Dear Sir:

I have this day sent you by mail three (3) silver dollars, slightly de-lapidated. Will say to you as explanation for sending same, that the 3 dollars was all an old man here has left from his home which burned down a few days ago, & he requested me to do what I could with the burnt dollars. Our bankers here informed me if I would take the trouble to send them to you that you would send me new ones in their stead. Hoping you will see fit to redeem same, I remain yours very truly.

P.S. If you can not send the full amt. for them, send me what you can.
