# HATCHERIES AND DEALERS PARTICIPATING in THE NATIONAL TURKEY IMPROVEMENT PLAN

( FEBRUARY 1, 1949 )

---

The publication of this list is for the purpose of developing greater efficiency in the operation of the National Turkey Improvement Plan. Additional information regarding these hatcheries and dealers may be obtained by writing to them, or to the official State agency in their respective States. Due to the fact that changes frequently occur in this list, it is suggested that anyone desiring to purchase hatching eggs or poults from the listed hatcheries or dealers write the official State agency for a confirmation of the classification before making such purchase.

---

## Foreword

The hatcheries and dealers listed in this publication are participating in the National Turkey Improvement Plan, according to reports submitted by the official State agencies. The hatcheries and dealers are listed alphabetically by States.

The figures which appear immediately after the name of the participant indicate the variety of poult produced. Figures encircled in parentheses indicate U. S. Certified poults. The code used for indicating variety is as follows:

1. Broad Breasted Bronze
2. Standard Bronze
3. White Holland
4. Beltsville Small White
5. Narragansett
6. Black
7. Bourbon Red

Other varieties are named

The breeding stage and pullorum class of each participant is indicated as follows:

### Breeding Stage

|                   |   |           |
|-------------------|---|-----------|
| U. S. Approved    | - | Approved  |
| U. S. Certified   | - | Certified |
| No breeding stage | - | #         |

### Pullorum Class

|                           |   |            |
|---------------------------|---|------------|
| U. S. Pullorum-Controlled | - | Controlled |
| U. S. Pullorum-Passed     | - | Passed     |
| U. S. Pullorum-Clean      | - | Clean      |

\*Indicates exclusive turkey hatcheries

The figures in the right hand column indicate the turkey hatching egg capacity in the following manner: (1) Exclusive turkey hatcheries include combined incubation and hatching capacity (Manufacturer's rating for turkey eggs); (2) Where hatcheries incubate and hatch both chicken and turkey eggs and use separate machines for each, the combined incubating and hatching capacity (Manufacturer's rating of turkey eggs), of the machines used to hatch turkey eggs is reported; (3) Where chicken and turkey eggs are hatched in the same machines an estimate of the capacity used for turkey eggs is reported.

The following abbreviations indicate the products each dealer offers for sale:

|     |  |
|-----|--|
| CH  | - Eggs custom-hatched offering poults for sale |
| DE  | - Hatching egg dealer                          |
| DP  | - Poult dealer                                 |
| DEP | - Dealer in both hatching eggs and poults      |

The name and address of the contact representative and the official State agency are indicated at the beginning of the list of hatcheries for each of the cooperating States.
