WINTER EDITION

JANUARY

1898

MARCH

HENRY A. DREER

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

January—March, 1898.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Vegetable, Agricultural or Flower seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

The new ranges of glass erected in 1895 and 1896, covering 53,000 square feet each, (two of the houses being nearly one acre each under one roof) are certain to interest anyone having anything to do with a greenhouse. This, we believe, illustrates in a practical way, that we believe in home-grown plants.

Our Palm cultures are now undoubtedly the largest and most complete in the country.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

PACKING.—We make no charge for packing and by our careful and thorough system, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

LOW EXPRESS RATES ON PLANTS, SEEDS AND BULBS.—We are shipping by express lines to all parts of the country, plants, etc., packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 30 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

PRICES.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Garden Calendar (Retail Catalogue) and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, Flower Seeds, Bulbs and Plants, 33 $\frac{1}{3}$ % ; Small Fruits, 25% ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.— Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice.  No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.  In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

HENRY A. DREER.

Store and Office, 714 Chestnut Street, Philadelphia, Pa.

Greenhouses and Nurseries, Riverton, N. J.

SPECIAL OFFER OF OUR NEW BOOKS.

"Open Air Vegetables," 25 cts. "Vegetables Under Glass," 25 cts. "Grasses and Clovers," 25 cts.

We will give any one of the above books as a premium on orders amounting to \$2.50 or over, and any two on orders amounting to \$5.00 or over, or the set of three on orders amounting to \$7.50 or over, provided the order is accompanied by remittance.

Novelties and Specialties in

VEGETABLE SEEDS

For 1898.

Novelties produced by specialists in this country and abroad are carefully tested in our trial grounds during the summer, and the descriptions given are mainly as received by the introducers.

NEW STRINGLESS GREEN POD BEAN.

New Stringless Green Pod Bush Bean.

This variety deserves the good name it bears. It is positively stringless and remains tender and crisp longer after maturity than any other variety. Our repeated trials, since its introduction, enables us to speak in highest terms of its qualities. We have secured stock from our grower for the coming season of such excellent quality that we are pleased to place it among the list of novelties for 1898. The pods are of pale green, long and straight, perfectly round and meaty, maturing with the earliest of the green-pod varieties. Not only is it a valuable market gardener's sort, but certainly an acquisition for the amateur.

Price, qt. 25 cts.; peck \$1.50; Bu. \$5.00.

CELERY.

New Golden Rose Self-Blanching.

In character this variety is identical with the Golden Self-Blanching, except the color, which is a beautiful rosy tinge, shading to very pale pink at top of stalk; the ribs are prominent and the stem thick, solid and brittle; being of hardy nature, it possesses good keeping qualities. While it is very ornamental, very early, and positively self-blanching, it bleaches to a beautiful golden-yellow at the heart after storing for winter, when it is at its best selling point. It is also the best-flavored celery beyond any question. The Rose and Red varieties of Celery are not used extensively; this is because they are not better known. We claim for the Golden Rose a brilliant future. The private and market gardeners around Philadelphia exhibited magnificent specimens at the fall exhibitions. Pkt. 10 cts.; oz. 35 cts.; $\frac{1}{4}$ lb. \$1.25; lb. \$4.00.

CELERY, "SCHUMACHER."

CELERY, NEW GOLDEN ROSE SELF-BLANCHING.

Celery, "Schumacher."

This variety is in general favor around New York City, where it is grown in large quantities. It produces very large $\frac{1}{2}$ dwarf stalks, ribs very broad and brittle, with heart of a rich golden-yellow. Its great point is its remarkable keeping qualities, remaining solid in March and April, which is the most profitable time to sell. We offer only true stock. Price, per oz. 30 cts.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

**New Lettuce,
"WONDERFUL."**

This sterling novelty was offered by us for the first time in our last year's catalogue; we can say without fear of contradiction that it is the best Lettuce ever introduced. While not as early as some, it will stand more heat than any other variety, maturing throughout the entire summer when Lettuce is bringing high prices. We received from many of the best-known gardeners in the country testimonials of this variety. John Paget, gardener at Pennsylvania Hospital, Harrisburg, Pa., sent us specimens from open ground on June 19, 1897, each weighing 2 $\frac{3}{4}$ pounds. The above specimens were all with hard, white heads, crisp, of fine flavor, very tender. During the summer many of our customers reported on their phenomenal success with the Wonderful, having produced specimens weighing 6 pounds. James Campbell, gardener to J. D. Winsor, Esq., Haverford, Pa., exhibited specimens at the Pennsylvania Horticultural Society during the summer which weighed 4 pounds each; they were images of winter Cabbage with outer leaves removed. We are pleased to place this variety among the novelties of this season, feeling assured that it will meet with louder praise than before. Oz. 35 cts.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

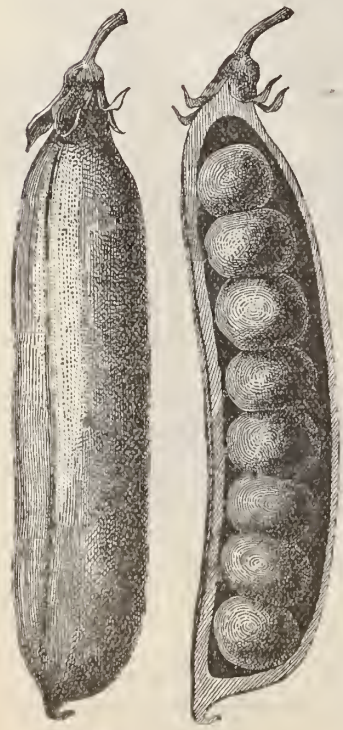

New Lettuce, "Wonderful."

The New Family of Extra Early Wrinkled Peas.

See also page 3.

**Dreer's Extra Early Pea,
"ELECTRIC."**

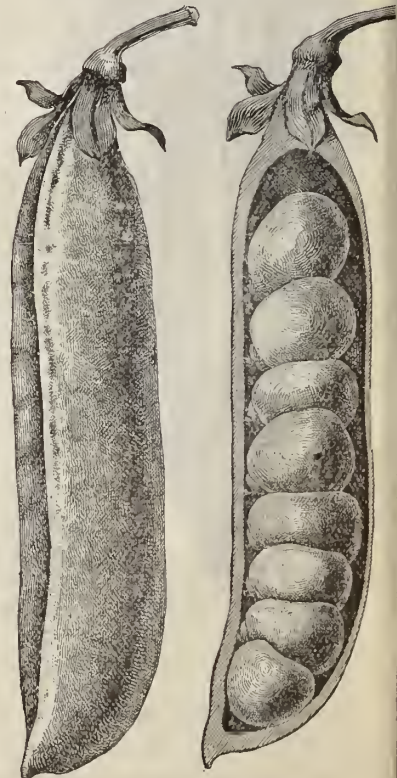

This new and distinct variety is a close selection of the Alaska type, being not only earlier but with much larger pods, producing a heavy crop of beautiful green Peas shouldered in the pod. The vine grows 3 feet high, and when ready for picking they are covered with evenly filled pods in profusion. The accompanying illustration, taken from a photograph, shows the pod and grain just at maturity. This variety will become a favorite among gardeners. It remains tender, and at full maturity becomes a very dark green color after cooking. Qt. 30 cts.; $\frac{1}{2}$ peck, \$1.00; peck, \$1.75; bushel, \$6.00.

DREER'S EXTRA EARLY PEA,
"ELECTRIC."

**Early Wrinkled Pea,
"DUKE OF YORK."**

A variety with immense pods, and of the best of the extra early wrinkled sorts. Maturing only a few days after the Extra Early Peas. It has been closely selected from the Duke of Albany, and much dwarfier; grows only 2 $\frac{1}{2}$ feet high; is of a very dark color in pod and foliage; the pods are long and well filled with large, dark green peas; extremely tender and of excellent flavor; is a superior market gardener's variety. Qt. 30 cts.; peck, \$2.00.

"DUKE OF YORK."

New Pea "Ameer."

A distinct early round-grain variety, growing from 3 to 4 feet high, of a rich deep green color, following close upon the extra early sorts; bears its pods in pairs, of large size, curved and very broad, filled with large grains of fine quality. The seed is blue, round, and can be sown very early and not be injured by cold, wet weather of early spring. This is one of the sorts of which repeated plantings can be made through the spring, as they are not affected by the early summer heat. It is, therefore, highly valuable for market gardeners, as the deep colored pods of such large size will always sell at advanced prices over other sorts. Pt. 25 cts., qt. 40 cts.

New Pea "Gradus."

An early wrinkled variety of the highest type of perfection; grows 2½ feet in height, is a vigorous grower; of light green color; pods and grain of very large size. The result of our experiments during the season of 1897 was an utter surprise to us, in finding a green wrinkled variety with a pod such as the "Gradus" produces to mature only three days after Dreer's Eureka Extra Early, hence we claim it to be the *earliest* wrinkled Pea known. The large pods produce from 7 to 9 large shouldered Peas each, which when cooked retain their beautiful soft green, and are rich and mellow. Don't fail to give the Gradus a trial.

Pt. 35 cts.; qt. 60 cts.

Radish "Dreer's Earliest White Globe Forcing."

The earliest white Radish in existence, bearing a beautiful oval-shaped Radish, with transparent ivory-white skin, very small root, also small top; flesh white, tender and crisp. After two years' thorough trial, we are convinced of the superior quality of this sort, being one of the most attractive varieties of an early forcing type. It is particularly adapted to forcing in greenhouse or hot bed, thus giving a supply through the winter and early spring months; is the quickest maturing sort for open ground during the spring, summer and fall. The above illustration is from a bunch from open ground 18 days after sowing. Pkt. 10 cts.; oz. 20 cts.; ¼ lb. 50 cts.; lb. \$1.50.

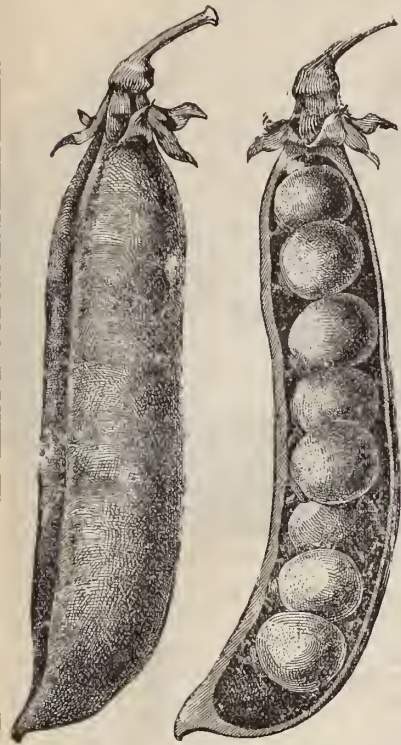

Radish "White Delicacy."

An excellent summer variety; an improvement on the White Strasburg, being earlier, more evenly shaped, and smaller top; grows

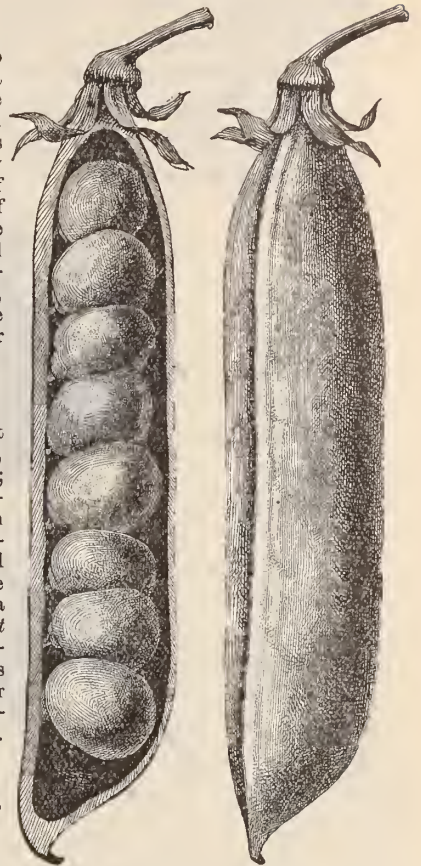

into full size and perfect shape during the hottest weather; for outdoor early fall sowing the Delicacy is sure to make a crop of uniform white Radishes, which are in quality first-class—a profitable market gardener's sort. Oz. 10 cts.; ¼ lb. 30 cts.; lb. 90 cts.

Radish "Improved Golden Dresden."

A perfectly round Radish, with golden-brown skin and very small top, ready for the table in four weeks from sowing in the open ground; flesh white and crisp, and of fine flavor. Can be sown in close rows; is a sure cropper. The improvement of this sort over the Golden Dresden is that it is earlier, smaller top, and more uniform in shape. Oz. 15 cts.; ¼ lb. 40 cts.; lb. \$1.25.

NEW PEAS "AMEER"

NEW PEAS "GRADUS."

Radish "Dreer's Earliest White Globe Forcing."

RADISH, "WHITE DELICACY."

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnation, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

Aquatic Department.

We have the largest and best equipped Aquatic Department in the country, and are prepared to supply strong plants of the new and rare as well as the standard sorts of Water Lilies, etc. Florists would do well to plant a few of the leading kinds, they being one of the best "ads." we know of; people go miles to see the Water Lilies, that would not be attracted by any other class of plants.

Full descriptions and cultural directions will be found on pages 96 to 103 of our Retail Catalogue.

Plant Department.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

AGERATUM PRINCESS PAULINE.

New Variegated Abutilon Savitzii.

A new and unique variety, somewhat in the style of Souvenir de Bonn, but much improved, the variegation on same being much more defined, with a much broader white border and of more compact habit.

25 cts. each ; \$2.00 per dozen.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow ; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. We offer a fine lot of well-budded specimen plants in 7 and 8 inch pots, 26 to 30 inches high, \$2.00 and \$2 50 each.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower ; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance ; one of the most distinct new bedding plants that has come under our observation this season. Ready April 1st. 20 cents each ; \$2.00 per dozen.

Anemone Japonica (Honorine Jobert)

Japonica Alba. Pure white.

" Rosea. Rose color.

" Whirlwind. New semi-double white.

Strong plants. \$1.25 per doz ; \$10.00 per 100.

ASPARAGUS SPRENGERI.

Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it.

We offer but a very limited stock in 3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

Asparagus Plumosus Nanus.

A grand variety for cutting, either in strings or in smaller pieces. We offer a fine lot of thirty young plants.

2 inch pots, \$1.00 per dozen ; \$8.00 per 100.

3 " 1.25 " 10.00 "

Hardy Asters. Michaelmas Daisies.

We offer a fine collection of these pretty summer flowering hardy Asters ; improvements on our native varieties.

Amethystinus. Lovely amethyst-blue flowers.

Amellus Elegans. Rich indigo-blue with yellow centre.

Datschi. A very late-flowering sort ; white blossoms.

Lævis. A pretty light-blue variety, flowering early.

Lady Trevelyan. A fine, large, pure white.

Novæ Angeliæ Melpomene. Bluish-purple with yellow centre.

Novæ Angeliæ Rosea. Bright rose-colored flowers.

Robert Parker. Lavender-blue with yellow centre.

\$1.00 per doz ; \$8.00 per 100.

SPECIMEN AZALEA.

AZALEAS.

For Easter Forcing.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts.

As these plants can be more safely shipped when in bud, we wish to impress the importance of early orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	Size in diam.	Per doz.	Per 100
5 in. pots, nice bushy crowns.....	10 to 12	\$5 00	\$40 00
6 " " " "	12 to 15	9 00	70 00

Also, a fine lot of specimen plants at \$2.00, \$2.50 and \$3.00 each, and a limited number of extra large specimens from \$5.00 to \$10.00 each.

Azalea Pontica. (Hardy Ghent Azalea.)

A fine lot of bushy plants 18 to 24 inches high, nicely set with buds, \$6.00 per doz.; \$45.00 per 100.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing, and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds at \$6.00 per dozen.

Sweet Bay Trees. (Laurus Nobilis.)

All of the plants offered below, with the exception of the small standards offered in pots, are growing in light wooden tubs, making them very convenient to handle.

Standard or Tree-shaped Bays. (See cut.) EACH.

6 feet high with crowns,	3 feet in diameter.....	\$10 00
6½ " " "	3½ " "	12 00
6¾ " " "	4 " "	15 00
7 " " "	5 " "	40 00

The latter are magnificent specimens. Also a limited lot of small plants in 8 inch pots, about 5 feet high, with 15 inch crowns, \$2.50 each.

Pyramidal-shaped Bays.

(See Cut.)

8 " " 36 " " " " " " ..	12 00
8 " " 40 " " " " " " ..	15 00

Conical or Pillar Bays.

They differ from the pyramids, in having a rounded top, very effective and quite rare.

9 ft. high, 36 inches in diam. at base, 12 inches at top, ..	\$25 00
8 " " 54 " " " 30 " " ...	40 00

Boxwood Trees.

Standard or Tree-shaped Box.

These are handsomely trained specimens.

7 inch pots, 26 to 28 inches high, with crowns, 12 inches in diameter, \$1.00 each.

Pyramidal-shaped Box.

These are handsomely trained specimens.

9 inch pots, 32 to 36 inches high, 15 inches in diam. at base, tapering to a point, \$2.50 each.

Globe-shaped Variegated Box.

Symmetrical round or globe-shaped plants of the silver variegated variety, about 12 ins. high, and 12 ins. in diameter, 7 in. pots, 75 cts. each.

PYRAMIDAL-SHAPED BAY.

STANDARD OR TREE-SHAPED BAY.

TUBEROUS-ROOTED BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care with this as in the previous seasons, to select only such varieties as are adapted to our climate and certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 50 cts. per doz; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. \$1.25 per doz; \$10.00 per 100; \$90.00 per 1000.

Double Varieties in Choice Mixture. \$1.00 per doz; \$8.00 per 100; \$70.00 per 1000.

New Frilled Tuberous-rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. The illustration gives a very good idea of its general appearance. Of German origin, and created a sensation wherever exhibited the past season; a decided acquisition. Strong bulbs, 30 cts. each, \$3.00 per doz.

New Tuberous-rooted Begonia, DUKE ZEPPELIN.

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, growing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. A bed containing about 500 plants of this variety, for gorgeous effect, eclipsed anything we ever saw. Strong bulbs, 30 cts. each, \$3.00 per doz.

Bougainvillea Glabra Sanderiana.

This handsome free flowering variety is becoming more popular each season, and is meeting with much favor as an Easter Plant. Good young plants for growing on, 25 cts. each, \$2.50 per doz.

BEGONIA DUKE ZEPPELIN.

NEW FRILLED BEGONIA.

CARNATIONS.

Rooted Cuttings of Novelties and Varieties of Recent Introduction.

- Bon Ton.** Bright warm scarlet, large, deeply fringed fragrant flowers on a stem as stiff as a reed; perfect calyx. Habit of the plant exceptionally strong; resembling Portia, but much heavier and more vigorous. \$2.00 per doz.; \$10.00 per 100. \$75.00 per 1000. (Ready Feb. 1.)
- Empress.** Magnificent bright rich crimson, base of petals fiery scarlet large perfectly double flowers deeply fringed and delightfully fragrant. Stems 2½ to 3 feet and self-supporting. A hardy, vigorous grower and very prolific. The largest and richest of its color yet introduced. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready March 1st.)
- Flora Hill.** An enormous white, easy to grow, very early and free in bloom and not subject to disease. We sent out a great quantity of this variety last year and have the first complaint to hear regarding it in any way; it has given universal satisfaction. 75 cts. per doz.; \$5.00 per 100; \$40 per 1000.
- Gold Nugget.** Clear deep yellow, slightly marked with red. The first real rival of Buttercup in color—in point of productiveness and constant blooming it is far ahead of that fine variety. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready Feb. 1st.)
- Harrisons White.** A sport from William Scott, flowers same size; habit of plant the same as Scott and equally free. 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.
- Jack Frost** is perhaps the largest white carnation in cultivation, having won this distinction in open competition at Philadelphia in April, 1896. It is of fine form, beautifully fringed and exceptionally fragrant. We have grown flowers 4 inches in diameter, and 3½ inches is a common size. \$2.00 per doz.; \$10.00 per 100; \$30.00 per 1000.
- John Young.** Very double snow white flower, deeply fringed; splendid calyx; strong clove fragrance. Stem strong, stiff and wiry; habit erect, vigorous, exceptionally healthy and a free and steady bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready Feb. 1st.)

- Mrs. Geo. N. Bradt.** Clear white, heavily edged and striped with bright scarlet, flowers large and full; habit strong and vigorous. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.
- Mrs. James Dean.** Clear silvery pink, delicate and chaste, yet brilliant and effective under all lights. Flowers large and very full and come on long, wiry stems, and a free bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready Feb. 1st.)
- New York.** Bright cerise pink, resembling Bridesmaid. Habit erect, strong, vigorous, free, early and continuous bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready Feb. 1st.)
- White Cloud.** White, habit same as Daybreak but taller, stronger, more vigorous and an earlier and much freer bloomer. Flowers large, excellent form and finish. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. (Ready Feb. 1st.)

CEANOTHUS GLOIRE DE PLANTIERES.

Ceanothus Gloire de Plantieres.

Very few of the Ceanothus have found their way into general cultivation owing principally to the fact that most of the varieties heretofore introduced have been very tender. In this new variety is combined almost entire hardiness, a slight protection around the roots, which may be omitted if planted in a sheltered position, being sufficient to carry them over successfully, while the flowers are of large size and of a most desirable shade of lavender blue. The shrub-like plant grows about three feet high and begins to bear its graceful and airy heads of flowers early in June, continuing through the greater part of the summer. (See cut.) 25 cts. each; \$2.50 per doz.

SELECT SET OF SIX NEW CANNAS.

We take much pleasure in presenting this set of 6 Cannas. We consider them the "cream" of this year's introductions, and feel sure that each and everyone will give the utmost satisfaction.

Goliath. The finest Crimson Canna extant, and we have no hesitation in predicting a great future for it. It was introduced by the fortunate originator of Queen Charlotte and other prominent varieties. It is of uniform dwarf habit, never exceeding 3 feet in height, with broad, massive dark green leaves; an early and continuous bloomer, throwing its graceful trusses of large bold flowers just the proper distance above the foliage; color rich dazzling crimson, similar to that old favorite, Alphonse Bouvier. 75 cts. each.

J. D. Eisele. A magnificent vermilion scarlet overlaid with orange, raised by one of Europe's foremost Canna specialists, and named in honor of our Nursery Manager. It is a strong free grower, attaining a height of 3½ feet, and is without question the finest scarlet yet offered. 75 cts. each.

Menelek. This is the best of M. Crozy's introductions for this season, and one of the most floriferous varieties known to us. It is of dwarf compact habit, about 3½ feet high, very uniform, with heavy rich green foliage. Its flowers are

of good size, with broad petals; are of a rich nasturtium red, a color which shows well in contrast with other shades. 75 cts. each.

Furst von Hohenlohe. An ideal yellow bedding Canna. Its flowers are of fair size, the upper petals of purest yellow, the lower one slightly marked with crimson. Its strong points are its great floriferousness, neat compact habit, large spikes of flowers, and the fact that at the distance of only a few feet it appears as a pure yellow. We have no hesitation in placing it at the head of the list of yellows. 50 cts. each.

Sam Trelease. This handsome variety originated with Mr. James Gurney, Superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gardens, and was admired by everyone who saw it in our grounds last summer; in fact, many prominent Canna growers considered it the best and most distinct new variety in our fields. The greatest merit of this variety is that the flowers open flat, which, with its very broad petals, which are of good substance, makes a large, nearly perfect circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow about the same as in Mme. Crozy. It grows about 3 feet high, with large, freely branching spikes of flowers, which are thrown above the foliage of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it, and we feel certain that it will soon become one of the popular standard sorts. 35 cts. each.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. (See cut on page 27.) 35 cts. each.

Special Offer: We will furnish one each of the set of 6 select Cannas for \$3.00.

NEW AMERICAN CANNA, PRESIDENT CLEVELAND.

A variety that originated in Washington, D. C., where it is used very extensively in the grounds of the various departments. It is of strong, robust habit, growing about 3 feet high, with rich green foliage. The flowers, which are bright orange scarlet, are borne in enormously large trusses, standing well above the foliage, making it very conspicuous; an excellent sort for massing. 60 cts. each; \$6.00 per doz.; \$40.00 per 100.

CANNA ALLEMANIA.

CANNA GOLIATH.

New Italian Orchid-Flowered

CANNAS.

CANNA SUNRAY.

The following are the best of the Italian introductions of this season; all are the large orchid-flowered type similar to the famous Austria and Italia introduced last year. We call special attention to those having dark foliage, they stand alone and above all other bronze-leaved sorts heretofore introduced, and are worthy of a place in every collection for their foliage effect alone.

America. Of handsome, majestic growth, attaining a height of 6 feet; the magnificent bronzy foliage marked with green, having a peculiar lustre, appearing as if varnished; flowers rich orange-salmon, feathered and veined with scarlet. 35 cts. each.

Allemania. This is perhaps the best of the Italian-type flowers, being exceptionally large, frequently measuring over 6 inches across; the upper petals salmon, with broad border and markings of golden-yellow, while the lower petal is darker salmon, marked with yellow in the centre; a fine flower and possesses more substance than others of this type; dark green foliage; grows 6 feet high. (See cut on page 26.) 35 cts. each.

Africa. Similar in foliage and habit to America; flowers large, of rich orange-salmon, deepening to scarlet in the throat; height 6 feet. 75 cts. each.

Asia. A bright yellow variety, similar to Austria, but with more decided and deeper red spots in the throat; foliage deep green. 50 cts. each.

Aphrodite. Deep green foliage and large flowers, upper petals salmon edged and feathered light yellow, lower petals light salmon with paler shadings. 50 cts. each.

H. Wendland. An improved Italia, with larger flowers of better substance and richer color, the orange-scarlet on yellow ground being more intense; fine. 75 cts. each.

La France. A counterpart of America, but with still darker foliage and more compact habit, growing about 5 feet high; flowers orange-scarlet. 75 cts. each.

Pandora. Another bronze-foliaged variety in the style of America, with salmon flowers, each petal streaked and marbled with scarlet; quite distinct; grows 6 feet high. 50 cts. each.

Suevia. A very large, pure yellow flower, brighter than Austria or Burbank, with brownish-red dashes on the throat; foliage green; 6 feet. 50 cts. each.

Special Offer.—We will furnish one each of the 9 Italian varieties for \$4.50.

CROZY'S BEST SIX CANNAS FOR 1898.

From 15 varieties sent us by M. Crozy last year we have selected the 6 varieties enumerated below as the most distinct and handsome. All are desirable additions to our list, and we fully endorse each one.

Depute Ravarin. A pretty and pleasing sort, with good-sized, deep, garnet flowers, a shade lighter than the favorite Alp. Bouvier, which it much resembles except that the truss of flowers stand erect and is much larger; height 5 to 6 feet. 35 cents each.

Joseph Combet. This is a rich velvety cardinal, very brilliant; flowers of good size, habit dwarf and compact, about 3½ ft. 35 cts. each.

Mme. Favrichon. A most prolific flowering sort, growing about 4 feet high; flowers satiny-carmine, with a peculiar orange sheen; distinct and desirable. 35 cents each.

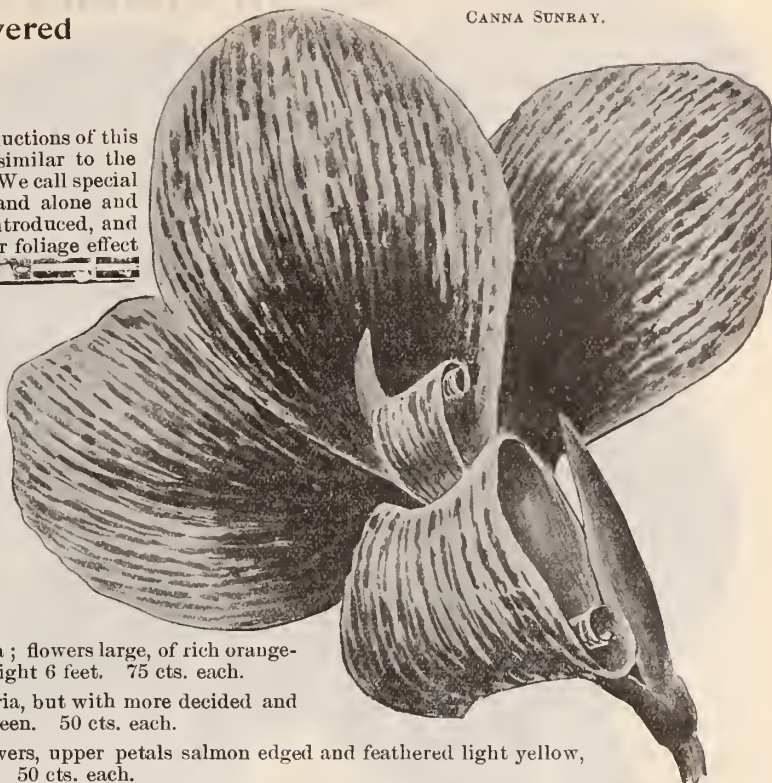

Mme. Leon Leclerc. This is one of the oldest colors introduced this season, the ground color being a bright orange-scarlet, with a heavy tip and narrow margin of yellow on each petal. The plant grows about 5 feet high and produces its good-sized spreading flowers very freely in branching heads. Entirely distinct from anything yet sent out, and a valuable addition to any collection. 35 cents each.

R. Pearson. Golden-yellow ground, dotted with innumerable light red spots, the spots being much more numerous than in any other variety; flowers of about the same size as Flo. Vanhan, produced very freely; habit compact and uniform; growing about 3½ feet high. 35 cents each.

Secrétaire Chabanne. A most pleasing variety, with large flowers of very rich salmon, a shade entirely distinct from any other sort; plant of uniform growth; about 4 feet high, and one of the freest-flowering varieties in the collection. 35 cents each.

Special Offer.—We will furnish one each of Crozy's Best Six Cannas for 1898 for \$2.00.

GRAND SPECIAL OFFER.—We will furnish one each of the 22 New Cannas offered on page 26 and above, making a collection embracing the best novelties of the year, for \$9.00.

VIA.

Italian Orchid-Flowered Cannas.

CANNA ITALIA.

This distinct race of Cannas was offered last year for the first time, and has given general satisfaction with the exception of being thinner and having less substance than the French varieties; do not last so long in hot, dry weather; but this objection is not serious, as they are so extremely free-flowering that they are continually in bloom. The individual flowers are very large, rarely measuring less than six inches across, while the coloring is superb, and the name Orchid-flowered is very appropriate.

Italia and Austria.

Having a large stock of the above two fine varieties, we are in a position to offer strong dormant eyes at \$5.00 per 100.

Miscellaneous Orchid-Flowered Cannas.

We have a limited stock of the following varieties introduced last Spring, and offer same as long as unsold, at 35 cents each; \$3.50 per dozen.

Bavaria.	Edouard Andre.	Kronos.	Perseus.
Borussia.	Heinrich Seidel.	Oceanus.	Pluto.
Burgundia.	Iberia.	Partenope.	Suevia.

Wilhelm Beck.

SIX SUPERB SORTS

The "Cream" of M. Crozy's 1897 Introductions.

We take great pleasure in offering these six superb sorts, which are without exception the very best in their respective colors and type up to date, and we feel certain that purchasers of this set will be fully satisfied with the selection. We have given these varieties two seasons' trial under field culture, where they received the most ordinary treatment, and under all conditions of weather they held their own with the host of so-called novelties.

Baronne de Poilly. A most prolific flowerer, with large rounded petals which open out very full, making a perfectly round flower of excellent form; of a rich orange-salmon color; foliage light green; habit compact; 3½ feet.

Hortense Barbereau. Remarkably fine, large, cherry-red trusses of immense size; a decided improvement on all others of this type; excellent for massing; habit compact and strong; foliage rich dark green; 3½ feet.

Mlle. Berat. A decided acquisition on account of its color, which is the nearest approach to a pink in a first-class bedder. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance both on the single plant or when planted in masses. In this variety, however, the larger the mass the finer the effect, and when planted with yellows and high-colored reds it is simply superb; height 4 feet.

Mine D'Or. This is practically a yellow Mme. Crozy, which it resembles in size and shape of flower. It is of bright canary-yellow, the lower petals very lightly marked with red. Like all other yellows it has the fault of bleaching under certain conditions of the weather, but it is the best of this type of flower; height 3 ft. 50 cts. each; \$5.00 per doz.

Leon Pepin Lehalleur. A grand variety of brilliant carmine-red that at once attracts attention. It is effective in every position; flowers extra large and round, with strong, heavy petals of fine substance; a strong grower of good habit; 4 feet.

Vice-President Luizet. An excellent variety and especially effective for massing. It is of a rich cherry-red, with carmine reflex. The flowers are produced in very large, compact spikes; foliage green; 3 feet.

Price of any the above Six Superb Sorts 30 cts. each, \$3.00 per doz., \$20.00 per 100 (except where noted), or one each of the six varieties for \$1.50.

The best DARK-LEAVED CANNA, Bassett's Red.

This is without doubt the finest of all the dark foliaged varieties, and where foliage effect is wanted or in connection with the French varieties it is a perfect gem; it has small flowers like all the *Indica* type to which it belongs, but its foliage is superb, being of the most intense bronzy red; in growth it is strong and stately, growing very uniformly to a height of five feet. 75 cts. per doz; \$5.00 per 100.

CANNAS.—Continued.

Various Important Introductions of 1897 and 1898, and other Scarce Varieties of Special Merit.

	Per doz.	Per 100
Ami P. G. Pezeux. Flowers of good size, of a brilliant pomegranate-red color; foliage green, heavy. 3½ feet.....	\$ 75	\$ 6 00
Aurore. Entirely distinct; orange salmon, with flowers of large size and large, heavy trusses; foliage of a rich green. 4 feet .	75	6 00
Beaute Poitevine. One of the ideal bedding cannas that is always in good condition in all kinds of weather, of a bright, rich crimson color. 3 feet.....	1 25	10 00

NEW CHRYSANTHEMUMS.

Frank Hardy.

This superb variety is destined to become popular, and in large demand both for exhibition and for the cut-flower trade.

It grows about four feet high, has a most robust constitution, a stem of great strength and rigidity mantled with luxuriant leafage right up to the flower. The flower is pure white, full, deep, and solid; the petals incurving in graceful folds, the form altogether unique.

It averaged 92 points from the awards of four C. S. A. committees, at New York, Boston, Philadelphia, and Chicago; has received many certificates from other societies, and won first prize in competition with all the leading varieties on the market, wherever shown during the past season.

Ready March 1st. 50 cts. each; \$3.00 per doz.; \$20.00 per 100.

Pennsylvania.

A sport from Philadelphia possessing all the good points of that favorite variety, excepting that the color is a rich bright yellow and certain to become a general favorite.

Ready March 1st. 50 cts. each; \$5.00 per doz.; \$35.00 per 100.

PENNSYLVANIA.

E. G. HILL & CO.'S NEW CHRYSANTHEMUMS.

Autumn Glory. (Raised by H. Yoshiike.) The finest new variety of the year, and a grand addition to the small family of fine pink varieties. Height, 4½ to 5 feet on the bench. Blooms Nov. 5th to 15th. A grand commercial pink and unsurpassed for exhibition; there is nothing at all like it in color, which is a deep reddish salmon on opening and gradually changes to a soft shrimp pink when finished; of the general shape of Vivian Morel, of largest size and takes on great depth. A very easy variety to grow, without any troublesome peculiarities. A wirey stem and beautiful foliage add to its value. A fine traveler, having scored well with 4 of the committees and at the principal shows.

50 cts. each; \$5.00 per doz.; \$35.00 per 100. Ready March 1st.

Black Hawk. A mid-season reflexed, of dark crimson scarlet, showing no trace of the dull reverse. This is decidedly the most beautiful variety yet obtained among scarlet crimsons.

H. W. Longfellow. Very large, globular bloom, white, sometimes flushed with pearl color, slender stiff stems, fine foliage up to the flower which is very full with petals beautifully formed, early midseason.

Polar Queen. Heavily and beautifully foliaged from soil to bloom; color bright yellow, of two shades; enormous bloom; will rank in size with finest exhibition sorts and is elegant for commercial purposes.

GROVE P. RAWSON'S NEW CHRYSANTHEMUMS.

Wm. H. Chadwick. One of the grandest novelties of the year, a star production, certificated at Chicago, Boston, New York and Philadelphia. An immense striking bloom, waxy white, occasionally rosy tinted. Habit, growth, stem and foliage simply perfect. Anyone can grow it satisfactorily. Mid-season or later. Ready March 1st. \$1.00 each; \$6.00 per doz.; \$35.00 per 100.

Yellow Fellow. Winner of the \$100.00 high grade Stearns bicycle prize, in a strong competition. It gives a large graceful bloom with ordinary treatment, and can be grown of immense size for exhibition. Bud tinted bronze, maturing rich bright yellow. Iron-clad constitution, mid-season Japanese variety. Ready March 1st. 50 cts. each; \$3.00 per doz.

F. DORNER & SON'S NEW CHRYSANTHEMUMS.

Mrs. C. H. Peirce. A soft deep yellow that appeals to the eye and at once becomes a favorite. Of robust habit, model strength of stem, heavy beautiful cut foliage up to the flower, its even growth, uniform size of flowers that are made up of well developed leatherly petals, giving it the greatest substance. Its proof against burning and its excellent shipping qualities will rank it with the best of commercial varieties. Height 3½ feet. The large full flowers of globular form, with straight petals curved in at the tip, produce an equal to Major Bonaffon of a deeper yellow and a nearly reverse in style of petal. Take first bud. At its best November 6th to 25th. Recommended for N. C. S. Certificate by committees at Boston, Philadelphia, Cincinnati and Chicago. Ready March 1st.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Snow Queen. A first class commercial variety, a large, nicely finished snow white flower of rounded form full to center, slightly curved pointed petals and of great substance, good strong stem with foliage nearly up to the flower, good keeper and shipper. Height 3 to 3½ feet. At its best, October 20th to November 5th. Received N. C. S. Certificate. Ready March 1st.

50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Merry Christmas. The best and latest of all whites. Height 4½ feet. Good stiff stem. A well formed flower of purest white. In style of Mutual Friend, but far greater in substance and full to the center. The latest of all chrysanthemums, being at its best from December 20th to January 1st. Ready March 1st.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Chrysanthemums.—Continued.

Selection of Standard Varieties.

- Beau Ideal.** Incurving, Japanese, broad petals, outside silvery pink, inside bright pink.
- Charles Davis.** This is simply V. Morel in another color, being tawny yellow or golden bronze.
- Col. Wm. B. Smith.** An immense, double, high-built flower, bright golden bronze.
- Challenge.** A very late flowering variety, the flower is a perfect globe of gold.
- Eugene Dailedouze.** Flowers large yellow, full and double, a grand variety.
- Fisher's Torch.** Bright, fiery red; large and double, with a high-huilt centre.
- George W. Childs.** The best deep self-colored crimson variety; flowers massive, of immense size.
- Golden Wedding.** Golden yellow, intense and dazzling. Flowers 10 to 12 inches in diameter, 4 to 6 inches in depth; petals broad and long.
- Helen Bloodgood.** A most beautiful clear pink; of very large spherical shape.
- H. L. Sunderbruch.** Bright golden yellow, of fine incurved form and large size.
- Iora.** Tubular, clear pink.
- Ivory.** Snowy white, of perfect form, flowers very large; an early and free-flowering variety.
- J. E. Lager.** Clear, bright yellow; full and massive.
- Liberty.** Best late yellow. \$5 00 per 100
- Mme. F. Bergmann.** A fine early white.
- Mrs. Jerome Jones.** White, flamed with rose.
- Maud Dean.** Extra large petals, broad and incurving, perfectly double and of great substance; pink.
- Mrs. E. G. Hill.** A very early variety of large size, full to the centre when fully developed, and of a beautiful pearly pink.
- Mrs. Irving Clark.** Pearly white on the margin, shading to deep rose in the centre, which is beautifully whorled; reflexed; very large and distinct.
- Mrs. J. G. Whilldin.** A handsome light yellow variety of splendid size and form.
- Mrs. Col. Goodman.** A blnsh white variety, with large glohular flowers; 16 to 18 inches in circumference.
- Marie Louise.** A beautiful recurving white, with slender, interlacing petals, forming a plummy globe.
- Major Bonnafon.** Soft, clear yellow, incurved full in the centre; form and finish perfect.
- Mayflower.** Magnificent large incurved white, lower petal reflex.
- Miss Minnie Wanamaker.** Creamy white, of very large size, incurved.
- Minerva.** Large and massive, incurved, vivid golden yellow.
- Mrs. A. J. Drexel.** Large flowering, early variety; color crimson lake; form rounded.
- Miss Louise D. Black.** Reddish orange, on the style of L. C. Madeira, but much larger.
- Mrs. Potter Palmer.** Large size, of a rose-pink within and silvery without; outer petals reflexed, with incurved tips.
- Mutual Friend.** A reflexed pure white, from 7 to 11 inches in diameter and great depth of flower.
- Modesto.** Fine yellow, incurved, slightly whorled.
- Marion Henderson.** Early yellow, of fine form.
- Marquise de Montemarte.** Very fine large early pink.
- Merry Monarch.** Fine early white.
- Mrs. Henry Robinson.** One of the finest whites, early; a perfect ball of snow when developed.
- Mrs. Perrin.** Beautiful glistening pink; a most desirable shade.
- Niveus.** This is a perfect gem; color snowy white; flowers very large, without coarseness.
- President Wm. R. Smith.** A delicate pure pink, very heavy in substance, borne on strong stems.
- Philadelphia.** The formation of the florets and their disposition makes this gracefully globular in form; its color is white, illuminated with lemon yellow.

- Pink Ivory.** Beautiful shell pink.
- Pluto.** Fine bold glohular flower, of clear bright red centre, incurved, reverse of petals golden.
- The Queen.** A grand double white, of fine size.
- Vivian Morel.** Extra large flowers, petals long and loosely arranged; a beautiful light shade of pink.
- Wm. H. Lincoln.** A magnificent golden yellow.
- Prices on any of the above 2½ inch pots, ready in February, 50 cents per dozen, \$4.00 per 100.

Hardy Pompone Chrysanthemums.

These have been almost entirely lost sight of during recent years and have received but little attention, but have in the past season or two been considerably in demand again for out-door planting. The collection offered will be found to contain only the most desirable sorts.

- Blushing Bride.** Fine soft pink.
- Canary.** Pale yellow, bushy habit.
- Fred. Peele.** Deep crimson, tipped gold.
- Golden Fleece.** Clear yellow.
- Golden Pheasant.** Rich golden yellow, fine form.
- Globe d'Or.** Golden yellow.
- Eagle d'Or.** Fine yellow.
- Julia Lagravere.** Very fine crimson.
- La Purete.** Fine pure white.
- Mr. Schmidt.** Yellow, tipped with crimson.
- Mlle. Elise Jordan.** Rose-pink, globular flower.
- Nellie Rainford.** Buff.
- President.** Rosy carmine.
- Princess Louise.** Deep rosy pink, one of the best.
- Regulus.** Crimson red.
- Rosinante.** Blush rose, very dwarf.
- Tiber.** Crimson brown, tipped yellow.
- Vueve Cliquot.** Brick red, edged yellow.
- 50 cents per dozen; \$4.00 per 100.

Caladiums Fancy Leaved.

These handsome variegated varieties are again coming into strong demand. For a few years they seemed to have gone out of favor, but the many new sorts shown during the past two years has created new interest in them. We offer a beautiful collection of 25 distinct varieties in strong sound bnlbs at \$2.00 per doz.; \$15.00 per 100.

FANCY LEAVED CALADIUMS.

..Choice New Dahlias.

*The following Collection
Embraces the Finest of
Recent Introductions.*

Beauty Inconstant. A new pompone of perfect form and beautiful yet inconstant color, it son etimes being yellow margined red, at other times white margined yellow, while frequently all three colors combine in one flower, and again the same plant will have all three types at one time. 15 cts. each ; \$1.50 per doz.

Clifford W. Bruton. A superb yellow decorative Cactus Dahlia ; a strong, sturdy grower and an extremely free bloomer, with flowers 5 to 6 inches across. 30 cts. each ; \$3.00 per doz.

Grand Duke Alexis. A unique and grand Dahlia with quilled petals, broad at the base and tapering to a point ; color ivory-white with a faint tinge of rose at extremities. 15 cts. each ; \$1.50 per doz.

Gilt Edge. A pretty fancy variety similar to Fern-leaved Beauty, but having a golden-yellow edge with creamy white centre ; very effective. 15 cts. each ; \$1.50 per doz.

Iridescent. A beautiful Cactus variety with a combination of colors that is difficult to describe, the ground color being a clear orange overlaid with red and suffused with pink, giving a soft yet brilliant red effect with a blue reflex. 30 cts. each ; \$3.00 per doz.

Miss May Loomis. A grand show variety ; shell-like petals of pure white suffused soft rosy-lavender ; a most unusual shade. 15 cts. each ; \$1.50 per doz.

Snowlad. The finest white pompone Dahlia. 15 cts. each ; \$1.50 per doz.

Wm. Agnew. A very large Cactus variety of rich dazzling red, full to the centre, with long twisted petals which occasionally have a clear yellow band running through the centre. 15 cts. each ; \$1.50 per doz.

We will furnish one each of the above eight choice new varieties for \$1.25.

Three Grand Dahlias.

American Flag. Ground color snow white, heavily bordered brilliant cherry red, sometimes a central stripe of same color ; distinct and pleasing. Not a vigorous grower but a free bloomer and a beautiful flower. 15 cts. each ; \$1.25 per dozen.

Fern-Leaved Beauty. A great acquisition and probably the finest of all bedding Dahlias, being a new and distinct type, with fern-like foliage and a dwarf branching habit ; color creamy white, with a distinct margin of crimson around each petal. First prize at Philadelphia. 15 cts. each ; \$1.25 per doz.

Mrs. Peart. This is the cactus variety that has created so much comment. The flowers are creamy white, shaded soft yellow at base of petals, of peculiar form and medium size ; the petals roll backward, the edges overlapping each other, giving them a distinctly unique appearance. A moderate grower. 10 cts. each ; \$1.00 per doz. ; \$8.00 per 100.

Twelve Choice Show and Fancy Dahlias.

Dandy. Ground color pure pink, striped and penciled black.

Duchess of Cambridge. White suffused pink, tipped and edged carmine.

Frank Smith. Rich dark maroon, tipped pinkish white.

Henry Walton. Yellow ground, edged vermilion.

John Keynes. Clear yellow, tipped bright orange scarlet.

Miss Browning. Purest yellow, tipped white.

Mrs. Dexter. A beautiful shade of salmon.

Nero. Deep crimson maroon, large and full.

Penelope. White, delicately flaked lavender towards the edges.

Pluton. The finest pure yellow.

Ruby Queen. Clear ruby red, richly shaded.

Snow. Pure white, very profuse.

10 cents each ; set of 12 for \$1.00 ; \$8.00 per 100.

DAHLIAS.

Twenty-Five Choice CACTUS VARIETIES.

- Black Prince.** Intense velvety maroon.
Beauty of Arundel. Deep glowing crimson
Constancy. Reddish orange, shaded bronze, tipped white.
Gloriosa. Glistening crimson scarlet.
Honoria. Large soft pale amber.
Henry Patrick. Very fine pure white.
King of Cactus. Deep magenta, overlaid rosy crimson.
Little Cactus. Small, clear bright salmon.
Lyndhurst. Deep scarlet, large and full.
Marchioness of Bute. White, tipped pink.
Minerva. Soft yellow, overlaid soft reddish pink, broad deeply cleft petals.
Miss Bertha Mawley. Rich cochineal with long narrow petals.
Miss Barry. Deep rosy lake with twisted petals.
Mrs. Geo. Reed. Pure white, edged and flaked rosy lake.
Mrs. Hawkins. Rich sulphur, shaded red
Maid of Kent. Cherry red, tipped white.
Mrs. Francis Fell. New blush white.
Nymphæa. Light shrimp pink.
Oban. Rosy lavender, overlaid silvery fawn.
Orange King. Rich glowing orange.
Oriental. Large pale salmon.
Sunlight. Very large, pale yellow.
True Model. Very regular in form, color buff, overlaid with reddish brown.
Wm. Pierce. Rich butter yellow.
Zulu. Darkest maroon, almost black.

10 cts. each ; \$1 per dozen ; \$8 per 100 ; set of 25 for \$2.

NYPHÆA DAHLIA.

Twenty Pomponé or Liliputian Varieties.

- Allie Mourey.** Blush white, tipped with pink.
Capt. Jack. Dark red, shaded maroon.
Crimson Beauty. Rich crimson, of beautiful shape.
E. F. Junker. A rich shade of amber.
Eleganta. Soft pink, tipped deep pink.
Fairy Queen. Light sulphur yellow, edged deep peach.
Guiding Star. A favorite pure white for cutting.
Iseult. Very small, pure yellow.
Kline Domitea. Salmon buff, very free.
Ladies' Jewel. Pinkish white, tipped purple.

- La Petit Jean.** Dark orange crimson.
Little Valentine. Bright purple maroon.
Loveliness. White, tipped pink and purple.
Little Prince. Red, tipped pinkish white.
Miss Lou Kramer. Base of petals yellow and crimson tip.
Perle. Deep red, tipped yellow.
Prince Charming. White, tipped and penciled pink.
Scarlet Gem. Yellow, heavily tipped scarlet.
Vashti. Yellow, shaded and tipped orange crimson.
Vivid. Bright deep crimson scarlet.

10 cents each ; \$1.00 per dozen ; \$8.00 per 100 ; set of 20 varieties for \$1.60.

COREOPSIS LANCEOLATA.

Coreopsis Lanceolata.

A hardy perennial that should find its way into every garden. The flowers are a clear bright golden yellow and certain to attract attention. It flowers profusely, is perfectly hardy and thrives in almost any situation. One of the best of the perennials, and invaluable for summer cut flowers. Strong one year old clumps, \$1.00 per doz. ; \$6.00 per 100. 2½ inch pots, 60 cts. per dozen ; \$4.00 per 100.

Doronicum Excelsum.

One of the best of the very early flowering perennials, with large golden yellow Daisy or Marguerite-like flowers, about four inches across, beginning to flower in April and continuing at intervals during the whole season. It is also useful as a forcing plant, clumps being potted up and brought into the cool greenhouse at any time during the winter, may be had in full bloom in from four to six weeks time, the flowers proving most valuable for cutting.

Strong divided plants, \$1.00 per dozen ; \$8.00 per 100.
 Strong clumps, suitable for forcing, \$2.50 per dozen ; \$20.00 per 100.

Ficus Elastica. (Rubber Plant.)

A good lot of four inch pots ready March 1st. Plants 10 to 12 inches high at \$4.50 per dozen ; \$35.00 per 100.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one year old plants 20 cts. each, \$2.25 per doz.

Dracæna Godseffiana.

Undoubtedly the most striking new plant introduced this year. As shown in the illustration, the plant is of an entirely different habit and appearance from all other *Dracænas*; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an *Aucuba Japonica*, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the *Aspidistra* and *Ficus*. Strong plants in 4-inch pots, \$3.00 each, \$30.00 per doz.

Dracænas.

Amabilis. A most desirable variety that quickly forms large specimens. 5 inch pots, 50 cts. each; \$6.00 per doz.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be; a most useful decorative plant that will stand as much abuse as a Rubber. We have a large stock, and offer:

4 inch pots, 10 ins. high, 30 cts. each;	\$3.00 per doz.
5 " " 18 " " 50 " "	5.00 " "
6 " " 24 " " 75 " "	9.00 " "

Congesta Grandis. Similar to Bruanti, but with narrower dark green foliage. 4-inch pots, 35 cts. each; \$3.50 per dozen.

Congesta Discolor. Identical with Grandis, excepting that the foliage has a bronzy tinge. 4 inch pots, 35 cts. each; \$3.50 per dozen.

Fragrans. We have a fine lot of this useful variety:

2½ inch pots, \$1.25 per doz.;	\$10.00 per 100.
3 " " 1.50 " "	12.00 " "
4 " " 2.50 " "	20.00 " "
5 " " 4.50 " "	35.00 " "

Indivisa. This useful variety is always scarce. We offer a limited stock of good plants:

2 inch pots, 60 cts. per doz.;	\$4.00 per 100.
3 " " 75 " "	6.00 " "
5 " " 3.00 " "	20.00 " "

Lindeni. Good plants in 4 inch pots, 75 cts. each.

Marginata. Fine plants of this fine variety. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Massangeana. Good plants in 4 inch pots, 75 cts. each.

Sanderiana. A new and entirely distinct species, and one of the finest novelties introduced for years. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of *Dracænas*.

Good young plants, 2½ inch pots, 50 cts. each.

Terminalis. 2½ inch pots, ready March 1st, \$1.00 per doz.; \$8.00 per 100.

DRACÆNA GODSEFFIANA.

CIBOTIUM SCHIEDEI.

DAVALLIA STRICTA.

FERNS.—Choice and Scarce Varieties.

Adiantum Farleyense.

Our stock of this magnificent variety is exceptionally large and in fine condition. Having been grown at a comparatively low temperature they will stand transportation nicely.

2 inch pots,	\$1.50	per doz.;	\$10.00	per 100.
3 "	2.50	"	20.00	"
4 "	5.00	"	40.00	"
5 "	9.00	"	75.00	"
6 "	12.00	"	100.00	"

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

3 inch pots, fine thrifty plants, \$2.00 per doz.; \$15 per 100.

Adiantum Lathomi.

Another scarce variety, which is rarely offered in quantity. It makes one of the handsomest specimens of any Adiantum known to us. Good young plants, 3 inch pots, \$2.50 per doz.; \$20.00 per 100.

Alsophila Australis.

This useful Tree Fern is always scarce; we have this season an exceptionally fine lot.

2½ inch pots,	\$1.00	per doz.;	\$8.00	per 100.
3 "	1.25	"	10.00	"
5 "	3.00	"	25.00	"

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its heauty. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 6 inch pots, \$1.50 each; 7 inch pots, \$2.50 each; 8 inch pots, \$3.50 each.

Davallia Fijiensis Plumosus.

One of the prettiest of the Davallias; especially fine for growing into specimen plants; with dark green, gracefully arching fronds.

2½ inch pots, \$1.50 per doz.; \$12.00 per 100.

Doryopteris Nobilis.

A beautiful variegated variety with large bold foliage.

2 inch pots,	\$1.00	per doz.;	\$8.00	per 100.
3 "	1.50	"	10.00	"

Nephrolepis Exaltata Bostoniensis.

We offer a good lot of young 3 inch pot plants, \$1.25 per doz., \$10.00 per 100.

Nephrolepis Davalleoides (Furcans).

Strong 4 inch pots, 35 cts. each; \$4.00 per doz.
 " 5 " 60 cts. " 6.00 "

New Geraniums.

The list noted below embraces the best of this season's introductions. Selected after careful test from the host of European novelties. All will be found entirely distinct and valuable additions to any collection.

Single Sorts.

Atlantis. A vigorous grower, very free in bloom with enormous trusses; florets marbled rose and white together. Fine for massing, as the flowers are carried well above the foliage.

Jacquerie. Enormous florets in very large trusses, magenta, with flame-colored touches at base of petals.

La Vienne. Color indescribably bright and beautiful; bright rosy-scarlet band around each petal, centre of each petal white, marbled and veined with rose; of fine form.

Mme. C. Bajac. Free to the last degree in the production of blooms; color pure rose on the edges with white centre.

N. Menelik. A fine circular flower of a creamy-white, shading to a deep border of bright pink; very bright in appearance.

Phyllis. Pale salmon-rose, one of the most delicately beautiful we have ever seen, flowers very large and round.

20 cts. each. The set of 6 for \$1.00.

Double Sorts.

Col. Barre. One of the Bruant type of sun-proof varieties, and an entirely new color in this type, lower petals being of a rosy-pink, upper petals darker and marked scarlet at the base; a most brilliant color effect.

Edward Danglade. Very large, spherical trusses, almost covering the plant; color bright rosy-heliotrope, an entirely new shade.

M. Ott. Large, round flowers, magenta, tinted violet, upper petals marked with scarlet.

Marquis de la Costa. A beautiful new color, bright rosy-aurora, relieved by tints of orange and darker touches of rose.

20 cents each; set of four for 60 cents.

New Dwarf Bedding Geranium "Mars."

A superb bedding and pot Geranium; of very dwarf, compact habit, the plant itself not exceeding 4 to 5 inches in height, but exceedingly floriferous. The flowers are of a clear light salmon, darker in the centre. \$1.00 per doz.; \$8.00 per 100.

GENERAL COLLECTION OF GERANIUMS.

Double Flowering Varieties.

Acteon. Brilliant scarlet, upper petals tinted violet, \$4.00 per 100.

Alfred Tennyson. Bright orange scarlet, shaded vermilion, \$4.00 per 100.

Anatole de la Forge. Bright rosy magenta, \$3.50 per 100.

Bonnat. Extra fine carmine rose, \$4.00 per 100.

Bruanti. Fine scarlet bedder, \$3.50 per 100.

De Lacepede. Rosy flesh with lilac shadings, \$5 per 100.

Ernest Kelway. Vivid scarlet, \$4.00 per 100.

Feu de Joie. Bright scarlet, \$10.00 per 100.

J. Ricaud. Rich purplish crimson, \$6.00 per 100.

Le Cid. Grand velvety red, \$4.00 per 100.

La Favorite. Fine double white, \$4.00 per 100.

Marguerite Closson. Dark salmon rose, \$4.00 per 100.

Montesquien. Rosy mauve, \$4.00 per 100.

Van Dael. Bright silvery rose, \$4.00 per 100.

W. A. Chalfant. Good scarlet bedder, \$4.00 per 100.

DREER'S CHOICE GLOXINIAS

GLOXINIA. We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering. The prices have been reduced to 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Gaillardia Grandiflora.

One of the finest of hardy Perennials. Flowers large, numerous, produced on long stems, and excellent for cutting; of the most gorgeous coloring. Centre dark-red brown; petals variously marked with rings of scarlet crimson, orange and vermilion. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year-old clumps, \$1.00 per doz.; \$8.00 per 100. 2½ inch pots, that will flower freely this season, 60 cts. per doz.; \$4.00 per 100.

Two New Giant Heliotropes.

The two varieties listed below are what is known as the Bruant type, being characterized by very large individual florets and immense sprays of bloom, which frequently measure 10 to 12 inches across, and are grand additions to this family.

Czar. A vigorous grower, with dark stiff stems carrying enormous trusses of bloom of an intense deep violet with white eye.

Czarina. Strong robust stems and extremely large trusses of extra sized flowers of deep indigo blue with white eye. 20 cts. each; \$2.00 per dozen.

Helenium Grandicephalum Striatum.

A most interestingly old hardy plant that appears to have been lost from cultivation for a long time, has only recently been re-introduced, and is one of our most desirable perennial plants. It is of strong, robust, erect habit, growing from 3 to 4 feet high, with flowers about 1½ inches in diameter, in large branching heads of a deep orange color, irregularly striped and blotched with crimson, as shown in the cut. A most novel and unique combination and distribution of colors. 25 cts. each; \$2.50 per dozen.

HELENIUM GRANDICEPHALUM STRIATUM.

HELIANTHUS MULTIFLORUS Fl. Pl.

Helianthus. Hardy Sunflowers.

Multiflorus. Large, double yellow Dahlia-like flowers. 75 cts. per dozen; \$6.00 per 100.

Maximilliana. Late flowering single, in long sprays, fine for cutting. 75 cts. per dozen; \$6.00 per 100.

Mollis. Large, single, lemon colored flowers, early in fall. 75 cts. per dozen; \$6.00 per 100.

Rigidus. Small, single, golden yellow with dark centre, flowers early in the season. 60 cts. per dozen; \$5.00 per 100.

Hypericum Moserianum.

We take pleasure in calling attention to this beautiful plant, which has been universally admired and is acknowledged to be one of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvelously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz.; \$6.00 per 100.

Hypericum Tricolor.

A pretty variegated form of the above, 30 cts. each; \$3.00 per dozen.

Hardy English Ivies.

An extra fine lot of strong bushy plants in 4 inch pots, 3 feet high, with 3 to 5 shoots. \$1.00 per doz.; \$8 per 100.

New Variegated Ivy. Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 50 cts. each; \$5.00 per dozen.

Lilacs for Forcing.

Fine pot-grown plants, well ripened up and well set with buds, Charles X. and Marie Lagraye, \$6.00 per dozen; \$50.00 per 100.

**Hydrangeas.**

Our Hydrangeas are dormant plants wintered in cold frames.

Hydrangea Paniculata Grandiflora.

We are again this season offering a fine lot of standard or tree-formed Hydrangeas; they are beautiful plants and will sell on sight. Stock limited.

\$3.50 per dozen; \$25.00 per 100.

Also a fine lot of ordinary bush form, strong 2-year-old plants, 24 inches high, \$1.00 per doz.; \$6.00 per 100. 30 inches high, \$1.25 per doz.; \$10.00 per 100.

Iris Kaempferi. Japanese Iris.

The collection of 24 varieties described in our retail catalogue were selected for us by the most responsible house in Japan, and we are assured the collection embraces the cream of the hundreds of varieties cultivated by the Japanese.

While the Iris succeeds in almost any soil and under any conditions, they delight in a rich deep wet position and should be abundantly supplied with manure and water.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

The set of 24 varieties for \$3.00. Choice Mixed Varieties, \$1.00 per dozen; \$8.00 per 100.

Metrosideros Floribunda. Bottle Brush.

We have a fine lot of both tree and bush shaped plants of this useful plant, in fine shape for forcing for Easter.

Bush shaped plants with 12 inch bushy crowns, \$1 each. Standards with stems 20 inches high and 12 to 15 inch crowns, \$1.50 each.

Phlox Divaricata Canadensis.

One of our native varieties that is, however, but rarely met with, and which has been introduced into Europe the past few years as a novelty, and a plant that deserves a place in every American Garden as well, being one of the earliest spring flowers; frequently beginning to flower early in April, it continues until about the middle of June, with large bright lilac flowers, which are produced on stems about 10 inches high in large, showy heads, and are very fragrant. 2½ inch pots, \$1.00 per dozen; \$8.00 per 100.

MUSA ENSETE.

Musa Ensete. Abyssinian Banana.

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$5.00 per dozen.

“ 3 “ 30 “ 3.00 “

Seven Grand Pelargoniums.

(Lady Washington Geraniums.)

The seven varieties listed below are the finest that have ever come to our notice. The plants are of strong, vigorous growth and very free-flowering, while the size and shape of the flowers are all that could be desired.

Dorothy. An extremely free-flowering variety of a soft rosy salmon, with dark maroon blotches on the upper petals and very richly shaded with plum color around the throat. 2½ inch pots, \$2.00 per doz.; \$15.00 per 100.

Mrs. Bradshaw. A fine large flower; white with dark purple blotches. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Madame Thibaut. White, richly blotched and marked with rose, the upper petals marked with crimson maroon with large white centre; the trusses and individual flowers are of immense size, while the petals are heavily ruffled. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Mrs. Robert Sandiford. A sport of the above variety with which it is identical in every way, except in color, which is of a pure glistening snow-white; a grand acquisition. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Madame Vibert. A grand flower with black maroon blotches bordered fiery red, the flower entirely edged with rose; a vigorous grower, of fine habit, and a free bloomer. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Marquise of Salisbury. A high colored variety with rich dark spots. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Victor. Bright cherry-red with white markings at base of each petal, two upper petals heavily spotted with deep maroon. 2½ in. pots, \$1.50 per doz.; \$10.00 per 100.

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.25 each.

PELARGONIUM.

Pandanus Utilis.

We have a large stock of this popular plant in fine condition.

2 inch pots,	\$.75 per doz.;	\$6.00 per 100.
3 “	1.25 “	10.00 “
4 “	2.50 “	20.00 “

Dreer's Double Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots. \$1.00 per doz.; \$8.00 per 100. The set of fifteen varieties for \$1.25.

DREER'S SUPERB DOUBLE FRINGED PETUNIAS.

PALMS Our Leading Speciality.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florists' trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Cocos Plumosus.

3 inch pots, \$1.25 per doz.; \$10.00 per 100.

Geonoma Gracilis.

We offer a fine stock of this most graceful Palm.

Fine young plants in 2 inch pots, \$1.25 per dozen; \$10.00 per 100.

Rhododendrons for Forcing.

The stock offered below consists of such varieties that are especially suited for forcing and can readily be flowered at Easter. 12 to 15 inches high with from 6 to 12 buds, 75 cts. each, \$8.00 per doz. Also a lot of beautiful specimen plants, 3 to 4 feet high and with a spread of 3 to 3½ feet and from 50 to 75 buds. \$3.50 each; \$42.00 per doz.

Hardy Rhododendrons for Outdoor Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate. We offer three sizes, and all are set with buds. Ready March 15th.

	Each	Per doz.	Per 100
15 inches high, 6 to 8 buds.....	\$0 75	\$8 00	\$60 00

Japanese Tree Pæonies.

We are offering a collection of 18 very fine varieties of these beautiful plants. The selection has been made for us by one of the principal growers in Japan, and we are assured that it contains only the best sorts. The plants we offer are strong two-year old, imported from Japan. 50 cts. each, \$5.00 per doz.; \$40.00 per 100.

Double Rudbeckia, "Golden Glow."

A glorious new plant, and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut-flower purposes, inasmuch as the stems are long and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight.

Strong plants 60 cts. per doz.; \$5.00 per 100.

Hardy Garden Pinks.

Souvenir de Sale. An entirely new shade in hardy Pinks, being a delicate soft rosy pink with exceptionally large flowers, which are beautifully formed, very double and exceedingly useful for cutting and one of the freest flowering yet raised. A grand acquisition and a fine companion to that most useful white variety "Her Majesty." It was awarded a first class certificate by the National Pink Society in London.

2 inch pots, 60 cts. per doz. ; \$4.00 per 100.

Her Majesty. This variety is a grand improvement on the popular variety known as "Snow" or "Mrs. Sinkins," to which it is superior in size of flower and freedom of bloom. The flowers, which are of large size, similar to a Carnation, and of the purest white color and very fragrant, are borne on stout, erect stems, 12 inches long. It is perfectly hardy, and will winter in the open border without protection; or may be grown in cold frames for early forcing.

Very strong one year old clumps, \$1.00 per doz. ; \$6.00 per 100.

Scotch Pinks.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish maroon centre.

Prince Arthur. Crimson centre, blush lacing.

Snow (Mrs. Sinkins). Large pure white, very fragrant.

Clumps one year old, \$1.00 per doz. ; \$6.00 per 100.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color, being of a bright crimson, of dwarfer and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration. Strong one-year old plants, \$1.00 per doz. ; \$8.00 per 100.

Single Violets.

The varieties offered below are fully as desirable as the finest doubles, and for freedom of bloom they excel anything heretofore offered.

Admiral Avellan. A French variety with distinct bright reddish flowers, produced very freely; of large size and fragrance.

California. Flowers are very large, borne on long stout stems, which makes it especially valuable as a cut-flower; intensely fragrant and of a clear violet-purple color that does not fade out.

Luxonne. Of the same size as the California, but appears nearly double its size, as the petals all open out flat, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich but soft violet-purple color, with strong stout stems and very fragrant. (See cut.)

Princess of Wales. Another grand variety, not quite as large as *Luxonne* and a shade lighter in color, intensely fragrant.

2 1/2 inch pots (Ready March 1st,) 60 cts. per doz. ; \$4.00 per 100.

FERTILIZERS.

DREER'S AMMONIATED BONE PHOSPHATE. A valuable fertilizer for the garden and farm, made from pure materials, and certain to give satisfactory results. Per sack of 200 lbs., \$3.00; per ton, \$25.00.

CLAY'S FERTILIZER. Highly recommended for all purposes in the vegetable, fruit and flower garden, specially adapted in rose forcing. In sacks as imported, $\frac{1}{2}$ cwt. \$1.75; $\frac{1}{4}$ cwt. \$3.25; 1 cwt., (112 lbs.), \$6.00.

PURE BONE MEAL. Better than Ground Bone for mixing with potting soil, as it is much finer and in better condition for giving immediate effect. 200 lb. sack, \$3.25; per ton, \$28.00.

PURE GROUND BONE. Excellent for restoring and quickening grass plots, gardens, etc. Apply 400 to 600 lbs. to the acre. Sack of 200 lbs. \$3.25; per ton, \$28.00.

BONE FLOUR. Ground perfectly fine; an excellent fertilizer for pot plants or beds where an immediate effect is wanted. 100 lbs. \$2.50; bag or bbl., 200 lbs. \$4.00; per ton, \$36.00.

NITRATE OF SODA. A fertilizer for all crops, and the only means by which the largest per cent. of Nitrogen can be applied to soils. 50 lbs., \$1.75; 100 lbs., \$3.25; 200 lbs., \$6.00; ton, \$45.00.

PULVERIZED SHEEP MANURE. Excellent for mixing with potting soil. 100 lb. sack, \$2.00; ton, \$35.00.

LOBOS PERUVIAN GUANO. Four per cent. ammonia. Per bag (about 167 lbs.) \$3.50; per ton, \$40.00.

CANADA UNLEACHED HARDWOOD ASHES. Per bbl. \$2.50; per ton, \$18.00.

INSECTICIDES.

ANT EXTERMINATOR. A most effectual preparation for the destruction of Ants in lawns and pleasure grounds. Directions for use on each package. Put up in three sizes, 25 ct., 50 ct., \$1.00.

BORDEAUX MIXTURE. (*Liquid*.) This mixture is a scientific preparation and combined in a manner heretofore unknown, as by simply adding water and stirring, it is ready for use. 1 gal. \$1.00, will make 1 bbl. liquid; 1 qt. 40 cts., will make 15 gals. liquid.

FLOWERS OF SULPHUR. A preventive and cure for Mildew. Per lb., 6 cents; 10 lbs. 50 cts.; per 100 lbs. \$3.00.

FIR TREE OIL. Per $\frac{1}{2}$ pint, 40 cts.; per pint, 75 cts.; per quart, \$1.25; per $\frac{1}{2}$ gallon, \$2.25; per gallon, \$4.00.

FOSTITE. The great Mildew remedy. 5 lbs., 50 cts.; 25 lbs. \$2.00; 50 lbs. \$3.50; 100 lbs. \$6.50.

GRAPE DUST. Preparation for destroying Mildew, Mold or Rust Mites, in greenhouses or the open air. 5 lbs. 30 cts.

GISHURST COMPOUND. For Green Fly, Thrip, Mealy Bug and Scale. Per lb. box, 40 cts.; 3 lb. box, 90 cts.

HELLEBORE. Thoroughly effective. Per lb. 25 cts.

LEMON OIL INSECTICIDE. A sweet-smelling, milk-white, soapy wash. Destroys Mealy Bug, Scale, Thrip, Red Spider, Black and Green Fly, Caterpillar, etc. Directions on can. $\frac{1}{2}$ pint, 25 cts.; pint, 40 cts.; quart, 75 cts.; $\frac{1}{2}$ -gallon, \$1.25; 1-gallon, \$2.00; 5-gallon kegs, \$9.00; 10-gallon kegs, \$17.50.

LITTLE'S ANTIPEST. A sure destroyer of Scale, Woolly Aphis and all insect pests. Per quart, 85 cts. $\frac{1}{2}$ -gallon can, \$1.50; 1-gallon can, \$2.50; 5-gallon can, \$10.00.

LONDON PURPLE. 20 cts. per lb.; 5 lbs. for 90 cts.

TOBACCO ROSE LEAF EXTRACT. A very strong nicotine solution. Used in various ways—such as evaporating or by syringing. Try it. Price, 5-gallon can, \$5.00; 1-gallon can, \$1.50. Directions on application.

POWELL'S IMPROVED BORDEAUX MIXTURE. Ready for use by simply adding water. 1 lb. box, price 15 cts., makes 5 gallons spray; 5 lb. box, price 60 cts., makes 25 gallons spray; 10 lb. box, price \$1.00, makes 50 gallons spray; 25 lb. box, price \$2.50, makes 125 gallons spray; 300 lb. bbl., price \$24.00, makes 1500 gallons spray. Send for directions.

POWELL'S KEROSENE EMULSION (a paste), ready for use by simply adding water. 1 lb. can, price 15 cts., makes 10 gallons spray; 5 lb. can, price 60 cts., makes 50 gallons spray; 25 lb. can, price \$2.50, makes 250 gallons spray.

POWELL'S COPPERDINE. For Black Rot, Downy Mildew and Anthracnose of the Grape, Pear Leaf Blight, Pear Scab, Apple Scab, Powdery Mildew, Celery, Carnation and Violet Rust. Quart jug (makes 25 gallons wash), 50 cts.; 1 gallon jug (makes 100 gallons wash), \$1.50; 5 gallon can (makes 500 gallons wash), \$6.25.

PERSIAN INSECT POWDER. For destroying Roaches, Ants and Fleas. Per lb. 40 cts.

PURE PARIS GREEN. 25 cts. per lb.; 5 lbs. \$1.00.

ROSE BRAND SULPHO-TOBACCO SOAP. A valuable Insecticide for Plants, Trees, Sheep, Cattle, Dogs, Horses, Poultry and domestic use. Dissolve 2 ozs. in one gallon of water. $\frac{1}{2}$ lb. tins, 25 cts.; postpaid 33 cts.; bulk, 10 lbs., \$3.00.

SLUG SHOT. A safe insecticide to use, and combines utility with cheapness. Per 10 lb. pkg. 50 cts.; 100 lbs. \$3.50; in bulk, full barrel of 235 lbs., 3 cts. per lb.

TOBACCO DUST. A sure remedy for Green Fly. Per lb. 5 cts.; per 100 lbs. \$2.50.

TOBACCO STEMS. For fumigating. In bales of about 250 lbs. \$1.50; per bbl. 75 cts.

TOBACCO SOAP, PINNER'S. For destroying all insects on plants and animals. Per lb. 30 cts.

WHALE OIL SOAP. Cans, 1, 2 and 5 lbs., 15, 25 and 50c.

Single Cone Bellows, \$1.00 and \$1.75.
Double Cone Bellows, \$2.75.
Spraying Bellows, \$1.00 and \$1.75.
Special Sulphur Bellows, \$1.50.

Paris Green, Slug Shot, and Plaster Dusters.

An effectual and cheap duster for dry powder. With handle as figured, either fine or coarse mesh.

15 cts. each.

With side handle for using with pole,

10 cts. each.

Knapsack Sprayers.

The only way to have healthy nursery stock, sound plants, and perfect fruits and vegetables, is to protect them with the right fungicides and insecticides at the proper times.

For applying Bordeaux Mixture and all Liquid Insect destroyers.

Excelsior (copper). holds 4 gallons, \$12.00.

Myers' (copper), holds 4 gallons, \$10.00.

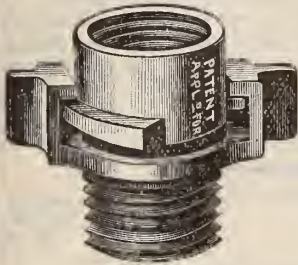

Eureka Hand Weeder.

This implement is the best hand weeder made, a great improvement on the clumsy weeders heretofore offered. Made of the best forged steel. Excellent for deep cultivation of rose and carnation beds.

Price, 25 cents each.

The "Simplicity" Hose Attachment.

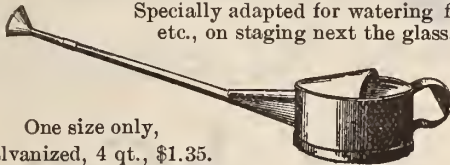

There is no simpler arrangement on the market for attaching hose to hydrant; one part is attached to hose, the other to the hydrant; by a slight turn the fastening is made.

Complete, 25 cts., \$3.00 per doz.; parts separate, \$1.50 per doz.

The Low Greenhouse Can.

Specially adapted for watering ferns, etc., on staging next the glass.

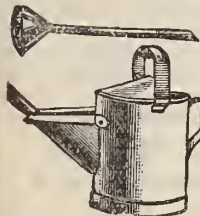

One size only, Galvanized, 4 qt., \$1.35.

Quantity

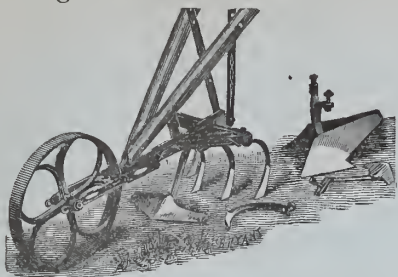

Names of Seeds, &c., Wanted

Price

Amount brought forward,

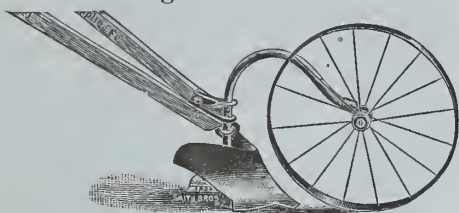

HAND CULTIVATORS AND SEED DRILLS.

Gem Single Wheel Hoe and Cultivator.

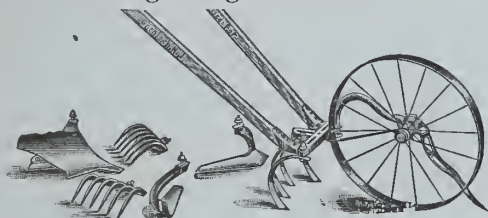

Five steel teeth, two scuffle hoes, and two plows, one right and the other left hand. The hoes, etc., can be set in any position. \$3.50.

New Iron Age Hand Plow.

A featherweight tool of wonderful power. The large wheel makes the turning of a furrow a pleasure. \$2.50.

New Iron Age Single Wheel Hoe.

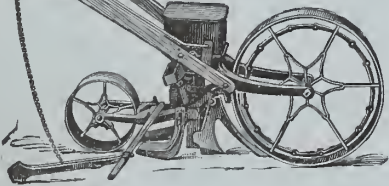

Simple, strong and very light in weight; a pleasure to use it, so little labor. \$4.50.

The "PLANET JR." No. 5 Hill Dropping Seeder.

The new No. 5 "Planet Jr." drops at 5, 6, 8, 10, 12, 16, 24 and 48 inches apart, and also in a continuous row. Index with brass screw regulator and cut-off is at the top of the handle.

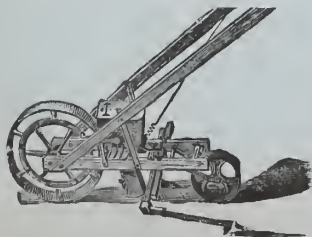

It is very light running. Its large capacity will suit all large growers, and yet it works so perfectly that it will sow a single paper of seed or drop it in hills accurately, to the very last grain.

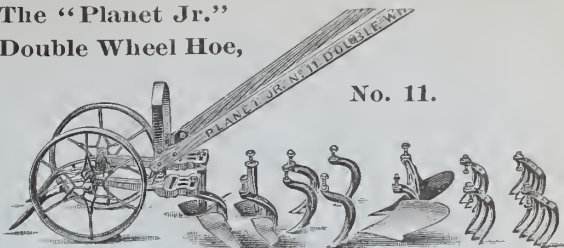

Price, \$12.00.

The "Model" Drill.

The Index or Indicator is plain, convenient and reliable. It is placed in open sight, and can be quickly adjusted to the slightest variation. The flow of seed can be instantly stopped by a swinging cut-off. The marker is simple. The main wheel is large and of sufficient width to prevent its sinking into soft earth. \$6.00.

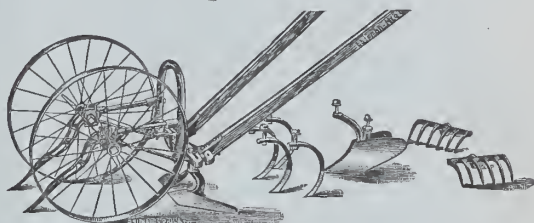

The "Planet Jr." Double Wheel Hoe,

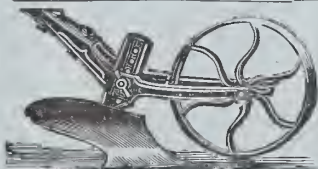

This tool is brand new for 1898. Wheels are 11 inches diameter, and can be set at four different distances; the frame can be set at three different heights. With all parts as shown above, complete, \$8.00. Without rakes, small hoes and leaf lifters, \$6.00. With one pair 6 inch hoes only, \$4.00.

New Iron Age Double Wheel Hoe.

One of the lightest tools made, and will do the work of cultivating with the greatest ease. \$6.00.

The "Fire Fly" Wheel Garden Plow.

An indispensable Tool for the Garden. Can be set shallow or deep. \$2.00.

The "Planet Jr." Single Wheel Hoe.

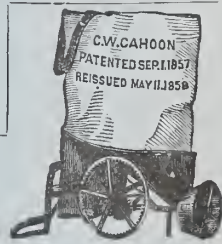

Complete with tools as shown, \$4.50. With hoes only, \$2.75.

THE "FIRE FLY" SINGLE WHEEL HOE.

Same tool as above, excepting rakes and vine lifter, \$3.75.

Cahoon Broadcast Seed Sower.

Will sow any kind of grain or grass. \$3.50.

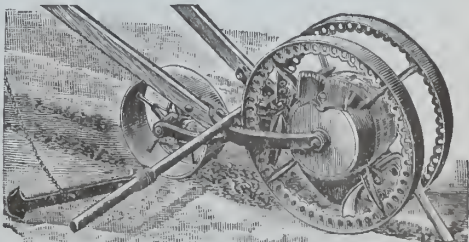

The "PLANET JR." No. 2 Drill.

Has an adjustable opening plow. No hoeing attachments

Can be kept perfect in a straight line, and

sows with ease and accuracy any and all vegetable and flower seeds, covering them just the depth required. The cleaner in front of the plow prevents trash from collecting on the plow. Holds 2½ quarts. \$6.50.

DREER'S WHOLESALE PRICE LIST.

Improved White Cedar Tree Tubs.

Made of white cedar and bound with extra heavy iron hoops. Drop-handles of special pattern, serving as hooks for carry poles. Substantial iron legs of original design. Removable perforated bottoms. Painted green. Discount 5 per cent.

Grafting Tools.

Small Size,50 cts.
Large "75 "

Pruning Gloves.

Heavy Goatskin, \$1.00 per pair.

Patent Plant Bed Cloth, for Shading.

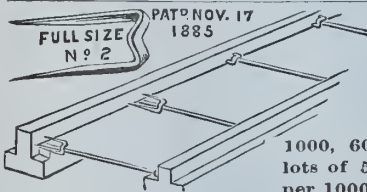

Light grade, 4 cts. per yard; per piece of about 65 yards, 3½ cts. per yard.
Medium grade, 8 cts. per yard; per piece of about 60 yards, 7½ cts. per yard.
Heavy grade, 10½ cts. per yard; per piece of about 40 yards, 10 cts. per yard.

Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
Steel wheel cutters, 15 cts. each; \$1.50 per doz.

THE VAN REYPER PERFECT GLAZIERS' POINTS.

No rights or lefts.
Price per box of
1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

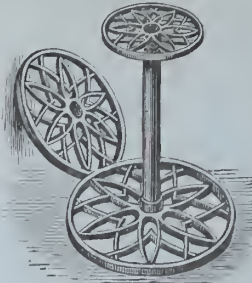

1 gallon \$1.00.

Mastica Glazing Machines (see cut) \$1.00 each.

Dreer's Iron Plant Stands.

These plant stands are made of cast iron in five sizes, and can be furnished in three styles: plain black, galvanized, and bronzed. They will be found very useful for elevating plants in the back rows of greenhouses, conservatories, etc. 10 per cent. discount on 5 stands and over.

No.	Inches high.	Plain.	Galvanized or Bronzed.

5	36	90 "	1.40 "

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkaline is the very thing so long needed.

Green Silkaline is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkaline guaranteed. Price \$1.25 per lb; per spool 20 cts. Silkaline is also used for Bonquet and general florist work. For stringing Asparagus use the F. F. F.

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 15 cts.; 10 lbs. \$1.25; 50 lbs. \$5.00; 100 lbs. \$10.00; bale of about 225 lbs. 9 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 20 cts.; 10 lbs. \$1.80.

Celery Twine for tying Celery, being 5-ply and much stronger. 20 cts. per lb.; 5 lbs. 85 cts.

Two-ply Coarse Cotton Twine for general use in tying Beets, Carrots, etc. 18 cts. per lb.; 5 lbs. 80 cts.

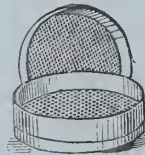

Jute Twine for tying Plants or Vegetables. 10 cts. per lb.; 100 lbs. \$9.00. Can be supplied in 2, 3 and 4 ply.

Flax. 2 ply, for roping Onions. Per lb. 20 cents; 100 lbs. \$18.00.

Tar Twine for tying Mats and Fodder, etc. 10 cts. per lb.; \$8.00 per 100 lbs.

Wire Sieves.

We can supply any size mesh, from No. 1 to 30.

20 inch diam., extra heavy	65

APRIL
JUNE

HENRY A. DREER

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

April June, 1898.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Vegetable, Agricultural or Flower seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

The new ranges of glass erected in 1895 and 1896, covering 53,000 square feet each, (two of the houses being nearly one acre each under one roof) are certain to interest anyone having anything to do with a greenhouse. This, we believe, illustrates in a practical way, that we believe in home-grown plants.

Our Palm cultures are now undoubtedly the largest and most complete in the country.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

PACKING.—We make no charge for packing and by our careful and thorough system, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

LOW EXPRESS RATES ON PLANTS, SEEDS AND BULBS.—We are shipping by express lines to all parts of the country, plants, etc., packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

PRICES.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Garden Calendar (Retail Catalogue) and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, Flower Seeds, Bulbs and Plants, 33 $\frac{1}{3}$ % ; Small Fruits, 25% ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.—~~Unknown~~ Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

~~Remittances~~ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

~~Perishable goods~~ Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice. ~~No charge~~ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. ~~In filling out your order~~ In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

 from regular rates of merchandise.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnation, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

1973

Aquatic Department.

We have the largest and best equipped Aquatic Department in the country, and are prepared to supply strong plants of the new and rare as well as the standard sorts of Water Lilies, etc. Florists would do well to plant a few of the leading kinds, they being one of the best "ads." we know of; people go miles to see the Water Lilies, that would not be attracted by any other class of plants.

Full descriptions and cultural directions will be found on pages 96 to 103 of our Retail Catalogue.

Plant Department.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

AGERATUM PRINCESS PAULINE.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. We offer a fine lot of well-budded specimen plants in 7 and 8 inch pots, 26 to 30 inches high, \$2.00 and \$2.50 each.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants that has come under our observation this season. 20 cents each; \$2.00 per dozen.

Anemone Japonica (Honorine Jobert)

Japonica Alba. Pure white.
 " Rosea. Rose color.
 " Whirlwind. New semi-double white.
 2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Araucaria Excelsa.

4 inch pots, 6 to 8 in. high, 2 to 3 tiers, 60 cents each.

Araucaria Excelsa Robusta Compacta.

A handsome dwarf compact growing variety that is always scarce.

5 inch pots, 2 tiers, 8 inches high, \$1.35 each.
 6 " " 3 " 10 " " 1.50 "
 12 " " 5 " 48 " " 20.00 "

ASPARAGUS SPRENGERI.

Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it.

2½ inch pots, ready June 1st, \$1.00 per doz.; \$8.00 per 100.

Asparagus Plumosus Nanus.

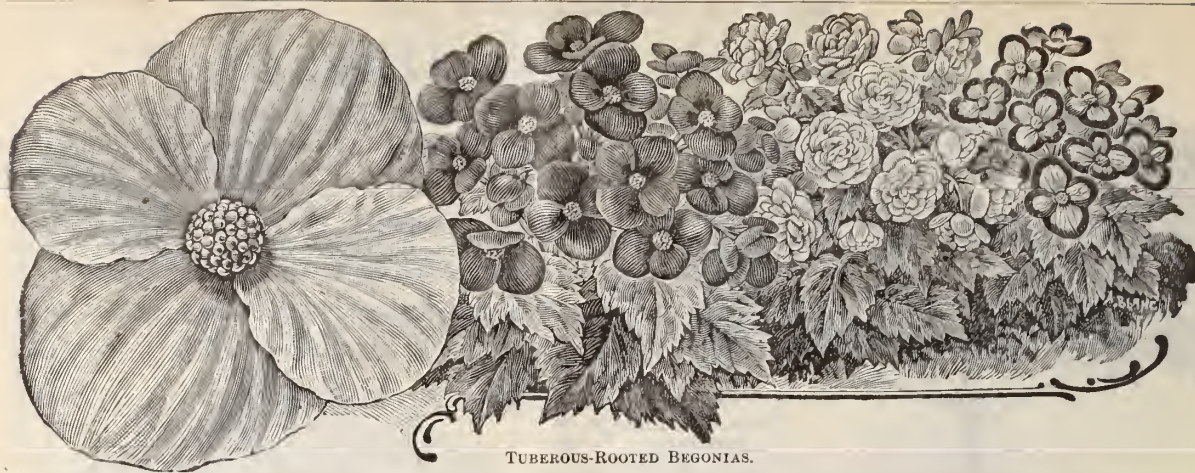

A grand variety for cutting, either in strings or in smaller pieces. We offer a fine lot of thrifty young plants.

2 inch pots, \$1.00 per dozen; \$8.00 per 100.
 3 " 1.25 " 10.00 "

Hardy Asters. Michaelmas Daisies.

We offer a fine collection of these pretty summer flowering hardy Asters; improvements on our native varieties.

Amethystinus. Lovely amethyst-blue flowers.
Amellus Elegans. Rich indigo-blue with yellow centre.
Datschi. A very late-flowering sort; white blossoms.
Lævis. A pretty light-blue variety, flowering early.
Lady Trevelyan. A fine, large, pure white.
Novæ Angeliæ Melpomene. Bluish-purple with yellow centre.
Novæ Angeliæ Rosea. Bright rose-colored flowers.
Robert Parker. Lavender-blue with yellow centre.
 \$1.00 per doz; \$8.00 per 100.

TUBEROUS-ROOTED BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care with this as in the previous seasons, to select only such varieties as are adapted to our climate and certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 50 cts. per doz; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. \$1.25 per doz; \$10.00 per 100; \$90.00 per 1000.

Double Varieties in Choice Mixture. \$1.00 per doz; \$8.00 per 100; \$70.00 per 1000.

New Frilled Tuberous-rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. The illustration gives a very good idea of its general appearance. Of German origin, and created a sensation wherever exhibited the past season; a decided acquisition. Strong bulbs, 30 cts. each, \$3.00 per doz.

New Tuberous-rooted Begonia, DUKE ZEPPELIN.

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. A bed containing about 500 plants of this variety, for gorgeous effect, eclipsed anything we ever saw. Strong bulbs, 30 cts. each, \$3.00 per doz.

Bougainvillea Glabra Sanderiana.

This handsome free flowering variety is becoming more popular each season, and is meeting with much favor as an Easter Plant. Good young plants for growing on, 25 cts. each, \$2.50 per doz.

BEGONIA DUKE ZEPPELIN.

NEW FRILLED BEGONIA.

CARNATIONS.

Rooted Cuttings of Novelties and Varieties of Recent Introduction.

Bon Ton. Bright warm scarlet, large, deeply fringed fragrant flowers on a stem as stiff as a reed; perfect calyx. Habit of the plant exceptionally strong; resembling Portia, but much heavier and more vigorous. \$2.00 per doz.; \$10.00 per 100. \$75.00 per 1000.

Empress. Magnificent bright rich crimson, base of petals fiery scarlet. large perfectly double flowers deeply fringed and delightfully fragrant. Stems 2½ to 3 feet and self-supporting. A hardy, vigorous grower and very prolific. The largest and richest of its color yet introduced. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Flora Hill. An enormous white, easy to grow, very early and free in bloom and not subject to disease. We sent out a great quantity of this variety last year and have the first complaint to hear regarding it in any way; it has given universal satisfaction. 75 cts. per doz.; \$5.00 per 100; \$40 per 1000.

Gold Nugget. Clear deep yellow, slightly marked with red. The first real rival of Buttercup in color—in point of productiveness and constant blooming it is far ahead of that fine variety. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Harrisons White. A sport from William Scott, flowers same size; habit of plant the same as Scott and equally free. 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Jack Frost is perhaps the largest white carnation in cultivation, having won this distinction in open competition at Philadelphia in April, 1896. It is of fine form, beautifully fringed and exceptionally fragrant. We have grown flowers 4 inches in diameter, and 3½ inches is a common size. \$2.00 per doz.; \$10.00 per 100; \$80.00 per 1000.

John Young. Very double snow white flower, deeply fringed; splendid calyx; strong clove fragrance. Stem strong, stiff and wiry; habit erect, vigorous, exceptionally healthy and a free and steady bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Mrs. Geo. N. Bradt. Clear white, heavily edged and striped with bright scarlet, flowers large and full; habit strong and vigorous. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Mrs. James Dean. Clear silvery pink, delicate and chaste, yet brilliant and effective under all lights. Flowers large and very full and come on long, wiry stems, and a free bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

New York. Bright cerise pink, resembling Bridesmaid. Habit erect, strong, vigorous, free, early and continuous bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

White Cloud. White, habit same as Daybreak but taller, stronger, more vigorous and an earlier and much freer bloomer. Flowers large, excellent form and finish. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Carnations. Standard Varieties.

Crotons.

We offer a choice collection of twelve of the most distinct varieties.

3 inch pots, set of 12 for \$2.00; \$15.00 per 100.

Cycas Revoluta.—(Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

SAGO PALM.

SELECT SET OF SIX NEW CANNAS.

We take much pleasure in presenting this set of 6 Cannas. We consider them the "cream" of this year's introductions, and feel sure that each and everyone will give the utmost satisfaction

Goliath. The finest Crimson Canna extant, and we have no hesitation in predicting a great future for it. It was introduced by the fortunate originator of Queen Charlotte and other prominent varieties. It is of uniform dwarf habit, never exceeding 3 feet in height, with broad, massive dark green leaves; an early and continuous bloomer, throwing its graceful trusses of large bold flowers just the proper distance above the foliage; color rich dazzling crimson, similar to that old favorite, Alphonse Bouvier. 75 cts. each.

J. D. Eisele. A magnificent vermilion scarlet overlaid with orange, raised by one of Europe's foremost Canna specialists, and named in honor of our Nursery Manager. It is a strong free grower, attaining a height of 3½ feet, and is without question the finest scarlet yet offered. 75 cts. each.

Menelek. This is the best of M. Crozy's introductions for this season, and one of the most floriferous varieties known to us. It is of dwarf compact habit, about 3½ feet high, very uniform, with heavy rich green foliage. Its flowers are

CANNA ALLEMANIA.

of good size, with broad petals; are of a rich nasturtium red, a color which shows well in contrast with other shades. 75 cts. each.

Furst von Hohenlohe. An ideal yellow bedding Canna. Its flowers are of fair size, the upper petals of purest yellow, the lower one slightly marked with crimson. Its strong points are its great floriferousness, neat compact habit, large spikes of flowers, and the fact that at the distance of only a few feet it appears as a pure yellow. We have no hesitation in placing it at the head of the list of yellows. 50 cts. each.

Sam Trelease. This handsome variety originated with Mr. James Gurney, Superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gardens, and was admired by everyone who saw it in our grounds last summer; in fact, many prominent Canna growers considered it the best and most distinct new variety in our fields. The greatest merit of this variety is that the flowers open flat, which, with its very broad petals, which are of good substance, makes a large, nearly perfect circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow about the same as in Mme. Crozy. It grows about 3 feet high, with large, freely branching spikes of flowers, which are thrown above the foliage of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it, and we feel certain that it will soon become one of the popular standard sorts. 35 cts. each.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. (See cut on page 27.) 35 cts. each.

Special Offer: We will furnish one each of the set of 6 select Cannas for \$3.00.

NEW AMERICAN CANNA, PRESIDENT CLEVELAND.

A variety that originated in Washington, D. C., where it is used very extensively in the grounds of the various departments. It is of strong, robust habit, growing about 3 feet high, with rich green foliage. The flowers, which are bright orange scarlet, are borne in enormously large trusses, standing well above the foliage, making it very conspicuous; an excellent sort for massing. 60 cts. each; \$6.00 per doz.; \$40.00 per 100.

CANNA GOLIATH.

New Italian Orchid-Flowered CANNAS.

CANNA SUNRAY.

The following are the best of the Italian introductions of this season; all are the large orchid-flowered type similar to the famous Austria and Italia introduced last year. We call special attention to those having dark foliage, they stand alone and above all other bronze-leaved sorts heretofore introduced, and are worthy of a place in every collection for their foliage effect alone.

America. Of handsome, majestic growth, attaining a height of 6 feet; the magnificent bronzy foliage marked with green, having a peculiar lustre, appearing as if varnished; flowers rich orange-salmon, feathered and veined with scarlet. 35 cts. each.

Allemania. This is perhaps the best of the Italian-type flowers, being exceptionally large, frequently measuring over 6 inches across; the upper petals salmon, with broad border and markings of golden-yellow, while the lower petal is darker salmon, marked with yellow in the centre; a fine flower and possesses more substance than others of this type; dark green foliage; grows 6 feet high. (See cut on page 26.) 30 cts. each.

Africa. Similar in foliage and habit to America; flowers large, of rich orange-salmon, deepening to scarlet in the throat; height 6 feet. 30 cts. each.

Asia. A bright yellow variety, similar to Austria, but with more decided and deeper red spots in the throat; foliage deep green. 30 cts. each.

Aphrodite. Deep green foliage and large flowers, upper petals salmon edged and feathered light yellow, lower petals light salmon with paler shadings. 30 cts. each.

H. Wendland. An improved Italia, with larger flowers of better substance and richer color, the orange-scarlet on yellow ground being more intense; fine. 75 cts. each.

La France. A counterpart of America, but with still darker foliage and more compact habit, growing about 5 feet high; flowers orange-scarlet. 30 cts. each.

Pandora. Another bronze-foliaged variety in the style of America, with salmon flowers, each petal streaked and marbled with scarlet; quite distinct; grows 6 feet high. 30 cts. each.

Suevia. A very large, pure yellow flower, brighter than Austria or Bnrbank, with brownish-red dashes on the throat; foliage green; 6 feet. 50 cts. each.

Special Offer.—We will furnish one each of the 9 Italian varieties for \$3.00.

CROZY'S BEST SIX CANNAS FOR 1898.

From 15 varieties sent us by M. Crozy last year we have selected the 6 varieties enumerated below as the most distinct and handsome. All are desirable additions to our list, and we fully endorse each one.

Depute Ravarin. A pretty and pleasing sort, with good-sized, deep, garnet flowers, a shade lighter than the favorite Alp. Bouvier, which it much resembles, except that the truss of flowers stand erect and is much larger; height 5 to 6 feet. 35 cents each.

Joseph Combet. This is a rich velvety cardinal, very brilliant; flowers of good size, habit dwarf and compact, about 3½ ft. 35 cts. each.

Mme. Favrichon. A most prolific flowering sort, growing about 4 feet high; flowers satiny-carmine, with a peculiar orange sheen; distinct and desirable. 35 cents each.

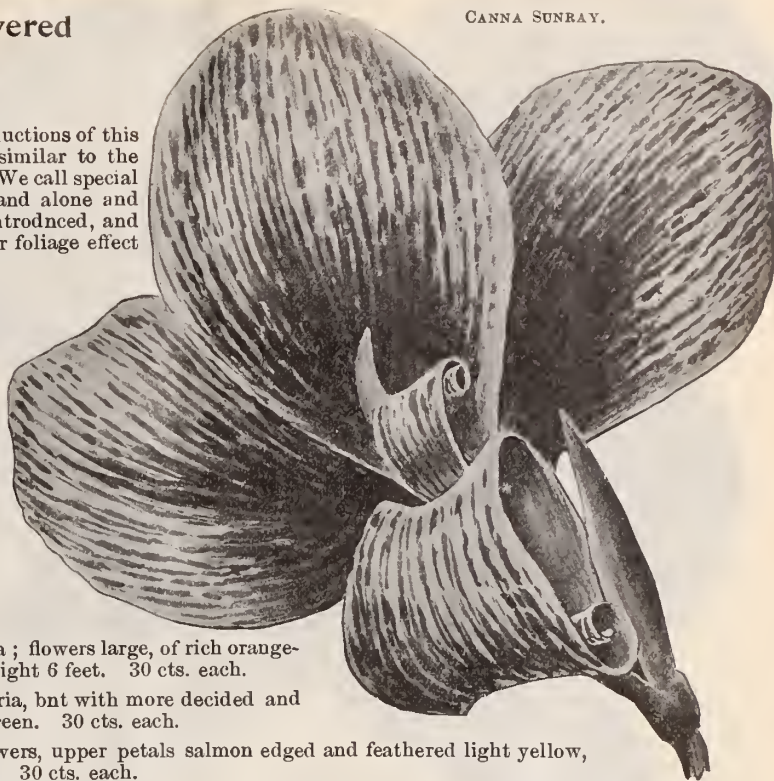

Mme. Leon Leclerc. This is one of the oldest colors introduced this season, the ground color being a bright orange-scarlet, with a heavy tip and narrow margin of yellow on each petal. The plant grows about 5 feet high and produces its good-sized spreading flowers very freely in branching heads. Entirely distinct from anything yet sent out, and a valuable addition to any collection. 35 cents each.

R. Pearson. Golden-yellow ground, dotted with innumerable light red spots, the spots being much more numerous than in any other variety; flowers of about the same size as Flo. Vaughan, produced very freely; habit compact and uniform; growing about 3½ feet high. 35 cents each.

Secretaire Chabanne. A most pleasing variety, with large flowers of very rich salmon, a shade entirely distinct from any other sort; plant of uniform growth; about 4 feet high, and one of the freest-flowering varieties in the collection. 35 cents each.

Special Offer.—We will furnish one each of Crozy's Best Six Cannas for 1898 for \$2.00.

GRAND SPECIAL OFFER.—We will furnish one each of the 22 New Cannas offered on page 26 and above, making a collection embracing the best novelties of the year, for \$7.50.

SUEVIA.

Wholesale Price List.

Italian Orchid-Flowered Cannas.

CANNA ITALIA.

This distinct race of Cannas was offered last year for the first time, and has given general satisfaction with the exception of being thinner and having less substance than the French varieties; do not last so long in hot, dry weather; but this objection is not serious, as they are so extremely free-flowering that they are continually in bloom. The individual flowers are very large, rarely measuring less than six inches across, while the coloring is superb, and the name Orchid-flowered is very appropriate.

Italia and Austria.

Having a large stock of the above two fine varieties, we are in a position to offer strong dormant eyes at \$5.00 per 100.

Miscellaneous Orchid-Flowered Cannas.

We have a limited stock of the following varieties introduced last Spring, and offer same as long as unsold, at 25 cents each; \$2.50 per dozen.

Bavaria.	Edouard Andre.	Kronos.	Perseus.
Borussia.	Heinrich Seidel.	Oceanus.	Phito.
Burgundia.	Iberia.	Partenope.	Suevia.

Wilhelm Beck.

SIX SUPERB SORTS

The "Cream" of M. Crozy's 1897 Introductions.

We take great pleasure in offering these six superb sorts, which are without exception the very best in their respective colors and type up to date, and we feel certain that purchasers of this set will be fully satisfied with the selection. We have given these varieties two seasons' trial under field culture, where they received the most ordinary treatment, and under all conditions of weather they held their own with the host of so-called novelties.

Baronne de Poilly. A most prolific flowerer, with large rounded petals which open out very full, making a perfectly round flower of excellent form; of a rich orange-salmon color; foliage light green; habit compact; 3½ feet.

Hortense Barbereau. Remarkably fine, large, cherry-red trusses of immense size; a decided improvement on all others of this type; excellent for massing; habit compact and strong; foliage rich dark green; 3½ feet.

Mlle. Berat. A decided acquisition on account of its color, which is the nearest approach to a pink in a first-class bedder. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance both on the single plant or when planted in masses. In this variety, however, the larger the mass the finer the effect, and when planted with yellows and high-colored reds it is simply superb; height 4 feet.

Mine D'Or. This is practically a yellow Mme. Crozy, which it resembles in size and shape of flower. It is of bright canary-yellow, the lower petals very lightly marked with red. Like all other yellows it has the fault of bleaching under certain conditions of the weather, but it is the best of this type of flower; height 3 ft. 50 cts. each; \$5.00 per doz.

Leon Pepin Lehalleur. A grand variety of brilliant carmine-red that at once attracts attention. It is effective in every position; flowers extra large and round, with strong, heavy petals of fine substance; a strong grower of good habit; 4 feet.

Vice-President Luizet. An excellent variety and especially effective for massing. It is of a rich cherry-red, with carmine reflex. The flowers are produced in very large, compact spikes; foliage green; 3 feet.

Price of any the above Six Superb Sorts 20 cts. each, \$2.00 per doz., \$10.00 per 100 (except where noted), or one each of the six varieties for \$1.50.

The best DARK-LEAVED CANNA, Bassett's Red.

This is without doubt the finest of all the dark foliaged varieties, and where foliage effect is wanted or in connection with the French varieties it is a perfect gem; it has small flowers like all the *Indica* type to which it belongs, but its foliage is superb, being of the most intense bronzy red; in growth it is strong and stately, growing very uniformly to a height of five feet. 75 cts. per doz; \$5.00 per 100.

CANNAS.—Continued.

Various Important Introductions of 1897 and 1898, and other Scarce Varieties of Special Merit.

	Per doz.	Per 100

NEW CHRYSANTHEMUMS.

Frank Hardy.

This superb variety is destined to become popular, and in large demand both for exhibition and for the cut-flower trade.

It grows about four feet high, has a most robust constitution, a stem of great strength and rigidity mantled with luxuriant leafage right up to the flower. The flower is pure white, full, deep, and solid; the petals incurring in graceful folds, the form altogether unique.

It averaged 92 points from the awards of four C. S. A. committees, at New York, Boston, Philadelphia, and Chicago; has received many certificates from other societies, and won first prize in competition with all the leading varieties on the market, wherever shown during the past season.

50 cts. each; \$3.00 per doz.; \$20.00 per 100.

Pennsylvania.

A sport from Philadelphia possessing all the good points of that favorite variety, excepting that the color is a rich bright yellow and certain to become a general favorite.

50 cts. each; \$5.00 per doz.; \$35.00 per 100.

PENNSYLVANIA.

E. G. HILL & CO.'S NEW CHRYSANTHEMUMS.

Autumn Glory. (Raised by H. Yoshiike.) The finest new variety of the year, and a grand addition to the small family of fine pink varieties. Height, 4½ to 5 feet on the bench. Blooms Nov. 5th to 15th. A grand commercial pink and unsurpassed for exhibition; there is nothing at all like it in color, which is a deep reddish salmon on opening and gradually changes to a soft shrimp pink when finished; of the general shape of Vivian Morel, of largest size and takes on great depth. A very easy variety to grow, without any troublesome peculiarities. A wirey stem and beautiful foliage add to its value. A fine traveler, having scored well with 4 of the committees and at the principal shows.

50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Black Hawk. A mid-season reflexed, of dark crimson scarlet, showing no trace of the dull reverse. This is decidedly the most beautiful variety yet obtained among scarlet crimsons.

H. W. Longfellow. Very large, globular bloom, white, sometimes flushed with pearl color, slender stiff stems, fine foliage up to the flower which is very full with petals beautifully formed, early midseason.

Polar Queen. Heavily and beautifully foliaged from soil to bloom; color bright yellow, of two shades; enormous bloom; will rank in size with finest exhibition sorts and is elegant for commercial purposes.

GROVE P. RAWSON'S NEW CHRYSANTHEMUMS.

Wm. H. Chadwick. One of the grandest novelties of the year, a star production, certificated at Chicago, Boston, New York and Philadelphia. An immense striking bloom, waxy white, occasionally rosy tinted. Habit, growth, stem and foliage simply perfect. Anyone can grow it satisfactorily. Mid-season or later.

\$1.00 each; \$6.00 per doz.; \$35.00 per 100.

Yellow Fellow. Winner of the \$100.00 high grade Stearns bicycle prize, in a strong competition. It gives a large graceful bloom with ordinary treatment, and can be grown of immense size for exhibition. Bud tinted bronze, maturing rich bright yellow. Iron-clad constitution, mid-season Japanese variety.

50 cts. each; \$3.00 per doz.

F. DORNER & SON'S NEW CHRYSANTHEMUMS.

Mrs. C. H. Peirce. A soft deep yellow that appeals to the eye and at once becomes a favorite. Of robust habit, model strength of stem, heavy beautiful cut foliage up to the flower, its even growth, uniform size of flowers that are made up of well developed leatherly petals, giving it the greatest substance. Its proof against burning and its excellent shipping qualities will rank it with the best of commercial varieties. Height 3½ feet. The large full flowers of globular form, with straight petals curved in at the tip, produce an equal to Major Bonnaillon of a deeper yellow and a nearly reverse in style of petal. Take first bud. At its best November 6th to 25th. Recommended for N. C. S. Certificate by committees at Boston, Philadelphia, Cincinnati and Chicago.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Snow Queen. A first class commercial variety, a large, nicely finished snow white flower of rounded form full to center, slightly curved pointed petals and of great substance, good strong stem with foliage nearly up to the flower, good keeper and shipper. Height 3 to 3½ feet. At its best, October 20th to November 5th. Received N. C. S. Certificate. Ready March 1st.

50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Merry Christmas. The best and latest of all whites. Height 4½ feet. Good stiff stem. A well formed flower of purest white. In style of Mutual Friend, but far greater in substance and full to the center. The latest of all chrysanthemums, being at its best from December 20th to January 1st.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Chrysanthemums.—Continued.

Selection of Standard Varieties.

- Ada Spaulding.** Rich pink, shading to pearl white.
- Charles Davis.** This is simply V. Morel in another color, being tawny yellow or golden bronze.
- Col. Wm. B. Smith.** An immense, double, high-built flower, bright golden bronze.
- Challenge.** A very late flowering variety, the flower is a perfect globe of gold.
- Eugene Daillidouze.** Flowers large yellow, full and double, a grand variety.
- Fisher's Torch.** Bright, fiery red; large and double, with a high-built centre.
- George W. Childs.** The best deep self-colored crimson variety; flowers massive, of immense size.
- Golden Wedding.** Golden yellow, intense and dazzling. Flowers 10 to 12 inches in diameter, 4 to 6 inches in depth; petals broad and long.
- Helen Bloodgood.** A most beautiful clear pink; of very large spherical shape.
- H. L. Sunderbruch.** Bright golden yellow, of fine incurved form and large size.
- Iora.** Tubular, clear pink.
- Ivory.** Snowy white, of perfect form, flowers very large; an early and free-flowering variety.
- J. E. Lager.** Clear, bright yellow; full and massive.
- Liberty.** Best late yellow \$5 00 per 100
- Mme. F. Bergmann.** A fine early white.
- Mrs. Jerome Jones.** White, flamed with rose.
- Maud Dean.** Extra large petals, broad and incurving, perfectly double and of great substance; pink.
- Mrs. E. G. Hill.** A very early variety of large size, full to the centre when fully developed, and of a beautiful pearly pink.
- Mrs. Irving Clark.** Pearly white on the margin, shading to deep rose in the centre, which is beautifully whorled; reflexed; very large and distinct.
- Mrs. J. G. Whilldin.** A handsome light yellow variety of splendid size and form.
- Mrs. Col. Goodman.** A blush white variety, with large globular flowers; 16 to 18 inches in circumference.
- Marie Louise.** A beautiful recurving white, with slender, interlacing petals, forming a plummy globe.
- Major Bonnaffon.** Soft, clear yellow, incurved full in the centre; form and finish perfect.
- Mayflower.** Magnificent large incurved white, lower petal reflex.
- Miss Minnie Wanamaker.** Creamy white, of very large size, incurved.
- Minerva.** Large and massive, incurved, vivid golden yellow.
- Mrs. A. J. Drexel.** Large flowering, early variety; color crimson lake; form rounded.
- Miss Louise D. Black.** Reddish orange, on the style of L. C. Madeira, but much larger.
- Mrs. Potter Palmer.** Large size, of a rose-pink within and silvery without; outer petals reflexed, with incurved tips.
- Mutual Friend.** A reflexed pure white, from 7 to 11 inches in diameter and great depth of flower.
- Modesto.** Fine yellow, incurved, slightly whorled.
- Marion Henderson.** Early yellow, of fine form.
- Marquise de Montemarte.** Very fine large early pink.
- Merry Monarch.** Fine early white.
- Mrs. Henry Robinson.** One of the finest whites, early; a perfect ball of snow when developed.
- Mrs. Perrin.** Beautiful glistening pink; a most desirable shade.
- Niveus.** This is a perfect gem; color snowy white; flowers very large, without coarseness.
- President Wm. R. Smith.** A delicate pure pink, very heavy in substance, borne on strong stems.
- Philadelphia.** The formation of the florets and their disposition makes this gracefully globular in form; its color is white, illuminated with lemon yellow.

- Pink Ivory.** Beautiful shell pink.
- Pluto.** Fine bold globular flower, of clear bright red centre, incurved, reverse of petals golden.
- The Queen.** A grand double white, of fine size.
- Vivian Morel.** Extra large flowers, petals long and loosely arranged; a beautiful light shade of pink.
- Wm. H. Lincoln.** A magnificent golden yellow.
- Prices on any of the above 2½ inch pots, 50 cents per dozen, \$4.00 per 100.

Hardy Pomponé Chrysanthemums.

These have been almost entirely lost sight of during recent years and have received but little attention, but have in the past season or two been considerably in demand again for out-door planting. The collection offered will be found to contain only the most desirable sorts.

- Blushing Bride.** Fine soft pink.
- Canary.** Pale yellow, bushy habit.
- Fred. Peele.** Deep crimson, tipped gold.
- Golden Fleece.** Clear yellow.
- Golden Pheasant.** Rich golden yellow, fine form.
- Globe d'Or.** Golden yellow.
- Eagle d'Or.** Fine yellow.
- Julia Lagravere.** Very fine crimson.
- La Pureté.** Fine pure white.
- Mr. Schmidt.** Yellow, tipped with crimson.
- Mlle. Elise Dordan.** Rose-pink, globular flower.
- Nellie Rainford.** Buff.
- President.** Rosy carmine.
- Princess Louise.** Deep rosy pink, one of the best.
- Regulus.** Crimson red.
- Rosinante.** Blush rose, very dwarf.
- Tiber.** Crimson brown, tipped yellow.
- Vueve Cliquot.** Brick red, edged yellow.
- 50 cents per dozen; \$4.00 per 100.

Caladiums Fancy Leaved.

These handsome variegated varieties are again coming into strong demand. For a few years they seemed to have gone out of favor, but the many new sorts shown during the past two years has created new interest in them. We offer a beautiful collection of 25 distinct varieties at \$2.00 per doz.; \$15.00 per 100. Mixed Varieties, \$1.00 per doz.; \$8.00 per 100. Strong dormant bulbs will be supplied as long as in stock; after these are exhausted good young plants from 2½ inch pots will be supplied.

FANCY LEAVED CALADIUMS.

..Choice New Dahlias.

*The following Collection
Embraces the Finest of
Recent Introductions.*

Beauty Inconstant. A new pompone of perfect form and beautiful yet inconstant color, it sometimes being yellow margined red, at other times white margined yellow, while frequently all three colors combine in one flower, and again the same plant will have all three types at one time. 15 cts. each; \$1.50 per doz.

Clifford W. Bruton. A superb yellow decorative Cactus Dahlia; a strong, sturdy grower and an extremely free bloomer, with flowers 5 to 6 inches across. 30 cts. each; \$3.00 per doz.

Grand Duke Alexis. A unique and grand Dahlia with quilled petals, broad at the base and tapering to a point; color ivory-white with a faint tinge of rose at extremities. 15 cts. each; \$1.50 per doz.

Gilt Edge. A pretty fancy variety similar to Fern-leaved Beauty, but having a golden-yellow edge with creamy white centre; very effective. 15 cts. each; \$1.50 per doz.

Iridescent. A beautiful Cactus variety with a combination of colors that is difficult to describe, the ground color being a clear orange overlaid with red and suffused with pink, giving a soft yet brilliant red effect with a blue reflex. 30 cts. each; \$3.00 per doz.

Miss May Loomis. A grand show variety; shell-like petals of pure white suffused soft rosy-lavender; a most unusual shade. 15 cts. each; \$1.50 per doz.

Snowelad. The finest white pompone Dahlia. 15 cts. each; \$1.50 per doz.

Wm. Agnew. A very large Cactus variety of rich dazzling red, full to the centre, with long twisted petals which occasionally have a clear yellow band running through the centre. 15 cts. each; \$1.50 per doz.

We will furnish one each of the above eight choice new varieties for \$1.25.

Three Grand Dahlias.

American Flag. Ground color snow white, heavily bordered brilliant cherry red, sometimes a central stripe of same color; distinct and pleasing. Not a vigorous grower but a free bloomer and a beautiful flower. 15 cts. each; \$1.25 per dozen.

Fern-Leaved Beauty. A great acquisition and probably the finest of all bedding Dahlias, being a new and distinct type, with fern-like foliage and a dwarf branching habit; color creamy white, with a distinct margin of crimson around each petal. First prize at Philadelphia. 15 cts. each; \$1.25 per doz.

Mrs. Peart. This is the cactus variety that has created so much comment. The flowers are creamy white, shaded soft yellow at base of petals, of peculiar form and medium size; the petals roll backward, the edges overlapping each other, giving them a distinctly unique appearance. A moderate grower. 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Twelve Choice Show and Fancy Dahlias.

Dandy. Ground color pure pink, striped and penciled black.

Duchess of Cambridge. White suffused pink, tipped and edged carmine.

Frank Smith. Rich dark maroon, tipped pinkish white.

Henry Walton. Yellow ground, edged vermilion.

John Keynes. Clear yellow, tipped bright orange scarlet.

Miss Browning. Purest yellow, tipped white.

Mrs. Dexter. A beautiful shade of salmon.

Nero. Deep crimson maroon, large and full.

Penelope. White, delicately flaked lavender towards the edges.

Pluton. The finest pure yellow.

Ruby Queen. Clear ruby red, richly shaded.

Snow. Pure white, very profuse.

10 cents each; set of 12 for \$1.00; \$8.00 per 100.

DAHLIAS.**Twenty-Five Choice CACTUS] VARIETIES.**

Black Prince. Intense velvety maroon.
Beauty of Arundel. Deep glowing crimson.
Constancy. Reddish orange, shaded bronze, tipped white.
Gloriosa. Glistening crimson scarlet.
Honorita. Large soft pale amber.
Henry Patrick. Very fine pure white.
King of Cactus. Deep magenta, overlaid rosy crimson.
Little Cactus. Small, clear bright salmon.
Lyndhurst. Deep scarlet, large and full.
Marchioness of Bute. White, tipped pink.
Minerva. Soft yellow, overlaid soft reddish pink, broad deeply cleft petals.
Miss Bertha Mawley. Rich cochineal with long narrow petals.
Miss Barry. Deep rosy lake with twisted petals.
Mrs. Geo. Reed. Pure white, edged and flaked rosy lake.
Mrs. Hawkins. Rich sulphur, shaded red
Maid of Kent. Cherry red, tipped white.
Mrs. Francis Fell. New blush white.
Nymphæa. Light shrimp pink.
Oban. Rosy lavender, overlaid silvery fawn.
Orange King. Rich glowing orange.
Oriental. Large pale salmon.
Sunlight. Very large, pale yellow.
True Model. Very regular in form, color buff, overlaid with reddish brown.
Wm. Pierce. Rich butter yellow.
Zulu. Darkest maroon, almost black.

NYMPHÆA DAHLIA.

10 cts. each ; \$1 per dozen ; \$8 per 100 ; set of 25 for \$2.

Twenty Pomponé or Liliputian Varieties.

Allie Mourey. Blush white, tipped with pink.
Capt. Jack. Dark red, shaded maroon.
Crimson Beauty. Rich crimson, of beautiful shape.
E. F. Junker. A rich shade of amber.
Eleganta. Soft pink, tipped deep pink.
Fairy Queen. Light sulphur yellow, edged deep peach.
Guiding Star. A favorite pure white for cutting.
Iseult. Very small, pure yellow.
Kline Domitea. Salmon buff, very free.
Ladies' Jewel. Pinkish white, tipped purple.

La Petit Jean. Dark orange crimson.
Little Valentine. Bright purple maroon.
Loveliness. White, tipped pink and purple.
Little Prince. Red, tipped pinkish white.
Miss Lou Kramer. Base of petals yellow and crimson tip.
Perle. Deep red, tipped yellow.
Prince Charming. White, tipped and penciled pink.
Scarlet Gem. Yellow, heavily tipped scarlet.
Vashti. Yellow, shaded and tipped orange crimson.
Vivid. Bright deep crimson scarlet.

10 cents each ; \$1.00 per dozen ; \$8.00 per 100 ; set of 20 varieties for \$1.60.

Coreopsis Lanceolata.

A hardy perennial that should find its way into every garden. The flowers are a clear bright golden yellow and certain to attract attention. It flowers profusely, is perfectly hardy and thrives in almost any situation. One of the best of the perennials, and invaluable for summer cut flowers. Strong one year old clumps, \$1.00 per doz. ; \$6.00 per 100. 2½ inch pots, 60 cts. per dozen ; \$4.00 per 100.

Doronicum Excelsum.

One of the best of the very early flowering perennials, with large golden yellow Daisy or Marguerite-like flowers, about four inches across, beginning to flower in April and continuing at intervals during the whole season. It is also useful as a forcing plant, clumps being potted up and brought into the cool greenhouse at any time during the winter, may be had in full bloom in from four to six weeks time, the flowers proving most valuable for cutting.

Strong divided plants, \$1.00 per dozen ; \$8.00 per 100.
 Strong clumps, suitable for forcing, \$2.50 per dozen ; \$20.00 per 100.

Ficus Elastica. (Rubber Plant.)

A good lot of four inch pots. Plants 10 to 12 inches high at \$1.50 per dozen ; \$35.00 per 100.

COREOPSIS LANCEOLATA.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one year old plants 20 cts. each, \$2.25 per doz.

Dracæna Godseffiana.

Undoubtedly the most striking new plant introduced this year. As shown in the illustration, the plant is of an entirely different habit and appearance from all other *Dracænas*; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an *Aucuba Japonica*, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the *Aspidistra* and *Ficus*. Strong plants 3½-inch pots, ready in April, \$3.00 each, \$30.00 per doz.

Dracænas.

Amabilis. A most desirable variety that quickly forms large specimens. 5 inch pots, 50 cts. each; \$6.00 per doz.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be; a most useful decorative plant that will stand as much abuse as a Rubber. We have a large stock, and offer:

4 inch pots, 10 ins. high,	30 cts. each;	\$3.00 per doz.
5 " 18 " 50 "	5.00 "	
6 " 24 " 75 "	9.00 "	

Congesta Grandis. Similar to Bruanti, but with narrower dark green foliage. 4-inch pots, 35 cts. each; \$3.50 per dozen.

Congesta Discolor. Identical with Grandis, excepting that the foliage has a bronzy tinge. 4 inch pots, 35 cts. each; \$3.50 per dozen.

Fragrans. We have a fine lot of this useful variety:

2½ inch pots, \$1.25 per doz.;	\$10.00 per 100.
3 " 1.50 "	12.00 "
4 " 2.50 "	20.00 "
5 " 4.50 "	35.00 "

Indivisa. This useful variety is always scarce. We offer a limited stock of good plants:

2 inch pots, 60 cts. per doz.;	\$4.00 per 100.
3 " 75 "	6.00 "
5 " 3.00 "	20.00 "

Lindeni. Good plants in 4 inch pots, 75 cts. each.

Marginata. Fine plants of this fine variety. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Massangeana. Good plants in 4 inch pots, 75 cts. each.

Sanderiana. A new and entirely distinct species, and one of the finest novelties introduced for years. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of *Dracænas*.

Good young plants, 2½ inch pots, 50 cts. each.

Terminalis. 2½ inch pots, \$1.00 per doz.; \$8.00 per 100.

DRACÆNA GODSEFFIANA.

CIBOTIUM SCHIEDEI.

MICROLEPIA HIRTA CRISTATA.

FERNS.—Choice and Scarce Varieties.

Adiantum Farleyense.

Our stock of this magnificent variety is exceptionally large and in fine condition. Having been grown at a low temperature they will stand transportation nicely.

2 inch pots, \$1.50 per doz.; \$10.00 per 100.
 3 " " 2.50 " 20.00 "
 4 " " 5.00 " 40.00 "

Adiantum Formosum.

An excellent variety to grow into large plants for decorative purposes.

2 inch pots, \$1.50 per doz.; \$12.00 per 100.

Adiantum Lathomi.

Another scarce variety, which is rarely offered in quantity. It makes one of the handsomest specimens of any Adiantum known to us. Good young plants, 3 inch pots, \$2.50 per doz.; \$20.00 per 100.

Asplenium Nidus Avis.—(Birds Nest Fern.)

We are offering now for the first time a fine lot of this rare and interesting Fern. 5 inch pots, 75 cts. each.

Alsophila Australis.

This useful Tree Fern is always scarce; we have this season an exceptionally fine lot.

2½ inch pots, \$1.00 per doz.; \$8.00 per 100.
 3 " " 1.25 " 10.00 "
 5 " " 3.00 " 25.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its beauty. It is a variety that is always scarce and difficult to obtain. A fine lot of it in 6 inch pots, \$1.50 each; 7 inch pots, \$2.50 each; 8 inch pots, \$3.50 each.

Doryopteris Nobilis.

A beautiful variegated variety with large bold foliage.

2 inch pots, \$1.00 per doz.; \$8.00 per 100.
 3 " " 1.50 " 10.00 "

Microlepia Hirta Cristata.

One of the most useful and graceful Ferns to grow into specimen plants; of rapid free growth. A fine lot of 2½ inch pots, ready April 15th, \$1.50 per doz.; \$12.00 per 100.

Nephrolepis Exaltata Bostoniensis.

A fine stock of 2½ inch pots, ready May 1st, 75 cts. per doz.; \$6.00 per 100.

Nephrolepis Cordata Compacta.

The best of all the Sword-Ferns. 2½ inch pots, ready May 1st, \$1.25 per doz.; \$10.00 per 100.

New Geraniums.

The list noted below embraces the best of this season's introductions. Selected after careful test from the host of European novelties. All will be found entirely distinct and valuable additions to any collection.

Single Sorts.

- Atlantis.** A vigorous grower, very free in bloom with enormous trusses; florets marbled rose and white together. Fine for massing, as the flowers are carried well above the foliage.
- Jacquerie.** Enormous florets in very large trusses, magenta, with flame-colored touches at base of petals.
- La Vienne.** Color indescribably bright and beautiful; bright rosy-scarlet band around each petal, centre of each petal white, marbled and veined with rose; of fine form.
- Mme. C. Bajac.** Free to the last degree in the production of blooms; color pure rose on the edges with white centre.
- N. Menelik.** A fine circular flower of a creamy-white, shading to a deep border of bright pink; very bright in appearance.
- Phyllis.** Pale salmon-rose, one of the most delicately beautiful we have ever seen, flowers very large and round.
20 cts. each. The set of 6 for \$1.00.

Double Sorts.

- Col. Barre.** One of the Bruant type of sun-proof varieties, and an entirely new color in this type, lower petals being of a rosy-pink, upper petals darker and marked scarlet at the base; a most brilliant color effect.
- Edward Danglade.** Very large, spherical trusses, almost covering the plant; color bright rosy-heliotrope, an entirely new shade.
- M. Ott.** Large, round flowers, magenta, tinted violet, upper petals marked with scarlet.
- Marquis de la Costa.** A beautiful new color, bright rosy-aurora, relieved by tints of orange and darker touches of rose.
- 20 cents each; set of four for 60 cents.

New Dwarf Bedding Geranium "Mars."

A superb bedding and pot Geranium; of very dwarf, compact habit, the plant itself not exceeding 4 to 5 inches in height, but exceedingly floriferous. The flowers are of a clear light salmon, darker in the centre. \$1.00 per doz.; \$8.00 per 100.

GENERAL COLLECTION OF GERANIUMS.

Double Flowering Varieties.

- Acteon.** Brilliant scarlet, upper petals tinted violet, \$4.00 per 100.
- Alfred Tennyson.** Bright orange scarlet, shaded vermilion, \$4.00 per 100.
- Anatole de la Forge.** Bright rosy magenta, \$3.50 per 100.
- Bonnat.** Extra fine carmine rose, \$4.00 per 100.
- Bruanti.** Fine scarlet bedder, \$3.50 per 100.
- De Lacepede.** Rosy flesh with lilac shadings, \$5 per 100.
- Ernest Kelway.** Vivid scarlet, \$4.00 per 100.
- Feu de Joie.** Bright scarlet, \$10.00 per 100.
- J. Ricaud.** Rich purplish crimson, \$6.00 per 100.
- Le Cid.** Grand velvety red, \$4.00 per 100.
- La Favorite.** Fine double white, \$4.00 per 100.
- Marguerite Closson.** Dark salmon rose, \$4.00 per 100.
- Mme. Ayme Chevreliere.** Pure double white, \$5 per 100.
- Mme. Jaulin.** Delicate pink, bordered, pure white, \$10.00 per 100.
- Maggie Hallock.** Deep salmon pink, \$4.00 per 100.
- Mrs. Hayes.** Fine pink bedder, \$4.00 per 100.
- Richard Brett.** Orange scarlet, \$4.00 per 100.
- Ruy Blas.** Salmon white, rosy border, \$5.00 per 100.
- S. A. Nutt.** Rich dark crimson, \$4.00 per 100.
- W. P. Simmons.** Dark red, shaded orange, \$4 per 100.

Single Flowering Geraniums.

- Athlete.** Brilliant clear scarlet, \$4.00 per 100.
- Cannell's Favorite.** Rose, shaded magenta, \$4 per 100.
- Copernic.** Rose and dark carmine, white centre, \$4.00 per 100.
- Camille Bernardin.** Rosy pink, \$4.00 per 100.
- Fleur Poitevine.** Rosy carmine, marbled and striped white, \$8.00 per 100.
- Gen. Grant.** Scarlet bedder, \$3.00 per 100.
- J. Sallier.** A mottled and veined rose and carmine, \$8.00 per 100.
- Juliette.** Pink, marbled white, \$4.00 per 100.
- Mrs. E. G. Hill.** A fine salmon, \$4.00 per 100.
- Mme. Bruant.** White veined with carmine, \$8 per 100.
- M. E. Gailletet.** Pale rose, \$4.00 per 100.
- Marguerite de Layre.** Fine single pure white, \$4.00 per 100.
- Mrs. A. Blanc.** Apricot red with rose centre, \$4 per 100.
- Queen Olga.** Best pink bedder, \$4.00 per 100.
- R. Mason.** Fine crimson bedder, \$4.00 per 100.
- Rev. Mr. Atkinson.** Dark rich crimson, \$4.00 per 100.
- Sam Sloan.** Velvety crimson, \$4.00 per 100.
- Van Dael.** Bright silvery rose, \$4.00 per 100.
- W. A. Chalfant.** Good scarlet bedder, \$4.00 per 100.

**DREER'S
CHOICE
GLOXINIAS**

GLOXINIA. We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering. The prices have been reduced to 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Gaillardia Grandiflora.

One of the finest of hardy Perennials. Flowers large numerous, produced on long stems, and excellent for cutting; of the most gorgeous coloring. Centre dark-red brown; petals variously marked with rings of scarlet crimson, orange and vermilion. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year-old clumps, \$1.00 per doz.; \$8.00 per 100. 2½ inch pots, that will flower freely this season, 60 cts. per doz.; \$4.00 per 100.

Two New Giant Heliotropes.

The two varieties listed below are what is known as the Bruant type, being characterized by very large individual florets and immense sprays of bloom, which frequently measure 10 to 12 inches across, and are grand additions to this family.

Czar. A vigorous grower, with dark stiff stems carrying enormous trusses of bloom of an intense deep violet with white eye.

Czarina. Strong robust stems and extremely large trusses of extra sized flowers of deep indigo blue with white eye. 20 cts. each; \$2.00 per dozen.

**Helenium Grandicephalum
Striatum.**

A most interestingly old hardy plant that appears to have been lost from cultivation for a long time, has only recently been re-introduced, and is one of our most desirable perennial plants. It is of strong, robust, erect habit, growing from 3 to 4 feet high, with flowers about 1½ inches in diameter, in large branching heads, of a deep orange color, irregularly striped and blotched with crimson, as shown in the cut. A most novel and unique combination and distribution of colors. 25 cts. each; \$2.50 per dozen.

HELENIUM GRANDICEPHALUM STRIATUM.

HELIANTHUS MULTIFLORUS Fl. Pl.

Helianthus. Hardy Sunflowers.

Multiflorus. Large, double yellow Dahlia-like flowers. 75 cts. per dozen; \$6.00 per 100.

Maximilliana. Late flowering single, in long sprays, fine for cutting. 75 cts. per dozen; \$6.00 per 100.

Mollis. Large, single, lemon colored, flowers early in fall. 75 cts. per dozen; \$6.00 per 100.

Rigidus. Small, single, golden yellow with dark centre, flowers early in the season. 60 cts. per dozen; \$5.00 per 100.

Hypericum Moserianum.

We take pleasure in calling attention to this beautiful plant, which has been universally admired and is acknowledged to be one of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvelously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz.; \$6.00 per 100.

Hypericum Tricolor.

A pretty variegated form of the above, 30 cts. each; \$3.00 per dozen.

Hardy English Ivies.

An extra fine lot of strong bushy plants in 4 inch pots, 3 feet high, with 3 to 5 shoots. \$1.00 per doz.; \$8 per 100.

New Variegated Ivy. Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 50 cts. each; \$5.00 per dozen.

Lilacs for Forcing.

Fine pot-grown plants, well ripened up and well set with buds, Charles X. and Marie Lagraye, \$6.00 per dozen; \$50.00 per 100.

**Hydrangeas.**

Our Hydrangeas are dormant plants wintered in cold frames.

	Inch pots.	Per Doz.	Per 100.

" ".....	5	2 00	15 00
Stellata Fimbriata.....	6	2 00	15 00

Hydrangea Paniculata Grandiflora.

We are again this season offering a fine lot of standard or tree-formed Hydrangeas; they are beautiful plants and will sell on sight. Stock limited.

\$3.50 per dozen; \$25.00 per 100.

Also a fine lot of ordinary bush form, strong 2-year-old plants, 24 inches high, \$1.00 per doz.; \$6.00 per 100. 30 inches high, \$1.25 per doz.; \$10.00 per 100.

Iris Kaempferi. Japanese Iris.

The collection of 24 varieties described in our retail catalogue were selected for us by the most responsible house in Japan, and we are assured the collection embraces the cream of the hundreds of varieties cultivated by the Japanese.

While the Iris succeeds in almost any soil and under any conditions, they delight in a rich deep wet position and should be abundantly supplied with manure and water.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

The set of 24 varieties for \$3.00. Choice Mixed Varieties, \$1.00 per dozen; \$8.00 per 100.

Pansies. Royal Exhibition.

[Grown from our own strain and containing only bright and rich colors, flowers of largest size and heaviest texture. Strong plants from cold frame, \$3.00 per 100.

Phlox Divaricata Canadensis.

One of our native varieties that is, however, but rarely met with, and which has been introduced into Europe the past few years as a novelty, and a plant that deserves a place in every American Garden as well, being one of the earliest spring flowers; frequently beginning to flower early in April, it continues until about the middle of June, with large bright lilac flowers, which are produced on stems about 10 inches high in large, showy beads, and are very fragrant. 2½ inch pots, \$1.00 per dozen; \$8.00 per 100.

MUSA ENSETE.

Musa Ensete. Abyssinian Banana.

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$5.00 per dozen.
 " 3 " 30 " 3.00 "

Seven Grand Pelargoniums.

(Lady Washington Geraniums.)

The seven varieties listed below are the finest that have ever come to our notice. The plants are of strong, vigorous growth and very free-flowering, while the size and shape of the flowers are all that could be desired.

Dorothy. An extremely free-flowering variety of a soft rosy salmon, with dark maroon blotches on the upper petals and very richly shaded with plum color around the throat. 2½ inch pots, \$2.00 per doz.; \$15.00 per 100.

Mrs. Bradshaw. A fine large flower; white with dark purple blotches. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Madame Thibaut. White, richly blotched and marked with rose, the upper petals marked with crimson maroon with large white centre; the trusses and individual flowers are of immense size, while the petals are heavily ruffled. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Mrs. Robert Sandiford. A sport of the above variety with which it is identical in every way, except in color, which is of a pure glistening snow-white; a grand acquisition. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Madame Vibert. A grand flower with black maroon blotches bordered fiery red, the flower entirely edged with rose; a vigorous grower, of fine habit, and a free bloomer. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Marquise of Salisbury. A high colored variety with rich dark spots. 2½ inch pots, \$1.50 per doz.; \$10.00 per 100.

Victor. Bright cherry-red with white markings at base of each petal, two upper petals heavily spotted with deep maroon. 2½ in. pots, \$1.50 per doz.; \$10.00 per 100.

PELARGONIUM.

Pandanus Utilis.

We have a large stock of this popular plant in fine condition.

2 inch pots, \$.75 per doz.; \$6.00 per 100.
 3 " 1.25 " 10.00 "
 4 " 2.50 " 20.00 "

Dreer's Double Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots. \$1.00 per doz.; \$8.00 per 100. The set of fifteen varieties for \$1.25. 2 inch pots, 75 cts. per doz.; \$5.00 per 100; set of 15 varieties for \$1.00.

DREER'S SUPERB DOUBLE FRINGED PETUNIAS.

PALMS Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florists' trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Cocos Plumosus.

2 1/4 inch pots, \$1.25 per doz.; \$10.00 per 100.

Geonoma Gracilis.

We offer a fine stock of this most graceful Palm.

Fine young plants in 2 inch pots, \$1.25 per dozen; \$10.00 per 100.

Kentia Belmoreana.

Latania Aurea. Golden Fan Palm.

We offer a lot of fine plants in 5 inch pots of this beautiful and rare variety, showing character nicely, and which will make handsome specimens in a short time, \$2.50 each.

PHOENIX CANARIENSIS.

KENTIA FORSTERIANA.

Livistona Rotundifolia.

We have a grand stock of this miniature Latania, the most graceful of all the Fan-leaf Palms, and a variety that sells on sight. 2 1/4 inch pots, \$1.50 per dozen; \$12.00 per 100. Fine 3 inch pots, showing character very nicely, \$3 00 per dozen; \$25.00 per 100.

Phœnicophorium Sechellarum, or Stevensonia Grandifolia.

It is only occasionally that we are in a position to offer this rare and showy palm. We have a fine lot of young plants in 2 1/4 inch pots, 50 cents each; \$5.00 per dozen.

A limited number of 5 inch pots, 12 inches high, 5 to 6 leaves \$2.50 each.

Phœnix Canariensis.

One of the hardiest of the genus. The plants we offer are strong, thrifty specimens of extra value.

- 8 inch pots, 30 ins. high; stocky, bushy plants, \$1.75 each.
- 9 " 36 " " " " " 2.50 "
- 9 " 36 to 42 " " " " 4.00 "

Phœnix Leonensis.

7 inch pots, 30 inches high, \$1.75 each.

Phœnix Tenuis.

6 inch pots, 30 inches high, \$1.00 each.

Phœnix Rupicola.

The most graceful of all. We offer a fine lot in 6 inch pots, characterising very nicely, with 6 leaves, 20 to 24 inches high, \$1.50 each; \$18.00 per dozen.

Phœnix Reclinata.

- 2 inch pots, 75 cts. per dozen; \$ 6.00 per 100

Seaforthia Elegans.

- 2 1/4 inch pots, 75 cts. per doz.; \$ 6.00 per 100
- 4 " \$2.50 " 20.00 "

ROSES.

Grafted Roses for Winter Forcing.

The superiority of this class for forcing, over those grown on their own roots has been demonstrated during the past few years by most of the leading growers. We had made arrangements to furnish a limited quantity of the following leading varieties in first class, grafted plants from 3 inch pots, which will be ready for shipment the latter part of April. In order to secure same, orders should be sent in early, so that we may reserve the stock.

The Bride.	Bridesmaid.	American Beauty.

Japanese Tree Pæonies.

We are offering a collection of 18 very fine varieties of these beautiful plants. The selection has been made for us by one of the principal growers in Japan, and we are assured that it contains only the best sorts. The plants we offer are strong two-year old, imported from Japan. 50 cts. each, \$5.00 per doz.; \$40.00 per 100.

Double Rudbeckia, “Golden Glow.”

A glorious new plant, and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut-flower purposes, inasmuch as the stems are long and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight.

Strong plants 60 cts. per doz.; \$5.00 per 100.

Hardy Garden Pinks.

Souvenir de Sale. An entirely new shade in hardy Pinks, being a delicate soft rosy pink with exceptionally large flowers, which are beautifully formed, very double and exceedingly useful for cutting and one of the freest flowering yet raised. A grand acquisition and a fine companion to that most useful white variety "Her Majesty." It was awarded a first class certificate by the National Pink Society in London.

2 inch pots, 60 cts. per doz. ; \$4.00 per 100.

Her Majesty. This variety is a grand improvement on the popular variety known as "Snow" or "Mrs. Sinkins," to which it is superior in size of flower and freedom of bloom. The flowers, which are of large size, similar to a Carnation, and of the purest white color and very fragrant, are borne on stout, erect stems, 12 inches long. It is perfectly hardy, and will winter in the open border without protection; or may be grown in cold frames for early forcing.

Very strong one year old clumps, \$1.00 per doz.; \$6.00 per 100. 2 inch pots, 50 cts. per doz.; \$3.50 per 100.

Scotch Pinks.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish maroon centre.

Prince Arthur. Crimson centre, bluish lacing.

Snow (Mrs. Sinkins). Large pure white, very fragrant.

Clumps one year old, \$1.00 per doz.; \$6.00 per 100.

2 inch pots, 50 cts. per doz.; \$3.50 per 100.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color, being of a bright crimson, of dwarfier and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration.

Strong one-year old plants, \$1.00 per doz.; \$8.00 per 100.

Single Violets.

The varieties offered below are fully as desirable as the finest doubles, and for freedom of bloom they excel anything heretofore offered.

Admiral Avellan. A French variety with distinct bright reddish flowers, produced very freely; of large size and fragrance.

California. Flowers are very large, borne on long stout stems, which makes it especially valuable as a cut-flower; intensely fragrant and of a clear violet-purple color that does not fade out.

Luxonne. Of the same size as the California, but appears nearly double its size, as the petals all open out flat, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich but soft violet-purple color, with strong stout stems and very fragrant. (See cut.)

Princess of Wales. Another grand variety, not quite as large as *Luxonne* and a shade lighter in color, intensely fragrant.

2 1/4 inch pots (Ready April 1st,) 60 cts. per doz.; \$4.00 per 100.

HARDY CLIMBERS.

Akebia Quinata.

We offer a large stock of this climber; strong plants.
 3 inch pots, \$1.00 per dozen; \$8.00 per 100.
 4 " " 1.50 " 10.00 "
 6 " " 2.50 " 16.00 "

Ampelopsis Veitchii.

Strong 1 year old plants. 3 in. pots, \$1.00 per doz.; \$6.00 per 100.

Ampelopsis Virginica.

4 inch pots, \$1.25 per dozen; \$10.00 per 100.

Aristolochia Sipho.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per doz.; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper).

Grandiflora. Strong plants. \$4.00 per dozen.
 Radicans. Strong plants. \$2.00 per dozen.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

- Boskoop Seedling. Extra large lavender.
- Duchess of Edinburgh. The best of the double pure whites, deliciously scented.
- Fairy Queen. Pale flesh with a pink bar.
- Gipsy Queen. One of the very finest of the rich purple varieties, a strong grower and free bloomer.
- Henryi. Finest large single white.
- Jackmanni. Th best known and most popular variety. Color, dark, rich, royal purple.
- Jackmanni Alba. A fine pure white.
- John Gould Veitch. Lavender blue; flowers double.
- Kermesina. Crimson flower, small but very floriferous.
- Lilacina Floribunda. Deep blue.
- Lady Caroline Neville. Blush white.
- Lawsoniana. Rosy purple with darker veins.
- Madam Baron Veillard. Light rose shaded lilac.
- Mme. Van Houtte. Pure white; extra fine.
- Miss Bateman. White with chocolate red anthers.
- Otto Froebel. Large greyish white.
- Standishi. Light blue.
- The Gem. Deep lavender blue.
 \$3.75 per dozen; \$30.00 per 100.

New Red Clematis.

Madame Edouard Andre.

An entirely distinct and most novel variety, and the nearest approach to a bright red ever sent out. The plant is a strong vigorous grower, being a hybrid of the popular Jackmanni, which it resembles in freedom of bloom, strong vigorous growth and shape and size of flower. We offer good 3 inch pots, 40 cents each; \$4.00 per dozen.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong 2 year old plants of the above two varieties at \$1.00 per doz.; \$7.00 per 100.

Clematis Flamula.

Strong two-year-old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season, and deservedly so. It is a strong vigorous grower, free bloomer, and absolutely disease proof; a plant that you cannot recommend too strongly to your retail customers, as it cannot help but please.

We offer strong two year-old field-grown plants, \$1.00 per dozen; \$8.00 per 100.

Hardy White Moon Flower.

Ipomea Pandurata.

Strong dormant roots. 50 cents per dozen; \$4.00 per 100.

Amount brought forward,

Gem Single Wheel Hoe and Cultivator.

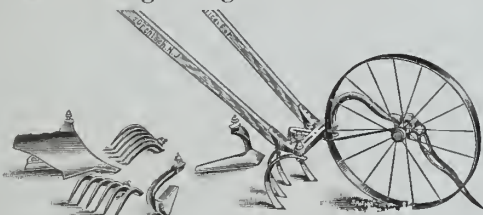

Five steel teeth, two scuffle hoes, and two plows, one right and the other left hand. The hoes, etc., can be set in any position. \$3.50.

New Iron Age Hand Plow.

A featherweight tool of wonderful power. The large wheel makes the turning of a furrow a pleasure. \$2.50.

New Iron Age Single Wheel Hoe.

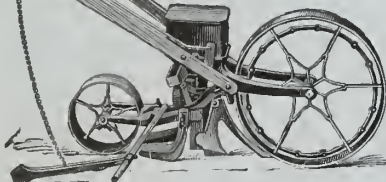

Simple, strong and very light in weight; a pleasure to use it, so little labor. \$4.50.

The "PLANET JR." No. 5 Hill Dropping Seeder.

The new No. 5 "Planet Jr." drops at 5, 6, 8, 10, 12, 16, 24 and 48 inches apart, and also in a continuous row. Index with brass screw regulator and cut-off is at the top of the handle.

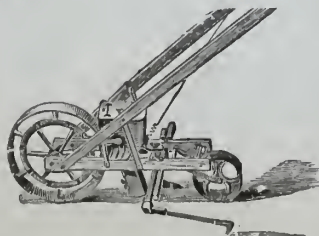

It is very light running. Its large capacity will suit all large growers, and yet it works so perfectly that it will sow a single paper of seed or drop it in hills accurately, to the very last grain.

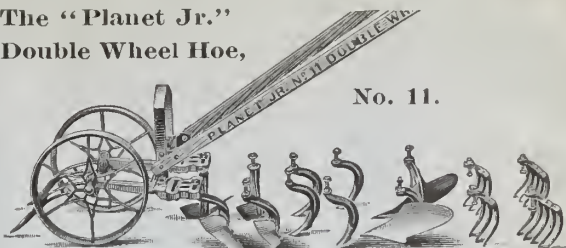

Price, \$12.00.

The "Model" Drill.

The Index or Indicator is plain, convenient and reliable. It is placed in open sight, and can be quickly adjusted to the slightest variation. The flow of seed can be instantly stopped by a swinging cut-off. The marker is simple. The main wheel is large and of sufficient width to prevent its sinking into soft earth. \$6.00.

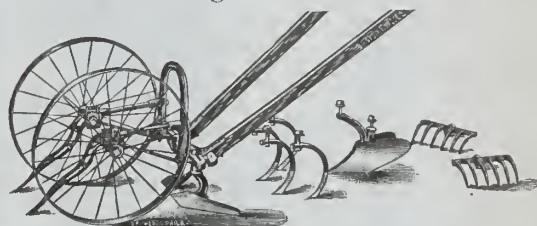

The "Planet Jr." Double Wheel Hoe,

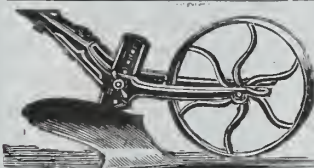

This tool is brand new for 1898. Wheels are 11 inches diameter, and can be set at four different distances; the frame can be set at three different heights. With all parts as shown above, complete, \$8.00. Without rakes, small hoes and leaf lifters, \$6.00. With one pair 6 inch hoes only, \$4.00.

New Iron Age Double Wheel Hoe.

One of the lightest tools made, and will do the work of cultivating with the greatest ease. \$6.00.

The "Fire Fly" Wheel Garden Plow.

An indispensable Tool for the Garden. Can be set shallow or deep. \$2.00.

The "Planet Jr." Single Wheel Hoe.

Complete with tools as shown, \$4.50. With hoes only, \$2.75.
THE "FIRE FLY" SINGLE WHEEL HOE.
 Same tool as above, excepting rakes and vine lifter, \$3.75.

Cahoon Broadcast Seed Sower.

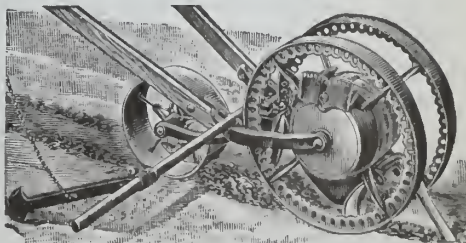

Will sow any kind of grain or grass. \$3.50.

The "PLANET JR." No. 2 Drill.

Has an adjustable opening plow. No hoeing attachments.

Can be kept perfect in a straight line, and sows with ease and accuracy any and all vegetable and flower seeds, covering them just the depth required. The cleaner in front of the plow prevents trash from collecting on the plow. Holds 2 1/2 quarts. \$6.50.

DREER'S WHOLESALE PRICE LIST.

Improved White Cedar Tree Tubs.

Made of white cedar and bound with extra heavy iron hoops. Drop-handles of special pattern, serving as hooks for carry poles. Substantial iron legs of original design. Removable perforated bottoms. Painted green. Discount 5 per cent.

Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

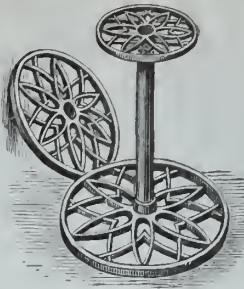

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).
1 gallon \$1.00.
Mastica Glazing Machines (see cut) \$1.00 each.

Dreer's Iron Plant Stands.

These plant stands are made of cast iron in five sizes, and can be furnished in three styles: plain black, galvanized, and bronzed. They will be found very useful for elevating plants in the back rows of greenhouses, conservatories, etc. 10 per cent. discount on 5 stands and over.

No.	Inches high.	Plain.	Galvanized or Bronzed.
1	15	45 cts.	\$ 55 cts.
2	18	55 "	70 "
3	24	75 "	1.00 "
4	30	80 "	1.15 "
5	36	90 "	1.40 "

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkaine is the very thing so long needed.

Green Silkaine is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkaine guaranteed. Price \$1.25 per lb.; per spool 20 cts. Silkaine is also used for Bouquet and general florist work. For stringing Asparagus use the F. F. F.

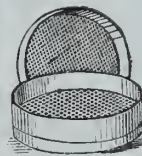

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 15 cts.; 10 lbs. \$1.25; 50 lbs. \$5.00; 100 lbs. \$10.00; bale of about 225 lbs. 9 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 18 cts.; 10 lbs. \$1.65.
Celery Twine for tying Celery, being 5-ply and much stronger. 16 cts. per lb.; 5 lbs. 75 cts.
Two-ply Coarse Cotton Twine for general use in tying Beets, Carrots, etc. 16 cts. per lb.; 5 lbs. 75 cts.
Jute Twine for tying Plants or Vegetables. 10 cts. per lb.; 100 lbs. \$9.00. Can be supplied in 2, 3 and 4 ply.
Flax. 2 ply, for roping Onions. Per lb. 20 cents; 100 lbs. \$18.00.
Tar Twine for tying Mats and Fodder, etc. 10 cts. per lb.; \$8.00 per 100 lbs.

Wire Sieves.

We can supply any size mesh, from No. 1 to 30.

20 inch diam., extra heavy	65
18 " " " "	50
20 " " medium	45

HENRY A. DREER

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

July=August, 1898.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order now.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, plants, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, Flower Seeds, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.— Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice.  No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.  In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

“ White Italian, “ “ 12 to 15 c.	2 00	17 50

Choice Named Miniature or Dutch Roman Hyacinths.

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. The varieties are the finest for forcing, and the bulbs measure 12 centimeters and over in circumference.

Amy, deep red.	Gen. Pelissier, dark red.
Gigantea, light pink.	Chas. Dickens, deep pink.
Baroness van Thuyll, pure white.	Queen Victoria, pure white.
Grand A'Merveille, bluish white.	Mad. Van der Hoop, creamy white.
Czar Peter, light blue.	La Peyrouse, light blue.
Baron van Thuyll, purple.	King of the Blues, deep blue.

Price. Any of the above varieties, \$1.60 per 100; \$15.00 per 1000.

MIXED DUTCH HYACINTHS.—In Separate Colors.

These have been carefully selected from the best varieties of early maturity, suitable for forcing and are all First Size Bulbs. We do not handle inferior small sized grade.

25 of any one kind sold at 100 rates. 250 at 1000 rates.

Selected First Size
NAMED HYACINTHS.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

NARCISSUS, PAPER WHITE GRANDIFLORA.

Chinese Sacred Lily or Narcissus.—(Ready in October.)

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale. 75 cents per doz. Original basket containing 30 bulbs, \$1.60. Original bundle of 4 baskets containing 120 bulbs, \$6.00; per 1000, \$48.00.

CAMPERNELLE JONQUILS.

Jonquils.

Very popular flowers on account of their easy cultivation and delightfully fragrant golden yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering.

Dreer's Reliable Flower Seeds.

For Summer Sowing.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnation, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where small quantities are wanted, buyers can select from retail catalogue at a discount of one third.

Vegetable Seeds For Summer Sowing.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage. We pay postage on small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each lb. if wanted by mail. By express, at catalogue prices.

DREER'S RELIABLE MUSHROOM SPAWN.

The Mushroom Spawn we sent out last season was by far the best on the market, not a single complaint being received by us. We offer again spawn made by the same careful maker. Our first consignment of new spawn is due to arrive July 25th, and further lots every 30 days. As the best results are secured from the early shipments, would advise intending purchasers to order early and thus insure best returns.

Best English Mushroom Spawn. Per brick 15 cts.; dozen bricks \$1.50; 25 lbs. \$2.00; 100 lbs. \$7.00. Prices on larger quantities on application.

French Mushroom Spawn. Per original 3 lb. box, \$1.15.

Falconer's Book "How to Grow Mushrooms," \$1.25 postpaid.

Grass, Clover, Millets, etc.

Prices subject to change without notice.

Read "Dreer's Grasses and Clovers" for useful information. By mail, 25 cents. Gratis with cash order for \$2.50.

Pot-Grown Strawberry Plants.

If planted before the middle of September these will produce a FULL CROP next June.

While we do not offer a long list of varieties, our stock includes the very best so far as careful selection and test can secure the highest quality. Scores of new strawberries come upon the market every year, of which but few have permanent merit. Each season we add to our list all the better sorts which come forward with well endorsed claims to public favor, and each season drop from our catalogue those which have failed to fulfill the claims made by their friends.

Varieties marked (P) are pistillate or imperfect flowering, and must be planted with a perfect flowering sort to give good returns.

FOUR FINE NEW STRAWBERRIES.

EARLY MAY.—This variety was found in the wild state in western North Carolina. It is of strong, robust growth, absolutely hardy and is never injured by late frosts like most other kinds. It bears heavy crops of medium-sized berries having the rich flavor and aroma found only in the wild berry, but its most valuable feature is its extreme earliness, coming into bearing 10 days before any variety now offered. Pot-grown plants 50 cents per dozen; \$4.00 per 100.

STAR. A new variety that comes very highly recommended. The plant is extremely vigorous. This, together with its large size, perfect shape and exquisite flavor should make it a favorite where a fancy fruit is desired. Pot-grown plants 50 cents per dozen; \$4.00 per 100.

CLYDE. This new variety has been tested over a wide area and all reports are enthusiastic over its many merits and all agree that it has come to stay. Plant is very vigorous and healthy, deep rooting, standing drouth well; foliage bright green; fruit glossy scarlet and of fine quality. Pot-grown plants 50 cents per dozen; \$4.00 per 100.

SEAFORD. This has been very thoroughly and extensively tried for four years by careful and discriminating growers in one of the most critical strawberry sections of the country, and for productiveness, size, firmness and flavor, Seaford is pronounced a most remarkable acquisition. Pot-grown plants, 50 cents per dozen; \$4.00 per 100.

GENERAL LIST OF SELECT TESTED STRAWBERRIES.

Bederwood.—An exceedingly valuable early Strawberry. Berries of large size, of regular roundish form, light scarlet, of excellent quality, remaining in fruit a long time. \$2.50 per 100; \$20.00 per 1000.

Brandywine.—The finest of all late varieties. It is a strong vigorous grower with heavy foliage and perfect flowers; the berries are of immense size, color rich red. \$2.50 per 100; \$20.00 per 1000.

Bubach (P).—Strong, healthy, vigorous plant, that will thrive well on almost every soil. Very productive of large berries that ripen early. \$2.50 per 100; \$20.00 per 1000.

Charles Downing.—Medium to large, conical, bright crimson, moderately firm, juicy and of superb flavor. One of the best for home use. \$2.50 per 100; \$20.00 per 1000.

Crawford.—A good grower and bearer, has a perfect blossom and produces an abundance of very fine fruit. The berries are large, conical, dark red, glossy, firm, and very good. \$2.50 per 100; \$20.00 per 1000.

Crescent Improved (P.)—The old Crescent is so well known, that when we say this variety is a decided improvement on it, further description is unnecessary. \$3.00 per 100; \$25.00 per 1000.

Enhance.—A vigorous and healthy grower, with dark green foliage; develops massive crowns; flower perfect; one of the most prolific in pollen; berries largest size, bright crimson color. \$2.50 per 100; \$20.00 per 1000.

Four Seasons (Fraise des Quatre Saisons.)—This is the variety which American tourists in Europe enjoy so much, fruiting during July, August and September, and well worth an extended trial in this country. There are two varieties, red and white fruiting. Can furnish strong pot-grown plants of either. 35 cts. per doz.; \$2.50 per 100.

Gandy.—A strong, healthy plant, that makes but few runners. Perfect blossom; moderately productive of large, perfectly formed berries; ripens very late. \$2.50 per 100; \$20.00 per 1000.

Gandy Belle.—An extra choice sort, bearing good crops of large, dark red glossy berries of exquisite flavor. A fine market sort. \$3.00 per 100; \$25.00 per 1000.

Glen Mary.—The largest of all large berries, and might well be named "the berry grower's money maker." A very strong grower; will stand drought well and always bearing a full crop. Ripens from mid-season to late. \$3.00 per 100; \$25.00 per 1000.

Gov. Hoard.—Originated in Wisconsin, an excellent sort, ripening early and continuing in bearing for a longer period than most sorts. \$2.50 per 100; \$20.00 per 1000.

Greenville (P.)—Berries of large size, very productive, regular in form, of a rich bright color, firm texture and of excellent quality. \$2.50 per 100; \$20.00 per 1000.

Havertand (P.)—Enormously productive of medium to large, long conical berries of pale scarlet color; extremely early, prolific and showy. \$2.50 per 100; \$20.00 per 1000.

I. X. L. (P.)—Seedling raised at Peusauken, N. J. Fruit very large, of fine flavor and brilliant color, making it one of the most saleable market berries. \$3.00 per 100; \$25.00 per 1000.

Lady Thompson. Recommended very highly. It is a perfect flowering plant of great vigor. Berries roundish conical, bright scarlet, medium to large size, firm, of very good quality. \$2.50 per 100; \$20.00 per 1000.

Marshall.—Berries of very large size; fourteen filling a basket. Color, very dark crimson throughout; fine flavor and a good keeper. \$2.50 per 100; \$20.00 per 1000.

Mary (P.)—One of the very early varieties, of strong vigorous growth, attractive in color and a prolific bearer, will no doubt become popular on account of its large size and fine color. \$2.50 per 100; \$20.00 per 1000.

May King.—A healthy plant; free runner, and moderately productive of bright scarlet berries; fine quality, one of the earliest to ripen. \$2.50 per 100; \$20.00 per 1000.

Michell's Early.—A very strong growing, extra early variety; moderately productive; quality good; very attractive in color. \$2.50 per 100; \$20.00 per 1000.

Parker Earle.—A most excellent variety. Plant very robust and suited almost to any soil. Berries are of large size, regular and uniform, and of a rich color. \$2.50 per 100; \$20.00 per 1000.

Rio.—A recent introduction that has been very highly recommended. It is of a rich glossy color, medium size, and is very prolific. \$2.50 per 100; \$20.00 per 1000.

Saunders.—Berries of largest size, conical, slightly flattened, deep red and very glossy, of good quality and very productive. \$2.50 per 100; \$20.00 per 1000.

Sharpless.—Very large, clear red; firm, sweet, and of good quality; somewhat irregular; a rapid and vigorous grower. \$2.50 per 100; \$20.00 per 1000.

Tennessee.—Perfect flowering, vigorous, stocky plant. Very productive of medium to bright scarlet berries of fine quality; ripens early. \$2.50 per 100; \$20.00 per 1000.

Timbrell (P.)—One of the most valuable of all new varieties. Berries large to very large, dark crimson, and very firm. \$2.50 per 100; \$20.00 per 1000.

Warfield (P.)—A very fine berry in every way, season medium to late, a most prolific bearer and of superb quality. \$2.50 per 100; \$20.00 per 1000.

Woolverton.—Another large berry of Canadian origin. It is a strong grower, lasting over a long season. In fact it always matures part of its crop before it is done flowering. It is a fine large berry of attractive appearance and good quality. \$2.50 per 100; \$20.00 per 1000.

CELERY PLANTS.

Celery plants can be supplied from June 15th to August 25th. We grow the following varieties, which we offer at the uniform price of

30 cents per 100, \$2.50 per 1000.

(If wanted by mail add 15 cents per 100 for postage.)

Celery requires a moist, rich soil, and will not thrive in poor soil and dry situations. After the plants have attained a height of five or six inches they should be set out in rows, three feet apart and six inches in the row. When twelve to fifteen inches high, the soil should be loosened by the use of the plow or hoe and the plants be "handled." This operation consists of drawing the stems upright with one hand, and pressing the soil firmly against the plant with the other; by this process the plant grows upright, and can be easily cultivated and blanched by drawing the soil close up to the plant. Celery should receive thorough cultivation if good results are desired. To store for winter use, select well drained ground, dig trenches one foot wide and deep enough to cover the tops of the plants. Pack the stalks in this in an upright position, covering with boards to shed the water; in severe weather protect with straw or leaves.

White Plume. We offer a choice strain of this valuable and popular variety. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it.

Giant Pascal. A superior keeping sort. The stalks are very large, thick, solid, crisp, and of rich nutty flavor; it blanches very easily and quickly, and retains its freshness a long time.

Golden Half-Dwarf. The best of the half-dwarf varieties, stalks large and full; the heart is golden-yellow, turning to a light color when blanched. Very solid, rich flavor and good keeper.

Golden-Self-blanching. (See cut.) An early, beautiful, and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish-green outer leaves.

Dwarf Rose. The red sorts surpass the white in flavor and possess in their coloring a feature which renders them valuable as a table ornament.

Perfection Heartwell. This is one of the very best varieties in cultivation; stalks long and thick, very compact, crisp and of fine flavor.

☞ All Celery 30c. per 100, \$2.50 per 1,000; if wanted by mail add 15c. per 100 for postage.

GOLDEN SELF-BLANCHING CELERY.

New Golden Rose, Self-Blanching. In character this variety is identical with the Golden Self-Blanching, except the color, which is a beautiful rosy tinge, shading to very pale pink at top of stalk; it bleaches to a beautiful golden yellow at the heart after storing for winter; a good keeper and of the very finest quality.

Miscellaneous Vegetable Plants. In stock from middle of June till August.

CABBAGE.

Dreer's Selected Late Flat Dutch. (See cut.) Short stem and large, solid flat heads. Our stock has been carefully selected for several years in order to get a cabbage of this type, and we are confident no better strain is on the market. 20 cents per 100; \$1.50 per 1000.

CAULIFLOWER.

Dreer's Selected Dwarf Erfurt. One of the earliest in cultivation; small-leaved dwarf, for forcing or open ground, producing very solid pure white heads of the finest quality. It grows about 15 inches high, and in ordinary seasons every plant will produce a marketable head. 60 cents per 100; \$5.00 per 1000.

Early Snowball. An extremely early dwarf variety, producing magnificent white heads of fine quality. Well adapted to hot-bed culture. 60 cents per 100; \$5.00 per 1000.

BRUSSELS SPROUTS.

Dreer's Select Matchless. A small-leaved variety of this notable vegetable, which, through careful selection has been brought to perfection; grows freely during the summer, and is fully developed by the early frosts, at which time the stems are thickly set with sprouts, the full length. 40 cents per 100; \$3.00 per 1000.

Mammoth Rock Red. The largest and most solid of the red varieties; a sure heading sort and tender. 20 cents per 100; \$1.50 per 1000.

Perfection Drumhead Savoy. Of superior quality; the largest solid-heading Savoy, possessing the rich flavor of the Cauliflower. 20 cents per 100; \$1.50 per 1000.

DREER'S SELECTED LATE FLAT DUTCH CABBAGE.

PLANTS FOR FLORISTS.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application) and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

AGERATUM PRINCESS PAULINE.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 6 inch pots, \$1.00 each; 7 inch pots, \$2.00 each.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. \$1.25 per dozen; \$10.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, deliciously scented. 3 inch pots, 15 cts. each; \$1.50 per dozen.

ARAUCARIA EXCELSA.

Anthurium Scherzerianum.

A fine lot of 5 inch pots, strong bushy plants. 50 cents each; \$5.00 per dozen.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 inch pots, 6 to 8 in. high, 2 to 3 tiers, 60 cents each.
5 " " 10 to 12 " " 3 " \$1.00 each.
5 " " 15 " " 3 to 4 " 1.25 "

Araucaria Excelsa Glauca.

5 inch pots, 8 inches high, 2 tiers, \$1.00 each.
6 " " 12 to 15 " " 3 " 1.50 "

Araucaria Robusta Compacta.

The finest lot of this grand variety we have ever been able to offer.

6 inch pots, 10 to 12 inches high, 3 tiers, \$1.50 each.
6 " " 12 to 14 " " 3 " 1.75 "
7 " " 15 to 16 " " 3 " 2.00 "

ASPARAGUS SPRENGERI.

Aralia Sieboldii.

Green Leaved.

A most excellent house plant, having large, deeply cut foliage, which is of a bright, cheerful green color.
3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Aralia Sieboldii Variegata.

A pretty variegated form of the above. Good 4 inch pot plants, 35 cents each; \$3.50 per dozen.

Ardisia Crispa.

2 inch pots,	75 cts. per dozen;	\$6.00 per 100.
4 " " "	\$2.50 " "	20.00 " "
5 " " "	4.50 " "	35.00 " "

The 5 inch size are fruiting plants.

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

Asparagus Plumosus Nanus.

A grand variety for cutting either in strings or smaller pieces. We offer a fine lot of thrifty plants.
2 in. pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000
3 " " \$1.25 " " 10.00 " "

Asparagus Tenuissimus.

Beautiful feathery foliage and still popular.
2 inch pots, 60 cts. per dozen; \$4.00 per 100.
3 " " 75 " " 6.00 " "

Special attention is directed to the offer of Choice Ferns on pages 25 and 26.

SPECIMEN AZALEA.

Import Orders for

AZALEAS

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant, will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium, and are distributed on this side just as received, frequently not only containing damaged plants. but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspections of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

PRICES:

Including duty, packing and delivery in good condition to any Express, Freight or Steamship Line in Philadelphia.

Fine bushy crowns, well set with buds, 10 to 12 inches in diameter, \$35.00 per 100.

Fine bushy crowns, well set with buds, 13 to 15 inches in diameter, \$55.00 per 100.

Specimen plants of the leading varieties, \$1.00, \$2.00, \$3.00, \$5.00 each, according to size.

BEGONIA GLOIRE DE LORRAINE.

**New Winter-Flowering Begonia,
Gloire de Lorraine.**

This is undoubtedly the greatest gem in winter-flowering Begonias yet introduced, and is now offered for the first time in this country. A few plants exhibited during the past winter attracted much attention, and it is certain to become a popular favorite. It grows from 10 to 12 inches high, forming naturally, graceful, bushy specimens, which from October to April are completely hidden in soft, rosy pink flowers. We offer young plants from 2 inch pots 30 cts. each ; \$3.00 a dozen.

Flowering Begonias.

The increasing demand for these plants has induced us to prepare a large stock of the best varieties, especially *Semperflorens gig. rosea* and *Haageana*. These two make excellent plants for sale during the holidays, finding ready sale at remunerative prices.

Rex Begonias.

A choice assortment of 12 varieties.
3 inch pots, \$1.00 per doz. ; \$8.00 per 100.
4 “ “ \$2.00 “ 15.00 “

Boxwood Trees.

Handsomely trained specimens, in standard or tree shape, in 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each.

Fancy Leaved Caladiums.

A choice collection of 50 varieties. 3 inch pots, \$2.00 per dozen ; \$15.00 per 100.

CYCAS REVOLUTA.

Camellia Japonica.

We are offering this season the finest lot of Camellias we have ever been able to present. The plants are in grand condition, clean, healthy and perfect in every way.

5 inch pots, bushy, 15 inches high, in 12 choice assorted varieties, including a liberal proportion of *Alba plena*, \$6.00 per dozen ; \$45.00 per 100.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz. ; \$6.00 per 100.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen ; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz. ; \$6.00 per 100.

Cyperus Alternifolius Gracilis.

A pretty new variety of *Cyperus* with graceful narrow foliage, entirely distinct, certain to become popular. 2½ inch pots, 50 cts. per doz. ; \$4.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 15 cts. each ; \$1.50 per dozen.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of *Cycas* in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

DRACENA GODSEFFIANA.

DRACÆNAS.

Godseffiana. Undoubtedly the most striking new plant introduced this year. As shown in the illustration, the plant is of an entirely different habit and appearance from all other Dracænas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an *Aucuba Japonica*, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the *Aspidistra* and *Ficus*. Strong plants in 4½ inch pots, \$3.00 each; \$30.00 per doz.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be; a most useful decorative plant that will stand as much abuse as a Rubber.

4 inch pots, 12 ins. high, 30 cts. each; \$3.00 per doz.
5 " 15 " 40 " 4.00 "

Fragrans. 4 inch pots, \$2.50 per doz.; \$20.00 per 100.
6 " 5.00 " 40.00 "

Lindeni. 4 inch pots, 50 cts.; 5 inch pots 75 cts. each.

Marginata. Young plants of this fine variety. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Massangeana. 4 inch pots, 50 cts. each; 5 inch pots, 75 cts. each.

Sanderiana. A new and entirely distinct species. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracænas.

Good young plants, 3 inch pots, 30 cts. each; \$3.00 per dozen.

Terminalis. 2½ inch pots, \$1.00 per doz.; \$8.00 per 100.
3 " 1.25 " 10.00 "

DRACENA BRUANTI.

Ficus Elastica.—Rubber Plant.

4 in. pots, 10 to 12 ins. high, \$4.50 per doz.; \$35.00 per 100.
6 " 18 to 24 " " 9.00 " 70.00 "

**New Dwarf Bedding Geranium
"Mars."**

A superb bedding and pot Geranium; of very dwarf, compact habit, the plant itself not exceeding 4 to 5 inches in height, but exceedingly floriferous. The flowers are of a clear light salmon, darker in the centre.

75 cts. per doz.; \$6.00 per 100.

Justicea Velutina.

A pretty dwarf free flowering species, producing large heads of light pink flowers.

3 inch pots, \$1.25 per dozen; \$8.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.

3 inch pots, \$1.00 per dozen; \$8.00 per 100.

Musa Ensete.

(Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$5.00 per dozen.

Otaheite Orange.

We offer a fine lot of plants, nicely set, with small fruit, which promise very well. These should make fine saleable stock for the holidays.

5 inch pots \$6.00 per dozen.

MICROLEPIA HIRTA CRISTATA.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

CHOICE VARIETIES OF SPECIAL MERIT.

Adiantum Capillus-Veneris Mariesii.

A pretty small-leaved form of this useful variety, very graceful. 2 in. pots, \$1.25 per doz.; \$10.00 per 100.

Adiantum Farleyense.

Nice young thrifty stock for growing on.

3 inch pots, \$3.00 per dozen; \$20.00 per 100.
4 " " 5.00 " 40.00 "

Adiantum Fergusoni.

One of the prettiest of the crested Adiantums. Very much in the style of A. Wiegandi, but with larger pinnae on longer stems. A charming variety for a collection or for growing into specimen plants. 3 in. pots, \$2.00 per doz.; \$15.00 per 100.

Adiantum Formosum.

An excellent variety to grow into specimen plants for decorative purposes.

2 inch pots, \$1.25 per doz.; \$10.00 per 100.
3 " " 1.50 " 12.00 "

Adiantum Rhodophyllum.

We offer a fine lot of this useful large-leaved variety, which is one of the most desirable of this type. 2 in. pots, \$1.25 per doz; \$10.00 per 100.

Asplenium Nidus Avis.

(Bird's Nest Fern.)

It is very rarely that this interesting variety is offered to the trade. We have been fortunate in securing a fine lot of 4-inch stock which we offer at 50 cents each, \$5.00 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

7 inch pots, \$2.50 each.	9 inch pots, \$4.00 each.
8 " " 3.50 "	10 " " 5.00 "

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2½ inch pots, 75 cents per doz; \$ 6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ inch pots, \$1.25 per doz.; \$ 8.00 per 100.

Stephanotis Floribunda.

A nice lot of 2 inch pots, 20 cents each; \$2.00 per dozen.

3 " " 30 " " 3.00 "

PANDANUS VEITCHII

Palms:

Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean thrifty plants of this graceful and popular variety.

- 9 inch pots, 3 plants of equal height, from 42 to 48 inches high, \$4.00 each.
- 10 inch pots, 4 plants in a pot, center plant 5 feet high, others 2 feet high, \$10.00 each.
- 12 inch pots, 5 plants in a pot, center plant 6 feet high, others 2½ feet high, \$25.00 each.

PALMS.==Continued.

KENTIAS.

Our stock of Kentias occupy over one and a half acres of glass, the largest block of these most useful palms in the world. Medium sizes are generally scarce this season, and there has been a gradual stiffening of prices on the \$1.25 and \$2.00 sizes of Belmoreana, and the 40 cts. to \$1.50 sizes of Forsteriana, and while these are of full market value, they are not as heavy as sent out by us on previous occasions. Other sizes remain unaffected.

Kentia Belmoreana.

10 " 7 to 8 " 36 " 4.00 " 48.00 "

LATANIA BORBONICA.

The largest sizes are not all perfect, the lower foliage being somewhat clipped, but are good saleable plants that will give entire satisfaction.

Latania Aurea. Golden Fan Palm.

We offer a lot of fine plants in 5 inch pots of this beautiful and rare variety, showing character nicely, and which will make handsome specimens in a short time, \$2.50 each.

Specimens in 8 inch pots, \$4.00 each.

Livistona Rotundifolia.

We have a grand stock of this miniature Latania, the most graceful of all the Fan-leaf Palms, and a variety that sells on sight. 2 1/4 inch pots, \$1.50 per doz., \$12.00 per 100.

Fine 3 inch pots, showing character very nicely, \$3.00 per dozen; \$25.00 per 100.

Limited stock of 4 inch pots, 75 cents each.

Pritchardia Pacifica.

2 1/4 inch pots, 75 cents per dozen; \$6.00 per 100.

PRITCHARDIA PACIFICA.

Phœnicophorium Sechellarum, or Stevensonia Grandifolia.

It is only occasionally that we are in a position to offer this rare and showy palm. We have a fine lot of young plants in 2 1/4 inch pots, 50 cents each; \$5.00 per dozen.

A limited number of 5 inch pots, 12 inches high, 5 to 6 leaves, \$2.50 each.

Phœnix Rupicola.

The most graceful of all. We offer a fine lot in 6 inch pots, characterising very nicely, with 6 leaves, 20 to 24 inches high, \$1.50 each; \$18.00 per dozen.

Stronger plants in 6 inch pots, 24 to 30 inches high, 6 to 7 leaves, \$2.00 each.

Also a fine lot of young plants in 2 1/4 inch pots, \$1.00 per dozen; \$8.00 per 100.

Phœnix Reclinata.

2 inch pots, 75 cents per dozen, \$6.00 per 100.

Ptychosperma Alexandræ.

- 2 1/4 inch pots, 75cts. per dozen; \$ 6.00 per 100.
- 3 " " \$1.00 " 8.00 "
- 4 " " 2.50 " 20.00 "

SPECIAL NOTICE.

Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in this way.

FERTILIZERS.

DREER'S AMMONIATED BONE PHOSPHATE. A valuable fertilizer for the garden and farm, made from pure materials, and certain to give satisfactory results. Per sack of 200 lbs., \$3.00; per ton, \$25.00.

CLAY'S FERTILIZER. Highly recommended for all purposes in the vegetable, fruit and flower garden, specially adapted in rose forcing. In sacks as imported, $\frac{1}{2}$ cwt. \$1.75; $\frac{1}{4}$ cwt. \$3.25; 1 cwt., (112 lbs.), \$6.00.

PURE BONE MEAL. For mixing with potting soil, as it is in condition for giving immediate effect. 200 lb. sack, \$3.25; per ton, \$28.00.

PURE GROUND BONE. Excellent for restoring and quickening grass plots, gardens, etc. Apply 400 to 600 lbs. to the acre. Sack of 200 lbs. \$3.25; per ton, \$28.00.

BONE FLOUR. Ground perfectly fine; excellent for pot plants or beds for immediate effect. 100 lbs. \$2.25; bag or bbl., 200 lbs. \$4.00; per ton, \$36.00.

NITRATE OF SODA. A fertilizer for all crops, and the only means by which the largest per cent. of Nitrogen can be applied to soils. 50 lbs., \$1.75; 100 lbs., \$3.00; 200 lbs., \$5.75; large lots on application.

PULVERIZED SHEEP MANURE. Excellent for mixing with potting soil. 100 lb. sack, \$2.00; ton, \$35.00.

LOBOS PERUVIAN GUANO. Four per cent. ammonia. Per bag (about 167 lbs.) \$3.50; per ton, \$40.00.

CANADA UNLEACHED HARDWOOD ASHES. Per bbl. \$2.50; per ton, \$18.00.

INSECTICIDES.

ANT EXTERMINATOR. A most effectual preparation for the destruction of Ants in lawns and pleasure grounds. Directions for use on each package. Put up in three sizes, 25 ct., 50 ct., \$1.00.

BORDEAUX MIXTURE. (*Liquid.*) This mixture is a scientific preparation and combined in a manner heretofore unknown, as by simply adding water and stirring, it is ready for use. 1 gal. \$1.00, will make 1 bbl. liquid; 1 qt. 40 cts., will make 15 gals. liquid.

FLOWERS OF SULPHUR. A preventive and cure for Mildew. Per lb., 6 cents; 10 lbs. 50 cts.; per 100 lbs. \$3.00.

FIR TREE OIL. Per $\frac{1}{2}$ pint, 40 cts.; per pint, 75 cts.; per quart, \$1.25; per $\frac{1}{2}$ gallon, \$2.00; per gallon, \$4.00.

FOSTITE. The great Mildew remedy. 5 lbs., 50 cts.; 25 lbs. \$2.00; 50 lbs. \$3.50; 100 lbs. \$6.50.

GRAPE DUST. For Mildew, Mold or Rust Mites, in greenhouses or the open air. 5 lbs. 30 cts.

GISHURST COMPOUND. For Green Fly, Thrip, Mealy Bug and Scale. Per lb. box, 40 cts.; 3 lb. box, 90 cts.

HELLEBORE. Thoroughly effective. Per lb. 25 cts.

LEMON OIL INSECTICIDE. A sweet-smelling, milk-white, soapy wash. Destroys Mealy Bug, Scale, Thrip, Red Spider, Black and Green Fly, Caterpillar, etc. Directions on can. $\frac{1}{2}$ pint, 25 cts.; pint, 40 cts.; quart, 75 cts.; $\frac{1}{2}$ -gallon, \$1.25; 1-gallon, \$2.00; 5-gallon kegs, \$9.00; 10-gallon kegs, \$17.50.

LITTLE'S ANTIPEST. A destroyer of Scale, Woolly Aphis and all insects. Per quart, 85 cts. $\frac{1}{2}$ -gallon can, \$1.50; 1-gallon can, \$2.50; 5-gallon can, \$10.00.

LONDON PURPLE. 20 cts. per lb.; 5 lbs. for 90 cts.

TOBACCO ROSE LEAF EXTRACT. A very strong nicotine solution. Used in various ways—such as evaporating or by syringing. Try it. Price, 5-gallon can, \$5.00; 1-gallon can, \$1.25. Directions on application.

POWELL'S IMPROVED BORDEAUX MIXTURE. Ready for use by simply adding water. 1 lb. box, 15 cts., makes 5 gallons spray; 5 lb. box, 60 cts., makes 25 gallons spray; 10 lb. box, \$1.00, makes 50 gallons spray; 25 lb. box, \$2.50, makes 125 gallons spray; 300 lb. bbl., \$24.00, makes 1500 gallons spray.

POWELL'S KEROSENE EMULSION (a paste), ready for use by simply adding water. 1 lb. can, 15 cts., makes 10 gallons spray; 5 lb. can, 60 cts., makes 50 gallons spray; 25 lb. can, \$2.50, makes 250 gallons spray.

POWELL'S COPPERDINE. (A paste.) (Ammoniacal solution of carbonate of copper.) A remedy against Fungous, Mildew, Rust and Black Rot. 1 lb. 25 cts., makes 16 gallons; 5 lbs. \$1.00, makes 80 gallons.

PERSIAN INSECT POWDER. For destroying Roaches, Ants and Fleas. Per lb. 40 cts.

PURE PARIS GREEN. 25 cts. per lb.; 5 lbs. \$1.00.

LAUREL GREEN. A substitute for Paris Green. 1 lb. 12 cts., in quantity 10 cts. per lb.

ROSE BRAND SULPHO-TOBACCO SOAP. A valuable Insecticide for Plants, Trees, Sheep, Cattle, Dogs, Horses, Poultry and domestic use. Dissolve 2 ozs. in one gallon of water. $\frac{1}{2}$ lb. tins, 25 cts.; postpaid 33 cts.; bulk, 10 lbs., \$3.00.

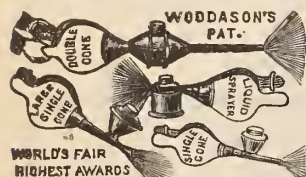

SLUG SHOT. A safe insecticide to use, and combines utility with cheapness. Per 10 lb. pkg. 50 cts.; 100 lbs. \$3.50; in bulk, full barrel of 235 lbs., 3 cts. per lb.

TOBACCO DUST. A sue remedy for Green Fly. Per lb. 5 cts.; per 100 lbs. \$2.25.

TOBACCO STEMS. For fumigating. In bales of about 250 lbs. \$1.50; per bbl. 75 cts.

TOBACCO SOAP, PINNER'S. For destroying all insects on plants and animals. Per lb. 30 cts.

WHALE OIL SOAP. Cans, 1, 2 and 5 lbs., 15, 25 and 50c.

Single Cone Bellows, \$1.00 and \$1.75.

Double Cone Bellows, \$2.75.

Spraying Bellows, \$1.00 and \$1.75.

Special Sulphur Bellows, \$1.50.

Paris Green, Slug Shot, and Plaster Dusters.

An effectual and cheap duster for dry powder. With handle as figured, either fine or coarse mesh.

15 cts. each.

With side handle for using with pole,

10 cts. each.

Leggett's Champion Powder Gun.

Leggett's Champion Gun in the Orchard.

Leggett's Champion Dry Powder Gun.

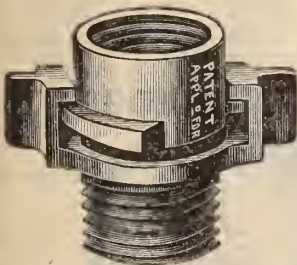

The most perfect powder gun for extensive work. Distributing Paris Green without adulteration, 1 lb. per acre. Is arranged with long spouts and double connections to cover 2 rows at one operation. Price \$6.50.

Patent Plant Bed Cloth, for Shading.

Light grade, 4 cts. per yard; per piece of about 65 yards, 3 1/2 cts. per yard.
 Medium grade, 8 cts. per yard; per piece of about 60 yards, 7 1/2 cts. per yard.
 Heavy grade, 10 1/2 cts. per yard; per piece of about 40 yards, 10 cts. per yard.

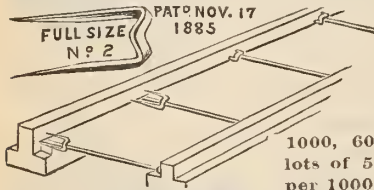

Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
 Steel wheel cutters, 15 cts. each; \$1.50 per doz.

THE VAN REYPER PERFECT GLAZIERS' POINTS.

No rights or lefts.
 Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

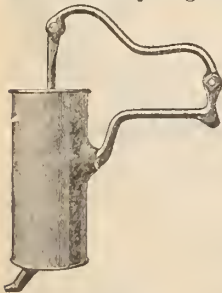

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

1 gallon \$1.00.

Mastica Glazing Machines (see cut) \$1.00 each.

Grafting Wax, first quality, in bars, with directions for using. 1/4 lb. 10 cts.; 1/2 lb. 15 cts.; 1 lb. 25 cts.; postpaid, 45 cts.

Jersey Peat, for potting plants, etc. \$1.25 per bbl.

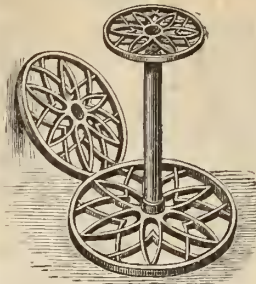

Propagating Sand. \$1.00 per bbl.

Prepared Potting Soil. 50 cts. per bus.; \$1.00 per bbl.

Sphagnum Moss, for packing growing Orchids, Plants, and Trees, etc. \$1.25 per bbl.; \$2.00 per bale.

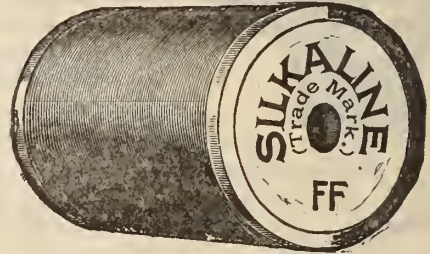

Dreer's Iron Plant Stands.

These plant stands are made of cast iron in five sizes, and can be furnished in three styles: plain black, galvanized, and bronzed. They will be found very useful for elevating plants in the back rows of greenhouses, conservatories, etc. 10 per cent. discount on 5 stands and over.

No.	Inches high.	Platu.	Galvanized or Bronzed.

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkaline is the very thing so long needed.

Green Silkaline is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkaline guaranteed. Price \$1.25 per lb.; per spool 20 cts. Silkaline is also used for Bouquet and general florist work. For stringing Asparagus use the F. F. F.

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 15 cts.; 10 lbs. \$1.25; 50 lbs. \$5.00; 100 lbs. \$10.00; bale of about 225 lbs. 9 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 18 cts.; 10 lbs. \$1.65.

Celery Twine for tying Celery, being 5-ply and much stronger. 16 cts. per lb.; 5 lbs. 75 cts.

Two-ply Coarse Cotton Twine for general use in tying Beets, Carrots, etc. 16 cts. per lb.; 5 lbs. 75 cts.

Jute Twine for tying Plants or Vegetables. 10 cts. per lb.; 100 lbs. \$9.00. Can be supplied in 2, 3 and 4 ply.

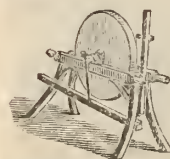

Flax. 2 ply, for roping Onions. Per lb. 20 cents; 100 lbs. \$18.00.

Tar Twine for tying Mats and Fodder, etc. 10 cts. per lb.; \$8.00 per 100 lbs.

Knapsack Sprayers.

The only way to have healthy nursery stock, sound plants, and perfect fruits and vegetables, is to protect them with the right kinds of fungicides and insecticides at the proper times.

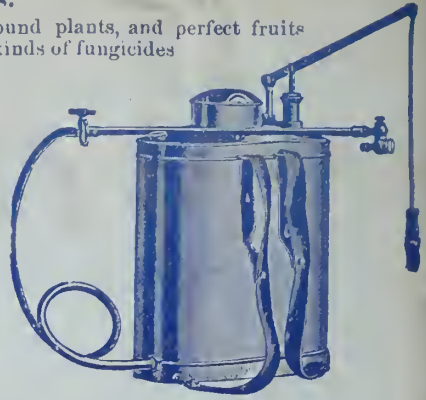

The Weed Kerosene Sprayer. (Copper.)

The Weed Kerosene Sprayer.

Since the appearance of the San José Scale it has become necessary to use Kerosene Oil as an exterminator. With this Sprayer this work can be accomplished in the best manner, as it applies it just in quantity wanted; is supplied with an auxiliary tank, as shown, has a regulating valve for the amount of oil needed. Price, \$13.00.

Stahl's Knapsack Sprayer. (Copper.)

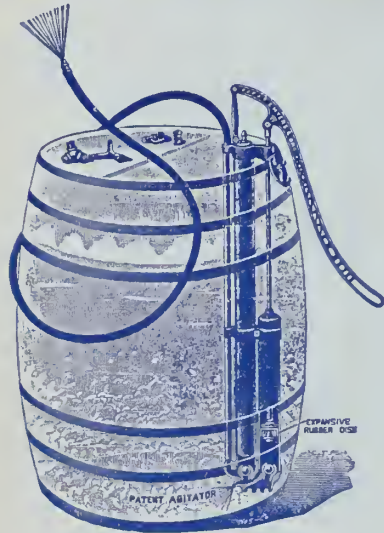

Is perhaps the best known implement on the market, being the first one introduced. It has brass valves throughout; has a large air chamber. Holds four gallons. Price, \$10.00.

The Success Knapsack Sprayer.
(Copper.)

This Sprayer can be used either as a knapsack or bucket sprayer, the illustration as here given showing its use as a knapsack. To be used as a bucket sprayer the handle and lever are removed and the extra handle with which the outfit is provided is placed in position as shown by the dotted lines. As a bucket sprayer this outfit is excellent. Price, \$9.50.

The Meyers' Brass Barrel Spray Pump.
(The Imperial.)

An all brass Pump all ready for operation when bolted to the staves of the barrel as shown in cut, the working parts of pump being entirely submerged in the liquid, and having a powerful agitator. The air chamber is 30 inches in length, 2 inches in diameter. Is very powerful and easily operated. Price, Pump only, \$6.50.

The Imperial Barrel Pump.

The Success Sprayer. (Copper.)

Success Bucket Pump.

The very best Bucket Pump on the market, has a new improved clamp as shown in cut. Without the bucket, \$4.00. With 7 feet of hose and pole attachment, \$5.00.

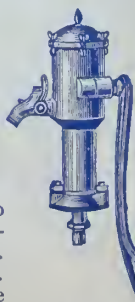

Truck and Water Barrel.

- 1½ in tire .. \$7 00
- 2½ " " 7 75
- 4 " " 8 50
- Spray Pump, extra.. 6 50

Greenhouse Force and Lift Pump.

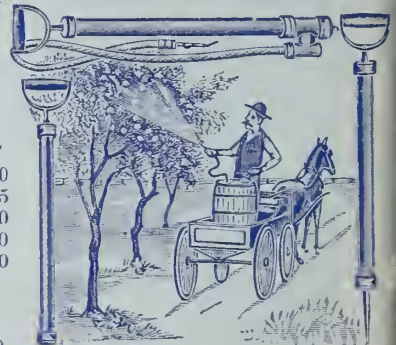

Fig. 0 will throw a stream or spray 40 feet. Very powerful; arranged for 1-inch suction pipe.

(0) \$5.50.

(2) \$7.00.

Lewis' Little Wonder Pump.

(Brass.)

An excellent outfit, combining three perfect machines — Barrel Pump, Hand Syringe, and Surgical Nozzle. The Spray Pump is arranged with a graduating nozzle, can be used in barrel, or as a Bucket Pump, has air chamber and strainer. Price, \$4.50, complete.

Vegetable and Flower Seeds for Fall Sowing
 Implements, Fertilizers and Requisites

SEPTEMBER 1898 DECEMBER

HENRY A. DREER

714 Chestnut Street

* * * Philadelphia, Pa.

Dreer's Quarterly Wholesale Price List.

September=December, 1898.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, plants, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

PRICES.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, Flower Seeds, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—~~For~~ Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

~~For~~ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

~~For~~ Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice. ~~For~~ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. ~~For~~ In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE BULBS.

SPECIAL NOTICE. All prices INCLUDE duty, packing and F. O. B., Philadelphia.

WHITE ROMAN HYACINTH.

Early Roman Hyacinths.

		Per 100	Per 1000
Early White Roman, 1st size bulbs,	11 to 15 c.	\$2 00	\$19 00
“ “ “ selected	12 to 15 c.	2 25	22 00
“ Light Rose,	“ “ 12 to 15 c.	1 75	15 00
“ Dark “	“ “ 12 to 15 c.	1 75	15 00
“ Blue	“ “ 12 to 15 c.	1 75	17 00
“ White Italian,	“ “ 12 to 15 c.	2 00	18 00

Choice Named Miniature or Dutch Roman Hyacinths.

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. The varieties are the finest for forcing, and the bulbs measure 12 centimeters and over in circumference.

Amy, deep red.	Gen. Pelissier, dark red.
Gigantea, light pink.	Chas. Dickens, deep pink.
Baroness van Thuyll, pure white.	Queen Victoria, pure white.
Grand A'Merveille, blush white.	Mad. Van der Hoop, creamy white.
Czar Peter, light blue.	La Peyrouse, light blue.
Baron van Thuyll, purple.	King of the Blues, deep blue.

Price. Any of the above varieties, \$1.75 per 100; \$16.00 per 1000.

MIXED DUTCH HYACINTHS.—In Separate Colors.

These have been carefully selected from the best varieties of early maturity, suitable for forcing and are all First Size Bulbs. We do not handle inferior small sized grade.

Single Sorts.

	Per doz.	Per 100	Per 1000
Single Dark Red	\$0 45	\$3 25	\$30 00
“ Rose	45	3 25	30 00

“ Yellow	45	3 25	30 00
“ All colors, mixed	40	3 00	29 00

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

	Per doz.	Per 100
Baron Van Thuyll, clear pink	\$ 60	\$4 50
Gertrude, rosy pink	60	4 25

Pieneman, dark porcelain	60	4 50

25 of any one kind sold at 100 rates. 250 at 1000 rates.

Selected First Size
NAMED HYACINTHS.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

PLANTS FOR FLORISTS.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application) and something of interest will always be seen.

AGERATUM PRINCESS PAULINE.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 6 inch pots, \$1.00 each; 7 inch pots, \$2.00 each.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 75 cts. per dozen; \$6.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, deliciously scented. 3 inch pots, 15 cts. each; \$1 50 per dozen.

Anthurium Scherzerianum.

A fine lot of 5 inch pots, strong bushy plants. 50 cents each; \$5.00 per dozen.

ARAUCARIA EXCELSA.

Aralia Sieboldii.

Green Leaved.

A most excellent house plant, having large, deeply cut foliage, which is of a bright, cheerful green color. 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Aralia Sieboldii Variegata.

A pretty variegated form of the above. Good 4 inch pot plants, 35 cents each; \$3.50 per dozen.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 inch pots,	6 to 8 in. high,	2 to 3 tiers,	60 cents each.
5 " "	10 to 12 " "	3 " "	\$1.00 each.
5 " "	15 " "	3 to 4 " "	1.25 " "

BEGONIA GLOIRE DE LORRAINE.

**New Winter-Flowering Begonia,
Gloire de Lorraine.**

This is undoubtedly the greatest gem in winter-flowering Begonias yet introduced, and is now offered for the first time in this country. A few plants exhibited during the past winter attracted much attention, and it is certain to become a popular favorite. It grows from 10 to 12 inches high, forming naturally, graceful, bushy specimens, which from October to April are completely hidden in soft, rosy pink flowers. We offer young plants from 2 inch pots 30 cts. each ; \$3.00 a dozen.

Flowering Begonias.

The increasing demand for these plants has induced us to prepare a large stock of the best varieties, especially *Semperflorens gig. rosea* and *Haageana*. These two make excellent plants for sale during the holidays, finding ready sale at remunerative prices.

Cyclamen Persicum Giganteum.

Fine plants out of 3 inch pots grown from our own seed. White, Rose, Crimson, White with Carmine eye,
\$1.50 per dozen ; \$10.00 per 100.

Mixed Colors, \$1.25 per dozen ; \$9.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz. ; \$6.00 per 100.

Cyperus Alternifolius Gracilis.

A pretty new variety of Cyperus with graceful narrow foliage, entirely distinct, certain to become popular.

2½ inch pots, 50 cts. per doz. ; \$4.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 15 cts. each ; \$15.00 per dozen.

DRACENA GODSEFFIANA

DRACÆNAS.

Godseffiana. Undoubtedly the most striking new plant introduced this year. As shown in the illustration, the plant is of an entirely different habit and appearance from all other Dracenas ; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide ; of a strong leathery texture ; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty ; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the Aspidistra and Ficus. Strong plants in 4½ inch pots, \$3.00 each ; \$30.00 per doz.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be ; a most useful decorative plant that will stand as much abuse as a Rubber.

4 inch pots, 12 ins. high, 30 cts. each ; \$3.00 per doz.
5 " " 15 " " 40 " " 4.00 "

Fragrans. 4 inch pots, \$2.50 per doz. ; \$20.00 per 100.
6 " " 5.00 " " 40.00 "

Lindeni. Fine plants in 5 inch pots, 75 cts. each.

Marginata. Young plants of this fine variety. 3 inch pots, 30 cts. each ; \$3.00 per dozen.

Massangeana. Fine plants in 5 inch pots, 75 cts. each.

Sanderiana. A new and entirely distinct species. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracenas.

Good young plants, 3 inch pots, 30 cts. each ; \$3.00 per dozen.

Terminalis. 2½ inch pots, \$1.00 per doz. ; \$8.00 per 100
3 " " 1.25 " " 10.00 "

CANNAS.

New Varieties of
Special Merit.

The following set of 20 varieties is a selection of the finest new sorts, introductions of the most prominent growers. All will be found decided acquisitions to our already long list of Cannas, and after careful trials made on our own grounds we have no hesitancy in recommending every one of them.

Aug. van den Heede. Large and numerous, rich, bright saffron flowers, embroidered with carmine. $3\frac{1}{2}$ feet, 25 cts. each.

America. Very large flowers of a beautiful purple-red color, flamed and striped, bronze foliage. 25 cts. each.

Allemania. Enormous flowers, surpassing Italia in size, outer petals scarlet with broad yellow border, inside of bloom scarlet and dark red. 25 cts. each.

Black Beauty. A bronze foliage variety of the Indian type of exceptional merit, magnificent for massing. 35 cts. each.

Baron de Bellroche. Bright amaranth, flowers large, abundant bloomer. $3\frac{1}{2}$ feet, 25 cts. each.

Depute Kavarin. Beautiful deep garnet, fine spike, profuse bloomer. $3\frac{1}{2}$ feet, 35 cts. each.

Furst Hohenlohe. Bright lemon yellow, lower petal slightly marked with carmine, beautiful. 25 cts. each.

Pres. McKinley. Brilliant crimson with bright scarlet shadings, large compact truss. $2\frac{1}{2}$ to 3 feet, 25 cts. each.

Pres. Cleveland. Bright orange scarlet, large truss, strong robust habit. 3 feet, 25 cts. each.

Semur P. Sannier. Clouded vermilion, carmine veins, very large, compact spike. $3\frac{1}{2}$ feet, 25 cts. each.

Secretaire Chabanne. Beautiful orange, with deeper shadings, flowers large and round, very fine. $3\frac{1}{2}$ feet, 35 cts. each.

Sam Trelease. This is the best and most distinct in our field, the flowers are of a rich glowing orange scarlet with broad large sized petals opening nearly flat, the ideal Canna for massing. 3 feet, 25 cts. each.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. 25 cts. each.

CANNA ALLEMANIA.

Goliath. Rich dazzling crimson, dwarf habit, broad massive dark green foliage. 3 feet, 25 cts. each.

J. D. Eisele. A magnificent vermilion scarlet overlaid with orange, free grower and bloomer. $3\frac{1}{2}$ feet, 50 cts. each.

La France. One of the finest bronze leaved Italian varieties, most beautiful dark glossy foliage, large orange scarlet flowers. 35 cts. each.

Madame Leon Leclere. Red, strongly corded with golden yellow, flowers large and numerous. $3\frac{1}{2}$ feet, 25 cts. each.

Madame Favrichon. Beautiful bright vermilion, very floriferous. 3 feet, 25 cts. each.

Menelek. Flowers rich nasturtium red, large size with broad petals, dwarf compact habit. 50 cts. each.

Prof. Treub. Broad lanceolate bronzed foliage, flowers large, scarlet striped with salmon red, new and beautiful. \$1.00 each.

One each of the above 20 varieties for \$5.00

LARGE FIELD-GROWN CLUMPS OF CHOICE CANNAS.

Having a large stock of the following varieties of Cannas, we offer them in strong undivided field-grown clumps, which will average from twenty to fifty eyes each according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped in perfect safety by freight at a low cost for transportation. Orders for this stock at these low prices will only be accepted as long as the plants remain in the fields, which is usually until about the middle of October. Place your orders now and the stock will be reserved until the proper time to dig.

	Price each Per large clump.		Price each Per large clump.

Furst Bismarek. Very fine crimson	50	Souv. de Pres. Carnot. Rich vermilion scarlet	35
Florence Vaughan. Standard yellow	50	Vice-President Luizet. Rich carmine	50

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one year old plants, \$1.25 per dozen ; \$10.00 per 100.

Ficus Elastica. (Rubber Plant.)

4 in. pots, 10 to 12 ins. high, \$4.50 per doz.; \$35.00 per 100.
 5 " 15 " " 6.00 " 50.00 "
 6 " 18 to 24 " " 9.00 " 70.00 "

**New Dwarf Bedding Geranium
 "Mars."**

A superb bedding and pot Geranium; of very dwarf, compact habit, the plant itself not exceeding 4 to 5 inches in height, but exceedingly floriferous. The flowers are of a clear light salmon, darker in the centre.
 50 cts. per doz ; \$4.00 per 100.

New Variegated Ivy. (Maderiensis.)

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 30 cts. each ; \$3.50 per dozen.

Justicea Velutina.

A pretty dwarf free flowering species, producing large heads of light pink flowers.
 3 inch pots, \$1.00 per dozen ; \$8.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.
 Alba, \$3.00 each. Rosea, \$1.50 each.

Lilacs for Forcing.

(Ready for shipment late in November.)

We offer a fine lot of pot-grown plants, finely set with buds, in excellent condition for forcing.

	Per 100.
Charles X. Red.....	\$45 00
Marie Legraye. Single white.....	45 00
Mad Lemoine. Double white.....	50 00
Souv. de Louis Spaeth. Red.....	50 00

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.
 3 inch pots, \$1.00 per dozen ; \$8.00 per 100.

Metrosideros Floribunda. Bottle Brush.

We have a fine lot of both tree and bush-shaped plants of this useful plant, in fine shape for forcing for Easter.
 Bush-shaped plants, with 12 inch bushy crowns, \$1 each.
 Standards, with stems 20 inches high and 12 to 15 inch crowns, \$1.50 each.

Musa Ensete.

(Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.
 Strong 5 inch pots, 30 cents each ; \$3.00 per dozen.

Otaheite Orange.

We offer a fine lot of plants, nicely set, with small fruit, which promise very well. These should make fine saleable stock for the holidays.
 5 inch pots \$6.00 per dozen.
 6 " " 9.00 "

FINE FERNS.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

MICROLEPIA HIRTA CRISTATA.

CHOICE VARIETIES OF SPECIAL MERIT.

Adiantum Capillus-Veneris Mariesii.

A pretty small-leaved form of this useful variety, very graceful. 2 in. pots, \$1.25 per doz.; \$10.00 per 100.

Adiantum Farleyense.

Nice young thrifty stock for growing on.

3 inch pots, \$3.00 per dozen; \$20.00 per 100.

4 " 5.00 " 40.00 "

Adiantum Fergusonii.

One of the prettiest of the crested Adiantums. Very much in the style of *A. Wiegandii*, but with larger pinnæ on longer stems. A charming variety for growing into specimen plants. 3 in. pots, \$2.00 per doz.; \$15.00 per 100.

Adiantum Formosum.

An excellent variety to grow into specimen plants for decorative purposes.

2 inch pots, \$1.25 per doz.; \$10.00 per 100.

3 " 1.50 " 12.00 "

Adiantum Lathomi.

This grand variety makes one of the handsomest specimen plants.

2 inch pots, \$1.25 per doz.; \$10.00 per 100.

Adiantum Rhodophyllum.

We offer a fine lot of this useful large-leaved variety, which is one of the most desirable of this type. 2 in. pots, \$1.25 per doz.; \$10.00 per 100. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

Asplenium Nidus Avis.

(Bird's Nest Fern.)

It is very rarely that this interesting variety is offered to the trade. We have been fortunate in securing a fine lot of 4-inch stock which we offer at 50 cents each, \$5.00 per dozen.

Cibotium Schiedeii.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

7 inch pots, \$2.50 each.

9 inch pots, \$4.00 each.

8 " 3.50 " 10 " 5.00 "

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2½ inch pots, 75 cents per doz.; \$ 6.00 per 100.

3 " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ inch pots, \$1.25 per doz.; \$ 8.00 per 100.

3 " 2.00 " 15.00 "

Nephrolepis Exaltata Bostoniensis.

2½ inch pots, \$6.00 per 100.

DREER'S DOUBLE PETUNIA.

Pandanus Utilis.

We have a large stock of this popular plant in fine condition. 2 inch pots, \$ 75 per doz., \$ 6.00 per 100
 3 " " 1.25 " 10.00 "
 4 " " 2.50 " 20.00 "

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.25 each.

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer strong 3 inch pots, in 15 distinct varieties, ready about the first of October, at \$1.50 per set; or \$10.00 per 100.

NEW SINGLE VIOLETS.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan. A French variety with entirely distinct bright reddish flowers, different from anything yet introduced; the flowers, which are produced very freely, are of large size and fragrant. \$1.25 per doz.; \$10.00 per 100.

California. This was sent out as the finest single variety in cultivation. The flowers are very large, borne on long, stout stems, which makes it especially valuable as a cut flower; intensely fragrant and of a clear violet purple color that does not fade out. \$1.00 per doz.; \$8.00 per 100.

Luxonne. This variety is of French origin, and is without doubt the finest single violet grown. It is of the same size as the California, but appears nearly double its size, as the petals all open out flat. It is of a beautiful rich but soft violet purple color, with strong, stout stems from 9 to 12 inches long, and very fragrant. \$1.00 per doz.; \$8.00 per 100.

Princess of Wales. Another grand variety, not quite as large as Luxonne, and a shade lighter in color; intensely fragrant. \$1.00 per doz.; \$8.00 per 100.

PALMS, OUR LEADING SPECIALTY.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean thrifty plants of this graceful and popular variety.

Inch pots.	Height.	Per doz.	Per 100

Hardy Climbers.

Akebia Quinata.

We offer a large stock of this climber; strong plants.

3 inch pots, \$1.00 per dozen; \$8.00 per 100.

4 “ “ 1.50 “ 10.00 “

6 “ “ 2.50 “ 16.00 “

Ampelopsis Veitchii.

Strong 2 year old field-grown plants; fine; \$6.00 per 100, \$50.00 per 1000.

Aristolochia Sipo. (Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per doz.; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia. (Trumpet Creeper).

Grandiflora. Strong plants. \$4.00 per dozen.

Radicans. Strong plants. \$2.00 per dozen.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots. Ready end of November.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gipsy Queen. One of the finest rich purple varieties.

Henryl. Finest large single white.

Jackmanni. The best known and most popular variety.

Color: dark, rich, royal purple.

Madam Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white; extra fine.

Miss Bateman. White with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

\$3.75 per dozen; \$30.00 per 100.

Clematis. Mad. Edouard Andre.

An entirely distinct and most novel variety, and the nearest approach to a bright red ever sent out. The plant is a strong, vigorous grower, being a hybrid of the popular Jackmanni, which it resembles in freedom of bloom, strong, vigorous growth, and shape and size of flower. We offer good 3 inch pots, 40 cents each; \$4.00 per dozen.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong 2 year old plants of the above two varieties at \$1.00 per dozen; \$7.00 per 100.

Clematis Flamula.

Strong 2 year old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season, and deservedly so. It is a strong, vigorous grower, free bloomer and absolutely disease proof; a plant that you cannot recommend too strongly to your retail customers, as it cannot help but please.

We offer strong 2 year old field-grown plants, \$1.00 per dozen; \$8.00 per 100.

Hardy White Moon Flower.

Strong, dormant roots. 50 cents per dozen; \$4.00 per 100.

Hardy Jasmines, White and Yellow.

Strong four inch pot-grown, \$1.25 per doz.; \$10.00 per 100.

Wisteria Sinensis.

Extra strong 2 year old plants, \$3.00 per doz.

Dreer's Reliable Flower Seeds.

For Autumn Sowing.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnation, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where small quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

VEGETABLE SEEDS.

For Fall and Winter Sowing. Specially Selected Stocks.

CROSEY'S EGYPTIAN BEET

Beet.

Crosby's Egyptian. An improved strain of the Egyptian Beet. Specially adapted for greenhouse forcing on account of its short top and quick growth. It is much thicker than the original strain, quite as early, of better color and quality, besides being smoother. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Carter's Excelsior. A new variety of superior excellence; color perfect, fine grained, smooth skin and small top. Lb. 75 cts.

Early Egyptian Blood Turnip. One of the earliest; a fine forcing variety, small top. Lb. 45 cts; 10 lbs. \$4.00.

Eclipse. Remarkable for its rapid growth, extreme smallness of top, and extra fine quality. $\frac{1}{4}$ lb. 15 cts.; lb. 45 cts.; 10 lbs. \$4.00.

Beans.

Triumph of the Frames. This variety leads all others for forcing, being two weeks earlier than any other; its dwarf compact habit allows of their being planted much closer than other sorts. Abundant cropper, pods very tender, of finest quality. Pint 30 cts; qt. 50 cts.

Sion House. One of the best forcing Beans, comes early into bearing, is stringless and tender, quality excellent. Qt. 30 cts.; peck \$2.25.

LARGE CHARLESTON WAKEFIELD CABBAGE.

Cabbage.

Early Jersey Wakefield. The best and most reliable sort for market gardeners. Selected stock. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Large Jersey Wakefield (Charleston). A few days later than the Early Jersey Wakefield, producing large solid heads of good quality. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

Early Winnigstadt. Good for either early or late use, in some sections the best early sort. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.25.

Etampes. Very early, producing medium-sized heads, sharply pointed. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.25.

Dreer's Early Drumhead. A second early variety, maturing about ten days later than the Wakefield. Large, solid heads. Oz. 20 cts; $\frac{1}{4}$ lb. 75 cts; lb. \$2.50.

Improved Early Summer. A second early with large solid heads, coming in a few days later than the Wakefield. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

All Head. The largest heading of the second early sorts, fine quality. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

All Seasons (Vandergaw). An Early Drumhead Cabbage, yielding heads of good size, very desirable either for Fall or early Spring use. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

DREER'S EARLIEST SNOWSTORM

Cauliflower.

Dreer's Earliest Snow Storm. Best of all for forcing in frames or greenhouses. Every grower should give this sterling variety a trial. $\frac{1}{4}$ oz. \$1.50; oz. \$5.00; $\frac{1}{4}$ lb. \$15.00.

Dreer's Selected Dwarf Erfurt. Of dwarf habit. Heads close, pure white, of the finest quality. $\frac{1}{4}$ oz. 75 cts; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.

Dreer's Early Snowball. An early dwarf variety, producing magnificent white heads of fine quality. $\frac{1}{4}$ oz. 75 cts.; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.

Carrots.

Sow in cold frames in October for an early spring supply.
Earliest Short Horn. The earliest forcing variety, root small, reddish orange, of globular shape and excellent flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts; lb. 70 cts.

Early Scarlet Horn. The favorite early red variety; fine grained and good flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Half-Long Nantes. An early half-long stump-rooted variety of superior quality; best kind for cold frames. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 60 cts.

DREER'S LARGE LEAVED CORN SALAD.

CORN SALAD, or *Fetticus*. Large seeded, a selected stock for market gardeners, very heavy foliage, 5 lb. lots, \$2.00 Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 45 cts.

Cucumber.

Arlington White Spine. A strain of White Spine which has been improved through careful selection, with a view to use for forcing in hothouses and frames. Our stock produces handsome dark-colored fruits, which retain their color longer than other sorts.

Oz. 15 cts.; $\frac{1}{4}$ lb. 50 cts.; $\frac{1}{2}$ lb. 1.50.

English Prize Cucumbers.

The best for Greenhouse forcing, attaining a length of 20 to 30 inches.

DREER'S IMPERIAL LONG STANDING KALE.

Kale.

For early Spring use, sow in September.

- Dreer's Imperial Long Standing.** A beautiful curled and crimped sort, extremely hardy and the best for market purposes. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 50 cts.; 5 lbs. \$2.25.
- Dwarf Curled German.** Leaves green, fine fringed. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 50 cts.
- Dwarf Curled Scotch.** Leaves bright green, curled, tender and fine flavored. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 50 cts.

HITTINGER'S BELMONT FORCING LETTUCE.

Lettuce. Forcing Varieties.

Hittinger's Belmont Forcing. An improvement on the Boston Market, being larger in size. We specially recommend this variety for greenhouse forcing; a sure header and of fine quality.

Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Boston Market. (White Seeded Tennisball.) The earliest heading variety. One of the best for forcing.

Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Black Seeded Tennisball. A favorite forcing variety. Forms a close, hard head. Oz. 15 c.; $\frac{1}{4}$ lb. 35 c.; lb. \$1.25.

Big Boston. Resembles the popular Boston Market, but is nearly twice as large; a most desirable variety for forcing and cold frames.

Oz. 20 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Grand Rapids Forcing. This is regarded in the West as the best forcing and shipping variety. It matures quickly, large size and handsome appearance, crisp and tender, and will keep from wilting after cutting longer than any other sort. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

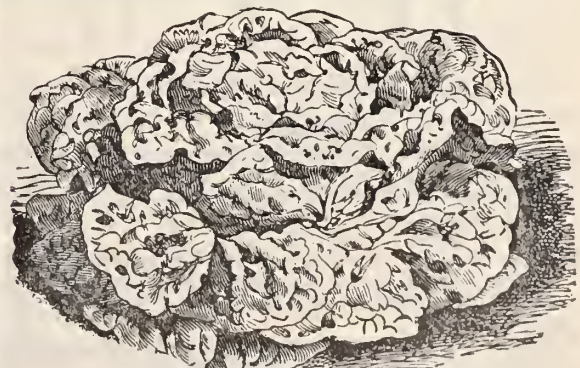

Golden Queen. Very early, yellow color; excellent for forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Emperor Forcing. A very early small light green-yellow heart. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Early Curled Simpson (Silesia). Forms a close, compact mass of leaves; excellent for forcing.

Oz. 15 cts.; $\frac{1}{4}$ lb. 30 cts.; lb. \$1.00.

Black Seeded Simpson. Produces a compact mass of leaves of a light color, nearly double the size of the ordinary Simpson. Oz. 15 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. \$1.25.

EARLY DUTCH BUTTER SPOTTED LETTUCE.

Lettuce. Cold Frame Varieties.

Silver Ball. This is one of the best all-the-year-round Lettuce we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing.

Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Early Dutch Butter, Spotted. Large heads, of excellent quality, and one of the best forcing and market sorts. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Dwarf Early Curled. The best for forcing. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 75 cts.

Half Curled. A medium curled variety, quite hardy, of dark color. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Champion Moss Curled A distinct very dwarf moss curled variety, excellent for garnishing. Oz 10 cts.; $\frac{1}{4}$ lb. 25 cts; lb. 75 cts.

CARDINAL GLOBE. (Best Forcing Radish.)

Radish.

Cardinal Globe. This is the very best forcing variety for market gardeners and truckers. It is of globular shape and brilliant cardinal red color, short top, and will stand a large amount of heat without becoming pithy. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 65 cts.

Scarlet Frame. The very earliest Turnip Radish, of a bright scarlet crimson color, perfectly round, crisp and tender, of excellent flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 60 cts.

Felton's White Box. A perfectly round, white variety, free from any sharpness or bitterness, and the quickest of the white sorts. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.; 5 lbs. \$2.75.

White Tipped Scarlet Gem. Excellent for forcing, very short leaves, bright scarlet, with white tip, giving it a very attractive appearance when bunched for market. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

French Breakfast. Ob'ong shape, rapid growth, very mild and tender, of a beautiful scarlet color tipped with white. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

DREER'S Earliest White Globe Forcing Radish.

The earliest white Radish in existence, producing a beautiful oval shaped Radish with transparent white skin and flesh, very small root and top, produces a crop as soon as the Cardinal Globe

15c. per oz ;
 $\frac{1}{4}$ lb. 40c.;
lb. \$1 25.

DREER'S EARLIEST WHITE GLOBE FORCING.

Spinach.

Sow in September and October for a continuous supply.

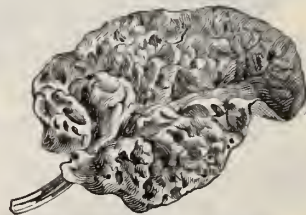

DREER'S ROUND SEEDED SAVOY. The hardiest large Savoy-leaved; curled and crimped, with thick, fleshy leaves, the best for family and market purposes, and the best of all sorts for fall sowing. Lb. 20 cts.; 10 lbs. \$1.75; bush. \$6.00; per 100 lbs. \$15.00.

VICTORIA. This new variety is distinguished by the exceedingly large, dark green leaves, and also for its long standing qualities. Should be given a trial by all. Lb. 25 cts.; 10 lbs. \$2.00; Bush. \$7.00; per 100 lbs. \$18.00.

Long Standing Round Seeded. A large crimped, thick, fleshy Savoy-leaved variety; will stand two weeks longer than any other sort before shooting to seed. Lb. 20 cts.; 10 lbs. \$1.75; Bush. \$5.50.

Prickly Seeded The hardiest variety, having smaller leaves; is not so productive as the above sorts. Lb. 20 cts.; 10 lbs. \$1.75; Bush. \$6.00.

Large Leaved Viroflay. A fine variety, leaves very thick and heavy. Lb. 20 cts.; 10 lbs. \$1.75; Bush. \$6.00.

DREER'S ROUND SEEDED SAVOY SPINACH.

Tomato.

The Lorillard. One of the best for forcing under glass.

It sets freely, four or five fruit to a bunch, all of equal and good size, and a vermilion-scarlet color. The stock we offer was grown by an expert tomato forcer, and can be relied upon to give good results. (See cut.)

Oz., 30 cts. ; $\frac{1}{4}$ lb., \$1.00 ; lb., \$3.50.

Mayflower. Excellent for forcing, fruit bright red, medium size, solid. Oz., 20 cts.

Favorite. Oz., 15 cts.

Beauty. Oz., 15 cts.

Dwarf Champion. Oz., 20 cts.

Best of All. New. Pkt., 15 cts.

King Humbert. Fruit produced in clusters, small to medium size, very solid, color bright red. Oz., 25 cts.

LORILLARD TOMATO.

Dreer's Reliable Mushroom Spawn.

New
Crop

Now
Ready.

Our new crop of **English Milltrack Mushroom Spawn** is now in stock in fine condition; the quality is the same as sent out by us in past years, which has given the very best satisfaction, producing large crops of best quality. We would strongly advise intending purchasers to order early in order to have the spawn on hand when your bed is at the proper temperature for spawning, and thus save any delay. If you have never tried our spawn, we feel sure a trial will result in future orders.

Price: 15 cents per brick; \$1.50 per dozen bricks;
25 lbs. \$2.00; 100 lbs. \$7.00; 1000 lbs. \$65.00.
250 lbs. or over at the same rate as 1000.

FRENCH MUSHROOM SPAWN.

This produces a much smaller mushroom than our English spawn. We import direct, and supply it in original boxes of 3 lbs. for \$1.15.

BOOKS ON MUSHROOM GROWING.

"How to Grow Mushrooms," by Wm. Falconer. Price, \$1.25.

"Mushroom Culture," by Robinsou. Price, 50 cents.

Dreer's Grasses and Clovers.

Scarlet, or Crimson (<i>Trifolium incarnatum</i>). An annual variety largely used for feeding green and for hay. Also as a green Manure for plowing under the following spring. Now grown successfully in the North and South. The yield in fodder is immense, and it at once commences growing again and continues until overtaken by frost. Sow until October; 15 pounds to the acre.	
Per lb. 8 cts.; per bush. (60 lbs.) \$3.25.	

SCARLET OR CRIMSON CLOVER.

Improved White Cedar Tree Tubs.

Made of white cedar and bound with extra heavy iron hoops. Drop-handles of special pattern, serving as hooks for carry poles. Substantial iron legs of original design. Removable perforated bottoms. Painted green. Discount 5 per cent.

Patent Plant Bed Cloth, for Shading.

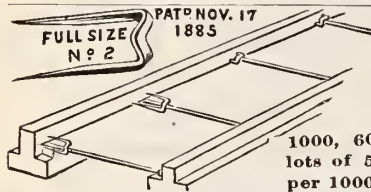

Light grade, 4 cts. per yard; per piece of about 65 yards, 3 1/2 cts. per yard.
 Medium grade, 8 cts. per yard; per piece of about 60 yards, 7 1/2 cts. per yard.
 Heavy grade, 10 1/2 cts. per yard; per piece of about 40 yards, 10 cts. per yard.

Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
 Steel wheel cutters, 15 cts. each; \$1.50 per doz.

THE VAN REYPER PERFECT GLAZIERS' POINTS.

No rights or lefts.
 Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

1 gallon \$1.00; 5 gal. \$4.50.

Mastica Glazing Machines (see cut) \$1.00 each.

SUNDRIES.

Grafting Wax, first quality, in bars, with directions for using. 1/4 lb. 10 cts.; 1/2 lb. 15 cts.; 1 lb. 25 cts.; postpaid, 45 cts.

Jersey Peat, for potting plants, etc. \$1.25 per bbl.

Propagating Sand. \$1.00 per bbl.

Prepared Potting Soil. 50 cts. per bus.; \$1.00 per bbl.

Sphagnum Moss, for packing growing Orchids, Plants, and Trees, etc. \$1.25 per bbl.; \$2.00 per bale.

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkline is the very thing so long needed.

Green Silkline is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkline guaranteed. Price \$1.25 per lb.; per spool 20 cts. Silkline is also used for Bouquet and general florist work. For stringing Asparagus use the F. F. F.

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 15 cts.; 10 lbs. \$1.25; 50 lbs. \$5.00; 100 lbs. \$10.00; bale of about 225 lbs. 9 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 18 cts.; 10 lbs. \$1.65.

Celery Twine for tying Celery, being 5-ply and much stronger. 16 cts. per lb.; 5 lbs. 75 cts.

Dreer's Quarterly Wholesale Price List.

January=March, 1899.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½% ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.—~~16~~ Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

~~16~~ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

~~16~~ Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows :

All bills will be due and payable Ninety (90) days after date of invoice. ~~16~~ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. ~~16~~ In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

NOVELTIES AND SPECIALTIES IN VEGETABLE SEEDS FOR 1899.

On pages 1 and 2 we offer Novelties and Specialties of rare merit. All have been carefully tested on our Trial Grounds. Descriptions are written from actual experience with each variety and illustrations made from photographs.

DREER'S NEW WONDER BUSH LIMA BEAN.

This new strain of Bush Lima Bean has given wonderful satisfaction, both in producing fine, large beans and in holding steadfastly to its dwarf habit, growing absolutely in the bush form, without the least sign of a runner. It is also the earliest of all Bush Limas, and a great improvement on the original type of large White Bush Lima, being 10 to 15 days earlier.

Seed planted on our Experimental Grounds on June 29th, produced fully-matured beans on August 17th, just seven weeks from date of planting. No other Bush Lima has such a record for earliness.

It is the most productive of all Bush Limas. The plants grow dwarf, upright and compact, and are completely covered with large pods, many of which contain four beans, which are fully as large as the largest of the Pole Limas. The beans are of flat shape, and fully equal in flavor to the famous Dreer's Bush Lima, so well and favorably known.

Dreer's New Wonder Bush Lima is without doubt the best of its class, and a decided acquisition. The earliest, dwarfest, most prolific and best quality of all. Pkt. 15 cts.; 2 pkts. 25 cts., postpaid; pint, 60 cts.; qt. \$1.00, by express. If by mail, add 8 cts. per pint, 15 cents per quart.

DREER'S NEW WONDER BUSH LIMA BEAN.

EARLY SPRING CABBAGE.

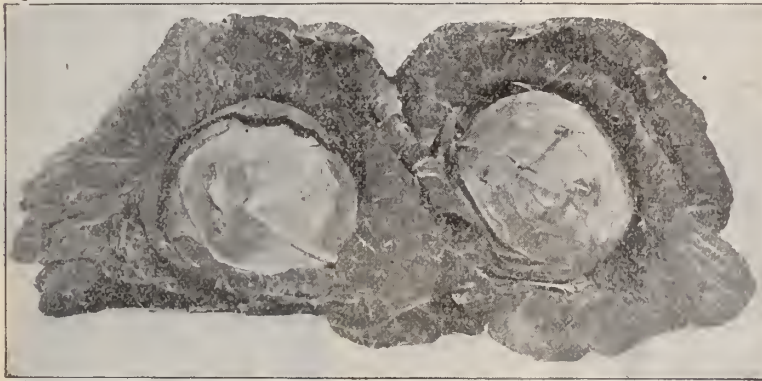

This variety is fully as early as Jersey Wakefield, but heads are of the round, flat type of Early Summer. It has very few small outer leaves, and can be planted as close as any variety known. Heads grow remarkably uniform in size and shape; stem short and heart very small, making almost entire head fit for use. The quality is extremely fine, veins small, and not the least sign of coarseness. The heads harden at an early stage of growth, so that they are really fit for use before fully matured. Pkt. 10 cts.; oz. 40 cts.; $\frac{1}{4}$ lb. \$1.50; lb. \$5.00.

SCHUMACHER CELERY.

This variety produces very large half dwarf stalks, ribs very broad and brittle, with heart of a rich golden yellow. Its great point is its remarkable keeping qualities, remaining solid in March and April, which is the most profitable time to sell. We offer only true stock. Price, per oz. 25 cts.; $\frac{1}{4}$ lb. 80 cts.; lb. \$3.00.

SCHUMACHER CELERY.

EARLY SPRING CABBAGE.

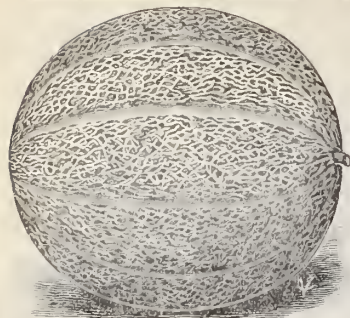

EMERALD CUCUMBER.

This is the most valuable Cucumber introduced in many years. It has all the good qualities of the White Spine, with the additional advantage of having a rich dark green color during the entire period of its growth, making it an evergreen cucumber. The vines are exceedingly productive, fruits set early and are very handsome, long and straight, entirely free from spines. In quality, fine, being very solid, crisp, tender and of pleasing flavor. Those who grow cucumbers under glass will appreciate the "Emerald," as it is a splendid forcing variety, and the fruits are so firm that they readily stand shipping long distances.

Pkt. 10 cts.; oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

EMERALD CUCUMBER.

PAUL ROSE, OR PETOSKEY.

NEW MUSKMELON.—PAUL ROSE or PETOSKEY.

This variety originated in the West, the melons being sold on the market under both names. A decided improvement in the salmon-flesh varieties. It is a cross of the Osage with Netted Gem, and combines the sweetness of the former with the fine gray netting of the Gem, making it a very handsome melon. It has a very firm rind, and, as shown in illustration, a structure of flesh peculiarly its own. The melons grow uniform in shape and size, the average diameter being about 5 inches; flesh very thick, firm and beautiful; deep salmon or orange color, deliciously sweet and melting; the seed cavity is smallest of any variety. For shipping long distances the Paul Rose has no superior; they not only carry safely, but in such good condition that they readily bring much higher prices than other varieties. Its size and general appearance make it a splendid basket melon which will soon become a favorite with the market gardener. Our seed is strictly pure, grown from the originator's stock. Pkt. 10 cts.; oz. 20 cts.; ¼ lb. 50 cts.; lb. \$1.50.

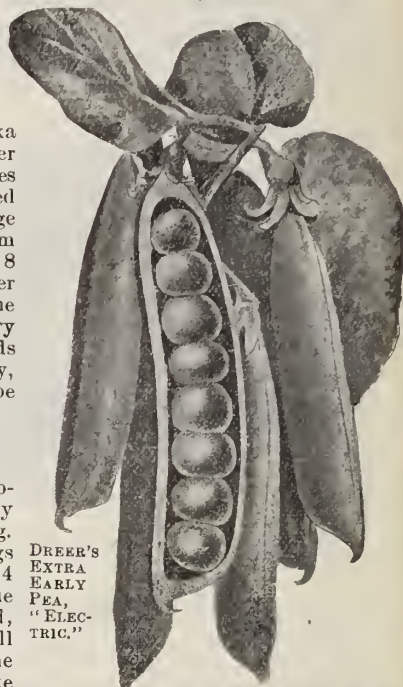

PARSLEY, DREER'S SUMMER GREEN.

Market gardeners have frequently requested that we secure a strain of Parsley which would remain green during the hot months of July and August. We are pleased to offer this as a variety particularly adapted for the purpose. It is a strong, vigorous grower, and produces large, finely curled leaves, which are of beautiful dark green color, holding this rich color long after other varieties have turned yellow. Oz. 15 cts.; ¼ lb. 30 cts.; lb. \$1.00.

DREER'S

"ELECTRIC" EXTRA EARLY PEA.

This is a new variety of the green-seeded Alaska type, but a great improvement, being much earlier than the Alaska and bearing larger pods. The vines grow from 2½ to 3 feet high, and are literally loaded down with pods, which are crowded with the large peas, closely shouldered in pod. It is very uniform in growth, and usually produces pods containing 8 peas. The quality is excellent, remaining tender until fully matured. As an "Extra Early" for the market gardener we can recommend this variety very highly; and the beautiful dark green color of the pods adds greatly to their selling quality. Being hardy, the seed can be planted as early as the ground can be worked. Qt. 25 cts.; peck, \$1.25; bu. \$4.00.

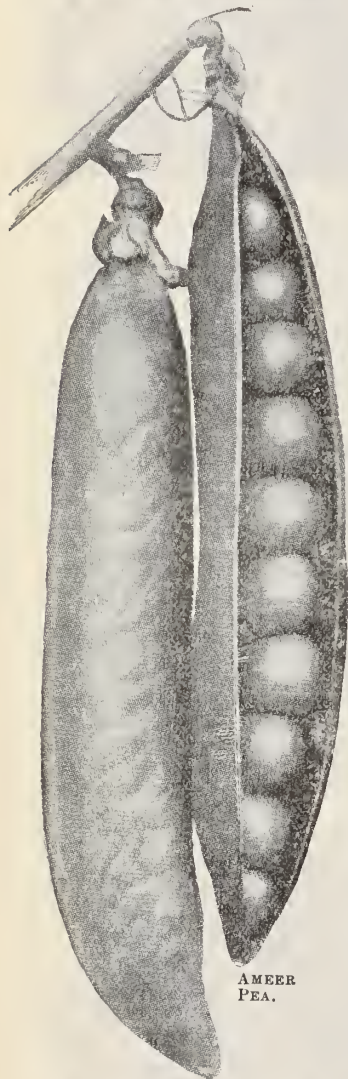

DREER'S
EXTRA
EARLY
PEA,
"ELEC-
TRIC."

AMEER PEA.

This variety of blue-seeded peas is distinct, and produces its handsome pods in pairs. It is an early variety and can be planted very early in the Spring. It is also a good variety for making repeated sowings for succession. The vines which grow from 3 to 4 feet high, are very thrifty and good bearers. The pods are dark green, large, curved and very broad, always well filled with large peas. The quality is all that could be desired, being sweet and tender; the large size and handsome green color of the pods make it a good variety for market purposes, bringing higher prices than other less attractive sorts. Per packet, 10 cents, postpaid; per pint, 20 cents; per quart, 30 cents; per ½ peck, \$1.00; per peck, \$1.50; per bushel, \$5.50.

If to be sent by mail, add 8 cents per pint; 15 cents per quart.

AMEER
PEA.

EXTRA EARLY JERSEY WHITE BUSH SQUASH.

This improved strain of White Bush Squash is the result of selections made for a number of years by a prominent market gardener. The squashes mature fully 10 days earlier than the old sort, and are of good marketable size. They show less ridge, or scallop, being better filled out, and contain a larger amount of flesh than the parent variety. The squashes cook well and the flavor is delicious. Pkt. 10 cts.; oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

GOLDEN HUBBARD SQUASH.

In shape same as the old-fashioned Hubbard, but the skin is rich orange color. It is extremely attractive, matures earlier than the green-shell Hubbard and is more productive. The color of flesh is deep golden yellow, cooks dry and is of fine flavor. The keeping qualities are fully equal to the old variety. Pkt. 10 cts.; oz. 15 cts.; ¼ lb. 30 cts.; lb. \$1.00.

EXTRA EARLY JERSEY WHITE BUSH SQUASH.

Seeds and Plants are now taken by leading Express Companies at a reduction of 20 per cent. from regular rates on merchandise.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

AQUATIC DEPARTMENT.

We have the largest and best equipped Aquatic Department in the country, and are prepared to supply strong plants of the new and rare as well as the standard sorts of Water Lilies, etc. Florists would do well to plant a few of the leading kinds, they being one of the best "ads." we know of; people go miles to see the Water Lilies, that would not be attracted by any other class of plants.

Full descriptions and cultural directions will be found on pages 96 to 103 of our Retail Catalogue.

NELUMBIUM SPECIOSUM.

PLANT DEPARTMENT.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

ACALYPHA SANDERI.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 12 to 15 inches high; 5 inch pots, 50 cents each; \$5.00 per doz.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty.

Prices during January and February, 2½ inch pots, 50 cts. each; \$5.00 per dozen.

Prices during March, 2½ inch pots, 35 cts. each; \$3.50 per dozen.

AGERATUM PRINCESS PAULINE.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "African Blue Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock which enables us to offer it at a popular price. It is of dwarfier, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 75 cts. per dozen; \$5.00 per 100.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each.

ARAUCARIA EXCELSA.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers, brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliated variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers, 50 cts. each.

Scherzerianum Album. A white flowered form of the above. \$1.50 each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Rich crimson. 75 cts. each.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 inch pots,	6 to 8 in. high,	2 to 3 tiers,	60 cents each.
5 " " "	10 to 12 " "	3 " "	\$1.00 each.
5 " " "	15 " " "	3 to 4 " "	1.25 " "
6 " " "	18 " " "	4 to 5 " "	1.50 " "

Araucaria Excelsa Glauca.

5 inch pots,	8 inches high,	2 tiers,	\$1.00 each.
6 " " "	12 to 15 " "	3 " "	1.50 " "

Araucaria Robusta Compacta.

The finest lot of this grand variety we have ever been able to offer.

6 inch pots,	10 to 12 inches high,	3 tiers,	\$1.50 each.
6 " " "	12 to 14 " "	3 " "	1.75 " "
7 " " "	15 to 16 " "	3 " "	2.00 " "

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

3 inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.

Asparagus Plumosus Nanus.

A grand variety for cutting either in strings or smaller pieces. We offer a fine lot of thrifty plants.

3 in. pots, \$1.25 per doz.; \$10.00 per 100; \$90.00 per 1000.

SPECIMEN AZALEA.

Azaleas.

For Easter Forcing.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, and with the exception of Deutsche Perle, Vervaeana and Empress of India of which our stock is exhausted, we can still supply all the leading sorts in quantity.

As these plants can be more safely shipped when in bud, we wish to impress the importance of early orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	In. Diam.	Per doz.	Per 100.
5 in. pots, nice bushy crowns	10 to 12	\$5 00	\$40 00
5 " " "	12 to 14	6 00	50 00
6 " " "	13 to 15	9 00	70 00

Also a fine lot of specimen plants at \$1.00, \$1.50, \$2.00, \$2.50 and \$3.00 each.

Azalea Pontica. (Hardy Ghent Azalea.)

A fine lot of bushy plants 18 to 24 inches high, nicely set with buds, \$6.00 per doz.; \$45.00 per 100.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at \$6.00 per dozen.

Bay Trees. (Laurus Nobilis.)

Standard or Tree-shaped.

Stems	Each.
45 in. high, crowns 36 in. in diam.	\$10 00
" 45 " " " 40 " "	12 50
" 45 " " " 48 " "	15 00

Also a lot of young plants in 8 inch pots, crowns 12 to 15 inches in diameter, \$2.50 each.

Pyramidal-shaped.

	Each.
5½ feet high, 34 inches in diam. at base,	\$7 50
7 " " 36 " " " "	10 00
8 " " 40 " " " "	12 50
8 " " 44 " " " "	15 00

Also a lot of small plants in 9 inch pots, 36 to 42 inches high, and 15 inches in diameter, \$2.50 each.

BEGONIA DUKE ZEPPELIN.

FANCY LEAVED CALADIUMS.

TUBEROUS-ROOTED BEGONIAS.

The strain of Tuberos-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care with this as in the previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 50 cts. per doz; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 75 cts. per doz; \$6.00 per 100; \$50.00 per 1000.

Double Varieties in Choice Mixture. 60 cts. per doz; \$5.00 per 100; \$45.00 per 1000.

New Frilled Tuberos-rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of petunias. A decided acquisition. Strong bulbs 25 cts. each; \$2.50 per doz.

New Tuberos-rooted Begonia, DUKE ZEPPELIN.

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberos-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. No other flowering plant attracted so much attention during the past summer as this brilliant Begonia. Strong bulbs, 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Boxwood Trees.

Standard or Tree-shaped.

Handsome trained specimens, 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each.

Pyramidal-shaped.

Handsomely trained specimens, 9 inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

Caladiums Fancy Leaved.

These handsome variegated varieties are again coming into strong demand. For a few years they seemed to have gone out of favor, but the many new sorts shown during the past two years has created new interest in them. We offer a beautiful collection of 34 distinct varieties at \$2.00 per doz.; \$15.00 per 100. Mixed Varieties, \$1.00 per doz.; \$8.00 per 100. Strong dormant bulbs.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race of Caladiums. The leaves are borne on stout petioles, but unlike our well known varieties are spear-shaped and of thick leathery texture. The colors are red, green, and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 50 cts. each; \$5.00 per doz.

Crotons.

These are one of the coming plants for bedding. We offer a choice collection of 12 varieties, for names and description see page 108 of our Retail Catalogue.

3 inch pots, 20 cents each; set of 12 for \$2.00; \$15.00 per 100.

Cycas Revoluta. (Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

**NEW CARNATIONS FOR 1899. (Rooted Cuttings.)***(Introducer's descriptions.)*

America. (Hill). Color pure scarlet of soft even shade, strong vigorous grower, flowers of good size, very free. \$1.50 per doz.; \$10.00 per 100; \$75.00 per 1000.

Anna Eastburn. (Eastburn.) A very double snow white, nicely fringed high built flower, with strong calyx, very fragrant, habit erect and one of the most vigorous growers, with a long stiff stem; a steady bloomer. \$1.50 per doz.; \$8.00 per 100; \$70.00 per 1000. Ready Feb. 1.

Cardinalis. (Shelmire.) Deep scarlet flowers 2½ to 3 inches and well formed, good keeper, stems 2 to 3 feet, upright grower, not bushy, and can be grown close. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1.

Duke of York. (Shelmire). White, lightly striped with pink, large and perfect flowers that do not burst, stems very long and stiff, prolific for a large flower, and comes into bloom early; plant bushy and vigorous. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1st.

Emiline. (Shelmire.) Magenta pink, flowers of largest size, averaging 3 inches when well grown; plants bushy and needs plenty of room. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1st.

General Gomez. (Ward). Brilliant cardinal maroon, 2½ to 2¾ inches in diameter, fine stems, 16 to 24 inches long, strong vigorous healthy habit, blooms fully as freely as Portia, resembles Scott in habit, and seems to have as good a constitution as that variety. \$2.00 per doz.; \$10.00 per 100. Ready Feb. 1st.

Glacier. Purest snow white, 2 to 3 inches across on stiff stems, 10 to 15 inches long; enormously prolific and early bloomer, an easy grower, thriving under almost all conditions. \$2.00 per doz.; \$10.00 per 100. Ready Feb. 1.

NEW CARNATIONS.—Introduced in 1898. (Rooted Cuttings.)

Argyle. Lovely shade of carmine pink, vigorous grower free bloomer. \$1.00 per doz.; \$5.00 per 100; \$45 per 1000.

Bon Ton. Bright soft scarlet, large deeply fringed flowers, stiff stems, very productive. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Cathleen Pantlind. Color a shade or two darker than Daybreak. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Empress. Magnificent bright rich crimson, deeply fringed, and delightfully fragrant, vigorous grower. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

John Young. Very double snow white flower, finely fringed, splendid calyx, stem strong, stiff and wiry. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Gold Nugget. Color of Buttercup with probably less of the red striping, strong grower and very free; a fine keeper. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

General Maceo. (Ward). Ground color, deep brilliant scarlet overlaid with maroon; making one of the darkest and richest Carnations yet seen, fully as rich and striking as the Meteor rose, flowers large; under extra culture, blooms have been produced 3 inches across on stems 20 inches long; a vigorous grower, and a most profuse bloomer. \$2.00 per doz.; \$10.00 per 100. Ready Feb. 1st.

G. H. Crane. (Dorner). We do not hesitate to recommend this as the coming scarlet Carnation; a large flowering sort (averaging 3 in.) producing both quality and quantity; model in growth, stem, flower and color; comes into flower early, and continues an even all season bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1st.

Liberty. (Shelmire). Dark pink or perhaps nearer a brilliant red, a very desirable shade, flowers of good size, very prolific, early, stiff stems, rather dwarf in growth, but of good size, very bushy habit. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1st.

Mary A. Baker. (Eastburn). A large full white flower of good form, nicely fringed and very fragrant, strong calyx, never bursts, long stiff stems, habit like McGowan, but more vigorous, blooming earlier and more abundant, a good summer bloomer. \$1.50 per doz.; \$8.00 per 100.

Progress. (Shelmire). White, lightly pencilled with dark pink, stems long and very stiff, flowers 2½ to 3 inches, never burst, continuous bloomer, upright growth. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Melba. (May and Craig). This is a grand combination of good qualities, free, early and continuous bloomer, in color, the finest pink yet produced, large and perfect form, very fragrant, long stiff stems. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000. Ready Feb. 1st.

Evelina. A large pure white of good form and substance. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. S. A. Northway. White, shaded soft shell pink, changing to almost pure white when fully developed. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. Jas. Dean. Clear silvery pink, continuous bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

New York. Bright cerise pink, magnificent color under artificial light. \$1.00 per doz.; \$5.00 per 100; \$40 per 1000.

Outcast. Very bright red of medium size, good stems. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Wellesley. Intense bright scarlet, early and free bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

White Cloud. White, habit same as Daybreak, but taller, stronger, more vigorous and much freer bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

CANNAS.

New Orchid-Flowered Italian Varieties.

Among the most startling novelties in Cannas three years ago were the two Orchid Flowered Varieties, Austria and Italia, since then many additions have been made to this class. Last year we had thirty varieties in our trial grounds, all of which were handsome, but many of the sorts were nearly identical. We have therefore reduced our list to the ten varieties enumerated below, and feel safe in saying that they comprise not only the most distinct, but the "cream" of the Italian introductions to date.

The habit of growth of all these varieties is very similar, being remarkably vigorous and under liberal cultivation they attain a height of 6 to 8 feet, while their flowers frequently measure 6 inches across. They are not of as heavy texture as the French varieties, therefore do not last as long, but are produced with the greatest freedom.

America. Magnificent bronzy foliage marbled with green, having a peculiar lustre, appearing as if varnished; flowers rich orange-salmon, feathered and veined with scarlet. \$1.00 per doz.; \$8.00 per 100.

Allemania. Exceptionally large flowers, frequently measuring 6½ inches across, the upper petals salmon with broad border and markings of golden-yellow, while the lower petal is dark salmon marked with yellow in the centre; foliage dark green. \$1.00 per doz.; \$8.00 per 100.

La France. Similar to America, but with still darker foliage and of more compact habit; flowers orange-scarlet. \$1.00 per doz.; \$8.00 per 100.

Partenope. Dark orange, shaded with yellow; a fine large flower. \$1.00 per doz.; \$8.00 per 100.

Pluto. Rich bronzy-red foliage; flowers red, flamed with orange. \$1.00 per doz.; \$8.00 per 100.

Prof. Treub. Purple foliage, with large flowers of orange-red splashed with yellow. \$1.50 per doz.; \$10.00 per 100.

One each of the above 10 Italian Varieties for 75 cts.

NEW LARGE FLOWERING CANNAS OF AMERICAN ORIGIN.

It is a pleasure to offer four such fine Cannas as are presented in this set. Many of the best of the so-called French Cannas of recent introduction have been of American origin, and with the strides now being made by American Hybridizers and climatic conditions especially suited to their requirements, we look for the best novelties of the future to be of home production.

President McKinley. Color brilliant crimson with bright scarlet shading. Truss large, compact, of good shape and held well above the foliage, and are produced freely and evenly. Plant is dwarf 3 feet; foliage deep green with marked chocolate margin. Plant stools freely, is a compact even grower. It is one of the earliest bloomers, coming into flower when 14 to 18 inches high and blooming continuously thereafter. The effect when massed is extremely brilliant. The contrast between the flowers and foliage being rich, chaste and effective. A marked improvement upon all crimson Cannas introduced to date. Undoubtedly the king of crimson bedders. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

President Cleveland. A variety that originated in Washington, D. C., where it is used very extensively in the grounds of the various departments. It is of strong robust habit, growing about 3 feet high, with rich green foliage. The flowers, which are bright orange scarlet, are borne in enormously large trusses, standing well above the foliage, making it very conspicuous; an excellent sort for massing. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Sam Trelease. This handsome variety originated with Mr. James Gurney, Superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gar-

dens, and was admired by everyone who saw it in our grounds last Summer; in fact, many prominent Canna growers considered it the best and most distinct new variety in our fields. The greatest merit of this variety is that the flowers open out flat, which, with its very broad petals, which are of good substance, makes a large nearly perfect circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow, about the same as in Mme. Crozy. It grows about 3 feet high, with large, freely-branching spikes of flowers, which are thrown above the foliage and of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it, and we feel certain that it will soon become one of the popular standard sorts. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

ALLEMANIA.

Our Standard Dozen of Well-tried Cannas.

The twelve varieties enumerated below are a selection of sorts that have proven themselves perfect in every way, and which will succeed under the most adverse conditions, in dry as well as in wet seasons. All are of uniform, vigorous growth, and whether planted singly or in masses will make a display certain to give full satisfaction. As we grow many thousands of each, we are in a position to offer them at exceptionally low prices.

Alphonse Bouvier. Although introduced in 1891, it still stands at the head of tall crimson varieties. A strong grower with bright green foliage. Very floriferous, and under fair conditions grow 6 to 7 feet high.

Admiral Avellan. The best of the red-leaved French varieties. On account of its clean, uniform growth, attaining a height of about 5 feet, each plant will be the counterpart of its neighbor, thereby producing a most desirable effect when used in masses. The flowers while not as large as some of the recent introductions, are of good size, of a peculiar shade of scarlet, overlaid with salmon, giving a rich luminous effect.

Aurore. In our field of over 10 acres of Cannas during the past three years, this has always attracted visitors by its intense brilliant orange flowers, which are of large size, produced on strong trusses standing the proper height above the bright green foliage. 4½ feet high.

Charles Henderson.

A grand variety of a fine crimson color that has become very popular. While it is not quite as rich in color as Alphonse Bouvier, its habit of growth is much more compact, rarely exceeding 3½ feet in height, which makes it a desirable companion to such varieties as Florence Vaughan and Madame Crozy.

Egandale. A most excellent variety, with bronzy foliage and soft currant-red flowers, which are thrown well above the foliage; the best of its type, attains a height of about 4 feet.

Florence Vaughan.

Undoubtedly one of the finest yellow spotted varieties yet sent out; in color it is of a bright rich golden-yellow, spotted with bright red; the flowers, which are of the largest size, of great substance and of perfect form, are borne in large heads and in the greatest profusion; the foliage is massive and of a rich green color; the plants rarely exceed 3½ to 4 feet in height.

Furst von Hohenlohe. An ideal yellow bedding Canna. Its flowers are of fair size, the upper petals of purest yellow, the lower one slightly marked with crimson. Its strong points are its great floriferousness, neat compact habit, large spikes of flowers, and the fact that at the distance of only a few feet it appears as a pure yellow. We place it at the head of the list of yellows. 3 feet high.

Price, any of the above; 50 cts. per dozen; \$4.00 per 100; \$35.00 per 1000.

TWO GRAND DARK-LEAVED INDIAN CANNAS.

Black Beauty. The handsomest Indian Canna yet introduced, with large massive foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 30 cts. each; \$3.00 per dozen.

F. Neuvesel. This is a splendid sort of a soft pleasing shade of carmine; of good size and excellent habit, the foliage is dark green with bronzy markings; it is of a strong robust habit, growing 4½ feet high. Very effective.

Madame Crozy. The flowers of this well-known and popular variety are of a bright crimson scarlet, bordered with golden-yellow. The plant is of a vigorous growth yet dwarf in habit, rarely exceeding 4 feet in height. Foliage bright green, and very massive. The flowers are produced on large branching stems which are closely set with bloom, each stem being really a bouquet in itself.

Mlle. Berat. The nearest approach to a pink in a first-class bedder. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance, both on the single plant or when planted in masses. In this variety, however, the larger the mass the fiercer the effect, and when planted in conjunction with yellow and high-colored reds it is simply superb; height, 4 feet.

Queen Charlotte. The finest of all the gilt-edged varieties. The plant attains a height of about three feet and is furnished with heavy bluish-green foliage; the enormous flower-spikes, towering grandly above the foliage, bear a beautiful bouquet of large flowers of perfect form, with petals of a rich scarlet crimson, broadly banded with bright canary yellow. 3 ft. high.

Souvenir d'Antoine

Crozy. The richest gilt-edged variety yet introduced; the flowers are large, with well-rounded petals, which are of intense scarlet

crimson, rich and dazzling, and are bordered with a broad rich golden yellow band; in habit the plant is all that could be desired, being of strong, vigorous but dwarf habit, forming symmetrical compact plants about 3 feet high.

PRESIDENT MCKINLEY.

Bassett's Red. A grand bronze-leaved variety of the old Indian Canna with intense bright bronzy red foliage, valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit and a stately plant in every way. 50 cents per dozen; \$4.00 per 100.

DWARF FRENCH CANNAS.

VARIETIES OF SPECIAL MERIT.

Beante Poitevine. An excellent free-flowering crimson that is especially valuable in a hot, dry season, succeeding better under those conditions than any other variety. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Depute Ravarin. A pretty sort, with good-sized, deep garnet flowers, a shade lighter than A. Bouvier, which it much resembles, except that the truss stands erect and is much larger; height 5 to 6 feet. 50 cts. doz.; \$4.00 per 100.

Furst Bismarck. Rich scarlet crimson, but so distinct from all other crimsons that it can be planted along with them in perfect harmony of color. The flowers are of large size, with broad petals of good substance, and produced in immense trusses; of vigorous, compact, uniform growth, about 3½ feet high. 50 cts. per doz.; \$4.00 per 100.

Goliath. A fine rich dwarf crimson with broad massive petals and heavy dark green foliage. 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

J. D. Eisele. A fine vermilion scarlet overlaid with orange, a strong free grower with its trusses raised well above the foliage, 4 feet. 15 cts. each; \$1.50 per dozen.

Joseph Combet. This is a rich velvety cardinal, very brilliant; flowers of good size, habit dwarf and compact, about 3½ feet high. 15 cts. each; \$1.50 per dozen.

Mad. Leon Leclere. Entirely distinct, ground color being a bright orange scarlet with a heavy tip and narrow margin of yellow, 5 feet. \$1.25 per dozen; \$10.00 per 100.

Menelek. One of the most floriferous varieties, of dwarf compact habit, about 3½ feet high, very uniform, with heavy rich green foliage. Its flowers are of good size, with broad petals; are of a rich nasturtium red. 15 cts. each; \$1.50 per doz.

Mine d'Or. This is practically a yellow Mad. Crozy, which it resembles in size and shape of flowers. It is of a bright canary-yellow, the lower petals very lightly marked with red; height 3 feet. \$1.25 per dozen; \$10.00 per 100.

R. Pearson. Golden-yellow ground, dotted with innumerable light red spots, the spots being much more numerous than in any other variety. \$1.25 per dozen; \$10.00 per 100.

Roi de Rouges. "King of the Reds." One of the finest of the many reds yet introduced; the flowers are of good size, with heavy petals, and are produced on stout, thickly-set stems; foliage green; habit compact; 3 ft. \$1.25 per doz.; \$10.00 per 100.

Secretaire Chabanne. Large flowers of rich salmon, a shade entirely distinct from other sorts; 4 ft. high, and one of the freest-flowering. \$1.25 per doz.; \$10.00 per 100.

Varieties of Special Merit.—Continued.

Stadtrath Heidenreich. A new variety of great merit, large spreading flowers 5½ inches across, individual petals frequently being 2 inches wide. Color almost a pure scarlet with just enough orange to intensify its richness, foliage dark green with bronze markings, 4½ feet high. 30 cts. each; \$3.00 per dozen.

Tarrytown. A strong vigorous grower, with brilliant cherry red flowers, an exceedingly free bloomer, foliage dark green, 3½ feet high. \$1.25 per doz.; \$10.00 per 100.

SPECIAL OFFER.

One plant of each of the above 14 varieties of Special Merit for \$1.50.

GENERAL COLLECTION.

Alsace. Pale sulphur yellow, changing to creamy white, 4½ feet.

August Van den Heede. Rich salmon red, 4 feet.

Ami Jules Chretien. Bright apricot red, suffused with rose, 3½ feet.

Ami P. G. Pezeaux. A peculiar shade of pomegranate red, 3½ feet.

Avant Garde. Yellow spotted crimson, 4 feet.

Baronne de Poilly. Orange shaded salmon, 4 feet.

Baron de Belleruche. Amaranth red, 3½ feet.

Czar Alexander III. Brilliant carmine, large flower, 3½ feet.

Columbia. Fine large crimson, 3 feet.

Comte de Bonchaud. Golden yellow, spotted red, 4½ feet.

Charles Paul. Large, pure salmon.

Francois Billard. Crimson with dark shadings, 4 feet.

Flamingo. Fine crimson, 3 feet.

Giant Crimson. Rich pure crimson, 4 feet.

J. C. Vaughan. Deep orange scarlet, bronzy purple foliage, 4½ feet.

Leon Pepin Lehalleur. Carmine red, large round flowers, 4½ feet.

Mme. Favrichon. Satiny carmine, with orange sheen, 4 feet.

Papa. A fine red with large flowers and truss, 3½ feet.

Paul Marquant. Fine salmon with rose sheen, 3½ feet.

Premier. Crimson scarlet with broad golden-yellow edge, 3½ feet.

Robert Owen. Large canary yellow, striped and spotted red, 3 feet.

Souvenir du President Carnot. Vermilion scarlet, bronze foliage, 5 feet.

Souvenir de Jean Chaure. Bright red, overlaid with a purple sheen, 3½ feet.

Vice-President Luizet. Carmine, large flower, 3½ feet.

Price. Any of the above, 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1,000.

SAM TRELEASE.

CHRYSANTHEMUMS.

Twenty-five Choice Exhibition Varieties.

- Charles Davis.** This is simply V. Morel in another color, being tawny yellow or golden bronze.
- Col. Wm. B. Smith.** An immense, double, high-built flower, bright golden bronze.
- Eugene Dalledouze.** Flowers large yellow, full and double, a grand variety.
- Fisher's Torch.** Bright, fiery red; large and double, with a high-built centre.
- Frank Hardy.** A superb variety with immense full deep globular flowers, beautifully incurved in graceful folds, and of a pure white color.
- George W. Childs.** The best deep self-colored crimson variety; flowers massive, of immense size.
- Golden Wedding.** Golden yellow, intense and dazzling. Flowers 10 to 12 inches in diameter, 4 to 6 inches in depth; petals broad and long.
- Helen Bloodgood.** A most beautiful clear pink; of very large spherical shape.
- H. L. Sunderbruch.** Bright golden yellow, of fine incurved form and large size.
- Iora.** Tubular, clear pink.
- John Shrimpton.** Brighter velvety crimson-scarlet.
- Maud Dean.** Extra large petals, broad and incurving, perfectly double and of great substance; pink.
- Major Bonaffon.** Soft, clear yellow, incurved full in the centre; form and finish perfect.
- Mayflower.** Magnificent large incurved white, lower petal reflex.
- Miss Minnie Wanamaker.** Creamy white, of very large size, incurved.
- Minerva.** Large and massive, incurved, golden yellow.
- Mrs. A. J. Drexel.** Large flowering, early variety; color crimson lake; form rounded.
- Mrs. Jerome Jones.** One of the best whites, broad incurving petals.
- Mutual Friend.** A reflexed pure white, from 7 to 11 inches in diameter and great depth of flower.
- Modesto.** Fine yellow, incurved, slightly whorled.
- Philadelphia.** The formation of the florets and their disposition makes this gracefully globular in form; its color is white, illuminated with lemon yellow.
- Pennsylvania.** A fine comparison to Philadelphia, from which it is a sport, possessing all the good points of that favorite, excepting that the color is a rich bright yellow.
- Pluto.** Fine bold globular flower, of clear bright red, centre incurved, reverse of petals golden.
- The Queen.** A grand double white, of fine size.
- Vivian Morel.** Extra large flowers, petals long and loosely arranged; a beautiful light shade of pink.
60 cents per dozen, \$4.00 per 100.

Choice Standard Varieties.

- Autumn Glory.** Deep reddish salmon, when first opening, gradually changing to a soft shrimp pink; flowers of large size and great depth.
- Black Hawk.** Scarlet crimson, the best of its type.
- Cullingsfordi.** A fine shade of crimson.
- Frank Thomson.** White with a touch of pearl pink at base of petals; a fine flower.
- Harry Balsley.** A magnificent variety, of a soft mermet pink in color.
- Harry May.** Flowers very large and deep; full double; forming a massive sphere; color deep old gold, with occasional reddish veins.
- Ivory.** Snowy white, of perfect form, flowers very large; an early and free-flowering variety.
- Inter Ocean.** Glistening pearly white, suffused with pink.
- Liberty.** Best late yellow.
- Louis Böhmer.** Best pink Ostrich plume.
- L'Enfant des Deux Mondes.** Best white Ostrich Plume.
- Monarch of Ostrich Plume.** Finest yellow Ostrich Plume.
- Marie Louise.** A beautiful recurving white, with slender, interlacing petals, forming a plummy globe.
- Mrs. Richard Dean.** Clear pink of a beautiful shade.
- Miss Louise D. Black.** Reddish Orange, on the style of L. C. Madeira, but much larger.
- Mrs. Perrin.** Beautiful glistening pink; a fine shade.

- Mrs. L. C. Madeira.** Orange yellow, beautifully quilled.
- Merry Christmas.** The latest of all the whites, fine large flowers, which are at their best the last week in December.
- Mrs. C. H. Pierce.** A soft deep yellow, with well developed leathery petals, lasting a long time in perfection.
- Niveus.** This is a perfect gem; color snowy white; flowers very large, without coarseness.
- President Wm. R. Smith.** A delicate pure pink, very heavy in substance, borne on strong stems.
- Pink Ivory.** Beautiful shell pink.
- Rohallion.** Rich deep yellow, deepening to chrome.
- Solar Queen.** Enormous flowers of clear yellow.
- Wm. H. Chadwick.** An immense striking bloom of a waxy white, occasionally rose tinted; one of the best.
- Wm. H. Lincoln.** A magnificent golden yellow.
- Wm Simpson.** A pleasing shade of pink.
- Yellow Fellow.** Rich bright yellow, of immense size.
60 cents per dozen; \$4.00 per 100.

Select Early Flowering Varieties.

- Ambrose Thomas.** Bright red with yellow reflex, a large flower and a dwarf grower.
- Baronne Briailles.** Large creamy white, very free.
- Clinton Chalfant.** Fine large yellow of good form.
- Edith Syrratt.** A distinct rosy amaranth.
- J. E. Lager.** Very clear bright yellow, full and massive.
- Longfellow.** Blush white, of medium size and fine form.
- La Vierge.** One of the dwarfest and best pure whites.
- Marion Henderson.** Fine yellow, of fine form.
- Marquise de Mortemarte.** Very fine large pink.
- Merry Monarch.** Very large pure white.
- Mrs. E. G. Hill.** A beautiful pearly pink, large and full to the centre.
- Mrs. Henry Robinson.** One of the very finest white varieties, a perfect ball of snow when fully developed.
- Mrs. F. Bergman.** One of the earliest whites, very fine.
- Mrs. J. G. Whilden.** One of the finest early yellows.
- Mrs. Hawkins.** A finely formed golden yellow.
- Snow Queen.** A nicely finished snow-white variety of rounded form and full centre.
- Vice President Hardy.** Golden yellow, bordered crimson rose.
- Vicomtesse D'Avene.** Violet rose, shaded white, centre old gold.
- White Grunnerwald.** Silvery white, reflex rose.
- William Holmes.** A fine crimson.
- Yellow Queen.** Early clear yellow.
60 cents per dozen, \$4.00 per 100.

Hardy Pompones Chrysanthemums.

- These have been almost entirely lost sight of during recent years and have received but little attention, but have in the past season or two been considerably in demand again for out-door planting. The collection offered will be found to contain only the most desirable sorts.
- Blushing Bride.** Fine soft pink.
- Canary.** Pale yellow, bushy habit.
- Flora.** Beautiful deep golden yellow.
- Fred. Peele.** Deep crimson, tipped gold.
- Golden Fleece.** Clear yellow.
- Golden Pheasant.** Rich golden yellow, fine form.
- Globe d'Or.** Golden yellow.
- Eagle d'Or.** Fine yellow.
- Julia Lagravere.** Very fine crimson.
- La Purete.** Fine pure white.
- Mr. Schmidt.** Yellow, tipped with crimson.
- Mlle. Elise Dordan.** Rose-pink, globular flower.
- Nellie Rainford.** Buff.
- President.** Rosy carmine.
- Princess Louise.** Deep rosy pink, one of the best.
- Pettilant.** Soft creamy sulphur.
- Princess Meletia.** Fringed white.
- Regulus.** Crimson red.
- Rosinante.** Blush rose, very dwarf.
- Stratneath.** Rosy pink, distinct and pretty.
- Tiber.** Crimson brown, tipped yellow.
- Vueve Cliquot.** Brick red, edged yellow.
60 cents per dozen, \$4.00 per 100.

DAHLIA, NYMPHÆA.

Eighteen Grand Cactus Dahlias.

- Celestine.** Yellow, suffused with orange, giving a rich golden yellow effect.
- Countess of Pembroke.** Pure delicate rosy lavender, flowers of medium size, of perfect form and extremely profuse bloomer.
- Empress of India.** Deep rich maroon, a fine flower.
- Gilt Edge.** Entirely distinct from all others, each petal having a golden yellow edge with white centre.
- Kynerith.** Brilliant vermilion, shading to a lighter shade at base of petals.
- Lemon Giant.** Pure lemon of immense size, very free.
- Lancelot.** Fine large reddish amber.
- Miss Barry.** Deep rosy lake, large and full to the centre, twisted petals, very fine.
- Mrs. Francis Fell.** White tinted pink, long twisted petals, very free.
- Mrs. Hawkins.** Rich sulphur yellow, shading lighter toward the tips, slightly tinted red.
- Nymphæa (Pink Water-Lily Dahlia).** In color a clear distinct shrimp-pink, shading slightly darker towards the outer petals, a color difficult to describe; this peculiar color and its form have suggested the name Water-Lily Dahlia. The most popular Dahlia in cultivation.
- Oban.** Rosy-lavender, overlaid with a delicate silvery-fawn; very distinct.
- Oriental.** Pale salmon, very large and double, of fine form.
- Perle (Perle de la tete D'Or.)** The finest white Cactus-Dahlia yet introduced, a perfect gem in every way with large pure glistening white flowers, most valuable for cutting purposes; very early and free.
- Princess Harry.** Rich cream, shading to soft primrose-yellow at base of petals, occasionally lightly tinted with pink, the flowers are soft, waxen, and of exquisite finish.
- Semiramis.** Color buff, overlaid and suffused with reddish orange, a color that is always admired; perfect in form.
- Wm. Pierce.** Rich butter yellow, the best of its color.
- Zulu.** The black Dahlia, rich blackish maroon of fine form.
- 10 cents each, \$1.00 per dozen; the set of 18 for \$1.50; \$8.00 per 100.

...DAHLIAS...

The collections of the various types offered on this and the next page are the "cream" of over five hundred varieties, selected after critical examination and combining in a superlative degree purity of color, perfection of form, free and continuous flowering, and that succeed under the most ordinary garden culture.

Twelve Best Show and Fancy Varieties.

- Client.** Bright glowing crimson.
- Geo. Rawlings.** Dark velvety maroon.
- Jas. Stephens.** Bright orange scarlet.
- John Walker.** Finest pure white, absolutely perfect in form.
- Lottie Eckford.** White spotted and striped pink and crimson. Very pretty.
- Miss Cannell.** White tipped rosy pink.
- Miss May Lomas.** Pure white, delicately suffused with soft rosy lavender. A most unusual shade.
- Mrs. Gladstone.** Exquisite shell-pink. One of the finest.
- Mrs. Stancombe.** A pleasing fancy sort. Straw suffused amber striped red, mottled and tipped blush white.
- Psyche.** Pale primrose, tinted and shaded rose. Very free.
- Queen of Yellows.** The best yellow.
- S. B. Pennybaker.** Silvery white, inner petals tinged pink, outer petals heavily tipped rosy red.
- 10 cts. each; set of 12, \$1.; \$8. per 100.

Six Superb Double Quilled Varieties.

- We have brought together under this heading six of the choicest quilled sorts. All are of exceptionally fine form, and are interesting either as cut flowers or for garden decoration.
- A. D. Livoni.** Beautiful clear pink, of perfect form, and one of the freest-flowering of all.
- Bessie.** Pretty quilled pompon creamy white.
- Elegans.** Rosy purple, tipped and striped white.
- Grand Duke Alexis.** Large massive flowers, ivory white, with a faint tinge of rose at the extremities of the petals. A grand handsome flower. Perfect form.
- Le Petit Jean.** Beautiful rich crimson maroon pompon.
- Queen Victoria.** Handsome deep yellow. Finely quilled.
- 10 cents each; set of 6, 50 cents; \$8.00 per 100.

Twelve Choice Double Pompones.

- Catherine.** The best pure yellow pompon, of fine form.
- Daybreak.** Of the same delicate shade of pink as Carnation Daybreak, of exquisite finish and form, and a very profuse bloomer.
- Elfin.** A dainty little flower; pale primrose changing to creamy white; full and free.
- Elegante.** Soft pink, tipped deep pink, reflex light pink, making a beautiful combination of shades.
- Kleine Domitea.** Orange-buff, always in bloom; fine.
- Little Beatrice.** A most profuse flowering pink, edged purple.
- Lou Kramer.** Base of petals yellow, heavily tipped bright crimson, overlaid bright pink; a pleasing variety.
- Prince Charming.** White, penciled, suffused and heavily tipped purplish pink; a strong grower of good form.
- Red Piper.** Dark red of a peculiarly pleasing shade, finely formed flowers.
- Rosalie.** Yellow tipped crimson of good form.
- Snow-clad.** Without exception the finest white pompon yet introduced.
- Vivid.** Bright deep crimson scarlet.
- 10 cents each, the set of 12 for \$1.00; \$8.00 per 100.

Ten Choice Single Dahlias

- Dearest.** White edged buff, very distinct.
- Edina.** A beautiful fancy variety, flowers pure white, with yellow disc around base of petals, spotted and veined crimson.
- Juno.** White, tipped lavender; yellow disc.
- John Downie.** Intense glowing, crimson-scarlet
- Miss Roberts.** Fine large yellow.
- Painted Lady.** Crimson-pink, striped darker.
- Paragon.** Dark maroon, edged purple.
- Serratipetala.** Glowing red and entirely distinct in shape, the petals instead of being flat are pleated, with the edges divided into two or three points, giving the flower a light graceful appearance.
- Snow Queen.** A good white.
- Violet Fern.** Ground color, bright orange, overlaid clear red and suffused pink, giving it a soft red appearance. 10 cents each; \$1.00 per dozen; the set of 10 for 85 cents; \$8.00 per 100.

NEW SINGLE DAHLIAS.

Upper flower St. George, lower flower Anemone.

New Single Dahlias.

While many of the single Dahlias heretofore introduced, have proved interesting as individual flowers, especially for cutting, the set here offered possesses such distinct characteristics in habit of growth, freedom of bloom and perfect shaped flowers, which are so vastly superior to anything before offered, that once seen they must become universal favorites.

The habit of the plants is simply perfection; they naturally grow into shapely bushy compact plants, not over 3 feet high, which from early Summer until late Fall are literally covered with flowers, eclipsing anything ever offered in this type.

Anemone. This name was very appropriately suggested for this variety on account of its striking resemblance to that most beautiful Fall flowering perennial, "Anemone Japonica Alba." The flowers which are pure white and of large size, are produced on long wiry stems, making it one of the most useful Dahlias for cutting. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

St. George. The grandest single Dahlia ever introduced. The flowers are a pure clear yellow, 3 to 4 inches in diameter, and borne on long stems. This variety was awarded the first prize the past season in New York, by the American Institute Fair, as the best new seedling exhibited, an honor never before accorded a single Dahlia. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Strong growing plants of the above ready in March.

Ada. Another dwarf large early flowering long stemmed single Dahlia and the most profuse bloomer of all. The color is difficult to describe, being a combination of pink and amber shades, lightly penciled bright crimson. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Brilliant. A striking dwarf single flower, with large pointed petals, color deep bright yellow, striped bright crimson scarlet. 20c. each; \$2.00 per doz.; \$15.00 per 100.

One each of the above 4 varieties for 75 cents.

New Double Dahlias.

Clifford W. Bruton. A superb yellow Cactus Dahlia; a strong sturdy grower and an extremely free-bloomer, with flowers 5 to 6 inches across. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Little Beauty. One of the most beautiful double pom-pone Dahlias ever offered, a perfect shaped flower of a lovely soft pink color and an early continuous and free bloomer. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Sundew. A superb, decorative variety, of a bright glistening orange-salmon color, an early bloomer, of fine form and full to the centre; fine for cutting. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Wm. Agnew. A very large Cactus variety, of rich dazzling red, full to the centre, long twisted petals which occasionally have a clear yellow band running through the centre. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

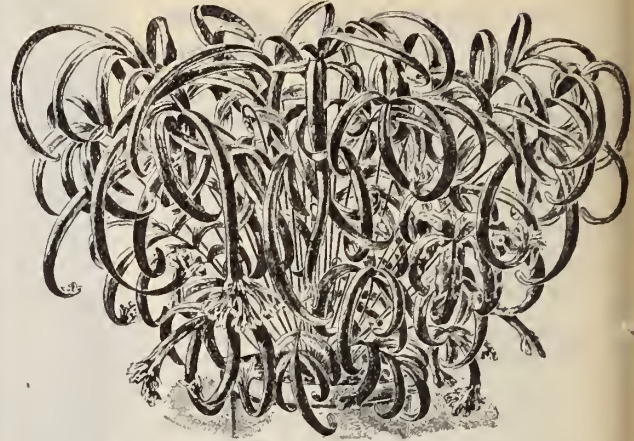

Iridescent. A beautiful Cactus variety with a combination of colors that is difficult to describe, the ground color being a clear orange overlaid with red and suffused with pink, giving a soft, yet brilliant red effect with a blue reflex. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Xanthia. A most beautiful Cactus Dahlia. Deep bright crimson, slightly suffused maroon; each petal is either tipped or banded through the centre with royal purple. One on the most distinct and striking in this beautiful section. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Apple Blossoms. A very pretty new fancy show variety that combines all the shades found in apple blossoms, from red, pink and carmine to pure white. The first flowers are deep red-pink and carmine, but as the season advances they gradually open lighter until they become pure white. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

CIBOTIUM SCHIEDEI.

PTERIS SERRULATA VOLUTA.

FERNS—Choice Varieties of Special Merit.

Adiantum Farleyense.

Our stock of this magnificent variety is exceptionally large and in fine condition. Having been grown at a comparatively low temperature they will stand transportation nicely.

3 inch pots, \$3.00 per doz.; \$20.00 per 100.
4 " " 5.00 " 40.00 "

Adiantum Gracillimum.

This, the finest leaved of all the Maiden-hairs, is always scarce. We have at present a fine lot of 4 inch pots at \$2.00 per doz.; \$15.00 per 100.

Adiantum Fergusoni.

One of the prettiest of the crested Adiantums. Very much in the style of A. Wiegandi, but with larger pinnæ on longer stems. A charming variety for a collection or for growing into specimen plants.

2 inch pots, 75 cts. per doz.; \$ 6.00 per 100.
3 " " \$1.25 " 10.00 "

Adiantum Formosum.

It is only occasionally that we are in a position to offer in quantity, and at a low price, this hardiest of all Adiantums; an excellent variety for growing into specimen plants, it being as useful as a Palm for decorative work.

2 inch pots, \$1.00 per dozen; \$8.00 per 100.
3 " " 1.25 " 10.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz.; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 8.00 "

Adiantum Lambertianum.

Another new variety of the type of Gracillimum, but from which it is entirely distinct. 3 inch pots 25 cts. each; \$2.50 per dozen.

Asplenium Nidus Avis.—(Birds Nest Fern.)

A fine lot of thrifty young plants in 3 inch pots of this scarce variety, 25 cts. each; \$2.50 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its beauty. 7 inch pots, \$2.50 each; 8 inch pots, \$3.50 each.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2 inch pots, 75 cts. per doz.; \$6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Exaltata Bostoniensis.

We offer a good lot of young 2½ inch pot plants, \$6.00 per 100.

Pteris Serrulata Voluta.

This desirable Fern is one of the most distinct varieties of Pteris Serrulata yet introduced, the volute or curled appearance of the pinnæ being very noticeable, not only in the mature plants, but also in the young state. Its elegant appearance being also further enhanced by the tips of the incurved pinnæ being prettily crested. 15 cents each; \$1.50 per dozen. Ready in March.

Polystichum Angulare Prolifera.

This is the variety that has been recently advertised under the incorrect name of Polystichum Prolifera Woolstoni. It is a desirable but well known Fern. We offer 2½ inch pots, 75 cents per dozen; \$6.00 per 100.

PLATYCERIUM STEMMARIA (STAG-HORN FERN.)

FERNS—continued.

Platycerium Alcicorne.

(Elks-Horn Fern). This variety is seen more commonly than any of the Platyceriums, but is still comparatively scarce, and a most interesting, species. 35, 50 and 75 cents each.

Platycerium Hillii.

A pretty species of the Stag-Horn Fern with deeply clefted pinnae, having fronds 18 inches long. \$2.00 each.

Platycerium Hillii Majus.

A variety of Hillii with larger, heavier foliage. \$2.00 each.

Platycerium Stemmaria or Ethiopica.

(“Stag-horn Fern”). This is a noble-looking Fern. The barren fronds are very broad, and the fertile ones, which are usually produced in pairs, are divided into two broad lobes and these again terminate in two obtuse lobes. Certainly one of the most imposing of the Stag-horn variety. (See cut.) \$2.00 each.

Ficus Radicans Variegata.

This charming and effective variety of Ficus Radicans is without doubt destined to become “a plant for every one,” its easy culture, effective variegation and regular growth, making it one of the best ornamental variegated plants ever sent out. The elegant appearance of this pretty plant and its effective variegation is most striking, the leaves being freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf, some of the young shoots and leaves being wholly white. As a variegated plant for a hanging pot or vase, it cannot be excelled, while its bright and cheerful variegation will commend it to every one as an ideal plant for the margins of stages and growing as single plants round sticks or on a trellis. It was unanimously awarded a first class certificate by the Floral Committee of the Royal Horticultural Society.

We offer small plants in 3 inch pots, at \$3.00 each.

Ficus Elastica.

Four inch pots, 10 to 12 inches high, \$4.00 per dozen ; \$30.00 per 100.

FICUS RADICANS VARIEGATA.

DRACAENA GODSEFFIANA.

DRACAENAS.

Dracaena Godseffiana.

Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. As shown in the illustration, the plant is of an entirely different habit and appearance from all other Dracaenas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the Aspidistra and Ficus.

2 1/2 inch pots, \$0 35 each; \$ 3 50 per dozen.
 3 " " 75 " " 7 50 " "
 5 " " 2 50 " " 30 00 " "

Amabilis. A most desirable variety that quickly forms large specimens.

3 inch pots, 25 cts. each, \$2 50 per dozen.
 5 " " 50 " " 5 00 " "

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be; a most useful decorative plant that will stand as much abuse as a Rubber. We have a large stock, and offer, 4 inch pots, \$3.00 per doz.

Fragrans. Handsome broad green foliage. One of the best.

3 inch pots, \$1.50 per dozen; \$12.00 per 100.
 4 " " 2.50 " " 20.00 "

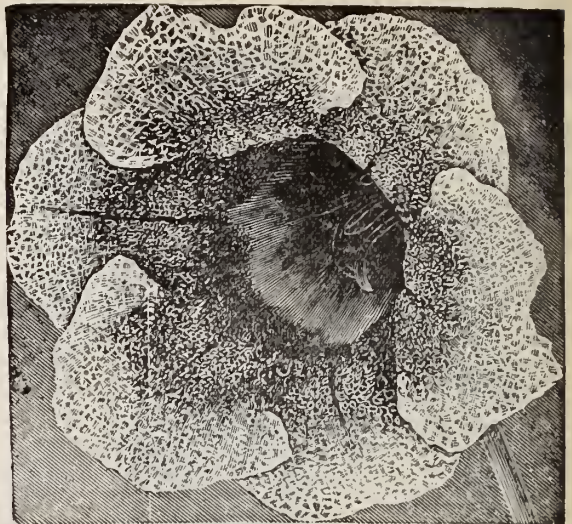

Indivisa. This useful variety is always scarce. We offer a limited stock of good plants:

4 inch pots, \$2.00 per dozen; \$15.00 per 100.
 5 " " 3.00 " " 20.00 "
 6 " " 4.00 " " 30.00 "

Imperialis. 3 inch pots, 30 cents each; \$3.00 per doz.

Lindeni. A beautiful variegated form of *Fragrans*. Broad green foliage with golden band along each side of the leaves; one of the handsomest. 5 inch pots, 75 cts. each; 6 inch pots, \$1.00 each.

Massangeana. A splendid lot of this beautiful variety. Broad green leaves, with wide band of variegation through the centre. 5 inch pots, 75 cts. each; 6 inch pots, \$1.00 each.

GLOXINIA.

DRACAENAS—Continued.

Marginata. A graceful narrow leaved variety.
 3 inch pots, 30 cts. each; \$3.00 per doz.
 4 " " 40 " " 4 00 "

Sanderiana. Good young plants in 3 inch pots, 30 cts. each; \$3.00 per doz.

Terminalis. Rich crimson foliage, marked with pink and white.

2 1/2 inch pots, \$1.00 per dozen: \$8 00 per 100.
 3 " " 1.25 " " 10.00 "
 4 " " 2.00 " " 15.00 "

Youngi. 3 inch pots, 30 cts. each; \$3 00 per dozen.

Gloxinia.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the *Crassifolia* type of foliage, and are all erect flowering. The prices have been reduced to 50 cts. per doz., \$4.00 per 100; \$30.00 per 1000.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Macrozemia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high; \$2.00 each.

Metrosideros Floribunda. Bottle Brush.

We have a fine lot of both tree and bush-shaped plants of this useful plant, in fine shape for forcing for Easter.

Bush-shaped plants, with 12 inch bushy crowns, 75 cts. each; \$7.50 per dozen.

Standards, with stems 20 inches high and 12 to 15 inch crowns, \$1.00 each; \$10.00 per dozen.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 35 cents each; \$3.50 per dozen.
 " 6 " 50 " " 5.00 "

Pandanus Utilis.

We have a large stock of this popular plant in fine condition.

2 inch pots, \$.75 per doz.; \$ 6.00 per 100.
 3 " " 1.25 " " 10.00 "
 4 " " 2.50 " " 20.00 "

Pandanus Veitchii.

A fine stock of these,
 6 inch pots 15 to 18 inches high, \$1.00 each.
 6 " " 18 to 24 " " 1.25 "

New Dwarf Bedding Geranium.

"Mars." Probably no other variety ever introduced has met with such large sales in a short period. It is a superb bedding and pot geranium of very distinct compact habit, the plant itself not exceeding 5 inches in height, but exceedingly floriferous. Color clear light salmon, darker in the centre.

50 cts. per doz ; \$4.00 per 100.

New Single Geraniums.

Chaucer. A clear, bright shade of pure cerise ; immense circular flower almost three inches across ; distinct and fine in every way.

Crabbe. A charming shade of cherry red ; over 2½ inches across ; beautifully rounded, combining in a massive truss 16 to 18 inches in circumference ; very effective.

Dryden. A grand bedder, standing sun and rain better than any other of this type. It is bright rosy red, with large white blotches on the two upper petals, and smaller blotches on the three lower ones, all five suffused with lake at the junction of the two colors. Dwarf, compact and very free.

Southey. Bright vermilion, with white blotch in centre of flower and running up into the two upper petals, which are suffused with crimson ; flowers of medium size and fine form—the gorgeous coloring more than making up for its loss in size.

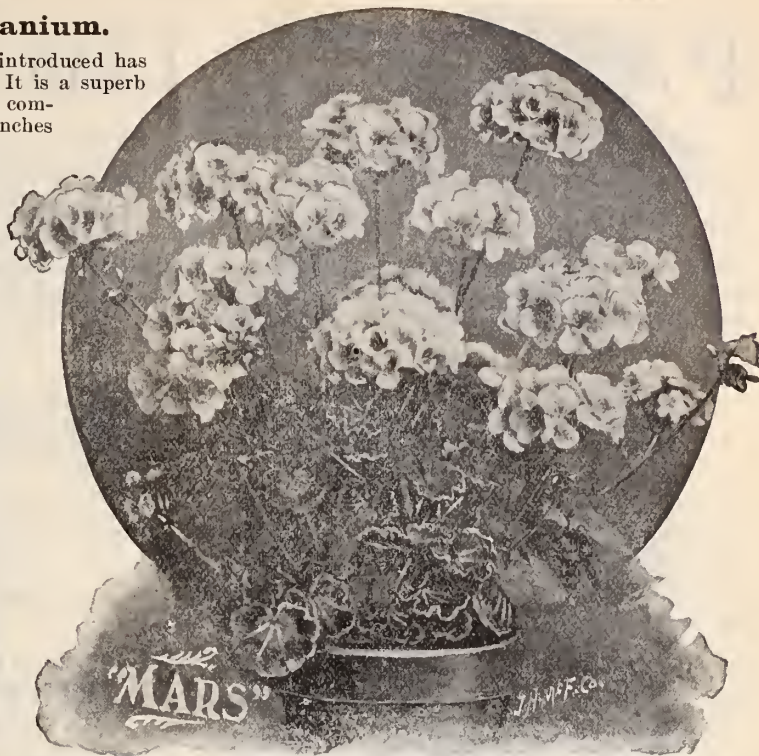

30 cents each ; set of 4 for \$1.00.

New Sun-proof Bruanti Geraniums.

Thomas Meehan. Double, extremely large trusses and large florets ; almost circular in form ; color quite new in this type, brilliant rosy pink, the base of the upper petals marked orange ; a noteworthy variety.

Mme. Landry. Double. One of the choicest and most beautiful yet added to the Bruanti type. Very free and constant in bloom throughout the season ; trusses large, and florets of the finest size and circular in form ; color, clear salmon, center shading to copper, with a white eye. Very distinct and effective.

Bellerophon. Single, and one of the grandest of recent introductions ; it is a bright scarlet, with large round florets, combined into immense trusses, which are held high above the plant, and very free in bloom. This variety will undoubtedly rank among the very best bedders. 30 cts. each ; set of 3 for 75 cts.

New Double Geraniums.

Dr. Despres. A good truss, composed of very large circular flowers ; color changeable ; bright violet marked vermilion on the upper petals, lower petals marked scarlet.

Jean Lahor. Very free in bloom ; florets very large in good sized trusses ; the mingling of shades is very odd and bright and variable ; ordinarily the edge of the petals is red or vermilion, the center either violet or mauve.

Mme. T. Noisette. Very rigid footstalks, with grand trusses and florets of a magnificent new color—rosy peach shading to orange at the center ; a superb variety, and very free flowering.

Vera Vend. A "panache" variety, hard to describe—principally noted for its odd color, the truss and florets are both of good size ; the shades are red, white and orange, marbled together. Habit and foliage very good. 30 cts. each ; set of 4 for \$1.00.

Dreer's Double Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots, \$1.00 per doz. ; \$8.00 per 100. The set of fifteen varieties for \$1.25. 2 inch pots, 75 cts. per doz. ; \$5.00 per 100 ; set of 15 varieties for \$1.00.

Pentas Lanceolata.

A pretty half shrubby greenhouse plant, not unlike a Bouvardia in general habit and appearance, but flowering much more profusely and continuously. It may be planted in the open border during the summer, but its chief value consists as a winter flowering pot plant for which purpose it is especially well suited, it being in flower continuously.

The flowers are produced in flat heads of 15 to 30 flowers each, each shoot being terminated with a flower head, they are pure white in color, of similar form to, but considerably larger, than a Bouvardia and last in perfection a long time. Ready March 1st. 15 cents each, \$1.50 per dozen.

PALMS, our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean thrifty plants of this graceful and popular variety.

Inch pots.	Height.	Per doz.	Per 100
3		\$1 25	\$10 00

We have a large stock of these useful varieties in plants of good value at \$1.50, \$2.50, \$3.00, \$5.00 and \$6.00 each.

Thrinax Parviflora.

A nice lot in 2½ inch pots of this pretty dwarf Palm, \$1.25 per doz. ; \$10.00 per 100.

A MADE-UP PLANT OF KENTIA BELMOREANA.

New CLIMBING Moss Rose—"Cumberland Belle."

We take pleasure in offering for the first time to the legion of lovers of the Queen of Flowers, this the forerunner of a new race of Roses, a grand true climbing Moss Rose. It is of American origin, having been found growing in a private garden in the historic Cumberland Valley—a sport from that pretty Moss Rose Princess Adelaide, itself a strong vigorous grower, which is wonderfully developed in the offspring, the original sport the first season having attained a height of over fifteen feet and had one hundred and eighteen buds and flowers on it at one time. The past season, planted side by side with Crimson Rambler and other rampant growers, it fully equaled them in vigor of growth. In color it is identical to the parent, a bright silvery rose, very double; the buds nicely mossed and exquisitely fragrant. Altogether a most unique and desirable acquisition. (See cut.) Ready April 1st.

Young plants, 2½ in. pots, 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

New Climbing Rose—"Royal Cluster."

This new variety is a cross between Hermosa and Dawson. A strong growing cluster-rose, of erect habit, entirely hardy, and is an abundant bloomer. The clusters are large, one cluster on the parent plant last year having over one hundred buds and blooms. The color is rosy white, changing to white. The stamens are prominent and of a bright yellow—a striking feature. Strong 2½ in. pots, 10 cts. each; \$1.00 per doz.; \$6.00 per 100. Strong 4 in. pots, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

NEW CLIMBING MOSS ROSE, "CUMBERLAND BELLE."

New Evergreen Roses.

The most remarkable achievement and improvement of a new and distinct type of Hardy Roses, that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 square feet, with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright glossy foliage and showy fragrant flowers. The foliage of all is leathery in texture, shiny, and not only proof against insects, but *Evergreen*; that is, keeping the foliage all Winter; a characteristic in Roses never before obtained.

The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, especially when in bud. The use of these Roses will be unlimited, for covering graves, to cover roots, stumps and stems of trees, walls and trellises, and also for forcing as pot plants during Spring, especially for Easter.

Jersey Beauty. (*Wichuraiana X Perle des Jardins*). Extremely vigorous grower, foliage shiny, thick, of leathery substance. Flowers singly or in clusters of two to four, large, single, three inches in diameter, opening pale yellow, with clusters of bright yellow stamens, which gives it a most striking appearance, fragrant, and produced in greatest profusion, covering the plant entirely, and having the appearance of a Yellow Cherokee Rose. Most striking variety of the set. Young plants in 2 inch pots, 50 cts. each; \$4.50 per dozen; \$30.00 per 100. Strong one year old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Evergreen Gem. (*Wichuraiana X Madame Hoste*). The most wonderful grower of the set. Foliage, fine rich bronze color, closely matted. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful sweetbriar fragrance. (See cut.) Young plants in 2-inch pots, 50 cts. each, \$4.50 per dozen; \$30.00 per 100. Strong 1 year old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Gardenia (*Wichuraiana X Perle des Jardins*). Strong grower with large green foliage. Flowers produced singly on stems one half to one foot long. When in bud, hardly distinguishable from Perle, bright yellow, and when open, cream color, three to three and a half inches in diameter, incurving towards evening to perfect imitation of Gardenia or Cape Jessamine as to shape and color, hence its name. Flowers are delightfully fragrant, and produced freely. A grand rose for any purpose. Young plants in 2-inch pots, 75 cts each; \$7.50 per dozen; \$50.00 per 100. Strong 1 year old plants, \$1.75 each; \$18.00 per dozen. (Ready March 25th.)

NEW ROSE, "EVERGREEN GEM."

ROSES. ROSES. ROSES.

New Hybrid Wichuriana Roses.

These pretty hybrids of this most useful Rose are quite hardy and need no protection whatever in winter, and from their trailing habit are admirably adapted for covering rock-work or bare spaces, as well as planting in the border. They are of very free growth, with foliage of a fine deep green, which lasts until well on in the winter. The flowers are produced in immense quantities, and last a long time in perfection. Altogether very desirable.

Triumph. This variety is of free growth, with fine foliage, double white flowers in clusters; sweet scented.

South Orange Perfection. Dwarf trailing habit, double flowers, blush-pink at tips, changing to white.

Universal Favorite. Soft light pink, very fragrant.

Pink Roamer. Strong grower, with single bright rich pink flowers and almost white centre; orange-red stamens.

2 1/4 inch pots, 60 cts. per dozen; \$4.00 per 100.

Lord Penzance's Hybrid Sweet Briars.

These are crosses between the Common Sweet Briar and various *old-fashioned* Garden Roses; the flowers are single or semi-double. The plants are very vigorous and perfectly hardy, and the foliage of all of them is as sweetly scented as the Common Sweet Briar. They form a distinct break from any class of rose yet in commerce. Of the 16 varieties introduced since 1894, we have selected the 5 listed below as the most desirable.

Anne of Gierstein. Dark crimson, good grower.

Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.

Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.

Lord Penzance. Soft shade of fawn or écreu passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet-scented.

Meg Merrilies. Gorgeous crimson, very free flowering, seeds abundantly, robust habit, large foliage.

Strong 2 year old plants, \$2.00 per dozen; \$15.00 per 100.

Two-Year-Old Dormant Roses.

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

(Prices noted are only for orders delivered before April 1st.)

Grafted Roses for Winter Forcing.

The superiority of this class for forcing, over those grown on their own roots has been demonstrated during the past few years by most of the leading growers. We have made arrangements to furnish a limited quantity of the following leading varieties in first class grafted plants from 3 inch pots, which will be ready for shipment the latter part of March. In order to secure same, orders should be sent in early, so that we may reserve the stock.

THE BRIDE. KAISERIN AUG. VICTORIA.
 BRIDESMAID. SOUV. DU PRES. CARNOT.
 \$2.00 per dozen; \$15.00 per 100; \$125.00 per 1000.

Select List of Hardy Perennials.

ANEMONE, QUEEN CHARLOTTE.

Two Grand New Anemones.

Queen Charlotte. Nothing in the way of new hardy perennial plants pleased us so much last Summer as this grand new Anemone which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. (See cut.) Ready April 1st. In 2 inch pots, 30 cts. each; \$3.00 per doz.

Coupe D'Argent. Another new variety with very large double creamy-white flowers, entirely distinct from Whirlwind, the flowers assuming a semi-globular shape like an incurved Chrysanthemum. Ready April 1st. In 2 inch pots, 25 cts. each; \$2.50 per doz.

Anemone Japonica.

Japonica Alba. Pure white.

" **Rosea.** Rose color.

" **Whirlwind.** Semi-double white.

2½ inch. pots, 75 cts. per doz.; \$6.00 per 100.

New Dwarf Hardy Aster, *Alpinus Speciosus*.

This variety forms dense tufts, from which issue stems 6 to 9 inches in height, covered during July and August with large circular flowers of a lovely rich violet, measuring 3 to 4 inches across. It is hardy and grows easily in almost any situation. 25 cts. each; \$2.50 per doz.

Hardy Asters. *Michaelmas Daisies*.

We offer a fine collection of these pretty summer flowering hardy Asters; improvements on our native varieties.

Amethystinus. Forms dense bushes 3 feet high, smothered with lovely amethyst-blue flowers.

Amellus Elegans. Grows 2 feet high and becomes entirely covered with rich indigo-blue flowers with yellow centre.

Amellus Hybridus. A distinct lilac rose variety.

Alpinus. A dwarf spring flowering variety, a first class rock plant, with flowers 2 inches or more across, of a bluish purple color.

Hardy Asters.—Continued.

Datschi. A very late flowering sort; grows 3 feet high; feathery sprays of white blossoms.

Grandiflorus. The finest of all the Asters, and distinct in character and flowers from all others. The flowers, which are large, frequently measuring 2 inches in diameter, are of a lovely violet blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful.

Hybridus Nanus. A dwarf compact growing variety especially suited for the rockery; of a light lilac color.

Lævis. A pretty light blue variety, flowering early.

Lady Trevelyan. A fine, large, pure white flower; a strong grower.

Novæ Angliæ. Very large bluish-purple flowers with yellow centre.

Novæ Angliæ Rubra. Bright rose-colored flowers; very distinct.

Robert Parker. Large sprays of beautiful lavender-blue flowers with yellow centre.

10 cts. each, \$1.00 per dozen, \$8.00 per 100.

Astilbe (*Spiræa*) *Chinensis*.

Of recent introduction from China, entirely distinct and a grand addition to our list of hardy border plants. It is a strong robust grower, forming a bold clump of large handsome foliage. The flower stems are erect, about three feet high, leafy and much branched, and support large triangular plumes of feathery white flowers slightly tinted with pink. 35 cents each; \$3.50 per dozen.

Boltonia *Asteroides*.

One of our native perennials. A most useful cut flower during midsummer, the flowers are white, Daisy-like, produced on long stems and last well. Where summer flowers are in demand this will be found a most useful plant. 75 cents per dozen; \$6.00 per hundred.

Boltonia *Latisquama*.

A beautiful soft pink flowered form of the above, with larger flowers and blooming early in September. 75 cents per dozen, \$6.00 per 100.

Campanula *Pyramidalis*.

The Chimney Bell-Flower.

This beautiful bell-flower deserves a place in every garden. It is of strong, robust growth and is at its best in mid-summer, when it throws up numerous spikes, (frequently 15 to 20) four to five feet high, which are crowded with its large salver-like blue flowers.

In Europe this plant is grown quite extensively in pots and is frequently seen in the show-windows of the Florist's stores, for which purpose it is admirably adapted, it producing a beautiful attractive display.

We offer strong-one-year old field-grown plants, 15 cents each, \$1.50 per dozen \$10.00 per 100.

Coreopsis *Lanceolata*.

A hardy perennial that should find its way into every garden. The flowers are a clear bright golden yellow and certain to attract attention. It flowers profusely, is perfectly hardy and thrives in almost any situation. One of the best of the perennials, and invaluable for summer cut flowers. Strong one year old clumps, \$1.00 per doz.; \$6.00 per 100. 2½ inch pots, 60 cts. per dozen; \$4.00 per 100.

Two New Chrysanthemum *Maximum*.

These summer flowering Chrysanthemums, or as they are commonly known, Moon-penny or Daisy Marguerites, are now pretty well known and are becoming general favorites and deservedly so. They are free growing perennials, not exceeding 2½ feet in height, forming large bushes which are covered with bloom the entire summer; the flowers are large, pure white and of great substance, lasting a week or more when cut; they continue in bloom all summer and are perfectly hardy, and must be classed among the most useful of our perennials.

Triumph. Flowers 4 inches in diameter, with broad, heavy overlapping petals.

Filiformis. With long narrow thread-like petals, a most effective, large, white flower.

15 cents each, \$1.50 per dozen, \$12.00 per 100.

New Hybrid Delphiniums.

The two varieties here offered are the handsomest of this class of plants that have yet come to our notice, and deserve a position in every garden; they are perfectly hardy and flower continuously during the summer and fall months, producing spikes 15 to 18 inches long.

Frau Emma Metzger. A most beautiful variety, the peculiar coloring of which it is almost impossible to describe. The flowers, which are of large size and double, are of a glossy silvery rose in the centre which gradually passes to a light sky-blue as it approaches the edges, and white eye, a combination of shadings which must be seen to be fully appreciated.

Wilkie Collins. Rich royal purple shading to blue, double flowers nearly two inches in diameter.
25 cents each, \$2.50 per dozen.

Ceanothus Gloire de Plantieres.

Very few of the Ceanothus have found their way into general cultivation, owing principally to the fact that most of the varieties heretofore introduced have been very tender. In this new variety is combined almost entire hardiness; a slight protection around the roots, which may be omitted if planted in a sheltered position, being sufficient to carry them over successfully, while the flowers are of large size and of a most desirable shade of lavender-blue. The shrub-like plant grows about three feet high and begins to bear its graceful and airy heads of flowers early in June, continuing through the greater part of the summer. 20 cts. each; \$2.25 per dozen.

Gaillardia Grandiflora.

One of the finest of hardy Perennials. Flowers large, numerous, produced on long stems, and excellent for cutting; of the most gorgeous coloring. Centre dark-red brown; petals variously marked with rings of scarlet crimson, orange and vermilion. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year old pot grown plants.

3 inch pots,	75 cts. per dozen,	\$5.00 per 100.
4 " "	\$1.00 " "	\$8.00 " "

Helenium Grandicephalum Striatum.

A most interesting old hardy plant that appears to have been lost from cultivation for a long time, has only recently been re-introduced, and is one of our most desirable perennial plants. It is of strong, robust, erect habit, growing from 3 to 4 feet high, with flowers about 1½ inches in diameter, in large branching heads, of a deep orange color, irregularly striped and blotched with crimson. A most novel and unique combination and distribution of colors. Occasionally during extremely hot weather, the red stripes disappear, the flowers coming a pure yellow.

10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Hypericum Moserianum.

One of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvelously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz.; \$6.00 per 100.

Hypericum Tricolor.

A pretty variegated form of the above, 20 cts. each; \$2.00 per dozen.

OREOCOME CANDOLLEI.

Iris Kaempferi. (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from ten to twelve inches in diameter, and rival the orchids in their rich colorings and markings. We offer twenty distinct varieties which were selected while in flower from over seventy-five of the best Japanese introductions. (For names and descriptions, see page 144 of our Retail Catalogue.) 15 cts. each; \$1.50 per dozen; \$10.00 per 100. Set of 20 varieties for \$2.50. Choice mixed varieties, \$1.00 per dozen; \$8.00 per 100.

Linaria Macedonica.

Not a novelty, but one of the good old herbaceous plants that has been lost sight of for some time. It is a strong growing plant, growing about 2 feet high, bearing endless spikes of golden-yellow flowers with an orange lip, somewhat resembling a Snap-Dragon. It is perfectly hardy and succeeds in almost any position. 25 cents each.

Oreocome Candollei.

The most beautiful decorative hardy perennial plant that has yet come to our notice. When we saw this plant growing in the open border the past summer, we were at once struck with the elegant graceful beauty of its foliage, which in well established plants grows from 24 to 30 inches long, is of a bright fresh green color, and resembles the fronds of that beautiful Mexican tree-fern Cibotium Schiedeii. The flower stems should be removed as fast as they appear, which develops the foliage to its full beauty. The plant possesses a grace and elegance found in no other hardy plants. 50 cents each.

Phlox Divaricata Canadensis.

One of our native varieties that is, however, but rarely met with, and which has been introduced into Europe the past few years as a novelty, and a plant that deserves a place in every American Garden as well, being one of the earliest spring flowers; frequently beginning to flower early in April it continues until about the middle of June, with large bright lilac flowers, which are produced on stems about 10 inches high in large, showy heads, and are very fragrant. 2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Hardy Garden Pinks.

Her Majesty. The flowers of this fine variety are of large size and of the purest white, very fragrant, and borne profusely on stout, erect stems, 12 inches long. It is hardy, and will winter in the open border, or may be grown in cold frames for early forcing.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish-maroon centre.

Snow (Mrs. Sinkins). Large, pure white, very fragrant.

Souvenir de Salle. Soft rosy pink.

Stanislaus. Violet rose, deep crimson centre.

Very strong one year old clumps, \$1.00 per dozen; \$6.00 per 100.

Double Rudbeckia, "Golden Glow."

A glorious plant, and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut-flower purposes, inasmuch as the stems are long and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight.

Strong plants 60 cts. per doz.; \$5.00 per 100.

Rudbeckia (Echinacea) Purpurea.

One of the good old hardy perennials introduced in 1799, just one hundred years ago, but which has practically been lost sight of for some years. We consider it one of the best plants in our entire collection of hardy plants; it is of easy culture, succeeding in any soil, forming large broad bushy plants. From midsummer until late in fall, it produces a constant succession of showy reddish purple flowers about four inches across, with a remarkably large cone shaped centre of brown, thickly set with golden tips in spiral lines. 20 cts. each; \$2.00 per dozen.

Platycodon Japonicus Fl. Pl.

(Double Japanese Bellflower.)

A pretty double flowered form of *Platycodon Grandiflorum*, with large, glossy, deep blue flowers, which average 2½ inches across. There are two rows of petals in the flower, which alternate with each other, giving the flower the appearance of a ten-pointed blue star.

Strong roots, \$1.00 per dozen; \$8.00 per 100.

Platycodon Mariesi.

A valuable new species of the Giant Bell Flower, which does not grow higher than a foot, forming a dense, branched bush, and bearing deep blue, bell-shaped flowers nearly three inches across, for a long season in late summer and early autumn. One of the finest of border plants. The unopened buds are nearly as beautiful as the flowers themselves, and are particularly interesting in their peculiar shape.

Strong roots, 75 cts. per dozen; \$6.00 per 100.

Scabiosa Caucasia.

This is one of the handsomest hardy perennials we possess, and one which should be grown in every garden, if only for cutting purposes, for which they are particularly adapted, lasting a long time when placed in water, and their peculiar soft lilac-blue shade is charming. It is a plant that stands almost alone in its beauty and character, and one that can be grown in almost any soil or position, and is quite hardy. Year old plants, \$1.25 per dozen; \$10.00 per 100.

Tritoma Pfitzeri. (Flame Flower.)

A grand improvement on the old *Tritoma Uvaria Grandiflora*, the flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently 4½ feet high, with heads of bloom over twelve inches long. They are of a rich crimson scarlet, shading to salmon-rose on the edges; a really first class acquisition. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

General List of Hardy Perennial Plants.

The steady increasing demand for hardy plants has induced us to give this class of stock more attention. The list offered below contains a selection of the most desirable sorts. Descriptions of all will be found in our retail catalogue.

18 to 20 “ “ 8 to 12 “	\$1.25	12.00	90.00

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*.

Strong one year old field-grown plants, \$1.25 per dozen; \$10.00 per 100. Strong 2½-inch pot plants for growing on, \$5.00 per 100; \$40.00 per 1000.

Hydrangeas.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color, being of a bright crimson, of dwarfer and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration.

Strong one year old plants, \$1.00 per doz.; \$8.00 per 100.

Xanthoceras Sorbifolius.

A rare and pretty shrub, producing long racemes of pure white flowers, with copper colored streaks at base of petals, flowers early in May. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

New Weigelia Eva Rathke.

It is only rarely that we notice decided novelties in this popular shrub, but in *Eva Rathke*, we certainly have a grand acquisition, a variety that is at once a remarkably free bloomer, and entirely distinct in color, it being a rich reddish purple, entirely different from anything before offered. 15 cts. each; \$1.50 per doz.

General Assortment of Hardy Shrubs

Ampelopsis Veitchii.

Strong two year old field grown plants, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Ampelopsis Virginica.

Strong two year field grown plants, \$1.25 per doz.; \$10.00 per 100.

Aristolochia Siphon.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per dozen; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper.)

Grandiflora. Strong plants. \$4.00 per dozen.
Radicans. Strong plants. \$2.00 per dozen.

Cinnamon Vine.

Strong roots 6 to 10 inches long, 50 cts. per dozen; \$3.50 per 100.

New Red Clematis.

M. Koster. A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth. We have seen M. Koster under ordinary nursery culture, a height of 6 to 8 feet, in two year old plants, with hundreds of flowers open at one time. 35 cts. each; \$4.00 per doz.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.
Boskoop Seedling. Extra large lavender.
Duchess of Edinburgh. Double pure white.
Fairy Queen. Pale flesh with a pink bar.
Gipsy Queen. One of the finest rich purple varieties.
Henry. Finest large single white.
Jackmanni. The best known and most popular variety. Color: dark, rich, royal purple.
Madam Baron Veillard. Light rose, shaded lilac.
Mme. Van Houtte. Pure white; extra fine.
Miss Bateman. White with chocolate-red anthers.
Standishi. Light blue.
The Gem. Deep lavender blue.
The President. Bright bluish purple.
 \$3.75 per dozen; \$30.00 per 100.
Mme. Edouard Andre. Nearest approach to red. Strong 1 year old, 30 cts. each; \$3.00 per doz.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong two year old plants of the above two varieties at \$1.00 per doz.; \$7.00 per 100.

Clematis Flammula.

Strong two year old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season. It is a strong grower, free bloomer, and absolutely disease proof; you cannot recommend it too strongly to your retail customer, as it cannot help but please.

We offer strong two year old field-grown plants, \$1.00 per dozen; \$8.00 per 100.

Ipomœa Pandurata. (Hardy White Moon Flower.)

Strong dormant roots. 50 cents per dozen; \$4.00 per 100.

Honeysuckles.

Patent Plant Bed Cloth, for Shading.

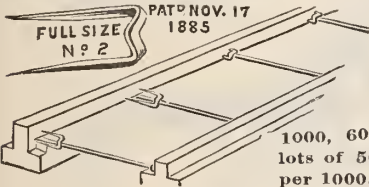

Light grade, 4 cts. per yard; per piece of about 65 yards, 3½ cts. per yard.
 Medium grade, 8 cts. per yard; per piece of about 60 yards, 7½ cts. per yard.
 Heavy grade, 10½ cts. per yard; per piece of about 40 yards, 10 cts. per yard.
 Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
 Steel wheel cutters, 15 cts. each; \$1.50 per doz.

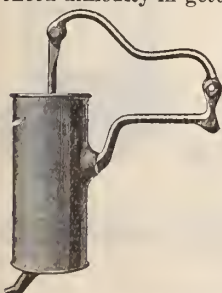

THE VAN REYPER PERFECT GLAZIERS' POINTS.

No rights or lefts.
 Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).
 1 gallon \$1.00; 5 gal. \$4.50.
 Mastica Glazing Machines (see cut) \$1.00 each.

SUNDRIES.

Grafting Wax, first quality, in bars, with directions for using. ¼ lb. 10 cts.; ½ lb. 15 cts.; 1 lb. 25 cts.; postpaid, 45 cts.
 Jersey Peat, for potting plants, etc. \$1.25 per bbl.
 Propagating Sand. \$1.00 per bbl.
 Prepared Potting Soil. 50 cts. per bus.; \$1.00 per bbl.
 Sphagnum Moss, for packing growing Orchids, Plants, and Trees, etc. \$1.25 per bbl.; \$2.00 per bale.

TYING MATERIALS.

Indispensable for stringing Asparagus, Smilax and other climbing plants, Silkaine is the very thing so long needed.

Green Silkaine is fast color and will not fade; is very strong and will not break down. Coarse or fine, put up on 2 oz. spools, 8 in a box, 16 oz. of Silkaine guaranteed. Price \$1.25 per lb.; per spool 20 cts. Silkaine is also used for Bouquet and general florist work. For stringing Asparagus use the F. F. F.

RAFFIA.

The best material for tying plants, vines, etc. Per lb. 18 cts.; 50 lbs. \$7.50; 100 lbs. \$14.00; bale of about 225 lbs. 12 cts. per lb.

TWINES.

White Cotton Twine for tying Pot-herbs, etc. Per lb. 18 cts.; 10 lbs. \$1.65.

Celery Twine for tying Celery, being 5-ply and much stronger. 16 cts. per lb.; 5 lbs. 75 cts.

DREER'S WHOLESALE PRICE LIST.

**"PLANET JR." No. 5
Hill Dropping Seeder.
\$12.00.**

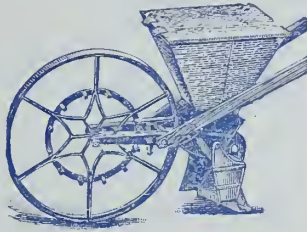

All crops that are to be grown from seed and thinned to a regular stand should be planted in hills at just the distance apart the plants are desired; for in drilling, unless the seed is sown unnecessarily thick, there will not always be a plant at the proper spot, and the crop is therefore irregular. The new No. 5 drops at 4, 6, 8, 12 and 24 inches apart, and also in a continuous row, and can be changed from hill to drill instantly, or from one distance to another very quickly. Capacity four quarts.

**The "PLANET JR." No. 3
Hill Dropping Seeder.**

An improved Hill Dropping Seeder for 1899, will sow in a continuous row, in the ordinary way, with regularity; or will drop in hills, either 4, 6, 8, 12 or 24 inches apart. It is changed in a moment from hill dropping to drill work, sows equally well whether the hopper is full or contains only a paper of seed, and will not injure delicate seeds. Capacity 2½ quarts. **Price, \$9.00.**

Fertilizer, Pea and Bean Drill.

Entirely new in principle. It has a 20 inch carrying wheel with 2 inch face. It carries a half bushel of seed or fertilizer. These it sows in the furrow in the most regular manner at any thickness wanted, and without clogging or trouble of any kind.

It is galvanized, is durable, and very light-running. **Price, \$12.00.**

**"PLANET JR."
No. 8 Horse Hoe.
Price, \$7.50.**

Without Depth Regulator, (order as No. 7.) **\$7.00.**

The "Planet Jr." Combined Horse Hoe and Cultivator is strongly built, is light and easy to handle. The Frame is longer than usual and about one and a half inches higher, making a tool that will not clog easily. The Stiff Steel Hollow Standards polish quickly and free themselves readily from obstructions. The depth is under perfect control by means of a new lever wheel and the new depth regulator. The expander is superior to all other forms. The Reversible Side Hoes, as shown in the cut, act as plows or hillers, and when turned end comes a genuine horse hoe, working without injury to the roots.

**"PLANET JR." No. 11 Double Wheel Hoe.
\$8.00.**

This tool combines in itself all good points with valuable new ideas. Wheels can be set at four different distances apart, and the frame at three different heights. Adjustable handle are undisturbed in making changes of frame wheels or of the tools themselves. Stiff steel arch unusually high.

No. 12 Double Wheel Hoe.

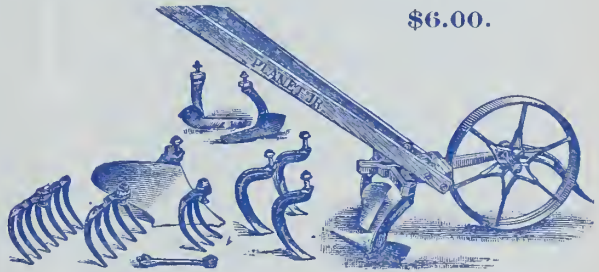

This tool is identical with No. 11, except that it does not have the plows or short hoes. **Price, \$6.00.**

No. 13 Double Wheel Hoe.

This tool is the No. 11 with the 6 inch hoes only. **Price, \$4.00.**

"PLANET JR." No. 15 Single Wheel Hoe.

\$6.00.

This latest and best Single Wheel Hoe, improved for 1899. The frame changes in height, and the wheel to the other side of the frame, when both sides of the row can be hoed at one passage.

No. 16 Single Wheel Hoe.

This Wheel Hoe is identical with No. 15, except that it has fewer tools. The equipment is two 6-inch hoes, three cultivator teeth, two rakes and leaf lifters. **Price, \$5.00.**

No. 17 Single Wheel Hoe.

The same as No. 15, but with a pair of 6-inch hoes, a set of cultivator teeth and a plow only. **Price, \$4.00.**

No. 18 Single Wheel Hoe.

The same as No. 15, but it has one pair 6-inch hoes only. **Price, \$3.00.**

**"PLANET JR."
Harrow and Cultivator.**

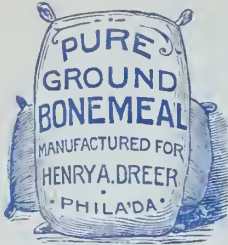

Price, plain, \$4.90
" with Wheel, 6.15
" complete, 7.50

This is a Market Gardeners' Tool. It has a high frame and the chisel-shape teeth cut an inch wide each.

The foot lever pulverizer is a capital addition for preparing ground for the seed drill or for plant setting, and controls attracts to 12 inches, deep without throwing

Peerless Kerosene Sprayers, designed for use in orchard, spraying with kerosene for the destruction of scale insects and plant lice, and will accomplish this much needed work easily, cheaply and speedily. Pump, complete with 12 ft. hose and nozzle, \$16.00; barrel, \$2.00.

The Weed Kerosene Sprayer. Since the appearance of the San José Scale it has become necessary to use Kerosene Oil as an extirminator. With this sprayer this work can be accomplished in the best manner, as it applies it just in quantity wanted; has a regulating valve for the amount of oil needed. Price, \$13.00.

Stahl's Excelsior Knapsack Sprayer. (Copper), is perhaps the best known implement on the market, being the first one introduced. It has brass valves throughout; has a large air chamber. Holds 4 gallons. Price, \$10.00.

Single Cone Bellows, \$1.00 and \$1.75.
Double Cone Bellows, \$2.75.
Spraying Bellows, \$1.00 and \$1.75.
Sulphur Bellows, \$1.40

Send for Dreer's Spray Circular, for information on Spraying and Spraying Apparatus. This machine will fumigate and vaporize at the same time.

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

April—June, 1899.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 $\frac{1}{3}$ % ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

 In filling out your order, always give **Shipping Directions**, and write **Name and Address** Distinctly.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

SPECIAL NOTICE.

We enclose with this Catalogue an Estimate Blank for Bulbs, and would esteem it a favor if you will return it to us with a list of your probable requirements in that line. As soon as prices for the coming season are determined we will take pleasure in quoting you special prices, and hope to receive a share of your kind commands.

PLANT DEPARTMENT.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

ACALYPHA SANDERI.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. 2½ inch pots, 35 cts. each; \$3.50 per dozen; \$25.00 per 100.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelope the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 12 to 15 inches high; 5 inch pots, 50 cents each; \$5.00 per doz.

Aralia Chabrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each.

AGERATUM PRINCESS PAULINE.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 75 cts. per dozen; \$5.00 per 100.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "African Blue Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock which enables us to offer it at a popular price. It is of dwarfier, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Alocasia Sanderiana.

The most beautiful and striking of the genus. The leaf is arrow-shaped with deeply toothed margin, which, like the veins and mid-ribs, are creamy-white, while the body of the leaf is deep glossy green with metallic-blue reflection. 3½ inch pots, \$1.50 each.

ARAUCARIA EXCELSA.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers, brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliated variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers, 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Anthemis Coronaria fl. pl.

(Double Golden Yellow Marguerite.)

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 inch pots, 6 to 8 in. high, 2 to 3 tiers, 60 cents each
5 " " 10 to 12 " " 3 " \$1.00 each.
6 " " 15 " " 3 to 4 " 1.25 "

Araucaria Excelsa Glauca.

5 inch pots, 8 inches high, 2 tiers, \$1.00 each.

Araucaria Robusta Compacta.

The finest lot of this grand variety we have ever been able to offer.

6 inch pots, 10 to 12 inches high, 3 tiers, \$1.50 each.
6 " " 12 to 14 " " 3 " 1.75 "
7 " " 15 to 16 " " 3 " 2.00 "

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

3 inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.
Fresh seed of above, \$1.00 per 100; \$9.00 per 1000.

Asparagus Plumosus Nanus.

Grand for cutting either in strings or smaller pieces.

3 in. pots, \$1.25 per doz.; \$10.00 per 100; \$90.00 per 1000.
Fresh seed of above, \$1.25 per 100; \$10.00 per 1000.

**AZALEAS FOR EASTER**

SPECIMEN AZALEA.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this late date must be left to us.

As these plants can be more safely shipped when in bud, we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	In. Diam.	Per doz.	Per 100.
5 in. pots, nice bushy crowns	10 to 12	\$5 00	\$40 00
5 " " " "	12 to 14	6 00	50 00
6 " " " "	13 to 15	9 00	70 00

Specimen plants at \$1.00, \$1.50, \$2.00, \$2.50 and \$3.00 each.

Azalea Pontica. (Hardy Ghent Azalea.)

A fine lot of bushy plants 18 to 24 inches high, nicely set with buds, \$6.00 per doz.; \$45.00 per 100.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at \$6 00 per dozen.

ASPARGUS SPRENGERI.

TUBEROUS BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 50 cts. per doz; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 75 cts. per doz; \$6.00 per 100; \$50.00 per 1000.

Double Varieties in Choice Mixture. 60 cts. per doz; \$5.00 per 100; \$45.00 per 1000.

New Frilled Tuberous-rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of petunias. A decided acquisition. Strong bulbs 25 cts. each; \$2.50 per doz.

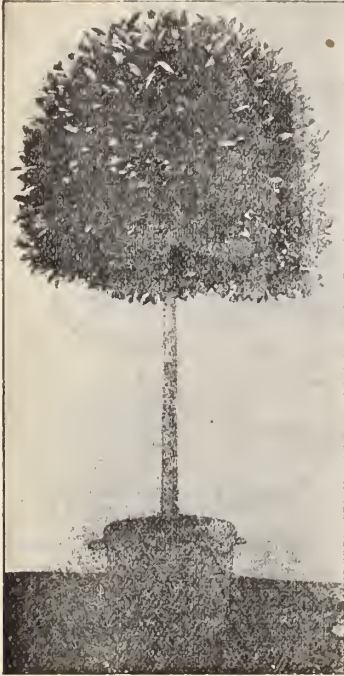

New Tuberous-rooted Begonia, "Duke Zeppelin."

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. No other flowering plant attracted so much attention during the past summer as this brilliant Begonia. Strong bulbs, 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

NEW FRILLED TUBEROUS BEGONIA.

We draw your special attention to the Estimate Blank enclosed with this catalogue. If you will furnish us with a list of your requirements in Azaleas, Tuberous Begonias, Gloxinias, etc., we will be pleased to quote you special prices on same for delivery Autumn '99.

STANDARD OR TREE-SHAPED BAY.

PYRAMIDAL-SHAPED BAY.

Bay Trees. (Laurus Nobilis.)

Standard or Tree-shaped.—(See cut.)

Stems 45 in. high, crowns 36 in. in diam.....	\$10 00 each.
“ 45 “ “ “ 40 “ “	12 50 “
“ 45 “ “ “ 48 “ “	15 00 “

Also a lot of young plants in 8 inch pots, crowns 12 to 15 inches in diameter, \$2.50 each.

Pyramidal-shaped.—(See cut.)

5½ feet high, 34 inches in diam. at base.....	\$7 50 each.
7 “ “ 36 “ “ “	10 00 “
8 “ “ 40 “ “ “	12 50 “
8 “ “ 44 “ “ “	15 00 “

Also a lot of small plants in 9 inch pots, 36 to 42 inches high, and 15 inches in diameter, \$2.50 each.

Caladiums Fancy Leaved.

These handsome variegated varieties are again coming into strong demand. For a few years they seemed to have gone out of favor, but the many new sorts shown during the past two years has created new interest in them. We offer a beautiful collection of 34 distinct varieties at \$2.00 per doz.; \$15.00 per 100. Strong dormant bulbs as long as in stock after which green plants will be supplied.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race of Caladiums. The leaves are borne on stout petioles, but unlike our well known varieties are spear-shaped and of thick leathery texture. The colors are red, green, and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 50 cts. each; \$5.00 per doz.

New Golden Yellow Calla, Richardia Elliottiana.

The first bulbs of this grand new variety were brought to England by Captain Elliot, from Central Africa, in 1892, and were sold at auction in London at fabulous prices, single bulbs bringing \$25.00 each. Since then the stock has been increased so slowly that even during 1898 the price in England has been from \$4.00 to \$5.00 each.

We have been fortunate in securing a limited lot at a special advantageous price and are now in a position to offer good bulbs of the true variety at the low price of \$1.50 each.

The plant has the same habit of growth as the ordinary White Calla, *R. Ethiopica*, with flowers of the same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which adds to its beauty.

We can also supply strong bulbs of the old variety of Yellow Calla (*Richardia Hastata*) at 50 cts. each.

Crotons.

These are one of the coming plants for bedding. We offer a choice collection of 12 varieties, for names and description see page 108 of our Retail Catalogue.

3 inch pots, 20 cents each; set of 12 for \$2.00; \$15.00 per 100.

Cycas Revoluta.

(Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

NEW CARNATIONS FOR 1899. (Rooted Cuttings.)

(Introducer's descriptions.)

America. (Hill). Color pure scarlet of soft even shade, strong vigorous grower, flowers of good size, very free. \$1.50 per doz.; \$10.00 per 100; \$75.00 per 1000.

Anna Eastburn. (Eastburn.) A very double snow white, nicely fringed high built flower, with strong calyx, very fragrant, habit erect and one of the most vigorous growers, with a long stiff stem; a steady bloomer. \$1.50 per doz.; \$8.00 per 100; \$70.00 per 1000.

Cardinalis. (Shelmire.) Deep scarlet flowers 2½ to 3 inches and well formed, good keeper, stems 2 to 3 feet, upright grower, not bushy, and can be grown close. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Duke of York. (Shelmire). White, lightly striped with pink, large and perfect flowers that do not burst, stems very long and stiff, prolific for a large flower, and comes into bloom early; plant bushy and vigorous. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Emiline. (Shelmire.) Magenta pink, flowers of largest size, averaging 3 inches when well grown; plants bushy and needs plenty of room. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

General Gomez. (Ward). Brilliant cardinal maroon, 2½ to 2¾ inches in diameter, fine stems, 16 to 24 inches long, strong vigorous healthy habit, blooms fully as freely as Portia, resembles Scott in habit, and seems to have as good a constitution as that variety. \$2.00 per doz.; \$10.00 per 100.

Glacier. Purest snow white, 2 to 3 inches across on stiff stems, 10 to 15 inches long; enormously prolific and early bloomer, an easy grower, thriving under almost all conditions. \$2.00 per doz.; \$10.00 per 100.

NEW CARNATIONS.—Introduced in 1898. (Rooted Cuttings.)

Argyle. Lovely shade of carmine pink, vigorous grower free bloomer. \$1.00 per doz.; \$5.00 per 100; \$45 per 1000.

Bon Ton. Bright soft scarlet, large deeply fringed flowers, stiff stems, very productive. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Cathleen Pantlind. Color a shade or two darker than Daybreak. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Empress. Magnificent bright rich crimson, deeply fringed, and delightfully fragrant, vigorous grower. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

John Young. Very double snow white flower, finely fringed, splendid calyx, stem strong, stiff and wiry. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Gold Nugget. Color of Buttercup with probably less of the red striping, strong grower and very free; a fine keeper. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

General Maceo. (Ward). Ground color, deep brilliant scarlet overlaid with maroon; making one of the darkest and richest Carnations yet seen, fully as rich and striking as the Meteor rose, flowers large; under extra culture, blooms have been produced 3 inches across on stems 20 inches long; a vigorous grower, and a most profuse bloomer. \$2.00 per doz.; \$10.00 per 100.

G. H. Crane. (Dorner). We do not hesitate to recommend this as the coming scarlet Carnation; a large flowering sort (averaging 3 in.) producing both quality and quantity; model in growth, stem, flower and color; comes into flower early, and continues an even all season bloomer. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Liberty. (Shelmire). Dark pink or perhaps nearer a brilliant red, a very desirable shade, flowers of good size, very prolific, early, stiff stems, rather dwarf in growth, but of good size, very bushy habit. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Mary A. Baker. (Eastburn). A large full white flower of good form, nicely fringed and very fragrant, strong calyx, never bursts, long stiff stems, habit like McGowan, but more vigorous, blooming earlier and more abundant, a good summer bloomer. \$1.50 per doz.; \$8.00 per 100.

Progress. (Shelmire). White, lightly pencilled with dark pink, stems long and very stiff, flowers 2½ to 3 inches, never burst, continuous bloomer, upright growth. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Melba. (May and Craig). This is a grand combination of good qualities, free, early and continuous bloomer, in color, the finest pink yet produced, large and perfect form, very fragrant, long stiff stems. \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

Evelina. A large pure white of good form and substance. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. S. A. Northway. White, shaded soft shell pink, changing to almost pure white when fully developed, \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Mrs. Jas. Dean. Clear silvery pink, continuous bloomer \$1 00 per doz.; \$5.00 per 100; \$40.00 per 1000.

New York. Bright cerise pink, magnificent color under artificial light. \$1.00 per doz.; \$5.00 per 100; \$40 per 1000.

Outcast. Very bright red of medium size, good stems. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Wellesley. Intense bright scarlet, early and free bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

White Cloud. White, habit same as Daybreak, but taller, stronger, more vigorous and much freer bloomer. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

CANNAS.

New Orchid-Flowered Italian Varieties.

Among the most startling novelties in Cannas three years ago were the two Orchid Flowered Varieties, Austria and Italia, since then many additions have been made to this class. Last year we had thirty varieties in our trial grounds, all of which were handsome, but many of the sorts were nearly identical. We have therefore reduced our list to the ten varieties enumerated below, and feel safe in saying that they comprise not only the most distinct, but the "cream" of the Italian introductions to date.

The habit of growth of all these varieties is very similar, being remarkably vigorous and under liberal cultivation they attain a height of 6 to 8 feet, while their flowers frequently measure 6 inches across. They are not of as heavy texture as the French varieties, therefore do not last as long, but are produced with the greatest freedom.

America. Magnificent bronzy foliage marbled with green, having a peculiar lustre, appearing as if varnished; flowers rich orange-salmon, feathered and veined with scarlet. \$1.00 per doz.; \$8.00 per 100.

Allemania. Exceptionally large flowers, frequently measuring 6½ inches across, the upper petals salmon with broad border and markings of golden-yellow, while the lower petal is dark salmon marked with yellow in the centre; foliage dark green. \$1.00 per doz.; \$8.00 per 100.

La France. Similar to America, but with still darker foliage and of more compact habit; flowers orange-scarlet. \$1.00 per doz.; \$8.00 per 100.

Partenope. Dark orange, shaded with yellow; a fine large flower. \$1.00 per doz.; \$8.00 per 100.

Pluto. Rich bronzy-red foliage; flowers red, flamed with orange. \$1.00 per doz.; \$8.00 per 100.

Prof. Treub. Purple foliage, with large flowers of orange-red splashed with yellow. \$1.50 per doz.; \$10.00 per 100.

ALLEMANIA.

Africa. Dark bronzy foliage, with rich orange-salmon flowers, darkening to scarlet in the throat. \$1.00 per doz.; \$8.00 per 100.

Austria. Pure canary yellow; fine large open flowers, with but few traces of reddish brown dots in the centre of the two inside petals. 60 cts. per doz.; \$4.00 per 100.

Burbank. Similar to Austria, except in habit, which is more compact. 60 cts. per doz.; \$4.00 per 100.

Italia. Is of a bright orange-scarlet, with a very broad golden yellow border; the flowers, which are produced on massive stems about sixteen inches long, are set well above the foliage; the foliage is large and heavy, similar to that of the *Musa Ensete*. 60 cts. per doz.; \$4.00 per 100.

One each of the above 10 Italian Varieties for 75 cts.

NEW LARGE FLOWERING CANNAS OF AMERICAN ORIGIN.

It is a pleasure to offer four such fine Cannas as are presented in this set. Many of the best of the so-called French Cannas of recent introduction have been of American origin, and with the strides now being made by American Hybridizers and climatic conditions especially suited to their requirements, we look for the best novelties of the future to be of home production.

President McKinley. Color brilliant crimson with bright scarlet shading. Truss large, compact, of good shape and held well above the foliage, and are produced freely and evenly. Plant is dwarf 3 feet; foliage deep green with marked chocolate margin. Plant stools freely, is a compact even grower. It is one of the earliest bloomers, coming into flower when 14 to 18 inches high and blooming continuously thereafter. The effect when massed is extremely brilliant. The contrast between the flowers and foliage being rich, chaste and effective. A marked improvement upon all crimson Cannas introduced to date. Undoubtedly the king of crimson bedders. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

President Cleveland. A variety that originated in Washington, D. C., where it is used very extensively in the grounds of the various departments. It is of strong robust habit, growing about 3 feet high, with rich green foliage. The flowers, which are bright orange scarlet, are borne in enormously large trusses, standing well above the foliage, making it very conspicuous; an excellent sort for massing. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Sam Trelease. This handsome variety originated with Mr. James Gurney, Superintendent of Tower Grove Park, and Head Gardener of the Missouri Botanical Gar-

dens, and was admired by everyone who saw it in our grounds last Summer; in fact, many prominent Canna growers considered it the best and most distinct new variety in our fields. The greatest merit of this variety is that the flowers open out flat, which, with its very broad petals, which are of good substance, makes a large nearly perfect circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow, about the same as in *Mme. Crozy*. It grows about 3 feet high, with large, freely-branching spikes of flowers, which are thrown above the foliage and of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it, and we feel certain that it will soon become one of the popular standard sorts. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Sunray. An entirely distinct striped variety. The flowers are of large size, open out well and are produced very freely. The ground color is a rich bright yellow, with stripes and dashes of bright scarlet running through almost to the edge of the petals, producing a unique and bizarre effect. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Our Standard Dozen of Well-tried Cannas.

The twelve varieties enumerated below are a selection of sorts that have proven themselves perfect in every way, and which will succeed under the most adverse conditions, in dry as well as in wet seasons. All are of uniform, vigorous growth, and whether planted singly or in masses will make a display certain to give full satisfaction. As we grow many thousands of each, we are in a position to offer them at exceptionally low prices.

Alphonse Bouvier. Although introduced in 1891, it still stands at the head of tall crimson varieties. A strong grower with bright green foliage. Very floriferous, and under fair conditions grow 6 to 7 feet high.

Admiral Avellan. The best of the red-leaved French varieties. On account of its clean, uniform growth, attaining a height of about 5 feet, each plant will be the counterpart of its neighbor, thereby producing a most desirable effect when used in masses. The flowers while not as large as some of the recent introductions, are of good size, of a peculiar shade of scarlet, overlaid with salmon, giving a rich luminous effect.

Aurore. In our field of over 10 acres of Cannas during the past three years, this has always attracted visitors by its intense brilliant orange flowers, which are of large size, produced on strong trusses standing the proper height above the bright green foliage. 4½ feet high.

Charles Henderson. A grand variety of a fine crimson color that has become very popular. While it is not quite as rich in color as Alphonse Bouvier, its habit of growth is much more compact, rarely exceeding 3½ feet in height, which makes it a desirable companion to such varieties as Florence Vaughan and Madame Crozy.

Egandale. A most excellent variety, with bronzy foliage and soft currant-red flowers, which are thrown well above the foliage; the best of its type, attains a height of about 4 feet.

Florence Vaughan. Undoubtedly one of the finest yellow spotted varieties yet sent out; in color it is of a bright rich golden-yellow, spotted with bright red; the flowers, which are of the largest size, of great substance and of perfect form, are borne in large heads and in the greatest profusion; the foliage is massive and of a rich green color; the plants rarely exceed 3½ to 4 feet in height.

Furst von Hohenlohe. An ideal yellow bedding Canna. Its flowers are of fair size, the upper petals of purest yellow, the lower one slightly marked with crimson. Its strong points are its great floriferousness, neat compact habit, large spikes of flowers, and the fact that at the distance of only a few feet it appears as a pure yellow. We place it at the head of the list of yellows. 3 feet high.

Price, any of the above; 50 cts. per dozen; \$4.00 per 100; \$35.00 per 1000.

TWO GRAND DARK-LEAVED INDIAN CANNAS.

Black Beauty. The handsomest Indian Canna yet introduced, with large massive foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 30 cts. each; \$3.00 per dozen.

F. Neuvesel. This is a splendid sort of a soft pleasing shade of carmine; of good size and excellent habit, the foliage is dark green with bronzy markings; it is of a strong robust habit, growing 4½ feet high. Very effective.

Madame Crozy. The flowers of this well-known and popular variety are of a bright crimson scarlet, bordered with golden-yellow. The plant is of a vigorous growth yet dwarf in habit, rarely exceeding 4 feet in height. Foliage bright green, and very massive. The flowers are produced on large branching stems which are closely set with bloom, each stem being really a bouquet in itself.

Mlle. Berat. The nearest approach to a pink in a first-class bedder. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance, both on the single plant or when planted in masses. In this variety, however, the larger the mass the finer the effect, and when planted in conjunction with yellow and high-colored reds it is simply superb; height, 4 feet.

Queen Charlotte. The finest of all the gilt-edged varieties. The plant attains a height of about three feet and is furnished with heavy bluish-green foliage; the enormous flower-spikes, towering grandly above the foliage, bear a beautiful bouquet of large flowers of perfect form, with petals of a rich scarlet crimson, broadly banded with bright canary yellow. 3 ft. high.

Souvenir d'Antoine Crozy. The richest gilt-edged variety yet introduced; the flowers are large, with well-rounded petals, which are of intense scarlet

crimson, rich and dazzling, and are bordered with a broad rich golden yellow band; in habit the plant is all that could be desired, being of strong, vigorous but dwarf habit, forming symmetrical compact plants about 3 feet high.

PRESIDENT MCKINLEY.

Bassett's Red. A grand bronze-leaved variety of the old Indian Canna with intense bright bronzy red foliage, valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit and a stately plant in every way. 50 cents per dozen; \$4.00 per 100.

DWARF FRENCH CANNAS.

Varieties of ---

SPECIAL MERIT.

Beaute Poitevine. An excellent free-flowering crimson that is especially valuable in a hot, dry season, succeeding better under those conditions than any other variety. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Depute Ravarin. A pretty sort, with good-sized, deep garnet flowers, a shade lighter than A. Bouvier, which it much resembles, except that the truss stands erect and is much larger; height 5 to 6 feet. 50 cts. doz.; \$4.00 per 100.

Furst Bismarck. Rich scarlet crimson, but so distinct from all other crimsons that it can be planted along with them in perfect harmony of color. The flowers are of large size, with broad petals of good substance, and produced in immense trusses; of vigorous, compact, uniform growth, about 3½ ft. high. 50 cts. per doz.; \$4.00 per 100.

Goliath. A fine rich dwarf crimson with broad massive petals and heavy dark green foliage. 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

J. D. Eisele. A fine vermilion scarlet overlaid with orange, a strong free grower with its trusses raised well above the foliage, 4 feet. 15 cts. each; \$1.50 per dozen.

Mad. Leon Leclerc. Entirely distinct, ground color being a bright orange scarlet with a heavy tip and narrow margin of yellow, 5 feet. \$1.25 per dozen; \$10.00 per 100.

Menelek. One of the most floriferous varieties, of dwarf compact habit, about 3½ feet high, very uniform, with heavy rich green foliage. Its flowers are of good size, with broad petals; are of a rich nasturtium red. 15 cts. each; \$1.50 per doz.

Mine d'Or. This is practically a yellow Mad. Crozy, which it resembles in size and shape of flowers. It is of a bright canary-yellow, the lower petals very lightly marked with red; height 3 feet. \$1.25 per dozen; \$10.00 per 100.

R. Pearson. Golden-yellow ground, dotted with innumerable light red spots, the spots being much more numerous than in any other variety. \$1.25 per dozen; \$10.00 per 100.

Roi de Rouges. "King of the Reds." One of the finest of the many reds yet introduced; the flowers are of good size, with heavy petals, and are produced on stout, thickly-set stems; foliage green; habit compact; 3 ft. \$1.25 per doz.; \$10.00 per 100.

Secretaire Chabanne. Large flowers of rich salmon, a shade entirely distinct from other sorts; 4 ft. high, and one of the freest-flowering. \$1.25 per doz.; \$10.00 per 100.

Varieties of Special Merit.—Continued.

Stadtrath Heidenreich. A new variety of great merit, large spreading flowers 5½ inches across, individual petals frequently being 2 inches wide. Color almost a pure scarlet with just enough orange to intensify its richness, foliage dark green with bronze markings, 4½ feet high. 30 cts. each; \$3.00 per dozen.

Tarrytown. A strong vigorous grower, with brilliant cherry red flowers, an exceedingly free bloomer, foliage dark green, 3½ feet high. \$1.25 per doz.; \$10.00 per 100.

SPECIAL OFFER.

One plant of each of the above 13 varieties of Special Merit for \$1.50.

GENERAL COLLECTION.

Alsace. Pale sulphur yellow, changing to creamy white, 4½ feet.

August Van den Heede. Rich salmon red, 4 feet.

Ami Jules Chretien. Bright apricot red, suffused with rose, 3½ feet.

Ami P. G. Pezeaux. A peculiar shade of pom-egranate red, 3½ feet.

Avant Garde. Yellow spotted crimson, 4 feet.

Baronne de Poilly. Orange shaded salmon, 4 feet.

Baron de Belleroche. Amaranth red, 3½ feet.

Czar Alexander III. Brilliant carmine, large flower, 3½ feet.

Columbia. Fine large crimson, 3 feet.

Comte de Bouchaud. Golden yellow, spotted red, 4½ feet.

Charles Paul. Large, pure salmon.

Francois Billard. Crimson with dark shadings, 4 feet.

Flamingo. Fine crimson, 3 feet.

Giant Crimson. Rich pure crimson, 4 feet.

J. C. Vaughan. Deep orange scarlet, bronzy purple foliage, 4½ feet.

Leon Pepin Lehal-leur. Carmine red, large round flowers, 4½ feet.

Mme. Favrichon. Satiny carmine, with orange sheen, 4 feet.

Papa. A fine red with large flowers and truss, 3½ feet.

Paul Marquant. Fine salmon with rose sheen, 3½ feet.

Premier. Crimson scarlet with broad golden-yellow edge, 3½ feet.

Robert Owen. Large canary yellow, striped and spotted red, 3 feet.

Souvenir du President Car-not. Vermilion scarlet, bronze foliage, 5 feet.

Souvenir de Jean Chauce. Bright red, overlaid with a purple sheen, 3½ feet.

Vice-President Luizet. Carmine, large flower, 3½ feet.

Price. Any of the above, 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1,000.

SAM TRELEASE.

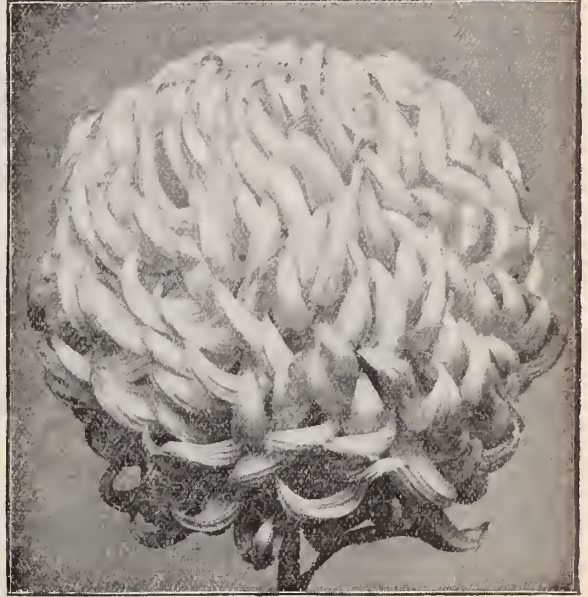

CHRYSANTHEMUMS.

Twenty-five Choice Exhibition Varieties.

- Charles Davis.** This is simply V. Morel in another color, being tawny yellow or golden bronze.
- Col. Wm. B. Smith.** An immense, double, high-built flower, bright golden bronze.
- Eugene Dalledouze.** Flowers large yellow, full and double, a grand variety.
- Fisher's Torch.** Bright, fiery red; large and double, with a high-built centre.
- Frank Hardy.** A superb variety with immense full deep globular flowers, beautifully incurved in graceful folds, and of a pure white color.
- George W. Childs.** The best deep self-colored crimson variety; flowers massive, of immense size.
- Golden Wedding.** Golden yellow, intense and dazzling. Flowers 10 to 12 inches in diameter, 4 to 6 inches in depth; petals broad and long.
- Helen Bloodgood.** A most beautiful clear pink; of very large spherical shape.
- H. L. Sunderbruch.** Bright golden yellow, of fine incurved form and large size.
- Iora.** Tubular, clear pink.
- John Shrimpton.** Bright velvety crimson-scarlet.
- Maud Dean.** Extra large petals, broad and incurving, perfectly double and of great substance; pink.
- Major Bonaffon.** Soft, clear yellow, incurved full in the centre; form and finish perfect.
- Mayflower.** Magnificent large incurved white, lower petal reflex.
- Miss Minnie Wanamaker.** Creamy white, of very large size, incurved.
- Minerva.** Large and massive, incurved, golden yellow.
- Mrs. A. J. Drexel.** Large flowering, early variety; color crimson lake; form rounded.
- Mrs. Jerome Jones.** One of the best whites, broad incurving petals.
- Mutual Friend.** A reflexed pure white, from 7 to 11 inches in diameter and great depth of flower.
- Modesto.** Fine yellow, incurved, slightly whorled.
- Philadelphia.** The formation of the florets and their disposition makes this gracefully globular in form; its color is white, illuminated with lemon yellow.
- Pennsylvania.** A fine companion to Philadelphia, from which it is a sport, possessing all the good points of that favorite, excepting that the color is a rich bright yellow.
- Pluto.** Fine bold globular flower, of clear bright red, centre incurved, reverse of petals golden.
- The Queen.** A grand double white, of fine size.
- Vivian Morel.** Extra large flowers, petals long and loosely arranged; a beautiful light shade of pink.
60 cents per dozen, \$4.00 per 100.

Choice Standard Varieties.

- Autumn Glory.** Deep reddish salmon, when first opening, gradually changing to a soft shrimp pink; flowers of large size and great depth.
- Black Hawk.** Scarlet crimson, the best of its type.
- Cullingsfordi.** A fine shade of crimson.
- Frank Thomson.** White with a touch of pearl pink at base of petals; a fine flower.
- Harry Balsley.** A magnificent variety, of a soft mer-mer pink in color.
- Harry May.** Flowers very large and deep; full double; forming a massive sphere; color deep old gold, with occasional reddish veins.
- Ivory.** Snowy white, of perfect form, flowers very large; an early and free-flowering variety.
- Inter Ocean.** Glistening pearly white, suffused with pink.
- Louis Boehmer.** Best pink Ostrich plume.
- L'Enfant des Deux Mondes.** Best white Ostrich Plume.
- Monarch of Ostrich Plume.** Finest yellow Ostrich Plume.
- Marie Louise.** A beautiful recurring white, with slender, interlacing petals, forming a plummy globe.
- Mrs. Richard Dean.** Clear pink of a beautiful shade.
- Miss Louise D. Black.** Reddish Orange, on the style of L. C. Madeira, but much larger.
- Mrs. Perrin.** Beautiful glistening pink; a fine shade.

CHRYSANTHEMUM PHILADELPHIA.

- Mrs. L. C. Madeira.** Orange yellow, beautifully quilled.
- Merry Christmas.** The latest of all the whites, fine large flowers, which are at their best the last week in December.
- Mrs. C. H. Pierce.** A soft deep yellow, with well developed leathery petals, lasting a long time in perfection.
- Niveus.** This is a perfect gem; color snowy white; flowers very large, without coarseness.
- President Wm. R. Smith.** A delicate pure pink, very heavy in substance, borne on strong stems.
- Pink Ivory.** Beautiful shell pink.
- Rohallion.** Rich deep yellow, deepening to chrome.
- Solar Queen.** Enormous flowers of clear yellow.
- Wm. H. Chadwick.** An immense striking bloom of a waxy white, occasionally rose tinted; one of the best.
- Wm. H. Lincoln.** A magnificent golden yellow.
- Wm. Simpson.** A pleasing shade of pink.
- Yellow Fellow.** Rich bright yellow, of immense size.
60 cents per dozen; \$4.00 per 100.

Select Early Flowering Varieties.

- Ambrose Thomas.** Bright red with yellow reflex, a large flower and a dwarf grower.
- Baronne Briailles.** Large creamy white, very free.
- Clinton Chalfant.** Fine large yellow of good form.
- Edith Syrratt.** A distinct rosy amaranth.
- J. E. Lager.** Very clear bright yellow, full and massive.
- Longfellow.** Blush white, of medium size and fine form.
- La Vierge.** One of the dwarfest and best pure whites.
- Marion Henderson.** Fine yellow, of fine form.
- Marquise de Mortemarte.** Very fine large pink.
- Merry Monarch.** Very large pure white.
- Mrs. E. G. Hill.** A beautiful pearly pink, large and full to the centre.
- Mrs. Henry Robinson.** One of the very finest white varieties, a perfect ball of snow when fully developed.
- Mrs. F. Bergman.** One of the earliest whites, very fine.
- Mrs. J. G. Whilden.** One of the finest early yellows.
- Mrs. Hawkins.** A finely formed golden yellow.
- Snow Queen.** A nicely finished snow-white variety of rounded form and full centre.
- Vice-President Hardy.** Golden yellow, bordered crimson rose.
- Vicomtesse D'Avène.** Violet rose, shaded white, centre old gold.
- White Grunnerwald.** Silvery white, reflex rose.
- William Holmes.** A fine crimson.
- Yellow Queen.** Early clear yellow.
60 cents per dozen, \$4.00 per 100.

POMPONE
CHRYSANTHEMUM.
L'Ami Couderechet

Hardy Pom-pom Chrysanthemums.

These have been almost entirely lost sight of during recent years and have received but little attention, but have in the past season or two been considerably in demand again for out-door planting. The collection offered will be found to contain only the most desirable sorts.

Blushing Bride. Fine soft pink.
Canary. Pale yellow, bushy habit.
Flora. Beautiful deep golden yellow.
Fred. Peele. Deep crimson, tipped gold.
Golden Fleece. Clear yellow.
Golden Pheasant. Rich golden yellow, fine form.
Globe d'Or. Golden yellow.
Eagle d'Or. Fine yellow.
Julia Lagravere. Very fine crimson.
La Purete. Fine pure white.
Mr. Schmidt. Yellow, tipped with crimson.
Mlle. Elise Dordan. Rose-pink, globular flower.
Nellie Rainford. Buff
President. Rosy carmine.
Princess Louise. Deep rosy pink, one of the best.
Pettulant. Soft creamy sulphur.
Princess Meletia. Fringed white.
Regulus. Crimson red.
Rosinante. Blush rose, very dwarf.
Stratneath. Rosy pink, distinct and pretty.
Tiber. Crimson brown, tipped yellow.
Veuve Cliquot Brick red, edged yellow.
 60 cents per dozen, \$4.00 per 100.

New Single Dahlias.

While many of the single Dahlias heretofore introduced, have proved interesting as individual flowers, especially for cutting, the set here offered possesses such distinct characteristics in habit of growth, freedom of bloom and perfect shaped flowers, which are so vastly superior to anything before offered, that once seen they must become universal favorites.

The habit of the plants is simply perfection; they naturally grow into shapely bushy compact plants, not over 3 feet high, which from early Summer until late Fall are literally covered with flowers, eclipsing anything ever offered in this type.

Anemone. This name was very appropriately suggested for this variety on account of its striking resemblance to that most beautiful Fall flowering perennial, "Anemone Japonica Alba." The flowers which are pure white and of large size, are produced on long wiry stems, making it one of the most useful Dahlias for cutting. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

St. George. The grandest single Dahlia ever introduced. The flowers are a pure clear yellow, 3 to 4 inches in diameter, and borne on long stems. This variety was awarded the first prize the past season in New York, by the American Institute Fair, as the best new seedling exhibited, an honor never before accorded a single Dahlia. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Ada. Another dwarf large early flowering long stemmed single Dahlia and the most profuse bloomer of all. The color is difficult to describe, being a combination of pink and amber shades, lightly penciled bright crimson. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Brilliant. A striking dwarf single flower, with large pointed petals, color deep bright yellow, striped bright crimson scarlet. 20c. each; \$2.00 per doz.; \$15.00 per 100.

Strong growing plants of the above ready in March.

One each of the above 4 varieties for 75 cents.

SPECIAL OFFER

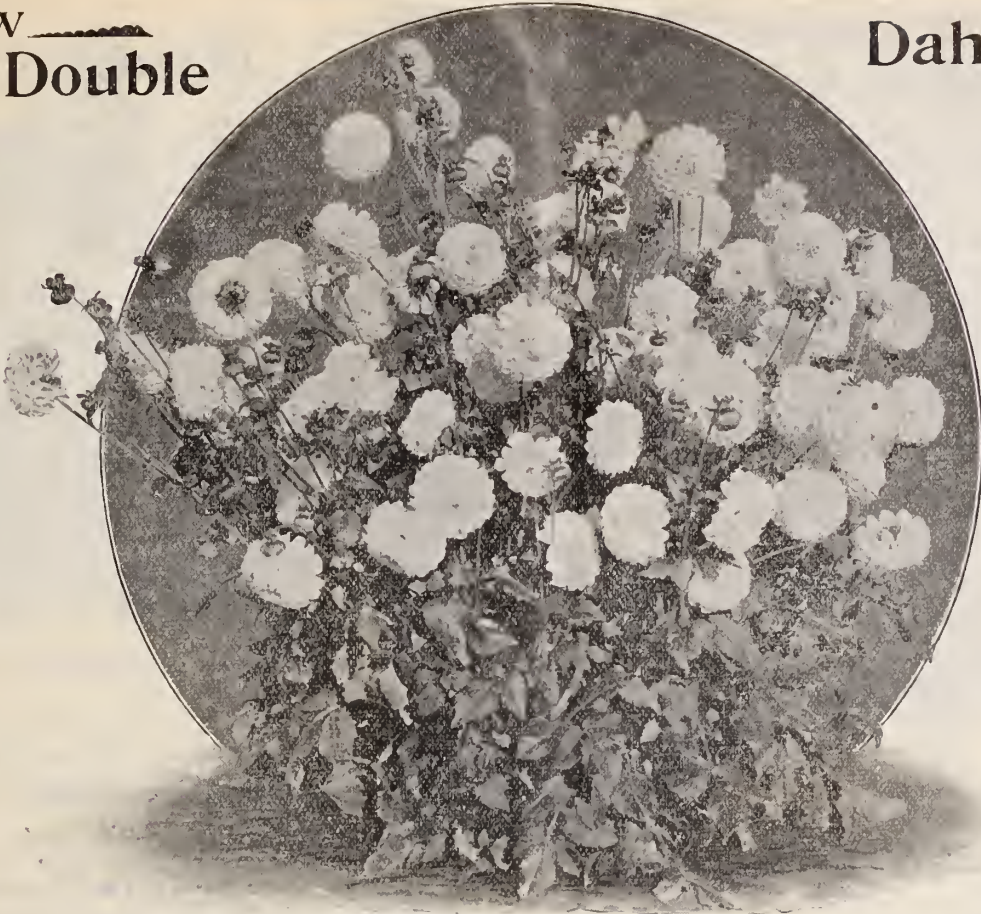

We will furnish one each of the twelve New Dahlias offered on this and the next page, a grand collection, for \$2.25.

NEW SINGLE DAHLIAS.

Upper flower St. George, lower flower Anemone.

NEW
Double

Dahlias.

NEW DOUBLE WHITE DAHLIA—"STORM KING." (BLIZZARD.)

Grand New White Dahlia—"Storm King." (Blizzard.)

Magificent, perfectly formed snow-white flowers, borne in the greatest profusion on long, strong stems, perfectly suited for cut flower purposes. The blooms are of medium size, perfect in form, with petal slightly notched. In habit it is similar to A. D. Livoni, but is a more profuse bloomer than that free flowering variety, while the stems average longer, and as the plant branches close to the ground, it enables it to withstand winds and drouth better than any other variety. It is a strong vigorous grower until coming into flower, when it should receive a top-dressing of manure or fertilizer in order to support the enormous and continual crop of flowers, and prevent the plant exhausting itself. An inspection of the cut shown above will demonstrate the reason for this. It has been exhibited at many flower shows, and has been pronounced *the best all-round White Show Dahlia to date*. For the florist it will prove valuable either as a *cut flower*, or as a *bedder*, or as a *pot plant*. We offer strong plants from 2 inch pots thoroughly established, for April 15th and later delivery, 50 cts. each; \$4.00 per doz.; \$25.00 per 100.

Clifford W. Bruton. A superb yellow Cactus Dahlia; a strong sturdy grower and an extremely free-bloomer, with flowers 5 to 6 inches across. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Little Beauty. One of the most beautiful double pom-pone Dahlias ever offered, a perfect shaped flower of a lovely soft pink color and an early continuous and free bloomer. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Sundew. A superb decorative variety, of a bright glistening orange-salmon color, an early bloomer, of fine form and full to the centre; fine for cutting. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Wm. Agnew. A very large Cactus variety, of rich dazzling red, full to the centre, long twisted petals which occasionally have a clear yellow band running through the centre. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Iridescent. A beautiful Cactus variety with a combination of colors that is difficult to describe, the ground color being a clear orange overlaid with red and suffused with pink, giving a soft, yet brilliant red effect with a blue reflex. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Xanthia. A most beautiful Cactus Dahlia. Deep bright crimson, slightly suffused maroon; each petal is either tipped of banded through the centre with royal purple. One on the most distinct and striking in this beautiful section. 30 cts. each; \$3.50 per doz.; \$25.00 per 100.

Apple Blossoms. A very pretty new fancy show variety that combines all the shades found in apple blossoms, from red, pink and carmine to pure white. The first flowers are deep red-pink and carmine, but as the season advances they gradually open lighter until they become pure white. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Ten Choice Single Dahlias.

Dearest. White edged buff, very distinct.

Edina. A beautiful fancy variety, flowers pure white, with yellow disc around base of petals, spotted and veined crimson.

Juno. White, tipped lavender; yellow disc.

John Downie. Intense glowing crimson-scarlet.

Miss Roberts. Fine large yellow.

Painted Lady. Crimson-pink, striped darker.

Paragon. Dark maroon, edged purple.

Serratipetala. Glowing red and entirely distinct in shape, the petals instead of being flat are pleated, with the edges divided into two or three points, giving the flower a light graceful appearance.

Snow Queen. A good white.

Violet Fern. Ground color, bright orange, overlaid clear red and suffused pink, giving it a soft red appearance.

10 cents each; \$1.00 per dozen; the set of 10 for 85 cents; \$8.00 per 100.

DAHLIA, NYMPHÆA.

Eighteen Grand Cactus Dahlias.

- Celestine.** Yellow, suffused with orange, giving a rich golden yellow effect.
- Countess of Pembroke.** Pure delicate rosy lavender, flowers of medium size, of perfect form and extremely profuse bloomer.
- Empress of India.** Deep rich maroon, a fine flower.
- Gilt Edge.** Entirely distinct from all others, each petal having a golden yellow edge with white centre.
- Kynerith.** Brilliant vermilion, shading to a lighter shade at base of petals.
- Lemon Giant.** Pure lemon of immense size, very free.
- Lancelot.** Fine large reddish amber.
- Miss Barry.** Deep rosy lake, large and full to the centre, twisted petals, very fine.
- Mrs. Francis Fell.** White tinted pink, long twisted petals, very free.
- Mrs. Hawkins.** Rich sulphur yellow, shading lighter toward the tips, slightly tinted red.
- Nymphæa (Pink Water-Lily Dahlia).** In color a clear distinct shrimp-pink, shading slightly darker towards the outer petals, a color difficult to describe; this peculiar color and its form have suggested the name Water-Lily Dahlia. The most popular Dahlia in cultivation.
- Oban.** Rosy-lavender, overlaid with a delicate silvery-fawn; very distinct.
- Oriental.** Pale salmon, very large and double, of fine form.
- Perle (Perle de la tete D'Or.)** The finest white Cactus-Dahlia yet introduced, a perfect gem in every way with large pure glistening white flowers, most valuable for cutting purposes; very early and free.
- Princess Harry.** Rich cream, shading to soft primrose-yellow at base of petals, occasionally lightly tinted with pink, the flowers are soft, waxen, and of exquisite finish.
- Semiramis.** Color buff, overlaid and suffused with reddish orange, a color that is always admired; perfect in form.
- Wm. Pierce.** Rich butter yellow, the best of its color.
- Zulu.** The black Dahlia, rich blackish maroon of fine form.
- 10 cents each, \$1.00 per dozen; the set of 18 for \$1.50; \$8.00 per 100.

...DAHLIAS...

The collections of the various types offered on this and the next page are the "cream" of over five hundred varieties, selected after critical examination and combining in a superlative degree purity of color, perfection of form, free and continuous flowering, and that succeed under the most ordinary garden culture.

Twelve Best Show and Fancy Varieties.

- Client.** Bright glowing crimson.
- Geo. Rawlings.** Dark velvety maroon.
- Jas. Stephens.** Bright orange scarlet.
- John Walker.** Finest pure white, absolutely perfect in form.
- Lottie Eckford.** Whitespotted and striped pink and crimson. Very pretty.
- Miss Cannell.** White tipped rosy pink.
- Miss May Lomas.** Pure white, delicately suffused with soft rosy lavender. A most unusual shade.
- Mrs. Gladstone.** Exquisite shell-pink. One of the finest.
- Mrs. Stancombe.** A pleasing fancy sort. Straw suffused amber striped red, mottled and tipped blush white.
- Psyche.** Pale primrose, tinted and shaded rose. Very free.
- Queen of Yellows.** The best yellow.
- S. B. Pennybaker.** Silvery white, inner petals tinged pink, outer petals heavily tipped rosy red.
- 10 cts. each; set of 12, \$1.; \$8. per 100.

Six Superb Double Quilled Varieties.

- We have brought together under this heading six of the choicest quilled sorts. All are of exceptionally fine form, and are interesting either as cut flowers or for garden decoration.
- A. D. Livoni.** Beautiful clear pink, of perfect form, and one of the freest-flowering of all.
- Bessie.** Pretty quilled pompone creamy white.
- Elegans.** Rosy purple, tipped and striped white.
- Grand Duke Alexis.** Large massive flowers, ivory white, with a faint tinge of rose at the extremities of the petals. A grand handsome flower. Perfect form.
- Le Petit Jean.** Beautiful rich crimson maroon pompone.
- Queen Victoria.** Handsome deep yellow. Finely quilled.
- 10 cents each; set of 6, 50 cents; \$8.00 per 100.

Twelve Choice Double Pompones.

- Catherine.** The best pure yellow pompone, of fine form.
- Daybreak.** Of the same delicate shade of pink as Carnation Daybreak, of exquisite finish and form, and a very profuse bloomer.
- Elfin.** A dainty little flower; pale primrose changing to creamy white; full and free.
- Elegante.** Soft pink, tipped deep pink, reflex light pink, making a beautiful combination of shades.
- Kleine Domitea.** Orange-buff, always in bloom; fine.
- Little Beatrice.** A most profuse flowering pink, edged purple.
- Lou Kramer.** Base of petals yellow, heavily tipped bright crimson, overlaid bright pink; a pleasing variety.
- Prince Charming.** White, penciled, suffused and heavily tipped purplish pink; a strong grower of good form.
- Red Piper.** Dark red of a peculiarly pleasing shade, finely formed flowers.
- Rosalie.** Yellow tipped crimson of good form.
- Snow-clad.** Without exception the finest white pompone yet introduced.
- Vivid.** Bright deep crimson scarlet.
- 10 cents each, the set of 12 for \$1.00; \$8.00 per 100.

DRACÆNA GODSEFFIANA.

DRACÆNAS.

Dracæna Godseffiana.

Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. As shown in the illustration, the plant is of an entirely different habit and appearance from all other Dracænas ; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide ; of a strong leathery texture ; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. The illustration gives but a faint idea of its striking beauty ; it is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling if not surpassing in this respect the Aspidistra and Ficus. 2½ inch pots, \$0 35 each ; \$ 3 50 per dozen.
 5 " " 2 50 " 30 00 "

Amabilis. A most desirable variety that quickly forms large specimens.

3 inch pots, 25 cts. each, \$2 50 per dozen.
 5 " " 50 " " 5 00 "

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be ; a most useful decorative plant that will stand as much abuse as a Rubber. We have a large stock, and offer, 4 inch pots, \$3.00 per doz.

Indivisa. This useful variety is always scarce. We offer a limited stock of good plants :

4 inch pots, \$2.00 per dozen ; \$15.00 per 100.
 5 " " 3.00 " 20.00 "
 6 " " 4.00 " 30.00 "

Imperialis. 3 inch pots, 30 cents each ; \$3.00 per doz.

Lindeni. A beautiful variegated form of *Fragrans*. Broad green foliage with golden band along each side of the leaves ; one of the handsomest. 5 inch pots, 75 cts. each ; 6 inch pots, \$1.00 each.

Massangeana. A splendid lot of this beautiful variety. Broad green leaves, with wide band of variegation through the centre. 5 inch pots, 75 cts. each ; 6 inch pots, \$1.00 each.

Marginata. A graceful narrow leaved variety.

3 inch pots, 30 cts. each ; \$3.00 per doz.
 4 " " 40 " " 4.00 "

Sanderiana. Good young plants in 3 inch pots, 30 cts. each ; \$3.00 per doz.

DRACÆNA LINDENI.

DRACÆNAS—Continued.

Terminalis. Rich crimson foliage, marked with pink and white.

2½ inch pots, \$1.00 per dozen ; \$8.00 per 100.
 3 " " 1.25 " 10.00 "

Youngi. 3 inch pots, 30 cts. each ; \$3.00 per dozen.

Ficus Radicans Variegata.

This charming and effective variety of *Ficus Radicans* is without doubt destined to become "a plant for every one," its easy culture, effective variegation and regular growth, making it one of the best ornamental variegated plants ever sent out. The elegant appearance of this pretty plant and its effective variegation is most striking, the leaves being freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf, some of the young shoots and leaves being wholly white. As a variegated plant for a hanging pot or vase, it cannot be excelled, while its bright and cheerful variegation will commend it to every one as an ideal plant for the margins of stages and growing as single plants round sticks or on a trellis. It was unanimously awarded a first-class certificate by the Floral Committee of the Royal Horticultural Society. (*Introducer's description.*)

We offer small plants in 2½ inch pots, at \$3.00 each.

Ficus Elastica. (Rubber Plant.)

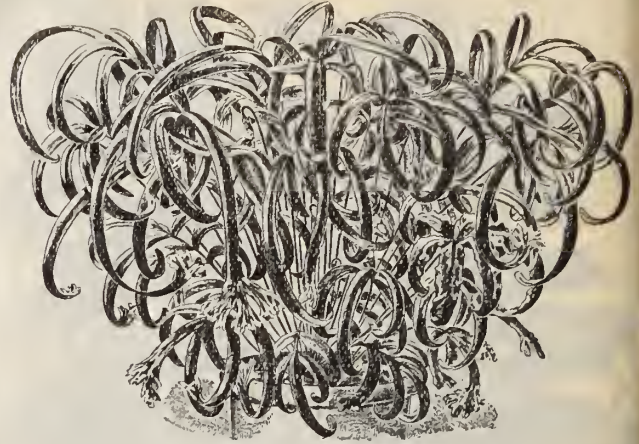

Four inch pots, 10 to 12 inches high, \$4.00 per dozen ; \$30.00 per 100.

FICUS RADICANS VARIEGATA.

CIBOTIUM SCHIEDEI.

PTERIS SERRULATA VOLUTA.

FERNS—Choice Varieties of Special Merit.

Adiantum Farleyense.

Our stock of this magnificent variety is exceptionally large and in fine condition. Having been grown at a comparatively low temperature they will stand transportation nicely.

3 inch pots, \$3.00 per doz.; \$20.00 per 100.
4 " " 5.00 " 40.00 "

Adiantum Gracillimum.

This, the finest leaved of all the Maiden-hairs, is always scarce. We have at present a fine lot of 4 inch pots at \$2.00 per doz.; \$15.00 per 100.

Adiantum Fergusonii.

One of the prettiest of the crested Adiantums. Very much in the style of A. Wiegandii, but with larger pinnæ on longer stems. A charming variety for a collection or for growing into specimen plants.

2 inch pots, 75 cts. per doz.; \$ 6.00 per 100.
3 " " \$1.25 " 10.00 "

Adiantum Formosum.

It is only occasionally that we are in a position to offer in quantity, and at a low price, this hardiest of all Adiantums; an excellent variety for growing into specimen plants, it being as useful as a Palm for decorative work.

2 inch pots, \$1.00 per dozen; \$8.00 per 100.
3 " " 1.25 " 10.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz.; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 8.00 "

Adiantum Lambertianum.

Another new variety of the type of Gracillimum, but from which it is entirely distinct. 3 inch pots 25 cts. each; \$2.50 per dozen.

Asplenium Nidus Avis.—(Bird's Nest Fern.)

A fine lot of thrifty young plants in 3 inch pots of this scarce variety, 25 cts. each; \$2.50 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its beauty. 7 inch pots, \$2.50 each

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-feru, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2 inch pots, 75 cts. per doz; \$5.00 per 100.
3 " " \$1.25 " 8.00 "

Nephrolepis Exaltata Bostoniensis.

We offer a good lot of young 2½ inch pot plants, \$6.00 per 100.

Pteris Serrulata Voluta.

This desirable Fern is one of the most distinct varieties of Pteris Serrulata yet introduced, the volute or curled appearance of the pinnae being very noticeable, not only in the mature plants, but also in the young state. Its elegant appearance being also further enhanced by the tips of the incurved pinnae being prettily crested. 15 cents each; \$1.50 per dozen. Ready in April.

Polystichum Angulare Prolifera.

This is the variety that has been recently advertised under the incorrect name of Polystichum Prolifera Woolstoni. It is a desirable but well known Fern. We offer

2½ inch pots, 75 cents per dozen; \$6.00 per 100.
3 " " \$1.00 " 8.00 "

PLATYCERIUM STEMMARIA (STAG-HORN FERN.)

Platycerium Alcicorne.

(Elks-Horn Fern.) This variety is seen more commonly than any of the Platyceriums, but is still comparatively scarce, and a most interesting, species. 35, 50 and 75 cents each.

LASTREA ARISTATA VARIEGATA.

Platycerium Stemmaria or Ethiopica.

("Stag-horn Fern.") This is a noble-looking Fern. The barren fronds are very broad, and the fertile ones, which are usually produced in pairs, are divided into two broad lobes and these again terminate in two obtuse lobes. Certainly one of the most imposing of the Stag-horn variety. (See cut.) \$2.00 each.

MICROLEPIA HIRTA CRISTATA. (See page 14.)

New Dwarf Bedding Geranium.

"Mars." Probably no other variety ever introduced has met with such large sales in a short period. It is a superb bedding and pot geranium of very distinct compact habit, the plant itself not exceeding 5 inches in height, but exceedingly floriferous. Color clear light salmon, darker in the centre.

50 cts. per doz.; \$4.00 per 100.

New Single Geraniums.

Chaucer. A clear, bright shade of pure cerise; immense circular flower almost three inches across; distinct and fine in every way.

Crabbe. A charming shade of cherry red; over 2½ inches across; beautifully rounded, combining in a massive truss 16 to 18 inches in circumference; very effective.

Dryden. A grand bedder, standing sun and rain better than any other of this type. It is bright rosy red, with large white blotches on the two upper petals, and smaller blotches on the three lower ones, all five suffused with lake at the junction of the two colors. Dwarf, compact and very free.

Southey. Bright vermilion, with white blotch in centre of flower and running up into the two upper petals, which are suffused with crimson; flowers of medium size and fine form—the gorgeous coloring more than making up for its loss in size.

30 cents each; set of 4 for \$1.00.

New Sun-proof Bruanti Geraniums.

Thomas Meehan. Double, extremely large trusses and large florets; almost circular in form; color quite new in this type, brilliant rosy pink, the base of the upper petals marked orange; a noteworthy variety.

Mme. Landry. Double. One of the choicest and most beautiful yet added to the Bruanti type. Very free and constant in bloom throughout the season; trusses large, and florets of the finest size and circular in form; color, clear salmon, center shading to copper, with a white eye. Very distinct and effective.

Bellerophon. Single, and one of the grandest of recent introductions; it is a bright scarlet, with large round florets, combined into immense trusses, which are held high above the plant, and very free in bloom. This variety will undoubtedly rank among the very best bedders.

30 cts. each; set of 3 for 75 cts.

General Collection of Geraniums.

Single Varieties, 25 choice kinds, 2 inch pots.

\$4.00 per 100.

Double Varieties, 25 choice kinds, 2 inch pots.

\$4.00 per 100.

Ivy-leaved Varieties, 12 choice kinds, 2 inch pots.

\$4.00 per 100.

Scented Varieties, 6 kinds, 2 inch pots.

\$4.00 per 100.

DREER'S Superb Gloxinias.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering. The prices have been reduced to 50 cts. per doz., \$4.00 per 100; \$30.00 per 1000.

New Double Geraniums.

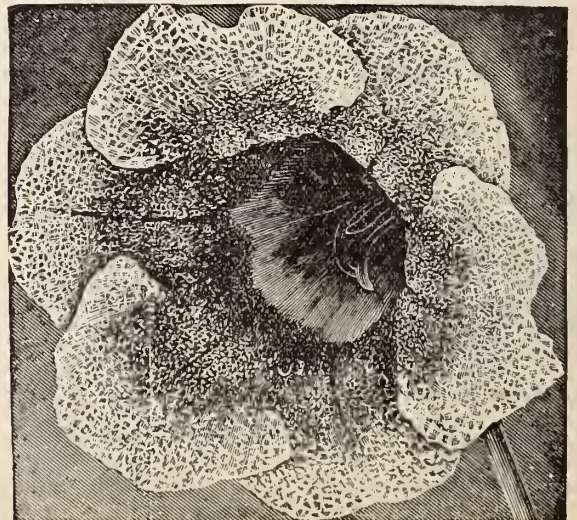

Dr. Despres. A good truss, composed of very large circular flowers; color changeable; bright violet marked vermilion on the upper petals, lower petals marked scarlet.

Jean Lahor. Very free in bloom; florets very large in good sized trusses; the mingling of shades is very odd and bright and variable; ordinarily the edge of the petals is red or vermilion, the center either violet or mauve.

Mme. T. Noisette. Very rigid footstalks, with grand trusses and florets of a magnificent new color—rosy peach shading to orange at the center; a superb variety, and very free flowering.

Vera Vend. A "panache" variety, hard to describe—principally noted for its odd color, the truss and florets are both of good size; the shades are red, white and orange, marbled together. Habit and foliage very good.

30 cts. each; set of 4 for \$1.00.

GLOXINIA.

MUSA ENSETE.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Macrozemia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high, \$2.00 each.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 35 cents each; \$3.50 per dozen.

“ 6 “ 50 “ 5.00 “

PANDANUS VEITCHII.

DREER'S SUPERB DOUBLE FRINGED PETUNIA.

Dreer's Superb Double Fringed Petunias.

Our strain of double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots, \$1.00 per doz.; \$8.00 per 100. The set of fifteen varieties for \$1.25. 2 inch pots, 75 cts. per doz.; \$5.00 per 100.

Seed of the above, our own saving, 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

Pentas Lanceolata.

A pretty half shrubby greenhouse plant, not unlike a Bouvardia in general habit and appearance, but flowering much more profusely and continuously. It may be planted in the open border during the summer, but its chief value consists as a winter flowering pot plant for which purpose it is especially well suited, it being in flower continuously.

The flowers are produced in flat heads of 15 to 30 flowers each, each shoot being terminated with a flower head, they are pure white in color, of similar form to, but considerably larger, than a Bouvardia and last in perfection a long time. 10 cents each; \$1.00 per dozen.

Pandanus Utilis.

(Screw Pine.)

2 inch pots, \$.75 per doz.; \$ 6.00 per 100.
3 “ 1.25 “ 10.00 “

Pandanus Veitchii.

A fine stock of these,
6 inch pots 15 to 18 inches high, \$1.00 each.
6 “ 18 to 24 “ 1.25 “

PALMS, our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean thrifty plants of this graceful and popular variety.

Inch pots.	Height.	Per doz.	Per 100.
2	6 to 8 ins.	\$1 00	\$7 00

Ptychosperma Alexandrae.

3 inch pots, \$1.00 per dozen ; \$8.00 per 100.

Rhapis Flabelliformis and Humilis.

We have a large stock of these useful varieties in plants of good value at \$1.50, \$2.50, \$3.00, \$5.00 and \$6.00 each.

Seaforthia Elegans.

2 inch pots, 75 cts. per doz. ; \$5.00 per 100.

Thrinax Parviflora.

A nice lot in 2½ inch pots of this pretty dwarf Palm \$1.25 per doz. ; \$10.00 per 100.

TROPEOLUM PHOEBE.

Twelve Grand Pelargoniums.

The twelve varieties listed below are the finest that have ever come to our notice. The plants are of strong, vigorous growth and very free-flowering, while the size and shape of the flowers are all that could be desired.

Champion, Countess, Dorothy and H. M. Stanley. 2½ inch pots, \$1.25 per dozen ; \$10.00 per 100.

Decorator, Mermeris, Mrs. Bradshaw, Madame Thibaut, Mrs. R. Sandiford, Madame Vibert, Marquise of Salisbury and Victor. 2½ inch pots, \$1.00 per dozen ; \$8.00 per 100.

Tropæolum Phœbe.

A most attractive and deliciously-scented variety, producing flowers throughout the winter and summer season of a deep, golden-yellow, with a rich crimson feathered blotch in each segment, outer edges notched or scolloped, the whole forming into an exquisitely shaped blossom ; admired by all, and a decided improvement on all existing varieties in this class.

A free and vigorous grower. When in the height of its perfection, strings of growth, resplendent with its glorious parti-colored flowers, can be cut for decoration 8 to 10 feet long, a decided acquisition as a trailer in the greenhouse or conservatory in early spring, and out doors during summer. 15 cts. each ; \$1.50 per doz. ; \$10.00 per 100.

LA FRANCE VIOLET.

New Giant Single Violet—La France.

Of the many new violets introduced in the past few years, this, the latest introduction of the foremost French specialist is unquestionably the best. It is of a rich violet-blue color, of strong vigorous growth, free in bloom and deliciously scented, and will no doubt supersede all existing sorts. 75 cts. per dozen ; \$6.00 per 100 ; \$50.00 per 1000.

Single Violets.

The varieties offered below are fully as desirable as the finest doubles, and for freedom of bloom they excel anything heretofore offered.

Admiral Avellan. A French variety with distinct bright reddish flowers, produced very freely ; of large size and fragrance.

California. Flowers are very large, borne on long stout stems, which makes it especially valuable as a cut-flower ; intensely fragrant and of a clear violet-purple color.

Luxonne. Of the same size as the California, but appears nearly double its size, as the petals all open out flat, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich but soft violet-purple, with strong stout stems and very fragrant.

Princess of Wales. A grand variety, not as large as *Luxonne* and a shade lighter in color, intensely fragrant. 2½ in. pots, 60 cts. per doz. ; \$4.00 per 100 ; \$35.00 per 1000. Single Violets, ready April 1st.

NEW CLIMBING MOSS ROSE, "CUMBERLAND BELLE."

NEW ROSES.

NEW CLIMBING MOSS ROSE,

"Cumberland Belle."

We take pleasure in offering for the first time to the legion of lovers of the Queen of Flowers, this the forerunner of a new race of Roses, a grand true climbing Moss Rose. It is of American origin, having been found growing in a private garden in the historic Cumberland Valley—a sport from that pretty Moss Rose Princess Adelaide, itself a strong vigorous grower, which is wonderfully developed in the off-spring, the original sport the first season having attained a height of over fifteen feet and had one hundred and eighteen buds and flowers on it at one time. The past season, planted side by side with Crimson Rambler and other rampant growers, it fully equaled them in vigor of growth. In color it is identical to the parent, a bright silvery rose, very double; the buds nicely mossed and exquisitely fragrant. Altogether a most unique and desirable acquisition. (See cut.)

Young plants, 2½ in. pots, 30 cts. each; \$3.50 per dozen; \$25.00 per 100.

NEW CLIMBING ROSE,

"Royal Cluster."

This new variety is a cross between Hermosa and Dawson. A strong growing cluster-rose, of erect habit, entirely hardy, and is an abundant bloomer. The clusters are large, one cluster on the parent plant last year having over one hundred buds and blooms. The color is rosy white, changing to white. The stamens are prominent and of a bright yellow—a striking feature. Strong 2½ in. pots, 10 cts. each; \$1.00 per doz.; \$6 00 per 100. Strong 4 in. pots, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

New Hybrid Wichuriana Roses.

These pretty hybrids of this most useful Rose are quite hardy and need no protection whatever in winter, and from their trailing habit are admirably adapted for covering rock-work or bare spaces, as well as planting in the border. They are of very free growth, with foliage of a fine deep green, which lasts until well on in the winter. The flowers are produced in immense quantities, and last a long time in perfection. Altogether very desirable.

- Triumph.** This variety is of free growth, with fine foliage, double white flowers in clusters; sweet scented.
- South Orange Perfection.** Dwarf trailing habit, double flowers, blush-pink at tips, changing to white.
- Universal Favorite.** Soft light pink, very fragrant.
- Pink Roamer.** Strong grower, with single bright rich pink flowers and almost white centre; orange-red stamens.

2½ inch pots, 60 cts. per dozen; \$4.00 per 100.

NEW ROSE, "EVERGREEN GEM."

Lord Penzance's Hybrid Sweet Briars.

These are crosses between the Common Sweet Briar and various *old-fashioned* Garden Roses; the flowers are single or semi-double. The plants are very vigorous and perfectly hardy, and the foliage of all of them is as sweetly scented as the Common Sweet Briar. They form a distinct break from any class of rose yet in commerce. Of the 16 varieties introduced since 1894, we have selected the 5 listed below as the most desirable.

Anne of Gierstein. Dark crimson, good grower.

Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.

Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.

Lord Penzance. Soft shade of fawn or *écru* passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet-scented.

Meg Merrilies. Gorgeous crimson, very free flowering, seeds abundantly, robust habit, large foliage. Strong two-year-old plants, \$2.50 per dozen; \$20.00 per 100.

New Evergreen Roses.

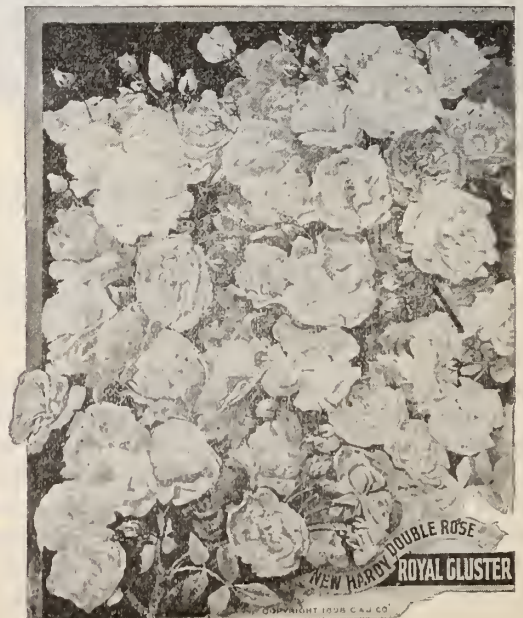

The most remarkable achievement and improvement of a new and distinct type of Hardy Roses, that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 square feet, with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright glossy foliage and showy fragrant flowers. The foliage of all is leathery in texture, shiny, and not only proof against insects, but *Evergreen*; that is, keeping the foliage all Winter; a characteristic in Roses never before obtained.

The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, especially when in bud. The use of these Roses will be unlimited, for covering graves, to cover roots, stumps and stems of trees, walls and trellises, and also for forcing as pot plants during Spring, especially for Easter.

Jersey Beauty. (*Wichuraiana X Perle des Jardins*). Extremely vigorous grower, foliage shiny, thick, of leathery substance. Flowers singly or in clusters of two to four, large, single, three inches in diameter, opening pale yellow, with clusters or bright yellow stamens, which gives it a most striking appearance, fragrant, and produced in greatest profusion, covering the plant entirely, and having the appearance of a Yellow Cherokee Rose. Most striking variety of the set. Young plants in 2 inch pots, 50 cts. each; \$4.50 per dozen; \$30.00 per 100. Strong one-year-old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Evergreen Gem. (*Wichuraiana X Madame Hoste*). The most wonderful grower of the set. Foliage, fine rich bronze color, closely matted. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful sweetbriar fragrance. (See cut.) Young plants in 2-inch pots, 50 cts. each; \$4.50 per dozen; \$30.00 per 100. Strong one-year-old plants, \$1.00 each; \$10.00 per doz. (Ready March 25th.)

Gardenia (*Wichuraiana X Perle des Jardins*). Strong grower with large green foliage. Flowers produced singly on stems one-half to one foot long. When in bud, hardly distinguishable from *Perle*, bright yellow, and when open, cream color, three to three and a half inches in diameter, incurving towards evening to perfect imitation of *Gardenia* or *Cape Jessamine* as to shape and color, hence its name. Flowers are delightfully fragrant, and produced freely. A grand rose for any purpose. Young plants in 2-inch pots, 75 cts. each; \$7.50 per dozen; \$50.00 per 100. Strong one-year-old plants, \$1.75 each; \$18.00 per dozen. (Ready March 25th.)

NEW CLIMBING ROSE—"ROYAL CLUSTER." (See page 21.)

Roses.

**Strong
Two-Year-Old
Stock.**

The following have been potted into 5 and 6 inch pots and stored in cold frames.

As long as dormant they will be shaken out and shipped without soil; after they start into growth they will be shipped with ball of soil.

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

SELECT LIST OF HARDY PERENNIALS.

ANEMONE, QUEEN CHARLOTTE.

Two Grand New Anemones.

Queen Charlotte. Nothing in the way of new hardy perennial plants pleased us so much last Summer as this grand new Anemone which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. (See cut.) Ready April 1st. In 2 inch pots, 30 cts. each; \$3.00 per doz.

Coupe D'Argent. Another new variety with very large double creamy-white flowers, entirely distinct from Whirlwind, the flowers assuming a semi-globular shape like an incurved Chrysanthemum. Ready April 1st. In 2 inch pots, 25 cts. each; \$2.50 per doz.

Anemone Japonica.

Japonica Alba. Pure white.

" **Rosea.** Rose color.

" **Whirlwind.** Semi-double white.

2½ inch. pots, 75 cts. per doz.; \$6.00 per 100.

New Dwarf Hardy Aster, *Alpinus Speciosus.*

This variety forms dense tufts, from which issue stems 6 to 9 inches in height, covered during July and August with large circular flowers of a lovely rich violet, measuring 3 to 4 inches across. It is hardy and grows easily in almost any situation. 25 cts. each; \$2.50 per doz.

Grand New Hardy Aster, *Grandiflorus.*

The finest of all the Asters, and distinct in character and flowers from all others. The flowers, which are large, frequently measuring 2 inches in diameter, are of a lovely violet-blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful. \$1.50 per doz.; \$12.00 per 100.

HARDY ASTER OR MICHAELMAS DAISIES.

Hardy Asters. Michaelmas Daisies.

We offer a fine collection of these pretty summer flowering hardy Asters; improvements on our native varieties.

Amethystinus. Forms dense bushes 3 feet high, smothered with lovely amethyst-blue flowers.

Amellus Elegans. Grows 2 feet high and becomes entirely covered with rich indigo-blue flowers with yellow centre.

Amellus Hybridus. A distinct lilac rose variety.

Alpinus. A dwarf spring flowering variety, a first-class rock plant, with flowers 2 inches or more across, of a bluish purple color.

Datschi. A very late flowering sort; grows 3 feet high; feathery sprays of white blossoms.

Hybridus Nanus. A dwarf compact growing variety, especially suited for the rockery; of a light lilac color.

Lævis. A pretty light blue variety, flowering early.

Lady Trevelyan. A fine, large, pure white flower; a strong grower.

Novæ Angliæ. Very large bluish-purple flowers with yellow centre.

Novæ Angliæ Rubra. Bright rose-colored flowers; very distinct.

Robert Parker. Large sprays of beautiful lavender-blue flowers with yellow centre.

10 cts. each; \$1.00 per dozen; \$8.00 per 100.

Astilbe (*Spiræa*) *Chinensis.*

Of recent introduction from China, entirely distinct and a grand addition to our list of hardy border plants. It is a strong robust grower, forming a bold clump of large handsome foliage. The flower stems are erect, about three feet high, leafy and much branched, and support large triangular plumes of feathery white flowers slightly tinted with pink. 25 cents each; \$2.50 per dozen.

Boltonia *Asteroides.*

One of our native perennials. A most useful cut flower during midsummer, the flowers are white, Daisy-like, produced on long stems and last well. Where summer flowers are in demand this will be found a most useful plant. 75 cents per dozen; \$6.00 per hundred.

Boltonia *Latisquama.*

A beautiful soft pink flowered form of the above, with larger flowers and blooming early in September. 75 cents per dozen; \$6.00 per 100.

CAMPANULA PYRAMIDALIS.

Campanula Pyramidalis.

The Chimney Bell-Flower.

This beautiful bell-flower deserves a place in every garden. It is of strong, robust growth and is at its best in mid-summer, when it throws up numerous spikes, (frequently 15 to 20) four to five feet high, which are crowded with its large salver-like blue flowers.

In Europe this plant is grown quite extensively in pots and is frequently seen in the show-windows of the Florist's stores, for which purpose it is admirably adapted, it producing a beautiful attractive display.

We offer strong one-year-old field-grown plants, 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Ceanothus Gloire de Plantieres.

Very few of the Ceanothus have found their way into general cultivation, owing principally to the fact that most of the varieties heretofore introduced have been very tender. In this new variety is combined almost entire hardiness; a slight protection around the roots, which may be omitted if planted in a sheltered position, being sufficient to carry them over successfully, while the flowers are of large size and of a most desirable shade of lavender-blue. The shrub-like plant grows about three feet high and begins to bear its graceful and airy heads of flowers early in June, continuing through the greater part of the summer. 20 cts. each; \$2.25 per dozen.

Two New Chrysanthemum Maximum.

These summer flowering Chrysanthemums, or as they are commonly known, Moon-penny or Daisy Marguerites, are now pretty well known and are becoming general favorites and deservedly so. They are free growing perennials, not exceeding 2½ feet in height, forming large bushes which are covered with bloom the entire summer; the flowers are large, pure white and of great substance, lasting a week or more when cut; they continue in bloom all summer and are perfectly hardy, and must be classed among the most useful of our perennials.

Triumph. Flowers 4 inches in diameter, with broad, heavy overlapping petals.

Filiformis. With long narrow thread-like petals, a most effective, large, white flower.

15 cents each; \$1.50 per dozen; \$12.00 per 100.

CEANOETHUS GLOIRE DE PLANTIERES.

Coreopsis Lanceolata.

A hardy perennial that should find its way into every garden. The flowers are a clear bright golden yellow and certain to attract attention. It flowers profusely, is perfectly hardy and thrives in almost any situation. One of the best of the perennials, and invaluable for summer cut flowers. Strong one year old clumps, \$1.00 per doz.; \$6.00 per 100. 2½ inch pots, 60 cts. per dozen; \$4.00 per 100.

New Hybrid Delphiniums.

The two varieties here offered are the handsomest of this class of plants that have yet come to our notice, and deserve a position in every garden; they are perfectly hardy and flower continuously during the summer and fall months, producing spikes 15 to 18 inches long.

Frau Emma Metzger. A most beautiful variety, the peculiar coloring of which it is almost impossible to describe. The flowers, which are of large size and double, are of a glossy silvery rose in the centre which gradually passes to a light sky-blue as it approaches the edges, and white eye, a combination of shadings which must be seen to be fully appreciated.

Wilkie Collins. Rich royal purple shading to blue, double flowers nearly two inches in diameter.

25 cents each; \$2.50 per dozen.

COREOPSIS LANCEOLATA.

GAILLARDIA GRANDIFLORA.

Gaillardia Grandiflora.

One of the finest of hardy Perennials. Flowers large, numerous, produced on long stems, and excellent for cutting; of the most gorgeous coloring. Centre dark-red brown; petals variously marked with rings of scarlet crimson, orange and vermilion. It delights in a rather poor, light soil, and blooms in the greatest profusion from June to November.

Strong one-year old pot grown plants.

3 inch pots, 75 cts. per dozen; \$5.00 per 100.
4 " " \$1.00 " \$8.00 "

Helenium Grandicephalum Striatum.

A most interesting old hardy plant that appears to have been lost from cultivation for a long time, has only recently been re-introduced, and is one of our most desirable perennial plants. It is of strong, robust, erect habit, growing from 3 to 4 feet high, with flowers about 1½ inches in diameter, in large branching heads, of a deep orange color, irregularly striped and blotched with crimson. A most novel and unique combination and distribution of colors. Occasionally during extremely hot weather, the red stripes disappear, the flowers coming a pure yellow. 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Hypericum Moserianum.

One of the very best herbaceous plants of recent introduction. The habit of the plant is free and graceful; it produces long, slender, much-branched stems, leafy to the base and all drooping toward the ends, apparently from the weight of the flowers and buds, although the flowers face so that none of their beauty is lost. It is marvelously free flowering, of large size, measuring from 2 to 2½ inches in diameter, in color a rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers, and blooms continuously the entire season. It is perfectly hardy, forming a bush about 3 feet high. Strong one year plants \$1.00 per doz.; \$6.00 per 100.

Hypericum Tricolor.

A pretty variegated form of the above, 20 cts. each; \$2.00 per dozen.

IRIS KAEMPFERI.

Iris Kaempferi. (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from ten to twelve inches in diameter, and rival the orchids in their rich colorings and markings. We offer twenty distinct varieties which were selected while in flower from over seventy-five of the best Japanese introductions. (For names and descriptions, see page 144 of our Retail Catalogue.) 15 cts. each; \$1.50 per dozen; \$10.00 per 100. Set of 20 varieties for \$2.50. Choice mixed varieties, \$1.00 per dozen; \$8.00 per 100.

Heuchera Sanguinea.

A most desirable perennial, of dwarf, compact branching growth and robust constitution, growing about 2 feet high. The flowers are produced in loose graceful spikes and come in the greatest profusion. In color it varies from light coral-red to crimson, and when seen in full perfection dazzles the eye with its brilliancy. 3 in. pots, \$1.00 per doz.; \$8.00 per 100.

Lychnis Chalcedonica fl. pl.

A fine old perennial plant, and the showiest of all the Lychnis. Producing immense heads of rich vermilion scarlet flowers. Exceeding in brilliancy the brightest of the Geraniums, and continuing in bloom the greater part of the summer. A strong growing plant 2 to 3 feet high, and can be used to good advantage for summer cutting.

\$1.50 per dozen; \$12.00 per 100.

Hardy Garden Pinks.

Her Majesty. The flowers of this fine variety are of large size and of the purest white, very fragrant, and borne profusely on stout, erect stems, 12 inches long. It is hardy, and will winter in the open border, or may be grown in cold frames for early forcing.

Juliette. White, laced crimson.

Laura Wilmer. White, purplish-maroon centre.

Snow (Mrs. Sinkins). Large, pure white, very fragrant.

Souvenir de Salle. Soft rosy pink.

Stanislaus. Violet-rose, deep crimson centre.

Very strong one year old clumps, \$1.00 per dozen; \$6.00 per 100.

2 inch pot plants (ready April 15th), 50 cts. per doz.; \$4.00 per 100.

DRAWN FROM NATURE
FOR HENRY A. DREER

RUDBECKIA, "GOLDEN GLOW."

Phlox Divaricata Canadensis.

One of our native varieties that is, however, but rarely met with, and which has been introduced into Europe the past few years as a novelty, and a plant that deserves a place in every American Garden as well, being one of the earliest spring flowers; frequently beginning to flower early in April it continues until about the middle of June, with large bright lilac flowers, which are produced on stems about 10 inches high in large, showy heads, and are very fragrant. 2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Platycodon Mariessi.

A valuable new species of the Giant Bell Flower, which does not grow higher than a foot, forming a dense, branched bush, and bearing deep blue, bell-shaped flowers nearly three inches across, for a long season in late summer and early autumn. One of the finest of border plants. The unopened buds are nearly as beautiful as the flowers themselves, and are particularly interesting in their peculiar shape.

Strong roots, 75 cts. per dozen; \$6.00 per 100.

Platycodon Japonicus fl. pl.

(Double Japanese Bellflower.)

A pretty double flowered form of Platycodon Grandiflorum, with large, glossy, deep blue flowers, which average 2½ inches across. There are two rows of petals in the flower, which alternate with each other, giving the flower the appearance of a ten-pointed blue star.

Strong roots, \$1.00 per dozen; \$8.00 per 100.

Double Rudbeckia, "Golden Glow."

A glorious plant, and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut-flower purposes, inasmuch as the stems are long and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight.

Strong plants 60 cts. per doz.; \$5.00 per 100.

DRAWN FROM NATURE FOR HENRY A. DREER

TRITOMA PFITZERII.

Rudbeckia (Echinacea) Purpurea.

One of the good old hardy perennials introduced in 1799, just one hundred years ago, but which has practically been lost sight of for some years. We consider it one of the best plants in our entire collection of hardy plants; it is of easy culture, succeeding in any soil, forming large broad bushy plants. From midsummer until late in fall, it produces a constant succession of showy reddish purple flowers about four inches across, with a remarkably large cone shaped centre of brown, thickly set with golden tips in spiral lines. 20 cts. each; \$2.00 per dozen.

Scabiosa Caucasica.

This is one of the handsomest hardy perennials we possess, and one which should be grown in every garden, if only for cutting purposes, for which they are particularly adapted, lasting a long time when placed in water, and their peculiar soft lilac-blue shade is charming. It is a plant that stands almost alone in its beauty and character, and one that can be grown in almost any soil or position, and is quite hardy. Year old plants, \$1.25 per dozen; \$10.00 per 100.

Tritoma Pfitzerii. (Flame Flower.)

A grand improvement on the old Tritoma Uvaria Grandiflora, the flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently 4½ feet high, with heads of bloom over twelve inches long. They are of a rich crimson-scarlet, shading to salmon-rose on the edges; a really first-class acquisition. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*.

Strong one-year-old field-grown plants, \$1.25 per dozen; \$10.00 per 100. Strong 2 1/2-inch pot plants for growing on, \$5.00 per 100; \$40.00 per 1000.

Hydrangeas.

18 to 20 “ “ “ “ 8 to 12 “	\$1.25	12.00	90.00

SPIREA ANTHONY WATERER.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color, being of a bright crimson, of dwarfier and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration.

Strong one year old plants, \$1.00 per doz.; \$8.00 per 100.

Xanthoceras Sorbifolius.

A rare and pretty shrub, producing long racemes of pure white flowers, with copper colored streaks at base of petals, flowers early in May. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

New Weigelia Eva Rathke.

It is only rarely that we notice decided novelties in this popular shrub, but in *Eva Rathke*, we certainly have a grand acquisition, a variety that is at once a remarkably free bloomer, and entirely distinct in color, it being a rich reddish purple, entirely different from anything before offered. 15 cts. each; \$1.50 per doz.

General Assortment of Hardy Shrubs

We offer a large stock of this climber; strong plants.

3 inch pots, \$1.00 per dozen; \$8.00 per 100.

4 “ “ 1.50 “ “	10.00 “
6 “ “ 2.50 “ “	16.00 “

Ampelopsis Veitchii.

Strong two-year-old field grown plants, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Ampelopsis Virginica.

Strong two-year field grown plants, \$1.00 per doz.; \$8.00 per 100.

Aristolochia Siphoc.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per dozen; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper.)

Radicans. Strong plants. \$2.00 per dozen.

Cinnamon Vine.

Strong roots 6 to 10 inches long, 50 cts. per dozen; \$3.50 per 100.

New Red Clematis.

M. Koster. A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth. We have seen M. Koster under ordinary nursery culture, a height of 6 to 8 feet, in two year old plants, with hundreds of flowers open at one time. 35 cts. each; \$4.00 per doz.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.
 Duchess of Edinburgh. Double pure white.
 Fairy Queen. Pale flesh with a pink bar.
 Gipsy Queen. One of the finest rich purple varieties.
 Henryi. Finest large single white.
 Jackmanni. The best known and most popular variety.
 Color: dark, rich, royal purple.
 Madam Baron Veillard. Light rose, shaded lilac.
 Mme. Van Houtte. Pure white; extra fine.
 Miss Bateman. White with chocolate-red anthers.
 Standishi. Light blue.
 The Gem. Deep lavender blue.
 The President. Bright bluish purple.
 \$3.75 per dozen; \$30.00 per 100.
 Mme. Edouard Andre. Nearest approach to red.
 Strong 1 year old, 30 cts. each; \$3.00 per doz.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong two-year-old plants of the above two varieties at \$1.00 per doz.; \$7.00 per 100.

Clematis Flammula.

Strong two-year-old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season. It is a strong grower, free bloomer, and absolutely disease proof; you cannot recommend it too strongly to your retail customer, as it cannot help but please.

We offer strong two year old field-grown plants, \$1.00 per dozen; \$8.00 per 100.

Ipomœa Pandurata. (Hardy White Moon Flower.)

Strong dormant roots. 50 cents per dozen; \$4.00 per 100.

Honeysuckles.

Uniola Latifolia, strong plants.....	10 00

AQUATIC DEPARTMENT.

We have the largest and best equipped Aquatic Department in the country, and are prepared to supply strong plants of the new and rare as well as the standard sorts of Water Lilies, etc. Florists would do well to plant a few of the leading kinds, they being one of the best "ads." we know of; people go miles to see the Water Lilies, that would not be attracted by any other class of plants.

Full descriptions and cultural directions will be found on pages 96 to 103 of our Retail Catalogue.

NYPHÆA ZANZIBARENSIS.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

DREER'S SUPERB DOUBLE FRINGED PETUNIAS.

PETUNIAS.

We have long been celebrated for our magnificent strains of both the single and double fringed varieties, which we endeavor to improve each year by careful selection and hybridization. The past season we tested samples received from the leading Petunia specialists of the world, and we can safely say without fear of contradiction that *our own strain is the best that can be procured from any source.*

3 VALUABLE BOOKS { **VEGETABLES UNDER GLASS.**
Treats on under glass culture.
OPEN AIR VEGETABLES.
Concise information for growing out-door crops.
GRASSES AND CLOVERS.
Gives practical information on the subject.

PRICE, 25 cents each, by mail post-paid.

GRASS AND CLOVER SEEDS.

DREER'S PERMANENT PASTURE MIXTURE.

Dreer's Pasture Mixture is prepared to meet the average need. It is made up of the grasses best calculated to afford an abundant and nutritious food supply for stock. Its formula is based upon successful experience. For all ordinary permanent pasturage it will be found entirely satisfactory. If your fields are old and worn out, it will pay to plow up and seed again, when you will soon be cutting heavy crops again from Dreer's Permanent Pasture Mixture. You will be able to cut two crops each year, whereas from Timothy only you can cut but one.

Sow 50 lbs. to acre. In ordering state whether for light or heavy soil. Price, 15 lbs. bu., \$2.25; 20 lb. bu., \$2.75; 100 lbs., \$13.00.

Holt's Mammoth Sage.

60 cts. per doz.; \$4.00 per 100.

Sweet Potato Plants. Ready in May and June. 20 cts. per 100; \$1.50 per 1000.

Dreer's Grasses For the Lawn. For the Pleasure Ground.

Florists and Dealers make large profit in handling these mixtures.

Dreer's Fairmount Park Lawn Grass is put up in colored lithographed quart and pint boxes and sells rapidly. They make a handsome display, the illustration showing a view in Fairmount Park as per accompanying cut.

PRICE.

One pint boxes (retail at 10 cents each), \$5.00 per 100; \$45.00 per 1000; 250 @ 1000 rates.

One quart boxes (retail at 20 cents each), \$10.00 per 100; \$90.00 per 1000; 250 @ 1000 rates.

We also supply free of charge with orders for boxes, colored Chromos of the above mounted on canvas. They are excellent advertising matter.

Dreer's Fairmount Park Lawn Grass in Bulk, per bu., 20 lbs., \$2.75; retails for \$3.50.

Dreer's Evergreen Lawn Grass Seed. A splendid mixture for growing in shady places, and makes a rich velvety lawn which retains its beautiful rich green color throughout the entire summer. Per bus. (20 lbs.) \$3.25; retails for \$4.00 per bus.

Dreer's Golf Links Mixture. Produces a turf which will stand rough usage, and used with great success on the leading club grounds throughout the country. Per bus. (15 lbs.) \$2.15; retails for \$2.50.

Dreer's Putting Green Mixture. The varieties used in this mixture are of the low growing kinds, and produce a thick, tough and beautiful green turf, holding its color throughout the entire season, and withstanding considerable rough usage. Also extensively used on terraces, embankments and steep slopes. Per bus (20 lbs.) \$4.00; retails for \$5.00.

Dreer's Permanent Pasture Mixture. See page 52.

Dreer's Peerless Plant Food. This is an article we offer this season for the first time. It is an odorless food of the very best quality, can be used for all plants, is clean and easily handled. Put up in one pound packages, wrapped in glazed green paper, neatly printed, and finds ready sale. With each dozen packages we supply an illustrated card for advertising. Retail price, 25 cts. per box. Price to florists, \$1.50 per dozen; \$12.00 per 100.

LAWN MOWERS.

The best Lawn Mower to buy is the one that runs the easiest, does the best work and is the most durable. All of these points of excellence we claim for the "Dreer Mower." These machines are built from our own patterns and designs, by the leading Lawn Mower manufacturers in this country. They are so constructed, with brass bushings for journals, that all wear can be easily taken up.

For sizes and prices see Retail Catalogue, page 162. To dealers and florists we allow a discount of 5%. Terms net cash.

BOOK ON GRASSES.

Dreer's Grasses and Clovers. Tells all about their uses and manner of sowing. Price, 25 cents, postpaid.

Patent Plant Bed Cloth, for Shading.

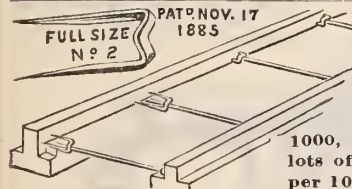

Light grade, 4 cts. per yard; per piece of about 65 yards, 3½ cts. per yard.
 Medium grade, 8 cts. per yard; per piece of about 60 yards, 7½ cts. per yard.
 Heavy grade, 10½ cts. per yard; per piece of about 40 yards, 10 cts. per yard.
 Samples mailed on application.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
 Steel wheel cutters, 15 cts. each; \$1.50 per doz.

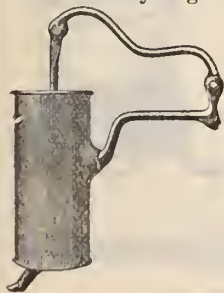

The "Perfect" Glazing Point.

No rights or lefts.
 Price per box of 1000, 60c.; by mail, 75c.; in lots of 5000, by express, 55c. per 1000.

MASTICA.

For glazing green-houses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a green-house. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

1 gallon \$1.00; 5 gal. \$4.50.

DREER'S WHOLESALE PRICE LIST.

"PLANET JR.," No. 5

SEEDER

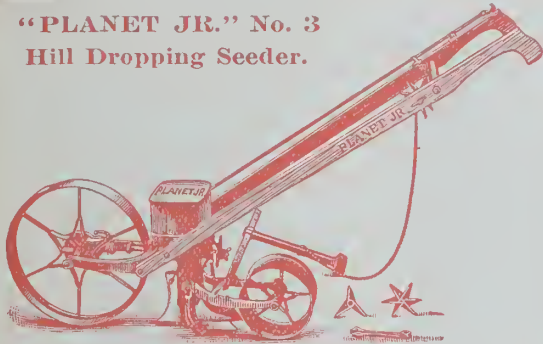

Price, \$12.00

All crops that are to be grown from seed and thinned to a regular stand should be planted in hills at just the distance apart the plants are desired. The new No. 5 drops at 4, 6, 8, 12 and 24 inches apart, and also in a continuous row, and can be changed from hill to drill instantly, or from one distance to another very quickly. Capacity four quarts.

"PLANET JR." No. 3

Hill Dropping Seeder.

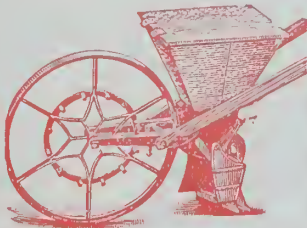

An improved Hill Dropping Seeder for 1899, will sow in a continuous row, in the ordinary way, with regularity; or will drop in hills, either 4, 6, 8, 12 or 24 inches apart. It is changed in a moment from hill dropping to drill work. Capacity 2½ quarts. **Price, \$9.00.**

Fertilizer, Pea and Bean Drill.

Entirely new in principle. It carries a half bushel of seed or fertilizer. These it sows in the furrow in the most regular manner at any thickness wanted, without clogging.

It is galvanized, is durable, and very light-running.

Price, \$12.00.

"PLANET JR." No. 8 Horse Hoe.
Price, \$7.50.

Without Depth Regulator, (order as No. 7.)
\$7.00.

The "Planet Jr." Combined Horse Hoe and Cultivator is strongly built, is light and easy to handle.

The Reversible Side Hoes, as shown in the cut, act as plows or hillers, but when turned end for end the tool becomes a genuine horse hoe.

"PLANET JR." No. 11 Double Wheel Hoe.

\$8.00.

This tool combines in itself all good points with valuable new ideas. Wheels can be set at four different distances apart, and the frame at three different heights. Adjustable handle are undisturbed in making changes of frame wheels or of the tools themselves. Stiff steel arch unusually high.

No. 12 Double Wheel Hoe.

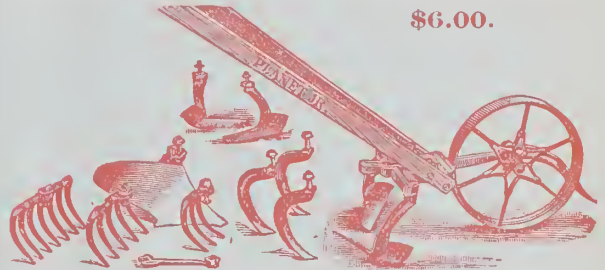

This tool is identical with No. 11, except that it does not have the plows or short hoes. **Price, \$6.00.**

No. 13 Double Wheel Hoe.

This tool is the No. 11 with the 6 inch hoes only. **Price, \$4.00.**

"PLANET JR." No. 15 Single Wheel Hoe.

\$6.00.

This latest and best Single Wheel Hoe, improved for 1899. The frame changes in height, and the wheel to the other side of the frame, when both sides of the row can be hoed at one passage.

No. 16 Single Wheel Hoe.

This Wheel Hoe is identical with No. 15, except that it has fewer tools. The equipment is two 6-inch hoes, three cultivator teeth, two rakes and leaf lifters. **Price, \$5.00.**

No. 17 Single Wheel Hoe.

The same as No. 15, but with a pair of 6-inch hoes, a set of cultivator teeth and a plow only. **Price, \$4.00.**

No. 18 Single Wheel Hoe.

The same as No. 15, but it has one pair 6-inch hoes only. **Price, \$3.00.**

"PLANET JR." Harrow and Cultivator.

Price, plain, \$4.90
" with Wheel, 6.15
" complete, 7.50

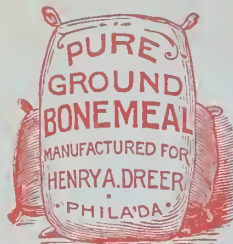

This is a Market Gardeners' Tool. It has a high frame and the chisel-shape teeth cut an inch wide each.

The foot lever pulverizer is a capital addition for preparing ground for the seed drill or for plant setting, and controls the depth of the rear teeth. It contracts to 12 inches, expands to 32 inches. It cultivates deep without throwing earth upon the plants.

DREER'S WHOLESALE PRICE LIST.

HENRY A. DREER

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

July—August, 1899.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other

way, are solely at Purchaser's Risk.

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S Wholesale Price List of Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

ACALYPHA SANDERI.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Colens, simply requiring a warm temperature to develop its full beauty. 2½ inch pots, 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants in 5 in. pots. 12 to 15 inches high. 50 cts. each; \$5.00 per doz.; \$35.00 per 100. Ready in October.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 50 cts. per dozen; \$4.00 per 100.

AGAPANTHUS.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "Blue African Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock, which enables us to offer it at a popular price. It is of dwarfier, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, deliciously scented. 3 inch pots, 15 cts. each; \$1.50 per dozen.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliaged variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

ARAUCARIA EXCELSA.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each; 7 inch pots, \$1.25 each.

Aralia Sieboldii.

Strong 4 inch pots, 15 cts. each; \$1.50 per doz.

Aralia Sieboldii Variegata.

Strong 4 inch pots, 30 cts. each; \$3.00 per doz.

Ardisia Crispa.

Fine young stock to grow on.
2 1/2 inch pots, 75 cts. per doz.; \$6.00 per 100.
3 " " \$1.00 " 8.00 "

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

4 1/2 inch pots, 6 to 8 inches high, 2 to 3 tiers, 60 cts. each.
5 " " 10 to 12 " " 3 " \$1.00 "
6 " " 15 " " 3 to 4 " 1.25 "

Araucaria Excelsa Glauca.

5 inch pots, 10 to 12 inches high, 3 tiers, \$1.25 each.
6 " " 12 to 15 " " 3 to 4 " 1.50 "

Araucaria Robusta Compacta.

We offer a grand lot of this handsome variety. Note reduction in price.

5 inch pots, 6 to 8 inches high, 2 to 3 tiers, \$1.25 each.
6 " " 12 " " 3 " 1.50 "
6 " " 15 " " 3 to 4 " 2.00 "

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

Asparagus Plumosus Nanus.

A grand variety for cutting, either in strings or smaller pieces. We offer a fine lot of thrifty plants.
2 in. pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000
3 " " \$1.25 " 10.00 "

SPECIMEN AZALEA.

Import Orders for

AZALEAS

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspections of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

PRICES:

Including duty, packing, and delivery in good condition to any Express, Freight or Steamship Line in Philadelphia.

Fine bushy crowns, well set with buds—

Fancy Leaved Caladiums.

A choice collection of 30 varieties. 3 inch pots, \$2.00 per dozen; \$15.00 per 100.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers, or in filling fern dishes. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race. The leaves are borne on stout petioles, but unlike our well-known varieties are spear-shaped and of thick leathery texture. The colors are red, green, and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 3 inch pots, 30 cts. each; \$3.00 per doz.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties.

5 inch pots,	15 inches high,	\$6 00 per doz.;	\$45 00 per 100
6 " "	18 to 24 " "	10 00 " "	75 00 " "

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz.; \$6.00 per 100.

Cissus Discolor.

A beautiful hot-house climber, that is not grown as extensively as it deserves. 3 inch pots, \$1.25 per doz.; \$10.00 per 100.

CYCAS REVOLUTA.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz.; \$6.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 20 cts. each; \$2.00 per dozen.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of Cycas in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

Dieffenbachia Bausei.

One of the prettiest of the genus, with yellowish green foliage, which is margined and irregularly blotched with dark green, and profusely spotted with white; a fine greenhouse decorative plant. 3 inch pots, 30 cts. each; \$3.00 per dozen.

New Variegated Ivy.

Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 35 cents each; \$3.50 per dozen.

Variegated Bush Ivy.

Silver Queen.

A shrubby variety that does not climb, but grows in bush form. The foliage is a dark glossy green, beautifully edged and splashed with creamy white; a useful plant for decorative purposes or for planting in the border. 5 inch pots, 50 cts. each; \$5.00 per dozen.

DRACÆNA LINDENI.

DRACÆNAS.

Godseffiana. Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful compact graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2½ inch pots, \$0 35 each; \$ 3 50 per dozen.
 5 " " 2 50 " 30 00 " "

Amabilis. A strong growing variety that quickly forms large specimens, prettily variegated green, white and pale violet, turning to rose.

3 inch pots, 30 cts. each; \$3 00 per dozen.
 4 " " 40 " " 4 00 "
 5 " " 50 " " 6 00 "

Fragrans. 2 inch pots, \$1.25 per doz; \$10.00 per 100.

Ferrea. Dark, coppery-bronze foliage. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

Imperialis. Foliage green, changing to rose with white edge.

3 inch pots, 30 cts. each; \$3 00 per dozen.
 4 " " 40 " " 4 00 "
 5 " " 50 " " 6 00 "

Gracilis. Graceful narrow-leaved sort; bright green, with coppery-crimson edge. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Lindeni. 6 inch pots, \$1.00 each.

Massangeana. 6 inch pots, \$1.00 each.

Sanderiana. An entirely distinct species, with thick-textured, narrow leaves, which are closely set on slender, upright stems, variegated, with silvery white and green bands alternating, and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracænas. Good young plants, 3 inch pots, 30 cts. each; \$3.00 per dozen.

Terminalis. 2 inch pots, \$1 00 per doz.; \$7 00 per 100.
 3 " " 1 25 " 10 00 "
 4 " " 3 00 " 20 00 "

Youngi. 4 inch pots, 40 cts. each; \$4 00 per dozen.
 5 " " 50 " " 6 00 "

FICUS ELASTICA (RUBBER PLANT).

Ficus Elastica
(RUBBER PLANT).

4 in. pots, 10 to 12 in. high, \$4.00 per doz.; \$30.00 per 100.
 6 " " 18 to 24 " 9.00 " 75.00 "

Justicea Velutina.

A pretty dwarf, free-flowering species, producing large heads of light pink flowers.

3 inch pots, \$1.25 per doz.; \$8.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Laurustinus.

A nice lot of bushy plants of this old favorite greenhouse shrub, which will flower freely next winter.

5 inch pots, 35 cts. each; \$3.50 per dozen.

Macrozamia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high, \$2.00 each.

Marantas.

Makoyana. 3 inch pots, 35 cts. each; \$3.50 per doz.
Zebrina. 6 " " 75 " "
 7 " " \$1.00 "

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$ 5.00 per dozen.
 " 6 " \$1.00 " 10.00 "

Otaheite Orange.

Bushy plants, 5 inch pots, 35 cts. each; \$3.50 per dozen.
 " 6 " 50 " 5.00 "

MICROLEPIA HIRTA CRISTATA.

PTERIS SERRULATA VOLUTA.

FINE FERNS.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

CHOICE VARIETIES OF SPECIAL MERIT.

Adiantum Farleyense.

Nice young, thrifty stock for growing on.

3 inch pots,	\$2.50 per dozen ;	\$20.00 per 100.
4 " " "	5.00 " "	40.00 " "
5 " " "	9.00 " "	70.00 " "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz. ; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots,	75 cts. per dozen ;	\$6.00 per 100.
3 " " "	\$1.25 " "	8.00 " "

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.

3 inch pots,	\$1.25 per dozen ;	\$10.00 per 100.
--------------	--------------------	------------------

Doodia Aspera Multifida.

A most desirable dwarf-growing Fern which will prove invaluable for use in fern dishes. It is of compact, bushy habit ; the young fronds a beautiful pink, which changes to a deep green, and are freely crested on the ends.

2½ in. pots,	60 cts. per doz. ;	\$4.00 per 100 ;	\$35.00 per 1000.
--------------	--------------------	------------------	-------------------

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity ; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2½ inch pots,	75 cts. per dozen ;	\$ 6.00 per 100.
3 " " "	\$1 25 " "	10.00 " "

Nephrolepis Exaltata Bostoniensis.

2 inch pots,	75 cts. per doz. ;	\$ 6.00 per 100.
4 " " "	\$3.00 " "	25.00 " "
5 " " "	5.00 " "	40.00 " "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the Sword Ferns ; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ in. pots,	75 cts. per doz ;	\$5.00 per 100 ;	\$45 per 1000.
4 " " "	\$2.50 " "	20.00 " "	

Pteris Wimsett

Another new variety, and one that is certain to become popular and a standard sort. It is of the same type as *P. Cretica Magnifica*, but, in addition to the crest on the ends of the fronds, the pinnae is peculiarly toothed or lobed on the sides, giving it a most distinct appearance. We have a large stock of this variety, which enables us to offer it at once at a popular price.

50 cts. per doz. ;	\$4.00 per 100 ;	\$35.00 per 1000.
--------------------	------------------	-------------------

Pteris Tremula Smithiana.

A crested form of *P. Tremula*, introduced some ten years ago, but which has always been scarce, and has never been offered in large quantities. We have succeeded in producing a large stock, enabling us to offer it at a low price. This variety is especially adapted to grow into 5 or 6 inch pots, in which shape it meets with ready sale, being of bold, attractive and graceful appearance.

50 cts. per doz. ;	\$4.00 per 100 ;	\$35.00 per 1000.
--------------------	------------------	-------------------

Pteris Serrulata Voluta.

This desirable Fern is one of the most distinct varieties of *Pteris Serrulata* yet introduced, the volute or curled appearance of the pinnae being very noticeable, not only in the mature plants, but also in the young state. Its elegant appearance being also further enhanced by the tips of the incurved pinnae being prettily crested.

2½ in. pots,	60 cts. per doz. ;	\$4.00 per 100 ;	\$35.00 per 1000.
--------------	--------------------	------------------	-------------------

Pteris Biaurita Argentea.

This is a compact form of *P. Argyræa*, which it resembles in every way except that it is more miniature in growth and the fronds heavier, thicker, and of more substance, making it valuable for general use, as it withstands dry atmosphere much better than the type.

2½ inch pots,	75 cts. per dozen ;	\$6.00 per 100.
---------------	---------------------	-----------------

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.25 each.

Peperomia Maculosa.

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Two New Russelias.

The Russelias are useful basket or vase plants, of graceful drooping habit, producing freely rich colored tubular flowers. The varieties here offered are entirely distinct from the old favorite Russelia Juncea, and are a distinct break in this class of plant.

Lemoinei Multiflora. The primary stems are strong and vigorous, flower panicles being extremely long and are covered with tassels of flowers one above the other; color a magnificent coral red. 15 cts. each; \$1.50 per dozen.

Lemoinei Elegantissima. The primary stems are finer than in Multiflora, and closely covered with foliage; very graceful in their arching form; the bloom is so freely produced as to completely cover the plant; flowers bright, soft red. 15 cts. each; \$1.50 per dozen.

Smilax.

2½ inch pots,	\$3.50 per 100 ;	\$25.00 per 1000.
3 “ “	4.00 “	35.00 “

PEPEROMIA MACULOSA.

PALMS Our Leading ...Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the *top of the pot to the top of the plant in its natural position*. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean, thrifty plants of this graceful and popular variety, in medium and large sizes. They are scarcer than they have been for the past six years, and prices are, in consequence, somewhat higher.

Inch pots.	Height.	Per doz.	Per 100.
2 (1 plant in a pot),	6 to 8 ins....	\$ 1 00	\$ 7 00

3 " " \$1.00 " 8.00 " "
5 " " 50 cts. each; \$6.00 per doz.

Thrinax Parviflora.

A nice lot of 2½ inch pots of this pretty dwarf palm.
\$1.25 per doz.; \$10.00 per 100.

LATANIA BORBONICA.

Stephanotis Floribunda.

3-inch pots, 30 cents each ; \$3.00 per dozen.

Stigmaphyllon Ciliatum.

The Brazilian Orchid vine, producing freely beautiful yellow Oncidium like flowers. 3-inch pots, 35 cts. each.

Tropæolum Phœbe.

A most attractive and deliciously-scented variety, producing flowers throughout the winter and summer season of a deep, golden-yellow, with a rich crimson feathered blotch in each segment, outer edges notched or scalloped, the whole forming into an exquisitely shaped blossom ; admired by all, and a decided improvement on all existing varieties in this class.

A free and vigorous grower. When in the height of its perfection, strings of growth, resplendent with its glorious parti-colored flowers, can be cut for decoration 8 to 10 feet long, a decided acquisition as a trailer in the greenhouse or conservatory in early spring, and out-doors during summer. \$1.00 per doz.; \$8.00 per 100.

Japanese Nananized Evergreens.

(*Thuja obtusa nana.*)

We have an interesting lot of these curiously trained dwarfed Japanese Evergreen Trees, many of them nearly a century old. They are quite popular at present, and frequently exorbitant prices are paid for them at Japanese sales.

Our stock is all established in pots, which ensures their success. \$3.00 to \$6.00 each, according to shape of plant.

TROPAEOLUM PHOEBE.

Pot-Grown Strawberry Plants.

The following is a select list of the very finest varieties to date. Full descriptions will be found in our Mid-Summer or Strawberry Catalogue, a copy of which we will be pleased to send on application. Pot-grown plants set out this summer will give a full crop next June.

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

For complete list of Flower Seeds, see previous issue of our Wholesale Catalogue.

Vegetable Seeds *For Summer* *...Sowing.*

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months, a constant supply of fresh vegetable may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage; sweet corn, 10 cents per quart additional. We pay postage on small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each lb. if wanted by mail. By express, at catalogue prices.

Sainfoin, Esparsette, or Holy Clover.	8 6 50

Scarlet, or Crimson (*Trifolium incarnatum*). An annual variety largely used for feeding green and for hay. Now grown successfully in the North. The yield in fodder is immense, and it at once commences growing again and continues until overtaken by frost. Sow from June to October; 10 to 15 pounds to the acre. Lb. 10 cts.; bushel (60 lbs.) \$4.25; 100 lbs. \$7.00.

Complete with
Jointer and
Wheel, \$10 50

MASTICA.

For glazing greenhouses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a greenhouse. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

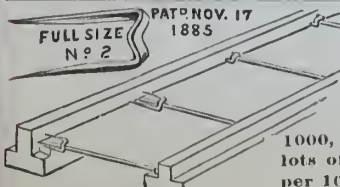

1 gallon, \$1.25.

Mastica Glazing Machines (see cut), \$1.00 each.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.

Cocoa handle, \$3.75; Ebony handle, \$2.50.
Steel wheel cutters, 15 cts. each; \$1.50 per doz.

HENRY A. DREER

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

September—December, 1899.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their choicest stock. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

 In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

“ White Italian, “ “ 12 to 15 c.	1 80	17 00

Choice Named Miniature or Dutch Roman Hyacinths.

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. We offer a selection of the best varieties for forcing in the following colors:

Dark Red, Blush White,
Pink, Dark Blue,
Pure White, Light Blue.

Price, 35 cents per dozen; \$2.75 per 100; \$26.00 per 1000.

NOTE.—On account of the unfavorable weather conditions in Holland the past Spring, all bulbous stock suffered severely, especially Hyacinths, the bulbs of which are much undersized this season. Our growers, however, state that the bulbs have the proper age, are fully matured, and should produce as good results as usual.

MIXED DUTCH HYACINTHS.—In Separate Colors.

For Forcing.

These have been carefully selected from the best varieties of early maturity.

25 of any one kind sold at 100 rates. 250 at 1000 rates.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

	Per doz.	Per 100
Baron Van Thuyll, clear pink.....	75	\$5 50
Gertrude, rosy pink.....	70	5 25

Czar Peter, light lavender.....	80	6 00	Pieneman, dark porcelain.....	75	5 50

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

PLANTS FOR FLORISTS.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen.

NEW ROSE "LIBERTY."

Every up-to-date Florist should include in his collection this, the most sensational forcing variety yet introduced. The stock will be limited, and we advise that orders be placed now. Shipment to be made immediately the plants are ready in March, 1900.

ACALYPHA SANDERI.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Colens, simply requiring a warm temperature to develop its full beauty. 2½ inch pots, 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

Acacia Armata. (Paradoxa.)

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. Suitable for 5 inch pots, \$5.00 per doz.; \$35.00 per 100.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 50 cts. per dozen; \$4.00 per 100.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "Blue African Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock, which enables us to offer it at a popular price. It is of dwarfer, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Aralia Sieboldii Variegata.

A most excellent house plant, having large, deeply cut foliage, which is of a cheerful green color with white variegation.

Strong 5 inch pots, 35 cts. each; \$3.50 per doz.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each; 7 inch pots, \$1.25 each.

ARAUCARIA EXCELSA.

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

4 inch pots, 8 to 10 inches high, 2 to 3 tiers, 60 cts. each.
 5 " " 12 to 14 " " 3 " \$1.00 "
 6 " " 15 to 18 " " 3 to 4 " 1.25 "

Araucaria Excelsa Glauca.

6 inch pots, 12 to 15 inches high, 3 tiers, \$1.25 each.
 7 " " 15 to 18 " " 3 to 4 " 1.50 "

Araucaria Robusta Compacta.

We offer a grand lot of this handsome variety. Note reduction in price.

5 inch pots, 6 to 8 inches high, 2 to 3 tiers, \$1.25 each.
 6 " " 12 " " 3 " 1.50 "
 7 " " 15 to 18 " " 3 to 4 " 2.00 "

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 3 inch pots, \$8.00 per 100.

Asparagus Plumosus Nanus.

A grand variety for cutting, either in strings or smaller pieces. We offer a fine lot of thrifty plants.
 2 in. pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000
 3 " " \$1.25 " 10.00 " 90.00 "

Ardisia Crispa.

Fine young stock to grow on.
 2 inch pots, 75 cts. per doz.; \$6.00 per 100.
 3 " " \$1.00 " 8.00 "

Boxwood Trees.

Ready in November.

Handsomely trained specimens, in standard or tree shape, in 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each. Pyramidal-shaped specimens 32 to 36 inches high, 15 inches in diameter at base, \$2.00 each.

SPECIMEN AZALEA.

AZALEAS.

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspections of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

Also a lot of small plants in 9 inch pots, 36 to 42 inches high, and 15 inches in diameter, \$2.50 each.

**Tuberous-Rooted
..... Begonias.**

Ready in December.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened, and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz; \$2.00 per 100; \$18.00 per 1000.

CANNA.

SAGO PALM.

**Large Field-grown
Clumps of Choice Cannas.**

Having a large stock of the following varieties of Cannas, we offer them in strong undivided field-grown clumps, which will average from twenty to fifty eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped in perfect safety by freight at a low cost for transportation. Orders for this stock at these low prices will only be accepted as long as the plants remain in the fields, which is usually until about the middle of October. Place your orders now and the stock will be reserved until the proper time to dig.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based, cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one-year-old plants, \$1.25 per dozen; \$10.00 per 100.

Dieffenbachia Bausei.

One of the prettiest of the genus, with yellowish green foliage, which is margined and irregularly blotched with dark green, and profusely spotted with white; a fine greenhouse decorative plant. 3 inch pots, 30 cts. each; \$3.00 per dozen.

DRACENA GODSEFFIANA.

DRACÆNAS.

Godseffiana. Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracenas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2 1/4 inch pots, \$0 35 each; \$ 3 50 per dozen.
 3 " " 0 50 " 5 00 " "
 5 " " 2 50 " 30 00 " "

Amabilis. A strong growing variety that quickly forms large specimens, prettily variegated green, white and pale violet, turning to rose.

3 inch pots, 30 cts. each; \$3 00 per dozen.
 4 " " 40 " " 4 00 "
 5 " " 50 " " 6 00 "

Fragrans. 2 inch pots, \$1.25 per doz.; \$10.00 per 100.

Ferrea. Dark, coppery-bronze foliage. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

Imperialis. Foliage green, changing to rose with white edge.

3 inch pots, 30 cts. each; \$3 00 per dozen.
 4 " " 40 " " 4 00 "
 5 " " 50 " " 6 00 "

Gracilis. Graceful narrow-leaved sort; bright green, with coppery-crimson edge. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Sanderiana. An entirely distinct species, with thick-textured, narrow leaves, which are closely set on slender, upright stems, variegated, with silvery white and green bands alternating, and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracenas. Good young plants, 3 inch pots, 30 cts. each; \$3.00 per dozen.

Terminalis. 2 inch pots, \$1 00 per doz.; \$7 00 per 100.
 3 " " 1 25 " 10 00 "
 4 " " 3 00 " 20 00 "

Youngi. inch pots, 40 cts. each; \$4 00 per dozen.
 5 " " 50 " " 6 00 "

FICUS ELASTICA (RUBBER PLANT).

Ficus Elastica
(RUBBER PLANT).

4 in. pots, 10 to 12 in. high, \$4.00 per doz.; \$30.00 per 100.
 6 " " 18 to 24 " 9.00 " 75.00 "

Ficus Falcata.

An improvement on Ficus Repens of the same climbing habit, attaching itself to walls, etc., but of a denser, closer growth, with smaller, dark green foliage. 15 cents each; \$1.50 per dozen.

New Dwarf Bedding Geranium
"Mars."

A superb bedding and pot Geranium, of very dwarf, compact habit, the plant itself not exceeding 4 to 5 inches in height, but exceedingly floriferous. The flowers are of a clear light salmon, darker in the centre. Ready Nov. 1. 60 cents per dozen; \$5.00 per 100.

New Variegated Ivy.
Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 30 cents each; \$3.50 per dozen.

Variegated Ivy.
Silver Queen.

A shrubby variety that does not climb, but grows in bush form. The foliage is a dark glossy green, beautifully edged and splashed with creamy white; a useful plant for decorative purposes or for planting in the border. 50 cents each; \$5.00 per dozen.

The Sensational New Rose

"LIBERTY."

Place your order NOW.

See offer on page 10.

FINE FERNS.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

CHOICE VARIETIES OF SPECIAL MERIT.

MICROLEPIA HIRTA CRISTATA.

Adiantum Farleyense.

Nice young, thrifty stock for growing on.
 3 inch pots, \$2.50 per dozen; \$20.00 per 100.
 4 " " 5.00 " 40.00 "
 5 " " 9.00 " 70.00 "

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.
 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Adiantum Gracillimum.

We have a large stock of this the most graceful of all the Adiantums.
 2 inch pots, \$0.50 per doz.; \$4.00 per 100; \$35.00 per 1000
 4 " " 2.00 " 15.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz.; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.
 2 inch pots, 75 cts. per dozen; \$6.00 per 100.
 3 " " \$1.25 " 8.00 "
 4 " " 2.00 " 15.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 6 inch pots, \$1.50 each.

NEPHROLEPIS CORDATA COMPACTA.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:
 2½ inch pots, 75 cts. per dozen; \$ 6.00 per 100.
 3 " " \$1.25 " 10.00 "
 6 " " 3.00 "

Asplenium Nidus Avis.

(Bird's Nest Fern.)

It is very rarely that this interesting variety is offered to the trade. We have been fortunate in securing a fine lot of 4 inch stock, which we offer at 50 cents each; \$5.00 per dozen.

Nephrolepis Exaltata Bostoniensis.

(Boston Sword Fern.)

2 inch pots, 75 cts. per doz.; \$ 6.00 per 100.
 4 " " \$3.00 " 25.00 "
 5 " " 5.00 " 40.00 "

Large plants in 7 and 8 inch pots, ready in December. 75 cents to \$1.50 each.

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the Sword Ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.
 2½ in. pots, 75 cts. per doz; \$5.00 per 100; \$45 per 1000.
 3 " " \$1.00 " 8.00 "
 4 " " 2.00 " 15.00 " 140 "

PANDANUS VEITCHI.

Justicea Velutina.

A pretty dwarf, free-flowering species, producing large heads of light pink flowers.

3 inch pots, \$1.00 per doz.; \$8.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Laurustinus.

A nice lot of bushy plants of this old favorite greenhouse shrub, which will flower freely next winter.

5 inch pots, 35 cts. each; \$3.50 per dozen.

Lilacs for Forcing.

(Ready for shipment late in November.)

We offer a fine lot of pot-grown plants, finely set with buds, in excellent condition for forcing.

Charles X. Red.....	} \$6.00 per doz. ;
Marie Legraye. Single white.	
Mad. Lemoine. Double white. }	

Macrozamia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high, \$2.00 each.

Marantas.

Makoyana.	3 inch pots,	35 cts. each ;	\$3.50 per doz.
Zebrina.	6 " " "	75 " " "	"
"	7 " " "	\$1.00 " "	"

Metrosideros Floribunda. Bottle Brush.

We have a fine lot of both tree and bush-shaped plants of this useful plant, in fine shape for forcing for Easter. 75 cts. each ; \$9.00 per dozen.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson mid-rib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each ; \$ 5.00 per dozen.
 " 6 " " \$1.00 " " 10.00 " "

DREER'S SUPERB DOUBLE FRINGED PETUNIAS.

Otaheite Orange.

Bushy plants, 5 inch pots, 35 cts. each ; \$3.50 per dozen.
 " 6 " " 50 " " 5.00 " "

Pandanus Veitchi.

A fine lot of well-colored plants.
 6 inch pots, 15 inches high, \$1.00 each.
 6 " " 18 " " 1.25 " "

Peperomia Maculosa.

2½ inch pots, 75 cts. per doz. ; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per doz. ; \$6.00 per 100.

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer strong 3 inch pots, in 15 distinct varieties, ready about the first of October, at \$1.50 per set ; or \$10.00 per 100.

Pentas Lanceolata.

A pretty half shrubby greenhouse plant, not unlike a Bouvardia in general habit and appearance, but flowering much more profusely and continuously.

The flowers are produced in flat heads of 15 to 30 flowers each, each shoot being terminated with a flower head, they are pure white in color, of similar form to, but considerably larger, than a Bouvardia and last in perfection a long time. 10 cents each ; \$1.00 per dozen.

Two New Russelias.

Lemoinei Multiflora. The primary stems are strong and vigorous, flower panicles being extremely long and are covered with tassels of flowers one above the other ; color a magnificent coral red. 15 cts. each ; \$1.50 per dozen.

Lemoinei Elegantissima. The primary stems are finer than in Multiflora, and closely covered with foliage ; very graceful in their arching form ; the bloom is so freely produced as to completely cover the plant ; flowers bright, soft red. 15 cts. each ; \$1.50 per dozen.

Smilax.

2½ inch pots, \$3.50 per 100 ; \$25.00 per 1000.
 3 " " 4.00 " 35.00 " "

PALMS Our Leading — ...Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the *top of the pot to the top of the plant in its natural position.* We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean, thrifty plants of this graceful and popular species.

Inch pots.	Height.	Per doz.	Per 100.
2 (1 plant in a pot),	6 to 8 ins....	\$ 1 00	\$ 7 00

HARDY CLIMBERS.

Ampelopsis Veitchii.

(Japan or Boston Ivy.)

Strong 2 year old field-grown plants ; fine ; \$6.00 per 100 ; \$50.00 per 1000.

Aristolochia Sipho. (Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong, long vines ; \$4.00 per dozen ; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia. (Trumpet Creeper.)

Grandiflora. Strong plants, \$4.00 per dozen.

Radicans. Strong plants, \$2.00 per dozen.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots. Ready end of November.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gipsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmanni. The best known and most popular variety.

Color dark, rich, royal purple.

Madam Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white ; extra fine.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

\$3.00 per dozen ; \$25 00 per 100.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong 2 year old plants of the above 2 varieties at \$1.00 per dozen ; \$7.00 per 100.

Clematis Flamula.

Strong 2 year old plants of this old favorite. \$1.25 per dozen ; \$10.00 per 100.

Clematis Paniculata.

This Japanese variety is becoming more popular every season, and deservedly so. It is a strong, vigorous grower, free bloomer, and absolutely disease-proof ; a plant that you cannot recommend too strongly to your retail customers, as it cannot help but please.

We offer strong 2 year old plants from 3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

Hardy White Moon Flower.

Strong, dormant roots. 50 cts. per dozen ; \$4.00 per 100.

Honeysuckles.

Hardy Jasmines, White and Yellow.

Strong 4 inch pot-grown, \$1.25 per doz. ; \$10.00 per 100.

Wisteria Sinensis. (Blue and White.)

Extra strong 2 year old plants, \$3.00 per dozen.

Hydrangea Paniculata Grandiflora.

A grand lot of standard or tree-formed plants, \$3.50 per dozen ; \$25.00 per 100.

Strong 2 year old bush-formed plants, bushy, 24 inches high, \$1.25 per dozen ; \$10.00 per 100.

Crimson Spirea, Anthony Waterer.

A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden-flora. It outshines all Spireas in brilliancy of color, being of a bright crimson, of dwarfer and denser growth, and a profuse and continuous bloomer, being in bloom during the entire summer and fall. It makes an admirable pot plant as well, and will no doubt become a standard plant for Easter decoration.

Strong two year old plants, \$1.25 per dozen ; \$10.00 per 100.

“LIBERTY.”

The most sensational new forcing
Rose ever introduced.

See offer on page 10. . . .

SPIREA ANTHONY WATERER.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

SPECIALLY SELECTED STOCKS OF VEGETABLE SEEDS, FOR FALL AND WINTER SOWING ... in open ground or under glass.

DREER'S EARLIEST SNOWSTORM CAULIFLOWER.

Beet.

- Crosby's Egyptian.** An improved strain of the Egyptian Beet. Specially adapted for greenhouse forcing on account of its short top and quick growth. It is much thicker than the original strain, quite as early, of better color and quality, besides being smoother. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.
- Excelsior.** A new variety of superior excellence; color perfect, fine grained, smooth skin and small top. Lb. 60 cts.
- Early Egyptian Blood Turnip.** One of the earliest; a fine forcing variety, small top. Lb. 40 cts.; 10 lbs. \$3.50.
- Eclipse.** Remarkable for its rapid growth, extreme smallness of top, and extra fine quality. $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.; 10 lbs. \$3.50.

Beans for Forcing.

- Triumph of the Frames.** This variety leads all others for forcing, being two weeks earlier than any other; its dwarf compact habit allows of their being planted much closer than other sorts. Abundant cropper, pods very tender, of finest quality. Pt. 30 cts.; qt. 50 cts.
- Sion House.** One of the best forcing Beans, comes early into bearing, is stringless and tender, quality excellent. Qt. 30 cts.; peck \$2.25.

Cabbage.

- Early Jersey Wakefield.** The best and most reliable sort for market gardeners. Selected stock. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.
- Large Jersey Wakefield (Charleston).** A few days later than the Early Jersey Wakefield, producing large solid heads of good quality. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.
- Early Winnigstadt.** Good for either early or late use, in some sections the best early sort. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.25.
- Etampes.** Very early, producing medium-sized heads, sharply pointed. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.25.

Cabbage—Continued.

- Dreer's Early Drumhead.** A second early variety, maturing about ten days later than the Wakefield. Large, solid heads. Oz. 20 cts.; $\frac{1}{4}$ lb. 65 cts.; lb. \$2.25.
- Improved Early Summer.** A second early with large solid heads, coming in a few days later than the Wakefield. Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.
- All Head.** The largest heading of the second early sorts, fine quality. Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.
- All Seasons (Vandergaw).** An Early Drumhead Cabbage, yielding heads of good size, very desirable either for Fall or early Spring use. Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.75.

Cauliflower.

- Dreer's Earliest Snowstorm (see cut).** Best of all for forcing in frames or greenhouses. Every grower should give this sterling variety a trial. Pkt. 20 cts.; $\frac{1}{4}$ oz. \$1.50; oz. \$5.00; $\frac{1}{4}$ lb. \$15.00.
- Dreer's Selected Dwarf Erfurt.** Of dwarf habit. Heads close, pure white, of the finest quality. Pkt. 15 cts.; $\frac{1}{4}$ oz. 75 cts.; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.
- Dreer's Early Snowball.** An early dwarf variety, producing magnificent white heads of fine quality. Pkt. 15 cts.; $\frac{1}{4}$ oz. 75 cts.; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.

Carrots for Forcing.

- Sow in cold frames in October for an early spring supply.
- Earliest Short Horn.** The earliest forcing variety, root small, reddish orange, of globular shape and excellent flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 70 cts.
- Early Scarlet Horn.** The favorite early red variety; fine grained and good flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.
- Half-Long Nantes.** An early half-long stump-rooted variety of superior quality; best kind for cold frames. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 60 cts.

IMPROVED EARLY WHITE SPINE CUCUMBER.

Cucumber.

Arlington White Spine. A strain of White Spine which produces handsome dark-colored fruits, and retain their color a long time. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Emerald. Those who grow cucumbers under glass will appreciate the "Emerald," as it is a splendid forcing variety, and the fruits are so firm that they readily stand shipping long distances. Its beautiful rich dark green color and form make it at once a formidable rival of the English frame varieties. Pkt. 10 cts.; oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

English Prize Cucumbers.

For Greenhouse forcing. Attain a length of 20 to 30 inches. **Rochford's Market.** **Covent Garden Favorite.** **Lockie's Perfection.**

Each, per pkt., 20 cts.; per 100 seeds, \$1.75.

Duke of Edinburgh. **Sion House, Improved.** **Telegraph (true).**

Each per pkt., 15 cts.; per 100 seeds, \$1.25.

CORN SALAD, or Fetticns. Large Seeded, a selected stock for market gardeners, very heavy foliage.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Lettuce. Forcing Varieties.

Hittinger's Belmont Forcing. An improvement on the Boston Market, being larger in size. We specially recommend this variety for greenhouse forcing; a sure header and of fine quality. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

Boston Market. (White Seeded Tennisball.) The earliest heading variety. One of the best for forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Big Boston. Resembles the popular Boston Market, but is nearly twice as large; a most desirable variety for forcing and cold frames. Oz. 20 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Black Seeded Tennisball. A favorite forcing variety. Forms a close, hard head. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Grand Rapids Forcing. This is regarded in the West as the best forcing and shipping variety. It matures quickly, large size and handsome appearance, crisp and tender, and will keep from wilting after cutting longer than any other sort. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Golden Queen. Very early, yellow color; excellent for forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Emperor Forcing. A very early small light green, yellow heart. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Early Curled Simpson (Silesia). Forms a close, compact mass of leaves; excellent for forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 30 cts.; lb. \$1.00.

Black Seeded Simpson. Produces a compact mass of leaves of a light color, nearly double the size of the ordinary Simpson. Oz. 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.25.

Lettuce. Cold Frame Varieties.

Silver Ball. This is one of the best all-the-year-round Lettuces we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

Early Dutch Butter, Spotted. Large heads, of excellent quality, and one of the best forcing and market sorts. Oz. 15 cts.; $\frac{1}{4}$ lb. 40 cts.; lb. \$1.50.

DREER'S IMPERIAL LONG STANDING KALE.

Kale.

For early Spring use, sow in September.

Dreer's Imperial Long Standing. A beautiful curled and crimped sort, extremely hardy and the best for market purposes. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 50 cts.; 5 lbs. \$2.25.

Dwarf Curled German. Leaves green, fine fringed. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 50 cts.

Dwarf Curled Scotch. Leaves bright green, curled, tender and fine flavored. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

ONION SETS. Prices variable.

	Peck.	Bush.
Philadelphia White or Silver Skin	1 00	\$3 25
" Yellow Dutch or Strasburg	75	2 75
Red	1 00	3 00
Yellow Potato	75	2 75
White Multiplier	1 00	3 50
Shallots	1 00	4 00
Garlic.	Lb. 20 cts.; 10 lbs. \$1.75.	

Parsley.

Dreer's Dwarf Extra Curled. The best for forcing. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 75 cts.

Half Curled. A medium curled variety, quite hardy, of dark color. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Champion Moss Curled. A distinct very dwarf moss curled variety, excellent for garnishing. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Radish.

Cardinal Globe. This is the very best forcing variety for market gardeners and truckers. It is of a globular shape and brilliant cardinal red color, short top, and will stand a large amount of heat without becoming pithy. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Dreer's Earliest White Globe Forcing Radish. The earliest white Radish in existence, producing a beautiful oval-shaped Radish with transparent white skin and flesh, very small root and top, produces a crop as soon as the Cardinal Globe. Oz. 15c.; $\frac{1}{4}$ lb. 35 cts.; lb. \$1.00.

Scarlet Frame. The very earliest Turnip Radish, of a bright scarlet crimson color, perfectly round, crisp and tender, of excellent flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Round Red Forcing. One of the earliest and best of the turnip varieties for forcing, very short leaved, small top, color of skin dark red, white fleshed. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Felton's White Box. A perfectly round, white variety, free from any sharpness or bitterness, and the quickest of the white sorts. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.; 5 lbs. \$2.75.

White Tipped Scarlet Gem. Excellent for forcing, very short leaves, bright scarlet, with white tip, giving it a very attractive appearance when bunched for market. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

French Breakfast. Oblong shape, rapid growth, very mild and tender, of a beautiful scarlet color tipped with white. Oz. 10 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Half-Long Deep Scarlet. An excellent intermediate sort, for forcing or open ground. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Spinach.

Sow in September and October for a continuous supply.

DREER'S ROUND SEEDED SAVOY. The hardiest large Savoy-leaved; curled and crimped, with thick, fleshy leaves, the best for family and market purposes, and the best of all sorts for fall sowing. Lb. 25 cents; 10 lbs. \$2.25; Bushel \$8.00; 100 lbs. \$20.00.

VICTORIA. This new variety is distinguished by the exceedingly large, dark green leaves, and also for its long standing qualities. Should be given a trial by all. Lb. 25 cents; 10 lbs. \$2.25; Bushel \$8.00; 100 lbs. \$20.00.

Long Standing Round Seeded. A large crimped, thick, fleshy, Savoy-leaved variety; will stand two weeks longer than any other sort before shooting to seed. Lb. 25 cents; 10 lbs. \$2.25; Bushel \$8.00.

Prickly Seeded. The hardiest variety, having smaller leaves; it is not so productive as the above sorts. Lb. 20 cents; 10 lbs. \$2.00; Bushel \$6.50.

DREER'S ROUND SEEDED SAVOY SPINACH.

Tomato.

The Lorillard (see cut). One of the best for forcing under glass. It sets freely, four or five fruit to a bunch, all of equal and good size, and a vermilion-scarlet color. The stock we offer was grown by an expert tomato forcer, and can be relied upon to give good results.

Oz. 25 cents; $\frac{1}{4}$ lb. 75 cents; lb. \$2.50.

Mayflower. Excellent for forcing, fruit bright red, medium size, solid. Oz. 20 cents.

Favorite. Oz. 20 cents.

Beauty. Oz. 20 cents.

Dwarf Champion. Oz. 20 cents.

Best of All. $\frac{1}{2}$ oz. 25 cents; oz. 40 cents.

King Humbert. Fruit produced in clusters, small to medium size, very solid, color bright red. Oz. 25 cents.

LORILLARD TOMATO.

DREER'S RELIABLE MUSHROOM SPAWN.

Fresh importation of English Mill-track Mushroom Spawn now in stock and in fine condition; the quality is the same as sent out by us in past years, and has given the very best satisfaction, producing large crops of the best quality. We would strongly advise intending purchasers to order early in order to have the spawn on hand when your bed is at the proper temperature for spawning, and thus save any delay. If you have never tried our spawn, we feel sure a trial will result in future orders.

Price: 15 cts. per brick; \$1.50 per doz. bricks; 25 lbs. \$2.00; 100 lbs. \$7.50; 1000 lbs. \$70.00. 250 lbs. or over at the same rate as 1000.

FRENCH MUSHROOM SPAWN.

This produces a much smaller mushroom than our English spawn. We import direct, and supply it in original boxes of 3 lbs. for \$1.15.

 Made of heavy galvanized sheet metal; has no vapor tank.

The Weed Kerosene Sprayer. (Copper), since the appearance of the San José Scale it has become necessary to use Kerosene Oil as an exterminator. With this Sprayer this work can be accomplished in the best manner, as it applies it just in quantity wanted; has a regulating valve for the amount of oil needed. Price, \$13.00, complete. Without oil tank, \$10.00.

Single Cone Bellows, \$1.00 and \$1.75.
Double Cone Bellows, \$2.75.
Spraying Bellows, \$1.00 and \$1.75.
Sulphur Bellows, \$1.40.

Stahl's Excelsior Knapsack Sprayer. (Copper), has brass valves throughout. Holds 4 gallons. Price, \$10.00.

Knapsack Sprayers.

With the use of these Copper Sprayers, there is no possibility of mildew or rust.

Roses, Carnations and Violets demand the closest attention in this respect.

Copper Sprayers are necessary as they will not corrode with the use of Sulphate of Copper.

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

January—March, 1900.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 Always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

Special Varieties of VEGETABLE SEEDS For 1900.....

On pages 1 and 2 we offer special varieties of Vegetable Seeds, all of which are of particular value to the Market Gardener. Descriptions are written from actual experience with each variety and illustrations were made from photographs.

BEETS.

Crosby's Egyptian (see cut). An improved strain of the Egyptian Beet, specially recommended as an extra early sort. It is much thicker than the original strain, of better color and quality, besides being smoother. Pkt., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

Arlington Favorite Blood. A dark-leaved, early blood variety, closely following Eclipse in maturing, but of much darker color and superior in quality; perfectly round; it differs from the other blood sorts in that it has the sweetness of the Bassano; excellent for market. Pkt., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

CABBAGE.

Early Jersey Wakefield (see illustration page 3). The leading early variety, best for market gardener's use. Our strain is being constantly improved, both in purity and earliness. There is no Cabbage so widely known as the Early Jersey Wakefield. Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., \$1.00; lb., \$3.00

Large Jersey Wakefield (Charleston) (see illustration page 3). Large solid heads, good quality, a few days later than Early Jersey Wakefield; producing fully twice as much per acre as the early variety. Pkt. 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., \$1.15; lb., \$3.50.

Dreer's Selected Late Flat Dutch. This excellent strain is the result of many years' careful selection, and we consider it the finest strain of Late Flat Dutch Cabbage on the market. The heads are flat, and grow remarkably large, even, very solid, and are of fine texture. Pkt., 5 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 65 cts.; lb., \$2.25.

CROSBY'S EGYPTIAN BEET.

IMPROVED RUBICON CARROT.

CARROT.

Improved Rubicon Carrot.

This beautiful half-long carrot is of desirable shape and color. The carrots grow about same length as the "Danvers," but thicker, and are a rich dark orange in color. It is an enormous cropper and a splendid variety for the market gardener. Pkt., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 70 cts.

CAULIFLOWER.

DREER'S EARLIEST SNOWSTORM.

The Earliest and Best of all for Forcing or Open Ground.

Realizing the great importance of an extra fine strain of stock seed for growing the best Cauliflowers, we have given this variety much care and attention, and the uniformly good results received by growers using our "Snowstorm" convince us that we have the very best and earliest strain of Cauliflower on the market, both for forcing and for growing in the open ground. It is a dwarf variety, with short outer leaves, and can be planted close, 2 feet apart each way. It always makes a fine, large and exceedingly beautiful snowy-white head, much earlier than any other variety. The quality is very good, being of delicious flavor. It is far superior in every way to the best strains of "Snowball Cauliflower." Pkt., 25 cts.; $\frac{1}{4}$ oz., \$1.50; oz., \$5.00; $\frac{1}{4}$ lb., \$15.00.

\$1,000 made from 2 ozs. Dreer's Earliest Snowstorm Cauliflower.

T. E. Reeves & Son, Long Island, N. Y., Oct. 9, 1899, writes:—We sowed 1 oz. of your Snowstorm Cauliflower on Nov. 1, 1898, another oz. Nov. 29. Commenced setting plants Feb. 7, 1899, finished March 1. We began to ship April 3, and finished May 8. The total amount of money received from product of 2 ozs. seed was one thousand dollars.

DREER'S EARLIEST SNOWSTORM CAULIFLOWER.

DREER'S SELECTED NEW YORK IMPROVED EGG PLANT.

LETTUCE.

Sensation (see illustration, page 5). This variety is a valuable sort for growing either in cold frame or in the open ground. Color, yellowish-green, quality very fine, being crisp and tender. Pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.; lb., \$1.50.

GRADUS, OR PROSPERITY PEA

NEW WRINKLED PEA—GRADUS OR PROSPERITY.

This new extra early, dwarf, wrinkled pea combines the finest quality with extreme earliness, and is also very productive. It is very hardy, and can be planted fully as early as the smooth peas; grows vigorous and healthy; vines $2\frac{1}{2}$ feet in height and is very prolific, bearing pods fully as large as Telephone, usually containing from 8 to 10 large peas. The color of the shelled peas is a beautiful light green, which color they retain after being cooked; the quality and flavor is delicious, and the peas remain tender and sweet for a long time. Pt., 25 cts.; qt. 45 cts.; $\frac{1}{2}$ peck, \$1.75; peck, \$3.00.

DREER'S SUMMER GREEN PARSLEY.

CELERY.

Golden Self-Blanching. An early, beautiful and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden-yellow, with light yellowish-green outer leaves. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

White Plume. We offer a choice strain of this valuable and popular variety. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it. Pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

Giant Pascal. A superior keeping sort. The stalks are very large, thick, solid, crisp, and of rich nutty flavor; it blanches very easily and quickly, and retains its freshness a long time. Pkt., 5c.; oz., 20c.; $\frac{1}{4}$ lb. 50c.; lb., \$1.50.

The Shumacher. A very large variety; solid, crisp, golden-yellow heart; a favorite market gardener's sort. Our strain of this is very true. Pkt., 10 cts.; oz., 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb., \$2.50.

EGG PLANT.

New York Improved Large Purple, Dreer's Selected (see cut). The leading market variety; large, round, dark purple, free of thorns, excellent and the most productive variety; our seed of this variety is very fine, having been taken from selected fruits only. Pkt., 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 90 cts.; lb., \$3.25.

MUSKMELON Rocky Ford.

This delicious melon is of the netted gem type, oval in shape and beautifully netted. The melons average about 5 inches in length, and are of most delicious flavor; flesh is smooth grained and light green color. Pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 80 cts.

AUSTRALIAN BROWN ONION.

AUSTRALIAN BROWN ONION.

This onion, which is of recent introduction, ripens earlier than either Yellow Danvers or Red Wethersfield, is beautiful brown color and mild flavor, good size, very hard and is a good keeper. Pkt., 10 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.50.

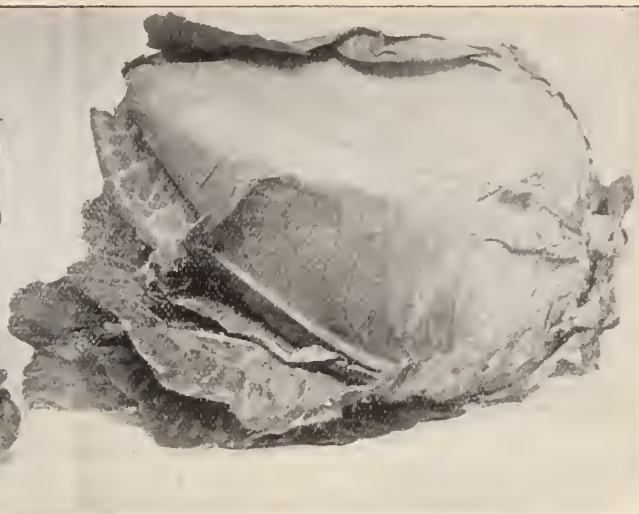

DREER'S SUMMER GREEN PARSLEY.

Market gardeners desire a special strain of parsley for summer use, one that will stand the extreme heat during the hot months of July and August. We are pleased to offer this variety as one especially adapted for the purpose. It is a strong and vigorous grower, and produces large, finely curled leaves of a beautiful dark green color, which it holds for a long time after all other varieties have turned yellow. Pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 90 cts.

General List of Vegetable Seeds.

EARLY JERSEY WAKEFIELD.

LARGE JERSEY WAKEFIELD (CHARLESTON).

Artichoke, Large Green Globe, oz., 25 cts.; $\frac{1}{4}$ lb. 75 cts.
 Artichoke, Jerusalem, roots 75 cts. per pk.; \$2.50 bus.

DREER'S CHOICE ONION SEEDS.

YELLOW GLOBE DANVERS.

SOUTHPORT WHITE GLOBE.

NEW ONION SEED.

We offer none but new seed of all varieties, grown from selected bulbs and critically tested. It is of strong germination and will produce grand crops. We caution onion growers against old seed, which will be offered by unscrupulous parties, as the crops of all varieties were short the past season, and much old seed will be sold as new crop.

CARDINAL GLOBE RADISH.

RADISH. CARDINAL GLOBE.

The Best Forcing Variety for Market Gardeners.

Our seed of this leading forcing Radish is the purest on the market, having been continually improved, both in color and in shape. The Radishes grow globular in shape, have small tops and are of a most brilliant cardinal red color. It will stand considerable heat, and, therefore, it is a quick forcer, and the quality is fine, being crisp, tender and juicy. It is by far the best variety for forcing, and also does well in open ground.

The beautiful appearance and rich color of this Radish make it very attractive, and as a consequence it is a good seller. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 60 cts.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Asters, Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

PLANT DEPARTMENT.

NOVELTIES AND SPECIALTIES IN GARDEN, GREENHOUSE AND DECORATIVE PLANTS.

Most of the varieties offered on the following pages are fully described and illustrated in our Retail Catalogue, which please see.

AGERATUM STELLA GURNEY.

Ageratum Stella Gurney.

This variety originated with Mr. James Gurney, of the Missouri Botanical Gardens, where it has been used extensively as bedding plant the past summer. It is a decided improvement in color, being the deepest blue yet introduced and is exceptionally free flowering, not only in summer but the year round.

\$1.25 per dozen, \$8.00 per 100.

Acacia Armata. (Paradoxa.)

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 5-inch pots, 50 cts. each; \$5.00 per doz.

Acalypha Sanderi. (Chenille or Dewey Plant.)

One of the most interesting plants of recent introduction. It is of strong vigorous growth with large dark green foliage, from each axil of which, one to two feet long and nearly an inch thick, chenille-like spikes of velvety crimson flowers are gracefully suspended. 75 cts. per doz.; \$6.00 per 100.

Anthuriums.

Androeanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliated variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Album. Waxy white flowers. \$1.00 each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Araucaria Excelsa Glauca.

6 inch pots, 12 to 15 inches high, 3 tiers, \$1.25 each.

CHINESE AZALEA.

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand. 4 inch pots, 8 to 10 inches high, 2 to 3 tiers, 60 cts. each. 6 " " 12 to 15 " " 3 " \$1.00 " "

Araucaria Robusta Compacta.

5 inch pots, 6 to 8 inches high, 2 tiers, \$1.00 each.

Azaleas for Easter.

Although our stock of Azaleas this season is larger than ever, we strongly recommend early orders, many of our customers were disappointed last year in not being able to procure stock several weeks before Easter. We have taken more than ordinary precautions to prevent a repetition of this the coming season, but all indications are that the demand this year will be greater than ever, besides this the plants can be transported with so much greater satisfaction while they are still in a semi-dormant condition, that this point alone should be sufficient to induce early orders, for no matter how carefully packed the plants are certain to receive some check when turned out of pots after the buds have developed, and we assume no responsibility for injuries arising from late shipments.

We can still supply full assortments in the following sizes:

	In. diam.	Per doz.	Per 100.
5 in. pots, nice bushy crowns,	10 to 12	\$5.00	\$40.00
5 and 6 " " " "	12 to 14	6.00	50.00
6 and 7 " " " "	13 to 15	9.00	70.00
7 " " " "	15 to 17	12.00	100.00

Also a grand lot of specimen plants of Mad. Van der Cruysen of exceptionally good value at \$1.50, \$2.00, \$2.50, \$3.00 and \$5.00 each.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at \$6.00 per dozen.

NEW FRILLED BEGONIA.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened, and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom; will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz; \$2.00 per 100; \$18.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz; \$4.00 per 100; \$35.00 per 1000.

New Frilled Tuberous-Rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. A decided acquisition. Strong bulbs 25 cts. each; \$2.50 per doz.

New Tuberous-Rooted Begonia, "Duke Zeppelin."

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. No other flowering plant attracted so much attention during the past summer as this brilliant Begonia. Strong bulbs, 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Boxwood Trees.
Standard or Tree-shaped.

Handsomely trained specimens, 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each.

Pyramidal-shaped.

Handsomely trained specimens 9-inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

BROWALLIA SPECIOSA MAJOR.

Bay Trees (Laurus Nobilis).

Standard or Tree-shaped.

Stems 45 in. high, crowns 24 in. in diam.....	\$ 6 00	each.
" 45 " " " 30 " "	7 50	"

" 45 " " " 48 " "	15 00	"

Pyramidal-shaped.

5 1/2 ft. high, 34 in. in diam. at base, tapering to a point,	\$7 50	each.
7 " " 36 " " " " " "	10 00	"
8 " " 40 " " " " " "	12 50	"
8 " " 44 " " " " " "	15 00	"

Browallia Speciosa Major.

A giant flowered form of the beautiful blue Browallia, flowering continuously summer and winter, may be grown either as a pot or border plant, its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cents per dozen; \$6.00 per 100.

Caladium Albanense.

An entirely new race of Caladiums; the leaves are borne on stout petioles, but unlike our well-known varieties are spear-shaped and of thick leathery texture. The colors are red, green and creamy yellow, radiating from the centre of the leaf while the wavy edges are margined with green gray. 35 cents each; \$4.00 per dozen.

Caladium Argyrites.

A most beautiful dwarf growing variety with miniature dark green foliage which is freely mottled with white, it can be used to great advantage in the filling of Jardinieres and Fern dishes, or in connection with choice cut flowers. Bulbs started up to the middle of February will make good plants to use at Easter. \$2.00 per dozen; \$15.00 per 100.

New Golden Yellow Calla.

Richardia Elliottiana.

Entirely distinct and unlike all other forms of yellow Callas heretofore introduced. Elliottiana has the same habit of growth as the ordinary white Calla, R. Ethiopica with flowers of the same size and shape, but of a rich, clear, lustrous golden yellow color, the foliage is dark green, with a number of translucent creamy white spots, which adds to its beauty. \$1.50 each.

DRACÆNA GODSEFFIANA.

Grand Crimson Canna.**(President McKinley.)**

Color brilliant crimson with bright scarlet shading, truss large, compact, of good shape and held well above the foliage, and are produced freely and evenly. Plant is dwarf 3 feet; foliage deep green with marked chocolate margin. Plant stools freely, is a compact even grower. It is one of the earliest bloomers, coming into flower when 14 to 18 inches high and blooming continuously thereafter. The effect when massed is extremely brilliant. The contrast between the flowers and foliage being rich, chaste and effective. A marked improvement upon all crimson Cannas introduced to date. Undoubtedly the king of crimson hedders. 50 cents per dozen; \$4.00 per 100.

New Yellow Canna Golden Scepter.

A new variety introduced from Canada last year, a strong vigorous grower, which attains a height of 5 feet, with bright green foliage, and good sized flowers, which are of a rich golden yellow with no traces of other colors, except at the base of the minor petals, which are shaded orange scarlet. \$1.50 per dozen; \$10.00 per 100.

Two Grand Dark-Leaved Indian Cannas.

Black Beauty. The handsomest Indian Canna yet introduced, with large massive foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 30 cents each; \$3.00 per dozen.

Bassett's Red. A grand bronze-leaved variety of the old Indian Canna with intense bright bronzy red foliage, valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit and a stately plant in every way. 75 cents per dozen; \$6.00 per 100.

Crocsmia Aurea Imperialis.

One of the most beautiful bulbous-rooted plants of recent introduction, producing its large six-petaled star-like flowers from early in July until late in the autumn, these are of bright orange color and measure 3 inches across and are arranged in loose panicles on tall stems 2½ to 3 feet high. 30 cts. each; \$3.00 per doz.

Cycas Revoluta. (Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

DAHLIA—STORM KING.

Dracæna Godseffiana.

Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2½ inch pots,	\$2.00 per doz.;	\$15.00 per 100.
3 " "	3.50 " "	25.00 " "
5 " "	1.50 each.	

Dracæna Sanderiana.

3 inch pots, \$3.00 per dozen.

Dracæna Lindenii and Massangeana.

Good plants in 5 inch pots, 50 cents each.

Dracæna Indivisa.

A fine lot of this useful plant.

3 inch pots,	75 cents per doz.,	\$6.00 per 100.
4 " "	\$1.50 " "	12.00 " "
5 " "	2.00 " "	15.00 " "
6 " "	3.50 " "	25.00 " "
7 " "	40 cents each,	4.00 per dozen.
8 " "	50 " "	5.00 " "

Dracæna Bruanti.

5-inch pots, 15 inches high, 35 cts. each; \$4.00 per doz.

Grand New White Dahlia—"Storm King." (Blizzard.)

Magnificent, perfectly formed snow-white flowers, borne in the greatest profusion on long, strong stems, perfectly suited for cut-flower purposes. The blooms are of medium size, perfect in form, with petal slightly notched. In habit it is similar to A. D. Livoni, but is a more profuse bloomer than that free flowering variety, while the stems average longer, and as the plant branches close to the ground, it enables it to withstand winds and drouth better than any other variety. \$2.50 per dozen; \$20.00 per 100.

TYPE OF NEW CACTUS DAHLIA.

GERANIUM "AMERICA."

Fourteen Grand New Cactus Dahlias.

A selection of the very best European introductions of the past few years, surpassing anything of this kind ever brought together. Awarded first honors at the exhibition of the National Dahlia Society, the past summer, in competition with many other collections.

Aegir. The petals, which are tubular or quilled, are twisted and arranged in the most fantastic yet regular form, giving the flower a most unique and pleasing appearance; in color it is a rich, warm cardinal scarlet.

Austin Cannell. Entirely distinct on account of its long, narrow, twisted tubular petals, giving the flower a peculiar clean cut appearance. It is of a light crimson rose shading lighter towards the edges.

Charles Woodbridge. A magnificent variety of a light crimson shaded purple.

P. Bartels. Well built flowers of medium size, of a bright scarlet, when first opening showing a violet shade.

George Marlow. Primrose yellow shaded amber, an improvement on all others of this type.

Green's Gem. A rich and glowing orange red, bright and fiery, with long, narrow, twisted petals which are incurved in such a manner that it gives the flower a peculiar light and airy appearance.

Hohenzollern. Of a rich orange-red bronze color with golden sheen, a flower of immense size.

John H. Roach. The finest soft yellow yet introduced.

Loreley. This handsome variety was awarded a silver medal at the Hamburg International Horticultural Exposition in 1897; it is one of the finest of the pink varieties yet introduced; it is of true Cactus form, the outer petals are of a soft La France pink gradually shading lighter towards the centre, which is a creamy white.

Miss Webster. Pure white without a tinge of color, excepting on the reverse of the lower petals, where it is slightly tinged with rose during extreme hot weather.

Miss Annie Nightingale. Outer petals broad and flat, inner petals curled and twisted, occasionally showing a single centre which, however, does not detract from the flower, but rather adds to its graceful, unique appearance; color clear yellow flaked and heavily edged with scarlet.

Mabel Keith. Petals narrow and twisted, of a buff color, suffused with soft pink shading to creamy yellow centre.

Mrs. A. Beck. Of a true Cactus form with long, twisted petals, loosely arranged, forming a graceful large flower of a rich salmon red with scarlet reflex.

Strahlen Krone. Intense cardinal red, rich and glowing, with long, twisted petals; in our estimation the most perfect and handsomest Cactus Dahlia in cultivation.

Price, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

The set of 14 for \$3.00. Ready in March.

Our Cover Set of Single Dahlias.

For colored illustrations see cover of Dreer's Garden Calendar. A superb collection of the four finest variety yet introduced; fine for summer cut flowers.

Anemone. A pure chaste white variety, resembling a large white Anemone Japonica.

Ami Barillet. Brilliant garnet, dark bronzy foliage.

Evelyn. Delicate soft pink with white disc around a yellow centre.

St. George. The grandest single Dahlia ever introduced, pure clear yellow, 3 to 4 inches in diameter.

\$1.25 per dozen; \$10.00 per 100; ready March 1st.

Ficus Elastica. (Rubber Plant.)

4 in. pots, 10 to 12 in. high, \$4.00 per doz.; \$30.00 per 100.

Ficus Falcata.

An improvement on Ficus Repens of the same climbing habit, attaching itself to walls etc., but of a denser, closer growth, with smaller foliage. 15 cts. each; \$1.50 per doz.

New Dwarf Geranium America.

An ideal Geranium for pot culture or bedding, a seedling from the popular Mars, but of stronger growth and with larger foliage than its parent, but retaining the same free-flowering habit and compact growth peculiar to that variety. On opening the flowers are white with salmon centre, changing to the various shades of salmon and rose, finally, when open, changing to pure rose. As all the colors appear on the same truss at one time, the effect is very novel. 50 cts. each; \$5.00 per dozen.

Six Grand New Single Geraniums.

Chateaubriand. Large, brilliant scarlet with maroon shadings and black veins on upper petals. 35 cts. each.

Daumier. Soft rosy lilac, centre of flower heavily spotted with rosy aniline; one of the choicest Picotee varieties. 50 cts. each.

Lord Kitchener. Lower petals soft scarlet, upper clear cherry red; a fine large flower. 50 cts. each.

Mary Pelton. Delicate pale salmon, the finest of this color yet introduced. 50 cts. each.

Oliver. Centre of flower snow white suffused rich magenta, bordered with glowing scarlet around the edge of the petals. 35 cts. each.

Ponschkine. Brilliant aniline violet, upper petals blotched with pure white, the centre of the lower petals shading into rosy white. 25 cts. each.

The set of 6 for \$2.25.

DREER'S SUPERB GLOXINIA.

Six Grand New Double Geraniums.

- J. B. Varonne.** Immense florets, fiery carmine with large white centre; one of the most striking of the Aureole section. 35 cts. each.
- Richelieu.** Deep scarlet shaded fiery orange with maroon veiling, large flowers and trusses; very free. 35 cts. each.
- Mad. Carnot.** The most promising double white yet introduced. 35 cts. each.
- Pasteur.** Brilliant orange scarlet, the brightest scarlet Geranium yet introduced. 75 cts. each.
- M. Canovas.** Brilliant fiery scarlet veined with maroon, very large flower and truss. 35 cts. each.
- Jean Remeau.** Snow white veined with rosy violet, petals bordered with bright crimson. 75 cts. each.
- The set of 6 for \$2.50.

Three Choice New Ivy-leaved Geraniums.

- Leopard.** The most distinct and novel Ivy Geranium yet introduced; the ground color is a clear lilac pink with heavy carmine blotches over the upper petals; the markings are so unique that it may aptly be described as a Lady Washington Ivy Leaf. 75 cts. each.
- Achievement.** A cross between Souv. de Chas. Turner and a pure white single zonale, with large semi-double flowers of a distinct shade of salmon pink. 35 cts. each.
- The Bride.** The largest and purest double white yet introduced; very dwarf and free. 25 cts. each.
- The set of 3 varieties for \$1.25.

Dreer's Superb Gloxinias.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering.

We offer either separate colors as **Blue, Red, White** or in **Choice Mixture** at 50 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

DAVALLIA STRICTA.

...DREER'S.... FINE FERNS.

Our stock of Ferns is the most extensive in the country, over 50,000 square feet of glass being devoted to this department alone.

For descriptions see Dreer's "Garden Calendar."

Lilacs for Forcing.

We offer a fine lot of pot-grown plants, finely set with buds, in excellent condition for forcing.

Charles X. Red. } \$6.00 per doz. ;
 Marie Legraye. Single white. } \$45.00 per 100.
 Mad. Lemoine. Double white. }

Pandanus Utilus (Screw Pine).

2 inch pots, 75 cts. per doz. ; \$6.00 per 100.

Pandanus Veitchii.

A fine stock of these,
 6 inch pots, 15 to 18 inches high, \$1.00 each.

Dreer's Superb
 Double Fringed Petunias.

Our strain of Double Petunias is too well known to require special description. We are now offering fine, healthy, strong plants from three-inch pots, which are in the most vigorous condition, free from rust and disease, and which will furnish a large number of cuttings in a short time. The set is composed of fifteen of the finest double fringed varieties of such colors as are especially suited for the retail trade. Strong 3 inch pots, \$1.00 per doz. ; \$8.00 per 100. The set of fifteen varieties for \$1.25. 2-inch pots, 75 cts. per doz. ; \$5.00 per 100.

Seed of the above, our own saving, 75 cts. per 500 seeds ; \$1.50 per 1000 seeds.

PALMS Our Leading Specialty.

height of the plant from the *top of the pot to the top of the plant in its natural position*. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Areca Lutescens.

We offer a fine lot of clean, thrifty plants of this graceful and popular variety.

Inch pots.	Height.	Per doz.	Per 100.
2, 1 plant in a pot	6 to 8 ins.	\$1 00	\$ 6 00
3, 1 " "	10 to 12 "	1 25	10 00
4, 3 " "	12 to 15 "	3 00	25 00
5, 3 " "	18 to 20 "	5 00	40 00

Areca Verschafelti.

This variety is always very scarce. We offer a fine lot of 3 in. pots, \$3.00 per doz.; \$25.00 per 100. 4 in. pots, \$5.00 per doz.; \$40.00 per 100.

Areca Baueri.

5 in. pots, 2 plants in a pot, 15 to 18 ins. high, 60 cts. each; \$6.00 per dozen.

Caryota Urens. (Fish Tail Palm.)

2½-inch pots, \$1.00 per doz.; \$8.00 per 100.
3 " " 1.25 " 10.00 "

Caryota Sobolifera.

2½-inch pots, \$1.00 per dozen; \$8.00 per 100. 3-inch pots, \$1.25 per dozen; \$10.00 per 100.

Ceroxylon Niveum.

We offer a nice thrifty lot of this rare variety. 5-inch pots, \$1.25 each.

Chamædora Graminifolia.

A pretty and graceful dark green feathered Palm of free and easy growth. 3-inch pots, 10 inches high, 50 cts. each.

Calamus Intermedius.

A pretty decorative species with dark green foliage, the stems of which are clothed with long dark spines. 3½-inch pots, 12 inches high, 75 cts. each.

Cocos Weddeliana.

We have now in stock the largest and thrickest lot of these it has ever been our good fortune to possess. The plants are strong, clean, vigorous and of good color. Indispensable in filling Fern Dishes, Jardinieres, or for decorative purposes where a specially graceful plant is required.

	Per doz.	Per 100.	Per 1000
2½-in. pots, 4 to 5 inches high,	\$1 25	\$10 00	\$ 90 00
3 " " 8 to 10 " "	2 00	15 00	140 00

Cocos Insignis.

Similar in general appearance to Cocos Weddeliana, but of stronger growth. An excellent variety to grow into large specimens.

2½-inch pots, 30 cts. each; \$3.00 per doz.
3 " " 50 " " 5.00 "

Cocos Plumosus.

2½-inch pots, \$1 00 per doz.; \$8 00 per 100.
3 " " 1 25 " 10 00 "

KENTIAS.

Our stock of these occupy over 1½ acres of glass, the largest block of these most useful plants in the world.

Kentia Belmoreana.

Inch po	Leaves.	Height.	Per doz.	Per 100.
2½	3 to 4	8 ins.	\$2 00	\$15 00
	4 to 5	10 to 12 "	3 00	25 00
4	5 to 6	15 "	4 50	35 00
5	5 to 6	18 to 20 "	9 00	75 00
5	5 to 6	22 to 24 "	12 00	100 00
6	6	24 to 26 "	15 00	125 00
			<i>Each.</i>	<i>Dozen.</i>
6	6 to 7	28 to 30 "	1 50	18 00
7	6 to 7	30 to 3 "	2 00	24 00
10	6 to 7	60 "	0 00	
12	6 to 7	60 to 72 "	15 00	
14	7 to 8	7 to 8 ft.	25 00 to 50 00	

Many of the largest sizes (\$10.00 and upwards) are not perfect plants, they showing some blemishes; however, not to such an extent as to render them unsaleable, while all are of exceptional good value, especially for decorative purposes.

KENTIA BELMOREANA.

LATANIA BORBONICA.

Kentia Forsteriana.

 3 " " \$1.25 " 10.00 per 100.

PHOENIX CANARIENSIS.

Ptychosperma Alexandria.

4 inch pots, 20 to 24 inches high, \$3.00 per dozen.

Seaforthia Elegans.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Thrinax Parviflora.

A nice lot of 2½ inch pots of this pretty dwarf palm. \$1.25 per doz.; \$10.00 per 100.

Two New Russelias.

The Russelias are useful basket or vase plants, of graceful drooping habit, producing freely tubular rich-colored flowers. The varieties here offered are entirely distinct from the old favorite, Russelia Juncea, and are a distinct break in this class of plant.

Russelia Lemoinei Multiflora. The primary stems are strong and vigorous, flower panicles being extremely long and are covered with tassels of flowers one above the other; color a magnificent coral red.

Russelia Lemoinei Elegantissima. The primary stems are finer than in Multiflora, and closely covered with foliage; very graceful in their arching form; the bloom is so freely produced as to completely cover the plant; flowers bright, soft red.

\$1.00 per doz.; \$8.00 per 100.

Watsonia Ardernei.

A bulbous-rooted plant that is closely allied to the Gladiolus and that will succeed under similar conditions, or grown as a pot plant in the greenhouse. Its foliage is similar to that of the Gladiolus from which rise stems four feet high, which are branched, five or six branches frequently being on one stem, and bearing many long-tubed, open-mouth flowers two inches across, which are of the purest glistening white.

50 cts. each; \$5.00 per dozen.

Grand New Forcing

Rose LIBERTY.

Undoubtedly the finest crimson Rose of modern times, and a grand addition to the Hybrid Tea class. It is of a bright crimson scarlet and surpasses its rival, the well-known *Meteor*, in abundance of bloom, size and color, without the slightest tendency of the petals to blacken, which is so characteristic of this variety, and, most of all by its exquisite fragrance, a quantity altogether lacking in *Meteor*. This Rose is particularly welcomed by the floral artist by reason of its richness and durability of color, which, combined with its fragrance, fills a long-felt want in this color. The habit of the plant is simply perfection, throwing up strong, stout stems from the base of the plant with an abundance of fine foliage. It is also constitutionally strong, which, with this tendency to sucker, insures a continuity of bloom.

We unhesitatingly predict a great future for this Rose, as it has been thoroughly tested by its introducers, who are among the most expert and accomplished growers in the country.

Every up-to-date florist should include in his collection this, the most sensational forcing variety yet introduced. The stock will be limited, and we advise that orders be placed now. Shipment to be made immediately the plants are ready in March.

New Climbing Moss Rose,

"Cumberland Belle."

The forerunner of a new race of Roses, a *grand true climbing Moss Rose*. It is of American origin, having been found growing in a private garden in the historic Cumberland Valley—a sport from that pretty Moss Rose Princess Adelaide, itself a strong, vigorous grower, which is wonderfully developed in the offspring, the original sport the first season having attained a height of over fifteen feet and had one hundred and eighteen buds and flowers on it at one time. The past season, planted side by side with Crimson Ramhler and other rampant growers, it fully equaled them in vigor of growth. In color it is identical to the parent, a bright silvery rose, very double; the buds nicely mossed and exquisitely fragrant. Altogether a most unique and desirable acquisition. 2½ in. pots, \$2.00 per doz.; \$15.00 per 100.

New Hybrid Evergreen

Wichuraiana Roses.

These pretty hybrids of this most useful Rose are quite hardy and need no protection whatever in winter, and from their trailing habit are admirably adapted for covering rock-work or bare spaces, as well as planting in the border. They are of very free growth, with foliage of a fine deep green, which lasts until well on in the winter. The flowers are produced in immense quantities, and last a long time in perfection. Altogether very desirable.

	Per doz.	Per 100
Evergreen Gem. Yellow buff on first opening, changing to pure white as they fully expand; from 2 to 3 inches in diameter, and perfectly double. 2½ in. pots.	\$4 00	\$30 00
Gardenia. When in bud hardly distinguishable from <i>Perle des Jardins</i> , changing to cream as it opens, incurving towards evening so as to resemble the <i>Gardenias</i> or <i>Cape Jasmine</i> , hence its name. 2½ in. pots.	4 00	30 00

	Per doz.	Per 100.
Jersey Beauty. Large, single flowers 3 inches in diameter, of a pale yellow color, with clusters of bright yellow stamens which gives it a most striking appearance. 2½ in. pots.	4 00	30 00
Pink Roamer. Strong grower, with single bright rich pink flowers and almost white centre; orange red stamens. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
South Orange Perfection. Dwarf trailing habit, double flowers, bluish pink at tips, changing to white. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
Triumph. This variety is of free growth, with fine foliage, double white flowers in clusters; sweet scented. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
Universal Favorite. Soft light pink, very fragrant. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00

Lord Penzance's Hybrid Sweet Briars.

Anne of Gierstein. Dark crimson, good grower.
Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.
Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.
Lord Penzance. Soft shade of fawn or ecru passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet scented.
Meg Merrilies. Gorgeous crimson, very free flowering, seeds abundantly, robust habit, large foliage.
 Strong two-year-old plants of all the above varieties, \$2.00 per doz.; \$15.00 per 100.

Two-Year-Old Dormant ROSES.

MARGARET DICKSON.

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

(Prices noted are only for orders delivered before April 1st.)

NOVELTIES and SPECIALTIES in

Hardy Perennial Plants.

ANEMONE, QUEEN CHARLOTTE.

Anemone Japonica.

Queen Charlotte.

Nothing in the way of new hardy perennial plants pleased us so much last summer as this grand new Anemone which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong, robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers, which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. Awarded a certificate of merit by the Pennsylvania Horticultural Society. \$1.25 per doz.; \$10.00 per 100.

Hardy Asters. (Michaelmas Daisies.)

The hardy Asters are among the showiest of our late fall-flowering hardy plants, and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Amethystinus. Rich amethyst blue flowers.

Datschi. A very late white flowering variety.

Formosissimus. Deep lilac shaded purple.

Horizontalis. Of very symmetrical growth, covered in September with small, rosy lilac flowers.

Laovis. An early flowering, light blue variety.

Lady Trevyan. A fine, large pure white.

Linosyris. A deep yellow early flowering variety.

Novae Angliae. Large bluish purple.

" " Rubra. Bright rose colored flowers.

Purpurimus. Rich purple, very free.

Robert Parker. Lavender blue with yellow centre.

Snow Flake. A compact growing, very late white flowering variety.

10 cts. each; \$1.00 per doz.; \$8.00 per 100. The set of 12 varieties for \$1.00.

Giant-flowered Hardy Aster Grandiflorus.

The finest of all, and distinct in character and flower from all others. The flowers frequently measure 2 inches in diameter, are of a lovely violet blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful. \$2.00 per doz.; \$15.00 per 100.

New Campanula Persicifolia Gigantea Moerheimi.

A grand acquisition and undoubtedly the finest double white Campanula in cultivation. The plant attains a height of 20 to 24 inches, branches freely, and produces, during the entire summer, very double pure white flowers 2½ to 3 inches in diameter, resembling a fine double white Rose, and is perfectly hardy. 2½ in. pots, ready April 1st, 35 cts. each; \$3.50 per dozen.

Three Choice Hybrid Delphiniums.

The three varieties here offered are the handsomest of this class of plants that have yet come to our notice, and deserve a position in every garden; they are perfectly hardy and flower continuously during the entire summer and fall months, producing spikes 15 to 18 inches long.

Belladonna. Cannot be recommended too highly on account of its lovely large sky-blue flowers, which are heightened in richness of color by a distinct silvery sheen and its remarkable freedom of blooming, beginning in May it continues a mass of bloom until late in the fall. \$2.00 per doz.; \$15.00 per 100.

Frau Emma Metzger. A most beautiful variety, the peculiar coloring of which it is almost impossible to describe; the flowers, which are of large size and double, are of a glossy silvery rose in the centre which gradually passes to a light sky-blue as it approaches the edges, and white eye; a combination of shadings which must be seen to be fully appreciated. 25 cts. each; \$2.50 per dozen.

Wilkie Collins. Rich royal purple shading to blue, double flower, nearly two inches in diameter. 25 cts. each; \$2.50 per dozen.

The set of 3 varieties for 60 cents.

Helianthus Multiflorus Maximus.

Without a doubt the finest and most useful hardy Sunflower yet introduced, producing handsome, regular formed, large, single flowers from early in July until late in the autumn; excellent for cutting. 75 cts. per doz.; \$6.00 per 100.

Incarvillea Delavayi.

A new hardy tuberous-rooted plant, an introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition. 40 cts. each; \$4.00 per dozen.

Iris Kaempferi. (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer-flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from ten to twelve inches in diameter, and rival the orchids in their rich colorings and markings. We offer twenty-four distinct varieties which were selected while in flower from over seventy-five of the best Japanese introductions. (For names and descriptions, see page 163 of our Retail Catalogue.) 15 cts. each; \$1.50 per doz.; \$10.00 per 100. Set of 24 varieties for \$3.00. Choice mixed varieties, \$1.00 per doz.; \$8.00 per 100.

HELIANTHUS MULTIFLORUS MAXIMUS.

New Perennial Phlox.

Wonderful strides have been made in recent years in the perfecting of the perennial Phloxes. The varieties listed below are the "cream" of recent introductions, and are a superb collection.

C. Commerell. A beautiful variety of a soft shell pink marked with rays of white and deep pink, very compact and free, flowers very large. 30 cents.

Consel H. Trost. A good, soft-colored rich crimson, of good size and of free, vigorous habit. 15 cents.

Fantome. Entirely distinct, rosy lilac shading to white at edges, a fine large individual flower and truss; very compact and remarkably free flowering. 15 cents.

F. G. Von Lassburg. This is the ideal white variety; color pure snowy white, flowers of immense size, measuring 1½ inches in diameter, which are produced on large, strong-branched panicles. This is simply perfection among the white Phlox, and will undoubtedly supersede all others of this color. 30 cents.

H. Hassack. Intense orange scarlet, deep maroon edge; one of the brightest and richest in cultivation. 30 cents.

Inspector Peickor. Pure lilac suffused with white; a strong, robust grower with large branching panicles. 15 cents.

La Mahdi. A fine light purple, rich and glowing; habit very dwarf and very free. 15 cents.

Papillon. A fine flower with large, overlapping petals, one-half of same being of a bright lilac suffused with white, the other half being white suffused lilac; an entirely distinct and novel variety. 15 cents each.

Roxeianæ. Crimson purple, very free and decided. 15 cents.

W. Clibran. A most distinct and handsome variety; very free; white suffused with rosy pink with distinct bright red centre. 15 cents.

All the above varieties will be ready for distribution about March 1st. We will furnish 1 each of the set of 10 varieties for \$1.50.

Spiræa (Astilbe) Chinensis.

Of recent introduction from China, entirely distinct and a grand addition to our list of hardy border plants. It is a strong robust grower, forming a bold clump of large handsome foliage. The flower stems are erect, about three feet high, leafy and much branched, and support large triangular plumes of feathery white flowers slightly tinted with pink. 25 cts. each; \$2.50 per doz.

SPIRÆA CHINENSIS.

Spiræa Aruncus Kneiffi.

A new variety that is entirely distinct from and superior to all existing kinds; it is of bold yet graceful habit, attaining a height of 3 to 4 feet, with finely divided fern-like dark green graceful foliage, and a mass of pure white feathery flowers, which are borne in delicately, graceful, feathery sprays. A valuable addition to our list of hardy border plants, and will prove most desirable as an early summer cut-flower. 35 cts. each; \$3.50 per dozen.

Tritoma Pfitzeri (Flame Flower.)

A grand improvement on the old Tritoma Uvaria Grandiflora, the flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently 4½ feet high, with heads of bloom over twelve inches long. They are of a rich crimson scarlet, shading to salmon-rose on the edge; a really first-class acquisition. 15 cts. each; \$1.50 per doz. \$10.00; per 100.

Trollius Caucasicus Orange Globe.

A handsome new variety of the Globe Flower attaining a height of 3 feet and producing very large globular flowers of a deep orange color, during the entire summer. A valuable addition to our list of hardy border plants. 35 cents each; \$3.50 per dozen.

Yucca Filamentosa Bicolor.

Everyone is familiar with the common Yucca on Adams Needle, a plant with evergreen foliage and tall spikes of creamy white drooping, bell-shaped flowers, which are produced in the greatest profusion during mid-summer. In the variety here offered is added the additional charm of beautiful variegated foliage, the leaves being longitudinally striped with yellow. A pretty and interesting hardy plant that will succeed in any position. 75 cents each.

Choice Hardy Shrubs.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based, cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one-year-old plants, \$1.25 per dozen; \$10.00 per 100.

Three Choice New Deutzias.

Offered for the first time this season.

Deutzia Gracilis Rosea. A strong vigorous growing variety, attaining a height of 3 feet, of erect branching habit and remarkably floriferous; flowers of large size and open out very full, color blush white, the reverse of petals being of a delicate but fresh rose.

Deutzia Gracilis Venusta. A handsome white variety of dwarf branching habit, producing elongated cone-shaped panicles of pure white flowers of large size, the individual flowers reminding one of a single azalea in miniature.

Deutzia Lemoinei Compacta. Identical with *D. Lemoinei* but of much dwarfer compact habit.

Small plants from 2-inch pots, 25 cents each; \$2.50 per dozen.

Hydrangea Paniculata Grandiflora.

Strong bushy plants, 20 to 24 inches high, \$1.25 per dozen; \$10.00 per 100.

Standard or tree-shaped, fine plants, \$4.00 per dozen; \$30.00 per 100.

Hardy Rhododendrons for Outdoor Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate.

12 to 15 inches high, 50 cents each; \$5.00 per dozen; \$40.00 per 100.

15 to 18 inches high, 75 cents each; \$7.50 per dozen; \$60.00 per 100.

18 to 24 inches high, \$1.25 each; \$12.00 per dozen; \$90.00 per 100.

Viburnum Plicatum (Japanese Snowball.)

A fine lot of strong bushy plants, 24 to 30 inches high, \$2.50 per dozen; \$20.00 per 100.

New Weigelia Eva Rathke.

It is only rarely that we notice decided novelties in this popular shrub, but in *Eva Rathke*, we certainly have a grand acquisition, a variety that is at once a remarkably free bloomer, and entirely distinct in color, it being a rich reddish purple, and entirely different from anything before offered. Extra heavy two-year-old plants, 35 cents each; \$3.50 per dozen.

	Per doz.	Per 100.

Strong two-year-old, 75 cents per 100; \$5.00 per 1000.

Choice Hardy Vines and Climbers.

CLEMATIS MME. EDOUARD ANDRE.

Akebia Quinata.

We offer a large stock of this climber; strong plants. \$1.50 per dozen; \$12.00 per 100.

Ampelopsis Veitchii.

Strong two-year-old field-grown plants, \$1.00 per doz.; \$8.00 per 100.

Ampelopsis Virginica.

Strong two-year field-grown plants, \$1.25 per doz.; \$10.00 per 100.

Aristolochia Siphon.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per dozen; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper).

Grandiflora. Strong plants. \$4.00 per dozen.

Radicans. Strong plants. \$2.00 per dozen.

Cinnamon Vine.

Strong tubers, 25 cents per dozen; \$1.50 per 100.

Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

- Boekoop Seedling. Extra large lavender.
 - Duchess of Edinburgh. Double pure white.
 - Fairy Queen. Pale flesh with a pink bar.
 - Gypsy Queen. One of the finest rich purple varieties.
 - Henryi. Finest large single white.
 - Jackmanni. The popular dark, rich, royal purple.
 - Madame Baron Veillard. Light rose, shaded lilac.
 - Mme. Van Houtte. Pure white; extra fine.
 - Mme. Edouard Andre. Nearest approach to red.
 - Miss Bateman. White, with chocolate-red anthers.
 - Standishi. Light blue.
 - The Gem. Deep lavender blue.
 - The President. Bright bluish purple.
- \$3.00 per doz.; \$25.00 per 100.

New Red Clematis.

M. Koster. A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth. We have seen M. Koster under ordinary nursery culture, a height of 6 to 8 feet, in two-year-old plants, with hundreds of flowers open at one time. 35 cts. each; \$4.00 per doz.

Jackman's New Hybrid Coccinea Clematis.

We have been appointed Sole Agents for the United States and Canada by Messrs Jackman & Sons.

An entirely new and distinct type, being crosses between Clematis Coccinea and Star of India, both of which succeed well in our climate. They combine all the good points of their parents in hardiness, vigorous growth and freedom of bloom, which together with their entirely distinct coloring, and novel shape, will make them valuable additions to our list of Hardy Climbers.

Countess of Onslow. A bright violet-purple with a broad band of scarlet down the centre of each petal, it is of open bell-shape form, with four to six petals to each flower; very useful for decorative purposes, as when cut will keep fresh in water for several days. \$1.25 each.

Duchess of Albany. A beautiful bright pink, deeper down the centre, softening down to lilac pink round the margin; campanulate in shape, useful for cutting. \$1.25 each.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge down the centre of each petal, of campanulate form, with four to six petals to each bloom, useful for cutting. \$1.25 each.

Grace Darling. A delicate hue of bright rosy carmine, star-shaped blooms. \$1.50.

The set of four varieties, one of each. \$5.00.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong two-year-old plants of the above varieties at \$1.00 per dozen; \$7.00 per 100.

Clematis Flammula.

Strong two-year-old plants of this old favorite. \$1.25 per doz.; \$10.00 per 100.

Clematis Paniculata.

Strong two-year-old field-grown plants. \$1.25 per doz.; \$10.00 per 100.

Ipomoea Pandurata (Hardy Moon-Flower).

Strong dormant roots. 50 cts. per doz.; \$4.00 per 100.

"PLANET JR." TOOLS FOR 1900.

Space will not permit our showing and describing all of the "Planet Jr." tools, but we will send a fully illustrated catalogue free for the asking to any who desire it. Great improvements have been made for 1900. You can rely on getting the bottom price from us on any of the "Planet Jr." goods.

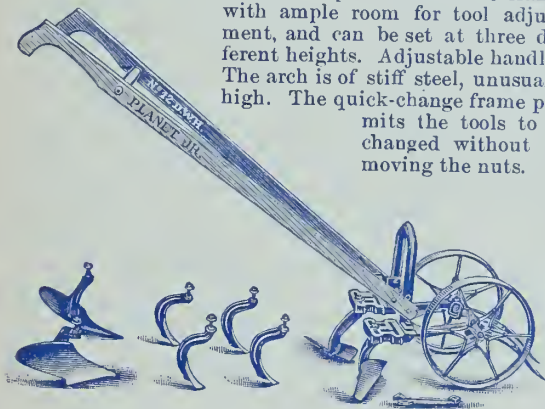

No. 3 HILL AND DRILL SEEDER. PRICE, \$11.00.

THIS seeder is the latest and most perfect development of the hand seed drill. It sows evenly in drills, and also drops in hills, at 4, 6, 8, 12 or 24 inches apart. It is thrown out of gear instantly by moving a convenient lever; or, the flow of seed is stopped by pushing down the feed rod. No time is lost; no seed is wasted. It is quickly set to sow different kinds of seed in the exact thickness desired. 15 inch drive wheel; hopper holds 2½ quarts; it runs light and sows equally well with a full hopper or a tablespoonful of seed.

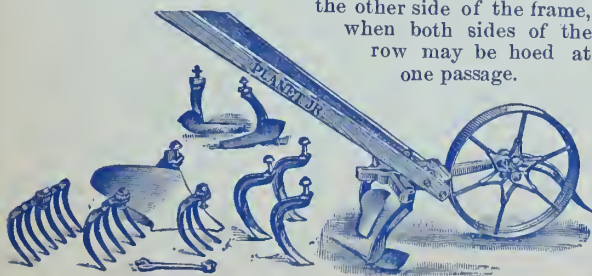

No. 12 DOUBLE WHEEL HOE, CULTIVATOR AND PLOW. PRICE, \$7.25.

THIS perfected wheel hoe is invaluable for use in all small crops. Changes and adjustments of the tools are made with the greatest quickness. Wheels can be set at four different distances apart. Malleable frame, with ample room for tool adjustment, and can be set at three different heights. Adjustable handles. The arch is of stiff steel, unusually high. The quick-change frame permits the tools to be changed without removing the nuts.

No. 16 SINGLE-WHEEL HOE, CULTIVATOR, RAKE AND PLOW. PRICE, \$6.00.

THIS latest and best single wheel hoe has a very full set of tools, several of them being of new special design, such as have been found to work in the very best manner. It has 11 inch wheel with broad face; is very light, strong and easy running. It has adjustable handles and quick-change frame, and the wheel may be attached to the other side of the frame, when both sides of the row may be hoed at one passage.

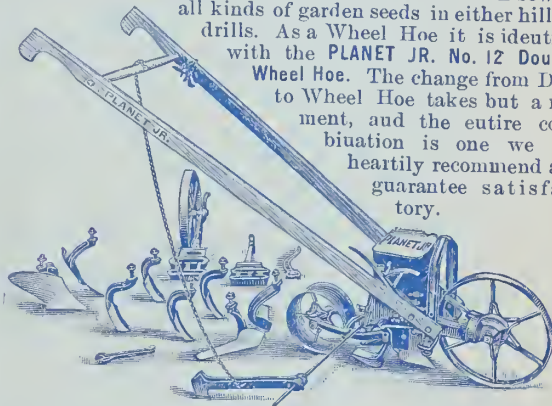

No. 17 SINGLE-WHEEL HOE.

The same as No. 16, but with a pair of 6 inch hoes, a set of cultivator teeth and a plow only. Price, \$4.75.

"PLANET JR." No. 25 COMBINED HILL AND DRILL SEEDER AND DOUBLE-WHEEL HOE. PRICE, \$14.00.

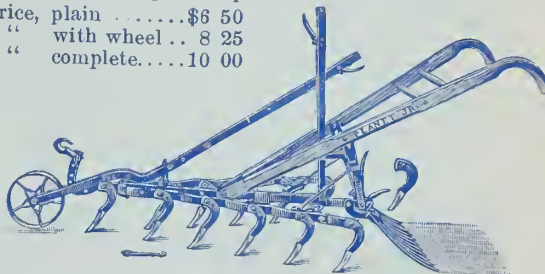

THIS new combined machine is intended for a class of gardeners who have a large enough acreage in crops for a Double-Wheel Hoe to be used to good advantage, and yet prefer not to buy a separate Wheel Hoe. It holds 1½ quarts and has 11½ inch wheels—which are just the right size. It will sow in drills or hills, 4, 6, 8, 12 or 24 inches apart. It is thoroughly substantial and accurate in sowing all kinds of garden seeds in either hills or drills. As a Wheel Hoe it is identical with the PLANET JR. No. 12 Double-Wheel Hoe. The change from Drill to Wheel Hoe takes but a moment, and the entire combination is one we can heartily recommend and guarantee satisfactory.

"PLANET JR." HARROW AND CULTIVATOR.

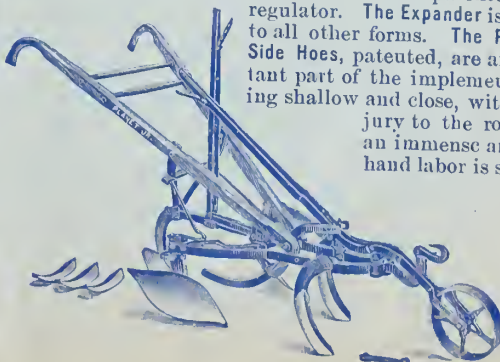

THIS tool has rapidly grown into favor with market gardeners and strawberry growers. It has a high frame and the chisel-shape teeth cut an inch wide each. The foot lever pulverizer is a capital addition for preparing ground for the seed drill or for plant setting. It contracts to 12 inches, expands to 32 inches. It cultivates deep without throwing earth upon the plants.

Price, plain\$6 50
 " with wheel .. 8 25
 " complete.....10 00

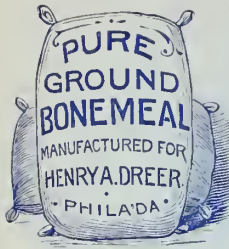

"PLANET JR." No. 8 HORSE HOE. PRICE, \$10.00.

Without Depth Regulator (order as No. 7), \$9.25. THE "Planet Jr." Combined Horse Hoe and Cultivator is so strongly built as to withstand incredible strain, yet it is light and easy to handle. The frame is longer than usual and about 1½ inches higher, making a tool that will not clog easily. The Stiff Steel Standards are hollow with round throats; they polish quickly and free themselves readily from obstructions. The Depth is under perfect control by means of a new lever wheel and the new patented depth regulator. The Expander is superior to all other forms. The Reversible Side Hoes, patented, are an important part of the implement, working shallow and close, without injury to the roots, that an immense amount of hand labor is saved.

FERTILIZERS.

Pure Ground Bone.
Pure Bone Meal. 200 lb. sack, \$3.50; ton, \$31.00.

DREER'S QUARTERLY Wholesale Price List.

APRIL—JUNE, 1900.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 Always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

PLANT DEPARTMENT.

NOVELTIES AND SPECIALTIES IN GARDEN, GREENHOUSE AND DECORATIVE PLANTS.

Most of the varieties offered on the following pages are fully described and illustrated in our Retail Catalogue, which please see.

AGERATUM STELLA GURNEY.

Ageratum Stella Gurney.

This variety originated with Mr. James Gurney, of the Missouri Botanical Gardens, where it has been used extensively as bedding plant the past summer. It is a decided improvement in color, being the deepest blue yet introduced and is exceptionally free flowering, not only in summer but the year round.

\$1.25 per dozen, \$8.00 per 100.

Acacia Armata. (Paradoxa.)

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants. 5-inch pots, 50 cts. each; \$5.00 per doz.

Acalypha Sanderi. (Chenille or Dewey Plant.)

One of the most interesting plants of recent introduction. It is of strong vigorous growth with large dark green foliage, from each axil of which, one to two feet long and nearly an inch thick, chenille-like spikes of velvety crimson flowers are gracefully suspended. 75 cts. per doz.; \$6.00 per 100.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.
Scherzerianum Album. Waxy white flowers. \$1.00 each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Araucaria Excelsa Glauca.

5 inch pots, 10 to 12 inches high, 2 to 3 tiers, \$1.00 each.

Araucaria Robusta Compacta.

5 inch pots, 6 to 8 inches high, 2 tiers, \$1.00 each.

CHINESE AZALEA.

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

4 inch pots, 8 to 10 inches high, 2 to 3 tiers, 60 cts. each.

5 " " 10 to 12 " " 2 to 3 " 75 " "

Azaleas for Easter.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this late date must be left to us.

As these plants can be more safely shipped when in bud, we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	In. diam.	Per doz	Per 100.
5 in. pots, nice bushy crowns,	10 to 12	\$5.00	\$40.00
5 and 6 " " " "	12 to 14	6.00	50.00
6 and 7 " " " "	13 to 15	9.00	70.00

Also a grand lot of specimen plants of Mad. Van der Cruysen of exceptionally good value at \$1.50, \$2.00, \$2.50, \$3.00 and \$5.00 each.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at \$6.00 per dozen.

Browallia Speciosa Major.

A giant flowered form of the beautiful blue Browallia, flowering continuously summer and winter, may be grown either as a pot or border plant, its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cents per dozen; \$6.00 per 100.

SOLD OUT OF ALL BUT THE 10 TO 12 INCH

TUBEROUS BEGONIAS.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened, and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz; \$2.50 per 100; \$20.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz; \$2.00 per 100; \$18.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz; \$4.00 per 100; \$35.00 per 1000.

New Frilled Tuberous-Rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. A decided acquisition. Strong bulbs, 25 cts. each; \$2.50 per doz.

New Tuberous-Rooted Begonia, "Duke Zeppelin."

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. No other flowering plant attracted so much attention during the past summer as this brilliant Begonia. Strong bulbs, 20 cts. each; \$2.00 per dozen; \$15.00 per 100.

NEW FRILLED TUBEROUS BEGONIA.

Bay Trees (*Laurus Nobilis*).

Standard or Tree-shaped.

Stems 45 in. high, crowns 24 in. in diam.....	\$ 6 00 each.

8 “ “ 40 “ “ “ “	12 50 “
8 “ “ 44 “ “ “ “	15 00 “

Boxwood Trees.

Standard or Tree-shaped.

Handsomely trained specimens, 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each.

Pyramidal-shaped.

Handsomely trained specimens 9-inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

Caladium Albanense.

An entirely new race of Caladiums ; the leaves are borne on stont petioles, bnt unlike our well-known varieties are spear-shaped and of thick leathery texture. The colors are red, green and creamy yellow, radiating from the centre of the leaf while the wavy edges are margined with green gray. 35 cts. each ; \$4.00 per doz.

Caladium Argyrites.

A most beautiful dwarf growing variety with miniature dark green foliage which is freely mottled with white, it can be used to great advantage in the filling of Jardinieres and Fern dishes, or in connection with choice cut flowers. Bulbs started up to the middle of February will make good plants to use at Easter. \$2.00 per dozen ; \$15.00 per 100.

Golden Yellow Calla. (*Richardia Elliottiana*.)

Entirely distinct and unlike all other forms of yellow Callas heretofore introduced. Elliottiana has the same habit of growth as the ordinary white Calla, R. Ethiopica with flowers of the same size and shape, but of a rich, clear, lustrous golden yellow color, the foliage is dark green, with a number of translucent creamy white spots, which adds to its beauty. \$1.50 each.

Grand Canna. President McKinley.

Color brilliant crimson with bright scarlet shading, truss large, compact of good shape and held well above the foliage, and are produced freely and evenly. Plant is dwarf 3 feet ; foliage deep green with marked chocolate margin. Plant stools freely, is a compact even grower. It is one of the earliest bloomers, coming into flower when 14 to 18 inches high and blooming continuously thereafter. The effect when massed is extremely brilliant. The contrast between the flowers and foliage being rich, chaste and effective. A marked improvement upon all crimson Cannas introduced to date. Undoubtedly the king of crimson bedders. 50 cents per dozen ; \$4.00 per 100.

New Yellow Canna Golden Scepter.

A new variety introduced from Canada last year, a strong vigorous grower, which attains a height of 5 feet, with bright green foliage, and good sized flowers, which are of a rich golden yellow with no traces of other colors, except at the base of the minor petals, which are shaded orange scarlet. \$1.50 per dozen ; \$10.00 per 100.

Two Grand Dark-Leaved Cannas.

Black Beauty. The handsomest Indian Canna yet introduced, with large massive foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 30 cents each ; \$3.00 per dozen.

Bassett's Red. A grand bronze-leaved variety of the old Indian Canna with intense bright bronzy red foliage, valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit and a stately plant in every way. 75 cents per dozen ; \$6.00 per 100.

Crocosmia Aurea Imperialis.

One of the most beautiful bulbous-rooted plants of recent introduction, producing its large six-petaled star-like flowers from early in July until late in the autumn, these are of bright orange color and measure 3 inches across and are arranged in loose panicles on tall stems 2½ to 3 feet high. 30 cts. each ; \$3.00 per doz.

Cycas Revoluta. (Sago Palm.)

We are now booking orders for dormant stems which are expected to arrive early in May ; stems from 6 to 24 inches at 10 cents per pound.

We shall be pleased to give special quotations on lots of 500 or more pounds.

PYRAMIDAL-SHAPED BAY.

STANDARD OR TREE-SHAPED BAY.

NEW...

DAHLIAS.

NEW DOUBLE WHITE DAHLIA "STORM KING." (BLIZZARD.)

Fourteen Grand New Cactus Dahlias.

A selection of the very best European introductions of the past few years, surpassing anything of this kind ever brought together. Awarded first honors at the exhibition of the National Dahlia Society, the past summer, in competition with many other collections.

Aegir. The petals, which are tubular or quilled, are twisted and arranged in the most fantastic yet regular form, giving the flower a most unique and pleasing appearance; in color it is a rich, warm cardinal scarlet.

Austin Cannell. Entirely distinct on account of its long, narrow, twisted tubular petals, giving the flower a peculiar clean cut appearance. It is of a light crimson rose shading lighter towards the edges.

Charles Woodbridge. A magnificent variety of a light crimson shaded purple.

P. Bartels. Well built flowers of medium size, of a bright scarlet, when first opening showing a violet shade.

George Marlow. Primrose yellow shaded amber, an improvement on all others of this type.

Green's Gem. A rich and glowing orange red, bright and fiery, with long, narrow, twisted petals which are incurved in such a manner that it gives the flower a peculiar light and airy appearance.

Hohenzollern. Of a rich orange-red bronze color with golden sheen, a flower of immense size.

John H. Roach. The finest soft yellow yet introduced.

Loreley. This handsome variety was awarded a silver medal at the Hamburg International Horticultural Exposition in 1897; it is one of the finest of the pink varieties yet introduced; it is of true Cactus form, the outer petals are of a soft La France pink gradually shading lighter towards the centre, which is a creamy white.

Miss Webster. Pure white without a tinge of color, excepting on the reverse of the lower petals, where it is slightly tinged with rose during extreme hot weather.

Mabel Keith. Petals narrow and twisted, of a buff color, suffused with soft pink shading to creamy yellow centre.

Miss Annie Nightingale. Outer petals broad and flat inner petals curled and twisted, occasionally showing a single centre which, however, does not detract from the flower, but rather adds to its graceful, unique appearance; color clear yellow flaked and heavily edged with scarlet.

Mrs. A. Beck. Of a true Cactus form with long, twisted petals, loosely arranged, forming a graceful large flower of a rich salmon red with scarlet reflex.

Strahlen Krone. Intense cardinal red, rich and glowing, with long, twisted petals; in our estimation the most perfect and handsomest Cactus Dahlia in cultivation.

Price, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

The set of 14 for \$3.00.

New White Dahlia—"Storm King."

Magnificent, perfectly formed snow-white flowers, borne in the greatest profusion on long, strong stems, perfectly suited for cut-flower purposes. The blooms are of medium size, perfect in form, with petal slightly notched. In habit it is similar to A. D. Livoni, but is a more profuse bloomer than that free flowering variety, while the stems average longer, and as the plant branches close to the ground, it enables it to withstand winds and drouth better than any other variety. \$2.50 per dozen; \$20.00 per 100.

Our Cover Set of Single Dahlias.

For colored illustrations see cover of Dreer's Garden Calendar. A superb collection of the four finest varieties yet introduced; fine for summer cut flowers.

Anemone. A pure chaste white variety, resembling a large white Anemone Japonica.

Ami Barillet. Brilliant garnet, dark bronzy foliage.

Evelyn. Delicate soft pink with white disc around a yellow centre.

St. George. The grandest single Dahlia ever introduced, pure clear yellow, 3 to 4 inches in diameter.

\$1.25 per dozen; \$10.00 per 100.

DRACÆNA GODSEFFIANA.

Dracæna Godseffiana.

Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2½ inch pots, \$2.00 per doz.; \$15.00 per 100.
 3 " " 3.50 " 25.00 "

Dracæna Sanderiana.

3 inch pots, \$3.00 per dozen.

Dracæna Lindenii and Massangeana.

Good plants in 5 inch pots, 50 cents each.

Dracæna Indivisa.

A fine lot of this useful plant.

3 inch pots, 75 cents per doz., \$6.00 per 100.
 4 " " \$1.50 " 12.00 "
 5 " " 2.00 " 15.00 "
 6 " " 3.50 " 25.00 "
 7 " " 40 cents each, 4.00 per dozen.
 8 " " 50 " " 5.00 "

Dracæna Amabilis.

Fine plants in 4-inch pots, 50 cts. each; \$5.00 per doz.

Ficus Elastica. (Rubber Plant.)

4 in. pots, 10 to 12 in. high, \$4.00 per doz.; \$30.00 per 100.

Ficus Falcata.

An improvement on Ficus Repens of the same climbing habit, attaching itself to walls, etc., but of a denser, closer growth, with smaller foliage. 15 cts. each; \$1.50 per doz.

GERANIUM "AMERICA."

New Dwarf Geranium America.

An ideal Geranium for pot culture or bedding, a seedling from the popular Mars, but of stronger growth and with larger foliage than its parent, but retaining the same free-flowering habit and compact growth peculiar to that variety. On opening the flowers are white with salmon centre, changing to the various shades of salmon and rose, finally, when open, changing to pure rose. As all the colors appear on the same truss at one time, the effect is very novel. 50 cts. each; \$5.00 per dozen.

Six Grand New Single Geraniums.

- Chateaubriand.** Large, brilliant scarlet with maroon shadings and black veins on upper petals. 35 cts. each.
- Daumier.** Soft rosy lilac, centre of flower heavily spotted with rosy anilene; one of the choicest Picotee varieties. 50 cts. each.
- Lord Kitchener.** Lower petals soft scarlet, upper clear cherry red; a fine large flower. 50 cts. each.
- Mary Pelton.** Delicate pale salmon, the finest of this color yet introduced. 50 cts. each.
- Oliver.** Centre of flower snow white suffused rich magenta, bordered with glowing scarlet around the edge of the petals. 35 cts. each.
- Ponschkine.** Brilliant anilene violet, upper petals blotched with pure white, the centre of the lower petals shading into rosy white. 25 cts. each.

The set of 6 for \$2.25.

Six Grand New Double Geraniums.

- J. B. Varonne.** Immense florets, fiery carmine with large white centre; one of the most striking of the Aureole section. 35 cts. each.
- Richelieu.** Deep scarlet shaded fiery orange with maroon veiling, large flowers and trusses; very free. 35 cts. each.
- Mad. Carnot.** The most promising double white yet introduced. 35 cts. each.
- Pasteur.** Brilliant orange scarlet, the brightest scarlet Geranium yet introduced. 75 cts. each.
- M. Canovas.** Brilliant fiery scarlet veined with maroon, very large flower and truss. 35 cts. each.
- Jean Remeau.** Snow white veined with rosy violet, petals bordered with bright crimson. 75 cts. each.

The set of 6 for \$2.50.

DREER'S SUPERB GLOXINIA.

Three Choice New Ivy-leaved Geraniums.

Leopard. The most distinct and novel Ivy Geranium yet introduced ; the ground color is a clear lilac pink with heavy carmine blotches over the upper petals ; the markings are so unique that it may aptly be described as a Lady Washington Ivy Leaf. \$1.00 each.

Achievement. A cross between Souv. de Chas. Turner and a pure white single zonale, with large semi-double flowers of a distinct shade of salmon pink. 35 cts. each.

The Bride. The largest and purest double white yet introduced ; very dwarf and free. 25 cts. each.

The set of 3 varieties for \$1.25.

General Collection of Geraniums.

See page 15.

Dreer's Superb Gloxinias.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured, they are of the Crassifolia type of foliage, and are all erect flowering.

We offer either separate colors as Blue, Red, White or in Choice Mixture at 50 cts. per doz. ; \$4.00 per 100 ; \$30.00 per 1000.

Gladiolus.

A select list of named and mixed varieties will be found offered on page 32.

DAVALLIA STRICTA.

....DREER'S....

FINE FERNS.

Our stock of Ferns is the most extensive in the country, over 50,000 square feet of glass being devoted to this department alone.

9, very bushy.	48 to 54 "	\$7.50 each.	

Areca Verschafelti.

This variety is always very scarce. We offer a fine lot of 3 in. pots, \$3.00 per doz.; \$25.00 per 100. 4 in. pots, \$5.00 per doz.; \$40.00 per 100.

Areca Baueri.

5 in. pots, 2 plants in a pot, 15 to 18 ins. high, 60 cts. each; \$6.00 per dozen.

Caryota Urens. (Fish Tail Palm.)

2½-inch pots,	\$1.00 per doz. ;	\$8.00 per 100.
3 "	1.25 "	10.00 "
4 "	2.50 "	20.00 "

Caryota Sobolifera.

2½-inch pots, \$1.00 per dozen; \$8.00 per 100. 3-inch pots, \$1.25 per dozen; \$10.00 per 100.

Ceroxyton Niveum.

We offer a nice thrifty lot of this rare variety. 5-inch pots, \$1.25 each.

Chamædora Graminifolia.

A graceful dark green feathered Palm of free and easy growth. 3-inch pots, 10 inches high, 50 cts. each.

Calamus Intermedius.

A pretty decorative species with dark green foliage, the stems of which are clothed with long dark spines. 4-inch pots, 12 to 15 inches high, 75 cts. each.

Cocos Weddeliana.

Indispensable in filling Fern Dishes, Jardinieres, or for decorative purposes where a specially graceful plant is required.

	Per doz.	Per 100.	Per 1000.
2½-in. pots, 4 to 5 inches high,	\$1 25	\$10 00	\$ 90 00
3 " 8 to 10 "	2 00	15 00	140 00

Cocos Insignis.

Similar in general appearance to Cocos Weddeliana, but of stronger growth. Excellent variety to grow into specimens.

2½-inch pots, 30 cts. each;	\$3.00 per doz.
3 " 50 "	5.00 "

Cocos Plumosus.

2½-inch pots,	\$1 00 per doz. ;	\$8 00 per 100.
3 "	1 25 "	10 00 "

Euterpe Edulis.

A nice lot in 4-inch pots, 20 to 24 in. high, 25 cts. each; \$2.50 per doz.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

SPECIAL NOTICE.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Geonoma Gracilis.

A graceful small growing palm.

3-inch pots, \$1.25 per doz.; \$10.00 per 100.

Kentia Belmoreana.

Inch pots.	Leaves.	Height.	Per doz.	Per 100.
2½	3 to 4	8 ins.	\$2 00	\$15 00
3	4 to 5	10 to 12 "	3 00	25 00
4	5 to 6	15 "	4 50	35 00
5	5 to 6	22 to 24 "	12 00	100 00
6	6	24 to 26 "	15 00	125 00
			<i>Each.</i>	<i>Dozen.</i>
6	6 to 7	28 to 30 "	1 50	18 00
7	6 to 7	30 to 36 "	2 00	24 00
10	6 to 7	60 "	10 00	
12	6 to 7	60 to 72 "	15 00	
14	7 to 8	7 to 8 ft.	25 00 to 50 00	

Many of the largest sizes (\$10.00 and upwards) are not perfect plants, they showing some hlemishes; however, not to such an extent as to render them unsaleable, while all are of exceptional good value, especially for decorative purposes.

Thrinax Parviflora.

2½-inch pots, \$1.25 per doz.; \$10.00 per 100.
3 " 1.50 " 12.00 "

Two New Russelias.

The Russelias are useful basket or vase plants, of graceful drooping habit, producing freely tubular rich colored flowers. The varieties here offered are entirely distinct from the old favorite, Russelia Juncea, and are a distinct break in this class of plant.

Russelia Lemoinei Multiflora. The primary stems are strong and vigorous, flower panicles being extremely long and are covered with tassels of flowers one above the other; color a magnificent coral red.

Russelia Lemoinei Elegantissima. The primary stems are finer than in Multiflora, and closely covered with foliage; very graceful in their arching form; the bloom is so freely produced as to completely cover the plant; flowers bright, soft red.

\$1.00 per doz.; \$8.00 per 100.

Watsonia Ardernei.

A bulbous-rooted plant that is closely allied to the Gladiolus and that will succeed under similar conditions, or grown as a pot plant in the greenhouse. Its foliage is similar to that of the Gladiolus from which rise stems four feet high, which are branched, five or six branches frequently being on one stem, and bearing many long-tubed, open-mouth flowers two inches across, which are of the purest glistening white.

50 cts. each; \$5.00 per dozen.

Grand New Forcing

Rose LIBERTY.

Undoubtedly the finest crimson Rose of modern times, and a grand addition to the Hybrid Tea class. It is of a bright crimson scarlet and surpasses its rival, the well-known *Meteor*, in abundance of bloom, size and color, without the slightest tendency of the petals to blacken, which is so characteristic of this variety, and, most of all, by its exquisite fragrance, a quantity altogether lacking in *Meteor*. This Rose is particularly welcomed by the floral artist by reason of its richness and durability of color, which, combined with its fragrance, fills a long-felt want in this color. The habit of the plant is simply perfection, throwing up strong, stout stems from the base of the plant with an abundance of fine foliage. It is also constitutionally strong, which, with this tendency to sucker, insures a continuity of bloom.

We unhesitatingly predict a great future for this Rose, as it has been thoroughly tested by its introducers, who are among the most expert and accomplished growers in the country.

Every up-to-date florist should include in his collection this, the most sensational forcing variety yet introduced. The stock is limited, and we advise that orders be placed now.

New Climbing Moss Rose,

"Cumberland Belle."

The forerunner of a new race of Roses, a *grand true climbing Moss Rose*. It is of American origin, having been found growing in a private garden in the historic Cumberland Valley—a sport from that pretty Moss Rose Princess Adelaide, itself a strong, vigorous grower, which is wonderfully developed in the offspring, the original sport the first season having attained a height of over fifteen feet and had one hundred and eighteen buds and flowers on it at one time. The past season, planted side by side with Crimson Rambler and other rampant growers, it fully equaled them in vigor of growth. In color it is identical to the parent, a bright silvery rose, very double; the buds nicely mossed and exquisitely fragrant. Altogether a most unique and desirable acquisition. 2½ in. pots, \$2.00 per doz.; \$15.00 per 100.

New Hybrid Evergreen

Wichuraiana Roses.

These pretty hybrids of this most useful Rose are quite hardy and need no protection whatever in winter, and from their trailing habit are admirably adapted for covering rock-work or bare spaces, as well as planting in the border. They are of very free growth, with foliage of a fine deep green, which lasts until well on in the winter. The flowers are produced in immense quantities, and last a long time in perfection. Altogether very desirable.

	Per doz.	Per 100
Evergreen Gem. Yellow buff on first opening, changing to pure white as they fully expand; from 2 to 3 inches in diameter, and perfectly double. 2½ in. pots.	\$4 00	\$30 00
Gardenia. When in bud hardly distinguishable from <i>Perle des Jardins</i> , changing to cream as it opens, incurving towards evening so as to resemble the <i>Gardenias</i> or <i>Cape Jasmine</i> , hence its name. 2½ in. pots.	4 00	30 00

	Per doz.	Per 100.
Jersey Beauty. Large, single flowers 3 inches in diameter, of a pale yellow color, with clusters of bright yellow stamens which gives it a most striking appearance. 2½ in. pots	4 00	30 00
Pink Roamer. Strong grower, with single bright rich pink flowers and almost white centre; orange red stamens. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
South Orange Perfection. Dwarf trailing habit, double flowers, bluish pink at tips, changing to white. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
Triumph. This variety is of free growth, with fine foliage, double white flowers in clusters; sweet scented. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00
Universal Favorite. Soft light pink, very fragrant. 2½ in. pots.	75	5 00
One-year-old field-grown plants	2 50	20 00

Lord Penzance's Hybrid Sweet Briars.

Anne of Gierstein. Dark crimson, good grower.
Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.
Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.
Lord Penzance. Soft shade of fawn or ecru passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet scented.
Meg Merrilies. Gorgeous crimson, very free flowering, seeds abundantly, robust habit, large foliage.
 Strong two-year-old plants of all the above varieties, \$2.50 per doz.; \$20.00 per 100.

Two-Year-Old Dormant ROSES.

MARGARET DICKSON.

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

The plants are potted in five and six inch pots, and are stored in cold frames.

NOVELTIES and SPECIALTIES in

HARDY PERENNIAL PLANTS.

ANEMONE, QUEEN CHARLOTTE.

Anemone, Queen Charlotte.

Nothing in the way of new hardy perennial plants pleased us so much last summer as this grand new Anemone which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong, robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers, which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. Awarded a certificate of merit by the Penna. Horticultural Society. \$1.25 per doz.; \$10.00 per 100.

Hardy Aster Grandiflorus.

The finest of all, and distinct in character and flower from all others. The flowers frequently measure 2 inches in diameter, are of a lovely violet blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful. \$2.00 per doz.; \$15.00 per 100.

Hardy Asters. (Michaelmas Daisies.)

The hardy Asters are among the showiest of our late fall-flowering plants, and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Amethystinus. Rich amethyst blue flowers.

Datschi. A very late white flowering variety.

Formosissimus. Deep lilac shaded purple.

Horizontalis. Of very symmetrical growth, covered in September with small, rosy lilac flowers.

Lævis. An early flowering, light blue variety.

Lady Trevyan. A fine, large pure white.

Linosyris. A deep yellow early flowering variety.

Novæ Angliæ. Large bluish purple.

Rubra. Bright rose colored flowers.

Purpurimus. Rich purple, very free.

Robert Parker. Lavender blue with yellow centre.

Snow Flake. A compact growing, very late white flowering variety.

10 cts. each; \$1.00 per doz.; \$8.00 per 100. The set of 12 varieties for \$1.00.

INCARVILLEA DELAVAYI.

Three Choice Hybrid Delphiniums.

Belladonna. Cannot be recommended too highly on account of its lovely large sky-blue flowers, which are heightened in richness of color by a distinct silvery sheen and its remarkable freedom of blooming. \$2.00 per doz.; \$15.00 per 100.

Frau Emma Metzger. A most beautiful variety, the peculiar coloring of which it is almost impossible to describe; the flowers, which are of large size and double, are of a glossy silvery rose in the centre which gradually passes to a light sky-blue as it approaches the edges, and white eye; a combination of shadings which must be seen to be appreciated. 25 cts. each; \$2.50 per dozen.

Wilkie Collins. Rich royal purple shading to blue, double flower. 25 cts. each; \$2.50 per dozen.

The set of 3 varieties for 60 cents.

Helianthus Multiflorus Maximus.

Without a doubt the finest and most useful hardy Sunflower yet introduced, producing handsome, large, single flowers from early in July until late in the autumn; excellent for cutting. 75 cts. per doz.; \$6.00 per 100.

Incarvillea Delavayi.

A new hardy tuberous-rooted plant, an introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition. 50 cts. each; \$5.00 per dozen.

Iris Kaempferi. (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer-flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from ten to twelve inches in diameter, and rival the orchids in their rich colorings and markings. We offer twenty-four distinct varieties which were selected while in flower from over seventy five of the best Japanese introductions. (For names and descriptions, see page 163 of our Retail Catalogue.) 15 cts. each; \$1.50 per doz.; \$10.00 per 100. Set of 24 varieties for \$3.00. Choice mixed varieties, \$1.00 per doz.; \$8.00 per 100.

PHLOX. F. G. VON LASSBURG.

New Perennial Phlox.

Wonderful strides have been made in recent years in the perfecting of the perennial Phloxes. The varieties listed below are the "cream" of recent introductions, and are a superb collection.

C. Commerell. A beautiful variety of a soft shell pink marked with rays of white and deep pink, very compact and free, flowers very large. 30 cents.

Consel H. Trost. A good, soft-colored rich crimson, of good size and of free, vigorous habit. 15 cents.

Fantome. Entirely distinct, rosy lilac shading to white at edges, a fine large individual flower and truss; very compact and remarkably free flowering. 15 cents.

F. G. Von Lassburg. This is the ideal white variety; color pure snowy white, flowers of immense size, measuring $1\frac{1}{2}$ inches in diameter, which are produced on large, strong-branched panicles. This is simply perfection among the white Phlox, and will undoubtedly supersede all others of this color. 30 cents.

H. Hassack. Intense orange scarlet, deep maroon edge; one of the brightest and richest in cultivation. 30 cents.

Inspector Peicker. Pure lilac suffused with white; a strong, robust grower with large branching panicles. 15 cents.

La Mahdi. A fine light purple, rich and glowing; habit very dwarf and very free. 15 cents.

Papillon. A fine flower with large, overlapping petals, one-half of same being of a bright lilac suffused with white, the other half being white suffused lilac; an entirely distinct and novel variety. 15 cents each.

Roxelane. Crimson purple, very free and decided. 15 cents.

W. Clibran. A most distinct and handsome variety; very free; white suffused with rosy pink with distinct bright red centre. 15 cents.

We will furnish 1 each of the set of 10 varieties for \$1.50.

Spiræa (Astilbe) Chinensis.

Of recent introduction from China, entirely distinct and a grand addition to our list of hardy border plants. It is a strong robust grower, forming a bold clump of large handsome foliage. The flower stems are erect, about three feet high, leafy and much branched, and support large triangular plumes of feathery white flowers slightly tinted with pink. 25 cts. each; \$2.50 per doz.

ASTILBE CHINENSIS.

Spiræa Aruncus Kneiffi.

A new variety that is entirely distinct from and superior to all existing kinds; it is of bold yet graceful habit, attaining a height of 3 to 4 feet, with finely divided fern-like dark green graceful foliage, and a mass of pure white feathery flowers, which are borne in delicately, graceful, feathery sprays. A valuable addition to our list of hardy border plants, and will prove most desirable as an early summer cut-flower. 35 cts. each; \$3.50 per dozen.

Tritoma Pfitzeri (Flame Flower.)

A grand improvement on the old Tritoma Uvaria Grandiflora, the flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently $4\frac{1}{2}$ feet high, with heads of bloom over twelve inches long. They are of a rich crimson scarlet, shading to salmon-rose on the edge; a really first-class acquisition. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Trollius Caucasicus Orange Globe.

A handsome new variety of the Globe Flower attaining a height of 3 feet and producing very large globular flowers of a deep orange color, during the entire summer. A valuable addition to our list of hardy border plants. 35 cents each; \$3.50 per dozen.

Yucca Filamentosa Bicolor.

Everyone is familiar with the common Yucca or Adams Needle, a plant with evergreen foliage and tall spikes of creamy white drooping, bell-shaped flowers, which are produced in the greatest profusion during mid-summer. In the variety here offered is added the additional charm of beautiful variegated foliage, the leaves being longitudinally striped with yellow. A pretty and interesting hardy plant that will succeed in any position. $2\frac{1}{2}$ inch pots (ready April 15th), 30 cts. each; \$3.00 per doz.

Easter 

Comes April 15.

Do not delay ordering Azaleas and other
Plants for Easter. While our stocks are
large, we may run short.

Choice Hardy Vines and Climbers.

AMPELOPSIS VEITCHII.

Akebia Quinata.

We offer a large stock of this climber; strong plants. \$1.50 per dozen; \$12.00 per 100.

Ampelopsis Veitchii.

Strong two-year-old field-grown plants, \$1.00 per doz.; \$8.00 per 100.

Ampelopsis Virginica.

Strong two-year field-grown plants, \$1.25 per doz.; \$10.00 per 100.

Aristolochia Siphon.

(Dutchman's Pipe Vine.)

We offer an extra fine stock of this most useful hardy climber in extra strong long vines. \$4.00 per dozen; \$30.00 per 100.

Apios Tuberosa.

Strong Tubers. \$2.00 per 100.

Bignonia (Trumpet Creeper).

Grandiflora. Strong plants. \$4.00 per dozen.

Radicans. Strong plants. \$2.00 per dozen.

Cinnamon Vine.

Strong tubers, 25 cents per dozen; \$1.50 per 100.

New Red Clematis.

M. Koster. A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth. We have seen M. Koster under ordinary nursery culture, a height of 6 to 8 feet, in two-year-old plants, with hundreds of flowers open at one time. 35 cts. each; \$4.00 per doz.

HYBRID CLEMATIS, DUCHESS OF YORK.

Jackman's New Hybrid Coccinea Clematis.

We have been appointed Sole Agents for the United States and Canada by Messrs. Jackman & Sons.

An entirely new and distinct type, being crossed between Clematis Coccinea and Star of India, both of which succeed well in our climate. They combine all the good points of their parents in hardiness, vigorous growth and freedom of bloom, which together with their entirely distinct coloring, and novel shape, will make them valuable additions to our list of Hardy Climbers.

Countess of Onslow. A bright violet-purple with a broad band of scarlet down the centre of each petal, it is of open bell-shape form, with four to six petals to each flower; very useful for decorative purposes, as when cut will keep fresh in water for several days. \$1.25 each.

Duchess of Albany. A beautiful bright pink, deeper down the centre, softening down to lilac pink round the margin; campanulate in shape, useful for cutting. \$1.25 each.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge down the centre of each petal, of campanulate form, with four to six petals to each bloom, useful for cutting. \$1.25 each.

Grace Darling. A delicate hue of bright rosy carmine, star-shaped blooms. \$1.50.

The set of four varieties, one of each. \$5.00.

Large Flowering Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gypsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmanni. The popular dark, rich, royal purple.

Madame Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white; extra fine.

Mme. Edouard Andre. Nearest approach to red.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

\$3.00 per doz.; \$25.00 per 100.

Choice Hardy Shrubs.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based, cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter, and it is quite sure to take the place of the popular *D. gracilis*. This plant has received the highest awards from the National Horticultural Society of France, and has created quite a sensation wherever shown. Good one-year-old plants, \$1.25 per dozen; \$10.00 per 100.

Three Choice New Deutzias.

Offered for the first time this season.

Deutzia Gracilis Rosea. A strong vigorous growing variety, attaining a height of 3 feet, of erect branching habit and remarkably floriferous; flowers of large size and open out very full, color bluish white, the reverse of petals being of a delicate but fresh rose.

Deutzia Gracilis Venusta. A handsome white variety of dwarf branching habit, producing elongated cone-shaped panicles of pure white flowers of large size, the individual flowers reminding one of a single azalea in miniature.

Deutzia Lemoinei Compacta. Identical with *D. Lemoinei* but of much dwarfer compact habit.

Small plants from 2-inch pots, 25 cents each; \$2.50 per dozen.

Hydrangea Paniculata Grandiflora.

Strong bushy plants, 20 to 24 inches high, \$1.25 per dozen; \$10.00 per 100.

Standard or tree-shaped, fine plants, \$4.00 per dozen; \$30.00 per 100.

Hardy Rhododendrons for Outdoor Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate.

12 to 15 inches high, 50 cents each; \$5.00 per dozen; \$40.00 per 100.

15 to 18 inches high, 75 cents each; \$7.50 per dozen; \$60.00 per 100.

18 to 24 inches high, \$1.25 each; \$12.00 per dozen; \$90.00 per 100.

Viburnum Plicatum (Japanese Snowball.)

A fine lot of strong bushy plants, 24 to 30 inches high, \$2.50 per dozen; \$20.00 per 100.

New Weigelia Eva Rathke.

It is only rarely that we notice decided novelties in this popular shrub, but in *Eva Rathke*, we certainly have a grand acquisition, a variety that is at once a remarkably free bloomer, and entirely distinct in color, it being a rich reddish purple, entirely different from anything before offered. Extra heavy two-year-old plants, 35 cents each; \$3.50 per dozen.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of *Asters*, *Cineraria*, *Carnations*, *Calceolaria*, *Cyclamen*, *Gloxinia*, *Pansy*, *Primula*, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

RELIABLE VEGETABLE SEEDS.

ALL Vegetable Seeds offered by us are strictly first class, and were produced in sections, best adapted to their full development. Planters can confidently look for success when using "DREER'S RELIABLE SEEDS," as they have been, for sixty years, the standard, among the best gardeners, both for Purity and Excellence.

CROSBY'S EGYPTIAN BEET.

Three Grand Beets

For Market Gardeners.

CROSBY'S EGYPTIAN (see cut).

An improved strain of the Egyptian Beet, but grows deeper, and is near the shape of Eclipse. It is specially recommended as an extra early sort for market gardeners. It is much better and richer color and finer quality than the old Egyptian, besides being much smoother. This is surely the leader so far among extra Early Blood Turnip Beets, and growers report that the beets sell more readily than any other sort. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

ARLINGTON FAVORITE BLOOD.

A dark-leaved, early blood variety, closely following Eclipse in maturing, but of much darker color and superior in quality; perfectly round; it differs from the other blood sorts in that it has the sweetness of the Basano; excellent for market. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

EXCELSIOR BLOOD.

Of superior quality; color and substance of flesh are perfect, being fine-grained with smooth skin and small tops; very early. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

Artichoke, Large Green Globe, oz., 25 cts.; $\frac{1}{4}$ lb. 75 cts.
 Artichoke, Jerusalem, roots 75 cts. per pk.; \$2.50 bus.

CAULIFLOWER.

DREER'S EARLIEST SNOWSTORM.

The Earliest and Best of all for Forcing or Open Ground.

Realizing the great importance of an extra fine strain of stock seed for growing the best Cauliflowers, we have given this variety much care and attention, and the uniformly good results received by growers using our "Snowstorm" convince us that we have the very best and earliest strain of Cauliflower on the market, both for forcing and for growing in the open ground. It is a dwarf variety, with short outer leaves, and can be planted close, 2 feet apart each way. It always makes a fine, large and exceedingly beautiful snowy-white head, much earlier than any other variety. The quality is very good, being of delicious flavor. It is far superior in every way to the best strains of "Snowball Cauliflower." Pkt., 25 cts.; ¼ oz., \$1.50; oz., \$5.00; ¼ lb., \$15 00.

\$1,000 made from 2 ozs. Dreer's Earliest Snowstorm Cauliflower.

T. E. Reeves & Son, Long Island, N. Y., Oct. 9, 1899, writes:—We sowed 1 oz. of your Snowstorm Cauliflower on Nov. 1, 1898, another oz. Nov. 29. Commenced setting plants Feb. 7, 1899, finished March 1. We began to ship April 3, and finished May 8. The total amount of money received from product of 2 ozs. seed was one thousand dollars.

SENSATION LETTUCE.

CHOICE VARIETIES OF LETTUCE.

NEW LETTUCE "ALL HEART."

This new and distinct Cabbage Lettuce is excellent for spring and summer use, as it stands intense heat. It is of a yellowish-green color, and forms a solid heart, even before it is half grown. It is of superior flavor. Pkt., 15 cts.; 2 pkt., 25 cts.

SENSATION LETTUCE. (See cut.)

This variety is rapidly gaining in favor among the market gardeners, who find it a valuable sort for growing either in cold frame or in the open ground. It is remarkable for its character of forming close, hard heads, even in an early stage of growth. Color, yellowish-green, quality very fine, being crisp and tender. Oz., 15 cts.; 1/4 lb., 40 cts.; lb., \$1.50.

WONDERFUL LETTUCE.

Introduced by us and continually growing in favor. The large, white heads resemble cabbage in their solidity and frequently weigh 2 and 3 pounds each. The quality is superb, being crisp, rich and tender. It withstands the heat well, making a fine variety for all seasons. Oz., 20 cts.; 1/4 lb., 60 cts.; lb., \$2.00.

ONONDAGA LETTUCE.

This variety is beautifully tinged with reddish-brown, fine quality, being crisp and tender. The leaves are twisted and form a nice head. Oz., 15 cts.; 1/4 lb., 40 cts.; lb., \$1.50.

DREER'S CHOICE ONION SEEDS.

YELLOW GLOBE DANVERS.

NEW ONION SEED.
 We offer none but new seed of all varieties, grown from selected bulbs and critically tested. It is of strong germination and will produce grand crops. We caution onion growers against old seed, which will be offered by unscrupulous parties, as the crops of all varieties were short the past season, and much old seed will be sold as new crop.

THREE GOOD TOMATOES.

ATLANTIC PRIZE, or EARLY RUBY.

Splendid extra early variety for general use, of large size, bright red color and smooth; an extra early and productive. Oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.00.

THE STONE.

Dreer's selected stock (see cut). Fruit very large and deep; bright scarlet; smooth, ripening evenly to the stem without a crack; exceedingly solid and firm-fleshed, of the finest quality; the best for family use and for canneries. Oz., 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb., \$2.00.

HONOR BRIGHT.

The foliage is yellowish-green and the fruits grow in clusters of from 3 to 5 large tomatoes. The color, when fully ripe, is a rich bright red, but during growth it makes several interesting changes in color. First light green, then an attractive waxy white, then lemon, changing to rich bright red at maturity. Flesh thick and meaty, with small seed cavities. Oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.; lb., \$2.50.

THREE GOOD BOOKS

For the GARDENER and FARMER.

We are pleased to call to the attention of our customers the three books mentioned below. The different subjects are treated in a practical manner, yet written in such plain language that everyone can readily understand. In order that these books can be in the hands of every progressive gardener and farmer, we have made the popular price of 25 cents each, postpaid.

VEGETABLES UNDER GLASS.

Tells how to grow vegetables in winter, how to work the soil actively and properly at all seasons. Price, 25 cents.

OPEN-AIR VEGETABLES.

A small book intended for busy people. It gives the latest methods of the best gardeners, when to begin work, how to treat the soil, how and when to sow seeds, how

to manage growing crops, how to treat insects and fungus enemies, etc. Price, 25 cents.

GRASSES AND CLOVERS.

Quotes the views and practices of American and European experts on this most important crop. It has notes on lawns and lawn making, also has something to say on most of the forage plants. Price, 25 cents.

DREER'S RECLEANED GRASS AND CLOVER SEEDS.

DREER'S PERMANENT PASTURE MIXTURE.

Dreer's Pasture Mixture is prepared to meet the average need. It is made up of the grasses best calculated to afford an abundant and nutritious food supply for stock. Its formula is based upon successful experience. For all ordinary permanent pasturage it will be found entirely satisfactory. If your fields are old and worn out, it will pay to plow up and seed again, when you will soon be cutting heavy crops from Dreer's Permanent Pasture Mixture. You will be able to cut two crops each year, whereas from Timothy only, you can cut but one.

Sow 50 lbs. to acre. In ordering state whether for light or heavy soil. Price, 15-lb. bu., \$2.25; 20-lb. bu., \$2.75; 100 lbs., \$13.00.

FLORISTS MAKE MONEY SELLING

Dreer's Grasses For the Lawn.
For the Pleasure Ground.

These are put up in attractive packages and sell rapidly, thereby bringing the dealer an extra revenue at little expense or trouble.

Dreer's Fairmount Park Lawn Grass is put up in illustrated quart and pint boxes and sells rapidly. They make a handsome display, the illustration showing a view in Fairmount Park as per accompanying cut.

PRICE:

One pint boxes (retail at 10 cents each), \$5.00 per 100; \$45.00 per 1000. 250 @ 1000 rates.

One quart boxes (retail at 20 cents each), \$10.00 per 100; \$90.00 per 1000; 250 @ 1000 rates.

We also supply free of charge with orders for boxes, colored Chromos of the above mounted on canvas. They are excellent advertising matter.

Dreer's Fairmount Park Lawn Grass in Bulk, per bu. (20 lbs.), \$2.75; retails for \$3.50.

Dreer's Evergreen Lawn Grass Seed. A splendid mixture for growing in shady places, and makes a rich velvety lawn which retains its beautiful rich green color throughout the entire summer. Per bu. (20 lbs.), \$3.25; retails for \$4.00 per bu.

Dreer's Golf Links Mixture. Produces a turf which will stand rough usage, and used with great success on the leading club grounds throughout the country. Per bu. (15 lbs.), \$2.15; retails for \$2 50.

Dreer's Putting Green Mixture. The varieties used in this mixture are of the low growing kinds, and produce a thick, tough and beautiful green turf, holding its color throughout the entire season, and withstanding considerable rough usage. Also extensively used on terraces, embankments and steep slopes. Per bu. (20 lbs.), \$4.00; retails for \$5.00.

Dreer's Permanent Pasture Mixture. See page 52.

Dreer's Peerless Plant Food. This is an excellent article we offer for the purpose of fertilizing and strengthening plants. It is an odorless food of the very best quality, can be used for all plants, is clean and easily handled. Put up in one-pound packages, wrapped in glazed green paper, neatly printed, and finds ready sale. With each dozen packages we supply an illustrated card for advertising. Retail price, 25 cts. per box. Price to florists, \$1.50 per dozen; \$12.00 per 100.

LAWN MOWERS.

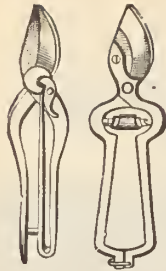

The best Lawn Mower to buy is the one that runs the easiest, does the best work and is the most durable. All of these points of excellence we claim for the "Dreer Mower." These machines are built from our own patterns and designs, by the leading Lawn Mower manufacturers in this country. They are so constructed, with brass bushings for journals, that all wear can be easily taken up. For sizes and prices see Retail Catalogue, page 188. To dealers and florists we allow a discount of 5%. Terms net cash.

BOOK ON GRASSES. Dreer's Grasses and Clovers. Tells all about their uses and manner of sowing.

Price, 25 cents, postpaid.

"PLANET JR." TOOLS FOR 1900.

Space will not permit our showing and describing all of the "Planet Jr." tools, but we will send a fully illustrated catalogue free for the asking to any who desire it. Great improvements have been made for 1900. You can rely on getting the bottom price from us on any of the "Planet Jr." goods.

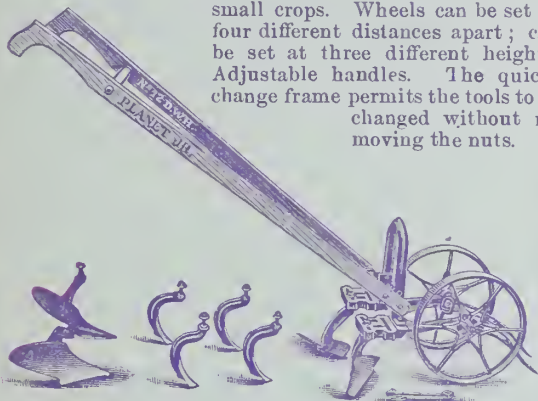

No. 3 HILL AND DRILL SEEDER. PRICE, \$11.00.

Sows evenly in drills, and also drops in hills, at 4, 6, 8, 12 or 24 inches apart. It is thrown out of gear instantly by moving a convenient lever; or, the flow of seed is stopped by pushing down the feed rod. 15 inch drive wheel; hopper holds 2½ quarts.

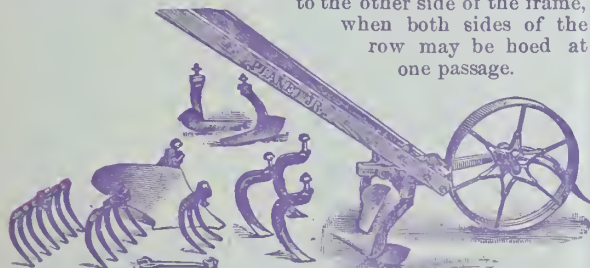

No. 12 DOUBLE-WHEEL HOE, CULTIVATOR AND PLOW. PRICE, \$7.25.

This perfected wheel hoe is invaluable for use in all small crops. Wheels can be set at four different distances apart; can be set at three different heights. Adjustable handles. The quick-change frame permits the tools to be changed without removing the nuts.

No. 16 SINGLE-WHEEL HOE, CULTIVATOR, RAKE AND PLOW. PRICE, \$6.00.

This single-wheel hoe has a full set of tools, of new special design. It has 11 inch wheel with broad face; has adjustable handles and quick-change frame, the wheel may be attached to the other side of the frame, when both sides of the row may be hoed at one passage.

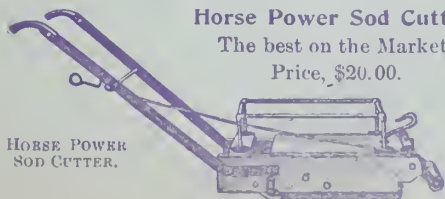

No. 17 SINGLE-WHEEL HOE.

The same as No. 16, but with a pair of 6 inch hoes, a set of cultivator teeth and a plow only. Price, \$4.75.

Horse Power Sod Cutter.

The best on the Market.

Price, \$20.00.

"PLANET JR." No. 25 COMBINED HILL AND DRILL SEEDER AND DOUBLE-WHEEL HOE. PRICE, \$14.00.

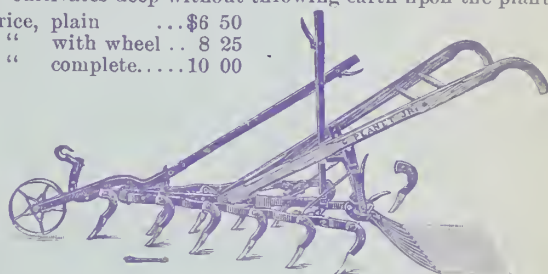

Is intended for gardeners who have a large enough acreage in crops for a Double-Wheel Hoe and prefer not to buy a separate Wheel Hoe. It holds 1½ quarts and has 11½ inch wheels; will sow in drills or hills, 4, 6, 8, 12 or 24 inches apart. As a Wheel Hoe it is identical with the PLANET JR. No. 12 Double-Wheel Hoe. The change from Drill to Wheel Hoe takes but a moment.

"PLANET JR." HARROW AND CULTIVATOR.

For market gardeners and strawberry growers. The chisel-shape teeth cut an inch wide each. The foot lever pulverizer is capital for preparing ground for the seed drill or for plant setting. It contracts to 12 inches, expands to 32 inches. It cultivates deep without throwing earth upon the plants.

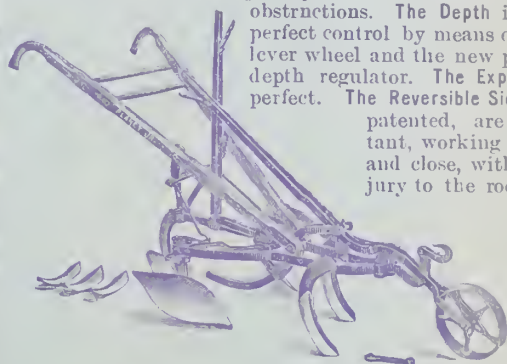

Price, plain ... \$6 50
" with wheel .. 8 25
" complete.... 10 00

"PLANET JR." 8 No. HORSE HOE. PRICE, \$10.00.

Without Depth Regulator (order as No. 7), \$9.25.

The "Planet Jr." Combined Horse Hoe and Cultivator is light and easy to handle. The frame is longer than usual and about 1½ inches higher. Will not clog easily. The Stiff Steel Standards polish quickly and free themselves from obstructions. The Depth is under perfect control by means of a new lever wheel and the new patented depth regulator. The Expander is perfect. The Reversible Side Hoes, patented, are important, working shallow and close, without injury to the roots.

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

July—August, 1900.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S Wholesale Price List of Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurement of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

AGERATUM STELLA GURNEY.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants in 5 inch pots. 12 to 15 inches high. 40 cts. each; \$4.50 per doz.; \$35.00 per 100. Ready in October.

Ageratum Stella Gurney.

This variety originated with Mr. James Gurney, of the Missouri Botanical Gardens, where it has been used extensively as bedding plant the past summer. It is a decided improvement in color, being the deepest blue yet introduced and is exceptionally free flowering, not only in summer but the year round.

75 cts. per dozen; \$6.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, deliciously scented. 3 inch pots, 15 cts. each; \$1.50 per dozen.

Aspidistra Lurida Variegata.

A fine lot of 5 inch pots. 50 cts. each; \$6.00 per dozen.

ARAUCARIA EXCELSA.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: salmon, dark red and rose. \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

4 inch pots,	6 to 8 inches high,	2 to 3 tiers,	50 cts. each.

Araucaria Excelsa Glauca.

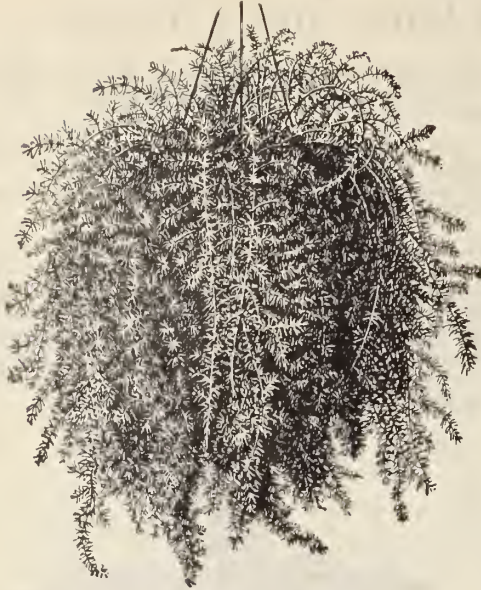

5 inch pots, 10 inches high, 2 to 3 tiers, \$1.00 each.

Aristolochia Sturtevantii.

(Duck Plant.)

The most curious and interesting of all Aristolochias, the flowers are heart shaped, 8 to 10 inches in diameter, of a creamy white color, the interior beautifully mottled with deep claret purple, deepening towards the throat to solid purplish maroon. An exterior view of the flower resembles a duck, hence the name.

4 inch pots, 50 cents each; \$5.00 per dozen.

ASPARAGUS SPRENGERI.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each; 7 inch pots, \$1.25 each.

Aralia Sieboldii Variegata.

Strong 4 inch pots, 50 cts. each.

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

4 inch pots, \$1.50 per doz.; \$12.00 per 100.
6 " " 4.50 " " 35.00 "

Asparagus Plumosus Nanus.

A grand variety for cutting, either in strings or smaller pieces. We offer a fine lot of thrifty plants.

2 inch pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000
A limited quantity in 5 inch pots,
30 cts. each; \$3.00 per dozen.

Hardy Azalea Mollis.

For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

If you attend the Florists' Convention, do not fail to make arrangements to

Come to Riverton.

See time-table, etc., on front of this catalogue.

SPECIMEN AZALEA.

Import Orders for

AZALEAS

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may have not carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

PRICES.

Including duty, packing, and delivery in good condition to any Express, Freight or Steamship Line in Philadelphia.

Fine bushy crowns, will sell with buds—

Bougainvillea Glabra Sanderiana.

A nice lot in 3 inch pots of this useful plant. \$1.25 per dozen ; \$10.00 per 100.

Fancy Leaved Caladiums.

A choice collection of 50 varieties. 3 inch pots, \$1.50 per dozen ; \$12.00 per 100.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety, which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers, or in filling fern dishes. 3 inch pots, \$2.00 per dozen ; \$15.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race. The leaves are borne on stout petioles, but, unlike our well-known varieties, are spear-shaped and of thick, leathery texture. The colors are red, green and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 3 inch pots, 30 cts. each ; \$3.00 per dozen.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties.

5 inch pots,	15 inches high,	\$6 00 per doz.;	\$45 00 per 100
6 "	18 to 24 "	10 00 "	75 00 "

CYCAS REVOLUTA.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz ; \$6.00 per 100.

Clivia Miniatum.

Fine strong plants, in 6 inch pots, from a select strain of seedlings. 50 cts. each ; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen ; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz. ; \$6.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 20 cts. each ; \$2.00 per dozen.

Cycas Revoluta.

(Sago Palm.)

We will have ready August 1st a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and, we are certain, will give entire satisfaction.

Dieffenbachia Bausei.

One of the prettiest of the genus, with yellowish green foliage, which is margined and irregularly blotched with dark green, and profusely spotted with white ; a fine green-house decorative plant. 3 inch pots, 30 cts. each ; \$3.00 per dozen.

Dichorisandra Angustifolia.

A choice addition to our ornamental-leaved hot-house plants, growing about 12 inches high, with lanceolate leaves, the under side of which is rich, dark purple, while the upper side is marked with white lines on a purple ground. 75 cts. each.

DRACENA GODSEFFIANA.

Dracenas.

Godseffiana. One of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracenas; of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong, leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy white, not unlike an *Aucuba Japonica*; will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the *Aspidistra* and *Ficus*.

2½ inch pots, \$2 00 per dozen; \$15 00 per 100
 3 " " 3 50 " 25 00 "
 4 " " 5 00 "

Fragrans. 3 inch pots, \$1.50 per doz.; \$10.00 per 100.

Sanderiana. An entirely distinct species, with thick-textured, narrow leaves, which are closely set on slender, upright stems, variegated, with silvery white and green bands alternating, and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracenas. Good young plants, 3 inch pots, 25 cts. each; \$2.50 per dozen.

Ficus Elastica (Rubber Plant.)

4 in. pots, 10 to 12 in. high, \$4 00 per doz.; \$30 00 per 100
 6 " " 18 to 24 " " 9 00 " 75 00 "

Ficus Falcata.

An improvement on *Ficus Repens*, of the same climbing habit, attaching itself to walls, etc., but of a denser, closer growth, with smaller foliage. 15 cts. each; \$1.50 per doz.

Ficus Repens.

A well-known small-leaved variety, of trailing or creeping habit. 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. *Rosea*, \$1.50 each.

Laurustinus.

A nice lot of bushy plants of this old favorite greenhouse shrub, which will flower freely next winter.

6 inch pots, 35 cts. each; \$3.50 per dozen.

PANDANUS VEITCHII.

Marantas.

Makoyana. 3 inch pots, 35 cts. each; \$3 50 per doz.
Massangeana. 3 " " 15 cts. " 1 50 "

Metrosideros Floribunda (Bottle Brush).

A fine lot of bushy plants, 12 to 15 inches high (ready in October). 50 cts. each; \$5.00 per dozen.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

3 inch pots, 20 cts. each; \$2 00 per dozen.
 4 " " 30 cts. " 3 00 "

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.00 each.

Peperomia Maculosa.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Smilax.

2½ inch pots, \$2.50 per 100; \$20.00 per 1000.

Stigmaphyllon Ciliatum.

(Brazilian Golden or Orchid Vine.)

One of the prettiest tender climbers, with yellow flowers resembling that showy orchid *Oncidium varicosum*. These are produced very freely during the entire summer months. It is especially adapted for training over the pillars or on the wall of a conservatory, but will do equally well in the open air. 35 cts. each.

Tradescantia Superba.

A handsome hot-house decorative plant, growing about 15 inches high, with dark green foliage, beautifully marked with white; reverse side a deep purple. 75 cts. each.

Vriesia Splendens.

A beautiful Bromeliad with light green foliage, transversely marked with brownish black bars. It throws up a tall spike of brilliant scarlet bracts from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 35 cts. each; \$3.50 per dozen.

Japanese Nananized Evergreens.

(*Thuja Obtusa Nana*.)

We have an interesting lot of these curiously trained dwarfed trees, many of them nearly a century old. They are quite popular at present, and frequently exorbitant prices are paid for them at Japanese sales.

Our stock is all established in pots, which ensures their success \$3.00 to \$6 00 each, according to shape of plant.

BOSTON SWORD FERN. See offer on page 6.

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced. 3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

Adiantum Rochfordianum.

A most desirable form of *A. cuneatum* with somewhat larger pinnæ of a darker green color, forming a more compact plant, especially valuable to grow as a pot plant. 2½ inch pots, 75 cts per dozen ; \$5.00 per 100.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong 2½ inch pots, \$1.00 per dozen ; \$8.00 per 100.

Aspidium Tsussimense.

Without question the most valuable of all Ferns yet introduced for Fern-dishes ; of strong but dwarf and graceful habit ; of good color and of better keeping quality than any other fern we know. Heretofore we have been able to offer this variety only in limited quantity, but this season our stock consists of nearly 60,000 plants, and are therefore able to quote it at a popular price. 2 inch pots, \$4.00 per 100 ; \$35.00 per 1000.

Asplenium Bulbiferum.

This variety is but rarely seen in this country, but is grown in large quantities in Europe, especially in England, where it is considered one of the most important Ferns for house decoration ; it is a most valuable variety to grow into 5 or 6 inch pot plants. We offer a fine lot in 3 inch pots. \$1.00 per dozen ; \$8.00 per 100 ; \$75.00 per 1000.

Fine Ferns.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

Choice Varieties of Special Merit.

Adiantum Farleyense.

Nice young, thrifty stock for growing on.
 3 inch pots, \$2.00 per dozen ; \$15.00 per 100.
 4 " " 5.00 " 40.00 "
 5 " " 9.00 " 70.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting *A. Farleyense*) the most beautiful *Adiantum* in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$1.50 per doz. ; \$12.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with *Farleyense* in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation. 2 inch pots, 75 cts. per dozen ; \$5.00 per 100. 3 " \$1.25 " 8.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 5 inch pots, 75 cts. each ; \$ 7.50 per dozen. 6 " " \$1.25 " 12.00 " 7 " " 1.50 " 15.00 " 8 " " 2.50 " 25.00 "

Cibotium Princeps.

Similar to the above, but with broader shorter foliage. 4 inch pots, 50 cts. each ; \$5.00 per dozen. 5 " " 75 " " 7.50 "

Doreopteris Nobilis.

It is only at rare intervals that we are able to offer this handsome Fern in quantity. We have a fine stock this season in 2½ inch pots. 75 cts. per dozen ; \$6.00 per 100 ; \$50.00 per 1000.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity ; this season our stock is exceptionally large, which enables us to offer it at the following low prices : 2½ inch pots, 75 cts. per dozen ; \$ 6.00 per 100. 3 " " \$1.25 " 10.00 " 4 " " 2.50 " 20.00 "

DAVALLIA STRICTA.

MICROLEPIA HIRTA CRISTATA.

FINE FERNS. Choice Varieties of Special Merit.—Continued.

Nephrolepis Exaltata Bostoniensis.
(Boston Sword Fern)

A large stock in 2½ inch pots will be ready July 15th, at 75 cts. per dozen; \$5.00 per 100; \$40.00 per 1000.

Large plants will be ready in October and will be offered in our September List.

Pteris Drinkwateri.

Very much on the style of *P. Ouvrardi* or *P. Umbrosa*, but of much stronger habit, the best of this type to grow into 5 or 6 inch pot plants. 2½ in. pots, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Pteris Longifolia Mariesii.

A variety of recent introduction, producing drooping fronds nearly two feet long; a graceful variety, especially suited to grow suspended from the roof in a pot or basket. \$1.00 per dozen; \$6.00 per 100.

Pteris Wimsetti.

A scarce variety, of the same type as *P. Cretica Magnifica*, but, in addition to the crest on the ends of the fronds, the pinna is peculiarly toothed or lobed on the sides, giving it a most distinct appearance. We have a large stock of this variety, which enables us to offer it a popular price. 50 cts. per dozen; \$4 00 per 100; \$35.00 per 1000.

PALMS Our Leading Specialty.

height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

SPECIAL NOTICE.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the

ARECA LUTESCENS.

Large Decorative Plants of Kentias.

We have a large stock of Belmoreana and Forsteriana in large specimen plants, both in single and made-up plants, the most of them grown in light wooden tubs, 12, 15 and 18 inches in diameter, which can be supplied in excellent value at \$10.00, \$12.50, \$15.00, \$20.00, \$25.00, \$30.00, \$35.00, and \$50.00 each.

Made-up Plants of

Kentia, Belmoreana and Forsteriana

We have a limited lot of 9 and 10 inch pots, with 4 plants in a pot, good stock either for decorating or retailing; 36 to 42 inches high, at \$3.50, \$4.00, and \$5.00 each, according to weight of plant.

Kentia MacArthur.

A small leaved desirable variety, which is rarely offered in quantity; a nice lot of young plants.
2 inch pots, \$1.25 per dozen; \$10.00 per 100.

Latania Borbonica.

Inch pots.	No. of Leaves.	Height.	Per doz.	Per 100	Per 1000
2½	3		\$.60	\$5 00	\$40.00
3	4 to 5		1.00	8 00	75.00
4	4 to 5	12 to 15 ins.	2.50	20 00	
6	5 to 6	15 "	6.00	50 00	
6	5 to 6	24 "	12.00		
7	6 to 7	30 "	15.00		

The \$12.00 and \$15.00 sizes are not perfect plants, being somewhat damaged in the foliage, but are large and good value.

The \$6.00 grade will not be ready to send out until early in August.

Latania Borbonica Aurea.

A limited lot of this fine golden-leaved variety.
5 inch pots, 12 to 15 inches high, 4 to 5 leaves, \$1.25 each.

We cordially invite you to visit Riverton and see for yourself our magnificent stock of Palms, Decorative and other plants. Should you attend the Florists' Convention, to be held in New York, August 21st, you should not miss the opportunity to include Riverton in your plans. For time-table, and other information, see leaflet sent with this catalogue.

LATANIA BORBONICA.

Livistona Rotundifolia.

2 inch pots, \$1.25 per dozen ; \$8.00 per 100.
 3 " " 2.00 " 15.00 "

Phoenix Rupicola.

This variety is always scarce ; we offer a limited lot of finely developed plants.

2 inch pots, \$1.00 per dozen ; \$8.00 per 100.
 3 " " 1.25 " 10.00 "
 4 " " 3.50 " 25.00 "

Finely characterized specimens as below.

6 inch pots, 18 inches high, \$1.50 each.
 8 " " 24 to 26 " " 2.50 "
 9 " " 30 " " 3.50 "

Phoenix Reclinata.

2 inch pots, 75 cts. per dozen ; \$6.00 per 100.
 3 " " \$1.00 " 8.00 "
 4 " " 3.00 " 25.00 "

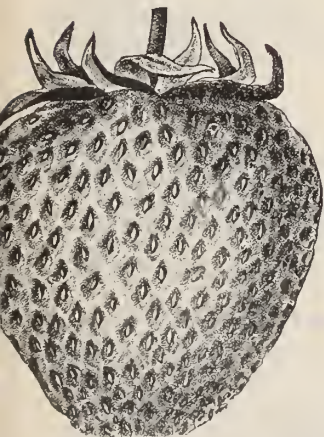

Thrinax Parviflora.

A nice lot of 2½ inch pots of this pretty dwarf palm.
 \$1.25 per dozen ; \$10.00 per 100.

PHENIX RECLINATA.

Pot-Grown Strawberry Plants.

CHAS. DOWNING.

The following is a select list of the very finest varieties to date. Full descriptions will be found in our Mid-Summer or Strawberry Catalogue, a copy of which we will be pleased to send on application. Pot-grown plants set out this summer will give a full crop next June.

“ White Italian, “ “ 12 to 15c.	1 75	16 00

NOTE.—We are pleased to say that all reports from Holland agree that the crop of Dutch bulbs will be very much superior to that produced in '98 and last year, and although prices rule a little higher the difference in quality will more than offset the slight advance. Order early and secure best stocks.

Choice-Named Miniature or Dutch Roman Hyacinths

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. We offer a selection of the best varieties for forcing.

MIXED DUTCH HYACINTHS.—In Separate Colors.

For FORCING or BEDDING.

The following are selected unnamed sorts and are used largely for forcing and bedding. Our stocks of mixed Hyacinths this year will be made up of bulbs averaging 15 centimetres in circumference, or about 20 per cent. larger than last year.

SINGLE HYACINTHS.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

	Per doz.	Per 100
Baron Van Thuyll, clear pink	80	\$6 25
Gen. Pelissier, deep carmine.....	75	5 50

King of the Blues, dark blue.....	75	6 00	Pieneman, dark porcelain.....	75	6 00

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Single Red and Rose.

Mixed Polyanthus Narcissus	20	1 00	9 00

NARCISSUS, PAPER WHITE GRANDIFLORA.

Chinese Sacred Lily or Narcissus.—(Ready in October.)

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale. 65 cts. per dozen. Original basket containing 30 bulbs, \$1.50. Original bundle of 4 baskets containing 120 bulbs, \$5.75; per 1000, \$45.00.

CAMPERNELLE JONQUILS.

Jonquils.

Very popular flowers on account of their easy cultivation and delightfully fragrant golden yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

For complete list of Flower Seeds, see previous issue of our Wholesale Catalogue.

CHINESE FRINGED PRIMULA.

Primula, Chinese Fringed.

(Fringed Chinese Primrose.)

Our strain of this important florist flower is of the finest possible quality, having been saved only from the choicest fringed flowers, of largest size, richest coloring and texture, and we feel sure will give the same satisfaction in the future that it has in the past.

VEGETABLE SEEDS FOR SUMMER SOWING.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months, a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage; sweet corn, 10 cents per quart additional. We pay postage on small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each pound if wanted by mail. By express, at catalogue prices

YOU ARE INVITED TO COME AND SEE RIVERTON

One of the Most Interesting Commercial
Places in the World

If you intend going to the Florist Convention to be held in New York City, August 21st to 24th, you should not fail to pay a visit to our establishment at Riverton, N. J.

Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes and by boat in 45 minutes.

Florists coming from points South or West should procure tickets via Philadelphia and stop over at least half a day on their way to the Convention; those from the North and East should arrange to leave New York by Pennsylvania R. R. any morning on the 8.00 or 9.30 train which will give ample time to look over the place and reach New York again by 3.00 or 6.00 P. M.

See time-table below.

Our establishment at Riverton is "wide open" to visitors at all times and we have yet to hear of anyone who ever went away disappointed.

Hoping to have the pleasure of a visit from you, we are,

Yours respectfully,

HENRY A. DREER (Inc.).

WHAT YOU CAN SEE AT RIVERTON

75 large greenhouses and several acres of lath-houses containing 1½ acres of Kentias; 2 acres miscellaneous Palms; 3 acres Ferns; 2 acres assorted decorative plants.

3 acres of Aquatics, consisting of all standard varieties of Nymphæas, Victorias, etc., also all the latest French novelties and others of our own introduction, all of which should be at their best Convention week.

The largest and most complete collection of hardy Herbaceous plants. This class of stock is becoming very popular, and florists should spend an hour walking through the fields and get posted on the up-to-date varieties.

Miscellaneous stock in the open ground, including 5 acres of Cannas; 1 acre of our Double and Single-Fringed Petunias, and all the standard and new varieties in bedding plants, affording an interesting study.

714 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

September—December, 1900.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their choicest stock. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE BULBS.

SPECIAL NOTICE. All prices INCLUDE duty, packing and F. O. B. Philadelphia.

WHITE ROMAN HYACINTH.

Early Roman Hyacinths.

		Per 100	Per 1000
Early White Roman, 1st size bulbs,	11 to 12c.	\$1 50	\$13 00
“ “ “ selected “	12 to 15c.	1 80	17 00
“ “ “ extra “	13 to 15c.	2 25	22 00
“ Light Rose, “	12 to 15c.	1 50	13 00
“ Dark “	12 to 15c.	1 50	13 00
“ Blue “	12 to 15c.	1 75	15 00
“ White Italian, “	12 to 15c.	1 75	16 00

NOTE.—We are pleased to say that all reports from Holland agree that the crop of Dutch bulbs will be very much superior to that produced in '98 and last year, and although prices rule a little higher the difference in quality will more than offset the slight advance. Order early and secure best stocks.

Choice-Named Miniature or Dutch Roman Hyacinths

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. We offer a selection of the best varieties for forcing.

SINGLE HYACINTHS.

at dozen rates, 25 at 100 rates, 250 at 1000 rates, of any one variety.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Single Red and Rose.

NARCISSUS, PAPER WHITE GRANDIFLORA.

Chinese Sacred Lily or Narcissus.—(Ready in October.)

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale. 65 cts. per dozen. Original basket containing 30 hulbs, \$1.50. Original bundle of 4 baskets containing 120 hulbs, \$5.75; per 1000, \$45.00.

CAMPANELLE JONQUILS.

Jonquils.

Very popular flowers on account of their easy cultivation and delightfully fragrant golden yellow hlooms. They can be readily forced in the house, or planted in the open ground for early flowering.

CROCUS.

LILIUMS.

Easter in 1901 comes April 7th.

Candidum, Harrisii and Bermuda grown Longiflorum are now ready for delivery (Japanese Longiflorums expected end of September); other varieties as soon as matured, which is usually late October or early November.

CANDIDUM. (Annunciation Lily.)

	Per doz.	Per 100	Per 1000
Selected bulbs	\$0 50	\$ 3 50	\$34 00
Extra selected bulbs	60	4 00	38 00

HARRISII. The Bermuda Easter Lily.

Our stock of this important variety is grown especially for us by a most reliable grower, from selected stock, and nothing finer in quality can be had. The most profitable of all bulbs for the Florist, especially for early forcing, for which purpose the 5 to 7 inch bulbs are best adapted. We regret that on account of the failure of crops of the larger sizes of both Lilium Harrisii and Longiflorum, we are unable to offer any larger sizes than are mentioned below.

	Per doz.	Per 100	Per 1000
5 to 7 in. bulbs (packed 400 in a case)....	\$0 60	\$ 4 50	\$ 42 00

SEE PAGE 6 FOR

...LILIUMS...

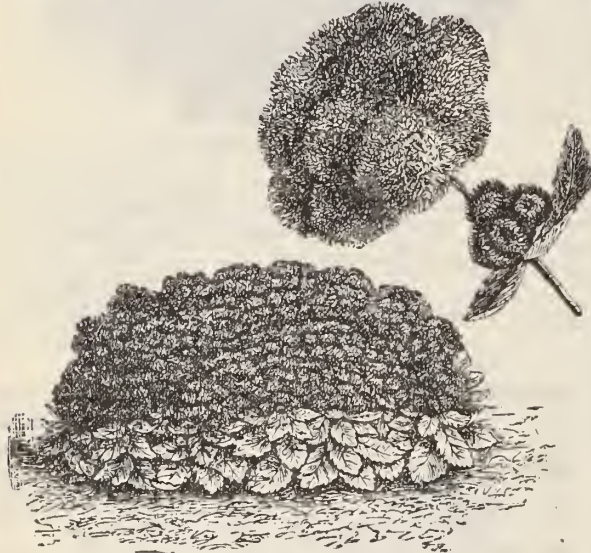

Our Japanese Longiflorums came from same source as those we sold last year, and which gave grand results.

DREER'S Wholesale Price List of Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurement of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

AGERATUM STELLA GURNEY.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants in 5 inch pots. 12 to 15 inches high. 40 cts. each; \$4.50 per doz.; \$35.00 per 100. Ready in October.

Ageratum Stella Gurney.

This variety originated with Mr. James Gurney, of the Missouri Botanical Gardens, where it has been used extensively as bedding plant the past two summers. It is a decided improvement in color, being the deepest blue yet introduced and is exceptionally free flowering, not only in summer but the year round.

75 cts. per dozen; \$6.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow deliciously scented. 3 inch pots, 15 cts. each; \$1.50 per dozen.

Aspidistra Lurida Variegata.

A fine lot of 5 inch pots. 50 cts. each; \$6.00 per dozen.

ARAUCARIA EXCELSA.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: salmon, dark red and rose. \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

Araucaria Excelsa.

(Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

4 inch pots,	6 to 8 inches high,	2 to 3 tiers,	50 cts. each.
4 " " "	8 " " "	3 " " "	60 " " "
6 " " "	12 to 14 " " "	3 " " "	\$1.00 " "
6 " " "	16 to 18 " " "	4 " " "	1.25 " "
7 " " "	20 to 24 " " "	4 to 5 " " "	2.50 " "

Araucaria Excelsa Glauca.

5 inch pots, 10 inches high, 2 to 3 tiers, \$1.00 each.

Aristolochia Sturtevantii.

(Duck Plant.)

The most curious and interesting of all Aristolochias, the flowers are heart shaped, 8 to 10 inches in diameter, of a creamy white color, the interior beautifully mottled with deep claret purple, deepening towards the throat to solid purplish maroon. An exterior view of the flower resembles a duck, hence the name.

4 inch pots, 50 cents each; \$5.00 per dozen.

ASPARAGUS SPRENGERI.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each; 7 inch pots, \$1.25 each.

Aralia Sieboldii Variegata.

Strong 4 inch pots, 50 cts. each.

Asparagus Sprengeri.

This variety is becoming more popular every season, the demand during the past winter having been exceptionally strong. We offer a fine lot of plants in 2 inch pots, \$6.00 per 100; \$50.00 per 1000.

3 inch pots, \$8.00 per 100; \$70.00 per 1000.
6 " " 4.50 " doz., 35.00 per 100.

Asparagus Plumosus Nanus.

A grand variety for cutting, either in strings or smaller pieces. We offer a fine lot of thrifty plants.

2 inch pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000
3 in. pots, \$1.00 per doz.; \$8.00 per 100; \$70.00 per 1000.

Hardy Azalea Mollis.

For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

Bougainvillea Glabra Sanderiana.

A nice lot in 3 inch pots of this useful plant. \$1.25 per dozen; \$10.00 per 100.

Begonia Rex.

A choice assortment of 12 distinct varieties, 3 inch pots, \$1.00 per doz.; \$8.00 per 100.

SPECIMEN AZALEA.

Import Orders for

AZALEAS

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may have not carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

Boxwood Trees.

(Ready in November.)

Standard or Tree-shaped.

Handsomely trained specimens, 7 inch pots, 26 to 28 inches high, with crowns 12 inches in diameter, \$1.00 each.

Pyramidal-shaped.

Handsomely trained specimens 9-inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

New Begonias. (Gloire de Lorraine.)

Undoubtedly the greatest gem in winter flowering Begonias yet introduced. It grows from 12 to 15 inches high, forming naturally graceful bushy specimens, which from October to April are completely smothered with soft rosy-pink flowers. It is an especially valuable plant for the holiday season. Plants less than 10 months old having been sold in 6-inch pots in the eastern cities last Christmas at from \$5.00 to \$10.00 each.

We offer 2½ inch pots, 30 cts. each ; \$3.00 per doz. ; \$20.00 per 100.

Light Pink Lorraine.

This is a sport from Gloire de Lorraine with flowers of a lighter and possibly more pleasing shade of pink. The plant is of a decidedly stronger growth and florists who handled it last winter claim that it is hardier and holds its flowers better under unfavorable conditions than the original type. Stock limited.

2½ inch pots. 50 cts each ; \$5.00 per doz.

Begonia Flowering.

	Per doz.	Per 100.
Alba Picta.....3 in. pots,	\$0.75	\$ 6.00

Tuberous-Rooted Begonias.

(Ready in December.)

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description, suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened, and first-class in every respect.

Note the reduction in prices, which are as low as is consistent with good quality ; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz ; \$3.00 per 100 ; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz ; \$2.50 per 100 ; \$22.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz ; \$5.00 per 100 ; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz ; \$4.00 per 100 ; \$35.00 per 1000.

The prices hold good only for early orders.

BEGONIA GLOIRE DE LORRAINE.

CYCAS REVOLUTA.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties.

5 inch pots, 15 inches high, \$6.00 per doz.; \$45.00 per 100
6 " 18 to 24 " 10.00 " 75.00 "

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz.; \$6.00 per 100.

Clivia Miniatum.

Fine strong plants, in 6 inch pots, from a select strain of seedlings. 50 cts. each; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz.; \$6.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 20 cts. each; \$2.00 per dozen.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

Stems,	3 to 4 inches high,	6 to 8 leaves,	12 to 15 in. long,	\$ 1.00 each

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Without doubt one of the most important new hardy plants offered in many years. It is a hybrid between *D. gracilis* and *D. parviflora*, and has the advantage over the former of having flowers nearly three times as large, which are produced in broad-based, cone-shaped heads of from 20 to 30 flowers each, and are of purest white, which open out very full. It is perfectly hardy, and will not only prove a valuable plant for the garden, but is certain to become one of the standard plants for forcing into flower in winter, more especially at Easter. Extra heavy two year old plants for forcing, snitable for 6 and 7 inch pots, \$1.25 per doz.; \$10.00 per 100. Strong one year old plants, 75 cts. per doz.; \$6.00 per 100.

Deutzia Gracilis Rosea (NEW).

Identical with *Deutzia gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing. A limited stock of one year old plants, \$2.00 per doz.; \$15.00 per 100.

Dieffenbachia Bausei.

One of the prettiest of the genus, with yellowish green foliage, which is margined and irregularly blotched with dark green, and profusely spotted with white; a fine green-house decorative plant. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Dichorisandra Angustifolia.

A choice addition to our ornamental-leaved hot-horse plants, growing about 12 inches high, with lanceolate leaves, the under side of which is rich, dark purple, while the upper side is marked with white lines on a purple ground. 75 cts. each.

BOSTON SWORD FERN. (See offer on page 15.)

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.

3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Adiantum Rochfordianum.

A most desirable form of *A. cuneatum* with somewhat larger pinnæ of a darker green color, forming a more compact plant, especially valuable to grow as a pot plant.

2½ inch pots, 75 cts per dozen; \$5.00 per 100.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong

2½ inch pots, \$1.00 per dozen; \$ 8.00 per 100.
 3 " " 1.25 " 10.00 "
 4 " " 2.00 " 15.00 "

Aspidium Tsussimense.

Without question the most valuable of all Ferns yet introduced for Fern-dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other fern we know. Heretofore we have been able to offer this variety only in limited quantity, but this season our stock consists of nearly 60,000 plants, and are therefore able to quote it at a popular price.

2 inch pots, \$4.00 per 100; \$35.00 per 1000.
 3 " " 6.00 " 50.00 "

Asplenium Bulbiferum.

This variety is but rarely seen in this country, but is grown in large quantities in Europe, especially in England, where it is considered one of the most important Ferns for house decoration; it is a most valuable variety to grow into 5 or 6 inch pot plants.

We offer a fine lot in 3 inch pots.

\$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.

Fine Ferns.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

Choice Varieties of Special Merit.

Adiantum Farleyense.

Nice young, thrifty stock for growing on.
 3 inch pots, \$2.00 per dozen; \$15.00 per 100.
 4 " " 5.00 " 40.00 "
 5 " " 9.00 " 70.00 "
 6 " " 12.00 " "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting *A. Farleyense*) the most beautiful *Adiantum* in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$1.50 per doz.; \$12.00 per 100.
 4 inch pots, \$2.50 per doz.; \$20.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with *Farleyense* in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, 75 cts. per dozen; \$5.00 per 100.
 3 " " \$1.25 " 8.00 "
 4 " " 1.50 " 12.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5 inch pots, 75 cts. each; \$ 7.50 per dozen.
 6 " " \$1.25 " 12.00 "
 7 " " 1.50 " 15.00 "
 8 " " 2.50 " 30.00 "

Cibotium Princeps.

Similar to the above, but with broader shorter foliage.

4 inch pots, 50 cts. each; \$5.00 per dozen.
 5 " " 75 " 7.50 "
 6 " " 1.25 " 12.00 "

Doreopteris Nobilis.

It is only at rare intervals that we are able to offer this handsome Fern in quantity. We have a fine stock this season in 2½ inch pots.

75 cts. per dozen; \$6.00 per 100; \$50.00 per 1000.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2½ inch pots, 75 cts. per dozen; \$ 6.00 per 100.
 3 " " \$1.25 " 10.00 "
 4 " " 2.50 " 20.00 "

DRACÆNA GODSEFFIANA.

Dracænas.

Godseffiana. One of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong, leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy white, not unlike an Aucuba Japonica; will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2½ inch pots, \$2 00 per dozen; \$15 00 per 100
 3 " " 3 50 " 25 00 "
 4 " " 5 00 " " "

Fragrans. 3 inch pots, \$1.50 per doz.; \$10.00 per 100.

Sanderiana. An entirely distinct species, with thick-textured, narrow leaves, which are closely set on slender, upright stems, variegated, with silvery white and green bands alternating, and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracænas. Good young plants, 3 inch pots, 25 cts. each; \$2.50 per dozen.

Ficus Elastica (Rubber Plant).

4 in. pots, 10 to 12 in. high, \$4 00 per doz.; \$30 00 per 100
 6 " " 18 to 24 " " 9 00 " " 75 00 "

Ficus Falcata.

An improvement on Ficus Repens, of the same climbing habit, attaching itself to walls, etc., but of a denser, closer growth, with smaller foliage. 15 cts. each; \$1.50 per doz.

Ficus Repens.

A well-known small-leaved variety, of trailing or creeping habit. 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Laurustinus.

A nice lot of bushy plants of this old favorite greenhouse shrub, which will flower freely next winter.

6 inch pots, 35 cts. each; \$3.50 per dozen.

PANDANUS VEITCHII.

Lilacs for Forcing.

(Ready for Shipment late in November.)

We offer a fine lot of pot-grown plants, finely set with buds, in excellent condition for forcing.

Charles X. Red..... } \$6.00 per doz.;
 Marie Legraye. Single White. } \$45.00 per 100.
 Mad. Lemoine. Double White. }

Marantas.

Makoyana. 3 inch pots, 35 cts. each; \$3 50 per doz.
 Massangeana. 3 " " 15 cts. " 1 50 "

Metrosideros Floribunda (Bottle Brush).

A fine lot of bushy plants, 12 to 15 inches high (ready in October). 50 cts. each; \$5.00 per dozen.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

5 inch pots, 50 cts. each; \$5 00 per dozen.

Pandanus Utilis.

(Ready September 15th.)

2 in. pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.00 each.

Peperomia Maculosa.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer strong 3 inch pots, in 15 distinct varieties, ready about the first of October, at \$1.50 per set; or \$10.00 per 100.

Primula Sinensis Fimbriata.

(Chinese Fringed Primrose.)

An extra fine strain, 2½ inch pots, 60 cts. per doz.; \$4.00 per 100.

LA FRANCE VIOLET.

Rhododendrons for Forcing.

(Ready late in November.)

We offer a fine lot of these in varieties especially suited for Easter and early forcing.

	Per doz.	Per 100.
15 to 18 ins. high, bushy, 6 to 10 buds....	\$ 9 00	\$70 00
18 to 20 " " " 8 to 12 "	12 00	90 00

Smilax.

2½ inch pots, \$2.50 per 100; \$20.00 per 1000.

Stigmaphyllon Ciliatum.

(Brazilian Golden or Orchid Vine.)

One of the prettiest tender climbers, with yellow flowers resembling that showy orchid *Oncidium varicosum*. These are produced very freely during the entire summer months. It is especially adapted for training over the pillars or on the wall of a conservatory, but will do equally well in the open air. 35 cts. each.

Tradescantia Superba.

A handsome hot-house decorative plant, growing about 15 inches high, with dark green foliage, beautifully marked with white; reverse side a deep purple. 75 cts. each.

YUCCA FILAMENTOSA BICOLOR.

Vriesia Splendens.

A beautiful Bromiliad with light green foliage, transversely marked with brownish black bars. It throws up a tall spike of brilliant scarlet bracts from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 35 cts. each; \$3.50 per dozen.

Yucca Filamentosa Bicolor.

Everyone is familiar with the common Yucca or Adams Needle, a plant with evergreen foliage and tall spikes of creamy white drooping, bell-shaped flowers, which are produced in the greatest profusion during mid-summer. In the variety here offered is added the additional charm of beautiful variegated foliage, the leaves being longitudinally striped with yellow. A pretty and interesting hardy plant that will succeed in any position. Strong 1 year old plants, 30 cts. each; \$3.00 per doz.

Double Violets. Marie Louise.

A fine lot of thrifty healthy plants of the most desirable standard variety, in strong and field-grown clumps. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about Sept. 25th.)

Single Violets.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan, reddish purple of good size.

La France, rich violet blue, large and very fragrant.

Lusconne, soft violet purple, very fragrant.

Princess of Wales, intensely fragrant, soft violet blue. 75 cts. per doz.; \$6.00 per 100.

PALMS Our Leading Specialty.

height of the plant from the *top of the pot to the top of the plant in its natural position*. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

SPECIAL NOTICE.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

A fine, clean thrifty lot of this popular graceful variety.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

For complete list of Flower Seeds, see Spring issue of our Wholesale Catalogue.

←←←←←SPECIALLY SELECTED STOCKS OF←←←←←

Vegetable Seeds, *For Fall and Winter Sowing in open ground or under glass.*

EARLY JERSEY WAKEFIELD.

LARGE JERSEY WAKEFIELD (CHARLESTON).

Beet.

Crosby's Egyptian. An improved strain of the Egyptian Beet. Specially adapted for greenhouse forcing on account of its short top and quick growth. It is much thicker than the original strain, quite as early, of better color and quality, besides being smoother. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Arlington Favorite. Very sweet, quick growth and dark color. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Early Egyptian Blood Turnip. One of the earliest; a fine forcing variety, small top. Lb. 40 cts.; 10 lb. \$3.50.

Eclipse. Remarkable for its rapid growth, extreme smallness of top, and extra fine quality. $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.; 10 lbs. \$3.50.

Beans for Forcing.

Triumph of the Frames. This variety leads all others for forcing, being two weeks earlier than any other; its dwarf compact habit allows of their being planted much closer than other sorts. Abundant cropper, pods very tender, of finest quality. Pt. 25 cts.; $\frac{1}{2}$ qt. 40 cts.

Cabbage.

Early Jersey Wakefield. The best and most reliable sort for market gardeners. Selected stock. Oz. 30 cts.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

Large Jersey Wakefield (Charleston). A few days later than the Early Jersey Wakefield, producing large solid heads of good quality. Oz. 30 cts.; $\frac{1}{4}$ lb. \$1.15; lb. \$3.50.

Early Winnigstadt. Good for either early or late use, in some sections the best early sort. Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.50.

Etampes. Very early, producing medium-sized heads, sharply pointed. Oz. 20 cts.; $\frac{1}{4}$ lb. 50 cts.; lb. \$1.50.

Early Spring. Heads round and flat, fully as early as Early Jersey Wakefield. Oz. 30 cts.; $\frac{1}{4}$ lb. \$1.15; lb. \$3.50.

Dreer's Early Drumhead. A second early variety, maturing about ten days later than the Wakefield. Large, solid heads. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

Improved Early Summer. A second early, with large solid heads, coming in a few days later than the Wakefield. Oz. 20 cts.; $\frac{1}{4}$ lb. 60 cts.; lb. \$2.00.

All Head. The largest heading of the second early sorts, fine quality. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.; lb. \$2.50.

All Seasons (Vandergaw). An Early Drumhead Cabbage, yields heads of good size, desirable either for Fall or early Spring use. Oz. 25 cts.; $\frac{1}{4}$ lb. 65 cts.; lb. \$2.00.

Cauliflower.

Dreer's Earliest Snowstorm (see cut). Best of all for forcing in frames or greenhouses. Every grower should give this sterling variety a trial. Pkt. 20 cts.; $\frac{1}{4}$ oz. \$1.50; oz. \$5.00; $\frac{1}{4}$ lb. \$15.00.

Dreer's Selected Dwarf Erfurt. Of dwarf habit. Heads close, pure white, of the finest quality. Pkt. 15 cts.; $\frac{1}{4}$ oz. 75 cts.; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.

Dreer's Early Snowball. An early dwarf variety, producing magnificent white heads of fine quality. Pkt. 15 cts.; $\frac{1}{4}$ oz. 75 cts.; oz. \$2.50; $\frac{1}{4}$ lb. \$8.00.

DREER'S EARLIEST SNOWSTORM CAULIFLOWER.

IMPROVED RUBICON CARROT.

Cucumber.

Arlington White Spine. A strain of White Spine which produces handsome dark-colored fruits, and retain their color a long time. Oz. 10 cts.; ¼ lb. 20 cts.; lb. 60 cts.

Emerald. Those who grow cucumbers under glass will appreciate the "Emerald," as it is a splendid forcing variety, and the fruits are so firm that they readily stand shipping long distances. Its beautiful rich dark green color and form make it at once a formidable rival of the English frame varieties. Pkt. 5 cts.; oz. 15 cts.; ¼ lb. 30 cts.; lb. \$1.00.

ENGLISH PRIZE CUCUMBERS

For Greenhouse forcing. Attain a length of 20 to 30 inches.

Rochford's Market. **Covent Garden Favorite.**
Lockie's Perfection.

Each, per pkt., 20 cts.; per 100 seeds, \$1.75.

Duke of Edinburgh. **Sion House, Improved.**
Telegraph (true).

Each per pkt., 15 cts.; per 100 seeds, \$1.25.

CORN SALAD, or Fetticus. Large Seeded, a selected stock for market gardeners, very heavy foliage.

Oz. 5 cts.; ¼ lb. 15 cts.; lb. 40 cts.

Lettuce. Forcing Varieties.

Hittinger's Belmont Forcing. An improvement on the Boston Market, being larger in size. We specially recommend this variety for greenhouse forcing; a sure header and of fine quality. Oz. 20 cts.; ¼ lb. 60 cts.; lb. \$2.00.

Boston Market. (White Seeded Tennisball.) The earliest heading variety. One of the best for forcing. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Big Boston. Resembles the popular Boston Market, but is nearly twice as large; a most desirable variety for forcing and cold frames. Oz. 15 cts.; ¼ lb. 45 cts.; lb. \$1.50.

Black Seeded Tennisball. A favorite forcing variety. Forms a close, bard bead. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Grand Rapids Forcing. This is regarded in the West as the best forcing and shipping variety. It matures quickly, large size and handsome appearance, crisp and tender, and will keep from wilting after cutting longer than any other sort. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Golden Queen. Very early, yellow color; excellent for forcing. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Emperor Forcing. A very early small light green, yellow heart. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Early Curled Simpson (Silesia). Forms a close, compact mass of leaves; excellent for forcing. Oz. 15 cts.; ¼ lb. 30 cts.; lb. \$1.00.

Black Seeded Simpson. Produces a compact mass of leaves of a light color, nearly double the size of the ordinary Simpson. Oz. 15 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Denver Market. For forcing or growing in open ground. Forms large, solid beads, light green, leaves curled, good quality. Oz. 10 cts.; ¼ lb. 35 cts.; lb. \$1.25.

Carrots for Forcing.

Sow in cold frames in October for an early spring supply.

Earliest Short Horn. The earliest forcing variety, root small, reddish orange, of globular shape and excellent flavor. Oz. 10 cts.; ¼ lb. 25 cts.; lb. 70 cts.

Early Scarlet Horn. The favorite early red variety. Oz. 10 cts.; ¼ lb. 20 cts.; lb. 60 cts.

Half-Long Nantes. An early half-long stump-rooted variety of superior quality. Oz. 10 cts.; ¼ lb. 25 cts.; lb. 60 cts.

Improved Rubicon. Half-long, about same length as Danvers, but thicker. Beautiful color. Oz. 10 cts.; ¼ lb. 25 cts.; lb. 70 cts.

Lettuce. Cold Frame Varieties.

Silver Ball. This is one of the best all-the-year-round Lettuces we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing. Oz. 15 cts.; ¼ lb. 40 cts.; lb. \$1.50.

Sensation. Forms close bard beads even in early stage of growth, yellowish green. Oz. 15 cts.; ¼ lb. 40 cts.; lb. \$1.50.

Kale.

For early Spring use, sow in September.

Dreer's Imperial Long Standing. A beautiful curled and crimped sort, extremely hardy and the best for market purposes. Oz. 10 cts.; ¼ lb. 15 cts.; lb. 50 cts.; 5 lbs. \$2.25.

Dwarf Curled German. Leaves green, fine fringed. Oz. 10 cts.; ¼ lb. 15 cts.; lb. 50 cts.

Dwarf Curled Scotch. Leaves bright green, curled, tender and fine flavored. Oz. 10 cts.; ¼ lb. 20 cts.; lb. 50 cts.

Garlic. Lb. 25 cts.; 5 lbs. \$1.00.

Parsley.

Dreer's Dwarf Extra Curled. The best for forcing. Oz. 10 cts.; ¼ lb. 25 cts.; lb. 75 cts.

Half Curled. A medium curled variety, quite hardy, of dark color. Oz. 10 cts.; ¼ lb. 20 cts.; lb. 60 cts.

Champion Moss Curled. A distinct very dwarf moss curled variety, excellent for garnishing. Oz. 10 cts.; ¼ lb. 20 cts.; lb. 60 cts.

DREER'S IMPERIAL LONG STANDING KALE.

"DREER'S OPEN-AIR VEGETABLES."

Gives concise directions for planting and cultivating all garden crops. Price, 25c., postpaid.

Radish.

Cardinal Globe. This is the very best forcing variety for market gardeners and truckers. It is of a globular shape and brilliant cardinal red color, short top, and will stand a large amount of heat without becoming pithy. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Dreer's Earliest White Globe Forcing Radish. The earliest white Radish in existence, producing a beautiful oval-shaped Radish with transparent white skin and flesh, very small root and top, produces a crop as soon as the Cardinal Globe. Oz. 10 cts.; $\frac{1}{4}$ lb. 25 cts.; lb. 80 cts.

Scarlet Frame. The very earliest turnip Radish, of a bright scarlet crimson color, perfectly round, crisp and tender, of excellent flavor. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.

Round Red Forcing. One of the earliest and best of the turnip varieties for forcing, very short leaved, small top, color of skin dark red, white fleshed. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Felton's White Box. A perfectly round, white variety, free from any sharpness or bitterness, one of the quickest of the white sorts. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 60 cts.; 5 lbs. \$2.75.

White Tipped Scarlet Gem. Excellent for forcing, very short leaves, bright scarlet, with white tip, giving it a very attractive appearance when bunched for market. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

CARDINAL GLOBE RADISH.

RADISH—Continued.

French Breakfast. Oblong shape, rapid growth, very mild and tender, of a beautiful scarlet color tipped with white. Oz. 10 cts., $\frac{1}{4}$ lb. 15 cts., lb. 40 cts.

Half-Long Deep Scarlet. An excellent intermediate sort, for forcing or open ground. Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

DREER'S ROUND SEEDED SAVOY SPINACH.

Spinach.

Sow in September and October for a continuous supply.

Dreer's Round Seeded Savoy. The hardiest large Savoy-leaved; crinkled and crimped, with thick fleshy leaves, the best for family and market purposes, and the best of all sorts for fall sowing. Lb. 20 cts.; bus. \$6.00.

Victoria. This new variety is distinguished by the exceedingly large, dark green leaves, and also for its long standing qualities. Should be given a trial by all. Lb. 20 cts.; bus. \$6.00.

Long Standing Round Seeded. A large crimped, thick, fleshy, Savoy-leaved variety; will stand two weeks longer than any other sort before shooting to seed. Lb. 20 cts.; bus. \$6.00.

Tomato.

The Lorillard. One of the best for forcing under glass. It sets freely, four or five fruit to a bunch, all of equal and good size, and a vermilion-scarlet color. The stock we offer was grown by an expert tomato forcer, and can be relied upon to give good results. Oz. 25 cts.; $\frac{1}{4}$ lb. 75 cts.

Mayflower. Excellent for forcing, fruit bright red medium size, solid. Oz. 20 cts.

Favorite. Oz. 20 cts.

Beauty. Oz. 20 cts.

Dwarf Champion. Oz. 20 cts.

Best of All. $\frac{1}{2}$ oz. 25 cts.; oz. 40 cts.

King Humbert. Fruit produced in clusters, small to medium size, very solid, color bright red. Oz. 25 cts.

Dreer's Reliable**Mushroom Spawn.**

Price: 15 cts per brick (by mail 25 cts.); \$1.50 per doz. bricks; 25 lbs. \$2.00; 100 lbs. \$6.00; 1000 lbs. \$55.00, 250 lbs. or over at 1000-lb. rate.

French Mushroom Spawn.
In original boxes. 3 lbs. for \$1.15.

Leading growers say they have uniformly good results from our spawn. It is best quality, being made for us by the best maker in England.

ONE PLANT CRIMSON CLOVER. (Drawn from nature.)

"DREER'S GRASSES AND CLOVERS." A valuable hand-book of practical information on this important subject. Price, 25 cents, postpaid.

Planet Jr. Celery Hiller.

"PLANET, Jr." DOUBLE CELERY HILLER.

These tools are indispensable to any Celery Grower. They are arranged to expand and contract in a moment, by using the lever.

The leaf lifters are adjustable in height, and are especially valuable for first workings. With them some of our largest growers hill their celery, without any handling whatever. Fitted with lever wheel. The hilling blades are 43 inches long, adjustable in width or height as wanted; the double machine works all rows up to four feet apart. Before hilling, the soil should be thoroughly loosened with a horse hoe.

Complete, with vine lifters, \$12 50
Without vine lifters..... 11 75

HYACINTH GLASSES.

	Per doz.	Gross.
Tall,	\$1 10	\$12 00
Tye,	1 25	13 00

Can furnish either of the above styles in the following colors: amethyst, amber, blue, crystal or clear and green.

"PLANET Jr." SINGLE CELERY HILLER.

This runs lighter than the double, and throws rather higher; it works any width rows. Where market gardeners plant close and first bleach every other row, it is "just the thing." It is also excellent help when burying the crop. With leaf lifters, \$9.50. Without leaf lifters, \$9.00.

FLORISTS' THERMOMETERS.

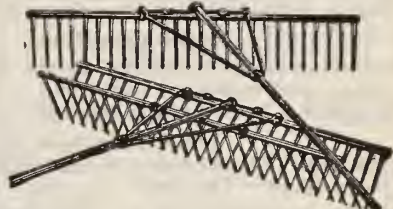

Japanned Tin case, 8 in. 15c., \$1.50 per doz.; 10 in. 20c., \$2.00 per doz.
Hotbed or Dairy, all glass, 25c. Mushroom Bed, brass point, \$1.35 each.
Self-Registering (Hick's), \$2.25 each. These register the coldest also warmest point of temperature.

RAKES.

Vegetable Seeds, Tools, Implements, Fertilizers, Etc., Etc.,

HENRY A. DREER

714 Chestnut Street

Philadelphia, Pa.

Dreer's Quarterly Wholesale Price List.

January—March, 1901.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 $\frac{1}{3}$ %; Small Tools, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE FLOWER SEEDS

WE GIVE close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Asters, Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Petunia, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply. Where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third

" " "	6 " "	8 to 10 " "	75c. " "	7.50 " "

CHINESE AZALEA.

Azaleas for Easter.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this late date must be left to us.

As these plants can be more safely shipped when in bud we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

	<i>In. Diam.</i>	<i>Per doz.</i>	<i>Per 100.</i>
5-in. pots, nice bushy crowns,	10 to 12	\$5 00	\$40 00

Pyramidal-Shaped.

Pretty trained specimens. 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.50 each.

Tuberos-Rooted Begonias.

The strain of Tuberos-Rooted Begonias we offer is too well known to require lengthy description; suffice it to say that we have used the same care this as in previous seasons, to select only such strains that are certain to give satisfactory results. The bulbs are of good size, well ripened, and first-class in every respect.

The price is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the cheap indifferent strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, white, rose, yellow and orange. 40 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz.; \$2.50 per 100; \$22.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

The prices hold good only for early orders.

Frilled Tuberos-Rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct from anything heretofore offered, the petals being wavy and beautifully frilled on the edges, similar to the newer forms of Petunias. A decided acquisition. Strong bulbs, 25 cents each; \$2.50 per dozen.

**Tuberos-Rooted Begonia,
"Duke Zeppelin."**

A most useful and attractive variety that should soon become a favorite for bedding, possessing the great advantage over other tuberos-rooted Begonias of delighting in full sunshine. It is of dwarf habit, growing from 6 to 8 inches high, throwing up well above the foliage numberless stems bearing full, double dazzling-scarlet flowers, giving the whole plant a brightness, grace and elegance difficult to describe. Strong bulbs, 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Semperflorens Gigantea Rosea. 2 1/4-inch pots	1 00	8 00

BEGONIA GLOIRE DE LORRAINE.

New Begonias.

Gloire de Lorraine. Undoubtedly the greatest gem in winter flowering Begonias yet introduced. It grows from 12 to 15 inches high, forming naturally graceful bushy specimens, which from October to April are completely smothered with soft rosy-pink flowers. It is an especially valuable plant for the holiday season. Plants less than 10 months old having been sold in 6-inch pots in the eastern cities last Christmas at from \$5.00 to \$10.00 each.

2-inch pots, \$2.00 per doz.; \$15.00 per 100.

Light Pink Lorraine. This is a sport from Gloire de Lorraine with flowers of a lighter and possibly more pleasing shade of pink. The plant is of a decidedly stronger growth, and florists who have handled it last winter claim that it is hardier and holds its flowers better under unfavorable conditions than the original type.

2-inch pots, \$2.00 per doz.; \$15.00 per 100.

Dwarf Lorraine (nana compacta). This is of more compact habit from the type and holds its flowers more erect; very desirable.

2-inch pots, \$2.00 per doz.; \$15.00 per 100.

**Double Flowering Begonia
Semperflorens.**

Valuable additions to the Begonia family, with pretty double flowers. The three varieties here offered are all of strong vigorous habit, and succeed admirably either as pot or bedding plants even when planted out in full sun.

Boule de Neige. Large, full, double, white flowers, occasionally lightly tinted with pink and light yellow stamens. \$1.25 per doz.; \$10.00 per 100.

Gloire du Montet. Flowers very double, opening a bright carmine and changing to a clear pink as the centre expands. \$1.25 per dozen; \$10.00 per 100.

Triumph de Lorraine. Petals nicely imbricated, color of buds and flowers when opening a bright scarlet, changing to cherry carmine when fully developed. \$1.25 per doz.; \$10.00 per 100.

Browallia Speciosa Major.

A giant flowered form of the beautiful blue Browallia, flowering continuously summer and winter. May be grown either as a pot or border plant. Its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cts. per doz.; \$6.00 per 100.

Bouganvillea.

	Per doz.	Per 100.
Glabra Sanderiana. 3-inch pots	\$1 25	\$10 00

FANCY-LEAVED CALADIUM

Caladium Albanense.

An entirely new race of Caladiums; the leaves are borne on stout petioles, but unlike our well-known varieties are spear-shaped and of thick leathery texture. The colors are red, green and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 20 cents each; \$2.00 per dozen.

Caladium Argyrites.

A most beautiful dwarf growing variety with miniature dark green foliage which is freely mottled with white. It can be used to great advantage in the filling of Jardinieres and Fern dishes, or in connection with choice cut flowers. Bulbs started up to the middle of February will make good plants to use at Easter. \$1.50 per dozen; \$12.00 per 100.

Fancy Caladiums.

Fancy leaved in 25 choice-named varieties. (See retail catalogue for description.) \$1.25 per dozen; \$10.00 per 100. Choice mixture, \$1.00 per dozen; \$8.00 per 100.

CAMPANULA ISOPHYLLA MAYII.

CAREX JAPONICA VARIEGATA.

Golden Yellow Calla.

(Richardia Elliottiana.)

Entirely distinct and unlike all other forms of yellow Callas heretofore introduced. Elliottiana has the same habit of growth as the ordinary white Calla, R. Ethiopica, with flowers of the same size and shape, but of a rich, clear, lustrous golden-yellow color, the foliage is dark green, with a number of translucent creamy white spots, which adds to its beauty. \$1.25 each.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties 5-inch pots, 15 inches high, \$6.00 per dozen; \$45.00 per 100.

Campanula Isophylla Mayii.

In this new Bell-Flower we have one of the most important and valuable novelties of the season, and a plant that with only ordinary care can be grown by anyone; a plant for everybody. It succeeds best as a pot plant grown in a half-shady situation, and may either be permitted to trail over the sides of the pot or staked and grown upright; under either condition it becomes one mass of flowers.

Our illustration, which is a reproduction from a photograph of a plant grown in a 5-inch pot, gives a fair idea of both the shape of the flower as well as its remarkable floriferousness, hundreds of flowers being open on one plant at one time; these are of a pleasing light shade of blue and are produced continuously throughout the summer.

Awarded a Certificate of Merit by the Royal Horticultural Society of England—and a plant that we cheerfully recommend. Strong Plants, in 3 1/2-inch pots, 60 cents each.

Carex.

	Per doz.	Per 100.
Japonica Variegata. 2 1/4-inch pots . . .	\$0 75	\$6 00
Gallicifolia Variegata.	75	6 00

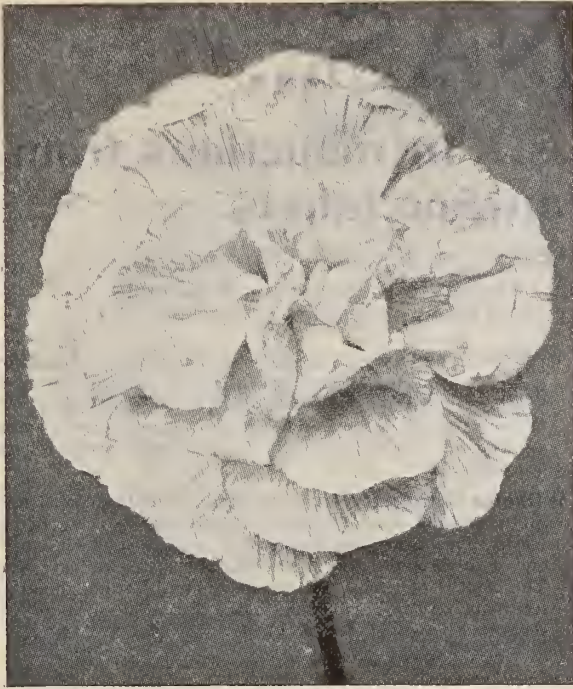

Cestrum Parqui.

(Night-blooming Jessamine.)

3-inch pots	75	6 00
-----------------------	----	------

Choisya Ternata.

A pretty ornamental evergreen greenhouse shrub, producing sweet-scented, orange-like white flowers. 5-inch pots, 35 cents each.

PROSPERITY.

GOVERNOR ROOSEVELT.

CARNATIONS.

New Carnations for 1901.

California Gold (Sievers & Co.). Resembles Ethel Crocker in habit and healthy growth, but produces good, average sized flowers of a bright yellow, with light markings of soft red. \$2.00 per dozen; \$10.00 per 100; \$75.00 per 1000.

Egypt (Weber & Sons). Rich, warm, scarlet crimson; stems attain a length of 2½ to 3 feet; uniform large flowers, 2½ to 3 inches in diameter; blooms continuously from the beginning of November. \$1.50 per dozen; \$10.00 per 100.

Governor Roosevelt (Ward). Rich, brilliant scarlet, shaded maroon; early and free; large, perfect flower; the peer of dark carnations. \$2.00 per dozen; \$12.00 per 100; \$100.00 per 1000.

Irene (Crabb & Hunter). A cross between Daybreak and Albertna; color of the latter, with blooming qualities of Daybreak. \$1.50 per dozen; \$10.00 per 100; \$75.00 per 1000.

Lorna (Dorner). A new white, showing a decided improvement over its parent, White Cloud; more compact and stronger grower, stiffer stem, larger flower, better form, purer in color and freer in blooming. \$2.00 per dozen; \$10.00 per 100; \$75.00 per 1000.

Mermaid (Dorner). Salmon pink, large flower, good color, early and extremely free. \$1.00 per dozen; \$6.00 per 100.

Norway (Weber & Sons). A seedling of Mrs. Fisher, of purest white, 2½ to 3½ inches in diameter; very fragrant. \$1.50 per dozen; \$10.00 per 100.

Prosperity (Dailledouze). A fancy sort that has created a sensation wherever exhibited as the largest and most perfect Carnation ever offered to the trade. Habit is good; a free bloomer, with long, stiff stems, and an excellent keeper. Color is white, suffused with pink, deepening towards the centre. \$5.00 per dozen; \$16.00 per 100.

Queen Louise (Dillon). This is claimed to be the best white Carnation yet introduced, producing the finest flowers from early to late; a strong, vigorous grower and easily managed. \$2.00 per dozen; \$10.00 per 100; \$75.00 per 1000. All the above are offered in strong, rooted cuttings; ready in March.

...CANNAS...

Four Grand New Varieties. Introductions from Leading European Specialists.

The four varieties offered below were selected from hundreds of European introductions of 1899 and 1900, and we believe them to be the cream of recent introductions and valuable additions to our already long list of desirable varieties.

German Crown Prince. A variety which is described in European catalogues as a bronze-leaved form of Goliath, but which in our estimation, is much superior to and entirely distinct from that variety in the fact that its petals are not crimped on the edges, but are smooth, heavy and well-rounded. In color it is a dark cherry-red, of a rich and pleasing shade, with dark bronzy foliage, and of robust, but dwarf compact habit, growing about 3½ feet high. \$1.25 each.

Mrs. George A. Strohle. A variety of special merit, with extra large bright amaranth red flowers which are raised well above the foliage in strong, heavy many-flowered trusses. The plant grows about 5 feet high with large bronzy purple foliage. It is entirely distinct from all others, possesses all the qualities of a good bedding variety, and will, no doubt, become one of our standard sorts. \$1.00 each.

Mrs. W. F. Dreer. A desirable addition to the yellow spotted section, the flowers, which are of immense size with very broad, well-rounded petals, are of a rich, pure yellow, with numerous small red spots. The plant is a strong grower, attaining a height of 4½ feet, with massive, bright green foliage. 50 cents each.

Wilhelm Bofinger. Large broad massive foliage of a bright green, and rich scarlet flowers, overlaid with glowing orange scarlet, a color that can be seen as far as the eye will carry; one of the brightest and most attractive colors we have seen. The plant is of strong, but compact habit, growing about 3½ feet high, very free flowering, and a decided acquisition. 50 cents each.

The set of four varieties, one of each for \$3.00.

Large Flowering Cannas.

VARIETIES OF SPECIAL MERIT.

Mrs. Kate Gray. The most robust growing Cannas in our collection. The plants attain a height of 6 to 7 feet, with broad and massive foliage of a bright glossy green, similar to a *Musa Euseta* in size and substance, and forms a beautiful foil to the gigantic trusses of flowers, which are of a rich shade of orange scarlet, overlaid with gold, and measure from 6 to 7 inches across; individual petals often measuring 2 inches in width.

The habit of the plant, size of truss and individual flower, together with its superb coloring, make this one of the most desirable Cannas in our collection. 20 cents each, \$2.00 per dozen.

President Meyer. A distinct and most desirable new variety, with broad bronzy foliage and very large flowers of a rich cherry-carmine, which are produced in trusses of immense size—4 feet. 25 cents each; \$2.50 per dozen.

Sam Trelease. The greatest merit of this variety is that the flowers open out flat, which, with its very broad petals, which are of good substance, makes a large, nearly perfect, circular flower, different from all other sorts. In color it is the nearest approach to a pure scarlet yet introduced. Very rich and glowing; the edges and centre are marked with yellow, about the same as in *Mme. Crozy*. It grows about 3 feet high, with large, freely-branching spikes of flowers, which are thrown above the foliage and of just sufficient height to show them to best advantage. In freedom of flowering we know of no variety that compares with it. (See cut.) 75 cents per dozen; \$6.00 per 100.

Cinnabar. Cinnabar red, edged with distinct golden band; fine round flowers of great substance, held well above the foliage in large well-formed trusses, of good habit, and an early and free bloomer. 4½ feet. Ready in March. 25 cents each; \$2.50 per dozen.

One each of the 4 varieties for 60 cents.

SAM TRELEASE.

CANNAS.

General Collection of Standard Varieties.

Our collection of Cannas has this season been carefully revised, all inferior varieties having been rejected, and those now offered may be considered the best of their respective type or color. For full descriptions and illustrations see DREER'S GARDEN CALENDAR for 1901.

Bassett's Red. Dark bronzy foliage	75	6 00

PRESIDENT MCKINLEY.

WHITE BONNAFFON.

CHRYSANTHEMUMS.

New Varieties for 1901.

(Ready for distribution early in April.)

Timothy Eaton (Miller). The sensational novelty of the year and the greatest introduction for many years. This variety has been extensively exhibited the past fall and captured every prize for which it was entered.

It is the largest, white, globular, Japanese incurved variety yet raised. The form is perfect, the stem stiff, with healthy foliage, and brings a full crop of perfect flowers.

Brutus (May). Very bright red, shaded with orange; a bold, handsome flower of a glowing sunset color, averaging about 6 inches through by 5 inches in depth. Certificated C. S. A.

Chestnut Hill (May). Clear, bright yellow, of excellent form and substance; at its best end of November. A seedling of W. H. Lincoln, with equal constitution and better form. Certificated at Boston, Chicago, Cincinnati and Philadelphia.

Iolantha (Smith & Son). An incurving pink, maturing October 10th to 15th; probably the best early pink yet introduced. Certificated C. S. A.

Malcolm Lamond. A counterpart of Fisher's Torch in color, but much fuller, having three times as many petals; a beautiful velvety crimson that does not burn. Certificated C. S. A.

Mary Hill (Rieman). A bright shade of pink, with a high pearl gloss on the outer petals; at its best about November 15th. Certificated C. S. A.

Mrs. Elmer D. Smith (Smith & Son). A bright yellow Japanese incurved, deeper in color than Golden Wedding; of perfect form, full double, high, rounded centre. The introducers claim that this variety has more good points than any variety sent out by them the past ten years. Certificated C. S. A.

New Chrysanthemums for 1901—Continued.

Mrs. W. D. Chamberlain (May). A bold, handsome flower, of a lovely shade of pink, long ray petals drooping; balance reflexed or incurving, in a graceful and artistic form. Certificated C. S. A.

Omega (Smith & Son). A second early yellow, with blooms 7½ inches in diameter; in perfection about October 25th. Certificated C. S. A.

Yanariva. Deep blush centre, with delicate blush for balance; a striking and artistic flower, 7 inches through by 5½ deep; entirely distinct from all other varieties.

Zama (May). Old gold; reverse, bright strawberry red; lower petals tubular; balance flat; reflexed, but full to centre; an acquisition for exhibition purposes.

50 cents each; \$5.00 per dozen; the set of 11 varieties for \$4.50.

New Pomponé Chrysanthemums.

Aileen. Deep lilac pink; close, compact form of medium size.

Gallia. A bold, handsome flower; clear, soft pink, when fully developed.

Klondike. The most brilliant yellow of the whole family.

Lula. A lovely, pure snow white, globular form of medium size.

Miss Ada Williams. White, shaded with blush, slightly laced with violet.

Quinola. Deep, clear orange yellow of excellent form and good size.

20 cents each; the set of 6 for \$1.00.

Chrysanthemums.

TYPE OF NEW CACTUS DAHLIA.

Latest Novelties in...

CACTUS DAHLIAS.

Cinderella. Bright purple, the color deepening to a rich velvety shade in the centre; free flowering.

Countess of Lonsdale. An exquisite shade of rich salmon with just a suspicion of apricot at the base of the petals, towards the tips the color deepens gradually into the softest of carmine pinks, producing as a whole one of the most delightful combinations of colors imaginable; the shape of the petals and of the whole flower leaves absolutely nothing to be desired.

Island Queen. Medium-sized flowers of perfect form on long stout stems of a beautiful light mauve color.

Firebrand. Richest velvety crimson; petals long, narrow and quite pointed, the finest of its color and a variety that should become a great favorite.

Kingfisher. Bright carmine; the petals splendidly curled to a point, and curved inwards in an elegant irregular manner; flowers of medium size and very free.

Mrs. Dickson. Lovely soft rose, passing to yellow at the base of the petals, which are long and pointed; a beautiful loose and graceful flower.

Mr. Moore. A perfectly formed flower of a rich cherry-red; one of the very best of the dark colored varieties.

Nibelungen. A peculiar shade of carmine overlaid with deep velvety crimson; a most perfect flower, with long curled and pointed petals.

Queen Wilhelmina. Dark velvety crimson, shading to light yellow at the base of the petals; a dwarf growing and very free flowering variety.

Sieglinde. The well-formed graceful flowers are raised well above the foliage on stout, stiff stems; color pure amber, shading to delicate chamois at the tip of the petals.

Sigmund. A fresh pleasing rosy carmine; flowers of most perfect form.

Sparkler. A miniature Cactus Dahlia of fine form, of a bright crimson color; borne in the greatest profusion; a gem for cutting.

Strong, Dormant Roots. 40 cents each; the set of 12 varieties for \$4 00.

Fourteen Grand New CACTUS DAHLIAS

DECORATIVE CACTUS DAHLIA NYMPHÆA.

OF THE many Dahlias that are offered as Cactus varieties but few are of the true Cactus form. The collection offered below are all of the correct type, and are a selection of the very best European introductions. This type is the most popular at the present day, and has much to commend them, combining the grace of the single varieties and without the stiff formality of outline of the double show sorts. This collection has repeatedly been awarded first prizes at various horticultural exhibitions.

- Aegir.** An entirely new and distinct form in Cactus Dahlias; the petals are tubular or quilled, twisted and arranged in the most fantastic yet regular form; color rich, warm cardinal scarlet. The finest introduction to date.
- Austin Cannell.** Color light crimson-rose, shading lighter towards the edges; long, narrow, twisted tubular petals.
- Chas. Woodbridge.** A magnificent light crimson, shaded purple.
- Cycle.** Rich ruby red, shading paler towards the tips of the petals, which are tubular and form a fine graceful flower.
- F. Bartels.** Bright scarlet; when first opening shows a pretty violet shade.
- George Marlow.** Primrose-yellow, shaded amber.
- Green's Gem.** A rich, glowing orange-red; bright and fiery, with long, narrow, twisted petals gracefully incurved.
- Hohenzollern.** A rich, bronzy orange-red color with golden sheen; fine.
- John H. Roach.** The finest soft yellow, petals, long and twisted; a beauty.
- Loreley.** Soft La France pink, shading lighter towards the centre, which is a creamy white. This variety was awarded a silver medal at the International Exhibition in Hamburg.
- Miss Webster.** Pure white, without a tinge of color excepting on the reverse of the lower petals, which is slightly tinted with rose.
- Miss Annie Nightingale.** Outer petals broad and flat, inner petals curled and twisted; color clear yellow flaked and heavily edged with scarlet.
- Mrs. A. Beck.** A rich salmon-red with scarlet reflex.

Strahlen Krone (Rayed Crown). Intense cardinal red, rich and glowing, with long, curiously-twisted petals; in our judgment the handsomest and most perfect Cactus Dahlia in cultivation.

Price: 15 cents each, \$1.50 per dozen; \$12.00 per 100; set of 14 for \$1.75.

Twenty Choice Decorative Cactus Dahlias.

- Clifford W. Brutton.** A superb yellow.
 - Evadne.** Soft primrose tipped creamy white.
 - Henry Cannell.** Dark rich crimson.
 - Iridescent.** A brilliant iridescent red.
 - Lancelot.** Large reddish amber.
 - Marchioness of Bute.** Pure white tipped rose.
 - Mrs. A. Newhall.** Dark crimson shaded maroon.
 - Mrs. Geo. Reed.** White, edged and flaked rosy lake; deeply cleft petals.
 - Miss Bennett.** Glistening salmon yellow.
 - Nymphæa.** Distinct shrimp pink.
 - Oban.** Soft rosy lavender.
 - Perle de la tete d'Or.** Finest white.
 - Professor Baldwin.** Orange scarlet.
 - Sundew.** Orange salmon, very bright.
 - Wm. Miller.** Soft, satiny purple.
 - Wm. Agnew.** Grand, rich dazzling red.
 - Wm. Pearce.** Rich butter yellow.
 - Talisman.** A fine, large, pure red.
 - True Model.** Buff, overlaid reddish brown.
 - Zulu.** Black maroon; very fine.
- \$1.00 per dozen; \$8.00 per 100; set of 20 for \$1.60.

Twelve Choice Pomponé or Liliputs.

- Catherine.** Best pure yellow.
 - Elfin.** Primrose changing to white.
 - Elegante.** A pretty shaded pink.
 - Gold Pearl.** Bright scarlet, tipped yellow.
 - Kleine Domitea.** Orange buff; always in flower.
 - La Petit Jean.** Rich crimson maroon.
 - Little Beatrice.** Pink, edged purple.
 - Lou Kramer.** Yellow, tipped rosy crimson.
 - Raphael.** Deep maroon.
 - Snow Clad.** The finest white.
 - Sappho.** Very dark maroon.
 - Sunshine.** Richest scarlet.
- \$1.00 per dozen; \$8.00 per 100; set of 12 for \$1.00.

Six Superb Double Quilled.

- A. D. Livoni.** Beautiful clear pink of perfect form.
 - Grand Duke Alexis.** Ivory white, tipped rose.
 - Jamaica.** Rich plum, finely quilled.
 - Model of Perfection.** Fine rosy lavender.
 - Priscilla.** Yellow, tipped with scarlet.
 - Queen Victoria.** Handsome deep yellow.
- \$1.00 per dozen; \$8.00 per 100; set of 6 for 50 cents.

STORM KING DAHLIA.

New White Show Dahlia.**"Storm King."**

To fully describe this magnificent variety would take up more space than we can give to any one variety. Suffice to say that it is conceded to be the finest, freest-flowering white show Dahlia ever introduced. (See cut.) 20 cents each; \$2.00 per dozen.

Twelve Best Double Show.**Arabella.** Pale primrose shaded rose and lavender.**Diadem.** Dark rich garnet.**Eclipse.** Fine brilliant scarlet.**Emily Edwards.** White suffused pink; beautiful.**Fanny Purchase.** Grand yellow of fine form.**Miss Cannell.** White suffused and tipped purple.**Miss Dodd.** Fine large pure yellow.**President.** White edged lavender pink.**Princess Bonnie.** Light sulphur of fine form.**Prince Bismarck.** Rich deep purple.**White Swan.** Fine pure white.**William Rawlings.** Large rich purple.

\$1.00 per dozen; \$8.00 per 100; set of 12 for \$1.00.

Twelve Best Double Fancy.**Constancy.** Reddish amber, tipped with white.**Frank Smith.** Intense purple maroon, tipped white; form perfect.**Gilt Edge.** Creamy white with broad golden edge to each petal.**S. Sickman.** Dark maroon, tipped white; fringed.**Striped Banner.** Cardinal red, striped white in such manner to appear tipped.**Keystone.** Pink, striped crimson.**Lottie Eckford.** White, striped and spotted pink and crimson.**Lucy Fawcett.** Light yellow, striped carmine.**Miss Browning.** Pure yellow, tipped white; exquisite form.**Mrs. Langtry.** Cream, peach and purple, fine form.**Mrs. Stancombe.** Amber, striped red, tipped blush.**Penelope.** White, flaked lavender.

\$1.00 per dozen; \$8.00 per 100; set of 12 for \$1.00.

Twelve Superb Single Dahlias.**Ami Barrilet.** Brilliant garnet; a handsome, perfect flower.**Brilliant.** Bright yellow, striped scarlet.**Dearest.** White, edged buff.**Evelyn.** A delicate, soft pink.**Fashion.** Crimson maroon, flamed purple.**John Downle.** Cardinal scarlet.**John Cowan.** Scarlet maroon.**Nance.** A pretty shade of mauve.**Novelty.** Bright pink, marked with rich crimson.**Sunningdale White.** French white.**St. George.** Best single yellow ever introduced; fine for cutting.**Violet Fern.** Iridescent red.

\$1.00 per dozen; \$8.00 per 100; set of 12 for \$1.00.

Special Low-Priced Dahlias.

Varieties listed below, all of which are good sorts, we have in stock in large quantities, and offer at a special low price.

Cactus Dahlias.**Amphion.** Amber yellow.**Celestine.** Yellow suffused orange.**Constancy.** Reddish amber, sometimes tipped white.**Empress of India.** Deep crimson maroon.**John Bragg.** Rich, velvety maroon.**Lady H. Grosvenor.** Golden amber.**Luclus Crammock.** Fine, purplish red.**Mattie Serrapin.** Large, deep salmon.**Miss Jennings.** Fawn, shaded salmon pink.**Mrs. Marsham.** Large reddish salmon.**Red and Black.** Crimson, margined black.**Yellow A. W. Talt.** Deep, pure yellow.

75 cents per dozen; \$6.00 per 100.

Fancy Dahlias.**Edith Connor.** Rosy pink on edge; centre red.**Elegans.** Rosy purple, tipped and banded white.**Prince Alexander.** Pink, striped dark red.

75 cents per dozen; \$6.00 per 100.

Pomponé Dahlias.**Allie Mourey.** Blush tipped pink.**Ariel.** Pleasing salmon buff.**Fairy Queen.** Sulphur yellow, edged peach.**Variegatum.** Varies from crimson maroon and purple to pink and white.

75 cents per dozen; \$6.00 per 100.

Mixed Dahlias.

We have a large stock of Dahlias which have accidentally become mixed, consisting of the very best named varieties.

50 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

DRACENA GODSEFFIANA.

Dracena Godseffiana.

Undoubtedly one of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracenas. It is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide, of a strong leathery texture, rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

2-inch pots, \$1.50 per dozen; \$12.00 per 100.
5-inch pots, \$1.25 each; \$15.00 per dozen.

Dracena Sanderiana.

3-inch pots, 25 cents each; \$2.50 per dozen.

Dracena Indivisa.

A fine lot of this useful plant.

3-inch pots, \$0 75 per dozen; \$6 00 per 100.

6 " " 3 50 " 25 00 "

Erythrina Crista-Galli.

(Coral Plant.)

1-year-old field-grown plants, \$2.50 per dozen.
3-inch pots, \$1.00 per dozen.

Ficus Elastica.

(Rubber Plant.)

4 in. pots, 10 to 12 in. high, \$4 00 per doz.; \$30 00 per 100.
6 " " 18 " 24 " 9 00 " 75 00 "

Ficus Falcata.

An improvement on Ficus Repens of the same climbing habit, attaching itself to walls, etc., but of a denser, closer growth, with smaller foliage. 15 cents each; \$1.50 per dozen.

Fuchsias.

12 choice varieties, 2 1/4-inch pots Per doz. Per 100.
Ready February 1st. \$0 60 \$4 00

FROND OF ADIANTUM CHARLOTTEE.

FINE FERNS

Varieties of Special Merit.

New Adiantum Charlottæ.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes. Specimens of this handsome sort shown at the exhibitions of the Penna. Hort. Society during the past two seasons attracted the attention of all lovers of Ferns. 2 1/2-inch pots, 20c. each; \$2.00 per doz.; \$15.00 per 100.

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced. 3-inch pots, \$1.00 per doz.; \$8.00 per 100.

Adiantum Farleyense.

Nice, young, thrifty stock for growing on.
3-inch pots, \$2 00 per doz.; \$15 00 per 100.
4 " " 5 00 " 40 00 "
5 " " 9 00 " 70 00 "

Adiantum Rochfordianum.

A most desirable form of *A. cuneatum* with somewhat larger pinne of a darker green color, forming a more compact plant, especially valuable to grow as a pot plant. 2 1/4-inch pots, 75 cts. per doz.; \$5.00 per 100.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong 2 1/4-inch pots, \$1 00 per doz.; \$8 00 per 100.
3 " " 1 25 " 10 00 "
4 " " 2 00 " 15 00 "
5 " " 3 00 " 25 00 "

ADIANTUM FARLEYENSE. (See offer on page 27.)

MICROLEPIA HIRTA CRISTATA.

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5-inch pots, 75 cts. each; \$ 7 50 per doz.
 6 " " \$1 25 " 12 00 "
 7 " " 1 50 " 15 00 "

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown, meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2 1/4-inch pots, 75 cents per dozen; \$ 6 00 per 100
 3 " " \$1 25 " 10 00 "
 4 " " 2 50 " 20 00 "
 5 " " 3 50 " 25 00 "

Nephrolepis Wittboldii.

We have made arrangements which enable us to offer this new Nephrolepis at the same price as the introducer. Strong plants suitable for 3-inch pots, at \$1.00 each; \$10.00 per dozen; \$75.00 per 100.

Fine Ferns.

Varieties of Special Merit—Continued.

Aspidium Tsussimense.

Without question the most valuable of all Ferns yet introduced for Fern-dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. Heretofore we have been able to offer this variety only in limited quantity, but this season our stock consists of nearly 60,000 plants, and are therefore able to quote it at a popular price.

2-inch pots, \$4 00 per 100; \$35 00 per 1000.
 3 " " 6 00 " 50 00 "

Asplenium Bulbiferum.

This variety is but rarely seen in this country, but is grown in large quantities in Europe, especially in England, where it is considered one of the most important Ferns for house decoration; it is a most valuable variety to grow into 5 or 6-inch pot plants. We offer good

4-inch pots, \$1.25 per doz.; \$10.00 per 100.

Cibotium Princeps.

Similar to *C. Schiedei*, but with broader, shorter foliage.

4-inch pots, 50 cts. each; \$5 00 per doz.
 5 " " 75 " " 7 50 "
 6 " " \$1 25 " 12 00 "

TYPE OF NEW SINGLE GERANIUM.

DOUBLE IVY-LEAVED GERANIUM LEOPARD.

Six Choice New Single Geraniums for 1901.

Andrew Lang. Glowing scarlet, with pure white blotch on the upper petals, the centre of the flower being surrounded by a distinct aureole of a rich carmine tint; a bright and brilliant flower. 20 cents each.

Barbara Hope. Pale, beautiful salmon pink, with white eye, shading to nearly white at edge of petal; a very large, perfect flower. 40 cents each.

George Sand. Clear white, at times tinged with soft flesh pink, distinctly punctuated with brilliant carmine dots; very chaste and distinct. 20 cents each.

Jean Aicaud. Rich crimson purple, with glowing blotch at base of upper petals; immense truss and very free. 35 cents each.

Lilian Duff. A magnificent crimson, the individual pips often measuring 3 inches in diameter; the most distinct new Geranium this season. 60 cents each.

Mrs. Williams. Immense bloom, 3 inches in diameter; clear rose pink, with white blotch at base of upper petals. 50 cents each.

The set of six 1901 Singles for \$2.00.

Six New Double Geraniums for 1901.

Champs de Neige. The finest double white yet sent out. 35 cents each.

La Soliel. Brilliant scarlet; very intense and glowing; a profuse bloomer. 35 cents each.

Marie Fournier. Pure deep pink, with distinct white centre, occasionally striped and spotted with white. 15 cents each.

Mme. Philip Labrie. Pure deep pink and always in bloom. 15 cents each.

Picotee. Pure white, with distinct narrow picotee edge of clear rosy pink. 35 cents each.

Roi de Siam. Brilliant scarlet, with large white blotch in centre of petal; the brightest flowered of all the double aureoles. 50 cents each.

The set of six 1901 Doubles for \$1.60.

New Single Geraniums of 1900.

Chateaubriand. Large, brilliant scarlet, with maroon shadings and black veins on upper petals. 15 cents each.

Daumier. Soft, rosy lilac; centre of flower heavily spotted with rosy anilene; one of the choicest Picotee varieties. 15 cents each.

Hall Caine. Bright, cherry red, individual florets, over 2½ inches in diameter. 20 cents each.

Mary Pelton. Delicate pale salmon, the finest of this color yet introduced. 15 cents each.

Oliver. Centre of flower snow white suffused rich magenta, bordered with glowing scarlet around the edge of the petals. 15 cents each.

Ponschkine. Brilliant anilene violet; upper petals blotched with pure white, the centre of the lower petals shading into rosy white. 15 cents each.

Set of six 1900 Singles for 75 cents.

New Double Geraniums of 1900.

J. B. Varonne. Immense florets; fiery carmine, with large white centre; one of the most striking of the Aureole section. 15 cents each.

Jean Viaud. Bright, rosy pink, with white blotch in centre of petal. 15 cents each.

Richelieu. Deep scarlet shaded fiery orange, with maroon veiling, large flowers and trusses; very free. 15 cents each.

Mme. Carnot. The most promising double white yet introduced. 15 cents each.

Pasteur. Brilliant orange scarlet; the brightest scarlet Geranium yet introduced. 15 cents each.

Jean Remeau. Snow white veined with rosy violet; petals bordered with bright crimson. 15 cents each.

Set of six 1900 Doubles for 75 cents.

Three Choice New Ivy-leaved Geraniums.

Leopard. The most distinct and novel Ivy Geranium yet introduced: the ground color is a clear lilac pink, with heavy carmine blotches over the upper petals; the markings are so unique that it may aptly be described as a Lady Washington Ivy Leaf. 50 cents each.

Achievement. A cross between Souv. de Chas. Turner and a pure white single zonale, with large semi-double flowers of a distinct shade of salmon pink. 35 cents each.

The Bride. The largest and purest double white yet introduced; very dwarf and free. 10 cents each.

The set of 3 varieties for 90 cents.

GLOXINIAS.

Montbretia Crocosmiæflora Germania.

(The New Giant Montbretia.)

This new Montbretia has been under our observation for the past four years, when it first originated, and we can fully endorse the originator's description, which follows herewith :

"This splendid acquisition is the result of a cross between Crocosmia aurea imperialis and some varieties of Montbretia. Having inherited the vigorous growth of the Crocosmias, it, however, produces no offsets which characterizes the Crocosmias, but possesses the dwarf and bushy growth of Montbretia Etoile de Feu.

"It grows about 3 1/2 feet high, is of sturdy habit, much branched, and produces most graceful spikes in the greatest profusion. They are well furnished with large six-petalled, widely expanded flowers, measuring over 3 inches across, probably the largest of the genus. The color is a rich glowing scarlet, shading to brilliant orange, with a blood-red throat. The buds and also the reverse of the petals are blood-red, a most striking combination of colors, making a grand effect."

Nothing can excel the great display this novelty produces when planted in masses, while as a summer cut-flower it is invaluable.

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer 15 distinct varieties in strong plants from 3-inch pots that will give a liberal supply of cuttings. \$1.00 per dozen; \$8.00 per 100; set of 15 varieties for \$1.25.

Seed, 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

PALMS Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Areca Lutescens.

All of the Arecas offered below are of exceptionally fine quality, perfect in every way, except the \$10.00 each size, which are slightly blemished, but of excellent value for decorative purposes.

...ROSES...

ROSE QUEEN OF EDGELY,
OR "PINK AMERICAN
BEAUTY."

New Forcing Rose, Queen of Edgely or Pink American Beauty.

This famous new rose originated four years ago as a sport of the American Beauty, and has been under careful observation and cultivation since 1897. The rose is an exact counterpart of the American Beauty in every particular except that of color. It has the same vigorous growth and beautiful foliage of the parent plant. Its fragrance is delicious and closely resembles that of the out-door June roses. In color it is a bright pink, approaching Mme. Caroline Testout and Bridesmaid; and an excellent point is that, as the rose grows older, it fades to a lovely shade of light pink. The flowers are large and deep, cup-shaped and full, averaging five inches when full blown (some reaching seven inches in diameter), and are borne on stems often six feet long, foliated to the very flower. Its keeping qualities are excellent, the flowers holding for a week or longer after being cut.

Strong young plants from 2½-inch pots, ready early in April. \$9.00 per doz.; 50 for \$25.00; 100 for \$40.00. (Prices for large lots on application.)

New Forcing Rose, Robert Scott.

A seedling from Merveille de Lyon, crossed with Belle Siebrecht, retaining the size, form, color and growth of the Hybrid Perpetual, with the everblooming qualities of the Tea Rose.

The habit of growth is strong and vigorous; it retains the handsome foliage of the Hybrid Perpetual which clothes the stout stems close up to the flower. These are of large size of a clear, rosy pink, shading to flesh color on the outer petals, not unlike Baroness Rothschild, which it also closely resembles in form, as beautiful when fully expanded as in the bud form; a welcome addition to our list of forcing roses. Prices for strong plants, 2½-inch pots, ready early in April.

On own roots, \$6.00 per doz.; \$30.00 per 100
Grafted 6.00 " 40.00 "

(Prices for large lots on application.)

Forcing Rose, Liberty.

Undoubtedly the finest crimson rose of modern times, and a grand addition to the Hybrid Tea class. It is of a bright crimson scarlet and surpasses its rival, the well-known Meteor, in abundance of bloom, size and color, without the slightest tendency of the petals to blacken, which is so characteristic of this variety, and, most of all, by its exquisite fragrance, a quantity altogether lacking in Meteor. We offer fine 2¼-inch pot-plants,

Own roots, ready now, \$2.00 per doz.; \$15.00 per 100
Grafted, ready in April, 3.50 " 25.00 "

New Bedding Rose, Gruss an Teplitz.

"The Crimson Hermosa."

For the amateur who has no greenhouse and who depends upon his garden for flowers, this is one of the most important varieties introduced for a great number of years. It is a rose for everybody, succeeding under the most ordinary conditions, and in this respect will take rank with such old-time favorites as Hermosa, Souv. de la Malmaison and Clothilda Soupert. In color it is scarlet, shading to velvety crimson, of larger size than Hermosa, very fragrant, and a free, strong grower. It is the most profuse bloomer known to us, the mass of color produced is really wonderful, and the foliage is extremely beautiful, all the younger growth being of a bronzy plum color; a queen among scarlet bedders.

2¼-inch pots, 75 cents per dozen; \$6.00 per 100. Strong budded field-grown plants, 25 cents each; \$2.50 per dozen.

New Tea Rose, Sunrise.

The most gorgeous rose of its class yet introduced. This has made a sensation in England and taken first honors wherever shown. In close bud form it shows the high, brilliant colors, seen only in the "Austrian-Copper," scarlet and yellow. As it opens, the color deepens, the scarlet turning darker red, the yellow to orange and copper, the inside of the petal, golden yellow. The open rose is large, perfectly double and of grand form. The foliage is glossy and thick, the new growths being the darkest and most beautiful found among roses. The form and color of bud, its freedom of growth and bloom, will give Sunrise a high place among forcing roses.

Ready March 1st. 35 cents each; \$3.50 per dozen; \$25.00 per 100.

New Rambler Rose, Psyche.

Received the award of merit of the Royal Horticultural Society of England. A cross between Crimson Rambler and the Polyantha rose Golden Fairy. In growth and habit it much resembles the Rambler. The flowers are produced in clusters of 8 to 35, and are 2 to 2½ inches across when fully expanded. The color is white, suffused with salmon-rose and pink, with yellow base to the petals. A real companion to Crimson Rambler.

2¼-inch pots, \$2.00 per dozen; \$15.00 per 100.

Hybrid Wichuraiana Roses.

Evergreen Gem. Yellow, changing to white; double.

Gardenia. Creamy white; double.

Jersey Beauty. Pale yellow; single.

Pink Roamer. Rich bright pink; single.

South Orange Perfection. Blush pink, changing to white.

Triumph. White; double.

Universal Favorite. Soft light pink; double.

Strong field-grown plants, \$1.25 per dozen; \$10.00 per 100.

Lord Penzance's Hybrid Sweet Briars.

Anne of Gierstein. Dark crimson, good grower.

Brenda. Maiden's blush or peach, dainty in color and shade; the contrast and effect of the bright golden anthers add a peculiar charm to this variety.

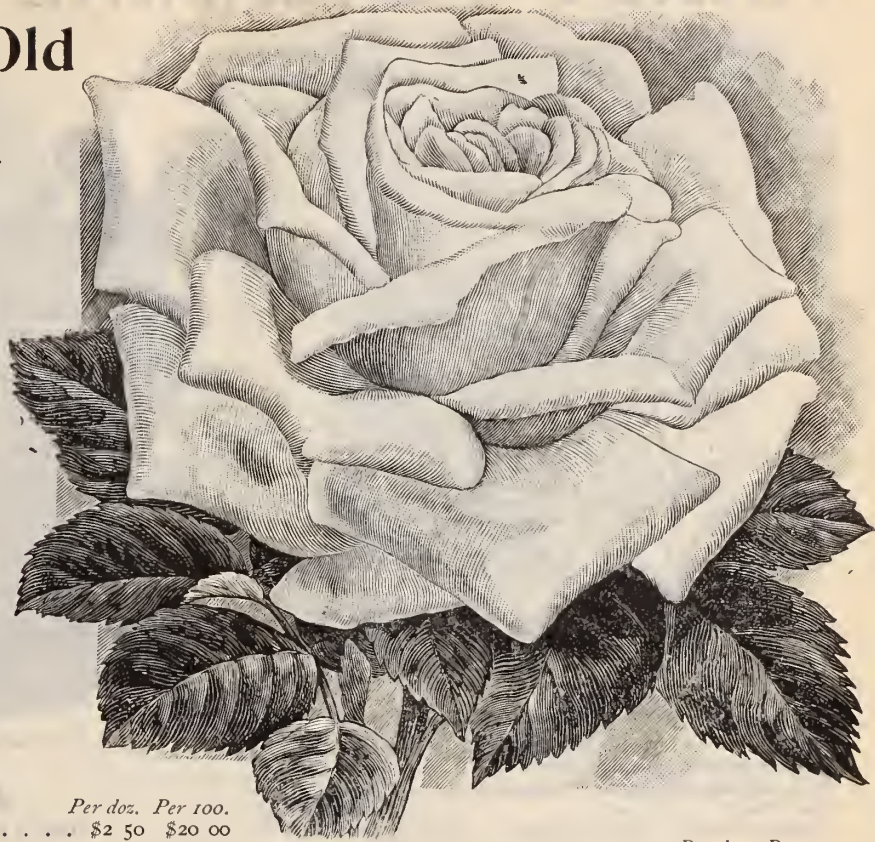

Lady Penzance. Beautiful soft tint of copper with a peculiar metallic lustre; the base of each petal is a bright yellow, which, showing through the clear golden anthers, forms a halo round them; very free flowering, with a delicious perfume from foliage and flower.

Lord Penzance. Soft shade of fawn or ecru, passing to a lovely lemon yellow in the centre, sometimes toned with a most delicate pink; very sweet scented.

Meg Merrilies. Gorgeous crimson, very free flowering; seeds abundantly; robust habit, large foliage.

Strong two-year-old plants of all the above varieties, \$2.00 per dozen; \$15.00 per 100.

Two-Year-Old Dormant ROSES

Varieties marked with an * can be supplied in own-root plants; those not marked are dwarf-budded plants worked on Manetti.

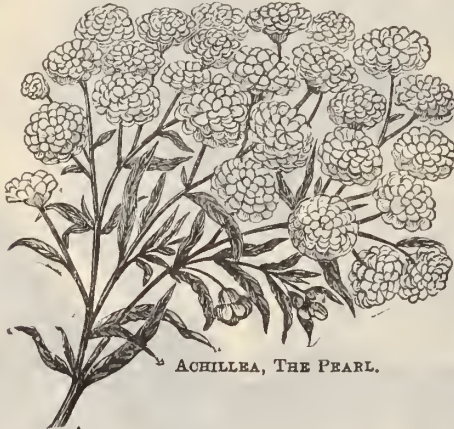

(Prices noted are only for orders delivered before April 1st.)

HARDY PERENNIAL PLANTS.

The growing demand for hardy Perennial plants has induced us to greatly increase our stock of these, and for some time past we have made this branch a special department of our business, and we can now supply all the leading varieties in large quantities.

For full descriptions and illustrations see our retail catalogue for 1901.

Actæa.

(Baneberry.)

Japonica. A Japanese introduction producing dense spikes of pure white flowers not unlike our native Baneberry, but while our native species flowers during June, the Japanese form does not come into bloom until September and lasts well through October, a time when all kinds of flowers are scarce in the garden, its graceful 30-inch high spikes are fine for cutting and last in perfection a long time when placed in water. A plant that we can recommend. 35 cents each

Anemone Japonica.

(Japanese Windflower.)

Queen Charlotte. Nothing in the way of new hardy perennial plants pleased us so much last summer as this grand Anemone, which we consider the greatest acquisition in this class of plants for many years.

The plant itself is of strong, robust growth, much more vigorous than any of the old varieties, and commences to flower at least four weeks earlier than these. The flowers, which are large, semi-double, frequently measure four inches across and are of that pleasing shade of pink peculiar to the La France Rose, a color that is not often met with in hardy perennials. (See color-plate on front cover of retail catalogue for 1901.)

Hardy Aster Grandiflorus.

The finest of all, and distinct in character and flower from all others. The flowers frequently measure 2 inches in diameter, are of a lovely violet blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effects is very beautiful. \$2.00 per dozen; \$15.00 per 100.

VASE OF
HARDY ASTERS.

Hardy Asters (Michaelmas Daisies).

The hardy Asters are among the showiest of our late fall-flowering plants and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Amellus Elegans.

- " **Hybridus.**
- Amethystinus.** Rich, amethyst blue flowers.
- Datschi.** A very late, white flowering variety.
- Formosissimus.** Deep lilac shaded purple.
- Horizontalis.** Of very symmetrical growth, covered in September with small, rosy lilac flowers.
- Laevis.** An early flowering, light blue variety.
- Lady Trevylan.** A fine, large, pure white.
- Novae Angliae.** Large bluish purple.

New Perennial Phlox.

The varieties listed below are the “cream” of recent introductions, and are a superb collection :

- Bridesmaid.** White, with large, distinct cherry-red eye; a fine, large flower and truss.
- Consel H. Trost.** A good, soft-colored rich crimson, of good size and of free, vigorous habit.
- Fantome.** Entirely distinct, rosy lilac shading to white at edges, a fine, large individual flower and truss; very compact and remarkably free flowering.
- F. G. Von Lassburg.** This is the ideal white variety; color pure snowy white; flowers of immense size, measuring 1½ inches in diameter, which are produced on large, strong-branched panicles. This is simply perfection among the white Phlox, and will undoubtedly supersede all others of this color.
- H. Hassack.** Intense orange scarlet, deep maroon edge; one of the brightest and richest in cultivation.
- Inspector Peicker.** Pure lilac, suffused with white; a strong, robust grower with large branching panicles.
- La Mahdi.** A fine, light purple, rich and glowing; habit very dwarf and very free.
- Papillon.** A fine flower, with large, overlapping petals, one-half of same being of a bright lilac suffused with white, the other half being white suffused lilac; an entirely distinct and novel variety.
- Roxclane.** Crimson purple, very free and decided.
- Pecheur d'Island.** Carmine, shaded with salmon-red and starry-white centre; a bright and desirable color. Young plants in 2¼-inch pots. Ready March 15th. 15 cents each; the set of 10 for \$1.25.

HARDY PERENNIAL PHLOX.

Perennial Phlox.

General Collection of Standard Varieties.

Our collection of Phloxes has been carefully selected from a number of European collections, and embraces only the best and most distinct varieties.

- Alexander von Gontard.** Carmine rose with white centre.
- B. Comte.** Rich satiny amaranth purple.
- Bacchante.** Dark crimson rose.
- Cross of Honor.** Rose edged white.
- Duquesclin.** White, violet rose centre.
- Etoile du Nord.** Fine violet purple.
- E. Lavavasseur.** Extra early dwarf white.
- E. Schmidt.** White with distinct carmine centre.
- H. O. Wijers.** White, crimson eye.
- Inspector Elpel.** Deep rose.
- Isabella Dupuy.** White with rose centre.
- Jourdan.** Bright magenta crimson.
- Japonais.** Salmon-red, crimson eye.
- Marquis de St. Paul.** Carmine, dark eye.
- Moliere.** Salmon pink, white eye.
- Nettie Stewart.** Fine, large white.
- Ornament.** Salmon rose, dark centre.
- Obergartner Wittig.** Deep rose, carmine eye.
- Pantheon.** Pure pink with salmon sheen.
- Semiramis.** Bright pink with deeper centre.
- Robert Werner.** Tender rose, carmine centre.
- Simplon.** Carmine centre, light edges.
- Tivoli.** A fine, purplish crimson.
- The Pearl.** The best late white.
- William Muhle.** Salmon rose with white marked centre.

Young plants (no clumps) from 2 1/4-inch pots, ready March 15th. 75 cents per dozen; \$5.00 per 100.

Physostegia (False Dragon-head).

One of the most beautiful of our midsummer-flowering perennials, forming dense bushes 3 to 4 feet high, bearing spikes of delicate tubular flowers not unlike a gigantic heather. A most useful plant for cutting, especially the pink flowered form.

Per doz. Per 100.

- Virginica.** Bright, but soft pink; strong divisions 75 \$6 00
- Virginica Alba.** Pure white, divisions 75 6 00

New Hardy Pinks.

- Albino.** The flowers of this variety more closely resemble a Carnation than a hardy pink; it is a wonderful free bloomer, the flowers are fuller, larger and of much finer form than any other white variety.
- Alice Lee.** A creamy white variety, of neat, compact habit, especially recommended for cutting.
- Ernest Ladhams.** Without question one of the finest pinks yet raised, having very large flowers of a lovely shade of pink with deep carmine centre.
- Homer.** Rich rosy red, with dark centre; a robust grower, holding its flowers erect on stout, stiff stems, and very free. 2 1/4-inch pots, ready March 1st. 15 cents; set of four for 50 cents.

Hardy Pinks—Standard Varieties.

- Diamond.** Fine pure white.
 - Her Majesty.** Pure white.
 - Juliette.** White laced crimson.
 - Laura Wilmer.** White maroon centre.
 - Snow.** Pure white.
 - Souv. de Salle.** Soft rosy pink.
 - Stanislaus.** Violet rose, crimson centre.
- Very strong one-year-old clumps. 75 cents per dozen; \$6.00 per 100.

Primula Veris Superba.

(New Giant Hardy Primrose.)

This is one of the good new things that occasionally turn up by chance. The plant originated a few years since in a batch or seedling Polyanthus, and apparently is a hybrid Primrose, having somewhat the growth of a Polyanthus combined with the yellow color and fragrance of the English Primrose.

In size of flower, it is fully three times as large as any hardy Primrose known to us, the average size of the flower being over one inch, and we have seen them frequently measuring over 2 inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other plant of the same family known to us. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants we know of to force, but a plant that will sell on sight when brought into flower during the winter and early spring months, and especially so when grown as an Easter plant.

The plants can be stored in cold frames, successive batches being brought into a cool greenhouse to flower as required, allowing about four to five weeks' time to bring them into full bloom. (See illustration on next page.)

Romneya Coulteri.

California Tree or Matilija Poppy.

We have never before this been able to offer this grand plant, but have been successful this season in securing a limited number of strong pot-grown plants. It is a hardy plant, but must be planted in a well-drained, sheltered position in warm, peaty sand, under which conditions it will grow fully 7 feet high, and will frequently have from 12 to 15 expanded flowers on one shoot at the same time. The flowers are white, of a peculiarly delicate texture, the petals somewhat transparent, and yet enduring in a good state for days; their fragrance is delicate, something like that of the Magnolia. \$1.00 each; per doz., \$10 00.

CHOICE HARDY VINES.

Actinidia Polygama.

Though introduced in 1870 from Japan, this beautiful climber is practically unknown. It is of strong, vigorous growth, with dark green-shining foliage, and produces white, sweet-scented flowers resembling the Hawthorn, these are followed by bunches of edible berries.

Strong plants, 30 cents each; \$3.50 per dozen.

Akebia Quinata.

We offer a large stock of this climber; strong plants, \$1.50 per dozen; \$12.00 per 100.

Ampelopsis Veitchii.

Strong two-year-old field-grown plants, \$1.25 per dozen; \$10.00 per 100.

Strong tubers, 25 cents per dozen; \$1.50 per 100.

Jackman's New Hybrid Coccinea Clematis.

An entirely new and distinct type, the result of crosses between Coccinea and Star of India, both of which succeed well in our climate. They combine all the good points of their parents in hardiness, vigorous growth and freedom of bloom, which together with their entirely distinct coloring, and novel shape, will make them valuable additions to our list of Hardy Climbers.

Countess of Onslow. A bright violet-purple with a broad band of scarlet down the centre of each petal. It is of open bell-shape form, with four to six petals to each flower; very useful for decorative purposes, as when cut will keep fresh in water for several days.

Duchess of Albany. A beautiful bright pink, deeper down the centre, softening down to lilac pink round the margin; campanulate in shape; useful for cutting.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge down the centre of each petal, of campanulate form, with four to six petals to each bloom; useful for cutting.

Grace Darling. A delicate hue of bright rosy carmine, star-shaped blooms.

Strong plants, 75 cents each.

Red Flowering Clematis, M. Koster.

A bright rosy carmine, not as rich in color as Mme. Edouard Andre, but possessing the advantage over that beautiful variety of being a much stronger, freer grower, and also of being remarkably free in flowering, while Mme. Edouard Andre, though richer and brighter in color, lacks in constitution, and makes but a light growth.

35 cents each; \$4.00 per dozen.

Large Flowering Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gypsy Queen. One of the finest rich purple varieties.

Henryi. Finest, large, single white.

Jackmanni. The popular dark, rich, royal purple.

Madame Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white; extra fine.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

\$3.00 per dozen; \$25.00 per 100.

Clematis Crispa. Clematis Coccinea.

We have a fine stock of strong two-year-old plants of the above varieties at \$1.00 per dozen; \$7.00 per 100.

Clematis Flammula.

Strong two-year-old plants of this old favorite. \$1.25 per dozen; \$10.00 per 100.

Clematis Paniculata.

Strong two-year-old field-grown plants. \$1.00 per dozen; \$8.00 per 100.

Hardy English Ivies.

An extra fine lot of strong, bushy plants in 4-inch pots, 3 feet high, 3 to 5 shoots. \$1.25 per dozen; \$10.00 per 100

Humulus Lupulus Aureus.

(Golden Hop Vine.)

A golden-leaved variety of the common Hop Vine, possessing the same strong, climbing habit and hardiness, but with light golden yellow foliage. 20 cents each; \$2.00 per dozen.

Ipomoea Pandurata (Hardy Moon-Flower).

Strong, dormant roots. 50 cents per dozen; \$4.00 per 100.

Lathyrus Latifolius Albus.

(White Perennial Pea.)

A most desirable plant of climbing habit, growing about 5 feet high, producing its pure white flowers the entire summer; excellent for cutting; strong plants. \$2.00 per dozen; \$15.00 per 100.

Polygonum Baldschuanicum.

A hardy climber of recent introduction from the mountains of Turkestan. It is of very rapid growth, frequently growing from 10 to 12 feet high in one season. The stems are twining and cling for support to any object within reach. Every branchlet terminates in a panicle of white flowers, which are produced in the greatest profusion from July to September. A plant that is certain to meet with popular favor. Strong plants. 75 cents each.

Wisteria Sinensis.

Extra strong two-year-old plants.

Blue, \$3.00 per dozen.

White, \$3.50 "

Choice Hardy Shrubs.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing, and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at 50 cents each; \$4.50 per dozen; \$35.00 per 100.

Bigelovia Graveolens (Golden Feather).

A vigorous growing, hardy shrub of neat, compact habit, with narrowly linear leaves of a silvery gray color, which gives the plant, a light, graceful appearance. The great beauty of the plant, however, is in the flowers, which are borne in great golden plumes at the end of every branch. The individual heads are not large, but are quite long, and every part of the flower, as well as the involucre, are of the same deep golden yellow. The bright yellow buds appear late in summer, and the fragrant flowers do not fade until severe frost.

3-inch pots, 20 cents each; \$2.25 per dozen.

Choice Hardy Shrubs—Continued.

Deutzia Gracilis.

A fine lot of three-year-old plants suitable for 7 and 8-inch pots; very bushy. \$1.00 per dozen; \$8.00 per 100.

Deutzia Gracilis Rosea (new).

Identical with the above in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint, just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing. A limited lot of one-year-old plants. \$2.00 per dozen; \$15.00 per 100.

Deutzia Lemoinei.

This is now one of the standard varieties for forcing. It surpasses D. Gracilis in its very large flowers, being nearly three times the size of the latter variety. These are produced in large, cone-shaped heads of 20 to 30 flowers each, and of the purest white. We are carrying the largest stock of these in the country, and offer strong one-year-old plants suitable for 6-inch pots, 75 cents per dozen; \$6.00 per 100.

Deutzia Gracilis Venusta.

A handsome white variety of dwarf branching habit, producing elongated, cone-shaped panicles of pure white flowers of large size, the individual flowers reminding one of a single azalea in miniature. Strong one-year-old plants. \$1.50 per dozen; \$12.00 per 100.

Lilacs for Forcing.

We offer a fine lot of pot-grown plants, finely set with buds, in excellent condition for forcing.

	<i>Per doz.</i>	<i>Per 100.</i>

Three Choice New Philadelphia.
(*Mock Oranges.*)

The three varieties here offered are interesting hybrids and grand improvements over the ordinary forms.

Boule D'Argent. This is dwarfed and more spreading than Philadelphia Coronarius, with neater foliage. The flowers are produced in terminal corymbs of three to four or more in each, and about an inch in diameter and full double.

Candelabre. This is the largest flowered variety in the set; these are pure white, with toothed, undulated petals, and cover the stems like the flowers of Prunus Sinensis; the plant is of dwarf, but strong habit.

Gerbe de Neige. A strong-growing variety with large, single white flowers nearly two inches in diameter.

Strong plants, 30 cents each; \$3.00 per dozen; set of 3 for 75 cents.

Hardy Rhododendrons for Out-Door Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate. 15 to 18 in. high, 75 cts. each; \$7.50 per doz.; \$60.00 per 100. 18 to 24 " \$1.25 " \$12.50 " " \$100.00 " "

FLORISTS who also grow Vegetables for Market, should have our MARKET GARDENERS' WHOLESALE PRICE LIST, which is fully illustrated, and gives accurate descriptions of all varieties of vegetables. It will be mailed free to all who write for it and mention that they grow vegetables for market.

Dreer's Choice Onion Seeds

YELLOW GLOBE DANVERS.

SOUTHPORT WHITE GLOBE.

New Onion Seed.

We offer none but new seed of all varieties, grown from selected bulbs and critically tested. It is of strong germination and will produce grand crops. We caution onion growers against old seed, which will be offered by unscrupulous parties, as the crops of all varieties were short the past season, and much old will be sold as new crop.

4 Chestnut Street

PHILADELPHIA, PA.

Dreer's Quarterly Wholesale Price List.

July—August, 1901.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 $\frac{1}{3}$ %; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice, except Grass and Agricultural Seeds and Fertilizers which are net cash.

 Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

OF

Seasonable Plants for Florists

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

AN INVITATION

Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and, from present indications, feel safe in saying that one or more sorts will be found in flower any day during the season.

ANTHURIUM

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the azaleas.

A fine lot of home-grown plants which are much superior to newly imported plants, strong in 6-inch pots, \$5.00 per dozen; \$40.00 per 100.

Allamanda Williamsii.

A nice lot of 3-inch pots of this useful free-flowering variety, 15 cents each; \$1.50 per dozen.

Alocasia Spectabilis.

A beautiful new species of this handsome stove plant, of strong, vigorous habit and large shield-like leaves measuring from 14 to 16 inches in length, and 7 to 9 inches in width. These are of a deep metallic-green color on the upper surface with the ribs and veins of a silvery white, while the reverse side is of a rich purplish-red color. A striking and handsome plant for the warm conservatory or for exhibition purposes. 75 cents each; \$7.50 per dozen.

Alocasia Illustris.

A free growing dwarf species with dark green foliage marbled with black, 4-inch pots, 20 cents each; \$2.25 per dozen.

Alocasia Violacea.

A very strong growing species with dark stems and foliage, making a fine specimen plant. 50 cents each.

ARAUCARIA EXCELSA

Anthuriums.

Andreanum Hybrids. A fine lot of seedlings in 5-inch pots, various colors. \$1.00 each.

Scherzerianum. Brilliant scarlet. 75 cents each.

“ **Album.** White. \$1.00 each.

“ **Rothschildianum.** Creamy white spotted crimson. \$1.50 each.

“ **Sanguineum.** Crimson. 75 cents each.

Araucaria Excelsa. (Norfolk Island Pine.)

Our stock of these is exceptionally large, especially in small and medium sizes, for which there is always a strong demand.

				<i>Each.</i>

Asparagus Plumosus Nanus.

A fine lot of thrifty young plants in 2-inch pots ready July 15th.
 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000.

Asparagus Deflexus or Decumbens.

A comparatively scarce variety which we are now offering for the first time; the foliage is peculiarly recurved, of a light green color, and entirely distinct from all others; it is not of much value for cutting, but makes a pretty pot plant.

2 1/4-inch pots ready July 15th. 75 cents per dozen; \$6.00 per 100.

Asparagus Tenuissimus.

2 1/4-inch pots, 75 cents per dozen; \$6.00 per 100.
 3 " " \$1.00 " " 8.00 " "

Hardy Azalea Mollis.

For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

AZALEA.

AZALEAS.

Special Prices

for Import Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may have not carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

PRICES.

Including duty, packing, and delivery in good condition to any Express, Freight or Steamship Line in Philadelphia.

Begonia Gloire de Lorraine.

Light Pink Lorraine, and Erecta Compacta Lorraine. Early propagations of these varieties are sold out, but a fine young stock of 2-inch pot plants will be ready early in August, and orders are now being booked for delivery at that time at \$2.00 per dozen, \$15.00 per 100. This stock will readily make fine four and five-inch pot plants for Christmas sales.

Bay Trees. (Laurus Nobilis.)

Importations arrive early in October; the stock we handle is well grown with dense bushy heads and bright dark-green foliage.

Fancy-Leaved Caladiums.

A choice collection of 50 varieties. 3-inch pots, \$1.50 per dozen ; \$12.00 per 100.

CYCAS REVOLUTA.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties. 5-inch pots, 15 inches high, \$6.00 per doz. ; \$45.00 per 100
6 " 18 to 24 " 10.00 " 75.00 "

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz. ; \$6.00 per 100.

Clivia Miniatum.

Fine strong plants, in 6-inch pots, from a select strain of seedlings. 50 cts. each ; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3-inch pots. \$2.00 per dozen ; \$15.00 per 100.

Cycas Revoluta. (Sago Palm.)

We will have ready August 1st a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptionally good value at \$1.00, \$2.00, \$3.00, \$5.00; \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition and, we are certain, will give entire satisfaction.

Choisya Ternata.

A pretty ornamental evergreen greenhouse shrub, producing sweet-scented, orange-like white flowers. 5-inch pots, 35 cents each.

WE INVITE YOU TO
COME AND SEE RIVERTON

Without doubt one of the most interesting commercial places in the world. Acres of Palms. Ferns and other decorative stock indoors, and acres of Cannas, Petunias, Hardy Perennials, Aquatics, etc., outdoors.

DRACÆNA GODSEFFIANA.

Dracænas.

Godseffiana. One of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong, leathery texture; rich dark-green color, densely marked with irregular dots and spots of a creamy white, not unlike an *Aucuba Japonica*; will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing, in this respect the *Aspidistra* and *Ficus*.

2 1/4 -inch pots \$1.25 per dozen; \$10.00 per 100
 3 " " 1.50 " 12.00 "
 6 " " 1.00 each.

Indivisa Doucetti. A variegated form of *D. Indivisa*, the foliage of which is deep green, broadly edged with creamy white; a beautiful and rare plant. 5-inch pots, \$2.50 each.

Indivisa Leutig. A bronzy leaved form of *D. Indivisa* which by many is considered even superior to the variegated variety; strong, 5-inch pots, \$2.00 each.

DRACÆNA BRUANTI.

RUBBER PLANT.

FROND OF ADIANTUM CHARLOTTÆ

CIBOTIUM SCHIEDEI

Fine Ferns

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

Choice Varieties of Special Merit

New Adiantum Charlottæ.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes. Specimens of this handsome sort shown at the exhibitions of the Penna. Hort. Society during the past two seasons attracted the attention of all lovers of Ferns.

4-inch pots, 30 cents each; \$3.50 per dozen.
 5 " " 50 " " 5.00 "

Adiantum Farleyense.

Nice young, thrifty stock for growing on.
 3-inch pots, \$2.00 per doz.; \$15.00 per 100.
 4 " " 5.00 " 40.00 "
 5 " " 9.00 " 70.00 "

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2-inch pots, 75 cts. per dozen; \$5.00 per 100.
 3 " " \$1.25 " 8.00 "

Aspidium Tsussimense.

Without question the most valuable of all Ferns yet introduced for Fern-dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. Heretofore we have been able to offer this variety only in limited quantity, but this season our stock consists of nearly 60,000 plants, and are therefore able to quote it at a popular price.

2-inch pots, \$4.00 per 100; \$35.00 per 1000.
 3 " " 6.00 " 50.00 "

Asplenium Bulbiferum.

This variety is but rarely seen in this country, but is grown in large quantities in Europe, especially in England, where it is considered one of the most important Ferns for house decoration; it is a most valuable variety to grow into 5 or 6-inch pot plants.

2-inch pots, 75 cents per dozen; \$6.00 per 100.
 3 " " \$1.00 " 8.00 "

Asplenium Nidus Avis.

The "Bird's Nest Fern." A fine, thrifty lot of strong 3-inch pot plants, 25 cents each; \$2.50 per dozen.

Cibotium Schiedeii.

This is undoubtedly the finest of all Tree Ferns for use in decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

7-inch pots, \$1.50 each.

Cibotium Barometz.

Another choice variety which has heretofore been offered only in a limited way; it is of strong, free growth, with large gracefully arching fronds of a deep green color, fine grown either as a specimen plant or for cutting for large work.

3-inch pots, \$1.00 per dozen; \$8.00 per 100.
 4 " " 1.50 " 12.00 "

Nephrolepis Wittboldii.

We have made arrangements which enable us to offer this new Nephrolepis at the same price as the introducer. Strong plants suitable for 4-inch pots, at \$1.00 each; \$10.00 per dozen; \$75.00 per 100.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance that would lead one to think that it was useless as a house fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2 1/4-inch pots, 75 cts. per dozen; \$6.00 per 100.

Platycteriums.

We offer a fine lot of Elk's-Horn and Stag-Horn Ferns, fine plants in 8-inch pans, in the following varieties:

Hilli \$1.00 to \$1.50 each
 " Majus 1.00 to 1.50 "
 Allicorne 1.00 "

Japanese, Nananized, Evergreens.
(Thuva Obtusa Nana.)

We have an interesting lot of these curiously trained dwarfed trees, many of them nearly a century old. They are quite popular at present, and frequently exorbitant prices are paid for them at Japanese sales.

Our stock is all established in pots, which ensures their success. \$3.00 to \$4.00 each, according to shape.

PAN-AMERICAN EXHIBITS

Should you visit Buffalo this summer be sure that you see our various exhibits, both indoors and out.

PALMS Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Areca Lutescens.

A fine, clean, thrifty lot of this popular variety.

In. pots.	Plants in pot.	Height.	Per doz.	Per 100.
2 1/4	1	6 to 8 ins.	\$1 00	\$6 00

Calamus Intermedius.

A pretty decorative species, with dark-green foliage; the stems are clothed with long, dark spines.

5-inch pots,	15 inches high,	\$1.00 each.
6 " " "	24 " " "	1.50 "

Caryota Urens. (Fish Tail Palm.)

2 1/4-inch pots, \$1.00 per dozen; \$8.00 per 100.

Ceroxylon Niveum.

We offer a nice thrifty lot of this rare variety. 3-inch pots, 50 cts. each.

Cocos Weddeliana.

Stocks of this useful Palm are scarce throughout the country this season, and we offer, as long as supply lasts, 3-inch pots, 8 to 10 inches high, \$2.00 per doz.; \$15.00 per 100.

Cocos Bonetti.

We offer 8 specimen plants of this rare variety, which for outdoor decoration is without doubt the best Palm now in cultivation being hardier even than the Phoenix, which it somewhat resembles in general appearance, but is more graceful.

2 plants in	9-inch pots,	3 feet high,	3 feet spread,	\$10 00 each.

Celery Plants-- We grow these in enormous quantities and can supply them from the middle of June till August

Golden Self-Blanching. An early, beautiful, and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish-green outer leaves.

New Golden Rose, Self-Blanching. In character the variety is identical with the Golden Self-Blanching, except the color, which is a beautiful rosy tinge, shading to very pale pink at top of stalk; it bleaches to a beautiful golden yellow at the heart after storing for winter; a good keeper and of the very finest quality.

Golden Half-Dwarf. The best of the half-dwarf varieties, stalks large and full; the heart is golden yellow, turning to a light color when blanched. Very solid, rich flavor and good keeper.

Perfection Heartwell. This is one of the very best varieties in cultivation; stalks long and thick, very compact, crisp and of fine flavor.

Dwarf Rose. The red sorts surpass the white in flavor, and possess in their coloring a feature which renders them valuable as a table ornament.

Price, any of the above Celery, 30c. per 100; \$2.50 per 1000.

White Plume. We offer a choice strain of this valuable and popular variety. The white plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it. (See cut.)

Dreer's Monarch. A decided acquisition, producing large stalks and magnificent bright golden-yellow heart. The stalks are very solid, brittle and of most delicious flavor, and when properly grown it is entirely free from stringiness. It is very desirable, both for home use and for market, as it is a remarkably good keeper, and when bunched presents a handsome appearance.

CABBAGE.

Dreer's Selected Late Flat Dutch. Short stem and large, solid, flat heads. Our stock has been carefully selected for several years in order to get a cabbage of this type, and we are confident no better strain is on the market.

Mammoth Rock Red. The largest and most solid of the red varieties; a sure heading sort and tender.

Perfection Drumhead Savoy. Of superior quality; the largest solid-heading Savoy, possessing the rich flavor of the Cauliflower.

Price, any of the above Cabbage, 20c. per 100; \$1.50 per 1000.

CAULIFLOWER.

Dreer's Selected Dwarf Erfurt. One of the earliest in cultivation; small-leaved dwarf, for forcing or open ground, producing very solid pure white heads of the finest quality.

Early Snowball. An extremely early dwarf variety, producing magnificent white heads of fine quality. Well adapted to hot-bed culture.

Price, either of the above, 60c. per 100; \$5.00 per 1000.

BRUSSELS SPROUTS.

Dreer's Select Matchless. A small-leaved variety of this notable vegetable, which, through careful selection, has been brought to perfection; grows freely during the summer, and is fully developed by the early frosts, at which time the stems are thickly set with sprouts the full length. 40c. per 100; \$3.00 per 1000.

WHITE PLUME CELERY.

DREER'S RELIABLE BULBS.

On the following pages, 11 to 17, we give a list of the leading bulbs used by florists for forcing; a complete list of all bulbs which we handle will be given in our Wholesale Price List issued September 1st; all of our stocks are coming from the most reliable growers, and under favorable conditions should give satisfactory results. All prices include cost of bulbs, duty, packing and delivery to any freight or express line in Philadelphia.

French Roman Hyacinths.

Cable reports received as this catalogue goes to press state that crop of Romans will be short and prices likely to advance.

Dutch Roman Hyacinths.

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. We offer a selection of the best-named varieties for forcing. The bulbs average 12 centimeters in circumference, and must not be confounded with smaller unnamed mixtures.

	Per 100	Per 1000
Gertrude, rosy pink	\$2 50	\$22 00

Six at dozen rates, 25 at 100 rates, 250 at 1000 rates, of any one variety.

SINGLE HYACINTHS.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

	Per doz.	Per 100
Charles Dickens, clear pink.	\$o 7o	\$5 25
Gen. Pelissier, deep carmine	7o	5 25
Gertrude, rosy pink	6o	4 75
Gigantea, fine pink	65	5 0o
Lord Macaulay, rosy carmine	7o	5 25
Norma, pale pink	6o	4 75
Roi des Belges, deep red	7o	5 25

Single Pure and Tinted White.

	Per doz.	Per 100
Baroness Van Thuyll, pure white.	\$o 7o	\$5 25
Grandeur A'Merveille, rosy white.	65	5 0o
Grand Vedette, pure white	7o	5 25
La Grandesse, pure white, fine	8o	6 25
Mme. Van der Hoop, creamy white	7o	5 25
Queen Victoria, pure white	7o	5 25

Single Blue, Purple, etc.

	Per doz.	Per 100
Baron Von Thuyll, dark blue	\$o 6o	\$4 75
Charles Dickens, light blue, shaded	65	5 0o
Czar Peter, light porcelain blue	8o	6 0o

King of the Blues, dark blue	\$o 7o	\$5 25
La Peyrouse, light blue	7o	5 25
Queen of the Blues, light silvery blue	75	5 5o

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Single Red and Rose.

	Per doz.	Per 100
Baron Van Thuyll, fine rosy pink, early	\$o 9o	\$6 75
Chas. Dickens, deep pink, fine truss	9o	7 0o

NARCISSUS, PAPER-WHITE GRANDIFLORA

Chinese Sacred Lily or

Narcissus—Ready in October

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale. 60 cts. per doz. Original basket containing 30 bulbs, \$1.40. Original bundle of 4 baskets containing 120 bulbs, \$5.50; per 1000 \$40.00.

Jonquils

Very popular flowers on account of their easy cultivation and delightfully fragrant, golden-yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering.

	Per 100	Per 1000
Single. Rich yellow; perianth deeply lobed	\$0 50	\$3 50
Double. Full, double, golden yellow	1 75	15 00
Campernelle. The true large flowering variety	60	5 00
Campernelle Rugulosus. The largest flowering Jonquil. Pure yellow, and very fragrant. Very desirable for winter flowering	75	6 00

MISCELLANEOUS BULBS AND ROOTS.

All prices include duty, packing and delivery to any Freight or Express office in Philadelphia.

A full list of miscellaneous Roots and Bulbs will be given in our next wholesale Price List issued September 1st.

EASTER IN 1902 COMES MARCH 30TH

Eight days earlier than in 1901, and as many growers had trouble in getting their Lilies in flower in time for last Easter it will be well for you to get your bulbs and start early.

LILIUMS

Candidum, Harrisii and Bermuda-grown Longiflorums will be ready for delivery in August (we always have a few Harrisii in July). Japanese Longiflorums are due to arrive early in September, all others are sent out as soon as mature, which is usually late in October or early in November.

CANDIDUM. (Annunciation Lily.)

	Per 100	Per 1000
Selected bulbs	\$4 50	\$40 00
Extra selected bulbs	5 00	45 00

HARRISII. The Bermuda Easter Lily.

Our stock of this important variety is grown especially for us by a most reliable grower, from selected stock, and nothing finer in quality can be had. We have instructed our grower not to ship a single bulb before thoroughly matured. In view of the early date at which Easter comes next year we believe it will be best for our customers to depend on Harrisii for their Easter supply.

	Per 100	Per 1000
5 to 7 in. bulbs (packed 400 in a case)	\$4 25	\$40 00
7 to 9 in. " " 200 "	9 50	90 00
9 to 11 in. " " 100 "	18 00	
11 to 13 in. " magnificent bulbs	32 00	

LONGIFLORUM. Bermuda Grown.

We have arranged for a good supply of these this season and while higher in price than Japanese stock, the bulbs can be had so much earlier that they are safer when wanted for Easter.

	Per 100	Per 1000
5 to 7 in. bulbs (packed 400 in a case)	\$4 25	\$40 00
7 to 9 in. " " 200 "	9 50	90 00
9 to 11 in. " " 100 "	18 00	

LONGIFLORUM. Japanese Grown.

Our supply of these are due to arrive in September, earlier shipments are liable to be immature. To those who grow a houseful there should be no trouble to get them in for Easter even if planted in October, but to the florist who only grows a few hundreds it will be safer to depend on Harrisii or Bermuda-grown stock.

	Per 100	Per 1000

Wallacei	6 00	

NOTE.—It is well known that disease exists, to a greater or lesser extent, in all stocks of Liliium Harrisii and Longiflorum. We claim ours are as free as any imported, as we use all possible care to secure only such lots as show the greatest health and vigor, but we will not be responsible for failures and when the bulbs are accepted by the purchaser our responsibility ceases.

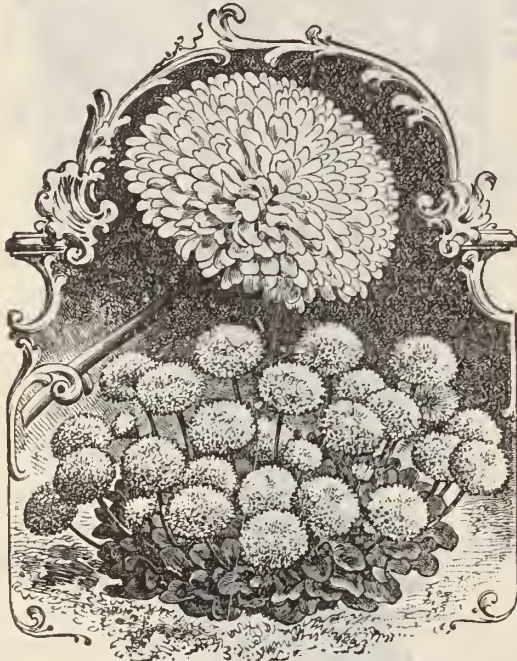

Dreer's Reliable Flower Seeds.

FOR SUMMER SOWING.

We call special attention to our choice strains of Cineraria, Cyclamen, Pansy, Primulas, etc., which are acknowledged by leading growers to be superior in all respects.

Summer is a good time to make sowings of many of the hardy perennials, and in view of the great popularity which this class of plants are at present enjoying, it will be to your advantage to get up stock of the leaders, including Aquilegia, Coreopsis, Delphinium, Gaillardia, Hollyhock, Platycodon, etc., etc.

FOR COMPLETE LIST OF FLOWER SEEDS, SEE PREVIOUS ISSUE OF OUR WHOLESALE CATALOGUE.

VEGETABLE SEEDS FOR SUMMER SOWING. . . .

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months, a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to the price for postage; sweet corn, 10 cents per quart additional. We pay postage on small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each pound if wanted by mail. By express, at catalogue prices.

HENRY A. DREER

714 Chestnut St.

Philadelphia, Pa.

Dreer's Quarterly Wholesale Price List.

September—December, 1901.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice, except Grass and Agricultural Seeds and Fertilizers which are net cash.

 Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE BULBS.

On the following pages, 1 to 9, we give a list of the leading bulbs used by florists for forcing; all of our stocks are coming from the most reliable growers, and under favorable conditions should give satisfactory results. All prices include cost of bulbs, duty, packing and delivery to any freight or express line in Philadelphia.

French Roman Hyacinths.

	Per 100	Per 1000
Early White Roman, 1st size bulbs, 11 to 12c.	\$1 75	\$16 00
“ “ “ selected “ 12 to 15c.	2 50	22 00
“ “ “ extra “ “ 13 to 15c.	2 75	25 00
“ Light Rose, “ “ 12 to 15c.	1 75	17 00
“ Dark “ “ “ 12 to 15c.	1 75	17 00
“ Blue “ “ “ 12 to 15c.	1 75	17 00
“ White Italian, “ “ 12 to 15c.	1 75	17 00

Dutch Roman Hyacinths.

Excellent for growing in pots, pans or boxes; flowering later than the French Romans. We offer a selection of the best-named varieties for forcing. The bulbs average 12 centimeters in circumference, and must not be confounded with smaller unnamed mixtures.

	Per 100	Per 1000
Gertrude, rosy pink	\$2 50	\$22 00
Gen. Pelissier, rich scarlet	2 25	20 00
Chas. Dickens, delicate pink	2 50	22 00
Gigantea, shell pink	2 50	22 00
Baroness Van Thuyll, pure white	3 00	28 00
La Grandesse, snow white	3 25	30 00
Grandeur A'Merveille, bluish white	2 50	24 00
Mad. Van der Hoop, pure white	3 00	28 00

WHITE ROMAN HYACINTH.

	Per 100	Per 1000
Czar Peter, light lavender	\$3 25	\$30 00
La Peyrouse, pale blue	2 50	24 00
Grand Maitre, deep blue	2 50	22 00
King of the Blues, dark blue	2 50	24 00

MIXED DUTCH HYACINTHS.—IN SEPARATE COLORS.

For FORCING or BEDDING.

The following are selected unnamed sorts, and are used largely for forcing and bedding. Our stocks of mixed Hyacinths are made up of bulbs averaging 15 centimetres in circumference.

SINGLE SORTS.

	Per doz.	Per 100	Per 1000
Single, Dark Red	\$0 50	\$3 50	\$32 50
“ Rose	50	3 50	32 50

“ All colors mixed	45	3 25	32 00

Six at dozen rates, 25 at 100 rates, 250 at 1000 rates, of any one variety.

SINGLE HYACINTHS.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Single Red and Rose.

	Per doz	Per 100
Charles Dickens, clear pink	\$o 70	\$5 25

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

White Pearl. Large, pure, satiny white; beautiful			2 00	18 00
Mixed Polyanthus Narcissus			1 00	9 00

Chinese Sacred Lily or Narcissus

(Ready end of September.)

We receive annually a direct importation of the finest bulbs procurable. Although for the most part sold to retail buyers for growing in water, they do even better in pots in moss or soil, and every florist should have a few for store sale. 60 cts. per doz. Original basket containing 30 bulbs, \$1.40. Original bundle of 4 baskets containing 120 bulbs, \$5.50; per 1000, \$40.00.

Jonquils

Very popular flowers on account of their easy cultivation and delightfully fragrant, golden-yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering.

	Per 100	Per 1000
Single. Rich yellow; perianth deeply lobed	\$0 50	\$3 50
Double. Full, double, golden yellow	1 75	15 00
Campernelle. The true large flowering variety	60	5 00
Campernelle Rugulosus. The largest flowering Jonquil. Pure yellow, and very fragrant	75	6 00

NARCISSUS, PAPER WHITE GRANDIFLORA

LILIUMS

Easter in 1902 Comes March 30th.

Candidums, Harrisii and Bermuda grown Longiflorums are ready now. Japan Longiflorums are due to arrive early in September, all others are sent out as soon as mature, which is usually late in October or early in November.

HARRISII. The Bermuda Easter Lily.

Our stock of this important variety is grown especially for us by a most reliable grower, from selected stock, and nothing finer in quality can be had. In view of the early date at which Easter comes next year we believe it will be best for our customers to depend on Harrisii for their Easter supply.

As this catalogue goes to press we are entirely sold out of 7 to 9 and the larger sizes, but expect to receive a limited lot on the next Bermuda steamer, and orders for same will be executed in strict rotation. Our stock of 5 to 7-inch bulbs is specially fine, the bulbs averaging over 6 inches.

	Per 100	Per 1000
5 to 7 in. bulbs (packed 400 in a case)	\$4 25	\$40 00
7 to 9 in. " " 200 "	10 00	

LONGIFLORUM. Bermuda Grown.

We have arranged for a good supply of these this season and while higher in price than Japanese stock, the bulbs can be had so much earlier that they are safer when wanted for Easter.

	Per 100	Per 1000
5 to 7 in. bulbs (packed 400 in a case)	\$4 25	\$40 00
7 to 9 in. " " 200 "	10 00	

LONGIFLORUM. Japanese Grown.

Our supply of these are due to arrive in September, earlier shipments are liable to be immature. To those who grow a houseful there should be no trouble to get them in for Easter even if planted in October, but to the florist who only grows a few hundreds it will be safer to depend on Harrisii.

	Per 100	Per 1000
5 to 7 in. bulbs	\$2 00	\$18 00
7 to 9 in. "	4 25	40 00

NOTE.—It is well known that disease exists, to a greater or lesser extent, in all stocks of Liliium Harrisii and Longiflorum. We claim ours are as free as any imported, as we use all possible care to secure only such lots as show the greatest health and vigor, but we will not be responsible for failures and when the bulbs are accepted by the purchaser our responsibility ceases.

Miscellaneous Bulbs *and* Roots.

All prices include duty, packing and delivery to any Freight or Express office in Philadelphia.

SPIRÆA ASTILBOIDES FLORIBUNDA.

Dreer's Wholesale Price List

OF

Seasonable Plants for Florists

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is this season in better condition and of better quality and value than we have been able to offer for several years. All are in a clean, healthy, vigorous condition, thrifty and well-grown.

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

AN INVITATION

Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen.

ARAUCARIA EXCELSA.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the azaleas.

A fine lot of home-grown plants which are much superior to newly imported plants, strong in 6-inch pots, \$5.00 per dozen; \$40.00 per 100.

Acalypha Sanderi. (Comet Plant)

3-inch pots, 75c. per doz.; \$6.00 per 100.

Allamanda Williamsii.

A nice lot of 3-inch pots of this useful free-flowering variety, 15 cents each; \$1.50 per dozen.

Alocasia Spectabilis.

A beautiful new species of this handsome stove plant, of strong, vigorous habit and large shield-like leaves measuring from 14 to 16 inches in length and 7 to 9 inches in width. These are of a deep metallic-green color on the upper surface with the ribs and veins of a silvery white, while the reverse side is of a rich purplish-red color. A striking and handsome plant for the warm conservatory or for exhibition purposes. 75 cents each; \$7.50 per dozen.

Alocasia Illustris.

A free growing dwarf species with dark green foliage marbled with black, 4-inch pots, 20 cents each; \$2.25 per dozen.

Anthuriums.

Andreanum Hybrids. A fine lot of seedlings in 5-inch pots, various colors. \$1.00 each.

Scherzerianum. Brilliant scarlet. 75 cents each.

“ **Album.** White. \$1.00 each.

“ **Rothschildianum.** Creamy white spotted crimson. \$1.50 each.

“ **Sanguineum.** Crimson. 75 cents each.

Araucaria Excelsa. (Norfolk Island Pine.)

We are offering better values in Araucarias this season than ever before; we are carrying an immense stock of these, especially of the smaller and medium sizes, for which there is always a strong demand.

	Each
4-inch pots, 6 to 8 inches high, 2 to 3 tiers	\$0 50
5 “ “ 10 to 12 “ “ 3 “	75
6 “ “ 12 to 14 “ “ 3 to 4 “	1 00
7 “ “ 20 “ “ 4 to 5 “	1 50
7 “ “ 24 “ “ 5 “	2 00

Araucaria Robusta Compacta.

	Each
5-inch pots, 8 inches high, 2 tiers	\$1 00
6 “ “ 12 “ “ 2 to 3 “	1 25

Specimen plants, \$2.00 to \$3.00 each.

Araucaria Excelsa Glauca.

	Each
5-inch pots, 8 to 10 inches high, 2 to 3 tiers	\$0 75
6 “ “ 15 “ “ 4 “	1 50

Specimen plants, \$2.00 to \$3.00 each.

Ardisia Crenulata.

3-inch pots, \$1.25 per doz.; \$10.00 per 100.
4 “ “ 3.50 “ 25.00 “

Aucuba Japonica.

A most useful half-hardy evergreen shrub with dark green leaves freely spotted with bright yellow. Invaluable for use in hallways, and similar dark cool places where Palms and similar plants will not stand. Ready about November 1st.

Bushy plants, 12 inches high, 30 cts. each; \$3.00 per doz.
“ 18 to 20 “ “ 50 “ 5.00 “
“ 20 to 24 “ “ 75 “ 7.00 “

Asparagus Deflexus or Decumbens.

A comparatively scarce variety which we are now offering for the first time; the foliage is peculiarly recurved, of a light green color, and entirely distinct from all others; it is not of much value for cutting, but makes a pretty pot plant.

2¼-inch pots, 75 cents per dozen; \$6.00 per 100.

Asparagus Tenuissimus.

2¼-inch pots, 75 cents per dozen; \$6.00 per 100.
3 “ “ \$1.00 “ 8.00 “

Asparagus Sprengeri.

A fine lot of strong, vigorous plants of this popular variety.

	Per doz.	Per 100

Asparagus Plumosus Nanus.

A fine lot of thrifty young plants in 2-inch pots, 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000. 3-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.

Azalea Mollis. For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

Bay Trees. (Laurus Nobilis.)

(Ready in October.)

Pyramidal-shaped.

Handsomely trained specimens, 9-inch pots, 32 to 36 inches high, 15 inches in diameter at base, tapering to a point, \$2.00 each.

ASPARAGUS SPRENGERI.

AZALEA.

AZALEAS.

SPECIAL PRICES FOR IMMEDIATE ORDERS.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently containing not only damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

PRICES.

Including duty, packing, and delivery in good condition to any Express, Freight or Steamship Line in Philadelphia.

Tuberous Rooted Begonias.

(Ready in December.)

The strain of Tuberous Rooted Begonias which we handle is the product of one of the foremost specialists in Europe, whose product can not be excelled if equalled. The price is as low as is consistent with good quality and while it will not compare with indifferent cheap strains, is especially appreciated by the retail florist who grows for the spring trade to sell when in bloom.

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow and orange. 40 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cts. per doz.; \$2.50 per 100; \$22.00 per 1000.

Double Varieties in Separate Colors. Scarlet, rose, white and yellow. 65 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

The prices hold good only for early orders.

Bougainvillea Glabra Sanderiana.

A fine lot in 4-inch pots of this useful plant. \$2.00 per dozen; \$15.00 per 100.

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties.

5-inch pots, 15 inches high,	\$6.00 per doz.;	\$45.00 per 100
6 " " 18 to 24 " "	10.00 " "	75.00 " "

Cannas. Large Field-Grown Clumps.

The varieties enumerated below can be supplied in strong, undivided field-grown clumps, which will average from twenty to forty eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped by freight at a low cost of transportation.

Orders for this stock at this low price will only be accepted as long as the plants remain in the fields, which is usually until about the 25th of October.

Place your orders now and the stock will be reserved until the proper time to dig.

CANNA, QUEEN CHARLOTTE.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz. ; \$6.00 per 100.

Choisya Ternata.

A pretty ornamental evergreen greenhouse shrub, producing sweet-scented, orange-like white flowers. 5-inch pots, 35 cents each.

Clivia Miniatum.

Fine strong plants, in 6-inch pots, from a select strain of seedlings. 50 cts. each ; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3-inch pots. \$2.00 per dozen ; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3-inch pots, 75 cts. per doz. ; \$6.00 per 100.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

Stems,	3 to 4 in. high,	6 to 8 leaves,	12 to 15 in. long,	\$1.00 each

Deutzia Gracilis.

We have a large stock of this standard variety in strong two-year-old-plants, suitable for 6 and 7-inch pots, 75 cents per dozen ; \$6.00 per 100 ; \$50.00 per 1000. Strong one-year-old plants, 60 cents per dozen ; \$4.00 per 100 ; \$35.00 per 1000.

CYCAS REVOLUTA.

DEUTZIA LEMOINEI.

Deutzia Lemoinei.

Deutzia Lemoinei is now a standard forcing variety, and when better known will no doubt entirely supplant Deutzia Gracilis for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type, while its flowers are three times as large, and are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, which are of the purest white.

We offer strong two-year-old plants for forcing, suitable for 6 and 7-inch pots, \$1.00 per dozen ; \$8.00 per 100 ; \$75.00 per 1000. Strong one-year-old plants, 60 cents per dozen ; \$4 50 per 100 ; \$40.00 per 1000.

Deutzia Gracilis Rosea (NEW).

Identical with *Deutzia gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year-old plants, suitable for 6-inch pots, \$1.25 per dozen ; \$10.00 per 100. Strong one-year-old plants 75 cents per dozen ; \$6.00 per 100.

Gerbera Jamesoni.

(The Barberton or Transvaal Daisy.)

We have been successful in securing what we believe is the only available stock of this new plant in America or in Europe, and shall be pleased to book orders as long as stock lasts for delivery after January 1st, 1902. The Barberton Daisy is a half hardy perennial, but can be flowered continuously the year around ; the plant is of dwarf habit, forming a tuft of leaves 8 to 10 inches high, from the crown of which it throws up a profusion of flowers, stems from 18 to 20 inches high ; the flowers, under favorable conditions, measuring 4 inches in diameter, and of a bright, orange-scarlet color. This plant has been frequently described by the Horticultural press, both in this country and in Europe, during the past few years, and at the spring exhibition of the New York Horticultural Society it was awarded the \$50 prize as the best novelty shown.

35 cents each ; \$35.00 per 100.

DRACÆNA BRUANTI.

Dracænas.

Godseffiana. One of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas; of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong, leathery texture; rich dark-green color, densely marked with irregular dots and spots of a creamy white, not unlike an Aucuba Japonica; will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing, in this respect the Aspidistra and Ficus.

2 1/4-inch pots	\$1.25 per dozen; \$10.00 per 100
3 " "	1.50 " 12.00 "
6 " "	1.00 each.

Indivisa Doucetti. A variegated form of D. Indivisa, the foliage of which is deep green, broadly edged with creamy white; a beautiful and rare plant. 5-inch pots, \$2.50 each.

Indivisa Leutig. A bronzy-leaved form of D. Indivisa which by many is considered even superior to the variegated variety; strong, 5-inch pots, \$2.00 each.

	Each	Per doz.	Per 100
Bruanti. A most useful hardy decorative variety. 5-inch pots . . .	\$0 35	\$4 00

6 " 18 to 24 " " "	9.00 "	75.00 "

Ficus Repens.

A well known small-leaved variety, of trailing or creeping habit 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

FINE FERNS.

As usual our stock of Ferns is very large, about half a million being now in pots ready to send out. Our collection is made up entirely of varieties suitable for florists' use.

Choice Varieties of Special Merit.

New Adiantum Charlottæ.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes. Specimens of this handsome sort shown at the exhibitions of the Penna. Hort. Society during the past two seasons attracted the attention of all lovers of Ferns.

4-inch pots, 30 cents each;	\$3.50 per dozen.
5 " 50 "	5.00 "

Adiantum Farleyense.

Nice young thrifty stock for growing on.

3-inch pots, \$2.00 per doz.;	\$15.00 per 100.
4 " " 5.00 "	40.00 "
5 " " 9.00 "	70.00 "

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

3-inch pots, \$1.25 per dozen;	\$8.00 per 100.
4 " 1.50 "	12.00 "

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.

3-inch pots, \$1.25 per doz.; \$10.00 per 100.

FROND OF ADIANTUM CHARLOTTÆ.

FINE FERNS—Varieties of Special Merit—Continued.

Adiantum Rochfordianum.

A most desirable form of *A. cuneatum* with somewhat larger pinnæ of a darker green color, forming a more compact plant, especially valuable to grow as a pot plant.

2 1/4-inch pots, \$0.75 cts. per doz.; \$5.00 per 100.
 3 " " 1.00 " 8.00 "
 4 " " 1.50 " 12.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting *A. Farleyense*) the most beautiful *Adiantum* in cultivation for growing into specimen plants. We have a fine lot of 3-inch pots, which we can supply at \$1.50 per dozen; \$12.00 per 100.

4-inch pots, \$2.50 per dozen; \$20.00 per 100.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong

2 1/4-inch pots, \$1.00 per dozen; \$8.00 per 100.
 3 " " 1.25 " 10.00 "

Aspidium Tsussimense.

Without question the most valuable of all Ferns yet introduced for Fern dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. Heretofore we have been able to offer this variety only in limited quantity, but this season our stock consists of nearly 60,000 plants, and are therefore able to quote it at a popular price.

2-inch pots, \$4.00 per 100; \$35.00 per 1000.
 3 " " 6.00 " 50.00 "

Asplenium Bulbiferum.

This variety is but rarely seen in this country, but is grown in large quantities in Europe, especially in England, where it is considered one of the most important Ferns for house decoration; it is a most valuable variety to grow into 5 or 6-inch pot plants.

2-inch pots, 75 cents per dozen; \$6.00 per 100.
 3 " " \$1.00 " " 8.00 "

Asplenium Nidus Avis.

The "Bird's Nest Fern." A fine, thrifty lot of strong 3-inch pot plants, 25 cents each; \$2.50 per dozen.

JAPANESE FERN BALL.

MICROLEPIA HIRTA CRISTATA.

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns in use for decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5-inch pots, \$1.00 each; \$10.00 per dozen.
 7 " " 1.50 " 18.00 "
 9 " " 2.50 " 30.00 "

Cibotium Barometz.

Another choice variety which has heretofore been offered only in a limited way; it is of strong, free growth, with large gracefully arching fronds of a deep green color, fine grown either as a specimen plant or for cutting for large work.

3-inch pots, \$1.00 per dozen; \$8.00 per 100.
 4 " " 1.50 " 12.00 "

Nephrolepis Wittboldii.

We offer strong 3-inch pots of this new *Nephrolepis* at 50 cents each; \$5.00 per dozen.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance that would lead one to think that it was useless as a house fern, it is nevertheless one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2 1/4-inch pots, 75 cts. per dozen; \$6.00 per 100.
 3 " " \$1.00 " " 8.00 "
 4 " " 1.50 " " 12.00 "

Platyceriums.

We offer a fine lot of Elk's-Horn and Stag-Horn Ferns, fine plants in 8-inch pans, in the following varieties:

Hillii \$1.00 to \$1.50 each
 " Majus 1.00 to 1.50 "
 Alcornae 1.00 "

Japanese Fern Balls.

Importations of Fern Balls will arrive during December or January; the stock we offer is the graceful long leaved variety.

Dormant Balls, 7 to 9 inches in diameter, \$4.50 per dozen; \$30.00 per 100.

NEPHROLEPIS CORDATA COMPACTA.

PALMS Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Areca Lutescens.

A fine, clean, thrifty lot of this popular variety.

In. pots	Plants in Pot.	Height.	Per Doz.	Per 100
2 1/4	1	6 to 8 in.	\$1 00	\$6 00

Calamus Intermedius.

A pretty decorative species, with dark-green foliage; the stems are clothed with long, dark spines.

5-inch pots,	15 inches high,	\$1.00 each.
6 " " "	24 " " "	1.50 " "

Caryota Urens. (Fish Tail Palm.)

2 1/4-inch pots, \$1.00 per dozen; \$8.00 per 100.

Ceroxylon Niveum.

We offer a nice thrifty lot of this rare variety. 3-inch pots, 50 cts. each.

Cocos Weddeliana.

Stocks of this useful Palm are scarce throughout the country this season, and we offer, as long as supply lasts, 3-inch pots, 8 to 12 inches high, \$2.50 per dozen; \$20.00 per 100.

Cocos Bonetti.

We offer a few specimen plants of this rare variety, which for out-door decoration is without doubt the best Palm now in cultivation being hardier even than the Phoenix, which it somewhat resembles in general appearance, but is more graceful.

1 plant in 15-inch pot,	4 feet high,	6 feet spread,	\$30 00
2 plants, 15 " pots,	4 1/2 " "	5 " "	40 00 each
2 " 15 " "	5 " "	6 " "	50 00 "

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer strong 3-inch pots, in 15 distinct varieties, ready about the 1st of October, at \$1.50 per set; \$10.00 per 100.

Primula Sinensis Fimbriata.

(Chinese Fringed Primrose.)

Double Violets. Marie Louise.

A fine lot of thrifty healthy plants of the most desirable standard variety, in strong and field-grown clumps. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about September 25th.)

Single Violets.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

- Admiral Avellan,** reddish purple, of good size.
- La France,** rich violet blue, large and very fragrant.
- Luxonne,** soft violet purple, very fragrant.
- Princess of Wales,** intensely fragrant, soft violet-blue. 75 cts. per doz.; \$6.00 per 100.

Japanese Nananized Evergreens.

(*Thuja Obtusa Nana.*)

We have an interesting lot of these curiously-trained dwarfed trees, many of them nearly a century old. They are quite popular at present, and frequently exorbitant prices are paid for them at Japanese sales.

Our stock is all established in pots, which ensures their success. \$3.00 to \$4 00 each, according to shape.

Hardy Asters. (Michaelmas Daisies.)

The hardy Asters are among the showiest of our late fall-flowering plants and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Amellus Elegans. Large, dark blue.		
" Hybridus. Lilac rose.		
Amethystinus. Rich, amethyst-blue flowers		
Datschi. A very late, white flowering variety.		
Formosissimus. Deep lilac shaded purple.		
Horizontalis. Of very symmetrical growth, covered in September with small, rosy lilac flowers.		
Lævis. An early flowering, light blue variety.		
Lady Trevelyan. A fine, large, pure white.		
Novæ Angliæ. Large, bluish purple.		
" " Rubra. Bright rose-colored flowers.		
Purpurimus. Rich purple, very free.		
Robert Parker. Lavender blue with yellow centre.		
Snowflake. A compact growing, very late white flowering variety.		
White Queen. White.

Iris Kämpferi (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. We offer 25 distinct varieties, which were selected while in flower from over 75 of the best Japanese introductions. For names and descriptions see our Retail Catalogue.

15 cents each; \$1.50 per dozen; \$10.00 per 100; set of 25 varieties for \$3.00. Choice mixed varieties, \$1.00 per dozen; \$8.00 per 100.

	Per doz.	Per 100
<i>Iris Orientalis</i>	\$1 00	\$8 00
<i>Iris Pseudo Acorus</i>	1 00	8 00

Incarvillea Delavayi.

A new, hardy, tuberous-rooted plant, very aptly called the hardy Gloxinia. An introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large, rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition.

30 cents each; \$3.50 per dozen.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnation, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

For complete list of Flower Seeds, see Spring issue of our Wholesale Catalogue.
