CHARGES AGAINST GRANVILLE H. HAYES

CAPT. IRVING CROSS-EXAMINED AT LENGTH

Counsel for Accused Fights Every Step in Case—Argument to Be Heard This Afternoon.

When the hearing of the second charge brought against Col. G. H. Hayes by John Irving of having procured from him \$24,000 on August 30th, 1900, by false pretences was resumed yesterday afternoon, Mr. Duff, counsel for the accused, commenced the cross-examination of the complainant, the only witness in the case.

In the course of this examination, Capt. Irving said that he first met Col. Hayes in the fall of 1898, and it was in July, 1900, that the subject of investing in the Nahmint (Hayes) Mining Company was broached. Witness went up to Alberni with accused to see the mine, and accused told him there were 70,000 tons of ore in the property, and showed him a report by Mr. Lee, a mining engineer, which bore out that statement. Accused told him there was a pending sale of the mine. Several figures were mentioned in regard to the proposed sale price, \$500,000 among others. Accused mentioned the names of Messrs. Clark and Osborne in connection with the purchase of the property.

Mr. Duff—Accused impressed you with the view that the mine would certainly be sold?

Capt. Irving—Yes, and before the promissory note for the purchase of the shares came due.

Mr. Duff—And if those expectations had been realized there would have been a very large profit in the deal for you both?

Capt. Irving—Yes.

Mr. Duff—The suggestion was that if you went into the purchase of these 10,000 shares you would double your money?

Capt. Irving—There was no suggestion about it. He said it was a sure thing.

Mr. Duff—You believed that this investment would bring you a large profit?

Capt. Irving—Yes, as Hayes was going into it with me. Continuing, witness admitted that he had made no secret of his investment at the time. He did not think he had told Mr. Lobbly that he had put \$25,000 into the mine; that would have been incorrect. He did not remember telling Mr. Pooly that he had invested \$25,000. He remembered Mr. Pooly warning him about the danger of mining investments. He did not remember telling Mr. Pooly that he knew as much about mining as most people. He could not swear that he had not said it, but he thought not.

Mr. Duff—Did you not say to Mr. Pooly that you were going to make \$100,000?

The witness—No, I do not remember saying that.

Mr. Duff—If Col. Hayes's statements and Mr. Lee's report had been correct the mine was a valuable one?

The witness said that unfortunately these statements were not true. He detailed the conversation he had with Col. Hayes on the road from Alberni to Wellington, which has been already published, and which led up to the joint purchase of the 10,000 shares for \$25,000. As they could not raise the money at once an extension of the alleged option over the shares at Portland was secured by the payment of \$1,000. When the promissory note for \$24,000 came due witness paid it. The 10,000 shares deposited by Col. Hayes as security for the note were handed to witness, who complained in writing to Col. Hayes. That was in March, 1901.

A lengthy argument ensued between Mr. Duff and Mr. Taylor, counsel for Capt. Irving, as to the production of the letter, which, however, was not forthcoming.

The examination being resumed, witness said that he had not then com-

THE ORANGEMEN WILL CELEBRATE SATURDAY

Programme of Events Arranged to Be Held at Nanaimo on July 12th.

The celebration of the anniversary of the Battle of the Boyne by the Orangemen of British Columbia will take place, as has previously been announced, on Saturday next at Nanaimo. It has been estimated that the number of Orangemen who will be present on that occasion will total not less than three thousand, of which it is expected there will be one thousand from Victoria.

Special transportation arrangements are being made. An early train will leave the Victoria Terminal & Sidney railway connecting with the steamer at Sidney, so as to allow the excursionists to reach Nanaimo in time for the procession, which takes place at 12 noon. Some 1,500, it is anticipated, will attend from Vancouver and vicinity. The Orangemen of the Terminal City, together with the brethren of the other lodges from Esquimalt, Central Park, Port Moody, New Westminster and Moodyville, will take the steamer Joan and City of Nanaimo for the Coal City.

It is expected that there will be six bands in Nanaimo at the time of the celebration. Besides the Fifth Regiment band of this city, the Sixth Regiment and the Boys' Brigade bands, of Vancouver, have been engaged, and in addition to these there will be the famous Esquimalt and Central Park fife and drum bands, while the Nanaimo silver cornet band will also participate.

A forecast of the procession has already appeared in these columns. After this event and the other formal exercises of the day are completed, the following programme of sports will take place:

- 1. 75-yard boys' race, 12 years or under; first prize, goods to the value of \$3; second prize, goods value of \$2.50.
2. 100-yard race, boys 16 years or under; first prize, a watch chain value \$3; second prize, pocket knife value \$1.25.
3. Girls' race, 18 years or under, 75 yards; first prize, goods value of \$3; second prize, house plants value of \$1.50.
4. Ladies' race, 75 yards; first prize, goods value \$3; second prize, goods value \$1.50.
5. Ladies' half-mile driving contest; first prize, 2 pair of children's shoes value \$4.50; second prize, a half-dozen silver spoons value \$2.50.
6. 75-yard race, for old men of the order, 55 or over; first prize, box of cigars value \$4; second prize, pipe and case value \$2.50.
7. Back race; first prize, special, \$5; second prize, pipe and case value \$3.50.
8. Running broad jump, professional, entrance fee 50c; first prize, cash \$10; second prize, \$5.
9. Running broad jump, amateur, entrance fee 50c; first prize, special, \$6; second prize, goods value \$3.50.
10. 150-yard foot race, professional, entrance fee 50c; first prize, watch chain value \$10; second prize, set military brushes value \$5.
11. Putting the shot, entrance fee 50c; first prize, \$7.50; second prize, \$5.
12. Traps, Blue traps, for ladies only, 75 yards; first prize, \$5; second prize, \$3.
13. Orangemen's race, any age, 100 yards; first prize, royal Arch pin value \$5; second prize, value.
14. Throwing the hammer; first prize, \$7; second prize, \$3.50.
15. 100-yard wheelbarrow race, handicapped; first prize, lamp; second prize, flowers value \$1.50.
Entrance to be made to Samuel Moore or D. Moffat on ground.
In the various contests there must be at least three entries or no second prize will be given.
The committee reserve the right to make changes in races if necessary.
No one will be allowed inside the ropes until any event is going on except the committee, the press, and those taking part in the sports and games. This rule will be strictly enforced by the committee.
Clerk of course, Anthony Anderson; starter, J. M. McKenzies; judges, A. C. Wilson, J. H. Scates and Wm. Forrest; ground committee, Alex. Matheson, Jr., and J. H. Scates; decoration committee, A. C. Wilson and R. Matheson.
The Nanaimo silver cornet band will give a grand concert, assisted by local talent, at the close of the day's sports. The following is the programme:
March—Imperial Edward..... Sousa
Nanaimo Silver Cornet Band.
Song—Selected..... Mr. Kelly.
Selections on Irish Airs..... Round Band.
Song—Selected..... Wm. Thomas.
Waltz—Wedding of the Winds..... Hall Band.
Song—Selected..... Evan Mills.
Pastorale and Polka—Twittering Birds..... Mr. Moran.
Song—The Sword of Bunker Hill..... Band.
Medley—Recollections of the War..... E. Beyer.
Evening Idylls..... Barnhouse Band.
God Save the King..... Band and Audience.

AT JAPANESE MISSION.

Miss Morgan Goes on Holiday—Mr. Ojama Leaves For Orient.

A meeting was held in the Japanese Methodist mission, Broughton street, last night for the purpose of bidding good-bye to Mr. Higustai, who has gone to Portland to continue his studies. Some of the boys going to Mount Sicker and to Steveston Fisheries were also given a send-off. Another farewell meeting was held the other day, when Miss Morgan left for a twelve months' holiday. Rev. Mr. Kalmazi, superintendent of Japanese missions, came down from the mainland to attend the latter event. Some beautiful presents were given by the Japanese to Miss Morgan, who thanked them in suitable terms. Miss Spencer, Misses Jones, Mrs. and Miss Sweetman, and others were present. Miss Sherlock will fill Miss Morgan's place. Early in June another send-off was given Mr. Ojama, in charge of the mission, who has gone for a four months' trip to Japan to visit his father and attend the Japanese mission for a time. Rev. Elliott S. Rowe, D. D., and Rev. Mr. Kalmazi, Miss Morgan and others were in attendance. Mr. Kanai, of 84 Douglas street, takes Mr. Ojama's place for the time. Fourteen students are expected on the next boat to study in Canada and the United States, these countries being now preferred to Germany for education.

Under the ownership of the Rev. A. Jepson, a local clergyman, a public house conducted on the lines of Earl Gray's scheme has been opened in Dover. No encouragement is given to the sale of alcoholic liquors, while the manager is paid a commission on the receipts from non-alcoholic drinks. The house is already popular. The profits from it Mr. Jepson intends to lay out in the purchase of an athletic ground for the younger generation.

A singular story has been related at a banquet at Chatham touching the death of a little girl named Florence. Mrs. Newman, who accompanied to dinner from Surrey, an elder brother of the girl told the jury that his sister, who was standing in front of the fire, gave a startled jump on hearing a heavy clap of thunder. Her cries thus came in contact with the flames.

Lawyer—You can see him for breach of promise, you know. Fair Client—Yes, and I want to get so heavy a judgment against him that he'll just have to marry me the second time!

DR. ELLICE BRIDGE IS STILL HUNG UP

LENGTHY SITTING OF COUNCIL LAST NIGHT

B. C. Electric Railway Co. Threaten to Withdraw Their Contribution—Bands and Other Things.

Last night's meeting of the city council was very lengthy. An enormous amount of correspondence was read, which occupied over an hour, and most of the letters were referred to committees or the officers of the council.

The band question also came up for discussion. The secretary of the Woman's Auxiliary (Mrs. Haswell) and the secretary of the Tourist Association wrote complaining of the action of the council in giving all their patronage to the City band of this city. The park committee reported that on Sunday last the band had consisted of only 19 men instead of 20, as agreed upon, and the aldermen looked at each other tentatively, and finally discussed the question of whether the absence of one player would constitute a breach of contract. When Mrs. Haswell's letter had to be dealt with there was a deep silence, finally broken by Ald. Graham, who moved that it should be laid on the table. Ald. Barnard, of the park committee, expressed the feeling of the board in regard to the question tersely and correctly. "The council," said he, "is up against it."

After much discussion, the city solicitor said that a contract had been entered into with the City band, and he did not think that any change could be made. Finally the report of the park committee and the two letters on the subject of the band were received and filed.

There was more trouble when the time came to consider the tenders received for the supply of gravel for street work. The condition that such gravel should not be taken from the foreshore within the city limits had not been published in the advertisement calling for tenders, and fear was expressed that some of the tenders might have fixed their price with the idea that they could get the gravel from the city foreshore. Aldermen were anxious that no injustice should be done, and the majority did not wish the tenders opened until this condition had been made clear. After various suggestions it was agreed not to open the tenders and to call for them again a week hence. When that decision was arrived at, a member of the public present got up, and waving his fist in the direction of the honorable body, declared that his tender would be no use to him as he had told people of its amount. He then stalked out of the hall in a gloomy mood.

The following report on a meeting held yesterday afternoon and signed by the Mayor was then read:

On the 10th ult., a letter was received by the council from the Hon. Mr. Archer Martin, asking the council to appoint a committee or a sub-committee thereof, to discuss the question of the inadequate supply of water to the high levels, and ascertain what remedy, if any, could be applied to this condition. This letter the council referred to me to arrange a convenient time for the conference. Accordingly a large and influential representation of the residents of the high areas of the city met the members of the council this afternoon at 4.30 o'clock. Hon. Mr. Martin and a number of other gentlemen addressed the meeting and pointed out at length the insufficiency of the supply. The effects of the shortage, its cause and the means to be taken to provide a sufficient supply formed the subjects of discussion.

After listening to the statements of these gentlemen it became evident that the situation is of such a nature as to call for prompt action on the part of the council. The condition fully met the time to work out, but it is clear that it is the duty of the council to do everything within its power to prevent the waste that is going on in the unmetred parts of the lower levels. This waste is alleged to arise in many instances from faulty plumbing, but principally from an abuse of the "sprinkling" privileges that have hitherto been granted to consumers.

With the view of curtailing this, it has been suggested that action be taken by the council to restrict and diminish the waste by dividing the city into districts and limiting the privilege of using city water for sprinkling lawns and gardens to certain hours of certain days in the week, instead of, as at present, to certain hours of every day.

It was pleasure, therefore, in recommending to the council that the first move towards the end desired by the department, that this suggestion be adopted, and that the council proceed without delay to take into its consideration the whole question of effecting such changes in the distribution of the water supply as shall effectually provide to the higher levels as satisfactory a supply as is enjoyed by the other portions of the city.

The following resolution, moved by Ald. Barnard and seconded by Ald. Vincent, was carried:

Resolved, That the area comprised within the limits of the city be divided into districts; the division being made with the view of increasing as far as possible the water supply to the higher areas of the city; and that advertisements at present appearing in the public press, regulat-

ing the hours in which city water may be used for sprinkling purposes, be withdrawn and other advertisements substituted therefor, providing that sprinkling shall be permitted on certain hours of certain days, in respect of each of the said districts, and not as at present within certain hours of every day, and that for this purpose a special committee be appointed to act in conjunction with the water commissioner to report to the council as to the districts into which the city shall be divided, and as to the days and hours of said days which shall be allotted to each district respectively, in which the privilege of using city water for sprinkling purposes may be exercised, and that the report of His Worship the Mayor be received and filed.

Edwin Palmer, secretary of the Union Club, wrote calling the attention of the council to the bad condition of the road and sidewalks of Douglas street, and asked that, in view of the fact that many prominent visitors to the city went to the club, and such a condition of the road would make a bad impression, something should be done. The communication was referred to the city engineer for report.

The finance committee recommended that a challenge cup, value \$50, should be donated as formerly to the B. C. Rifle Association for their annual shooting match, the cup to become the property of any competitor winning twice in succession. The report was received and adopted.

Accounts amounting to the sum of \$8,000 were passed for payment. Ald. Williams's motion for the improvement of Upper Pandora avenue by the widening of the road as to make it passable in winter was referred to the streets, bridges and sewers committee.

The report of the streets, bridges and sewers committee could not be submitted to the council as it had not been signed by a majority of the committee. The report dealt with various matters, including the recommendation that steps and a platform should be constructed at James Bay at an additional cost of \$5,000. This latter recommendation was the reason why some of the aldermen had not signed the report.

The Revenue By-law Amendment By-law, 1902, was then recommended for the purpose of altering clauses 26 and 21, dealing with the taxation of insurance companies. These clauses were amended so as to provide that life insurance and loan societies should pay \$50 tax every six months, while fire insurance, accident, fidelity, marine fire insurance, and other such societies should pay only \$10 for a similar period. The object of the big tax on life insurance companies is to catch those companies which are only represented here by occasional travelling agents from the other side, who contribute nothing towards the revenue. The amendments were made and the committee rose and reported, and the by-law was read the third time and passed. The council rose at a late hour.

PERSONAL.

A. B. Macintosh, Gov. travelling inspector of agencies for John Dewar & Sons, the famous liquor house of Perthshire, whose agents in Canada are the Johnson's Bay Company, is in the city. Mr. Gow's friends here in China, the Philippines, India and Australia, and thence back to England, via the Suez route.

H. G. Nash and wife, of Pincher Creek, Alberta; H. J. Kent, of Lincoln, Nebraska; Jas. R. Pringle, wife and daughter, of Calgary; John M. Spargo and wife, of Butte, Mont.; A. L. B. Tobitts, of Chicago, Ill.; J. Gilpin, of Toronto; and A. McKenzies, Mrs. L. Cameron, Miss A. Cameron, of Vancouver, are among the tourists registered at the Victoria hotel.

R. G. St. Clair, a mining expert, of Duluth, Minn., and R. Lea were among the arrivals by the steamer WIMPA from the West Coast yesterday. They are staying at the Dominion hotel.

E. B. Morgan, of Vancouver, S. D. Stewart, of Toronto, C. L. Deering, of Seattle, and H. A. Jacobs and L. R. Piper, of San Francisco, arrived at the Driad hotel yesterday.

Among this morning's arrivals at the Driad were: A. H. Newman, of Boston; H. J. Daven, of Nelson and Mrs. D. W. Davis and her two sons, of Dawson.

David Davies, of England, arrived in the city yesterday and joined his friend, W. H. Welsh, who recently arrived from Scotland, at the Driad.

M. Campbell, of Halifax, and John R. Scott, of Kingston, Ont., arrived in the city yesterday, and are staying at the Vernon.

R. Cunningham, proprietor of the Hotel Esplanade, Port Essington, is among the guests at the Dominion hotel. J. Reid, agent of the Mutual Life Insurance Company, of New York, is among those at the Dominion hotel.

Mrs. Thos. Redding and children, of Victoria West, are spending a brief holiday at Mayne Island. Jauncey Fowler, Lloyd's agent at Vancouver, is among the guests at the Driad hotel. J. A. Neway and G. A. Murray, of Seattle, are among the guests at the Victoria hotel. D. McDonald and wife, of Seattle, are at the Dominion hotel.

TIDE TABLE.

Victoria, B. C., July, 1902. (Issued by the tidal survey branch of the Department of Marine and Fisheries, Ottawa.)

Table with columns: Date, Time, Height, Time, Height. Rows show tide data for various dates in July 1902.

Has been in use for nearly sixty years. It is nature's specific for Children and Adults. It cures DIARRHŒA, DYSENTERY, CHOLERA, CHOLERA MORBUS, CHOLERA INFANTUM, COLIC, CRAMPS, SEASICKNESS, SUMMER COMPLAINT, AND ALL FLUXES OF THE BOWELS. Its action is Harmless, Reliable and Effectual. Relief is almost Instantaneous.

Given Up by Doctor and Mother. MRS. MAXWELL BARTER, Grand Cascadia, Que., writes: "I take great pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me and mine. A year ago my little girl, now nearly three years old, was attacked by Cholera Infantum. It was in the hot season and she was teething at the time. The doctor gave her up; in fact, I did so myself. "I finally decided to try Dr. Fowler's Wild Strawberry. I procured a bottle and it did her so much good that I got another bottle and by the time it was finished she was completely cured. As for myself, it has saved me from inflammation of the bowels several times. I always keep a bottle in the house and cannot recommend it too highly."

IRON AND OTHER THINGS.

We hear a great deal these days about the magnitude of the iron resources of British Columbia and the "great future" that is in store for us when we awake from our sleep and proceed to the development of the same within our own borders. There is little doubt about the wealth of our iron deposits; but we do not believe much is to be gained by the scolding campaign that has been inaugurated against British Columbians generally because they do not get up early in the morning and light blast furnaces and set them roaring "in our midst." Nor shall we concede that the day of our emancipation from the forces that appear to be hindering our development is likely to be hastened by misrepresentation. We have been told that the battleship Oregon was built at San Francisco from British Columbia iron and that the Nebraska, of the same class, the keel of which was laid at Seattle the other day, will also be constructed from the products of our mines. Upon these two matters there is, to express the case mildly, some doubt. The Nebraska, we take it, will for the greater part be a steel ship. Are they converting iron into steel and rolling steel plates suitable for ship construction work at Ironside? We doubt it. We are inclined to the belief also that the steel sheeting and the armor for the Oregon were imported from the East. We may be wrong in our assumptions, of course, and in such a case will be glad if we are set right. In any case, there is no doubt about the value of our iron deposits nor in regard to other facts in our favor as a prospective producer of iron and steel. The fuel and the fluxes are here in great abundance. The cost of transportation should be as low as at any competitive point. There remains simply the question of markets. The government bounty, if it were maintained at its present figure, might enable a manufacturer to enter the field of the United States. But the bonus is a graduated one, and it works itself out in a specified number of years. Nor can it be expected that the government will continue such encouragement indefinitely. Only capitalists are in a position to undertake the work of developing our iron mines and turning the ore into marketable iron and steel. It is useless, therefore, for any newspaper or any body of enterprising and public-spirited men to accuse the public generally of blindness and lack of enterprise in sitting calmly by and watching the application of our wealth to the creation of great and important industries in a foreign country. How many men are there in British Columbia in a position to buy up iron prospects, develop them, erect mills, refine the iron and put it on the market? Would it even be possible to form of local men a company sufficiently strong to carry out such an undertaking? All we can do is call the attention of capital to what our province contains. It is always on the lookout for an investment in which there is a promise of fair profits. If the field is favorable here we shall not long appeal in vain. If the market is not considered sufficiently promising, if the demands of labor are held to be unreasonable, or if any other unfavorable conditions enter into the question, we shall continue to feed the furnaces of

the United States until these obstacles are overcome. But we need not expect to close the sharp eyes of experts by misrepresentation. One fact stands out prominently: The wealth of Vancouver Island in mineral has been established beyond controversy. Our progress may be halting for a time, but there is no number of doubt that we shall shortly develop a rare turn of speed along the pathway of prosperity.

CHAMBERLAIN AND THE COLONIES.

Hon. Joseph Chamberlain, the strongest man in the British government, not even excepting the Premier, Lord Salisbury, completed his 55th year of life yesterday. Mentally his natural vigor has not yet abated a particle, and physically he appears capable of rendering many years of faithful service to the Empire in general and the colonies in particular.

It is unfortunate that at this time, when the Colonial Premiers are all assembled to take counsel together as to the first step necessary in order to reduce our chaotic empire to a condition bearing at least a semblance of order, that an accident which may place the Colonial Secretary on the shelf for a week should have occurred. But the fires of enthusiasm still burn brightly in the bosom of the statesman, and it is safe to assume he will remain no longer than is necessary from his important post. Mr. Chamberlain refuses to the full the difficulties that lie in the path of the Imperialist. There are timid spirits at home and selfish interests in the Colonies to be reassured and overcome before a great deal can be accomplished. The Colonial protectionist lifts up his hands and his voice and declaiming in tearful accents that he will be ruined if British goods are permitted to enter his preserved market is too freely. The timid croaker at home points to the menacing fingers of Germany and the United States and whispers that they will retaliate if a preference in the British market, be it never so small, be extended to Colonial products. It is needless to point out to those people that Germany and the United States have already done their worst. There is not a branch of British trade they have not done their best or their worst to capture or destroy. Not only so, but the German tariff applies to her colonies and trade between the parent state and her children is absolutely free and untrammelled. In the case of the United States a special tariff has been prepared for the Philippine colony. If retaliation were possible, what excuse could be offered for such actions? There is no doubt great difficulties must be overcome before even the first feasible step in the direction of a closer fiscal union can be taken. The prejudice of the Briton is strong, in some cases ineradicable. But the preference under the Canadian tariff, the Imperial penny postage scheme of Mr. Mulock and the unanimity and promptness with which the colonies came forward in time of trouble and not only played an important part in the South African war, but opened the eyes of and awed Europe by an unlooked-for exhibition of British power and solidarity—all these developments have caused a revolution of British opinion in regard to the colonies, and it may be public opinion will suggest the advisability of cherishing the hope and possible strength of the Empire of the future. The commercial hostility of these latter days is too apparent and too pronounced to be lightly regarded. Legitimate competition no British merchant or manufacturer fears. But the efforts of private firms are buttressed and seconded by the state. Private individuals are taxed for the benefit of the corporations which are carrying on the great commercial war. Apparently there are forces which only a United Empire can be expected to cope with. Therefore a union, the necessity for which is not so apparent now, may be finally forced upon us. The fact that foreign newspapers and public men do not view with approval the Colonial conference and rear all sorts of imaginary obstacles to its accomplishment of anything practical is fairly good evidence that whatever may be done will not be harmful to those principally interested. It is said the colonies ought to be ashamed of the manner in which they have so long continued to lean upon the arm of the Mother Country. Few of them have taken any measures for their own defence, and none to speak of has contributed a dollar to the cost of constructing and maintaining the navy. We trust that reproach will soon be removed. We know in the case of Canada it is being slowly removed, and that its almost entire removal is in contemplation. British soldiers are gradually disappearing from our shores. We are for the most part providing our own land defences. Under the scheme of Empire defence, which includes the preservation of every ship that flies the flag, British naval stations must be maintained in all parts of the globe. It will be an exceedingly difficult matter to devise a scheme in harmony with the modern idea of representation and control of expenditure which will include contributions to the cost and maintenance of the navy. But Mr. Chamberlain is the happy possessor of a faith which will remove mountains, and he will be ably assisted by Premiers who wish to preserve the self-respect of the people they represent. A way will be found out of all our perplexities, we doubt not. Therefore we wish the Colonial Secretary many happy returns of the day and may he accomplish the task

WATCH REPAIRING. Are your watch and other time-keepers reliable? If not, have them attended to at once. You may some day miss an important engagement. We undertake to repair any watch, from the cheapest to the most expensive. We use the best material, our charges are moderate, and we guarantee to give satisfaction. Estimates for repairs given free of charge. C. E. REDFERN, 43 GOVERNMENT ST., Established 1892. Telephone 118.

DRANK CARBOLIC ACID. Peter Edgar, Freight Conductor, of Tacoma, Commits Suicide in Presence of His Family.

The Vancouver newspapers are the most comically complacent journals in the world. The other day one of them was commiserating a neighboring city on its excessive rainfall. The following is from the World, and is not couched in ignorance but in sheer impudence: "Vancouver is the only British Columbia city that can offer residents and visitors the pleasure of sea bathing." There is sea bathing at Victoria all the year round, when the waters of the inlet are "drearily" from long-continued rains or when the adjacent lands are covered with snow. And there are people here who never miss their morning dip at any season of the year. Up the Gorge and at Cordova and some of the other numerous bays the waters are as warm as those of English bay, and the number of those who roll therein is increasing every year.

A booklet "The Eleventh Australian Tour"—just issued from the offices of Cricket, prints a story which was current in Australia some time ago: When it was announced that Australia was going to send a contingent to the war in South Africa, Kruger called Gen. Joubert and said to him, "I see that some people called Australians are coming over; do you know anything about them?" "I don't know much about them," replied Joubert, "but I am told on good authority that eleven of them beat all England a year or two ago, so that they must be a pretty good lot." "Heavens," said Kruger, "and they say that 5,000 of them are coming here."

There is one great, important and impressive trait in the American character. The spirit of patriotism is strong, broad and deep. The sight of the flag inspires enthusiasm and the sound of the "Star Spangled Banner" creates emotion. The nation is physically great and its patriotism is impressive. The strength and the spirit rightly directed may be a benison to the world. If they break bounds and become narrow and intolerant in proportion to their strength, millions may curse the day the great republic was born.

Tracy, the bold, has executed a flank movement, and all the deputy-sheriffs in Washington are for the moment non-plussed. The murderer is said to be heading himself and his armament for British Columbia. His proud spirit will become cowed as soon as it gazes through the eyes of flesh upon the Union Jack. It is never safe to prophesy and it would be unbecoming to boast, but we venture the prediction that if Tracy crosses the water Superintendent Hussey will take him without the firing of a shot.

An enterprising American is said to be buying up pulp wood limits of great extent in Canada. He is going to hold them until we are annexed to the States. Then his property will be of great value. No doubt it will. Here is a man of greater faith than Lipton, who proposes to challenge for the America Cup again next year, or of the Victorians who hope to live to see a new bridge built at Point Ellice.

PEARS TROUBLE. Sheriff Swears Out Warrants for Arrest of a Number of Strikers.

Harrisburg, Pa., July 7.—Sheriff Reiff swore out warrants today for the arrest of two strikers at Williamsport for inciting riot and interfering with his deputies in protecting non-union men going to and from work in the mines at Lykens and Williamsport.

THE SHERIFF'S SITUATION. The sheriff says the situation in the region is critical and that if there is another outbreak like that of last Wednesday, when he and his deputies were assaulted while protecting non-union miners, he will call on Governor Stone for protection by the militia.

THE SHERIFF RETURNED TO THE LYKENS MILL at noon to assist his deputies in arresting the strikers for whom warrants have been issued.

UNKNOWN MAN SHOT. Connelville, Pa., July 7.—During the night an unknown man entered the house of Lud Pritts, a mountaineer living near Rockwood, Pa., and proceeded to the apartments of his young wife, evidently supposing her to be alone. Her screams aroused her husband, who was in another room, and hastily grasping his Winchester, he shot the intruder dead.

THREE DROWNED. New York, July 6.—The wife of Capt. Tieman N. Horn, of the Fifty-ninth company, sea coast artillery, his daughter Frances, aged 7, and Miss Alice McMahon, of Nassau, N. Y., were drowned in Sandy Hook bay to-day.

Preserving season is now on and people of experience desire only the best jars, and will run no risk of losing half their fruit by buying the old reliable genuine Mason Jar, in 3 sizes, at Weylers.

Schaper & Reid, FASHIONABLE MERCHANT TAILORS (Successors to Campbell & Co.), 22 BROAD ST., OPPOSITE COLONIST. A Guaranteed Investment PAYING 20 PER CENT. PER ANNUM. THE SOUTHERN MUTUAL INVESTMENT CO.'S plain proposition—it costs no more to pay an amount to the living than to the estates of the dead. Kill the policy and pay the man, don't kill the man and pay the policy. "Living benefits." Investigate and enquire of JOSEPH PERSON, Manager, 24 Government St., Victoria.

FATAL QUARREL. Americus, Ga., July 7. A farmer named Gynes, residing on the Stappoy plantation near Americus, killed a colored farm hand, dangerously wounding a negro and was himself shot twice as the result of an altercation with the negro. Just as Gynes shot at the negro a woman got in range and received the load of shot in the abdomen. The negro wounded Gynes but the latter finally succeeded in killing his adversary. Gynes claims he acted in self-defence.

MYSTERIOUS DEATHS. Great Northern Railway Conductor and His Wife Found in Bath Tub.

Butte, Mont., July 6.—A special to The Miner from Grand Forks, N. D., says that Charles J. McCormick, a well known Great Northern conductor, and his wife were found dead in a bath tub by their son last night. The couple were in excellent spirits up to a few hours before their death, and various theories were advanced as to the cause of the tragedy. Physicians have found evidence of poisoning and a general belief is that the couple committed suicide. McCormick was one of President J. J. Hill's most trusted conductors, and was always chosen to handle the President's special.

COMMITTED SUICIDE. Chicago, July 7.—Theodore Oelfner, who yesterday murdered his wife and wounded his baby and a 17-year-old step-daughter, committed suicide in his cell at the police station last night with a rope made from his undergarments. Earlier last night the prisoner expressed sorrow over his crime, and about midnight was apparently dying. Oelfner's wounded baby was still alive to-day, but probably will not recover.

IF YOU PAY. Too much for a good thing you lose something; if you pay only a little for trash you lose everything. You will find no trash here, so you can't buy it even by accident. PHONE 28. 39 AND 41 JOHNSON STREET.

Weight-distributing. Shoe soles are level and unyielding. Foot soles bear upon them at four spots only, viz: at ball and heel, great toe and outer edge. These are the calloused places, the tired, pained, overworked surfaces. Nature intended that the whole area of the foot sole should support the body, as a child's foot on sand, an Indian's in a moccasin. The RESILIA is the only shoe which distributes pressure evenly over the foot sole. It supports the arch, eases the tired spots, and reduces greatly the labor in walking, as well as minimizing the strain on upper leather and sole of the shoe. Observe foot sole, lower shoe. THE RESILIA SOLE.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, July 8.—5 a. m.—An extensive high barometer area covers this province and the adjoining states. It is causing a fine and warm spell, which will probably continue for several days. The weather is becoming more settled and warmer in the Territories and Manitoba. Rain fell yesterday in Cariboo, Alberta and Assiniboia.

Forecast.
For 36 hours ending 5 a. m. Wednesday.
Victoria and vicinity—Light to moderate winds, fine and warm to-day and Wednesday.
Lower Mainland—Light to moderate winds, fine and warm to-day and Wednesday.

Reports.
Victoria—Barometer, 30.24; temperature, 46; minimum, 46; wind, calm; weather, clear.
New Westminster—Barometer, 30.24; temperature, 48; minimum, 46; wind, calm; weather, clear.

Kamloops—Barometer, 30.06; temperature, 58; minimum, 56; wind, 4 miles N. E.; weather, cloudy.
Barkerville—Barometer, 30.24; temperature, 40; minimum, 35; wind, calm; rain, 12; weather, cloudy.

San Francisco—Barometer, 29.96; temperature, 56; minimum, 54; wind, 4 miles W.; weather, clear.
Edmonton—Barometer, 30.04; temperature, 50; minimum, 48; wind, calm; rain, 16; weather, fair.

Port Simpson—Barometer, 30.06; temperature, 52; minimum, 44; wind, calm; rain, .08; weather, cloudy.

Several houses and cottages in good repair. We respectfully solicit your Fire Insurance. Money to Loan in Sums to Suit.

City News in Brief.

—Robert Jessie, until recently chief clerk in Dodwell & Company's office of this city, has accepted the position of city freight agent for the C. P. R. Company.

—Cheap rates on Majestic and Rosalie to Port Angeles, Port Townsend and Seattle for July 4th celebrations. Tickets good from July 2nd to July 6th inclusive. E. E. Blackwood, agent.

—The Epworth League of the Metropolitan Methodist church held their congregation meeting last night with Mr. Moore, the first vice-president, in the chair. At the close a reception service was conducted, when seven new members, three active and four associates, were formally received into the league.

—The British ship Wynford, 49 days from Nagasaki, reached port in tow of the tug Pioneer last night. She comes here for orders, and in a day or two will proceed to Portland for cargo. On the voyage not a sail of any kind was sighted, and the trip was barren of all accidents or interest.

—The Journeymen Barbers' Union of this city has chartered the steamer City of Nanaimo for the first annual excursion to Seattle on July 20th. The steamer will sail from the C. P. N. wharf at 7.00 a. m., allowing passengers six hours at Seattle. The Fifth Regiment band has been engaged to furnish music on the trip. There will be a championship ball game at Seattle commencing at 3.00 p. m. between Helena and Seattle, and Wigg, the champion pitcher of the Northwest League, will be in the box for Helena.

P. C. MacGregor & Co., Agents

NO. 2 VIEW STREET.

—Don't miss the excursion to Nanaimo on the 12th.

—London dispatches announce that the salmon market is firm.

—G. C. Darling, travelling passenger and freight agent for the Union Pacific railway line, is paying Victoria a visit.

—The annual children's flower service was held at Christ Church cathedral on Sunday afternoon. The service consisted chiefly of hymns and short prayers.

—An important meeting of the Voters' League will take place at the city hall this evening at 8 o'clock, to discuss necessary action to the establishment of the iron and steel industry at or near Victoria.

—The pupils of Miss Ada Saunders held their annual picnic at the studio, Russell street, Victoria West, last week. A number of friends were present and the pupils performed their part of the programme very creditably. The prizes were presented by Lieut. Col. Holmes.

—The statement published in to-day's Colonist that Police Magistrate Hall had expressed the opinion that the Curfew By-law was defective and could not be enforced, is absolutely untrue. Mr. Hall has expressed no opinion whatever in the matter, and the by-law is in force now.

—The funeral of the late Reynold Johnson, who died on the 4th inst at the Royal Jubilee hospital, took place this morning from the parlors of Mr. Hanna, Douglas street. The Rev. W. Leslie Clay conducted the services, and the following gentlemen acted as pall-bearers: Messrs. F. Anderson, D. Craig, J. Blair, J. Wilson, J. Young and W. Stradman.

—The Painters' Union will have an excursion to Sidney on August 2nd. At a meeting of the union last night the following were elected officers for the ensuing year: President, John P. Hancock; vice-president, Harry Rivers; treasurer, John Creed; financial secretary, James Robison; recording secretary, Alfred Tripp; warden, Andrew McGairn; conductor, George Brown, delegates to trade and labor council, Alfred Tripp, William Clark; Richard Ryan alternate.

—Court Vancouver, No. 5,753, A. O. F., elected officers last night as follows: Chief ranger, A. N. Sandall; sub chief ranger, W. Cooper; senior woodward, J. H. Mansell; junior woodward, W. Clark; senior headly, R. Curran; Dr. F. W. Hall; secretary, S. Wilson; treasurer, W. B. Hall, and trustee, F. Carne, Jr. The officers were installed by district chief ranger, F. Nelson, assisted by the following deputies, F. Castleton, P. Davis, W. Wriglesworth, J. Smith and J. H. Moldrum.

Money to Loan

In large and small amounts, on improved Real Estate.
SWINERTON & ODDY,
100 GOVERNMENT STREET.

—Go to Nanaimo on the 12th and enjoy a sail on smooth water.

—Dr. Robertson, city medical health officer, has moved his office to Fort street, while Dr. Gibbs has taken the office Dr. Robertson vacates on Douglas street.

—A meeting of the garment workers was held in Labor hall last night, when the preliminary arrangements were made for the formation of a local branch of the United Garment Workers' Union of America.

—Mayor Hayward is calling for a public meeting to be held in the city hall on Thursday night to make preliminary arrangements for a flower show to be held in this city during the month of August. All ladies and gentlemen interested in the project are requested to attend.

—E. Haynes Reid, of the meteorological station of this city, is in Nanaimo in connection with the installation of the apparatus for the displaying of storm signals on the post-office building of that city. Inspector Webber, of Toronto, is superintending the work.

—The yacht Dione, owned by Mr. Gore, has returned from a cruise to Port Townsend. She made the 35 mile run in five hours. The Dione won both races she sailed at Port Townsend, winning the challenge cup by defeating the Hornet, and the Banshee in Wednesday's contest.

—The city council will meet twice tomorrow. The first meeting will be held at 4 p. m. for the final passing of the revenue by-law amendments by-law, 1902. The subsequent session will be at 4.30 p. m. when the streets sewers and bridges committee convene. It is understood that the Point Ellice bridge subject will again be up for consideration at this meeting.

—The new tennis courts which have been in progress of construction on grounds leased by the J. B. A. A. opposite the drill hall are completed. As has been previously mentioned it is the intention, after the grounds have been in use for some time, to hold an opening. It is altogether probable that in the near future annual tournaments will be held on the new courts.

—James Baker received a telegram from Phoenix, Arizona, this morning announcing the death of Joseph Baker, his nephew, in that city last night. The deceased had been suffering from pneumonia, but his death was quite unexpected. The remains will be shipped to Victoria for interment, and due notice of the funeral will be announced later. Deceased was a native Victorian, and but 16 years of age.

—Passengers from California on the steamer Unatilla, arriving this morning, report a very stormy trip. From the time the ship left San Francisco until arrival in the Straits, the vessel encountered strong head winds. Among those who arrived on the steamer were Mr. and Mrs. Gus Gowen, who have been making a honeymoon tour through Southern California, and P. C. Cummins, teller of the Bank of Montreal here, who has also been on an extended vacation trip to Southern California points.

—As announced yesterday the annual meeting of the Anglican Synod of the diocese, including Vancouver and adjacent islands, will be held tomorrow and Thursday in the schoolroom of Christ Church cathedral. The sessions were held in Nanaimo last year. The opening service will consist of morning prayer and holy communion. Luncheon will be provided for the delegates at 12.30, and the first session of the synod will be held at 1.30. Those interested in the work of the church are invited to be present at the service and the meetings of the synod.

—The invitation extended to the Nanaimo grocers to attend the picnic being arranged by the Victoria Grocers' Association at Koksilah on Wednesday, August 23rd, will not likely be accepted. According to the Nanaimo Free Press the grocers of that city held a meeting at which the question was considered, and it was decided that their association was, as yet, in its infancy, and that they were not prepared to declare the holiday necessary for taking part in the picnic. Some arrangements might have been made had the Victoria grocers chosen the 24th inst., which is on a Thursday, when the regular weekly half holiday is taken.

—The regular monthly club regatta of the James Bay Athletic Association will be held on or about August 2nd. Already entries are being called for and indications are that there will be as large, and probably a larger, response than on the former occasion. The crew which will uphold the honor of the club at the N. P. A. A. C. regatta to be held on Friday and Saturday, the 25th and 26th, at Nanaimo in both the junior and senior four-oared events, is in first class condition, having practiced steadily for some time past. They will leave a week from Saturday in order to be on the scene of the struggle some time before the event, which will enable them to acclimatize themselves to the course.

—One of the cars on the Douglas street line ran "smack" about 1.30 this afternoon, giving the passengers and a few spectators lots of excitement for a minute or two. The car left the rails at the curve at the top of the incline at this side of Finlayson's field, and with a fine instinct, considering the heat of the day, headed straight for the saloon at that point. This it would certainly have done had not a telephone pole intervened. The pole was broken off by the force of the blow and fell across the front of the car, but fortunately struck no one. The glass in the windows was shattered, and the car more or less damaged. A little child of Dr. Humber's had his hand cut by broken glass, while Postmaster Shakespeare also sustained slight cuts on one of his hands from the same cause.

Preserving Time

Is right upon you, so you should not delay ordering what you require in the way of sugar, spices, fruit, and preserving bottles. We have laid in a special line of these goods, and when we recommend them you know too much cannot be said in their praise. A full line of bottles and extra rubber rings at lowest prices.

SHOE EMPORIUM, Corner Government and Johnson Sts.

—Orange excursion leaves Sidney station at 7 a. m. on the 12th.

—Mrs. Wm. McNeill and her daughter are spending this month at the Shawigan Lake hotel.

—Steamer Charming left Vancouver at 1.25 p. m. She did not connect with the Eastern train, which is seven and a half hours late.

—The remaining two inland revenue cases were heard in the police court this morning, and the Chinese offenders were fined \$50 each, as in the other cases.

—F. Page, clerk of the city police court, is still laid up. He was taken ill while out walking on Saturday evening, but it is hoped that he will soon be about again.

—H. C. Killen, inspector of public works, left the city last night for the Cariboo district, where he will make a general inspection of the Cariboo trunk road and other roads in that section.

—The hearing of the argument in the charge against Col. G. H. Hayes was postponed this afternoon until 9.30 tomorrow morning, owing to the inability of the stenographer to be present.

—W. F. Robertson, provincial mineralogist, has received a long letter from an old friend in Mexico, who is organizing a scheme for the importation to the west coast of Mexico of coal and iron from British Columbia.

—The Alien Immigration Act is now in force, and in addition to the appointment of W. H. Ellis as immigration officer, twenty-three deputy officers have been appointed in different parts of the province to ensure the effectual working of the law.

—In the police court this morning a drunk was fined \$5 or ten days' imprisonment, and the hearing of the charge against Peter Hansen, of cruelty to animals, was remanded until Monday. In the latter case Hansen is accused of using horses when in an unfit condition.

—A garden fête is in progress this afternoon under the auspices of the Ladies' Aid and Willing Helpers of St. Barnabas church, at the residence of Mrs. Dally, 84 North Chatham street. Games of every kind were provided this afternoon, and this evening the principal feature will be a display of fireworks. Refreshments, etc., will be served.

NORTHERN GOLD.

Amount Received Here Falling Off on Removal of Rebate.

Owing to the rebate of one per cent. on the duty on gold exported from the Yukon which is set here having been done away with by the Dominion government, the amount of gold received at the provincial assay office shows signs of falling off, and Mr. Carmichael anticipates that it will not equal one-third of the amount of the previous metal received last year.

The last two shipments of gold from the North went out to the coast, and that it is likely to be the case with many other shipments.

The deputy minister of finance, Mr. Smith, has not yet received a formal intimation from Ottawa that the rebate has been cut off, but such is the case, and he is not allowing any rebate now.

It was at Roynnes, in 1214, when the French fought the Germans, that trumpets sounded the signal for the victorious French charge, the first authentic instance of a command given by a trumpet call.

Compound Syrup OF Hypophosphites

GOOD PROSPECTS FOR THE AGRICULTURISTS

Large Crops in the Okanagan—Cherries, Blackberries and Apples Are Prolific.

J. B. Anderson, deputy minister of agriculture, has received very encouraging reports of the condition of crops from all parts of the province. Speaking generally, it may be said that prospects are better this year than they have been for a long time past.

There has been considerable rain in the Okanagan, and the crops there are looking at their very best, especially on the upper drier lands, generally known as the com-mo-dore. If there is good weather from now on there will probably be a record crop of hops in that section, and as hops in other parts of the world seem to be short this year, there is every chance of the hop-growers of the province doing very well.

The new greenery at Chilliwack is completed, and is turning out first-class butter. It has a capacity for the cream of 1,000 cows. At Armstrong the farmers are going on with the construction of a local creamery, and the people at Salmon Arm, Shuswap Lake, are making inquiries at the department with a view to establishing a similar institution there.

Fruit prospects are also good, especially in the case of apples, which are coming on very well in all parts of the province. The bark disease is not nearly so prevalent as usual in the lower Fraser country. Fruit crops generally are rather irregular. In some sections there is little or no fruit, but the growers who have taken good care of their trees will have big crops.

Cherries are yielding well, although there has been a little too much rain for them in the lower Fraser valley. Blackberries are yielding enormously, and this is one of the most profitable fruits to cultivate. They handle well, and carry well, and come in late. Also they yield a big crop to a small patch of ground. They are being cultivated to a considerable extent in the province. Altogether Mr. Anderson is satisfied that the farmers will do well this season.

GOOD PROSPECTS FOR THE AGRICULTURISTS

Large Crops in the Okanagan—Cherries, Blackberries and Apples Are Prolific.

J. B. Anderson, deputy minister of agriculture, has received very encouraging reports of the condition of crops from all parts of the province. Speaking generally, it may be said that prospects are better this year than they have been for a long time past.

There has been considerable rain in the Okanagan, and the crops there are looking at their very best, especially on the upper drier lands, generally known as the com-mo-dore. If there is good weather from now on there will probably be a record crop of hops in that section, and as hops in other parts of the world seem to be short this year, there is every chance of the hop-growers of the province doing very well.

The new greenery at Chilliwack is completed, and is turning out first-class butter. It has a capacity for the cream of 1,000 cows. At Armstrong the farmers are going on with the construction of a local creamery, and the people at Salmon Arm, Shuswap Lake, are making inquiries at the department with a view to establishing a similar institution there.

Fruit prospects are also good, especially in the case of apples, which are coming on very well in all parts of the province. The bark disease is not nearly so prevalent as usual in the lower Fraser country. Fruit crops generally are rather irregular. In some sections there is little or no fruit, but the growers who have taken good care of their trees will have big crops.

YOU CAN EXPECT

The Latest in Striped Tweed and Worsteds SUITINGS PANTINGS AND THE Real Homespuns All the latest fashions to select from at Peden's, Merchant Tailor, 36 Port St. Successor to Geo. R. Jackson.

A Question of Terms

If it is a question of terms there is no question but that our offers will meet the approval of any person who does not want to be in debt for the best part of his life.

Steamer Rosalie from Port Townsend.
Steamer Unatilla from San Francisco.
Steamer Pioneer from Port Townsend.
Steamer Yucotide from Vancouver.
Steamer Native from New Westminster.
Steamer Hope from Campbell River.
Steamer Willapa from Alberca.
Outwards:
Steamer Rosalie for Port Townsend.
Steamer Majestic for Port Townsend.
Steamer Unatilla for Port Townsend.
Steamer Pioneer for Port Townsend.
Steamer Native for Ladnera.
Steamer Trader for Stevenson.
Steamer Queen City for Alberca.
Steamer Oscar for Saturna Island.
Steamer J. L. Card for Port San Juan.
Arrested in Paris for stealing jewellery a plumber confessed that he had swallowed diamonds and other precious stones valued at \$3,000, and had sold the mountings. He is now in hospital awaiting an operation.

Gilt Edge Creamery. We just received a shipment of same in small and large pkgs., also in 1 lb. blocks, which we are selling for 25 CTS. PER LB. Mowat & Wallace, GROCERS.

SPORTING. LACROSSE. THE WESTMINSTER TEAM. Toronto, July 7.—The New Westminster lacrosse team are in the city, staying at the Palmer house. The team is accompanied by a number of the Westerners.

ASSOCIATION FOOTBALL. A DRAW. Galt, Ont., July 7.—A football match played between the Westmead team and Galt, resulted in a tie, neither scoring. The game was well played on both sides.

LAWN TENNIS. OPENING OF TOURNAMENT. The opening of the Victoria lawn tennis handicap tournament on the courts, Boucher street, yesterday, was marked by a number of strong games.

THE MINTO CUP MATCHES. Commenting on the cup matches at Montreal, the Toronto Evening Telegram says: "Montreal people used to argue that the Eastern metropolis could support three lacrosse teams better than Toronto could support one."

NEW PNEUMATIC TIRE. According to the "Vein," the cyclist's fond wish is now fulfilled. The ideal non-puncturable tire has been discovered. The inventor took an air chamber of his device to the office of the newspaper, and there, in the presence of the amazed editor and his equally astounded staff, planted needles, thorns, tin tacks, and two-inch nails into the tube without producing the slightest deflation of the latter.

CRICKET. VISITORS VICTORIOUS. The Collegiate school was defeated by W. Pickering's cricketers, of Vancouver, at the Canteen grounds yesterday. The score, which told the story of the game, is as follows:

Collegiate School—1st Innings. R. L. Bell, c Rhodes, b Rhodes II. 12 A. K. Keefe, b Rhodes II. 9 H. Marshall, b Rhodes II. 3 J. A. Keefe, c Rhodes, b Rhodes II. 4 H. Jukes, c and b Rhodes II. 17 W. Todd, b Rhodes II. 9 R. Dorrell, not out. 5 I. Garnett, c Rhodes II, b Rhodes I. 6 G. G. Armstrong, b Rhodes I. 0 A. Pitts, c Brenton, b Rhodes I. 2 J. Belyea, c Rhodes II, b Rhodes I. 3 Byes. 1 Leg byes. 1 Total. 48

Collegiate School—2nd Innings. H. Jukes, b Rhodes I. 40 J. A. Keefe, c Brenton, b Rhodes I. 7 R. Dorrell, b Rhodes II. 0 W. Todd, b Rhodes II. 15 J. Keefe, b Rhodes I. 0 J. Belyea, b Rhodes I. 0 G. Armstrong, not out. 1 A. Pitts, c Drew, b Rhodes I. 0 I. Garnett, c Rhodes III, b Rhodes I. 0 Byes. 2 Total. 62

PREPARING FOR CONTEST. New York, July 7.—Lawn tennis stars began play today in the special round robin tournament on the courts of the country club of West Chester. The meeting is held with the purpose of bringing up the United States experts to meet the eight challenges of the International contests in August.

BASEBALL. SATURDAY'S GAME. The "Victorias" will be kept busy for some time to come, having games booked for almost every Saturday from now until the middle of September.

NANAIMO v. VICTORIA. The following are the scores in the cricket match at Nanaimo on Saturday:

MINING OPERATIONS AT NOOTKA SOUND

C. Dawley Tells of Rich Strike Made at Head Bay—Deer Slaughtered by Hundreds.

The steamer Willapa, which arrived from the West Coast the other day, brought as passengers C. Dawley, of Nootka Sound. Mr. Dawley is an energetic mining prospector, and has been spending the past few months inspecting the country in the vicinity of the Sound. Mr. Dawley is a mining man of experience, and has the greatest confidence in the resources of the islands. His work on the West Coast has been far from fruitless. About the middle of last month when at Head Bay he discovered what proved a large outcrop of iron-bearing ore, which promises with development to become one of the best propositions on the island. The outcrop is the length of two claims and from 40 to 7 feet wide. The surface showing on the property are something exceptional. Although an assay of specimens has not as yet been taken, mining men of experience have pronounced most favorable opinions of the quality of the ore. Mr. Dawley lost no time in taking preliminary steps towards the development of the newly discovered property. After doing a considerable amount of stripping for the purpose of showing up distinctly the surface qualities of the property he came to Victoria in order to do what he could to obtain the necessary capital for the purpose of making the mine an actual paying proposition. As a result a mining expert was sent up to look over the property and make a report. Mr. Dawley says from what information he elicited from the expert his report was most favorable, and he has little doubt but that in a short time the development work will be proceeded with. Mining operations at Nootka comparatively seem to be in a more prosperous condition this season than they are at Barkley Sound. Although mining has not been exploited as much at the former place as at the latter, prospectors are beginning to turn their attention to Nootka and as a result several properties which promise well have been located, and capitalists of Victoria and the Sound are becoming interested. Some development work is being done by the Tacoma Steel Company on a property at Tachis canal. The property being exploited is reported to be an iron-bearing ore with indications of proving a good investment. The fact that a corporation of the standing of the Tacoma Steel Company is interesting itself in properties at Nootka leads one to the statement that the mining resources of that district equal those of other portions of the island. The white population of Nootka Sound have a particular grievance in regard to the manner in which the Indians slaughter the deer. Mr. Dawley stated that he has seen as many as 100 carcasses of these animals piled on the beach after having been stripped of their skins by the Indians. The deer are thick at Nootka, and if the Indians were stopped from their wholesale slaughter, would last for many years. The mode adopted in securing the deer is one which is considered unlawful in a more settled district. The head lights on the coast attract the deer, and it is when they are thus congregated that the Indians do their shooting. Complaints have been made to the authorities with no effect. "At Vancouver Island deer," Mr. Dawley remarked, "is to be slaughtered in this manner, very few years will see the country utterly devoid of that game."

JAMES BAY WORK

Preparations Going Ahead For the Dredge—Draining the Flats.

At James Bay yesterday the shipping in the vicinity of the wall where the dredge work was all cleared away, and a survey of that portion of the harbor was being made this morning. The dredge, through which the mud will be sucked from the harbor bottom on to the flats, will be laid on pontoons and thence carried through a gap which has been left for that purpose in the wall at the south end of Belleville street. The pontoons will be arranged in a loop or semi-circle so as to allow the dredge to work about freely. The water in the mud to be deposited on the flats will drain out through the same hole in the wall as the pipes pass through. Some of the coping for the wall has not yet arrived, so that there is likely to be some delay in its completion, especially if the proposed steps and platform are obstructed.

THE CHICAGO STRIKE

No Signs of Settlement—Chairman of Board of Arbitration Falls to Rest Trouble.

(Associated Press.) Chicago, July 8.—The freight handlers' strike, which called out 9,000 men yesterday and seriously curtailed the handling of freight, appeared no nearer settlement this morning than it did yesterday. The chairman of the board of arbitration said the result had not come of his efforts at arbitration. At all the freight houses pickets were on guard, and no one was allowed to take jobs, and sought to lure away men already at work. The jobbing interests of the city are seriously crippled in the shipping departments. The roads so far have had but little chance of handling anything, save perishable freight.

THE JULY SITTINGS OF SUPREME COURT

ACTION AGAINST THE ELECTRIC RAILWAY CO.

Father of Lineman Sues for Damages for Death of Son—The Law Examination Results.

The appeal in Belcher vs. McDonald is still being argued in the Full court. It will probably be finished to-day, and one of the remaining Yukon appeals taken up. Supreme Court.

The July sittings of the Supreme court for the trial of civil cases opened at 11 o'clock this morning. Mr. Justice Walkem presiding. The first case on the list is that of Dockings vs. B. C. Electric Railway Co., in which the father of the lineman killed on the Goldstream transmission wires on Sunday, 27th October last, sues the company for damages for the death of his son. R. Cassidy, K. C., is conducting the case for the plaintiff, A. E. McPhillips, K. C., and G. H. Barnard being opposed to him. His Lordship is assisted in this case by a special jury, under the foremanship of R. Brett.

The remaining five cases set for trial are non-jury cases. The suit of Milne vs. Macdonell will probably be added to the list. Chambers.

Mr. Justice Walkem presided in Chambers this morning and disposed of the following applications: Harris vs. Kirila—Minutes of an order were settled on application. J. H. Lawson, jr., for plaintiff; R. Cassidy, K. C., contra. Re John Pope, deceased—H. B. Robertson obtained letters of administration on behalf of the official administrator.

Barley vs. Invercauld—An application by defendants for security was adjourned for one week by consent. Yesterday and on Saturday His Lordship granted orders in the following matters: Munro vs. Beam—An order was granted for examination of a judgment debtor in Vancouver. A. J. Kitto for plaintiff, S. P. Mills, K. C., contra.

Milne vs. Macdonell—Time for return of a commission was extended until the 2nd inst. H. M. Colman for plaintiff, J. M. Bradburn contra.

Vernon vs. Cargill—Leave to proceed with accounts was granted. R. H. Pooley for plaintiff, W. H. Langley contra.

Re Peter Diemore, deceased—H. B. Robertson obtained administration for the official administrator.

Field vs. Gray—An interpleader application was ordered to stand over until the 20th inst., the claimant to pay possession money and costs of this application. L. Crease for plaintiff, G. H. Leonard for claimant, W. H. Langley for sheriff. County Court.

The regular July sittings of the County court has been adjourned from Thursday next until Thursday, July 17th, owing to all judges being occupied in the sittings of the Supreme and Full courts. Law Society.

The members of the Law Society met at the Law Courts last evening, and, amongst other business transacted, the reports of examiners as to the results of the recent law examinations were received, and the following candidates declared to have passed successfully, in the order named: Preliminary—C. Kiefer, Victoria.

Second Intermediate—T. S. Baxter, Vancouver; R. MacLellan, Vancouver; R. H. Rogers, Cranbrook; G. Farrer, Vancouver; and O. C. Bass, Victoria.

Finals for Barristers and Solicitors—J. H. Sweet, Victoria; C. Child, Victoria; J. Bayfield, Vancouver; and R. Spinks, Vancouver.

Eastern Canadian Barristers and Solicitors for call and admission—W. D. Ross, of Charlottetown, P. E. I.

This morning E. P. Davis, K. C., presented Messrs. Sweet, Bayfield, Spinks, Sherwood, Herchmer, who passed his examinations in December last, Frederick Calder, who passed in March, and Rose, to the Full court, when they took the required oaths of office and signed the rolls.

REDUCTION IN FARES.

Big Cut in Round Trip Tickets to Alaska on All Lines.

An important movement is about to be initiated by the different transportation companies running steamers to the North, with a view to promoting the tourist business on this coast. All have agreed, it is understood, on a common working basis, and have decided on a general reduction in the price of round trip tickets to the North. The rate now charged on the Spokane for first-class passage is \$100, and on other steamers \$60. Now it is proposed to charge only \$40 on the latter ships, and by so reducing the price it is hoped to build up the tourist travel of the North. So far as the business of the Spokane is concerned, no change will be made, as her agents find that they have no difficulty in filling her at the rate now charged, but there is a local patronage sought which this figure prohibits, and which the companies desire to cultivate. The Spokane visits points of interest which the other steamers on the route are unable to frequent. Mule glacier is perhaps the most notable instance, but Taku glacier, an almost equally marvellous field of ice, can be seen on the other trips, and one can travel by one steamer almost as comfortably as by another, and with about the same advantages. The Alaska Steamship Company have already made two announcements under the new schedule of rates. The Dolphin on the 2nd and the Humboldt on the 20th of August. These steamers will, it is understood, call here if sufficient inducements can be offered, and will continue to connect here if business warrants. They occupy ten days on the round trip, which makes travel aboard at \$40 a fare exceedingly cheap. The amount is about half generally charged for transportation, as it includes both meals and berths.

ANOTHER PROTEST.

(Associated Press.) Stratford, Ont., July 8.—North Perth Liberals have protested the election of J. C. Monteith, Conservative, in the recent general elections.

The Rush

The rush at our sale has been tremendous. We didn't have enough help, but we have put on extra men and will now be able to handle the crowds with a better degree of satisfaction. We find it very difficult to keep our doors open continuously and at the same time keep our stock in any kind of salable condition. Every moment counts, and we are obliged to cut to-day's announcement very short. It will pay you to visit our store where you can have a practical example of our good goods and our liberal discounts.

- Ladies' Gloves, where damage occurred only to the box, regularly sold at \$1.50 and \$1.75 - - 75c
Neckwear, 50c and 75c - - 25c
Embroidered Front Men's Night Shirts, regular \$1.50; 75c
Natural Wool Underwear, Reg. \$1.25 and \$1.50 - 50c, 75c
Balbriggan Underwear, regular \$1.25 - - 50c
A fine lot of Men's Hose, 50c and 75c - - 25c
25c and 25c Hose, Hermsdorf Dyed, - - 2 for 25c

And all Hats at Half Price, Including John B. Stetson's Make
Come to Our Sales, They Will Save You Money.

Geo. R. Jackson. 57 GOVERNMENT STREET.

DROWNED IN SHALLOW WATER.

Talcom, July 7.—D. C. Emerson, an old colored man of the East Side, was found face up in the shallow water of the slough beside the road near the corner of East H and Twenty-sixth streets, yesterday afternoon about four o'clock. Emerson was last seen about 11 o'clock Saturday night. It is said he was intoxicated at the time and it is the belief of Deputy Coroner Melinger and others that he had become hopelessly intoxicated on his way home, probably stumbling and then falling down a slight bank into the slough, where he was unable to rescue himself. Unless facts develop to warrant it there will be no inquest.

IRON MOULDERS MEET.

(Associated Press.) Toronto, July 8.—The Iron Moulders' convention this morning adopted the report of the credential committee which showed 520 delegates in attendance. President Fox then delivered his annual address.

BLOOD POISONING.

(Associated Press.) Brockville, Ont., July 8.—Thomas T. Warren, 56 years old, a highly esteemed merchant of North Augusta, is dead from blood poisoning, contracted through a pimple on the face.

GOLD IN THE SEA.

The possibility of extracting from seawater the gold it contains suspended within its mass has always formed a fascinating problem, not to the chemist only, but to the commercial speculator as well. Everybody admits that an immense quantity of the precious metal must be held in solution, as it were, in the ocean of the globe, but that it would pay mankind to be at the expense of securing it, is, of course, quite another matter. Still it is quite likely that despite the scientific difficulties in the way of extracting the oceanic gold, many months will water at the statement made by Professor Lupton, of Leeds, who, speaking at the annual meeting of the Institution of Mining Engineers last week, declared that, according to his estimate of the amount of gold in the sea, there was sufficient to give six millions sterling to every man, woman, and child on the face of the earth. It would be highly interesting to learn how Professor Lupton arrives at this conclusion. Certainly the figures are somewhat astounding. Ordinary people talk glibly about a million, not realizing at all the immensity of the sum with which they are dealing. With regard to the estimate in question, the only doubt is as the cautious Scotsman said. But I am open to conviction, if any reader, or if the professor himself will give me some adequate data to work from. By the way, I observe that the president of the Institution, Mr. J. S. Dixon, of

Carpenters' Tools, Builders' Hardware A. MCGREGOR & SON, 85 JOHNSON ST. PHONE 658.

NEW ADVERTISEMENTS.

FOR SALE—Cheap! a good buggy. For information apply at Times Office.

FOR SALE—At Edson's Junk Store, 125 Fort street, one fair bed, sleeping bag, blankets, tents, etc. also assorted jam jars.

YOUNG WOMAN would like to employ a few hours of the day as secretary or reader for elderly lady. Address "Governance," care of Times.

LOST—On Saturday night, on either Blanchard or Quadra streets, small black purse containing sum of money. Finder will be rewarded by leaving at Times Office.

NOTICE. A Public Meeting

Of ladies and gentlemen interested in the culture of flowers will be held in the CITY HALL on THURSDAY, JULY 10, at 3 P. M., to arrange for a FLOWER SHOW at Victoria during the month of August. CHAS. HAYWARD, Mayor.

GLASGOW, following Professor Perry, said that colliery operations if carried on by means of electricity, and by aid of high pressure and improved steam engines, would result in a saving of fuel by at least one-half. Thus from eight to ten millions of tons of coal per year would be saved in Britain alone. With the coal-mining industry getting fairly low, these remarks are worth considering.—The London Chronicle.

A gold watch which is said to have been found on the field after the attack on Colosso in December, 1896, has been placed in the hands of the Under Secretary of State for War with a view to, if possible, tracing the owner or his representatives. Attached to the chain is a stone charm and a gem-matched box on which is engraved a coat-of-arms.

A gloomy coincidence has occurred at Stratton, a Norfolk village, where two brothers named Povey have died within two days of each other. Both were in the Volunteer Artillery, and they were interred side by side in one grave with full military honours, and in the presence of a large, sympathetic gathering. Pneumonia was the cause of death in both cases.

AUCTION. CITY AUCTION MART 55 Broad Street. 2 P. M. To-Day, Tuesday DESIRABLE FURNITURE

This will be a big sale, and will include the contents of three houses. And the Auction Sale will be continued until sold. W. JONES, Dominion Government Auctioneer.
