FALL 1911

U.S. DEPARTMENT OF AGRICULTURE
WASHINGTON, D.C.
TRADE LIST
OF THE
F. & F. NURSERIES

DEPT. AMERICAN NURSERY CO.

Springfield, Union Co., N. J.

Location, 17 Miles from New York City

Millburn Station, D. L. & W. R. R.

Springfield Station, Rahway Valley R. R.

Electric Cars pass our Office Every Half Hour, giving Direct
Communication with Summit, Millburn, Newark, Elizabeth

'Phone, No. 152 Millburn

Established at Roselle, N. J., in 1882

THE SHIPPING SEASON

We usually commence digging and shipping about the middle of October,
continuing until December.

A certificate of inspection from the State Entomologist will accompany
each shipment.

We have a complete fumigation outfit, and when requested, will fumigate
all stock.

Use the Nurseryman's Telegraphic code in Telegraphing.

For convenience and economy in ordering by wire, a telegraph cipher is
attached to each article.

Local and Long Distance Phone, Millburn 152.

NOTICE TO CUSTOMERS

We would say to those unacquainted with us that we have 200 acres devoted to the business; our methods of growing and handling stock are up to date. We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

REFERENCES—For those who do not know us we refer to any leading nurseryman in the United States, Dun and Bradstreet's Mercantile Agencies.

PRICES—This list is intended for nurserymen and dealers only, and supersedes all previous editions. The prices are for the quantities named; 250, 25 and 5 will be furnished at the 1000, 100 and 10 rates respectively. We have tried to make our prices as low as we think well-grown stock should be sold. We expect, however, to sell on the market and meet reliable competition.

TERMS—We are glad to grant 30 to 60 days' time for payment of bills to all responsible parties, but parties we do not know, who have no commercial rating, must send remittance with order, or a guarantee signed by some Bank or someone of known responsibility to be sure of securing goods selected. If references are sent, we will confer with them, and after hearing favorably, if goods selected are still unsold, we will enter them as requested, but we will not enter orders or ship goods until we know the customer is responsible.

We will not hold goods on inquiries.

Trees selected by customers at the nursery will be charged for in accordance with their value.

PACKING—This is done in boxes and bales for which a charge is made sufficient to remunerate for the cost of material only. Trees packed in bulk at no extra charge.

COMPLAINTS—Should there be any reason for complaint we must be notified on receipt of goods, otherwise we cannot entertain it. We make it a point to give all reasonable claims proper consideration.

ORDERS—Are accepted upon condition that they shall be void should any injury befall the stock from frost, or other cause over which we have no control.

VARIETIES—We reserve the right to select the varieties, but will give the purchaser his choice as far as is consistent with our stock. In ordering please state whether or not substitution will be permitted in case we should be short of any sort wanted.

GUARANTEE OF GENUINENESS—While we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace on proper proof, all that may prove untrue, we do not give any warranty expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the stock.

ORNAMENTAL DEPARTMENT

DECIDUOUS TREES.

The trees offered in this list have been transplanted several times, are well rooted, of symmetrical shape and of quality described. We care for our trees and destroy annually hundreds that do not measure up to our standard of excellence. Most of our deciduous trees are graded by caliper measured 6 in. above ground, which is incomparably the best standard for the purchaser. A tree 12 to 15 feet in height may not caliper as much as one 10 to 12 or even less and if it is thus unproportioned it is an inferior tree. We have bought some of these offerings at what seemed an astonishingly low price but always to our sorrow.

VIRGILIA —(See <i>Cladrastis</i>).			

DECIDUOUS SHRUBS.

The shrubs we offer are of standard, commercial grade, young and thrifty. They are not crowded in rows to make them grow tall, but are given space enough for proper development. This insures a bushy and full plant which far more than height ought to be and indeed is the standard of excellence. Nearly all our shrubs are dug with a tree digger thus insuring good roots and are exactly what we represent them to be in all particulars.

EVERGREENS.

These have all been transplanted, most of them several times, giving ample room for full development and frequently sheared to produce compact, symmetrical specimens. Those marked with a * will be dug at the prices named, with the soil adherent to the roots and securely tied in burlap. We will dig in like manner the others at an additional charge of 6c each for 1½ to 2 ft., 8c for 2 to 3 ft. 10c for 3 to 4 ft. 15c for 4 to 5 ft. and 20c for 5 to 6 ft., if requested to do so.
