

Structured data, structured photos

SDC for WLM

Alicia Fagerving

Wikimedia Sverige

alicia.fagerving@wikimedia.se

Background

- Wikimedia Sverige is developing a Content Partnerships Hub
 - https://meta.wikimedia.org/wiki/Content_Partnerships_Hub
- A coordinating role to identify strategically important data and upload it to the Wikimedia platforms
- **Structured Data on Commons** has a great potential to make the files easier to search, discover and analyze

Background

creator

some value

- Wikimedia username: Vesihisi
- object has role: photographer
- author name string: Alicia Fagervig
- URL: <https://commons.wikimedia.org/wiki/User:Vesihisi>

copyright status

copyrighted

copyright license

Creative Commons Attribution-ShareAlike 4.0 International

inception

22 May 2018

source of file

original creation by uploader

coordinates of the point of view

57°51'21.096"N, 12°0'27.266"E

captured with

Canon PowerShot SX430 IS

location of creation

Göta och Nordre älvs dalgång

exposure time

0.002 second

f-number

4.5

focal length

8.656 millimetre

Wiki Loves Monuments

- **162,000** new **photos** from **27 countries** in 2021
- All photos must **depict** an identified cultural heritage site
 - *depicts* (P180)
 - *participant in* (P1344)

Wiki Loves Monuments

- **162,000** new **photos** from **27 countries** in 2021
- All photos must **depict** an identified cultural heritage site
 - *depicts* (P180) Øye Church
 - *participant in* (P1344) Wiki Loves Monuments 2013
Wiki Loves Monuments 2013 in Norway

From templates to SDC statements

File:בית סורסוק רחוב רזיאל תל אביב.JPG

The competition edition is extracted from the **Wiki Loves Monuments** template. It is matched to the Wikidata item of both the global and local edition.

Photos in WLM Sweden that have coordinates →

<https://tinyurl.com/ygz4b7py>

Status

- Pilot project (Sweden, Israel, part of Poland) in first half 2021
- Since September 2021: **530,00** statements added to **202,000** photos
 - Australia
 - Bolivia
 - Chile
 - Colombia
 - Ireland
 - Finland...

Challenges

- Not all monuments are on Wikidata
- Not all photos have Monument templates
- Expanding this work to other areas → Wiki Loves Earth?

Thanks for your attention!
