfit. For their Jersey cattle they received just enough money to purchase 100 sheep, and from this humble start their present business has sprung. During the Spring they and the two women brought 20,000 sheep to Texas from northwestern ranges, where the sheep were threatened with starvation due to drought, and sold them to sheep breeders throughout West and Southwest Texas.

The women themselves are said to be expert sheep handlers and very successful in their Mexican herders. They maintain ranch headquarters at Bovina, Texas.

RAISE FUNDS FOR MANITOBA "DRYS"

Winnipeg, Oct. 21.—The campaign of the Manitoba "drys" to carry the liquor referendum at the polls will cost around \$25,000 to \$30,000, officials of the temperance forces announced yesterday.
Rural constituencies have been asked to contribute \$15,000. The rest will be obtained in the city. The Ministerial Association has pledged \$6,000 to be obtained through the churches, and the W. C. T. U. has promised to raise \$1,000.
Twenty canvassing teams have been appointed to raise the rest of the funds.

GLOVE LEATHERS STIFF

New York, Oct. 21.—Lower prices for wool have run up prices on some of the principal producers of American glove manufacturers. Formerly the glove manufacturers, who import most of the sheep and lamb-skins that are used in their industry had their tanning done at a low cost, the tanner taking the wool from the skins as part payment for his charges. With the market for wool extremely narrow, and the price at a low point, tanners are now charging the glove manufacturers a stiff price for processing the leather.
Because of the remote sources of glove leather and the lengthy period required in transportation, drops in hide prices have not yet been reflected in gloves. Skins being received now will not appear in gloves before long. The skins that went into gloves for sale this fall were bought a full year ago before prices reached their peak. Abyssinia, South Africa and Spain are now the principal producers of the skins that are used here in the manufacture of gloves. Before the war the principal source was Russia. Imports of skins from the latter country have fallen to an extremely low point and purchasing agents of American glove concerns report that competition in buying in the remaining markets is still keen although skin prices are on the downward trend.
At present it is almost impossible to import skins from Spain, due to an embargo on all hides placed by Spanish government in an effort to build up the Spanish shoe industry. No differentiation is made between hides suitable for gloves and those used only in the manufacture of footwear.

A CLEAR VERDICT.

The people of this Province have decided to do without the British Columbia Prohibition Act. Yesterday's vote was as clear a verdict for the principle of Government control as could be desired by the most ardent Moderationist.

The size of the majority against the present prohibitory law emphasizes the difficulties with which the Government has had to contend in its effort to give effect to the will of the people as expressed four years ago.

At yesterday's session of the Council of the League of Nations Mr. Baifour presented a British report upon Armenia and the meeting decided to ask the Supreme Council to appoint a mandatory power.

MORE SERIOUS OUTLOOK.

Although the triple alliance already has recorded its opinion that the demands of the striking coal miners are just and reasonable there was originally not a very marked desire to extend a sympathetic interest into practical support by industrial action.

But to-day's intimation from the Secretary of the Transport Workers, that unless something tangible takes place between the Government and the Federation within the next twenty-four hours the issue will be joined between the whole of the working classes and those who support the Government, presents the possibility of a serious extension of the trouble only to be emphasized by the decision of the railwaymen to call their

strike at the beginning of next week. Ominous as the new threat appears, however, it may be possible to discover new ground upon which terms for a settlement can be discussed in time to prevent what would send half the people of the country into unparalleled frenzy and completely halt the nation's industry.

THE P. G. E.

As long as the Government of this Province is led by its present Premier the President of the Canadian National Railways will not be allowed to forget that it is British Columbia's intention sooner or later to dispose of the Pacific Great Eastern Railway system to the nation if at all possible.

ARMENIA.

At yesterday's session of the Council of the League of Nations Mr. Baifour presented a British report upon Armenia and the meeting decided to ask the Supreme Council to appoint a mandatory power.

THAT SUGAR ORDER.

If the President of the Canada Sugar Refining Company expects the people of this country to swallow the suggestion that some of the Canadian refineries have not made colossal profits, and that some of them have made no profits at all he is living in a fool's paradise.

OTHER PAPERS' VIEWS

The Wave of Lower Prices (The Baltimore American). After having travelled so long and arduously under the desert sun of high prices, with the skies above them brazen with hopelessness, it may be too much for the housewives of America to believe when told that within thirty days there will be an average drop in the price of groceries of 15 per cent.

columns of reduced price decrees that in seven districts groceries show a heavy decline in respect to the volume of trade transactions during the past four weeks. What does this mean in the terminology of the table? It means that both wholesalers and retailers are more cautious about making purchases.

Politically Speaking

The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for lists submitted to the Editor.

CONSERVATIVE CANDIDATES.

To the Editor.—In reference to an article appearing in your issue of October 18, I beg the privilege of giving to the public of Victoria correct information concerning the Conservative Association and the candidates to be nominated for the next provincial election.

The meeting held last Thursday night was for the purpose of deciding on the method of nominating only, and at no meetings of the Association have any names been discussed, nor have any candidates been officially approached.

The Conservative Association of Victoria will, at the proper moment, select its candidates in open convention, to which all supporters of the party will be cordially invited, thus giving the electors of the Capital City an opportunity of selecting the best possible members for a business administration.

J. O. DUNFORD,
President.

Victoria, October 19, 1920.

RESOLUTION ON LORD MAYOR OF CORK'S HUNGER STRIKE

At the regular meeting of Loyal Orange Lodge, 1426, held last week, the following resolution was unanimously passed:—"We the members of L. O. L. 1426 do hereby approve of the policy of the British Premier in refusing special treatment and consideration for Terence MacSwiney who has a fair trial in a court of competent jurisdiction, was found guilty of unlawful acts against the British Empire."

"We utter the strongest protest against apparently influential sections of the United States population in their unwarranted interference in questions of purely British Policy."

"We affirm our loyalty to the British Empire and will do everything in our power and at any cost to maintain the principles of Equal rights to all, special privileges to none."

A New Sub Post Office.—The post office officials have arranged for the opening of a new sub post office at Queen's Avenue (Grocery, 1027, Queen's Avenue). This move ought to be very popular to the residents in a large district extending out Cook Street, past Mount Tolmie into the country, and toward the Fernwood Post Office. It is situated practically at the northeastern corner of Central Park, and is in near proximity to the athletic grounds, George Jay School and Central Apartments.

HAD TO FIGHT FOR BREATH AT TIMES

Mrs. Moroz Had Awful Smothering Spells; Tanlac Restores Health

"Before my wife took Tanlac she was nearly a complete physical wreck, but now she is well and strong and doing all her housework," declared J. Moroz, 8 Herbert Street, Winnipeg, Manitoba, a well-known employee of the Winnipeg Box Company, while in the Liggett Drug Store a few days ago buying some more of the medicine for his wife.

"About a year ago," Mr. Moroz explained, "my wife had a severe attack of cold and la grippe which kept her in bed for six weeks, and left her very weak and run down. She never regained her strength after this until about two months ago, when I got her some Tanlac.

"The cold and la grippe left her stomach in a terrible condition, her appetite completely failed her, and she could hardly force herself to eat enough to keep her alive, and what little she did eat lay in her stomach like a stone, soured and bloated her with gas so bad she could hardly breathe for hours.

"I don't believe I remember when my wife got a good night's sleep before she got Tanlac. She had such terrible headaches she would almost become frantic at times, and some nights her heart was so affected by gas that she would sit up for hours gasping and struggling for breath.

"She must have lost nearly forty pounds in weight during the year she was sick, for her clothes were much too large for her, and she was almost a skeleton. I bought every medicine I thought would help her, but she continued to get weaker until I finally decided to try Tanlac, which certainly was a wise decision, for the first bottle helped her.

"She has now taken four bottles, and the results have been simply wonderful. Her appetite is good, she eats anything she wants, and is never bothered with gas or any pain or distress in her stomach, and at night she sleeps like a child, for the headaches and smothering spells are a thing of the past. She has gained fifteen pounds in weight, and hardly looks like the same person, but I want her to keep taking it for a while in order to be sure the work is well done. Since Tanlac has helped my wife so much, I feel that I owe it to suffering humanity to make this statement for the information of other sufferers."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Diamonds to the extent of \$73,961 carats, valued at £2,668,854, were produced in the Transvaal during the year 1919.

FOR A TOPPY, TASTY BREAKFAST

that puts you on your toes, mentally and physically: Heat two Shredded Wheat Biscuits in the oven (to restore their crispness); pour hot milk over them; salt or sweeten to suit the taste. If you don't like milk pour hot water over the Biscuits, drain off the water, place a small bit of butter on each. The tasty goodness of the baked whole wheat is a joy to the palate and supplies all the nutriment needed for a half day's work.

Social Personal

is visiting Mrs. H. M. Fullerton in Vancouver for a few days.

Mrs. R. V. C. Beasonette was the hostess at a farewell tea at her charming home at Work Point Barracks on Tuesday afternoon, in honor of Mrs. David Donald and her daughter, Miss Jean Donald, who left for England yesterday with Col. Donald. Autumn foliage and yellow chrysanthemums enhanced the beauty of the drawing room, while pale pink carnations and greenery were used in the artistic decorations of the dining room, where Mrs. W. Wilson and Nursing Sister Saunders presided over the tea table. The guests included Mrs. J. M. Ross, Mrs. Tremayne, Miss Dorothy Tremayne, Mrs. Donald, Miss Jean Donald, Mrs. Basil Combe, Mrs. Britton, Mrs. Greer, Mrs. Sillman, Miss Frances Price, Mrs. Tom Brown, Mrs. Beaumont Boggs, Mrs. Arthur Boggs, Miss Dorothy Boggs, Mrs. Frank Topp-Turner, Mrs. C. H. M. Singsby, Mrs. Mackenzie, Mrs. Westmoreland, Mrs. Weston, Nursing Sisters Saunders and Morrison, Mrs. Basil Hartley, Mrs. L. Vivian and Mrs. W. Wilson. During the afternoon Mrs. Hartley rendered several vocal solos, considerably enhancing the pleasure of the afternoon.

Mrs. Misak Alvarez, Nicola Street, Vancouver, entertained at a charming luncheon at her home on Tuesday in honor of Mrs. J. A. Young, formerly Miss Dorothy Kirk. The color scheme was artistically carried out in shades of pink. Covers were laid for eleven. Other guests were Mrs. C. W. Kirk, Mrs. E. P. Bremner, Mrs. George Johnson, Mrs. George Black, Mrs. W. A. Allan, Mrs. Thomas Morrin, Mrs. Ralph Smith, M.P.E., Mrs. W. Whitting and Mrs. Victor Long. Later in the afternoon others were entertained at a musicale-tea. Mrs. W. A. Allan contributed readings and vocal selections were given by Mrs. Madeline Simpson and Mrs. Reynolds. The prettily decorated table was presided over by Mrs. Ralph Smith and Mrs. E. P. Bremner, while Mrs. T. H. Wilson cut the ice. Assisting in serving were Miss Edna Whitting, Miss Carlie Montellius and Miss Genevieve Henderson.

Mrs. A. Stuart Robertson entertained at a delightful tea yesterday afternoon at her home, 1023 Belmont Avenue, yesterday afternoon, the affair being in the nature of a handkerchief shower in honor of Mrs. Love, whose marriage will take place shortly. The bride-elect was presented with a large number of beautiful little accessories to the toilet, gifts from her numerous friends.

It will interest many British Columbians to know that Sir Forbes Robertson, the well-known actor, recently arrived in this country from England and is now in the Okanagan district, where he will make his home for some time. Devotees of the theatre will remember his masterly performances in "The Passing of the Third Floor Back" and "The Servant in the House" and several other plays.

Mrs. David Hosié, of Glasgow, Scotland, has been the guest of Mrs. A. Sibbald, 2507 Blenheim Street, for the past week. Mrs. Hosié is on her way to Australia, where she will spend the next three months visiting relatives, sailing from here to-day on the S. S. Tahiti. Mr. Hosié is one of the directors of the Donaldson Line Shipping Company, Glasgow.

Mrs. and Miss Gibb, of Parkville, Chas. Marshall, of Duncan, Mr. and Mrs. Herbert F. Ponsford, of Qualicum Beach, C. C. Castle of Salt Spring Island, and Mr. and Mrs. A. E. Spooner, of Galiano, are registered at the Strathcona Hotel.

The marriage of Miss Anna Kidston, second daughter of Mr. and Mrs. John Kidston, of Long Lake, Vernon, to Eric McCallum, of Victoria, will take place on October 27 at Vernon.—Vancouver Province.

Miss Marion Gibb, of London, Ont., Arnold Bulea, of St. John, N.B., R. Tranter, of San Francisco, and Mr. and Mrs. L. B. Heller of Windsor, South Dakota, are registered at the Strathcona Hotel.

Dr. John Conkey, of Vancouver, has been the guest of the Hon. Chief Justice and Mrs. Hunter over the week and holiday at their country house, Shawngnan Lake.

Mr. and Mrs. George G. Bushby have returned to their home, "Clair," 81 St. Charles Street, after visiting friends in Vancouver for the past few days.

Vancouver visitors to the city, registered at the Strathcona Hotel include, Mr. and Mrs. R. E. Tait, A. W. Lee, Jas. Gordon, A. Stabier and G. Clark.

Fred Ellison, J. Dye, H. Merton, W. Wall, W. Califf and W. Sawyer, of Portland, are among yesterday's arrivals at the Dominion Hotel.

Mr. and Mrs. G. A. Richardson, of South Hamilton, Kansas, have arrived at the Empress Hotel.

Mrs. C. P. Higgins, of Moss Street,

TO-DAY'S JEWELS
The amen of ill luck is, curiously enough, to-day's talismanic and natal stone; this is the wondrously beautiful and uncanny opal. It is an emblem of good fortune, however, on this day. The fire opal is particularly lucky, and that rare gem black opal is thrice fortunate.

The opal was beloved by the ancients to bestow unusual beauty and charm upon women. We are told that blood maddens valued nothing more highly than necklaces of opals, since they were believed to preserve the glory of their hair. The gem came into evil repute because it was believed to arouse the Evil Eye—an absurd contention, which has no basis of truth. Striped or checkered materials are fortunate choices for to-day. They signify a change for the better in fortunes. The scarlet geranium is the special flower assigned to this day. It is believed to bring consolation to those who know sorrow.

WANT PICTURES TO SUIT CHILDREN

That the managers of the local moving picture theatres be approached with a view to having at least one day weekly set aside for the showing of pictures suitable for children, such pictures to be both amusing and instructive, and sessions to be held in the afternoon only, was the import of a resolution passed by the members of the Dr. O. M. Jones Chapter, I. O. D. E., at their regular meeting held at headquarters on Tuesday evening. The resolution was sent to the Municipal Chapter for its endorsement.

Plans for raising money for the milk fund were discussed at a committee meeting held at the headquarters of the I. O. D. E., on Tuesday evening. The committee members were Mrs. W. Mason and Mrs. W. Wilson, who were received into the Chapter and seven new members proposed. At the close of the next business meeting in November, tea will be served and a pleasant social hour is anticipated.

Madame Sanderson-Mongin addressed the members on "Reconstruction in the Home, pointing out that in spite of the change for income-modest houses, long hours and poor wages, to well-arranged houses, shorter hours and high wages, the maid of to-day was more dissatisfied with her lot than the domestic servant of a few years ago. The old order of domestic service was changing, observed the speaker, and during the transition period, there was need for understanding and sympathy on the part of the housewife, and on the part of the domestic an efficiency and knowledge often sadly lacking in the drudge of former days.

The interesting little talk was followed by a debate which showed the interest taken by the members in the question.

WOMAN TRAVELER ADMITTED TO SYRIAN HAREM
London, Oct. 21.—Mrs. J. R. Forbes, the woman traveler who has returned to London after wandering for several months from Morocco to Syria, tells of her unique ventures in being admitted into the harem of the Syrian sheik, Mohamed Abdulla, the greatest host of all hosts by whom she has ever been welcomed. At a feast at which she was entertained, a sheep was roasted whole, and by way of doing tribute to his guest, Mohamed Abdulla extracted the sheep's eyes whole with his hands and proffered it to the Englishwoman. It was the greatest tribute he could pay.

At night she shared a bed composed chiefly of vividly colored eiderdowns of the two prettiest of the eight wives of the sheik.

In addition to these experiences Mrs. Forbes crossed the Sahara unaccompanied by other Europeans and voyaged down the Suez Canal in an onion boat, arriving home in time for the end of the London season.

All Women Welcome—On Tuesday night at 8 o'clock the Ladies Auxiliary to the C. A. U. V. held their second meeting in the new club rooms, on Government Street, above Diggon's plant. Business and constitutional matters were discussed, and the executive and various committees were formed. General meetings will be held on the second and fourth Tuesdays of each month, the next to be on Tuesday, October 26. All women interested are cordially invited to attend.

TRANS-CANADA AIR FIGHT ENDS AT ESQUIMALT TO-DAY

'Comedy of Errors' Presented Journey From Vancouver to Victoria Direct

LAST LEG OF FLIGHT FROM SAN JUAN ISLAND

Air Commodore Tyley, Chief of the Canadian Air Militia in Canada...

The party has spent the last twenty-four hours on the way between Vancouver and Victoria...

From Port Townsend the party set off for Victoria shortly after 3 p.m. yesterday...

The engine was a 400 Liberty engine, and it was discovered that the trouble was due to a run-down battery...

The aviators stated they were glad to land, but that they had fully enjoyed their excursion into the United States...

Trustees Speak. Mrs. Spofford and Mrs. Coady Johnson both referred to the School Board...

The completed plans of the return voyage are not yet to hand, but it is likely that the party will endeavor to fly back to Vancouver some time this evening...

Quered on the actual trans-Canada flight all the aviators expressed themselves satisfied with the performance made by the machines...

The object of the trans-Canada flight was not to demonstrate the possible speed of the accomplishment...

Hubbard Here. While the Air Board party were lost in the fog in unknown territory last night, Edna Hubbard...

ROTARIANS INSPECT MANUAL TRAINING

Pay Visit to Boys' Central School; Were Addressed by W. H. Binns

The Rotary Club under President Clifford Denham this afternoon accepted the invitation of the School Board and paid a visit of inspection of the work done by the manual training classes of the city schools under Superintendent W. H. Binns.

Progressing further the members saw the finished models, and were then initiated into the work, resourcefulness, and adaptability that goes into the construction of the ordinary mechanical structures of woodworking.

Introduced to the meeting by the President, Clifford Denham, Trustees Mrs. Spofford, Mrs. Coady Johnson, and Captain Aitken addressed the school and is now endeavoring to raise funds for the purchase of a piano for the use of the pupils.

Trustee Captain Aitken spoke on the dental clinic which he himself sponsored, and stated that Victoria was one of the few places that had been slow to adopt the obvious blessing of supervision of children's teeth by safeguarding their teeth.

FEATHER BED JURIES ARE NOT WANTED

Seattle, Oct. 21.—King County jurors have got to earn their \$3 a day and board, according to a ruling reached by the nine Superior Court judges at an executive session Wednesday.

The judges decided that hereafter juries will not be put to bed in the dormitory of the County-City Building until after they have reached a verdict.

Heretofore the practice has been to permit jurors to deliberate until "a reasonable hour," usually about midnight, and then to sleep over their problem, resuming it next morning.

The new rule provides that trial panels must stay in their jury rooms as long as necessary if they sleep, it will be in their chairs.

NOTABLES TO SAIL ON EMPRESS LINER

Outbound Ship Will Have
Prominent Diplomats and
Wealthy Tourists

Among the notable passengers sailing to-night by the C. P. O. S. liner Empress of Asia for the Orient will be M. Albert Dierckx, Belgian diplomat and banker, who is on his way from Europe to Shanghai on an important mission.

There will also be Edward Kara and family. Mr. Kara is the big hotel man of the Far East, controlling leading hotels from Manila to Japan. The body of Mrs. Wellington Koo, deceased wife of the Chinese Ambassador to Washington, will be taken out by the liner.

Another noted traveller on the Asia will be Baron Evert Akerhelm, Swedish Consul-General at Shanghai. John E. Bitchle of the Guaranty Trust Company and Paul Hughes of the General Motors Export Corporation, both of New York, are on their way to China, Japan and the Philippines on commercial missions. The Misses Lucy T. Aldrich, Miss McFadden and Miss Schoenberg are three young ladies of New York who are visiting the Orient and whose names spell wealth. Another well known financial man going to China is J. J. Rogers, of New York, vice-president of the Esquimaux Trust Company.

The freight going out on the Empress of Asia amounts to 3,300 tons measurement, 2,900 tons weight. The most impressive item is one of 600 boxes of British Columbia and Washington apples for Oriental markets. The remainder is general merchandise.

The Empress will be a "hundred per cent. ship," carrying passengers and freight to the extent of her capacity.

The liner will have 415 saloon, 50 second class, 100 third class and some 600 Asiatic steerage passengers.

EVERETT SHIPYARD SECURES CONTRACT FOR OIL TANKERS

Everett, Oct. 21.—According to an announcement by M. E. Barham, of Seattle, receiver for the Norway-Pacific Drydock & Construction Company, construction of a fleet of steel oil tanker ships will begin at the Everett yard within the next two months.

Makura Will Return to Service as Oil-Burner

Canadian-Australasian Line Expects Big Liner to Be Ready to Resume Sailings in British Columbia- Australasian Service By Middle of December.

The Canadian-Australasian liner Makura, which for some time past has been overhauling at the Bethlehem plant at San Francisco, will be returned to the trans-Pacific service between Sydney, N.S.W., and Victoria as an oil-burner about December 15, it is announced by the Canadian-Australasian Line. The Makura made her last call at this port June 28 last, when she arrived with passengers and freight from the Antipodes.

Since that time the liner Tahiti trip to her home port would return has been operating in conjunction with the liner Niagara in maintaining the regular service. When the Makura resumes the Tahiti will return to the service between San Francisco and Australasian ports.

Officers Standing By.
Captain Robert Crawford and Chief Engineer John Howarth have been standing by the Makura throughout the period she has been lying at the Golden Gate port.

It was originally intended that the Makura would sail from San Francisco as an oil-burner in November for Australasia, and after making the

GREAT DEMAND FOR TANK STEAMSHIPS

Tankers Aggregating 545,302 Gross Tons Under Construction in U. S.

New York, Oct. 21.—Shipbuilding in the United States which led that of England by 1,931,000 gross tons early this year has fallen behind in the quarter ended September 30, by 1,959,000 gross tons, according to figures made public by Lloyd's register of shipping.

The United States, however, the report said, continues to produce more than twice as much tonnage in oil tankers, as all other countries combined. There are in progress of construction in this country twenty-nine tankers with a gross tonnage of 545,302, as compared with thirty-five vessels of this type, representing 232,758 tons, in all other countries.

LIQUOR DISCOVERED IN VESSEL'S BILGE

Japanese Freighter Yields 24 Sacks of Whisky at Seattle

Seattle, Oct. 21.—Customs agents who began a search of the Kongson Maru, lying in the East Waterway, for contraband liquor, completed their work this week and announced that they found 22 quarts of whisky and 60 gallons of alcohol. Whisky was delayed when the bilges were flooded with water by members of the crew, according to agents.

Fine of \$78.50 was assessed against the captain of the vessel by the customs department, being the estimated value of the liquor. Twenty-four sacks of whisky were taken from the bilge.

The time used is Pacific standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot above the average level of lower low water.

YARROWS PLANT HERE TO EXPAND

W. W. Marriner, Scotstoun Manager, Looking into Development Possibilities

To gain first hand knowledge of local conditions and make plans for the expansion of the Lang Cove plant of Yarrows, Ltd., William W. Marriner, works manager for Yarrows & Company Scotstoun is paying a visit to Victoria from Scotland.

Mr. Marriner states that no definite plans have been decided upon for the enlargement of the company's works at Esquimalt. He is here for the purpose of formulating a plan of expansion.

Yarrows, Ltd., have specialized in the construction of shallow-draft river craft and it is understood that the local firm plans further developments in this branch of construction. Investigation is also being made of the possibilities of the manufacture of seaplanes and water skimmers.

Mr. Marriner is of the opinion that the proposed Esquimalt drydock will prove a valuable asset to Victoria.

Expert Shipbuilder.
The works manager of the Scotstoun organization is a shipbuilder of wide experience. He first became associated with Yarrows in 1887 as an apprentice, from which occupation he has worked himself up to the important position which he now holds. It is the intention of Yarrows, Mr. Marriner intimates, to do everything possible for the development of its Esquimalt holdings. Before returning to Scotland, Mr. Marriner will probably make a trip to the Far East.

SEAPLANE BRINGS MAIL FOR EMPRESS

Aviator Eddie Hubbard Making Another Trip Across the Straits To-day

Last minute mail from the States for the Orient will be delivered here this afternoon by Eddie Hubbard who is crossing the gulf from Seattle with several bags of mail to be taken aboard the liner Empress of Asia. The Asia, according to the latest advice should reach here this evening and is posted to sail about 9 p.m. for Yokohama and Hong Kong.

Unaware of the time of the liner Tahiti's departure for Australasia, Eddie Hubbard reached here in his Boeing seaplane yesterday afternoon with mail from Seattle.

Since securing his contract for the trans-gulf aerial service the Seattle aviator has been kept busy.

NEW ZEALAND TO GET ISLAND STEAM COAL

S.S. Waihora Chartered to Load 7,500 Tons For Delivery at Auckland

It is announced by Canadian-Australasian officials that the steamship Waihora has been chartered to carry 7,500 tons of coal from Vancouver Island mines to Auckland.

This charter has been arranged owing to the shortage of coal in the Antipodes, coupled with difficulties in obtaining coal from Great Britain. It is expected that the Vancouver Island coal will be used to bunker the companies ships plying between Australasian ports and the United Kingdom. The Waihora came to this coast from Norfolk, Va. in ballast. Her probable port of loading will be Union Bay.

NOW

more than ever before, women are looking carefully into Tea values. True economy can only be found in quality merchandise. Especially is this true of the Tea you buy. Cheap Teas are costly whatever you pay, because of the unsatisfactory flavor and the greater amount required in making a brew of the proper strength. Economy in Tea can only be found in those Teas of known value whose quality never changes. More than ever, the label—

backed by the integrity and square dealing, is insisted upon by discriminating women. Present unusual conditions have not changed the BLUE RIBBON TEA quality. You can be sure of the same standard as heretofore. Every leaf is grown in our own famous BLUE RIBBON TEA GARDENS, ensuring the same climatic, soil and growing conditions from year to year; in this way ensuring a standard quality. It costs no more than ordinary Teas.

BRIEF LOCALS

Firemen's Dance.—Under the auspices of the Firemen's Recreation Club, a dance will be held at headquarters this evening, commencing at 8:45 o'clock.

Small Fire Yesterday.—A run at 6:40 o'clock last night to 615 Vancouver Street, occasioned a turnout of the department, when a small basement fire was extinguished without loss to the residents.

Cruelty to Cow.—In the Saanich Police Court to-day Wing Hing was fined \$25 and \$2.50 costs for cruelty to a cow. Accused, who lives on Tillicum Road, was charged with having tied the horns of a cow so tightly as to have caused a festering sore.

Nurses Enthusiastic Over Dance.—The executive, conveners and their assistants of the St. Joseph's Hospital Alumnae are planning for a brilliant function on October 23, when the graduates' dance will take place. Preparations are being rapidly completed and the nurses are working with great enthusiasm.

Pictures of India.—At St. Paul's Presbyterian schoolroom to-morrow evening the pastor, Rev. Dr. Maclean, will give an address on India, illustrated with about two hundred very beautiful hand-colored slides. The lecture will be of especial interest to young people.

For War Widows.—A gift of pearls has been made to the Great War Veterans to distribute to war widows. Ten pounds will be given to each widow who applies at the secretary's office at the Great War Veterans any time after 2 o'clock to-morrow afternoon.

G. A. U. V. Hold Enjoyable Dance.—Success attended the dance and card party held at the Caledonia Hall last evening under the auspices of the Grand Army of United Veterans. Fifteen tables were engaged in play. Beauty's orchestra furnished the music for the dancing. The Ladies' Auxiliary to the G. A. U. V. assisted in the entertainment and the proceeds of the affair will be devoted to the fund for the new hall.

Routine By-laws.—Three new by-laws will come before the next session of the City Council, according to notices posted at the City Hall yesterday afternoon. These are all of a formal character, one being to amend the contagious diseases clauses of the Health By-law, the second giving effect to a sewer agreement between Esquimalt and Victoria for mutual connections, and the third changing the sewer specifications by-law to provide the necessary weights of piping required under the present Government standard.

Presentation to Church Worker.—A new society was tendered by the congregation and representatives of the various departments of St. Paul's Presbyterian Church on Monday evening to Cecil Lambert, who sailed to-day on the Empress of Asia for China, where he will enter the mission field. Mr. Lambert, who has for many years been an active and ardent member of the congregation and official in numerous departments of the church, was presented with an address of appreciation and a purse in recognition of his faithful services to the church. Speakers who paid tribute to the guest of honor included the pastor, Rev. Dr. Maclean, George McCandless, representing the Esquimalt Wm. Sloan for the board of management; W. H. McDonald, the Sunday School; F. A. Trowsdale, Towns People's Society; D. Munro, the Young Men's Bible Class; Miss Jean McGowan, the Willing Workers; Mr. Scott Miller, the Women's Missionary Society; and Miss B. Thompson for the Ladies Aid.

Loyal Order of Moose.—The usual success attended the Moose dance and whist drive held last evening at the K. of P. Hall. The dance floor was full to capacity and extra tables were needed for the dancing. Prizes for the whist drive. Prizes for the latter were awarded as follows: Ladies—1. Mrs. Waters; 2. Mrs. Leach; 3. Mrs. Odry. Gents—1. Mr. Hogan; 2. F. Dunderdale; 3. Mr. Tomlin. Great credit is due the ladies who helped in the cutting up and serving of refreshments. During the evening the dancing was enlivened by the presence of the Hon. John Hart and Mrs. Hart, H. C. Hall, M.P., and Mrs. Hall, who stayed for some considerable time, and thoroughly enjoyed themselves. For the next social to be held November 3 a novelty in the form of a "hard times" dance is on the bill, and every one attending is expected to live up to the name and don their oldest attire. The committee will donate prizes for the most appropriate and cheapest costume in both the ladies' and men's section, and judging from the interest already being taken, some good fun is anticipated. More information will be given on the subject through the press during the next few days.

Covering News by Airplane Gets Big "Scoop"

Cecil Lambert, Winnipeg Free-Press reporter, who made record time in getting news on bank robbery.

The Winnipeg Free Press is the first Canadian paper to send out a reporter to cover a news story by airplane. Early on the morning of October 13, five masked bandits blew open the safe of the Union bank branch at Winkler, Man., 14 miles from Winnipeg, obtaining nearly \$50,000 in bills of small denomination. The detonation woke the town, but the yeomen terrorized the citizens with shotguns, shooting one aged man who attempted to raise the alarm. Telephone and telegraph wires were cut and the robbers made a safe getaway. It was eight miles to the nearest telephone, and when word got to Winnipeg the Free Press despatched a reporter to cover the story by airplane. In the early edition the Free Press had a three-quarter column account of the occurrence, while its opposition papers did not have a line. In the next edition the Free Press had a much extended story, with pictures of the bank and the bank clerk; while in the succeeding edition more details and a set of pictures covering every angle of the story was published before the other Winnipeg papers could get a representative on the spot. The flying time to Winkler was 43 minutes, the return time being 47 minutes.

CABLES COME UNDER BRITISH CONTROL

London, Oct. 21.—The Government's offer of £570,000 for the cables and equipment of the Direct United States Cable Company was accepted by the shareholders to-day. The sale transfers the cable from American to British control.

HOUSES IN BRITAIN.

London, Oct. 21.—(Canadian Associated Press)—Questions in the House of Commons yesterday elicited the fact that under the housing acts 10,842 houses had been constructed and 53,292 were now being constructed.

LETVIAN SHOT.

Riga, Oct. 21.—Refugees returning from South Russia, say that Waldemar-Gelberg, Letvian commander to Russia, was shot at Ekaterinodar ten days after the treaty of peace between Letvia and Soviet Russia had been signed.

TO BE TRIED.

Montreal, Oct. 21.—A. J. Robinson, charged with forging cheques in the name of Grant Hall, vice-president of the C.P.R., was sent up for trial here yesterday.

WANTS REMARKS TO BE RETRACTED

Justice Says Court Should Get On With Its Work in Foreclosure Case

Cleave G. White, who is defending Mr. Justice Martin of the Court of Appeal in the foreclosure action on the Supreme Court to get M. B. Jackson, K.C., publicly to retract his reference of Tuesday to the alleged "trickery" in the attempt to ward off the foreclosure, Miss Finlayson is in foreclosure because the judge it is alleged has not paid principal, interest or taxes on the five mortgages for years.

Mr. White also demanded that the court should have a statement about Mr. Justice Martin endeavoring to make it so that no member of the British Columbia bar would act against him in connection with the person who had made it.

"Mr. White said that newspapers all over Canada had taken up the incident and were printing stories about the judge and his conduct. He produced a story from a Vancouver newspaper.

"Wanton Attack."

"I find it necessary to bring to Your Lordship's attention a most slanderous attack on me which was made in the case when it was opened again to-day.

"Mr. Justice Morrison cut him off here saying that he did not want to hear any "irrelevant material."

Mr. White however, persisted.

"I want to bring to Your Lordship's attention a most wanton attack on Mr. Justice Martin, an attack on a man not in a position to defend himself," Mr. White continued.

Mr. White then referred to the Jackson charge that Mr. Justice Martin had tried to make it so that no lawyer would act against him.

Demands Retraction.

"As this has been given so much publicity, my learned friend should be required publicly to retract the statement so that it does not go forward to the press of Canada as a slanderous attack on a man in a public position," Mr. White went on, coupling with it the alleged "trickery" insinuations.

"Short of strangulation, I do not see what I can do," said Mr. Justice Morrison. "That is one of the penalties of discharging work in public."

"It seems to me that you are asking me to discipline a learned King's counsel. That remark he made was absurd on the face of it. It would be much better if you would proceed with our work. Mr. White, and I do not wish to be incommode with matters which are wholly irrelevant."

Confirms Newspaper Reports.

Later Mr. Justice Morrison told Mr. White that he had brought the trouble on himself by attacking Mr. Jackson's right to make an affidavit.

Mr. White again told of the great interest there is in the newspapers over the case.

Mr. Justice Morrison read the report of the trouble as related in the Canadian Press reports appearing in Vancouver newspapers.

"He did say these things and the press didn't wrongly report it as here," said Mr. Justice Morrison. "This report is accurate as to what was said. The whole trouble seems to me to have arisen out of Mr. White's preliminary objection which was properly and respectfully taken. I do not want to be in the position of hearing strictures on other judges."

"I am sure you will never hear them from me," said Mr. Justice Morrison, who enjoyed the personal friendship of Mr. Justice Martin and this trouble arose out of him being a litigant."

Refused to Take Payment.

Mr. White started to explain the two actions, and his application to stay the second action, which is brought by Miss Finlayson until the first action which is brought by the judge is disposed of.

"These five mortgages are the same in the two actions," said Mr. White. "The plaintiff in the first action states that he was prepared to pay off one of these mortgages, but the mortgagee refused to accept it, now making a test of the whole matter."

Mr. White said that the judge had interviewed Mr. Jackson about this proposal, but an action was started against the judge to foreclosure on the whole five mortgages that are against his property.

Had \$10,000 Loan.

"My learned friend takes the attitude that I won't accept less than the full amount of the money on one mortgage, and I want to foreclose on them all," said Mr. White.

He asserted that the question of whether the five mortgages against the judge could be consolidated in this way should be tried out before the foreclosure action proceeds, because if it is decided that Miss Finlayson has the right to consolidate the judge has no defence at all.

"We say that they have taken an illegal position," Mr. White went on. "We gave them fair warning we intended to bring this action. On June 10, Mr. Justice Martin wrote to Mr. Jackson that he had been offered a loan of \$10,000 on his home and that after paying off taxes and with some additional assistance he could manage to pay off Miss Finlayson to the extent of \$5 or 75 per cent."

Called "Sham Proceedings."

Mr. White read a statement by the judge in which he said that "I regard certain of the assignments taken by Miss Finlayson as sham proceedings." In this statement the judge also threatened to take the matter to a final tribunal before he would submit.

"This matter from your own statement has been running on and there are accumulations of arrears," said Mr. Justice Morrison. "I don't see why you don't get together and settle it."

Mr. Jackson claimed that Miss Finlayson has the right to consolidation of the mortgages.

Amateur Hockey Clubs Busy Signing Players

Elks and G. W. V. A. Announce They Will Be Back In Fray This Season, While Senators and Two Jacks Are Considering Policy; Two Other Clubs Want Places.

Ice hockey fans who have been anxiously looking for some word from the amateur hockey camp as to the prospects of the great Winter sport in this city during the coming Winter will revel in the statement made public this morning that at least four clubs will make up the league and that the brand of play will be a little superior to that of last year, due to the arrival of several classy players from the prairies.

Last year the Senators, led by George Straith, triumphed in the amateur league with the Elks, piloted by Darrell Spence, runners-up. The G.W.V.A. clan, marshalled by Harold Bray, and Mike McDonald's Two-Jacks, whitewashed the league. The Elks and G.W.V.A. have announced their intention of entering the league this year and have their teams practically ready for the ice. The Senators and Two-Jacks are not prepared to announce their policy as yet, but are proceeding with their organization. Should either or both of these teams fail to enter the J.B.A.A. and Fitz's billiard parlors are anxious to jump in.

More Players Here.

Percy Watson, secretary of the Victoria Amateur Ice Hockey Association, stated this morning that practically all last season's players are ready for the fray and that several Easterners of proved ability have come here to reside and are anxious to show their speed on the blades.

Registration forms have been sent out to the managers of last year's clubs and those of prospective clubs and they are very busy signing players. The four clubs entered last year have the preference for the franchises, but in the event of any of them deciding not to enter the association will pick on new entries.

Annual Meeting.

The annual meeting of the Victoria association will be held at an early date. President Mout has returned to town and is anxious to have a fast league. Officers for the ensuing year will be elected and the association will be asked to make several important decisions on matters vitally affecting the organization.

This year the annual meeting of the British Columbia Amateur Ice Hockey Association will be convened

MONTREAL TO BUILD UP TRACK ATHLETES

Montreal, Oct. 21.—The rather indifferent showing made by Eastern Canada at the Olympic games this year in track and field events has decided the Montreal Amateur Athletic Association to start work immediately for the upbuilding of these branches of sport.

The gathering will be held early next month.

The amateurs are anxious to circle the ice again, and are awaiting an announcement from Lester Patrick as to the exact date of the opening of the Arena. Lester is hopeful of having the ice palace ready for the public during the first week of November.

Seattle Getting Ready.

Seattle, Oct. 21.—A harbinger of the hockey season—ice on the Arena floor—is about to make its appearance.

Curtis Lester, manager of the auditorium where the popular Winter sport is played, states that work has started on the ice, and the skating season will open the latter part of next week.

The knights of the puck will not begin to gather for some time yet, although the different managers are quietly working on their plans.

Quebec Contracts Out.

Quebec, Oct. 21.—The Quebec Hockey Club is already preparing for next season, and has sent out contracts to all last year's players, and in addition to Crawford, Johnson and Munnery, who are still the property of the Quebec Club.

HIGH SCHOOL TEAMS TO PLAY BASKETBALL

Victoria and Oak Bay High School students will gather in the gymnasium of the local high school tomorrow afternoon to watch two battles between the schools for basketball supremacy. The girls are to stage a match of their own while the boys argument on the floor. Interest between the schools in these matches is very keen.

INTENDS TO STARTLE FANS NEXT YEAR WITH RECORDS

TY COBB

San Francisco, Oct. 21.—Before he retires as a player, Ty Cobb is going to try to establish a batting mark that will give all comers a mark to shoot at. It would seem that Ty Cobb would be content to rest upon his laurels, for he has put together an amazing record as a batsman in his fifteen years in the American League, but he is going out after one more big year, which he hopes will be his biggest.

Ty got a late start this year and he was also badly hurt, with the result that his name does not head the list of the batsmen in the American League, and his pride is touched. Perhaps there have been whispers that he has at last begun to slip, and if he ever heard such a whisper it would spur him to greater efforts to prove that he is still there.

Ty's Warning.

At any rate, Ty said yesterday while chatting with friends: "I am going to take two weeks' training next spring and get the jump. I have not done that for years, but I am going to get in perfect shape next Spring and give the pitchers something to worry about right from the start of the season."

"If I have my share of luck and am not laid up by injuries, I expect to show the boys that I am still there. I don't try to steal bases much any more, unless by stealing one I can help win a game of ball, but I may show the boys something on the paths, too, next year."

No Has Been Yet.

"Of course my main object will be to win ball games for the Detroit Club, but I am also going after the batting championship. I am only 33 years old, but I have been in the American League so long that some folks get an idea that I am reaching the end and yellow leaf. I was only 18 years old when I joined Detroit. I feel that I have a few seasons of good ball left in me and after that I may take a chance as a manager. I would not care to be bothered with the cares of managing a ball club while still playing, and for that reason I am not considering taking the place of Hughie Jennings as manager of the Detroit Club."

"I hate to see Jennings leave Detroit. He is the only big league manager I ever played for, and in all the fifteen years I played for him, not once did he ever criticize my playing."

Ty had a bad season all around this year. His batting average dropped considerably, and he suffered injuries which affected his playing. He watched the sensational St. Louis first baseman, and Babe Ruth, the home-run monarch, grab all the lustre of the diamond. Ty's great records, which were thought to have reached the height of human endeavor on the ball field, toppled one after another. First the Bambino broke Ty's record for run-getting and then Sisler hopped along and shattered the Georgia Peach's mark in the number of hits cracked out in a season.

Fans will watch with interest Ty's effort next year. He will find Sisler a hard man to top in the batting averages.

SAYS SOCCER MATCH WAS BADLY HANDLED

The Sporting Editor.—I would like, through the medium of the sporting column, to draw the attention of those who were responsible for the bad management in connection with the match which took place on Monday last between supposed representative teams of England and Scotland.

The match, which was scheduled to start at 12.30 p. m., did not commence until nearly an hour after that time, and when a start was made it was discovered that the English team was not up to full strength; also that when enough Scottish players had been found to complete the team, at least half of those playing were not part of the original team selected. What was the result? Instead of a really good exhibition of football which the spectators expected and were entitled to see, they had to witness an exhibition which, to say the least, was decidedly tame. Now, sir, this is not the first time such a thing has occurred, and speaking as one of the many who like to watch a good game of soccer, and, if necessary, pay for that privilege, I think it is about time that those persons responsible for the arranging of such matches were given a special match for which they charge an admission fee, and which is arranged to start at a certain stated time, it is up to the officials in charge to see that the programme, as advertised in the press, is carried out accordingly, and that the public, to whom they look for support, are given a little more consideration.

It is to be hoped that when a similar match is being arranged, that the game starts somewhere near the advertised time, and before putting the names of the selected players in the press, the officials will do well to make sure that the selected players intend to take part in the match.

By doing this, the football associ-

WHAT HAS HAPPENED TO CANADA'S CHALLENGER?

Toronto, Oct. 21.—The Globe sporting editor asks to-day: "What has become of A. C. Ross and his plan to build a Canadian challenger for the America's Cup by popular subscription? Is it overshadowed by the forthcoming international race between real boats?"

Connie Mack is the oldest manager in the major leagues and the club manager in the American League to pilot the same team continuously since the junior organization expanded. It is a long time, 34 years to be exact, since Mack began his professional baseball career, at Meriden, Conn.

WITHIN THE ROPES

New York, Oct. 21.—It is reported that Jack Sharkey is willing to sign articles to meet "Jimmy" Wilde at the Olympic in London on December 15.

R. G. Welch, the English promoter, has been negotiating with Sharkey for this bout, and all the details are reported as agreed upon. It is said that Sharkey will get the largest purse of his career for the bout.

Mickey Donley, a Newark lightweight, has been signed to meet Bob Marriot, England's lightweight champion, at the same club about the same time.

Montreal, Oct. 21.—Mike McTigue, of New York, middleweight contender, fought Jack Bloomfield, of England, in a ten-round bout here last night.

JACK MATSON WINS MEDAL SWEEPSTAKES

Jack Matson, with a net score of 64, won the medal sweepstakes competition for the club walking-stick, at the Oak Bay links yesterday afternoon. J. H. Wilson and W. B. Wilson, with scores of 66, were tied for second place.

This is the first time this competition has been held since pre-war days. According to the conditions, the winner is now liable to be challenged at any time at match play for the stick by any member of the club.

BASKETBALLERS MEET TO ARRANGE LEAGUES

To-night at 8 o'clock in the Y. M. C. A. the Sunday School Basketball League will hold its annual meeting at which officers will be elected for the coming season, and preparations made for the Ladies' Senior and Intermediate Leagues to commence in the near future.

It is hoped to have the leagues in a large representation present, and all others who are interested in the coming programme are invited to attend. It is hoped to have the leagues in

Easterners Want to Play For Mann Cup in Spring

Orangeville Club, Which Defeated St. Simon's For Ontario Championship, Want to Meet Holders of World's Honors; Challenge Was Sent to Vancouver Officials.

Vancouver, B.C., Oct. 21.—Orangeville, Ontario lacrosse champions, want to play for the Mann Cup. The champions of Eastern Canada, who defeated St. Simon's of Toronto in the play-off, after the latter had beaten the Ottawa senior amateurs in the elimination round, are ready to pack up bag and baggage and come west on a cup-hunting expedition. No dates have been suggested, but it is altogether likely that the easterners are desirous of arranging the world's championship series for next Spring.

Harry R. Godfrey, former captain of the Vancouver pros, received a wire yesterday from Orangeville club, in which the latter intimates a desire on the part of the eastern champions to play for the Mann Cup. Mr. Godfrey will turn the wire over to the Coast officials, and it is altogether likely that the first inter-provincial amateur series for the Mann Cup to be played in the West since 1914 will take place next Spring.

Just who the Easterners will play for the Mann Cup is a problem which must be solved by the Coast governing body or by the cup trustees, if trustees are still in charge of the trophy. The cup was won last year by the Foundation Club of Victoria and turned over to the management of that organization by Milton O'penheimer and Wm. Clark of Vancouver. This season the Foundation Club was inactive, but a Victoria lacrosse club was organized, and claims the championship and the cup, and defended it against New Westminster on Thanksgiving Day. The P.C.A.A.A. has taken no action to settle the dispute in amateur circles and at present writing there are a couple of claimants of the championship.

In their wire to Mr. Godfrey, the Eastern champions state that they are anxious to come West for a cup series and ask for data concerning expenses, games, officials and whether

any guarantee will be offered by the Western teams. As the J.A.C. travelled East in 1911 and paid all expenses without receiving any financial aid from the Young Toronto, first holders of the cup, and several Eastern champion teams came West in later years without receiving any guarantee, it is not likely that the West will offer Orangeville any financial assistance. They may be assured of good gates, however, and as it is customary to split the gate fifty-fifty, the challengers would, no doubt, meet with good results.

If Orangeville players make the trip out this way they will be the first challengers to cross the Rockies since 1914. Calgary, Armstrong, B.C. and Brampton (Ont.) teams all took a crack at the cup when it was held by the Vancouver Athletic Club in 1914. Calgary was beaten 18-0 and 2-1. Armstrong went under 12-0 and 2-0, while Brampton won the first match 5-0, but lost the second 6-2, losing on the round 10-7. The status of a Vancouver player was questioned by Trustee Joe Lally and he ordered the cup turned over to Brampton and later to Calgary, but the request was ignored and the trophy still remains in the West. Prior to the 1914 series, the Winnipeg C.N.R. and the St. Catharines (Ont.) teams were defeated and played the V.A.C. The former team was beaten 25-0 and 18-1, while St. Kitts went under 17-0 and 17-1.

England's Polo Team Selected For Big Game

London, Oct. 21.—With the closing of the test matches at Hurlingham, bringing the London polo season to a close, it has become possible for the Selection Committee to approach finally in the choice of the team which will represent England in the international matches with America on June 18, 21 and (if necessary) June 25, 1921. The committee has given Major Lockett, captain of the team, and Major Lockett has carried out his task with great thoroughness, tapping all valuable sources of opinion in his endeavor to arrive at the wisest decision.

Three players—Major Lockett, Lord Wodehouse and Colonel Tomkinson—for the positions of back, No. 2 and No. 1, are regarded as the best England can produce. All have had previous experience in international polo. Diversity of opinion prevails as to whether Major Lockett or Lord Wodehouse should play back, and as a matter of fact, both could fill the difficult duties of that position admirably. Major Lockett has the ideal temperament for the position, and is able at all times to take full advantage of the brilliant hitting of Lord Wodehouse, who hits both his forward strokes and back-handers with great sting. His strokes from the back line being particularly powerful. Major Lockett, with wonderful anticipatory instinct, is always in the right place. Colonel Tomkinson has proved that he is still the best of his side to reach the high standard enormously in his hitting, is a fine horseman, a great worker, and hustles the opposing back to great purpose.

Another player with a strong claim to inclusion is Lord Rucksavage, a fine No. 2, and at times, though not consistently, has shown brilliant form at No. 2. A strong hitter, he is adapting himself more and more to the forward game each time he plays.

A Coming Forward. Another players with a strong claim to inclusion is Lord Rucksavage, a fine No. 2, and at times, though not consistently, has shown brilliant form at No. 2. A strong hitter, he is adapting himself more and more to the forward game each time he plays.

It's Worth Remembering

Higher car fares will give another "boost" to the high cost of living; that is, if you fall in line and pay the increase. You don't have to, of course, you can ride to work on a Canadian-made Perfect Bicycle and pay for it at the rate of \$4.00 a month. See us about it to-morrow.

VARIETY

Two of the greatest factors in life-to-day, heredity and environment, have been used by Douglas Fairbanks in supplying the theme for his third United Artists Corporation production, "The Mollycoddle," which is the feature attraction at the Variety Theatre again. The time has arrived, according to the famous screen star, when the new-fashioned "movie" is taking the place, even, of the old-fashioned debating society. The "big" questions that once furnished the meat for argument of verbal character are now being thrashed out in a more entertaining manner through the medium of the screen. There was one stock argument that had always been petted in the make-up of "Ezra Jones," having to do with heredity and environment. He argued of having a mole behind his left ear that had come down in a straight line from his great-grandfather and he challenged environment to put a mole behind his ear.

The motion pictures which were recently taken of Victoria by the Ford Educational films are being shown at the Variety Theatre for this week only and are proving quite an attraction. The film is quite a lengthy one, showing practically all of Victoria's beauty spots, and is the finest that has yet been shown of the city. Scenes of Victoria from Gonzales Hill, Empress Hotel, Parliament Buildings, Beacon Hill, Malahat Drive, Juan de Fuca Strait, Observatory on Little Spanish Mountain, Oak Bay, several of Victoria's beautiful residences and many others the being shown.

This film was taken only a short time ago and is being circulated throughout Canada and the United States by the Regal Films, Limited. Other pictures were taken by the Ford Educational Films, and these also will be circulated throughout the continent. The pictures are clear and distinct, and describe Victoria in a most complimentary way. No expense was spared in obtaining these pictures and they should prove worth their weight in gold so far as publicity goes for Victoria.

WHEN I'M IN HEAVEN I'M IN YOUR MOTHER'S ARMS

HERE is a song with the greatest theme on earth—mother, childhood and home. It grips your heart as no song has for many a day. Sweet and lovable as is the sentiment, the music is even more entrancing. Written in the favorite key of three flats, in common time, it is so simple a child can play it, yet it is so rich in harmony it appeals to advanced musicians. Singers are delighted with the liquid notes of melody and its fine open vowels which give scope to the voice. They are also delighted with the remarkable response the rendering of "I'm In Heaven" receives from every audience. Dancers proclaim "I'm In Heaven" a crack-a-jack. Every live orchestra and band in Canada is now featuring "I'm In Heaven." Try over these lines:

ROYAL VICTORIA

Choosing a semi-blind man as the mate for an old maid, and a paralyzed woman with an ear trumpet to be the bride of her elderly father, were among the achievements of "Hardcastle," played by Constance Talmadge in "The Love Expert," which will be shown at the Royal Victoria Theatre again to-night. But these were only a few of the triumphs of the love expert, who conducted experiments from Boston to Florida.

DOMINION

Audiences who have been impressed by the aristocratic bearing of the titled characters in the dinner party scene in Sir James M. Barrie's "Half an Hour," the Paramount photoplay in which Dorothy Dalton is appearing to-day, Friday and Saturday at the Dominion Theatre, will doubtless be interested to learn that persons who played these parts were no regular motion picture actors but actually had high sounding titles of their own. They all happened to be friends of Director Harley Knoles, who is himself an Englishman, and when he told them that he was eager to get an aristocratic setting for Barrie's masterpiece, they consented to go into the picture as a lark.

The Marchioness delle Chiuse, a member of an old New York family, who has lived in Italy many years, enjoyed her experience so much that she is now preparing to seek the road to stardom. A member of an old Napoleon family, the Countess de Caatvechio, who has had wide experience on the stage and is known to the public as Elouina Oldenstie, but who has been absent a number of years, comes back in "Half an Hour."

Frank Arundel, from the famous old Norfolk family in England, who served in the English artillery with the rank of major for the last five years, was the only gentleman of English aristocracy present. He was in the original "Milestone" company brought to America from London.

FINE BILL NOW OCCUPIES PANTAGES

Every Line of Comedy Vaudeville; Special Troupe From Paris

The bill at the Pantages this week is full of music and comedy, with an exhibition of fine dancing, which is going to make a great hit with the patrons this week. Music lovers of this city should not miss the chance of hearing Art Penny and His Seven-synco Knights. Vocal solos were given of a high order and violin and saxophone solos were also rendered, being received with great applause. But there are also other acts which deserve credit for their production. A company which Alexander Pantages secured all the way from France gave a very lively exhibition of acrobatic stunts. These acrobats are Bobker's Six Harlequins, who have left their reputation behind them in Europe and secure it anew here. They are direct from the Folies Bergere in Paris. The act is one of strength and skill. Great strength was shown on the part of one of the company who held five men together on his shoulder. There is also a wonder, of the contortionist class, who is only a young fellow and with a future on the stage which promise to be one of great success.

A varied series of dances are presented by the Max Golden in his act, "Dancers Supreme." Very artistic are the dances, and the costumes which are worn for each different dance were extremely beautiful. Their repertoire includes pantomime dances, tangoes, novelty dances, with a special Chinese dance which is most gorgeous in itself. The Wintergarden Four is full of harmony, introducing a male quartette. Up-to-date pieces of every kind were sung, with solos of a classical

MAPLE LEAFS TO ATTRACT MANY TO ROYAL VICTORIA

The "Maple Leafs" proved to be one of the most successful of all the theatrical parties of soldier-entertainers in France, and their present home-coming tour of Canada will be heartily appreciated by all the returned veterans, as well as by the usual theatre-goers, who appreciate a good show, put on by a regular bunch of fellows. And everybody knows that the "Maple Leafs" are regular fellows, all of whom have done their bit in the trenches before being chosen by Capt. Plunkett as members of the entertainment corps.

Captain W. M. Plunkett will present the famous fourth division "Maple Leafs" in their original overseas revue, "Camouflage," at the Royal Victoria Theatre, Monday and Tuesday, Oct. 25 and 26.

There are some gorgeous "girls" in the company, who apply the camouflage with such artistry, and prove such delightful dimpled darlings that the show was named for them.

A MEATLESS HOT PIE

Another Use Discovered for Those Oxo Cubes.
Here is a recipe calling for no meat other than the concentrated beef goodness to be found in the familiar Oxo cubes.
Peel and slice sufficient potatoes to half fill a large pie dish, and put small onions, also sliced. Put into cold water, bring quickly to a boil, boil one minute, then drain.
Put back in pie dish with few slices of tomato, season with pepper and salt and flavor with herbs. Dissolve one Oxo cube in 1/4 pint of hot milk and pour over mixture. Put few bits of butter on top and bake for two hours in moderate oven. It's delicious.
All dealers sell Oxo in tins of four, ten, and fifty cubes.

DOMINION TO SHOW

"HUMORESQUE"
NEXT WEEK

It will be good news for motion picture patrons to learn that Fannie Hurst's great story "Humoresque" has been produced in pictures, and will be shown at the Dominion all next week. "Humoresque" is hailed

by critics everywhere as one of the really big pictures of the year. The story has been transformed to the screen with rare good taste and sympathy. Alma Rubens is the featured player, and Vera Gordon and Gaston Glass are also in the cast.

Seldom do motion picture players submerge themselves so completely and with such rare sympathy into the characters they portray as do the talented principals in "Humoresque." Alma Rubens, the featured player, is famous as a screen beauty and an actress of ability and charm.

The performance of Vera Gordon in the role of "Mamma Kantor" is one of most perfect portrayals ever offered. Gaston Glass is every inch the romancer here of the picture. Dore Davidson, a veteran in character roles, does the best work of his long career as the father. The lesser parts are excellently filled.

HOLDS LONG DISTANCE RUNNING RECORD FOR THEATRICAL PIECE

"Chu Chin Chow," the gorgeous and beautifully staged musical extravaganza of the Orient, which ran an entire season in New York at the Century Theatre, will be presented by F. Comstock and Morris Gest, at the Royal Victoria Theatre, for five nights and two matinees, beginning Tuesday evening, November 9.

The coming of this brilliant pageant of ancient Bagdad, staged on a scale of superlative magnificence, will unquestionably rank as one of the most important events of many theatrical seasons.

"Chu Chin Chow" is now in its fifth year of its amazing run at His Majesty's Theatre, London. It was produced there in 1916 by Oscar Asche, the author, in association with the late Sir Herbert Tree, and has been presented continuously, in spite of air raids, zeppelins, bombs, the war, and all other obstacles, holding the record for long-distance record for all of the London productions.

Two years ago, F. Ray Comstock and Morris Gest presented "Chu Chin Chow" in New York, with scenery and costumes made by the original producers in London, imported in spite of the submarine menace.

"Chu Chin Chow" proved a gorgeous revelation for American audiences and now the complete production and cast from the Century Theatre is being presented on tour, the biggest of the traveling organizations, in 14 scenes and with a company of 300 people.

"Chu Chin Chow" is a romance of ancient Bagdad of a thousand years ago and tells the story of the Hassan, the robber chief, who disguises himself as Chu Chin Chow, the rich Chinese merchant, and enters Bagdad to rob Kasim Eba, a wealthy miser, and to raid the slave market. His plans are foiled by Zahrat, the desert woman, a slave who brings about his downfall, but not until 44 brilliant and wonderful scenes with music, dance and pageant have been

unfolded. The music by Frederick Norton is especially alluring and tuneful and there are 13 musical hits in the score. There are 365 dancing and brilliant costumes of many colors and a magnificent parade of fashion models of ancient Bagdad that exhibits some of the most striking costumes ever designed, one critic declaring that the whole gorgeous rainbow of colors "out-Bakst" Leon Bakst.

HUMOR AND SONG MARKED REUNION OF BROTHERHOOD

Victoria West Brotherhood Stage Unique Entertainment at Annual Gathering

Remarkable success attended the annual reunion of the Victoria West Brotherhood, held last night in Semple's Hall, Victoria West, the attendance of members and their families aggregating over two hundred.

Under the direction of President W. E. Foxwell a programme had been prepared in which humorous stunts predominated—the gathering being hugely delighted with the results.

After opening the evening with general choruses, in which everyone present took part, Messrs. Guy and Dobbie contributed solos as a prelude to a series of impromptu addresses.

Verbal Fountains

These talks were limited to three minutes, and the respective speakers were unaware until on the platform as to the subject on which they would be called upon to express their views.

Messrs. Adams, Hardy, Campbell, Fowler D. McLennan and Dr. Raynor were the speakers and their addresses were on matters as far apart as "What I would do if I were Mayor" and "How I make plum-duff. Some of the efforts were so amusing as to create shouts of laughter and applause.

The surprise packet each guest had brought in lieu of an admission fee were then auctioned off and with the highest bid limited to twenty-five cents there was more fun, the opening of the packages proving highly exciting and interesting to the children.

Cards and dancing brought the evening to a close, after what was considered one of the most interesting events of the kind ever held by the Brotherhood.

At the regular fortnightly meeting of the Victoria Dramatic and Operatic Society last night it was announced that the next play would be staged by this organization to take place at the Pantages Theatre on November 23 and running for two periods of two days each. The play will be "The Yeomen of the Guard" and an attractive cast has been selected already to carry the action of the piece.

With 159 members now enrolled, the Victoria Dramatic and Operatic Society has ceased to accept further entrants for the present, it was announced. Mrs. S. G. Clark, convener for the occasion, assembled a great jury of musical and dramatic talent, and the impromptu concert that concluded the assembly last night was unusually brilliant, with many novel numbers excellently rendered.

Kenneth Angus gave one of the series from Paganini with great dramatic expression, rendering "Kil-larny" as an encore. Mrs. D. B. McConnan gave several selections, of which "Carmen" was greatly appreciated. Miss Mamie Fraser gave "My Little Pink Gown" and one other number as an encore, while Mrs. Myers gave a recitation calling for elocutionary powers that were amply displayed.

Concerted numbers were given by Major Bullock Webster, C. R. Dunford, the Misses Cutler, Hay-Dring, Isabel Hickman, Michaels, McLinton, Stuart-Robertson and C. Tolmie. After a hearty vote of thanks to the convener Mrs. S. G. Clark, with Mrs. McConnan and Mrs. A. J. Gibson, the gathering assumed an informal tone and dancing was indulged in at the request of the president, James Hunter.

Membership Now Completed and Organization to Commence Work Shortly

NEW ARTISTS PLEASE AT CLUB RECITAL

Attractive Programme at the Opening of Ladies' Musical Club Season

A welcome acquisition to local musical ranks. Opening the programme with Frank Hartling's song cycle, "Divan of Hafiz," he gave a brief outline of the composer's life and of the story of the songs. His artistic interpretation of the languorous, Eastern music made a distinct appeal, as did his singing of "Here is a Ruby," sung as an encore.

Miss Maude Scruby, cellist, and Miss Nora Atkinson, violinist, are two artists well known to Musical Club audiences and the reception of their respective solos confirmed their popularity. Mrs. Manchester and Miss Barfoot capably shared the duties of accompanist.

Encouraging support was given to the opening recital of the Ladies' Musical Club held in the Empress Hotel yesterday afternoon, an enthusiastic and appreciative audience showing unmistakable approval of the very attractive programme arranged for the occasion.

Miss Clara Powell, an artist new to Musical Club audiences, charmed her hearers with a series of musical readings, given with elocutionary skill and pleasing interpretation. The most beautiful of her numbers was "My Ships," the charming little poem by Ella Wheeler Wilcox, and her only humorous number was "The Little Maiden's Bonnet."

Another newcomer to the Club is Miss Susan Warfield, the possessor of an appealing light soprano. Her two groups of numbers made instant appeal, her singing being of artistic quality throughout. Kenneth Angus, a favor new to Victoria, also proved

New York Physician Tells Why More Organic Phosphate Means More Nerve Vitality

The Nerves the Blood, the Bones of Over 40% of American Men and Women Need Organic Phosphate and Need It Badly

And just for the lack of this same organic phosphate which every drug-gist sells under the name of Bitro-Phosphate 40% and over of the men and women of America are to-day dying in the wilderness for health and strength and a chance to live a cheerful, vigorous, helpful life.

"Nerve weakness, both physical and mental, is indeed a curse to the nation," says a well-known New York physician.

Feed your nerves the food that makes nerve force, that helps to rebuild every run-down, starving cell in your body.

"If I had my way Bitro-Phosphate should be prescribed by every doctor in the land," says Frederick M. Kelle, M. D., Editor-in-Chief of Physicians' "Who's Who," a nationally-known author of medical text books and a brilliant physician.

Later on, Dr. Kelle says: "It is not difficult to detect women who have plenty of nerve vitality, nerves that are rich in organic phosphate (this is equally true of men); the women are usually cheerful, magnetic and pleasing; they have youth and vigor at 50 and give the impression of being bubbling over with vitality. You don't find them pale, weak, nervous or haggard looking at 40, 50 or 60 years and are bubbling over with vitality."

Every day thousands of men and women who are losing their youth before their time, whose mental and physical powers are so limited that total discouragement is near, are learning that Bitro-Phosphate, a simple organic phosphate that every drug-gist dispenses, is all they need to re-establish nerve vitality, strength and keenness of mind.

When you wear, played-out, thin, pinny and ambitious people learn that there is nothing much the matter with them and that all they need is a few grains of the right kind of phosphate every day for a few weeks to make them as energetic, vigorous and forceful as of old!

Every month, thousands of people are learning that lack of sufficient nerve vitality is the underlying cause of many diseases.

Your nerves control your body and without an abundant supply of nerve force life is worry, fear and disappointment.

Phosphorus is one of the vital elements of every living cell in your body and there are millions of them.

Nature's way is to supply phosphorus to these cells with the food you eat in the form of phosphates.

But to millions of people modern foods do not supply enough organic phosphate, so there you are.

Remarkable Experiments upon Human Subjects

Astonishing Body-Building Power of Bovril proved by famous Physiologist

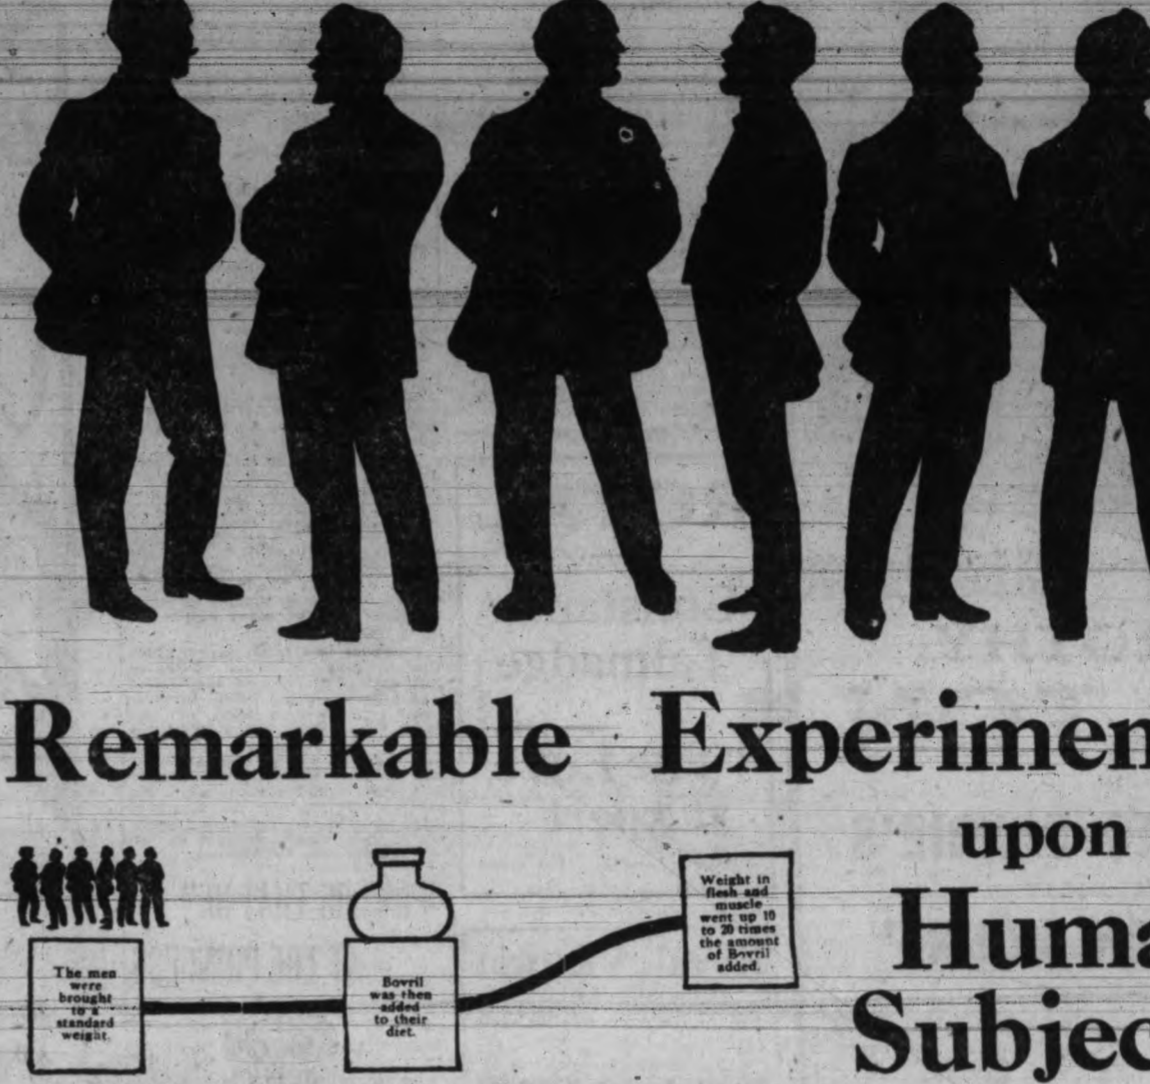

It was a notable hour for the scientific world when Professor Thompson, of Dublin, a physiologist of international prestige, carried out his experiments with Bovril.

He had been asked by a Government Department to give an independent report upon the value of this food. Proceeding in a deliberate scientific way, he gave a standard diet to human subjects, until their weight was constant. He then added Bovril to the diet, and the weight of the subjects went up in an altogether astonishing way, proving the body-building powers to be from 10 to 20 times the amount of Bovril taken.

These experiments showed the gain in muscle, nerve and flesh, apart from the gain in energy and vitality, which is incapable of measurement. And yet anyone who has taken Bovril has proved this for himself. As one drinks Bovril it is as if new Life flows in, new energy, new "élan," as the French would say. Thus, in some subtle way, does Bovril re-create the forces of the body.

BOVRIL stands alone

There has been no increase in the price of Bovril since the outbreak of the War

**HERB REMEDY DOES
WONDERFUL WORK**

**Tremendous Demand All Over
Province For Wonder
Health Restorer**

In almost every town and settlement Wonder Health Restorer is being used to-day, while in Victoria and Vancouver it is being used in hundreds of homes. The remedy has built up for itself a solid record of giving permanent relief which has led to practically every person using it speaking freely to others of its wonderful work. A preparation with such a record is certainly worth the investigation of persons suffering from diseases for which it offers relief.

What is Wonder Health Restorer? It is nothing more or less than a pure herbal specific for disease. It contains absolutely nothing but the concentrated juices of rare herbs which the great herbalist who gave the formula to the world spent an entire lifetime in bringing to perfection. It is not a mere patent medicine—it is more—it is a herbalist's prescription. It is not a tonic or opiate, as it contains not a trace of alcohol or any narcotic drug—it depends solely for its work upon the marvelous medicinal properties of herbs.

Taken in proper doses and under proper conditions, Wonder Health Restorer promises relief to sufferers from Asthma and similar complaints, Rheumatism in every form, Indigestion and all Stomach troubles, Kidney and Bladder Complaints, Nervous disorders, Female complaints, Skin diseases, Piles, etc. If you are suffering from any of these complaints, in either a mild or acute form, inquire about Wonder Health Restorer. Your druggist will supply you (or write to the distributors) for "The Road to Health," which tells all about it and gives the signed testimonials of many who have tried it for each of these ailments.

Wonder Health Restorer is sold in Victoria at Ivel's Pharmacy, Merryfield & Daek (all stores), Clearhue's Drug Store, Reiley's Drug Store, and the Fernwood Pharmacy, and at most drug stores throughout the Province. If your druggist can't supply you, send direct to the Distributors, the W. Y. McCarter-Burr Co., Ltd., 646 Hillside Avenue, Victoria. (Phone 6950).

**Catarrh
Of The Stomach
Is Dangerous**

**"Thousands Have It and Don't
Know It," Says Physician,
Frequently Mistaken for
Indigestion—How to Recognize
and Treat.**

"Thousands of people suffer more or less—constantly—from—furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the bismarck magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover, the Bismarck Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy natural digestion without distress of any kind should soon follow. Bismarck Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarck Magnesia with other forms of magnesia, milk, citrate, etc., but get it in the pure bismarck form (powder or tablets), especially prepared for this purpose.

"Nothing to say, I am deaf and dumb as regards yesterday's vote on the prohibition question," said the Hon. W. J. Bowser, M.P.P., Conservative leader, when asked for a statement by The Times.

"The people have spoken and I have nothing to say now. But I will make a statement when the time comes." Mr. Bowser would not say when this time will come. He also would not say whether the result pleased him personally or not, declaring: "I exercised by own franchise, that's all I can say now." He said what is interesting him just now is news of the rumored R. C. election.

**SAYS LEATHER TRADE
HAS PASSED WORST**

**Company President Believes
Shoe Retailers Will Soon
Have to Buy**

New York, Oct. 21.—Steady improvement in the leather and shoe trades during the next three months, especially following the election, and prosperity for 1921 are predicted by Richard Young, president of the Richard Young Company, one of the large factors in the leather trade.

Good crops and high wages presage prosperity, he believes. Speaking specifically of the leather and shoe industries he says: "I think prices have reached bottom. Finished leather in nearly all lines is now below replacement value. Tanners and shoe manufacturers throughout the country are not averaging more than 50 per cent. of normal production. I think the stock of shoes in the hands of wholesalers and retailers is not over large and is rapidly being depleted, and when they enter the market in the near future to replenish they will find the manufacturers unable to meet their demands for prompt delivery. Due to four profitable years in the shoe and leather industry, the manufacturers have been able to withstand the great financial strain through which they have passed, and it is greatly to their honor and to the banking system of the country that there have been no failures of moment."

HIGHER BOND PRICES

New York Tribune Editorial.

The lambs are reported a poor crop in Wall Street this year, and neither the bulls nor the bears seem getting rich in a stock market like the present; but there are two elements keenly interested in the bond market—the public and the country but inconspicuous individuals who buy high class investments at low prices and hang on to them. Many of the latter group already have done their part, for on the greatest volume of trading in four years bonds have taken a sharp spurt upward in price in the last few days and weeks.

Here is one instance where the ultimate consumer can take solid comfort in rising prices, because rising bond prices and falling commodity prices go together, and the relation is that of cause and effect. Besides, the movement of the securities proceeds and forecasts that of the goods. Bonds started the present upward movement last spring, about the time that John Wanamaker delivered one of the first blows at high prices, and the chart for forty issues showed a sharp upturn before Henry Ford and the rest of the automobile crowd unlimbered their heavy artillery.

It is axiomatic that a bond in worth more when its yearly yield, say 4, will buy four bushels of wheat than it is when the 4 will buy less than two, and that is the reason bonds decline in price when consumers' costs go up, and vice versa. By the same token stocks move the opposite way, because profits, and consequent dividends, decline with prices as a rule.

All of this is elementary to those familiar with economics, but it is the Tribune's experience, revealed by the hundreds of investment inquiries received each month, that there is a large body of thrifty people who buy speculative stocks unwisely because they cannot be convinced that high priced, huge profits and swollen dividends are not going to continue forever.

The man who is in a position to buy a bond, which is simply lending dollars, now will collect dollars when his loan comes due. In all human probability his dollars will buy more than they could now.

AVIATOR TO SPEAK

The public is invited to attend a meeting to be held at the Girls' Central School to-night at 8 o'clock, at which Colonel Robert Leckie will speak.

The meeting is to be held under the auspices of the Victoria Branch of the Engineering Institute of Canada. It is expected that the speaker will deal with the experiences of the recent journey and with aviation generally.

STREET ACCIDENTS

"The majority of accidents to persons crossing the streets is attributable to their own carelessness," says Police Commissioner Enright of New York, who also estimates that 75 per cent. of such accidents is due to lack of caution. When asked if a law to prevent crossing except at street intersection would reduce danger, Mr. Enright said that it might help, but that

such a law could not be uniformly enforced.

The commissioner is right in his conclusions about the enforcement of a law regulating pedestrians, and in all probability a measure of such drastic character could not be passed.

At the same time it is a pity that some means cannot be found to make the public more careful. A good many thousands of dollars have been spent in trying to educate the children to be cautious when crossing or playing in streets, but without much effect. Stringent traffic regulations have been put into force for the protection

NEW ENGINE COMING

To Be Eight Cylinders All in a Line; On Market Early Next Year.

Boston, Oct. 21.—The eight in the motor will be here much sooner than the great majority of dealers anticipated, and the verbal battle of motor types will again be resumed with the added feature of the value of V type or vertical motor for eight cylinders. At least one of these cars will be placed on the market before the first of the year and that three, or

ther than two, well established and firmly entrenched companies are now producing eight in line motors.

As a matter of fact these motors are by no means new. They have been built in small numbers but no attempt has been made to attain commercial success with them.

A pair of tomcats have reared a family in a lamp-post at Hampton Hill, England, within a foot of the light which burns every night. I am the friend and the servant of mankind.

STRAW 'GAS' SOON

Motors May Use Distillate From Wheat, Oat and Rye Waste.

Washington, Oct. 21.—The operation of automobiles by gas made from straw is a possibility of the future. "A gas obtained by the destructive distillation of wheat, oat and rye straws," the Department of Agriculture announced to-day, "is now being produced upon a small scale at the experimental farm at Arlington, Va. During a thunderstorm the least dangerous trees are birch, alder and cherry. But all trees should be avoided."

erated with the combustible, and it has been used for illuminating purposes as well as for cooking, the possibilities of straw gas are not yet fully determined.

In order to try out the value of the straw gas the department has placed a specialist in charge of production tests at Arlington.

During a thunderstorm the least dangerous trees are birch, alder and cherry. But all trees should be avoided.

MANITOBA WILL VOTE ON LIQUOR

Importation Test Monday; Organizer Refers to Vote in British Columbia

Winnipeg, Oct. 21.—The United Farmers of Manitoba to-day issued a statement favoring the prohibition of liquor importation and advocating a "dry" vote in Monday's referendum.

Rev. Thomas Nevil, provincial organizer for the Temperance Referendum Committee, said to-day the vote in British Columbia ought not to have any serious effect on the Manitoba vote.

"Bootlegging," he said, "had become so obnoxious in that Province and so widespread, through the side-door of importations, that the women looked on Government Control as something that would bring relief from the prevailing bad conditions."

Had they been voting on the Canada Temperance Act, which would have shut out importation, I believe they would have carried it."

LABOR CANDIDATES MAY RUN IN CITY

Trades and Labor Council Puts Question Before the Unions For Advice

At last night's session of the Trades and Labor Council a motion was passed asking the various unions of the city to consider the advisability of running labor candidates in the next municipal election.

Should the plan meet with the expected approval of the Trades and Labor Council will proceed at the next meeting to select nominees for a full slate.

It was considered that, with the construction of the Johnson Street bridge in hand during the next year, and the possibility of the rebuilding of the Royal Jubilee Hospital—being undertaken, it would be to the interest of labor to secure, if possible, representation on the City Council.

CITY LICENSE BYLAW LOSES

Decision in County Court Upholds Police Magistrate's Finding

A decision of general interest was reached to-day when Judge Lampman handed down a judgment upholding the finding of Magistrate Jay in the police court case of City versus Swannell and Noake, which was heard at the city police court in July and August.

The firm, well known Dominion and Provincial land surveyors, had been charged with conducting a business within the corporate limits of this city without the necessary municipal licenses as required under the city license-by-law.

H. A. Maclean, K.C., for the defendants, had tendered a written argument, taking objection to the charge on the grounds that insufficient evidence had been tendered by the prosecution to show that the accused had been conducting business in the city.

The City of Victoria appealed the decision of the police magistrate, but Judge Lampman to-day upheld the decision of that officer. The next effect appearing at the County Court finding is that business men with Dominion and Provincial licenses operating offices in this city need not necessarily have a municipal license for conducting the office work of the businesses within the corporate limits of the city.

This decision will affect surveyors, engineers, and many other professional and technical businesses, and has been a decided blow to the city, which used the trial as a test case.

NEW LIQUOR ACT SOON AS POSSIBLE

Oliver Government Will Lay Bill Before House Embodying People's Will

Vancouver, Oct. 21.—Premier Oliver arrived from the capital this morning, and at an early hour held a conference with colleagues at the Hotel Vancouver. Those present were Hon. J. W. de B. Farquhar, Hon. J. D. Maclean and Hon. J. H. King. It is understood the referendum vote and the necessary bill on Government control and sale were the chief subjects of discussion.

When seen by a World representative regarding the referendum question the Premier made the following statement:

"I am very much surprised at the result of the vote yesterday. I had anticipated a majority for prohibition.

"The Government will be prepared to submit for the consideration of the Legislature a bill to give effect to the will of the people as expressed at the polls. Had the Government not been prepared to accept the decision of the electors, they would not have submitted the question. The sweeping majority in favor of Government control is ample justification of the Government's conduct, both as to the form of the question and the expense of submitting it apart from any other question. I can not interpret the verdict as either a demand for or an authorization of a return to the bar or the saloon, but rather as an instruction to the Government to make available for use, liquor in reasonable quantities and at a reasonable price, subject to restrictions which will prevent abuses.

"As the sentiment of the majority of the electors is not in support of the present act, it will be the duty of the Government to prepare and submit substantial legislation at the earliest date practicable."

The Premier refused to make any statement in regard to the date of the election.

Ships that Pass in the Night

Foreign Trade is Essential to Domestic Prosperity. Else—stagnation at home. New routes must be opened, Canadian Trade Lines must be established and maintained. With ships, the markets of the world are open to Canadians. Canada produces a surplus of necessities. Commercial supremacy means—the ability to carry where and when required, to sell without interference, and

Demands the Freedom of the Seas. By willingness and ability to provide ships, Canada this year has drawn the West Indies closer to herself and to the Empire. She can make preferential trade agreements with other peoples

under the British Flag without arousing international complications. The trade of 45,000,000 people in British Tropical Africa is waiting for us to-day.

Trade Follows the Flag. The very existence of the Empire proves it. But to secure trade there must be ships and men with adventurous spirit to man them—and men with vision to seek out markets.

The Navy League advocates a Merchant Marine, officered and manned by Canadians trading from Canadian ports. Politics have no place in this work. It promotes a national ideal. Commercial and agricultural prosperity depend upon it.

Unless we develop Overseas Trade, we may become mere hewers of wood and drawers of water for other nations.

To carry on this work costs Money. The money must come from the Public. The Navy League of Canada

Underwriting Industrial Canada

In addition to offering Government and Municipal Bonds, we have for fifteen years been associated with Canadian investors in the financing of forty-three great Canadian industries, employing a capital of many hundreds of millions of dollars.

The products of these industries have been as diverse as grain and telephones, sugar and steel, salt and cement, pulp and paper, cotton and lumber, coal and rubber, railway equipment and hydro-electric power development.

Despite this diversity of product, each industry has been fundamental to national well-being.

Basic necessity, plus natural resources to meet it, is the keystone upon which all our corporation financing has been done. This explains the confidence of investors in the security issues that bear our imprint.

"What is it," she asked, "that carries a man along rough roads and smooth roads, up hill and down, through the jungles of doubt and through the swamps of despair?"

There was a silence, and then Johnny, whose father was an automobile dealer, spoke up.

"Please, ma'am," he said, "there ain't no such automobile."

Bonds for Safety

BONDS form the ideal investment for either large or small capital. First, because they are eminently safe, being secured by many times their value. Then because they are readily convertible into cash. There is always a strong market for bonds. The new issues by Governments and Municipalities are of small denominations and are easily available when needed quickly. Some of the new Municipalities yield as high as 9 per cent.

News of Markets and Finance

STOCK MARKET CLOSES STEADY

(By Burdick Brothers, Ltd.)

New York, Oct. 21.—The market was firm throughout the session and closed a shade higher. Root's speech was favorably construed and the news with regard to the strike on the other side will be adjusted much sooner than anticipated a few days ago. There was some scattered buying of steel shares in anticipation of a favorable forecast as to the outlook by Judge Gary next Friday. The strength of the market is very impressive, and we think that ere long a bull market will be inaugurated.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Oct. 21.—After opening fractionally higher the local market turned weak and considerable re-selling was reported. The local cash market showed little demand, with no great increase in offerings. Premiums on wheat are rapidly vanishing, a drop of one cent being registered to-day. In course grains there was a fair demand for cash or better grades, but there was no interest in low grades.

October wheat broke 5 1/2 c., closing at the low price of the day, 22 1/2 c., after fluctuating 6 1/2 c. All Winnipeg closing prices were on the low point of the day, the break on November being 4% and December 2 1/2 c.

Oct. wheat 1 cent down for October, 1/2 cent down for December and 1/2 cent down for May; barley 1/2 cent down for October, 1/2 cent down for November, 5/8 cent down for December and 3/8 cent down for May. Flax dropped 1/8 to 7 1/4 and 7/8 % for October.

Golden Harvests

Why Speculate With Hazardous Hopes?

Few people realize fully the handsome returns which some of the most unquestionable securities actually bring. This applies not only to those who are just beginning to save or are just forming investment habits, but, indeed, to many who have been investing for years.

For instance, if an investor were to purchase a \$1,000 Victory Bond due 1934 on, say, November 5, the cost and return would be:

COST		RETURN	
At 93 and interest:		28 half yearly interest payments of \$27.50	
For principal \$930.00		each \$ 770.00	
For accrued interest 60		and at maturity 1,000.00	
TOTAL \$930.60		TOTAL \$1,770.00	

If the interest payments were not spent but were re-invested promptly in securities yielding 5 1/2 %, the total return would be still further increased to \$2,137.43.

A \$100 Bond costing \$ 98.06 would return 177.00

A \$50 Bond costing \$46.53 would return 88.50

\$10,000 worth of Bonds, costing \$9,306.00, would return \$17,700, or, if re-invested, \$21,374.30; and other amounts in proportion. This is the kind of golden harvest which the safest security in Canada will give you. Whether the amount is large or small the same proportion holds. Plant your dollars now in Victory Bonds and your harvest will be sure.

Bonds May Be Bought in \$50, \$100, \$500 or \$1,000 Denominations

CHICAGO GRAINS AGAIN DROP TO-DAY

(By Burdick Brothers, Ltd.)

Chicago, Oct. 21.—Wheat—Covering by shorts caused an advance early in the day, but influential buying power failed to appear and the market declined rapidly on a small and scattered volume of selling. The item of news contributing to the bearish feeling at the close was the statement of Secretary of the Treasury Houston to a group of bankers in which he spoke strongly of the inadvisability of extending credits which might prevent commodity prices from declining. The report that Germany had exhausted its credit with Holland and would be out of the market for two months or more also had an adverse influence on the market here. The news emanating from export cities was of a decidedly bullish character, but failed as a price-making factor. Sales to France and Belgium yesterday and overnight were said to total two million and a substantial quantity is understood to have been worked overnight. The paramount question at the moment is whether or not the tendency to decline in other directions can counteract the ordinary laws of supply and demand.

Corn displayed some strength temporarily, but soon developed weakness and broke rapidly to the lowest level on the crop. Considerable of the selling was credited to leading elevator interests. Cash corn declined with the futures and sold at yesterday's premiums. The shipping demand was much lighter. Some corn was worked for export last week, but the amount was so small that it was barely considered in the market. It is realized that corn is a domestic proposition and must remain that way for a long time, as Argentina has 15,000,000 bushels available for European requirements.

Only the only buying power in evidence was in the nature of short covering and prices dragged lower in sympathy with other grains.

LIQUOR LAWS MUST SERVE PUBLIC, SAYS LEAGUE; PROHIBITIONISTS' OPINION

"While the Liberty League is not in any way a political organization, it is our intention to offer our assistance to any parties which will put forward a constructive policy for the operation of Government Control of the sale of liquor in this Province," said J. H. Gillespie, President of the Victoria Liberty League, this morning, when asked as to his views on the result of the Referendum.

"We are naturally delighted that the vote should have so strongly endorsed our stand, that no Governmental regulation should be enforced against the liberty of the subject, but then, the same forces which threw the Bowser Government out of power were behind this expression of opinion by the people. They will not be dictated to in matters of personal freedom, and that was exactly what the endorsement of Prohibition would have brought about," he said.

Good Act Obtainable.

While admitting that the drafting of new regulations to be incorporated in Government Sale legislation will be a matter of great difficulty, Mr. Gillespie maintained that care will succeed in providing an Act that will protect the average citizen in his rights to consume whatever beverages he wishes, and at the same time make it difficult or impossible for abuse of liquor to take place. "It may be necessary for the Government to look to new ways of tackling the problem of importation, but the public may rest assured that the efforts of the Liberty League will be behind any organization or party which produces any workable scheme of lessening the evils which we have seen around us since the operation of the Prohibition Act," was his summary.

A Successful Start.

B. J. Perry said that the Liberty League had 11,000 members on Vancouver Island and was organized for the purpose of correcting abuses or arousing the public to action should any invasion of private rights be impending through Governmental or privileged private organizations. He claimed that the result of the referendum had shown that there was a field for such an organization, as the Vancouver Island campaign against Prohibition had been almost entirely managed by the Liberty League. "And that is only the first of our objectives; we will probably be active on other matters in the course of the next year. There's lots of work to do, and whether or not the present Government is the one to draw up the new liquor regulations, the Liberty League, as an independent organization with only the rights of the average citizen to pay attention to, will keep a close eye on the terms, so that there will be no loophole for abuses in any direction."

Hopes Exceeded.

The strength of the vote in favor of Government Control was admitted to be far in excess of the figures which the League's officials had estimated. J. H. Gillespie agreed that while his estimate for the Province at large had been around 16,000, yesterday morning he revised this down to 6,000, although his estimates for Vancouver Island had not been far astray. Mr. Perry had posted in the office an estimate that Victoria would give a majority of 4,000 for Control, and was hugely delighted at being so close. The surprise in the result lay in the mainland figures, which had entirely upset even the most anticipations.

Trusted ex-Premier.

Most of the credit for the mainland results is attributed to the League offices to the effect created by Hon. Walter Scott's letter on Saskatchewan conditions. That letter is asserted to have touched a psychological spot, by showing that Hon. George Langley was not the only authority on the results of Government control, and such a nationally known man as Mr. Scott was trusted, especially when he joined issue with the Saskatchewan Minister of Municipalities, according to the officers of the Liberty League.

Amazed by Result.

At the Prohibition headquarters the main feeling was one of relief that the strain was over. Secretary R. M. Thompson said that the Prohibition party was surprised at the way the vote went. It had been confidently expected that the figures would have been just about reversed, but there could be little doubt one of the main reasons for the landslide was completely disguised with the manner in which the present act had been enforced. "The people were willing to try anything, rather than continue to witness and experience conditions which the apparent non-enforcement of the present Prohibition Act has brought into existence," said President H. A. Beckwith.

"When the drafting of the act to provide for Government sale of liquor is under consideration, the Prohibition party will offer any assistance which is in its power to secure a workable system which will, as far as possible, stop abuse of liquor, but the Prohibition organization will remain intact, the people will have need of our efforts after a taste of sale under Governmental supervision," he said.

Prohibition Statement.

H. A. Beckwith, President of the Victoria Branch of the People's Prohibition party, and Rev. R. M. Thompson, secretary, to-day issued the following statement:

"The result of yesterday's vote is only an incident in what, after all, is a world struggle. The world is marching forward, and sooner or later British Columbia will join the procession.

"The determining factor in yesterday's vote, undoubtedly, was the admittedly poor enforcement of the prohibitory law on the one hand, and on the other the word 'control,' which evidently caught the imagination of the electors. We are disappointed in the results, but not disheartened, for we believe that many who voted for Government sale, tomorrow will, after

And if there is a feeling as if your stomach had turned into concrete these tablets help digest the food and thus bring relief. Many physicians write "Stuart's Dyspepsia Tablets as directed" on a prescription blank when patients are distressed with frequent attacks of indigestion.

They furnish the alkaline effect to offset acidity of the stomach and also pancreatic to aid intestinal digestion of starchy foods.

experience, be among the first to help vote it out.

"In the meantime, the majority must rule. The vote yesterday was representative and, for the time being, final.

"We wish to pay a tribute to Returning Officer E. O. Carew Martin, who proved to be exceedingly fair in his handling of a difficult situation, and also to the management, editor, and staff of The Daily Times for their generous treatment.

"We also wish to express our appreciation of the splendid services rendered by our large staff of volunteer workers."

Held Thanksgiving Supper—A Thanksgiving supper and public meeting held in connection with the anniversary service took place on Monday evening at the Centennial Methodist Church, under the chairmanship of Rev. J. L. Batty. Following the supper, addresses were given by Messrs. N. Shakespeare, the Rev. J. Sharpe, late of Nova Scotia, and the Rev. Mr. Whiteside, of New Brunswick. The musical entertainment comprised a number of excellent vocal renditions and some instrumental solos, in which Mrs. Day, J. Bryant and G. Green added appropriate numbers to the programme.

Passenger traffic by motor vehicles amounts to twice as much as the railroads in the United States.

A mower attachment which cuts at the rate of 20 acres a day has been perfected for light farm tractors.

An investment of more than \$1,500,000 is made by grocers throughout the United States for motor vehicles.
