WINNIPEG ELECTION COMES AT CONCLUSION OF VERY KEEN FIGHT

Large Vote Expected in Civic Election Tomorrow; Labor Party of Radical Views Seeking to Gain Control of City Council

Winnipeg, Nov. 27.—The strenuous way in which the local Labor Party is fighting the civic election battle here is shown by the fact that its candidate for the mayoralty, S. J. Farmer, will have addressed more than seventy meetings by the close of the campaign to-night. He has spoken at six meetings some nights this week.

The other side has been equally busy on the platform and in the canvass and the vote to-morrow will be a big one.

Winnipeg, Nov. 27.—To-morrow will be held the most interesting civic election in the history of Winnipeg, its roots going back to the general strike of last May and June, and the issue being whether radical labor shall obtain control of the city government.

Campaign managers declare that this fight has been the most bitterly contested they have seen in a decade and that this feeling has roused the voters to such an extent that there will be a poll of 30,000. Last year the ballots numbered 13,149 out of a total electorate of 55,963. This year the electorate has been increased by about 2,500, a record by about 1,500. There are 118 sub-polling divisions as against ninety-eight last year and nearly thirty additional officers have been assigned to count the ballots. This year, too, an increase in pay for deputy returning officers and poll clerks has been given, the rate for the former now being \$13 per day and the latter \$6.

JAPAN DEBATED AT LABOR CONFERENCE

Problem of Oriental Country and Shorter Working Hours

Washington, Nov. 27.—Problems of the Orient were before the International Labor Conference this morning. It was primarily the case of Japan. The report from the special committee recommending special modifications for Oriental countries and countries undeveloped industrially in regard to the application of the eight-hour day was before the Conference. Mr. Barnes, British Government delegate, has moved that modification of the main eight-hour day convention in regard to Oriental and the other countries mentioned was justified.

Protested. Angrily, M. Masumoto, Japanese workers' delegate, rose in protest. Speaking in halting English, he pleaded that the eight-hour day be granted to the Japanese as to other workers. "There are," he said, several million workers in Japan asking to be treated as other workers. They tell us that these special modifications of the convention are to benefit Japanese production. They will benefit autocratic oppression of helpless workers."

Reduction. The Japanese Government delegate, E. Kamada, followed. He argued that the acceptance of Japan of a nine and a half-hour day, as proposed, would mean a reduction of two working hours daily, as a rule, in some industries of three or four hours daily. He added the declaration that within the next twenty or thirty years Japan hoped to attain as great a success in social reforms as she had in the adoption of the industrial system of the West.

"Autocracy." Washington, Nov. 27.—M. Masumoto, Labor delegate from Japan, speaking at to-day's session of the International Labor Conference, characterized his Government as an autocracy which is the enemy of social justice.

PRICES ON PARIS BOURSE IRREGULAR

Paris, Nov. 27.—Prices moved irregularly on the Bourse to-day. Exchange on London was 39 francs 35 centimes. The dollar was quoted at 3 francs 72 centimes.

"TRIPLE ALLIANCE" MAY GO TO PIECES

Dispute in Biggest Trade Union Organization in Britain

Railwaymen Say Two Other Bodies Did Not Play Part

London, Nov. 27.—The Daily Express says that a crisis has occurred within the Labor "Triple Alliance" and that it is possible that developments in the immediate future may result in the breaking up of the most powerful trade union combination this country has ever seen. A meeting of the executives of the three constituent organizations, the Miners' Federation, the National Union of Railwaymen and the Transport Workers' Federation, will be held in London to-morrow, and a stormy gathering is expected. The Daily Express adds that the crisis has arisen out of the recent railway strike. It is contended by the railwaymen that the procedure rendered the "quaker" weapon useless and wrecked their nationalization plans.

QUAKERS AND RELIEF FUNDS FOR GERMANY

New York, Nov. 27.—Americans of German blood who wish to contribute to charitable and relief organizations in Germany were asked, in a statement by Herbert Hoover last night, to make their contributions solely through the Quakers. Mr. Hoover said he considered that appeals for aid for distressed Germans were undesirable in this country and that to prevent such campaigns having a political import, he had asked the Quakers to take charge of this section of European reconstruction work. Incidentally Mr. Hoover suggested that the Quaker spirit of pacifism "will do some people in Germany good."

NO SETTLEMENT OF COAL PROBLEM

Situation in U. S. As Far From Adjustment As Ever

Washington, Nov. 27.—All agencies of the Government have failed so far to solve the bituminous coal miners' wage tangle, and from the outlook to-day the situation is as far from adjustment as it was when the negotiations began.

The last move was made by Fuel Administrator Garfield, who last night told the miners and operators of a Government plan of settling the dispute by granting the miners a fourteen per cent. increase in wages with the emphatic stipulation that there would be no increase in the price of coal to the public.

GREAT METEOR FELL IN LAKE MICHIGAN

Earth Shook and Blinding Pillar of Flame Ascended

Detroit, Nov. 27.—That a meteor of tremendous size plunged into Lake Michigan last night, causing earth tremors felt in a dozen southern Michigan cities and sending a pillar of flame hundreds of feet into the air which was visible for a radius of more than fifty miles, was the theory generally accepted early to-day in explanation of an earth shock which at first was believed to have been caused by a terrific explosion at some industrial plant.

Saw it Fall. From reports from various Michigan, Indiana and Illinois cities where the blinding flare was visible, it appeared the centre of disturbance was near the lower end of Lake Michigan. Coastguards at Grand Haven were firm in their assertion that they had witnessed the descent of the heavenly body and credence was given their story by the absence nearly twelve hours later of reports of any industrial disaster.

Residents of Battle Creek, Kalamazoo, South Bend, Grand Haven and other western Michigan cities fled from their homes in panic, fearing an earthquake. Houses were shaken and the country was illuminated as by a bright sun's rays so all-enveloping it was impossible to tell from which direction the flare came. The earth trembled half a moment, and then came deep rumblings as of a terrific explosion.

WESTMINSTER CLEARINGS.

New Westminster, Nov. 27.—The bank clearings here during the past week were \$591,849.

JELICOE BEGINS HIS TASK IN THE DOMINION CAPITAL

Ottawa, Nov. 27.—Admiral Viscount Jellicoe, accompanied by Lady Jellicoe and members of his staff, arrived in this city this morning at 9.30 and are now guests at Government House. They were met at the station by Captain Macmillan, A. D. C. to the Governor-General, and went direct to Rideau Hall, where Lord Jellicoe spent the morning on his correspondence. He will not attend any functions before a dinner which is to take place to-night at Government House. There will be another dinner to-morrow night, and at each of these the Cabinet Ministers and other officials of the Naval Department and the Government will be in attendance. This afternoon and to-morrow it is expected Lord Jellicoe will meet the Minister of the Naval Service, Hon. C. C. Ballantyne, and confer with him. Another distinguished visitor at Government House to-day is the commander-in-chief of North American station, Vice-Admiral Sir Morgan Singer, who is attended by Paymaster Commander Bamber. They arrived last evening with the Governor-General from Halifax.

DRY POWDER.

Melbourne, Nov. 27.—Hon. Joseph H. Hume Cook, Minister of the Navy, in a speech to-day at Albany, said that while wholeheartedly supporting the League of Nations, he thought Britain should keep her powder dry. The Empire, he declared, could not close its eyes to the preparations Japan and the United States were making in furtherance of their Pacific policies.

Bermond's Troops Completely Beaten by Lithuanian Forces

Paris, Nov. 27.—Forces of the West Russian Government under command of Colonel Bermond have been completely defeated by the Lithuanians, according to advices received here from Kovno.

WARNING TO SUPREME COUNCIL SENT BY JUGO-SLAV NATION

Paris, Nov. 27.—The Jugo-Slav peace delegation has sent a note to the Supreme Council calling attention to the serious troubles all around the Adriatic and saying that the situation may so develop as to oblige Jugo-Slavia to take military measures to prevent further encroachments. Receipt of the note by the Supreme Council was announced to-day.

Rome, Nov. 27.—King Victor Emmanuel will open Parliament next Monday, according to announcement here. There had been some uncertainty as to whether he would appear on this occasion because of the supposed attitude of Socialist Deputies.

CHOOSING JURY FOR WINNIPEG TRIAL

Number of Challenges Permitted Defence Subject of Argument

Winnipeg, Nov. 27.—The work of selecting a jury for the trial of Robert B. Russell, charged with seditious conspiracy, proceeded this morning, resulting in adding only one juror to the three accepted yesterday. The climax in the fight between opposing counsel was reached when E. J. Murray, defence counsel, and the crown counsel challenged Juror William McClintock, a merchant of Hazelbridge, Man., this being the fifth peremptory challenge made by the defence, and the crown counsel objected on the ground that the defence was entitled to but four challenges. Robert Cassidy, K.C., claimed the accused was entitled to four challenges, or twenty-eight in all, but the court overruled this contention.

Twelve J. Edward Bird, second counsel for the accused, then argued that the trial was being held under the most recent amendment to the statute regarding the offence in question, which made the penalty twenty years, and in consequence the defence should have twelve challenges.

The old law made the penalty two years, giving only four challenges. On behalf of the accused, Mr. Bird stated that he elected to be tried under the 1919 amendment, because of the great importance of the extra peremptory challenges to the defence. When court adjourned this point was still being discussed.

FARMER IS MISSING IN SASKATCHEWAN; MURDER IS SUSPECTED

Winnipeg, Nov. 27.—Mystery surrounds the disappearance of Jacob Runge, twenty-seven years old, a Winnipeg man, who has been missing from his farm near Horizon, Sask., since November 3, and grave fears are held that he has been murdered. At the time of his disappearance it is said he had with him \$3,000 in cash, which fact supports the theory that he has been the victim of foul play. The missing man left a large number of animals unattended on his farm, where he was engaged in mixed farming. A diligent search has been carried out during the last three weeks but no trace of the man has been found.

WILLIAM E. JOHNSON, KNOWN AS PUSSYFOOT, LOSES HIS RIGHT EYE

London, Nov. 27.—Surgeons to-day will remove the right eye of William E. (Pussyfoot) Johnson, the American prohibition worker, who was severely injured by students following an address in this city. The operation was decided upon to prevent Mr. Johnson losing the sight of his left eye.

VANCOUVER BANK CLEARINGS. Vancouver, Nov. 27.—The bank clearings here for the past week were \$15,875,917.

Calgary Discovers Its Fourth Case of Sleeping Sickness

Calgary, Nov. 27.—The fourth case of what is suspected of being sleeping sickness was reported to the Medical Officer of Health here this morning.

629 SMALLPOX CASES FOUND IN ONTARIO

Provincial Health Officer Says Wave is Not Decreasing School Children in Toronto Required to Be Vaccinated

Toronto, Nov. 27.—The Provincial Medical Health Officer reports that smallpox is not decreasing in Ontario. Cases have been reported in twenty-eight counties, with the total number of cases to date 629, including 368 in Toronto. In the Orillia Hospital for Mental Deficients there are thirty-five cases.

Vaccination. Toronto, Nov. 27.—An extension of ten days for vaccination of the school children of this city has been granted by the local Board of Health against the wishes of Dr. C. J. Hastings, Medical Health Officer, who declared that "it is no time to play fast and loose" with hundreds of smallpox cases in Toronto at present.

Tour Spoiled. Washington, Nov. 27.—(Canadian Press Staff Correspondent).—Owing to regulations adopted as a result of the smallpox cases in Ontario, the proposed Canadian tour of British Empire delegates to the International Labor Conference has had to be abandoned. It is possible, however, that some of the delegates will visit Montreal and points in the Maritime Provinces.

116 THEATRES IN TRANS-CANADA THEATRES, LTD., OPERATE FROM QUEBEC TO PACIFIC

Montreal, Nov. 27.—The final step in the acquisition by the Trans-Canada Theatres, Ltd., of a controlling interest in the western theatres hitherto operated by C. P. Walker, of Winnipeg, and Sir James Loughheed, of Calgary, was taken at Loughheed yesterday, when an agreement was signed whereby from Monday next the operation and booking of these theatres will be taken over by the new Montreal syndicate. On the same day the Ontario theatres of A. J. Small will be taken over by virtue of an agreement signed on September 1. The new company begins its control, extending from Quebec to the Pacific Coast.

BLAME FOR DELAY RESTS ON GERMANS

In Treaty Note Clemenceau Dealt With Simson's Return to Berlin

Washington, Nov. 27.—The notes exchanged between M. Clemenceau, President of the Peace Conference, and Baron von Lersner, head of the German peace delegation, regarding the return of Von Simson, Ministry Director, to Berlin to report to the Government on negotiations leading up to enforcement of the treaty, have been made public by the State Department. Abstracts of the notes were received from Paris earlier in the week.

German Note. The first note, from Baron von Lersner to M. Clemenceau, under date of November 21, said: "Your Excellency having been unable to receive me to-day, I do not wish to neglect the opportunity of informing you in writing of the reason for my call. Yesterday's conversation convinced Herr von Simson, Ministry Director, that before any further discussion on the enforcement of the treaty he should present an oral report to the German Government particularly as approval of the German National Assembly is necessary for the conventions to be concluded. Herr von Simson therefore will leave to-morrow evening for Berlin."

"Furthermore, I feel obliged to inform Your Excellency that I protest more energetically against continuing to associate the question of repatriation of prisoners of war and interned German civilians with the coming into force of the peace treaty."

Clemenceau's Reply. M. Clemenceau's reply of November 23, and postscriptum dated November 24, in part follows: (Concluded on page 4.)

BULGARIAN AND ALLIED DELEGATES SIGN TREATY IN TOWN OF NEULLY

Simplicity and Lack of Formality Marked Decreasing Interest in Work of Peace Conference; Perley Among Those Who Signed

Paris, Nov. 27.—Premier Stambulivsky of Bulgaria signed the treaty of peace between his country and the Allied Powers at the Neuilly Town Hall at 10.42 o'clock this forenoon.

The simple staging of the ceremony and the clouded skies, combined with what probably was an inadvertent but complete isolation of Bulgaria's delegates at the peace table, spread a sort of gloom over the proceedings. Premier Stambulivsky occupied a seat at the extreme corner of the table nearest the outside door, with a number of vacant seats between him and the neighboring delegates.

The simplicity and lack of formality marked decreasing interest in the work of the Peace Conference, though for certain powers, such as Greece, to-day's ceremony was the culmination in part of the hopes of centuries.

"We have waited 1200 years for this day," said a member of the Greek delegation on entering the hall of ceremonies in the Mayor's office at Neuilly, which is not to be compared with the Chateau de Versailles and St. Germain as the setting for such an event.

Quickly Done. All the other delegates were in their seats when Premier Stambulivsky was announced at 10.40 o'clock. The Bulgarian Premier, with bushy black hair, sharp black eyes and robust physique, saluted with cold formality when he entered and took his seat. Premier Clemenceau, as President of the Peace Conference, rose immediately and invited him to sign. Two minutes later the first signature had been appended to the Treaty of Neuilly.

INQUIRY IS URGED IN SASKATCHEWAN

Four Professors Were Dismissed From University of That Province

Saskatoon, Nov. 27.—The Saskatchewan Trades and Labor Council last night decided unanimously to petition the Provincial Government for an inquiry into the reasons for the recent dismissal of four University of Saskatchewan professors. The resolution stipulates that at least one member of the commission should be a labor man and that the commission should be constituted of educational authorities, not politicians.

Teachers Also. Saskatoon, Nov. 27.—Local Teachers at a meeting last night declared themselves ready to support any movement for an investigation into the reasons for the dismissal of Professors Hogg, Mackay, Greenway and MacLaurin from the University of Saskatchewan.

Higher Salaries. The Saskatchewan Teachers' Association has refused a bonus offered by the Public School Board, and put itself on record as being opposed to the bonus proposal. Another demand for salary increase will be made.

ONTARIO CABINET AND RETURNED MEN

Hamilton, Ont., Nov. 27.—The tenth and last dinner to returned soldiers under the auspices of the Citizens' Repatriation League was held here last night. There were 600 soldiers present.

Hon. W. Rollo, Minister of Labor, spoke on behalf of the Ontario Government. Mr. Rollo said he wanted to assure the soldiers that they would get a square deal from the Government. The way in which they could best secure what they wanted was by organizing and going after it.

LIQUOR COMMITTEES PART OF PLAN IN UNITED KINGDOM

London, Nov. 27.—Mr. Lloyd George, in reply to a temperance deputation to-day, did not give details of the intended legislation in connection with the control of liquor, but indicated that it would be entirely experimental. The intention of the promised bill seems to be to replace the existing Liquor Control Board by a number of committees whose functions will be to perpetuate the powers of the Control Board to investigate and advise Parliament with regard to further legislation as well as establish a scientific branch to watch the experiments proceeding not only in Britain but in other countries.

The Prime Minister explained that the Government was aiming to proceed along lines of agreement rather than provoke hostility. Declaring his belief that a policy of prohibition could not succeed in England, the Prime Minister said: "The Americans have attempted very drastic means of rooting out the drink evil. It is very important that we should now attempt to make up our minds

WASHINGTON AWAITS MEXICAN NOTE

Situation Regarding American Consular Agent Jenkins Not Settled Yet

Washington, Nov. 27.—Mexico's note refusing to comply with the State Department's recent demand for the release of William O. Jenkins, the American consular agent imprisoned at Puebla on a charge that he conspired with the bandits who kidnaped and held him for ransom, had not been received in Washington early to-day. The information officials had that a reply had been sent was contained in press dispatches last night.

COALITION UNIONIST WINS BY-ELECTION IN SOUTH CROYDON, ENG.

London, Nov. 27.—Sir Allan Smith, Coalition Unionist, has been returned for South Croydon in the by-election caused by the resignation of Sir Ian Malcolm. The vote was: Smith, 11,777; Alderman Houlder, 9,573.

COOL WEATHER FOR THANKSGIVING

Portland and Montana Report Chilly Spell For U. S. Holiday

Portland, Nov. 27.—The coldest November weather experienced in this section in eight years was recorded to-day when the temperature at 8 o'clock stood at 25.5 degrees above zero. On November 11, 1911, the low record was 24 degrees. Only five times in the history of the local weather bureau has the temperature been below 24 degrees, during November, the lowest record being established November 29, 1896, when 11 degrees were registered. Possible warmer weather and rain were forecasted for to-night.

Montana. Helena, Mont., Nov. 27.—Thanksgiving morning was the coldest of the season in Montana and the day one of the most frigid Thanksgiving days in recent years. The temperature dropped to 12 below in Helena at 5 a. m., according to official figures.

THOSE WHO SIGNED

Cecil B. Harmsworth, British Under-Secretary for Foreign Affairs, and Sir Eyre Crowe, Assistant Under-Secretary for Foreign Affairs, signed for Great Britain; Sir George H. Perley, Canadian High Commissioner in London, for Canada; Rt. Hon. Andrew Fisher, Australian High Commissioner in London, for Australia; Reginald Blankenburgh, for South Africa, and Thomas McKenzie, New Zealand's High Commissioner in London, for New Zealand. Sir Eyre Crowe also signed for India.

Premier Clemenceau, who was in fine form and high spirits after his rest at the seashore, signed with Louis Lucien Klotz, Minister of Finance; Captain Andre Tardieu, Minister of Blockade and Invaded Regions, and Jules Cambon, General Secretary to the Ministry of Foreign Affairs, for France.

The other powers signed in alphabetical order. (Concluded on page 14.)

PEERAGE MEASURE WAS VOTED DOWN

British Commons Against Allowing Lords to Surrender Titles

London, Nov. 27.—The really democratic order of things yesterday in that a Labor member introduced a bill whereby a peer could, if he so desired, give up his title to retain his membership in the Lower House. The defenders of the rights and privileges of the people and their elective House, aided by the upholders of the blessings of the nobility, as the Lords were once termed, defeated the bill of the Labor representative by a vote of 149 to 55.

The bill was introduced by J. H. Thomas, a labor member. It was designed to meet the Astor case, the measure empowering the King to accept the surrender of any peerage. Its passage would have enabled the Viscount to retain his seat in the House of Commons.

Mr. Thomas, in advocating the bill, said its object was to enable a man to choose in which House of Parliament he would serve, and, having done so, to renounce the rights and privileges which he would be entitled to in the other House.

The vote was taken after opposition to it had been voiced by Edward F. Wood, Unionist member for the Ripon district of Yorkshire, who said he considered it objectionable to proceed with such legislation, thereby prejudicing action toward reform of the House of Lords.

HOUSING FUND REDUCED.

Winnipeg, Nov. 27.—Manitoba's appropriation under the Dominion housing scheme has been reduced by \$500,000, making the appropriation \$1,500,000. Of this sum, the province has already loaned \$398,000, of which the city of Winnipeg has borrowed \$50,000. W. J. Pollock, Deputy Provincial Treasurer, received information of this reduction from the Dominion Government yesterday.

FORD DECLARES HE COULD NOT RAISE HAND TO HIS HEAD

Was Unable to Work For Many Months on Account of Rheumatism

"After serving with the Canadian army two years in France I came home in an awful bad condition, but Tanlac has about put me on my feet again," said Walter J. Ford, a veteran of the world war, who resides at 45 Cobourg Avenue, Winnipeg, while in Liggett's Drug Store in Winnipeg, recently. Continuing, he said:

"While with the army I contracted rheumatism in my muscles. I don't believe there was a single part of my body that did not pain me all the time, and often I would be in such misery I did not care whether I lived or not. I got position after position after my return, but would have to give them up, as I could not do the work, and had to give up, as I was so completely down and out. The pains, even the bones seemed to pain me. My joints would get so stiff and sore I could hardly move, and it was agony for me to walk. My arms were so bad I could not raise my hands to my face. My appetite was very poor, and what little I did manage to force down would sour, and I would fill up with gas until I could scarcely breathe. What I ate seemed to form a lump in my throat that would not move either up or down. I was hardly ever without a headache, and would have spells of dizziness when I would almost topple over. I had such a severe pain across the small of my back that it was agony for me to bend over. I had no life or energy, and felt tired and drowsy all the time. I could get but very little sleep, and what little I did get did not seem to do me any good, and I would get up in the morning feeling worse than when I went to bed.

"I tried different medicines, but none of them did me any good, and as I had been reading so much about Tanlac in the newspapers I decided to try it, and the three bottles I have taken have done me more good than anything I ever took in my life before. My stomach is so much better than it was that I have a good appetite, and what I eat agrees with me. The rheumatism is so much better that it rarely troubles me at all, and I can get around without any trouble and use my arms as good as I ever could. I have gotten almost entirely rid of the headaches and pain in my back, and can stay on my job all right. I always get a good night's sleep, and get up in the morning feeling good. I am still taking Tanlac, and feel sure in a very short while all my troubles will be a thing of the past."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Advt.

FAREWELL MESSAGE AS PRINCE DEPARTED

Heir-Apparent Thanked Canadian People Through Governor-General

Ottawa, Nov. 27.—The Governor-General received the following message from the Prince of Wales, sent from the battleship Renown as she was sailing with the Prince on the return voyage to the United Kingdom:

"To all the men and women of Canada who served at the front in the great war:
"On sailing from the Dominion after my visit, I wish to tell you what a pleasure it has been to see so many thousands of you during the past months. On behalf of the King, I congratulate you on your splendid war service, and for myself, I thank you for having received me, not only as the Prince of Wales, but as an old comrade in the field. I shall always look upon you as comrades, and I hope you will do the same for me. Au revoir."
"Edward P."
To the King.

Sir Robert Borden telegraphed as follows to the King:
"At the conclusion of the visit of H. R. H. the Prince of Wales to this Dominion, may I be permitted to convey to Your Majesty and to the Queen my warm congratulations upon its remarkable success, and especially upon the wonderful impression which the Prince has made upon all our people. His labors have been, indefatigable and untiring; his tact

Liver Trouble and Heartburn

All liver diseases of whatever character are diseases of the highest importance and demand close attention. The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile, and serve as one of the filters of the body, cleansing it of all impurities and poisons. Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding internal or bleeding piles.
Mrs. John Kadey, Chipman, N. B., writes: "I have used Milburn's Laxa-Liver Pills for some time and can recommend them to any one suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers as I think they are a valuable remedy."
The attack on the club precipitated what police feared would develop an uncontrollable race riot. Efforts of the police to restore order were reinforced by a timely downpour of rain, which caused the crowd to disperse.

and courtesy have been unflinching, and his natural charm of manner has made an irresistible appeal to all our people and has won for him a place in their hearts which will always endure. He has shown a thorough comprehension of the spirit and aspirations of the Canadian people, and there has been a universal appreciation of the excellent speeches which he delivered in all our provinces from the Atlantic to the Pacific. The visit has had a distinctly steadying effect, and must help to strengthen the ties which unite Canada to the rest of the Empire."
King's Reply.
The following message was received from Buckingham Palace:
"Sir Robert Borden:
"The Queen and I have received with supreme gratification your kind message on the occasion of our son's visit to Canada. We heartily thank you for the generous terms in which you speak of all he has accomplished during the happy months spent by him in the Dominion, and we are proud that it is to his personality that you so largely attribute the success that has crowned his efforts. I earnestly believe that this renewed association between my family and the people of Canada will strengthen unity of the Empire, for which, please God, a great and glorious future may be assured."
"GEORGE R. L."
To Scouts and Guides.
Ottawa, Nov. 27.—The Governor-General received the following message from the Prince of Wales on board H. M. S. Renown:
"To the Boy Scouts and Girl Guides of Canada:
"I am just leaving Canada for the Old Country and I want to send you all my best wishes before I go. I have thoroughly enjoyed seeing so many of you on parade during my visit and I shall tell your brother Scouts and sister Guides in the Old Country that you are every bit as smart as they are."
"Value your training as Scouts and Guides, for the more you value it the greater will be your own value as Canadians and as Britishers."
"Good luck to you all till I see you again."
"Edward P."

C. HAPSBURG AND HUNGARIAN MONARCHY

Berlin, Nov. 26.—via London, Nov. 27.—Prince Ludwig Windisch-Graetz, former Austrian Minister without portfolio, and intimate friend of former Emperor Charles, said to-day he did not believe anyone would be found in Hungary to accept the throne with the country in its present state, but if the Entente should recognize a king, it would be Charles. "King Charles never abdicated, and regards himself as the legitimate crowned king of the lands of Holy Stephen's crown," he declared.

RIOT BROKE OUT IN JOHANNESBURG

London, Nov. 27.—The Nationalist Party club at Johannesburg, South Africa, was wrecked a few days ago in retaliation for the act of Nationalists in stoning a house veranda on which were a number of women and children, according to advices from Johannesburg.

JUGO-SLAYS HAVE NOT SIGNED TREATY YET

Paris, Nov. 27.—Contrary to expectations, the Jugo-Slav plenipotentiaries did not sign the Austrian peace treaty yesterday afternoon. The reason given was that they found they had not the requisite powers to sign the different annexes.

ROBBERS GOT FURS.

Sydney, N. S., Nov. 27.—Furs valued at \$1,000 were carried off by burglars last night from Sidersky's store at Glace Bay. The men were caught in the act by citizens, whom they drove off with threats and escaped with the plunder.

BOLSHEVIKI TRY TO SAVE BELA KUN

Paris, Nov. 27.—A dispatch reached the Foreign Office here from Vienna, by way of Basle, to the effect that the Russian Soviet Foreign Ministry intends to hold the Austrian nobles and subjects in Russia as hostages for the security of Bela Kun, the former Hungarian Communist leader, and the members of his Government.

A dispatch from Budapest filed Monday said:
"The trial of Communists charged with crimes during the Bela Kun dictatorship began to-day. Oserny, commander of the 'Lenine Boys,' being the first of 16,000 to be arraigned. Oserny pleaded that he had only performed his duty. He denied many charges of executions, and recited several instances in which he claimed Bela Kun had given direct and explicit orders for murders."

SPOKE IN MOSCOW.

London, Nov. 27.—A Moscow dispatch yesterday reported a speech by Tom Paine, characterized as the "representative of the American Bolshevik," delivered before the Moscow soviet, in which he described the

"growth of influence" of the Communist Party in the United States. He told the soviet, according to the message, that the American Government found difficulty in supplying Admiral Kolchak with munitions because of the opposition of the workers.

INDUSTRIAL HOME SCORED BY JUDGE

Justice Gregory Passes Strictures on Point Grey Institution

Vancouver, Nov. 27.—"I have something of importance I wish to say," said Mr. Justice Gregory at the conclusion of the criminal assizes here yesterday after he had finished passing sentence on those convicted during the sittings of the court.

"The grand jury has condemned in strong terms the state of affairs at the Boys' Industrial Home and has recommended that no further commitments be made by judges or magistrates until conditions there are reformed."

Reading from the report the grand jury's description of the buildings as "inadequate, dark, dismal and dirty," His Lordship said:

"That is the kind of institution magistrates and judges are asked to send boys to, to reclaim them. Think of a Government actually having an institution called the Industrial School and then not paying salaries enough to secure instructors to teach these boys industrial work! This morning I have had to send a boy to the penitentiary who ought to have been sent to an industrial home, because the penitentiary is the only

institution left where he can have a chance at all."

Thousands Elsewhere.

Commenting on the grand jury's statement that conditions of indifference at the Industrial Home were largely due to neglect of the Government to provide sufficient funds, His Lordship said: "Think of a Government not having money enough to pay for a proper institution to reclaim its own wayward boys, when it has thousands upon thousands to spend on matters of much less importance! Yet the boys of to-day are the citizens of to-morrow."

Upon the description of the Point Grey building as a firetrap for its young occupants His Lordship was even more outspoken. "I wonder if members of the Government have children of their own?" he asked. "I wonder they can sleep in their beds at night. I think it is the duty of every newspaper and citizen to bombard the Government until it does something to change this condition. Think of it. We have legislators walking about and joking and spending their salaries while these conditions continue!"

"I am not blaming the present Government nor criticizing any member of it," His Lordship added. "These conditions have existed for a very long time and the institution and its condition are a legacy from former Governments, but it is time these things are drawn attention to and rectified."

A further paragraph in the grand jury's report criticizing the Children's Aid Society building and equipment and stating that the society was without adequate funds properly to feed and clothe its wards drew from Mr. Justice Gregory the observation:

"I had an attack of Weeping Eczema so bad that my clothes would be wet through at times."

"For four months I suffered terribly, I could get no relief until I tried 'Fruit-a-tives' and 'Sootha-Salva'."

"Altogether I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-tives,' and am entirely well."

G. W. HALL.

Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruitatives Limited, Ottawa.

"Fruit-a-tives" is also put in a trial size which sells for 25c.

"Think of that! Think of British Columbia, which has just subscribed so many millions, and yet there is not enough money given to provide its own motherless and fatherless children with proper food and clothing!"

MORE NEWS FROM UNITED KINGDOM

Arrangements Made by Canadian Press at Annual Meeting

Toronto, Nov. 27.—A representative gathering of the daily newspaper publishers of Canada met here yesterday on the occasion of the annual meeting of the Canadian Press, Ltd. An interested visitor was Frederick Roy Martin, Assistant General Manager of the Associated Press, who discussed with the Canadian Press directors still closer co-operation, both Associations standing for the same ideals of mutual and non-profit-making co-operative news gathering and distribution, free of any sort of bias or political control. He invited the Canadian Press directors to attend a meeting of the Associated Press directors at New York on December 19.

Among the matters taken up were proposals for a much improved cable service, to be compiled in London by the Canadian Press as a supplementary service to that of the Associated Press and covering especially news of the British Empire, and for amalgamation with the Canadian Associated Press under the name of the latter.

Assessments.

Assessments for the present fiscal year imposing a considerably increased burden of cost upon the membership, in line with the estimates submitted by the management, were adopted, subject to some amelioration for small newspapers in the Maritime Provinces served by leased wire.

Directors for the year were elected as follows:

Nova Scotia—G. Fred Pearson, Halifax Chronicle.

New Brunswick—John T. Hawke, Moncton Transcript.

Quebec—H. Gagnon, Le Soleil; C. F. Crandall, Montreal Star, and E. F. Slack, Montreal Gazette.

Ontario—E. Norman Smith, Ottawa Journal; John R. Bone, Toronto Star; Stewart Lyon, Toronto Globe; Irving E. Robertson, Toronto Telegram, and W. J. Southam, Hamilton Spectator.

Manitoba—E. H. Macklin, Manitoba Free Press, and R. L. Richardson, Winnipeg Tribune.

Saskatchewan—W. F. Herman, Saskatoon Star.

Alberta—J. H. Woods, Calgary Herald.

British Columbia—F. J. Burde, Vancouver Province.

Major-General Sir David Watson, of the Quebec Chronicle, was elected a director but resigned in order to make room for a representative of the French language press.

Officers.

At a subsequent meeting of the board of directors, officers for the year were re-elected as follows:

President, E. F. Slack; first vice-president, E. H. Macklin, and second vice-president, G. Fred Pearson.

BOYS' INDUSTRIAL HOME.

By reason of the unsatisfactory conditions obtaining at the Boys' Industrial Home a Grand Jury presentment recommended to the bench that no further commitments be made. Mr. Justice Gregory took occasion to allude to the matter in Vancouver yesterday and invited the general public and the press of the Province to bombard the Provincial Government until something was done by way of reform at Point Grey. His Lordship spoke feelingly in behalf of the boys incarcerated in the present establishment and his paternal instinct very naturally has rebelled at the thought of to-morrow's citizens being subjected to correction in surroundings described by the Grand Jury as "inadequate, dark, dismal and dirty."

We agree that the time for action is overdue by at least five years. But if His Lordship is not aware of the fact he will be glad to learn that new buildings, designed on the cottage home system, and to take the place of the Point Grey Institution, will be commenced at Essondale before the end of the year and completed by midsummer. And assuming that His Lordship follows the newspapers he will have observed that reform was delayed until it could contemplate a policy of treating both the incorrigible and the mentally defective boy under modern principles of mental hygiene, so that a greater efficiency might be reached without too heavy a drain on the people's purse. This is now a matter of policy already in operation, and in accordance with a promise made by the Attorney-General on the floor of the Legislature last session.

COALITION OR PARTY?

Two significant factors in British political life which are creating a good deal of interest at the present time are the Coalition speech-making campaign and the Asquith-Liberal plea for the return of the party system or an organized opposition.

With the object of including practically the whole of Britain, a series of one hundred public meetings has been arranged by the Government, at which a number of the Cabinet Ministers and an array of Coalition platform talent will render an account to the country of the performance by the Government of its election pledges.

This is presumably such a campaign as would characterize a governmental programme for a peace-time recess, its delay being occasioned in this instance by protracted peace negotiations and parliamentary overwork in general. Moreover, the Coalition press has taken pains to explain that the campaign is not an electioneering enterprise. Rather does it allude to it as a duty deferred by reason of unusual circumstances.

This may be quite true; but it should be safe to predict that nine-tenths of the electorate will believe otherwise. It goes without saying, of course, that a merely parliamentary utterance could relieve neither the Premier nor any of his colleagues of this duty. That a decision to carry it out collectively, on an organized plan, and so bring the whole tour within the compass of a few weeks is typical of the Prime Minister's farsightedness. As to whether or not the Government will be able to demonstrate to the electorate that there is real cohesion among the component parts of the Coalition, and that it is to the interest of the country to perpetuate that system of Government, remains to be seen.

On the other hand Mr. Asquith is employing his freedom from parliamentary obligations to point out to the people the lurking dangers of continued Coalition administration. Speaking at Westminster recently, the ex-Premier alluded to the Government as an orchestra collected from all quarters of the political world, a medley of instruments, wood and wind—the sounding brass and tinkling cymbals—and a medley of performers. He admitted that now and again the War Office rendered a solo and that at times the plaintive tones of a dirge from the Chancellor of the Exchequer rent the air. But through the whole performance, he declared, two things were wanting—a concerted tone and a settled conductor. On this account Mr. Asquith sees the need for the Liberal party to preserve its separate and independent organization.

Meanwhile organized labor in Great Britain has realized its possibilities. It has come to the conclusion that a Labor Government is worth working for. And apart from its educational campaign—sandwiched between the miners' plea for nationalization—it recognizes its opportunity to reach power earlier than could have been prophesied under the most favorable circumstances a few years ago, because of the inevitable demise of the Coalition form of Government. That is to say, Labor reckons on several new alignments consequent upon the death of the Coalition. Nevertheless, a general election in Great Britain at the present time might show little change in the present status of the House of Commons. In twelve months time it may be a different story.

NANAIMO AND PROHIBITION.

When he appeared before the Municipal Taxation Commission in Victoria last week the Mayor of Nanaimo confessed his belief that there existed in the Coal City to-day more illicit drinking than could be said of the days when the license system went unhampered by the British Columbia Prohibition Act. He declared, as a matter of fact, that conditions had so far drifted out of control as to be altogether too difficult a task for the present police force to cope with them. A twenty-

four-hours business day and a seven-day business week appeared to be His Worship's interpretation of the activities of those who are alleged to supply and those who demand the controlled liquid.

The point the Mayor wished to emphasize more particularly, however, was that suggestive of Nanaimo's inability to enforce the British Columbia Prohibition Act unless some additional source of revenue could be provided wherewith to finance an augmented police force. It is quite possible that a number of chief magistrates would echo the sentiments to which Mayor McKenzie gave voice were it not tantamount to a confession of failure in municipal administration, a part of which is the enforcement of the Act in question. In this there need be no hesitation. Were every British Columbia municipal policeman and detective a Sherlock Holmes unto himself, an astute bartender would continue successfully to wink the other eye and detect the responsive flicker of a client's orb. And nothing is simpler to disguise than the paraphernalia incident to dispense an occasional draft of the more exhilarating beverage.

If His Worship's description of conditions in Nanaimo may be taken as correct, however, the Coal City seems to have fallen on evil days. On the other hand The Nanaimo Herald takes issue with the chief magistrate and flatly contradicts his general charges. Our contemporary declares that the Prohibition Act did not at least make more general drinkers, nor the Federal ban prohibiting inter-provincial traffic in liquor create a more general thirst. As matters now stand, therefore, His Worship—whose length of service in his present executive capacity must not be forgotten—has advanced what he supposes to be a strong argument for added municipal revenue and an unspoken plea for more effective prohibition legislation. Whereupon, convinced of its own view, our contemporary must provide His Worship with another reason why the civic treasury should be assisted.

WILL INQUIRE AGAIN.

Apparently Professor McCallum, Chairman of the Honorary Advisory Council of Industrial and Scientific Research, considers it worth while to make further inquiries into the possibilities ahead of British Columbia's high grade iron ores. He has now made a public statement to this effect, and it is gratifying to observe from it that he has not been prejudiced by the report of the British Columbia Committee, whose investigations—superficial or otherwise—led it to the decision that the feasibility of establishing an iron and steel plant of any considerable dimension on the Pacific Coast was doubtful. Dr. Stansfield, however, who carried out an exhaustive investigation differed from this view. He contended also that an electric smelting process could be undertaken with profit, although its measure of success would depend upon the cost of power. Professor McCallum's further inquiry may add other profitable information.

MUNICIPAL GOLF LINKS.

Sports enthusiasts on this continent long ago removed the libel on the Royal and ancient game of golf. It had been scathingly denounced by the more agile and energetic members of the younger generation as a pastime prefacing senile decay. Never did it take on the significance of a provider of civic revenue. It was as completely divorced from all suggestion of business as is the separation of the two poles. It is an encouraging fact, however, that Victoria holds the palm for the American continent in point of visitors to its golf links during the last twelve months. There is good reason for it. In no month of the twelve is it necessary to abandon the game. But the popularity of golf is fast increasing in this city. Its devotees are in a position to take out membership in either of the clubs—now running with virtually full lists—demand some other provision. As soon as that additional provision is assured added impetus to the game will follow. It is, therefore, gratifying to note that Victorians will have an opportunity in January next of voting in favor of a municipal golf links, in itself an attraction to the visitor and a new source of civic revenue.

One of the planks in the proposed platform of municipal reforms advocated by the Victoria Women's Independent Political Association is that clerical arrangements for the striking of a temporary balance sheet of the municipality's business should be made in time to permit the digestion of it by the electorate before polling day. If the present aldermanic bench is ready for judgment by its works alone, the husbanding of civic finances during the last twelve months might show to advantage alongside other achievements.

When an endeavor was made yesterday to test the feelings of the British House of Commons towards the retention of titles, the bill introduced by James H. Thomas, the well known Labor Member and Railwaysmen's Leader, whereby a peer could, if he so desired, give up his title and retain his membership in the Lower House, went down to defeat by 169 votes to 55. Apparently there are a few ancient usages destined to remain in Great Britain, the war and its lessons notwithstanding.

HIS FATHER'S FOOTSTEPS.

Theodore Roosevelt, Jr., in entering public life, has followed in his father's footsteps. His election to the New York Assembly this week reminds us that his father started his public career by election to the same legislative body in 1881. And a career in the Assembly has never presented a better chance for public service. The election of Theodore Roosevelt is another example of the success of the soldier as a candidate. Roosevelt's opponent happened also to be a veteran of the world war. And the issue in this case was not that between the soldier and "the stay-at-home." The soldier in office has become, as a result of the elections of this week, by no means a rarity. Public interest demands that former soldiers and sailors take an increasing share in the duties of public life. Only by the entrance of the soldier into politics can the principles for which our soldiers fought be permanently impressed on our political life. The standard of the public service in future will depend on the measure with which those in future will be filled with the militant Americanism that was in the duties of public life. WINNIPEG ELECTION COMES AT CONCLUSION OF VERY KEEN FIGHT

(Continued from page 1.)

Want Majority
 With three seats assured at the last election, the Radicals are confident they can secure another five tomorrow and thus obtain a straight majority in the council, which is composed of the Mayor and fourteen aldermen. Prior to last year there were four Board of Control members, all elected annually. Only one of these was usually a Labor, and he was very often criticized by the Radicals for failure to support direct action methods regarding the grievances of civic employees.

A Contest
 For some years Labor members of the Council have stated that their aim was ultimately to obtain a majority in the Council, and last year, when the Council decided that civic employees must not allow their organization to affiliate with outside bodies, meaning the Trades and Labor Council, the labor men on the civic board declared it must come to a straight fight between them and the rest of the Council for the right of the civic employees to organize and to affiliate with any organization they saw fit. It was this attitude which created interest in Saturday's election long before nomination day and long before any mention of prospective candidates had been made. In their final meetings the week the Labor men have made it clear that if they are elected the first thing they intend to do is to reinstate 150 or more employees who lost their jobs in the strike.

Withdrawals.
 Prior to nomination day, on November 13, there were chances of three-cornered contests in at least four of the seven wards. Two members of the present Council who were due to seek re-election, and who were opposed by Radicals withdrew from the fight when they were urged to do so by friends who believed they had a stronger opponent for radicalism. A third member of Council did this after much persuasion and a plethora of ward meetings which meetings were at times very boisterous. In all three cases the retiring candidates declared it to be solely the object of limiting the chances of a "Red Labor" victory that they had consented to withdraw. Two withdrawals were made the last minute, but one man declined to avoid a triangular fight. Meanwhile the labor candidates have stood together from the first round, and are now confident of victory. They were chosen at a local labor convention several weeks before nomination day, and from that time on have declared they were out to secure by constitutional methods what they failed to gain by striking last May and June.

Discussion of Strike.
 From Mayor C. F. Gray to the last Aldermanic candidate the burden of argument at the strike meetings has been the attitude. The first meeting Mayor Gray held was at Weston, where the C. P. R. shops are located. He went right into the men's dining hall, and told them, when they booed him, that he would "fight them like a dog." From that time on he has been questioned and cross-questioned on his strike attitude. The Mayor for personal reasons probably would not have run this year save that he wants his strike attitude vindicated. His opponent, too, has been freely quizzed on this issue, and declares he will reinstate every man that left the civic employee, and that the agreement which new employees must sign, to discountenance sympathetic strikes, will be immediately repealed.

LIQUOR COMMITTEES PART OF PLAN IN UNITED KINGDOM

(Continued from page 1.)

In Ontario.
 Toronto, Nov. 27.—Whisky will go up 15 cents a quart bottle on December 1. This announcement was made by J. D. Flavell, chairman of the Ontario Board of License Commissioners, who stated that the Canadian distilleries advanced their prices 10 per cent. about a month ago. The Board has been selling to the patrons of the Government dispensaries at the old prices because the stocks of whisky on hand had been bought at the old figures.

In Ireland.
 Dublin, Nov. 27.—The importation of many thousands of gallons of whisky from America as a result of prohibition there has caused alarm in the Irish distilling trade. War restrictions have greatly hampered the Irish trade. The distillers were prevented in the 1914-17 season from making the usual quantity of whisky. The next year they were closed down altogether, and even in the present year were only permitted to make a reduced supply. The prices, of course, went up, and distillery shares advanced on the stock exchanges.

At Lower Price.
 The American whisky can easily be sold at a lower price than the Irish article, and it is being freely taken up by the Irish retailers. One provincial bonder is said to have paid nearly \$200,000 in duty on his consignment. What the distillers are most afraid of is that the American spirits may be blended or "faked up," and sold as Irish or Highland whisky. One interesting fact stated in the Dublin papers is that at present no American whisky is sold in Dublin as such.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, November 27, 1894.

Dr. Hannington reports that Bishop Perrin is progressing favorably but that he is not yet out of danger.

Pettitewer, the full-back of the Victoria footballers, has kicked the leather for the last time. He has resigned and will play football no more. A number of counterfeit dollar and half-dollar pieces are in circulation in the city.

Collector of Customs Milne has a party of customs officers keeping a sharp lookout on the west coast for smugglers of whiskey. The Indians have been potlatching quite frequently of late and there is a well-grounded suspicion that the whiskey comes from Victoria.

Flynn, Great War Veterans' Association and Margerson schemes on the ground.

of total inability of Canada for the present to assume greater burdens and financial impossibility. He also pointed out that the committee had been composed of seven returned soldiers and eighteen others with ties and sympathies with the returned soldiers, yet the report was unanimous. As to widows, orphans and dependents, he did not think they had reached the maximum of what could be done.

As Far As Possible.
 Anything that imperilled the credit of the country would be disastrous. The \$40,000,000 recommended was as far as they could go at present.

High as his admiration for the returned soldier was, his regard for the future of the country was of greater moment. He justified the acquisition of the Grand Trunk Railway on the judgment of the best interested experts, as good business, and referred to the threat made by W. G. McQuarrie, M. P., of turning

him out of the constituency and said it had no influence with him.

Most Done.
 Canada had done more for her returned soldiers than any other belligerent country. He would lay down his representative task rather than imperil the country's interests and lay a burden on the citizens which they as a nation would be unable to carry out.

In answer to Comrade George, Mr. Stacey said he favored assisting men in any industrial producing line as soon as conditions permitted. Comrade Hookham said Great Britain was doing more for her returned men than Canada, and Comrade Bigelow quoted the United States to the same effect.

BADLY SCALDED.

Brandon, Man., Nov. 27.—Badly scalded as the result of a bursting pipe or flue in an engine, Engineer A. Cochrane, Fireman G. H. Gódin and Brakeman W. Gray were brought to a hospital here to-day.

F. B. Stacey, M. P., Speaks at Westminster Junction of Returned Soldiers

WORK AND PLAY FOR CHILD DISCUSSED

"Supervised Play" and "Vocational Training" at Welfare Exhibit Yesterday.

"The boys interested in athletics will not congregate in gangs around the street corners" was one of the trenchant phrases used by Mrs. H. W. Graves in the course of an address last night, advocating "Supervised Play and Recreation Centres." Mrs. Graves spoke under the auspices of the National Child Welfare exhibit which is being held at the First Congregational Church, and her remarks were followed with keen interest by a fair-sized gathering.

"Mens Sana in Corpore Sano."

The speaker defined recreation and emphasized its value, economically, in ensuring the training of strong healthy citizens. Competitive games taught the child to be energetic, persevering, prompt and resolute—important factors in success in adult life. Play supervision, she declared, also taught the child to submit to discipline in order to secure success, and formed one of the first steps to the best and highest development of the boys and girls.

Reference was made by Mrs. Graves to the experiment in play supervision conducted last summer, which, despite the opposition with which the pioneers of the movement had to contend, resulted in the appointment of three supervisors. The experiment fully justified the continuation of the work," said Mrs. Graves. That girls needed properly supervised recreation even more than boys was the contention of the speaker, who drew attention to the improper lung development of the average woman of twenty-five.

Tax Matters.

Most of the bigger cities had public bodies which worked for lower tax rates, with the feeling that a city with a low tax rate must be an economical city to live in. It is a glance over the items of any city budget would show that a low tax-rate city might be an expensive city in which to live, because one of the large items in the high tax-rate city would be found to be the schools. If the public schools were to be dropped off, the taxes would be reduced, but people, on the other hand, would have to pay for the more expensive education of their children in private schools.

In opening the discussion on the subject, Dr. Raynor stated that aldermanic candidates would be asked to endorse the movement at the next municipal elections. Rev. Hugh Dobson gave an interesting address on the subject "Employment of Children of School Age."

Vocational Training.

At the afternoon session, John Kyle, Superintendent of Technical Education for B. C., spoke on the necessity of vocational training for boys and girls. The discontinuance of the apprenticeship system in which boys or girls were bound to an employer by legal agreement for a certain number of years during which they were taught a trade, gave rise to the necessity for vocational training to fit the young people to take their place in the world of industry, said the speaker.

Attention to the subject of training for vocations had been forced on Canadians by the action of Great Britain, France, Switzerland, and the United States. Britain had increased her expenditure on training by over sixty per cent. The United States spent over \$5,000,000 last year on similar work, therefore the Canadian Government had passed a Technical Education Bill in order to encourage vocational training throughout the land.

A National Asset.

If Canada were to keep its place among the other nations, it was necessary that her people should be properly trained in industrial pursuits.

National wealth and power is determined by training, said Mr. Kyle. The country that fails to provide adequate education for its children will doom them to industrial subjugation by those children who come from countries where effective training is provided. It pays the nation to spend money on the work for individuals in proportion to the country's prosperity. Every man who through ignorance, lack of training, or by reason of any other hindering cause is producing only half as much as he ought to, by his inefficiency is making everybody else in the community poorer.

Wasted Opportunity.

Frank Giolma, M. P. P., who led the discussion, deprecated the lack of special training facilities in Canada. Her vast natural resources in the shape of raw material had to be exported because of the lack of skilled artisans to convert them into the finished products. The speaker displayed a woollen scarf which he had received from County Donegal, Ireland, just this week, quoting the invoice price there as about one-tenth of what the article would cost here. Why should not Canadian wool be made up in Canada in the same way by Canadian workmen, and the profit kept in this country. But men who would be engaged in such work are at present given no alternative but to take pick and shovel and go out as laborers on the roads through lack of specialized training.

Will Welcome Returned Brethren—The Odd Fellows, assisted by the Sisters of Rebekah have arranged a welcome of all returned men of the order in the Odd Fellows' hall, tomorrow evening, commencing at 8 o'clock. The entertainment will take the form of a concert and dance. The committee expects a large attendance.

*Over the hills in his big air ship
Merrily "Santa" will fly
Steering for Spencer's Big Toy Bazaar
To greet all the children gathered there
And join in their Christmas joy*

Yes, Santa Claus is Coming to Spencer's on Saturday in His Big Air Ship

Santa is keeping right up to date in all his engagements and, with the weather fine and everything right for flying, he will arrive above our big store on Saturday morning at ten o'clock.

Through us he sends an invitation to every boy and girl in the city who wants to see him in his big flying ship, to come and greet him on his arrival—and he is going to make it worth your while to come, as he will throw overboard a great number of packages and cards on his way to the store. Five of these packages will contain prizes worth watching for. The first prize will entitle the boy or girl who finds it to \$10.00 in cash, the second \$5.00, the third \$2.50, the fourth \$1.00 and the fifth 50¢.

Upon landing at the Willows after his half-hour flight over the store, Santa will be met by a coach and team of white horses and driven to the store once more, where he will formally greet all the boys and girls on View Street, presenting each with a little gift of welcome.

Should the weather not be favorable for flying on Saturday, Santa will arrive the first fine day. But of course he will let us know and we will announce it in our big advertisement. But if the weather is fine, get here on Saturday.

Yours truly

DAUGHTERS OF ENGLAND ACHIEVE SALE SUCCESS

Mrs. Shirley Smith, president, achieved a triumph for the Princess Alexandra Lodge, Daughters of England, both financially and socially, at the sale of work and tea yesterday afternoon in the L. O. B. A. Hall, Courtney Street. She brought the affair to a close last night by conducting a military five hundred drive. The sale was opened at 3 o'clock by District Deputy Sister Wilson who was presented with a bouquet of flowers by Mrs. Smith.

Mrs. Wyatt, Mrs. Summers and Miss Wyatt served tea; Mrs. J. Hiberson and Miss Vera Young presided over the candy stall; Mrs. H.

IN WOMAN'S DOMAIN

Local Person

Miss Barbara Hogk has returned to her home in Vancouver after being the guest of Mrs. Montzambert for the past few days.

Dr. E. A. Arthur, of Nelson, who was recently appointed traveling health inspector for the province, arrived in the city yesterday.

Miss Dorothy Langford, who has been the guest of Miss Gladys Peters, Esquimalt, for a few days, has returned to her home in Vancouver.

Capt. Hugh Peters, son of Col. Peters, of Esquimalt, left for the mainland on Tuesday, and will spend a few days in Vancouver before proceeding north.

H. B. Jackson, manager of the Hotel Vancouver, and formerly manager of the Empress Hotel, accompanied by Mrs. Jackson, is spending a week in the city. They are guests at the Empress Hotel.

Major-General Sir Charles Powell, K. C. B., who recently returned from Siberia, has left for the mainland after spending some days in Duncan. While in Siberia, Sir Charles acted as Commissioner for the British Red Cross.

The Victoria Harbor Marine organization will hold the second of its series of dances to-night at the Alexandra Club ballroom from nine till one. The programme of up-to-date music will be furnished by the Harbor Marine twy-piece orchestra under the leadership of G. Cracknell.

Mr. and Mrs. D. G. Marshall, of Vancouver, gave a reception and dance on Tuesday night at Lester Hall, in the Mainland city. Among the Victoria guests at the affair were Miss Peggy McBride, Miss Nita Bowker, Miss Monteth, E. Copas, W. Tolmie, Kenneth Raymur and E. Hambery.

Commencing their series of informal dances which proved such a popular feature last year, the Women's Auxiliary to the Army and Navy Veterans' Association will hold a dance to-night at the Carter's Hall, Courtney Street. Miss Elsie Hodgson, the general convenor, has been assisted by Mrs. Richards and Major Rowlinson in the preparations, and the affair promises to be most enjoyable. Mrs. Roberts' orchestra will provide the music, and a buffet supper will be served during the evening.

In the vestry of the First Presbyterian Church last night the Rev. J. Gibson Inkster solemnized the marriage of Stanley Reid Morrison, son of Mr. and Mrs. Lachlan Morrison, of this city, and Miss Lottie Hilda Briers, daughter of Mr. and Mrs. W. Briers, of Victoria. The bride who was given in marriage by her father wore a smart travelling frock of Copenhagen blue gabardine, with becoming black velvet picture hat, and carried a bouquet of pale pink carnations. She was attended by her sister, Miss Helen Briers, while the bridegroom was supported by Chas. H. Briers, brother of the bride. After a honeymoon spent in Vancouver, Mr. and Mrs. Morrison will make their home in this city.

WEDDED IN ENGLAND

Miss Dillingham Was Married Recently to Robert Laycock. The many Victorians who had the pleasure of hearing the well-known concert entertainer, Lillian Dillingham, when she appeared in this city last winter, will be interested in the following account of her marriage which took place on October 8 in England: "Considerable interest was evinced in the marriage, which took place at the Skipton Congregational Church on Wednesday morning, between Miss Lillian Dillingham, of Skipton, and Mr. Robert Laycock, of Prospect House, Kildwick. Miss Dillingham is well-known as a vocalist, and has rendered splendid voluntary service as a member of one of Miss Lena Ashwell's Concert Parties, in entertaining the wounded soldiers during the war. She only returned a short time ago from a tour of Canada and the United States, where she raised large sums of money for war charities. The officiating ministers were the Rev. L. H. Gaunt and the Rev. J. G. Sutcliffe. The bride was attended by Miss Gladys Laycock, Miss Lillian Alderson, niece of the bride, and Miss Lillie Astin, of London, as bridesmaids. Mr. George Mattock, of Skipton, was the "best man," and the bride was given away by her brother, Mr. Cecil Dillingham.

HARBOR MARINE DANCE

Orchestra of Organization Will Make Its First Public Appearance. The newly formed orchestra of the Harbor Marine yards will make its initial public appearance to-night. It will provide the music for the dance to be held in the Alexandra Club by the Harbor Marine Musical Organization. Dancing is to start at 9 o'clock and will continue until 1 o'clock.

The orchestra consists of twelve prominent local musicians, who have played in other bands and orchestras in this city. The personnel is as follows: S. Cracknell, leader; B. Zala, piano; J. Moffat, violin; J. C. Noble, violin; T. Angus, violin; A. Chesney, saxophone; Mr. Leader, banjo; W. Davison, cornet; S. Hook, cornet; G. Parker, clarinet; L. Moody, trombone, and N. Anson, drums.

Beautiful Women of Society, during the past seven years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

Looking For Valuable Brooch—The police department is now looking for a cameo brooch which was lost last night between Oak Bay and the city. The brooch belongs to an old family and is a very large one. The cameo, which bears the picture of a woman in a crinoline, works in a swivel in the brooch. The finder is respectfully asked to present the brooch at the detective department, police station.

Passed Worthless Cheques.—Last evening a man called at Terry's Drug Store, corner of Fort and Douglas Streets, and purchased goods amounting to \$125. In payment he offered a cheque for \$25. He received the difference in change. Later in the evening the same man called at the store and purchased goods worth \$13.50 and presented a cheque for the amount. The cheques were made out on the Royal Bank of Canada.

PROMINENT Y. W. C. A. PASSES IN EAST

Late Miss Charlotte Sutcliffe Was Well-known in Victoria. Local friends of the Y. W. C. A. will share, with the workers in this organization throughout the West in the regret occasioned by the death of Miss Charlotte Sutcliffe, General Field Secretary for Western Canada, who died at Hamilton, Ont., recently.

Miss Sutcliffe left her headquarters at Winnipeg on November 12 to attend the triennial convention of the Y. W. C. A. at Hamilton, and while there contracted pneumonia, which ended fatally. The late Miss Sutcliffe was well-known in this city, having been here as recently as May last, when she met the members of the Board of Directors of the local branch. She was a sister-in-law of the Rev. Mr. Adams, former pastor of the Metropolitan Methodist Church, and made many friends on her frequent visits during his incumbency at the local church. For fourteen years she was general secretary of the Dominion

FINED FOR HAVING LIQUOR

M. Halkett and J. Donegan were each fined \$10 in the police court this morning on a charge of having liquor in their possession in the Wilson Hotel. In giving his decision the magistrate remarked that he could not do otherwise than find the men guilty; if he did not there would be nothing to stop a man from obtaining a prescription and taking it to a room in a hotel and giving other persons a drink. J. Gilligan, who appeared on a similar charge, was dismissed by the magistrate. His Honor believed the evidence of the accused, who stated that the liquor he had was obtained by prescription.

NEW JUNIOR CHAPTER FORMED YESTERDAY

Mrs. H. L. Smith, Regent of "Sir Matthew Baillie Begbie" Chapter, I.O.D.E.

The "Sir Matthew Baillie Begbie" Junior Chapter, I. O. D. E., came into being yesterday afternoon when a number of girl pupils of the Sir James Douglas School gathered at the I. O. D. E. headquarters and formally organized as a junior chapter. Mrs. R. B. McMicking, organizing secretary of the Municipal Chapter, I. O. D. E., presided at the gathering and conducted the necessary formalities.

A brief history of the distinguished judge whose name the Chapter commemorates, was given by Mrs. McMicking. Sir Matthew was an eminent judge of British Columbia, holding that office from 1859 on Vancouver Island, and later the united colonies until his death in 1894. His statue graces the main entrance to the Parliament Buildings in this city, the companion figure representing Sir James Douglas.

Mrs. H. L. Smith, who as Miss Cory, was one of the teachers at the Sir James Douglas School, was elected regent of the Chapter and other officers were elected as follows: First vice-regent, Marjorie Pottinger; secretary, Kathleen Redgrave; treasurer, Winnie Hogg; standard-bearer, Helen Boyd. The motto adopted by the Chapter is the Shakespearean quotation, "Let all the ends thou aim'st at be thy country's thy God's, and Truth."

Each member was presented with the badge by Mrs. McMicking, who explained the constituent features of the badge and of the Union Jack. The Chapter will meet at the headquarters on the second Monday in each month at four o'clock.

A. C. FLUMERFELT ON UNIT ADJUSTMENT OF LABOR UNREST

Replies at Rotary Club Today to Criticism of Times Editorial

A tax on bachelors to remove any inequality in his proposed system of a unit system as the basis of industrial justice, was advocated before the Rotary Club to-day by A. C. Flumerfelt.

It will be recalled that Mr. Flumerfelt's proposals for the solution of the industrial unrest problem were questioned by The Times in an editorial Tuesday, which asked how he proposed to deal with a man who had a large family, but whose wage was fixed entirely on his ability to perform a certain work.

"It is not the intention of the Victoria Rotary Club to attempt to solve the question of industrial unrest," President J. F. Scott remarked. "We were simply asked to discuss the question and suggest solutions."

Standardizing Gold Values. "Instead of standardizing wages we should standardize the value of gold or a fluctuating principle," asserted A. C. Flumerfelt, the chief speaker. "This would help to overcome some of our present disabilities. As for concrete remedies for the present situation I would suggest first, a co-operation of labor and capital, and, third, a basis on which to commence a unit upon which the unit wage would be fixed.

Tracing the growth of the human species, Mr. Flumerfelt pointed to the beginning of compulsory labor, and observed that it still existed in Russia. As for compelling labor the greatest example was in the recent war. Then, again, there was free labor which commenced in the sixteenth century. Men thus got from the point where they simply lived and ate and slept, into a great intricate system of each one depending on the other.

DON'T NEGLECT A RHEUMATIC PAIN

Buy and keep handy a bottle of pain-relieving Sloan's Liniment

YOU need it when the unexpected rheumatic twinges start—the pains and aches following exposure—stiff joints, lumbago, sore muscles, stiff joints, neuralgia. Forget all about buying another bottle and keeping it handy, didn't you? Get it to-day—play safe—you may need it to-night!

This famous counter-irritant penetrates without rubbing and scatters the congestion. The pain or ache is soon relieved, leaving no plaster or poultice roughness, no stained skin. Thousands of regular users keep it handy for emergency—they don't suffer needlessly. Three sizes at all druggists—35c, 70c, \$1.40. Made in Canada.

might be made to contribute to the wealth of the world. All honor to the man with six children! He is doing far more for the race than the man who has no children! But there is no way of basing a scheme on a numerical principle. The unit principle may not be perfect, but it is being considered seriously all over the world, and is coming more and more into favor.

Profit Sharing. Regarding profit sharing Mr. Flumerfelt observed that there were a number of schemes whereby profit sharing would be established. In the first place, there must be a fair compensation for capital invested, and again, there must be ample provision for overhead expense. Otherwise the concern would fail, and both capital and labor would suffer.

Between Two Worlds. Labor wants money to provide for the necessities of life and in that it is quite right. If industry is not willing to give that then there should be some tax on capital to help the condition of labor," Mr. Flumerfelt said.

Other Speakers. The necessity of education in solving the world's problems was emphasized by James Beatty, who also asserted that "Red" agitators should be rigorously put down.

W. H. Saunders, president of the Ayrton Saunders Wholesale Drug Company, of London, England, who was present, said that his company had never experienced any industrial trouble. One of the methods adopted was the formation of a workers' association which met weekly in company's time to suggest changes in the business either for their good or the good of the company. Secondly, there was a welfare lady who looked after the welfare of all female employees. As a result of these methods, the staff refused to become organized as a union. Mr. Saunders attributed this success solely to the fact that the firm realized that the interests of labor and capital were mutual.

OBITUARY RECORD

The remains of the late Mrs. Ada Wood were laid to rest in Ross Bay Cemetery yesterday afternoon, service being held at the Sands Funeral Chapel at 2.30 o'clock. Relatives and many friends were present, and members of Primrose Lodge No. 32, Daughters of England, turned out in a body to pay their last respects to an esteemed sister. Rev. Robert Connel conducted the very impressive service, and the hymns sung were "Abide With Me" and "O God, Our Help in Ages Past." The casket was covered with many beautiful flowers. The following gentlemen acted as pallbearers: J. Farall, H. King, F. Morrison and J. Farrell. Worthington President Sister S. J. Weaving, assisted by Vice-President Sister W. Corbett, Past President Sister Stafford and Chaplain Sister Carter, read the burial rites at the graveside. The hymn sung by the sisters was "Forever With the Lord."

The funeral of the late Mrs. Elizabeth Annie Stokes took place yesterday afternoon, the cortege leaving the Sands Funeral Chapel at 12.45 o'clock; fifteen minutes later service was conducted at St. Barnabas Church by the Rev. N. E. Smith. The hymns sung were: "Safe in the Arms of Jesus" and "Abide With Me." The service was largely attended by relatives and friends, and the numerous beautiful flowers testified to the high esteem in which the deceased young lady was held. The pallbearers were: T. S. Mackie, J. Lippott, W. Merriman, J. D. W. Hanbury, D. Gray and J. A. Naughtan. Interment was made at Ross Bay Cemetery.

VANCOUVER ISLAND NEWS

Engineers Pass Exams. The successful candidates for certificates as stationary engineers at the examination held at the Nanaimo Court House on Monday and Tuesday were: Robert Tait, South Wellington, third class; A. L. Perry, Nanaimo, third class; M. Laird, Cassidy, fourth class; R. W. Johnstone, Coombs, fourth class.

Concert at Ladysmith. The first of a series of sacred concerts was given by the Canadian Collieries' Band in the Rialto Theatre, Ladysmith, Sunday evening, and was a success in every respect. The theatre was crowded to the looms, and the band will be considerably better off financially than before the concert. Being the first of the series, there were a few things that could be criticized, but as a whole the opening concert augurs well for those that are to follow.

Several items were given by the band, which exceeded the usual and were greatly appreciated by the audience. The band has not been organized very long, but it is to be congratulated on the showing it made last Sunday.

The music by the band was supplemented by vocal solos, duets and anthems by the choir. The vocal items were ably accompanied by Miss M. Ross.

The concert which the Vancouver Veterans' Concert party will give in the Nanaimo Opera House on Friday night, should be one of the best heard in Nanaimo for some time. The party includes some artists of exceptional talent. Mrs. William Hudson is a contralto with Queen's Hall reputation, and toured the English provinces as a principal in several concert parties. Sidney Nicholls was principal tenor in the Canadian Military choir in London, and this itself is a sufficient recommendation of his musically qualifications. William Hudson was, with the Moody-Manners Opera Company, one of the best opera companies in the United Kingdom. With three such principals the concert should prove a real treat to music lovers.

Strangers' Rest Services.—Mr. S. P. Miller and members of the Men's Corner Club will conduct the service at the Strangers' Rest to-night. To-morrow evening Rev. W. West will have charge. Interest in these services is increasing.

REAL FORCE IN LIFE OF CHINA

Dr. W. E. Macklin, Known as Savior of Nanking, Left Yesterday

Dr. W. E. Macklin, because of his services in China's civil war, known as "The Savior of Nanking," and decorated by the president of the republic, left yesterday for his fifth period of service in China. A writer in the January World Call describes the doctor under the caption "Six Hobbies and a Family."

As peace-maker during the revolution of 1911 he organized the Red Cross work and cared for the wounded and also acted as intermediary between the opposing forces.

Prevented Looting. In 1913, when Nanking was attacked a second time, by his personal intervention he caused the looting of the city to be stopped. For this he is called "The Savior of Nanking."

Translation is one of the doctor's greatest hobbies. It has been said that he can speak the Chinese language better than the Chinese themselves! Believing in the value to the Chinese of Christian literature and books that tell of the progress of civilized nations, he has translated some of the greatest works: Motley's "Rise of the Dutch Republic," Green's "History of the English People," Swiss Life in Town and Country, Life of Thomas Jefferson, Life of Christ by a Layman, Henry George's Progress and Poverty.

A Canadian Born. Dr. Macklin was born in Ontario in 1860. He graduated from Toronto College when nineteen years old; practiced for a time in Poplar Hill; went from there to the New York Polytechnic and left behind him the reputation of being their "best all round man."

A BEDTIME STORY

Uncle Wiggly and the Frozen Apple. Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Um! Yum! What smells so good," cried Uncle Wiggly, as he hopped into his hollow stump bungalow one day, after having been out in the woods gathering chips to help Nurse Jane build the kitchen fire. "Why I guess you must smell the apple dumplings I've been baking," spoke the muskrat lady housekeeper. "Have you really been baking apple dumplings," asked the rabbit gentleman. "Yes," was the answer. "Here they are," and Nurse Jane lifted up a white cloth that covered something on the table. "Um! Yum! Yes, that's it, the same dandy smell!" exclaimed Uncle Wiggly. "Oh, how I love apple dumplings!" "Well, I made some for your dinner, and also some baked apples," went on the muskrat lady. "I'm just taking the baked apples out of the oven now."

And when she opened the oven door such a delicious smell rushed out that Uncle Wiggly's pink nose twinkled twice as fast as a roller skate. "Baked apples and apple dumplings!" the bunny cried. "Why all this extra scrumptious deliciousness Nurse Jane?" "Because Thursday is Thanksgiving," replied the muskrat lady, "and we always have things a little extra on that day. "So we do," said Uncle Wiggly, "I had almost forgotten. But it doesn't seem right, Janie, for us to have so

many good things all by ourselves. I wonder if we can't share them with some one."

"I know you'd say that!" laughed the muskrat lady housekeeper. "I was ready for you. I'm going to put you up a little basket of apple dumplings and some hot baked apples, and you may take them to your friends."

"I will," cried Mr. Longears. "I'll take Uncle Butter, the goat gentleman, some, and some to Mr. Whitewash, the polar bear and I am not going to forget Grandfather Goosey Gander, either. He likes baked apples." So Nurse Jane fixed up a basket of good things for Uncle Wiggly to take to his friends, wrapping the apple dumplings in napkins and putting the baked apples in dishes, so the juice wouldn't run out. "Now, I'm all ready for an adventure!" cried jolly Uncle Wiggly, as he started from his hollow stump bungalow. "Well, I hope it won't be like the picture fox you saw in the movies last night, and thought he was real!" laughed Nurse Jane. "Oh, I won't make a mistake like that again," declared Mr. Longears. So he started off over the fields and through the woods with his basket of baked apples and apple dumplings. Soon he came to the house of Uncle Butter, the goat gentleman, who was very glad to get a baked apple and a dumpling. Then some of the good things were left at the home of Grandpa Goosey Gander, who thanked Uncle Wiggly and Nurse Jane very much. And then with one apple dumpling and one baked apple left in his basket Uncle

Wiggly started for the Jack Frost ice cave where Mr. Whitewash, the polar bear gentleman, lived. The weather kept getting colder and colder as Uncle Wiggly hopped along, and only that he wore his fur overcoat the bunny would have been frozen. Of course the nearer he came to the ice cave where the polar bear lived the colder it grew.

All of a sudden, when Uncle Wiggly was almost there, and he was thinking how good the hot apple dumplings would taste to Mr. Whitewash, all at once out from behind a tree jumped a bad old wolf. "Oh, ho! Oh, ha!" growled the shaggy old wolf. "I am just in time I see."

"In time for what, if you please?" asked Uncle Wiggly. "In time for your souse," grumbled the wolf. "You are a little late, but better late than never! Stand still."

"You've got to have a baked apple whether you want it or not," cried the bunny. And as the hard frozen apple struck the wolf on his soft and tender nose, he cried: "Wow! O this is too much for me!" and away he ran, not hurting the baked apple was frozen. Throwing it at the wolf didn't hurt it a bit, and after it was thawed out Mr. Whitewash ate the apple and the dumpling too.

So everything came out all right, and if the potato pudding doesn't fall out of the ice box when trying to skate with the milk bottle I'll tell you next about Uncle Wiggly and the wood pile. now, while I bite some souse off your ears!" "Oh, please don't do that!" begged the bunny. "Yes, I shall," howled the wolf. "Oh, if you'll let my souse alone I'll give you an apple dumpling," begged the bunny, reaching in the basket and feeling around for the dumpling. He knew he could get another for Mr. Whitewash, but he couldn't get new souse for his ears so easily, if the wolf bit it off. "I'll give you an apple dumpling," said the bunny. "I don't like apple dumplings! I want souse!" howled the wolf. "How about a baked apple?" asked Uncle Wiggly. "I don't like baked apples either!" snarled the wolf. "I want your souse."

Just then the bunny's paw touched the baked apple in the basket and he found that it had frozen as hard as a stone. Quickly he took the hard frozen baked apple from the basket. As quick as a flash he threw it at the wolf. "You've got to have a baked apple whether you want it or not," cried the bunny. And as the hard frozen apple struck the wolf on his soft and tender nose, he cried: "Wow! O this is too much for me!" and away he ran, not hurting the baked apple was frozen. If Thin, Nervous, Run Down, Depressed, This Will Help!

The wear and strain of life has tended in recent years to produce nervous debility in a large percentage of our population. Thousands are affected with a feeling they can't exactly describe. They are always tired and droopy, lack ambition, have poor appetite, look pale and suffer from depressing headaches and insomnia. This condition is full of peril. It is the stepping stone to invalidism, the beginning of a shattered constitution.

We advise everyone in this condition to take a good medicine at once and try to get well while yet there is time. Probably no better advice can be given than to use Dr. Hamilton's Pills, which have become famous in restoring the sick to good health. A general toning up of the system at once takes place. The whole body is vitalized by rich and purer blood. The appetite is increased, food is digested and naturally strength rapidly increases. Headaches go because the bowels are regulated and all wastes are carried off. There is no experiment about using Dr. Hamilton's Pills because they certainly restore the sick, as a trial will quickly prove. Just as good for the old as the young, and suitable to the needs of women and children. This grand family medicine should be in every home.

Four Years Without Rain.—After having experienced no rain for four solid years in Chili, a caller from South America visited the Victoria and Island Development Association to-day and asked for information about the rainfall in Prince Rupert. As the water in certain parts of Chili is all imported, he says it was cheaper down there to buy a bottle of spirits than water to drink.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid stomachs." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, which leads to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloating right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Blaud's Magnesia (in powder or tablet form—never liquid) is harmless to the stomach, inexpensive to use and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like Sterling on silver. It positively identifies the only genuine Aspirin—Headache, Toothache, Earache, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. The location of the proposed Fire Hall has never been discussed yet, but a member of the committee, who, by the way, has no property to sell to the municipality, merely spoke a few words trying to demonstrate that a corner of the Lampson Street School grounds would make a better site and would not cost anything.

His reasons were that this district is shaped very much like the roof of a house, the top of which is exactly at Lampson Street School, and from there the Fire Department would have a clear run down grade on either side.

It is further pointed out that the Constitution of the Association prohibits any business dealings between the municipality and any executive member of the Association, consequently it would be impossible for a committeeman to sell to the municipality as suggested by the letter referred to.

The Association was formed to protect the interests of the property owners and to see that they get value for their money.

BEHAVIOUR AT CONCERTS.

To the Editor.—The rowdy behaviour of a few ill-mannered youths at the G. W. V. A. band concert on Sunday last, to which Mr. Walker drew attention in his letter, "Harmony v. Hooliganism," was discussed fully by the executive committee and effective measures were decided upon to put a stop to such unseemly behaviour.

A strong force of ushers will be on duty and the first sign of disorderly conduct will be the signal for transportation of the culprits to the streets via the quickest and most forcible route. The G. W. V. A. band concerts are of the highest order, and it is the intention of the association to

see that patrons are not annoyed by hooligans.

This is intended as a warning to ill-bred youths who will be sore and sorry when they hit the sidewalk. No nonsense will be tolerated, and if the hooligans are anxious to learn how Fritzie fared at the hands of the Canadian Corps they will receive a practical lesson free of cost.

VICTORIA TEACHER AWARDED DEGREE

Ira Dilworth, of High School Teaching Staff, Honored By Harvard

Ira Dilworth, one of the most popular and respected of the teachers on the staff of the Victoria High School, has been awarded the Austin Scholarship while taking a post-graduate course at Harvard University. The scholarship carries with it an allowance of \$300, and is given for special ability in English. Apparently the announcement of Mr. Dilworth's success was made first in Montreal as the faculty of McGill, his old University, was first notified of the distinction won by one of its former students.

Mr. Dilworth is the son of the late Alderman Dilworth, and of Mrs. Dilworth, Simcoe Street. He attended the Victoria High School as a boy, and also took two years of the McGill University work here in the course later abolished by the B. C. University. His studies necessary for his B. A. degree he completed at McGill in Montreal. On his return he was appointed to the High School teaching staff, his subjects being English, Composition and French. At the school Mr. Dilworth quickly became perhaps the most popular teacher among the students, and his associates on the faculty. He was most active in promoting activities outside of the class room. Particularly well known was his association with the Camosun, the school paper, for which he worked indefatigably, his unselfish assistance to the patriotic societies, and his organization of a school orchestra and a glee club.

During the past summer Mr. Dilworth was granted leave of absence by the School Board in order that he might study at Harvard for the Ph. D. degree.

DANCERS HAD MERRY TIMES LAST NIGHT

Foundation, Victoria Shrine Club and Saanichton Held Dances

Three very successful dances were held last night and each enjoyed a very large attendance and an equal measure of success. The Foundation organizations held their first annual ball in the clubhouse and 350 people were in attendance. At the Alexandra Club the Victoria Shrine Club held another of its series of monthly dances and nearly 150 couples were on the floor. Out at Saanichton one of the happiest and prettiest dances ever held in that neighborhood was carried out in the Agricultural Hall. The large attendance which these dances attracted shows how popular the terpsichorean art is this winter in and about the city.

HIGH COST OF LIQUOR.

To the Editor.—I see it mentioned in the papers that a high authority has stated that \$150,000 is spent monthly on liquor for medicinal prescriptions, but fails to explain that purchasers at the Government store have to pay more than 300 per cent more for the same articles than they

This fact fully accounts for the very high figures, which perhaps the general public fails to take note of.

Used After the Bath Dr. Chase's Ointment Keeps Baby's Skin Soft and Smooth

Baby's skin troubles are generally caused by chafing and skin irritations resulting from friction of the clothing.

Baby's skin is tender, and if neglected these irritations of the skin develop into eczema. Everybody knows the suffering caused by eczema and the tendency of eczema to become chronic and spread over the body.

While Dr. Chase's Ointment cures eczema, it is always better to prevent such ailments, and this is why mothers use the ointment after baby's bath so as to prevent irritations and more serious skin troubles.

Powders clog the pores of the skin and are on that account a cause of skin irritation. Dr. Chase's Ointment, on the other hand, cleanses the pores and keeps the skin in healthful condition.

son, chairman of the organization, was master of ceremonies. The decorative features were unique. Along with the general color schemes of flags and bunting were intermingled such things as lacrosse sticks and rugby balls typical of the sporting activities of the organization.

At the Shrine Dance.

The Alexandra Club presented a very gay appearance as the couples whirled around to the strains of Turner's orchestra. Dancing concluded shortly after 1 o'clock. The success of the dance is due to the untiring efforts of the various committees. The entire dance and supper arrangements were looked after by men and they made a decided hit. The committees in charge were as follows: Floor committee, J. Hudson, W. H. Handley, R. J. Hurst, C. O'Neil, R. G. Morrison, Merrifield, Maynard, and Captain W. C. PROGRESS IN PLACING UNEMPLOYED AT WORK

The Employment Service of the Department of Labor reports that returns from the Dominion and Provincial offices of the Employment Service of Canada for the week ending November 8, show an increase in placements as compared with the returns of the preceding week. During the week 92 offices reported that they had referred 8,280 persons to regular positions, and that 6,757 of these had received employment. This represents an increase of 431 as compared with the previous week, when 6,326 persons were given employment. In addition 1,425 casual jobs were supplied as compared with 1,485 during the week November 1.

During the week 9,591 applicants were registered, of whom 710 were women and 8,881 were men. As compared with the 8,794 applications reported during the preceding week, these figures represent an increase of 887 applications. The number of vacancies notified by employers totaled 9,873 of which 847 were for women, and 9,026 were for men. This represents a decrease of 294 vacancies when compared with the 10,077 vacancies reported during the week ended November 1. Of the placements in regular employment 339 were women workers and 6,358 were men. The number of soldiers reported as placed was 2,649 or 37.7 per cent of the total placement.

Of the placements in regular employment twelve were reported by Prince Edward Island, a decrease of

three; 133 by Nova Scotia, a decrease of twelve; 401 by New Brunswick, an increase of twenty; 673 by Quebec, an increase of seventy-two; 1,010 by Manitoba, an increase of 253; 772 by Saskatchewan, an increase of eight; 785 by Alberta, a decrease of 232; and 794 by British Columbia, an increase of 160.

MRS. PANKHURST TO SPEAK HERE TO-NIGHT

At Royal Victoria Theatre on "Class Co-operation vs. Class War"

The Canadian Club and the Rotary Club are among the prominent public organizations which have taken boxes for the lecture to be given by Mrs. Pankhurst at the Royal Victoria theatre to-night. The eminent advocate and worker for women's rights will speak under the auspices of the Women's Canadian Club and the meeting will be open to the public. Her topic will be "Class Co-operation vs. Class War."

Mrs. Pankhurst comes not as a

notable figure in suffrage, but as an apostle to the women of America, preaching a gospel of warning against Bolshevism. Before the war, she might have been truly termed, "The English Suffragette Leader," but during the war and since, she has become greater than that—a leader of all women. She was in France when war broke out, resting there after a stormy term in Holloway jail, where she endured for the dozenth time the hunger and thirst strike she forced upon herself in the name of "cause." With the first gun of the war, Mrs. Pankhurst declared a truce in militant suffrage, left her refuge in France, went back to London and offered her services to the Government. It was during for the dozenth time the hunger and thirst strike she forced upon herself in the name of "cause." IS THE 'FLU' A NEW DISEASE?

Reappearance of Epidemic Leads to Discussion on Subject

The reappearance of 'flu at many points brings up the old question as to whether it is a new disease or a new form of some very common ailment. The general consensus of medical opinion is that it is a germ disease of a virulent type which first attacks the membranes of the nose and throat and then spreads to some vital organ where it develops very quickly and does fearful work.

The symptoms of 'flu are about the same as those of a cold in the head and for that reason it is now positively unsafe to let a cold go without attention. Treatment should be started as soon as the head starts closing up, the nose starts running or the sufferer starts sneezing. Let these conditions run for 24 hours and acute trouble is liable to develop, possibly resulting in an attack of pleurisy, pneumonia or kindred ailments.

If Grip Fix is taken when the cold is starting, relief may be expected in a single night. Even if the cold has reached the Grippe stage, 48 hours' treatment is usually effective. Grip Fix contains nothing but the drugs your physician would order, a full list of which is given on every box. It comes in capsule form, and in a night will relieve the closed up condition of the head, overcome the fever, allay the muscular soreness and tone up the system.

Be prepared. Have Grip Fix in the home. Be sure to get the original Reids' Grip Fix, it is on sale at all druggists at 50¢ per box.

GIVES DENIAL TO CITY TAX RUMOR

Treasurer Says Penalty Will Be Strictly Enforced After Saturday

The oft-discussed penalty clause which forces delinquent ratepayers to add fifteen per cent. to their payments after Saturday night, has had the effect of speeding up tax receipts in the City Treasury Department.

"While it is impossible to say at present just how the new penalty clause will affect the taxes, it is apparent that payments are being made so far, more rapidly than last year," City Treasurer Edwin C. Smith stated this morning. "Whether they will continue so one cannot foresee."

Mr. Smith denied absolutely the reports that the fifteen penalty clause would not be enforced when the time came. Rumors to the effect that the clause would simply be used to frighten people into paying their taxes but would not actually be applied have been rife among business men of late. The city is given no option in the matter but is obliged, under the Municipal Act, to penalize delinquents. And, Mr. Smith declares, there has never been a thought of failing to live up to the Act.

"Personally, I am opposed to the penalty clause," Mayor Porter observed this morning. "I take the stand that if we have a compulsory tax sale, as we did have this year, we should not also force people to pay their taxes by means of such a scheme."

CITY CONCLUDES TRAIL PROGRAMME

Excellent Results Have Been Accomplished on Small Appropriation

The city's programme of "trail" laying is practically complete now. With the exception of Burton Street, trails have been laid on all streets as authorized by the City Council at the beginning of the year. Considering the money at its command, the engineer's department has been able to get extraordinary results this year. A far greater mileage of "trails" has been laid than was anticipated, and the "quality" of the "trails" has been better. This work has been done almost entirely by men permanently in the employ of the city, scarcely any outside workmen having been hired.

There is little possibility of the city being able to provide a programme of improvements this winter to alleviate the problem of unemployment, Mayor Porter intimated this morning. His Worship pointed to the city's grave financial condition as revealed before the Municipal Revenues Commission recently and observed that every cent would have to be saved if ends were going to meet. Last year, he pointed out, the city had a large overdraft at its bank. This overdraft must be reduced this year. As a matter of fact the city had been able to keep well within its estimates in most departments and it would have to continue to do so. Under the circumstances it was impossible, so far as he could see, to provide any work during the winter save that connected with the building of soldier houses.

Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused the catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Peppermint (Double Strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar until dissolved. Take one table-spoonful four times a day. An improvement is sometimes noticed after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucous dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh of the middle ear. There are many people whose hearing may be restored by this simple, harmless, home treatment.

DISCOVER FLAW IN STADIUM PLAN

Plan of Athletic Organizations Would Make Batter Face Sun

A serious flaw in the plan for a stadium behind the Empress Hotel, as submitted by the athletic organizations of the city, has been discovered by City Hall officials. It appears that, according to this plan, the home plate in the proposed baseball diamond would face the sun during the largest part of the day—a circumstance which sporting authorities declare, would be fatal to good ball. This and the fact that the ground proposed by the athletic organizations would be somewhat cramped, has inclined the civic authorities to the scheme proposed by Alderman Patrick which contemplates the purchase of property on the south side of Belleville Street and the closing up of that highway.

City Engineer F. M. Preston is busy investigating all the various plans for the stadium, and is drawing up further diagrams for the benefit of the City Council. According to his estimate, a considerable sum of money would be required to level the grounds if grass is to be planted.

The civic authorities are informed that not only does the Roman Catholic Church object to the stadium plan on account of the proximity of the convent, but that the Empress Hotel management also may raise objections. These are some of the matters which the special committee of the Council will have to look into.

SEEKS TO BRING PRAIRIE PEOPLE HERE TOGETHER

Steps for the bringing together and entertainment of Prairie people spending the winter in Victoria are being made by Commissioner McAdam, of the Victoria and Island Development Association.

Mr. McAdam plans to work through the Prairie Club and possibly some other public organizations, as in former years. Not only will the Prairie people themselves support the move, but he believes that Victorians will, as they seek an opportunity to meet these sojourners. The Commissioner believes that great gatherings of Prairie people could be arranged for during the winter here, just as California resorts regularly hold Canadian picnics during the winter.

SAYS ART DUNCAN REFUSED POSITION

F. Hamby, Education Board Chairman, Buys Toronto Club

Toronto, Nov. 26.—The arena professional club was sold to-day to Fred Hamby, chairman of the board of education. Fred Hamby is an ardent follower, and will have several well-known sporting men identified with him in the venture. Officers were elected and the club is on the lookout for a playing manager. Art Duncan failed to accept the proposition made to him, and some other man will be offered the job.

The National Hockey League will be asked for permission to change name of the club to Tecumseh. Several amateur players will be approached and the club hopes to be able to line up about five new men. They are counting on keeping Den-

eny, Adams and Randall, of last year's team. The following officers have been elected: Hon. President, Dr. Noble; president, Fred Hamby; managing director, C. L. Querie; secretary-treasurer, W. F. D. O'Connor.

UNITED STATES TO TAKE FIRST STEPS ON OLYMPIC GAMES

New York, Nov. 26.—First formal steps toward America's participation in the Olympic games at Antwerp, Belgium in August, 1920, will be taken Friday night when the American Olympic committee will confer regarding entering of teams in the seventh Olympiad. Prior to the conference the committee and representatives of the leading sport governing bodies of the country will meet Colonel Osterreith, the Belgian director-general of sports, at a dinner at which plans for the games will be outlined.

Colonel Osterreith, who is chief of the United States military mission in the United States as well as a member of the committee on preparation for the seventh Olympiad requested an opportunity to explain in detail arrangements for the international meet, the first since the Stockholm games in 1912.

Roy Baker Too Good For Portland Man; McKinnon Wins at Vancouver

Joe Nestman Puts Skids Under United States Representative—Morgan Loses to Los Angeles Fighter

Joe Nestman, of the Gilmore Athletic Club, who after losing to Charlie Clark, of Victoria, at the recent Foundation fights, beat Moffat, the P. N. A. champion from Tacoma, put the skids under another fighter from the border at the tournament at Dominion Hall, Vancouver, last night. Nestman stacked up against Bud Fitzgerald, of Seattle, and three even rounds made a fourth round necessary to arrive at a decision. The aggressive tactics which Nestman gave a sample of in Victoria were shown by the Canadian in the last round and he hammered the Sound City boy enough to get a decision.

McKinnon, of Victoria, made a return to the ring game and met Tommy Ganna, of the Gilmore Athletic Club. The Victoria man appeared to be in perfect shape but did not have to extend himself to get a decision over the Mainland entry. Reg Jackson, Gilmore A. C., was returned winner over Mike Cooke, a Seattle boy. Mike Bowen, Seattle, had to bow to the prowess of Bill Bertram, of the Gilmore A. C. In the heavyweight bout Jerry Sharpe, Gilmore A. C., a big fellow standing 6 feet 6 inches, had it all over E. Green.

Mike Craig, Gilmore A. C., beat Mike Mitchell, of Seattle, in a fast bout. The winner had only a shade over his opponent at the finish. The Coleclough brothers, Jack and Harry, both won their fights. Jack beat Phil Duffy, of Vancouver, one of Shorty Richmond's proteges. Harry out-fought Frank Mathews, of Victoria. Both bouts were fast, and the boys showed all kinds of pep.

At Portland. The Victoria fighters who journeyed to Portland divided the honors fifty-fifty. Roy Baker got a decision over Ralph Underwood, of the Multnomah Club, but Johnny Morgan, who was giving away weight, lost to Gale Farquhar, a Los Angeles ringman.

Multnomah amateur athletic club, of Portland boxers won three of the four matches in which they participated. Boxers from Los Angeles, Spokane and Portland competed. The bouts resulted as follows: Ralph Underwood, Multnomah Club, lost to Roy Baker, of Victoria, B. C. Henry Smith, Multnomah, won the decision over Frank Lomgo, of Los Angeles A. C. Leo Bell, Multnomah, won a decision over Bud Stengel, Butler School, Portland.

Don Smith, Multnomah, won from Larry Shea, Butler School, Portland. Russel Kaufman, University of Oregon, won decision over Enoch Frayer, Spokane A. C. Johnny Manerude, University of Oregon, won from Walter Close, Spokane A. C. Gale Farquhar, Los Angeles A. C., won from Johnny Morgan, Victoria, B. C.

Told to Get Busy. Milwaukee, Wis., Nov. 26.—Johnny Dundee, western lightweight, to-night outpointed Charley White, Chicago, in a ten-round no-decision contest, according to ringside critics.

Dundee was the aggressor throughout. White was so inactive during the first half of the bout that the chairman of the boxing commission ordered him to "get busy." Baker's opponent at Portland is rated as the Northwest champion. Roy Showed the best form he has ever shown in the ring, according to a wire from the Rose City, and thoroughly deserved his victory.

An extra round was necessary before the Los Angeles man gained the decision over Morgan. In the opinion of many of the fans the Lady-smith boy should have had his hand held up and there was some hooping when the decision was given against him.

FLYNN AND KEELER IN TEARING SCRAP

Seattle, Nov. 26.—Fireman Jim Flynn put a crimp in the pugilistic ambitions of Willie Keeler to-night in the Elks' benefit show at the Crystal Pool, winning a decision from the shipyard boy in a tearing scrap. Fighting in a crouch, Flynn kept his jaw protected from the swings of Keeler's much-feared right hand, and stung his opponent with hard body punches. The veteran absorbed a world of punishment without batting an eyelid. He took everything that Keeler had to offer, and then waded in for more. Flynn had a plain lead and the decision was popular.

Steve Reynolds won the call over Jack Smith, a skyscraper heavyweight who had plenty of weight but no speed. The local fireman stopped a few tough ones himself, but did most of the punishing. Eddie Shannon showed a lot of class, polishing off Mike Pete without so much as trying. The Californian showed he was plenty good enough for a main event, displaying speed, cleverness and a wicked uppercut which rocked the battling coal miner in the clinches.

Eddie Jackson and Bert Forbes fought a rattling good draw. Forbes was the cleverer, but the red-topped Eddie was cool and quite ready to mix. In the curtain-raiser, Valencourt beat Sprawl.

SERIES HERE OR NO SERIES, SAYS PATRICK

Vancouver, Nov. 27.—President Frank Patrick says that unless the National Hockey League agrees to the proposals submitted by the Pacific Coast Association, providing for the world's series in the West next March, the hockey classic will be abandoned.

CADETS TAKE ANOTHER INTERMEDIATE BATTLE

By a score of thirteen points to nil the Royal Naval College beat the University School in an intermediate league rugby fixture yesterday. G. C. Grant refereed a keen struggle, although the score was rather one-sided. Gundill got over the line for the first try for the Cadets in the first half, but injured his knee in the effort, and had to leave the field. Ryall put the finishing touch to another effort which resulted in the ball being taken across the line before the whistle went for the interval, making the score eight nil. Mitchell crossed the line for the Cadets in the second half, Ryall being successful with the kick.

KITS BEAT VICTORIA.

St. Catharines, Ont., Nov. 27.—By a score of 19 to 5 St. Catharines Y. M. C. A. defeated Victoria Yacht Club, of Hamilton, in the semi-final of the Junior O. R. F. U., yesterday afternoon. The return game will be played in Hamilton next Saturday.

AROUND THE SPORT CAMPS

They are telling one on Jack Telfer, the A. and N. Veterans soccer man, Jack recently spent a holiday in Kamloops and was equipped with a parcel of post cards to write to his friends.

One was of the Provincial jail which he mailed to a short-sighted friend. "Oh, here's a picture of the hotel where Jack is staying," he remarked when he looked at the picture.

Jack Kearns says Dempsey would rather fight than eat. He meant Jack had to fight to eat.

"Yes, this stuff is all right," commented the old-time athlete as he looked over the elaborate gymnastic apparatus. "but I don't agree it's necessary. We got on just as well before the circulation of the blood and all those modern ideas were invented."

A story comes from San Francisco of a submarine volcano causing dense volumes of smoke to penetrate through the ocean.

There are two short cuts to fame. Choosing a rep team and boosting the Kaiser.

Both lead to about the same amount of satisfaction and popularity.

They want to slate Art Duncan for the management of the Toronto septette in trade for a man already under contract to the Pacific Coast League.

Toronto will never lose much for the asking. With amateur teams outbidding the professional promoters, it is not likely that Art or any other player will be released to another club.

YOU cannot understand the AutoStrop Safety Razor by looking at it in a store window or show case. There it looks like any ordinary safety razor, with its leather case, its silver plating, its dozen blades. Only when you get it in your hands, when you see the strop put through the razor, when you realize it cannot strop the blade wrongly, that the blade must stay sharp—then and then only will you realize the value of the little \$5.00 set marketed under the simple name AutoStrop Safety Razor.

It is on sale throughout the world. Wherever you are located you will find a dealer who will gladly give you this demonstration and you can see with your own eyes that this razor must give you efficient and economical razor satisfaction. In addition you have our guarantees of 30 days' trial and 500 perfect shaves from each dozen blades, but the demonstration offered you will show you how needless are these guarantees. However, they are there if you want them.

Vancouver Officials Already Working for Big Golf Tourney

Pacific Northwest Championship Next Year Will Be Staged on Greater Scale Than Anything Previously Attempted

Pacific Northwest Golf Association championships on a greater scale than anything previously attempted is the aim of the Vancouver golfers for the week of July, 1920, and the Mainland golfers have already started making preliminary plans for the big event in coast golf history. The tournament will be held on the links of the Vancouver Golf and Country Club, and it is claimed that the event will be the greatest in the history of the section.

This is said with all due respect to what splendid entertainments, in the shape of annual championships of the P. N. G. A. were put on, of more recent memory, at Spokane, Portland, Seattle and Tacoma.

Alex. R. MacFarlane, president of the Vancouver Golf and Country Club; J. E. Hall, and K. A. McLennan, recently visited Seattle in the interests of the 1920 championships. At a conference with the secretary of the P. N. G. A. there were outlined the programme for the championships and all the essential details for the meeting at the Burquitlan links.

Never did any club in the history of the P. N. G. A. ever make such a move so early in the game. But the Vancouverites have planned big for the 1920 meeting and they want all their details arranged early so as to realize the bigness of their movement to give the golfers of the Pacific Northwest the greatest golf show they have ever attended.

They have in mind such a publicity campaign as will bring entrants from all over the country, including many from California, along with, of course, those in the association district, which embraces Oregon, Montana, Idaho, Washington and British Columbia.

Entertainment of the visitors both at the links and in the city, is planned on a magnificent scale.

The fact that the championships will be held two weeks later than usual is due to the fact that the public schools of the district do not enter on their vacation period until that time. This will provide for the caddy question. The caddies will be taken to the links when the first golfers appear, and they will be cared for there in tent homes throughout the meetings. This is one of the details, for instance, that have already been worked out.

Other Details. Enlargement of the clubhouse for

entertainment of the visitors at dinner, dancing and in locker conveniences, is now under way. The transportation feature will be handled—as trying as it will be—in a manner that will take splendid care of all who attend the championships. This, in a measure, is only a rambling description of some of the details. There could be told how all official club connections will be severed that championship week, with the tournament committee taking over the entire management of affairs.

It would be remiss to overlook what the Vancouver Golf and Country Club is doing in respect to spending money to perfect playing conditions. The sum of \$15,000 is in the progress of being spent to make the links satisfactory and of championship character. Ten acres of land, adjoining the links, and paralleling the eighth and ninth fairways to the north, have been acquired. This protects the club's water rights.

Big Irrigation Plans. An irrigation system is being installed that will mean continuous water supply for the fairways and the greens. It will be completed by early spring. Many bunkers will be constructed during the winter and spring. Fairways will be widened and the roughs cleared so that the lost balls will not be nearly so numerous as they have been on the second nine.

A new eighteenth green has been built, not shortening the length of the hole a yard, a bit of reconstruction that will turn the present eighteenth over to purposes of practice putting during championship week.

From this it readily can be seen that the \$15,000 fund is being well spent. And, by the time these sportsmen have finished entertaining their guests that first week of July, there will be spent another considerable sum. All of which dollar-language is necessary, it seems, to convey in adequate manner just what Vancouverites are doing to make the 1920 championship of the P. N. G. A. go big.

GOES TO MOOSE JAW

NICK WILLIAMS

Portland, Nov. 27.—"Nick" Williams, former member of the San Francisco club of the Pacific Coast Baseball League, and later manager of the Portland and Spokane clubs of the Northern League, announced yesterday that he had purchased a one-half interest in the Moose Jaw, Sask., club of the Western Canada League.

Williams said that he would manage the Moose Jaw team and that he expected, because of the friendly relations between himself and the McCredie family, owners of the Portland club of the Pacific Coast League, that Moose Jaw club would be a "farm" for Portland players. "Bill" Speas, former Portland player, is to manage the Regina club of the Canadian League Williams said to-day.

Four basketball games were scheduled for Wednesday night at the Y. M. C. A., the first to start at 8.45. Owing to the Metropolitan team not turning up the game was defaulted to the Reformed Episcopal. The second Tuxis League game was between the "High Y" and Rustlers, the former winning with the score 29-14. The line-up for this game was:

"High Y"—J. Brindley, O. Harold, S. Moore, A. MacIntyre, G. Hemingway. Rustlers—H. F. MacDonald, J. F. MacDonald, C. Squire, F. Haigh, J. Hawcott.

Win For Huskies. In the House League two A series games were staged, the first being between the Huskies and Whisbangs, which was easily won by the Huskie team. Occasionally the Whisbangs got away to a streak of good passing, especially early in the game before the Huskies got started. The final score was 46-12, the thirteen seemingly being a hard luck point for the losers. Team line-ups: Huskies—R. Whyte, J. Wenger, T. Nute, S. Mackay, G. Corkie, T. Peden. Whisbangs—E. Dickson, A. Middleton, L. Pat, R. Yates, J. Stewart.

Exciting Game. The most exciting game of the evening was between the Dreadnoughts and Crusaders. The score at the end of the first half was tie at 17 all, and in the next half the Dreadnoughts managed to get a lead of two points on their opponents, winning the game with a score of 40-38. The team line-ups: Dreadnoughts—C. MacEachren, F. Hopkins, D. Capthorne, Archie McKinnon, A. Dowell.

Crusaders—F. Webster, J. Dowds, J. Buckets, W. Erickson, J. Leeming. The most interesting basketball games of the season are to be played Saturday evening, starting at eight o'clock, to a paid gate.

The first game is to be between a team from Duncan and a Y. M. C. A. 135-lb. team. This is to be a return game for one played at Duncan, where the local boys lost owing to a slippery floor and strange playing rules. They expect to make up for

that defeat when these teams meet Saturday night.

The second game is to be the league game between the Huskies and High School. This game will be about the best game of the season, and should be worth seeing.

MARTIN PACKS A REAL MULE KICK

Floored Opponent 12 Times and Won on K.O. in First Round

Detroit, Mich., Nov. 26.—Bob Martin, of Akron, Ohio, heavyweight champion of the inter-allied armies, knocked out Tom Riley, of Minneapolis in the first round of a scheduled ten-round bout to-night. The knockout came after two minutes and 41 seconds of fighting during which Riley was floored seven times by the 12 blows he received. The knockdown blows were right and left swings to the jaw, a left uppercut to the heart and left jab to the wind. Martin was untouched.

Another K. O. In another scheduled to go ten rounds, Frank Moran, of Pittsburg, knocked out Homer Smith, of Benton Harbor, heavyweight champion of Michigan, in the third round. Smith was floored three times in the final round.

Jack Burke, champion of the United States army forces that did not go overseas had the better of Jack Moran, of Detroit, in a ten-round heavyweight bout.

Martin and Burke have been matched to fight ten rounds at a place and date to be decided upon within the next fortnight, it was announced. The bout would decide the championship of the American army.

O'BRIEN RECOVERING.

Montreal, Nov. 26.—Joe O'Brien, half-back of the Montreal team, who was injured by a blow from the fist of Babe Burkhardt, of the Argos' team, during the course of a game here, was to-day operated on at the Western Hospital. O'Brien has been having trouble with his left eye since the accident, with the result that elevation of the bone under the damaged optic became necessary. He is progressing well.

ROVERS ELEVEN.

The line-up of the Saanich Rovers for Saturday's inter-mediate game will be as follows: Rhodes; Bridgen and Newman; Campbell, Lynn and Scott; Jackson, Bruce, Filton, Hopkins and Chester. Reserves, McDonald and Lindquist.

FOOTBALLERS HOLD ENJOYABLE SOCIAL

First of Winter Series of K. of C. Hut Attracts Good Crowd

The spirit of comradeship existing among the athletes at the K. of C. Hut was evidenced last night at an enjoyable social and dance held in the dining room. There were nearly a hundred present, composed of members of the soccer club, guests at the hut, and their lady friends.

From the opening of the programme the convivial spirit was uppermost, and a well varied programme was thoroughly appreciated. The Allan brothers and A. E. McNeil, members of the soccer club presided at the piano and dancing, songs and cards provided the entertainment.

Popular song choruses and army favorites were sung with great enjoyment by the party. An excellent supper was served. It is planned to hold the socials monthly during the winter.

A ringing cheer greeted the announcement received during the evening that Al McKinnon, one of

NO DECISION ON ALASKA SERVICE

Mary Scheduled to Operate to Skagway Until After Christmas

Officials of the British Columbia Coast Steamship Service state that no decision has been reached regarding withdrawal from the Alaska trade. The advertised schedule of the steamship Princess Mary is effective until after the Christmas holidays and for the time being no decision will be made concerning the future of the service. The Princess Mary reached Vancouver this afternoon from Northern ports and 105 tons of salted fish from Ketchikan. She will arrive here to-morrow to load 25,000 feet of lumber for Prince Rupert.

The steamship Princess Ena reached Vancouver yesterday with 350 tons of salted fish from Ketchikan. To-morrow the Ena will berth at the Outer Docks to load freight ex Oriental liners for the Mainland. The Princess Charlotte yesterday took out 6,000 cases of Japanese oranges recently delivered here for shipment to the East. The Princess Ena will clean up the freight in No. 1 shed which was discharged at the Outer Docks by the Japanese liner Katori Maru. This will leave a clear space in the warehouse for the handling of the 1,700-ton cargo due to arrive on Sunday by the N. Y. K. liner Suwa Maru.

The steamship Princess Beatrice was in port to-day from the North and will be hauled out at Yarrow's for overhaul. While the Beatrice is out of commission the Vancouver-Prince Rupert service of the C. P. R. will be maintained by the Princess Royal. The Royal left Vancouver last night for Prince Rupert.

EMPERESS OF RUSSIA ON OUTBOUND VOYAGE

Liner Will Embark Coolies at William Head Before Berthing Here

At 2 o'clock this afternoon the C. P. O. S. liner Empress of Russia, Captain S. Robinson, R. N. R., was scheduled to leave Vancouver for Victoria en route to the Orient.

The Empress of Russia is due to reach William Head about 8 o'clock to-night to take aboard 2,200 Chinese coolies returning to China from Europe. Special accommodations are provided in the ship for the housing of the coolies during the voyage across the Pacific.

On completing the embarkation of the coolies at the quarantine station the big C. P. O. S. liner will go alongside the Outer Docks here to pick up saloon passengers and mails, and is expected to clear at 11 o'clock for Yokohama and Hongkong via Tsing Tau.

In addition to her coolie contingent the Russia is taking out 800 saloon and second and third-class passengers. Including her crew the liner will have 4,000 people aboard when she puts to sea to-night for the Far East.

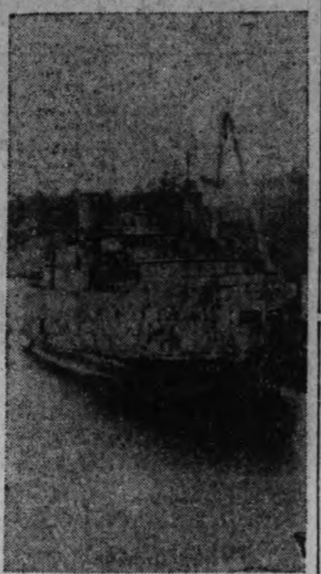

Monteagle Is Away. After taking on passengers at the Outer Docks the C. P. O. S. liner Monteagle, Captain A. J. Hosken, R. N. R., left at 10 o'clock last night for William Head, where she embarked 1,500 Chinese coolies. The Monteagle left the station about 3 o'clock this morning, and headed out to sea bound for the Orient.

Ixion in To-morrow. The Blue Funnel liner Ixion, Captain James Inkster, will clean up the remainder of the Chinese coolies stationed at present at William Head.

BIG CAR-FERRY IN ESQUIMALT DRYDOCK

Canora Hauled Out For First Time Since She Was Put Into Commission

After several months of continuous service on the Port Mann-Patricia Bay route, the Canadian National Railways fine car-ferry Canora, has

GULF FERRY CANORA.

been temporarily withdrawn from the Gulf run, the vessel now being in drydock undergoing overhaul. The contract for the cleaning and painting of the hull of the Canora is being handled by Yarrows, Limited.

The big car-ferry reached Esquimalt at 2 o'clock yesterday afternoon and no time was lost in floating the craft over the sill of the graving basin.

The Canora will resume her trans-Gulf sailings this week-end.

BEATRICE HAULED OUT.

The C. P. R. steamer Princess Beatrice was hauled out on the marine railway at Yarrow's, Limited, this forenoon for general overhaul.

NEW SERVICE TAKES DOLLAR TO ORIENT

Head of Well-known Line Leaves To-day on Liner Empress of Russia

The proposed Dollar Line service between the Orient and New York will be inaugurated by the company's new freighter Grace Dollar which has just put to sea from Vancouver with lumber for the Far East. After discharging her cargo in the Orient the Grace Dollar will load and steam for New York, but the company's regular service to the Atlantic seaboard will not be inaugurated until next summer. The offices of the Canadian Robert Dollar Line will remain at Vancouver. The extended service will mean that the five large freighters of the Dollar line—Melville Dollar, Essex Dollar, Grace Dollar, M. S. Dollar and Harold Dollar, will ply between Shanghai, Vancouver and New York. Captain Robert Dollare, the veteran head of the line, will sail for the Orient to-day aboard the Canadian Pacific Ocean Services liner Empress of Russia and will be away for six months.

While in New York recently Captain Dollar negotiated the purchase of waterfrontage for the construction of ship terminals to take care of the new service. The company proposes to build two double-decked piers each 900 feet in length.

Captain Dollar inspected the new freighter Grace Dollar at Vancouver prior to her departure this week for the Orient.

FRENCH GOVERNMENT DECORATES MASTER OF LINER ST. PAUL

The French Government has just conferred the Cross of the Legion of Honor upon Capt. Arthur R. Mills, commodore of the American liner St. Paul, and recently in charge of the U. S. S. Mongolia. The decoration was given to Capt. Mills for his splendid seamanship in towing the disabled French cruiser Jeanne d'Arc over 400 miles to a safe anchorage in the Azores last July, after having transferred the President of Brazil and his staff to the liner Imperator, bound to New York.

The whaling tender Gray, of the Consolidated Whaling Corporation, has cleared for Naden Harbor via bunker ports.

DOMINION

The great thrills which are inseparable from the motion picture work of William Farnum have been given in abundance in this star's latest photoplay, "Wolves of the Night," which will be seen here at the Dominion theatre to-day.

One of the most thrilling points in the story, it is conceded, is the great mine scene where Farnum, as the hero, is imprisoned in a mine through an explosion of dynamite intended to destroy him. His eventual escape in a crazed condition is certainly one of the most powerfully

graphic scenes ever enacted for the films.

Another hair-raising scene presented is a terrific fight by Farnum and three men who have plotted his ruin and have almost accomplished it. That such a promise would be fulfilled to the letter was not to be doubted by any one who has seen the William Fox star in a personal encounter against odds.

The romantic element is an important factor in the play.

VARIETY

"Oh, Boy," which is being featured on the Variety screen this week, is

said to represent the only really successful attempt ever made to translate to the screen the complete story of a modern, up-to-date "girlie-girlie" musical comedy hit. For from start to finish, "Oh, Boy!" is just one succession of laughter-provoking, ludicrous, farcical situations, yet maintaining the romantic story of the original musical comedy production.

ROMANO

In addition to the feature photodrama, "Inspiration," a five-part Metro production starring charming May Allison, which will be presented on the Romano screen to-day and for the balance of the week, a new and very exciting episode of the serial, "The Tiger's Trail," starring Ruth Roland, and a Harold Lloyd comedy will be shown.

This is a fine combination and promises the couple of hours of good entertainment for patrons of the Romano, who see the week-end programme. The concluding episodes of "The Tiger's Trail" are arousing the keenest interest and enthusiasm among the many admirers of the dainty and altogether dauntless Pathe star.

THESE TOYS MADE ONLY IN VICTORIA

Industry Here, Based on Novel Idea, to Become World Famous

Victoria is sending out to the world a new series of toys all based on what is known as the Hiller patent.

The series consists of scooters, coaster wagons, riding swans, riding horses, hikers and automobiles, all of which glide along the street or sidewalk propelled only by natural motions of the child's body.

The riding swans and horses derive their power from the weight of the child sitting in the saddle and the interchange of that weight as in actual riding between the saddle and the stirrups. The scooters, on which the child stands on the pedals, are propelled by the child throwing his weight first on one foot and then the other.

Famous Inventor.

The automobiles are also driven by alternating foot power which is distributed to both rear driving wheels by a modified form of the differential in a motor car. The steering is an exact duplication of that of a high-priced motor car. And the body model is of the 1920 style.

The whole factory and the output originated in the brain of Alfred Taylor, the inventor of forty patents now being applied in various parts of the world, who recently returned from overseas service, being a consulting inventor at Woolwich working on secret British war machines. His name is known as the inventor of the Taylor Fire Alarm, wool and hay press, hydraulic stump puller, potato digger, bicycle stand and a number of devices commonly used.

Everything Made Here.

The toy factory at Russell's Station, Victoria, West, is known as the Hiller Manufacturing Company of Canada, Victoria, B. C., and that inscription is on every toy sent out into the world. The concern is backed solely by Victoria men. Fifteen men, nine of them returned soldiers, are employed at the machines which turn out the toys. Everything down to the wire wheels, which are welded by a powerful electric press, is made at the Victoria West plant from raw material.

The output of the factory up until Christmas has been taken by the toy and departmental stores of Victoria and Vancouver. After that the factory starts on a large order to be shipped in knock-down form to Australia and New Zealand.

Stuck by Victoria.

As the operation of these toys is based on a new mechanical idea the patent of which is held by Mr. Taylor, this is the only place in the world where they can be turned out.

"I could have got financial backing from the Provincial Government under the Industrial Commissioner, if I had started my plant in New West-
Victoria is my home and I want to make good here. The Government would not let me have its backing if I stayed here. But I stayed and a number of Victorians came in to support me."

The toys are all guaranteed for twelve months. Local dealers say that these Victoria made toys are the sensations of their Christmas displays this year and are proving the chief hearts desire that children are praying Santa Claus to bring them next month.

SCOTTISH CONCERT

Attractive Programme to Be Given By St. Paul's Choir at Semple's Hall.

The concert under the auspices of St. Paul's Presbyterian Church Choir, Victoria West, to take place to-morrow night in Semple's Hall, promises to be as great a success as all the former efforts of this organization. The tickets have been selling very rapidly, two members of the choir having sold over fifty each. The programme will no doubt be a very attractive one, with such well-known talent as the following: Mrs. Butler, contralto; Mrs. Baker, mezzo-soprano; Miss Peat, soprano; Miss Wallace, Highland dancer; Master Wallace, Highland piper. Capt. "Bob" Morrison will make a welcome re-appearance on the concert platform, and those who attend will get a treat in listening to Edmund Petch, who is singing at the top of his form. J. G. Brown will also appear as a soloist, as well as sing in duet with Mr. Petch. Jas. Walker, Victoria's Scottish elocutionist par excellence, is also on the programme and will entertain in his usual inimitable style.

This is to urge a ten-day test of a tooth paste which combats the film.
High authorities have proved it. Five years of tests have placed it beyond question. Leading dentists everywhere are urging its adoption.
Compare the results with your old methods, and let your own teeth decide.

Film Destroys Teeth

That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. Dental science, for many years, has sought a way to end it.
That film is what discolors, not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.
Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the major object in cleaning teeth is to keep them free from film.

Old-time methods fail to do that. Teeth still discolor, still decay, as millions of people know. The reason is that brushing does not end the film.
The film is clinging. It gets between the teeth, enters crevices and stays. Day and night, month after month, it is a potential source of danger.

Now a Way to End It

Science now has found a way to end it. Five years of tests have proved this. The way is now embodied in a dentifrice called Pepsodent. And we urge you to see what it does.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual method is an acid harmful to the teeth. So pepsin long seemed barred. But science has now found a harmless activating method. It is made use of in Pepsodent.

Now millions of teeth are daily cleaned as they never were before. Try the method ten days on yours.

Send this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean your teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Watch the results for a few days. Read in our book how they come about. Then decide for yourself what tooth paste you and yours should use.
Cut out the coupon now.

rison will make a welcome re-appearance on the concert platform, and those who attend will get a treat in listening to Edmund Petch, who is singing at the top of his form. J. G. Brown will also appear as a soloist, as well as sing in duet with Mr. Petch. Jas. Walker, Victoria's Scottish elocutionist par excellence, is also on the programme and will entertain in his usual inimitable style.

also Mr. Grey, the well-known tenor. In addition to the foregoing, the choir, with Mr. Brown as leader, will render several part songs, and a male quartette composed of Messrs. Petch, Stewart, Smith and Brown are also billed to contribute to the humorous end of the bill of fare. Mrs. Lewis Hall, who has charge of the choir and programme, will be the accompanist for the evening.

The Rev. Dr. Campbell has consented to preside as chairman.

LIKE ALL THE OTHERS.

Women's Ways

—are no more varied or peculiar than men's. One thing's certain, when it comes to a variety of bargains in clothing, a woman's opinion as to which is best is worth taking heed of. We've found this out since we started selling Coats, Suits, Dresses, etc., on the easy payment plan.

CONFERENCE AND ORIENTAL LABOR

Dispute Opens Gap in Japanese Delegation at Washington

Washington, Nov. 27.—(Canadian Press Staff Correspondent)—The thorny question of special treatment for Oriental countries is now before the International Labor Conference.

From the beginning the Japanese workers fought for the eight-hour day. They did not succeed, except in so far as underground miners are concerned.

Decisions Made.
At yesterday's session the principal decisions during the day were: Approval of the main draft of the unemployment convention and its reference to a committee.

Recommendation that with a view to their abolition states license private employment agencies charging fees. This was adopted by sixty-one to thirteen.

By Agreement.
Recommendation that recruiting of bodies of workers in one country with a view to their employment in another country should not be permitted except by mutual agreement between the countries concerned.

Insurance.
Recommendation that each state take steps to establish an effective system of unemployment insurance. This was adopted by sixty-six to three.

Migration.
There was considerable discussion over a resolution that the governing body of the International Labor Office should appoint a commission which, while giving due regard to the sovereign rights of each state, would consider measures for regulation of migration of workers.

Votes Yesterday.
Washington, Nov. 27.—At the session of the International Labor Conference yesterday, M. Guerin's amendment that the report of the unemployment committee be referred to the governing body of the International Office, was defeated by forty-one to thirty-three.

Young Burglar.
Quebec, Nov. 27.—Paul Tremblay, aged sixteen years, was sentenced in police court here yesterday to a term of three years in the St. Vincent de Paul Penitentiary for a series of ten burglaries. He robbed various stores in the city.

REPORT ON WORLD'S CROPS OF GRAIN

Washington, Nov. 27.—Bumper world crops of corn, potatoes, barley, rye, sugar beets and rice for this year are shown in estimates compiled by the International Institute of Agriculture at Rome, made public yesterday by the Department of Agriculture.

Wheat production in fourteen countries, excluding the Central Powers, will reach 2,040,500,000 bushels, 96.5 per cent. of the five-year average.

Rye, 169,414,000 bushels, 124 per cent. of five-year average. Oats, 2,805,736,000 bushels, 90.3 per cent.

Sugar beets, 10,344,000 tons, 114.8 per cent.

LONGEST RECORD AS FIGHTING MEN

Col. J. Leckie and Lieut.-Col. P. Anderson Back in Canada

Winnipeg, Nov. 27.—The Winnipeg Free Press carries the following from an Ottawa correspondent: "With what is the longest record of active fighting of any officers who served from Canada, two colonels who went overseas with the First Canadian Contingent and in September, 1918, were seconded to the Imperial service for Russia, have just returned home to Canada. They are Colonel Jack Leckie, with the D.S.O. and several French and Russian decorations, formerly of the 16th Battalion and later acting brigadier at Folkestone, brother of Major-General Leckie, commanding in British Columbia; and Lieut.-Colonel "Pete" Anderson, an original captain of the 9th (Edmonton) Battalion, who was captured at Ypres on April 24, 1915, and escaped from Germany on September 28 the same year.

As Inspectors.
"Three were eighteen officers and seventy-four sergeant-instructors sent from the Canadian forces in this expedition. They were not fighting under Major-General Ironside in the Murmann region or anywhere near Vitebsk. They were part of a forlorn Allied expedition which the British authorities sent north to instruct the Russian reserves after the revolution. Incidentally the Germans, who controlled the railroads in this territory, intended to make a submarine station at these points. At first they were working well within the Arctic but gradually they beat the German-Russian-Bolshevik back until they arrived in well-nourished, fertile agricultural country."

MANITOBA UKRAINIANS OPPOSE RADICALISM

Winnipeg, Nov. 27.—Ukrainians in Manitoba will combat radical influences and stand solidly behind the established laws and constituted authority. A resolution to this effect was passed at yesterday afternoon's session of the convention of Ukrainian citizens here.

Another resolution adopted declares that General Denikin is using the support of the Allied Powers for the subjugation of the Ukrainian nation, and urges the Allied Powers either to withdraw their support or direct their activities against the Bolsheviki alone.

WOODSTOCK, ONT., NOV. 27.—Asphyxiated by gas some time between Sunday night and Wednesday afternoon, Mrs. Joseph Daniel was found dead at her home here last night. She was in her eighty-seventh year.

BABY'S OWN SOAP

The flower-fragrant lather of Baby's Own Soap, is so skin-healing and so pleasant, that five generations of Canadians have adopted it as their Standard toilet and nursery soap.

Experience has justified this confidence, and because it is "Best For Baby"—Baby's Own Soap is "Best For You."

In the interest of your skin, insist on Baby's Own Soap. ALBERT SOAPS LIMITED, Mfrs., MONTREAL.

South Wales Supreme Court Bench. His Honor married. Miss Lawson (daughter of the late Thomas Lawson) and has a family of three children. In the United States in the early days of the last century a good heaver had become a kind of heirloom, and was handed down from father to son. For some strange reason it was considered to be rather frivolous and extravagant to be seen wearing a new heaver hat, and it was the custom when a man bought one to leave it in the store until the weather before wearing it, to "take the newness off."

Oak Bay Voter's List

The name of any assessed owner of property in this Municipality, who is not also the registered owner of the said property according to the records of the Land Registry Office, will not be placed upon the voters' list for the year 1920, unless said assessed owner shall make and file with the Clerk or Assessor of the Municipality on or before December 1st, 1919, a declaration in the form which may be obtained from the undersigned, who is also authorized to take such declaration. If you are the holder of property under agreement for sale or in any other manner than as the registered owner, the above declaration must be made regardless of the fact that such agreement for sale or other document may have been registered in the Land Registry Office.

McCallum, of the Provincial Department of Labor, to serve on the Commission, which will hold its first public sessions next month.

RELIEF REQUESTED FOR OVERBURDENED VICTORIA STUDENTS

Principals Ask Curtailment of Too Heavy Senior Matriculation Course

Curtailment of the curriculum of the Senior Matriculation course at the Victoria, Oak Bay, and Esquimalt High Schools is being sought from the British Columbia University by the principals of these three Island institutions. A letter describing the present onerous conditions and pointing out the hardships under which the students are laboring has been sent to the president of the University. An answer to these requests is expected in the near future. Ever since the fall term commenced it has been apparent to the school authorities and to the teachers of the High School that the work of the Senior Matriculation year was too extensive to be covered. In past years the Senior Matriculation work has always been considered very onerous, and this year the students are required to complete work which was eliminated from the Matriculation course last year on account of the influenza epidemic. In some instances it was necessary to complete the studies missed last year, but in the case of mathematics particularly, the whole ground had to be covered in order that the sequence of the course might be preserved. The result has been that various complaints regarding the length of the course and the too heavy study necessary to complete it have come to the attention of the school authorities. The teachers, too, it is understood, feel that it will be impossible for them to cover the course adequately under present conditions.

As a result, the principals of the Victoria, Oak Bay and Esquimalt High Schools have joined in requesting the University authorities to make such changes in the course as they may see fit. The elimination of some of the work to be covered near the end of the course is recommended, particularly in the subjects which are recognized to be the most difficult. It is expected that, when these conditions have been explained to the University, it will afford some relief with as little delay as possible.

Workshop on Fire.—Considerable damage was done to a workshop at the rear of the residence occupied by Justin Gilbert at 326 Douglas Street, at noon yesterday when an overheated oil stove set fire to a quantity of wood.

Soldier Training.—The Empress Hotel is one of the big institutions which has placed itself at the disposal of the S. C. R. in connection with affording returned men an opportunity of taking a practical course of training along various lines, and at present there are three men taking courses, one in the chef's department, one in the steward's, and one under the head gardener. Colonel B. M. Humble, the manager of the Empress, takes a keen interest in the welfare of the returned men and at present there are about twenty-five of them employed in different departments, and all are giving satisfaction.

INFLAMED GUMS—THE CAUSE OF TOOTH-BASE DECAY

Just as the strength of a building depends upon its foundations, so are healthy teeth dependent upon healthy gums. Permit the gums to become inflamed or tender and you weaken the foundation of the teeth. This condition is called Pyorrhea (Riggs' Disease). Loosening of teeth is a direct result. And spongy, receding gums invite painful tooth-base decay. They act, too, as so many doorways for disease germs to enter the system—inflicting the joints or tonsils—causing other ailments.

Pyorrhea (Riggs' Disease) attacks four out of five people who are over forty. And many under that age, also. Its first symptom is tender gums. So you should look to your gums! Use Forhan's, which positively prevents Pyorrhea if used in time and used consistently. It also scientifically cleans the teeth—keeps them white and clean. Brush your teeth with it. If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes. All drugstores.

HARRY PRICE CAUSES FRICTION IN PARTY

Ward One Conservatives and Central Executive at War Over Worker

Harry Price, former organizer of the Conservative Party in Victoria, and especially active in the McBride Government days, is the cause of trouble between the Central Conservative Association and Ward One Conservative Executive. At their last meeting, members of the Central Executive sent an ultimatum to Ward One that Mr. Price must be removed from the chairmanship and they stood adjourned until Ward One gave proof that this had been done. The Central Executive passed a long resolution declaring that Mr. Price's activity in the party now harmed the organization.

Last night the Ward One executive absolved Mr. Price, refused to accept his resignation and passed a resolution expressing "our disgust and dissatisfaction at the methods used by a number of members of a secret party organization." Mr. Price tendered his resignation to the Ward Executive after the Central Executive's action. Ward One investigated the situation, passing this resolution: "That this meeting of Ward One Conservative Executive, after full investigation and consideration of the allegations made by a few of the members of the main executive do hereby place on record our disgust and dissatisfaction at the methods used by a number of members of a secret party organization, and that we absolve our chairman, Mr. W. H. Price, from the insinuations; that no proof has been furnished our Ward that would justify the resignation of our chairman, and that the place on record of our full confidence in Mr. Price with whom we have lived and worked for over twenty-five years, and that we request him to continue in his office as chairman of Ward One Conservative Association, with the full knowledge that he is entitled to the thanks of the party for the splendid services he has rendered during the last twenty-five years."

Presentation to Constable.—A large portion of the police force gathered at the station last night to witness the presentation of a handsome mantle clock to Constable John McLellan, who was recently married. Deputy Chief of Police Thomas Palmer made the presentation on behalf of the force and expressed the hope that the new life would bring many blessings to Constable and Mrs. McLellan and that the best wishes of the force would be with them at all times. Constable McLellan thanked the force in very gracious terms for the kindness which had been shown towards Mrs. McLellan and himself.
