Such petition shall be verified and shall contain a statement of facts constituting such neglect, dependency or delinquency, as defined in this act, and the names and residence if known to the petitioner, of the parents or guardian of said neglected, dependent or delinquent person. There shall be no fee for filing such petition.

In case such citation can not be served or the party served fails to obey the same, and in any case in which it shall be made to appear to the court that such citation will probably be ineffective, a warrant of arrest shall issue on the order of the court, either against the parent or guardian, or the person having the custody of said alleged neglected, dependent or delinquent person, or with whom the said alleged neglected, dependent or delinquent person may be, or against the said alleged neglected, dependent or delinquent person himself, or any or all said persons; or if there be no person to be served with citation as above provided, a warrant of arrest may be issued against the said alleged neglected, dependent or delinquent person immediately. On the return of the citation or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner. Until the final disposition of any case, the said alleged neglected, dependent or delinquent person may be retained in the possession of the person having charge of said person, or may be kept, upon the order of the court, in some suitable place, provided by the county, or may be held otherwise as the court may direct.

And in the event of such return, the transportation of such dependent or delinquent person shall be made in the same manner, and the compensation therefor, if any, shall be paid for as is provided for in the execution of an order of commitment to such institution. Such detention home must not be in, or con-

nected with, any jail or prison, and shall be conducted in all respects as nearly like a home as possible and shall not be deemed to be or treated as a penal institution. Such legislative body must also provide for a suitable superintendent and matron to have charge of such detention home, and for such other employees as may be needed in the efficient management of such detention home, and provide for the payment, out of the general fund of the county, or city and county, of suitable salaries for such superintendent and matron, and such other employees, such superintendent, matron and other employees to be appointed by said legislative body, upon the nomination of the probation committee and approval of the judge of the juvenile court. SEC. 4. Not more than one twenty-fourth of the amount appropriated under this act for each department or institution for the two years ending June thirteenth, nineteen hundred and fifteen, shall be expended during any one month without the consent of the state board of control, and not more than one half of such appropriation shall be expended during the sixty-fifth fiscal year, unless the same has been expressly authorized by this act. The annexed general appropriation bill, Assembly Bill 1006, is hereby approved, except as to the items hereinafter specifically set forth. Items vetoed.

The following is a statement of the items to which objection is made and which are disapproved and the reasons for such disapproval, to wit:

(1) The item "For salary of director of hygienic laboratory, six thousand dollars", at page 12.

It is unnecessary that this item should be included in the general appropriation bill. It should be paid out of the amount appropriated for the support of the state board of health and for the support of the "state hygienic laboratory."

(2) The item "For salary of sanitary engineer, six thousand dollars", at page 12.

By special appropriation the sum of \$100,000 has been given to the state board of health and in other respects its appropriation has been

increased this year, and the item "sanitary engineer, six thousand dollars", is unnecessary. The position should not be created by the general appropriation bill. If work of the character performed by a sanitary engineer is desired, the state board of health, under its general appropriation, may have such work done.

(3) The item "For expense of engineering division, two thousand dollars", at page 12.

This item is unnecessary and is covered by the appropriations that have been made for the state board of health.

(4) Under the caption "Industrial Accident Board", page 13, the item "For department of industrial safety, ten thousand dollars".

This appropriation is unnecessary in view of the other appropriation made, and particularly because all that may be contemplated by this act is fully covered in the special appropriations that have been made for the purpose.

(5) Under the caption "Industrial Accident Board", page 13, the item "For payment of compensation benefits accruing by reason of personal injury resulting from accidents to state officers and employees while performing service growing out of and incidental to their employment, twelve thousand dollars".

The inclusion of this item at this time is unnecessary. The state, of course, expects hereafter to pay for injuries suffered by employees of the state, but the general workmen's compensation act does not go into effect until January 1st, 1914, and to the next legislature may be left such appropriations as may be necessary for claims that have been ascertained and adjusted against the state.

(6) Under the caption "University of California", page 16, the item "For printing, etc., University of California, twelve thousand dollars".

Because with its printing plant and with the appropriations that have been made to it, the university can and ought, without injustice, pay its necessary printing bills.

(7) Under the caption "University of California", at page 16, the item "For university extension work, fifty thousand dollars".

Because it is unnecessary that this item be included in the general appropriation bill. This item is not disapproved because of any lack of enthusiasm for university extension work. On the contrary, it is the wish of the legislature and the governor of the State of California, that the university extension work be carried on, improved and broadened. It is the hope and the desire of all familiar with the appropriations for the university, that plans for a greater extension work shall be matured without delay, and that a greater and broader work in this field shall be immediately commenced. The state this year has provided for the University of California with the utmost generosity, and its appropriations at this session of the legislature far exceed those ever before made. This has been done in pursuance of the fixed purpose of the state administration to bring the university closer to the people, and to render it of the service it should be to the toilers, the farmers and the horticulturists of the state, and to bring to all classes some of its benefits. One of the methods of thus bringing to all something of value is by university extension work; and this can be and should be not only continued but greatly improved and enlarged out of the extraordinarily liberal appropriations that have been given this year.

(8) Under the caption "State Board of Forestry", page 20, the item "For fire protection, state board of forestry, fifty thousand dollars".

Because there is no proper or adequate method for the administration of this particular item and therefore it should not be inserted in the general appropriation bill.

(9) On page 22 the item "For support of Folsom State Hospital, twelve thousand dollars".

Upon the ground that the said item is unnecessary.

(10) On page 22 of said bill, the item "For salaries of officers and employees of same, twelve thousand dollars".

Because there are as yet no officers or employees of the Folsom State Hospital and it is unnecessary that provision should be made for them at this time, and the said item is therefore unnecessary.

(11) On page 23, item "For rent of quarters of state offices in Sacramento outside of capitol building, and cost of moving, to be expended under the direction of board of control, forty-five thousand dollars".

Because this item has not been accurately estimated and because if it shall be necessary to rent offices outside of the state capitol, during the next biennial fiscal period, provision may be otherwise made than by this appropriation and the item is deemed unnecessary.

(12) Under the caption "State Board of Prison Directors", page 22, the item "For parole work, thirty thousand dollars".

Because it is unnecessary that this item should be in the general appropriation bill. By special appropriation the sum of \$35,000 has been provided for this work. Items vetoed.

(13) Under the caption "State Board of Charities and Corrections", page 21, the item "For salaries and expenses, state board of charities and corrections (Stats. 1911, page 1335), twenty-five thousand dollars."

Under the continuing statute now in force the necessary appropriation is made for the exact maintenance of the state board of charities and corrections, and the above item is inaccurate in the amount, and unnecessarily inserted in the general appropriation bill.

(14) Under the caption "State Library", page 16, the item "For salaries of two deputy state librarians, seven thousand two hundred dollars".

Because the inclusion of said item in the general appropriation bill is improper and unnecessary. Under the law, the deputies mentioned are to be paid out of the support and maintenance for the state library, the item following the one disapproved.

(15) Under the caption "State Mining Bureau", page 19, the item "For printing, etc., state mining bureau, seven thousand five hundred dollars".

Because the inclusion of the said item separately in the general appropriation bill, is unnecessary, and the printing of the state mining bureau can be paid from the support of the same.

(16) Under the caption "State Agricultural Society", page 19, the item "For printing, etc., state agricultural society, six thousand five hundred dollars".

Because such printing as may be desired by the society may be paid by the increased support that has been given by the general appropriation bill, and the inclusion of the particular item disapproved is unnecessary. In addition, expenditures for printing by the state agricultural society are principally in the printing of statistics and by the continuing statute in force. A sufficient appropriation is made for that purpose.

(17) Under the caption "State Engineering Department", on page 15, the item "For improvement and maintenance of Sonora and Mono road, ten thousand dollars".

Because the inclusion of said item in the general appropriation bill is unnecessary. The state engineer informs me that he has a balance on hand possibly sufficient to do the work contemplated and desired upon said road, and if the said sum shall not be wholly sufficient, the residue necessary will be readily accorded from the emergency fund of the board of control.

CHAPTER 681.

An act authorizing the governor to appoint a commission to investigate and report at the forty-first session of the legislature concerning the adoption of a system of old age insurance and pensions, and mothers' pensions, and making an appropriation therefor.

[Approved June 16, 1913. In effect August 10, 1913.]

The people of the State of California do enact as follows:

SECTION 1. The governor of California is hereby authorized and requested to appoint a commission consisting of five persons, citizens of this state, one of whom shall be a member of the state board of control, to investigate and consider the various systems of old age insurance, old age pensions or annuities, also mothers' pensions or mothers' compensations now in use in different counties of this or other states, and as may be proposed or as are now in operation in other states of this country or elsewhere abroad, and to make a full and complete report of its findings with all data so obtained, properly tabulated, to the legislature at its next regular session. Said commission shall report also statistics showing the probable

Commission to investigate old age insurance and pensions, and mothers' pensions.

3. Verification deputies appointed as provided in subdivision 2 of this section to obtain signatures to the nomination paper of any candidate for any office to be voted for at any primary election, may, at any time not more than seventy days nor less than forty days prior to such election, obtain signatures to such nomination paper of such candidate for such office. Any nomination paper may be presented in sections, but each section shall contain the name of the candidate and the name of the office for which he is proposed for nomination. Each section shall bear the name of the city or town, if any, and also the name of the county or city and county, in which it is circulated, and only qualified electors of such county or city and county, registered as intending to affiliate with the political party in which the nomination is being made, shall be competent to sign such section. Any section circulated within any incorporated city or town shall be signed only by registered qualified electors of such city or town. Each section shall be prepared with the lines for signatures numbered, and shall have attached thereto the affidavit of the verification deputy who has obtained signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief, each signature to the section is the genuine signature of the person whose name it purports to be; and no other affidavit thereto shall be required. The affidavit of any verification deputy obtaining signatures hereunder shall be verified free of charge by any officer authorized to administer an oath. Such nomination paper so verified shall be prima facie evidence that the signatures thereto appended are genuine and that the persons signing the same are registered qualified electors, unless and until it is otherwise proven by comparison of such signatures with the affidavits of registration in the office of the county clerk or registrar of voters. Each section of the nomination paper, after being verified, shall be returned by the verification deputy who circulated it to one of the five electors by whom the said verification deputy was appointed; and in this manner all the sections circulated

The county clerk of any county or registrar of voters of any city and county shall examine all nomination papers herein provided for which purport to have been signed by electors of his county or city and county, and shall disregard and mark "not sufficient" any name appearing on such paper or papers which does not appear in the same handwriting on an affidavit of registration in his office, or which (except in the case

All nomination papers which by this act are required to be filed in the office of the secretary of state, shall be left with the county clerk or registrar of voters for examination, as above provided, at least forty days prior to the August primary election or the May presidential primary election, and shall, with such certificate of examination attached, within five days after being so left, be forwarded by such county clerk or registrar of voters to the secretary of state, who shall receive and file the same. The verification of signatures to nomination papers shall not be made by the candidate, nor by any county clerk, or registrar of voters, nor by any of the deputies in the office of such county clerk or registrar of voters, nor within one hundred feet of any election booth, polling place, or any place where registration of electors is being conducted. Each candidate on or before the thirty-fifth day prior to the August primary election or the May presidential primary election, shall file in the place where his nomination paper is required to be filed, as provided in section 6 of this act, his affidavit, stating his residence, with street and number, if any; his election precinct; that he is a qualified elector in the election precinct in which he resides; the name of the office for which he desires to be a candidate; and that if nominated he will accept such nomination and not withdraw, and that he will qualify as such officer if nominated and elected; and he shall also make the statement required in subdivision 5 of section 6 of this act. Nothing in this act contained shall be construed to limit the rights of any person to become the candidate of more than one political party for the same office upon complying with the requirements of this act, but no person shall be entitled to become a candidate for more than one office at the same election.

Every political party qualified to participate in the primary election by the provisions of subdivision 8 of section 1 of this act, whose membership or members shall comply with the provisions of this act by filing nomination papers for one or more candidates, shall be entitled to a separate party ticket at the primary election; but all such party tickets must be alike in the designation of candidates for judicial, school, county, and township offices.

7. Whenever by rearrangement of political subdivisions of the state by any legislature, board of supervisors or other legislative body, the boundaries of such political subdivisions are changed, the highest vote polled by each party in each of the new political subdivisions shall be determined as follows: If the change occurs wholly within any county or city and county, the county clerk or registrar of voters of such county or city and county shall determine as nearly as possible the highest vote of each party in the new political subdivision by adding together for each party the highest vote in each of the former precincts which now are combined to make up such new political subdivision. If the change occurs outside the limits of any county or city and county, the secretary of state shall determine the highest vote of each party in such new political subdivision by adding together for each party the highest vote in the counties which now are combined to make up such new political subdivision. In the same way that the highest vote for each party in each new political subdivision is ascertained, shall also be ascertained the total vote of all parties, as is required to be known by the provisions of subdivision 9 of this section.

Nothing herein shall be construed as prohibiting the independent nomination of candidates as provided by section 1188 of the Political Code, as said section was enacted at the fortieth session of the legislature of the State of California; except that a candidate who has filed nomination papers as one of the candidates for nomination to any office

on the ballots of any political party at a primary election held under the provisions of this act, and who is defeated for such party nomination at such primary election, shall be ineligible for nomination to the same office at the ensuing general election, either as an independent candidate or as the candidate of any other party, and no person shall be permitted to file nomination papers for a party nomination and an independent nomination for the same office, or for more than one office at the same election. Nor shall any person whose name has been written in upon any ballot or ballots for any office at any primary election, have his name placed upon the ballot as a candidate for such office at the ensuing general election, except under the provisions of section 1188 of the Political Code, unless at such primary election he shall have received for such office votes equal in number to the minimum number of nomination papers which would have been required to be filed to have placed his name on the primary ballot as a candidate for nomination to such office.

9. In the case of a candidate for nomination to a judicial office, school office, county office, or township office, nomination papers shall be signed by not less than one half of one per centum, nor more than two per centum of the total vote cast by all political parties at the last election in the state or political subdivision thereof in which such candidate for judicial or school, county, or township office seeks nomination.

No more signatures shall be secured for any candidate than a number equal to three per centum of the vote constituting the basis of percentage as provided in subdivisions 5, 6, and 9 of section 5 of this act; *provided*, that if, through miscalculation or otherwise, more signatures are secured than the said three per centum, all sections of the nomination paper containing signatures in excess of said three per centum must be sent to the candidate; and before any nomination paper is filed as provided in this section, the candidate must notify each signer of such excess sections that his name has not been used; and in the affidavit required to be filed in subdivision 4 of section 5 of this act, affiant must state whether he has complied with the provisions contained in subdivision 5 of section 6 of this act.

8. When a person is nominated for an office by reason of his name having been written on a ballot that has been voted at any primary election provided for by this act, he must pay the same filing fee provided for the same office to the same officer as would have been required if nomination papers had been filed to place his name on the primary ballot; otherwise his name must not be printed on the ballot at the ensuing general election; *provided*, he is not the nominee of another party for the same office.

Expense of primary.

SEC. 10. At least thirty days before any August primary election preceding a November election or before any May presidential primary election the secretary of state shall transmit to each county clerk or registrar of voters in any city and county a certified list containing the name and post-office address of each person for whom nomination papers have been filed in the office of such secretary of state, including the candidate for delegate to a state convention, if any, from a "hold-over senatorial district" and who is entitled to be voted for in such county at such primary election, together with a designation of the office for which such person is a candidate and except in the case of a judicial office, or a school office of the party or principle he represents. Such county clerk or registrar of voters shall forthwith, upon receipt thereof, publish under the proper party designation the title of each office (except a judicial office or a school office) which appears upon the certified list transmitted by the secretary of state as hereinbefore provided, together with the names and addresses of all persons for whom nomination papers have been filed for each of said offices in the office of the secretary of state, and also the names of all candidates for the county central committee, filed in the office of the county clerk or registrar of voters. He shall also publish the title of each judicial office, school office, county office, and township office, together with the names and addresses of all persons for whom nomination papers have been filed for each of said offices, either in the office of the secretary of state or in the office of the county clerk or registrar of voters, and shall state that candidates for said judicial, school, county, and township offices may be voted for at the primary election, by any registered, qualified elector of the county, whether registered as

intending to affiliate with any political party or not. He shall also publish the date of the primary election, the hours during which the polls will be open, and that the primary election will be held at the legally designated polling places in each precinct, which shall be particularly designated. It shall be the duty of the county clerk or registrar of voters in any city and county to cause such publication to be made once each week for two successive weeks prior to said primary election.

News-papers in which publication shall be made.

SEC. 11. Every publication required by this act shall be made in not more than two newspapers of general circulation published in such county or city and county, and one of such newspapers shall represent the political party that cast at the last preceding general election the highest number of votes in such county or city and county, and one of such newspapers, if any, shall represent the party which cast the next highest number of votes at such election. In any case where the publication of the notices provided for by this act can not be made as hereinbefore provided it shall be made in any newspaper having a general circulation in the city or county in which the notice is required to be published.

Ballots.

SEC. 12. 1. All voting at primary elections within the meaning of this act shall be by ballot. A separate official ballot for each political party shall be printed and provided for use at each voting precinct; but all such party ballots must be alike in the designation of candidates for judicial, school, county, and township offices. The ballots must have a different tint or color for each of the political parties participating in the primary election. There shall also be printed and provided a non-partisan ballot of a different tint and color from all the others (or white, if all the others are colored), which shall contain only, but in like manner, all the candidates for judicial, school, county, and township offices to be voted for at the primary election; and one of the non-partisan ballots shall, at the primary election, be furnished to each registered qualified elector who is not registered as intending to affiliate with any one of the political parties participating in said primary election; but to any elector registered as intending to affiliate with any political party participating in the primary there shall be furnished, not a non-partisan ballot, but a ballot of the political party with which said elector is registered as intending to affiliate.

Non-partisan ballot.

Clerk to provide ballot.

It shall be the duty of the county clerk of each county or of the registrar of voters in any city and county to provide such printed official ballots to be used at any August primary election for the nomination of candidates to be voted for in such county or city and county at the ensuing November election and at any May presidential primary election. It shall be the duty of the city clerk or secretary of the legislative body of any municipality to provide such printed official ballots for any primary election other than the August primary election or the May presidential primary election. Such official ballots to be used at any primary election shall be

printed on official paper, furnished by the secretary of state, in the manner provided by section 1196 of the Political Code, and in the form hereinafter provided. The names of all candidates for the respective offices for whom the prescribed nomination papers have been duly filed shall be printed thereon.

2. Official primary election ballots used at any primary election for the nomination of candidates to be voted for at any presidential or general state election, except as provided in subdivision 5 of this section, shall be as long as the herein prescribed captions, headings, party designations, directions to voters and lists of names of candidates, properly subdivided according to the several offices to be nominated for, may require; and no official primary election ballot shall be less than six and one half inches wide.

3. Across the top of the ballot shall be printed in heavy-faced gothic capital type, not smaller than forty-eight point, the words: "Official Primary Election Ballot;" *providing*, that on a non-partisan ballot said words may be printed in gothic capital type not smaller than twenty-four point. Beneath this heading shall be printed in heavy-faced gothic capital type, not smaller than twenty-four point, the party designation if it be a party ballot; or, in the case of a ballot containing the names of no candidates except candidates for a judicial, school, county, or township office, the words "Non-Partisan Ballot." The instructions to voters shall be printed in ten-point gothic type. In the case of official primary election ballots to be used at any primary election held for the nomination of candidates other than those to be voted for at a presidential or a general state election, and on which, in accordance with the provisions of this act, the names of candidates may be printed in a single column or in two parallel columns, as the case may be, the words "Official Primary Election Ballot" shall be printed thereon in heavy-faced gothic capital type, not smaller than twenty-four point. The party or non-partisan designation shall be printed in heavy-faced gothic capital type, not smaller than eighteen-point. The instructions to voters shall be printed in ten-point gothic type.

4. At least three eighths of an inch below the assembly district designation and the date of the primary election shall be printed in ten-point gothic type, double leaded, the following instructions to voters: "To vote for a person whose name occurs on the ballot, stamp a cross (X) in the square at the right of the name of the person for whom you desire to vote. To vote for a person whose name is not printed on the ballot, write his name in the blank space provided for that purpose."

5. The instructions to voters shall be separated from the lists of candidates and the designations of the several offices to be nominated for by one light and one heavy line or rule. The names of the candidates and the respective offices shall, except as may be hereinafter otherwise provided, be printed on the ballot in four or more parallel columns, each two and one half inches wide. The number of such parallel columns shall be

exactly divisible by two, and such parallel columns shall be equally divided on the ballot for party and non-partisan tickets by a solid black line, extending down from the printed lines separating the instructions to voters from the lists of names of candidates to the bottom margin of the ballot. In the case of a primary election for the nomination of candidates to be voted for at a presidential or general state election, the order of precedence shall be as follows, that is to say: In the column to the left, under the heading STATE shall be printed the groups of names of candidates for state offices, except judicial and school offices, and for members of the state board of equalization. In the second column, under the heading CONGRESSIONAL shall be printed the groups of names for United States senator in congress, if any, and for representative in congress. Next, under the heading LEGISLATIVE shall be printed the groups of names for state senator, if any, for member of assembly, and for election as delegate to the state convention from a "hold-over senatorial district," if any. Finally under the heading COUNTY COMMITTEE shall be printed the names of the candidates for election to membership in the county central committee of the party. In the case of primary elections where state officers are not to be nominated, at the left of the solid black dividing line there may be only one column. In the parallel columns to the right of the solid black dividing line shall be printed the groups of names of candidates for nomination to judicial, school, county, and township offices in the following order: Under the heading JUDICIAL shall be printed all the names of candidates for judicial offices, in the order of chief justice supreme court, associate justices supreme court, judge of district court of appeals, judge of superior court and justice of the peace. Next, under the heading SCHOOL shall be printed all the names of candidates for school offices in the order of state superintendent of instruction, superintendent of schools, and school district officers, if any. Next, under the heading COUNTY AND TOWNSHIP shall be printed the groups of candidates for all county and township offices except judicial or school offices. In the case of primary elections where county officers are not to be nominated, at the right of the solid black dividing line there may be only one column. The non-partisan ballot provided for in subdivision one of this section shall be identical as to offices and names of candidates with that portion of the party ballot which is printed to the right of the solid black dividing line hereinabove described. The tally sheets furnished to election officers shall have the names of offices and candidates arranged in the order in which said names of offices and candidates are printed on the ballots according to the provisions of this section and subdivision. In the case of primary elections for the nomination of candidates for city, city and county or municipal offices only, the groups of names of candidates may be printed in two parallel columns and the order of precedence shall be determined by the legislative body

of such city or municipality or by the board of election commissioners of any such city and county.

6. The group of names of candidates for nomination to any judicial office, school office, county office, or township office shall include all the names receiving the requisite number of signatures on a nomination paper for such office, and shall be identical for each such office on the primary election ballots of each political party participating at the primary election; but the groups of names of candidates for all other offices on the ballots of each political party shall comprise only the names of the candidates for nomination by such party.

7. The order in which the list of candidates for any office shall appear upon the primary election ballot shall be determined as follows:

Order of
lists of
candidates.

(a) If the office is an office the candidates for which are to be voted on throughout the entire state, including United States senator in congress, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for the first assembly district; and thereafter for each succeeding assembly district, the name appearing first for each office in the last preceding district shall be placed last, the order of the other names remaining unchanged. If the office is that of representative in congress, or is an office the candidates for nomination to which are to be voted on in more than one county or city and county, but not throughout the entire state, except the office of state senator or assemblyman, the secretary of state shall arrange the names of all candidates for such office in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be voted on; and thereafter for such succeeding assembly district in which such candidates are to be voted on, the name appearing first for such office in the last preceding district shall be placed last, the order of the other names remaining unchanged. In transmitting to each county clerk or registrar of voters the certified list of names as required in section 10 of this act, the secretary of state shall certify and transmit the list of candidates for nomination to each office according to assembly districts, in the order of arrangement as determined by the above provisions; and in the case of each county or city and county containing more than one assembly district, he shall transmit separate lists for each assembly district. Except for the office of state senator or assemblyman, the order in which the names filed with the secretary of state shall appear upon the ballot, shall be for each assembly district the order as determined by the secretary of state in accordance with the above provisions, and as certified and transmitted by him to each county clerk or registrar of voters.

(b) If the office is an office to be voted on throughout, but wholly within one county or city and county, except the office of representative in congress or state senator or assemblyman, the county clerk of such county or the registrar of voters of such city and county, shall arrange the names of all candidates

for such office in alphabetical order for the first supervisory district; and thereafter for each supervisory district, the name appearing first for each such office in the last preceding supervisory district shall be placed last, the order of the other names remaining unchanged; *provided*, there are no more than five assembly districts in such county, or city and county. If there are more than five assembly districts in such county, or city and county, the county clerk or registrar of voters shall so arrange on the ballot the order of names of all candidates for such office that they shall appear in alphabetical order for that assembly district in such county, or city and county, which is lowest in numerical order, and thereafter for each succeeding assembly district in such county, or city and county, the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

(c) If the office is that of state senator or assemblyman, or delegate to the state convention from a "hold-over senatorial district," or member of a county central committee, or any office except the office of representative in congress to be voted on wholly within any county or city and county but not throughout such county or city or county, the names of all candidates for such office shall be placed upon the ballot in alphabetical order.

(d) If the office is a municipal office in any city or town whose charter does not provide for the order in which names shall appear on the ballot, the names of candidates for such office shall be placed upon the ballot in alphabetical order.

8. In publishing the names and addresses of all candidates for whom nomination papers have been filed, as required in section 10 of this act, the county clerk or registrar of voters shall publish the names in the order in which they will appear upon the ballot; *provided*, that in counties or cities and counties containing more than one assembly district the order of names of candidates shall be that of the assembly district in such county or city and county which is lowest in numerical order.

9. Each group of candidates to be voted on shall be preceded by the designation of the office for which the candidates seek nomination, and the words "Vote for One" or "Vote for Two" or more according to the number to be elected to such office at the ensuing election. Such designation of the office to be nominated for and of the number of candidates to be nominated shall be printed in heavy-faced gothic type, not smaller than ten-point. The word or words designating the office shall be printed flush with the left-hand margin and the words "Vote for One" or "Vote for Two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. 10. The names of the candidates shall be printed on the ballot without indentation, in roman capital type not smaller than eight-point, between light lines or rules three eighths of an inch apart. Under each group of names of candidates shall be printed as many blank spaces, defined by light lines or rules, three eighths of an inch apart, as there are to be candidates nominated for such office. To the right of the names of the candidates shall be printed a light line or rule so as to form a voting square three eighths of an inch square. Each group of names of candidates shall be separated from the succeeding group by one light and one heavy line or rule. Each series of groups shall be headed by the word "State," "Congressional," "Legislative," "County and Township" or "Municipal" or other proper general classification, as the case may be, printed in heavy-faced gothic capital type, not smaller than twelve-point. All official primary election ballots shall have printed on the back and immediately below the center thereof, in eighteen-point gothic capital type, the words "Official Primary Election Ballot," and underneath these words the respective numbers of the congressional, senatorial and assembly districts in which each ballot is to be voted. In the case of a primary election for the nomination of candidates for city or city and county offices only, the designations on the back of the ballot, in addition to the words "Official Primary Election Ballot," shall be the official designation of the respective ward and voting precinct in any such city or municipality, or the number of the assembly district and of the voting precinct in any such city and county in which each ballot is to be voted. The ballot shall be printed on the same leaf with a stub and separated therefrom by a perforated line across the top of the ballot. On each ballot a perforated line shall extend from top to bottom one half inch from the right hand side of such ballot, and upon the half-inch strip thus formed there shall be no printing except the number of the ballot which shall be on the back of each strip, in such position that it shall appear on the outside when the ballot is folded. The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county; *provided*, that the sequence of numbers on such official ballots and stubs for each party shall begin with the number one. The official ballots of each political party shall be made up in stub books, each book to contain ten, or some multiple of ten, ballots, in the manner provided by law for official election ballots, and except as to the order of the names of candidates shall be printed in substantially the following form:

SEC. 13. At least twenty days before the August primary election or before the May presidential primary election each county clerk or registrar of voters in any city and county shall prepare separate sample ballots for each political party, and a separate sample non-partisan ballot, placing thereon in each case in the order provided in subdivision 7 of section 12 of this act, and under the appropriate title of each office, the names of all candidates for whom nomination papers have been duly filed with him, or have been certified to him by the secretary of state, to be voted for at the primary election in his county or city and county. Such sample ballots shall be printed on paper of a different texture from the paper to be used on the official ballot, and one sample ballot of the party to which the voter belongs as evidenced by his registration shall be mailed to each such voter entitled to vote at such August primary election or May presidential primary election, as the case may be, not more than ten nor less than five days before the election. Not more than ten nor less than five days before the August primary election a non-partisan sample ballot printed on paper of a different texture from the paper to be used on the official ballot shall be mailed to each registered qualified elector who is not registered as intending to affiliate with any of the parties participating in said primary election. Such clerk or registrar of voters shall forthwith submit the ticket of each political party to the chairman of the county committee of such party and shall mail a copy to each candidate for whom nomination papers have been filed with him or whose name has been certified to him by the secretary of state, to the post-office address as given in such nomination paper or certification, and he shall post a copy of each sample ballot in a conspicuous place in his office. Before such primary election the county clerk or registrar of voters in any city and county shall cause the official ballot to be printed as provided by section 12 of this act, and distributed in the same manner and in the same quantities as provided in sections 1198, 1199 and 1201 of the Political Code for the distribution of ballots for elections; *provided*, that the number of party ballots to be furnished to any precinct shall be computed from the number of voters registered in such precinct as intending to affiliate with such party, and the number of non-partisan ballots to be furnished to any precinct shall be computed from the number of voters registered in such precinct without statement of intention to affiliate with any of the parties participating in the primary election. In the case of primary elections for the nomination of candidates for city offices it shall be the duty of the city clerk, secretary of the legislative body of such city or municipality, or such other officer charged by law with the duty of preparing and distributing the official ballots used at elections in such city or municipality, to prepare and mail the sample ballot and to prepare and distribute the official primary election ballots, and so far as applicable and not

But no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives. No adjournment or intermission shall be taken except as provided in the case of general elections.

SEC. 15. The officers for primary elections shall be the same, and shall be appointed in the same manner, as provided by law for general elections, and such officers shall receive the same compensation for their services at primary elections as provided by law for general elections.

Election
officers.

It shall be the duty of the proper officers to furnish the original affidavits of registration and indexes for use at primary elections, which shall show the names of all voters entitled to vote at such primary elections, and shall be numbered, for purposes of the primary election, in like manner as provided in section 1113 of the Political Code. And all the provisions of section 1096 of the Political Code, so far as they are consistent with the provisions of this act, are hereby made applicable to primary elections within the meaning of this act.

SEC. 16. Any elector offering to vote at a primary election may be challenged by any elector of the city, city and county or county, upon either or all of the grounds specified in section 1230 of the Political Code, but his right to vote the primary election ticket of the political party designated in his affidavit of registration, as provided in section 1096 of the Political Code, or his right to vote the non-partisan primary ticket providing no such party is so designated, shall not be challenged on any ground or subjected to any tests other than those provided by the constitution and section 1230 of the Political Code of this state.

year, and of the county ninety days, preceding the day upon which such primary election is held. He shall be instructed by a member of the board as to the proper method of marking and folding his ballot, and he shall then retire to an unoccupied booth and without undue delay stamp the same with the rubber stamp there found. If he shall spoil or deface the ballot he shall at once return the same to the ballot clerk and receive another.

Designating
choice.

SEC. 18. The voter shall designate his choice on the ballot by stamping a cross (X) in the small square opposite the name of each candidate for whom he wishes to vote. If he shall stamp more names than there are candidates to be nominated for any office, or if for any reason it be impossible to determine his choice for any office, his ballot shall not be counted for such office, but the rest of his ballot, if properly stamped, shall be counted. No ballot shall be rejected for any technical error which does not render it impossible to determine the voter's choice, nor even though such ballot be somewhat soiled or defaced.

Folding
ballot.

SEC. 19. When a voter has stamped his ballot he shall fold it so that its face shall be concealed and only the printed designation on the back thereof shall be visible, and hand the same to the member of the board in charge of the ballot box. Such folded ballot shall be voted as ballots are voted at general elections and the name of the voter checked upon the register as having voted.

closing of
polls and
counting
of votes.

SEC. 20. No adjournment or intermission whatever shall take place until the polls shall be closed and until all the votes cast at such polls shall be counted and the result publicly announced, but this shall not be deemed to prevent any temporary recess while taking meals or for the purpose of other necessary delay; *provided*, that no more than one member of the board shall at any time be absent from the polling place.

Canvass
of votes.

SEC. 21. As soon as the polls are finally closed the judges must immediately proceed to canvass the votes cast at such primary election. The canvass must be public, in the presence of bystanders, and must be continued without adjournment until completed and the result thereof declared. Except as hereinafter provided, the canvass shall be conducted, completed and returned as provided by sections 1253, 1254, 1255, 1256, 1257, 1258, 1259, 1260, 1261, 1262, 1263, 1264, 1265, 1266, 1267 and 1268 of the Political Code of this state; *provided, however*, that the ballots of each party must be sealed and returned in separate envelopes, and the non-partisan ballots must be sealed and returned in another separate envelope. The number of ballots agreeing or being made to agree with the number of names on the lists, as provided by section 1255 of the Political Code, the board must take the ballots from the box, count those cast by each party, and string them separately; count all the votes cast for each party candidate for the several offices and record the same on the tally lists; and count all the votes on all the ballots, both party and non-partisan, for the candi-

dates for judicial, school, county, and township offices, and record the same on the tally lists.

SEC. 22. The name of the person in each political party who receives at a primary election the highest number of votes for United States senator shall also be placed on the official ballot under the heading "United States Senator." In the case of a judicial office, school office, county office, or township office, the candidates equal in number to twice the number to be elected to such office, or less, if so there be, who receive the highest number of the votes cast on all the ballots of all the voters participating in the primary election for nomination to such office, shall be the candidates for such office at the ensuing election, and their names as such candidates shall be placed on the official ballot voted at the ensuing election; *provided, however*, that in case there is but one person to be elected at the November election to a judicial office, school office, county office, or township office, any candidate who receives at the August primary election a majority of the total number of votes cast for all the candidates for such office shall be the only candidate for such office at the ensuing election. 2. The candidates of each political party for state officers, if any, except judicial and school officers, and such candidates for senate and assembly as have been nominated by such political party at the primary election, and in whose behalf nomination papers have been filed, together with one delegate chosen by such political party from each senatorial district represented by a hold-over senator, shall meet in a state convention at the state capitol at two o'clock in the afternoon of the third Tuesday in September after the date on which any primary election is held preliminary to the general November election. electors so nominated, and to cause the names of such candidates for elector to be placed upon the ballots at the ensuing November election.

Members must have been on primary ballot.

Membership in the state convention shall not be granted to a party nominee for a state office or office of senator or assemblyman who has become such by reason of his name having been written on a ballot, and who has not had his name printed on the primary ballot by having had a nomination paper filed in his behalf, as provided in section 5 of this act; and, in every such case, a vacancy shall be deemed to exist; and any vacancy thereby existing, or existing because no nomination for such office has been made, or for any other cause, shall be filled as hereinafter provided. In any senatorial district represented by a hold-over senator there shall be chosen at such primary election by the electors of every political party one delegate to the state convention, who shall have nomination papers circulated in his behalf, shall have his name placed upon the ballot, and shall be chosen in the same manner as a state senator is nominated from any senatorial district; but no such delegate shall be disqualified by reason of holding any office, nor shall any filing fee be required in order to have his name placed upon the ballot. In the event that there shall not have been filed any nomination paper for a candidate for any state office or office of senator or assemblyman by the electors of any political party, the vacancy thus created in the state convention of such party shall be filled as follows:

(a) If the vacancy occurs in a senatorial or assembly district situated wholly within the limits of a single county or city and county, by appointment by the newly elected county central committee of such party in such county or city and county.

(b) If the vacancy occurs in a senatorial or assembly district comprising two or more counties, by appointment by the newly selected chairman of the several newly elected county central committees of such party in such counties.

(c) If the vacancy occurs in a state office, by appointment by the state central committee of such party.

Such delegate so appointed shall present to the convention credentials signed by the chairman and the secretary of the appointing committee, or by the appointing chairmen of the several committees, as the case may be.

It shall choose its officers by ballot and each committee and its officers shall have the power usually exercised by the such committees and the officers thereof in so far as may be consistent with this act. The various

officers and committees now in existence shall exercise the powers and perform the duties herein prescribed until their successors are chosen in accordance with the provisions of this act.

4. At each August primary election there shall be elected in each county or city and county a county central committee for each political party, which shall have charge of the party campaign under general direction of the state central committee or of the executive committee selected by such state central committee. In all counties or cities and counties containing five or more assembly districts the county central committee shall be elected by assembly districts and shall consist of one member for each one thousand electors or fraction thereof in each such assembly district registered as belonging to the political party with which such electors are affiliated as shown by the register of voters of such county or city and county on the first Monday of June next preceding said primary election. In all counties containing less than five assembly districts the county central committee shall be elected by supervisorial districts, and the number to be elected from any supervisorial district shall be determined as follows: The number of electors registered in any supervisorial district as intending to affiliate with any political party shall be divided by one-twentieth of the number of electors registered in the entire county as intending to affiliate with said party, as such registration exists, in each case, on the first Monday of June next preceding the primary election; and the integer next larger than the quotient obtained by such division shall constitute the number of members of the county central committee to be elected by such party in said supervisorial district. The county clerk or registrar of voters in each county or city and county shall, between the first Monday and the second Monday of June next preceding the primary election, complete the number of members of the county central committee allotted to each assembly district or supervisorial district, as the case may be, by the provisions of this subdivision. Each candidate for member of a county central committee shall appear upon the ballot upon the filing of a nomination paper according to the provisions of section 5 of this act, signed in his behalf by the electors of the political subdivision in which he is a candidate, as above provided; and the number of candidates to which each party is entitled, as hereinbefore provided, in each political subdivision, receiving the highest number of votes shall be declared elected. SEC. 26. In case of a tie vote, if for an office to be voted for wholly within one county or city and county, the county, city and county or city board, as the case may be, shall forthwith summon the candidates who have received such tie votes to appear before such board, and such board in the presence of such candidates shall determine the tie by lot. In the case of a tie vote for an office to be voted for in more than one county, such tie shall be determined by lot by the secretary of state in the presence of the candidates or their legally appointed representatives. Such summons must in every case be mailed to the address of the candidate as it appears upon his affidavit of registration.

Correc-

errors or
omission.

SEC. 27. Whenever it shall be made to appear by affidavit to the supreme court or district courts of appeal or superior court of the proper county that an error or omission has occurred or is about to occur in the placing of any name on an official primary election ballot, that any error has been or is about to be committed in printing such ballot, or that any wrongful act has been or is about to be done by any judge or clerk of a primary election, county clerk, registrar of voters in any city and county, canvassing board or any member thereof, or other person charged with any duty concerning the primary election, or that any neglect of duty has occurred or is about to occur, such court shall order the officer or person charged with such error, wrong or neglect to forthwith correct the error, desist from the wrongful act or perform the duty, or forthwith show cause why he should not do so. Any person who shall fail to obey the order of such court shall be cited forthwith to show cause why he shall not be adjudged in contempt of court.

SEC. 28. Any candidate at a primary election, desiring to contest a nomination of another candidate for the same office, may, within five days after the completion of the official canvass, file an affidavit in the office of the clerk of the superior court of the county in which he desires to contest the vote returned from any precinct or precincts in such county, and thereupon have a recount of the ballots cast in any such precinct or precincts, in accordance with the provisions of this section. Such affidavit must specify separately each precinct in which a recount is demanded, and the nature of the mistake, error, misconduct, or other cause why it is claimed that the returns from such precinct do not correctly state the vote as cast in such precinct, for the contestant and the contestee. The contestee must be made a party respondent, and so named in the affidavit. No personal service or other service than as herein provided need be made upon the contestee. Upon the filing of such affidavit the county clerk shall forthwith post in a conspicuous place in his office, upon a bulletin board to be prepared for that purpose, and to have upon it in conspicuous letters the words "Notice of Primary Election Contests" a copy of the affidavit. Upon the filing of such affidavit and the posting of the same, the superior court of the county shall have jurisdiction of the subject matter and of the parties to such contest, and all candidates at any such primary election are permitted to be candidates under this act, upon the condition that such jurisdiction for the purposes of the proceeding authorized by this section shall exist in the manner and under the conditions provided for by this section. The contestant on the date of filing such affidavit, must mail a copy thereof to the contestee in a sealed envelope, with postage prepaid, addressed to the contestee at the place of residence named in the affidavit of registration of such contestee, and shall make an affidavit of such mailing and file the same with the county clerk to become a part of the records of the contest. Within two days after the expiration of the time for filing such affidavits, the county clerk shall present all such affidavits and proof of posting as aforesaid to the judge of the superior court of the county, or any judge acting in his place, or the presiding judge of the superior court of a county or city and county, or any one acting in his stead, which judge shall, upon such presentation, forthwith designate the time and place where such contest shall proceed, and in counties or cities and counties where there are more than one superior judge, assign all the cases to one department by the order of such court. Such order must so assign such case or cases, and fix such time and place for hearing, which time must not be less than one nor more than three days from the presentation of the matter to the court by the county clerk, as herein provided. It shall be the duty of the contestee to appear either in person or by attorney, at the time and place so fixed, and to take notice of the order fixing such time and place from the records of the court, without service. No special appearance of the contestee for any purpose shall be permitted,

and any appearance whatever of the contestee or any request of the court by the contestee or his attorney, shall be entered as a general appearance in the contest. No demurrer or objection can be taken by the contestee in any other manner than by answer, and all the objections of the contestee must be contained in his answer in the contest. The court if the contestee shall appear, must require the answer to be made within three days from the time and place as above provided, and if the contestee shall not appear shall note his default, and shall proceed with all convenient speed. If the number of votes which are sought to be recounted, or the number of contests are such that the judge shall be of opinion that it will require additional judges to enable the contest or contests to be determined in time to print the ballots for the election, if there be only one judge for such county, he may obtain the service of any other superior judge, and the proceedings shall be the same as herein provided in counties where there is more than one superior court judge. If the proceeding is in a county or city and county where there is more than one superior court judge, the judge to whom the case or cases shall be assigned, shall notify the presiding judge forthwith, of the number of judges which he deems necessary to participate, in order to finish the contest or contests in time to print the ballots for the primary election, and the said presiding judge shall forthwith designate as many judges as are necessary to such completion of such contest, by order in writing, and thereupon all of the judges so designated shall participate in the recount of such ballots and the giving of judgment in such contest or contests in the manner herein specified. The said judges so designated by said last mentioned order, including the judge to whom said contests were originally assigned, shall convene upon notice from the judge to whom such contest or contests were originally assigned, and agree upon the precincts which each one of such judges will recount, sitting separately, and thereupon such recount shall proceed before each such judge sitting separately, as to the precincts so arranged, in such manner that the recount shall be made in such precincts before each such judge as to all the contests pending, so that the ballots opened before one judge need not be opened before another judge or department, and the proceedings before such judge in making such recount as to the appointment of the clerk and persons necessary to be assistants of the court in making the same, shall be the same as in contested elections, and the judge shall fix the pay or compensation for such persons and require the payment each day in advance, of the amount thereof by the person who is proceeding with and requiring the recount. When the recount shall have been completed in the manner herein required, if more than one judge has taken part therein, all the judges who took part shall assemble and make the decision of court, and if there be any differences of opinion, a majority of such judges shall finally determine all such questions, and give the decision or judgment of the court in such contest or

The judgment shall be served upon the county clerk or registrar of voters by delivery of a certified copy thereof, and may be enforced summarily in the manner provided in section 27 of this act, and if the contest proceeds in more than one county, and the nominee is to be certified by the secretary of state from the compilation of election returns in his office, then the judgment in each county shall show what, if any changes in the returns in the office of the secretary of state relating to such county or city and county, ought to be made, and all such judgments shall be served upon the secretary of state, by the delivery of a certified copy, and he shall make such changes in the record in his office as such judgment or judgments require, and conform his compilation and his certificate of nomination in accordance therewith.

The said board of public works shall thereafter proceed to advertise and collect the various sums delinquent and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land separately assessed by the sale of the assessed property in the manner hereinafter specified; and after the date of said delinquency and before the time of such sale herein provided for, no assessment shall be received unless at the same time the five per cent added thereto, as aforesaid, together with the costs of advertising then already incurred, shall be paid therewith. The said property shall be sold and when sold shall be subject to redemption in the manner following, to wit:

Collection

The board of public works shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in the official newspaper of said city and county of San Francisco. 3d. On the day fixed for the sale the board of public works must, at the hour of ten o'clock a. m. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; *provided*, that the board of public works may postpone or continue the sale from day to day until the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and then and there pay the amount of the assessment, penalty and costs due, including fifty cents to the board of public works for a certification of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale, the same shall be struck off to the said city and county of San Francisco, as purchaser, and the board of supervisors shall appropriate out of the general fund of the treasury, the amount then due against the lot, piece or parcel of land, and shall order the county treasurer to place the same in the special fund for such improvement. Certificate
of sale.

4th. After making the sale, the board of public works must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The board of public works must file one copy of

such certificate in its office and deliver the other to the purchaser, or if the said city and county of San Francisco is the purchaser, to the clerk of the board of supervisors, who shall file the same in his office. On the filing of the copy of such certificate in the office of the board of public works, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The board of public works shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

When redemption is made, the board of public works shall note that fact on the duplicate certificate of sale on file in its office, and deposit the amount paid with the county treasurer, who shall credit the purchaser named in the certificate of sale with the said amount and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the said city and county of San Francisco is the purchaser, the county treasurer shall notify the clerk of the board of supervisors of the redemption, and such clerk shall thereupon cancel the certificate of sale on file in his office.

Redemption.

6th. At any time after the expiration of twelve months from the date of the sale, the board of public works must execute to the purchaser, or his assignee, on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof and the fact that no person has redeemed the property. The board of public works shall receive from the applicant for the deed, one dollar for making such deed, unless the said city and county of San Francisco is the purchaser, in which case no charge shall be made therefor.

Deed.

7th. The deed of the board of public works shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings hereunder prior to the execution thereof, and of title in the grantee. It shall be conclusive evidence of the necessity of taking or damaging the lands taken or damaged, and of the necessity of the improvement and work and of the correctness of the compensation awarded for lands taken or damaged.

RECALL.

SEC. 50. The holder of any elective or appointive county or township office may be recalled by the electors at any time after he has held his office six months. vote cast within the district or township for which the officer sought to be recalled was elected or appointed. in case of an official not elected by or appointed for the county) and shall contain a statement of the grounds on which the recall is sought. No insufficiency of form or substance in such statement shall affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of occupation and residence, giving street and number or if no street or number exist, then such a designation of his residence as will enable the location to be readily ascertained. To each separate paper of such petition shall be attached an affidavit made by a qualified elector of the county, stating that the affiant circulated that particular paper and saw written the signatures appended thereto, and that, according to the information and belief of the affiant, each of said signatures is genuine, and the signature of a qualified elector of the county (or particular subdivision thereof in which such signers are hereby required to reside). Within ten days from the filing of such petition, the registrar of voters shall, from the records of registration, determine whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition his certificate showing such determination. If such certificate shows the petition to be insufficient, it may be supplemented within ten days from the date of the certificate by the filing of additional papers, duplicates of the original petition except as to the names signed. The registrar of voters shall, within ten days after such additional papers are filed, ascertain from the records of registration, and certify whether or not the names to such petition, including such additional papers, are still insufficient, and if insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record. The failure to secure sufficient names shall not prejudice the filing later of an entirely new petition to the same effect. If required by the registrar of voters, the board of supervisors shall authorize him to employ, and shall provide for the compensation of, persons necessary in the examination of said petition and supplementary petition, in addition to the persons regularly employed by him in his office. In case the registrar of voters is the officer sought to be recalled, the duties in this article provided to be performed by him shall be performed by the county clerk. If the petition shall be found to be sufficient, the registrar of voters shall submit the same to the board of supervisors without delay, whereupon the board shall forthwith cause a special election to be held not less than thirty-five nor more than forty days after the date of the order calling such an election, to determine whether the voters shall recall such officer. If a vacancy occur in said office after a recall petition is filed, and the office is elective, the election shall nevertheless proceed as in this section provided. Upon the sample ballot there shall be printed, in not more than two hundred words, the grounds set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words, the officer may justify himself. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall, by stamping a cross (X) indicate his vote for or against such recall. On such ballots, under each such question there shall also be printed, if the officer sought to be recalled be an elective officer, the names of those persons who shall have been nominated as candidates to succeed him, in case he shall be recalled at such election; but no vote shall be counted for any candidate for said office unless the voter also voted on the question of the recall of the person sought to be recalled therefrom. The name of the person sought to be recalled shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent shall vote "No," said incumbent shall continue in said office. If a majority shall vote "Yes," said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass the votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law. If the incumbent of an appointive office be recalled at such election, his successor shall be appointed immediately after the canvassing of the vote. Before any petition can be filed under this section for the recall of any person in the classified service of the county, there shall be presented to, and be passed upon by, the civil service commission, a complaint in writing giving the grounds for and asking the removal of such person. Such complaint must be considered and be finally acted upon by the commission within twenty days after such filing. Until such time as the board of supervisors shall appoint a registrar of voters under the provisions of this charter, the powers and duties by this section conferred upon the registrar of voters shall be exercised and performed by the county clerk. 14. All ballots printed shall be precisely of the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all the candidates printed upon the ballot shall be in type of the same size and style. 20. In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, as that of councilman, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such an office shall be declared elected; *provided, however*, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one half the number of ballots cast at such election.

Considered
primary.

21. If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election; *provided*, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for any office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. 22. The second election, if necessary to be held, shall be held three weeks after the first election.

23. All the provisions and conditions above set forth as to the conduct of an election, so far as they may be applicable, shall govern the second election, except that notice of election need be published twice only; *and provided, also*, that the same precincts and polling places shall, if possible, be used.

24. If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as hereinafter provided.

25. No informalities in conducting municipal elections shall invalidate the same, if they have been conducted fairly and in substantial conformity to the requirements of this charter.

Section 4. The provisions of the state law relating to the

qualifications of electors, the manner of voting, the duties of election officers, the canvassing of returns, and all other particulars in respect to the management of elections, so far as they may be applicable, shall govern all municipal elections; *provided*, that the council shall meet as a canvassing board and duly canvass the election returns within seven days after any municipal election. Senate Joint Resolution No. 9, relative to the continuance by the United States of the government line of steamers from eastern seaports to Colon, in the "canal zone," and the extension thereof to Pacific seaports, on the western coast of the United States, on the completion of the Panama canal.

[Filed with Secretary of State February 4, 1913.]

WHEREAS, There is maintained and operated by the United States from eastern seaports of our country to Colon, in the "canal zone," a government line of steamers for the transportation of freight consisting of supplies for use in the construction of the Panama canal, and of certain merchandise for the Pacific coast states; the latter transshipped from Avon on the western end of the government railways across the Isthmus of Panama, to steamers operated by private corporations, plying between Avon and Pacific coast ports;

Extending government steamer lines to Pacific coast.

WHEREAS, On the completion of said canal, public interests and the necessities of those interested in western commerce, demand that the government-owned vessels now in the service on the Atlantic side, be not only continued in operation as now, but extended to Pacific seaports, on the western coast of the United States;

WHEREAS, The failure to so continue and extend such government service would reopen the struggle between the producers and shippers of California and sister states, on the one side, and the steamship companies acting in concert with the transcontinental railways on the other; and thus, to a great extent, restore the unfavorable conditions, that will, in the future, and as they were, in the past, be manipulated and controlled by transcontinental railways and their allies;

WHEREAS, The experience of our producers and shippers in the past and recently in connection with a steamship line not enjoying the favors of the transcontinental railway lines and their allies, doing business on the Pacific side of the canal, should warn those in authority and the people, to avoid a similar danger in the future; particularly when its repetition will greatly impair the benefits that should accrue to them and to the country at large, by the construction and operation of such canal under the auspices of the government of the United States.

WHEREAS, The early completion of the Panama canal should urge early action on the subject matter of these resolutions; therefore, be it

Resolved by the senate and assembly of the State of California, jointly, That the legislature of the State of California respectfully urge the congress of the United States, to enact such legislation as will continue after the completion of the Panama canal, such government line of steamers, and extend their service, with such additional steamers and facilities as

Senate Joint Resolution No. 12, relative to action by congress in directing an investigation through the department of agriculture of measures for protection of fruit from frost damage.

[Filed with Secretary of State March 31, 1913.]

WHEREAS, The great citrus belt of California has been visited by an unprecedented damaging frost involving a loss of many millions of dollars in the crop alone as well as great damage to trees; and Damage to citrus fruit, by frost.

WHEREAS, Great advancement has been made by both public and private experimentation in the protection of orchards all over the United States from the damaging effect of cold waves by means of heating pots and other methods of raising temperatures, the use of which has given perfect protection in some groves and has been of little benefit in others. The effect of frost damage on many fruits, particularly the citrus, is but little known and it is believed that large sums may be saved in this and other horticultural branches by a more thorough knowledge of the prevention of frost damage and the best means of determining to what extent citrus or other fruits have been rendered unfit for marketing. Large losses have been sustained which might have been prevented were proper methods known; and

WHEREAS, The interests of the whole country demand a thorough investigation of this question by the department of agriculture through the most competent experts obtainable. Such work adequately supported and ably conducted will save many millions of dollars losses to the nation. Now, therefore, be it

Resolved, That this being a nation wide problem, we appeal to congress to authorize and empower the department of agriculture to at once take up this question and employ the ablest and most competent men to be had for carrying on this work until a thorough knowledge shall be had of this question in its bearing on all branches of horticulture; and be it

Congress urged to authorize investigation.

Resolved, That upon the passage of this resolution, the secretary of state be and he is hereby directed to forward a copy thereof to the senators and representatives of the State of California in congress; and that a copy of the resolution be also transmitted to the governor of each fruit growing state in the union, requesting them to urge legislatures now in session to consider and take action in accordance with this resolution.

CHAPTER 25.

Senate Joint Resolution No. 1, relative to the continuation by the United States of surveys for the construction of storage reservoirs for the impounding of flood waters in the Sierra Nevada mountains in the State of California, and asking that an appropriation be made for forwarding the work as speedily as possible.

[Filed with Secretary of State March 21, 1913.]

Conservation of flood waters in Sierras.

WHEREAS, The United States government has for several years past been securing data through the geological survey and the reclamation service concerning the watersheds of the west slope of the Sierra Nevada mountains and the construction of storage reservoirs for the conservation of flood waters in the winter and spring; and

WHEREAS, The Sacramento and San Joaquin valleys of which these watersheds form the eastern rim, constitute a large body of the most fertile land to be found in any country, rivaling the far famed valley of the Nile in productiveness and capable of supporting a population of several millions when properly reclaimed and settled; and

WHEREAS, In times of heavy snowfall and rainfall, the volume of water coming down into the valleys is a continual menace to the rich lands adjacent to the Sacramento and San Joaquin rivers, thousands of acres of which are flooded in years of heavy rainfall; and

WHEREAS, In the report of the reclamation service for the year 1907 the statement is made that if storage reservoirs were constructed at the sites surveyed, it would greatly simplify the drainage problems of the Sacramento and San Joaquin rivers and the lower Sacramento valley by reducing the flood flow in the rivers; and

WHEREAS, The flood waters so impounded would be of the greatest value to the Sacramento and San Joaquin valleys, and the State of California by being used for irrigation instead of being allowed to flow to the ocean, often doing incalculable damage to the valleys, 800,000 acres of the lowlands of which having been flooded in 1904; therefore, be it

Construction of storage reservoirs favored.

Resolved by the senate and the assembly jointly, That the legislature of the State of California memorializes the congress of the United States for the continuation of said work of surveying and constructing such storage reservoirs in the watersheds of the western slope of said Sierra Nevada mountains on the tributaries of the Feather, Yuba and American rivers and other tributaries of the Sacramento and San Joaquin rivers, carrying out all measures necessary for such work and making an appropriation of sufficient size to forward it as speedily as possible; be it further

Resolved, That the secretary of the interior be requested to take the necessary measures for hastening the survey and

construction of such reservoirs, in order to impound such flood waters and enable the problem of improvement and restraint of the Sacramento and San Joaquin rivers to be the more speedily solved; and be it further

Resolved, That our senators in congress be instructed and our representatives be requested to use all honorable means to secure the action desired in this matter for the purpose aforesaid. And be it further

Resolved, That a copy of these resolutions be forwarded to the president of the United States, the secretary of the interior, the secretary of agriculture, the respective houses in congress and to each of our senators and representatives in congress, including those to assume office on March 4th, 1913.

CHAPTER 26.

[Filed with Secretary of State March 31, 1913.]

WHEREAS, There are situated within the State of California great national forests comprising in area over twenty-seven million acres, and

Fires in

forest
reserves.

WHEREAS, The protection and preservation of these forests is of great benefit to the citizens of this state and of the whole United States, and

WHEREAS, Each year during the months of July, August and September, forest fires threaten partial or total destruction of these forests, and

WHEREAS, These forests are not sufficiently protected from fire during such months; now, therefore, be it

Resolved by the Senate of the State of California and the assembly jointly, That the war department of the United States be and it hereby is, requested to station federal troops in the national forests within the State of California during the months of July, August and September each year for the purpose of preventing and fighting forest fires and protecting such national forests, and

which case the proceedings set out in the following sections of this chapter shall be taken and had.

Section 14. The said board of public works shall thereafter proceed to advertise and collect the various sums delinquent and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land separately assessed by the sale of the assessed property in the manner hereinafter specified; and after the date of said delinquency and before the time of such sale herein provided for, no assessment shall be received unless at the same time the five per cent added thereto, as aforesaid, together with the costs of advertising then already incurred, shall be paid therewith. The said property shall be sold and when sold shall be subject to redemption in the manner following, to wit:

Publica-
tion of de-
linquents.

1st. The board of public works shall, within ten days from date of such delinquency, begin the publication of a list of the delinquent assessments, which list must contain a description of each parcel of property delinquent, and opposite or against each description, the name of the owner as stated in the assessment roll, and the amount of the assessment, penalty and costs due, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land, separately assessed. The board of public works shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in the official newspaper of said city and county of San Francisco. The time of sale must not be less than five days, nor more than ten days, after the expiration of the period of publication of said list, and the place of sale must

be in, or in front of, the building wherein is situated the office of the board of public works.

2d. At any time after such delinquency, and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalty, and costs then due, including the cost of advertising, if such payment is made after the first publication of the list of delinquent assessments. The board of public works shall thereupon mark such assessment "paid," as hereinbefore provided.

Payment of delinquency before sale.

3d. On the day fixed for the sale the board of public works must, at the hour of ten o'clock a.m. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; *provided*, that the board of public works may postpone or continue the sale from day to day until the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and then and there pay the amount of the assessment, penalty and costs due, including fifty cents to the board of public works for a certification of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale, the same shall be struck off to the said city and county of San Francisco, as purchaser, and the board of supervisors shall appropriate out of the general fund of the treasury, the amount then due against the lot, piece or parcel of land, and shall order the county treasurer to place the same in the special fund for such improvement. No charge shall be made for the certificate of sale when the said city and county of San Francisco is the purchaser.

Sale of property for delinquency.

4th. After making the sale, the board of public works must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The board of public works must file one copy of such certificate in its office and deliver the other to the purchaser, or if the said city and county of San Francisco is the purchaser, to the clerk of the board of supervisors, who shall file the same in his office. On the filing of the copy of such certificate in the office of the board of public works, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The board of public works shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

When redemption is made, the board of public works shall note that fact on the duplicate certificate of sale on file in its office, and deposit the amount paid with the county treasurer, who shall credit the purchaser named in the certificate of sale with the said amount and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the said city and county of San Francisco is the purchaser, the county treasurer shall notify the clerk of the board of supervisors of the redemptions, and such clerk shall thereupon cancel the certificate of sale on file in his office.

Deed.

6th. At any time after the expiration of twelve months from the date of the sale, the board of public works must execute to the purchaser, or his assignee, on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof and the fact that no person has redeemed the property. The board of public works shall receive from the applicant for the deed, one dollar for making such deed, unless the said city and county of San Francisco is the purchaser, in which case no charge shall be made therefor.

Deed prima facie evidence.

7th. The deed of the board of public works shall be prima facie evidence of the truth of all matters recited therein and of the regularity of all proceedings hereunder prior to the execution thereof, and of title in the grantee. It shall be conclusive evidence of the necessity of taking or damaging the lands taken or damaged, and of the necessity of the improvement and work and of the correctness of the compensation awarded for lands taken or damaged.

Street fund.

8th. The board of public works shall from time to time, pay over to the county treasurer all moneys collected by the board on account of any assessments made under the provisions hereof. The county treasurer shall on receipt thereof, place the same in a special fund, designating such fund by the name of the street, avenue, square, lane, alley, court or place for the widening, opening or other improvements for which the assessment was made. Payment shall be made from said fund to the parties entitled thereto upon warrants signed by the members of the board of public works. With respect to all matters provided for or prescribed by this section to be done or performed by said board of public works, the majority of said board may act.

Such discretion may be exercised by the board of supervisors at any time prior to the time of making an assessment therefor. Charter Amendment Number One.

Such contract may provide that the city may acquire the utility subject to all or any portion of the outstanding indebtedness against the same, within the limitations above prescribed, but no such contract shall be valid until it is approved by a majority of the qualified electors of the city voting thereon at an election. The financial obligation assumed by the city under any such contract shall not be subject to the debt limitation until the purchase is actually consummated, and then may be exempted by ordinance, approved by a majority of the electors voting thereon at an election, from such limitation, if the state railroad commission shall determine that the utility is self-sustaining. The provisions of the contract in this paragraph (d) mentioned need not include any, and the sale contract shall not be subject, as to the price to be paid thereunder, to any limitation prescribed in section 2 of this charter, of which section this paragraph (d) is a part. No such grant, unless otherwise provided in this charter shall be made for a period exceeding twenty-one years. No grant for an extension of an existing utility shall be made for a period beyond the expiration of the franchise under which such utility or the portion of the utility with which such extension is to be connected, is held or operated, nor in any case for a period longer than twenty-one years. The city may by ordinance, upon the expiration of any franchise for a fixed or limited term, grant a renewal thereof for a period not to exceed three years in any one renewal, which renewal shall be terminable upon one year's written notice by the city. Such renewal shall not obligate the city in any manner over

and above the obligations assumed by the city in the original franchise. Any such renewal may be succeeded by a similar renewal, but the sum total of such renewals on any given franchise shall not exceed twenty-one years.

If the city shall fail to exercise its option of purchasing the property of such utility at the end of the period of such grant, then the franchise, if it shall contain a provision for purchase by the city, shall be renewed for a period not to exceed ten years. Such renewals shall be subject to the right of the city to purchase the property of the utility at any time upon two years' notice, upon the same terms provided in the original franchise. No franchise for an elevated structure or subway shall be granted in or along any street or way in a longitudinal direction, either above or below the surface thereof, and every right so granted to cross any public street or way shall be subject to the right of the city to regulate the crossings of subways or elevated roads; and every ordinance making such a grant shall reserve to the city, for municipal subways or municipal elevated roads, its choice of levels, or grades, such choice to be made therein and such ordinance shall require that privately owned subways or elevated roads be so constructed as not to interfere with the levels for municipal subways or municipal elevated roads so chosen and reserved, or with the operation of municipal lines upon such levels.

Such franchises, leases, privileges and permits shall be granted subject to such terms and conditions as may be prescribed therein, and to the limitations, conditions, restrictions and reservations in this section contained, but no such franchise, lease, privilege or permit shall be valid or binding upon the city until the same is approved by the council by ordinance.

(b) The board of harbor commissioners shall not grant to any one person, firm or corporation franchises, leases, privi-

The city shall not grant, and shall not have granted at any time, to all persons, firms or corporations to whom such grants may be made, any such franchises, leases, privileges or permits exceeding in the aggregate one half of the total water frontage owned or held by the city at such time, exclusive of the aforesaid ten thousand feet of such frontage, to wit, one half of the water frontage in that portion of Los Angeles harbor northerly of an east and west line passing through a point in the center of the Turning Basin easterly of Smith's island, also known as Boschke island, and one half of the water frontage in that portion of Los Angeles harbor southerly of said line; and said one half of the total water frontage so owned or held by the city of Los Angeles, located as aforesaid in the portions of Los Angeles harbor above described, and in addition to said ten thousand feet of water frontage so reserved, as aforesaid, is also hereby reserved for public purposes by said city, for uses to be improved, constructed, owned, controlled, maintained, and operated by said city; *provided, however,* that the city may make such grants of, in or upon such water frontage owned by the city in excess of one half thereof, linear measurement, but not exceeding three fourths thereof, exclusive of said ten thousand feet of such frontage, whenever authorized by ordinance adopted or approved by a majority of the qualified electors of the city voting upon the question of the adoption or approval of such ordinance at an election.

(e) Every such grant shall provide for the payment to the city as compensation therefor of either, any or all of the following: (a) a specified rental; or (b), a percentage of the gross receipts derived from or arising out of the use, operation or possession thereof, or of the lands included therein and improvements, if any, made thereunder; or (c), a percentage of the valuation of such lands and improvements, such payment to be made in such manner, at such times and upon such basis or scale, either fixed or variable, as shall be prescribed therein; *provided, however*, that nothing herein contained shall be construed to prevent the city from making such grants to the highest regular responsible bidder after receiving competitive bids therefor.

Violation of provisions terminates grants.

(f) Every such grant shall provide that in case the same, or any improvements made thereunder, or any part thereof, shall be assigned, transferred or subleased, or the control thereof be given or granted to any person, firm or corporation, so that such person, firm or corporation shall then own, hold or control under any such franchises, leases, privileges or permits more than the length of water frontage permitted or authorized under this section, then such grant, and all rights thereunder, shall thereupon and thereby be absolutely terminated: nor shall any such assignment, transfer, sublease, gift or grant of control be valid for any purpose unless first approved by the board of harbor commissioners.

(g) Every such grant shall be subject to such rights of way over tide or submerged lands embraced therein for such public sewers, pipe lines, conduits, or for such public telephone, telegraph, light, heat, or power lines, as may from time to time be determined by the council: and the same shall also be subject to such rights of way for public streets and other highways, and for such public street or public railroads, or other public means of transportation as shall have been duly established, or as shall be reserved in such grant. No such grant shall ever be made that shall provide for any use of the property or for the construction or placing of any structure, building or other improvement thereon that shall interfere with any plan approved or adopted by the city for harbor improvements or for the development of facilities for commerce or navigation in Los Angeles harbor, or for providing railroad or other terminal facilities at said harbor.

Readjustment every ten years.

(h) Every such grant shall provide for a readjustment of rental or compensation every ten years during the term thereby created. The procedure for such readjustment shall be specified in such grant, but in no case shall such readjustment decrease the amount of rental or compensation. At the expiration of any such grant the board of harbor commissioners may, upon such terms as it deems advisable, extend the term thereof

for a period not to exceed ten years; *provided*, that in making any such extension, no reduction in the rate or amount of rental or compensation fixed for or in effect as to such grant for and during any period next preceding such extension shall be allowed; and *provided, further*, that no such extension shall be effective until approved by the council by ordinance.

(i) Every such grant shall prescribe that upon the expiration thereof, all wharves, piers, docks, slips, bulkheads, sea walls, and channels constructed or maintained thereunder shall be and become the property of the city of Los Angeles without compensation therefor to the grantee or holder thereof, and as to the other permanent structures or improvements constructed or maintained thereunder, shall prescribe whether the same shall become the property of said city without compensation or upon compensation to be paid to such grantee or holder, or shall be removed by such grantee or holder at his own expense.

Improvements become property of city on expiration of grant.

(j) Upon the forfeiture of any such grant, any and all buildings, structures and improvements of whatsoever character erected, installed or made under, through or because of or pursuant to the terms thereof shall immediately *ipso facto* become the property of the city, and every such grant shall so provide.

On forfeiture of grant.

The method of procedure for making such grants shall be prescribed by ordinance.

(k) In any case where the city, or its predecessors in interest or authority, shall have granted or issued any lease, franchise or permit or any document purporting to be such, to any person, firm or corporation, the water front tidelands and submerged lands covered thereby shall not be subject to grants under this section, until such lease, franchise or permit shall have been terminated, and until the city shall have regained peaceable possession of such property.

Lands already leased not subject to this section.

(l) Nothing contained in this section shall be construed to prevent the board of harbor commissioners from granting revocable licenses or permits to use limited portions of the water front, or tide or submerged lands for purposes consistent with commerce, navigation and fishery in Los Angeles harbor, upon such terms and conditions as may be prescribed therein, and in such manner as may be prescribed by ordinance, and no lease, franchise, privilege, permit, or any such revocable license or permit, shall ever be granted, made or issued for any purpose inconsistent with the trusts upon which the water frontage, tidelands and submerged lands mentioned in this section are held by the city of Los Angeles, or inconsistent with the requirements of commerce, navigation and fishery at Los Angeles harbor. The board of harbor commissioners shall make such rules and regulations as may be necessary to carry out the provisions of this section. Such rules and regulations shall be approved by the council by ordinance.

Revocable licenses may be granted.

Assembly Joint Resolution No. 18, relative to the protection of the California beet sugar industry in the enactment by congress of laws affecting tariffs on imports into the United States.

[Filed with Secretary of State May 9, 1913.]

WHEREAS, In the process of tariff revision by congress, the indicated tendency is toward an abolition of all duties on imported sugar; and

Beet
SUGAR
industry.

WHEREAS, Such a policy would be calamitous to the cane and beet sugar industry of the nation at large, and especially to the beet sugar business of the State of California, which produces 165,000 tons per annum, or one quarter of the beet sugar output of the United States; and

WHEREAS, The annual consumption of sugar in our country is now 3,500,000 tons per annum supplied, viz.:

From domestic cane grown in Porto Rico,
Louisiana and Sandwich Islands.....1,100,000 tons
From beet sugar manufactured in sixteen states 650,000 tons

1,750,000 tons

the balance being purchased from foreign countries and refined by a few corporations on the Atlantic seaboard who are clamoring for "free sugar" in order that they may check the further invasion of their markets by the constantly growing beet sugar industry; and

WHEREAS, Our nation's beet sugar output has increased from 40,000 tons in 1897 to 650,000 tons in 1912—a rate of increase greater than can be shown in any country in Europe during an equal period of time; while our cane-producing districts have apparently reached the limit of their productivity; and

WHEREAS, This country should, and can, become self-supplying in the matter of sugar through the development of the beet

sugar industry, now involving the use of only 450,000 acres of land against 274,000,000 acres adapted to the cultivation of the sugar beet; and

WHEREAS, The development of the industry is checked by the menace of a free sugar bill, which will subject this product to competition with cane and beet sugar produced under the low wage conditions in the tropics and Europe, and at prices delivered at our seaboard lower than, under our conditions, is paid to the farmers of our state for the sugar in the beet, before it is manufactured; now, therefore,

Fixing of
tariff.

Prison board requested to release farmers from grain bag contracts.

WHEREAS, Since the making of such contracts by said farmers, the dry season has caused a failure of the grain crops in said senatorial district, and such failure avoids the necessity for the purchase of the number of grain bags that they had originally contracted for as aforesaid; and

WHEREAS, Owing to said crop failures, it is the judgment of the members of the legislature, that an exception should be made under the circumstances in favor of the farmers of said senatorial district, as well as others in the state similarly situated who may desire to be so relieved; therefore,

Be it resolved by the assembly, the senate concurring, That the legislature respectfully requests the board of state prison directors to consider and grant the requests of farmers of said senatorial district and such other farmers of the state who may ask for such relief for a return of said deposit and cancellation of the contracts entered into under the conditions aforesaid.

No justices *pro tempore* of the court of appeal of any district shall be qualified to participate upon the hearing of any cause in which, or in any proceeding in which he has acted as judge in any other court. At any time after the causes and matters which shall have been assigned to such extra session of any district court of appeal or the justices *pro tempore* thereof, shall have been finally determined, the supreme court of the State of California, by an order entered upon its minutes, may terminate such extra session or extra sessions.

WHEREAS, In all this elaborate system maintained at great cost by the taxpayers no provision of any kind has been made for the training or education of orphan children, physically and mentally sound and potentially capable of becoming useful and able citizens; and

WHEREAS, These little ones, all innocently and hopelessly bereft of the affectionate care of parents and whose only offense against society is their lack of such protection and aid to secure for them the advantages of the educational system maintained by the state, are left to the well intentioned but inadequate efforts of promiscuous, unorganized charities barely supported by spasmodic appeals to a busy public; and

WHEREAS, Such children are at best thereby equipped only for the harder walks of life and are given no opportunity to develop the latent powers which beyond question are the heritage of many; and

WHEREAS, These conditions and the lack of educational facilities afforded orphan children are opposed to the principles of an enlightened and progressive government; now, therefore, be it

WHEREAS, The shippers of the Pacific coast were for many years at the mercy of the transcontinental railroads in the matter of rates charged upon shipments to and from the Atlantic seaboard and eastern states; and

WHEREAS, These transcontinental railroads have attempted and now are attempting to secure an absolute monopoly of transportation facilities by destroying independent water competition via the Isthmus of Panama and by controlling existing lines of steamships; and

WHEREAS, This monopoly is now threatening to become absolute through the destruction of the California-Atlantic Steamship Company which was controlled by Henry Sears Bates and Arthur Sewall Chesebrough, worthy descendants of illustrious California pioneers; and

WHEREAS, The experience of the California-Atlantic Transportation Company has demonstrated the impossibility of a successful fight by individuals for an independent steamship line because of the sinister and powerful influences controlling the transcontinental railroads and steamship lines now operating; and

WHEREAS, It is vital to the commercial life of the Pacific coast and to the nation as a whole that competition be maintained against the transcontinental railroads and their steamship lines and that that competition be strong enough to withstand the ruthless tactics of organized wealth; and

WHEREAS, The construction of the great Panama canal will be a menace instead of a benefit to the people of the United States if the transcontinental railroads are allowed to maintain a monopoly of water competition; therefore, be it

Resolved, That the senate and assembly of the State of California jointly express their approval of a government owned and operated line of steamships to operate between Pacific and Atlantic ports via Panama; and be it further

The board of freeholders shall, within one hundred and twenty days after the result of the election is declared, prepare and propose a charter for the government of such city; but the said period of one hundred and twenty days may with the consent of the legislative body of such city be extended by such board not exceeding a total of sixty days. The charter so prepared shall be signed by a majority of the board of freeholders and filed, in the office of the clerk of the legislative body of said city. The legislative body of said city shall within fifteen days after such filing cause such charter to be published once in the official paper of said city; (or in case there be no such paper, in a paper of general circulation); and shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more papers of general circulation published in said city a notice that such copies may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than sixty days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said sixty days. If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the legislature, if then in session, or at the next regular or special session of the legislature. The legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city or city and county, and supersede any existing charter and all laws inconsistent therewith. If such petitions have a sufficient number of signatures the legislative body of the city or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city, not less than forty and not more than sixty days after the completion of the advertising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof it shall be deemed ratified, and shall be submitted to the legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one receive a majority of the votes, the proposition receiving the larger number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any charter to provide for the division of the city or city and county governed thereby into boroughs or districts, and to provide that each such borough or district may exercise such general or special municipal powers, and to be administered in such manner, as may be provided for each such borough or district in the charter of the city or city and county.

amendment.

The legislature of the State of California at its regular session commencing on the 6th day of January, in the year one thousand nine hundred and thirteen, two thirds of all the members elected to each of the two houses of said legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California, the following amendment to the constitution of the State of California so that section 23 of article XII of said constitution shall read as follows:

in favor thereof, the legislature shall, at its next session, provide by law for calling the same. In so providing for calling such convention, the legislature shall make provision for the election of delegates not to exceed in number that of both branches of the legislature who shall, except as herein provided, be chosen in the same manner and have the same qualifications as members of the legislature. The candidate for any such office who shall receive the highest number of votes at such further election shall be declared elected to such office. Without the constitution being amended the legislature may, by resolution submitted to the electors of the state in the same manner that a proposed amendment to the constitution is submitted by the legislature, provide for any other plan for nominating and electing any delegates to any such convention. The delegates so elected shall meet within nine months after their election at such place as the legislature may direct. At a special election to be provided for by law, any amendments, alterations, revisions or new constitution, in any form that may be directed by such convention, either as alternative articles or propositions or otherwise, shall be submitted to the people for their ratification or rejection, in such manner as the convention may determine. The returns of such election shall, in such manner as the convention shall direct, be certified to the executive of the state, who shall call to his assistance the controller, treasurer, and secretary of state, and
