The Year, \$1.50

ISSUED EVERY THURSDAY

The Copy, 5cents

Devoted to the interests of Carmel-by-the-Sea, Pebble Beach, Carmel Highlands, Carmel Valley

OCTOBER 17, 1918

CARMEL-BY-THE-SEA, CAL.

VOL. IV, NUM. 37

## We May Double Our Subscription

It is not improbable that by Saturday next Carmel will double its \$20,000 Fourth Liberty Loan quota, as it did the Third Loan.

Up to last night the amount of bonds subscribed for here had reached about \$35,000, with additional subscriptions promised.

Those who have already subscribed and feel that it would be a big honor for Carmel to double its quota, should make an effort to purchase another bond.

A list has been made of those able to buy who have not bought and of those who have not bought according to their means. They will be waited upon by a committee and given an opportunity to make good. Failure to do so will result in their being hailed before the County Defense Council at Salinas to explain.

### ANNUAL MEETING NOTICE

THE ANNUAL MEETING of Carmel Chapter A. R. C. will be held on Wednesday, October 23, at 2 p.m., in the Forest Theatre, for the election of a Board of Directors, consideration of and action upon reports, and transaction of such other business as may properly come before the Chapter.

Everyone who has paid one dollar or more is a member and is **URGED TO BE PRESENT.**

### For Sale or Rent

Large two-story home—Three bedrooms, servants' room, garage, workshop, library, large living room, dining room, kitchen, bathroom, extra toilet down stairs, large grounds, lawn, flowers; electric lights, private gas plant; furnished or unfurnished; close in. Inquire at Pine Cone office.

The Pine Cone has a well equipped job printing plant. Prices are fair.

## Pine Needles

David Prince certainly made good as a four-minute speaker at the movies Saturday night. His delivery was good, he told some essential facts, and his talk helped to sell bonds this week.

Mr. and Mrs. J. H. Scott, late of Calcutta, are here from Santa Cruz, guests of the Hutchinsons at the White cottage.

Mrs. W. H. Wyman is again occupying her cottage here, having returned a few days ago from Omaha.

During the absence from the city of Mrs. E. K. deSable, the duties of Civilian Relief will be attended to by Rev. S. C. Thomas and G. F. Beardsley.

Mrs. A. A. Wilson and family who were here from Piedmont last spring, are again visiting here, occupying the Gift cottage.

So many inquiries have been made as to when construction of "The Ralph Chandler Memorial Library" will begin, that it should again be stated that nothing in the way of building can be done until after the war, at least.

Pete Hanna, ground man in the Aviation Service, located at San Diego, was a visitor here last week. He has trained off about a ton, and is now quite an active young man.

Miss Isabel Logie is here from Berkeley. Her many friends will be glad to know that she intends to spend the winter here.

Mr. and Mrs. L. F. Overstreet are registered at the Monte Verde. Mr. Overstreet is a brother of the Pine Cone editor.

Mrs. Scofield was a visitor here last week. Her son, Olin, whom the boys called "Indian," is now in the Navy, and was last heard from at Guam.

Mrs. J. E. Beck is home from Danville, Pa. We are glad to report that her nephew, Cameron Waite, was gassed, not "seriously wounded."

Instead of Italy, Perry Newberry is in France, and on the 12th of September proceeded to the firing line.

Miss Martha Walter, the noted artist, who has been here several months, departed for San Francisco yesterday morning, where she will remain some time before going East.

George Seideneck, Louis Narvaez and William Turner went to Salinas on Monday for Exemption Board physical examination.

City taxes will soon be due—October 22. They are payable in one installment. Pay up promptly. Take no chance on your name appearing on the delinquent tax list.

"Bobby" Norton is at Camp Fremont. He leaves soon for Waco, Tex., to continue his course in military training for a commission.

Misses Ruby and Hester Walser of Palo Alto are in the Young cottage for a fortnight. They are daughters of Mrs. Walser, who is a member of the Duvaueck household.

Mrs. J. V. Christy and children arrived here from San Jose on Saturday for a brief visit. The San Jose schools are closed on account of the Spanish influenza.

Arthur E. Donnelly, the genial movie box office man, went to the city on business last Sunday.

Mrs. I. C. Hamilton, all the way from Morristown, N. J., is visiting her cousin, Mrs. B. C. Bunting.

Many Carmel friends are much concerned over the reported serious illness of Dan Nolan, the Monterey musician.

The Clappett family, well known here, has five service stars. The father and three sons are in France with the Grizzlies and two others boys are in the Aviation service.

If you read it in the Pine Cone you may safely repeat it.

## While You Are Regularly Employed

—and can save a little money every month, why not prepare for the inevitable 'rainy day' by having an account with the **FIRST NATIONAL BANK?**

All funds so invested now will become a safeguard against the uncertainty of the future

**4 PER CENT PAID**  
On interest accounts

First  
National  
Bank

MONTEREY, CAL.  
Under U. S. Government  
Supervision

### Card of Thanks

On behalf of my family and for myself I desire to express our thanks for the many kindnesses extended to us since the fire which destroyed our home and our place of business. We are very grateful and appreciative.

Pou Sing

### Limited Construction

Repairs of or extensions to existing buildings not involving a cost in excess of \$2500, and new construction for farm purposes to cost not more than \$1000, is the only kind of building now permitted. T. J. Field of Monterey is the Peninsula representative of the War Industries Board (Priorities Division). Applications for building permits may be filed with the City Clerk.

**WALTER G. MOFFAT, Rector**

**Photographic  
 Exhibition**

Commencing on Monday,  
 Oct. 21, and lasting until  
 Saturday, Nov. 3, there  
 will be held an exhibition  
 of Artistic Photographs in  
**The Gift Shop  
 and Tea Room**  
 535 Polk St., Monterey

All who are interested  
 in photography or who  
 would enjoy seeing the  
 pictures are invited to  
 visit this exhibition.

One of our best California  
 artists, Miss Maud J.  
 Wilson, of Palo Alto, is to  
 be represented, as well as  
 well-known workers of  
 Carmel, Pacific Grove and  
 Monterey.

**Makes Bond Buying Easy**

A new plan of partial pay-  
 ments has been adopted by the  
 Treasury Department, which  
 gives a better distribution than  
 hertofore of the installments.

The initial payment will be  
 10 per cent; the second, Nov.  
 21, twenty per cent; the third,  
 December 19, twenty per  
 cent; the fourth, Jan. 16,  
 twenty per cent, and the fifth  
 and last, Jan. 30, thirty per  
 cent.

Thus for a \$50 bond you pay  
 \$5, \$10, \$10, \$10, \$15.

**A "TIME-PURCHASE PLAN"  
 FOR TRACTOR BUYERS**

By **E. J. WICKSON**, Editor Pacific Rural  
 Press (formerly Dean of the College of  
 Agriculture, University of California)

**SAN FRANCISCO, Sept. 10**—A plan for  
 financing the purchase by farmers of trac-  
 tors and other kinds of power farming  
 machinery recently came to my attention  
 which it seems to me will be of great  
 assistance in the present drive for greater  
 production of food from our farms.

The plan referred to is that of the West-  
 ern Farm Credit Company of San Fran-  
 cisco and it is simply an adaptation to the  
 farmer's requirements of the time-pay-  
 ment plans already widely used in selling  
 automobiles, pianos and many other arti-  
 cles.

**NOTES CARRIED BY CREDIT  
 COMPANY**

The farmer using the plan selects the  
 particular tractor or truck or thresher or  
 feed chopper or other piece of machinery  
 he is buying and pays a certain amount in  
 cash, giving to the dealer, by whom the  
 sale is made, his note for the balance of  
 the purchase price. The credit company  
 then takes this note over from the dealer  
 and attends to the collection, giving the  
 dealer the cash. The plan applies to all  
 tested and approved makes of tractors,  
 the company furnishing the money having  
 no interest in any particular tractor.

The necessary note and contract forms  
 are provided, free of charge, by the credit  
 company, which makes a small charge for  
 collecting and cashing the farmer's note.

The plan is of mutual helpfulness. It  
 gives the farmer his machinery at once,

enabling him to put it to work earning  
 dividends for him while it is being paid  
 for. It gives the dealer his cash, enabling  
 him to keep his capital free for use in his  
 business, and also enabling him to do a  
 much larger business than would be pos-  
 sible if he sold on an "all cash" basis.

This plan supplements and does not  
 compete with the service rendered by the  
 local banks. Banks are limited by law in  
 the amount of money they can put out in  
 any one class of investment, and while  
 they have been giving much assistance to  
 tractor buyers, they have not been able  
 to meet the demand at all seasons of the  
 year and still provide for the needs of  
 their other customers. Furthermore,  
 banks prefer short-time loans, whereas, a  
 full twelve-months or two-season period  
 seems necessary in buying tractors. Also,  
 it has been proven advisable, in transac-  
 tions of this kind, to divorce the financing  
 and collecting features from the sales fea-  
 ture. "Getting the paper out of town"  
 results in more harmonious relations for  
 all parties.

**FOOD WILL WIN THE WAR  
 HELP PRODUCE IT**

All of us must give every possible as-  
 sistance at this time to help win the war.  
 We are told that food will do it, and  
 tractors and other power machinery will  
 help produce that food. With this plan  
 in effect no responsible farmer need com-  
 plain of the shortage of help. His local  
 dealer, to show his patriotism, will meet  
 him half way and help him to make use  
 of the Western Farm Credit Company's  
 plan, and thus one more blow will be  
 struck at the Kaiser and his Huns.

**ARMY PIGEONS GOING TO FRONT**

Carrier pigeons are a valuable factor in the operation of all the allies,  
 never failing to carry a message safely and quickly from the front unless ac-  
 tually killed by shell fire.

They are used at the most critical stages of battles, when all wire com-  
 munication has been stopped and the barrage is too thick for runners.

Here is shown a motor transport formerly a London bus, loading up with  
 carriers to go to the British front. The casualties among the birds average  
 1 per cent. They are wounded by enemy shells, attacked by hawks, and suf-  
 fer from gas.

They live in gas-proof baskets and when gassed are treated at a hospital.  
 There is also a prison cote for captured enemy birds.

A very tiny share of your Fourth Liberty Loan subscription will go to the  
 pigeon service, but none will be more efficiently spent.

# UNCLE SAM'S ADVICE ON FLU

U. S. Public Health Service Issues  
Official Health Bulletin  
on Influenza.

## LATEST WORD ON SUBJECT.

Epidemic Probably Not Spanish in  
Origin—Germ Still Unknown—Peo-  
ple Should Guard Against "Droplet  
Infection"—Surgeon General Blue  
Makes Authoritative Statement.

Washington, D. C.—(Special.)—Al-  
though King Alfonso of Spain was  
one of the victims of the influenza epi-  
demic in 1893 and again this summer,  
Spanish authorities repudiate any  
claim to influenza as a "Spanish" dis-  
ease. If the people of this country do  
not take care the epidemic will be-  
come so widespread throughout the  
United States that soon we shall hear  
the disease called "American" influ-  
enza.

In response to a request for definite  
information concerning Spanish influ-  
enza, Surgeon General Rupert Blue of  
the U. S. Public Health Service has  
authorized the following official inter-  
view:

What is Spanish influenza? Is it  
something new? Does it come from  
Spain?

"The disease now occurring in this  
country and called 'Spanish Influenza'  
resembles a very contagious kind  
of 'cold,' accompanied by fever, pains

## Coughs and Sneezes Spread Diseases

As Dangerous as Poison Gas Shell

in the head, eyes, ears, back or other  
parts of the body and a feeling of se-  
vere sickness. In most of the cases the  
symptoms disappear after three or four  
days, the patient then rapidly recover-  
ing. Some of the patients, however,  
develop pneumonia, or inflammation  
of the ear, or meningitis, and many of  
these complicated cases die. Whether  
this so-called 'Spanish' influenza is  
identical with the epidemics of influ-  
enza of earlier years is not yet known.

"Epidemics of influenza have visited  
this country since 1647. It is interest-  
ing to know that this first epidemic  
was brought here from Valencia,  
Spain. Since that time there have  
been numerous epidemics of the dis-  
ease. In 1889 and 1890 an epidemic  
of influenza, starting somewhere in  
the Orient, spread first to Russia and  
thence over practically the entire civ-  
ilized world. Three years later there

was another flare-up of the disease.  
Both times the epidemic spread wide-  
ly over the United States.

"Although the present epidemic is  
called 'Spanish influenza,' there is no  
reason to believe that it originated in  
Spain. Some writers who have studied  
the question believe that the epidemic  
came from the Orient and they call  
attention to the fact that the Germans  
mention the disease as occurring along  
the eastern front in the summer and  
fall of 1917."

How can "Spanish influenza" be re-  
cognized?

"There is as yet no certain way in  
which a single case of 'Spanish influ-  
enza' can be recognized. On the other  
hand, recognition is easy where  
there is a group of cases. In contrast  
to the outbreaks of ordinary coughs  
and colds, which usually occur in the  
cold months, epidemics of influenza  
may occur at any season of the year.  
Thus the present epidemic raged most  
intensely in Europe in May, June and  
July. Moreover, in the case of ordi-  
nary colds, the general symptoms  
(fever, pain, depression) are by no  
means so severe or as sudden in their  
onset as they are in influenza. Final-  
ly, ordinary colds do not spread  
through the community so rapidly or  
so extensively as does influenza.

"In most cases a person taken sick  
with influenza feels sick rather sud-  
denly. He feels weak, has pains in the  
eyes, ears, head or back, and may be  
sore all over. Many patients feel  
dizzy, some vomit. Most of the pa-  
tients complain of feeling chilly, and  
with this comes a fever in which the  
temperature rises to 100 to 104. In  
most cases the pulse remains relative-  
ly slow.

"In appearance one is struck by the  
fact that the patient looks sick. His  
eyes and the inner side of his eyelids  
may be slightly 'bloodshot,' or 'con-  
gested,' as the doctors say. There  
may be running from the nose, or  
there may be some cough. These signs  
of a cold may not be marked; never-  
theless the patient looks and feels very  
sick.

"In addition to the appearance and  
the symptoms as already described,  
examination of the patient's blood may  
aid the physician in recognizing 'Span-  
ish influenza,' for it has been found

that in this disease the number of  
white corpuscles shows little or no in-  
crease above the normal. It is possi-  
ble that the laboratory investigations  
now being made through the National  
Research Council and the United  
States Hygienic Laboratory will fur-  
nish a more certain way in which in-  
dividual cases of this disease can be  
recognized."

What is the course of the disease?  
Do people die of it?

"Ordinarily, the fever lasts from  
three to four days and the patient re-  
covers. But while the proportion of  
deaths in the present epidemic has  
generally been low, in some places the  
outbreak has been severe and deaths  
have been numerous. When death oc-  
curs it is usually the result of a com-  
plication."

What causes the disease and how is  
it spread?

"Bacteriologists who have studied in-  
fluenza epidemics in the past have  
found in many of the cases a very  
small rod-shaped germ called, after its  
discoverer, Pfeiffer's bacillus. In other  
cases of apparently the same kind of  
disease there were found pneumococci,  
the germs of lobar pneumonia. Still  
others have been caused by strepto-  
cocci, and by other germs with long  
names.

"No matter what particular kind of

germ causes the epidemic, it is now  
believed that influenza is always  
spread from person to person, the  
germs being carried with the air along  
with the very small droplets of mucus,  
expelled by coughing or sneezing,  
forceful talking, and the like by one  
who already has the germs of the dis-  
ease. They may also be carried about  
in the air in the form of dust coming  
from dried mucus, from coughing and  
sneezing, or from careless people who  
spit on the floor and on the sidewalk.  
As in most other catching diseases, a  
person who has only a mild attack of  
the disease himself may give a very  
severe attack to others."

What should be done by those who  
catch the disease?

"It is very important that every per-  
son who becomes sick with influenza  
should go home at once and go to bed.  
This will help keep away dangerous  
complications and will, at the same  
time, keep the patient from scattering  
the disease far and wide. It is highly  
desirable that no one be allowed to  
sleep in the same room with the pa-  
tient. In fact, no one but the nurse  
should be allowed in the room.

"If there is cough and sputum or  
running of the eyes and nose, care  
should be taken that all such dis-  
charges are collected on bits of gauze  
or rag or paper napkins and burned.  
If the patient complains of fever and  
headache, he should be given water to  
drink, a cold compress to the forehead  
and a light sponge. Only such medi-  
cine should be given as is prescribed  
by the doctor. It is foolish to ask the  
druggist to prescribe and may be dan-  
gerous to take the so-called 'safe, sure  
and harmless' remedies advertised by  
patent medicine manufacturers.

"If the patient is so situated that he  
can be attended only by some one who  
must also look after others in the fam-  
ily, it is advisable that such attendant  
wear a wrapper, apron or gown over  
the ordinary house clothes while in the  
sick room and slip this off when leav-  
ing to look after the others.

"Nurses and attendants will do well  
to guard against breathing in danger-  
ous disease germs by wearing a simple  
fold of gauze or mask while near the  
patient."

Will a person who has had influenza  
before catch the disease again?

"It is well known that an attack of  
measles or scarlet fever or smallpox  
usually protects a person against an-  
other attack of the same disease. This  
appears not to be true of 'Spanish in-  
fluenza.' According to newspaper re-  
ports the King of Spain suffered an  
attack of influenza during the epi-  
demic thirty years ago, and was again  
stricken during the recent outbreak in  
Spain."

How can one guard against influ-  
enza?

"In guarding against disease of all  
kinds, it is important that the body be  
kept strong and able to fight off dis-  
ease germs. This can be done by hav-  
ing a proper proportion of work, play  
and rest, by keeping the body well  
clothed, and by eating sufficient whole-  
some and properly selected food. In  
connection with diet, it is well to re-  
member that milk is one of the best  
all-around foods obtainable for adults  
as well as children. So far as a dis-  
ease like influenza is concerned, health  
authorities everywhere recognize the  
very close relation between its spread  
and overcrowded homes. While it is  
not always possible, especially in  
times like the present, to avoid such  
overcrowding, people should consider  
the health danger and make every  
effort to reduce the home overcrowd-  
ing to a minimum. The value of fresh

# HOOVER WARNS, MUST SAVE FOOD

## Victory and Peace Talk Increase Need for Conservation.

Issued by United States Food  
Administration.

"Grave danger" to the effectiveness  
of the new food conservation program  
is feared as a result of the victories  
on the western front and the capitu-  
lation of Bulgaria, according to a  
message received by the California  
Food Administration from Herbert  
Hoover.

Warning the nation against a relax-  
ation of effort on the one hand, and  
appealing for even greater conserva-  
tion of food, Hoover said:

"The victories do not increase our  
food supplies. On the contrary, peace  
will add to the burden thrown upon  
our resources because the people  
who make peace must be fed.

"We are pledged to deliver the Al-  
lies 15,000,000 tons of foodstuffs prior  
to next June. To achieve this it will  
require constant conservation. The  
second year of our participation in  
the war brings us a broader plan to  
effect the imperative savings. Not  
so much emphasis on this particu-  
lar item and that particular item of  
foods, but a steady pressure of care-  
ful, and thrifty conservation, along  
with the elimination of all waste. We  
cannot hope to increase our last  
year's food exports to the Allies with-  
out curtailing our own consumption.

"With the approach of winter peace  
and rumors of peace will be talked  
of, and with this there is an impulse  
to let up a little in all our war food  
program. This way danger lies. Not  
until the war is won can we afford  
to let our efforts lax, even tempo-  
rarily.

"Our reserves must be great enough  
to protect us against possible short  
crops; great enough to make up for  
the shortened production as men are  
drawn from the farms to serve in the  
army; great enough to maintain sup-  
plies for our army and navy and the  
Allies no matter how gravely our  
shipping may be harassed in some  
evil month by submarines.

"We must drive home to our people  
the absolute necessity of greater con-  
servation, more self-sacrifice individ-  
ually, and more intense economy in  
the consumption and handling of food-  
stuffs if we are to meet the demands  
laid upon us by the war."

air through open windows cannot be  
over emphasized.

"When crowding is unavoidable, as  
in street cars, care should be taken to  
keep the face so turned as not to in-  
hale directly the air breathed out by  
another person.

"It is especially important to be-  
ware of the person who coughs or  
sneezes without covering his mouth  
and nose. It also follows that one  
should keep out of crowds and stuffy  
places as much as possible, keep  
homes, offices and workshops well  
aired, spend some time out of doors  
each day, walk to work if at all prac-  
ticable—in short, make every possible  
effort to breathe as much pure air as  
possible.

"In all health matters follow the ad-  
vice of your doctor and obey the regu-  
lations of your local and state health  
officers."

**Hardships ignored, Wounded Man  
Tells Mother—Don't Let Them  
Hinder Your War Work**

By Mrs. Hazel Pedlar Faulkner

From a hospital somewhere in France a wounded American has written to his parents:

"We are going through hardships, but the boys are taking hold in the good old American way."

What a message for those of us who have remained at home! What a challenge to the vast army of men and women who are in the home guard, carrying on in the thousand and one ways that the exigencies of war have brought upon us.

"We are going through hardships."

We can believe that, when we recall the dauntless charges which our boys have been making over there, and the daily lengthening casualty lists which are resulting from their fearless devotion to the task that is set before them.

We know they are going through hardships, when we stop to think of the hundreds upon hundreds who are wounded, and who for the time being at least need care and attention.

**FIENDISH ENEMY  
ADDS TERRORS**

Of course they are going through hardships, those boys from your home and mine. Hardships are a part of war. They are the inevitable result of a state of war. And when war is waged by an enemy so skilled in all the fiendish devilities in which the Germans have indulged, they are the inescapable portion of every soldier participating.

But hardships are not the part of the war these soldiers of ours are thinking most about. They are but the incidents in the day's work.

"The boys are taking hold in the good old American way."

Could there be a better statement of their manner of facing what comes to them? Could there be a more definite course of action prescribed for those of us at home during these days which test the mettle of our souls?

The time for our message to the boys has come again. The Fourth Liberty Loan is to be our response to this wounded soldier's challenge.

**MAKE YOUR  
ANSWER NOW**

Are we going to take hold in the "good old American way?"

We have not had to go through hardships—ours have been an easier part. We have known little of sacrifice or deprivation. Compared with the offering of our boys, we have done nothing as yet. And now, here is the challenge sounded to us.

The good old American way is all that is asked of us. What is that way?

You must frame the answer, mothers and sisters of the west. Yours is an important part in the reply which the nation will make to the boys overseas. There is not one of us who would not spare her son if she could—yes, even spare some other mother's son the pain and hardship he must bear. We are not asked to do that. We could not, though we would.

But we can make his part easier to bear, we can go with him through the hardships, by lending completely of our money.

There is no longer need to explain what a Liberty Loan is. There is no more necessity for pointing out reasons for participation in it.

**Portable-economical**

Perfection Oil Heater is easily carried—up stairs or down, from this room to that—anywhere heat is needed.

Lights at the touch of a match—gives instant heat. No smoke or odor.

**PERFECTION  
OIL HEATER**

Gives steady, comfortable warmth for many hours on one filling with Pearl Oil, the ever-obtainable fuel.

Cuts fuel bills, too, for less furnace heat and fewer grate and coal-stove fires are required. Oil consumed only when heat is needed—no waste.

If YOU buy a fifty dollar bond when you COULD BUY a five hundred dollar bond, you are not doing your full duty as an American.

**Pits and Shells Will  
Save Soldiers' Lives**

Save the pits and shells named in this list to help make gas masks:

- Peach Stones
- Date Seeds
- Prune Pits
- Brazil Nut Shells
- Plum Pits
- Hickory Nut Shells
- Apricot Pits
- Walnut Shells
- Olive Pits
- Butternut Shells
- Cherry Pits

They should be thoroughly dried in an oven or in the sun.

**REMEMBER THE LIST.** Under no circumstances send any other pits or shells.

This is war work of the most imperative sort. Send your pits and shells to the Red Cross Chapter in your district.

### To Friends and Supporters

You may wonder why I have not called upon you with reference to my candidacy for Justice of the Peace.

I want to assure you that it is not because I am not earnestly requesting support for my re-election, but that during this Fourth Liberty Loan drive I felt that all energies should be devoted to that.

Furthermore, I have been holding court for Justice Wallace of Alisal Township, at Salinas, who is in the East visiting his son, who is about to leave for France with the army. Ernest Michaelis

### Birthday of Father Serra

The 205th anniversary of the birthday of Junipero Serra will occur on Saturday, November 21. A plan is under way to make this event an important annual affair in Carmel. Pilgrimages are to be organized in various parts of the State to visit the grave of Serra here.

A plot of ground on a hill overlooking the Mission Church, will be set aside, where will be planted a grove of pines (now three years old), the seed of which were brought from the Island of Majorca, Spain, the birthplace of California's first civilizer.

The Arts and Crafts Club is sending invitations to the Landmarks League, the California Pioneers, Native Sons and Daughters, church organizations, historical societies, etc., to meet in Carmel to formulate plans for an adequate celebration.

### Liberty Loan Slogans

Five dollars are pro-german.  
Let all get on the bond wagon.  
If you can't fight, your money can.

Put the "pay" into patriotism.

"Come across" or the kaiser will.

The soldier gives; you must lend.

Dig up the coin and bury the Hun.

Liberty Bonds or german taxes.

Buy bonds before it's verboten.

Buy over here to win over there.

For Foch and freedom, buy bonds.

Bonds speak louder than words.

A bond slacker is the kaiser's backer.

Liberty Bonds or german bondage.

Freemen buy bonds; slaves wear them.

Wear old clothes and buy Liberty Bonds.

## Nothing To It

Mr. W. L. Overstreet,  
Editor, Carmel Pine Cone.

On Friday afternoon last there were gathered by special invitation a number of the leading members of most of the organizations of Carmel. To this meeting were read alarming newspaper articles in regard to the so-called Spanish influenza. After a discussion, a resolution was passed to the effect that all schools, the moving-picture theatre, churches, and other places of public gathering be closed indefinitely beginning Saturday at midnight. This time was set in order to permit the movies to open that night.

This almost private meeting is admitted by its promoters as not legal and that they had no authority to enforce the provisions of the resolution. (Whether it was unlawful and the promoters subject to legal action, is a matter under investigation.)

No one seems to know the exact wording of the resolution. There was no secretary appointed, no records kept, and no one appointed to give notice of the action of the meeting.

The main thing that has been accomplished is to worry a lot of people who from the apparent official character of the meeting naturally supposed that something awful was going on to call for such hurried and drastic measures.

Carmel-by-the-Sea is an incorporated city, with a full organization of every kind to take charge of any situation of public danger.

If any danger exists—as suggested by this meeting—it would have been the duty of the Commissioner of Health to act; he was not even invited to attend this meeting, and the one member of the Health Board invited to be present voted against the resolution.

If the Commissioner of Health is not doing his duty, he should be impeached. On the contrary, he has recently received definite instruction from the State Board of Health not to do the very things which this resolution calls for, "unless there is evidence of a rapid spread of the disease."

At the time of the meeting there was not a single case in Carmel, and no case reported closer than seventy-five miles. The whole affair would be comical but for the fact that the damage done to the health and good name of Carmel by such unauthorized action is very great, and that definite steps should be taken by those in authority to prevent the recurrence of such affairs.

WILLIAM P. SILVA  
Carmel, October 15.

### ANNUAL MEETING NOTICE

STOCKHOLDERS OF THE Carmel Hall Association are hereby notified that the Annual Meeting of the Carmel Hall Association will be held in Carmel Hall on Thursday, October 31, 1918, at 8 p.m.  
0172t J. E. Beck, Secretary

If you read it in the Pine Cone you may safely repeat it.

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There"  
GIVE WHAT YOU CAN

"If the folks back home fall short of the billions you need, Mr. President, call on us for the balance. We like our pay—but if we have to, we can go without it.  
Yours for victory, A. E. F."  
(From "The Stars and Stripes.")

## No Infuenza Here

There is no occasion for Carmel residents to be alarmed by the action of the meeting held at the City Hall last Friday.

Such recommendations as were made regarding the closing of the school and places where people are wont to gather in more or less large number, were in the nature of precaution. The meeting was not official.

The fact that there are cases of Spanish influenza in Monterey, Salinas and Spreckels, and that there are people here who have been exposed to the disease in other cities, should make us very careful.

As yet not a single case has shown itself in Carmel, but nevertheless, Health Officer W. T. Kibbler has the matter of prevention and cure well in hand, and has appointed the following as committee to assist in the work: T. B. Rear-don, M. J. Murphy, W. P. Silva, A. Vachell, Mrs. W. T. Dummage, W. L. Overstreet, Miss Cora A. Burns and R. G. Leidig.

The following affairs have been postponed:

Reading at the Book Shop.  
Class in Psychology.  
Seligman Piano Concert.

## A Worthy Candidate

C. C. Baker, of Salinas, one of the candidates nominated at the recent primary for District Attorney, was a Carmel visitor a few days ago.

Mr. Baker's life is typical of the self-made man. To obtain means to gain his professional education he began in his eleventh year to labor on the farm, in railroad construction, in the timber. He realized his ambition, and graduated from the law department of Stanford University. Shortly after, he hung out his shingle in Salinas, and quickly won the confidence and esteem of the people. He has been active in civic affairs, and recently has worked hard and long with the Exemption Board, in the Red Cross, and for the Liberty Loans.

Mr. Baker has made no promises as to appointments. He makes this pledge, however: If elected he will conduct the office economically, and will enforce the law impartially. adv
