The said petitions from any county shall be grouped or fastened together and shall contain a certificate of the county clerk of such county that the same contains the requisite number of qualified signatures of qualified electors. The said county clerk shall have ten days time for the examination of such petitions when left with him for verification and it shall be his duty to verify the same, attach his certificate thereto within said period of time and forward the same to the secretary of state with his certificate that the same is sufficient and if from such examination he shall find that said petition is not signed by the requisite number of qualified electors residing within his county he shall also certify to the number of qualified electors required to make such petition sufficient, and it may be

amended by filing a supplemental petition or petitions within twenty days from the date of such certificate, either by the same persons theretofore appointed to secure signatures, or by other persons appointed by the board of supervisors for that purpose. The county clerk shall within ten days after the filing of such supplemental petition or petitions make like examination of the same and certify to the result of such examination as hereinabove provided. If his certificate shall show any such petition or said petition as amended to be insufficient it shall be filed by him with the secretary of state and kept by him as a public record without prejudice however to the filing of a new petition to the same effect, but if, by the certificate of the county clerk such petition or said petition as amended is shown to be sufficient the county clerk shall present the same to the secretary of state without delay. If any supplemental petition be filed all of the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing the petition. In case an election is had in any county in the place of said petition, the county clerk shall certify to the secretary of state the result thereof, with a copy of the action of the board of supervisors authorizing said election.

Result of election.

Sufficiency of petition.

After the certificate is issued by the secretary of state for the incorporation of such proposed bridge and highway district, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned. If any county within the boundaries of such proposed bridge

and highway district shall have a registrar of voters other than the county clerk the said registrar of voters shall perform the duties herein required to be performed by the county clerk respecting the examination, certification and filing of the petition, and said registrar of voters shall return said petition immediately upon the completion of such examination, together with his certificate showing the result of such examination to the secretary of state. When all of said petitions, or certifications of the result of elections when such elections are held, have been received from the several county clerks of counties having any portion of their territory within said proposed bridge and highway district the said secretary of state shall publish the text of such petition for at least three weeks before the time set by him as the time up to which protests may be received as hereinafter provided in at least one and not to exceed three newspapers printed and published in each of the counties from which such petitions have been presented, together with a notice stating the time which he has fixed up to which protests will be received against the inclusion of property within such proposed bridge and highway district. The names attached to said petition need not be published therewith, nor the certificates of any of the county clerks or registrars of voters, but it shall be sufficient to state that the same has been signed by a certain number of electors, naming it, and duly verified by such county clerks or registrars of voters.

Duty of registrar.

Publication of petition.

At any time before the time set by the secretary of state up to which protests may be received, any owner of property subject to taxation within said proposed bridge and highway district, may file, with the secretary of state, his protest in writing against the formation of such district, and stating therein such grounds as he may have for claiming that his said property, or any portion thereof, will not be benefited by the formation of the proposed bridge and highway district. The said protest shall contain the name and address of the person protesting and the name and address of his attorney, if he has one, and all of the protests so received by the secretary of state shall, with the petition filed from the county, be forwarded by the secretary of state to the superior courts in the respective counties from which the same have been received by the secretary of state, and thereupon the said superior courts shall acquire jurisdiction to hear and determine the said protests so received from the owners of lands located within their respective counties. It shall be the duty of the clerk of said superior courts to set the said matters for hearing before said court, and to give ten days' notice thereof in writing to the protestants, and to any person who shall have filed with the secretary of state his name and address as the attorney for the petitioners in said petition, which said attorneys' names and addresses shall also be certified from the office of the secretary of state to the respective county clerks at the time of the transmission of the petitions thereto. the time specified in such notice, or at such other time to which the said hearing may be continued, the said superior courts shall have jurisdiction to hear and determine all matters urged by the protestants against the formation of the said proposed bridge and highway district, or against the inclusion of their lands therein, and the said superior courts shall have jurisdiction to exclude the said lands from said proposed district, together with any other lands contiguous to the excluded lands, and contiguous to the exterior boundaries of the proposed district which are similarly situated to the lands of the protestants, to the end that isolated tracts may not be excluded from the district without also rectifying the boundaries thereof so that the district when finally formed shall be compact, continuous and without tracts of land excluded therefrom which are totally surrounded by other lands which are left within the district.

Review by
supreme
court.

The judgment of the said superior courts, when given shall be certified by the clerk to the secretary of state, together with the original petitions and protests theretofore transmitted to him by the secretary of state, and the said judgment shall not be appealable, and all questions of fact therein contained shall be final and conclusive upon the whole world, and shall only be subject to review by the supreme court of this state, upon a writ of review issued out of that court in such cases as writs of review are now permissible against superior courts, or the irregular exercise of the jurisdiction of such courts. Such proceedings for a writ of review must be taken within ten days after the entry of the judgment in the superior courts, and if not so taken all judgments of the superior courts shall become final.

Certificate
of incorpora-
tion.

When all of the protests have been disposed of as hereinabove provided, and the results of the judgments therein certified to the secretary of state, the secretary of state shall thereupon issue his certificate of incorporation declaring the said district with the boundaries as finally established to be duly incorporated, formed and organized and shall file the same in his office, and cause a certified copy thereof to be recorded in the office of the county recorders of each of the counties situated within or partially within said proposed bridge and highway district.

Where county

cation.

In case the board of supervisors of any county named in the petitions from other counties engaged in the formation of a bridge and highway district shall fail or neglect for sixty days after the application submitted to them, to pass such ordinance, and a period of more than sixty days thereafter shall elapse without any proceeding for passing such ordinance under the provisions of law relating to the initiative being on file with the county clerk or registrar of voters, the latter must upon receipt of an affidavit of an elector of the county, setting forth the date of making the original application to the board of supervisors and the failure of such board to act thereon for sixty days thereafter, issue his certificate to the

secretary of state attached to such affidavit certifying that on the date of the issuing thereof no proceedings have been filed in his office to submit such ordinance to the electors under the provisions applicable to the initiative, and must forthwith transmit such certificate and affidavit to the secretary of state and the latter shall file the same, and the county from which such affidavit and certificate have been received by the secretary of state shall be excluded by him from the proposed district in the same manner as if the same had been excluded by order of the superior court. In case an ordinance declaring it the intention of a county to become part of the bridge and highway district has been submitted to the people and has failed of passage, such fact must also be certified to the secretary of state by the county clerk, and such county must be excluded from the district. In case of the exclusion of a county by the method in this section provided, and other county from which sufficient petitions have been received to become a part of the district, but separated from the remainder of the counties of the proposed district by such excluded county or counties, must not be excluded from the district but shall be included therein.

All directors shall hold office until the appointment and qualification of their successors, but any director may be removable for cause by the board of supervisors appointing him, if notice is given and a hearing is had upon the nature of the complaint against him. The term of office of directors appointed under the provisions of this act shall be four years from and after their appointment; *provided*, that the first board of directors shall by lot classify themselves so that one-half of their number shall hold office for two years only, and if the number of such directors at the

The board of directors shall be the governing body of such bridge and highway district and it shall hold its first meeting on the call of the secretary of state within two weeks after the boards of supervisors have made the appointments herein provided to be made. Said appointments shall be by resolution of said boards and certified to the secretary of state. The secretary of state shall designate an appropriate time and place of meeting for the first meeting of the board of directors. The board of directors shall choose one of its members to act as president, and shall also choose a secretary, who shall not be a member of the board and shall thereupon provide for the time and place of holding its meetings, and the manner in which its special meetings may be called. Such application shall be made by the board of supervisors of such county in the form of an ordinance applying for permission to become a part of such district. In case the consent of the board of directors is obtained after any bonded debt of the district has been authorized the board of supervisors of such applying county must call an election at which the proposition to join the district and assume the obligation of the bonds of the district along with the territory already included therein, shall be submitted to the electors as one proposition, and unless such proposition receives two-thirds of the vote cast at such election such county shall not be annexed to the district. If, however, the proposition shall carry by a vote of two-thirds or more cast at such election, the result of such election shall be certified to the secretary of state by the county clerk of such county and thereupon the secretary of state shall give notice and call for protests in the same manner as upon the original formation of the district. If the district has not incurred a bonded indebtedness at the time of such application by the board of supervisors to join the same, the county may be annexed by passing an ordinance declaring its intention to join the district and upon petition presented in the manner herein provided for the organization of such bridge and highway district, which petition shall be in a like manner presented to the secretary of state, who shall give notice of the presentation thereof, and of the date set for receiving protests against the same in the same manner as in the case of the original petitions, and all of the provisions hereof which are applicable to original petitions shall be applicable to petitions for annexations. Said election shall be called by resolution in which the board shall set forth the date of said election, which shall be at least twenty days after the adoption of such resolution, shall designate one or more precincts within the boundaries of said proposed district, shall designate a polling place in each precinct and the names of the election officers, who shall be one inspector, one judge and one clerk for each precinct. All money in the county treasury to the credit of any fund of such county fire protection district shall, upon the annexation or inclusion of such territory, as above noted, be forthwith transferred to the treasury of said municipal corporation and be used for the purposes for which the same was available prior to such transfer and none other. Whenever all of the territory of a county fire protection district shall be included within two or more municipalities or whenever the major portion of the territory of a county fire protection district shall be incorporated in or annexed to any municipality or municipalities, then such county fire protection district shall be deemed dissolved and the board of supervisors shall apportion the property of said district and the unexpended district funds between said municipalities or between any such municipalities and the county, where part of the territory of such district is outside of any municipality, in proportion to the respective assessed valuations of the property within said municipalities or in proportion to the assessed valuation of the property within and without a municipality or municipalities.

The said board shall, at least a week prior to the time so fixed, publish a notice of such hearing by one insertion in a newspaper circulated in said district, which the board deems most likely to give notice to the inhabitants thereof of the proposed withdrawal.

First—To manage and control school property within their districts, and to pay all moneys received by them or collected by them from any source whatever, and all moneys apportioned to them from taxes levied and collected under the authority of city councils for school purposes, into the county treasury to be placed to the credit of the proper fund of their districts.

Second—Except as otherwise provided in this code, to purchase school furniture, including musical instruments, and apparatus, and such other articles as may be necessary for the use of schools; *provided*, that, except in city school districts governed by boards of education, they shall purchase such

books and apparatus only as have been adopted by the county board of education.

Third—To furnish, repair and insure and, in their discretion rent, the school property of their respective districts, such insurance to be written in any solvent insurance company doing business in this state, or in any mutual insurance company organized under the laws of this state. Sixth—Boards of school trustees and city boards of education shall have power to, and may in their discretion, sell to the highest bidder for cash any personal property belonging to their respective districts not required for school purposes, after notice given by publication in a newspaper of general circulation published in the county for a period of not less than two weeks, or by posting such notice in at least three public places in the district for not less than two weeks; *provided, however*, that if in the unanimous judgment of the board the property does not exceed in value the sum of two hundred dollars the same may be sold at private sale without advertising, by any member of the board empowered for that purpose by the majority vote thereof.

Seventh—Boards of school trustees and city boards of education shall have power to, and may in their discretion, grade, pave, sewer, or otherwise improve streets and other public places in front of real property owned or controlled by them, and appropriate money to pay the cost and expense of such improvements whether made by said boards, under contracts executed by said boards, or under contracts made in pursuance of any of the general laws of the state respecting street improvements, or under contracts made in pursuance of the charter of any municipality; and said boards shall have power to, and may in their discretion, appropriate money to pay assessments, for the improvement of streets or other public places, levied against any real property owned by, or under the control of said boards, when said property is included within an assessment district formed in pursuance of any general law of the state or under the charter of any municipality.

SEC. 2. Said act is hereby revised to read as follows:

Highway
improvement
in unincorporated
territory.

Section 1. All highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks (hereafter in this act collectively designated as "public ways," which term shall mean and include any or all of the foregoing wherever it is used) now open or dedicated, or which may hereafter be opened or dedicated to public use in unincorporated territory of any of the counties of this state, and all public ways, now open or dedicated, or which may hereafter be opened or dedicated to public use, forming the exterior boundaries of any municipality of this state, where such municipality joins unincorporated territory of a county, whether such public ways be partly or wholly within or without the boundaries of such municipality, and all property for which an order to take immediate possession and use of a right of way thereover for a public use has been obtained from a court of competent jurisdiction in any action in eminent domain or proceeding for the laying out, opening, extending, widening or straightening, in whole or in part, or any public way, in compliance with the provisions of section fourteen of article one of the constitution of this state, shall be deemed and held to be open public ways for the purposes of this act, and the board of supervisors of each county is hereby empowered to establish and change the grade or grades of any or all of such public ways and to fix the width thereof, and is hereby invested with jurisdiction and power to order to be done in, under or upon the whole or any portion of any or all of such public ways and in, under or upon all publicly owned property and rights

of way, any work or improvement of the character mentioned in that act of the legislature known as the "improvement act of 1911," which work or improvement shall be done in accordance with the procedure and in pursuance of the provisions of said improvement act, and the provisions of said improvement act are hereby adopted by reference for the purposes of this act; *provided*, that certain words used in said improvement act shall, for the purposes of this act, be construed as follows: The words "city" and "municipality" shall be construed as referring to "county"; the words "city council" as referring to "board of supervisors"; the word "mayor" as referring to the "chairman of the board of supervisors"; the word "clerk" as referring to "county clerk"; the words "council chambers" as referring to the "chambers of the board of supervisors"; the words "city treasurer" as referring to "county treasurer"; the words "street superintendent" and "city engineer" as referring to "county surveyor", and all words relating to municipal officers and matters as referring to the corresponding county officers and matters under this act; *provided*, that the board of supervisors may appoint any competent county officer, other than the county surveyor, without compensation, as the officer to perform any or all of the duties conferred upon the street superintendent or city engineer in said improvement act; *provided, further*, that said board may appoint an engineer of work, in which event the duties to be performed by the city engineer as set forth in the improvement act of 1911 shall be performed by said engineer of work, whose compensation and expenses shall constitute an incidental expense in the cost of said work. Said board may provide that the work shall be done under his direction and to his satisfaction and that the materials used shall comply with the specifications and be to the satisfaction of such engineer of work instead of said county surveyor and may provide that he shall make and sign the assessment instead of the county surveyor. The contract shall nevertheless be entered into with the county surveyor and the assessment and warrant when confirmed shall be recorded in the office of said county surveyor.

Said board of supervisors shall also have jurisdiction and power to include in the same proceeding and under the same provisions of law and to order, with any of the work aforesaid, any work of the same kind or kinds upon any one or more public ways or publicly owned property or rights of way within any one or more municipalities whenever in the judgment of said board such work therein is necessary or proper to complete or connect with any work outside thereof; *provided*, that the consent of the legislative body of such municipality, expressed by resolution, shall first be obtained for the use for such purpose of such public ways or publicly owned property or rights of way within such municipality, and such consent shall likewise be obtained for the doing of work upon any public way forming the exterior boundary of a munic-

ipality, where such municipality joins unincorporated territory of the county, if the whole or a part of such public way lies within the boundaries of such municipality.

Other public improvements in unincorporated territory.

Sec. 2. If any improvements for lighting purposes, for fire protection purposes, for the purpose of improving by the planting of trees, shrubs or other ornamental vegetation, for sanitary purposes, for drainage purposes, for domestic water supply or distribution purposes, or any or all of such purposes shall be constructed under the provisions of this act, or any or all of such improvements are contemplated to be constructed under the provisions of this act, the board of supervisors may, in its resolution declaring its intention to order work done or improvements made, also declare its intention to order that the expenses of maintaining and operating any or all of said improvements, including the cost of necessary repairs, replacements, fuel, power, care, supervision, and all other items necessary for proper maintenance and operation, shall be assessed, either partly or wholly, upon the lands lying within the district to be benefited by and to be assessed to pay the cost of the construction of the same, the amounts so assessed to be levied and collected in the same manner and by the same officers as taxes for county purposes are levied and collected. Said resolution may describe the boundaries of the district to be assessed for such maintenance and operation (which district shall hereafter in this act be designated and referred to as the maintenance district) as being the same boundaries as those of the district to be assessed for the cost of constructing said improvements, which district may be designated by a name by which it may thereafter be referred to in all subsequent proceedings, including proceedings for the levy and collection of taxes.

Protests.

At any time not later than the hour for hearing objections to the proposed work as provided in said improvement act of 1911, any person permitted by the provisions of said act to make written protest against the proposed work, or against the extent of the district to be assessed therefor, or both, may make like protest and in like manner against the ordering of the formation of the maintenance district or against the extent of said maintenance district, or both, at the time set for hearing protests, as prescribed in the said act. The board of supervisors, in addition to hearing protests against the proposed work or improvement and the extent of the district to be assessed therefor, shall hear and pass upon all protests against the formation of the maintenance district and against the extent thereof, and its decision shall be final and conclusive; *provided*, that when the board of supervisors finds that the protest against the formation of the maintenance district is made by the owners of more than one-half of the area of the property included within such district, no further proceeding shall be taken for a period of six months from the date of the decision of the board of supervisors on said hearing, unless the said protests be overruled by an affirmative vote of four-

fifths of the members of the board of supervisors. The board of supervisors may adjourn said hearing from time to time.

In the event that the board of supervisors, in its resolution **Notice.** of intention, shall declare its intention to order a maintenance district formed, the notice of improvement provided for by said improvement act of 1911 shall likewise give notice of such declaration of intention and that protests against the same may be filed and will be heard in accordance with the provisions of this act.

The board of supervisors shall be deemed to have acquired **Order.** jurisdiction to order that such a maintenance district be formed to be assessed to pay the cost of maintaining and operating the improvement constructed, at the same time and in the same manner prescribed in the said improvement act of 1911 for the acquiring of jurisdiction to order the construction of the proposed improvements, and it may thereupon order the formation of such a maintenance district for such purpose, which order may be contained in the resolution ordering the construction of the improvements.

Thereupon a copy of said resolution ordering the formation **Tax for maintenance.** of the maintenance district shall be filed in the office of the county assessor and the county assessor shall thereafter, in making up the assessment roll, segregate the property included within such district on the assessment roll, under the designation contained in said resolution. The board of supervisors shall thereafter, in each year, prior to the time of fixing the county tax rate, estimate the cost of maintaining and operating the said improvements to be maintained and operated within said district during the ensuing year. Said board shall decide whether or not the cost of the same shall be borne wholly or partially by the said maintenance district and shall, in addition to all other taxes, fix a special tax rate for the lands within said assessment district sufficient to raise an amount of money to cover the expense of maintaining said improvements during the ensuing year, or such portion of said amount as the board of supervisors shall determine shall be borne by said district, and the board of supervisors shall levy a special assessment tax each year upon the lands in such district sufficient to pay such expense or said portion of such expense. Such special assessment tax shall be levied and collected at the same time and in the same manner as the general tax levy for county purposes and when collected shall be paid into the county treasury to the credit of the fund of such maintenance district and be used for the payment of the expenses of such district, and said board shall have the power to control and order the expenditure thereof for said purposes.

The maintenance district in this section provided for may include property lying within an incorporated city or cities, provided that the consent of the legislative body of such incorporated city or cities, expressed by resolution, to the formation of such district shall first be obtained before the resolution of intention is adopted by the board of supervisors.

Powers and duties of supervisors.

Sec. 3. The board of supervisors of the county in which a maintenance district is formed shall have power and it shall be its duties to make and enforce all rules and regulations necessary for the administration, operation and government of such district, to execute all contracts and make all necessary provisions for the maintenance and operation of the same, to appoint and employ all necessary agents, superintendents, engineers and labor for the proper performance of the work and to do and perform all other acts or things necessary or proper to accomplish the purposes of this act. All contracts shall be let to the lowest responsible bidder. Said board shall advertise for two or more days in a newspaper of general circulation published in such county inviting bids for furnishing labor, material or supplies before any contract shall be made therefor. The board shall have the right to require such bonds as it may deem adequate from the successful bidder, to secure the faithful performance of the contract and the payment of all claims for labor and materials, and shall also have the right to reject any and all bids; *provided, however,* that nothing herein shall be construed as prohibiting the county itself from doing and when ordered by the board of supervisors of the county, such disposition to be between the work contemplated herein and to purchase the materials and supplies and employ the labor necessary for such purpose.

Title to and disposition of property.

Sec. 4. The title to all property acquired by such district shall be vested in the county; *provided,* that upon the dissolution of such district by reason of all of its territory being included within a municipality such property shall thereupon become the property of such municipality, and if all of such district be included within more than one municipality then such property shall be subject to the disposition of the board of supervisors of the county; such disposition to be between the several municipalities in such manner as to said board shall appear most just and equitable.

Dissolution of maintenance district.

Sec. 5. Any such maintenance district formed under this act may be dissolved by the board of supervisors, as hereinafter provided, upon receiving a petition signed by the owners of more than one-half of the area of property included within such district. The board of supervisors shall fix a time for hearing such petition, which shall be not less than ten, nor more than thirty days after the receipt of such petition, and shall, at least five days prior to the time so fixed, publish notice of such hearing by one insertion in a daily, weekly or semi-weekly newspaper printed, published and circulated in said county. At the time appointed for such hearing, or at any time to which the same may be adjourned, the board of supervisors shall hear and pass upon such petition and all objections and protests and may grant or deny the same, and its decision thereon shall be final and conclusive. If such petition be granted, the board of supervisors shall, by resolution, order the dissolution of said district and such district shall thereby be dissolved; *provided, however,* that the main-

tenance and operation of the improvements of such district may be continued thereafter until the funds collected for the purpose of maintaining and operating the same have been expended for such purpose.

Upon the inclusion of all of the territory of such a maintenance district within one or more incorporated cities, either by reason of annexation proceedings or by reason of the incorporation of one or more cities, all funds paid into the county treasury to the credit of such district shall be paid over by the board of supervisors of such district as follows: If the whole of such district is so included within one incorporated city, such funds shall be paid to the treasurer of said incorporated city and administered by the legislative body of said incorporated city for the benefit of said district and said district shall thereupon, by reason of such inclusion, be dissolved; if a part only of such district is so included within one incorporated city and the remaining part of such district is so included within one or more other incorporated cities, so that no portion of the district remains within unincorporated territory of the county, then such proportionate part of such funds shall be paid to the treasurer of each such incorporated city as the area of the portion of the district included therein bore, before being so included, to the total area of the district, and such funds shall be administered by the legislative bodies of said incorporated cities for the benefit of said district and said district shall thereupon, by reason of such inclusion, be dissolved. If less than the whole of such a district shall be included within one or more incorporated cities either by reason of annexation or by reason of incorporation proceedings, the district shall continue in existence and shall continue to function without being affected thereby unless the same shall be dissolved upon petition as in this act provided, and the fact that a portion or portions of such district is so included within one or more incorporated cities shall not deprive the board of supervisors of the right to levy the special assessment tax herein provided upon the lands therein for the purpose of maintaining the improvements of said district.

Effect of annexation.

Sec. 6. The board of supervisors may determine that the whole or any part of the cost and expenses of constructing the improvements mentioned in this act, or of the expenses of the maintenance district, or both, shall be paid out of the treasury of the county, and such payment, or any part of the same, may be made from the general fund of the county, or general road fund of the county, or from the road district fund of the road district in which said improvements shall be constructed or from any other fund of the county from which expenditures may be made for improvements and work of like character as those permitted to be made and done under this act. Said board may also purchase all or any part of the materials to be used in constructing any of said improvements and furnish the same therefor, said purchase to be made from any of the funds above mentioned. If the county has a pur-

County may bear expense and do work.

chasing agent, the materials shall be purchased by him; otherwise said materials shall be purchased by the board of supervisors by contract let to the lowest responsible bidder after notice calling for bids has been published at least five days in a newspaper of general circulation in the county. If the county is to furnish materials or contribute towards the said costs and expenses, the resolution of intention shall so provide. When such provision is made, the execution of the contract for the improvements shall create a liability on the part of the county to furnish the materials or make the contribution provided for in said resolution.

Lands that may be taxed for improvements.

Sec. 7. Whenever any work or improvement is done or made under the provisions of this act, whether it be in, under or upon public ways or publicly owned property or rights of way lying exclusively within unincorporated territory of a county, or in, under or upon any public way, or publicly owned property or rights of way within a municipality, or in, under or upon any public way forming the exterior boundary of a municipality, where such municipality joins unincorporated territory of the county, whether partly or wholly within or without the boundaries of such municipality, the lands to be assessed for the construction of such work or improvement, or for the maintenance and operation thereof, or both, may include lands lying within the boundaries of any municipality benefited thereby, and all of such lands may be assessed and taxed therefor, under the procedure prescribed by this act, the same as though such lands were situated exclusively in the unincorporated territory of the county, and with the same effect.

Names and grades of public ways.

Sec. 8. The board of supervisors may, by resolution, adopt a name for any public way to be improved under this act, for which a name has not been provided under the provisions of section two thousand six hundred thirty-six of the Political Code, and may, by resolution, change the name of any such public way heretofore established, and the board of supervisors may also, by resolution, establish the official grade of any such public way for which no official grade has theretofore been established by ordinance or resolution, and the words "official grade" as used in the improvement act of 1911, except where the official grade is established, changed or modified under the proceedings provided in said act, which method may also be followed under this act, shall mean the grade so established by resolution of the board of supervisors.

Improvement bonds.

Sec. 9. In addition to the provisions of the improvement act of 1911 for the issuance, sale, enforcement and collection of bonds for the work contemplated by this act, which may be used in proceedings under this act, the board of supervisors shall have power, in its discretion, (as an alternative and additional method) to determine that serial bonds shall be issued to represent and be secured by the assessments which shall be made to pay the cost of any work or improvement done under this act in the manner and form provided by an

act of the legislature of the State of California entitled "An act to provide for the issuance of improvement bonds to represent and be secured by certain assessments made for the cost of certain work and improvements made in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities and upon property and rights of way owned by municipalities, to provide for the collection of such assessments, the sale of the property affected thereby, and for the payment of the bonds so issued," approved June 11, 1915 (known as the "improvement bond act of 1915"), as amended, and as the same shall hereafter be amended, and whenever the board of supervisors shall determine that bonds shall be issued under said act it shall so declare in the resolution if intention to do the work and shall specify the rate of interest which said bonds shall bear. The said improvement bond act of 1915 and all amendments thereto are hereby incorporated in and adopted by reference as a part of this act for the purposes above set forth; *provided*, that certain words used in said act shall, for the purposes of this act, be construed as follows: The words "city" and "municipality" shall be construed as referring to "county"; the words "city council" as referring to "board of supervisors"; the words "city treasurer" as referring to "county treasurer"; the words "city clerk", "clerk of the city council" and "clerk" as referring to "county clerk"; the words "street superintendent" as referring to "county surveyor" or such other competent county officer as may be appointed by the board of supervisors to perform the duties imposed upon the "street superintendent" and "city engineer"; the words "auditor" and "city auditor" as referring to "county auditor"; the words "tax collector" as referring to "county tax collector", and all words relating to municipal officers and matters as referring to the corresponding county officers and matters under this act.

Sec. 10. The "improvement act of 1911", when referred to in this act, shall mean that act of the legislature entitled "An act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof and providing a method for the payment of such bonds". approved April 7, 1911, as amended, and as the same shall hereafter be amended. Act of 1911 referred to.

Sec. 11. The provisions of this act shall be liberally construed to effect the objects thereof. This act may be designated and referred to as the county improvement act of 1921. Construction.

Register.

The register of records of registration of electors to be used at any election held in pursuance of this section shall be the same as provided by law for state or county elections in the county in which such proposed municipal port district is situated. It shall be the duty of the registrar of voters or other officer of such county having the custody of such register or records of registration, to furnish the same, with the proper indices thereto, to the city clerk of each municipal corporation in which such election is held at least five (5) days prior to the holding thereof.

**Canvass

Immediately upon the completion of the canvass of the returns of such election, the legislative body of each municipal corporation in which such election is held shall declare the result of such election and shall cause a record thereof to be made and entered upon its minutes, stating the proposition submitted and showing the total number of votes cast on such proposition in such municipal corporation, the number of votes so cast in favor of the establishment of the proposed municipal port district and the number of votes so cast against the same. Thereupon the city clerk of each such municipal corporation shall forthwith make a certificate of the result of such election as found and declared by the legislative body thereof and of the record of such canvass as entered upon the

minutes of such legislative body, and shall deliver such certificate to the legislative body of the largest municipal corporation proposed to be included in such municipal port district. The clerk of such largest municipal corporation shall likewise make and there shall be so signed, attested, and filed in his office a like certificate of the result of such election in such largest municipal corporation. Each such certificate shall be signed by the mayor or other chief executive officer of the government of such municipal corporation and attested by the city clerk under the seal thereof.

If it shall appear from the canvass of the returns of such election in each such municipal corporation, as shown by such certificates, that a majority of the electors voting on such proposition in each of the said municipal corporations has voted in favor of the establishment of the proposed municipal port district at the election at which such proposition was so submitted in each such municipal corporation respectively, the city clerk of the municipal corporation having the largest population shall promptly make a certificate of the result of such election in each such municipal corporation as shown by the certificates of the results thereof on file in his office, which shall be signed by the mayor or other chief executive officer of such municipal corporation and attested by the city clerk under the seal thereof. Such certificate shall show the date of such election in each municipal corporation and state the proposition submitted thereat. Said city clerk of said largest municipal corporation shall forthwith transmit the certificate last mentioned to the secretary of state of the State of California. Upon the filing of such certificate in the office of the secretary of state such municipal port district shall be deemed to be and shall be established under the provisions of this act with all the rights, privileges and powers set forth in this act. Upon the establishment of a municipal port district, no other municipal corporation shall thereafter join or be included therein except by first being consolidated with one of the municipal corporations already included in such municipal port district.

If proposition carries.

If it shall appear however, from the aforesaid canvass of the returns of such election in any such municipal corporation that a majority of the votes cast on such proposition therein were cast against the establishment of the proposed municipal port district, the proceedings therefor shall be deemed to fail entirely, and the certificate last mentioned need not be made or filed with the secretary of state.

If proposition is lost.

Sec. 6. Whenever the ordinance of intention mentioned in section two of this act has been adopted by any municipal corporation or corporations no other proceedings under this or any other act for the establishment of any other municipal port district or any other port or harbor district to include any municipal corporation included in such municipal port district shall be initiated until and unless the proposition of establishing such municipal port district shall have

Any such proceedings shall be brought in the superior court of the county where the municipal port district is situated. The court having jurisdiction shall speedily try the cause and determine upon the hearing whether such procedure or election was valid and in substantial compliance with this act and shall enter its judgment accordingly.

Whenever the formation of any municipal corporation into such consolidated city and county shall have been effected, such consolidated city and county shall continue to be included in such municipal port district, as a municipal corporation, with the same force and effect as if such consolidated city and county had not been formed, and the provisions of this act applicable to municipal corporations included in such municipal port district shall apply to such consolidated city and county.

Any member of the board of port commissioners of a municipal port district may be removed from office, at any time after the expiration of six months from his election or appointment, by the qualified electors of the municipal corporation from which he was appointed or elected in the manner hereinafter provided unless otherwise provided in the ordinance of intention.

Removal of port commissioners.

The procedure to effect such removal of a member of the board of port commissioners shall be as follows: A petition signed by qualified electors equal in number to at least twenty per cent (20%) of the entire vote cast in the municipal corporation from which the port commissioner sought to be removed was appointed or elected, for all candidates for governor at the last preceding election at which a governor was elected, demanding the removal of such port commissioner, and the submission to the electors thereof the question of whether such port commissioner shall be removed by vote of the electors of such municipal corporation, may be filed with the clerk of such municipal port district as hereinafter provided. Such petition shall contain a general statement of the grounds upon which such removal is sought, of not more than three hundred words in length.

Except as herein otherwise provided the provisions of general law relating to the form and mode of signing petitions for the recall of officers of municipal corporations, and to the

verification, examination, certification and supplementing of such petitions shall apply to any petition made or filed under the provisions of this section, such petition shall be designated as a recall petition, and shall be signed by qualified electors only of the municipal corporation from which the commissioner sought to be removed was appointed or elected. If such petition be sufficiently signed, it shall be forthwith presented by the clerk to the board of port commissioners. The sufficiency or insufficiency of any recall petition and the sufficiency of the aforementioned statement required to be contained therein, shall not be subject to review by the board of port commissioners. Upon the presentation of such recall petition to the board of port commissioners, such board shall thereupon, by ordinance, order the holding of a special election in such municipal corporation for the purpose of submitting to the electors thereof the question whether the port commissioner named in the petition shall be removed from office. Such special election shall be held not less than fifty days, nor more than sixty days after the date of the certificate to the sufficiency of such petition; *provided, however*, that if any other election ordered or called by the board of port commissioners for any other purpose and at which the qualified electors of such municipal corporation are entitled to vote is to occur within such sixty days, the board of port commissioners may, in its discretion, order the holding of such recall election and the consolidation thereof with such other election.

Upon the ballots to be used at such recall election, there shall be printed, as to any member of the board of port commissioners whose removal is to be voted upon thereat, the following question: "Shall (inserting the name of the officer) be removed from the office of (inserting the name of the office) of the (stating name of municipal port district)?" and opposite such question to be voted on and to the right thereof, the words "Yes" and "No" shall be printed with voting squares. If an elector shall stamp a cross (X) in the voting square after the word "Yes", his vote shall be counted in favor of the removal of such officer, and if he shall stamp a cross (X) in the voting square after the word "No", his vote shall be counted against such removal. If a majority of the electors voting on such question shall vote in favor of the removal of such officer, he shall be deemed to be removed from office upon the declaration of the result of such election by the board of port commissioners, and his office shall thereupon be and become vacant. Such vacancy shall be filled in the same manner as the officer removed was appointed or elected. And any officer so removed shall be ineligible to any office under this act until the expiration of two years after such removal.

Any officer of a municipal port district, other than a member of the board of port commissioners, may be removed from office, at any time after the expiration of six months from his appointment, by the qualified electors of the municipal port district in the manner hereinafter provided. The procedure

The question of such recall shall be submitted to the qualified electors of the municipal port district, and the provisions of this section relating to the recall of members of the board of port commissioners shall govern the recall of other officers of the municipal port district so far as applicable. Except as this section otherwise provided, recall elections herein provided for shall be called, conducted and held and the result thereof declared as elsewhere in this act provided for other elections in municipal port districts. If a majority of the electors of such municipal port district voting on such question shall vote in favor of the removal of such officer, he shall be deemed to be removed from his office, which shall become vacant and the vacancy filled in the same manner as other vacancies in such office. One petition shall be sufficient to propose the removal of one or more port district commissioners, or one or more of the other officers of a municipal port district, as the case may be, and the question of such removal may be submitted at one and the same election.

In the event that any port commissioner or other officer whose removal is sought as in this section provided shall resign at any time after the filing of the petition for his removal, or any vacancy from any other cause occurs in such office at any time prior to two days before such election, such election shall not be held; but the incumbent, if he shall have so resigned after the presentation to the board of port commissioners of such petition, or shall have been removed by any other process of law, shall not be eligible to any office under this act until the expiration of two years from the date of such resignation or removal last mentioned.

Resignation
or vacancy
in office.

If the clerk of a municipal port district is the officer whose removal is sought by the recall as herein provided, all duties required by this section or this act to be performed by the clerk of the municipal port district relating to the recall proceedings shall be performed by any other officer of the municipal port district designated by the board of port commissioners for that purpose.

The ayes and noes shall be taken upon the passage of all ordinance, orders or resolutions and entered at length upon the minutes of the proceedings of the board. No ordinance, order or resolution shall be passed or become effective without the affirmative vote of at least a majority

of the members of the entire board, except as in this act or in the ordinance of intention otherwise provided. The enacting clause of all ordinances passed by the board of port commissioners shall be in substantially the following form: "The board of port commissioners of the ----- (stating name) municipal port district do ordain as follows:" All ordinances and resolutions shall be signed by the president of the board of port commissioners and attested by the clerk. All orders and resolutions shall be entered in the minutes. All ordinances passed by the board of port commissioners shall be published with the names of the members voting for and against the same at least once in some daily newspaper of general circulation printed and published in the district, or at least twice in some weekly newspaper of general circulation similarly printed and published in case there is no such daily newspaper printed and published in the district. If no such newspaper, either daily or weekly, is so published, such ordinance shall be posted in a conspicuous place in or near the office of the board.

SEC. 27. No ordinance passed by the board of port commissioners, except an ordinance ordering or otherwise relating to an election, or to the adoption of the annual budget, or to the levy or collection of the annual municipal port district taxes, or respecting the bringing or conduct of suits or actions, or respecting the condemnation of lands or other property for public purposes of the municipal port district, or an ordinance required for the immediate preservation of the public peace, health or safety, which shall contain a specific statement showing its urgency, and is passed by a four-fifths vote of the board, shall go into effect until the expiration of thirty days from its publication or posting. All ordinances of the classes excepted by this section shall take effect upon their publication or posting. No grant or any franchise, lease, right or privilege, except a revocable permit, shall ever be construed to be an urgency measure; but all grants or franchises, leases, rights or privileges, except revocable permits, shall be made by ordinance of the board, which shall be subject to the referendum as hereinafter provided.

At any time within the thirty days mentioned in this section, a petition, addressed to the board of port commissioners, and signed by qualified electors of the municipal port district equal in number to at least ten per cent of the entire vote cast in all the municipal corporations in the said district for all candidates for governor at the last preceding election at which a governor was elected, may be filed with the clerk of said district, demanding the submission of any ordinance of the board of port commissioners to a vote of the qualified electors thereof, except any ordinance which takes effect upon its publication as provided in this section. Any such petition shall be known as the referendum petition, and shall contain a full and complete copy of the ordinance, the

submission of which to a vote is thereby demanded. Such vote shall be known as a referendum vote. The provisions of section three of this act relating to the form and to the mode of signing petitions for the establishment of municipal port districts and to the verification, examination, certification, supplementing and presentation of such petitions shall apply to any petition made or filed under the provisions of this section, and if sufficiently signed shall upon certification be forthwith presented by the clerk to the board of port commissioners.

If any petition for the referendum of any such ordinance be filed as herein provided, and the clerk shall be unable to make his certificate to the sufficiency or insufficiency thereof within thirty days after the publication of such ordinance, such ordinance shall be suspended from taking effect after the expiration of said thirty days and until the date of the certificate of the clerk to the sufficiency or insufficiency of such petition. If by the certificate of the clerk such petition is certified to be sufficient, such ordinance shall not go into effect until it shall be adopted by vote of the electors of the municipal port district as hereinafter provided; but if by such certificate, such petition is certified to be insufficient, such ordinance shall go into effect upon the date of such certificate; *provided, however*, that such ordinance shall not go into effect until the expiration of said thirty days, and no supplemental petition to a referendum petition shall be filed after the expiration of said thirty days.

Upon the presentation to the board of port commissioners of a referendum petition, the ordinance mentioned therein must either be repealed by the said board without delay, or be submitted to a vote of the qualified electors of the municipal port district for approval or rejection at a special election to be called for that purpose, or at a special election consolidated with any other election of the municipal port district, or in any municipal corporation therein, in accordance with the provisions of this act, occurring within six months after the presentation of such referendum petition to the board of port commissioners.

No ordinance that has been submitted to a referendum vote shall go into effect unless a majority of the qualified electors voting thereon shall vote in favor thereof; and if such ordinance shall receive the votes of a majority of such electors voting thereon, it shall be deemed to be adopted, and shall take effect upon the declaration of the result of the election at which it was submitted, and if such ordinance shall not receive a majority of such votes it shall be deemed to be not adopted; *provided, however*, that any ordinance so adopted shall be subject to amendment or repeal by the board of port commissioners, but such amendment or repeal shall not be made within six months after such adoption, and such amendment or repeal shall itself be subject to the referendum as provided in this section.

Upon the ballot to be used at any election at which any ordinance is submitted under the referendum, there shall be

printed the words "Shall the ordinance (stating the title and nature of the ordinance and the date of its passage) be adopted?" And opposite such proposition to be voted on and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) after the printed word "Yes" his vote shall be counted in favor of the adoption of the ordinance; and if he shall stamp a cross (X) in the voting square after the printed word "No", his vote shall be counted against the adoption of the same.

Any election called or held under the provisions of this section, shall be so called and held, and the result thereof declared in the same manner as elsewhere in this act provided for municipal port district elections, except in the particulars otherwise specified in this section.

Whenever any ordinance is required to be submitted to the electors of any municipal port district under the provisions of this section, the clerk shall cause the same to be printed, and he shall enclose a copy thereof in an envelope with a sample ballot, and mail the same to each voter. Any person or persons filing a referendum petition, or the person or organization on whose behalf such petition is filed, shall have the right to file with the clerk of the municipal port district, at least twenty days prior to the election at which the ordinance is to be submitted to a vote of the electors of the district, printed copies of an argument against the adoption of such ordinance, and the board of port commissioners shall have the right to present or permit to be presented to and filed with the clerk within the same limit of time, printed copies of an argument in favor of the adoption of such ordinance. No such argument shall exceed fifteen hundred words in length, and such argument shall be printed in such form and upon such character of paper suitable for mailing, as the clerk shall prescribe. The clerk shall enclose one copy of each such argument with the sample ballot and a copy of the ordinance mailed to each voter, provided he has been furnished printed copies of such argument equal in number to five per cent in excess of the total number of qualified voters of the municipal port district.

Printed matter for voters.

SEC. 28. The board of port commissioners shall, in the month of August of each year, or as soon thereafter as possible, make a complete report of the affairs and financial condition of the municipal port district for the preceding fiscal year, which shall show the sources of all receipts and the purposes of all disbursements during such year. Said report shall be verified by the president of the board and clerk of the municipal port district, and the board shall cause at least two thousand copies thereof to be printed for public distribution.

of this act, to which the State of California has granted all its right, title and interest in and to the tidelands, submerged lands, whether filled or unfilled, swamp, overflowed and salt marsh lands within the boundaries of such municipal corporation, may grant its right, title and interest in and to the portion of such lands situated within the harbor district of such municipal port district to such municipal port district in trust for the same uses and purposes and upon the same conditions that are declared and specified in the grant thereof to such municipal corporation, and may also transfer, relinquish and surrender to such municipal port district its power to manage, conduct and operate the harbor in or adjacent to which such portion of such lands are situated. The joining of any such municipal corporation in the establishment of a municipal port district and the establishment thereof shall be deemed to be and shall operate as a valid grant and transfer of its right, title and interest in and to such portion of such lands by any such municipal corporation to such municipal port district, and as a valid surrender thereto of the possession and control thereof, including the right and power to use and improve the same for the purposes and in the manner provided and subject to the public trusts declared in the grant of such lands to such municipal corporation and to the conditions and reservations contained therein, and as a valid transfer, relinquishment and surrender by such municipal corporation to such municipal port district of the management, conduct and operation of the harbor in or adjacent to which such lands are situated. Such municipal port district shall, upon its establishment in accordance with the provisions of this act, be and become the successor of such municipal corporation included therein with respect to the management, conduct and operation of such harbor and with respect to the use, possession and title to such portion of such lands, and the same shall continue to be held and used by such municipal port district, under the provisions of this act, in trust for the same purposes and subject to the same conditions and reservations as said lands were formerly held and owned by such municipal corporation; *provided, however*, that when any such municipal corporation included in a municipal port district to which such lands have been so granted by the State of California, is governed under a freeholders charter, such grant and transfer of such portion of such lands to such municipal port district, and such surrender of the possession and control thereof, including the right and power to so use and improve such portion of such lands and to manage, conduct and operate such harbor, shall not become operative or effective unless and until the same shall be authorized by the provisions of such charter or amendment thereto, and the title to such lands and the possession and control thereof and the management, conduct and operation of such harbor shall continue vested in such municipal corporation, unimpaired by anything contained in this

In the event that such municipal port district shall thereafter be dissolved by operation of law or otherwise, any such lands so granted thereto under the provisions of this act, together with any and all improvements thereon, and the management, conduct and operation of such harbor, shall ipso facto revert to and be re-vested in the municipal corporation so granting the same to such municipal port district.

Reversion.

SEC. 31. Whenever a municipal port district shall be established under the provisions of this act, such municipal port district shall be and become the successor of each of the municipal corporations included therein as to all powers theretofore vested in each such municipal corporation or exercisable by the officers thereof which are by the provisions of this act granted to municipal port districts or exercisable by the officers thereof, and such powers shall be deemed and taken to be relinquished by such municipal corporations and surrendered to such municipal port district, and the title to possession and control of any and all works, structures, appliances, improvements and equipment of the character, kinds, or classes enumerated or designated in section thirty-five of this act, owned or held by each of such municipal corporations, or in trust therefor, or by any officer or board thereof, in trust or otherwise, for any use or purpose which municipal port districts are authorized to acquire, hold and use property within the terms and contemplation of this act, shall, upon the establishment of such municipal port district, ipso facto be transferred to and vested in such municipal port district and be thereafter held, owned, operated and controlled by such municipal port district in accordance with the provisions of this act. Upon the establishment of such municipal port district, all persons then occupying the several offices of or under the government of each municipal corporation included therein, except as herein otherwise provided, whose several powers and duties are, by the terms of the act, within the powers of such municipal port district or within the powers or duties of the several officers thereof, shall immediately quit and surrender the occupancy or possession of such offices which shall thereupon cease and determine, except as to any persons who have powers and perform duties for such municipal corporation other than those hereinbefore mentioned, whose offices shall not cease and determine as to such other powers and duties but shall continue with respect thereto the same as if such municipal port district had not been established; and such persons shall severally forthwith deliver and turn over to the proper officers of such municipal port district all property of each such municipal corporation respectively in their hands or under their control including any and all works, structures, appliances, improvements and equipment of the character, kinds or classes enumerated or

designated in section thirty-five of this act and pertaining to harbor improvements or affairs, and all moneys or funds derived from the sale of the bonds of each such municipal corporation issued for the purpose of acquiring, constructing or completing any such works, structures, appliances, improvements or equipment, except such portion thereof as may be necessary to retain in order to pay any amounts due or to become due on any contracts therefor entered into by or on behalf of any such municipal corporation prior to the establishment of such municipal port district, and uncompleted on the date thereof, or for any work then being done directly without contract, and for other costs and expenses arising therefrom or connected therewith; *provided, however*, that the provisions of this section shall not apply or become operative as to any such municipal corporation that is governed under a freeholders charter unless and until the same shall be authorized by the provisions of such charter or amendment thereto; and in the event that such municipal port district shall thereafter be dissolved by operation of law or otherwise, any such works, structures, appliances, improvements and equipment shall thereupon revert to and be revested in such municipal corporation, together with any other works, structures, appliances, improvements and equipment acquired or constructed by such municipal port district in that portion of the harbor district within the limits of each such municipal corporation respectively.

SEC. 31a. The powers of a municipal port district to grant franchises, permits and leases for the use of waters, water frontage, tidelands or submerged and other lands, situated within the limits of any municipal corporation in any port district shall at all times be exercisable by the board of port commissioners in compliance with and subject to the provisions of any freeholders charter of any such municipal corporation containing any reservations which;

(1) Reserve and withhold any water frontage, tidelands and submerged lands, whether filled or unfilled for use for purposes in connection with or for the promotion of commerce, navigation or fishery;

(2) Prohibit the grant, sale, conveyance, alienation, transfer or other disposition, except as may be provided in such charter, of any part of or any interest in the water front, tidelands, submerged lands, or appurtenances thereunto belonging, owned, possessed or held by any such municipal corporation;

(3) Reserve any part of the water frontage of any harbor in such municipal corporation, together with the co-terminus and adjacent tidelands and submerged lands for public use;

Grant of
franchises,

SEC. 32. All franchises, permits and leases shall be granted by the board of port commissioners subject to such terms and conditions and to such rental or compensation as may be prescribed therein, and to the limitations, conditions and restrictions and reservations in this act contained, and no franchise,

permit or lease shall be granted for a longer period than thirty years.

When the lands included in any such lease are situated within the limits of any municipal corporation governed under a freeholders charter, or when any such franchise, permit or other privilege is to be exercised within the limits of any such municipal corporation the charter of which requires the same to be approved by the legislative body thereof before the same shall take effect, any such lease, franchise, permit or other privilege so granted by the board of port commissioners shall continue to be subject to such approval by the legislative body of such municipal corporation and to such terms, conditions, restrictions and reservations as may be required by the charter thereof, unless and until such charter shall otherwise provide.

Every grant of a lease, franchise, permit or other privilege for a definite period of time shall be made by ordinance; any ordinance making any such grant shall be published in the same manner as other ordinances and shall, before the same becomes effective, be subject to the referendum provisions of this act. Each such grant shall provide for a readjustment of the rental or compensation every ten (10) years during the term thereby created, upon such procedure as shall be specified in such grant.

No grant shall ever be made to any one person, firm or corporation to use any such water frontage whatever in excess of three thousand feet, linear measurement, measured along United States harbor lines; *provided, however*, that more than three thousand feet of such water frontage, but not exceeding five thousand feet thereof, may be so granted whenever authorized by a majority of the qualified voters of the municipal port district voting upon the question of authorizing any such grant at an election.

Every such grant shall be made only upon the conditions, whether expressed therein or not, that the construction of the works, structures or improvements, provided for therein, shall, if the same be not already constructed or made, be commenced within ninety days of the date of such grant, and be prosecuted diligently to completion upon such further terms and conditions as may be prescribed therein.

Every such grant shall provide that in case the same, or any improvement made thereunder, or any part thereof, shall be assigned, transferred or subleased, and the control thereof be given or granted to any person, firm or corporation, so that such person, firm or corporation shall then own, hold or control under any such grant from the municipal port district or other public authority, more than the length of water frontage permitted or authorized under this act, then such grant, and all rights thereunder, shall thereupon and thereby be absolutely terminated. No assignment, transfer, sublease, gift or grant of control shall be valid for any purpose unless first approved by the board of port commissioners.

No such grant shall ever be made that shall provide for any use of the property or for the construction or placing of any structure, building or other improvement thereon that shall interfere with any plan approved or adopted by the board of port commissioners for harbor improvements, or for the development of facilities for the promotion and accommodation of commerce, navigation or fishery, or for providing railroad or other terminal facilities.

Expiration.

Every such grant shall prescribe that upon the expiration thereof, all wharves, piers, docks, slips, bulkheads, sea walls and channels, constructed or maintained thereunder, shall be and become the property of the municipal port district or any successor thereof without compensation therefor to the grantee or holder thereof, and to the other permanent structures or improvements constructed or maintained thereunder, shall prescribe whether the same shall become the property of the municipal port district or successor thereof without compensation or upon compensation to be paid to such grantee or holder, or shall be removed by such grantee or holder at his own expense.

Forfeiture.

The board of port commissioners shall have power to declare a forfeiture of any such grant upon the neglect, failure or refusal by the grantee thereof to comply with any of the terms or conditions thereof. Upon any such forfeiture, any and all buildings, structures and improvements of whatsoever character, erected, installed, or made, under, through, or because of, or pursuant to the terms thereof, shall immediately ipso facto become the property of the municipal port district and every such grant shall so provide.

All moneys received or collected from or arising out of the use or operation of any harbor or port improvement, work, appliance, facility or utility, or water craft, owned, controlled or operated by any municipal port district; all tolls, charges and rentals collected by the board of port commissioners, and all compensations or fees required to be paid for franchises or licenses, or otherwise by law or ordinance or order, to the port district for the operation of any public service utility upon lands or waters under the control and management of the board, shall be deposited in the treasury of the district to the credit of a fund to be known as the port district revenue fund. None of the money in or belonging to the said fund shall be appropriated or used for any purpose except the following:

Use of fund.

(1) For the necessary expenses of conducting the municipal port district, including the operation and maintenance of all harbor or port improvements, works, utilities, appliances,

facilities and water craft, owned, controlled or operated by the district for the promotion and accommodation of commerce, navigation and fishery, or used in connection therewith;

(2) For advertising the commercial and other advantages and facilities of any harbor in the municipal port district, and for encouraging and promoting commerce, navigation and transportation in and through such harbor; *provided, however*, that the expenditure for such purpose shall not exceed in any fiscal year the sum of twenty-five thousand dollars.

(3) For the acquisition, construction, completion and maintenance of harbor and port improvements, works, utilities, appliances, facilities, and water craft, for the promotion and accommodation of commerce, navigation and fishery, or uses in connection therewith; and for extraordinary improvements and betterments to lands and property under the control, supervision and management of the port district, including the purchase or condemnation of necessary lands and other property and property rights;

(4) For the payment of the principal, or interest, or both, of municipal port district bonds authorized, issued and sold under the provisions of this act.

(5) For the payment of the principal or interest, or both, of the bonds of any municipal corporation in the municipal port district for harbor improvements, authorized or outstanding prior to the establishment of such district, or thereafter issued and sold by any such municipal corporation for harbor improvements as contemplated by the provisions of this act.

SEC. 34. The board of port commissioners shall have power to order and contract for the expenditure of all money derived from the sale of municipal port district improvement bonds, and of all money in the port district revenue fund or other funds of such district. Whenever the board shall have approved and authorized any service, work or improvement, and shall have appropriated the necessary money therefor, it shall have power to advertise for proposals and to let any necessary contract in connection with such service work or improvement; *provided, however*, that when authorized by the board, the general manager shall have power to advertise for proposals and let any such contract involving an expenditure of one thousand dollars or less and execute the same in behalf of the port district.

In cases of emergency where the circumstances of the case render it impossible to secure bids for the furnishing of labor or materials without undue delay or loss to the district, the board or the general manager, with the approval of the board, may let such contract without advertising for bids.

income and revenue of the municipal port district. Whenever the board of port commissioners shall, by resolution passed by the vote of not less than four of its members, determine that the public interest or necessity demands the acquisition, construction or completion of any municipal port district work or improvement, in the harbor district, including sea walls, jetties, breakwaters, piers, quays, wharves, moles, docks, dry docks, boat landings, warehouses, storehouses, elevators, cold storage plants, terminal ice plants, bunkers, storage tanks and loading stations, ferries, steamships, vessels or other water craft, canals, tidal basins, bridges, subways, tramways, conveyors, compressors, appliances for the handling, storing and distribution of freight and handling of passenger traffic, railroad and water transfer and terminal facilities, harbor belt-line or terminal railroads, railroad terminals or yards, or other property, works or utilities necessary or convenient to carry out the object, purposes and powers of the municipal port district, or the construction, improvement, dredging, deepening or straightening of channels, turning basins, canals, slips or waterways, or any or all other things necessary or convenient to the establishment, improvement, conduct or maintenance of a harbor or in furtherance of commerce, navigation or fishery, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the port district, the board of port commissioners may, at any subsequent meeting thereof, by a vote of four of its members, order the submission of the proposition of incurring a bonded debt for the purpose set forth in such resolution to the qualified voters of said municipal port district at an election called and held therein for that purpose; *provided*, that the proposition of incurring indebtedness for more than one object or purpose may be submitted at the same election. The ordinance calling such election shall recite the objects and purposes for which the indebtedness is proposed to be incurred, and the municipal corporation in which the work or improvement or any part thereof is to be performed, located or constructed, the estimated cost of the proposed public improvements, the amount of the principal indebtedness to be incurred therefor and the rate of interest to be paid on said indebtedness, and shall fix the date on which such election shall be held; *provided, however*, that the maximum rate of interest to be paid on such indebtedness shall not exceed six per centum per annum, payable semiannually. Such ordinance shall prescribe the manner of voting for or against incurring such indebtedness; and in all particulars not recited in such ordinance, such election shall be held as provided by this act for holding elections in such municipal port district.

SEC. 36. The ordinance calling the election referred to in section thirty-five of this act shall be published once a day for at least seven days in some newspaper published at least six days a week in each municipal corporation in such municipal port district, or once a week for two weeks in some newspaper

In municipal corporations where no such newspaper is published such ordinance shall be posted in three public places therein for two succeeding weeks. No other notice of such election need be given. It shall require the votes of two-thirds of all the voters voting on the proposition of incurring such indebtedness at such election in such port district to authorize the issuance of the bonds therein; *provided, however,* should the proposition so submitted at such election fail to receive the requisite number of votes of the qualified voters voting on the proposition of incurring such indebtedness at such election to incur indebtedness for the purpose specified, the board of port commissioners shall have no power or authority, within six months after such election, to call or order another election for incurring any indebtedness for improvements substantially the same as voted upon at such prior election, unless a petition signed by fifteen per centum of the qualified electors of each municipal corporation included in the municipal port district, computed upon the total number of votes cast therein for all candidates for governor at the last preceding election at which a governor was elected, be filed with the board of port commissioners, requesting that such proposition or a proposition substantially the same be submitted at an election to be called for the submission of such proposition and to be held in accordance with the provisions of this act.

SEC. 38. All municipal port district bonds issued under the provisions of this act shall be payable substantially in the following manner: A part, to be determined by the board of port commissioners, which shall not be less than one-fortieth part of the whole amount of such indebtedness, shall be paid each and every year on a day and date and at a place or places to be fixed by such board of the municipal port district issuing the bonds and designated in such bonds, together with the interest on all sums unpaid at such date; *provided, however,* that in case of bonds issued for the acquisition, construction, or completion of any revenue producing works, plant, utility, or property, the acquisition, construction or completion of which is authorized by the provisions of this act, the board of port commissioners may, in its discretion, determine and fix a date for the earliest maturity of the principal of such bonds, not more than ten years from the date of issuance of such bonds, but in such event the whole amount of such indebtedness shall be made payable in equal annual parts in not to exceed forty years from the time of contracting the same. The coupons of said bonds shall be numbered consecutively and signed by the treasurer. In case any of such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of such bonds.

At any time after three years after the date of any election at which an issue of any of the bonds herein provided for has or shall have been authorized, the board of port commissioners may, by ordinance adopted by a vote of four of the members of such board, determine that no part of such bond issue, or if a portion of the bonds so authorized at such election shall have been sold, that no part of the remainder of such issue then remaining unsold, shall be thereafter issued or sold, and upon the taking effect of such ordinance the authority to issue the bonds authorized at such election and described in such ordinance shall cease, and the whole or that portion of the bonds issued pursuant thereto remaining unsold and described in such ordinance shall become void.

SEC. 40. SEC. 43c. Until otherwise provided by law, any municipal port district shall use for the purpose of municipal port district taxation the county system of assessment and tax collection of the county in which such municipal port district is situated, and the assessment made by the assessor of such county shall be the basis for municipal port district taxation. The county auditor of such county must, on or before the second Monday in August of each year, transmit to the board of port commissioners, or to the tax commission of the municipal port district, as the case may be, a statement in writing showing the total value of all property within the municipal port district which value shall be ascertained from the assessment books of the said county for that year as equalized and corrected by the board of supervisors of such county. The board of port commissioners or such tax commission shall, not later than the last Tuesday in August of each year, fix the rate of taxes for the municipal port district, designating the number of cents upon each one hundred dollars, using as a basis the value of the property as

assessed by the county assessor of each county, as the same may be equalized and so returned to such board of port commissioners or to such tax commission by such county auditor, as hereinbefore provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board of port commissioners or by the said tax commission, as hereinbefore provided, which acts by said board or tax commission, as the case may be, are declared to be a valid assessment of such property and a valid levy of such taxes so fixed. The board of port commissioners or tax commission must immediately thereafter transmit to such county auditor of such county a statement of such rate so fixed by the board of port commissioners or by the said tax commission, as the case may be. The said county auditor must then compute and enter in the assessment book or books the respective sums in dollars and cents or dollars or cents to be paid as municipal port district tax on the property therein enumerated and assessed as being in the municipal port district, using the rate of levy so fixed by the board of port commissioners of the municipal port district and the assessed value as set forth in such assessment book or books. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the municipal port district under the same requirements and penalties provided by law for the settlement of other taxes.

SEC. 43d. Transfers from the "reserve fund" to the "unappropriated balance" may be made subsequent to the adoption of the budget, upon recommendation of the general manager, approved by the board of port commissioners. Transfers

The board of supervisors of such county may provide such extra help for the county offices or officers as in their judgment may Expense of

Nothing in this section, however, shall be construed to prevent the board of port commissioners and the board of supervisors of the county in which a municipal port district is situated from entering into an agreement fixing the charge which such county will make for the collection of municipal port district taxes as in this act provided, but such charge if so agreed upon shall not exceed the per centum therefor herein specified.

sales.

SEC. 43f. Whenever any real property situated in any municipal port district established under the provisions of this act has been sold for taxes and has been redeemed, the money paid for such redemption shall be apportioned and paid by the county treasurer receiving the same to such municipal port district in proportion which the tax due to such district bears to the county taxes for which such property was sold.

Taxes
a lien.

All taxes levied under the provisions of this act shall be a lien on the property on which they are levied and the enforcement of the collection of such tax may be made in the same manner and by the same means as is provided by law for the enforcement of liens for county taxes, and all provisions of the law relating to the enforcement of the latter are hereby made a part of this act so far as applicable.

Contracts involving an expenditure of one thousand dollars or less shall be let by the board or by the general manager, when he is authorized so to do by the board, in such manner as such board shall by ordinance prescribe.

Bids.

SEC. 51. In all cases where bids are not required by this act to be advertised for, bids, either advertised for or not advertised for, shall be obtained as far as reasonably practicable and compatible with the interests of the municipal port district, and a public record of such bids be kept. The right to reject any and all bids shall be reserved in all cases.

Affidavit of bidder.

SEC. 52. Every proposal referred to in section fifty of this act to perform a contract with a municipal port district shall have thereon, or attached thereto, the affidavit of the bidder that such proposal is genuine, and not sham or collusive, nor made in the interest or in behalf of any person not therein named, and that the bidder has not directly or indirectly induced or solicited any other bidder to put in a sham bid, or any other person, firm or corporation to refrain from bidding, and that the bidder has not in any manner sought by collusion to secure for himself an advantage over any other bidder. Any bid made without such affidavit, or in violation thereof, shall not be considered. If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, then upon the entry of such finding on the records of the board, the contract so awarded shall be voidable at the option of the board, and the contractor and his bondsmen shall be liable to the municipal port district for all loss or damage which the municipal port district may suffer thereby; and the board may advertise for a new contract. Any contractor making a false affidavit may be excluded from future bidding.

Penalties.

Claims and demands.

SEC. 53. All claims and demands against a municipal port district, except coupons for interest and installments of the principal on bonds payable by such district, shall be paid only

on demands as herein provided on forms and blanks to be prescribed by the auditor of the district. Each such claim or demand shall be first presented to and approved in writing by the board of port commissioners or by the officers or employee authorized by this act to incur the expenditure or liability represented thereby. In all cases the date of such approval shall be given. All demands approved by the board of port commissioners or by any officers or employee of the municipal port district shall be presented to the auditor who shall satisfy himself whether the money is legally due and remains unpaid and whether the payment thereof from the treasury of the district is authorized by law and out of what fund. If he approve it, he shall endorse upon it the word "approved" with the designation of the fund out of which it is payable and sign his name thereto, provided that such approval by the auditor shall be valid only for such amount as shall have been approved by the board or by the officer or employee approving the same. If in the judgment of the auditor, such demand should be allowed only for a less amount than approved by such board or by such officer or employee, or if he shall disapprove such demand, he shall transmit the same to the board of port commissioners with his reasons for disapproval. Any demand transmitted to the board of port commissioners by the auditor shall be promptly considered by such board together with the objection of the auditor thereto. The board of port commissioners may overrule or sustain the objections of the auditor to said demand and its acceptance shall be endorsed thereon, certified by the signatures of the president of the board and the clerk, and the demand shall thereupon be returned to the auditor. If the action of the board is to overrule the objection of the auditor, he shall make a record of the demand as in the case of demands approved by him, and if the action of the board is to sustain the objection of the auditor he shall file said demand. No demand shall be approved or audited unless it specify each separate item with the date and amount thereof. The auditor must keep a record of all demands on the treasury approved by him or his objections to which have been overruled, showing the number, date, amount and name of the payee thereof, on what account allowed and out of what funds payable, and it shall be a misdemeanor in office for the auditor to deliver any demand with his approval thereon, or otherwise, until this requirement has been complied with. Every lawful demand upon the treasury of a municipal port district shall in all cases be paid on presentation and cancelled, and the proper entry thereof be made if there be sufficient money in the treasury belonging to the fund out of which it is payable, but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the treasurer for that purpose, showing its number, when presented, dated, amount, name of payee, and on what account allowed and out of what fund payable, and when so

registered it shall be returned to the party presenting it with the endorsement of the word "registered", dated and signed by the treasurer. All registered demands shall be payable in the order of their registration. Nothing in this section contained shall be construed to prevent the payment by the treasurer of bonds of the municipal port district or of boards of municipal corporations in such districts and interest coupons thereof, in accordance with the constitution of the state and the provisions of this act authorizing the issuance and payment of such bonds.

The salaries or wages of all officers and employees of the municipal port district shall be paid either monthly, semi-monthly, or weekly, as the board of port commissioners may by ordinance determine.

Any such contract, sale, purchase or transaction shall be and become void at the election of the municipal port district, declared by resolution of the board of port commissioners.

Actions based on claims or demands.

SEC. 58. No suit shall be brought against a municipal port district on any claim for money or damages until a claim or demand therefor setting forth with reasonable certainty the various items of the claim or demand, and verified by the claimant or his or its authorized agent, has been presented to the board of port commissioners, and rejected in whole or in part. In case the board of port commissioners shall fail or refuse to allow or reject such claim, either wholly or in part, for a period of six months after its presentation, such failure or refusal shall, upon the expiration of such period, be deemed a rejection of the claim. All claims against a municipal port district must be presented to the board of port commissioners and filed with the clerk of the district within one year after the debt or the last item thereof for which the claim is made shall have been incurred, or within one year after the occurrence or transaction from which any damages are claimed to have arisen. [Approved by the Governor May 23, 1925.]

The people of the State of California do enact as follows:

SECTION 1. The words and phrases used in this act shall for the purposes of this act, unless the same be contrary to or inconsistent with the context, be construed as follows: Definitions.

(a) The phrase "railroad commission certificate" shall be construed to mean a certificate of public convenience and necessity granted or issued by the railroad commission of the State of California, authorizing a common carrier by motor vehicle to operate under the conditions prescribed by said commission, and shall also include all amendments to or changes in such certificate which may be made by said commission. "Operator."

(c) The term "registration certificate" shall include any and all certificates of registration of a motor vehicle issued by the division of motor vehicles of the department of finance of the State of California, or by any governmental body within said state under which the laws of the said state may have power or authority to register and certify to the registration of a motor vehicle for operation within said state. SEC. 2. Each operator of a motor vehicle within this state who transports or desires to transport for compensation or hire persons or property upon or over any public highway within this state shall apply to and secure from the board of equalization of the State of California a license to operate each and all of the motor vehicles which such operator desires to operate or which such operator from time to time may operate.

SECTION 1. All public ways, as that term is defined hereafter in this act, now open or dedicated, or which may hereafter be opened or dedicated, to public use, whether lying entirely within unincorporated territory of a county or the territory of a municipality, or lying within such unincorporated territory and one or more municipalities, or lying within two or more municipalities, or forming the exterior boundary of any municipality, where the same joins unincorporated territory of a county or the territory of another municipality, whether partly or wholly within or without said boundary, and all property for which an order to take immediate possession and use of a right of way thereover for a public use has been obtained from a court of competent jurisdiction in any action in eminent domain or proceeding for the acquisition of any public way, in compliance with the provisions of section fourteen of article I of the constitution of this state, shall be deemed and held to be open public ways for the purposes of this act, and the several legislative bodies hereinafter mentioned are hereby invested with jurisdiction and empowered to establish and change the grades and fix the width thereof, and to order to be performed thereon and on any publicly owned property or rights of way any of the work or improvements mentioned in this act, and to acquire any of such public ways, and property or rights of way required by the public interest or convenience, all under and in accordance with the procedure hereinafter provided.

Authority to
acquire and
to improve.

SEC. 2. Whenever the public interest or convenience may require, the legislative body of any county and the legislative body of any municipality are hereby severally authorized and empowered to order the acquisition, or improvement (as those terms are defined hereafter in this act), or both such acquisition and improvement, of any one or more of the pub-

lic ways or of property or of rights of way of the public over which they are herein invested with jurisdiction. Separate proceedings may be had and taken for such an acquisition or improvement or both such acquisition and improvement may be included within and consummated in a single proceeding. Where the latter procedure is followed, public ways already acquired, as well as the whole or a portion of those to be acquired under the proceeding, may be improved under the one proceeding. The acquisitions and improvements above provided for may comprehend and include the whole or any portion or portions, either in length or in width, of any one or more of such public ways, property and rights of way, whether the same are contiguous or otherwise and neither the various items of the improvement or improvements, nor of the acquisition or acquisitions, nor the improvement and acquisition as a whole, included in a proceeding need be contiguous or coterminous. In addition to the above authority, power and jurisdiction, there is hereby granted the following authority, power and jurisdiction: To issue and sell, or otherwise dispose of, bonds representing the costs and expenses of any such acquisitions and improvements, as in this act hereafter provided; to constitute a fund for the payment of such bonds as in this act hereafter provided and to levy and collect special assessment taxes upon districts as in this act hereafter provided; to establish such districts and determine their boundaries and to establish and fix the boundaries of zones therein, as in this act hereafter provided; to establish grades for the doing of any work or the making of any improvement authorized in this act, as in this act hereafter provided; to make transfers of money from county funds or funds of the municipality to such special funds as are in this act hereafter provided; to purchase material and furnish the same to be used in any of the improvements comprehended in this act, as in this act hereafter provided; to make direct contributions of money in part payment of the expenses of any one or more or all of the acquisitions and improvements comprehended in this act; to create and administer revolving funds to facilitate and assist in the carrying on and completing of such acquisitions and improvements, as in this act hereafter provided; and to do any and all things necessary or incidental to the accomplishment of the things which are permitted to be done under this act. The jurisdiction of the legislative body of a county shall extend over and it shall have said power and authority to acquire and improve public ways within the boundaries of such county, and also those forming the exterior boundary of any municipality or municipalities where the same join unincorporated territory of the county, and also public ways and publicly owned property lying within one or more municipalities, where, in the case of an acquisition, the proposed acquisition, in the judgment of said legislative body, is necessary or proper to complete, connect with, or render of greater use to the public any public way or ways

or public property in unincorporated territory of the county already acquired or to be acquired under the proceeding; and where, in the case of an improvement, the proposed improvement, in the judgment of said legislative body, is necessary or proper to complete, connect with, or render of greater use to the public any existing improvements in or on any public way or ways or public property in unincorporated territory of the county, or any improvements to be made under the proceeding; *provided*, that the consent of the legislative body or bodies of such municipality or municipalities, within the boundaries of which such public ways and property lie, shall first be obtained thereto and to the assessment of the property therein, which, in the opinion of the legislative body of the county, will be benefited thereby. Likewise, the jurisdiction of the legislative body of a municipality shall be extended over and it shall have said power and authority to acquire and improve public ways within the boundaries of such municipality, and also those forming its exterior boundaries where it joins unincorporated territory of the county or the territory of another municipality, and also public ways and public property lying within unincorporated territory of a county and of one or more other municipalities, where, in the case of an acquisition, the proposed acquisition, in the judgment of said legislative body, is necessary or proper to complete, connect with, or render of greater use to the public, any public way or ways or public property within the municipality for which said legislative body functions, whether already acquired or to be acquired under the proceeding; and where, in the case of an improvement, the proposed improvement, in the judgment of said legislative body, is necessary or proper to complete, connect with, or render of greater use to the public any existing improvements in or on any public way or ways or public property within said municipality, or any improvements to be made under the proceeding; *provided*, that the consent of the legislative body or bodies of the county and of such other municipality or municipalities within the boundaries of which such public ways and property lie, expressed by resolution, shall first be obtained thereto and to the assessment of the property therein, which, in the judgment of the legislative body of the municipality conducting the proceeding will be benefited thereby. The true intent and meaning of the above provisions for such acquisitions and improvements is that the necessary jurisdiction and power for the consummation thereof shall be vested in, and proceedings therefor may be had and taken by, the legislative body either of the county or of any municipality in which the public interest or convenience is affected thereby and that each of said legislative bodies shall have concurrent jurisdiction to initiate such proceedings; *provided*, that the legislative body initiating the proceeding and adopting the resolution of intention therefor, as hereinafter provided, shall thereafter have exclusive jurisdiction of the proceeding and

Liability
for expense.

No part of such or any compensation for said officers or employees so appointed or designated, or for services rendered by any of them, shall be a charge against the county or municipality or any officers thereof; *provided*, that the county, in proceedings conducted by its legislative body, and the municipality, in proceedings conducted by its legislative body, shall be liable for the expenses of the preparation and furnishing of specifications and of the posting and publication of all resolutions and notices required to be posted and published in the event that proceedings cease or are abandoned before the award of the contract, or before a final judgment is obtained, but such expenses, for which the county and municipality respectively are liable and which shall have been paid thereby, may be charged, as incidental expenses, against the district benefited in any new proceeding had or taken for an acquisition or improvement, or both, which shall include the same or approximately the same thing or things to be done as those included in the abandoned proceedings. Whenever any county or municipal officer is appointed and designated to any of the positions or duties hereinabove mentioned without compensation, the actual and necessary expenses incurred under his supervision, including the compensation of other persons, made necessary by the duties of such positions, shall be a charge against the county or municipality appointing and designating him, but shall be repaid to such county or municipality as incidental expenses of the proceeding.

for appoint-
ment.

No member of the legislative body of any county or municipality shall be eligible to appointment to any office, position or employment under this act, except as a county or municipal officer without pay.

Specifica-
tions.

SEC. 4. The legislative body desiring to initiate proceedings for the making of any acquisition or improvement, or both an acquisition and improvement, under the provisions of this act, may, by an order to be entered upon its minutes, designate some county officer, if the legislative body be that of a county, or some municipal officer, if it be that of a municipality, or some other competent person, in either case, and direct him to prepare and furnish specifications for the proposed acquisition or improvement, or both. The said specifications, in the case of an improvement, shall include all plans, profiles, cross-sections and specifications necessary therefor, together with a statement of the estimated cost of the improvement (inclu-

sive of incidental expenses and costs of the proceeding), a description of the district to be benefited by the proposed improvement and a map or plat showing the same and also the different zones within said district (if any are necessary because of varying benefits) containing the lands to be benefited in like measure but in a different measure from those in other zones therein, with a statement as to what percentage of the sum to be raised each year for the payments on the principal and interest of the bonds should be raised from each zone, and shall show the grades to which the contemplated improvements are to be constructed. In the case of an acquisition, the said specifications shall include descriptions of all property to be acquired, together with a map or plat showing the same, and a description of the district to be benefited by the proposed acquisition and a map or plat thereof, and the other matters relating to zones and percentages as above required in the case of improvements. In the event that the contemplated proceeding includes both an acquisition and improvement, all of the above requirements shall be included in the specifications; the district, zones and percentages set forth to comprehend both the contemplated acquisition and improvement. Said specifications shall be signed by the person designated and directed to prepare them and presented to the legislative body ordering them. Said legislative body shall examine the said specifications and may approve them or order modifications or changes to be made therein. When approved by the legislative body they shall be filed with the clerk of said body. At any time before the adoption of a resolution of intention the specifications may be corrected or modified by the order of said body.

Any error or informality in the appointment of any officer or other person to prepare specifications, or the omission of a formal order of appointment altogether, shall not invalidate or in any way affect the proceedings.

Sec. 5. Before ordering any acquisition or any improvement authorized by this act, the legislative body which is to conduct the proceeding shall adopt a resolution of intention so to do, referring to the public way, in the case of a public way already acquired, by its lawful or official name, or the name by which it is commonly known, and, in the case of a public way to be acquired under the proceeding, by the name by which such public way is to be called upon its acquisition (which name shall thereby be fixed and established), and when the acquisition or improvement is of property or a right of way owned or to be acquired by the public, then by briefly describing the said property or right of way. In the case of an acquisition, the resolution shall briefly set forth that a public way or property or right of way (naming or otherwise describing it) is to be acquired, and describe the property necessary or convenient to be taken therefor. It shall be determined in said resolution that the public interest and necessity require the acquisition therein set forth, and that

of intention.

said property to be taken is necessary therefor. Said resolution, in the case of an acquisition, shall be adopted by a vote of two-thirds of the members of said legislative body. In the case of an improvement, said resolution shall determine that the public interest and necessity require the improvement set forth in the resolution and shall briefly describe the improvement, it being sufficient to state in general terms the class or kind of work contemplated (such as grading, paving, sewerage, or other work or improvement), and to give in general the location of the proposed improvement and refer to the plans, profiles, detail drawings and specifications therefor, or such of them as may be suitable or proper (which shall be approved by said legislative body and be on file in the office of the clerk thereof at the time of the adoption of said resolution), for a full and detailed description and location of said proposed improvement, and of the grades to which said improvement is to be constructed. Said resolution shall contain the following statement: "The notice of all persons affected is directed to the grades for the proposed improvement and to the provisions of the acquisition and improvement act of 1925 relating to grades," and in cases where the construction of the proposed improvement will result in a substantial change (considered with reference to existing physical conditions) with respect to the relation of the elevation of any abutting property to that of the public way as it will exist upon being improved to the proposed grade, there shall be included in said statement the following: "Particular notice is directed to the fact that substantial changes in the relation of the elevation of abutting property to that of said public way (or ways), as it (or they) will exist after being improved, will result from the construction of the above mentioned improvements to the proposed grades." If both an acquisition and improvement are contemplated in the same proceeding, one resolution of intention, containing the above requirements in the respective cases, shall be sufficient. Said resolution shall also contain a description of the district of the lands to be benefited by said proposed improvement or acquisition, or both, as the case may be, which shall be known thereafter and which will in this act hereafter be referred to as the "assessment district." Each proceeding under this act may, for convenience, be entitled, and such entitling shall be sufficient for all purposes: "In the matter of acquisition and improvement district No. _____ of the county (or city, as the case may be) of _____" (giving a different number to each district for which a proceeding is had) and a like designation of the district (omitting the words "in the matter of") shall be a sufficient designation of the district at all times and for all purposes. The said description of the assessment district may be in general terms, referring to a plat or map approved by the legislative body conducting the proceeding, which shall be on file in the office of the clerk of such legislative body at the time of the adoption of said resolution of

intention, and which shall indicate by a boundary line the extent of the territory to be included in the proposed assessment district, which said plat or map shall govern for all details as to the extent of said assessment district. Said resolution shall also contain a statement that, for the expenses of the things therein proposed to be done, bonds will be issued to the total amount of the same, excepting the amount, if any, to be contributed thereto by the county or municipality in money or by the furnishing of materials therefor, said bonds to bear interest at the rate of ----- (not to exceed eight) ---- per cent per annum, payable semiannually, and the aggregate principal of all bonds issued under the proceeding to be paid and discharged within ----- (not to exceed thirty) --- years after the date of issuance, approximately one----- (not less than one-thirtieth) ----- part of such aggregate principal to be payable annually, all in gold coin, and that a special fund for the payment of said bonds will be constituted by the levy of special assessment taxes upon the lands within the assessment district, in accordance with the provisions of this act, according to the assessed value of said lands, exclusive of the improvements thereon, except as otherwise in this act provided. If the legislative body so determine, it shall include in said resolution a statement that the first payment on the aggregate principal of the bonds issued will be made ----- (not to exceed five) ----- years after the issuance thereof.

The lands upon which said special assessment taxes shall be levied shall be all those lying within the assessment district, including any lands which are the operative property of any public utility; *provided*, said lands shall not include any lands belonging to the United States government or the State of California, but they shall include all lands belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, included within the assessment district, whether being in use in the performance of any public function or otherwise; *provided, however*, that the legislative body conducting the proceeding may, in the resolution of intention, declare that any land or lands, describing the same, belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, lying within the assessment district, or any of them, shall be omitted from the said district and from the levy and collection of the special assessment taxes thereafter to be levied and collected to cover the expenses of the acquisition or improvement, or both, as the case may be, and in the event that said lands or any of them shall by said resolution be so omitted then the total expenses of the things done in the proceeding shall be met by the levying and collection of such special assessment taxes upon and from the remaining lands within the assess-

Lands to be assessed.

ment district, without regard to such omitted lands. In order that any such lands may be so omitted, however, it must be determined and set forth in the resolution of intention that such lands are in use in the performance of a public function.

Zones.

If, in the judgment of the legislative body conducting the proceeding, varying benefits to be derived by the different parcels of land lying within the assessment district so require, the said district may be divided into zones according to benefits. Said district may be divided into as many zones—up to the total number of parcels of land in the district—as may be deemed necessary, and each zone shall be composed of and include all the lands within the district which will be benefited in like measure. Said legislative body shall also determine the percentage of the sum to be raised each year by the levy and collection of said special assessment taxes in said district for the payments on the principal and interest of the bonds, which will be raised from the lands in each zone. When the district is divided into such zones the resolution of intention shall so state, giving said percentages to be raised from the lands in each zone. Each zone shall be designated by a different letter or number and shall be plainly shown upon the map or plat of the assessment district filed in the office of the clerk of said legislative body and referred to in the resolution of intention, either by separate boundaries, coloring, or other convenient and graphic method, so that all persons interested may with accuracy ascertain within which zone any parcel of land is located. It shall be sufficient in all cases where the assessment district is to be divided into such zones according to benefits if the resolution of intention states that fact and refers to said plat or map for the boundaries and all details concerning the said zones.

Hearing of objections.

Said resolution shall contain a notice of a day, hour and place (to be fixed therein) when and where any and all persons having any objections to the proposed acquisition or improvement, or both (if both be included in the proceeding,) to the proposed grades to which the improvement (if any,) is to be constructed, to the extent of the assessment district, to the zones (if any,) into which said district is to be divided, or to the percentages to be raised from each of said zones, or to any or all of the foregoing, may appear before the legislative body conducting the proceeding and be heard. Said time shall not be less than fifteen nor more than sixty days from the date of the adoption of said resolution. The clerk of said legislative body shall cause said resolution of intention to be published by at least two insertions.

Grades.

SEC. 6. The grades to which any work shall be done or improvement made under proceedings had in pursuance of this act shall be those shown upon the plans, profiles and detailed drawings (or such of them as may be suitable or proper) referred to in the resolution of intention. In the case of the improvement of public ways, property or rights of way, to be acquired and improved under the same proceeding, the legis-

lative body conducting the proceeding shall have jurisdiction and power to and shall determine and establish the grades to which the improvements are to be constructed, and the adoption of the resolution of intention shall be deemed to be such a determination and establishment of the grades therein referred to, subject to any changes which may be made upon the hearing of any objections thereto. In the case of the improvement of public ways, property or rights of ways already acquired, said legislative body shall likewise have jurisdiction and power to and shall determine and establish the grades to which the improvements are to be constructed, and the adoption of the resolution of intention shall be deemed to be such a determination and establishment of the grades therein referred to, subject to any changes which may be made upon said hearing. In the latter case the grades so determined and established for such purpose may be either the grades, or any of them, which have previously been officially or otherwise established or adopted, or they may be grades different, modified or changed from those previously so established or adopted. In all events the statement contained in the resolution of intention directing notice to the grades, as heretofore provided, shall constitute sufficient notice thereof to any person affected. Any property owner whose property is included within the assessment district for the proposed improvement and any other person whose rights are affected may, at the time fixed in the resolution of intention for the hearing of objections, appear before the legislative body conducting the proceedings and present written objections to the grade or grades to which any or all of the improvements are proposed to be constructed. A failure to make such written objection at such time shall be deemed to be a waiver of all objections to the grade or grades to which the improvement is proposed to be constructed, whether such grade or grades be different, modified or changed from those previously established or adopted, or not, and shall operate as a bar to any claim for damages, and any action looking to the prevention of the work or improvement, the avoiding of paying therefor, or recovery of damages on account of the construction of the work or improvement or grades. The provisions of this section relative to grades are alternative and shall not repeal the provisions of any other statute relative to change of grade, but shall govern and control for all purposes and for all improvements made in proceedings conducted under this act.

Objections
to grades.

SEC. 7. The legislative body of the county or municipality conducting the proceedings may determine that any part of the expenses of the acquisition or improvement, or both, as the case may be, shall be paid out of the treasury of the county or municipality, as the case may be, and such payment, or any part of the same, may be made from the general fund of such county or municipality or from any other fund available to such county or municipality and from which expenditures

penses.

Purchase of

may be made for acquisitions or improvements of like character as those which may be made under this act. Said legislative body conducting the proceedings may also purchase all or any part of the materials to be used in constructing any of the improvements included in the contract therefor made under this act and furnish the same therefor, said purchase to be made from any of the funds above mentioned. If such county or municipality has a purchasing agent, said materials shall be purchased by him; otherwise said materials shall be purchased by the legislative body by contracts let to the lowest responsible bidder after notice calling for bids has been published by at least two insertions in a newspaper, or by any other method prescribed by law for the purchase of materials by a county or municipality. If the county or municipality is to furnish materials or make payment toward said expenses, the resolution of intention shall so provide and shall state the fund from which such materials are to be purchased or payments made. When such provision is made, the execution of the contract for the improvement (in the case of an improvement), and the obtaining of an interlocutory judgment (in the case of an acquisition), shall create a liability on the part of the county or municipality, as the case may be, to furnish the materials or make the payments provided for in the resolution of intention. In the event that the acquisition or improvement, or both such acquisition and improvement, under the proceeding includes any acquisition or improvement, or both, within the territory of a county or any municipality or municipalities for which the legislative body conducting the proceeding does not function, the legislative body of such county or municipality may determine that any part of the expense of the acquisition or improvement, or both, in the proceeding shall be paid out of its treasury, or materials therefor furnished, as above provided, from any of its funds above mentioned. Such determination shall be expressed by resolution of such legislative body which shall be transmitted to the legislative body conducting the proceeding and thereupon a liability of such county or municipality to furnish such portion of such expenses and materials, or expenses or materials, provided for shall be created as above provided. The resolution of intention shall set forth the fact that such portion of the expenses and materials, or expenses or materials, are to be paid and furnished, or paid or furnished, by such county, municipality or municipalities, or any combination or all thereof, as the case may be.

Notice of
intention to
acquire or
improve.

SEC. 8. After the adoption of the resolution of intention the superintendent of work shall cause to be conspicuously posted along the line of said contemplated work or improvement, if an improvement is contemplated, and along the line of the property to be acquired, if an acquisition is contemplated, at not more than three hundred feet in distance apart but not less than three in all, notices of the adoption of said

resolution; *provided, however*, that the failure to post any or all of said notices shall in no event affect the validity of the proceedings or the jurisdiction and power of the legislative body to order the acquisition or improvement, or both. Said notices shall be entitled "Notice of public improvement" in letters of not less than one inch in length; and shall, in legible characters, state the fact of the adoption of the resolution of intention, its date, and briefly and in general terms, the improvement or acquisition, or both, as the case may be, proposed, and refer to the resolution of intention for further particulars. The said notices need not contain a description of the assessment district described in the resolution of intention but may refer to said resolution therefor. Said notices shall contain also a statement of the day, hour and place when and where any and all persons having any objections to the proposed improvement or acquisition, or both, as the case may be, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which such district is divided, or to the percentages to be raised from each of such zones, or to any or all of the foregoing, may appear before the legislative body and be heard.

If deemed advisable and the legislative body so orders, said notices may consist of printed copies of the resolution of intention, entitled as above provided, and the same shall be sufficient for all purposes of said notice.

The legislative body may, if it deems it advisable, direct the clerk thereof to mail copies of said notices to the owners or reputed owners whose names and addresses are known to him, but the mailing of such notices shall not be essential to obtaining jurisdiction by the legislative body and the failure so to do shall not affect in any manner the validity of any proceedings taken hereunder. The failure of the legislative body to so direct said clerk shall presume a finding by said body that said mailing is not advisable or necessary.

Sec. 9. At any time not later than the hour set for hearing objections as provided in the preceding section, any owner of land within the boundaries of the assessment district as set forth in said resolution may, severally, or with other such owners, file with the clerk of the legislative body conducting the proceedings written objection to the thing or things proposed to be done, whether it be an improvement or acquisition, or both, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which the said district is divided, or to the percentages proposed to be raised from each of said zones, or to any or all of the foregoing. Upon such hearing all objections and protests to the doing of the thing or things proposed to be done shall be heard and considered. If upon said hearing it appears that the owners of more than one-half of the area of the property included within the entire assessment district, as proposed, have in writing made objection

Filing and
hearing of
objections.

to the doing of the thing or things proposed to be done, i.e. the improvement or acquisition, or both, as the case may be, in their entirety, and to the ordering of the same, the legislative body shall, by a resolution to be entered upon its minutes, so find and thereupon such legislative body shall have no power to proceed further under said resolution of intention nor to adopt any resolution for doing the same thing or things during a period of six months next succeeding the time of such finding, unless the said objections be overruled by an affirmative vote of four-fifths of the members of such legislative body. In order that such objections operate as a bar, as aforesaid, in the absence of such a four-fifths vote, they must specifically state that the objections are to the doing of the thing or things proposed in their entirety and not merely to some item, class, kind or part of the thing or things proposed to be done. If the fact be that the owners of more than one-half of the area of the property included within the entire district as proposed have not so in writing made objection going to the ordering of the thing or things proposed to be done, as an entirety, the legislative body shall so find, and may thereupon proceed with the hearing, but such finding need not be in writing and may, for the purpose of proceeding with the hearing, be a mere announcement of the body. Next shall be heard, in any order desired by such body, such objections as shall be made to the extent of the district and to the zones, if any, into which said district is divided and to the percentages to be raised therefrom as set forth in the resolution of intention, and objections to the grade or grades to which the improvement is proposed to be constructed.

The hearing may be continued from time to time by the legislative body by an order to be entered upon its minutes.

By whom
and how
filed.

Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated on the day before the day set for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land, other than as security for the payment of money, of the land held in such trust, and a trustee in bankruptcy of the bankrupt, and a guardian of his ward. The objection of any owner may be made by the signature of his agent; *provided*, that there must be attached to the objection the affidavit of the agent that he is duly authorized to sign said objection. Every written objection must contain a description of the property in which each signer thereof is interested, sufficient to identify it, and must set forth the nature of his interest therein and, if signed by more than one objector, must be accompanied by the affidavit of one of the signers thereto that each signature thereof is the genuine signature of the person whose name is thereto subscribed. Any written objection not complying with the foregoing requirements shall not be considered by the legislative body in determining whether objection has been made to the doing of the

thing or things proposed to be done, as an entirety, by the owners of more than one-half of the area of the property included within the assessment district.

Sec. 10. Unless the power to proceed shall have ceased, as hereinbefore provided, the legislative body shall in conclusion of the aforementioned hearing and as a determination of all questions arising thereat, by resolution to be entered upon its minutes, declare its finding that the owners of more than one-half of the area of the property included in the assessment district have not made written objection going to the entirety of the thing or things proposed to be done, or if such objection has been made, that such objections are overruled by an affirmative vote of four-fifths of the members of the legislative body. Said legislative body may at the conclusion of the hearing thereon and in said resolution determine the extent and boundaries of the assessment district and may exclude from the district described in the resolution of intention any parcels of land which it may find will not be benefited by the doing of the thing or things proposed to be done. It may also change or modify the zones, if any, into which said district is divided, so that each zone shall be composed of the lands within said district which will be benefited in like measure; and it may also change the percentage of the amount to be raised in each such zone, so that such zoning and the raising of the special assessment taxes therefrom shall best, in its judgment, reflect the benefits to be derived by the parcels of land included therein. If no changes be made in the boundaries of the assessment district, as the same are set forth in the resolution of intention, or no changes are made in the zones or the percentages to be raised therefrom as set forth in said resolution, it shall be sufficient to state that the boundaries of the district, the zones and the percentages to be raised therefrom, are those set forth in the resolution of intention; but if any changes be made in the boundaries of the assessment district, the boundaries as finally determined shall be fully set forth in said resolution, and the plat or map of the assessment district on file in the office of the clerk of said legislative body and referred to in the resolution of intention shall be made to show said boundaries as finally determined, and if any changes be made in the zones referred to in the resolution of intention, the description of the boundaries of said zones, as finally determined, shall be fully set forth, and said plat or map on file in the office of the clerk of the legislative body shall be changed to show the boundaries of said zones as finally determined, and, if any changes be made in the percentages to be raised from the several zones, the resolution shall so state, giving the percentage to be raised from each zone, as finally determined. The boundaries of the district, as the same are set forth in the resolution of intention, shall not be so changed as to include within the district any territory not within its boundaries as set forth in said resolution.

Declaration
of findings.

Change of
grades.

Said legislative body may also change or modify the grades as set forth in the plans and specifications and referred to in the resolution of intention. If no change or modification be made as to the grades, as the same are set forth in the plans and specifications and referred to in the resolution of intention, it shall be sufficient to state in the resolution adopted at the conclusion of said hearing, that the grades, as finally determined, are those set forth in such plans and specifications, but if any changes are made in the grades, as set forth in the plans and specifications and referred to in the resolution of intention, such changes shall be set forth in said resolution adopted at the conclusion of said hearing.

Four-fifths
vote.

If any changes or modifications be made in the boundaries of the assessment district, the zones, the percentages to be raised from the several zones, the grades, or any or all of the foregoing, such changes or modifications shall be made by a four-fifths vote of the legislative body.

Boundaries,
etc., to be
final.

The boundaries of the assessment district, the location and extent of the zones, if any, and the percentages to be raised therefrom, so determined, shall then be established and prevail for all purposes of the proceeding and until any bonds to be issued for the expenses of the thing or things to be done shall have been fully paid and discharged, and the grades so determined shall be the grades for all the purposes of the proceeding and the improvement to be done thereunder. The findings and determination of said legislative body upon the matters of the extent and boundaries of the assessment district, the zones, if any, into which said district is divided, the percentage of the expenses to be raised from each of said zones, the grades to which the improvement is to be constructed, and the necessity for the acquisition, or improvement, or both, comprehended by the proceeding, shall be final and conclusive.

Order for
acquisition
or im-
provement.

SEC. 11. Having thus taken action upon all objections and protests to the doing of the thing or things proposed to be done and having determined the boundaries of the district and of the zones, if any, and the percentages to be raised therefrom, and the grades for the improvement, the legislative body shall have jurisdiction and may, by resolution, order the thing or things proposed to be done in the resolution of intention to be done. The resolution ordering the doing of the thing or things proposed to be done may be the same in which all of the final determinations above mentioned are made, or it may be a separate resolution, in which latter case it shall refer to the resolution making said final determination. Neither said resolution ordering the doing of the thing or things proposed to be done nor any resolutions, notices, orders or determinations thereafter made or given in the proceeding need contain a description of the work or improvement to be done or the property to be acquired, and it shall be sufficient in any of the foregoing to refer therein to the resolution of intention for a description of the work or improvement to be

done, or the property to be acquired, or both, as the case may be, and, if the boundaries of the district, the zones, percentages and grades set forth in the resolution of intention have not been changed, it shall be sufficient in any of the foregoing to refer therein to the description of the same set forth in the resolution of intention, but if said boundaries, said zones, said percentages, and said grades or any or all of the same have been changed then it shall be sufficient to refer to the resolution changing and determining the same for a description thereof and all details relative thereto. If said resolution ordering the doing of the thing or things proposed to be done includes the acquisition of property, the legislative body shall therein direct an action to be brought by the attorney, in the proper superior court, in the name of the county or of the municipality for which the legislative body conducting the proceedings functions, as the case may be, for the condemnation of the property necessary or convenient to be taken therefor. If said resolution orders work or improvement to be done, the legislative body shall therein fix a time for receiving bids for doing said work or improvement and direct the clerk thereof to give notice accordingly, inviting sealed bids.

Condemnation
proceedings.

Time for
receiving
bids.

SEC. 12. Such notice inviting bids shall include a statement that the work or improvement is to be done under the provisions of this act, and according to the plans and specifications on file therefor, except in so far as the grades specified therein shall have been fixed otherwise by the legislative body in conclusion of the hearing heretofore provided; to which said act, to the resolution of intention and all proceedings had hereunder, the attention of the bidders shall be directed, and they shall by reference be made a part of said notice. Said notice inviting sealed bids shall, by the clerk of said legislative body, be published by at least two insertions and, not necessarily simultaneously, a copy of the same shall be posted and kept posted for five days at or near the chamber door of said legislative body. The time fixed for receiving said bids shall be not less than ten days from the time of the first publication of said notice. All bids offered shall be accompanied by a check payable to the county or municipality, as the case may be, certified by a responsible bank, for an amount not less than ten per cent of the aggregate of the bid, or by a bond for said amount and so payable, signed by the bidder and either one duly authorized corporate surety, acceptable to said legislative body, or two sureties qualifying each in double the amount of the bond over and above all statutory exemptions, before an officer competent to administer oaths. Said bids shall be delivered to the clerk of said legislative body and said legislative body shall, in open session, publicly open, examine and declare the same, and no bids shall be considered unless accompanied by said check or such a bond satisfactory to said legislative body. Said legislative body may reject any and all bids should it deem this for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any

Procedure

former contract with said county or municipality, as the case may be, and shall reject all bids other than the lowest regular bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid. If all bids are rejected or no bids are received the legislative body may thereafter readvertise for bids as in the first instance, without further proceedings, and as many times thereafter as it deems necessary until a satisfactory bid has been received, and thereafter proceed in the manner in this section above provided and shall thereupon return to the proper parties their respective checks and bonds covering the bids so rejected. The check or bond accompanying the accepted bid shall be kept by the clerk of said legislative body until the contract for doing said work or improvement, as hereinafter provided, has been entered into. If said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned shall be declared forfeited to said county or municipality, as the case may be, and may be collected by it and paid into its general fund, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund.

Forfeiture of
check or
bond.

Notice of
award of
contract.

SEC. 13. Notice of such award of contract shall be published by the clerk of said legislative body by two insertions and posted for five days in the same manner as hereinbefore provided with respect to the publication and posting of the notice inviting bids.

Default of
bidder.

SEC. 14. If the bidder to whom the contract was awarded fails, neglects or refuses, for twenty days after the first publication of the notice of award, to enter into the contract, then said legislative body, without further proceedings, shall direct its clerk to give a new notice inviting sealed bids and thereupon said legislative body shall proceed as in the first instance, and as in the case of default of the first awardee, so also in the event of subsequent defaults, and any delay occasioned thereby shall in no way affect the validity of the proceedings or any assessments levied thereunder. The bids of all bidders who have failed to enter into the contract as herein provided may for that reason be rejected in any bidding subsequent to the first for the same work.

Bidder to
advance cost
of notices,
etc.

SEC. 15. Before being entitled to a contract, the bidder to whom the award thereof has been made must advance and pay to the superintendent of work, for payment by him, the costs and expenses of publishing and posting the notices, resolutions, orders and matters required under the proceedings prescribed in this act and of such other notices as may be deemed requisite by the legislative body.

Objections
to faulty
proceedings.

SEC. 16. At any time within ten days from the date of the first publication of the notice of award of the contract any owner of, or other person having any interest in any parcel of land within the boundaries of the assessment district, who

claims that any of the previous acts or proceedings relating to the work or improvement are irregular, defective, erroneous, faulty, or invalid, for any reason, may file with the clerk of the legislative body a written notice specifying in what respect said acts and proceedings are irregular, defective, erroneous, faulty, or invalid. Said notice shall state that it is made in pursuance of this section. All objections to any acts or proceedings relating to the improvement prior to the time within which such objections are permitted by this section to be filed, not made in writing and in the manner and at the time aforesaid, shall be waived. It is the intent of this section that any person failing to file such notice within the time specified shall be deemed to have intentionally waived every objection to the regularity or validity of such acts or proceedings and he shall be estopped from thereafter raising the same.

SEC. 17. The superintendent of work is hereby authorized, in his capacity as such superintendent of work, to execute the contract with the awardee of the same, and to receive and approve all bonds by this act required on the part of such awardee. He shall, by the terms of said contract, fix the time for the commencement of the work or improvement, which shall not be more than twenty days from the date thereof, and for the completion of said work or improvement under all contracts entered into by him, and the contract shall provide that the work shall be prosecuted with diligence until completed. The time of completion fixed in the contract may be extended from time to time by said superintendent of work, under the direction of the legislative body expressed by resolution, a copy of which shall be certified by the clerk of said legislative body and attached to the contract. Such extension of time may be granted by the legislative body at any time before the expiration of three months after the time originally fixed for completion in the contract or by the last previous extension of time, and the extension so granted shall be deemed to commence and be effective from the date of such expiration. Any such extension of time shall not release any surety or sureties upon any bond required under this act.

Duties of
superintendent
of
work.

Said contract shall provide that the work or improvement to be done shall be under the direction and to the satisfaction of said superintendent of work, and that the materials used shall comply with the specifications and be to the satisfaction of said superintendent of work, and shall undertake on behalf of the county or municipality, as the case may be, that, upon the performance and completion of the contract on the part of the contractor, and under the provisions of the "Acquisition and improvement act of 1925" all steps will be taken, in and by said act authorized to be taken, to effect the issuing by the treasurer of the bonds in said act authorized to be issued, and to provide a fund for the payment of the same, as in and by said act prescribed. Said contract shall also contain an express notice that in no case, except where it is otherwise provided by law, or the charter of the county or

Provisions
of contract.

municipality whose legislative body is conducting the proceedings, as the case may be, shall the county or municipality, as the case may be, or any officer thereof, be liable for any portion of the expense or be holden under said contract in any way except for the discharge of official duty under the law, nor shall said county or municipality as the case may be, be liable for any materials or sums of money except those which the resolution of intention shall provide will be furnished or paid.

Lack of
diligence in
prosecution
of work.

Sec. 18. If, after the execution of the contract, the contractor shall fail to begin the work in good faith within the time provided in said contract, or shall fail at any time thereafter to prosecute said work diligently according to the terms of the contract, the superintendent of work shall make a report to the legislative body setting forth wherein the contractor is in default. Thereupon the legislative body shall cause written notice to be mailed to said contractor at his last known address that at a time, to be set in the notice and which must be not less than five days after the mailing of the notice, said body will hold a hearing to determine whether or not the contract shall be declared forfeited.

At the time set in said notice, or at any time to which the matter may be continued, the legislative body shall determine whether or not the contractor is in default either in respect to beginning said work or in respect to its diligent prosecution. If said body determines that the contractor is in default it may declare the contract forfeited. In such event it shall either again call for bids and award the contract as provided heretofore for awarding the contract in the first instance, or it may declare the county or municipality, as the case may be, the successor of the contractor.

If bids are again called for and a new contract entered into at a price greater than that in the contract declared forfeited, suit shall be brought on the bond of the original contractor for an amount equal to the excess of the second contract over the first, plus the incidental expenses incurred in entering into the new contract. The sum recovered shall be placed in the interest and sinking fund of the district.

If the county or municipality be declared the successor of the contractor, the work shall be completed under the direction of the legislative body at the expense of the county or municipality, as the case may be, either by contract or in any other manner determined upon by its said legislative body. When the work or improvement is completed the declaration of completion in this act provided to be executed and filed by the contractor and superintendent of work shall be executed and filed by the superintendent of work alone and thereafter the proceedings required for a hearing thereof and upon the question of issuing bonds for the expenses of the improvement shall be had, following the provisions elsewhere contained in this act controlling said matters. When the bonds have been issued they shall be sold by the legislative body and the proceeds applied to reimburse the county or municipality, as the

case may be, for all expenditures it has made in the premises, the balance remaining to be paid to the original contractor. Should the proceeds realized from the bonds so issued and sold be insufficient to reimburse the county or municipality, as the case may be, in full for its expenditures in completing the contract, including all incidental expenditures, suit shall be brought on the bond of the contractor for an amount sufficient to so reimburse said county or municipality.

SEC. 19. The legislative body may, by resolution or ordinance, prescribe general rules directing the superintendent of work or the contractor as to the materials to be used and the mode of executing the work, under all contracts thereafter made.

Materials and execution of work.

SEC. 20. All contractors shall, at the time of executing any contract hereunder, execute a bond to the satisfaction and approval of the superintendent of work, running to the county or municipality, as the case may be, in an amount not less than twenty-five per cent of the amount of the contract, conditioned for the faithful performance of the contract, and said bond shall be signed by two or more sureties who shall aggregately qualify before an officer competent to administer oaths in double the amount mentioned in the bond over and above all statutory exemptions, or by one duly authorized and acceptable corporate surety.

Bond to guarantee performance of contract.

SEC. 21. Every contractor to whom is awarded any contract hereunder shall, before executing said contract, furnish and file with the superintendent of work a good and sufficient bond acceptable to and approved by said superintendent of work, in a sum not less than one-half of the total amount payable by the terms of said contract; such bond shall be executed by the principal and by two or more sureties who shall aggregately qualify before an officer competent to administer oaths in double the amount mentioned in the bond, over and above all statutory exemptions, or by one duly authorized and acceptable corporate surety, and shall be made to inure to the benefit of any and all persons, companies, or corporations who perform labor on or furnish materials to be used in the work or improvement to be done under the contract, and shall provide that if the contractor to whom said contract was awarded fails to pay for any materials so furnished for the said work or improvement or for any work or labor done thereon of any kind, the sureties will pay the same, to an amount not exceeding the sum specified in said bond. Any laborer, materialman, person, company or corporation furnishing materials to be used in the performance of said work or improvement or who performed work or labor thereon, whose claim has not been paid by the said contractor or his assigns, shall severally have a first lien upon and against the bonds to be issued to cover the expenses of said work or improvement, and likewise against any new bonds therefor directed to be issued by order of the legislative body or upon a decree of court. Such laborer, materialman, person, company or corporation may at

any time prior to the issuance of said bonds or said new bonds file with the treasurer of the county or municipality whose legislative body conducted the proceedings, as the case may be, a verified statement of the fact that he or it has furnished such labor or material and has not been paid therefor, stating the nature and amount of such labor or material and the amount due therefor, and claiming said amount, and, if he or they so elect, demanding the withholding of bonds in an amount sufficient to satisfy said claim. The said treasurer shall, upon such a demand being made, withhold from the contractor, or anyone claiming under him as assignee or otherwise, sufficient of said bonds to satisfy said claim and all costs which can reasonably be anticipated. If the claimant filing such statement shall, within ninety days after the date of issuance of the bonds for the expenses of said work and improvement, commence an action to enforce his lien aforesaid, then the said treasurer shall withhold and keep the bonds so withheld, subject to the final judgment in said action; but if such action is not so filed the bonds so withheld shall be delivered to the contractor or his assignee. Such claimant, if he so elects, and if he has not received said bonds, may, as an alternative, at any time within six months after the filing of such statement and claim bring an action upon the bond of the surety or sureties in his own name, or if he has assigned his claim, the action may be brought in the name of the assignee, for the recovery of the amount due on said claim. Said amount, both in the case of an action to enforce the lien upon said bonds withheld and in the case of an action upon the bond of the surety, may include the costs incurred in said action, together with a reasonable attorney's fee to be fixed by the court for the prosecution thereof.

Undertaking
to pay
claims, etc.

If the contractor or his assigns shall so desire, upon the filing of any claim or claims as aforesaid by any laborer or materialman, he or they may furnish and file an undertaking in an amount to be fixed by the said treasurer (but which amount shall not be less than the aggregate of the claim or claims plus not less than fifteen per cent of said amount to cover court costs and attorneys' fees), which said undertaking shall be executed by said contractor or his assigns and by two or more sureties who shall aggregately qualify before an officer competent to administer oaths in double the amount mentioned therein, over and above all statutory exemptions, or by one duly authorized and acceptable corporate surety, which said undertaking shall be to the satisfaction of said treasurer and shall provide that the said contractor or his assigns and the surety or sureties thereon will pay the amount, if any, which may be due on said claim or claims, with interest, court costs and attorneys' fees; whereupon said first lien upon and against said bonds or new bonds shall be discharged and said claimant shall thereupon look to said undertaking for recovery.

Declaration
of completion
and state-
ment of
amounts due,
etc.

SEC. 22. As soon as may be done in good faith, there shall be filed with the clerk of the legislative body conducting the proceeding a declaration that the work has been completed

according to the contract therefor, together with an itemized statement of the incidental expenses of the improvement and of the proceedings, inclusive of the estimated cost of publishing the notice of final hearing in this section provided for and of issuing the bonds to be issued for the improvement made. The aggregate of such items shall be stated and also the amount due under the contract and the amount or amounts to be paid the contractor by the county or municipality or municipalities from their funds, if any such amount or amounts were so provided for in the resolution of intention. The total sum for which bonds of the district are claimed by the contractor shall also clearly appear. The said declaration and statement shall be signed and verified by the superintendent of work and by the contractor, or some person cognizant of the facts signing on behalf of the contractor and stating why he, instead of the contractor, so signs and verifies. Either signer may except from his signature and verification any amount and items to which he does not assent. The legislative body conducting the proceeding is hereby authorized to and shall thereupon fix a day, hour and place and direct the clerk thereof to give notice of a hearing for the purpose of determining whether or not the work and improvement shall be accepted as being completed according to the contract, and for determining the aggregate amount for which bonds shall be issued to the contractor, or his assignees, therefor, and of furnishing an opportunity to all persons interested in any of the work or improvement done under the proceeding or in any matter affecting said improvement and the assessment district therefor, and feeling aggrieved by any act or determination done or made in the said proceeding or claiming that any of the previous acts or proceedings are irregular, defective, erroneous or faulty, or claiming that the work or improvement has not been performed according to the contract in a good and substantial manner, or claiming that any portion of the work or improvement for any reason was omitted or illegally included in the contract for the same, or having any objections to offer or any reason to advance why bonds should not be issued in the amount set forth in the declaration and statement on file, to appear before the legislative body and by it be heard upon any of the above mentioned matters. The time fixed for said hearing shall be not sooner than ten days from the date upon which it is fixed. Such hearing shall be known as the final hearing upon the improvement. The notice of such hearing may, in form, and shall, in substance (filling all blanks as appropriate), be as follows:

Provision
for final
hearing.

Notice of
final

Notice is hereby given that the final hearing in the matter of the improvement made in the above named district will be had at the hour of ___ m. on the _____ day of _____ 19____, at the chambers of the _____ (designating

the legislative body) of the county (or city) of _____ (naming the county or municipality), State of California, under the provisions of section twenty-two of the "Acquisition and improvement act of 1925," for the purpose of determining whether or not the work and improvement shall be accepted as being completed according to the contract, and for determining the aggregate amount for which bonds shall be issued to the contractor, or his assigns, therefor, and of furnishing an opportunity to all persons interested in any of the work or improvement done under the proceeding or in any matter affecting said improvement and the assessment district therefor, and feeling aggrieved by any act or determination done or made in the said proceeding or claiming that any of the previous acts or proceedings are irregular, defective, erroneous or faulty, or claiming that the work or improvement has not been performed according to the contract in a good and substantial manner, or claiming that any portion of the work or improvement for any reason was omitted or illegally included in the contract for the same, or having any objections to offer or any reason to advance why bonds should not be issued in the amount set forth in the declaration and statement on file, to appear before said legislative body and by it be heard upon any of the above mentioned matters.

A special fund for the payment of said bonds will be constituted by the levy of special assessment taxes upon the lands within said district as provided in the resolution of intention and in the above mentioned act.

The attention of all persons interested is hereby directed to the provisions of said act and to the proceedings in the above named matter and district, and particularly to the above mentioned declaration and statement, on file in the office of the clerk of the _____ (designating the legislative body) of the county (or city) of _____ (naming the county or municipality).

Clerk of said-----.

(Designating said legislative body.)

Publication
of notice.

Said notice shall be signed by the clerk of the legislative body conducting the proceedings and shall be published by at least two insertions, and a copy or copies thereof posted and kept posted for at least two days on or near the chamber door of said legislative body. The date of the first publication and that of such posting (they need not be simultaneous)

shall not be less than ten days before the date in said notice specified for said hearing.

Sec. 23. At the time set for said hearing any owner of property within the district, the contractor, or his assigns, and any other person or persons interested in the matter, may appear and be heard upon any of the matters referred to in the last preceding section. Protests or objections may be presented either in writing or orally and the hearing of the said matters may be continued from time to time upon the order of the legislative body. Evidence may be adduced going to any of the matters to be determined and in such order as the legislative body may summarily direct.

Final hearing.

If, when the matters have been fully heard, whether under or in the absence of any objections claiming that the work or improvement has not been performed according to the contract in a good and substantial manner, the legislative body is of the opinion that said work or improvement has not been so completed, it shall in writing specify what must be done in order to complete the work, and shall, by an order or resolution to be entered in its minutes, continue the further hearing of the whole matter to a specified date, expressly stating that such continuance is for the purpose of enabling the contractor to complete the contract.

Continuance of hearing.

On said continued hearing the objections presented upon the first hearing shall continue in force, and evidence shall be received, if offered, as to what has been done in the way of completing the contract in the particulars specified in the order of the legislative body on the said continuance of the hearing. If, upon said continued hearing, it is the opinion of the legislative body that the work is still uncompleted in the particulars as to which it has been ordered to be completed, it shall be discretionary with said legislative body to order or refuse a second continuance of the hearing. If the legislative body do order such second continuance, it shall be ordered in the same manner and with like effect as provided aforesaid upon the first continuance. And as provided aforesaid for a second continuance, so with any other or further continuance.

Continued hearings.

All other objections shall pend and be heard on said day, or at any continued hearing had as in this section aforesaid provided. Every continuance of said hearing for the purpose of enabling the contractor to complete his contract or the work or improvement shall continue or revive such powers of the legislative body had under the provisions of this act in the proceedings at the time of the filing of the declaration that the work was completed, as provided aforesaid, and shall also operate to extend the time for the completion of said contract in such manner that its completion within the time to which the hearing is continued shall be as valid a performance of said contract as if completed at the time of filing such declaration or statement. All objections to any of the matters to which objection may be made at said hearing not made and presented before said legislative body at the time of said hearing or at any time to which the same may be continued shall be waived.

Extension of time for completion, etc.

Acceptance
of work.

SEC. 24. Whenever upon the hearing provided in the two preceding sections, whether at the first or at any continued hearing, it shall be the opinion of the legislative body that the work has been completed and performed according to the contract in a good and substantial manner, said legislative body shall by resolution to be entered upon its minutes so declare and that the work is accepted and shall in said resolution state the amount of the contract price for the doing of said work or improvement and the amount of the incidental expenses of the improvement and of the proceedings therefor, which are to be charged against and to be paid by the contractor, and the amount or amounts, if any, to be paid the contractor by the county and/or municipality or municipalities, and the aggregate amount for which bonds are to be issued to the contractor, or his assigns, as hereinafter provided. The legislative body may remedy and correct any error or informality in the proceedings and revise and correct any act or determination relative thereto or to the work or improvement performed thereunder. All the decisions and determinations of the legislative body, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to be heard under the provisions of the two last preceding sections and as to all matters determined upon said hearing and as to all errors, informalities, irregularities and omissions or defects which said legislative body may have avoided or have remedied during the progress of the proceedings or which it can at that time remedy, and no bonds thereafter issued or special assessment taxes thereafter levied for the payment of the bonds to be issued for said work or improvement and the expenses thereof shall be held invalid by any court for any error, informality, irregularity, omission or other defect in the proceedings, where the resolution of intention has been actually published, as in this act provided, before the said legislative body shall have ordered the work or improvement to be performed.

Immediately after the adoption of said order accepting the work the amount or amounts which were agreed to be paid to the contractor by the county or municipality shall be paid to said contractor, less the amount of any incidental expenses chargeable to and not paid by the contractor. Any amount so deducted shall be credited to the fund against which any such incidental expenses were charged.

Issuance
of bonds.

SEC. 25. Upon the expiration of twenty days from the making of the final order provided for in the last preceding section, the clerk of the legislative body shall transmit to the treasurer an attested copy of said final order, and upon receipt of the same the treasurer shall proceed to issue bonds amounting in the aggregate to the principal sum for which bonds are to be issued, as the same is stated in said final order. Said bonds, when issued, shall be dated as of the date when said final order of the legislative body was made. The bonds shall be issued in the form and manner in this act provided and shall

be delivered by the said treasurer to said contractor, or to his order, assignee or lawful representative, except as in this act otherwise provided in the case of bonds withheld to satisfy claims. The bonds shall not be delivered to the contractor, however, until he shall have paid to the treasurer all incidental expenses relative to the proceedings for the improvement which have not been formerly paid, as required in section fifteen.

SEC. 26. If the resolution ordering the thing or things proposed to be done in the proceeding included the acquisition of property and directed an action to be brought for the condemnation thereof, the attorney shall proceed to bring said action, which action shall be commenced within a period not exceeding one hundred and eighty days from the date of the adoption of said resolution directing the bringing of the same. Said action shall in all respects be subject to and governed by such provisions of the Code of Civil Procedure now existing or that may be hereafter adopted as may be applicable thereto, except in the particulars otherwise provided for in this act.

Condemnation proceedings.

In the event that an action has theretofore been brought by the attorney in the name of the county or municipality whose legislative body is conducting the proceeding, as the case may be, for the condemnation of the property necessary or convenient to be taken in such acquisition, under authority of law and prior to the adoption of the resolution ordering the acquisition to be made, as provided in this act, then and in that event, the resolution ordering the acquisition may refer to said action and direct the attorney to continue the prosecution of the same, and said action shall then have like effect and be in lieu of and serve all the purposes of the action herein referred to, in so far as the property to be acquired is included in said former action, and shall thereafter be carried on in the same manner and subject to the provisions hereinafter stated; *provided*, that the complaint in said action shall set forth or state the effect of the resolution of intention in such proceeding but need not set forth nor state the effect of the resolution ordering the acquisition. In the event that the complaint in said action shall for any reason omit to state the effect of the resolution of intention in said proceeding, said complaint may be amended as of course to set forth said matters at any time before trial and shall thereupon satisfy the requirement as to reference to the resolution of intention.

SEC. 27. The complaint shall set forth, or state the effect of, the resolution of intention, and the resolution ordering the acquisition (except as provided in the preceding section), or so much of said resolutions as affect the acquisition contemplated (if both acquisition and improvement are comprehended in the proceeding), but need not set up any other proceedings had or taken before the bringing of the action. Said resolutions shall be conclusive evidence, in such action, of the public necessity of the proposed acquisition and the improvement thereby effected, and that the property sought to be condemned

Evidence of public necessity.

is necessary therefor, and also that the same is located in the manner which will be most compatible with the greatest public good and the least private injury.

Possession
upon giving
of security.

SEC. 28. If the legislative body conducting the proceeding shall by resolution determine that the public necessity and convenience require, the plaintiff in the action ordered by said body, or the plaintiff in any action theretofore brought for the condemnation of property necessary or convenient to be taken in the acquisition contemplated, may, at any time after the filing of such complaint or complaints, take immediate possession and use of all or any portion of the property sought to be condemned therein, by giving such security in the way of money deposits as the court in which the proceedings are pending may direct, and in such amount or amounts as the court may determine to be reasonably adequate to secure to the owner of the property sought to be taken immediate payment of just compensation for such taking and any damage incident thereto, as soon as the same can be ascertained according to law. Upon obtaining an order of the court giving such immediate possession and use, the contractor for any improvement contemplated in the proceeding, whose contract includes work or improvement upon any or all of the property covered by such order of court for immediate possession and use, shall have the right to enter upon and construct thereon the improvements included in the contract.

Advance-
ment of
moners.

The county or the city, as the case may be, shall have power to and may advance such amount or amounts as are required by the court to be deposited to obtain such immediate possession and use, and reimburse the treasury from the sale of bonds thereafter issued under the proceeding. Such amount or amounts may be so advanced from either the general fund or from any fund available for the purchase or acquisition of public ways or property. Said deposits required by the court may also be made from the revolving fund or funds created and administered as in this act provided.

Issuance
of bonds.

In addition to the foregoing methods for obtaining the amount or amounts necessary for such deposits required by the court in order that immediate possession and use may be had, bonds of the district may be issued and sold therefor, as hereinafter provided. The attorney shall report to the legislative body the amount or amounts required for such purpose and thereupon said body may fix a day, hour and place for a hearing upon the issuance of bonds against the lands in the assessment district for the purpose of obtaining the amount or amounts required by the court in order that immediate possession and use of the public ways, or property or rights of way, or any part thereof, sought to be acquired under the proceedings may be had, and for the purpose of furnishing an opportunity to all persons owning land within the assessment district, or otherwise interested, and feeling aggrieved by any act or determination done or made in the said pro-

ceeding or claiming that any of the previous acts, determinations or proceedings are irregular, defective, erroneous or faulty, or having any objections to offer or any reason to advance why bonds should not be issued in the amount set forth in said notice for the purpose therein set forth, to appear before the legislative body and be heard upon any of the above mentioned matters. The amount or amounts required for said purpose and for which bonds are proposed to be issued shall be stated in the notice. The time fixed for said hearing shall be not sooner than ten days from the date upon which it is fixed. Said hearing shall be known as the hearing upon issuance of bonds to obtain immediate possession. The notice of such hearing may, in form, and shall, in substance (filling all blanks as appropriate) be as follows:

Notice of hearing upon issuance of bonds.

A special fund for the payment of said bonds will be constituted by the levy of special assess-

ment taxes upon the lands within said district as provided in the resolution of intention and in the above mentioned act.

The attention of all persons interested is hereby directed to the provisions of said act and to the proceedings in the above named matter and district on file in the office of the clerk of the ----- (designating the legislative body) of the county (or city) of ----- (naming the county or municipality).

Clerk of said -----.

(Designating said legislative body.)

Said notice shall be signed by the clerk of the legislative body conducting the proceedings and shall be published by at least two insertions and a copy or copies thereof posted and kept posted for at least two days on or near the chamber door of said legislative body. The date of the first publication and that of said posting (they need not be simultaneous) shall be not less than ten days before the date in said notice specified for said hearing.

Hearing.

At the time set for said hearing, or at any time to which the same shall be continued, any person owning land within the assessment district, or otherwise interested, may appear and be heard upon any of the matters referred to in said notice. Protests or objections may be presented either in writing or orally. Evidence may be received, if offered, going to any of said matters.

Correction of errors, etc.

Said legislative body may remedy and correct any error, defect, irregularity or informality in the proceedings and revise and correct any act or determination relative thereto. All the decisions and determinations of the legislative body upon notice and hearing as aforesaid shall be final and conclusive upon all persons entitled to be heard under the provisions of this section and as to all matters determined upon said hearing and as to all errors, informalities, irregularities, omissions and defects which said legislative body might have avoided or have remedied during the progress of the proceedings or which it can remedy at said time, and no bonds thereafter issued or special assessment taxes levied thereafter for the payment of the bonds shall be held invalid by any court for any error, informality, irregularity, omission or other defect in the proceedings, where the resolution of intention has been actually published as in this act provided before the legislative body shall have ordered the acquisition to be made. All objections to any of the matters to which objection may be made at said hearing not made and presented before said legislative body at the time of said hearing or at the time to which the same may be continued shall be waived and may not thereafter be urged.

Order for insurance of bonds.

If the legislative body decides that said bonds shall be issued it shall so order and its order and its determination of all of the above matters shall be final and conclusive. Thereupon the clerk of said legislative body shall transmit

to the treasurer an attested copy of said order which shall state the aggregate of the principal sum for which such bonds are to be issued, and thereupon bonds shall be issued in said amount and in the form and manner provided in this act for the issuance of bonds under proceedings had under this act. Said bonds, when issued, shall be dated as of the date when said order of the legislative body was made.

Upon the issuance of said bonds they shall be sold to the highest cash bidder, after advertisement for bids, which advertisement shall be published by at least two insertions; *provided, however*, that said bonds shall not be sold for less than par. If any bonds be sold for an amount in excess of par such excess shall be applied to the interest and sinking fund for the retirement of the bonds issued in the proceeding. The proceeds of the sale of said bonds shall be paid to the treasurer and shall be deposited, as the court shall direct, as security for the obtaining of immediate possession and use of the property sought to be condemned in the action, or shall be used to reimburse the treasury for the amount or amounts advanced and deposited by the county, or city, to obtain such immediate possession and use.

Sale
of bonds.

SEC. 29. When all parties defendant to the action have answered or have been served with summons and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered, may, upon five days notice to the parties, except those in default, move the court to set the action for trial. If, upon the hearing of such motion, a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees to ascertain the compensation to be paid to said defendants so waiving trial by jury, or by the court without a jury. Such referees must be residents of the county in which the action is commenced and over the age of twenty-one years and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court.

Motion for
trial.

Appointment
of referees.

SEC. 30. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by jury or by the court. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall make and file with the court a written report of their findings and of their necessary expenses, within thirty days after the date of their appointment; *provided, however*, that the time so allowed may be extended upon good cause shown, by the court or judge thereof, but such extension shall not

and duties
of referees.

exceed one hundred and twenty days; *and provided, further*, that if any vacancy in the referees is created and filled as heretofore provided in this act, or if new referees are appointed, or if a new report from the same referees is ordered, as hereafter provided, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering the new report from the same referees, and said time may be extended accordingly, as above provided. Any two of such referees who agree thereto may make such report.

Determina-
tion of
damages.

SEC. 31. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the issuance of summons, and its actual value at that time shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken but injuriously affected, in all cases where such damages are allowed by the provisions of this act; *provided*, that in any case in which the issue is not tried within one year after the date of the issuance of summons, unless the delay is caused by the defendants, the compensation and damages shall be deemed to have accrued at the date of trial, and its actual value at that time shall be the measure of compensation.

If an order of the court be made letting plaintiff into immediate possession and the plaintiff shall take immediate possession upon commencing eminent domain proceedings and thereupon giving such security in the amount of money deposited as the court may determine to be reasonable to secure compensation to the owner, as provided in section fourteen of article one of the constitution of this state, then the compensation and damages awarded shall draw interest at the rate of seven per cent per annum from the date of such order.

No improvements placed upon the property proposed to be taken subsequent to the date of the publication of the resolution of intention in the proceeding shall be included in the assessment of compensation or damages.

Findings.

The referees, or the court, or the jury, as the case may be, shall find separately:

First—The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second—If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of the severance therefrom of the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

Hearing
of referees'
report.

SEC. 32. Upon the filing of the referees' report, the court may, upon motion of any party, appoint a date for hearing

the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all other parties except those whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time not later than one day prior to the hearing, and any such party so filing exceptions to said report may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report and of the time and place appointed for the hearing of the same to all persons owing or having any interest in any property included within the assessment district described in the resolution of intention or the assessment district as finally determined at the conclusion of the hearing upon the resolution of intention if the boundaries were thereupon changed as provided heretofore in this act, by causing said notice last mentioned to be published by five insertions in a daily newspaper published and circulated in the county; and, if there be no such daily newspaper, then by two insertions in a newspaper published less often than daily and circulated in the county. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of said report. Said notice shall require all persons owning or having any interest in any property included within said assessment district to intervene in said action, and file in the office of the clerk of said court his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said notice need not contain a description of said assessment district but may refer therefor to the resolution of intention, or to the resolution finally establishing the boundaries of said district after the hearing thereon heretofore provided, giving the date of the adoption of said resolution and the place where the same is on file. At any time not later than one day prior to the hearing, any person, not a party to the action, owning or having any interest in any property included within said assessment district may intervene in the action and file his objections in writing to said report, specifying the ground upon which such exceptions are based; and any person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and may order a new report from the same referees or from new referees to be appointed. If new referees are appointed, the same proceedings and the same qualifications shall apply and the same proceedings shall be had as upon the first reference.

If there be a trial of the action by a jury, or by the court Trial of
action. without a jury, the clerk of the court must give notice of the

time and place of such trial to all persons owning or having any interest in any property included within said assessment district. Said notice shall be published in the same manner and for the same time as the notice theretofore in this section required to be given by said clerk, and shall require all persons owning or having any interest in any property included within said assessment district to intervene in said action, and to appear at the trial thereof and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. At any time not later than one day prior to the trial any person not a party to the action, having any interest in any property included within said assessment district may intervene in the action and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff and allowed as costs in the action.

Postpone-
ments and
continuances.

When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing or trial be postponed or continued by the court to any subsequent day, no further notice need be given by the clerk of the hearing or trial upon any such postponement or continuance.

Judgment.

SEC. 33. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, the amount of which compensation shall be fixed by the court upon the hearing of the report, together with their necessary expenses.

Appeals.

SEC. 34. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, and from any order granting or denying a new trial within ten days from the entry thereof.

Abandonment
of proceed-
ings.

SEC. 35. The legislative body of the plaintiff may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings, by resolution, and cause the said action to be dismissed, without prejudice; *provided, however,* that in cases where immediate possession and use of the property to be condemned, or a portion thereof, has been taken, as provided in this act, the proceedings for the acquisition can not be abandoned, nor the said action dismissed, unless and until the county or municipality whose legislative body is conducting the proceeding, and which is plaintiff in the action,

shall first compensate the owners of property over which such possession and use has been taken for all damages occasioned thereby, and such county or municipality shall be liable for such damages.

If proceedings be abandoned or the action be dismissed no attorneys' fees shall be awarded the defendants or any of them.

Sec. 36. Upon the entry of the interlocutory judgment the legislative body conducting the proceeding shall fix a day, hour and place for a hearing upon the issuance of bonds against the lands in the assessment district for the purpose of obtaining the amount or amounts set forth in said interlocutory judgment, all costs and expenses chargeable to the plaintiff in said action, and all incidental expenses incurred in the proceeding. If the proceeding includes the making of an improvement in addition to an acquisition and the incidental expenses of the proceedings or a portion thereof have been advanced by the contractor for the improvement and have been or are to be included in the bonds issued to him upon the completion of his contract then said incidental expenses so paid or to be paid shall be omitted. Said hearing shall also be for the purpose of furnishing an opportunity to all persons owning land within the assessment district, or otherwise interested, and feeling aggrieved by any act or determination done or made in the said proceeding or claiming that any of the previous acts or determinations or proceedings are irregular, defective, erroneous or faulty or having any objections to offer or any reason to advance why bonds should not be issued in the amount set forth in said notice for the purpose therein set forth, to appear before the legislative body and be heard upon any of the above mentioned matters. The amount or amounts required for said purposes and for which bonds are proposed to be issued shall be stated in the notice. Prior to the fixing of the time for said hearing, the attorney shall furnish a report to said legislative body showing the amount or amounts necessary for the payment of said interlocutory judgment and all costs and expenses chargeable to the plaintiff in the action and the amount of the incidental expenses of the proceedings (except incidental expenses for which bonds have been or are to be issued to the contractor for the improvement, if any, in the proceeding), which shall be ascertained from the clerk of the legislative body and be included in the total amount for which bonds are proposed to be issued, which total amount shall be stated in the notice. In determining the amount for which said bonds are to be issued, there shall be deducted the amount (if any) to be paid by the county or municipality, or both, toward the expenses of the acquisition, as provided in the resolution of intention, and there shall also be deducted the amount (if any) theretofore raised by the issuance and sale of bonds to obtain immediate possession and use of the property to be acquired and deposited, as directed by the court, as security therefor.

Procedure
incidental
to issuance
of bonds.

If any amount has been so raised and deposited, it shall be applied, in the manner directed by the court, toward the payment of the amounts to be paid as set forth in the interlocutory judgment, and shall, pro tanto, reduce the amount required to be raised by the issuance and sale of bonds under this section. Should it happen that the amount so raised and deposited is in excess of the amounts required by the interlocutory judgment to be paid and the said amount of the incidental expenses of the proceedings, then no bonds shall be issued as in this section provided, and such excess, after all incidental expenses of the proceedings have been paid, shall be applied to the interest and sinking fund for the payment of the bonds, then outstanding, which were issued and sold to defray the expenses of the acquisition. The time fixed for said hearing shall not be sooner than ten days from the date upon which it is fixed. Said hearing shall be known as the "Hearing upon the issuance of bonds for an acquisition." The notice of such hearing may, in form, and shall, in substance, (filling all blanks as appropriate) be as follows:

This bond is payable out of the "Acquisition and improvement district No.----- of the county (or city) of ----- interest and sinking fund" exclusively, as the said fund appears upon the books of the treasurer of said county (or city) and neither said county (or city) nor any officer thereof shall be holden for its payment otherwise; but in accordance with the provisions of said act a special assessment tax will be levied and collected upon the lands in said district in an amount clearly sufficient to pay the principal and interest of said bonds as the same shall become payable.

Treasurer of the county (or city) of -----, State of California.

Designation of series.

The designation of the district by its name and number set forth at the top of the bond shall be sufficient to identify and distinguish each and all of the bonds thereof from any other issue. In the event that the proceeding comprehends an improvement only, all the bonds issued thereunder may be designated as of one series, as for example, "Series A." In the event it comprehends an acquisition, and bonds are issued to raise funds necessary to obtain an order of immediate possession and use of the property to be acquired before trial, as in this act provided, the bonds issued for that purpose shall be designated by a separate series from those issued thereafter, if any, to defray the remaining expenses of the acquisition, as for example, "Series A" for the bonds issued to raise such funds, and "Series B" for the bonds issued for the remaining expenses of the acquisition. In the event the proceeding comprehends both an acquisition and an improvement, the bonds issued for the expenses of the improvement and those issued for the expenses of the acquisition shall be designated by separate series, as for example, those issued to raise funds to obtain such an order of possession as "Series A," those issued for the improvement as "Series B," and those issued for the remaining expenses of the acquisition as "Series C,"

according to the order, in point of time, in which the respective issues are made.

All bonds issued under this act shall be signed by the treasurer of the county or municipality whose legislative body conducts the proceeding and shall have the seal of the board of supervisors of the county or the seal of the city, as the case may be, thereto affixed, and when so signed shall be binding according to the terms thereof as prescribed in the above form therefor. The interest coupons attached to said bonds shall be in such form as the said treasurer shall determine, subject to the provisions of this act and the determination made by the legislative body, and the signature of said interest coupons by said treasurer, by either written or engraved or printed facsimile signature shall be sufficient.

Maturity of bonds.

SEC. 40. The principal and interest of the bonds issued under this act shall be payable in gold coin of the United States of America at the office of the treasurer issuing the same. The legislative body is hereby vested with power to determine and shall in the resolution of intention determine the number of years, not to exceed thirty, after the issuance of any bonds issued, within which the aggregate principal of all the bonds to be issued in any proceeding under this act shall be paid and discharged, and to fix the rate of interest, not to exceed eight per cent per annum, payable semi-annually, to be paid thereon, and it shall be a sufficient determination and fixing of the same to set forth in the resolution of intention that bonds will be issued for the expense of the things to be done in any language that will fairly indicate such time and such rate and the fractional part of the principal to be paid each year. It may be provided in said resolution that the first payment shall become due either one, two, three, four or five years after the date of said bonds. The number of installments of payments on the principal shall be indicated in said resolution of intention. The amount of the principal due in each annual payment need not be exactly the same, but with respect to each installment excepting the last may be made to differ not more than one hundred dollars from the amount obtained by dividing the total of the principal amount due under the bonds by the number of installments. Each installment except the last shall be an even multiple of one hundred. The last installment shall be for the balance of the total principal amount not provided to be paid in the previous installments.

The interest payments on said bonds shall be payable semi-annually on the second day of January and the second day of July of each year, except the last installment thereof which shall be payable at the maturity of the bonds, in the manner indicated in the form of bonds in this act set forth. It shall not be necessary, either in the resolution of intention or otherwise, to set forth or determine the days of the month on which payments of interest are to be made, nor that payments shall be made in gold coin, nor that payments shall be made at such treasurer's office, but all persons are charged with notice of

Levy and
collection of
special tax
to pay
bonds and
interest.

SEC. 41. For each district in which bonds have been issued under the provisions of this act a special fund to be named "Acquisition and improvement district No.----- of the county (or city) of ----- interest and sinking fund" (the number to be that of the district) for the discharge and payment of such bonds, whether issued for an acquisition or improvement, or both, and interest thereon, shall be constituted by the county or municipality (as the case may be) whose legislative body has conducted the proceedings, as follows, to wit: There shall each year, at the time of the general tax levy for state and county taxes, or at the time of levying taxes to be collected for general municipal purposes, as the case may be, be levied against and upon all the lands within said district (including any land which is the operative property of any public utility, and including any lands belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble minded or insane, whether being used in the performance of a public function or not, unless declaration was made in the resolution of intention omitting any of said lands from the assessment to be made; but not including any lands belonging to the United States government or to the State of California) according to the assessed valuation of said lands, exclusive of any improvements thereon, a special assessment tax in an amount clearly sufficient, together with any moneys which are or may be in said fund, to pay all the principal which has become or will become due and all interest which has become or will become payable on the bonds issued under the proceeding before the proceeds of another tax levy made at the time of the general tax levy for state and county purposes, or at the time of another levy of taxes to be collected for general municipal purposes (as the case may be), can be made available for the payment of said principal and interest. If the said district has been divided into zones and the percentage of the expenses to be raised from each such zone has been determined, as provided in this act, in that event the said amount of said special assessment tax to be levied shall be divided according to said percentages and the percentage to be raised from the lands in each zone shall be levied against and upon the lands therein as above provided. Such special assessment taxes shall be in addition to all other taxes levied for state and county purposes, or for municipal purposes (as the case may be), and shall be levied, computed, entered, collected and enforced in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes for state and county purposes, or for municipal purposes (as the case may be), and all laws applicable to the levy, collection and enforcement of taxes for state and county purposes or for municipal purposes (as the

case may be) are hereby made applicable to said special assessment taxes. It shall be the duty of the county assessor to assess, exclusive of any improvements thereon, all lands (if any there may be in any assessment district formed under this act) not otherwise assessed for purposes of general county taxes or general taxes of a municipality, against which such special assessment taxes are to be levied and collected as aforesaid. In the event that there is included within the assessment district any land belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble minded or insane, and which is being used in the performance of a public function, and no declaration was made in the resolution of intention omitting such land from the assessment to be made, the amount of the special assessment tax levied each year against said land, as above provided, shall be an enforceable obligation against the owner of or the governing body controlling said land, and it shall be the duty of the officer or body having charge of the disbursement of the funds of the owner of said land to pay the amount of said special assessment tax levied, from any of the funds thereof available, immediately upon its becoming due. If for any reason there are no moneys in any of such funds then the county or municipality (as the case may be) conducting the proceedings shall pay said special assessment tax against said land and the said owner or governing body controlling said land shall reimburse said county or municipality immediately upon the receipt of sufficient moneys in any of its available funds. In all cases where sufficient funds are not available to make such reimbursement before the time of another tax levy the board or officers whose duty it is to levy taxes for said owner shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to reimburse said county or municipality.

The legislative body of the county or municipality (as the case may be) conducting the proceedings may annually, at the time of making said tax levy, transfer from the general fund of such county or municipality, or from any fund which may be used for acquisitions or improvements of a similar character as those made under the proceeding, to the interest and sinking fund above provided for such amount as in the judgment of said legislative body should be transferred. It is the intention of this provision that further assistance, in addition to that, if any, provided for in the resolution of intention and that which may be given as elsewhere provided in this act, may be given by the county or municipality toward the payment of the expenses of the thing or things done under the proceedings after bonds for said expenses shall have been issued and sold, and apart from the loans, and apart from the advances under the revolving fund elsewhere in this act provided for.

Contributions to sinking fund.

Mandatory
requirement.

In any event it shall be the duty of said legislative body to levy a special assessment tax upon all of the said lands within such district, sufficient to pay the principal and interest of said bonds as the same shall become payable, and said legislative body is hereby vested with power and jurisdiction to do all and singular the things which in this section aforesaid it is declared shall be done. Whenever any of said bonds or any payment of principal or interest thereon shall become due and there shall not be sufficient money in said interest and sinking fund to pay the same the legislative body may, pending the levy and collection of a special assessment tax therefor, order the amount of money necessary to pay said bonds or payment of principal or interest so falling due to be transferred from the general fund of the county or municipality, as the case may be, to said interest and sinking fund, and the amount of money so transferred shall be deemed a loan to said interest and sinking fund and shall be repaid to the general fund from the first money coming into said interest and sinking fund thereafter. Any money remaining in any acquisition and improvement district interest and sinking fund after all of the bonds of the district have been retired shall be transferred to the general fund of the county, or municipality, as the case may be, whose legislative body has had jurisdiction over the proceeding and may by said body be used in repairing any public way in said district, regardless of whether a portion or all of the district as originally formed may have been included within one or more municipalities which did not include such portion or all of the district at the time the proceedings for the same were initiated.

The legislative body of any county or municipality shall have authority and power, by resolution or ordinance, to create, and to maintain, use and reimburse, as herein provided, a revolving fund or funds in connection with and incident to proceedings had under this act, for the purpose of facilitating, contributing toward or assisting in any way any improvements or acquisitions, or both such improvements and acquisitions, authorized in this act, and any of the

things which may be done hereunder. Said legislative body shall have power and authority by resolution to order transferred to and deposited in such revolving fund or funds money from the general fund, the permanent improvement fund, general street improvement fund, or any fund received and to be expended in laying out, constructing or otherwise improving or maintaining any public way or ways or property or rights of way of the public, or to be expended in acquiring property or rights of way therefor, or from the proceeds of any bonds issued either before or after the creation of such revolving fund, the proceeds of which may lawfully be appropriated to and expended for any of the things which may be done under this act, or from any other fund which may lawfully be appropriated to and expended for any of the purposes for which a proceeding may be had and taken under this act. Out of any revolving fund or funds created as herein provided the legislative body of the county or municipality, as the case may be, shall have authority and the power to appropriate any sum or sums deemed necessary and to expend the same for any of the things permitted to be done under this act, including any or all incidental expenses of proceedings, and may advance any sum or sums from any said revolving fund to pay any amount due upon any contract under this act, and may advance money from any said revolving fund and deposit the same in court as security for the purpose of obtaining immediate possession and use of any property sought to be acquired, as provided in this act, and may appropriate money out of any such revolving fund and purchase, at not exceeding the par value thereof, bonds issued under this act and collect and deposit in such revolving fund payments of principal and interest upon any such bonds so purchased from such revolving fund. Issuance of new bonds where proceedings or bonds are void, etc.

SEC. 44. Whenever any court of competent jurisdiction shall determine that any contract purporting to have been made, or any proceedings, steps or actions purporting to have been taken, or any bond or bonds issued under this act, is or are void, invalid or unenforceable, or shall for any cause enjoin the issuance of any bonds proposed to be issued under this act, said court shall also determine whether any work has been done or improvements have been performed in good faith by any contractor under said invalid contract or proceeding or under any contract pursuant to which said bonds were issued or proposed to be issued, and if so what part, if any, of the said work or improvement was of such kind as might have been ordered under the provisions of this act, and whether the acquisitions made or purported to have been made are such as might have been ordered under the provisions of this act. If the court shall find that any work or improvement of such kind as might have been ordered under this act has been done or performed in good faith by any contractor under or in pursuance of a contract purporting to have been made under the provisions of this act, or that any acquisition has been made or attempted to be made which could have been made under the provisions of this act, then the said court shall direct the legislative body which conducted the proceeding to take proceedings as in this section provided for the issuing of new bonds to cover the reasonable value of said work or improvement, and to cover the expenses of such acquisitions as have been made. Said legislative body may also, without any decree of any court, upon the written application of a contractor who may have done or performed in good faith any work or improvements pursuant to a contract purporting to have been made under this act, or of the assignee of such contractor, if such work or improvements shall have been accepted, or of any bondholder, or upon the written application of any person interested in an acquisition attempted to be had under the proceeding, or of any bondholder, determine that the proceedings authorizing said work or improvements, or the acceptance thereof, or said acquisition, are for any reason invalid, and direct that new proceedings be had as provided in this section for the issuing of bonds to cover the reasonable value of so much of said work or improvements as is of a kind which might have been ordered and performed under this act, and to cover the expenses of the acquisition or acquisitions of such property as might have been ordered under this act.

Intent of section.

It is hereby declared to be the true intent and meaning of this section to make the costs and expenses of all work or improvements made or to be made and of all acquisitions had or to be had through an attempted compliance with and exercise of the powers conferred by the provisions of this act, payable by the lands benefited or to be benefited by such work,

improvements and acquisitions, by the issuance of new bonds to defray the expenses thereof.

Upon a decree of court or an order of the legislative body having been made as above provided, the said legislative body shall cause to be made by the superintendent of work or by some other county (or city) officer, as the case may be, or by some other competent person appointed by it for that purpose, a report for a proposed new bond issue. Said report, in the case of an improvement, shall set forth a description of the work or improvements done or performed by said contractor or assignee pursuant to the contract referred to in said decree of court or order of the legislative body, which work or improvements have been found by said court or said body to be of such kind as might have been ordered under this act, and shall state the reasonable value of said work or improvements (which shall not exceed the aggregate of the original contract price, if any, for said work and improvements, together with the incidental expenses of the original proceedings for said work and improvements, and shall also include interest upon said total, at the same rate proposed for the new bond issue, from the date of the original acceptance of said work by the legislative body, if so accepted), and a description of the district of the lands benefited thereby, and a description of the zones, if any, into which such district is divided, in each of which zones the lands included therein shall be benefited in like measure, and a statement of the percentage to be raised from the lands in each of such zones each year for the payment of the installments of principal and interest on the bonds falling due, and describe the bonds to be issued for the said amount, which bonds shall be as nearly as possible the same as to maturity, rate of interest and other particulars as the bonds described in the original proceedings for said work or improvements, correcting any errors or irregularities that may have existed in the description of the bonds in said original proceedings, and subject to the limitations contained in this act as to maturity and rate of interest. In the event said report comprehends an acquisition or acquisitions it shall set forth a description of such acquisitions as have been found by the court or said legislative body to be of such kind as might have been ordered under this act, and shall state the amount necessary to defray the expenses thereof (which shall not exceed the total amount of the original expense thereof, including incidental expenses of the original proceedings therefor and interest thereon at the same rate proposed for the new bond issue from the date of the order of the legislative body for the issuance of the original bonds for said acquisition, if any). In the event any payments have been made upon the principal or interest of any bonds outstanding, which have been declared invalid, by the owners of lands within the assessment district by the payment of any special assessment taxes which have been levied therefor, the amounts of such payments shall be ascertained

Any such affidavits so filed shall be *prima facie* evidence of the facts therein stated regarding such publication or posting.

No publication or notice other than those provided for in this act shall be necessary in any of the proceedings provided for herein.

Manner of
publication.

SEC. 49. The notices, resolutions, orders or other matters required to be published by the provisions of this act shall be published as follows, to wit:

If the legislative body conducting the proceedings be that of a county, whether or not the proceeding includes an acquisition or improvement in and the assessment district includes

land within one or more municipalities as well as in unincorporated territory of the county, the publications shall be made in a newspaper to be selected and designated by said legislative body, published and circulated in said county, which may be published either daily or less often than daily; and if the legislative body conducting the proceedings be that of a municipality, whether or not the proceeding includes an acquisition or improvement in and the assessment district includes land within another municipality or unincorporated territory of the county, or both, as well as within its own boundaries, the publication shall be made in a newspaper to be selected and designated by said legislative body, published and circulated either in the municipality for which such legislative body functions or elsewhere in the county in which said municipality is located, which newspaper may be one published either daily or less often than daily. The newspaper selected shall be that deemed by said legislative body most likely to give notice to all owners of land in the assessment district and persons interested in the proceedings; *provided, however,* that it shall not be necessary for said legislative body to set forth a determination of said fact in any of the proceedings, but such determination shall be presumed from the selection and designation of the newspaper. Said legislative body may designate in the resolution of intention the newspaper for making the publication thereof and for making all other publications in or incident to the proceedings. In such case it shall not be necessary thereafter to designate the newspaper for each publication; *provided, however,* that if publication in the newspaper designated in the resolution of intention for making all publications in the proceedings shall become impossible for the reason that such newspaper has ceased to be published, or for any reason which renders publication therein impossible or impracticable, the legislative body may, by a resolution entered in its minutes, in which the facts are set forth, designate another newspaper for each required publication as occasion therefor arises. If a designation of a newspaper for making all publications in the proceedings is not made in the resolution of intention, as provided, the legislative body shall designate a newspaper for the publication of each notice, resolution, order or other matter required to be published as the occasion for such publication arises and in its order directing such publication. Whenever in this act it is provided that any notice, resolution, order or other matter "be published," such provision shall be deemed to and shall mean a publication in a newspaper as in this section provided.

If no newspaper be published in the county, where the legislative body of a county conducts a proceeding, or in the county in which the municipality is situated, where the legislative body of a municipality conducts a proceeding, then, any resolutions, notices, orders or other matters required to be published in a newspaper may, in lieu of publication, be posted

in three public places in the county, or municipality, as the case may be, and with like effect as if published, the said posting to be completed within the time provided for the publication.

The provisions of this section shall be controlling in all proceedings had and taken under this act, and no other statute shall govern or be applicable to the publications in this act provided for.

This section shall not apply to the publication of the notices required to be published by the clerk of the court in section 32 of this act.

TITLE X *a*.

CIVIL PROCEEDINGS IN MUNICIPAL COURTS.

CHAPTER I.

Place of Trial of Civil Actions.

Actions to be tried where the subject is situated.

831. Actions for the following causes must be tried in the city in which the subject of the action, or some part thereof, is situated, subject to the power of the court to change the place of trial, as provided in this code:

1. For the recovery of real property, and for injuries thereto.

Where the real property is situated partly in a city and partly without, the plaintiff may elect whether to sue in the municipal court or the appropriate justice's or superior court, and the court so selected is the proper court for the trial of such action.

Actions to be tried where the cause arose.

831*a*. Actions for the following causes must be tried in the city where the cause or some part thereof, arose, subject to the like power of the court to change the place of trial:

1. For the recovery of the penalty or forfeiture imposed by statute; except, that when it is imposed for an offense committed on a lake, river, or other stream of water, situated partly within and partly without a city, the action may be brought either in the municipal court of the city or in the appropriate justice's or superior court.

2. Against a public officer, or person especially appointed to execute his duties, for an act done by him in virtue of his office; or against a person who, by his command or in his aid, does anything touching the duties of such officer.

Action to be tried in city in which defendant resides, etc.

831*b*. In all other cases, the action must be tried in the city in which the defendants, or some of them, reside at the commencement of the action, or if it be an action for injury to person, or property, or for death from wrongful act, or negligence, in the city where the injury occurs, or the injury causing death occurs, or in the city in which the defendants,

or some of them, reside at the commencement of the action. If none of the defendants reside in the state, or if residing in the state, and the place in which they reside is unknown to the plaintiff, the same may be tried in any city which the plaintiff may designate in his complaint, and if the defendant is about to depart from the state, such action may be tried in any city where either of the parties reside, or service is had, subject however, to the power of the court to change the place of trial, as provided in this code. If any person is improperly joined as a defendant, or has been made a defendant solely for the purpose of having the action tried in the city where he resides, his residence must not be considered in determining which is the proper place for the trial of the action. Nothing contained in this chapter shall be construed to limit the power of the court to hear and determine any of the causes herein enumerated, arising, or where any of the defendants reside, within the jurisdictional limits of the court as established by law.

831c. If the city in which the action is commenced is not the proper place for the trial thereof, the action may, notwithstanding, be tried therein, unless the defendant, at the time he answers, files an affidavit of merits, and demands, in writing, that the trial be had in the proper place.

831d. The court may, on motion, change the place of trial in the following cases:

1. When the city designated in the complaint is not the proper place;
2. When there is reason to believe that an impartial trial can not be had therein;
3. When the convenience of witnesses and the ends of justice would be promoted by the change;
4. When from any cause there is no judge of the court qualified to act.

CHAPTER II.

Civil Proceedings in Municipal Courts.

831e. Civil actions in the municipal courts shall be commenced and prosecuted in the manner provided by law for the commencement and prosecution of civil actions in the superior courts of this state, except:

(1) The summons shall direct the defendant to appear and answer within five days after summons is served if served within the city within which the action is brought; within ten days if served out of a city but in the county in which the action is brought; and within twenty days if served elsewhere.

831f. The rules of pleading and practice applicable to the prosecution of civil actions and enforcement of judgments in the superior court of this state shall apply to and govern the prosecution and maintenance of civil actions and enforcement of judgments in the municipal courts of this state except as follows:

(1) In cases tried by the court without a jury the court shall not be required to make any written findings of fact and

conclusions of law where the matter involved is three hundred dollars (\$300) or less, exclusive of interest and costs, and in all other cases written findings of fact and conclusions of law shall be deemed to be waived unless they shall be expressly requested by one of the parties at the time of the trial.

(2) Where the demand, exclusive of interest, or the value of the property in controversy does not exceed three hundred dollars, the defendant at his option, in lieu of demurrer and other answer, may file a general written denial verified by his own oath and a brief statement similarly verified, of any new matter constituting a defense or counterclaim.

(3) At any time after issue of fact is joined, the court upon its own motion may, and upon the written demand of any party shall, cite all parties to appear before the court at a time and place certain for summary proceedings.

Such citation may be served upon the party personally or upon his attorney of record. It must be served not less than five days before the return day.

Each party must appear personally, or by person or persons having knowledge of the facts and authorized in writing by such party so to appear, and with or without counsel as he may desire. If a party is an assignee of a cause of action, counterclaim or cross-complaint, in addition to any other person he shall procure the presence of the first assignor thereof or its agent making the assignment, if he be available. For any person whose presence is herein required, subpoena shall be issued by the clerk at the request of any party. If clear proof be made that no person having knowledge of the facts constituting the cause of action, defense, counterclaim or cross-complaint is available, the party may by his counsel, make the statement herein provided, in which case any other party at his option may make his statement by counsel only.

At such time, or other time or times to which the proceeding may be continued, the judge shall require the parties, or the person or persons appearing respectively in their behalf, to state under oath the facts upon which the respective claims and defenses of the parties are based. If a party is authorized by the provisions hereof to appear by counsel only, his counsel shall state the facts upon which his claim or defense is based. The court shall regulate the order of making the statements as justice requires.

Such statements, together with all that occurs at such examination, shall be taken down by a court reporter, and the notes of the court reporter, or transcript of such notes, certified by the court reporter and the court and filed in the office of the clerk.

If from such statements it shall appear, without substantial conflict as to facts, that any party is entitled to judgment against any other party, the court shall cause such judgment to be entered forthwith.

If, although judgment can not be so entered, it shall appear that there is no substantial conflict as to some of the facts and

that upon them findings may be made, the court shall make and file such findings. If such judgment be not so entered, the court shall forthwith set the cause for trial.

Findings upon summary proceedings shall be deemed excepted to. They shall be determinative of the facts therein found, unless the court for good cause, upon notice, set them aside.

If any party fail to appear for summary proceedings as herein provided, or fail to make statement of facts as herein required, the same judgment shall be entered against him as would be entered if he should fail to appear at trial of the action.

831g. The sections of this code numbered four hundred seventy-eight to five hundred four (both inclusive), five hundred nine to five hundred twenty-one (both inclusive), five hundred thirty-seven to five hundred sixty-one (both inclusive), and five hundred seventy-two to five hundred seventy-four (both inclusive), are hereby made applicable to proceedings in municipal courts; *provided* that where the demand does not exceed fifty dollars the bond specified in section five hundred thirty-nine shall be in the penal sum of fifty dollars and where the demand exceeds fifty dollars such bond shall be in such penal sum as the clerk of the court or a judge may require not exceeding one thousand dollars.

Other sections applicable.

Exception.

831h. The clerk of the municipal court shall with respect to proceedings therein exercise all powers conferred by law upon the clerk of the superior court with respect to proceedings in the superior court.

Powers of clerk.

831i. Any constable in the county, the marshal of any municipal court and the sheriff shall with respect to proceedings in municipal courts exercise all powers and perform all duties imposed by law upon the sheriff with respect to proceedings in the superior court.

If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. Said bond shall be conditioned upon the strict compliance with the provisions of this act, and the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employes. Any person who sustains an injury covered by such bond, may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner of corporations may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

(1) (a) The annual tax rate for all municipal purposes other than for the payment of the principal and interest of municipal bonds, district bonds, borough taxes or special district taxes, shall not exceed one dollar and twenty-five cents (\$1.25) on each one hundred dollars (\$100.00) worth of taxable property. It shall require a two-thirds vote of the Council to levy a license tax.

(b) Out of the taxes levied each year six cents (6c) on each one hundred dollars (\$100.00) of taxable property shall be set aside to be expended only in the acquisition of lands, rights of way, or buildings, or the construction of street improvement work, buildings, structures, or other public work or improvements of an estimated life of not less than ten years. The money collected and set aside as above provided shall be placed in a fund designated as the "Permanent Improvement Fund", and, notwithstanding any other provision of this charter, shall remain in said fund until expended for the purposes herein authorized, and shall not be transferred to the "reserve fund".

(2) The city shall have no power to mortgage its property for any purpose, but may buy property subject to mortgage.

Indebtedness.

(3) The indebtedness of the city must not exceed three per cent of the assessed value of all taxable real and personal property within the city, except that a further indebtedness, not exceeding twelve per cent of such assessed value, may be incurred for the purpose of acquiring, constructing or completing any municipally owned public utility, including, among others, water, power and harbor utilities. Whenever any such public utility shall be determined by the Council by ordinance to be self-sustaining, then the bonds issued for such utility may, by ordinance approved by a majority of the voters voting thereon at an election, be excluded from the debt limit.

The indebtedness of any borough or other special local district or of the Los Angeles City School District, shall not be included in computing the debt limit herein provided.

(4) The general laws of the State of California establishing the procedure for the creation of bonded indebtedness in force at the time any bonded indebtedness is created by the city shall, so far as applicable, be observed and followed.

(5) No discrimination in the amount of license tax shall be made between persons engaged in the same business, otherwise than by proportioning the tax to the amount of business done. No discrimination in license taxes.

(6) Except as in this charter provided, no public utility owned by the city shall be sold, leased or otherwise transferred without the assent of two-thirds of the qualified voters of the city voting on the proposition at an election at which such proposition shall be submitted.

(7) The bed of the Los Angeles River, as now or hereafter defined and located, shall not, nor shall any part thereof, ever be sold, granted, leased, transferred or alienated in any way, but the whole thereof shall be kept at all times for municipal purposes, free and clear of all encumbrances and obstructions, except as follows: Los Angeles River.

(a) Franchises or rights may be granted by ordinance for crossings over or under said river-bed, as defined, to railways, pipe lines, or other public utilities, plants or equipment, said crossings to be located on such elevations or in such manner as shall be defined by ordinance, as shall not obstruct the flow of the Los Angeles River in times of flood, nor conflict with any longitudinal use of the river-bed by the city itself or other uses hereinafter provided for.

(b) Franchises may be granted for the construction and operation of railroad tracks longitudinally along said river-bed, only when such construction and operation shall be required as a necessary part of a general plan for the elimination of grade crossings within the city limits of Los Angeles and a unification of all public terminal rail facilities, other than street and interurban railways, provided that such plan shall insure the joint use of such franchise or franchises along said river-bed, and the joint use of all such unified facilities, on equal terms by all railroads, other than street and interurban railways, now operating within the City of Los Angeles, or which may hereafter apply for entrance to said city, and by any municipal railroad that the City of Los Angeles may find it necessary or convenient to construct or operate along said river-bed; provided, further, that such franchise shall be granted only in connection with a general plan for the elimination of grade crossings and the unification of facilities above provided for to the complete satisfaction of the city after such general plan has been approved by a two-thirds vote of the voters of said city voting on the question at a general or special election, when such matters shall have appeared on the ballot for that purpose.

Franchises and rights granted under the terms of this section shall conform to all the requirements for general franchises, as set forth in this charter.

Nothing in this section shall be so construed as to prevent the city from granting permits for the removal of sand and gravel

from said river-bed, so long as such removal of sand and gravel shall not jeopardize or injure any structures authorized by this section.

Franchises.

(8) (a) The City may grant franchises for fixed terms, permits or privileges, for the construction and operation of plants or works necessary or convenient for furnishing the city and its inhabitants with transportation, communication, terminal facilities, water, light, heat, power, refrigeration, storage, or any other public utility or service; may prescribe the terms and conditions of any such grant, and may prescribe by ordinance approved by a vote of the people, the method of procedure for making such grants, subject to the limitations elsewhere contained in this charter; except that the Council shall adopt an ordinance which shall establish the procedure for granting to the holder of an existing franchise, any franchise required for the extension of facilities, ordered by the city, as authorized in paragraph (c) of this subdivision, or for granting a new franchise for a period not exceeding ten years, to replace a franchise about to expire, as authorized in paragraph (d) of this subdivision; provided that such procedure ordinance and every ordinance granting any such franchise shall be subject to the referendum.

(b) Except as otherwise in this charter provided, every franchise, permit or privilege, for the construction, extension or operation of a public utility shall reserve to the city the right to purchase the property of such utility, or find a purchaser therefor, upon one year's written notice, either at an agreed price or a price to be determined in a manner to be prescribed in the grant. In fixing in any franchise the price to be paid by the city for any utility, no allowance shall be made for franchise value, good will, going concern, earning power, increased cost of reproduction, severance damage, or increased value of right of way.

(c) Every grant of every such franchise, permit or privilege, shall provide that the Board of Public Utilities and Transportation Commissioners shall have power to order extensions of the facilities authorized therein, after a hearing as provided in this charter, and the grantee of such franchise, permit or privilege shall, by its acceptance thereof, agree to comply with every such order. Provided, that when such extension of facilities is for construction or operation outside of the limits of the original franchise to which it will connect, the Council shall first grant such additional franchise rights as may be required to cover such extension.

(d) No fixed term franchise, permit or privilege for the construction and operation of plants or works necessary or convenient for the furnishing of the city and its inhabitants with transportation, communication, terminal facilities, water, light, heat, power, refrigeration and storage, or any other public service, shall be made for a period exceeding twenty-one (21) years, except in the case of franchises for the construction and operation of subways and elevated railways, as herein-

after provided, and no such grant for the extension of an ^{Franchises.} existing utility, operating under a franchise granted by the city or county, shall be made for a period beyond the expiration date of the franchise, under which such utility or the portion of such utility with which such extension is to be connected, is held or operated, nor in any case for a period longer than twenty-one (21) years. The city may, by ordinance, five (5) years or less prior to the expiration of any franchise, grant to the holder of such franchise a new franchise to replace such franchise about to expire, such new franchise to run for a period not to exceed ten (10) years from the date of expiration of the franchise it replaces. All such franchises so granted shall be in accordance with the procedure ordinance at the time in force, and shall carry all the conditions required in the original franchise. No fixed term franchise, permit or privilege for the construction or operation of elevated railways or subways shall be granted for a period exceeding forty (40) years for the original franchise, or for a period exceeding ten (10) years for a franchise to replace a franchise about to expire.

(e) The city may grant indeterminate franchises and re-settlement of fixed term franchises, for the construction and operation of plants or works necessary or convenient for furnishing the city and its inhabitants with transportation, communication, terminal facilities, water, light, heat, power, refrigeration, storage, or any other public utility or service and the extensions thereof; and may prescribe the terms and conditions of any such grant; and may prescribe by ordinance, approved by a vote of the people, the method of procedure for making such grants and for requiring extensions of the facilities authorized thereby; subject, however, to the limitations elsewhere contained in this charter.

(f) A re-settlement franchise for an indeterminate period may be granted to a public utility, operating in the City of Los Angeles under more than one franchise, issued for different periods, and for different expiration dates for different parts of its system, which re-settlement franchise shall be in lieu of all other franchises held by it within the corporate limits of Los Angeles. Such re-settlement franchise may be for an indeterminate term, and shall only be granted under all the terms and conditions provided for herein, and which may be provided for in addition thereto in the procedure ordinance to be adopted by a vote of the people as above provided for, regardless of any and all conflicting clauses contained in the franchises provided to be surrendered in lieu thereof. Every re-settlement franchise shall provide for the surrender by the grantee thereof of any or all franchises or rights, owned or claimed by such grantee for the occupation of the streets or public places of said city at the time of said re-settlement, and the acceptance in lieu thereof of the rights and privileges granted by such re-settlement franchises, as a franchise for the continued operation of such utility within the limits of

Franchises.

the city or such portion thereof as had theretofore been operated under the franchise or franchises so surrendered, but not in contravention of any of the conditions of this charter.

(g) Except as otherwise in this charter provided, every indeterminate franchise for the construction, extension or operation of a public utility, shall reserve to the city the right to purchase the property of such utility upon one year's written notice, or to find a purchaser therefor, either at an agreed price or a price to be determined in a manner to be prescribed in the grant, or in the procedure ordinance hereinabove mentioned.

In any indeterminate franchise the price to be paid by the city for any utility shall be on the basis of actual cost to the utility for the property taken, less depreciation accrued, as of the date of purchase, with due allowance for obsolescence, if any, and the efficiency of its units to perform the duties imposed on them; no allowance shall be made for franchise value, good will, going concern, earning power, increased cost of reproduction or increased value of right of way, or allowance for damages by reason of severance. All such grants, including grants of extensions, shall be by ordinance subject to the referendary provisions of this charter; and every grant of any such indeterminate franchise or re-settlement shall provide that the Board of Public Utilities and Transportation Commissioners (subject to appeal to the Council) shall have power to order extensions of the facilities authorized therein after hearing as provided in the procedure ordinance referred to in Sec. 3 of this charter, and the grantee of such franchise or re-settlement shall, by its acceptance thereof, agree to comply with every such order.

(h) Every indeterminate franchise shall provide that any new franchise granted to the holder of such franchise shall be considered as a part of such indeterminate franchise, and shall also provide that the Council may by ordinance adopted pursuant to the provisions of the procedure ordinance herein provided for grant to the grantee of such franchise the right to extend the appliances and service of such grantee. All such extensions shall become a part of the aggregate property of such grantee, and shall be subject to all the obligations and rights in favor of the city applicable to the property of the grantee by virtue of such indeterminate franchise.

(i) Every indeterminate franchise shall provide that in case of consolidation with or annexation to the city of any territory not now included in said city, any franchise to operate such utility or any part thereof, held or claimed by the holder of such franchise in or for any portion of such consolidated or annexed territory shall thereupon be surrendered to the city and that the rights and obligations of such franchise shall thereupon automatically extend to such additional territory.

(j) Every franchise shall provide that when purchasing the property of the grantee, the city, if and when permitted

by the provisions of the Constitution of the State of California, may assume the obligations of such grantee for the payment of the bonds then outstanding against said property, not exceeding in aggregate par value the valuation of the property thus purchased, determined as in Sec. 3 of this charter provided, and in such case the par value of such bonds shall be deducted from the said valuation of the property, and the excess, if any, of the valuation of the property over the par value of the bonds so assumed shall be the purchase price to be paid to the grantee by the city for said property.

(k) Every indeterminate franchise shall provide that the grantee thereof shall pay to the city a percentage of the gross revenue annually collected from any and all sources under and by virtue of such franchise, which percentage shall be fixed by the Council.

(l) In granting any indeterminate franchise, the right of the city to purchase, as heretofore provided, shall be enlarged to permit the city to acquire the equity of the utility in part, and from time to time in any or all of the following manners:

That at the option of the city all payments due to the city by the utility provided for in section (k) may be applied to the purchase of the equity in such utility, the equity in this sense being the amount by which the value of the property, as determined in paragraph (b) of this subdivision, exceeds the outstanding bonds as against the property, or may be purchased by having applied to the purchase price of such equity any and all surplus accruing from the operations under this franchise, such surplus being the amount of gross receipts remaining after deducting therefrom all operating expenses, depreciation, taxes, interest on bonded indebtedness at the rate of interest provided for in said bond issues up to an amount not exceeding the value of the property determined as heretofore provided, and interest in addition thereto at a rate of interest that will admit of money flowing freely into the equity of the business on that amount, if any, in the value of the property remaining, after the bonded indebtedness, as above defined, has been deducted.

As the equity shall be acquired by the city, as provided for in paragraph (l), the city shall have such representation in the management of the utility as the equity so acquired bears to the whole equity defined herein.

(m) The city shall have the right, at or after the time of acquiring the whole equity in any public utility, operating under an indeterminate franchise, to retire all outstanding bonds, without penalty or premium, or any other requirements contained in the deed of trust, regarding such bond issue, by the payment therefor in cash not exceeding the par value of such bonds, or in the bonds issued by the city on the basis of par for par, and in accepting an indeterminate franchise, the grantee of same shall submit in writing an acceptance also by

Franchises. the trustee or trustees for the bondholders, whereby they agree to accept the provisions of this section relative to the retirement of bonds.

(n) That every indeterminate franchise shall provide that there shall be a uniform rate for the service rendered by the utility holding such franchise throughout any given area or areas, that may be determined or defined by Council, and that if more than one area shall be so determined and defined, the rate for service from the centre of one area to the centre of the other area shall not exceed the sum of the rate in the lower-rate area plus one-half the rate of the higher rate area, nor from the extreme limits of one area to the extreme limits of the other the sum of the two rates, as defined for each area.

(o) Every such indeterminate franchise granted to any person, firm or corporation for the operation of any street or interurban railway in or upon any of the streets within that part of the city bounded by Figueroa Street, Washington Street, Central Avenue and Temple Street and the prolongation thereof, shall be subject to the condition that the person, firm or corporation operating such street or interurban railway shall, upon one year's written notice given pursuant to a resolution adopted by the Council, remove all the rails, ties and other appurtenances from any and all of the streets within such district, over or under which the city shall have determined to construct or cause to be constructed any elevated railway or subway, whether or not such street or interurban railway be offered facilities on such elevated railway or through such subway so constructed or caused to be constructed. And shall also, upon one year's written notice, given pursuant to resolution adopted by the Council, remove all rails, ties or other appurtenances from any streets, where, in the judgment of Council, the same are not properly located, and re-locate and construct the same on such other streets, or abandon entirely, as the Council may demand in the interests of the public service.

(p) That an indeterminate franchise shall be granted only to a corporation, organized and existing by virtue of the laws of the State of California, and to a corporation or individual maintaining its or his principal office and place of business in the City of Los Angeles, at which shall be kept all the books of account relative to such corporation.

(9) No franchise, permit or privilege shall be granted across or along public streets or ways, or on a private right of way for street, interurban, or other railroads, operated on or suspended from elevated structures, or through subways, until after the adoption by the city of a comprehensive elevated railway and subway plan for the development of rapid transit into, out of and through the city, and the city shall have selected that part of such plan, if any, that it may desire to own and control, operate or lease; but after such selection made by said city, it may make grants not in conflict with such

plan for the operation through or over such parts of said plan as are selected by said city, or for the construction and operation of such parts not so selected, or of additional subways, or elevated railways, or approaches to and connections with that part owned and controlled by said city, at such elevations, grades and alignment as shall be approved and fixed by ordinance. No subways or elevated railways shall be so constructed as to cross at grade. Franchises.

(10) No pavement protected by any patent, trade-mark, trade name, copyrighted name, or any device which tends to prevent competitive bidding, shall be ordered by the city, until the owner thereof has entered into a written agreement with the city transferring to the city all right to the use of the same within the city upon the terms and conditions set forth therein. The city shall not be bound by any such agreement unless the same shall have been approved by a majority vote of the Board of Public Works, two-thirds vote of the Council, and the Mayor, and executed by the Mayor on behalf of the city. No such agreement shall be for a longer period than five years. Use of patented pavements.

Whenever the city shall let a contract for the construction of any such pavement the contractor therefor shall pay to the city the exact sum or royalty which the city is required to pay under its said agreement.

Whenever the city shall construct any such pavement by the direct employment of labor and purchase of materials, the costs of which are chargeable upon the property in a special assessment district, the exact sum or royalty which the city is required to pay under said agreement shall be added to and included in the costs chargeable to the property in said special assessment district.

(11) (a) No building, structure, or any part thereof of a height exceeding one hundred fifty feet shall be erected within that portion of the city described as follows, or within one hundred fifty feet of the exterior boundaries of said district: Height of buildings.

Bounded on the north by Temple Street and the easterly prolongation thereof; on the east by San Pedro Street, and the northerly prolongation thereof; on the south by Pico Street and on the west by Figueroa Street.

(b) No building, structure, or any part thereof, of a height exceeding one hundred fifty feet shall be erected in any portion of the city outside of said district, except in districts zoned for manufacturing and industrial purposes, when authorized by ordinance; and provided, further, that before the issuance of each permit for any such building or structure in excess of one hundred fifty feet in height in such manufacturing and industrial districts, the Council shall by ordinance determine that the proposed building or structure is intended for manufacturing or industrial purposes, and that substantial and adequate reasons of a manufacturing or industrial nature justify the issuance of such permit.

(c) Any building or structure erected on sloping ground may exceed said limit of height in so far as such additional

height may be required to overcome differences in adjoining sidewalk or ground elevations, but no building or structure shall exceed a height of one hundred fifty feet, measured from the highest point of the adjoining sidewalk or ground level on at least one street frontage, nor shall any such building exceed a height of one hundred sixty-five (165) feet measured from any other point of adjoining sidewalk or ground level. No building shall have more than thirteen (13) stories, counting the story on the main floor level, but not counting the basement stories. Height limits shall be measured vertically from the adjoining sidewalk or ground level to the highest point of ceiling of the top story of the building at the point of measurement. Penthouses or roof structures for the housing of elevators, stairways, tanks, ventilating fans or similar equipment required to operate and maintain the building, and fire or parapet walls, skylights, towers, roof signs, flag poles, chimneys, smokestacks, wireless masts or similar structures may be erected above the limits of height hereinbefore prescribed, as may be provided by ordinance, but no penthouse or roof structure, or any space above the ceiling of said top story shall be allowed for the purpose of providing additional floor space above the top floor of the building.

Spur and
side tracks.

(12) The city may issue permits for the construction of spur or side tracks and the running of cars thereon, for the purpose of connecting warehouses, manufactories or other business industries and enterprises with any line of railroad or railway within the city, upon such terms and subject to such regulations and conditions as may be prescribed from time to time by ordinance, such tracks to be used for transportation of freight only, and not to be used as a main line or a part thereof; and also for the purpose of excavating or filling in a street or portion of a street or the adjoining land, and for such limited time as may be necessary for such purpose and no longer. Such tracks must be laid and operated in such manner and under such restrictions as not to interfere with the use of the streets by the public. All such permits shall be revocable at the pleasure of the Council.

(13) The Council shall not appropriate or provide any public money for the printing, publication, sale or distribution of a municipal newspaper.

Penalties.

(14) The city may make the violation of its ordinances a misdemeanor and may prescribe punishment therefor by fine not to exceed five hundred dollars (\$500.00) or by imprisonment not to exceed six months, or by both such fine and imprisonment.

For the purpose of the provisions contained herein, the Fire Department shall consist of all persons duly and regularly appointed in the Fire Department under civil service rules and regulations, whose duty it is to prevent or extinguish fires in the City of Los Angeles, under whatever designation they may be described in any salary or departmental ordinance providing compensation for said Fire Department; and the Police Department shall consist of all members of such Police Department appointed under civil service rules and regulations and sworn in, as provided by law, to perform the duties of a regular police officer of the City of Los Angeles, under whatever designation that they may be described in any salary or departmental ordinance providing compensation for the members of said Police Department. The Board of Pension Commissioners shall employ an actuary, who shall render a report of the cost of maintaining upon a reserve basis the pension system as hereinabove provided, and shall at least once in every five years after the establishment of the pension system, as hereinabove provided, cause said fund to be revalued, and secure an actuarial report thereon. The term "reserve basis," as herein used, is defined to be a system which provides for the accumulation and maintenance of a fund which will at all times be equal to the difference between the present value of the obligations assumed and the present value of the money to be received for paying such obligations, where such present values are estimated in accordance with accepted actuarial methods and on the basis of an assumed rate of interest and the mathematical probabilities of the occurrence of such contingencies as affect both the payment of the assumed obligations and the receipt of money with which they are to be paid.

Reserve basis.

The Board of Pension Commissioners shall annually prepare a budget of the cost of maintaining the Fire and Police Pension Fund as hereinabove described including therein the separate items:

Annual budget.

(1) A sum equal to that percentage of the salaries of all employees affected by the system shown by the last report of

the actuary hereinabove mentioned as the percentage required for employees with no past service.

(2) A sum sufficient to liquidate over a reasonable period of years the deficit shown by the last report of the actuary hereinabove mentioned.

(3) The amount of any deficit which may remain in said fund in the event the appropriation of any previous year proved insufficient to pay the demands drawn against said fund, and the City Council shall appropriate the amount of such budget to the Fire and Police Pension Fund.

Moneys to be paid into fund.

There shall be paid into said fund the following moneys, to-wit:

(a) The amount appropriated by the City Council, as hereinbefore provided;

(b) All interest and earnings from the investment of said funds;

(c) All contributions and donations to the Fire and Police Departments for services by any member or members thereof, except amounts of money donated to provide for any medal or permanent competitive award;

(d) All fines imposed upon members of the Fire and Police Departments for violations of rules and regulations of said departments; and,

(e) All proceeds from the sale of unclaimed property.

Pensions for other city employees.

Sec. 187. The Board of Pension Commissioners shall, within six (6) months after this charter takes effect, prepare a pension plan for all city employees not under the police and fire pension system. Such plan shall be submitted to the Council in the form of an ordinance approved as to form by the City Attorney. The Council shall submit said ordinance, without alteration, to the voters of the city for their approval or rejection at the next general or special election thereafter. If adopted by the voters, said ordinance shall not be amended or repealed except by a vote of the people. Such pension plan may be retroactive from the date of the adoption of this charter.

He may receive and execute any proper authority for the arrest and detention of criminals fleeing or escaping from other places or states.

Powers of Sheriff.

Sec. 201. He shall have, in the discharge of his proper duties, like powers and be subject to like responsibilities as a sheriff in similar cases.

Sec. 202. The Chief of Police shall have the power to suspend or remove any officer or employee in the Police Department; but no such suspension or removal shall be made except for cause, which shall be stated in writing and filed with the Board of Police Commissioners, with certification that a copy of such statement has been served upon the person so suspended or removed personally, or by leaving a copy thereof at his last known place of residence if he cannot be found. Upon such filing the suspension or removal shall take effect. Within fifteen days after such statement shall have been filed, the said board, upon its own motion, may, or upon written application of the person so suspended or removed filed with said board within five days after service upon him of such statement, as above provided, shall proceed to investigate the grounds for such suspension or removal. If, in the case of a removal, the said board, after such investi-

gation, shall find in writing that the grounds stated were insufficient, or were not sustained, and also finds in writing that the person removed is a fit and suitable person to fill the position from which he was removed, the said board shall reinstate him in such position; and if, in the case of a suspension, the board, after such investigation, shall find in writing that the grounds stated were insufficient, or were not sustained, the said board shall restore the person so suspended to duty. The order of said board with respect to such suspension or removal shall be final and conclusive. Any person restored to duty or reinstated in his position after suspension or removal, as provided in this section, shall be entitled to receive such compensation from the city the same as if such suspension or removal had not been made.

Each such bureau general manager shall be appointed by and be directly responsible to said board and shall have in relation to the Board of Police Commissioners and to the Bureau of which he is general manager the same powers and duties set forth by this charter for the general manager or chief administrative officer of the department, in said manager's relation to said Board and to said department as a whole. In case such division into bureaus is established, the Chief of Police shall be the General Manager of one of such bureaus. It shall be the duty of each such bureau to enforce all the laws which it is the duty of the department to enforce, but to one such bureau may be assigned the special duty of the enforcement of the traffic laws and regulations applicable to the streets and other public ways of travel of the City of Los Angeles. In case of such division the Chief of Police shall not be the general manager of the bureau last above named. Such bureaus may be abolished at any time by said board and the entire work of the department be again consolidated under the one chief administrative officer.

Sec. 210. The Board of Public Utilities and Transportation shall have the following powers and duties:

(1) To investigate all privately owned public utilities in the city of Los Angeles (except utilities at the harbor placed by this charter under the jurisdiction of the Harbor Department) and compile such data as may be necessary to determine the proper services to be furnished by such utilities or the charges to be made therefor. The board shall have the right of access at all reasonable times to the property and records of said utilities for the purpose of investigation and may require reports respecting said matters from such utilities at such time and in such form as said board may prescribe.

(2) To establish and prescribe by resolution regulations providing for the operation of, the extent, character and quality of service of, the rates to be charged by and the extensions to be required of any said utility, all in a manner not in conflict with any paramount regulation, rate fixing or extension requirements for any such utility by the state or nation. The Secretary of the Board shall publish once in the official newspaper a certified copy of every such proposed regulation, tentatively approved by the board, together with a notice to any and all persons to show cause, if any, within five days from the date of publication of said notice, why the proposed regulation should not be made effective. Any person interested in or affected by the proposed regulation may, within five days after the expiration of such publication file objections thereto with the Secretary of the Board, specifying the grounds of such objections. The Secretary shall lay all such objections before the board at its next regular meeting after the expiration of the time for filing the same, and the board shall then fix a date not less than five days later for hearing any and all objections, and shall, after said hearing, finally act on said proposed regulation by approving, changing or rejecting the same, providing that any resolution of the board approving any such regulation shall be published once before becoming effective and shall be subject to the referendum provisions of this charter relating to ordinances. Council for a franchise for any public utility (except utilities at the harbor placed by this charter under the jurisdiction of the Harbor Department), shall, before any action is taken thereon, be referred by the Council to the Board of Public Utilities and Transportation for its recommendation respecting the same. Said board shall proceed to inquire into such application or grant, and within thirty days after such application or grant has been referred to it, or longer if allowed by the Council, shall report to the Council its recommendation relative thereto. If, in the judgment of the board, such application or grant should not be advertised for sale or granted, it shall so report, stating its reasons therefor; and if, in the judgment of the board, such application or grant should be granted, it shall recommend the terms and conditions upon which the same should be so granted. No franchise shall be advertised for sale or granted unless such application or grant shall have been referred to the Board of Public Utilities and Transportation as aforesaid; provided, however, that if said board shall fail to report thereon within the time herein prescribed, or as extended by the Council, nothing herein contained shall be construed to prevent the Council, in its discretion, from proceeding to advertise such franchise for sale, or from awarding or granting the same, as provided by law. No franchise shall be advertised for sale or granted contrary to the recommendations of said board except upon a three-fourths vote of the entire Council.

Sec. 212. The term "public utility," as used in this charter, is hereby defined as including the following: "Public utility" defined.

petitions.

In making such petition, sheets of white paper of a uniform size shall be used. Such petition shall consist of separate papers, as follows: Each paper shall consist of a sheet or sheets, containing the proposed ordinance, with additional sheet or sheets for the signatures thereto; provided, however, that if any paper consists of more than one sheet it shall be and remain securely fastened together at the top. The proposed ordinance, as set forth in any paper, shall be followed by the signatures, which need not all be appended to one sheet or paper. Such petition shall be signed by qualified electors of the city in their own proper persons only, and opposite the signature written by each signer his residence shall be written by him, giving the street and number, when such designation by street and number can be given, or if the signer be unable to write, then such signature and residence shall be written by some person at his request, and the same identified on the margin by the signature of the person making the affidavit hereinafter provided. Each such paper shall have attached thereto at the bottom of the last sheet thereof the affidavit of a qualified elector of the city stating that all of the signatures on each sheet thereof were made in his presence, and that all of the sheets constituting such paper were fastened together at the time such signatures were appended thereto; and that to the best of his knowledge and belief each signature is the genuine signature of the person whose name purports to be thereunto subscribed. Each of the other sheets of such paper, containing signatures, shall be identified by the signature of the person making such affidavit.

Examination
and cer-
tification.

Within twenty days from the date of the filing of such petition, the City Clerk shall examine the same and ascertain whether or not said petition is signed by the requisite number of qualified electors of the city; and if requested by the City Clerk, the Council shall authorize him to employ persons specially for that purpose, in addition to the persons regularly employed in his office, and the provisions of the charter respecting the classified Civil Service of the city shall not apply to the persons so specially employed. When the City Clerk has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination, and if from such examination he shall find that said petition is signed by the requisite number of electors of the city, or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be. If by the certificate of the City Clerk the petition is found to be insufficient, it may be amended by filing a supplemental petition or petitions within ten days from the date of such certificate. The City Clerk shall, within ten days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided. If his certificate shall show any such petition, or any such petition as amended, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the City Clerk, such petition, or such petition as amended, is shown to be sufficient, the City Clerk shall present the same to the Council without delay. The sufficiency or insufficiency of such petition shall not be subject to review by the Council.

Supple-
mental
petitions.

If any supplemental petition be filed, all the signatures appended to the petition and to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing the initiative petition.

Withdrawal
of names.

Any signer to a petition or supplemental petition may withdraw his name by filing with the City Clerk a verified revocation of his signature before the filing of the petition or supplemental petition containing his signature, with said City Clerk. No signature can be revoked after the petition, or supplemental petition, to which it is attached has been filed. The City Clerk shall endorse on said petition and on any supplemental petition the name of the person or persons who filed the same, respectively. If any signature to such petition or supplemental petition be questioned, and in the judgment of the City Clerk should be investigated, the City Clerk shall forthwith mail notice to such purported signer, stating that his name is attached to such petition or supplemental petition, and cite him to appear before him forthwith to answer whether such signature is genuine. If the City Clerk finds that any signature is not genuine, he shall strike the same from such petitions. After an election based on

any initiative petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

Sec. 274. (1) If the petition praying for the adoption by the Council of any proposed ordinance, or if the same be not adopted, for the submission of such ordinance to a vote of the electors of the city, be signed by fifteen per cent of the qualified electors of said city estimated upon the basis aforesaid, and asks for the calling of a special election, then the Council shall either:

Adoption
by Council
or submis-
sion to
electors.

(a) Pass said ordinance, without alteration, within twenty days after the presentation of such petition to the Council by the City Clerk, and if the Council shall fail to pass said ordinance within said time, or if the same shall be passed by the Council, but shall be vetoed by the Mayor, and on reconsideration by the Council, said ordinance shall fail of passage over the Mayor's veto, the Council shall thereupon, within ten days after it shall have so failed of passage, call a special election, at which said proposed ordinance, without alteration, shall be submitted to a vote of the qualified electors of said city; such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

(b) Forthwith after the presentation of such petition to the Council, it shall call a special election for the purpose of submitting said ordinance to a vote of the electors of the City, and such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

Any ordinance proposed by initiative petition and passed by the Council and approved by the Mayor, or passed by the Council and passed over the Mayor's veto, shall be subject to the referendum by petition as herein provided in the case of other ordinances. Referendum.

(2) If the said petition be signed by at least five per cent of the qualified electors of said city, estimated upon the basis aforesaid but does not conform to both requirements of subdivision (1) of this section, even though it may ask for the calling of a special election, then such ordinance, unless enacted by the Council without alteration, shall be submitted without

alteration by the Council to a vote of the electors of the City at the next election for any purpose at which all the qualified voters of the city are entitled to vote, that shall be held at any time after thirty days from the date of the presentation of said petition to the Council.

(3) In the event that said petition prays for the submission of a proposed ordinance amending or repealing an ordinance theretofore proposed by petition and adopted by a vote of the electors, and is signed by qualified electors of the city equal in number to fifteen per cent of the qualified voters of the city estimated on the basis aforesaid, then but not otherwise, the Council must submit such proposed ordinance to a vote of the electors of the city at the next election for any purpose at which all the qualified voters of the city are entitled to vote, that shall be held at any time after thirty days from the date of the presentation of such petition to the Council.

Printing and
mailing of
arguments.

Sec. 275. Any person or persons filing an initiative petition, or the person or organization on whose behalf such petition is filed, shall have the right to file with the City Clerk, at least twenty days prior to the election at which the ordinance proposed by such petition is to be submitted to a vote of the electors of the city, printed copies of an argument favoring said proposed ordinance, and the Council shall have the right to present, or permit to be presented and filed with the City Clerk within the same limit of time, printed copies of an argument opposing said ordinance. No such argument shall exceed two thousand words in length, and such argument shall be printed in such form and upon such character of paper, suitable for mailing, as the City Clerk shall prescribe. The City Clerk shall enclose one copy of each such argument with the sample ballot and a copy of the proposed ordinance mailed to each voter, provided he has been furnished with printed copies of such argument equal in number to five per cent in excess of the total number of qualified electors of the city. Nothing in this section contained shall authorize the Council to expend money of the city for the formulating or printing of any such argument.

Effect of
adoption.

Sec. 276. If a majority of the qualified electors voting on any ordinance proposed by petition shall vote in favor thereof, such ordinance shall become an ordinance of the city upon the declaration by the Council of the result of the election at which such proposed ordinance was submitted; and any such ordinance adopted by a vote of the qualified electors of the city voting thereon, cannot be amended or repealed except by an ordinance proposed by petition and adopted by vote of the electors, as hereinbefore provided, or by an ordinance submitted by the Council to a vote of the electors of the city and so adopted as hereinbefore provided, or by an amendment of this charter amending or repealing the same.

THE REFERENDUM.

Sec. 280. The Council shall have power and is hereby authorized to submit to a vote of the qualified electors of the city, at any election for any purpose at which all the qualified voters of the city are entitled to vote, any proposed ordinance, order or resolution, legislative, administrative or executive, that the Council itself might adopt. If a majority of the qualified electors voting on such proposed ordinance, order or resolution, vote in favor of the same, it shall be deemed to be adopted and shall take effect upon the declaration of the result of such election by the Council, and it shall have the same force and effect as an ordinance adopted under the provisions of this article relating to the referendum.

Submission
of proposi-
tions by
Council.

Sec. 281. No ordinance, legislative, administrative or executive, passed by the Council shall go into effect until the expiration of thirty days from its publication, except an ordinance ordering or otherwise relating to an election or to the levying or collection of the annual city taxes; an ordinance establishing or changing the name of, or curb lines of, or respecting the establishment or change of grade of, or the improvement in any manner of, or the opening, widening, straightening or extension of, streets, boulevards, alleys, courts or other public places, and an ordinance respecting the construction of sewers or storm drains, or respecting the bringing or conduct of suits or actions or the levying or collection of local assessments upon private property for any of said purposes, or respecting the condemnation of lands for parks, boulevards or playgrounds under laws or ordinances providing for the payment of the expense thereof by local assessments upon private property, or any ordinance authorized or required by the laws of this state, or by or under the provisions of this charter, respecting the improvement of streets or other public places; and an ordinance required for the immediate preservation of the public peace, health or safety, which shall contain a specific statement showing its urgency, and is passed by a three-fourths vote of the Council; but all ordinances of any of the classes heretofore excepted by this section shall take effect upon their publication. No grant of any franchise, right or privilege shall ever be construed to be an urgency measure, but all grants of franchises, rights or privileges shall be subject to a referendary vote as hereinafter provided. No ordinance, order or resolution passed by the Council making or authorizing any contract shall go into effect until the expiration of thirty days from the publication of such ordinance, or the adoption of such order or resolution, except contracts for street or other public improvements, the cost and expenses whereof are to be paid by local assessments, and contracts that require the payment by the city of less than twenty-five thousand dollars, and except any ordinance, order or resolution of the Council authorizing the sale or issuance of bonds of the city or of any district therein. Except as hereinbefore

provided, orders and resolutions shall take effect upon their passage.

Referendum
petitions.

Sec. 282. At any time within the thirty days mentioned in the preceding section, a petition addressed to the Council, and signed by qualified electors of said city equal in number to at least ten per cent of such qualified electors, computed upon the basis for estimating percentages specified in Sec. 272 hereof, may be filed with the City Clerk, demanding the submission of any ordinance, order or resolution passed by the Council, to a vote of the qualified electors of said city, except any ordinance, order or resolution which shall take effect upon its publication or passage as provided in the preceding section. Any such petition shall be known as a referendary petition, and shall contain the ordinance, order or resolution in full, the submission of which to a vote is thereby demanded. Such vote shall be known as the referendary vote.

The provisions of this charter, relating to the form and to the mode of signing initiative petitions, and to the filing, examination, certification and amendment of the same, and to the presentation thereof to the Council by the City Clerk, shall apply to referendary petitions filed under the charter.

Examination
and cer-
tification.

If any referendary petition or petitions be filed, as hereinbefore provided, and the City Clerk shall be unable to make his certificate to the sufficiency or insufficiency thereof within thirty days after the publication of the ordinance, or the adoption of the order or resolution, the submission of which to a referendary vote is thereby demanded, such ordinance, order or resolution shall be suspended from taking effect after the expiration of said thirty days and until the date of the certificate of the City Clerk to the sufficiency or insufficiency of such petition or petitions. If by the certificate of the City Clerk such petition or petitions are certified to be sufficient, such ordinance, order or resolution shall not go into effect until it shall be adopted by vote of the electors of the city, as herein-after provided; but if by such certificate, such petition or petitions are certified to be insufficient, such ordinance, order or resolution shall go into effect upon the date of such certificate; provided, however, that no such ordinance, order or resolution shall take effect until the expiration of said thirty days. No referendary petition shall be amended by a supplemental petition filed after the expiration of said thirty days. In case more than one referendary petition be filed in relation to any certain ordinance, order or resolution, all such petitions shall be considered in determining the number of qualified electors, and with the same force and effect as though all the names had been appended to the one petition.

Repeal by
Council or
submission
to electors.

Sec. 283. Upon presentation to the Council by the City Clerk of a referendary petition or petitions, the ordinance, order or resolution, the submission of which to a referendary vote is thereby demanded, must be either repealed by the Council without delay, or submitted to a vote of the qualified electors of the city for approval or rejection at the next general

municipal election occurring subsequent to thirty days from the date of the presentation of such referendary petition to the Council by the City Clerk; provided, that if before such general municipal election, any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be held in said city, then such ordinance, order or resolution shall be so submitted at such last named other election, if the Council shall so determine; provided, however, that if any referendary petition or petitions shall be signed by fifteen per cent of the qualified electors of said city computed upon the basis for estimating the percentage of such electors set forth in Sec. 272 of this charter, and asks for the calling of a special election, the Council must, upon the presentation thereof to it, immediately call a special election at which the ordinance, order or resolution contained in such petition shall be submitted to a referendary vote; such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

If any referendary petition or petitions presented to the Council as aforesaid be certified by the City Clerk to be signed by at least ten per cent but less than fifteen per cent of the qualified electors of the said city, computed upon the basis aforesaid, then, and in that event additional referendary petitions for the submission of such ordinance, order or resolution to a referendary vote may be filed; all such additional referendary petitions shall be in the same form, and be signed, examined, amended, and certified and presented to the Council in like manner as provided in Sec. 273 of this charter; and if it shall appear from the certificate of the City Clerk thereto that such additional referendary petition or petitions are signed by such number of qualified electors of the city, as, when added to the number of qualified electors whose signatures are appended to such referendary petition or petitions examined and certified by the City Clerk, shall equal fifteen per cent of the qualified electors of said city, computed upon the basis aforesaid, and if such additional referendary petition or petitions ask for the calling of a special election, the Council must upon the presentation of such additional referendary petition or petitions to it by the City Clerk immediately call a special election at which such ordinance, order or resolution shall be submitted to a referendary vote; such election shall be held not less than thirty days from the date of the presentation of such additional referendary petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held

in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

If, upon the presentation by the City Clerk to the Council of a referendary petition signed by at least ten per cent, but less than fifteen per cent, of the qualified electors of the city, computed as aforesaid, the Council shall have ordered the ordinance set forth in such petition submitted to a vote of the electors of the city at the next general municipal election and said general municipal election will occur more than ninety days from the date of the presentation to the Council of said additional referendary petition or petitions, such action shall be annulled by the presentation to it of additional petitions, which request the calling of a special election, and which, together with such referendary petition, shall be signed by at least fifteen per cent of the qualified electors of the city, and in such event the Council shall submit such ordinance to such vote at an election to be held within ninety days of said date of presentation, as hereinbefore provided.

When referendary proposition to take effect.

Sec. 284. No ordinance, order or resolution that has been submitted to a referendary vote shall go into effect unless a majority of the qualified electors voting thereon shall vote in favor thereof; and if such ordinance, order or resolution so submitted shall receive the votes of a majority of such qualified electors voting thereon, it shall be deemed to be adopted, and shall take effect upon the declaration by the Council of the result of the election at which it shall have been so submitted; provided, however, that any ordinance, order or resolution so adopted shall be subject to amendment or repeal by the Council at any time, but such amendment or repeal shall not be made within six months after such adoption, except by unanimous vote of the Council, and such amendment or repeal shall be subject to a referendary vote as provided in this article.

Propositions on ballot.

Sec. 285. Whenever any ordinance proposed by initiative petition, or any ordinance, order or resolution for the submission of which to a referendary vote a petition or petitions shall have been filed, is submitted at any election, there shall be printed on the ballots to be used at such election the words, "shall the ordinance (or order, or resolution, or proposed ordinance, as the case may be, stating the nature of the ordinance, order or resolution, or of the proposed ordinance) be adopted?" And opposite such proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes", his vote shall be counted in favor of the adoption of the ordinance, order or resolution, or the proposed ordinance; and if he shall stamp a cross (X) in the voting square after the printed word "No", his vote shall be counted against the adoption of the same.

Sec. 286. Any number of ordinances proposed by initiative petitions, or ordinances, orders or resolutions submitted by the Council to a referendary vote, or so submitted in pursuance of referendary petitions, may be voted upon at the same election, either general or special; provided, that there shall not be held in any period of six months more than one election called for the purpose of submitting an ordinance or ordinances proposed by initiative petitions, but if any election be called for any other purpose within such period, such ordinance or ordinances may also be submitted thereat. If the provisions of two or more ordinances, orders or resolutions adopted at the same election by vote of the qualified electors of said city, under the provisions of this article, conflict, then the ordinance, order or resolution receiving the highest affirmative vote shall prevail.

Sec. 287. The Council, at its own instance, or upon the presentation to it of an initiative petition, may submit any proposed ordinance, order or resolution, for the repeal of any ordinance, order or resolution, adopted or approved by vote of the qualified electors of the city, in pursuance of an initiative or referendary petition, as in this article provided, or for the amendment of such ordinance, order or resolution, to be voted upon at any succeeding election held in said city, for any purpose at which all the qualified voters of the city are entitled to vote, and in the event that such proposed ordinance, order or resolution so submitted by the Council receive a majority of the votes cast thereon at such election, the ordinance, order or resolution to which such ordinance, order or resolution so adopted is amendatory, or that is to be repealed thereby, shall be amended or repealed accordingly.

THE RECALL.

Sec. 290. Any incumbent of an elective office, whether elected by vote of the people or appointed to fill a vacancy, may be removed from office by the qualified electors of the City of Los Angeles, as hereinafter provided. Such removal of the incumbent of an office shall be known as the recall, and the procedure to effect the removal of an incumbent of an elective office shall be as hereinafter provided.

Recall of elective officers.

Petitions.

(a) A petition signed by qualified electors equal in number to at least twenty per cent of the entire vote cast for all candidates for the office, the incumbent of which is sought to be removed, at the last preceding general municipal election, or primary nominating election, at which an incumbent of such office was elected, demanding the submission to the electors of the city of the question whether the incumbent of such office shall be removed by vote of such electors, and if so removed, the election of a successor of such incumbent, shall be addressed to the Council and filed with the City Clerk. If said petition demands the submission of the question of the removal of a member of the Board of Education or of a member of the Council elected at large, said twenty per cent shall be computed in the case of the recall of a member of the Board of Education, upon the total number of votes cast for all candidates for the Board of Education at the last general election at which members of the Board of Education were elected, divided by the number of members of the Board of Education elected at said election; and in the case of the recall of a member of the Council, elected at large, upon the total number of votes cast for all candidates for the Council at the last general election at which members of the Council were elected, divided by the number of members of the Council elected at said election. In case councilmen shall be elected by districts, instead of at large, the twenty per cent above provided for shall be computed upon said total number of votes cast within the district from which the councilman, for whose recall the petition asks, was elected, and only the signatures of registered voters living within said district shall be counted in computing said twenty per cent. At any such recall election of a councilman elected from a district, only voters within the district shall be entitled to vote. Such petition shall contain a general statement of the grounds for which such removal is sought, of not more than three hundred words in length, and the sufficiency of such statement shall not be subject to review; provided, however, that no petition for the removal of any elective officer shall be so filed until he has actually held his office for three months.

of grounds
for recall.

Initiative
provisions
applicable.

(b) The provisions of this article relating to the form and to the mode of signing initiative petitions, and to the filing, examination, certification and amendment thereof, and to the presentation of the same to the Council, shall apply to any petition filed with the City Clerk under this section, which petition shall be designated as a recall petition. The sufficiency or insufficiency of any recall petition shall not be subject to review by the Council.

Election
to be
held.

(c) Upon the presentation of such recall petition to the Council by the City Clerk, the Council shall thereupon, by ordinance, order the holding of a special election for the purpose of submitting to the electors of the city at large or in the district as the case may be, the question whether such officer shall be recalled, and if recalled, for the election of his

successor. Such special election shall be held not less than fifty days nor more than sixty days after the date of the certificate of the City Clerk to the sufficiency of such recall petition; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote, is to occur within sixty days after the date of such certificate, the Council may, in its discretion, order the holding of such recall election, and the consolidation thereof with such other election, occurring not more than sixty days after the date of said certificate of the City Clerk.

Sec. 291. The ballots used at every recall election shall have Ballots. printed thereon, as to every officer whose recall is to be voted on thereat, the following question:

“Shall (inserting the name of the officer sought to be Question. removed) be removed from the office of (inserting the name of his office) by the recall?”

And opposite such question to be voted on, and to the right thereof, the words “Yes” and “No” shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word “Yes”, his vote shall be counted in favor of the recall of such officer, and if he shall stamp a cross (X) in the voting square after the word “No”, his vote shall be counted against such recall.

On such ballots, under each question, there shall also be Candidates. printed the names of all persons who have been nominated as candidates to succeed the person whose removal is sought, in case he shall be removed from office by vote of the electors. The nomination of such candidates shall be made as hereinafter provided, except that the person whose removal is sought shall be deemed a candidate, and unless, within five days after the date of the City Clerk’s certificate to the petition, he resigns his office, or declines, in writing duly signed and verified by him, and filed with the City Clerk, to be a candidate, his name shall be printed on the ballot the same as if he had been regularly nominated in accordance with the provisions of this article.

Sec. 292. Any incumbent of an office whose removal is sought under the provisions of this article, may file with the City Clerk, at least twenty days prior to such recall election, printed copies of a statement of not more than two thousand words in length, justifying his course in office; and the person filing such recall petition, or the person or organization on whose behalf a recall petition was filed, shall have the right to present to the City Clerk, within the same limit of time, printed copies of a statement in support of such recall of not exceeding two thousand words in length. Any statement filed under this section shall be printed in such form and upon such character of paper suitable for mailing as the City Clerk shall prescribe. The City Clerk shall enclose one copy of any such statement so filed with him with the sample ballot mailed to each voter, provided he has been furnished with printed copies of such statement equal to five per cent in excess of the total number of qualified electors of the city. Statements for and against incumbent.

When
office to
become
vacant.

Sec. 293. Any elective officer for whose recall and removal from office an election is held, shall continue to perform the duties of his office until such time as the Council having canvassed the vote at such recall election, shall declare that a majority of the electors voting on the question as to whether such person shall be recalled and removed from office, have voted in favor of his recall and removal from office. But if such person shall resign at any time after the date of the certificate of the City Clerk certifying that the petition for his recall is sufficient and prior to the declaration of the result of such election thereby creating a vacancy in such office, or a vacancy occurs therein during such time from any cause, such vacancy may be filled in the same manner as other vacancies occurring in such office, but in that event the person appointed to fill such vacancy shall hold his office only until the person declared by the Council to have been elected at the recall election shall qualify. Proceedings for the recall of any elective officer shall be deemed to be pending from the date of the certificate of the City Clerk certifying that the recall petition is sufficient, and if he shall resign at any time subsequent thereto the recall election shall be held notwithstanding such resignation.

Result of
election.

In the event that a majority of the electors voting on the question as to whether the person shall be recalled and removed from office shall vote in favor of the removal of such person from office by the recall, the person for whose removal from office such majority has voted shall be deemed to be and shall be recalled and removed from office upon the declaration of the result of such election by the Council, except as hereinafter next provided, and the candidate receiving at said election the highest number of votes for that office shall be thereby elected. If the incumbent receive the highest number of votes, he shall continue in office, but if some person other than the incumbent receive the highest number of votes at such election, he shall become the successor of the incumbent so removed and shall hold office only during the unexpired term of such officer.

Appoint-
ment of
recalled
officer.

Sec. 294. No person who has been removed from an elective office by the recall, or who has resigned from such office while recall proceedings for his removal were pending against him, shall be appointed to any office under this charter within two years after such removal or resignation.

Nominating
petitions.

Sec. 295. Any candidate to be voted for at a recall election, other than the incumbent sought to be removed, may be nominated by petition, which petition shall conform to the provisions of this charter so far as applicable relating to nominating petitions at primary nominating elections. Each petition must be presented to the City Clerk not less than twenty-five days before such recall election. Immediately upon the presentation of any such petition the City Clerk shall ascertain and determine, in the manner hereinbefore provided as to initiative petitions, whether or not such petition is signed

by the requisite number of qualified electors of the city. If requested by the City Clerk, the Council shall allow him additional assistants for that purpose, as in other cases, and he shall, within five days after the presentation thereof, attach his certificate to such petitions, showing the result of his examination. If it shall appear therefrom that any such petition is not signed by the requisite number of qualified electors, the same may be amended within three days from the date of such certificate, by presenting a supplemental petition. The Clerk shall, within five days after such supplemental petition is filed, make like examination thereof and shall certify the result of his examination thereof; but no further supplemental petition shall be allowed. If any such petition, as amended by a supplemental petition, be signed by the requisite number of qualified electors, both the petition and supplemental petition being considered together for that purpose, the person therein named shall be deemed to be nominated as a candidate to be voted for at such recall election.

Supplemental petitions.

Sec. 296. The provisions of Sections 322, 323 and 324 of this charter, shall be applicable to recall elections held under this article.

Provisions applicable.

Sec. 297. The incumbent of any appointive office provided for in this charter, or created by ordinance under the authority thereof, may be removed at any time after the expiration of three months from his appointment, by the qualified electors of the city. The procedure to effect the removal of the incumbent of an appointive office shall be the same as that hereinbefore provided for the removal of the incumbent of an elective office by the recall, with the following exceptions:

Removal of appointive officers.

(a) The petition for the removal of the incumbent of an appointive office shall be signed by qualified electors equal in number to at least twenty per cent of the entire vote cast for the office of Mayor at the last preceding general municipal election, or primary nominating election, at which a Mayor was elected, and shall contain a demand for the submission to the electors of the city of the question whether the incumbent of such appointive office shall be removed by the vote of such electors.

Petitions.

(b) The ballots used at the election at which such question shall be submitted shall have printed thereon, as to every appointive officer whose removal is to be voted on thereat, the following question:

Ballots.

“Shall (inserting the name of officer sought to be removed) be removed from the office of (inserting name of his office)?”

And opposite such question to be voted on, and to the right thereof, the words “Yes” and “No” shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word “Yes”, his vote shall be counted in favor of the removal of such officer, and if he shall stamp a cross (X) in the voting square after the word “No”, his vote shall be counted against such removal.

Result of
election.

(c) If a majority of the electors voting on such question shall vote in favor of the removal of such appointive officer, he shall be deemed to be and shall be removed from office upon the declaration of the result of such election by the Council, and such office shall thereupon be and become vacant. Such vacancy shall be filled by the appointing power in the same manner as other vacancies, but any appointive officer so removed shall not be eligible to any appointive or elective office under the charter until the expiration of two years after such removal.

In the event of the death, resignation or other disqualification of any candidate nominated at a primary nominating election for any office, such resignation being duly sworn to and filed with the City Clerk, the person who received the highest vote of those who were candidates for such office, other than the candidates who were nominated therefor at the primary nominating election, shall be deemed a candidate and, if practicable, his name shall be printed upon the ballot to be used at the general municipal election, with the same force and effect as if such person had been nominated therefor as hereinbefore provided.

Tie vote.

Sec. 334. Whenever it shall appear upon the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office, the City Clerk shall forthwith, upon the declaration by the Council of the result of such election, notify in writing all persons so receiving an equal number of votes, to appear before the Council in the Council Chamber at its next regular meeting that shall occur after the expiration of five days after the result of such election shall have been declared, and at an hour to be specified in such notice, and then and there to draw lots to determine which of said persons shall be the candidate or candidates for such office. At the time and place specified in such notice, such persons shall appear before the Council and shall then and there, in open session thereof, draw lots to determine which of said persons shall be such candidate or candidates. Such lots shall be drawn in such manner as the Council shall prescribe and the person or persons upon whom the choice made by such drawing of lots shall fall, shall be declared to be and shall be the candidate or candidates. If any such person does not appear, as above prescribed, the City Clerk shall act for such person in such drawing of lots; provided, however, that if any demand for a recount of the ballots cast at such primary nominating election be made as hereinafter provided, by or on behalf of any such person, such drawing of lots shall not be had until and unless such recount shall also result in a tie vote having the effect hereinbefore stated.

Nothing in this section contained shall be construed to prevent any elector of the city from demanding and obtaining a

recount of the ballots cast at such primary nominating election as hereinafter provided.

Sec. 335. Any elector of the city may contest the right of any person declared nominated as a candidate for any office to be such candidate, upon the ground that such person did not receive the requisite number of votes at the primary nominating election. When an elector contests the right of any person declared nominated as a candidate for any office to be a candidate therefor, he must, within five days after the result of the primary nominating election shall have been declared by the Council, file with the City Clerk a written petition setting forth specifically the following:

(1) The name of the person contesting such nomination, and that he is an elector of the city;

(2) The name of the person whose right to be a candidate for an office, stating the office, is contested;

(3) A statement of particulars wherein the person, whose right to be a candidate is contested, did not receive the requisite number of votes at the primary nominating election; or, of such errors in the counting of ballots, as, if corrected, would give a different result;

(4) A demand for a recount of the ballots cast at such election.

Such petition must be signed by, and be verified by the affidavit of, the person filing such petition, and such affidavit must state that the statements made in the petition are true of his own knowledge, except as to the matters which are therein stated on his information or belief, and that as to those matters he believes them to be true. Any such petition shall be accompanied by a bond in the penal sum of Five Hundred Dollars (\$500), or such additional amount as may be fixed by the Council prior to the holding of any biennial election, in favor of the City of Los Angeles, executed by the petitioner and by two sureties satisfactory to the Council, conditional for the payment by the petitioner to the City of Los Angeles of the costs and expenses of such recount of ballots in case such contest does not change the result of such election.

The City Clerk shall present said petition to the Council at its next regular meeting after the filing thereof, and the Council shall thereupon order a recount of the ballots cast at such election. Such recount shall be conducted by the Mayor, City Attorney and City Clerk, who shall for that purpose constitute a board of contested primary nominating elections; provided, however, that if any of said officers are interested parties to said contest, the Council shall designate a disinterested elector to act upon such board in the place of such officer. Such board shall be authorized by the Council to employ such persons as may be necessary to assist it in conducting such recount, which shall be public, and conducted with due diligence to completion. Upon the completion thereof, such board shall make a report in writing of the result thereof to the Council, which shall thereupon declare the same; and if any person or persons

other than the person or persons theretofore declared nominated, are found upon such recount to be entitled to such nomination, the Council shall so declare and direct that the proper certificate of nomination be issued to such person or persons. Nothing in this section contained shall be construed to prevent any person from contesting any nomination by such judicial proceedings as may be otherwise authorized by law.

In case the result of such primary nominating election is changed by such contest, the expense of such recount shall be paid by the city.

Contest of undetermined nomination.

Sec. 336. The provisions of Sec. 335 shall be applicable to any case where it appears from the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office. Any elector of the city may, in the event of any such tie vote, obtain a recount of the ballots cast at such primary nominating election by filing a petition demanding such recount, setting forth specifically the following:

Petition.

(1) The name of the person demanding such recount, and that he is an elector of the city.

(2) The names of the persons who received an equal number of votes, stating the office.

(3) A statement of particulars of such errors in the counting of ballots, as, if corrected, will give a different result.

(4) A demand for a recount of the ballots cast at such election.

Recount.

Such petition shall be signed, verified and filed as in said Sec. 335, provided. The proceedings for such recount shall be conducted and the result thereof determined in the same manner and with the same force and effect as in said section provided, and the provisions thereof shall control in all matters pertaining to such proceedings so far as they may be applicable thereto.

Substantial compliance.

Sec. 337. A substantial compliance with the provisions of this Article shall be sufficient for the holding of any election hereunder, and for the approval or rejection of any ordinance, order or resolution submitted to a vote of the electors of the city.

Independent departmental budgets.

Sec. 346. In his preparation of the budget the Mayor shall call upon the heads of all departments for assistance. In particular he shall call upon the Bureau of Budget and Efficiency for clerical, technical, and advisory assistance.

Assistance in preparing budget.

Sec. 347. The Council shall immediately proceed to the consideration of the budget submitted by the Mayor, and, by a vote of a majority of its members, may increase, decrease or omit any item or insert new items therein. Before adopting the budget, the Council shall fix the time and place for holding a public hearing upon the proposed budget and shall give public notice of such hearing.

Consideration of budget by Council.

Sec. 348. On or before the 20th day of June the Council, by majority vote, shall by resolution adopt the budget as proposed by the Mayor or as modified by the Council.

Adoption of budget.

Sec. 349. The budget as adopted by the Council shall forthwith be transmitted by the City Clerk to the Mayor for his approval and signature. Said budget or any item or items thereof may, within five days after its adoption, be vetoed in whole or in part or any item reduced, by the Mayor, who, within said five days shall return the budget to the Council with a statement of his action. It shall require a vote of two-thirds of all the members of the Council to overcome such action by the Mayor, such vote to be taken by the Council within three days of the date of said return to it of the budget.

Veto by Mayor.

Sec. 350. The budget, as adopted by the Council and approved by the Mayor, or without the approval of the Mayor if not acted on by him within five days as heretofore provided, or as adopted by vote of two-thirds of the members of the Council as to items vetoed by the Mayor, shall be signed by the Mayor, or by the President of the Council and the City Clerk and the several items thereof shall thereupon be deemed appropriated for the ensuing fiscal year to the several purposes, departments, and offices therein specified. The budget shall be filed in the office of the Controller and under his direction shall be printed and distributed to officers of the city government and to citizens making application to the Controller therefor.

Each board, officer or employee shall have authority, in the manner provided in this charter, to expend and make contracts involving the expenditure of one-twelfth of the fund apportioned by the general city budget or by a special departmental budget to such board, officer or employee, during each month of the fiscal year, and no more, unless

otherwise specified in said budget or unless specially authorized so to do by the Council or by the board adopting the departmental budget involved; provided, that if during any month less than one-twelfth of the fund so apportioned shall be expended, the amount unexpended may be expended in any subsequent month of the fiscal year without such special authorization.

Annual
tax levy.

Sec. 352. On or before the last day of August of each year, the Council shall adopt an ordinance levying upon the assessed valuation of the property of the city, in accordance with the provisions of this charter, a rate of taxation upon each one hundred dollars (\$100.00) of valuation, which, with the total amount estimated by the Controller to be received from fines, licenses, and other sources of revenue, will be sufficient to raise the amount appropriated in the annual budget, provided that the amount of such tax shall not exceed the limit elsewhere in this charter provided. Such ordinance may be passed by a majority vote of the whole Council upon the day following its introduction, or at a later date.

Where
budget and
tax levy
not
adopted by
Council.

Sec. 353. In case the Council shall fail to adopt a budget and levy a rate of taxation at the time and in the manner provided by this charter, then the budget as recommended by the Mayor for the expenses of conducting the business of the city government shall be in effect, and the Controller shall add thereto the amount required to meet the interest and sinking fund for the bonded indebtedness of the city and of special districts therein and shall calculate a rate, but not exceeding the limit elsewhere in this charter provided, of taxation upon each one hundred dollars (\$100.00) of valuation which, with the total amount estimated by the Controller to be received from fines, licenses, and other sources of revenue, will be sufficient to raise the necessary revenue for the ensuing fiscal year. If necessary, in order to keep the tax rate within said tax limit, the Mayor shall reduce items in said budget sufficient to keep the budget within the tax limit and shall so notify the Controller in writing. The Controller shall thereupon give public notice of said action and rate of taxation by publication at least three times in a newspaper of general circulation in the city; and the budget shall thereupon have full force and effect as if said appropriations had been made and said rate of taxation fixed by action of the Council and approved by the Mayor, as hereinbefore provided.

Additional
funds.

Sec. 354. Transfers from the "reserve fund" to the "unappropriated balance," and appropriations from the "unappropriated balance" may be made subsequent to the adoption of the budget, as follows:

(a) Upon recommendation of the Mayor, approved by a majority vote of the Council;

(b) Upon a majority vote of the Council, subject to the approval of the Mayor, or passage by the Council over the Mayor's veto by a two-thirds vote.

Sec. 355. The head of any department may make application in writing to the Mayor for a transfer of amounts from one appropriated item to another in the budget allowance of the department of which he is head. On the approval of the Mayor, the Controller shall make such transfer; provided, however, that any transfer of an amount exceeding one thousand dollars (\$1,000.00) shall also be approved by a majority vote of the Council.

Transfer of appropriations.

Sec. 356. The budget, as finally adopted, shall be printed, with a reasonable number of copies for public distribution. The departmental budgets of the departments of the city government given control of their own special funds, as elsewhere in this charter provided, shall also be printed with said budget.

Sec. 360. No payment shall be made from the City Treasury or out of the funds of the city unless the same be authorized by law or this charter nor unless the demand which is paid be duly audited as in this charter provided.

Authorized payments.

Sec. 361. The term audited, as used in this charter with reference to any demand upon the treasury, shall be understood to mean that there has been presented to or secured by the Controller adequate evidence that the demand has been approved by every board, officer or employee required by this charter to approve the same, or that the objections of the Controller have been overruled, as elsewhere in this charter provided; that the supplies, materials, property, or services for which payment is claimed have been actually delivered or rendered; that the payment is just and lawful and has been authorized by law and that appropriation for the same has been made; that the prices charged are just and reasonable; that the quantity, quality, and prices correspond with the original specifications, orders or contracts if any upon which the claim is based; and that the demand in all other respects is proper and valid.

"Audited" defined.

In all cases the date of such approval shall be given.

Each such pay roll, duly approved by the Board of Civil Service Commissioners, as in this charter provided, shall be filed with the Controller and shall be accompanied by proper demands or pay checks for the salary or wages of each person specified therein; provided, that nothing in this Article contained shall be deemed to affect or limit the provisions of Sec. 375, of this charter.

Approval by
Controller.

Sec. 365. All demands approved by any board, officer or employee of the city shall be presented to the Controller, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the city treasury is authorized by law, and out of what fund. If he approve it, he shall endorse upon it the word "approved," with the name of the fund out of which it is payable, and sign his name thereto; provided, that such approval by the Controller shall be valid only for such amount as shall have been approved by the board, officer or employee approving the same. If, in the judgment of the Controller, after conference thereon with the board, officer or employee who approved said demand, such demand should be allowed only for a less amount than approved by such board, officer or employee or if he shall disapprove said demand, he shall transmit same to the Council, with his reasons for disapproval.

Demands

Sec. 366. Any demand transmitted to the Council by the Controller shall promptly be considered by the Council, together with the objections of the Controller thereto.

The Council may overrule or sustain the objections of the Controller to said demand, and its action shall be endorsed thereon, certified by the signatures of the President of the Council and City Clerk, and the demand shall thereupon be returned to the Controller. If the action of the Council is to overrule the objections of the Controller to said demand, he shall make a record of the demand as in the case of demands approved by him; if the action of the Council is to sustain the objections of the Controller thereto, he shall file said demand.

Mayor to
approve.

Sec. 367. All demands for the support or maintenance of the office of the Controller shall, before payment be presented to the Mayor, who shall have the same power as to the approval or disapproval thereof as are exercised by the Controller in the case of other demands. The action of the Mayor with respect thereto shall be subject to review by the Council, as hereinbefore provided.

Sec. 370. No demand upon the treasury shall be allowed by the Controller in favor of any person or officer in any manner indebted thereto without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody of or disbursement of public funds, unless his account has been duly presented, passed, approved and allowed, as required by law or this charter; nor in favor of any person or officer who shall have neglected to make his official returns or his reports in writing in the manner and at the time required by law or this charter, or by the ordinances or regulations made in pursuance thereof; nor to any person or officer who shall have neglected or refused to comply with any of the provisions of this charter or ordinances of the city, or any act of the legislature regulating the official duties of such person or officer, on being required in writing to comply therewith by the Mayor or the President of the Council or the Controller; nor in favor of any person or officer for the time he shall have absented himself, without lawful cause, from the duties of his office during the office hours prescribed by this charter or by ordinance, and the Controller may examine any person or officer receiving a salary from the treasury on oath respecting such absence.

Sec. 371. The Controller must keep a record of all demands on the treasury approved by him, or his objections to which have been overruled, showing the number, date, amount, and the name of the payee thereof, on what account allowed, and out of what funds payable, and it shall be a misdemeanor in office for the Controller to deliver any demand with his approval thereon, or otherwise, until this requisite has been complied with.

Sec. 372. Every lawful warrant upon the treasury, as in this charter required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such warrant, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of payee, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it, with an endorsement of the word "registered"; dated and signed by the City Treasurer. All registered warrants shall be payable in the order of their registration. Published notice shall be given when the city can pay such registered warrants.

Sec. 374. All public money collected by any officer or employee of the city shall immediately be paid into the city treasury, without any deduction on account of any claim for fees, commissions or any other cause or pretense; and the compensation of any officer, employee or other person so collecting money, shall be paid by demands on the treasury, duly audited as other demands are audited and paid.

Disburse-
ments for
improvements
made outside
of city.

Sec. 375. The Council may by ordinance provide, that whenever the construction, maintenance or operation of any public work or improvement is to be carried on outside the City of Los Angeles, and the board or officer in charge thereof shall deem it necessary or convenient that any part of the money to be expended for the cost of construction, maintenance or operation of such work or improvement shall be disbursed at any point or points outside said city, said board or officer may appoint a disbursing agent, whose duty it shall be to disburse such money in the manner hereinafter specified. The said disbursing agent shall enter into and deliver to the said board or officer a bond payable to the city, in a sum to be fixed by said board or officer conditioned on the faithful performance of his duties, executed by himself, and by a responsible surety company, or if required by the board or officer, by two or more sufficient sureties approved by the board or officer and said board or officer may, from time to time, require from said disbursing agent a new bond, or such additional bond as it may deem proper. Said board or officer shall, after the execution and delivery of such bond, authorize in writing the payment and delivery to said disbursing agent of such sum of money as it may deem proper, and said sum shall thereupon be paid to said disbursing agent by the Treasurer upon a demand approved by the board or officer as in other cases out of the fund from which the cost of said work or improvement is to be paid, and the receipt of said disbursing agent therefore shall release the Treasurer from all liability for the money so paid. Provided, however, that said board or officer shall not authorize the payment to said disbursing agent of any money which, together with the money already paid to him and remaining unexpended as herein provided, shall exceed fifty per cent of the amount of the bond of said disbursing agent.

That said disbursing agent shall thereafter pay out said money as may be required in the prosecution of said work for services or for material and supplies, but no money shall be paid by him except upon order of said board or officer and upon vouchers or demands certified to be correct by the officer or agent of the city under whose direction the services are rendered or the materials or supplies used.

Said disbursing agent shall, on or before the tenth day of each calendar month, and at such other times as may be required by said board or officer, render to said board or officer

an account showing the amount of money in his hands on the first day of the preceding calendar month, all amounts received, and all money disbursed by him during said preceding month, and the amount of money remaining in his hands on the last day of said preceding month.

Sec. 376. No suit shall be brought on any claim for money or damages against the City of Los Angeles, or any officer or board of the city until a demand for the same has been presented as herein provided, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Except in those cases where a shorter period of time is otherwise provided by law, all claims for damages against the city must be presented within six (6) months after the occurrence from which the damages arose, and all other claims or demands shall be presented within six (6) months after the last item of the account or claim approved. Nor shall suit be brought against said city, or any board, or officer thereof, upon any claim or demand that has been in whole approved and audited as provided herein; provided, that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to writ of mandamus or other proceeding against the Council, or any board or officer of said city, to compel it or him to act upon such claim or demand, or to pay the same when so audited.

Sec. 380. All money paid into the city treasury shall be credited to and kept in separate funds in accordance with the provisions of this charter, the law, or ordinance. fund, the power revenue fund or the water revenue fund be transferred to such reserve fund with the consent of the board in charge of such fund, but not otherwise.

Contracts
to be in
writing and
approved.

Sec. 385. Every contract involving an expenditure of more than five hundred dollars (\$500.00) shall, except in cases of urgent necessity, as provided in Sec. 386 of this charter, be made in writing, the draft whereof shall be approved by the board, officer, or employee authorized to make the same, and signed on behalf of the city by the Mayor, or some other person authorized thereto by resolution of the Council in the case of a contract authorized by the Council, or, in the case of other contracts, by the board, officer or employee, as the case may be, authorized to make the same; provided, however, that the approval of the City Attorney of any such contract as to form, as required by this charter, except contracts for the purchase of materials or of labor and materials involving the sum of two thousand dollars (\$2000.00) or less, shall be endorsed thereon before the Council, or such board, officer or employee shall have power to approve the same.

Advertising
for bids
and letting
of contracts.

Sec. 386. The City of Los Angeles shall not be, and is not bound by any contract, involving any expenditure of more than Two Thousand Dollars (\$2000.00), unless the Council, board, purchasing agent, or other officer or employee, as the case may be, authorized to make the same, shall have first caused notice to be published one or more times in a daily newspaper printed and published in said city, inviting proposals to perform the same, and specifying the amount of the bond to be given for the faithful performance of the contract, and thereafter shall have let said contract to the lowest regular responsible bidder furnishing security for its performance satisfactory to the Council, board, officer or employee, as the case may be. The right to reject any and all proposals shall, in every case, be reserved. Every such proposal shall be accompanied by a check certified by a responsible bank in the City of Los Angeles, payable to the order of the City of Los Angeles for an amount not less than ten per cent of the aggregate sum of the bid, or by a satisfactory bond for the said amount, and so payable, as a guarantee that the bidder will enter into the proposed contract if the same be awarded to him. No bid shall be considered unless the same is accompanied by such check or bond. The bid of any party who has been delinquent or unfaithful in the performance of any former contract with the city shall be rejected. If the successful bidder fails within ten (10) days after the contract is awarded to him to enter into the same or to furnish the bond required for the faithful performance thereof, executed by the contractor and by a responsible surety company, or by two or more sufficient sureties approved by the Council, board, officer or employee, as the case may be, then the certified check accompanying his bid shall be presented for payment and collected, and the amount

thereof paid into the general fund of the city; provided, however, that the provisions of this section requiring the publication of notice inviting proposals and the letting of contracts to the lowest bidder, shall not apply to contracts for the performance of professional, scientific, technical or expert services of a temporary and occasional character, or for the furnishing of articles covered by letters patent granted by the government of the United States, or for the leasing or purchasing of real property, when approved by a majority vote of the Council; and provided, further, that contracts, in writing or otherwise, may be let without advertising for or inviting bids, when any repairs, alterations, work or improvement under the charge of any board or officer of the city shall be deemed of urgent necessity by said board or officer and such method of letting contracts therefor is approved by the Council and by the Mayor.

Sec. 387. In all cases where bids are not required by this charter to be advertised for, bids, either advertised for or not advertised for, shall be obtained as far as reasonably practicable and compatible with the city's interests, and a public record of such bids be kept. The right to reject any and all bids shall be reserved in all cases. Bids for other contracts.

Sec. 388. Every proposal referred to in Sec. 386 to perform a contract with the city, or with any board, officer or employee, thereof, shall have thereon, or attached thereto, the affidavit of the bidder that such proposal is genuine, and not sham or collusive, nor made in the interest or in behalf of any person not therein named, and that the bidder has not directly or indirectly induced or solicited any other bidder to put in a sham bid, or any other person, firm or corporation to refrain from bidding, and that the bidder has not in any manner sought by collusion to secure for himself an advantage over any other bidder. Any bid made without such affidavit, or in violation thereof, shall not be considered. If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, then upon the entry of such finding on the records of the board, or officer awarding said contract, the contract so awarded shall be voidable at the option of the Council, or the board, officer or employee making the same on behalf of the city, as the case may be, and the contractor and his bondsmen shall be liable to the city for all loss or damage which the city may suffer thereby; and the Council, board, officer or employee, as the case may be, may advertise for a new contract. Any contractor making a false affidavit may be excluded from future bidding. Affidavit to be made by bidder.

(2) All such purchases involving an expenditure in excess of one thousand dollars (\$1,000.00) shall be made from the lowest responsible bidder by the Purchasing Agent upon such said requisition, provided that in this case the specifications on which bids were asked must first have been approved by the Purchasing Agent and also by the department, officer or employee for whom the purchase is being made, or in lieu of the latter, by the Director of the Bureau of Budget and Efficiency, and provided further, that the acceptance of any bid in such case, shall be approved by the Purchasing Agent and also by the department, officer or employee for whom the purchase is being made, or in lieu of the latter, by the Director of the Bureau of Budget and Efficiency.

Whenever practicable, any said specification or acceptance of bids shall have affixed thereto signatures showing the approval or disapproval, as the case may be, of the department, officer or employee for whom the purchase is being made, and of the Director of the Bureau of Budget and Efficiency, but either of said signatures, together with the signature of the Purchasing Agent, shall be sufficient to approve any said specification or acceptance of bids.

In any purchase exceeding two thousand dollars (\$2,000.00) made for the Department of Public Works, the said department shall have entire authority to prepare the necessary specifications without the approval of the Purchasing Agent and no contract for such purchase shall be awarded or made by the Purchasing Agent without the approval of the Board of Public Works.

(3) Whenever the procedure prescribed by this section can not be followed without loss to the city, any board, officer or employee of the city mentioned in Sec. 351 of this charter, may purchase materials or supplies required for immediate use by the city, when such purchase does not exceed twenty-five dollars (\$25.00); provided that such emergency purchases shall not exceed one hundred dollars (\$100.00) for any such board, officer or employee, during any one month.

(4) The Council may by ordinance provide that the Purchasing Agent may, in his discretion, issue blanket purchase orders not exceeding five hundred dollars (\$500.00) each, for any calendar month, which shall be authority to make purchases thereunder, to any department, officer, or employee specified in any such blanket order, such department, officer or employee having budget authority to incur such expense, when the business of said department would suffer loss and injury from the lack of such blanket purchase order.

The committee, by and with the written assent of the author filed with it, shall have authority to correct any clerical error such as in orthography, adding or correcting the enacting clause, mistakes in numbering sections and references thereto, errors in grammar, phraseology, or in the form of the bill; *provided*, that no bill which bears the stamp of the legislative counsel bureau showing that before introduction it has been examined as to form, shall be sent to the committee on revision and printing.

CHAPTER 23.

Assembly Joint Resolution No. 3—Relative to memorializing congress to adopt a bill introduced by Honorable John E. Raker to provide compensation in lieu of taxes for the several states with respect to certain lands of the United States within the borders of said states, and for other purposes.

[Filed with Secretary of State January 27, 1925.]

Approval of
bill to
provide
compensation
in lieu of
taxes on
U. S. forest
lands.

WHEREAS, Honorable John E. Raker, member of the congress of the United States, representing the second district of California therein, has introduced a bill in the house of representatives being H. R. 8844 which provides: "That the United States government hereby assumes, subject to the conditions of this act or any subsequent act of congress, the payment to the several states of sums of money equivalent to the amounts which such states would receive from the taxation of said lands of the United States within their respective borders if such lands were owned by individuals"; and

WHEREAS, Under act of the congress of the United States approved March 3, 1891, large areas of territory with the timber and other resources thereon and therein were "set apart, reserved, and withdrawn from entry" in the states of California, Oregon, Washington, Idaho, Montana, Wyoming, Colorado, Utah, Nevada, Arizona and New Mexico and in a lesser degree in several of the other states of the Union; and

WHEREAS, The United States government has withdrawn, set apart and reserved within permanent national forests 18,891,161 acres of land within the State of California, approximating one-fifth of the total land area of the state, said lands being set apart, withdrawn from entry and reserved for the purpose of conserving the resources thereof and particularly the standing timber thereon for the benefit of future generations of mankind; and

WHEREAS, The lands of the United States above referred to, comprising in several of the counties to upwards of one-half of the area within the borders of the counties and although exempt from annual taxation are being put to commercial and industrial uses for the benefit of all of the people of the United States which fact places these lands on the same basis as to use as privately owned lands used for the same purpose, and said lands of the United States are in competition with said privately owned lands, and the setting aside, reserving and withdrawing from entry of these large areas of territory in the sparsely settled forest counties and on which the United States pays no taxes results in throwing a heavy tax burden on privately owned property in the same political subdivision of government thus making the financing of local government a difficult problem indeed; and

WHEREAS, This area is not and can not be taxed by any of the thirty-nine counties of California wherein this vast domain

is situated, although each of said counties are required to and do perform therein and thereon all necessary and requisite police powers, equip, maintain and operate schools; equip, maintain and operate courts for the punishment of offenders against the forest and other laws; construct, repair and maintain trails, roads and bridges and to do and perform such other acts, duties and powers as may be necessary to the enjoyment of such forests by the people of the United States as well as of other nations; and

WHEREAS, When state government was instituted and the several states admitted into the Union they were divided into counties, and townships and each of the states, counties and townships were guaranteed the full right of enjoyment of all of the territory and resources within their respective borders and the declared policy of the United States government being to dispose of all of the public domain and article ten of the declaration of rights which formed the basis for the union of the states provides that "No state shall be deprived of territory for the benefit of the United States". In setting apart, reserving and withdrawing from entry nineteen million acres of land for national forest purposes within the boundaries of a single state, surely territory has been taken from that state for the benefit of the United States; and

WHEREAS, The following clause is contained in the enabling act of every state admitted into the union, beginning with Ohio in 1803: "The state when admitted shall be on a basis of equality with the original states in all respects whatever." Therefore all political subdivisions of government should be on a basis of equality, which makes it necessary for all to contribute on a basis of equality to the solution of all problems of national necessity (and we deem the national forests to be national necessities), and if in so doing it becomes necessary to take territory and resources from some of the subdivisions of government, and "set apart, reserve or withdraw" the same from entry for the benefit of all of the others, then those benefited should join in reimbursing the subdivisions of government from which the territory and resources were taken, otherwise there can be no basis of equality; and

WHEREAS, The congress of the United States has enacted legislation known as the "exchange bills" under the provisions of which said law, private owners are enabled to exchange cut-over lands for standing timber on the lands of the United States, and since said law has become operative private owners have availed themselves of the right granted to them under said law and have conveyed hundreds of thousands of acres of such lands to the United States and have received in exchange, hundreds of millions of feet of standing virgin timber from the United States, and as a result of the operation of such legislation, counties in which such exchange have been made or in which such exchanges may hereafter be made, have had or will have taken from them and removed from the assessment rolls of such counties, many thousands of dollars in

assessed valuation, and in addition to this loss of assessed valuation such counties are losing the percentage which they would receive were a sale made instead of an exchange, and as Colonel Greeley, chief forester of the United States, has said of this law, "The forest counties lose both going and coming;" and

WHEREAS, The congress of the United States has enacted the so-called Clark-McNary law, and under the provisions of section seven of said law, private owners are enabled to donate or devise to the United States lands chiefly valuable for the growing of forests, the private owner reserving the timber, mineral, grazing and other rights and when so conveyed become a part of the national forest reserve and not open to entry or taxation, and should timber owners in some of the counties in several of the western states exercise their just right under this law and convey their said lands to the United States, thus taking from the assessment rolls of the counties the immense valuation involved and the right of taxation, it will result in putting many of the forest counties of the west out of business, such counties will be unable to raise sufficient revenue to maintain county government, and if such counties are annexed to a nonforest county in the same state the county to which it is annexed will receive not an asset but a liability; and

WHEREAS, It is only just and right that a heavy burden of local taxation should not be placed annually on the people of any state, in which and by reason of the fact that extensive areas of territory having great natural resources, guaranteed to them in the beginning and later legislated from them, set apart, reserved and withdrawn from entry for the economic use and benefit of all of the people of the United States, and we believe that if the government of the United States can not afford to finance its national forests, then in right and justice it should not expect the sparsely settled forest counties to do so for it; now, therefore, be it

Resolved by the assembly and senate, jointly, That the legislature of the State of California approves of the purpose of the Raker bill referred to and respectfully requests its support and adoption by the congress of the United States at the earliest possible date; and be it further

Resolved, That any moneys to be paid to the State of California, by the United States under the provisions of the Raker bill or any similar bill, or any law enacted by the congress of the United States, based on forest values of the forest counties of California shall be divided among said forest counties in proportion to the forest values fixed by the United States bureau of public roads. *Provided,* that by the term "forest counties" is meant those counties of California, a part of which are in the present national forests; and *provided, further,* that any portion of the timber sale, grazing or other receipts of national forests returned by the federal

government to the State of California, are excepted herefrom; and be it further

Resolved, That the chief clerk of the assembly of the State of California be authorized and directed to transmit copies of this resolution by mail to the governors of the states of Oregon, Washington, Idaho, Montana, Wyoming, Utah, Nevada, Colorado, New Mexico and Arizona with the request that similar action be taken by their respective legislatures; and be it further

Resolved, That the chief clerk of the assembly of the State of California be authorized and directed to transmit copies of this resolution by mail, to all of the members of the congress and senate of the United States.

CHAPTER 24.

Senate Joint Resolution No. 19—Relative to highways.

[Filed with Secretary of State January 27, 1925.]

WHEREAS, There has been proposed in congress a bill known as the "Colton bill" (H. R. 6133, sixty-eighth congress, first session) which provides that the federal government shall pay one hundred per cent of the costs of building and developing certain primary interstate highways; and

Approval of
interstate
highways
bill.

WHEREAS, The State of California and the western part of the United States will profit greatly by the passage of such act; wherefore, be it

Resolved by the senate and assembly, jointly, That the legislature of the State of California hereby respectfully urges and petitions the senators and representatives of this state in congress, to use their best endeavors to secure the passage of the Colton bill; and be it further

Resolved, That the secretary of the senate be and is hereby directed to forward copies of these resolutions to the speaker of the house of representatives, the president of the senate of the United States and the members of the senate and house of representatives from the State of California.

Retirement
system.

"Section 28. (1) The Common Council of The City of San Diego, State of California, is hereby authorized and empowered by ordinance to establish a retirement system and to provide for death benefits for public employees other than policemen and firemen (who are now members of a pension system) and elective officers and officers appointed by the mayor who serve without pay. Provided, however, that in no retirement system so established shall an employee be retired,—except in case of disability, incapacitating the employee for the performance of his duties,—before he reaches the age of sixty-two and before ten years of continuous service; except that the Board of Administration hereinafter created may, by rule, provide for retirement of employees after thirty years of continuous service, who elect within one year after their entrance into a retirement system, to receive a retirement allowance payable after thirty years of continuous service at rates of contribution established by the Board of Administration. Retirement shall be compulsory at the age of seventy-two.

Actuary.

(2) The Board of Administration hereinafter provided shall secure from a competent actuary a report of the cost of establishing a general retirement system for all employees of The City of San Diego. Said actuary shall be one who has had actual experience in the establishing of retirement systems for public employees, and his position shall be considered one requiring expert or technical training within the meaning of Section 9-D, Article XI of the City Charter.

Contribution
plan.

(3) The retirement system herein provided for shall be conducted on the contributory plan—the city contributing jointly with the employees affected thereunder. Employees shall contribute an amount not to exceed 5% of their salary or wage, except that in the discretion of the Board of Administration employees of the age of fifty or over, at the time a retirement system becomes effective, may be required to contribute not to exceed 10% of their salary or wage; and employees of forty years of age or over at the time a retirement system becomes effective may, at their option, within one year after their entrance into such a system and with the approval of the Board of Administration, elect to receive allowances in excess of those normally established, at rates of contribution to be determined by the Board. The City shall contribute an equal amount, except where employees elect to receive a retirement allowance at a rate in excess of that normally established; in which case the city shall contribute only the amount provided in the actuarial tables adopted by the said board for normal retirement allowances. The mortality, service, experience or other table calculated by the actuary and the valuation determined by him, and approved by the board, shall be conclusive and final, and any

retirement system established under this article shall be based thereon; provided that initial liabilities accruing under a retirement plan because of past service of employees in active service at the time this amendment is adopted, may be covered by annual appropriations by the Common Council.

The system shall be managed by a Board of Administration as established in Section 4 hereof.

(4) A Board of Administration of said retirement system is hereby created, consisting of the City Auditor, the City Treasurer, three members of the retirement system, to be elected from the active membership, a resident official of a life insurance company, an officer of a local bank, both to be appointed by the Mayor within sixty days of the taking effect of this amendment. Such appointees shall serve without compensation. Provided, however, that pending establishment of a retirement system, the Mayor shall appoint three members to represent the active members of the retirement system from a list of nominees presented by the employees who would be affected by such a system. Members, other than ex-officio members, shall so classify themselves by lot that one term shall expire each year.

Board of Administration.

(5) The Board of Administration may establish such rules and regulations as it may deem proper; shall elect one of its members president and appoint a secretary and may appoint such other employees as may be necessary. Such appointments, except the actuary, shall be made under the provisions of Article XI of this Charter.

Rules, officers, and employees.

(6) The Board of Administration shall be the sole authority and judge under such general ordinances as may be adopted, by the City Council as to the conditions under which persons may be admitted to benefits of any sort under the retirement system, and shall have exclusive control of the administration and investment of such fund or funds as may be established. Provided, however, that the Auditor shall refuse to allow any warrant drawn for payment of a retirement allowance if, in the opinion of the Auditor, such retirement allowance has been granted in contravention of this article or any ordinance passed under the authority granted herein.

Authority of board.

(7) All moneys contributed by employees of the City or appropriated by the Council or received from any other source under the terms of this article, shall be placed in a fund in the City Treasury to be known as the City Employees Retirement Fund, which fund is hereby created. Such fund shall be a trust fund to be held and used only for the purpose of carrying out the provisions of this section. No payments shall be made therefrom except upon the order of the Board of Administration.

Fund.

(8) The City Council is hereby fully empowered by a majority vote of the members to enact any and all ordinances necessary, in addition to the ordinances authorized in Section 1 of this article, to carry into effect the provisions of this article, and any and all ordinances so enacted shall have equal

Ordinances.

force and effect with this article and shall be construed to be a part hereof as fully as if drawn herein."

Amend Chapter II of Article V of the City Charter, so as to read as follows:

"CHAPTER II.

Street im-
provements.

The mode and manner for the improvement of streets, lanes, alleys, places or courts in this city, where an assessment is levied for the payment of any part or portion of the expenses thereof, shall be as prescribed by the general law of the State of California, relative to the improvement of streets, lanes, alleys, places or courts in municipalities, in force at the time proceedings were taken for the improvement of the same, except in the following particulars:

When no proposals or bids for doing the work prescribed by the resolution of intention are delivered to the Clerk, as invited by the notice inviting the same, as provided for in the general law under which the city is proceeding, or when the proposals or bids for doing the work, in the discretion of the Common Council, are too high, the Common Council may, in its discretion, by a vote of three-fourths of its members in the affirmative, direct that a proposal or bid in the name and on the part of the City be filed, whereupon the contract for doing the work shall be awarded to the City, and the City shall thus be and become the contractor, within the meaning of the general law under which the City is proceeding, and when the time has expired within which, as provided in said general law, the owners may elect to take the contract, shall have expired, and such owners have not so elected, the city shall be deemed to have undertaken to do and complete the work, at the price named in such bid or proposal, within such time as may be provided by the Common Council; and the Common Council shall have power to extend such time as it shall see fit after the time when as aforesaid it is deemed to have undertaken the same. The City need not enter into a contract with the Superintendent of Streets as provided in the general law under which the City is proceeding, nor give any check or bond, either upon bidding or to secure the performance of the work or payment for labor or materials. The warrant provided for in the general law under which the city is proceeding shall be delivered to the Clerk of the Common Council, and such clerk is hereby authorized to make on the part of the City the demand provided for in the general law under which the City is proceeding. Except as in this Charter expressly provided otherwise, all and singular the provisions of the general law under which the City is proceeding shall apply in the case where the City, under the provisions of this Charter becomes the contractor, that is to say, undertakes to do the work. And all the rights, dues and remedies of the contractor, under the provisions of the general law under which the city is proceeding, shall accrue to the city in its character of one undertaking to do the work, as provided in this Charter."

Amend Section 1 of Chapter I of Article VI of the City Charter, so as to read as follows:

“Section 1. On or before the 15th day of October of each year the head of each department of the city government shall prepare and transmit to the Auditor of said City an estimate of the probable necessities of said department for the ensuing fiscal year, giving the amount needed for salaries and probable wants of said department in detail, and showing the necessities of said department to be provided for in the Treasury. On or before the last Monday in October of each year the Auditor of the City of San Diego shall prepare and transmit to the Common Council, accompanied with the estimates and reports of each department which he shall require to be delivered to him from the heads of each department on or before the 15th day of October of each year, an estimate of the probable necessities of the city for the ensuing fiscal year, giving the amount required to meet the interest and sinking fund for any and all outstanding bonded indebtedness, together with the amount needed for salaries and probable wants of all departments of the municipal government in detail, and showing the necessities of each of the several funds to be provided for in the Treasury. Annual financial estimates.

On or before the first day of December of each year the Common Council shall adopt a budget ordinance which shall fix and determine the amount of money to be expended by each department during the ensuing fiscal year, and it shall appropriate out of the General Fund such sums of money as may be necessary to carry on the various departments of the city government during the ensuing fiscal year. Said budget ordinance shall further provide a budget for each department, and shall make it unlawful for any department to expend during any one month of the ensuing fiscal year more than one-twelfth of the amount allotted to said department for said fiscal year, except as may be by ordinance of the Common Council otherwise provided.”
