TEN YEARS YOUNG . a decade of progress on the Westwood campus has brought U.C.L.A. into the eyes of the nation in all forms of ondeavor: academically, athletically, and socially. In this short span of years our own university has risen from the depths of insignificance into the spotlight of education and higher learning. What the next decade holds in store is unascertainable, but it is certain that the progress will be equal to and surpassing that which we know at present.

To leave with you a concrete picture of our great university to picture and tell of the past to foretell as well as possible, U.C. L.A.'s destiny in the next few years toward these ends is this. Volume XX of the Southern Campus, prepared and given to you, the students and the university

UNIVERSITY OF CALIFORNIA

AT LOS ANGELES - 1939

In the modern world of today -- with its periods of joy and happiness, strife and sorrow, success and glory, failure' and misunderstanding -- youth encounters and attempts to fathom baffling mysteries. Ken and women of college age need guidance and inspiration in preparation for the problema they will meet upon completing their college life.

With this thought in mind, we look at a man whose understanding nature and extensive knowledge have placed his name high among the educators of the country. In his policy of guiding the business and academic activity of the combinad University of California, he has made himself a true friend of each and every student in the various parts of the University. He attempts to make the University a temporary residence for the students during thair stay, in order that it may provide a "source of developing power and inspiration in the days to follow."

For these reasons, and above all for the example he sets as a fine man and friend to all, this 1939 edition of the Southern Campus is dedicated to Robert Gordon Sproul, preaident of the University of California.

The Steff

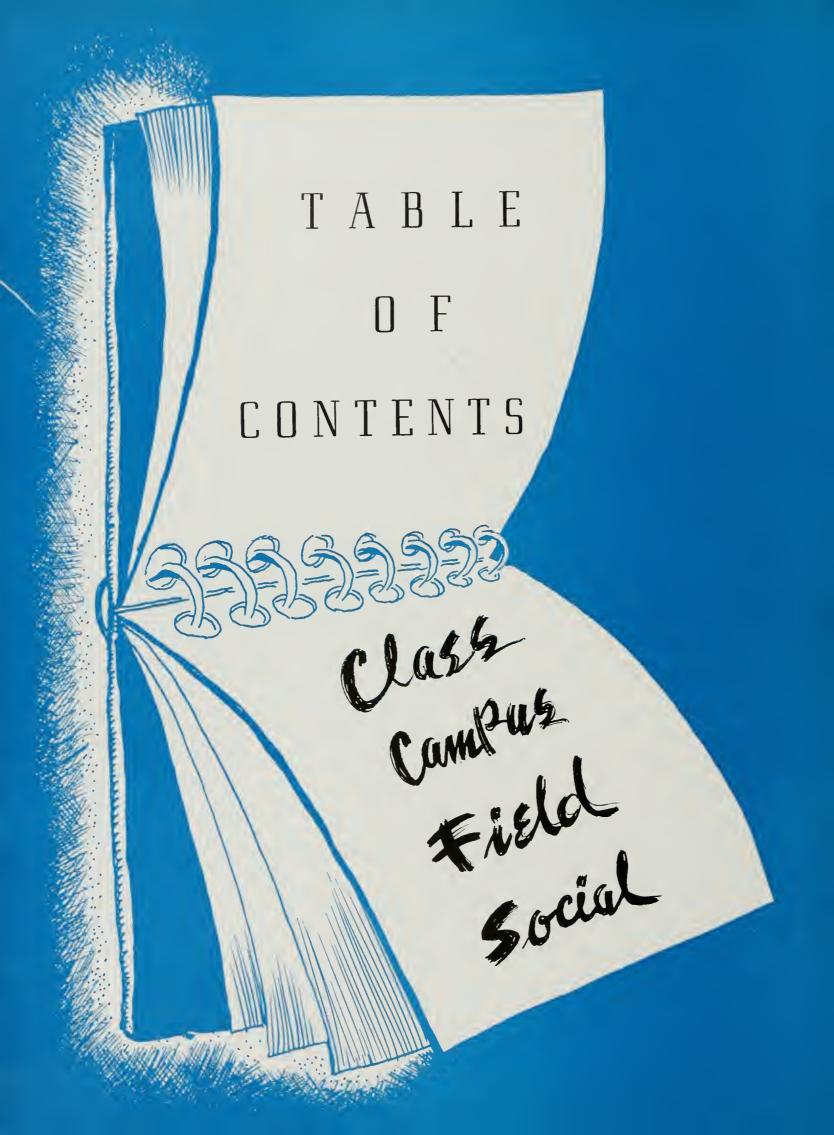

Erected at the foot of Janss Steps, the Women's Physical Education Building overlooks the ocean. Students wander out on clear days to see Catalina rising above the shining water.

The path from Kerckhoff to the Library is familiar to all students who, thirsty from much study, take time off for a coke. The Library building, a center of student activity during the period of exams, faces the Quad, a center of activity between exams.

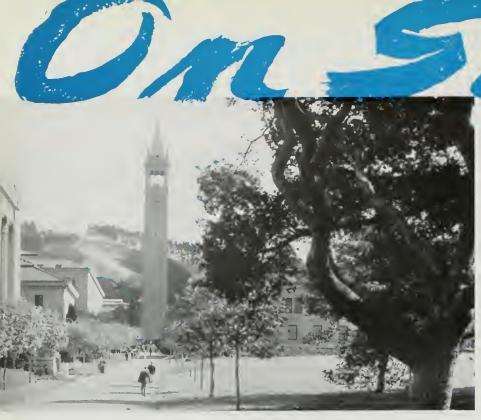

To bring to you a concrete picture of the University ... Past. Present, and future ... is the pur-Pose of the 1939 SOUTHERN CAMPUS. This ideal has been carried out in various ways. A story of the history of U.C.L.A. since its inception on the local campus runs throughout the book at the bottom of the pages, and by this means the Past history is told. The present is Portrayed by the SOUTHERN CAM-PUS itself, its pictures, stories, and activities. The future, as it is now planned, is forecast by the imposing plans for large and beautiful cam-Pus structures which are found on the main division pages. It is hoped that this. Volume XX, will enlight. en you on facts concerning the University of which you are a part.

THE LIFE OF YOU, THE AVERAGE BRUIN STUDENT, IS DIVIDED INTO FOUR MAJOR SECTIONS ... YOUR CLASS WORK, CAMPUS ACTIVITIES, ATHLETIC ENDEAVORS ON THE FIELD, AND SOCIAL LIFE. WITH EACH DIVISION REPRESENTING A CHAPTER OF YOUR COLLEGE LIFE, THE SOUTHERN CAMPUS IS SEPARATED INTO THESE SAME FOUR SECTIONS, THE TOTAL OF WHICH FORMS THE UNIVERSITY AND MAKES THIS VOLUME, TYPIFYING U.C.L.A. AT ITS BEST, POSSIBLE.

PRESIDENT

President of the University of California, Doctor Robert Gordon Sproul impartially divides his administrative time and interests between the University's seven divisions.

Staunch in the belief that the University in Southern California will continue to strengthen its services to the people of the State in the future as in the past, President Robert Gordon Sproul visualizes for the Los Angeles campus an increasingly important place in the society of American universities. When President Sproul took office nine years ago, he announced his policy would be to spend more time in Los Angeles than his predecessors had done in order that he might know more intimately the needs which the University should meet in southern California. Carrying out this policy, he established a home on the Westwood campus in 1936. The University of California in all its parts is truly President Sproul's life career.

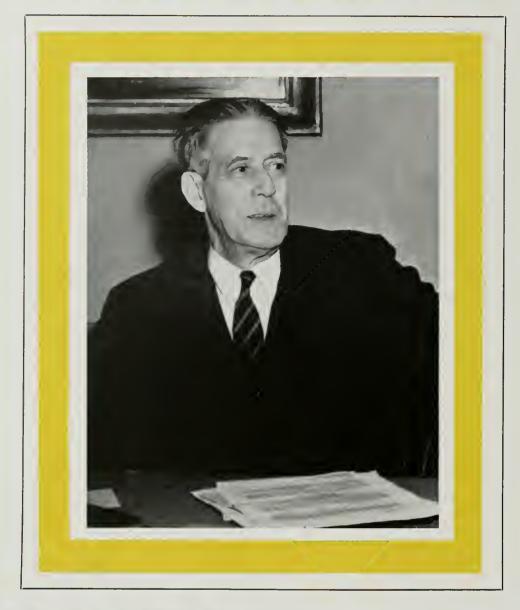

Reading clockwise: Dr. Sproul, Mortimer Fleishhacker, James K. Moffitt, Joseph D. Hodgen- Stuart O'Melveny, Harry L. Masser, William Moseley Jones, John U. Calkins, Luther A. Nichols, Monroe Deutsch, Fred Moyer Jordan, Edward Dickson, Sidney M. Ehrman, Robert M. Underhill, Garrett McEnerney.

GOVERNOR CULBERTL. OLSON

Newly elected to the Covernorship of the State of California, Culbert L. Olsen also represents the University of California as Ex-Officio Chairman of the Board of Regents. Working in this dual capacity, tive interests are valuable to both state and student govern-

VICE-PRESIDENT

As Provost of the University of California at Los Angeles for the past two and one-half years, Doctor Earle Raymond Hedrick in making his work his hobby has become an integral part of student affairs. In giving generously of both his time and personal interest, he has become a sympathetic friend and academic advisor. In acting for Dr. Sproul he has combined the dignity of the President's office with the spirit of University life as seen in his spontaneous assistance whenever needed and understanding of the problems of this campus.

Once head of the University Math Department, Doctor Hedrick has for the last two years filled the post of Provost of the University of California at Los Angeles.

 Dr. Alfred E. Longueil, as Chairman of the English Department, is known as an authority on Shakespearean Literature. Even though his department is one of the three in the University which has a comprehensive examination, he has managed to build up student interest to the extent that his department is always overcrowded.

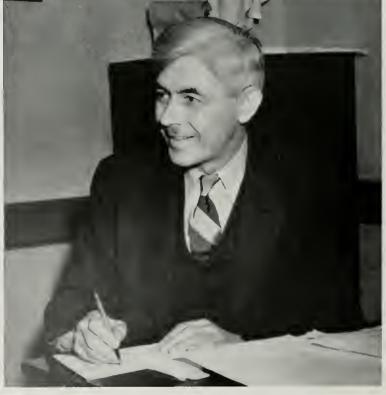

FACULTY

Following the eccentricities of genius, George J. Cox, chairman of the Art Department, has been peculiarly attached to the little green scooter-bike which carries him around the campus. Dr. Cox considers the function of the department both cultural and practical, and believes each student must express himself with brush and chisel for the good of his soul.

Many more people know Frank H. Reinsch as Chairman of the Committee on Subject A, in which capacity he meets every freshman, than as Associate Professor of German. Each fall he returns to U.C.L.A. after spending his summers in travel and research in Germany. His winters are spent in teaching and working with the Modern Languages Association.

Arthur P. McKinley is head of the Foreign Language Department. Two years ago, in collaboration with E. K. Reid of the History Department, he discovered in Europe the oldest known manuscript of the medieval romance "Juvenal." An article to this effect has just appeared in the Harvard magazine. In addition to his classical interests, he enjoys mountain climbing.

Besides being chairman of the Political Science Department at U.C.L.A., Frank M. Stewart holds many important civic and university positions, including membership in the Governmental Affairs Committee of the Los Angeles Chamber of Commerce and the presidency of the Los Angeles Town Hall for 1938. His research studies are on the municipal reform movement in the United States.

Dr. Frederick C. Leonard has been at U.C.L.A. since 1922 and has been Chairman of the Astronomy Department since its inception in 1931. He is a fellow of the Royal Astronomical Society of England and is a member of the American Astronomical Society. His research specialties are meteorites and double stars. He is a Phi Beta Kappa and a Sigma Xi.

Since entering the University four years ago as head of the Music Department, Mr. Leroy Allen has expanded the interests and talents of his various musical groups until they now play an important part in almost all of our campus activities. Projects of Mr. Allen's department, the Bruin Band, the Concert Band, and the orchestra, officiate musically during the academic year.

Harold W. Mansfield has instituted several new courses in the Department of Mechanical Arts during the past year. Among these was the much publicized course in Photography. The students hold regular exhibitions, which serve to familiarize the public with the Mechanic Arts building, as well as with the work of the amateur photographers.

Before coming to U.C.L.A. in 1927, B. M. Varney, chairman of the Geography Department, was Assistant Editor of the journal of the U. S. Weather Bureau. His chief scientific interests are problems of the influences of the Pacific Ocean on California climate, and his hobbies are sailing and photography. He was Vice-President of the American Meteorological Society.

FACULTY

The Training School, under the guidance of Charles W. Waddell, for the past year has remained on the same even keel for which it has been noted. Existing now as a separate unit from the University and on its own budget, Dr. Waddell believes that there is a possibility that his department may be absorbed by the new School of Education to be added in the fall.

Donald A. Piatt has been chairman of the Philosophy Department for two years. He specializes in work in social ethics and the theory of knowledge. He is co-author of a book, "Studies and Ideas," and has written articles on the theory of knowledge. Students in all departments come to him for advice on their personal and economic problems.

A work of twenty years has been Doctor Loye Miller's outstanding contribution to the University curriculum. For the first time as an administrative experiment, he brought together the instructors and classes in the fields of Botany, Zoology, and Bacteriology, and built them into one cooperative whole, the Life Science group, of which he is the chairman and advisor.

Commander Herbert W. Underwood, late of the Naval War College, heads the newly-formed Naval R.O.T.C. unit. The annual cruise to Honolulu and the distinctive uniform attracted more candidates than the course could hold, but rigid physical requirements disqualified the majority of the applicants. The company has rapidly attained prominence, and all indications point to a brilliant future.

At the University but seven years, Dr. U. S. Grant occupies the chair of the Geology Department. The heavy duties of his office have so commanded his attention that he finds himself somewhat handicapped for time in his efforts to unravel the history of the last million years of California geology. However he hopes to whittle off several thousand in the near future.

Martha Deane, Women's Physical Education head, has studied dancing in America and abroad. Last summer she attended the International Dance Congress in Paris, returning with many ideas which will benefit her men's and women's classes and the mixed recreationals. Miss Deane also hopes to stimulate enthusiasm in badminton and swimming.

FACULTY

Coming to the U.C.L.A. campus three years ago as head of the Psychology Department, Doctor Knight Dunlap has since reorganized the curriculum into the field of adjustment work for which it is now important. Interested in the study of reaction time and emotional facial expressions, Doctor Dunlap has also written five texts, one of which is used in a University Psychology course.

Sylvia N. Ryan, as Upper Division Spanish Advisor, is one of the few members of the faculty who can boast of being able to call members of the class of 1924 by name. Known as a person who is well acquainted with all the ins and outs of the University she is eagerly sought by students who are helped out of their difficulties by her advice and humor.

Helen B. Thompson is specializing in field studies on the physical development and nutritive requirements of children. She has been chairman of the Home Economics department since 1923. She is also interested in government and politics and is a member of the American Academy of Political and Social Science. She taught at the University of Kansas for five years.

Perhaps the most-publicized innovation in the Military Department this year has been the change in the officers' uniforms with slacks replacing boots. New members of this Department, headed by Colonel Severson, are Colonel Van Vliet and Major Braun. At the end of this semester the department will lose Majors Trechter and Shoe.

In order to take care of the increased interest and student enrollment in the History Department headed by Doctor Waldemar Westergaard, the departmental curriculum has been changed to include large lecture classes in addition to smaller quiz sections. Doctor Westergaard's main interest outside of his department activities, lies in the study of Northern European history.

Figuratively speaking, Doctor William M. Whyburn, head of the Math Department, counts his campus responsibility as sponsor of the "now almost extinct" Phi Beta Kappas a negligible matter. Doctor Whyburn is also treasurer of Sigma Xi, and has won outside recognition as a member of an Executive Committee in the American Association for the Advancement of Science.

FACULTY

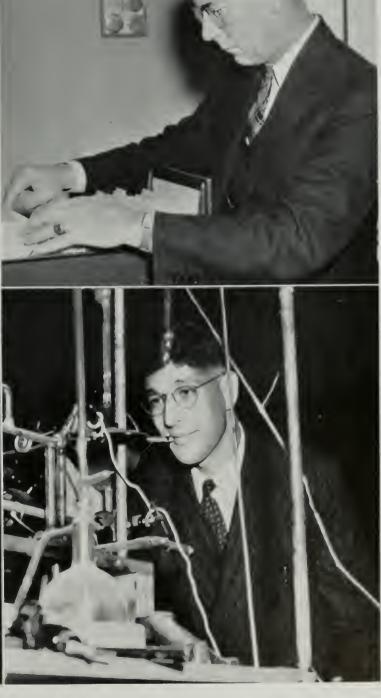

The growth of the University is reflected in the increasing curriculum in the Department of Physical Education. Under the direction of Frederick C. Cozens, mixed classes in archery, golf, and dancing are now included in courses offered by this department. Dr. Cozens was recently appointed dean of the new College of Applied Arts.

Lending an air of romance to the study of Russian History, Doctor Andre Lobanov-Rostovsky presides over his classes with the poise of the Russian nobility. With an interesting history himself, Doctor Lobanov has the background of a famous World War strategist, is interested in music, has written several books, and is a fluent linguist.

As Chairman of the Physics Department and the Reinstatement Committee, Doctor Joseph Kaplan investigates such matters as student and electrical discharges. In his laboratories, Doctor Kaplan has been conducting a long series of experiments on the structure of the earth's atmosphere and has discovered the previously overlooked constituent, atomic nitrogen.

In 1925 the U.C.L.A. Alumni Association was organized as a division of the California Alumni Association, and in 1934 it became a separate entity. Acting as administrative officers of the Alumni Association, President M. Philip Davis, Vice-President Joseph P. Kesler, Treasurer Deming Maclise, and Chairman of Finance David Yule, preside at all Alumni social and business functions, and are also members of the executive Alumni Council. The duties of Executive Secretary John E. Canaday, who resigned his position in January, were taken over by Field Secretary Sterling Tipton until a permanent appointment could be made. John B. THE A.S.U.C.L.A. HAD ITS BEGINNING AS FAR BACK AS 1919, WHEN A "COMMITTEE OF TWELVE" DRAFTED A CONSTITUTION FOR THE "SOUTHERN BRANCH." IT WAS KNOWN ONLY AS A STUDENT BODY—INSTEAD OF AS THE ASSOCIATED STUDENTS—UNTIL. IN 1923. THE SOUTHERN BRANCH BECAME U.C.L.A. WHEN THE BRUINS FIRST BECAME RESIDENTS OF WESTWOOD, IN 1929, ROBERT

Don Brown, A.S.U.C. prexy, has had the job of representing the Student Body in all matters concerning the Associated Students, as well as co-ordinating the many activities under sponsorship of the A.S.U.C. In addition to serving as member ex-officio of student boards, Don has found time to head the R.O.T.C. as Cadet-Colonel and to participate in varsity basketball. Aside from bestowing a handsome smile on all the campus kiddies, Don handled judiciously the harder-to-please Student Council.

With the aim of keeping up university traditions and popularizing informal afternoon dances. Virginia Keim, A.S.U.C. vice-president, filled her busy term of office. As the official hostess of the University. "Jinnie" entertained visiting notables, arranged for high school student tours, took charge of the anniual Open House, and insisted on a spirit of informality at her office. Brightest feather in her political cap, however, was her platform fulfilled—more All-U dances.

O. C. B. CHAIRMAN SPOTTS

A.W.S. PREXY PYNE

The Organizations Control Board was unde the capable leadership of Ralph Spotts.

Upsetting the applecart Virginia Pyne was champion of the non-org cause this year and on the side revised the tangled A.W.S. set-up.

Social life on campus ran smoothly under the auspices of "these three", O.C.B., A.W.S., and A.M.S. The ratings and functions of all campus organizations fell under the jurisdiction of the Organizations Control Board which also had the responsibility of allotting the popular week-end date reservations and keeping alive the handy transportation bureau. The A.W.S. plunged joyfully into the social whirl initiating a series of luncheons and dances as well as continuing traditional freshman orientation, vocational lectures, social hours and Fall-Spring benefit drives. Even the A.M.S. entered into the pervading social spirit sponsoring several afternoon dances in addition to the Annual Men's Week.

A.M.S. President Johnny Ryland successfully combined brains and brawn, by being a competent executive and a football star.

A. M. S. PREXY RYLAND

KEITH WAS PRESIDENT OF THE A.S.U.C., WITH CHARLOTTE MCGLYNN AS VICE-PRESIDENT. THE ASSOCIATED STUDENT COUNCIL, THE ORGAN OF STUDENT SELF-GOVERNMENT, WAS MUCH AS IT IS TODAY—BEING COMPOSED OF THE DEAN OF MEN. AN ALUMNI REPRESENTATIVE. THE ELECTIVE OFFICERS OF THE ASSOCIATED STUDENTS, CHAIRMEN OF VARIOUS BOARDS, AND A GENERAL MAN-

BILL ACKERMAN

Bob Rasmus, a U.C.L.A. graduate, is the manager of the bookstore, and incidentally, has made it self-supporting. A difficult task that speaks well for him.

A. S. U. C.

A U.C.L.A. graduate, Bill Ackerman, Graduate Manager of the Associated Students, is virtual boss of Kerckhoff Hall, as he assumes responsibility for all A.S.U.C. activities.

Student publications were supervised by Joe Osherenko.

M. C. McClure oversees purchases for the Co-op coffeeshop and cafeteria, buying the best that can be obtained for the money.

EXECUTIVES

In spite of the title of Assistant Graduate Manager, A. J. Sturzenegger is human and popular with the athletes of whose status he has charge. A. J. Sturzenegger, or "Sturzy", has three full time jobs. He is assistant to Bill Ackerman, makes travel arrangements for the various teams, and is an assistant coach of the football team. From a hobby standpoint, "Sturzy's" interest is in keeping statistics on national football teams. Others on the A.S.U.C. Staff include Bob Rasmus, and M. C. McClure, who manage the Co-op Bookstore and Coffeeshop, respectively; Harry Morris, head of ticket sales; Joe Osherenko, supervisor of student publications; and Ben Person who handles publicity for the athletic events of the school.

The gain in ticket sales can be attributed to the efforts of Harry Morris. His is a difficult job.

Ben Person handles all publicity concerning the Associated Students, and also runs the Athletic News Bureau.

AGER WHO HEADS THE ENTIRE STRUCTURE OF THE A.S.U.C. DEAN MILLER STILL SERVES ON THE COUNCIL AS FACULTY REPRESEN-TATIVE. STEPHEN W. CUNNINGHAM HELD THE POSITION OF GENERAL MANAGER UNTIL 1933, WHEN BILL ACKERMAN TOOK OVER THE OFFICE WHICH HE STILL HOLDS—BECOMING KNOWN AS GRADUATE MANAGER. THE POSITIONS ON THE COUNCIL HAVE RE-

The '38-'39 Student Executive Council has had an unusually active year — creating by-laws, revising constitutions, and carrying through platform promises. Most of the by-laws concerned the establishment of a Peace Committee, a Student Labor Board, and an A.S.U.C.L.A. Finance Committee. Revisions included changes in the A.W.S. and W.A.A. constitutions and reorganization of the U.D.S. and Forensics Board. Among platform promises which were carried out were lower Co-op prices, the hint of improved parking lots in the near future, and definite action taken on the subject of cooperative housing.

Student Council heads Brown and Keim are considering the problem at hand with sad faces. Maybe with the help of Marty Grim and Ralph Spotts, they can solve it.

MAINED MUCH THE SAME, WITH A FEW EXCEPTIONS. THE ORIGINAL WELFARE BOARD, WHICH BEGAN ITS EXISTENCE AS "SOCIAL AFFAIRS CONTROL," BECAME THE ORGANIZATIONS CONTROL BOARD IN 1936—DEL HOBBS SERVING AS ITS FIRST CHAIRMAN. THE SAME YEAR MARKED THE INAUGURATION OF THE ASSOCIATED MEN STUDENTS, AN ORGANIZATION WHICH REPLACED THE ORIGINAL

ORG CONTROL

The Organizations Control Board lives up to its name in scheduling All-University affairs and preventing conflicts among the social events of various campus groups. Under the chairmanship of Ralph Spotts, this group maintains a relatively fearful hold over all organizations, both social and honorary, because the approval of this Board must be gained before such bodies can enjoy campus recognition.

Members of the Organizations Control Board included; First Row: Betty Ryan, Lucretia Tenney, Ralph Spotts, Babs White, Betty Redman; Second Row: Jack Helms, Bill Deuterman, Jim Castruccio, Red Davidson, Tom Stamp.

BOARD OF CONTROL

The Board of Control is composed of several administrative officials, the president of the Student Body, and two members chosen by him; the two the past year being Ginnie Keim and Everett Carter. One of the Board's most important decisions this year was the choice of Babe Horrell as football coach, to succeed Bill Spaulding. The Board passes on all financial matters involving A.S.U.C. money.

Members of the Board of Control include John Canaday, Don Brown, Martha Grim, Deming Maclise, Dean Earl Miller, Dean Helen M. Laughlin, Everett Carter and Bill Ackerman. Bill Brown served on the Board during the Spring semester in the place of Everett Carter.

A. M. S. COUNCIL

The A.M.S. Council, under the leadership of President Johnny Ryland, successfully planned the annual Men's Week, with a beard-growing contest as the feature attraction. The only drawback was that most of the "men" looked the same on Friday as they had on Monday (no beards at all!). In addition to this display of masculinity, the Men's Do concluded the week by entertaining dads and sons.

The A.M.S. Board members included Hal Hirshon, Johnny Ryland, and Jack Saunders, sitting, and John Drury, Fred Koebig, and Lou Rubin, standing.

A. W. S. COUNCIL

Intensive activity keynoted the work of the A.W.S. Council. Secretarial and consultation committees were responsible for the successful functioning of general A.W.S. business, while special committees organized the Hi-Jinx, Hello Day, Christmas drive and dance, Freshman orientation, teas, and activity control. This year marked the inauguration of "lunches on the green" and weekly teas.

Members of the A.W.S. Council include, first row: McAllister, Dumont, McClellan, Tenney, Richter, Nuttall; second row: Fox, Bluemle, Girard, Bankson, Hildebrand, Strain, Wilson, Jackson, Hardman; third row: Boswell, Lanham, Lawell, Hoag, Parker.

MEN'S BOARD. HAL CADDEL, AS THEIR PRESIDENT, WAS THE FIRST TO REPRESENT THE ASSOCIATED MEN ON THE STUDENT COUNCIL. MEMBERSHIP IN THE A.S.U.C. WAS ORIGINALLY VOLUNTARY—THOSE STUDENTS WISHING TO TAKE PART IN THE STUDENT ACTIVI-TIES BOUGHT MEMBERSHIP BOOKS ENTITLING THEM TO PARTICIPATION. IN 1933, BY STUDENT VOTE, THIS BECAME COMPULSORY.

PUBLICATIONS

The Publications Board, comprised of student heads of the Southern Campus and Daily Bruin under the congenial supervision of Joe Osherenko, functions in bringing these publications into a more friendly contact with one another. Here these Kerckhoff bigwigs may settle their respective differences and determine their editorial policies. The fate of enterprising workers rests with them, as they determine the campus publication heads for the next year.

Members of the Publications Board include, front row: Seymour Knee, Joc Osherenko, Mimi Koumrian; back row: Liston Comer, Everett Carter, Bill Brown, Bob Landis.

MUSIC & SERVICE

The Music and Service Board under Larry Orenstein works to coordinate the California Arrangements Committee, Rally, Band, and Yell Leaders into a smoothly functioning group for football games. In addition, the Board compiled a booklet of school songs for the coming football season, choosing several new ones; and also supervised the writing of the university Staff and Mask musical comedy.

Members of the Music and Service Board include: Van Craig, Hank McCune, and Jimmy Thickstun.

D R A M A

A complete reorganization of the Drama Board was necessary when Chairman Dick Hayden resigned in the fall semester. The members of U.D.S. and Staff and Mask had a hard time keeping their traditional conflicts to a minimum when there was no Drama Board to mediate for them. Under the capable leadership of Marvin Brody, appointed in February, the Board completed a successful and peaceful spring semester.

Members of the Drama Board include, seated: Ann Hoover, Marvin Brody, Chairman, Beverly Gardner; standing: Fred Bruderlin, Jack Morrison, Graduate Director of Dramatics, Bruce Matchette.

FORENSICS

The Forensics Board governs and regulates all the forensic activities in the University, and selects those seniors whom they believe eligible for senior awards in debate. This year, the Board, under the leadership of Milton J. Kramer, outlined the most extensive and ambitious debate program in the history of the University. This program has been carried to a successful conclusion by Chairman Kramer.

Members of the Forensics Board include: Robert Dickerman, Florence Green, George Oliver, Kay Hall, and Ray Woolsey. Milton Kramer, Chairman, was not present.

WOMEN'S ATHLETIC

The W.A.A. board completed a successful year of directing sports activities and sponsoring the popular bi-monthly recreationals for men and women. Composed of sports heads and officers, the board planned schedules for the fall, spring, and mid-season sport sessions, and supervised awards. In addition they organized the spring and fall rallies, the annual fall spread, an intersectional playday, and the annual formal banguet.

Members of the W.A.A. Board include, first row: Reece, Cirino, McAllister, Hodgkins, Schwaderer, Culbert; second row: Wight, Inui, Skelley, Bellinger, Thompson, Hill, Miffer, Schutz; third row: Inhofe, Perry, Reeves, Whidden, Fawley.

MEN'S ATHLETIC

The Athletic Board was headed by Hal Hirshon. He was particularly fitted for the position since he has played three years of varsity football and baseball and is well aware of some of the problems that face the council. The principal task of the council is the granting of letters and life passes to team athletes. They have been active this year in promoting the newest minor sport, 150 pound football.

Members of the Men's Athletic Board included, sitting: Jack Montgomery, Bill Ackerman, Hal Hirshon, and Fred Koebig. Standing is Bill Norrington, and John Drury.

Lucretia Tenney, A.W.S. Vice-president, is responsible for planning successfully the exclusive "for women only" Hi-Jinx given early this fall.

Mary Lee McClellan served efficiently as A.W.S. secretary in addition to her position on the Southern Campus staff and her Alpha Chi Alpha and Guidon work.

After spending a year at balancing the budget of the A.W.S., Julia Richter, A.W.S. treasurer, is now eligible for her B.E. (Bachelor of Economies).

Tom Stamp is Chairman of the Recognition Committee. It checks data given by groups seeking campus standing, and may declare organizations barred from activity.

Because of their many activities scattered in various and sundry fields the Senior Officers are seldom seen together. Although handicapped by the fact that it had carried over a large deficit from its Junior year, the Senior Council still managed to get something done. Its first major effort was the Fun House Party in October, an event which was attended by a few Seniors and a lot of other people. Then came a lull until the Senior Picnic, held at Whiting's Woods in the midst of the goldfish gulping season, at which no casualties were reported. The planning of Senior Week and the Senior Ball was the last accomplishment of the Council.

In spite of the fact that they should be attending classes up on the hill, the Sophomore class officers "go below" for a few cokes. Left to right are: Dick Patton, treasurer; Harriet Stacy, secretary; Betty Crawford, vice-president; and Russell "Rusty" Jacobs, president. They solved the weighty problems of the class and yet did not let that interfere with their capacity for enjoying Sophomore Life.

The officers of the Class of '41 may be commended on accomplishing four difficult tasks during their term of office. Rusty Jacobs organized the scattered Sophs who came out to ''brawl'' into a roaring mob which would easily have destroyed the Frosh outfit had not the yearlings turned out en masse. Next the officers gave a party for the U.S.C. Sophomore council; the object was to promote friendly relations—it did. The Forty-niner dance at Whiting's Ranch showed that the group was capable of promoting a social function successfully. Lastly they learned the requisites and duties of executives representing a large class—a useful bit of knowledge for would-be politicians.

What will the class of '41 remember of their daze as Sophomores? Will it be personalities such as Man-about-town Jim DeVere, charming Spur Phyllis Worth, and industrious Southern Campuser Jean Traughber; or will they remember specific events—the kidnapping and daring escape of class prexy Jacobs preceding the brawl, the unsurpassable U.C.L.A.-Stanford game and hours of labor put in by the Spurs and Yeomen, or the climax of all ultra-informal happy times, the Barn Dance? Perhaps they will remember the professors whom they came to know better after the first year. Undoubtedly all of it will be remembered in the rather vague Sophomore manner.

Conscientious youngsters are the officers of the class of '42. John Henderson, yell leader; Bett, Corrick, vice-president; Dorothy Fuller, secretary; Bill Johnson, treasurer; and Terry Holberton, president, are seen neglecting State Beach for an afternoon of labor in the library.

NTERING the University over 2,000 strong, the Frosh class set out to accomplish everything in a "Big Way." Unfortunately for the Sophomores, they carried out their threat in taking the annual brawl with a 6-2 score; therefore losing the privilege of wearing the traditional dinks. With the end of the first semester the officers kept up the pace-two-fifths of them failed to make their grades, leaving President Terry Holberton, Dorothy Fuller, and Bill Johnson as the survivors. Green Day also had its big moments; Editors-for-a-day Glicksman and Henderson threw the Daily Bruin office into an uproar when they insisted on printing supposedly authentic results to certain medical examinations made by the University Health Service. However, the story was killed before the Green Edition went to press. The remaining officers collaborated with the Sophomores in making the second brawl, the Frosh-Soph Barn dance, a social success. It may be said of these officers in future years that they were successful in giving the class of '42 unity and service.

Here is an unsuspecting freshman being presented with a beautiful green dink by his older Sophomore brother. They were made compulsory for frosh by Yeomen, until the Soph-Frosh Brawl in October . . . but that is another story. The Sophs took a terrible beating at the Soph-Frosh Brawl, and the frosh were not seen wearing their little green caps any more. A Soph and a tire are being torn to pieces . . and tires are worth so much money these days. . . A great waste to tear one up.

Director of Publications

JOE R. OSHERENKO

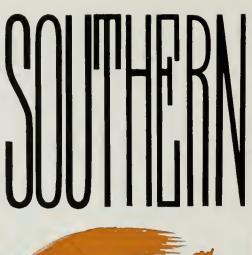

By the time the general public reaches college age, it usually has the ability to comprehend printed matter in various forms. In order to supply the

rising demand, Joe Osherenko supervises student publications which will meet with approval, as well as offer a bit of relaxation from college texts. The two most important publications as far as Joe and his efficient secretary Tillie are concerned, are the Southern Campus and Daily Bruin. It's six of one and half a dozen of the other, which causes the most bother. The Southern Campus being a record of the school year, is a constant worry, and the Daily Bruin is a daily worry.

Besides these two major student publications, there is the Student Handbook, commonly known as the "Frosh Bible," the Bruin Review, which was started by Joe as a Homecoming program, the W.A.A. Handbook, the A.S.U.C. programs, and sports programs, among which is the lucrative Goalpost, famous football publication.

Every possible endeavor has been made by the editorial department of the Southern Campus staff to give to the Associated Students a yearbook depicting the thoughts, actions, and pleasures of its members. The important issue of the 1939 publication is to emphasize the importance of the student as an integral part of a growing university, with fame in its own right: U.C.L.A.

The Southern Campus office is always good for a laugh, so perhaps that is the reason for its congested condition. Once a year, lured by waffles and coffee, the chosen few (?) work, unhampered, into the night. The student body may laugh, but the editorial and managerial staffs, headed by Bob Landis and Liston Comer, find enough cause for weeping. Associate to the editor, and sharing his burdens, was Mimi Koumrian. Artist Holmes Coates, aided by Hap Fraser, was responsible for the mysterious dummy and the intriguing art work. Bill "watch-the-birdie" Johnke emerged from the darkroom periodically to give orders to Dee Fisher and Sam Kiguchi. Frank, alias Bill, Simons, Junior Editor, was in charge of engraving and photographic copy, while Junior Editor Breta Nissen, when not down with the mumps, was in charge of copy. Breta and Bill gave orders to individual book editors, Jimmy "Lothario" Osgood, Dudley "Butch" Swinburne, Jean "Johnny" Traughber, and Claire "glass breaker" Hanson. They, in turn, supplied photomounters Eleanor Argula and Steve Melnyk with their charming vocabularies and phobia for square corners. Frances Koch had charge of the office and Freshmen, while Red Davidson was Organizations Editor. Indispensable to the staff were the assistants, the "stooges." Barbara Bettin was photo-librarian, with the assistance of Dorothea Thompson. Betty Beal and Beth Anne Stevens did valuable work as assistant to the Academic section editor. The Activities book's assistant was Christine Strain. In all, the "stooges" were the part of the machinery which kept it going at full speed. The 1939 Southern Campus was reigned by Spurs and Alpha Chi Alpha, and a super time was had by all.

Fun, an important characteristic in the production of the Southern Campus, is here demonstrated by Art Editor, Holmes Coates, and Head Photographer, Bill Johnke, while in the background, staff members busy themselves with beating the yearly deadline.

Chief factor in the 1938-39 success of the California Daily Bruin was the co-editorship of Bill Brown and Everett Carter. By September 1938, a smooth working team had been molded from the capable combination. Characteristic of the "New Deal" in the Dramatics Department, was the fall play, "Tear Duct With Pineapple." Mr. Ralph Freud, the new director, produced a successful light comedy when previously the Department specialized in more serious productions. Laid in a nut-house, the play went merrily on its way for four acts, with the screw-ball characters bringing many laughs. There were alternate casts with each playing two performances. Everett Ball, as Charley Turner, the crazy artist, and Ruth Pottle, as Melodie, a melancholy miss, were outstanding in their roles. Hans Rauch as Piggles, an interne in the nut-house, was the best bit player. The art classes and the Stage Crew co-operated to make the scenery and mechanics of the play a success.

PLAYBOY OF WESTERN WORLD

"The Play Boy of the Western World" was the final production of an extremely active year by the University Dra-

matics Society. A picture of the true Irish temperament and the customs of the people is given in the play which was the tale of a weak and cowardly Irish boy who is first a hero by the supposed murdering of his father, and then a despised peasant when the father is found to be still living. The play is so representative of Irish life that when presented in Ireland, it was immediately protested as being too crude and realistic. Gene Fennell protrayed Christopher Mahon, the young Irishman, in a convincing manner. The father, Old Mahon, was taken by Grant Shepard. The art classes again helped in the design and sewing of the costumes.

After the actors have departed in a blaze of glory and the lights have been turned off, there is still a group which remains to strike the set, clean up the stage, and prepare for the next performance. Members of the crew include: Harold Nyby, Frank O'Brien, Fred Cramer, Carvel Moore, Aileen Weber, Georgine La Montagne, Irving Maxie, Meri Ottis, Sam Rolph, Marcelle Fortier, Polly Parker, Richard Hayden, Stella Chapates, Rhoda McHie, Joan Herman, Mary Mitchell, Jessie Koyama, Elizabeth Clancy, Chico Takaguchi, Caroline Entricken, Cal Edinger, Frances Weaver, Eleanor Anderson, Carol Huseman, Kenneth Kingrey, Fred Bruderlin.

"Saturday" was a portrayal of social conditions in the rural south.

The University Dramatic Society reading of repeated Society succeeded in bringing reading of Irwin Shaw's "BURY THE DEAD" Chekhov's "The Boor" was presented entirely on roller skates by the Workshop as an experiment in the latest shop as an experiment in the latest version of modernistic drama.

Launching an extremely active year, U.D.S. included in its annual program a series of experimental dramatic attempts in which new techniques of lighting, costuming, and modern dramatic staging were introduced to local audiences. The U.D.S. Workshop under the direction of Sue Borden undertook the presentation of a series of one-act plays among which were included "Saturday" and Chekhov's "The Boor." Avowing that they portrayed a 'fourth dimensional mood,' members of the cast of "The Boor" burlesqued this Russian burlesque by conducting the performance entirely on roller skates. Unusual lighting effects characterized most of the series, particularly "Saturday," sociological drama of the rural South, produced under the direction of Bruce Machette, U.D.S. program chairman. Outstanding production of the year from this group was "Bury the Dead," Irwin Shaw's gripping anti-war drama. Entirely under the direction of Marvin Brody this production held the audience and won enthusiastic praise as a valuable contribution to local drama circles.

Menis_ GLEE CLUB

The Men's Glee Club had a busy and encouraging year under the direction of Mr. Ray Moremen, now in his second year at the University. The club participated in the Pacific Southwest Intercollegiate Glee Club Contest, held at U.C. L.A. in March. Other entrants included Pomona, Occidental, Redlands, and San Diego. Kemper Parsons acted as president of the Men's Glee Club for the year.

The main activity of the Women's Glee Club, which was also supervised by Mr. Moremen, was singing at football games. Seated in front of the band, the singers aided the rooters in cheering the team. Jeanne Smith, president of the group, assisted in making the plans for an informal program in Royce Hall, at which the Glee Club presented a number of classical and modern selections.

-A Copella CHOIR

The A Capella Choir sang their way through the year with several concerts. Their Christmas program in Royce Hall was enjoyable under the leadership of Mr. Ray Moremen, popular director. Other concerts were given at various churches in the city. "The Choir is growing rapidly, and we hope to increase its quality and quantity in the next year," stated Mr. Moremen.

U.C.L.A. organized its University Symphonic Orchestra three years ago, under the direction of Leroy Allen. There are sixty players and a student soloist who play standard symphonic literature. One concert was presented this spring, and members of the orchestra often helped through the year with incidental music for dramatic offerings.

A new basis for membership in the A Capella choir was begun with the coming of Mr. Ray Moremen to U.C.L.A. Previously the choir was composed of half alumni and half students, but it now has an entirely student membership. The choir has eighty members, but is planning to reduce the number to sixty to facilitate organization for concerts.

Some of the numbers included on the program of the spring concert of the University Symphonic Orchestra included the Overture to the Marriage of Figaro, The Unfinished Symphony by Schubert, and Evening Prayer and Dream Pantomime from "Hansel and Gretel."

Arturo Rubenstein, of world renown, thrilled Royce audiences this season with his masterful performance.

Miliza Korjus' delightful interpretations brought cheers from an enthusiastic audience this season.

Jan Kiepura, one of the outstanding singers of the age, charmed listeners with his magnetic voice.

Music

The series of five concerts presented in Royce Hall this past year have indeed added to U.C.L.A.'s reputation as the cultural center of the Southland. Royce Hall audiences had the good fortune of hearing such accomplished artists as Miliza Korjus, Jan Kiepura, and Arturo Rubenstein. The performance of each guest was enthusiastically received and well appreciated. It was with no less pleasure and enthusiasm that the Don Cossack Chorus and Trudi Schoop and company were welcomed. Both groups brought forth endless favorable comment. The credit for bringing these fine artists to U.C.L.A. this year goes to the committee on music, drama, and lectures and the chairman, Dr. Gustave Arlt.

University audiences were well pleased by the delightful interpretive pranks of the Schoop comic ballet this season, while a bit of old Russia was created on campus when the Don Cossack Chorus rendered hearty Russian felk-songs in its concert.

In addition to their marching at football games, the band was also featured on the program at All-U Sings.

U.C.L.A. BAND

This year the Bruin Band grew to the astonishing proportions of eighty members who play at football, basketball, and hockey games. Marching stunts were worked out by them this year for the first time. Their caps and colored crepe paper helped to make clever designs of Trojans, Bears, Ducks, and Beavers. One unit credit a semester is given as well as the added attraction of game trips in

the fall. The stunts performed at the games are designed by a committee and then worked out by the drum major and Musical Director Leroy Allen. Each year in the spring the band presents a concert which is always of great interest to the community. The band has a full quota of administrative officers including Student Director, Fred Kilmer; Manager, Kenneth Duse; Head Drum Major, Edwin Peatross; and Mascot Drum Major, Jimmy Kasbeer.

The concert band was reorganized and placed on a new evening schedule this spring. This made for a larger turnout of players which resulted in a finely balanced organization. Each fall semester this concert band, augmented by additional players and instruments, constitutes the Bruin Band which plays for all the football games and performs stunts during the halves. Both bands are directed by Leroy Allen.

Members of the Varsity Debate Squad include, standing: Kimball Moore, Dick Robinson, Dexter Bruce, George Oliver, John Williams, Milt Kramer, Bob Dickerman, Roy Woolsey, Morton Salsberg; seated: Ray Magee, Katherine Hall.

DEBATE

The Bruin debate squad, participating in the most active and extensive debating in the history of the University, under the leadership of Milton J. Kramer, Forensics Board Chairman, maintained its usual high level of success. The upper division squad competed in the Bakersfield Invitational Tournament, the Pacific Forensics League debates, and was defending champion in the Pi Kappa Delta Far Western Debate Championships. The lower division squad competed in the Northern and Southern California debates; the Southern California debates being won by Bob Dickerman and George Oliver, while Martin Borden won the panel discussion in the Northern debates. The Bruins also met Drake, Utah, Tennessee, Stanford, Cal Aggies, and U.C.B. in intersectional debates on campus. In addition to this, the team held several inter-squad debates before prominent civic and business clubs as part of the public

Forensics have been vastly improved this year since the coming of Dr. Wesley Lewis to U.C.L.A.

Milt Kramer was an efficient manager of forensics, as he scheduled competition for the debate squad.

Kay Hall, experienced Varsity debater, was also a capable secretary for the Forensics Board. relations plan. Between semesters, Roy Woolsey and Milton Kramer traveled to Texas and defeated four out of seven teams. Prominent upper division debaters were Kay Hall, John Williams, Roy Woolsey, Martin Borden, and Milton Kramer. Lower division debaters were Ruth Mellinkoff, Robert Dickinson, and Arthur Bell. George Oliver was lower division captain.

Roy Woolsey, experienced debater, is busily proving his point in one of the many intercollegiate debates.

Lower division debators gained valuable instruction under the direction of Dr. J. Murray, a newcomer to the forensics department.

Ceorge Oliver served as manager of the Lower Division Debate Squad, and also took an active part in the squad's program.

To stop noise from crowds that are too enthusiastic, to get noise out of noiseless crowds, and to raise enthusiasm in general, are only a few of the tasks falling upon the shoulders of the Bruin yell kings. In the fulfillment of these Herculean tasks, Jimmy Thickstun and his assistants, Clarence Honig, Stuart Russel, Johnny Vrba, and Hal Clarno, have fared very well. At all outstanding U.C.L.A. events, including football games, All-U Sings, rallies, and basketball games, Thickstun and Company could always be counted on for yells, songs, and oftentimes clever and original skits which added to the festivities.

Before the biggest crowd ever present at an opening game, the 1938 U.C.L.A. varsity started the season with a 27 to 3 victory over the Iowa Hawkeyes. After thirty minutes of being badly outplayed, the Bruins came back to score three touchdowns and narrowly miss two others. Woody Strode made the first touchdown by falling on the ball which Iowa's safety Kinnick fumbled in the endzone. Gilmore, behind heavy interference, ran for the second touchdown, and Overlin converted. Harris' running 21 yards and Montgomery's receiving a pass from Cantor made the other two touchdowns. The Iowans showed many surges of power but were at a loss before the driving Bruins.

Co-captain Pfeiffer (39) runs for the Webfoot ball carrier as the Oregon blocker tries to take him out.

Climaxed by a referee's decision which disallowed Charlie Fenenbock's last minute 55 yard run for a touchdown, the Bruins lost their first conference game 14-12 to the Webfoots on the Oregon field. The first Bruin touchdown was made when, after a long drive down the field, Bill Overlin smashed over in three drives. Kenny Washington made the second score when he ran 16 yards to the Oregon 39 yard line, and then took two perfect tosses from Harris, one for 24 yards and the last for 17 yards and a touchdown. The kicks were unsuccessful for both touchdowns. In total yardage, the Webfoots made 214 yards from scrimmage to the Bruins' 52.

Washington sets the scene for the second Bruin touchdown by a 16 yard run through the opposing line. Following this play Kenny completed a 17 yard pass from Harris for the score.

Kenny, himself, made two touchdowns, one in each half against the 10-7 favored Huskies, the first by running down the sidelines for 30 yards and the other by hard drives through center. The Huskies were left in the dust by a 13-0 defeat.

With "Scalping Time in the Bruin Manner'' as the theme, the 1938 U.C. L.A. Homecoming, under the direction of George Budke, proved to be the most successful homecoming ever staged at Westwood. The preceding week featured the coronation of blonde Eleanor Flynn, '42, Homecoming Queen, at a quad welcoming assembly Friday afternoon with Dr. Sproul and H. B. Friday night thousands watched the most spectacular Bruin parade ever presented. The floats were judged in Spaulding Stadium where Alpha Gamma Delta captured the grand prize.

A structure triangular in shape, 50 feet high, 45 feet wide at each base, 28 telephone poles as a frame, and powered with explosives and skyrockets; such was the gigantic 1938 Homecoming bonfire. Built by student workers under the direction of Bob Streeton and Tom Stamp, co-chairmen, the inferno was hailed as the greatest ever witnessed in the history of the school.

In a lopsided tilt on the Cougar gridiron the U.C.L.A. Varsity conquered a surprised Washington State eleven 21-0. The first ten minutes of play proved to be hard fought with little gain on either side until Kenny Washington entered the fray and turned the game into a rout by rambling 24 and 51 yards respectively for touchdowns. Chuck Fenenbock, later in the game, streaked 80 yards for the third Bruin tally. The Cougars made their only scoring bid in the third quarter when they marched to the U.C.L.A. four yard marker only to be held by a strong Blue and Gold defense.

PRACTISE S E A S O N

Opening their practice season at Berkeley with a defeat at the hands of the strong Ohio State team from the Big Ten Conference, the Bruin hoopsters recovered sufficiently the following night to down decisively the invading Cornhuskers from Nebraska. In the next tilt, however, California squeezed out the local cagers by scoring in the last few seconds of play. The remaining pre-season games were played in the sunny southland. The Bruin quintet met the same opponents, Cal and Nebraska, with the addition of Tulane, Pomona, Idaho, Occidental, and San Diego State. The final polishing of the team's form was applied in competition against various Junior Colleges in Southern California. These small schools helped to condition the Bruins for their conference games. The Junior College teams unexpectedly gave the Uclans strong competition.

Inaugurating a new fast-breaking system of play this year, the Bruin casaba men needed a longer period for practice than was allowed for basketball. Handicapped by such a brief practice session, as compared to other squads on the Pacific Coast, the Uclans entered conference competition practically untried. All through the season the team showed the need for more preconference workouts. Ineligibilities kept hitting the squad throughout the practice season. Because of this, Coach Caddy Works found it a very difficult task to pick out his most effective playing combinations. The faculty axe continued to fall throughout the season, ruining any chance of building up strong reserves for the team.

BASEBALL

Around the nucleus of Captain John Carter, John Zaby, 1937 home-run king, and Hal Hirshon, Coach Marty Krug built his 1939 diamond squad. A strong pitching staff included Monty DuBarry, Bob Whitlow, Milt Cohen and Keith Emberson. Ted Bell and Carter Crall handled the spot behind the plate. Carter held down the first sack, Moore on second, and Null on the third base. John Zaby, Hal Hirshon and Johnny Baida filled the field positions.

Serving as captain of the 1939 squad and regular first baseman, Johnny Carter gave valuable support to his team. Potential material last year as a pitcher, Carter broke his arm last fall and was switched to the first sack which he very capably held down all season.

MEETING Southern California twice during the past season Marty Krug's horsehiders blew the first game of the series 9-2, and were nosed out of a victory in the second encounter 11-10. The Bruins in the first tilt were leading 2-1 going into the eighth when an epidemic of errors in the last two innings cost them any chance of victory. The second clash with the Trojans the locals were again out in front until the last of the ninth when the warhorse put on pressure and scored the winning run. A third game is scheduled but as yet has not been played at press time.

U.C.L.A. managers and players rejoice as slugging Hal Hirshon, star Bruin center fielder, rings up a run after hitting a circuit clout.

Shown in action during one of the practice games, Frosh Jack Simmons sets himself for a swing at the old apple. Competing against the best prep schools in the Southland, the frosh nine emerged victorious in all of their tilts except three.

The 1939 Brubabe horsehiders turned out a strong squad this spring, winning four out of seven games. Captained and coached by Dick Conger, former Fremont High baseball star, the Frosh met and swamped Southwestern University 16-0 in the first tilt of the season. A win over the Hermosa N.Y.A. nine and a 7-5 victory over a powerful Hamilton High squad made the string three in a row. A stronger Fairfax High School team trimmed the Frosh 11-8 then the freshmen turned around and took the Santa Monica Corsairs 7-1. The Frosh dropped the S.C. series 3-1, 9-6.

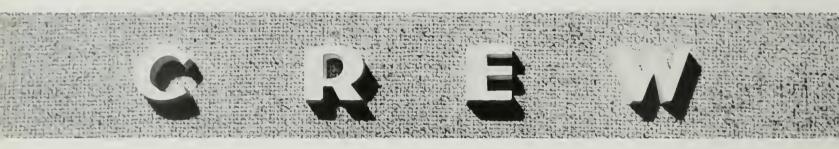

Jack Howard, fiery catcher for the Freshman baseball team does a good sliding act when he tries to beat the peg to the bag on first base. Even with all the sliding the Bruins were unable to wrest victory from the fast-stepping Trobabes.

Coach, captain and general handy man Dick Conger, played any position that needed strengthening and took the mound several times to pitch a victory. Conger is expected to be a great asset to next year's varsity.

SQUAD

Bruin crew men began the 1939 season with the customary hope that they would soon have a new boathouse at Ballona Creek, only a fifth of the distance from the school to the Marine Stadium. The boathouse was completed but funds appropriated were insufficient to build a float from which to launch the boats.

Everyone looks up to Coach Ben Wallis for all he has done for crew at U.C.L.A. Ben has donated his services as head coach for the past five years.

The 1939 Bruin crew was probably the best in the seven-year history of the sport at U.C.L.A., but it had the misfortune to meet, in its only race, California, with the best crew in the world. Ky Ebright's oarsmen finished seven lengths ahead of the Bruin Varsity in the record time of 6:18 minutes. The Uclan Junior Varsity, pluckily stroked by Bob Streeton, finished a scant four lengths behind the Cal Jayvee.

HE Frosh crew, with the largest turnout in its history, had two full crews and several alternates this year. Although the firstboat freshmen, rowing in the Uclan and averaging better than 165 pounds, had tremendous power, the second boat, in the Southern Bear, offered stiff competition with their smoother form. In the regatta, the Uclan, with the best form of the season, lost to the Compton J.C. Varsity while the Southern Bear, nosed out by Compton's J.V., beat the Long Beach varsity.

Martin Litton, three year Bruin crew letterman, ably coached the 1939 freshman crew. Litton worked tirelessly with the frosh and turned a large group of men who had never rowed before into potential varsity material for 1940.

SQUAD

The 1939 track team, with mentor Harry Trotter in his twentieth year of coaching, did not have an outstanding season as a whole, yet they did have several individual stars who performed brilliantly. Buck Catlin, captain of the squad, threw the discus consistently for points. Trotter believes Catlin to have the best form of any discus thrower he has ever seen. Jack Hynes, ace high jumper, threatened the school record several times, while Jimmy Edinger, a newcomer, is a promising pole-vaulter. Carl McBain and Hal Sinclair, low hurdler and sprinter respectively, steadily turned in good performances

Favored by lenient handicaps, the U.C.L.A. track squad won from the Southern California Athletic Association by the margin of 77 to 53. Easily the outstanding performance of the afternoon was Hal Sinclair's 9.8 second hundred and 21.5 second furlong, running each from scratch and defeating big name stars. Ed Barnes pulled an ironman stunt by doubling up and bringing home a victory in both the mile and two-mile. With a one-inch handicap, Jack Hynes, highly touted transfer, showed a return to form by clearing 6 feet 4 inches in the high jump, John Blaikie placing third. CLOSING the 1938 season with a 96-35 defeat at the hands of the S. C. Trojans, the Bruin cinder team concluded its most successful dual meet season at the close of last year. As the meet came too late to be included in the 1938 Southern Campus it is covered in this issue and the 1939 meet which came after press time is omitted. The meet

Was another show of Troy's national supremacy in track and the Bruins did well in capturing four first places. Tom Berkeley, who brought many national and foreign track honors to U.C.L.A. during the summer, won the low hurdles by leading N.C.A.A. champ Earl Vickery to the tape. Woodrow Strode set a new meet record of 50 ft. 9½ in. in the shot-put and also eked out a win in the discus. The fourth local first came as a result of Bill Lacefield's five points in the high jump. Other point winners were McGregor, Shaughnessey, Van Alstine, Dunning, Bradley, Blaikie, France, and McBain.

Not having the all-around power of the invading Indians, the Bruin track aggregation was severely taken to task to the tune of 109 1/3 to 21 2/3 in their meeting at the Coliseum. Turning in the only first place for the locals, Pat Turner leaped his way to victory in the broad jump while in the century, Jack Hastings sprung a surprise by leading the pack until the last few yards when he was overtaken and forced to receive a fourth place. The greatest disappointment was in the sprints with Sinclair placing fourth in the furlong and not showing in 100 yard dash. Lane Donovan ran a beautiful race only to be nosed out at the tape by three "Crimson-men" in the mile. In the discus throw Capt. Catlin managed to garner a second to add digits to the Bruin score.

At left, Miller is shown making one of his best vaults of the season. If the bar had been eighteen inches higher, he still would have cleared it easily. At right, Al Shafer is pictured getting the javelin off on a 170 yard heave. Strong individual performances were of no avail against the superior strength of the men from Palo Alto.

Completely outclassed in the weights, the boys from the South had to redouble their efforts in the other events to compensate for this loss. Carl McBain captured a first in the 220 lows, while Edinger vaulted 13 ft. 63/4 in. for a new meet record.

U.C.L.A. had a season of "ups" and "downs" in tennis, but it was always in there fighting. The man to be thanked for his brilliant leadership of the team is popular Bill Ackerman, Bruin tennis coach, pictured below.

TENNIS

1939 proved to be the best season the tennis team has enjoyed since 1932; although handicapped by ineligibilities, the squad came through with consistently strong performances to place second in the Pacific Coast Conference. Credit is due to Coach Bill Ackerman who has done a great job of molding his material into a powerful squad. Freshman Coach Julius Heldman, one of the best tennis players ever turned out from the local fold, is responsible for the fine array of talent that will go up to the Varsity next year. The Frosh and the Varsity possessed both squad strength and individual stars. Captain Brad Kendis and Bob Bartlett have been sent, at press time, to the sectional qualifying tournament of the National Intercollegiate Tennis Championships at Palo Alto and they may represent U.C.L.A. in the National tourney.

Brad Kendis captained the Bruin tennis squad to a comparatively successful season. The success of the team is due in no small part to his fine play in the number one spot. He will represent U.C.L.A. at the National Intercollegiate Tournament this summer.

A good tennis team needs good managers. The Bruin managers aren't to be slighted for praise. The four young men above are: Louis Hayward, senior manager; Rodney Purdue, Travis Hilson and Norman Stanton. They do a lot for the team and deserve much credit.

Sugich and the doubles team of Goodman and Morgan won their matches. The second series was a different story. A brilliant win by Kendis over Lubin and victories by Goodman, Sugich, and the doubles teams of Barth and Goodman and Bartlett and Beach over their Trojan opponents gave U.C.L.A. its first tennis triumph since 1932. This victory ended the season with the Bruin raqueteers tying for second place in the conference. These opponents only served to condition the Frosh for the big series with the Trojan Frosh. In the first S.C. series, the Bruin Freshmen swept the singles matches and one doubles match for a 5-4 victory. Miller, Stanford, Shroeder, Gordon, and Bleak were responsible for U.C.L.A.'s points. Although winning most of its practice games, the U.C.L.A. rugby team, coached by Jim Schaeffer, found the league competition more than "a little tough." The team, composed mostly of 1938 varsity football players, lost to Stanford 5-18; to California 0-6; and to Southern California 0-13. Don Park's Bruin golfers this year turned out one of the strongest teams in the history of the school and proved themselves by whipping the best southland college divoteers to capture the Southern California Intercollegiate Golf Championship title. Paced by Captain Walt Davison and University Champion Gaston Porter, the team stretched their winning streak to ten victories including top notch squads of Southern California, California, Pomona, Occidental, and Colorado. The golfers now rank second only to Stanford on the Pacific Coast.

BOXING

U.C.L.A.'s 1939 boxing squad had a moderately successful season but^a did not live up to Coach Norman Duncan's hopes for a championship. The loss of two top men by graduation and the lack of effective heavyweight contenders was disappointing. In the Pacific Coast Intercollegiate Tournament the Bruin sluggers tied their brother Bears from Berkeley for fourth place. Emberson kayoed his opponent while Captain Wayne Hanson won a decision over his to qualify. Hanson then proceeded on to win his weight in the finals.

Shown in the characteristic "Duncan" fighting pose are Brown and Drovis who did well for themselves in all of their struggles.

Members of the boxing team included, front row: Hayes, Thickstun, Brown, Martin; back row: Coach Norm Duncan, Pierano, Emberson, Drovis, Price.

POTENTIALLY THE BEST BOXING SQUAD ON THE COAST. BRUIN WRESTLERS, AFTER A VERY POOR 1930 SEASON, CAME UP TO SECOND PLACE IN THE MINOR SPORTS CARNIVAL—FOLLOWING A STRONG CAL. TEAM—FOR THE TWO FOLLOWING YEARS. THE 1934 SEA-SON WAS POOR AND WAS FOLLOWED BY TWO YEARS OF ADJUSTMENT—THE TEAM HAMPERED BY INEXPERIENCED MEN. GREAT IM-

SKI TEAM

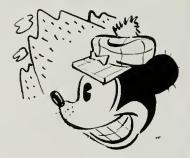

Captained by Muddy Watters, the Bruin snow squad was not outstanding as a squad; however, several members turned in stellar individual performances during meets at Yosemite, Lake Tahoe and Keller Peak. The Uclans were coached by one of the finest instructors in the country and former Bavarian skiing champion, Coach Otto Steiner. The absence of Wolfgang Lert, Bruin ace who last year pushed the squad to capture fourth place in the Pacific Coast Intercollegiate meet, weakened the team. Fred Stoeffle, Charles Melhorn, and Hank McCune completed the 1939 squad.

CRICKET

Pictured in a tense moment during a practice game are Sam McCulloch Bruin cricketeer, bowling with teammate Lee Bigler batting on the local oval.

Undefeated! Such was the record of the Bruin Cricket Club this year. In five starts the Uclans were victorious in four and tied one. Season opposition included the Hollywood Cricket Club led by Mr. C. Aubrey Smith, Pasadena; the Corinthians, Santa Barbara; and Montecito. Weakened by the loss of seven lettermen, the team welcomed the turnout of a large squad earlier in the season. Bob Ortwin captained the squad with Lee Bigler as the vice-captain. Graduating lettermen are Hal Grossman and Milt Kramer.

Members of the squad include, sitting: Brass, Green, Bigler, Kaufman, Kerrigan, Frishman, Karp; standing: Banker, Hilson, Ortwin, Shatford, Perry, McCulloch, Briskin, Stratford, Grossman.

PROVEMENT WAS SHOWN, HOWEVER, IN '37, AND '38 BROUGHT THE TEAM COASTWIDE RECOGNITION OF ITS ABILITY. RUGBY WAS INTRODUCED AS A MINOR SPORT AT U.C.L.A. Pictured below are Steves, Martin, and Larson, in a prone firing position ready to commence firing. These men represent only a small portion of the many excellent marksmen on the team.

Winning ninety-five out of ninetyeight matches throughout the United States, the rifle team well represents U.C.L.A. In competing for the Hearst Trophy the Bruins finished fourth out of a field of eighty-eight teams. In charge of firing is Major Trechtor, while First-Sergeant Thomas is range coach. The Pershing Rifle team holds the Pacific Coast Championship while Scabbard and Blade holds the highest firing record made at U.C.L.A.

Climax to the activities of Men's Week is the Men's Do in the gym. At this event women are strictly barred. The program, presented by the Associated Men's Council in conjunction with the Cal Men, features the best weight lifting, gymnastic exhibitions, and wrestling and boxing bouts that the school can produce. Interesting part of the evening's entertainment is the judging of the beard-growing contest.

Bruin boxers, under the tutelage of Norm Duncan, slug away for the benefit of the Bruin men and their fathers.

The men's gym provides a rustic setting as the school's toughest hombres line up for potent refreshments and then sit around to compare the length of their beards. This week is the one out of the year when there is no doubt that man is the stronger sex.

MEN'S DO

Masculinity reigns supreme as beards, fuzz, beer, cigars, and corn cobs are common male attire. Dates and gals are forgotten and everyone is out for a good time as a man among men.

TINUING THROUGH '37, WHEN THE BRUINS AGAIN HAD A ONE-DEFEAT SEASON. INEXPERIENCED PLAYERS AND POOR PLAYING CON-DITIONS HANDICAPPED THE SQUAD IN 1938, ALTHOUGH THE RUGGERS TURNED OUT A COMMENDABLE RECORD. Captain Bill Norrington was supported by such stalwarts as John Drury, Harry Feinstein, and Co-Captains elect Bob Banker and George Carmack. POLO

With the best horsemen in the history of U.C.L.A.'s polo team on the 1939 squad, the horse quartet's season was marred only by an unfortunate loss to U.S.C. by the score of 9 to 6. The absence of the Bruinette star, Barbara Rand, by request of the Trojans, proved costly. High spots of the season were victories over the highly favored horsemen of Midwick and Riviera Country Clubs.

Coach Don Park lost six stars as a result of ineligibility and with these men went all hopes of a 1939 championship swimming squad. The Bruin mermen, however, individually were outstanding, breaking three school records in the California meet. Bill Kuehne, a sophomore, shattered two records while Captain Pat Paddock captured one. Yoshi Adachi proved to be the season's most consistent winner, excelling in diving.

145 lb. BASKETBALL

Having the largest turnout in Bruin history, the 145 pound cagers, under the direction of Waldo Lyons were forced to form two separate complete squads. Traveling on a northern circuit, the Uclans dropped their traditional tilt with Cal and won from Santa Cruz and Santa Maria teams. Best game of the season was the one with the M.G.M. ATE MEET AT LAKE ARROWHEAD IN '37-'38 FOUND THE BRUINS STILL AT THE TOP. POLO'S FIRST SEASON AT U.C.L.A. TOOK PLACE IN THE SPRING OF '35—A SEASON WHICH FOUND THE TEAM HANDICAPPED BY NUMEROUS INJURIES. THE FOLLOWING YEAR SHOWED THE BRUINS IMPROVED IN BOTH LUCK AND FORM. CROSS COUNTRY

Beating the old trail is Captain Ed Barnes running in front of his oncoming Bruin team mate, Jack Leggett.

The Bruin cross country squad, coached by Alvin Drake, finished a hard luck season, winning but two out of six contests. Led by captain Ed Barnes the "harriers" garnered a second place in a three-way meet with Compton J.C., and Long Beach J.C., and defeated Pomona and Santa Monica J.C., losing to California, Glendale J.C., and L.A.J.C.

U.C.L.A. versus Glendale Junior College is the set-up above that shows the Bruin "harriers" in the thick of the battle. Barnes and Lang of the Bruins seem to have the lead.

WRESTLING

After winning half of the A.A.U. meets and tying California in a dual meet, the Bruin bonebenders finished a long season with an impressive demonstration of team strength in the Southern California Intercollegiate meet in mid-April. Captain Roberts and teammate Thomas placed first in their weights and Fumio Masaki won the 121 pound belt of the Pacific Coast for the third consecutive year.

FENCING

Saber men on Coach Wolfe Reade's fencing squad saved an otherwise disastrous season for the swordsmen by taking third place in the Pacific Coast intercollegiates at Treasure Island. Later in the season, the saber trio composed of Matt Saari, Don Emerman, and Parke Snavely, defeated Southern California for the first dual victory in any weapon. Outstanding men in foil and dueling swords were Ed Murphy, Bob Oblath, and Henry Sugiura, veterans, and newcomer Earl Stone.

Using an epee, Don Emerman, local dueler, makes a head cut at Matt Saari who attempts a parry.

ICE HOCKEY

After a cold start, the Bruin hockey team warmed up to a smashing climax by whipping Loyola, runner-up for the league crown, 5-4, in the final match of the season. All of the Bruin first string, including Captain Scott Miller, Bill Ewonus, Jim McPhee, Jim Bartholomew, Jack Perkins and Morrey Pechet, plus Reg Dawson and several others, return for action next year. Only reserves Frank Carroll, Earl Hanson, Jim Castruccio, Sam Hale and Frank Wasson are lost by graduation.

BROUGHT IMPROVEMENT, BUT '37 AGAIN PROVED THE BRUINS DOGGED BY AN INJURY JINX. THE WATER POLO TEAM, MAKING A SLOW START ON THE NEW CAMPUS, GAINED ABILITY ENOUGH TO GIVE THEM THE '33 AND '35 S.P.A.A.U. CHAMPIONSHIPS. EDWARD KNOX REPRESENTED THE SQUAD AT THE 1936 OLYMPICS, AND '37 AGAIN SHOWED THE LOCALS ON TOP. THE U.C.L.A. WRESTLERS HAVE,

GYM TEAM

Having a "luckless season," the Bruin gym team, coached by "Cece" Hollingsworth, was unable to snag a victory in any of their meets. The closest contest was lost to Southern California 38-52. U.C.L.A. was found on the short end of contests with L.A.C.C. and two

three-way meets with S.C. and California. Outstanding men on the team were Capt. Turner, Kreuger, Newman, Street, Anhier, Meiklejohn, and the combination of Stockton and Conner.

The Bruin team, though not winning any games in league competition, were able to snag a couple of ties with its much more seasoned rivals. All in all, Helt did well with the team.

HANDBALL

The handball team coached by Tom Helt and managed and captained by Chuck Cascales, found the "going" pretty tough in a season of hotly contested games. The Southern Pacific A.A.U. is a league in which U.C.L.A. meets experienced teams from the L.A. Elks, L.A. Ath-

TRAMURAL

Intramural sports drew more interest than ever this year. The intramural program, started here fourteen years ago and sponsored by Tom Helt, has drawn more students into competitive athletics than could ever hope to participate on regular University teams. Nearly all fraternities have entered teams in nine different types of athletic competition. Non-org teams have shown an increasing tendency to participate, and have often shown superiority. From a three-way tie for the football crown between Phi Delta Theta, Phi Kappa Sigma, and Zeta Beta Tau, the Zebes placed first and then were defeated by the Blanks, a team of athletics majors. The Delts won the inter-fraternity casaba title, but they, too, were defeated by the Blanks. Theta Xi walked off with the track meet, the Phi Delts won fall bowling, and Beta Theta Pi captured the school baseball crown.

Jumping high, this gridder intercepts a pass that was practically in the arms of the intended receiver.

The Blanks and Delts jump to take the ball off the backboard in the All-U basketball finals.

THE SWIMMING TEAM WAS HAMPERED BY A LACK OF ADEQUATE FACILITIES UNTIL THE MEN'S GYM, EQUIPPED WITH A POOL, WAS BUILT. '36 WAS A WINNING, RECORD-BREAKING SEASON. IN 1937 THE MERMEN CAME INTO THEIR OWN, SHOWING EXCELLENT PROMISE FOR '38 WHICH WAS ONLY UNREALIZED BECAUSE OF SCHOLASTIC DIFFICULTIES. U.C.L.A.'S FENCING TEAM HAS ALWAYS

Intramural

After pre-season volleyball favorites had been knocked off early in the season, the Theta Delts came from the ranks to win the championship. This event materially changed the standings, with the Theta Delts jumping from ninth to third place, the Delts still holding down second, and the Kappa Sigs rising to the top spot. After the results of the tong swimming, and general athletic ability are totaled, placques for championships and runners-up will be awarded.

A volleyball clash is in progress with the boys doing their best to win the coveted crown.

Under Tom Helt's encouragement and direction, the intramural athletics program has included more students every year. With most fraternities already participating, non-org teams are being persuaded to engage in the competition. Next year, events such as ping-pong and horse-shoes will be added to the program for individual competition. Tom Helt is number one sponsor and chief arbitrator of the local tong wars that arouse so much friendly rivalry.

Dorothy McAllister climaxed a long and active career serving in the Women's Athletic Association in her position as President this past year. Her untiring enthusiasm and executive ability have contributed much to the spirit of cooperation evidenced in all activities.

In her capacity as Vice-President, Gerry Schwaderer has been in large part responsible for the social activities of the W.A.A., and the success of the fortnightly Mixed Recreations.

> Under the able leadership of Dorothy McAllister and Gerry Schwaderer, the Executive Board has seen the completion of another successful W.A.A. year.

OFFICERS

W.A.A. offers an increasingly wide range of activities to girls interested in a well-rounded university career. Each year its growing recruitment affords ample evidence of progress in organization, efficiency, and added opportunities. It fosters not only healthy bodies, but good sportsmanship and a spirit of friendly rivalry leading to congenial companionships which extend far beyond graduation. Its activities interwoven with the scholastic curriculum form an integral part of every co-ed's life. These activities are diverse so that each individual may find some field in which she excels or maintains a distinct interest.

Phyllis Culbert, Corresponding Secretary, and Angie Cirino, Recording Secretary, have with their enthusiastic and excellent work contributed to the success of W.A.A.'s activities this year, while their co-operation and good-will have greatly enriched its meaning.

Helen Reese, this year's Treasurer, found plenty of time aside from her arduous financial tasks to enjoy active participation in many of her favorite sports with which the W.A.A. calendar is enriched.

Every Monday at three o'clock the Dance Studio finds many girls as well as men enjoying an hour of pleasant relaxation. Dancing stands foremost among the activities offered in both popularity and skill.

Banquets are held at different times during the year for a general get-together. The most important of these are the Fall Spread and the Annual Formal banquet in May when awards are given.

Colf held new attractions this colf held new introduction introduction year Mr. Spaulting as Coach. Perhaps the most notable phase of W.A.A. this year was the increased popularity and hence extension of the mixed recreation evenings. This organization has previously offered a wide range of activities to women including tennis, swimming, hockey, volleyball, basketball, and dancing; but only in the past few years has the experiment of mixed participation been tried. Its inception into W. A.A.'s curriculum was met with such enthusiasm as to warrant its continuation in the future.

Evening recreations give all those aquatically minded an opportunity to exploit their prowess.

Much interest in the occasional banquets was exhibited this year and all showed a good turn-out.

The coming of spring brought out all baseball adherents and the season proved even more of a success than expected.

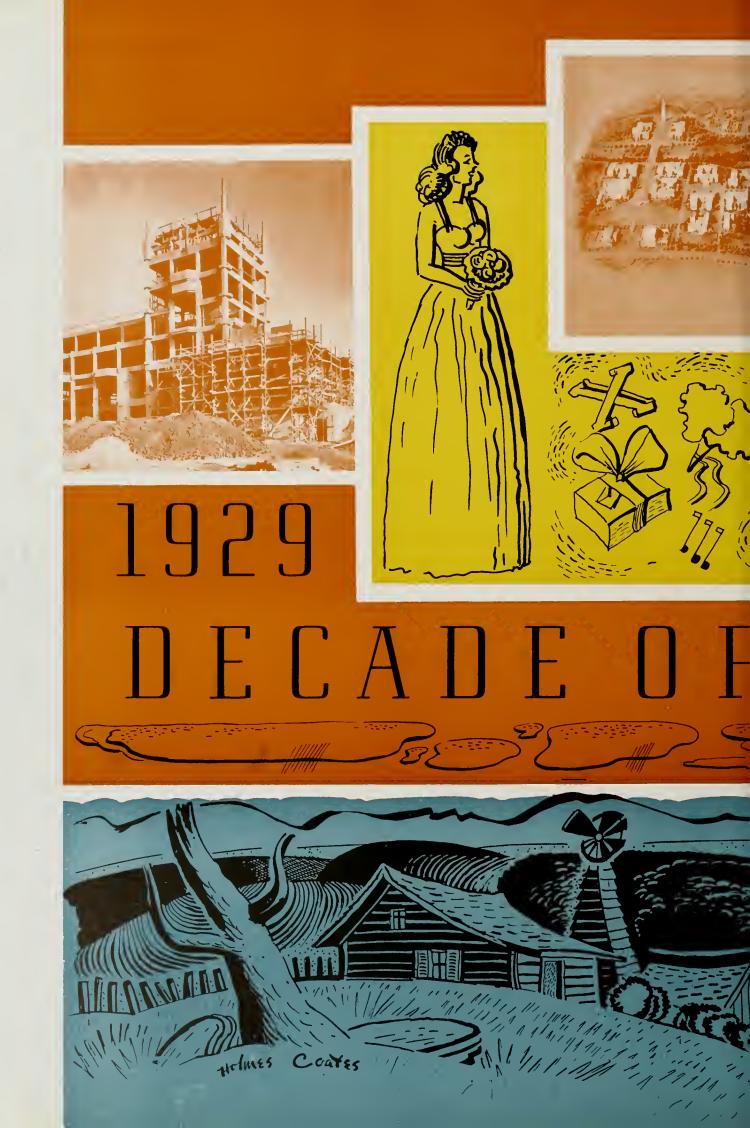

Beginning with the sports rally and ending with the traditional Fall Spread basketball season had an exciting run.

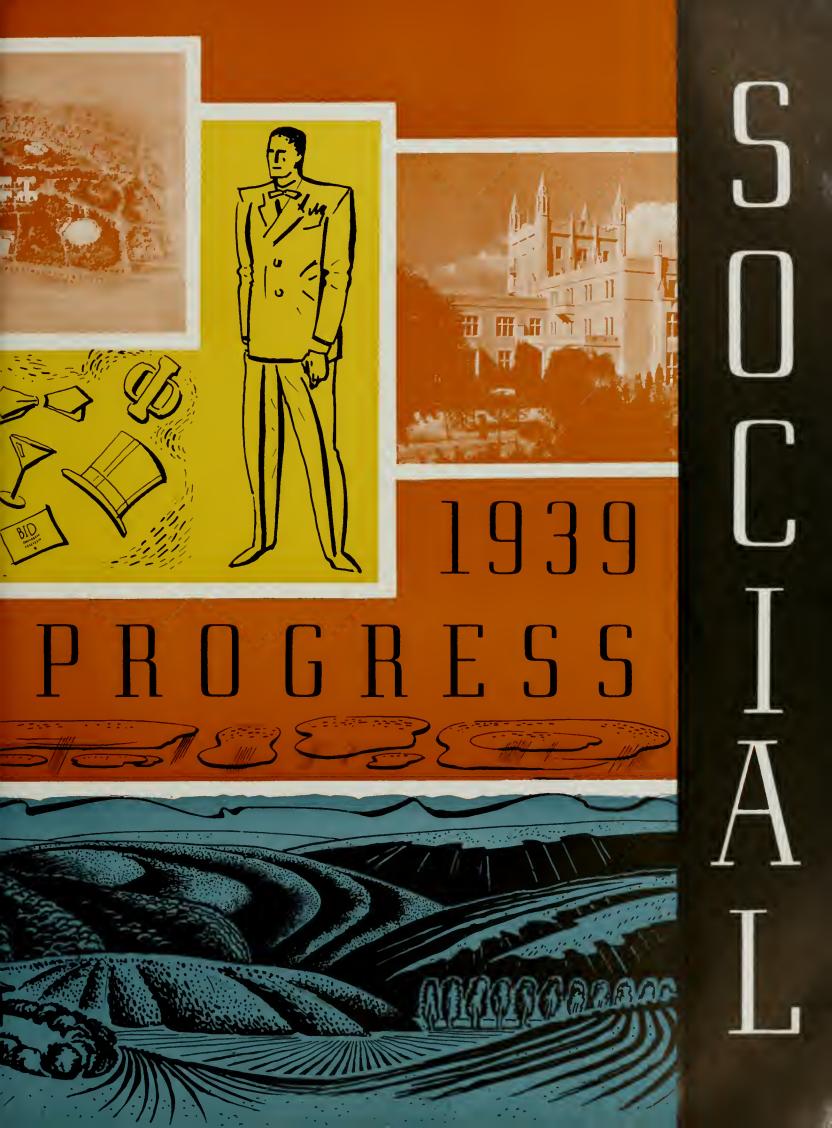

At the conclusion of several weeks of practice the tennis enthusiasts held a tournament for top-notch honors.

Hair must "go up," according to the wo-man's page editor of the Daily Bruin. Her editor seems to approve of the style too.

When there is no fraternity or sorority dance to which the Bruin lads can take their dates, they often venture into the great big city for their entertainment. Since the Trocadero's tragic closing, Earl Carroll's has been the coed's dream of a super date. The Bowl, with Shep Fields preceding Frankie Trombar, and Rudy Vallee at the Grove have provided competition for the Beverly Wilshire and the Victor Hugo. Gene Krupa and Artie Shaw at the Palomar attracted the jitterbugs. Hold tight! The Seniors discard their much publicized dignity to stir things up in the Social Mixer at the Venice Fun House. The happy little girl in the middle seems to be protesting rather vehemently. Maybe someone is "pulling her leg."

PANHELLENIC

With dancing to the wash of the waves and the rhythms of Gus Arnheim's orchestra, the annual Pan-Hellenic ball held at the Deauville beach club last May fourteenth proved to be one of the big social affairs of the year. A gala night for tuxed escorts, it was a noncorsage dance.

EC REBRINGAUE TREBRINGAUE MAQUARBAUE BuhelleueBall

Since Panhellenic was held too late this year to be included in the book, the pictures on this page are those of the last year's affair. At the top, Betty Wyatt, last year's President hands the gavel to Georgene Fox. Dean Laughlin and cabinet officers are among the interested spectators. Left, the A D Pi table caught the cameraman's eye. Right, the cameraman himself, Johnke, is catching Dorothea Thompson's eye. Lower left, Bud Ackerman chats with Barbara Bohlken. Scott Umbarger and Marguerita McLeod are doing likewise at the same table. George Hesdorfer, Lenore Allen, Bill Simons and Alma Stewart are having a gay old time in the lower right hand corner.

INTERFRATERNITY INDEXTO INTERFRATERNITY

Ideal circumstances combined to make this year's Interfraternity ball successful. Bill Spaulding was guest of honor; Paul Pendarvis' orchestra supplied the music; and best of all, the dance was held just before finals, and offered a welcome relief from studying for fraternity men and their guests.

In the customary upper left, we see the startled Mary K. Howden dancing with Larry Dwiggins. Next, in order comes Bettie Waring, grinning at "ye ed". Crossing the barrier into a cosy corner, we find Fred Koebig. (in charge of the Ball), talking to Ralph Marsden, while Eleanor Hoffman and Barbara Bassett look on. Margaret Dumont is being helped out of her carriage by E. L. Appleton. On the right, there seems to be a great deal of hand-shaking (to wake the sleepy one). Lower left, the light in Deshon's cycs is that of the happy Interfraternity president. Flanked on the left and right by Dean and Colver Briggs respectively, we see the shimmering satins of Ida. (or Emma) Puthoff and Ginnie Keim.

SCABBARD AND BLADE

There's something about a soldier that inspires feminine awe, particularly if his name is Ryland.

Frances Belden's beauty and popularity make her a perfect honorary colonel.

Between military ceremonies, dancers enjoyed themselves with Bill Nance's music.

> SCABBARD and Blade's fall formal was more than 'just another dance,' for military ceremonies and full dress uniforms gave a colorful atmosphere to the affair. New members of the organization were tapped during the evening by Cliff Drake, Scabbard and Blade captain. However, the main event was the selection of an honorary colonel from among the members of Guidon, women's military auxiliary, in whose honor the dance was given. Members of Scabbard and Blade met in secret session and determined that their choice for this position, based on popularity, personality and beauty, was Frances Belden, Guidon president.

FROSH-SOPH BARN DANCE

Hundreds of Daisy Maes and Li'l Abners packed the hall of Whit ing's Woods on the rainy evening of April Fools' Day at the annual Frosh-Soph Barn Dance The theme of Dogpatch Days was taken from the comic strip of Li'l Abner. Chuck Cascales, dressed in flow ing blue overalls and a coon-skin cap, and his orchestra of hill-billies furnished music that was fast and furious. Undampened by the down pour of rain, the spirit of the evening was hilarious.

These people seem to be awfully interested in something 'way off in that corner. It's too bad the object of their interest isn't in the picture.

Do our eyes deceive us, or is this Senior Class Treasurer Magee in the midst of the Freshmen and Sophomores? He must have been slumming.

It appears that Li'l Abner and Daisy Mae are partial to loud shirts and short skirts. Some of them have a bit of eye appeal too.

BODY PRESIDENT IN 1920, TOOK THE FIRST STEP IN ORGANIZING THESE NUMEROUS CROUPS, ESTABLISHING A BOARD TO RECOONIZE THE WORTHY ONES AND TO WEED OUT THOSE CONSIDERED USELESS. WHEN U.C.L.A. CAME TO WESTWOOD THE GREEKS CAME WITH IT, BUILDING IMPRESSIVE HOUSES NEAR THE CAMPUS—THE SORORITIES ON THE EAST AND THE FRATERNITIES ON THE

Under a U.C.L.A. banner, the uniformed Ellis Cox does a bit of truckin' at one of the All-U jigs.

The Women's Gym has a large dance floor, but when the cameraman puts in an appearance, it becomes conjested—per right.

The dangling streamers seem to be the cause of extreme hilarity to the gay ones in the bottom picture.

Everybody from Dean Miller to the student body President of S.C. was honored at this year's A.S.U.C. afternoon dances. Planned by Virginia Keim, these monthly affairs were unusually successful, for they combined the expected dancing with odd surprises and advertising stunts. One of the most memorable of these was an auto caravan equipped with a loud speaker system which drove down Hilgard Avenue and along Westwood Boulevard, playing recordings and advertising the "Bruin Jig." Returning along sorority row, the cars picked up all those who wished to be driven back to the dance.

W.A.A. W.A.A. MIXED RECREATIONALS

Sponsoring a spirit of friendship and sportsmanship, and offering an opportunity for recreational social life and new campus contacts, one of the more interesting features of this year's W.A.A. program was the bi-monthly Recreation. Growing from a participation of twenty to an average of four hundred and fifty people, these functions were held alternate Wednesday evenings in the women's gym. Dancing, swimming, badminton, ping-pong, volleyball, box hockey, pin bowling, and folk dancing were included on the programs. Open to all University students, the Recreations were the democratic social successes of the year.

Miss Hooper calls this activity tolk dancing, but to us it seems to be a sample of very modern and professional trucking.

Students who play volleyball at the Recreationals become experts, and you must be on your toes if you hope to return a ball as swift as this one.

Here you see the excited exponents of the noble sport of pingpong jumping up and down in frenzy as the lady on the left makes a sensational backhand smash.

WEST SIDES. THERE ARE NOW REPRESENTATIVES OF EVERY NATIONAL SORORITY IN EXISTENCE AND OF TWENTY-SIX FRA-TERNITIES. PHRATERES, A NATIONAL DEMOCRATIC ORGANIZATION OF COLLECE WOMEN OFFERS SOCIAL ACTIVITIES FOR NON-SORORITY WOMEN. ALPHA CHAPTER OF THIS ORGANIZATION WAS FOUNDED AT U.C.L.A. IN 1924 BY DEAN HELEN M. LAUCHLIN.

MONDAY

"The Next Wife's Tale," a la Barney Singcrman-remember?

Hank McCune joyfully awards a prize to Alpha Gamma Delta's winning trio.

The boy backstage wasn't the only one who enjoyed watching Bill Robinson dance.

Gene Krupa's famous band holds the audience breathless with "New Bolero."

Bruins, like turtles, open their mouths when they're happy.

By far the favorite Monday night entertainment this year were the All-U Sings, planned and m.c.'ed by Hank McCune, the pet campus male. Also helping Hank amuse the student-body were Jimmy Thickstun and his yell-leaders, originators of "pyramid yell-leading," and Barney Singerman, who managed to dig up many novel songs. Hank has also brought to the Sings such prominent entertainers as Gene Krupa, Maxie Rosenbloom, Bill Robinson, Pinky Tomlin, and Doodles Weaver. Several of the Sings featured local talent, including sorority vocalists, the gym team and Woody Tolkien.

NIGHT LIFE

Bottoms up! Let's drink to the girls, boys. Remember—a two cent refund on every bottle. This is the last straw! Tricky people, ch? Put a nickle in it! The gambler's theme.

Looks like a funeral parlor. One beer.

After meeting Monday nights, it's a carefree crowd that meets at Crumpler's for a malt, the licensed Seniors that drool into the Glen to hibernate in a cozy nook, the hungry Sophomores who honk into Ma Grey's for a hamburger, the desperate Freshmen who drag into the Bru-inn for a coke, and the hopelessly dateless and work-burdened who hurry home to study or stumble into bed. Ten minutes to twelve car doors slam, house doors open. lights go on and off, radios blare and whisper, and Monday night crawls into Tuesday morning with a weary sigh of fatigue and fun.

HOUSE DANCES

In Spring the campus tancy turned to fraternity and sorority formals. The Delt-D.G., Pan Hellenic, Theta-Phi Psi, Miami Triad, Interfraternity, Four Way Formal, Jefferson Duo, the Black and White, and the Orchid Ball were among the important social events of the year.

Mardi Gras, Hawaiian, Plantation, Baby, Beachcomber, Bad Taste, Deep Purple, Circus, and Heaven were some of the conglomerated themes for house dances that ran the gauntlet of originality and fun. But the Barn Dances were the hay-makers of the season.

Formals, tux, and costumes — the Grove and Whiting's Ranch—six dollar bids and fifty cent bids — Stancliff's recordings and the smooth rhythms of Paul Pendarvis' orchestra— U.C.L.A. dances merrily from one wonderful weekend to another.

Moral! Never trust a sailor—or a photographer to catch you in a bewitching moment. One little sailor lad looks lost and lonesome.

The Black and White Formal was characterized by a formal black and white motif. What, no tattletale gray?

They say that fraternity dances can be a heck of a lot of fun This is the Wild West, complete with all the trimmings. When Thetas and Phi Psis give a dance, there's fun ahead. Which one did he bring? Anyway, they're both good sports.

Open wide! This hurts you more than it does me.

What with jitterbugging in all, sitting out a few is imperative

EACH WOMEN'S DORMITORY ON THE CAMPUS IS REPRESENTED AS A SUB-CHAPTER OF PHRATERES. WHILE THOSE STUDENTS NOT LIVING ON CAMPUS ARE OFFERED MEMBERSHIP IN THE PHILIA CHAPTER. PHRATERES WAS ORIGINALLY INTENDED TO BE AN ORGANIZATION FOR NON-SORORITY WOMEN, BUT AS IT GREW IN POPULARITY THIS DISTINCTION WAS REMOVED.

The Westwood wolves take pre-present precautions and compare notes at the door of the Pi Phi manse. "How's the line, boys?"

The first five hundred smiles are the hardest. The Gamma Phi pledges smile cheerily as they break into the spirit of "the line".

Presentations must be stimulating affairs, judging by the spirited conversations which are going on at the A D Pi House.

It was rumored that the punch was spiked, but the Alpha Gams tell us that they spiked only the rumor, not the punch.

SORORITY AND FRATERNITY LIFE IS A UNIQUE PART OF A COLLECE CAREER—UNIQUE MAINLY BECAUSE OF THE UNUSUAL CUSTOMS OF SORORITIES AND FRATERNITIES. THE LIKE OF WHICH ARE FOUND NOWHERE ELSE. RUSHING IS ONE OF THE MOST BARBARIC OF THESE CUSTOMS, WHEN PROSPECTIVE PLEDCES ARE SNATCHED OUT OF REGISTRATION LINE AND FORCED TO LISTEN

Manufactured music of the newest records whirl away the sorority hours.

The D G's gather round the piano to swing a little song—"Anchors Aweigh"?

SORORITY

ONTRARY to the general impression, sorority girls do more than sip tea and play bridge. Their main activities are concerned with athletics, social events, and politics. The year starts out with intersorority volleyball in the fall, and the play-offs are accompanied by a great deal of fervor and enthusiasm. The athletic year continues with contests in basketball, bowling, and swimming.

Quite apart from activities in athletics are the social events continuous throughout the year. Each sorority has its share of chapter dances, faculty dinners, and exchange dinners with fraternities. Some sororities also hold annual benefit dances with fraternities, and these affairs are among the main events on the school's social calendar.

All other activities are forgotten for two weeks each year just preceding elections, for this is the time when sorority girls are occupied in frenzied vote-getting.

Monday night at the Chi Omega house. The sorority girl knows a lot of tricks, but they aren't all a matter of bridge table technique.

Cornered in the patio swing-one lonely but happy male. Four to one are winning odds at a sorcrity house when pulchritude makes a photo-finish.

Not every girl has to worry about her diet, and the Thetas, like most sorority girls, have good appetites-and probably "cute" houseboys.

TO THE MERITS OF THE ALPHAS AND THE OMEGAS. AFTER RUSHING. THE PROSPECTIVE PLEDGES BECOME ACTUAL PLEDGES AND ARE ALLOWED TO WASH DISHES AND WAIT ON TABLES. FOLLOWING PLEDGES PRESENTATIONS ARE HELD, SO THAT BOY PLEDGE CAN MEET GIRL PLEDGE. THEN, FOLLOWING PRESENTATIONS. COMES RUSHING AGAIN—IN THE VICIOUS CIRCLE OF COLLEGE LIFE.

THE CIRCLE IS FREQUENTLY BROKEN, HOWEVER, WHEN A BOY PLEDGE MEETS "THE ONLY GIRL" PLEDGE. BUT AFTER THE FIRST FEW DAYS—AND THE ROSY GLOW—HAVE PASSED, THE BOY AND GIRL START DOING THE CAMPUS SOCIAL LIFE TO-GETHER. HE CALLS FOR HER MONDAY NIGHT, AND THEY HAVE A COKE. FRIDAY EVENING HE TAKES HER TO THE GROVE;

Theta Xi's like to play poker too, along with the rest of the boys.

LIFE

Pipe, bocts, and all the comforts of home at the Sigma Nu house.

Fraternity life revolves around the three B's: the boys, the beer, and the babes. The boys engage in interfraternity athletic competition which includes almost every sport. This year's champions in basketball were the Delts; in football, the ZBT's; in baseball, the Betas; and in volleyball, the Theta Delt's. As usual, the beer played a large part in pre-election campaigning. The babes, the disturbing element in a fraternity man's life, provided the reason for giving such outstanding social events as the Deke Ball, and the Theta-Phi Psi and Delt-DeeGee formals. A fourth B, books, constitutes a prerequisite for the preceding three, a prerequisite which is all too often neglected in favor of more entertaining pursuits. Fraternity Life is most evident on the steps of Royce Hall, where the brethren gather to talk to and about the passersby while deciding which offers the greater possibilities, the classroom or the Co-op.

Phi Kaps drink their milk like good little boys-when the occasion and house rules demand. It must be a weird sensation judging from-things.

Gathered in the living room, the SAE's relax with stogies, bridge, solitaire —and feet on the table. At home, boys?

Bull Sessions precede almost all activities and are an important place to shed tears and exchange confidences in a haze of smoke.

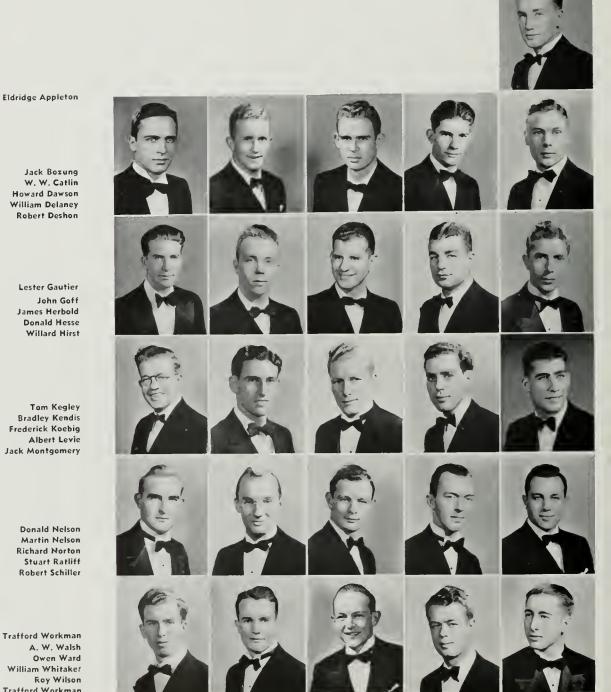

SATURDAY SHE INVITES HIM TO THE SORORITY DANCE. THEY DO INTERFRATERNITY AND PAN-HEL, AND SHE THINKS HE'S CUTE WITH HIS FACE COVERED WITH RED FUZZ DURING MEN'S WEEK, BY THE SENIOR PROM, THOUGH, ROMANCE IS WANING. AT FALL PRESENTATIONS HE SEES HER WITH AN OFF-CAMPUS MAN AND MEETS ANOTHER GIRL PLEDGE.

CANDY, ICE CREAM

LUNCH, DINNER

ALBERT SHEETZ WESTWOOD 937 Westwood Blvd.

Taking U.C.L.A., California, and America by storm, the Grade A Pension Plan concocted by those maniac seniors, Bob Schiller and Bill Brown, provided this campus with its biggest publicity stunt since Ted Key was discovered to be a Cloistered Panhandler. The Plan, which aimed at satirizing the Ham 'n Eggs Pension, provided for "Fifty dollars every Friday for folks under fifty." Instead of state warrants the boys advocated the circulation of legal tender milkbottle tops. Every time one changed hands the receiver paid a penny and punched a hole in the top. Since there was capacity for but 100 punches, after the top circulated 100 times it would be selfliquidating — having done away with itself.

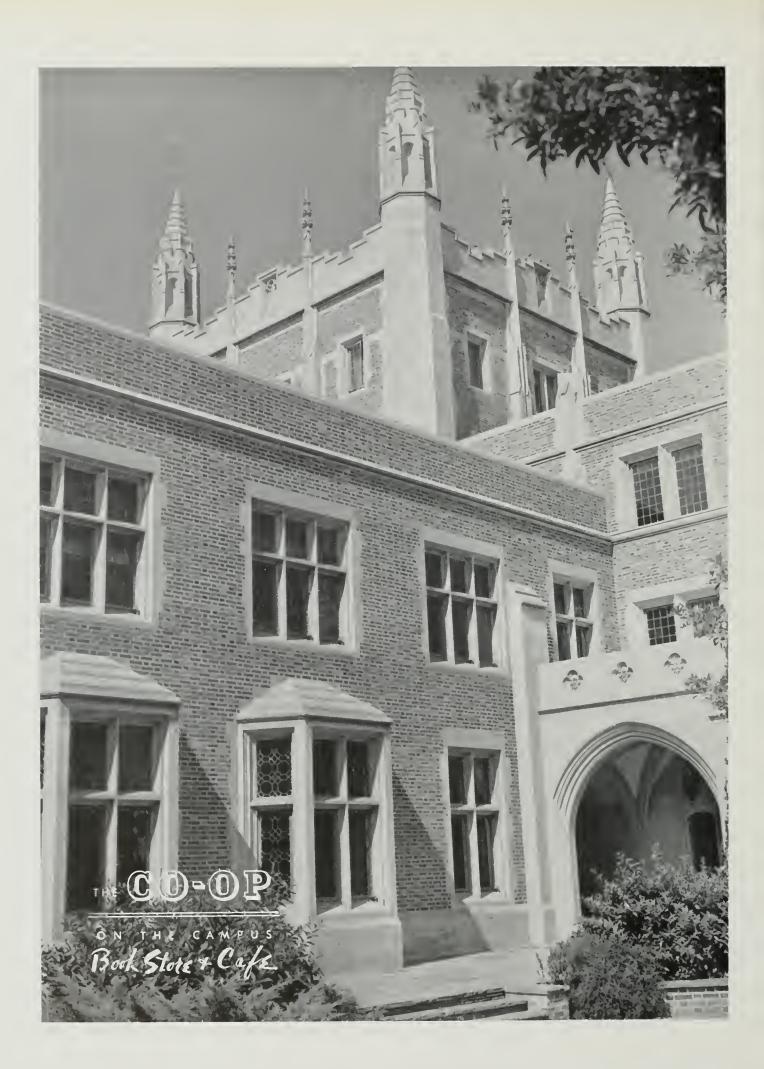

Impressed with its "economic soundness'' were Paramount News, United Press, March of Time, Wirephoto, Associated Press, Readers' Digest, etc., who beat a hasty path to the Bruin office to get the lowdown on this revolting (is that the word?) plan, and explain it to the outside world. Much in evidence during the weeks that the Daily Bruin "sold out" to the Caviar and Champaigners, were milk bottle tops worn in the lapels of sympathizers, emblematic of membership in the move to "save California," which (the authors modestly admit) it did. Sale of the milk bottle tops aroused a bit of criticism until the altruism of the authors was pointed out: California was saved and Schiller's father, '42, was enabled to start his education.

It is with Pleasure we extend to the Senior Class and the Associated Students, Congratulations.

As official Photographers, we have enjoyed serving you and are sorry to see you go. May we extend our best wishes for your future success.

EDITORIAL

Contrary to past years, the noise and confusion has not died down nor has the office taken on any death-like silence. As a matter of fact, everything has gone on as before except for the realization that the book is finished. Finals are on tap, parties are in the air, and the staff even continues to play games in its own child-like way. However, regardless of what they do, the staff of the 1939 Southern Campus can't be beat (not even in jacks). Each and every one of you, from Mimi on down to the greenest freshman, has certainly done his part and words can't express how grateful I am and how vital you were in the production of the book.

In retrospect of all the fun and work we've had may I express my gratitude to those who were the most instrumental in our work. As associate Editor, Mimi Koumrian, delved into the dim dark past and wrote all of the running copy; for this she should feel 24 years old even if she isn't. Holmes "Scout" Coates led a strained life in the position of Art Editor and all the layouts, color, heads, and drawings certainly are to his credit. Pictures make the book and I can proudly say that we have good pictures, thanks to our ace camera man, Bill Johnke. Bill labored hard and long over every picture and he did a remarkable job. Junior Editors, Frank Simons and Breta Nissen handled all of the engraving and copy and they managed to weather the storm well enough to tackle the jobs of Editor and Associate for 1940. Thanks and the best of luck to both of you. Chief

P. HOLMES COATES

Art Editor

paste sticker-uppers were Eleanor Argula and Steve Melnyk who had the official titles of photo mounters. As this point should be mentioned the "Man of 1,000 jobs" S. Leonard Davidson. Red did a fine job in handling the organization sections with the aid of Photo-librarian Barbara Bettin who labored many long nights over the detail picture work.

The four sections of the book were handled very efficiently. Class was under the supervision of Jimmy "Dimples" Osgood; Campus c a m e through with Jean "Sigma Pi" Traughber's work; Sports (note: not field) proved to be the worry and almost the death of Dudley Swinburne; and Social was managed by Claire Hanson. In addition, a special word must be said for the work of Betty Beal, Beth Anne Stevens, Hanford Files, Mary Frances Rickershauser (that name!), Dorothea Thompson, Dee Fisher, Herb Dallinger, and Hap Fraser. Of course, Alice "Tillie" Tilden can't be forgotten as she is really our guiding light.

Although the staff does the planning, the real work is done by the photographer, printer, engraver, etc. To Waldo Edmunds, Art Preter, and Everett Judson of Mission Engraving; Johnny Jackson, Johnny Morley, and J. G. Jessup of Carl A. Bundy Quill & Press; Joseph Fleischer, Michele Palomba, Frances Finch, and June Hagerman of Martel-Howlett Studio; and Bert Ferguson and John Hampton of Coast Envelope and Leather Products Co., may I express my most profound thanks.

Again to the staff may I say that you've all been swell and that the fun and pleasure I've had working with you is something I will never forget. Thanks,

BOB

I must say that at this time I feel very little like writing a swan-song. The staff is still here, working—a pack of sadeyed slaves, hoping to get the job done in time to study a few hours for finals. This is the kind of loyalty and support that has characterized the whole year and I don't have to tell the staff how much I needed it.

The position of Associate Manager was very ably filled by "Smokey Otis" who rendered indispensable service in arranging meetings and banquets and caring for public relations in general.

Mary Lee McClellan, Sales Manager, held down the "hotspot" of the staff. How well she did it is attested by the fact that she has literally been stolen by the A.W.S. to act as their president. Her cheerfulness and efficiency won her the immediate respect and cooperation of the entire sales staff. This was a branch of the business which had the male element of the staff baffled and was the topic of many awed and whispered conferences at the beginning of the year. The way Mac took it over was a great source of real comfort to the home office.

Organizations were whipped up fast, and I do mean in a hurry by one Robert Meldrum, Organizations Manager, who had 'em wriggling on the dotted line before we could say "Kerckhoff Hall." He and his number one assistant, the

MANAGERIAL

charming Miss Carmen Graham, spent rapturous hours sending out bills. Bob is clever that way, majors in accounting. His systematic records and reports were the chief solace of the management when everything else looked too black to bear.

Tom Freear, soft-spoken man of granite, turned an adamantine ear to the protests of advertising prospects and thus performed his duty as Ad Manager. He was assisted at the beginning of the campaign by "The Masked Marvel" who was selling our advertising space like hot-cakes but couldn't be identified or located. It turned out to be Norman Watkins who worked for us all along but just couldn't wait to get going.

To the outside world the Southern Campus was Betty Bonestell who, as Office Manager, held down the outside desk. Betty handled complaints, transactions, bookkeeping, and correspondence. Her spare time was her own.

Thanks and goodbye to all of you. Lots of luck to Tom and Bob with the 1940 book.
