Request for Extension of Foreign Service Tour

23 Oct 52

1. Recommend disapproval.

2. Paragraph 10d, Circular 26, Headquarters Far East Command, 9 September 1952 states that applications for extensions of foreign service tours which are not submitted in accordance with criteria set forth in subparagraphs 10a, b or c in Circular cited above will not be favorably considered. There is nothing in this application to indicate an unforeseen development that prevented the 441st CIC Detachment from anticipating it's personnel requirements the required period of time.

2. 1. Approval is recommended.

2. There is an extremely critical shortage of Chinese linguists in the 441st CIC Detachment. At the present time there are eight (8) Chinese linguists assigned to the 441st CIC. Of these eight there are two (2) whose period of involuntary service will terminate in the very near future. M/Sgt Jay is a highly skilled investigator who possesses superior native, oral and written fluency in both the Cantonese and Mandarin dialects of the Chinese language. Although he has not been officially tested, he is also freely conversant in several other little known Chinese dialects and in the Japanese language.

3. Your attention is invited to paragraph 3-1 of 2d Indorsement in which exception is requested to late submission of application. Since the removal of restricted rotation of linguist personnel in May 1952, the 441st CIC has experienced innumerable unforeseen difficulties that preclude proper anticipation of our personnel situation. The major problem is the impossibility of forecasting the arrival of replacements. Linguists have been constantly requested but the number of qualified replacements received has been negligible.
