

Seaham, June 21<sup>st</sup> 40

Dear Friend:

This is a pretty job  
that has been put upon me  
by former "Peroration!" quotha.  
and the fellow has only brought  
it down to the address of the  
Board about the pledge!  
What in the name of all  
the powers of mad am I to do?  
I am near a non plus. I have  
no file of the Liberator ~~by~~  
me if I had could not  
undertake to hunt at every thing  
that should be in. You must  
help me. As you are the  
Chronicle of the cause you

most forthwith: send me  
a list of topics in the  
order of preference as they  
should come in beginning of  
that address Nov. 30<sup>th</sup> 1939.

I think this is the very  
coolest proceeding I ever  
happened to know. I send  
this forthwith or the Report  
will be as long in my hands  
as it was in Johnson's.

Pray write me what is  
going on. What did you  
do about my letter to  
Hattley &c. If you don't  
keep me an account  
the your among you

I will cut you off with a  
shilling - if I can get a  
body to lend me an  
Lone to all
