List of Japanese Military Police in the Hankow Area
(Doc 2804)

This item supplies the names and ranks of more than 2,000 officers and noncommissioned officers who served with the Japanese Military Police (KEMPEI) in the Hankow area in China. The Japanese home addresses of a large number of the men are given, as an aid to locating them. In addition, it should be possible to get information from these men concerning other members of the KEMPEI who are still being sought.

Although this roster will be of chief interest to war crimes authorities in China, many of the men on the list doubtless served elsewhere at one time or another, particularly in Malaya, Burma and the Philippines.

These names were taken from a ten-volume file of records of the Japanese Military Police Unit in Hankow, dated 1945. All men with the rank of Lance Corporal or higher are included. The names have been arranged in English alphabetical order.

LIST OF JAPANESE MILITARY POLICE IN THE HANKOW AREA

Hankow Military Police (KEMPEI) Unit
1945

Editor's Notes

1. Every effort has been made to insure accuracy in this list. However, there is often more than one reading for a Japanese name, and it cannot always be determined with any certainty which should be used. In such cases, the most usual reading has been given here. For best results in using this list, it is advisable to have the services of a Japanese linguist who can supply alternate readings for names about which there may be any doubt.

2. Where alternative versions have been inserted, they are the result of discrepancies in the original Japanese text, i.e. where the same person is referred to on separate occasions by different names.

3. Addresses have been arranged in the English rather than the Japanese order. When an address includes Lot (BANCHI) and Block (CHOME) numbers, they are presented as two sets of numerals, separated by a diagonal line. Example: 225/3 means Lot 225, Block 3.

4. Some of the addresses include Japanese equivalents of English letters—Ko (A), Otsu (B), etc. In such cases, a transliteration of the Japanese has been given, followed by the corresponding English letter in parentheses. Example: 4326 Ko (A) Aza-Nishimachi.

CONFIDENTIAL

5. The following Japanese words have been retained in the addresses:

Ken or To	-	Prefecture
Shi	-	City
Ku	-	Ward
Cho or Machi	-	District or town
Tori or Dori	-	Street
Gun	-	County
Mura	-	Village
Oaza	-	Section of a town or village
Aza	-	Subdivision of above
Koaza	-	Subdivision of Aza
