

HOUSE PASSES ACT DESIGNED TO AVOID CLASH WITH MEXICO

Resolution Already Adopted By Senate Strengthens Neutrality Laws. President Will Issue Proclamation Specifically Naming Mexican Rebels. Another City Taken Possession of Without Federal Resistance.

Washington, March 14.—The house today, after a brief discussion, adopted the concurrent resolution passed by the senate yesterday authorizing the president to prohibit the exportation of war supplies to any country on the American continent where domestic violence exists.

In signing the resolution, President Taft will issue a proclamation specifically forbidding the shipment of arms to Mexican revolutionaries.

The resolution was framed by Senator Root, following a conference at the White House in which it is said the president pointed out that unless some such change was made at once in the neutrality laws, the country would be extremely difficult to avoid becoming involved in a war with Mexico.

In presenting the resolution before the senate, Senator Root made but one argument. That many hundreds of American citizens in Mexico are in danger of being killed by men armed with the very guns that are being supplied to them from this country.

Flavorable action by the senate was taken almost immediately after Senator Root's speech.

Chicago, March 14.—Once more the rebel army has scored a bloodless victory, and today the onward march to the south was resumed. Santa Rosalia, in the district of Durango, has been occupied by the rebels, without a shot having been fired by either side.

BATHTUB TRUST CASE GOES TO THE JURY IN COURT AT DETROIT

Detroit, Mich., March 14.—The case of the government against the so-called bathtub trust, charged with conspiracy in restraint of trade, was placed in the hands of the jury in federal court at 10:30 o'clock this morning.

WHITE SAYS HE EXPECTS COAL STRIKE

Claims Hard Coal Miners Will Not Compromise on Any Point.

Union Committee Meets to Consider Refusal By Operators.

Members Believe It Is Only Meant to Open Negotiations.

New York, March 14.—"The United Mine Workers of America will not compromise a single demand that they have made of the anthracite coal operators," declared John P. White, president of the mine workers, this afternoon.

"I look for a general suspension of work in the anthracite field on April 1," he added.

"The operators have notified us that their reply is final. When we meet them tomorrow we will file merely a formal reply, reiterating our demands. It will then be up to the operators. If they make no concession, every union hard coal miner in Pennsylvania will lay down his tools on the night of March 21."

"It seems that the best we can hope for now is a mere suspension, instead of a strike. The state committee has authority to call a strike, we probably will postpone such action, at least until after the meeting of the bituminous coal miners in Cleveland, March 20. The whole situation will be discussed at the annual meeting of the union, which will be held in Philadelphia, March 25, and a strike of the bituminous miners is not unlikely."

While the members of the miners' committee meeting today to consider the complete refusal by the operators of their demands for a 20 per cent increase in wages, recognition of the union, and eight-hour workday and other conditions at the mines, were unconvinced that the counter proposition made by the operators yesterday to continue the present working agreement for three years was made for the purpose of having the way for a compromise agreement.

The present agreement is objectionable to the miners, but the counter proposal of the operators gives an opportunity for the miners to debate the assembly committee voted to report to the miners the day coal suffrage bill.

WHOLE COURT MURDERED AT HILLSVILLE, VA

Judge, Prosecutor and Sheriff Fall Before Fusillade of Bullets.

Several Jurors in Case That Caused Shooting Are Wounded.

Outbreak Follows Sentencing of Man Who Helped Another Escape.

Hillsville, Va., March 14.—In a case of unprecedented outburst, the entire human fabric of the Carroll county circuit court, in session here today, was wiped out by assassination.

Just as Judge Thornton Masie had sentenced Floyd Allen to one year in prison for aiding in the escape of several of their friends opened fire with revolvers.

Then the weapons were turned on the bench on the first volley. Sheriff Lewis Webb, making a frantic effort to reach the ring leaders, was shot dead before he had taken ten steps.

Several of the jurors who had tried the case were wounded.

WISCONSIN MAKES MONEY FROM CARP

State Conducts Seining and Sales Under New Arrangement.

Madison, Wis., March 14.—Carp seining by the state under the supervision of the game warden's department, has been a pronounced success, according to State Game Warden John A. Squires.

A financial point of view the plan has been decidedly remunerative, and more money has been returned to the state treasury since the plan was put into effect last fall than was received during the entire year 1910. Over \$10,000 was received yesterday from the sale of carp.

The old method permitted the seining to be done by commercial fishermen with practically unrestricted freedom.

SUFFRAGE TURNED DOWN AT ALBANY.

Albany, N. Y., March 14.—After a hearing at which woman's right to ballot was strenuously opposed by members of that sex as it was advocated, the assembly committee voted to report to the voters the day coal suffrage bill.

KING OF ITALY SHOT A THREE TIMES; ALL BULLETS MISS MARK

Officer of Bodyguard 'Badly Wounded, But Royal Party Escapes.

Crowd Nearly Lynches Young Anarchist Before Police Get Him.

Attack Occurs During Ceremony in Memory of King Humbert.

Rome, March 14.—An attempt was made to assassinate King Victor Emmanuel this morning. Several shots were fired at him, but his majesty escaped unhurt.

His assailant was arrested. The king was just leaving the palace on his way to the Pantheon to attend the annual memorial service in honor of his father, King Humbert.

A young man fired three shots from behind the crowd in the streets. One of the officers of the king's bodyguard fell dangerously wounded, but the king was untouched.

Alarmed Queen Helena. The queen was seated on the side of the carriage nearest the would-be assassin. She raised as the shots rang out, and threw her arms around the king as though to protect him.

There was tremendous excitement in the crowd, which turned on the youth and attempted to lynch him. The police finally rescued him from the clutches of the mob.

The king was cool amid all the excitement. He continued on his way after only a brief stop, and sat through the Pantheon services without a sign of emotion.

The populace handled the would-be assassin roughly before the police could intervene that the youth was hardly able to speak when he reached the mob.

NEBRASKA CONVICTS IN PEN. MUTINY

Warden and Three Guards Killed By the Revolting Prisoners.

Lincoln, Neb., March 14.—Warden Delehanty was killed and three deputy wardens and another employe of the state penitentiary were fatally wounded in a mutiny of the convicts at the institution this afternoon.

TORTURES BABY; GETS ONE YEAR

Woman Who Burned Child With Hot Poker Is Sent to Jail.

Ebensburg, Pa., March 14.—Edith Ford, aged 30, was sentenced to the Cambria county jail for one year charged with inflicting wounds with a hot poker that have crippled and disfigured a child aged a few months. The Ford woman was engaged by Adam Scheetz to look after his baby. His wife had died shortly after his birth. The screams of the baby attracted the neighbors and investigation disclosed that the child had been horribly burned. The Ford woman did not deny the charge.

ENGINEERS MAKE WAGE DEMANDS

Submit Them to Officials of Forty-Eight Eastern Railroads.

New York, March 14.—Arguments supporting their demands for increased wages were prepared by a committee of fifty locomotive engineers, headed by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, for submission today at a joint meeting with a committee of officials of forty-eight Eastern railroads.

The engineers desire the increase in order that their wages may be brought to a level of those paid on roads west of the Mississippi river. Following arguments a recess of several days will be taken in order to permit the railroads to formulate a reply.

BROKEN RAIL ON THE C. G. W

Twenty-Five Reported Hurt in Wreck East of Dunkerton, Iowa.

Twin City People Among the Injured—Officials Deny Serious Injuries.

Dunkerton, Iowa, March 14.—Twenty-five persons were injured, thirteen seriously and one probably fatally, in a wreck of Chicago Great Western passenger train No. 1, en route from St. Paul to Kansas City, three miles east of here, early this morning.

The train struck a broken rail on a curve. Fourteen passengers were taken to a hospital in Waterloo.

The train was in charge of Conductor H. M. Peck of Kansas City, who was among the injured. Among those most seriously hurt are: Andrew Bennett of Bryant, S. D., who suffered a fractured skull; James Larson, St. Joseph, Mo.; Timothy Foley and son of Minneapolis; George Hall, Nevada, Iowa; Mrs. Edward McWhitt, St. Paul; E. J. Jones, Minneapolis; J. E. Landholt, New York; John Young, Amarillo, Tex.; H. E. Singerhouse, St. Paul; Brakeman L. E. Palmeter, Kansas City.

"Only Fourteen Hurt." Chicago, March 14.—Officials of the Chicago-Great Western railroad today declared that not more than fourteen persons were injured, none of them seriously.

The official report was that of the fourteen who went to the hospital, all of whom were taken from the train to the institution.

STATE BOUNDARY QUESTION RAISED

Minnesota and Wisconsin Claims to Be Aired at Madison.

La Crosse, Wis., March 14.—The right to move the state boundary line is a question which is coming up in the supreme court of Wisconsin Saturday, with the county of La Crosse taking one position and the state of Wisconsin the other. The county contends that the building of a dam at a point above La Crosse, changing the main channel of the Mississippi to the west, has transferred certain valuable islands from Minnesota to Wisconsin territory. The state maintains that the center of the main channel at the time the boundaries of the state were set off constitutes the boundary, and that the islands remain in Minnesota.

The same question in another form is before the United States supreme court in the Minnesota-Wisconsin boundary dispute. In which Minnesota contends that the boundary is a point midway between the two shores, and not the center of the main channel, which in many cases flows close to one shore. Valuable property at La Crosse, Pequin and Duluth and Superior is at stake in this suit.

Slayer of Handful Not Blamed. San Francisco, March 14.—Express Messenger Treadwell, who yesterday killed two men when they attempted to rob the car in his charge, near here, has been exonerated by a coroner's jury.

INDICTED PACKERS DECLINE TO PRESENT EVIDENCE AT TRIAL

Chicago, March 14.—The ten Chicago packers charged with criminal violation of the Sherman law will submit their case to the jury without presenting any testimony. This announcement was made today to United States District Judge Carpenter, by counsel for the defendants.

Several of the defendants, it is said, were willing to take the witness stand in their own behalf but were advised against that course by their attorneys.

CLARK CLANS CLAIM KANSAS

Sheridan Says State Will Give Him Twenty Instructed Votes.

Increased Free List Demanded in Resolutions Framed for Convention.

Hutchinson, Kan., March 14.—Spurred on by victory in last night's state committee meeting, when they elected A. M. Jackson of Winfield, an avowed Clark man, as temporary chairman, supporters of Champ Clark were controlling the state convention, which today will name the four delegates at large to the Democratic national convention. The convention will re-elect F. Sapp of Galena national committeeman from Kansas.

H. S. Martin, chairman of the Democratic state committee, who has been one of the Wilson leaders, said: "We will fight a Clark-instructed delegation to Baltimore, and when the Clark fellows get through they will know they have been in a contest."

E. J. Sheridan, Clark's manager, said: "We'll beat them by ninety votes in (Continued on page 6, first column.)"

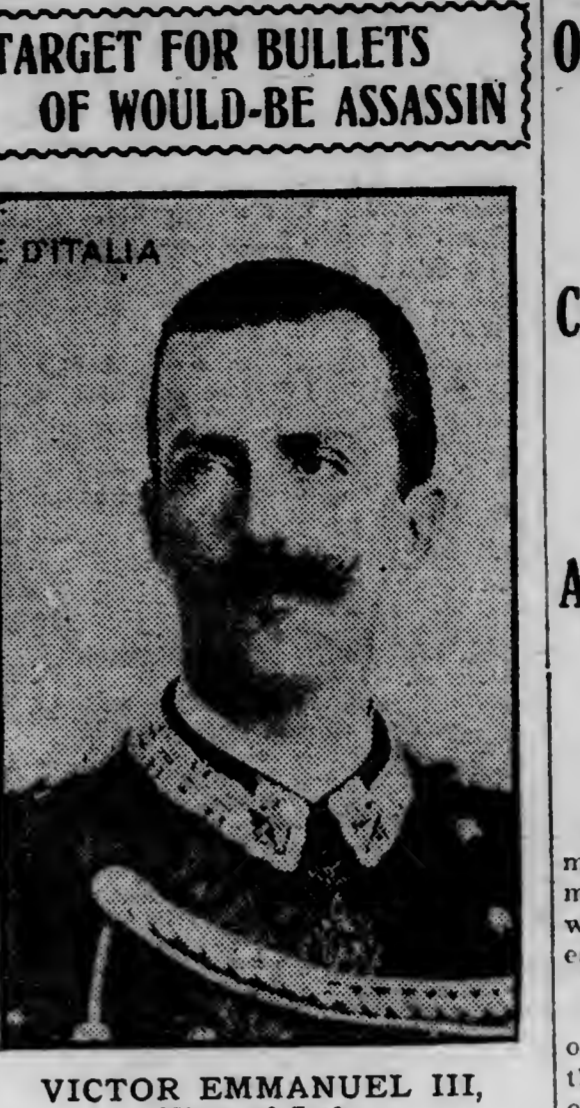

LA FOLLETTE GOES TO NORTH DAKOTA

Wife and Daughter Accompany Senator on His Campaign.

St. Paul, Minn., March 14.—(Special to The Herald.)—Senator La Follette today left here for a two-day speech tour in North Dakota, on the eve of the first state presidential preference primary.

Although his train from Chicago was nearly four hours late in arriving here, senator La Follette said that he expected to make all of the speeches on his schedule, and expressed eagerness to meet the North Dakota audiences.

He is accompanied by Mrs. La Follette and Miss La Follette, who made the trip from the East with him.

PRaises THE EXCISE BILL

Ways and Means Committee Reports in Favor of the Measure.

Defends It as Constitutional and Just to Men of Small Means.

Washington, March 14.—Maintaining the constitutionality of the proposed excise tax bill extending provisions of the corporation tax law to individuals and co-partnerships, submitted as a revenue measure to replace customs duties on sugar, Representative Underwood, chairman of the ways and means committee, made a report to the house today urging the passage of the bill.

After arguing the constitutionality of the proposed law, proclaiming it in absolute conformity with supreme court decisions relating to the income tax, the report explains the provisions and scope of the measure as it would affect individuals.

"What the bill says in report," "embodies new application of taxes, it carries all the modern philosophy of taxation. It proposes to obligate the citizen to contribute annually a fair and just portion of his net gains to the (Continued on page 6, fourth column.)"

HARVESTER PLAN BEING DRAWN UP

General Counsel Bancroft Is Preparing Dissolution Scheme.

New York, March 14.—Cyrus H. McCormick, president of the International Harvester company, said today that the dissolution plan to meet the government's contention that the company is violating the Sherman anti-trust law was in course of preparation by General Counsel Bancroft, but that no details could be given out at present.

Mr. McCormick said he was not entirely familiar with the plan. He added that Attorney General Wickham had intimated to some of the Harvester officials just what he wanted, but that they were ready to meet any suggestion he might make.

FIGHT SYSTEM OF GARDENS IN CITY

La Crosse People May Ask Court to Stop Socialists' Plan.

La Crosse, Wis., March 14.—Whether farming under certain conditions constitutes a nuisance is to be taken into the courts here for settlement. The controversy arose over a number of landholders turning over to the Socialistic party vacant lots in all parts of the city, on which workingmen are to be permitted to plant gardens. Some of these lots are in an exclusive section, and residents there maintain that to plow up lots next door to them and turn them into farms will injure their property and therefore create a nuisance under the law. An injunction is threatened unless the gardening plan is given up.

# "MORE MEN IN THE CHURCH"

Duluth Will Be Scene of a Great Religious Revival Next Week.

Visit of Experts Climax of Men and Religion Forward Movement.

Next week will be the climax of the first year's work of the "Men and Religion Forward Movement" in Duluth, when some very prominent speakers, considered experts in the movement, will help the local committee to conduct a week of most active work.

Seven men, all from the East, some of them among the originators of the movement and all of them enthusiastically supporting it, are coming to Duluth to lend their services to make next week the biggest week in the religious history of the city.

The event marks the climax of the first year's successful campaign for "more men in the church." That it has been a success is generally acknowledged, but the men in charge are not satisfied with the results already achieved.

The movement has many objects, but the main and most important one of all is to get men interested in the church. It does not matter what church. The movement is for all churches. Nearly every man has had at one time in his life, at least, a church home, and the object of the movement which has swept the country from one coast to the other is to get the men to go back to the church.

For years the work of the church has been done largely by the women. Then in 1910 the present movement was started by a group of men who met at Buffalo, N. Y., after the national convention of the Y. M. C. A. held at Toronto, Can., that year.

Fred B. Smith was the man who started it. At first his scheme did not seem advisable, but it grew on the men who heard of it until they were enthusiastic over the work.

Plans were made, committees were formed, prominent men were drawn into the movement, a campaign was mapped out and everything was in readiness before the different cities of the United States were notified. It was in March, a year ago, that Secretary Bevis of the local Y. M. C. A. received letters and literature from the committee headquarters, telling of the vital points in the movement. The Eastern men stated that the city of Duluth was in their opinion, one of the vital points in the United States. As the problem had been discussed over and over again at the meetings of the Duluth Ministerial association and there seemed to be so good a solution. Secretary Bevis was impressed with what he thought could be accomplished under a world-wide and well-organized movement of the kind suggested.

Mr. Bevis took the literature to a meeting of the Duluth ministers and they decided enthusiastically for it. Since that time the work of organizing has been carried on extensively in the Duluth City with great success. Laymen as well as those interested directly in one phase or another of religious work, have worked hard and faithfully.

**"Get the Men Interested."**  
"Get the men interested in the church and they will be working for it day and night. Men who don't think they have time for work of this kind are the very men who will work hardest if you get them sufficiently interested. That has been our experience in the movement, at least," said a local man prominent in the movement yesterday.

"There are some men who are interested in social welfare. There is plenty of work for them. There is also what we call 'community extension.' A large number of men are interested in that."  
"You know there are many men who

work seven days every week and have no chance to go to church. This is not their fault, we find, they would be glad to attend services if they could get the time.

Men of this kind we must provide the services; take the church to them in other words.

**Work Is Permanent.** The meetings of next week and the visit of the experts are a climax, but the purpose of getting more men interested and stirring up those already in, the enthusiasm for greater efforts than before.

At the present time we have about fifteen organizations, all of good membership interested in our work. We have hundreds of individual workers, who have been interested in the work as the direct result of our committee. We have a committee of 199 men, all of them active. We have executive, business and finance, publicity, auxiliary, boys' work, Bible study, evangelistic extension, special events, social service and mission committees. All of them have their special work and they all have branches and well organized departments under which the work is carried on in a thorough and systematic way.

In the absence from the city of Secretary Bevis, E. Rankin is acting as executive secretary. Just at this time and Friday and Saturday, the speakers and the coming of experts, Mr. Rankin has his hands full.

The speakers and experts who will be in Duluth next week and who will arrive Sunday, are: J. A. Whitmore of New York, team leader; Charles E. Drum of New York, expert on speakers; David G. Lathshaw, expert on community extension; C. Pearce of Chicago, expert on Bible study; C. W. Whitmore of New York, expert on boys' work; C. H. Hensel of Detroit, expert on missions.

I. J. Lansing of Washington, D. C., expert on social service. Sunday morning there will be services in all Duluth churches at which the pastors will take the movement and its purposes and achievements as their text.

In the afternoon there will be a mass meeting for men and older boys at the First Methodist church. The convention days proper will be Tuesday and Wednesday. The convention for the boys will take place Monday through Wednesday.

Monday there will be a women's morning meeting at the First Baptist church. In the evening there will be a Christian meeting at the First Baptist church. On Tuesday and Wednesday of the Y. M. C. A. There will be addresses by the convention proper which will begin with sessions at the Y. M. C. A. which will continue on Wednesday. There is also a convention day and both days the programs will be held by the visiting men.

Meetings will be held at the different churches as they convene all week. Following are some endorsements of the movement by prominent Duluthians interested in it.

Page Morris—My opinion is that the movement will be of great value to the churches of the city. It is an evangelistic movement, and second, because through the initiative of the men who have been connected therewith the members of the various congregations will learn how to do a great deal better than they are now doing, those things which they are seeking to accomplish. I think that it would be a good thing if each congregation got at least two, and if possible more, of its members to attend each of the institutes. The expert who was here a few days ago informed us that if one commenced to attend one of these institutes, he should continue to attend the same institute during the entire course. These institutes would get ten men, two of whom would attend each of the institutes for the entire course. These ten would then serve as a nucleus and could give the benefit of their knowledge to the other men in the church.

W. G. Hegard—Since the commencement of this movement the members of the different churches have become better acquainted and are co-operating in the moral and religious life of the city. I think the men and boys of the city are being brought into the church in a way that has never before been attempted. It is being taken in religious matters by many men who have hitherto been indifferent. The boys from 16 to 20 are at an age when they are difficult to retain in the church. I think it will be very beneficial to the church to which they may belong.

I think it will tend to stimulate church work of all kinds and make young men especially feel that church membership is no longer a sign of weakness, but a great source of strength and help. The last, Mary J. H. Dight—The scope of this movement is to be extended to bringing the boys under the best possible influences by interesting them in a way that will cause them to recognize church affili-

ations as dignifying and admirable. It is also intended to make it clear that Long Point the lake is practically covered with heavy ice fields. In Ontario large fields, heavily windrowed are reported existing in the extreme northern portions where the ice is practically all melting.

In comparison with last year there is more and heavier ice in all the lakes.

**MAY OPERATE THEIR OWN DOCKS**  
Railroads May Take Over Unloading Docks at Lower Lake Points.

Considerable interest has been aroused in marine circles by the report that the ore unloading docks of the lower lakes will be taken over and managed by the railroad companies which own the dock sites. Such a plan has been discussed and the interstate commerce commission has the matter under advisement. Investigations have been made by the commission into the methods of handling docks and the rumored change is said to be one of the ways the commission is considering for simplifying the regulation of docks.

Should the commission decide the railroad should operate the unloading docks it will require the repossessing of the stockholders in the dock companies for machinery and other investments. In some cases the dock owners have built them up, in one instance a dock was built entirely by the firm operating it.

It is not believed anything definite will be announced in regard to the docks for several weeks yet although it is thought the matter will be disposed of not later than May. What effect the final disposition of the dock situation will have on unloading charges is not known, but it is known the dock charges will be reduced from a third to a half to the boats this year. It may also result in the unloading charge being absorbed in the regular freight rate charged by the railroad.

Cleveland, Ohio, March 14.—So far apart did the representatives of the Licensed Tugmen's Protective association and the Great Lakes Towing company find themselves in the conference yesterday over wages and working hours that it was determined to adjourn the meeting without date.

The tugmen are stoutly demanding a 10 per cent increase in wages on duty and twelve off, but it is the towing company cannot see its way clear to consent.

It was decided to take further time to consider that and other proposals.

Zenith Council, U. C. T., Will Be Well Represented at Convention.

Zenith council No. 40, United Commercial Travelers, will make a showing at the grand council meeting at Red Wing in June. The council will be well represented at the convention and will be accompanied by the Third regiment band. Last year the Duluthians traveled to Fargo on a special train and Duluth was one of the best represented councils at the meeting.

A special train will be provided for the trip to Red Wing alone. To defray the expenses of taking the band to the convention, the Travelers will give a minstrel show at the Zenith hall on Saturday night. It is already begun. The council has some good talent, and the show will be one of the best amateur performances ever given in Duluth.

The following officers were elected at the last meeting of the council: J. E. Lawrence, president; George A. Suttou, junior counselor; C. W. Sutton, secretary-treasurer; E. F. Chalk, conductor; J. A. Landbeck, pastor; Frank Tato, sentinel; E. W. Russell, E. G. Johnson, George A. Suttou, and C. E. Reitan. The following were elected delegates to the grand council meeting: George M. Peterson, J. D. Ashland, Wis., March 14.—From the reports received from the state board of health the new chemical chlorination plant recently installed by the Ashland Water company, through which the water passes after being filtered, is a success. The health de-

open water was reported off the north shore west of Long Point. East of Long Point the lake is practically covered with heavy ice fields. In Ontario large fields, heavily windrowed are reported existing in the extreme northern portions where the ice is practically all melting.

In comparison with last year there is more and heavier ice in all the lakes.

**CLARK CLANS CLAIM KANSAS**

(Continued from page 1.)

The convention of the Kansas delegation, twenty strong, will go to Baltimore instructed for Speaker Clark.

Resolutions Prepared.

Resolutions prepared by the Clark adherents for presentation to the state convention today declare:

"That the Hon. Champ Clark of Missouri is our choice for president and we hereby instruct the twenty delegates from Kansas to the Baltimore convention to vote for him, as long as three-fifths of the delegation believe his nomination to be possible.

"And the twenty delegates are further instructed that in all matters coming before the national Democratic convention of 1912 they shall vote as a unit as the three-fifths majority of the said delegates may direct.

The resolutions demand a reduction of the tariff and an increase of the free list, a fellow servant law which will effectively safeguard the interests of workers employed by individuals or corporations and protect their families; an income tax; liberal appropriations to construct and maintain better post roads; the election of United States senators, federal judges and the interstate commerce commissioners by the direct vote of the people.

Primaries and Recall.

The resolutions further state: "We also demand primary elections

for the nomination of all candidates for elective offices; the initiative and referendum in all law-making and the recall of public officials when they have become derelict in duty; the reform of our financial system that will insure the business interests against disastrous panics such as those of 1894 and 1907, and the passage of the Sherwood pension bill.

"We are opposed to the Aldrich currency plan and demand in its stead an enactment that will leave the power of regulating the volume of currency with the senate and the house of representatives, instead of with the money trust.

Kansas Republicans Meet.

**Cummins Urges Action Without Waiting for Tariff Board Report.**

**Wickersham Knows of No Smelter Trust—Other Washington Doings.**

Washington, March 14.—At an informal conference of Republican members of the senate finance committee, Senator Cummins of Iowa argued that the Republican members of the senate enact legislation revising the wool, cotton, sugar and steel schedules of the present tariff law.

Senator Cummins favored free iron ore and a reasonable reduction of the duties on the other schedules. He said he believed this revision should be made without waiting for the report of the tariff board, and gave notice to his colleagues that he would act independently if they insisted upon waiting for such reports.

The regular Republican members are insisting that no legislation affecting the tariff should be passed until based upon the tariff board reports.

**Adverse Steel Bill Report.**

The committee will report adversely on the pending steel tariff revision bill, probably on Friday.

An effort to have general debate on the Democratic tariff revision bill concluded tonight, was defeated in the house, although Chairman Underwood of the ways and means committee made a personal appeal that the house meet in continuous session until 10 o'clock at night. The bill was adopted in this program so that the measure might be passed Friday.

**The Iron.**

When Mahlon Pitney, chancellor of the state of New Jersey, was nominated to succeed the late Justice Harlan, he was known to the senate by a vote of 50 to 26, the following Republican members voted against the confirmation: Bourne, Blawie, Kenyon, Cummins and others.

These Democrats voted against him: Bacon, Bryan, Chamberlain, Culberson, Gardner, Gore, Hitchcock, Johnson, Kern, Lea, Meyer, Newland, Sherman, Tamm, Tompkins, Turner, Shively, Smith of Oregon, Smith of South Carolina, Taylor and Underwood.

Justice Pitney's commission was signed as soon as the senate adjourned his appointment will come to Washington Monday.

**Underwood's Procedure.**

Brig. Gen. E. H. Crowder, judge advocate general of the army, testified before the house committee on war department expenditures that the transfer of the post office from the chief of staff to the custody of Gen. Clark was an error.

Gen. Crowder said it was the first instance of the kind in the history of thirty-one years' commissioned service in the army. He defended former Chief of Staff J. Franklin Edwards, saying the latter had authority to make such a transfer.

The department which designates the adjutant general's office as the record office.

Gen. Crowder said he had searched the papers to see if any other action could be taken against Maj. Ray, who it has been asserted, escaped from the custody of his military friends with President Taft. Gen. Crowder said he found no evidence in the papers he saw to support such a charge.

**No Patent Rehearing.**

Second thought of the expectations of some of those who were looking to the supreme court grant a rehearing of the patent monopoly decision of last Monday. The rules of the court are such that a petition for rehearing will not be granted, unless a rehearing be requested, unless a justice who concurred in the judgment of the majority and majority of the court so determines.

The majority will find one of the patenting justices who will "decide" a rehearing. Justice Lurton, chief justice of the supreme court, is on the circuit courts in conformity with the decisions of the majority on Monday. Justice Holmes is said to have joined in a dissent which is in accord with the majority opinion. This alone leaves Justice McKenna as the only one to participate in the case and Chancellor Pitney is still unknown. It is said that Justice McKenna will participate in consideration of a motion for rehearing.

Mr. McKenna's motion of the house patent committee announced that the committee would await the outcome of the rehearing before proceeding with the framing of new legislation, unless the decision was reversed, new legislation would be unnecessary.

**Predicts \$20 Penalties.**

The time is very near at hand when every ex-soldier of the civil war who is 75 years old will be entitled to a pension of \$20 a month, and Senator McCumber, chairman of the senate committee on pensions in the debate in the senate on the senate substitute for the house bill for the Sherwood pension bill.

Mr. McCumber's declaration was made in response to a plea of Senator Brown of Nebraska. The North Dakota senator replied that he did not know the country would justify such a measure at present. He thought it better to take up a measure which there was a probability of passing, even though it did not give full relief.

The senate bill, as it stands, would expend of about \$35,000,000, could be passed now and the work completed at a future session of the senate, a bill carrying a like amount. By that time congress could so provide the money to meet the extra expenditure.

Mr. McCumber justified the course of the United States in paying pensions aggregating five times as much as the pensions paid by any other country.

The bill will come up Friday.

**Water Power Lobby Rejected.**

After charges had been made that a powerful lobby was at work to procure the adoption of the bill, the house defeated by a vote of 217 to 197 the Hydro-Electric company a water power company, to lay a pipe line across part of the national forest reservation in California. Those opposed to the bill were the National laws governing the national domain and would result in the National Hydro-Electric water power trust, it was charged, was behind the legislation.

Minority Leader Mann, Representative of Kentucky and Lenrot of Wisconsin and Cooper of Wisconsin were among those who opposed the bill. It had been victims of the work of a "lobby." Representative Mann said it had been inundated with letters

and telegrams and annoyed by high priced lawyers in an effort to induce him to leave or employ a telegram from a firm in his state asking him to withdraw his opposition to the bill. The cost of the telegram he said was \$40.

"The people behind this bill" said Mr. Mann, "have spent thousands upon thousands of dollars in lobbying and in trying to induce this house to measure under consideration."

The bill was introduced by Representative Baker early in the present congress.

**Known as No Smelter Trust.**

Attorney General Wickersham will advise the house in reply to its resolution, that he has no evidence of the existence of a "smelter trust." The department of justice's investigation, he said, has revealed no indication of combination in this industry. There are five large smelter companies, he says, which seem to be in active competition.

**PRaises the EXCISE BILL**

(Continued from page 1.)

maintenance of the government.

As already stated, this bill, if enacted into law, will accomplish in the main all the purposes of a general income tax. It will, however, enable the court, as it keeps well within the principles laid down by the court, in sustaining the constitutionality of the corporation tax.

**Illustrates Provisions.**

To illustrate the equitable adjustment of the excise tax recommended, a person having an income of less than \$5,000 per year would pay nothing while a person whose business earns \$10,000 net would pay no tax on the first \$4,000 and on the second \$5,000 would pay only \$50 a year.

Gen. Crowder asserts that the burden of "our present indirect taxation" falls upon people having incomes of less than \$200.

A large percentage of the customs taxes, he said, is paid by persons whose incomes did not exceed \$2,000. The bill aims to distribute more justly the tax burden by shifting an equitable portion of the taxes to the shoulders of those of larger earnings. There are no shares as to the burden of individuals, firms and co-partnerships in the United States that would be subject to the taxes proposed by this bill.

**Continuation of Valid Laws.**

The report calls the proposed bill a combination of the excise tax of 1894 and the corporation tax law of 1909, both of which "have been held valid in all respects by the supreme court." It further urges why it should be popular, says:

"The support of the government, as raised by taxation, is now almost equally divided between the excise duties, of \$701,375,275 taxes collected in 1911 for the support of the government, and the internal revenue, or excise duties to \$222,529,201. These taxes are solely on the consumption of property, and the income from property is not taxed. The result is that the tax burden is shifted to the shoulders of those of larger earnings. There are no shares as to the burden of individuals, firms and co-partnerships in the United States that would be subject to the taxes proposed by this bill."

**STATE WILL SAVE MONEY**

**Provision for Semi-Annual Payment of Earnings Tax Important.**

**State Treasurer Smith Says Change Will Save \$37,500 Annually.**

Although it apparently is comparatively unimportant, a campaign will be made for the constitutional amendment providing for semi-annual payments of the railroad gross earnings tax in Minnesota.

State Treasurer Walter J. Smith, who was at the Spaulding yesterday, stated that the amendment is of great importance to the administration of the state's finances, and that the present system, by which the entire gross earnings tax for the year is paid at one time, it is annually necessary for the state to borrow money to finish out the year.

The proposed amendment provides that the gross earnings tax shall be paid on March 1 and Sept. 1 for the semi-annual periods ending June 30 and Dec. 31. The effect of the amendment will be that the state will not be put in the position of borrowing money, interest amounting to about \$37,500 yearly will be saved and greater economy in the state business will probably result. A number of different amendments are to be submitted at the general election in November and a campaign will be necessary to carry the amendment, but Smith said that the voters are apathetic usually in regard to amendments, especially in the present year.

**KING OF ITALY SHOT AT THREE TIMES**

(Continued from page 1.)

the police station. The police had great difficulty in passing through the crowds, which showed intense anger and desired to wreak immediate vengeance.

At the police station, in spite of the man's condition, he was subjected to a keen interrogation.

**Calls Himself Anarchist.**

He declared that his name was Antonio Dalba, that he started for Italy 21 years ago, and that he was a stone mason. He described himself as an "individualist anarchist" and said he had made the attempt on the king's life as a protest against the king's society.

He had, he said, taken up a position in the crowd near the Obelisk in the square in front of the king's palace. The king's appearance led to the belief that the assault on his majesty was not concerned with any plot of assassination but that his deed was the outcome of his own individual aversion.

On his return to the palace the king learned for the first time that the commander of his escort, Maj. Lang, had been seriously wounded, and his father and brother were living in the hospital where the major was lying. He traveled in an open automobile and was not aware of having passed through an ordeal.

**Pope Expresses Regret.**

Pope Pius, when he was notified by Cardinal Merry del Val of the attempt on the king's life, expressed his regret and said:

"This is the consequence of the frelingious of our time."

Delba's mother declared today that her son when a boy had suffered from influenza, pneumonia and meningitis, and that he had been in the hospital within three months he was to be called for military service.

**Has Not Seen King for Years.**

According to Italian law Dalba not being of full age, cannot be condemned to penal servitude for life, but the most severe punishment meted out to him is that of hard labor for life.

In all quarters of Rome demonstrations have been prepared to protest against the trial of the king's assassin. People who were present in the Pantheon said that despite the marching band and the shouting of "Long Live the King," a large number of people who were shouting no signs of emotion.

When the king and queen left the Pantheon in their closed carriage the news of the attack on his majesty had spread, and immense crowds had gathered on the great open space in front.

The king's appearance gave the signal for an overwhelming outburst of cheering from the crowd, and the excitement of the people most reached frenzy by the time their majesties had attained the Corso, near the spot where the attempt had occurred.

**"Long Live the King."**

Throughout the return journey the people along the streets and standing at the windows and on balconies waved their handkerchiefs and cried enthusiastically, "Long live the king."

The impression made throughout the city by the attempt on the king's life is one of the deepest concern. The news of the affair struck the Romans the more keenly because it occurred on the anniversary of the birth of the late King Humbert and in the midst of the solemn services in his memory.

The spot near the Corso where the attempt was made has been surrounded all day by excited crowds waving Italian flags and shouting "Long Live the King." A large number of people also attended to the Quirinal, where they made another demonstration.

**Toed Mother Himself.**

A most touching scene occurred between King Victor Emmanuel and his mother, the Dowager Queen Margherita. She had arrived at the Pantheon and was waiting for the coming of their majesties. When King Victor Emmanuel and Queen Helena came in they gave no hint of what had occurred. All assumed that an attempt had been made on his life.

by a fall Tuesday afternoon in the surface workings of the Negaunee mine. Pullainen fell eighty feet from a plank near the top of the shaft, the timbering covering the mouth of the shaft. There hardly was a bone left in his body, which was horribly crushed.

Pullainen and Yalmar Gantzen were working on two planks near the top of the head-frame cutting when a sledge hammer and chisel. Gantzen swung the hammer while Pullainen paused in his work. Pullainen, who was standing near the end of one of the planks, tried to look over the edge to examine the rivet on which they were working, just under the end of the plank.

**Drops From Plank.**

The plank was only nine feet long and when Pullainen bent over, it was overbalanced and the unfortunate man dropped to the collar of the shaft. Had the mouth of the shaft been open, he would have dropped over 900 feet further, to the lowest level of the mine.

Pullainen was one of the prominent young Finnish mine workers of Negaunee, having made the city his home for the past two years. He came to America about three years ago. His father and mother are living in Finland. One brother, John, is in Arizona and another, Harry, is in Michigan. Under the fatal fall, several distant relatives live in Negaunee.

Madison, Wis., March 14.—The supreme court has denied the petition of M. M. Tiley of the Democratic candidates on the Democratic ticket at the primary election to prohibit the placing of names on non-partisan candidates on the Democratic ticket at the primary election to be held in Milwaukee on March 19.

Democrats and Republican office-seekers in Milwaukee have combined to run on the same ticket at the primary in an attempt to overthrow the Socialists. Under this plan there will be but two tickets in the field on election day.

Swedish Societies Have Raised \$5,000 Toward Social Center Fund.

Building Will House All the Scandinavian Clubs and Lodges.

Nearly \$5,000 has already been raised in the campaign for \$100,000 for the erection of a new Scandinavian Fraternity house in the West end.

The following committee appointed by the Vasa order at its last meeting, is in charge of the campaign: F. A. Carlson, chairman; C. F. Hoffman, vice chairman; August Hammar, secretary; A. T. Lind, treasurer; Andrew Nelson, legal advisor; John Brandt, Dr. J. J. Eklund, C. F. Forsell, Otto Gavfret and George W. Olson.

The building will be used by all the Swedish societies and organizations in the city and is to be known as the Swedish social center of Duluth; nominal fee will be charged for the privilege of using the gymnasium.

The exact site of the building has been secured, but the members of the order have been approached with several desirable locations. The building will be erected west of Twenty-first avenue west and south of Third street, according to one of the members of the committee in an interview yesterday afternoon.

SODALISTS AS THESPIANS.

Will Present Three-Act St. Patrick's Day Play.

With the closing of the indoor baseball season, the Young Men's Sodality of St. Clements church, will next Monday evening, March 18, present a three-act play, "The Triumph of Justice," at the St. Patrick's church, 2024 West Third street, under the direction of the late play by Fitzgerald Murphy, entitled "A Bit of Blarney."

TONIGHT'S ATTRACTIONS.

ORPHEUM—Vaudeville. EMPRESS—Vaudeville. Amusement Notes. "The Red Rose" will be the attraction of the Lyceum tomorrow and Saturday night when local theater-goers will have the opportunity of witnessing the big Globe theater.

Karl Greese, who is appearing this week at the Orpheum, is one artist who finds that vaudeville offers better than art. He is an oil painter of some reputation in his native Germany, and has several paintings on exhibition in art galleries in Berlin.

The popular belief that vaudeville patrons do not appreciate classical music is rapidly falling in disrepute. Mr. Frederic Voelker, who, with his wife, is appearing in the "Studio," as the feature attraction of this week's bill, at the Empress, "Up close a few years ago," said Mr. Voelker, "a musician who played entirely classically, because of the classical nature of the music, did not appreciate good music. But how could the vaudeville patrons appreciate it?"

Canthrox Makes Lovely Hair

Mrs. Mae Martyn, the prominent authority on beauty topics, says: "At present beauty seekers are perhaps most concerned about their hair. Increasing baldness among women, preceded by thinning locks and falling hair, is largely responsible for this unusual interest. The biggest mistake so many women make is in washing their hair with soap, the alkali in which dries and streaks the hair, making it coarse and brittle."

# Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

### LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

### LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLOMDEAU, 1541 Polymnia St., New Orleans, La.

### LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MATTIE HONOR, Box 406, Wauchula, Florida.

### LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself.

"I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

### ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1039 Hampton Ave., Newport News, Va.

## ON THE COST OF LIVING STUBBS ALL WROUGHT UP

### President Transmits Information Collected By Department of State. Telegraphs Tell His Supporters in Kansas Are Acting Disreputably.

### Co-operation and Cost of Living in European Countries. Roosevelt Gets New Chief Press Agent—Meets Vermont Men.

Washington, March 14.—President Taft in a special message to congress, transmitted the first installment of the information collected by the department of state in regard to co-operation and the cost of living in various European countries. The department, by action of the president, instructed the consular officers to make the investigation. The results of the inquiry are summed up in a letter from Acting Secretary of State Huntington Wilson, which is submitted with the consular reports and with a summary of their contents.

The president in his message says that the popular demand for information of this character apparently was based on the belief that some remedy might be found for the high cost of living. The immediate result of the inquiries instituted by the department of state through the consular officers was to accentuate the fact that the increase in the prices of the common necessities of life is worldwide, and that it is an absorbing question with the co-nations.

**Wages and Food Costs.**

Intelligence presented by the consular officers shows that even where there has been an advance in the cost of living, it has not kept pace with the rise in the cost of food supplies. The president says that the information collected by the department of state is a permanent contribution to the history of the efforts of producers and consumers to solve for themselves the economic problems of production, distribution and consumption. If the co-operative associations, which have been formed in half a century have not been able to determine the fundamental causes of the increased cost of living, or to retard the advance, the student of social progress may at least derive instruction from the account of the conditions and their influence on the well-being of their members.

The president also calls attention to the message of Feb. 2, in which he recommended an international commission to look into the cause for the high prices of the necessities of life and to propose possible remedies. Should such a commission be authorized by congress, he says, the relation of the co-operative societies to this subject would be of great interest.

**Feeling Universal Increase.**

Acting Secretary Wilson in the letter to the president, described the activities of the department of state in carrying out the president's instructions, says that while the consular officers were engaged in their investigations their attention was drawn to the facts given by the co-operative societies concerning the advance in the prices of the most necessary articles of food. The reports on the phase of the subject are uniform in showing that the members of the co-operative associations were feeling the universal increase in the cost of staple commodities.

London forwarded a table prepared by the co-operative wholesale societies which exhibited the increase of certain articles in the United Kingdom since 1908. The table shows that the per cent of increase in certain trades from 1908 to 1911 was 11.1 per cent, and in food prices 18.5 per cent. The wages of railway employees in that period had increased only 7.5 per cent. The consul at St. Louis, in a summary that during the past five years there had been an advance of 20 per cent in the purchase price of fresh beef, mutton, bacon, hams, butter, eggs, fruits, long dried fruits, sugar, coffee, tea, tin goods, women's apparel, footwear, clothing, cotton goods, bedding, furs, and sundries, and a list of other articles relating to general groceries, compiled by the Co-operative Wholesale society of Manchester, gave an instructive example of what the rise in the cost of provisions meant to an ordinary family. Taking the table as a whole it appeared that the increase with 1908 the increased cost of living in 1911 was 20 per cent.

**In France and Germany.**

The consul at Havre, France, reported food prices in November, 1909, and in November, 1911. All these, with the exception of the increase in the price of wheat, showed a marked increase. The consul at Lyons transmitted a table prepared by a summary of the average prices of various food commodities in 1909 and 1911, which was the only commodity that had not soared in price.

With reference to Germany, the consul general at Berlin reported that living conditions were seriously affected by the continued rise in the price of food products, many of the commodities having advanced far above all previous records. The average retail prices prevailing in fifty-one of the principal cities of Germany were given.

In Holland the consul at Amsterdam reported an official statement which covered such articles as beef, pork, eggs, butter, ham and wheat. It showed that the increase in prices had ranged from 16 to 55 per cent in the twelve years following 1908. Reports from consular officers in other countries showed similar advances.

There is something more than coincidence back of the fact that the advertised businesses that succeed in the unadvertised businesses that fail.

## AFTER JAIL TERM, WHAT?

### That Is Question Woman's Council Committee Wants Answered. Will Try to Solve Problem of Giving Petty Criminals a Chance.

### Roosevelt Gets New Chief Press Agent—Meets Vermont Men.

Duluthians interested in the reform of petty criminals and of helping the wayward citizen get back into the straight and narrow path, after having been convicted of a misdemeanor, have been invited to attend a meeting of the Women's council next week.

Mrs. A. B. Stewart, chairman of the committee on jail conditions in Duluth, will call a meeting of the organization to discuss the problem.

Miss Jean Poirier, state factory inspector, has interested herself in the movement, suggesting that in dealing with men who have been convicted of non-support and other offenses, officers be appointed to assist these men in obtaining a position and keep strict supervision over them to see that they live up to their promise.

"When men are only required to report to the court once a month" said Miss Poirier, "there is too great an opportunity for them to lapse back into the old rut. I have talked with Chief Fryer and Judge Windon on the subject and both are of the opinion that probation officers would solve the question to a considerable extent.

"Northwest in city but Duluth in the Northwest is without a society of some kind to assist those who would return to a better life in St. Paul, there is a 'Society for the Friendless' and it expects men under the present conditions in Duluth to lead better lives who are constantly released when it becomes known that they have been convicted of some offense.

"Then, there is also the question of what is to become of the young girls and boys who break the laws and for whose offense there is no adequate punishment or place of reformation. A special invitation to attend the meeting will be extended to all district court officers, judges of the district and municipal courts, county officers and to the chief of police. In fact any body interested or any one who has suggestions to offer, is urged to attend the meeting.

## STATE SENATE FLAYS PERCY

### Adopts Stinging Resolution After Reading Refusal to Resign.

### Adopts Stinging Resolution After Reading Refusal to Resign.

Jackson, Miss., March 14.—The Mississippi senate yesterday heard United States Senator Leroy Percy's negative answer to the demand of the legislature that he resign, and in response adopted a resolution lauding the senator.

The resolution, which came as the report of the committee on the resignation of the senator, was read by the speaker, and in behalf of the people of Mississippi and carrying out their mandate, the senate adjourned.

The legislature recently adopted a resolution, respectively calling the resignation of United States Senator Leroy Percy to his office, and in the event of his refusal to resign in the event of his defeat in the senatorial primary.

Continuing, the resolution avows that Senator Percy, in his reply, "has insulted to the legislature a majority of whom, both senators and representatives, being elected at the close of the same campaign and in the same primary, when he himself was so emphatically condemned and repudiated, and that he has so fittingly misrepresented and charges that the senator "has now forsworn himself, and in plain confession and avoidance repudiated his own unadmitted promise of resignation, in defiance of the will of the people and in brazen disregard of their desire so emphatically expressed at the polls."

As requested by the senator, his reply will be spread in full upon the journal of the senate. The secretary of the senate is instructed to send a copy of the resolution to Senator Percy, and that he be requested to have the resolution made a part of the Congressional Record. It should be noted that 1,000 copies be printed and mailed to members of the United States senate.

The resolution was adopted by a vote 27 to 11.

### Charles A. Ritter Arrested in East.

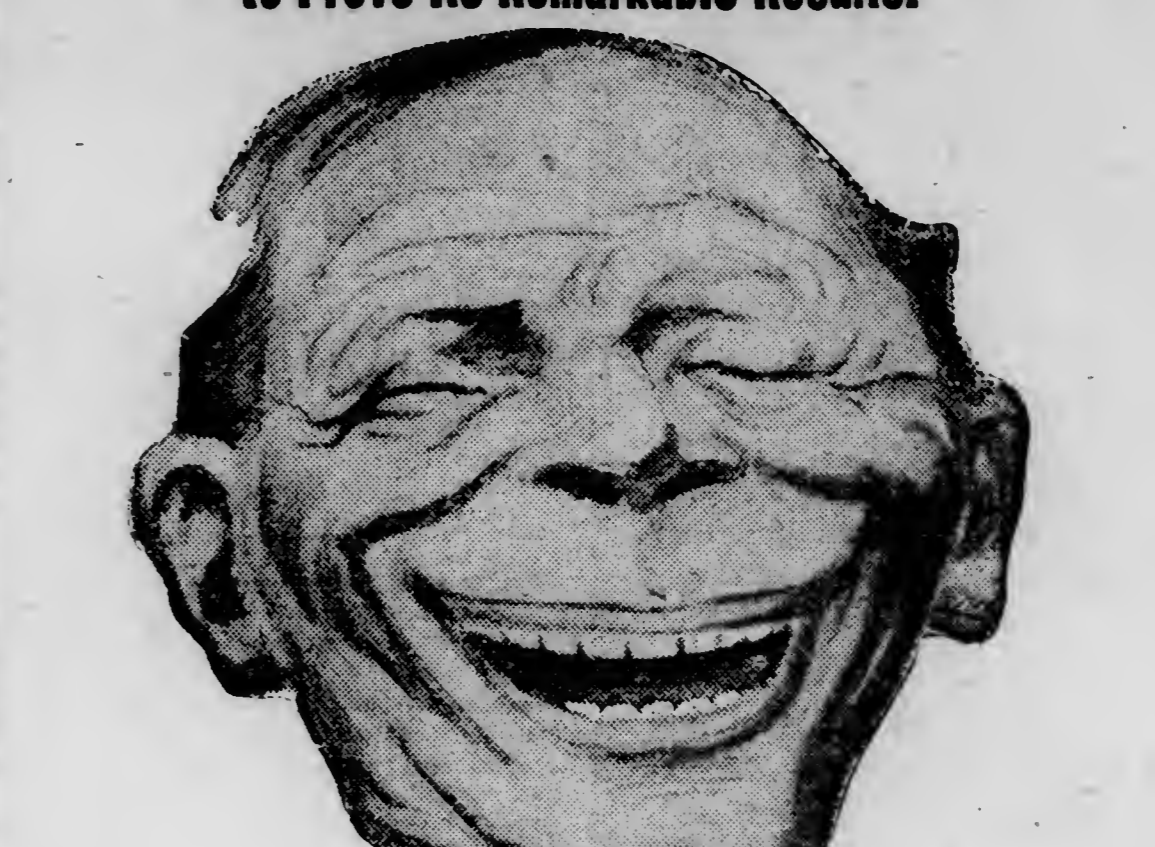

Baltimore, Md., March 14.—On the technical charge of obtaining goods valued at \$200 from the J. F. Budd Shoe company of Burlington, N. C., by means of false pretenses, Charles A. Ritter of Appleton, Minn., has been arrested here.

Went into Bankruptcy.

Minneapolis, Minn., March 14.—Charles A. Ritter, who was arrested in Baltimore, was declared a bankrupt here Jan. 29, 1912, and immediately afterward disappeared. According to information here, Ritter started a general store in Appleton and an auction store in Boston, Mass. in 1910. It is claimed that he bought heavily and that late last fall an investigation by the Northwestern Jobbers' Credit bureau, with the result that he went into bankruptcy. An attorney in to leave soon for Baltimore to handle the case there for the bankrupt.

Washington, March 14.—There will be no contest in the Republican national convention at Chicago over the seat of eight delegates from New Mexico, according to statements by officials of the national committee. Although New Mexico is strictly entitled to but six under the call for the convention issued by the national committee in December, Secretary William Hayward, to whom the question was referred, has decided to institute no action to prevent seating the increased number. New Mexico is the only state that loses a congressman by the new apportionment bill; and therefore the only state where a reduction in the representation to the Chicago convention occurs.

**Democrats Split, But Measure Is Expected to Pass the House.**

Washington, March 14.—The Democratic "free sugar" tariff revision bill was taken up in the house today and a bitter split in the Democratic ranks resulted. Democrats from came and beet sugar producing states had prepared speeches inveighing against the measure. It was contended by these members that the bill meant the end of the sugar-growing industry in the United States.

Chairman Underwood of the ways and means committee early made known his intention to carry the measure today, no matter how long the house might be kept in session. As a result, he was besieged by those opposed to the measure for time in which to make clear their positions.

Tomorrow debate is to be limited to five minutes for each member, and late tomorrow or early Saturday the measure is expected to pass.

The Republicans are prepared, when debate is ended, to ask for the recommitment of the bill.

**MOONEY ON HIS WAY HOME**

Fred J. Mooney, indicted by the Indianapolis grand jury with forty-six others, for conspiracy in the now famous dynamiting cases and who has been at Indianapolis for arraignment, is expected home today.

Mr. Mooney entered a plea of not guilty and his only attorney, John J. Mooney, was given until Oct. 1, to consult attorneys and formulate his defenses.

The men will go on trial together on Oct. 1. They were refused individual trials by Judge Anderson, before whom they were arraigned.

Mooney was the only one who was indicted. He had a hearing in Duluth before United States Court Commissioner T. H. Presnell, who decided that he was the man named in the indictment and that he must go to Indianapolis for trial.

The local man did not admit his identity. He claimed that there must have been a mistake as another man whose name was Mooney had once worked as a structural iron worker in Duluth.

The case was set for March 12 and continued by Judge Anderson until Oct. 1, to give the men a chance to make ready their defenses. The local man wanted very much to be tried alone. He believes that he can establish his innocence without any question.

He is out of jail on a bond of \$5,000 furnished by his friends.

**BOYS JOIN NEW CLUB**

More Than 125 Members Are Secured on the Opening Night. Limit of 200 Will Probably Be Secured Before Saturday.

The West Duluth Boys' club was opened last evening at the club rooms, 205 Censer avenue.

Long before the hour of opening the street was lined with boys anxious to get a glimpse of the new club rooms. More than 125 boys visited the rooms and more than 125 boys took out memberships. The club will be able to accommodate 200 members and the charter list will be left open until Saturday. All those who join up to that time will be known as the charter members, and will have their picture hung in the rooms.

A program was given last night by Miss Larson, the boys' department mandolin club, Cecil Gilliland and a squad of boys from the gymnasium. The speakers spoke of what the club plans to do. Messrs. Batchelor, Bevis and McLeod were introduced to the club and made short speeches. Mrs. Devier, president of the W. C. T. U., spoke of the boys of the West Duluth. The club is being operated by the women of the W. C. T. U. and will be operated by the boys' department, which will have a secretary present on each day the club meets.

The schedule is as follows: High school boys, Mondays, Wednesdays and Saturdays; employed boys, Mondays, Wednesdays and Saturdays at 3:30. These are the periods for the gymnasium. The club rooms will be open to all the members at any time.

The boys' department ministers will put on the musical show Saturday evening at the Great Eastern hall for the benefit of the club building, which is making all the arrangements. The proceeds will be divided between the club committees for the carrying on of their work.

The club rooms present a very attractive appearance. Pictures, penmanship, games, magazines and other things are in evidence. The club is making a very club-like look. The committee members for general and special work were given a tour of the club rooms and the boys who joined last night, and by Saturday they fully expect the charter membership will be filled. All the activities of the club will be put into operation.

About 200 men and boys living in West Duluth attended the first meeting in the interest of the Men and Religion Forward Movement held last evening at Wade's hall, Central avenue and Ramsey street.

The large number of boys who joined last night, and by Saturday they fully expect the charter membership will be filled. All the activities of the club will be put into operation.

**DULUTH INDUSTRIAL HIGH SCHOOL NOTES**

Baseball is the main attraction of the school and as soon as the weather will permit, practice will be given to the team organized to represent the school in the high school games.

Kredde will again have charge of the boys and Roy Williams will act as manager.

The senior class will hold another meeting at the class play, "At the End of the Rainbow," after the regular school hours tomorrow evening. Mr. McEwen has made a thorough study of the subject, both here and in Europe, and is well acquainted with the economic conditions of the working women. Several musical selections will be rendered during the evening by the Adams-Jewell quartet.

**Will Talk on Suffrage.**

William E. McEwen, former state labor commissioner and editor of the Labor World, will speak on "The Economic Phase of Women's Suffrage," at the meeting of the West Duluth Woman's Suffrage club to be held at the Irving school Tuesday evening. Mr. McEwen has made a thorough study of the subject, both here and in Europe, and is well acquainted with the economic conditions of the working women. Several musical selections will be rendered during the evening by the Adams-Jewell quartet.

**Buy Lumber Plant.**

The Hazelwood Lumber company of West Duluth has purchased the entire plant and site of the Johnson Lumber company at Thirty-ninth avenue and the Northern Pacific main tracks. John Cashin, manager of the Hazelwood company, made the announcement this morning and operations on an addition to the plant are to begin within a few days.

**Fined for Assault.**

Joseph Josnich, who was arrested last evening on an assault charge, was fined \$12.50 this morning by Justice J. Moran. Josnich was arrested on a warrant charging him with assaulting Frank Lueck, foreman of the maiting room at the People's brewery, where the former is employed.

Rev. M. S. Rice of the First Methodist church will deliver a lecture tomorrow evening on "The Devil Take the Hindmost," at the Asbury M. E. church, Sixteenth avenue west and Raleigh street. The address is the last of the special winter series of entertainments that the church has given during the past few months.

**PETITION FOR PAVING**

Property Owners Want Extension of Ramsey Street Improved. Petition Is Now Being Circulated for the Improvement.

Headed by Edward Dornedy, E. G. Kreidler and J. A. Root a petition is being circulated among the property owners of Ramsey street requesting the city council to pave and improve the extension from Central avenue to Grand, as early as possible. The three men are the heaviest property owners on the street, and they expect to get the required number of signatures.

The extension of Ramsey street by the city at a cost of \$4,800, it crosses the Northern Pacific tracks at Fifty-sixth avenue west. The sidewalk of the Eighth ward will be asked to secure an estimate of the cost of the extension as soon as possible.

Business men believe that as soon as the street is fully improved and paved for traffic, the market place will be established. They are all anxious to bring the proposition to a successful issue, and with the street in perfect condition, the matter will again be brought before the council.

The market site, which was purchased some time ago by the city and which is now owned by the city, is being offered to the highest bidder. The market site, which was purchased some time ago by the city and which is now owned by the city, is being offered to the highest bidder.

**With the Curlers.**

Brown won the Eately Trophy last evening at the Western Curling rink by defeating Holland, 12 to 5, in the final of the curling season.

**Hard Times Party.**

The Young People's Society of the Westminster Presbyterian church, Fifty-ninth avenue west and Ramsey street, entertained at a "hard times" party, at the church last evening.

**Mrs. Darling Dies.**

Mrs. Elizabeth Darling, 35 years old, wife of William Darling, 515 Coates street, died this morning after an illness of six weeks.

**West Duluth Briefs.**

For Sale—Household furniture, 27 West Fifty-ninth avenue.

**University Extension.**

Winnipeg, Man., March 14.—Strong objection to the incorporation of a University Extension society has developed in the Manitoba legislature.

**To Properly Treat Obsolete Wrinkles**

"Particularly where wrinkles are long and deep, the massage device is apt to rub too hard and too frequently," says Dr. Limoges. "This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought."

So had his shoes and the money which he had left. Gillis immediately dressed and hurried downstairs in his stocking feet. He borrowed a pair of shoes, and looking up a policeman, they started a search for Zimmerman and succeeded in finding him in a short time.

mer A. Towle, arrested in Chicago on a charge of grand larceny was brought to Duluth last night by Deputy Sheriff Levy. Towle is accused of obtaining thirty horses from a wagon driver, by false pretenses. It is alleged that he represented himself as a large owner of horse lands in North Dakota and was buying the horses to use them in working his acreage. Instead, he asserted that he shipped them to Chicago to sell them at auction.

Hazel Smith, colored, was arraigned in police court this morning on a disorderly charge. She is alleged to have been drunk and "roping in" passers by.

Sam Anderson, who has been loafing about the city most of the winter, looking part of the time at the police station and somehow managing to get into the city, was arrested yesterday by the police. He was a resident called up the police. It is stated that he is believed to be an epileptic.

Rowdy probers, led headed with the interior of the home of David Carlgill at Thirty-fifth street on Park street, were caught today by the police. The burglar was discovered yesterday afternoon by Mrs. Carlgill. During the absence from the city of her husband she had spent the night with her mother, leaving the home unoccupied.

The job looked like that of two drunken rowdies. The furniture was tossed about and damaged, dishes had been smashed, the contents of drawers scattered about. The whole interior looked as though an cyclone had swept through it. Scarcely an article in the house had been left untroubled.

The report of the affair has frightened the end of some of the residents of the winter quite a number of men were engaged to sustain the examination of the bay to the other for lack of the necessary dime required from one side of them are as tough as they look and are not to be trifled with. Some of them who entered the Carlgill home, at least one of the men having a key to the door, was seen to enter the door. The door was secured. The Park Pointers are now taking extra precautions whenever they leave their homes.

Ferdinand Zimmerman, 34 years of age, pleaded guilty in police court this morning to having stolen \$5.00 from the pocket of a woman on the hill for sixty days, being unable to pay a fine of \$15 and costs.

**SEWER CASE IS DECIDED**

Slight Reduction Allowed in Assessment for Woodland Project. Decision Will Not Cause Any Delay in Beginning Work.

In findings filed in district court today by Judge Dixon on the appeal of the Woodland sewer project, the Shogomoc company, and others from the Woodland sewer assessments levied by the board of public works, the city virtually wins its case.

On a \$10,000 assessment, the court allowed a reduction of less than \$1,000. The assessment levied by the board of public works against a 160-acre tract owned by G. G. Hartley cornering on the Hickman tract towards the southeast end was reduced to \$7,040 and a portion of \$7,040 an acre. The Shogomoc company which took an appeal from the assessments, are holding corporations for the land assessed.

The total reduction amounts to less than \$1,000. Mr. Hartley was assessed \$1,500 and Mr. Hickman about \$125.

The city authorities, it is understood, took the position that a substantial reduction in the assessments in this case would be considerably delayed for the reason that the board of public works is not authorized to supply the deficiency.

The application is cooling, soothing, tending to relieve fatigue and insomnia.

Ohio Woman Has Neighbor Arrested for Her Boy's Death.

Amherst, Ohio, March 14.—Mrs. Angelo Miragliotta, aged 22, was arrested here today on an affidavit sworn to by Mrs. Anthony Catalfo, who charges that her 2-year-old boy Philip was killed by being thrown into a kettle of scalding water by Mrs. Marigliotta on Feb. 22.

**STEAMER SINKING IN LAKE MICHIGAN**

Kansas May Go Down Before It Can Be Towed Into Port.

Chicago, March 14.—The steamer Kansas of the Northern Michigan Transportation line, carrying a crew of thirty-five, was this morning reported to be sinking in Lake Michigan, three miles from Chicago. The steamer left Milwaukee last night week for this port. There were no passengers on board. One side of the boat is said to have been crushed by the ice. Several steamers went to the relief of the crew.

**PAPER RATES ARE DISCUSSED**

No Conclusion Reached in Argument Before State Commission.

St. Paul, Minn., March 14.—(Special to The Herald.)—Classification of paper in such manner that the variety used in printing may be distinguished from what is technically known as writing paper brought on a discussion between shippers and R. C. Fyfe, chairman of the railroad classification committee, this morning as to what is printing paper used for writing paper, and when, the net result, as viewed by the state railroad and warehouse commission, before which the discussion took place, was a huge question mark.

Printing paper, according to the proposed new classification No. 51, should be shipped as third class freight. Writing paper should go as first-class freight. But when writing paper is shipped to a printer, who prints a letterhead on it, it is writing paper or printing paper.

The railroads say writing paper, the shippers say printing paper, because it is used as paper on which to print. The question was not determined, although the new schedule classifying it as writing paper is on file with the interstate commerce commission.

The matter is one of more than ordinary importance to printers throughout the Northwest. All paper according to statements made to the state railroad and warehouse commission, is sold by wholesale houses at 2 1/2¢ their price. The consumers pay the freight. If shipping as first-class matter the freight rate is vastly higher.

## BRUCE'S COLUMN

### COMMENT AND DIVERS DISCUSSION OF THE MERRY WORLD OF SPORT.

**B**OYS, the time for action has come! It is time that the alumni of the University of Minnesota came to the rescue of the tottering and crumbling athletic dynasty, bringing to an abrupt end the nonsensical farce that is being enacted at the state school, forcing by popular sentiment a drastic revision of some of the present rules, bringing university athletics in this state back to a basic principle where men of experience and intelligence and some acquaintance with red blood may remain to admire and not turn to scoff. Yes, gentlemen, the agitation against the faculty rule at the university is growing, and it is up to some of the graduates in the line of the state school, to use the privilege that graduation gives; to protest sternly and persistently against the regime that is making athletics at Minnesota a burlesque with slap stick accompaniment.

Protest is rising and shaking a finger of resentment at the present order of conducting athletics. The long suffering papers of the Twin Cities are beginning to voice the rumblings of discontent heard from the more prominent of the St. Paul and Minneapolis graduates. The time is ripe for a many-voiced protest upon the part of the students and graduates of the school.

The Western college conference is a moribund institution. The vacancy of its leaders has permeated the association. A. A. Stagg, a brainy and clever man and the real leader of the conference, and also the only man at all familiar with practical athletics in its midst, has played petty politics for what gain he could receive. He has been followed blindly by his dupes and the result has been a protest by college students against a continuance of conditions that have become intolerable to the student mind.

Ultra reform has become a fad and fancy, blown about on the chill winds of caprice. A student is debarred from athletics for selling tickets for the purpose of earning his way through college—and we are asked to consider the college instructors in a serious light. An example thus held up to the scholastic mind is one calculated to turn the mind of the self-reliant student to disgust and cause ridicule to chase respect for the responsible member into the weeds beyond the campus.

Graduates of the faculty rule of Western college athletics are at that stage where patience ceases, not only to be a virtue, but becomes a badge of servile humility. Illinois is experiencing the revolt of its students. The undergraduates of Urbana want baseball with Michigan, simply because none of the other conference teams are capable of giving the crack team of the West anything like a contest.

For over two years the students—remember it is the students who make football profitable—have asked for a return of the Michigan game, simply because Michigan has proved the greatest and most sportsmanlike foe of the doughy Gopher. With a narrowness amounting to bigotry the powers that be have refused, and are now recommending Chicago to play any team that the dominating Stagg saw fit to schedule.

This condition has been approved by the athletic authorities of Minnesota. The urbane smile of complacent ignorance, the vacuous grin of self-sufficiency, the fatherly tut tut of the meddling mentors, have greeted the righteous protests of the students and graduates. It is time that the faculty gentlemen would rid our game of its present state.

Have you noticed the football schedule of Minnesota for next fall? It was published in The Herald for the special benefit of the graduates of this section of the state. It is something inspiring, a work of art. Have you reflected the whole while at the college powers to pass over to the present condition is possible only through your lack of interest?

The Western College conference is the biggest joke perpetrated since P. T. Barnum mirrored the "three-headed" lady on the public, which was a reflection, of course. It is time that the faculty gentlemen would rid our game of its present state. It is time that the faculty gentlemen would rid our game of its present state.

If the student managers and the alumni representatives can make a more honest, can muddle conditions in a more tangled and meaningless manner, then let us all throw up our hands and admit that college athletics is indeed a failure, asking the chin-fuzzed freshmen and the safety-razored seniors to play marbles on the campus and work off superfluous energy in the pool hall and corner cafe.

Let us get back to the student and alumni control, for after all the student mind is an eminently fair one and the honor of the students, their judgment of the right and wrong, has proven infinitely more broad and sportsmanlike than the petty attitude that is today corrupting and rendering a subject for ridicule the athletics of Western colleges.

**K**ID BURNS is having his pictures taken and crownin' cause he went to the city the other day and fought with that Packey McFarland fellow. Kid Burns got a black eye, he did, and Packey had to keep out of other fights for a while. They say that the fight was a real rough one. A fellow named Abe Attell got a black eye also, just 'tother day. Some of the boys be forgettin' themselves a wee mite.

**Y**USSIFF MAHMOUT continues his placid way to the meeting place of the big low farmer who has for years looked after the interests of Gotch, and who has at the present time got the Turk in charge, wrote in the information from Omaha that Yussiff was right now at the height of his career and was the greatest wrestler that Europe has ever sent to this country. Emil states that the Turk is packing 'em in and will wrestle in a number of matches before starting the final training for Zbyszko.

**T**HIS Julia May Gifford person, who away from the two theatrical lights, is Mrs. Bob Fitzsimmons, must be one of those human magnets that Bertha M. Clay and Laura Jean Libbey are so fond of lucratively describing. Once she ran away from her husband and some captain was cast for a part in the piece. Now we read of some college fellow getting punched by one of the freckle fists of Red Robert for paying the ardent stuff for an answer when Mrs. Fitz rustled in the vicinity. It must be that Robert is jealous. He may have gone back and carry some busted knuckles and wheeze when he runs for a street car—but, and a but with ominous footprints around its door—anytime the old man goes against any college man, he be the leader of the cotton or the hammer thrower, we would like to have the price of three shirts on the freckled face.

## GETTING DOWN TO THE BIG EVENTS

Chicago, March 14.—Chicago's star bowlers competed in the minor events of the American Bowling Congress tournament today. Most of the players are Bohemians who drew down the majority of the prizes at the St. Louis tournament last year. Although there are no former champions in the list, it was predicted that leaders in both the doubles and individuals probably would be displaced.

Near second place yesterday appeared in the doubles in Alonzo Kraus and Edward McNew of Washington, D. C., who scored 1,212, while F. H. Brill of Chicago, who won the first national championship in 1906, scored 1,188 in the doubles and 649 in the singles for sixth place.

Kraus had an excellent chance to establish a world's record in the all-

### MINNESOTA'S GREAT ALL-ROUND ATHLETE

Events, as he had 687 for his share in the doubles and 649 in the five-man competition last night. Needing 512 pins to beat out Sallander, who topped the all-events, and 593 to be the first man to drop more than 2,000 pins for nine games, he fell down in the singles, scored 495, and brought his total up to 1,825 pins. His showing in the doubles was sensational. His only open frame in the last two games being a "railroad," which he cut down. He had one error in his opening game. He will rolled a splendid series. The veteran's only mistake was in the first game, when he picked off the No. 2 pin on a two-seven split. He drew a "railroad" in his middle game, but finished with strikes. Francisco of Omaha was second high yearling in the doubles and individuals.

**MEMONINEE TO HAVE INDEPENDENT BASEBALL.**

Memoninee, Mich., March 14.—(Special to The Herald.)—At an enthusiastic mass meeting of the fans it was decided to play independent baseball in Memoninee this year. It was decided to raise a fund of \$1,500 to place the team on a sound financial basis, and as soon as the money is raised the work of organizing the team will begin.

Thomas Riley, formerly of Escanaba, a noted college athlete, will act as manager of the team. The club organized for the season with the following officers: President, C. H. Busch; secretary, William Harmon; treasurer, E. J. Eilenwood; manager, Thomas Riley.

**Had Shade on Homeland.**

Milwaukee, Minn., March 14.—Fredie Andrus of Milwaukee had just a little the better of Joe Homeland of Chicago in a 10-round boxing match here last night. The boys fought without decided advantage up to the seventh, after which Andrus gained a slight lead.

## FRANCE HAS A WHITE HOPE

GEORGE CARPENTIER.

New Orleans, La., March 14.—Ever bear of the Nebraska Indians, the ball club composed of blue-blooded aborigines representing every nation of the copper-skinned family? Well, one of these chaps has tossed his top-piece into the ring, and is making ready to give the veteran, J. Belasco Tinker shortstop, vaudevillian and snaphotter, an awful battle for steady employment on the Cub team. The hero of this narrative is Lew Smith, a bright-faced Cherokee, who already holds the respect of every athlete in the party.

Lew won his right to a tryout under Chance by his brilliant all-round performance one afternoon while playing with a team that visited Glendora, Cal., one of the West coast schools. "Cap" quick to grasp the possibilities of the swarthy youngster, arranged to ship him to New Orleans when the team came here for spring conditioning, and Smith made the long ride across the mesquite region, arriving in camp Sunday night. The next day he was galloping over Pelican park such a way as to cultivate the esteem of his state mates, veterans and rookies alike.

As a ball player the son of the forest stands out as a real find. In a conversationalist his average isn't quite so hefty. Like Meyers, Roy, Bender and other men of his race, Lew wears a stolid front and plays the same single-handed. Further than this Lew once today long enough to skeletonize a few items of interest concerning his past, present and future.

He is fast approaching his majority and hopes to cast a vote at the next election, is 5 feet 11 inches tall, weighs 160 pounds, and bats and throws right-handed. An older brother, Burnham Smith, is going out this season as backstop with the Topeka club of the Western league. The first twelve years of his life Lew made his home in the famous town of Mendocino county, Northern California, where he blossomed into a husky child, working daily on the grain ranch. He next appeared as a student in one of the Arizona public schools.

After pursuing a brief course in rudimentary education Lew journeyed up to the Sherman school at Riverdale, Cal., this being an institution conducted along the same lines as the Hampton, Rhode school. While at Sherman, Lew buckled to his study and occasionally broke into baseball and football. He displayed rare talents in the national pastime and made the long ride across the mesquite region, arriving in camp Sunday night. The next day he was galloping over Pelican park such a way as to cultivate the esteem of his state mates, veterans and rookies alike.

## INDIAN IS STARRING WITH CHANCE'S CUBS

New Orleans, La., March 14.—Ever bear of the Nebraska Indians, the ball club composed of blue-blooded aborigines representing every nation of the copper-skinned family? ## CUBS ARE FORTIFIED WITH GOOD RESERVES

Chicago, March 14.—Few managers in the National league are better fortified in the utility department than Manager Chance of the Cubs. Few, if any, can boast of having "back reserves" competent of doing as well as any of the regulars when called upon in case of emergency. Having capable substitutes in one reason for the continuing success of Chance's team, and was proved in previous years when regulars were on the hospital list, Chance never starts a season without having a staff of able secondary men, and he will not break a precedent this year.

Artie Hoffman was retained for a few years as utility man, and at the time there was none better in the organization. He gained fame throughout the National league circuit for his wonderful ability as substitute. Outfielder Jimmie Foxx is being looked upon as a possibility. Then he could go in the garden the following day and make the fans sit up and take notice by some remarkable hitting.

When Chance was manager of the team he was on the verge of letting Hoffman go, but on each occasion Chance argued him out of the notion. The "Fearless Leader" saw in Hoffman a real athlete, and urged Seale to retain him. Then Seale was taken sick, and Chance was made manager. Hoffman was given all the opportunity in the world, and soon showed that he was a real player. He is now being looked upon as a possibility for the Cub team will not be the same as any of the competitors.

## DULUTH MEN ARE WINNERS

### Two Harbors and Superior Defeated in Annual Water Meet.

## Louis Ardouin Captures Four Firsts and Proves Feature of Contest.

The annual swimming meet held at the big tank of the Y. M. C. A. last evening was one of the most successful of all the meets of the past, the various events bringing out strong competition and high class performance. Duluth won the highest number of events, being an easy winner over the other competitors. Superior won two, Two Harbors one, and Duluth one.

The feature of the evening was the work of Louis Ardouin of Duluth, this being the first time during the evening. A large and enthusiastic crowd witnessed the various events, which were pulled off without delay and in well-ordered fashion.

The summary:  
 100-yard swim—Louis Ardouin, Duluth, first; Frank Williams, Duluth, second; B. Schick, Superior, third. Time, 26 seconds.  
 150-yard swim—Louis Ardouin, Duluth, first; Frank Williams, Duluth, second; B. Schick, Superior, third. Time, 42 feet; Winfield Davis, Duluth, 100 yards swim—Louis Ardouin, Duluth, first; Frank Williams, Duluth, second. Time, 1 minute, 15 seconds.

# ON THE IRON RANGES

## WORKMAN IS HUMAN TORCH

**Clothes Saturated With Gasoline Take Fire at Dale Uno Mine. Is Frightfully Burned Before Fire Is Extinguished May Die.**

Hibbing, Minn., March 14.—(Special to The Herald.)—Andrea Buyjeanon was seriously burned at the Dale Uno mine workings early this morning and may die. He is in a local hospital suffering great pain and the surgeons are doing everything possible to save his life.

The man was working on the night shift at the mine and his clothing had become soaked with gasoline from his working under a steam shovel, where there was a leaky pipe. As he completed the job he walked near the torch that lighted up the place. There was a flash and fire. His fellow workmen rolled him in the snow, but he was badly burned. His clothes were extinguished. Buyjeanon is about 40 years old and has a family in the old country.

## LITTLE SWAN BOY BREAKS HIS BACK

**Falls From Tree and Is Taken to Duluth for Surgical Treatment.**

Hibbing, Minn., March 14.—(Special to The Herald.)—Oscar Hill, the 18-year-old son of Jacob Hill, a well known Little Swan farmer, was taken to the county hospital at Duluth yesterday to be treated for a broken back.

His condition is serious and if he lives a surgical operation will be necessary. Young Hill had climbed into a tree at his father's home and losing his hold fell to the ground. He was brought to the Adams hospital here for the surgical operation, which the consulting physicians deemed necessary. Nothing but a hernia operation on the elder Hill since Monday. The physicians at the Adams hospital decline to be made responsible under the circumstances and as a result the young man was ordered committed to the county hospital.

## COOK SAWMILL IS DESTROYED

**The Ellsworth Plant Burns to Ground While Men Are at Dinner.**

Cook, Minn., March 14.—(Special to The Herald.)—While the men employed at the Ellsworth sawmill here were at dinner Tuesday noon, the mill took fire and was burned to the ground. The origin of the fire is not known. It had gained such a headway before being discovered that efforts to save the plant were futile.

The loss of the mill is a severe blow to the settlers and others here, and hopes are entertained that the plant will be rebuilt.

## JEWISH WEDDING

**Brooklyn, Minn., Business Man and Hibbing Girl to Wed.**

Hibbing, Minn., March 14.—(Special to The Herald.)—Tuesday afternoon, at the home of the aunt and uncle of the bride, Mr. and Mrs. H. Edelstein, here, the marriage of Miss Lena Edelstein and Mr. Garber, well known Hibbing Jeweler, will be celebrated. The wedding ceremony will be performed by Rabbi Kitzner of Agudas Achrim synagogue.

## NO DECISION IN INJUNCTION CASE

**Hibbing Anxiously Awaits Court's Ruling Upon Restraining Order.**

Hibbing, Minn., March 14.—(Special to The Herald.)—Judge Martin Hughes, who took under advisement the motion to dismiss the restraining order issued against the Oliver Iron Mining company, upon the petition of Mrs. Elizabeth Husarik Liend, has not yet announced his decision.

Should Judge Hughes rule favorably on the motion to dismiss, it is probable that arrangements will be made at once to resume operations of the Oliver Iron Mining company, which have been closed since the temporary restraining order was issued. It would deny the motion, it will mean that the case will come on for trial at the next term of the Hibbing district court in Hibbing in June, unless otherwise ordered by the court.

Attorney Victor Power, who brought the action for Mrs. Liend, contends that the Oliver is not enjoined from operating at the Hill-Rust and Sellers, except that nothing is to be done at the Hill-Rust or Sellers in any of its properties near the village of Hibbing.

While the injunction was issued against the Oliver, the Hastings for the past three weeks a steam shovel in the employ of the Northern Iron mine has been taking gravel at the Mahoning mine and has employed dynamite in its operations. However, there has been less blasting in Hibbing during the past six weeks than at any time since it became one of the most important mining camps in the world.

The general opinion prevails over the city that some way will be found for the mines to resume and that before the opening of the shipping season crews will be working at both the Hill-Rust and the Sellers.

## ELLEN ELJ IS UNDER ARREST

**Woman Wanted in "White Slave" Case Is Taken in Hibbing.**

Hibbing, Minn., March 14.—(Special to The Herald.)—Ellen Elj, wanted by the federal authorities in Duluth as a witness against Antonio Rano, now in the county jail at Duluth, was taken here today in municipal court on the charge of harboring a witness.

Thomas Fresnel, marshal with headquarters at Duluth, took her there.

The Elj woman had appeared in municipal court to testify at the trial of her brother-in-law, Charles Blair, who was charged with beating his wife. Blair is now in the county jail at Duluth. He beat his helpmate while intoxicated. He promised Judge Brady to quit drinking and as he is the support of the family the court allowed the suspension of his sentence.

## TWO HARBORS DOGS ARE BEING KILLED

**Unmuzzled Canines Shot By Police and People Are Objecting.**

Two Harbors, Minn., March 14.—(Special to The Herald.)—The local police are having a hard time at the same time are arousing a great deal of adverse comment in the enforcement of the ordinance for muzzling dogs.

The ordinance provides that dogs must be muzzled when out on the streets. The police have been shooting the dogs that are not muzzled.

As the police force does not seem to be able to control the dogs, it is said that the efforts of the guardians of the law were being frustrated.

Some of the objectors are Mr. Peterson, constable; D. E. Peiry, constable; and others.

**COAL STOCKS RUNNING LOW**

Northwest in No Position to Withstand Coal Strike.

The Northwest is in no position to withstand a coal strike, in the opinion of local dealers. Coal stocks are already low and the prospect of a late opening of the season of the year does not help the situation. If a condition should arise by which it would be impossible to move coal immediately at the opening of the navigation season, serious results would ensue in the Northwest. The lying up of important industries would be an inevitable result of a coal strike.

Russian Living Near Cass Lake Quits Country to Avoid Prosecution.

Cass Lake, Minn., March 14.—(Special to The Herald.)—Charles Gartz, a Russian living near the southwest corner of town appears to have been about the only person in Cass Lake able to keep liquor enough on election day to get drunk and disorderly. Gartz is "posted" in the saloons but was able from somewhere to secure a bottle of alcohol and Officer Warner took him to jail after a lively tussle. He appeared in court yesterday and pleaded guilty to being drunk and disorderly and was fined \$10, which he paid.

## SAVED FROM DANGEROUS OPERATION—NEIGHBOR ADVISED WHAT TO DO FOR BLADDER TROUBLE.

I too, wish to add my testimonial to the thousands you no doubt have, and will tell you what your great medicine did for me.

Several months ago I was taken very sick with bladder trouble, had intense pains and suffered greatly, at times I could not stand on my feet or sit in a chair and often was forced to cry out with pain.

I consulted two doctors who gave me different kinds of medicine, which did me no good. It seemed as though the more of their medicine I took, the worse I became. The doctors seemed to be greatly puzzled over my case and after holding a consultation, I was told that I had a severe case of inflammation of the bladder and an operation was very necessary.

I was being prepared to be taken to the hospital, when a neighbor came to my house and said, "Why don't you try a bottle of Dr. Kilmer's Swamp-Root?" I was willing to try anything to get relief from my suffering. My wife bought a bottle of your medicine which I began taking and soon noticed a change for the better. I continued taking it and got better right along, my appetite returned and I was in a way to resume work.

I have used about fourteen bottles of Swamp-Root and know that had I not taken it, I would have been operated on, and perhaps never recovered. I never fail to tell my friends about Dr. Kilmer's Swamp-Root as I know it will save many people from suffering and perhaps, as in my case, a dangerous operation.

Yours gratefully,  
SAMUEL WILSON,  
651 Pierce St., N. E., Minneapolis, Minn., State of Minnesota.

Personally appeared before me this 24th day of Sept. 1909, Samuel Wilson, of the city of Minneapolis, of the State of Minnesota, who subscribed the above and oath says that the contents are in substance and in fact.

M. M. KERRIDGE,  
Notary Public.  
Commission expires March 26, 1914.

**Send What Swamp-Root Will Do For You**

Prove to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of interesting information, telling all about the kidneys and bladder. arranged by... Godfrey... The sacrificing zeal and doughty deeds of the patron saint were so noted that even in this utilitarian age his memories are cherished and their birthdays commemorated. Each one has his particular quality, but those having more than a local fame, St. Patrick will outshine the others. He is the most noted, and March 17, his birthday, is celebrated every land. It is therefore fitting that the next free concert coming on his birthday should be characterized by music and songs with Irish melody and songs sung and loved by Irish people.

city is willing to furnish something for their entertainment.

The city of Duluth is so situated that the distance from Fond du Lac to Lakeside is twenty-six miles. We have our magnificent boulevard and drives, yet we have not one street extending the whole length of this city whereon we can travel with ease and safety in either carriage, automobile or a poor man's wagon. One good substantial street should be provided extending the full length of this city whereon traffic of all kinds could move with ease, safety and comfort. This is particularly true in respect to road from the center of the city to the steel plant location. We need a right-of-way from Spirit Lake to the location, but we gave it away to aid in the location of a steel plant.

The city of Duluth is situated in one of the richest counties in the world. Its principal product from the soil is iron ore. Millions, yes, billions of dollars have been taken from the soil. That product is owned and very closely held by a few individuals. These individuals have been attacked in legislative halls. One hundred and thirty-five men have been attacked by them to protect their interests. Many of these men are now in jail, promising a steel plant, but we have not yet received our product pass from our city yearly, and not any provision yet made for the shipment of even a small part of it here. In the meantime, in this country, there is as the one contemplated here has been granted by the same few people in another place. This country has while for the past ten years we have had a community of this kind. It is larger than the one contemplated here. It has been created here. We have been patiently waiting for the realization of a promise, supposedly following the faith, that steel would be made here. Now, however, it is being made in other places. It is being made in other places. It is being made in other places. It is being made in other places. It is being made in other places.

votes and C. S. Palmer received 1 vote. H. W. Chadwick having received a majority vote of all the aldermen-elect was declared duly elected as city clerk for the ensuing year.

A petition was presented asking for the appointment of Thos. Burke as harbor master for the city of Duluth for the ensuing year.
