WHITE MEN AND NEGROES FIGHT IN CHICAGO

WALTER SCOTT JAILED IN NORTH DAKOTA BUT GOT OUT AND WENT ON

Ex-Premier of Saskatchewan Was on Way From Victoria to Detroit Lake, Minnesota; Immigration Officer Took Harsh Action

Mahnomen, Minn., July 29.—At Pembina, North Dakota, yesterday, en route from Victoria, B. C., by way of Winnipeg to Detroit Lake, Minn., Walter Scott, ex-Premier of Saskatchewan, was peremptorily ordered from a Northern Pacific train at 10 a. m. by United States Immigration Officer E. B. Russell and kept locked up during three and a half hours until nearly two o'clock in a strongly barred cell. Mr. Scott says he then liberated himself by breaking through a plastered wall into a hall, which led to a stairway and the ground floor office and then it was simple to open a window and regain freedom. A jagged hole in the wall confirmed his assertion. Officer Russell later found Mr. Scott in the Northern Pacific telegraph office, and saying he should be arrested, went out and returned together with a man whom he said was a constable, but changed his mind on being shown the draft of a telegram, which Mr. Scott was filling, addressed to Sir Robert Borden, Prime Minister of Canada, regarding the incident.

AFGHANS' ATTITUDE NOT SATISFACTORY

British May Find It Necessary to End Peace Negotiations

Rawalpindi, Punjab, India, July 27.—The progress of the Afghan peace conference which opened on Saturday, encountered an obstacle when Sindar Ali Akbar Khan, president of the Afghan delegation, disagreed with Sir Hamilton Grant, chief of the British delegation, regarding the causes of the war, and denied that the British had had first thought of peace. He admitted that the British were militarily superior, but pointed out that the Germans had been in a similar position in the European war, saying the British had won because they had combined all possibilities. "Such a combination is open to Afghanistan," he continued. "The Indian Government must not suppose that the Afghans are a sleepy, ignorant people. The European war aroused aspirations in all nations." A barrier between Afghanistan stood as a barrier between British India, and asserted that a wrong outcome of the war would admit into India the flood of Bolshevism under which Russia was submerged. He declared that a just and honorable peace would check the flood as far as the Caspian Sea.

Russian Bolsheviks Tell of Uprising in a Town in Bulgaria

London, July 29.—A Bolshevik rising in Bulgaria is reported in a wireless dispatch from Moscow to-day. The outbreak is declared to have occurred in the garrison town of Amboli, the garrison joining the revolutionists.

PREPARATIONS FOR NEW DOMINION LOAN

Ottawa, July 29.—Early in August, it is expected, machinery will be set in motion for another Dominion loan to be subscribed this Autumn.

GRAIN DESTROYED BY FIRE IN WASHINGTON

Walla Walla, Wash., July 29.—A grain fire on the Bennett ranch on the Walla Walla-Princeton road destroyed 200 acres of standing grain, over 2,000 sacks of wheat, a separator and other farm machinery. The fire was exceptionally hard to handle on account of a high wind. Most of the loss was covered by insurance.

A FEW AMERICANS TO STAY WITH ALLIED ARMY OF OCCUPATION

Washington, July 29.—After September 1 the Allied army of occupation in Germany will be composed largely of French and Belgian troops, the House Military Committee was told to-day by Secretary Baker. He said there would be few American troops in this army. The figure he gave the committee was withheld at his request.

DETROIT FREE PRESS ANNOYS CANADIANS

Publishes Letters Reflecting on Canadian Army; Not Denied Mails Yet

Ottawa, July 29.—As far as can be ascertained, no action has been taken by the Government relating to The Detroit Free Press, which, according to a dispatch from Windsor, Ont., has been printing letters reflecting on the Canadian army. The newspaper question being an American publication, there is no action the Government could take other than to deny it the use of the Canadian mails.

HULL PEOPLE WANT BEER AND WINE

Hull, Que., July 29.—The City Council last night decided to ask permission of the Quebec Government to issue licenses for beer and wine. Last week the ratemakers by a vote of approximately eight to one voted to repeal the local option by-law.

GERMANS TO INQUIRE INTO CAUSES OF WAR AND WHERE GUILT LIES

Berlin, July 28.—Via London, July 29.—A Socialist motion to hasten the bill establishing a state tribunal to investigate the causes of the war and the guilt for it was passed by the National Assembly at Weimar to-day by a large majority.

VOTES FOR WOMEN

Little Rock, Ark., July 29.—Both Houses of the Arkansas Legislature ratified the Federal woman suffrage amendment yesterday. Arkansas is the twelfth state to ratify it.

PLANNING TO SETTLE IRISH QUESTION

Lloyd George is Expected to Announce Government's Policy Soon

London, July 29.—The Irish question is expected to come up for discussion in Parliament at an early date, when it is suggested by the parliamentary correspondent of The Daily Chronicle, who is in close touch with Mr. Lloyd George, that the Prime Minister may announce a definite Government policy. It has been too hastily assumed, according to this authority, from Mr. Lloyd George's references to the matter last Monday that the Government has no policy. On the contrary, the Government not only knows its own mind but has formed definite conclusions as to the best course of action, the correspondent says.

The Northcliffe press has been challenging the Prime Minister to produce his plan. That he did not accept the challenge, according to The Chronicle, was not because he has not got one.

Sir Henry Dalziel, who on several occasions before now has made parliamentary opportunities for the Prime Minister, will call Mr. Lloyd George's attention to new members of Parliament who have had no chance of discussing Ireland thoroughly and will ask whether, in the event of a desire for a debate on the Irish affairs being expressed, he will give a day for it before the summer recess.

OTTAWA CABINET DEBATES PLAN TO HAVE BOARD BUY AND SELL CANADA'S WHEAT

Ottawa, July 29.—Consideration of the wheat crop problem was continued at a special meeting of the Cabinet this forenoon, Sir Robert Borden presiding.

The main question before the Cabinet, it is understood, is a proposal that the Government should create a board to purchase and sell all wheat in Canada. After the selling of the wheat at the end of the season the Government would be in a position to determine the average price realized on each grade, and this average, it is proposed, would be the price to which the farmer would be entitled. In the meantime, the board would be authorized to make advances up to a certain point. The board, it is suggested, might have further power to vary the advances according to market fluctuations.

TO END SPECULATION

One object in creating such a board would be to keep in being all organizations handling wheat at the present time and put a stop to speculative buying.

GERMANS SEEKING BOLSHEVIK TRADE

And Bolsheviki Leaders Trying to Make Alliance With Germany

Paris, July 29.—(Havas)—A German delegation went to Bolsheviki Russia recently and returned with elaborate and alluring economic offers. The Echo de Paris states Bolsheviki Russia, the newspaper adds, is conducting a campaign to effect an alliance with Germany.

Cecil B. Harmsworth, Under-Secretary of State for Foreign Affairs, told the British House of Commons on July 17 that the Government believed Germany was attempting to establish trade relations with Soviet Russia and that a German mission had visited Bolsheviki Russia of was about to do so. He said he had no exact information on the subject.

A PROTEST

Paris, July 29.—The General Federation of Labor of France has issued a protest against the refusal of the French Government to vize the passports of delegates of the Italian labor organizations going to the Socialist congress at Amsterdam.

LOOKS FORWARD TO TOUR OF CANADA

Prince of Wales Awaits Departure From Britain With Anticipation

London, July 29.—The Prince of Wales is losing no opportunity of showing that he is eagerly anticipating his visit to Canada. Speaking at a dinner after the presentation of the Freedom of the Mercers' Company, one of London's city guilds, he said: "As you know, I am to sail for Canada in a week's time. My voyage certainly will be less perilous than those of the adventurers of olden times. I am to go in His Majesty's Ship Repulse, one of our latest battle-cruisers, but I shall share one advantage with those adventurers.

"Traveling and visiting new countries opens one's mind, and I feel it is a special advantage for me to visit the great Dominion so soon after the victorious conclusion of the greatest struggle in which the British Empire has ever been engaged, and in which all the Dominions have played so large and magnificent a part."

AMERICAN EDITORS IN WINNIPEG ON WAY TO VICTORIA

Winnipeg, July 29.—Two hundred American editors are in Winnipeg on a two-days' visit to the members of the National Editorial Association of the United States, whose itinerary will take them to Victoria, where the Association's annual convention will take place next month.

A COAL INQUIRY IN UNITED STATES

Washington, July 29.—After brief debate the Senate to-day adopted a resolution offered by Senator Poinsett, of Washington, a Republican, authorizing the Federal Trade Commission to investigate the recent increases in the market price of fuel in the United States, and especially on the Pacific coast.

SITUATION HERE

According to the press, Trustee Perry informed the Board, 192 students of the Victoria High School had written the junior matriculation examination for entrance into the British Columbia University. Of these only fifty-eight had passed, while twenty-six had been granted supplemental examinations to be written in.

OSCAR HAMMERSTEIN VERY ILL IN NEW YORK

New York, July 29.—Oscar Hammerstein, producer of grand opera, is gravely ill of a complication of diseases in a hospital here. He suffered a similar attack a year ago.

LIEUT. G. OGILVIE MISSING IN ENGLAND

London, July 29.—Lieut. George Ogilvie of the British Columbia Regimental Depot and formerly at Seaford and Witley, has been missing from London since June 5. He was injured recently in a street car accident, and had suffered from shell shock.

Canadian Hospital Ships Are Nearing End of Their Work

Montreal, July 29.—Information has reached military headquarters here that the great majority of the Canadian casualties and invalids have been returned to Canada and that only four more trips will be made by the hospital ships. This means that the two hospital transports, the Araguaia, which runs to Halifax, and the Essequibo, which runs to Portland, will only make two more regular trips as hospital ships.

WILSON PRESENTS FRENCH TREATY

U. S. Senate Refers Pact With France to Foreign Relations Committee

Washington, July 29.—President Wilson to-day transmitted to the Senate the special treaty with France by which the United States pledged itself to go immediately to the aid of that republic in the event of an unprovoked attack by Germany, and asked for its early ratification "along with the treaty with Germany."

Submission of the treaty came after sharp criticism by Senate Republicans, who for several days had openly charged on the Senate floor that in failing to present the draft of the pact along with the Treaty of Versailles, the President had violated one of the articles of the document. The President did not follow his usual custom of presenting the treaty in person. He sent it to the Capitol by special messenger along with a message explaining its object.

"Immediately."

The Franco-American treaty is almost identical with the one signed between Great Britain and France. One difference between the texts as made public by the French Foreign Office, to which attention has been called, is that the United States pledges itself to go "immediately" to the assistance of France, while Great Britain "consents" to assist that country.

By unanimous consent the French treaty was laid before the Senate Committee.

At the suggestion of Mr. Lodge the treaty was referred to the Foreign Relations Committee without objection or discussion.

STUDENTS' FAILURE TO BE INVESTIGATED

School Board to Ascertain Small Proportion Passing Matriculation

A sensation was caused at the meeting of the Victoria School Board last night when Trustee R. W. Perry sponsored a motion, which was carried unanimously, instructing the Municipal Inspector to investigate and report on the reasons why such a small proportion of the Victoria High School students were successful in the recent matriculation examination.

The results of the examinations in question, it is said, have caused not a little comment among parents and ratepayers and have certainly been hailed with dissatisfaction on the part of the students. It was an upshot of such remarks that he had heard, and of the fact that he had been approached on the subject by a number of citizens that Trustee Perry launched his motion. He wanted it to be understood, however, that in asking for an explanation for the failure of so many students, he himself was suggesting no reason and was merely seeking information.

ALBANIAN TROOPS OF ITALY

Number Trying to Oust Italian Troops of Occupation Growing

Salonica, July 29.—The number of Albanians in revolt against the Italian troops of occupation is growing daily according to the newspaper Maceonia. Several of the Albanian chiefs who were opposed to Essad Pasha, Provisional President of Albania, are co-operating with his partisans in an attempt to force the Italians to evacuate.

Trading in Wheat Futures Stopped on Winnipeg Exchange

Winnipeg, July 29.—Trading in wheat futures was ordered stopped by the Council of the Winnipeg Grain Exchange a few minutes after the opening of the market this morning.

TWENTY-FIVE KILLED AND WILD SCENES OF VIOLENCE IN CHICAGO

City in Throes of Racial Conflict; Promiscuous Shooting; Hundreds of Persons Wounded; Fierce Fight in Jail; Troops on Hand

Chicago, July 29.—A vicious fight between white men and negroes broke out in the county jail here shortly after 11 a. m. to-day. The white men outnumbered the negroes twenty to one and the guards were swept aside when they tried to stifle the trouble at its start.

Chicago, July 29.—Race rioting spread outside the South Side colored district of this city to-day. There was serious fighting and shooting in the "loop" early in the forenoon. The exclusive North Side residential district received a touch of disorder.

Killings continued after daybreak, bringing the number of dead, as reported to the police, up to twenty-five by mid-forenoon, and hundreds were injured. The police had under investigation three other reported killings.

STREET CAR MEN IN CHICAGO STRIKE

15,000 Are Idle; Men Would Not Hear of a Compromise

Chicago, July 29.—A strike of 15,000 street railway employees here for higher wages at four o'clock this morning tied up the surface and elevated systems. Six thousand of the surface and elevated men attended a meeting at the carmen's auditorium, at which the strike vote was carried by a shout. Representatives of the men attempted to give an explanation of the negotiations at which a compromise with the company was reported, but the men swept their officials from control of the meeting.

Boasting one of their number to the platform, the men put over the strike vote with a roar, then proclaimed in favor of an eighty-five cents an hour wage, an eight-hour day, a six-hour Sunday and a six-day week.

Chicago, July 29.—Some of the most serious race rioting of the day here occurred in the Cook County jail, when 100 negro prisoners, exercising outside their cells, overpowered a negro guard at the white prisoners' exercise room of the white prisoners. There were between 600 and 700 white prisoners in the room. When the negroes rushed into the room there was an instant clash.

The regular force of guards was unable to control the prisoners, and rather than attempt to quiet them, locked the doors and appealed for aid. The prisoners fought for an hour before they were beaten into submission with clubs. Several of the negro prisoners, it was reported, carried knives and a number of white prisoners are said to have been seriously wounded.

Chicago, July 29.—Joseph Powers, a white street car conductor, was shot and killed soon after daylight in the stockyard section. William Henderson, a negro, was arrested in connection with the killing.

A Wild Time. Chicago, July 29.—One unidentified negro was killed, and two negroes wounded at Wabash and Adams Streets, the heart of the downtown district, in race rioting which was renewed shortly before 7 o'clock this morning. During the two nights of rioting twenty-one persons were killed—thirteen white men and eight negroes. Hundreds were wounded.

Racial disorders spread to the North Side to-day, where a number of negroes were chased and threatened. Very few negroes live on the north side.

A hundred thousand negroes and an equal number of whites either fought in the streets and alleys or cowered in their homes while shots rang out. Mounted policemen galloped along the boulevards, patrol wagons dashed through the streets with prisoners and wounded and women and children screamed as men fought with cudgels, knives and fists.

When the rioting, which started Sunday night with the stoning and drowning of a negro who had drifted on a raft into the water of a beach used by whites, broke out afresh last

NOT ASPIRIN WITHOUT THE "BAYER CROSS"

Any Tablet Offered as Aspirin and Not Stamped with the "Bayer Cross" is Not Aspirin at All!

"Bayer" Now Made in Canada—No German Interest—All Rights Purchased from U. S. Government

There is not a penny of German money invested in "Bayer Tablets of Aspirin" nor will a German citizen profit by its sale or ever be allowed to acquire interest.

The original, world-famous "Bayer Tablets of Aspirin" is now made in Canada and can be had at your druggist's in handy packages.

Unless you see the "Bayer Cross" on package and on tablets you are not getting Aspirin at all.

During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. But there is no substitute for genuine "Bayer Tablets of Aspirin" which have been proved safe by millions for Pain, Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Grippe, Joint Pains, Neuritis.

Proper and safe directions are in every "Bayer Package."

Don't accept Aspirin in a pill box. Buy a "Bayer Package"!

Boxes of 12 tablets—Bottles of 24—Bottles of 100—Also Capsules.

Aspirin is the trade mark registered in Canada of Bayer Manufacturers of Monocrotic acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their monogram trade mark, the "Bayer Cross."

NO BRITISH VOTE ON NATIONALIZATION

Referendum on Coal Mines Not Feasible, Says Bonar Law

London, July 28.—(Associated Press).—The word "revolution," which foreign observers sometimes apply to the present transitional stage of British industrial and political life, is not popular here. Revolution, savors of bayonets and bloodshed and the British people do not foresee nor predict that. Reconstruction is the current term even though general result of work is being done and agitated for may, in the opinion of other peoples, amount to an industrial revolution.

A brief summary of the changes under way or contemplated for "should show that reconstruction—in Great Britain comes roughly under two heads, the official and the unofficial. The principal proposals which the Government is grappling with are these:

Nationalization of the two great basic industries, coal mining and the railways.

Government support for all persons of work through the organized industries. Schemes for Government housing—building for workers, and land for the demobilized soldiers.

A colossal system of electric power plants for manufacturing.

Increased pay for everybody in the Government service, which has already been granted to the navy and army, with further increases for postal and telegraph workers and the police. School teachers and other classes of public servants also are demanding increases.

DOMINION CIVIL SERVICE BONUS

Ottawa, July 28.—The Civil Service Commission yesterday published the report on which the payment of the \$10,000,000 bonus to Government employees is based.

The report explains the accepted method of measuring changes in the cost-of-living shows the effect which increases in Canada have had on the income of the average person and indicates the method of computing the new bonus.

ITALIANS SEEKING COAL FROM STATES

Rome, July 28.—Italy's coal supply, which it is estimated will last only eleven days, is causing increasing alarm.

REPORTS OF POGROMS GREATLY EXAGGERATED

Paris, July 28.—Henry Morgenthau, appointed by President Wilson as head of the American Commission to investigate reported pogroms in Poland, told newspapermen here yesterday that the short visit which he had made to Poland had convinced him that the reports of the pogroms were tremendously exaggerated.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives,' I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

BRITISH STATESMEN PRAISED BY BOTHA

South Africa Is Declared to Owe Present Position to Them

Cape Town, South Africa, July 28.—(Reuter's).—Speaking at the City Hall here, General Botha said the peace terms were onerous and in his opinion several points were superfluous and impracticable, but if Germany should convince the Allies that she honorably intended to carry out the terms, he was certain that the difficulties would be removed.

General Botha dwelt upon the League of Nations as the cornerstone of the world's future peace and emphasized that South Africa, for the first time in her history, was recognized as an independent nation. He paid tribute to the British statesmen for always striking a moderate note at the Peace Conference and declared that the important position of South Africa to-day was due to the situation in which the matter found.

HUDSON'S BAY CO. HAS ANNUAL MEETING

London, July 28.—The accounts presented at the annual meeting of the Hudson's Bay Company here yesterday showed a profit on fur trading of \$10,382, as against \$44,045 last year, and sale at shops and other trading profits of \$206,543, as against \$234,400 last year.

The chairman said the epidemic of last year had resulted in a considerable mortality among the aboriginal tribes from which the company's principal fur hunters were drawn. This doubtless would have a somewhat adverse effect on collections of furs, but if the prices falling at the moment were maintained, as seemed probable, the directors looked forward to a satisfactory return from this branch of the business.

A BEDTIME STORY

Uncle Wiggily and the Pears
Copyright, 1918, by Mactown Newspaper Syndicate. (By Howard R. Garls.)

"My goodness me, sakes alive—and some honey cake ice cream!" exclaimed Uncle Wiggily Longears one day, as he hopped out into the kitchen of the hollow stump bungalow, where Nurse Jane Fuzzy Wuzzy was cooking something on the stove.

"What's the matter?" asked the muskrat lady housekeeper. "Did you fall in the rain water barrel?"

"Oh, no," answered Uncle Wiggily. "But what are you cooking that smells so good, Nurse Jane? It makes me think of jam tarts, strawberry short-cake, orange marmalade and ketchup!"

"Well, it's something like all of those!" laughed Nurse Jane, as she stirred something cooking in a big iron kettle on the stove. "I am making spiced pears, and I'm glad you came in."

"So am I," exclaimed the rabbit gentleman. "I don't know that I ever ate spiced pears, but I am very willing to learn! Yum! Yum!"

"Oh, they aren't ready to eat yet, Uncle Wiggily!" said the muskrat lady housekeeper. "They are only partly cooked. But the reason I glad you came along just now is that I wish you would stand here by the stove and stir these spiced pears so they will not burn."

"Right gladly will I do that!" promised Uncle Wiggily, with a low and polite bow of his twink, pinkling nose. "I shall stir the spiced pears as long as you want me to, Nurse Jane."

"Oh, it will not be very long," spoke the muskrat lady. "I need just a little more vinegar and sugar to put in them, and I'll run across the woods and borrow some from Mrs. Longtail, the mouse lady."

"And you want me to stir the spiced pears until you come back; is that it?" asked Uncle Wiggily.

"That's it," answered Nurse Jane. "I won't be gone very long. The pears are almost cooked. Just a dash more of vinegar and a sprinkle of sugar, which you want me to, Nurse Jane. Here I'll get from Mrs. Longtail, and they will be cooked and ready to eat when you are cool."

"So, while Nurse Jane hurried across the little clump of woods across from the hollow stump bungalow, Uncle Wiggily stood near the stove, stirring the spiced pears. They kept on smelling better and better, and nicer and nicer, and more and more spicy, and Mr. Longears was thinking how good they would taste, with some hot bread and carrot butter, when all of a sudden, something jumped right in through the open window of the bungalow kitchen.

"Dear me!" exclaimed Uncle Wiggily, turning around to see who it was. "You must be in a great hurry, Nurse Jane, to jump in the window that way!"

"O, ho! I am in a hurry!" cried a snippy voice. "I'm in a hurry to get some of your sauce!" and there it wasn't Nurse Jane at all, but the bad old Skeezicks!

"Oh, dear me!" cried Uncle Wiggily, but he didn't stop stirring the spiced pears on the stove. "Please go away and don't bother me!" he begged the Skeezicks. "I am very busy helping Nurse Jane."

"Yes, and I am going to be very busy, in a minute, helping myself to some of your sauce!" cried the Skeezicks. "Look out for yourself! Here I come!"

"Dear me! This is most unfortunate!" said Uncle Wiggily. "Oh, I know what I'll do!" he said to himself, as he watched the kettle of spiced pears have some, and when he takes a taste they'll be so hot that he'll burn his tongue and then he won't want any of my sauce. I'll do that."

"So Uncle Wiggily, very politely, said: "Won't you have a little of Nurse Jane's spiced pears before you take any of my sauce, Mr. Skee?"

"O, ho! No indeed I won't!" cried the Skeezicks. "I know how you fooled my friend, the Pipsisawah, giving him plum pie with stones in it. You don't catch me that way! Here I come for your sauce! I don't want any spiced pears!"

He was just going to grab Uncle Wiggily when, all of a sudden, in through the open window, flew a lot of stinging bees, and wasps and hornets and yellow-jackets and long, thin darning-needles! And they all swooped down on the Skeezicks and they stung him so hard that the bad chap cried: "Wow! wow! wow!" three times, just like that, and out of the window he jumped, not hurting Uncle Wiggily at all.

"O, I'm so glad you came in time to save me!" said Mr. Longears to the bees, the wasps, the hornets and darning-needles, who, of course, wouldn't hurt the bunny.

"Yes, we always come around whenever we smell spiced pears cooking," said Mr. B. Umbles Bee. "You just can't

help it. And when we smelled the spicy smells from your bungalow to-day, we just buzzed along, hoping you of Nurse Jane would give us a few drops of the juice to favor our honey with."

"Have as much as you like!" cried Uncle Wiggily, in his most jolly voice, and when Nurse Jane came back, with the sugar and vinegar, she finished the spiced pears, and the bees and wasps had as much of the juice as they wanted. And the Skeezicks didn't have a smidge. So if the roller skate doesn't slide through the hole in the rubber ball, when it plays croquet with the tack puller, I'll tell you next about Uncle Wiggily and the bell.

Boyd, M.A., solemnized the marriage of Thomas Harry, son of the late James Houghton, lawyer, of Liverpool, England, and of Arlington, Birkdale, Lancashire, to Margaret, widow of the late Dr. Richard Aubrey, of The Beeches, Bath, England, and of The Chalet, Okanagan Lake, B. C.

A romance of the war lies behind the announcement that Clutha N. Mackenzie, youngest son of Sir Thomas Mackenzie, High Commissioner for New Zealand, is engaged to Miss Doris A. Sawyer, younger daughter of Mr. Harcourt Sawyer, of Springhill, Windsor, Nova Scotia. Mr. Mackenzie is twenty-four. When war broke out he enlisted in the New Zealand Mounted Rifles, served in the Dardanelles, and was blinded by a bomb in Suvla Bay. Miss Sawyer first met at St. Dunstan's Hospital, where Miss Sawyer helped to look after blinded men. Mr. Mackenzie, who is six feet three inches in height, is on his way to New Zealand, where he hopes to stand for Parliament, and take up an literary work. Miss Sawyer is to join him there, and the wedding will take place about October.

GARDEN FETE TO AID CHURCH ORGAN FUND

In aid of the organ fund of St. John's Church, a garden fete is to be held in the beautiful grounds to the residence of Mrs. J. H. Todd and Capt. J. H. Gillespie, Fairfield Road, on Thursday, July 31, during the afternoon and evening. The lovely grounds are charmingly adapted for an open-air function and should prove a big attraction. In addition a number of booths have been arranged, and the out-door attractions will include games under the direction of Miss Alice Pooley, fortune-telling and various contests. Tea and ice cream will be served throughout the afternoon, and a programme of music will add much to the pleasure of the event. The affair will be continued in the evening, when an especially pleasing concert will be given under the leadership of G. Jennings Burnett, the church organist. The proceeds of the fete will be devoted to the church organ fund, and it is hoped that all members of the parish as well as the general public will wish to contribute. It is regarded as the most enjoyable fete of the mid-summer season.

A PERFECT WIFE

Will of American Officer Contains Remarkable Tribute to His Wife; Unbroken Pledges.

"My wife, in my estimation, is the most perfect woman I ever saw, heard of, or knew of." This is a passage from the will of Major Charles G. Baird, of New York, who was killed in action in France in April of last year.

"His will contains the following: 'She was endowed with marvelous courage, a very strong will, an intensely high ideal of honor. Our love never at any time diminished, but has grown always till I feel it has reached a point when it can reasonably be considered the acme of perfect love. I am the richest man in that I am blessed with the truest and most honorable and loving wife in the world.'

Major Baird adds that he had never broken any pledge or promise to his wife, never told her any falsehoods, "except such as were necessary to buy her presents to surprise and cheer her."

From shop to shop we flew for you; We often got wet through for you; For hours we used to queue for you; In Nineteen seventeen; How highly then we rated you; At last they regulated you; And now you're liberated you— Oh, faithful Margarine!

WAR HAS IMPROVED LABOR CONDITIONS

Miss Ida Tarbell at Chautauqua—Reviews Labor Commission's Discussions

NEED FOR FORUM TO AIR GRIEVANCES

"If I had my way, when an I. W. W. comes into town, the last thing I would do would be to arrest him. I would get him in the open air and make him talk, but I would have an intelligent person on a soap-box beside him to ask him questions and make him argue it out in public. Trust the public to listen intelligently. No one can calculate the good that Hyde Park has been to Britain. The soap-box orator, no matter how fiery he be, is less explosive than the agitator who conducts his campaign in a small room hidden away from the powers of law and order." The foregoing was one of the shrewd observations made by Miss Ida M. Tarbell, the prominent American authoress and publicist in the course of an address at Chautauqua last night on the subject of "Labor Problems and the War."

Mutual Understanding.
In the course of her vividly interesting address Miss Tarbell showed that the war had wrought immense changes in labor conditions, tending to a bigger and better understanding between employer and employee. The outbreak of the war with its necessity for tremendously increased production had led to the necessity for a change in the old order. Conditions of work and hours of labor were readjusted, to permit of increased efficiency in the industrial world. Particularly had this been so in England where "one of the finest outpourings of patriotism in the world" had never seen had been among the women of England.

Conditions vs. Efficiency.
Women of means and women of culture had given up all to enter the munition factories. But this resulted in some grave abuses. The women were quickly working themselves out. To remedy this a Labor Commission was appointed to investigate conditions and their report finally established the close relationship between proper hours and increased production on the one hand and the greater efficiency and more working conditions on the other. The result was that a wonderful system had been worked out in England, and had been the inspiration for a similar adoption in the United States.

In the United States the standards of labor had been enormously advanced by reason of the war. The tremendous waste of human life on the battlefields of Europe had awakened those at home to the necessity of conserving life in the industrial world. A Safety First movement was inaugurated to reduce the annual toll of life taken by accidents in industry. The laboring man used to be fatalistic in this respect and the employer, if plants look upon an accident as "The Will of the Lord." But the Safety First movement had aroused each to a sense of responsibility with a result that the death-toll had been decreased with amazing result.

Scientific Management.
Another movement which had received a tremendous impetus with beneficial results to labor was the modern form of management in industry. More scientific methods were being employed and there was to be seen a slow but sure tendency towards the inauguration of the profit-sharing system. In the States this was taking the form of a demand for nationalization of railways and natural resources.

The war had wrought what is tantamount to an admission from the big employer that the working man is no longer to be regarded as a commodity to be traded in, but as a human factor, and as such to be treated with justice, not only in the matter of wages but in improved working conditions. These scientific managements had realized that it was working a wrong to society for the laborer to work under conditions or for hours that impaired his efficiency. This had been realized in France and Britain

and a new system had grown up, said Miss Tarbell, which had met with so much success that there would never be a return to pre-war conditions in the industrial world.

A Common Forum.
"One of the great needs of labor and capital is a common forum for the discussion of problems arising in the industrial world," continued the speaker. Hyde Park had proved of incalculable value to Britain in this regard, for every man was there allowed to air his grievances. The Labor Commission appointed by the Peace Conference was a vast step in the right direction, in that it furnished an international forum in which all the signatories in the League of Nations could consider their industrial and economic conditions. Big questions would arise and must be met with tolerance and wisdom.

The Pride of Labor.
The past four and a half years, with its demand for increased efficiency had tended towards better conditions for the working classes and shown that the best worker was he who took a pride in his work and found a joy in performing "the common task." The speaker was of the opinion that when work was elevated and no task was considered menial, with the result that each worker derived a pride and joy from his task, then a big step toward the solving of the problem of industrial unrest. The discussions by the Labor Commission of the Peace Conference had revealed the general view that the day was coming when everyone would be a "laborer" with hands or brains, and that the parasitic class would be eventually eliminated.

One of the knottiest points in the debate on the inauguration of the Labor Commission at the conference continued Miss Tarbell, was the question of enforcing the recommendations made by this commission at its coming annual conferences. After considerable discussion in which it was pointed out that many of the nations involved were handicapped by backward industrial conditions with no standards of labor, it was decided that a policy of education must be followed, under which the smaller nations must be won over to adopt the

recommendations. This great step would prove of tremendous advantage to industrial conditions the world over and would result in industrial problems being considered not from a national, but from a world-wide, standard.

JAPANESE WOMEN TO TAKE UP JOURNALISM

Miss Miyo-ko Kobashi, proprietor and editor of the Fujin Shubo, the Women's Weekly, will come to America early in August for a three-year stay for the purpose of investigating the courses in journalism in the leading American Universities.

Miss Kobashi comes at the invitation of the founders of the new Tokyo Women's University, of which Dr. Nitobe is president. Upon her return she will be in charge of the course of journalism in that school.

The Hochi quotes Miss Kobashi as saying that at this juncture in the world's history, Japanese women should awaken to their opportunities in vocations which are adaptable to them, especially journalism.

She expects to be present at the International Labor Conference in Washington next October, and at the International Women's Council which will be held in Bern, Switzerland, next spring. During her stay in America she hopes to give Americans a better understanding of Japan, an understanding which now consists largely of misinformation about cherry blossoms and geishas.

"Yes, grandma," said a fair young thing, "I am to be married during the bright and gladsome month of July."

"But, my dear," said the old lady earnestly, "you are young. Do you feel that you are fitted for married life?"

"I am being fitted now, grandma," explained the prospective bride, sweetly. "Seventeen gowns and three costumes."

MRS. GLADSTONE'S DOG.

To the Editor:—The letter of Catherine Gladstone about her little dog finds an answering chord of indignation in many hearts. Even a dog has surely the right to defend itself without the charge of viciousness. It would be fairer to punish the child who provoked the assault.

SALVATION ARMY BAND.

To the Editor:—Bandmaster De Lamont had a letter published recently in which he complained that \$50 was too little remuneration for the Salvation Army band's services in the Peace Parade on July 15. As the members of the Parade Committee we feel called upon to let the people of Victoria know the facts, as it is their money that we are entrusted with.

When the first meeting was called to discuss the peace celebrations, Commissioner James, of the Salvation Army, voluntarily offered Mayor Porter and the general committee the services of the Salvation Army Band free of charge.

MRS. GLADSTONE'S DOG. To the Editor:—As a real lover of dogs, I must say that I think Mrs. Gladstone was treated most unfairly regarding her little dog and she has all my sympathy. Why should a dog be destroyed because it was defending itself? It has not been the first case of the kind in Victoria and it is always a spoilt, disobedient child who is the cause of all the trouble.

INDUSTRIAL SAWMILL CENTRES FOR VANCOUVER ISLAND.

To the Editor:—I append a few suggestions pertaining to the possible development of our raw and agricultural resources, more particularly timber and agricultural land on Vancouver Island.

The idea of bringing industry to the raw materials on Vancouver Island at this time is especially opportune, because lumber is so exceptionally high and with an unlimited market.

The establishment of small mills would provide the logged-over land, which could then be seeded and used for pasture, while it is in the slow process of clearing; also taking into consideration the fact that the C. N. R. without industrial development (although running through or tributary to the finest timber) would be a great liability, but with a vigorous industrial development, along lines suggested, in properly selected places all over the Island, it could be made a very profitable branch of the national highway, as well as the life of future permanent industrial development.

I have watched successful and unsuccessful land clearing all over Vancouver Island, particularly the land clearing scheme of the C. P. R. at Ladysmith and the C. P. R. clearing at Qualicum, and the townsites at headquarters in the Courtenay Valley and the Experimental Farm at Saanich, and many others, and all these large concerns had unlimited cheap money and machinery and medium-priced labor, and their experience was that it cost twice as much as the land was worth for agricultural purposes, but remember the reason—they were blowing and tearing out green stumps—not logged-over land. Are we at this time

going to put the individual person up against the impossible conditions that even a big corporation could not do at a reasonable expense under more favorable conditions, or will we profit by their experience? Let us bear in mind that the best timber grown on good land, and if the settler is a practical man, which he must be, and has or will have logged-over and to develop he will discover as a rule that there is five to twenty-five per cent. of it which he can bring under cultivation in a short time and at a much less expense than he can the balance.

Among some of the advantages of this industrial settlement scheme will be the elimination of the Asiaties, stabilizing the lumber industry through the work being done off by permanent interested residents, and providing freight both ways for the C. N. R. The advantage of centralizing settlements would be to better and cheapen school expenditure, and would also cheapen the cost of road and public work maintenance by almost doing away with the individual roads serving isolated settlers.

The establishment of these small sawmills (which could be operated cheaply with an approximate cut of from ten to twenty-five thousand feet a day) would mean large prices could be paid for stamperage, because of the small cost of getting logs to the mill.

If there should be any doubts regarding the capability of returned men successfully operating sawmills, I would like to point to the many flourishing sawmills operated, owned and managed entirely by Hindus, so I think, the returned man would be equally successful, and thereby to a considerable extent prevent this part of the lumber industry from passing into the hands of the Hindus entirely.

At some period in our lives there is sure to come a time when the stomach is "off"—not working well—failing to enjoy and digest its food. Main thing then is to get the right medicine. You really want a soothing medicine, one quick to act, sure on results, combining the virtues of a gentle laxative with a tonic effect upon the stomach, liver and kidneys.

Certainly the world affords no better medicines for the stomach than Dr. Hamilton's Pills of Mandrake and Butternut. Their laxative effect is ideal—can't be beaten! But in addition to their helpful action upon the bowels, these pills contain certain ingredients that strengthen and invigorate the muscles of the stomach, thereby relieving all sorts of stomach misery, indigestion, sourness, rising gas, headache and biliousness.

Just try Dr. Hamilton's Pills—they'll make you full of energy—briming over with snap; they bring and maintain robust, sound, vigorous health, and isn't that just what you've looked for these many months? REFUSE A SUBSTITUTE FOR DR. HAMILTON'S PILLS; 25c per box, all dealers.

INNS AND THEIR CUSTOMS. Abroad, where many quaint and curious hotels, taverns, and inns of respectable antiquity abound, it is natural to find numerous odd customs. For instance, there is an inn in a town on the Rhine wherein whenever a patron is heard to swear he must place a coin equivalent to the bar on the counter.

MATCHING THE STARS FOR NEXT FIGHT CARD

Foundation Organization Arranging Tournament For August 8

The Foundation Boxing Club will stage another tournament at the ship-builder's club rooms on the evening of August 8, and it is confidently asser-

ted by the promoters that this event will rank with the best of these entertainments held in Victoria in recent years.

The Ladysmith Club, which on such a successful tournament at the Coast City on Saturday last are sending the pick of their boys to compete, and Nanaimo will be represented on some of the bouts.

The V. I. A. A. have signified their intention of entering the cream of their able collection of scrappers with the result that a card of matched events will be arranged in which the ability of the various boxers will be the principal guide in arranging the contests.

Old Rivals to Mix. Those old rivals, Billy Sneddon and Roy Baker will mix again, and this time alone should be worth the trip to the Foundation Club House.

These boys, before the war, were keen rivals for the thrilling contests between the pair. Both have participated in the big scrap in France, and since their return have met but once the occasion being the recent V. I. A. A. tournament at the Crystal Theatre.

On this occasion Sneddon was awarded the decision after the closest and best bout of the tournament, but Baker is anxious for another go at his old rival, claiming that he can reverse this verdict.

Out With Challenge. Another mill which the promoters are trying to arrange, and which should prove a hummer, is that between George Corlie and Charlie Clark in the 155 pound class.

At the city championship tournament at the Crystal Theatre, on July 1. That was Harry's first appearance in the ring for some months, and he states that he was not in the best of shape for the encounter. He has been training faithfully since.

Champion For Martin. An effort is being made to have Moffat, the 125 pound P. N. A. champion, come over from Tacoma to meet Charlie Martin, the Foundation's star 135 pound performer, and should this materialize, the scrap will be worth going a long distance to witness.

Suitable opponents will also be found for Charlie Picca, and Dutch Hill, the 115 pound and 125 pound P. N. A. champions.

Newsboys of Course. There will, of course, be a newsboy competition included in the tournament, and the winners handsome prizes will be presented.

Lewis Defeated In Bout With Britton. Chicago Welterweight Champion Gets Every Round With Englishman.

Jersey City, July 29.—Jack Britton, of Chicago, welterweight champion, easily defeated Ted, "Kid" Lewis, of England, former title holder, in an eight-round bout at the Armory Athletic Association last night.

Britton earned the honors in every round except the first. Britton, who is thirty-five years old, was too fast for his younger opponent.

Falling in an attempt to outbox the champion, Lewis changed his tactics and began to slug but was forced to run second best at this style also.

Lewis appeared to show the effect of his lay-off due to illness shortly after he lost his title by a knockout at the hands of Britton several months ago. His judgment of time and distance was poor at times.

At Montreal. Major "Bill" Gordon announces that he has arranged and obtained government sanction for a fifteen-round boxing contest to be held at Montreal at the end of next month between Jack Britton and Ted Lewis. The receipts will be for the benefit of the Army and Navy Veterans' Association.

Ladysmith Boxing Bouts. The following were the results of the three-round bouts held at Ladysmith Saturday: Snedden (V. I. A. A.) beat Sherwood (Extension).

Kirby (Foundations) beat J. Mitchell (Ladysmith). A. McLeod (Ladysmith) beat Ford (V. I. A. A.).

C. Martin (Foundations) beat A. Morgan (Ladysmith). J. Morgan (Ladysmith) beat Clark (Foundations).

W. Hankin (Ladysmith) beat Baker (Foundations). Horne (Nanaimo) beat J. Cello (Ladysmith).

An exhibition bout between the Davies children, Albo and Jumbo (dustweight class) was greatly enjoyed.

"No your new coat came this afternoon. Do you think you can keep her long?" "Well, she can't get any train back till to-morrow morning."

FOUR CUPS AND PRIZE FOR EVERY SWIMMER COMPLETING COURSE IN TIMES' MARATHON

Cups on Display in Wilkerson Window—Interest Grows as Date of Race Draws Near

Four handsome cups have been donated, and a prize has been assured for every competitor finishing the course in The Times long distance race. Mayor Porter has generously donated a cup for one of the first four competitors.

Indications point to every club in the city being represented in the race, and there is a general impression in swimming circles that a new winner may be found for the race this year.

Representatives of Yarrow and the Foundation Club have stated that they will be represented in the race, the enthusiastic swimmers of the Y.M.C.A. are bound to be out for some of the trophies, and the first entry received in The Times office this morning was from a young member of the Victoria Amateur Swimming Club, Miss Helen Fox.

FOUNDATION LACROSSE MEN ENJOY FIGHTING

Want Challenges From East For The World's Amateur Trophy

Ed. Brynjolfsson's stick-handlers, wearing the green and white colors of the Foundation Company, who have clinched the Mann-silverware, emblematic of the world's amateur lacrosse championship, are anxious that there should be no doubt of their claims of being world beaters in the amateur class.

Besides garnering the world's historic trophy for the first time for the Island, they are anxious to prove their ability to beat all comers and are looking for all the competition they can obtain.

If no challenges come through from leaders of other leagues in Canada, the shipbuilders and the Island's amateur lacrosse stick-handling aggregations that their right to the cup can be disputed on the field.

The shipbuilders will practice to-night at Royal Athletic Park. President Christopher asks that a full attendance of players and others interested in the P. N. A. tournament at a meeting will be held immediately after the practice.

Prospective challenges and other business that goes with wearing world's championship laurels will be one of the matters that will come up for consideration.

The City League. Of the city league clubs, Bob McInnes' men will practice Thursday night in readiness for their tilt with Sidney. Mac's Nationals will soon be taking the field in neat purple and gold uniforms, with which George Straith is equipping them.

Regina Races Draw AN IMMENSE CROWD. Regina, July 28.—Calgary Earl won the 200 pace here to-day in straight heats. Becky Onward won the 234 pace after finishing sixth in the first heat.

Top boots won the extra \$1,000 in the event they do not go East, they will favorably consider going to Vancouver for an exhibition series.

Of the Same Mind. Calgary, July 28.—Officials of the Hihurst Football Club claim that before they think of going to Montreal to compete in the Connaught Cup series, the Dominion Football Association will have to guarantee \$3,000 to cover transportation expenses.

Hulhurst figure that the trip will cost \$4,000 and they are prepared to put up the extra \$1,000. In the event they do not go East, they will favorably consider going to Vancouver for an exhibition series.

Expense Guarantee Not Enough, Is Decision Reached by Association

Vancouver, July 28.—No football team from British Columbia will go East this summer to play for the Connaught Cup. This decision was reached at a meeting to-night of the Mainland Football Association, recently affiliated with the Dominion Football Association.

It was decided that the guarantee of \$5,000 for expenses offered by the D. F. A. was not sufficient for transportation.

Angles Defeated In Orphans Benefit Game. Los Angeles, July 28.—Vernon defeated Los Angeles 6 to 1 here to-day in a game for the benefit of the orphans' societies of this city.

Meusel, Tiger rightfielder, hit two home runs, one in the fourth and one in the sixth inning, scoring Chadbourne both times. Pitcher Ross succeeded in holding the Los Angeles aggregation to two hits. The game will not figure in the season's percentages, according to officials.

Connie Mack Takes Two From The Texas League. Philadelphia, July 28.—Connie Mack, of the Philadelphia Athletics, announced to-night that he had purchased Pitcher Bryan Harris and Catcher Glen Saffy, of the Houston Club, one of the star batteries in the Texas League. The new battery will not join the Athletics until after the Texas League season closes.

Tommy Todd, after losing the first heat of the 2:09 trot to Peter Hillken won the next two. The 3:18 trot was unfinished at sundown with Harvest Lad standing best in the summary.

"THE DOPE" SHOT TO PIECES AT OHIO RACES. Columbus, Ohio, July 28.—Every favorite in each of the Grand Circuit race events was defeated to-day, even old Single G. going down in the free-for-all pace. He won the first heat and Miss Harris M. the next two. Philadelphia, July 28.—William H. Rocaup, a local sports writer, has brought suit against George L. (Tex) Rickard to recover \$5,000 damages for alleged slander and defamation of character. The action is based on a statement said to have been made by Rickard on July 5, the day after the fourth and last race of the season promoted. In the presence of Harry Keck, of Toledo, it is charged Rickard declared that Rocaup attempted to blackmail him of \$1,000 in connection with the fight. This statement, Rocaup declares, was untrue.

PROTEST AGAINST "DISCRIMINATION"

War Veterans Criticize Composition of Fire Department

Discrimination against returned men is alleged in a letter received by the City Council last night from the local branch of the Great War Veterans Association.

The letter protests against "the discrimination shown in the employment of non-enlisted men," and draws attention "to the fact that there are at present at least twenty-one men employed in the Fire Department who have not been overseas." It is claimed in addition that when men were laid off from the Department recently three of those who suffered dismissal were returned soldiers. Moreover, it is stated, three returned men who applied for reinstatement were refused it.

CEMETERY EXTENSION WILL COMMENCE SOON

The work of extending the Ross Bay Cemetery and improving Fairfield Road will probably be under way before long as a result of the recent decisions of the Local Improvement Commissioners and the City Council. In accordance with the suggestions of the Local Improvement Commissioners, the Finance Committee recommended to the City Council last night a plan for the extension of the cemetery and the improvement of the road as previously outlined in these columns. It was recommended that the frontage tax on the narrowed and improved road should be fixed at \$2.10 a foot.

The ratepayers of the street will be informed that at the next session of the Provincial Legislature the city may secure powers to narrow Fairfield Road between McDonald Street and Fowl Bay Road by eleven feet. When the whole plan has been finally approved by the ratepayers the work involved will proceed.

To Appoint Solicitor.—The Legislative Committee of the City Council at present is taking measures to secure the services of a competent City Solicitor to succeed R. W. Hannington.

Will Supply Water to Company.—The city will supply the Sooke Harbor Waterworks Company with 30,000 gallons of water a day during the dry season in accordance with a decision of the City Council last night.

Army and Navy Veterans' Funeral.—The members of the Victoria Unit of the Army and Navy Veterans in Canada are requested to attend the funeral of their late comrade, A. Lawson-Agustav, on Wednesday at 2.30 p. m., from Stands Undertaking Parlors, Quadra Street.

School Appointment.—At the special meeting of the School Board last night, Miss Ethel Roach, who has been in charge of the Domestic Science centre at the North Ward School, was appointed to fill the vacancy caused by the resignation of Miss Florence Manuel from her post of Domestic Science Teacher.

Must Pay Actual Cost.—Spanish municipality must pay \$68.86 for every student residing in the municipality who attends the Victoria High School, this being the actual cost to Victoria of the educational facilities afforded. Decision to this effect was reached at the City Council meeting last night. The present rate, a compromise, is \$50 per capita.

Want Site for New Building.—The City Council was asked by the Victoria branch of the Great War Veterans' Association last night to grant the organization a site for a new building. It is suggested that the city might either grant a site, or might allow the Association to purchase at a nominal cost property taken over by the corporation at the recent tax sale. The City Solicitor and the City Comptroller will report on the matter.

Dominion Chairman Here.—Professor W. J. Black, Chairman of the Dominion Soldiers' Settlement Board, is on a visit to Victoria and conferred this morning with Major McGuire, who is in charge of the Victoria office, on the progress of the Soldiers' Settlement scheme in British Columbia. This afternoon the professor paid a visit to the Dominion Experimental Station at Bazaan Bay, where there are several agricultural students at the present time.

Jaroslav Cimerka at Chautauqua

Director of Czech-Slovak is Great Artist on Trombone

Jaroslav Cimerka, director of the famous Czech-Slovak band which comes to Chautauqua on the fifth day, is a native of Bohemia, that little country which so heroically defied their German persecutors. He received his musical education abroad and is recognized as one of the greatest band leaders of the day. As a trombonist he achieved distinction as a soloist.

MARY ADEL HAYS A GIFTED SINGER

New York Coloratura Soprano and Assisting Instrumentalists Delighted Chautauqua

Music of a high order delighted a big audience at Chautauqua last night when Mary Adel Hays the New York coloratura soprano and a trio of assisting instrumentalists gave an especially attractive programme.

Miss Hays has a wonderfully flexible soprano of pure quality, with highly developed technical skill, combined with a charming personality. Her programme included the two difficult numbers Arditi's "Waltz Song" and the aria from "The Pearl of Brazil," while her second group included several old ballads, particularly popular being "The Last Rose of Summer," "Comin' Thro' the Rye," and "Arise." "The Lass with the Delicate Air." In response to loudest demands for an encore she contributed the Mad Scene from the opera "Lucia," rendered with brilliance and great dramatic force. In marked contrast was her singing of "Home Sweet Home" proved one of the most pleasing with a simple tenderness which touched a responsive chord in the hearts of her audience who accorded her an ovation at the close of her generous programme.

Of the instrumental trio, Lowell Patton the pianist proved an artist of high standard. His accompanists were marked by skill and sympathy and at all times he was thoroughly in rapport with the singer and with his fellow instrumentalists. His brilliant playing of the difficult Rachmaninoff Prelude proved beyond doubt that his ability as a soloist was commensurate with his success as an accompanist. Each of his several solo numbers was greeted with enthusiastic applause. Miss Marie Chapman a talented young violinist, gifted with temperament, and Robert E. Millard, a gifted flautist, completed an ensemble whose playing and batting of Monty Porter was the musical treat ever heard in Victoria.

CITY MUST SHELVE BRIDGE AGREEMENT

For About Three Weeks While Awaiting Premier's Return From East

About three weeks must elapse before the City Council can do anything more toward reaching an agreement with the C. P. R. over the construction of a new Johnson Street bridge. Mayor Porter announced this morning the stumbling block which will cause this delay is the question of building the road from the west end of the bridge to Lime Street. Premier Oliver has informed the city that the Provincial Government, in accordance with an old arrangement, will grade the road, but before leaving for the East he was not in a position to commit himself on the paving of the thoroughfare. As the Minister of Public Works is also at Ottawa it will be impossible for the city to get a definite answer on the subject until Mr. Oliver's return.

PROBE REASON WHY SERVICE STOPPED

City Dissatisfied That Victoria West Residents Were Without Water

Mayor Porter is investigating what he considers to be the unsatisfactory conditions which recently caused the residents of Victoria West to be left without water and without fire protection for twenty-four hours. The Mayor has been informed that repairs to the Esquamalt Waterworks system in preparation for the paving of the Inland Highway near Parson's Bridge had caused the interruption of the supply from Saturday evening to Sunday evening.

PICNIC AT GOLDSTREAM

Employees of Esquamalt & Nanaimo Railway at Play.
An enjoyable picnic was held at Goldstream last Sunday by some employees of the Esquamalt & Nanaimo Railway. The company furnished them with a special car, a favor appreciated very much by the party. A fast game of baseball was witnessed, under the leadership of George Sherwood and A. Rumsby, the latter's team winning by a score of six runs to five. The fielding and batting of Monty Porter was the chief feature of the game.
A speech was made by Dr. Grant, medical advisor to the company, who expressed the hope that the picnic may become an annual event. E. McKenzie thanked the doctor for his kind words. Miss Doris Brindley received a useful present.
Thanks are extended to Percy Moir and R. McKenzie, for their unbending and tireless efforts.

most of cruel treatment, she finally rises to wonderful heights. The picture was directed by Marshall Neilan, one of the new wonders of the screen world.

ROYAL VICTORIA

An unusual and distinctive play, "Out of the Fog," was the feature at the Royal Victoria Theatre yesterday.

The action of the play starts in a little fishing village in New England where Faith, the sister of Job Coffin, known throughout the country for his narrow and harsh outlook on life, and his bigoted religious tendencies, falls in love with a young fisherman, before they can be married he is lost in a storm and Faith's little daughter Eve is born fatherless.

In "despair Faith commits suicide and Eve is left alone with her uncle. Dressed always in boy's clothes, and without companionship, she grows to beautiful womanhood on a lonely "Ception Shoals, until romance and adventure comes to her when a yacht is stranded on the treacherous shoals in a dense and blinding fog.

Sir John Simon and Senator Belcourt appeared for the appellants; W. N. Tilley for the respondents, and McGregor Young for the Attorney-General of Ontario.

PELF FOR PELTS.

Mr. Mole, that delving, destructive little animal which makes the farmer tattle his hair at times, is so swollen with pride that he is in danger of bursting his hole. Like everything else, his price has gone up. Furthermore, beautiful society women are fighting for him. Other furs have reached such a prohibitive price that the mole has now become the fashionable fur.

Before the war 4d was the price for a raw skin. The present price paid for dressed skins is 1s 6d to 2s each. Mole-skins are wanted by the thousands for three to four hundred skins have to be sewn together to make one long coat.

The supply, however, is considered to be quite equal to the demand. Mr. Mole and family have enjoyed considerable safety during the war, and have waxed fat and prosperous owing to mole-catchers transferring their attentions to the Huns. Now, however, the trappers are wanted by the thousands and demands it. One west-end firm finds that it pays to send a motor-car regularly round the country districts picking up small parcels of mole pelts.—Tit-Bits.

STOREY, ARTIST, DIES IN LONDON

Royal Academician Had Reached Advanced Age of Eighty-five

London, July 29.—George Adolphus Storey, the famous artist and authority on perspective, died at his residence here this morning.

George Adolphus Storey was born in London on January 7, 1834, the second son of Mr. and Mrs. James Payne Storey. He was educated in Paris under M. Morand, a professor of mathematics, and returning to London in 1858 studied at J. M. Leigh's Art School in Newman Street. He exhibited his first picture at the Royal Academy in 1852.

Mr. Storey married Emily, the youngest daughter of the late James Hayward, of London. One daughter survives.

In 1862 and 1863 Mr. Storey visited Spain. He became a teacher of perspective at the Royal Academy in 1860, and was examiner in drawing for the Board of Education in 1913.

It was in 1876 that Mr. Storey became Vice-Associate of the Royal Academy, and in 1914 that he became a Royal Academician.

Scores of pictures from his brush have enriched the collections in England. Some of them are "The Widow Bride, 1858; The Annunciation, 1860; The Danes, 1864; Lady Godiva, 1865; The Old Soldier, 1869; The Connoisseur, 1874; Coming Events, 1875; Summer Days, 1877; The Love Letter, 1907; Pluto's Messenger, 1904; Phryne, 1908; Armada in the Enchanted Wood, 1914, and The Mill Stream, 1917.

His published works include "Sketches From Memory," 1899, and "Theory and Practice of Perspective," 1910.

VICTORIA CROSS MAN HELD IN SEATTLE

San Francisco, July 29.—D. M. Delmas, wearer of the Victoria Cross, who is being held by Seattle authorities on a charge of breaking jail at Huntsville, Texas, recalled to the police here to-day the arrest of a D. M. Delmas on the charge of peeing in a public street. He was accompanied by Signa Gerstardt, a Bellingham girl. Before being taken back to Texas to stand trial for the alleged looting of a bank in Bellingham, Delmas announced the demolition of his fiancée. She returned later to her home in Bellingham.

AN INTERNATIONAL LABOR CONGRESS IN CITY OF AMSTERDAM

Amsterdam, July 29.—Via London, July 29.—The first real session of the International Trades Union Congress was held yesterday afternoon under the presidency of M. Oudegeest, of the Dutch Federation. The statements of the president in his address to the capitalistic systems of all countries were vigorously protested by United States Delegates. Those who contended that "the monarchistic system of Germany and Austria were solely and entirely responsible."

MONTREAL WOMAN ABLE TO WALK AFTER BEING CRIPPLED LONG

Montreal, July 29.—Bernadette Vallier, a young woman living in St. Henri ward, while present at the Shrine of St. Anne de Beauport on Saturday recovered her power of walking after being bedridden for sixteen years.

The occurrence created a deep impression on those who were present and among them was a Toronto newspaperman, John Walsh, who when interviewed last night, said he had seen the girl walk without the aid of crutches, smiling and happy for the great favor she had received from good St. Anne.

QUEBEC SHIPYARD WORKERS ON STRIKE

Quebec, July 29.—The international union men employed at the Davie Shipbuilding plant at Lauzon and at the finishing plant of that firm here in the Louise Basin, walked out on strike this morning about 9:00 o'clock. This followed a meeting last night at which the strike was unanimously decided on. The labor trouble at the Davie plant has been expected for more than two months.

The international union is fighting for recognition, as it did at Three Rivers, where it finally won out. At Lauzon to-day the other shipyard workers are operating. National Union men being employed there.

REGISTRAR OF B. C. UNIVERSITY LEAVES

Vancouver, July 29.—Thomas A. Pattison, Registrar of the University of British Columbia, will retire from that position shortly to become a lecturer in the staff of the University of Alberta in Edmonton, as instructor in mathematics.

The Board of Governors of the University last night accepted the resignation of the Registrar.

Dr. Fraser, the recently-appointed member of the board from Victoria, was present for the first time at the meeting, for which Mrs. J. W. de Farris also came over.

The Board did not consider an appointment to fill Mr. Pattison's position.

London, July 29.—The Royal Marine Light Infantry Band, Plymouth Division, has been selected to accompany the Prince of Wales to Canada.

STUDENTS' FAILURE TO BE INVESTIGATED

Spokane, July 29.—A number of new fires were burning to-day in the vicinity of Newport, Wash., in northern Washington and northern Idaho and in the Sand Point, Idaho, district.

Conditions in the Coeur d'Alene and St. Joe forests, farther south, were regarded as favorable, however, with no new fires and the old ones under control.

In the Newport district two new fires were reported on Le Clair Creek and Kallispell Creek. In the Sand Point district new fires were burning on Canyon Creek, near Lake Pend O'Reille, on Tumble Creek, Fall Creek and Burton Creek, the latter twelve miles from Bomper's Ferry. Three new fires were reported east of Eileen on Carly Creek.

In Montana.

Missoula, Mont., July 29.—Although no reports of serious developments in the Montana forest fire situation had been received at district forest headquarters here early to-day, officials declared conditions were alarming, with an absence of rain and no prospects for relief in this direction.

Desperate fight was being continued to-day to save from the flames St. Regis, Stark and Houdan, small towns west of here, which were threatened with destruction. Reports to-day indicated that their situation was more serious than yesterday. Brick winds early last night fanned the flames to renewed vigor, but a calm later gave the fire-fighters a better opportunity. This morning a heavy fall of smoke delayed dawn for an hour, and last night fine ashes began falling in the streets of this city. The forest service continues to send out an army of fire-fighters, and a number of additional men left here this morning for the fire line.

TWENTY-FIVE KILLED AND WILD SCENES OF VIOLENCE IN CHICAGO

Chicago, July 29.—The city was in a state of pandemonium to-day as a result of a riot that broke out in the early morning hours. Twenty-five persons were killed and a large number of others were injured. The riot was the result of a meeting of the Black Legion, a criminal organization, which had been held in the city for several days.

The riot began in the early morning hours, when a group of Black Legion members gathered in a hall on South Side. They were joined by a large number of other persons, and a riot broke out. The rioters looted stores, burned property, and killed several persons.

The police were called to the scene, but they were unable to control the riot. The riot continued until late in the afternoon, when it finally subsided. The death toll was twenty-five, and a large number of other persons were injured.

OTTAWA CABINET DEBATES PLAN TO HAVE BOARD BUY AND SELL CANADA'S WHEAT

Ottawa, July 29.—The Manitoba Free Press this morning published the following dispatch from its staff correspondent at Ottawa, dated July 28:

"After conferences with millers, grain growers, dealers and elevator men this morning, afternoon and night, the Government practically decided to-day on its policy for marketing this year's wheat crop. Sir George Post refused to make a statement to-night but the conclusion of the conference will be submitted to the Cabinet to-morrow and its decision embodied in an Order-in-Council.

A Pool.

"While no definite statement could be obtained as to decisions made at the conference, it is understood that the arrangement most favored was a Government pooling organization to price just sufficient to enable the farmer to borrow the money needed to harvest the crop. It is thought that this will entail either the appointment of a Wheat Director such as Julius Barnes in the United States or a commission composed of representatives of the various interests involved. The grain dealers at the conference urged in every way they could that the trade be carried on with a minimum price, but the Government has refused to do so. The minimum was fixed here. It will be no surprise, therefore, if the Order-in-Council passed to-morrow establishes that system."

Full Discussion.

Ottawa, July 29.—The Cabinet will continue to-day its afternoon colloquy of the wheat problem. Until well after 1 o'clock this afternoon the question was discussed in all its details. Regulations for the proposed purchasing board have been prepared, and are being reviewed in all their bearings. It is expected that the Government will decide to appoint the board, and that definite action will be announced to-night.

It is understood that while a fixed minimum price was advocated by some of those in attendance at the conference, the consensus of opinion was against fixing of prices. The danger in regard to the establishment of a minimum price, it was urged, was that it would be more likely to be regarded as a maximum than a minimum price with resultant loss to the wheat producer.

SWEDEN HAS HAD GENERAL ELECTION

Stockholm, July 29.—The Conservatives, who controlled the first chamber of Parliament, lost their majority in the recent election and will have only thirty-nine of the 160 seats of the new first chamber, with eighty-six previously held. The members representing peasants' associations and eight agrarians, however, it was said, are allied with the Conservatives, giving that element a total of fifty-seven votes.

The Socialists will hold forty-eight seats, compared with nineteen in the old Chamber; the Liberals forty-one, a loss of two seats; and the Independent Socialists four, a gain of two seats.

MAN TRAPPED IN WASHINGTON MINE

Tacoma, July 29.—After working energetically for twenty-four hours, rescue crews this morning had failed to rescue James Webb, mine-foreman, who was trapped by a cave-in in a mine in Burnett Monday morning. Four men were caught by three of the cave-ins. An action concerning a claim by the Crown granted the company for customs duties which were misapplied by one of the company's servants.

Three new fires were reported east of Eileen on Carly Creek.

In Montana.

Missoula, Mont., July 29.—Although no reports of serious developments in the Montana forest fire situation had been received at district forest headquarters here early to-day, officials declared conditions were alarming, with an absence of rain and no prospects for relief in this direction.

Desperate fight was being continued to-day to save from the flames St. Regis, Stark and Houdan, small towns west of here, which were threatened with destruction. Reports to-day indicated that their situation was more serious than yesterday. Brick winds early last night fanned the flames to renewed vigor, but a calm later gave the fire-fighters a better opportunity. This morning a heavy fall of smoke delayed dawn for an hour, and last night fine ashes began falling in the streets of this city. The forest service continues to send out an army of fire-fighters, and a number of additional men left here this morning for the fire line.

CHICAGO GRAINS LITTLE CHANGED

Chicago, July 29.—The market is ruled almost entirely by weather reports at the present time, and so far there appears to be no relief in sight from the dry, hot weather. Weakness in the hog market caused some falling in the corn options, but the cash situation is tight.

NEW YORK STOCKS GENERALLY LOWER

New York, July 29.—Dealings in stocks were again smaller than recent sessions. A meeting of the Federal Reserve Board was held this morning at which was discussed the continued expansion of brokers' loans. While no announcement was made at the adjournment of the meeting, it was felt that a good plan to reduce long lines and considerable stock was offered for sale. Steel people were inclined to go slow and await the publication of U. S. Steel earnings this afternoon. The bright spot in the market was the sustained advance in United Cigar Stores, closing quotations were fifteen points above last closing price.

Queen Victoria's Statue to Be Erected on Granite Pedestal Here

London, July 29.—The great bronze statue of Queen Victoria, which was made some years ago for the Government of British Columbia, is shortly to be conveyed to the City of Victoria, where it will be placed in the beautiful gardens in front of the Houses of Parliament. It will be set upon a lofty pedestal where it can be seen by its coming ocean ships.

The pedestal of the statue is made of Swedish granite, described by Mr. Bruce-Joy, the sculptor, as the "most beautiful in the world." The statue itself weighs two tons four cwt., and is thirteen feet high. The clay figure was ready for casting in bronze in July, 1914, and in September, 1914, statue and pedestal were ready for shipment.

The death occurred yesterday afternoon of Kenneth Lindley Barlow, infant son of Mr. and Mrs. Joseph Barlow, of 2115 Douglas Street. The funeral will take place to-morrow morning at 10:30 o'clock from the Sands Funeral Chapel. Rev. F. A. P. Chadwick will officiate. Interment will be made at Ross Bay Cemetery.

The funeral of the late Frederick Cook, who passed away at the Jubilee Hospital on Sunday evening, will be held from the B. C. Funeral Chapel on Thursday at 1:30. The late Mr. Cook was seventy-nine years of age and a native of London, England. He had been a resident of Victoria for many years and has been an inmate of the Aged Men's Home for the past eight years. Interment will be made at Ross Bay Cemetery.

Must Leave Town—Bessie Ziefeld, colored, appeared in the Police Court this morning charged with vagrancy. She was advised by Magistrate Jay to leave town.

Carried Bread Exposed.—Shelly Bros. were fined \$10 in the Police Court this morning for permitting one of their drivers to carry bread from a delivery wagon to a customer's house without placing the proper cover over the basket.

Prominent Rotarian Coming.—International Past. Rotary President Rev. Leslie E. Fiddeson will address the Victoria Rotary Club this week at its regular luncheon on Thursday on "Rotary and its function in Democracy."

Bandmaster Rowland Goes East.—Bandmaster Rowland, who has been spending a few days in the city, left on Monday for the East, accompanied by Mrs. Rowland. Mr. Rowland and his band will have several engagements in prairie cities during August and September, returning to Victoria in the early fall. Last Sunday Mr. and Mrs. Thomas Todd, at their beautiful beach farm at Gordon Head.

Equipment to Be Used. What to do with thousands of dollars' worth of hospital equipment owned by the Canadian Society in Great Britain has been a problem for the past few months. Owing to the high freight rates it has been decided not to bring much of it back to Canada. The equipment of two hospitals is already home and this is to be distributed to a number of small communities in newer parts of the country, where there are at present no hospitals. Much needless suffering can be alleviated in this way, Col. Marshall believes.

Col. Marshall Hospital equipment on property loaned by the King has been left for the establishment of a hospital for delicate children. The equipment is a gift from the people of Canada to the Mother Country. At Cliveden Hospital, Taplow, the Duchess of Connaught's Hospital for Canadians, a memorial has been erected by the Red Cross to the forty Canadians who died there.

International Red Cross matters will be on a new footing henceforth. The Canadian Red Cross has joined a Red Cross League under the League of Nations and delegates will be sent to a great international convention in the near future. Canada and Australia, which have hitherto been offshoots of the British Red Cross Society, are now independent members of the league.

Novel Golf Course. British soldiers have laid out a nine-hole golf course on Vimy Ridge—or, to be more correct, on the flats that slope gently up to the top of the ridge between Arras and Lens. The course takes in numerous trenches, which form bunkers of varying difficulty. Two or three long communicating trenches are, with parapet, 8 ft. to 10 ft. deep and waterlogged at the bottom, which is only three feet wide.

The fairway is very "unfairway," since the ground between holes is for the most part old plough. It had been plough in 1914, and still has the lines and ridges of plough, with here and there tufts of thick, coarse grass. There are "duff" shells about, shell holes, large and small, and plenty of wire. Holes are made of 4.5 in. howitzer cases, flags are signal flags, easily seen.—Tit-Bits.

Col. Noel Marshall WILL VISIT CITY Chairman of Red Cross Society Says Organization to Continue

"The Red Cross has come to stay. The splendid organization built up during the war is to be maintained as a permanent national asset," said Col. Noel Marshall, of Toronto, chairman of the executive committee of the Canadian Red Cross Society. He has been in Vancouver to meet Colonel Douglas Young, assistant commissioner of the Canadian Red Cross at Vladivostok, who returned on the Empress of Russia, and to-morrow will be in Victoria.

"They want us to continue our work there," said Colonel Marshall, "but since the Canadian troops have been withdrawn and because of the unsettled conditions the executive wishes more information before deciding."

The new charter given the society at the recent session of Parliament enables the organization to continue "for the improvement of health, preventive measures against sickness, the alleviation of suffering throughout the world in times of peace or war."

Hitherto the charter was good for war time service only.

"We can turn in to fight an epidemic like the influenza, should it recur again, or we can send relief in case of a big disaster," said Colonel Marshall. In this connection it is interesting to note that the Red Cross was active in fighting last year's "flu" epidemic and did a wonderful work at Halifax after the disaster. Had these events occurred in peace times they would not have had the services of the high organized Red Cross Society at the disposal of the victims.

Conference at Winnipeg. For the purpose of dealing with the future organization and work of the society a national convention will be held at Winnipeg on September 9, when the patron His Excellency the Duke of Devonshire and the president, the Duchess of Devonshire, have intimated their intention to be present. Hitherto the four annual conferences have been held at the head office in Toronto. It is intended that the various provinces shall have autonomy, and it is worthy of note in this connection that British Columbia branches of the Red Cross are not federated provincially.

Equipment to Be Used. What to do with thousands of dollars' worth of hospital equipment owned by the Canadian Society in Great Britain has been a problem for the past few months. Owing to the high freight rates it has been decided not to bring much of it back to Canada. The equipment of two hospitals is already home and this is to be distributed to a number of small communities in newer parts of the country, where there are at present no hospitals. Much needless suffering can be alleviated in this way, Col. Marshall believes.

LAST KEEL OF CONTRACT TAKES MONTMAGNY'S PLACE

Twelfth Vessel of French Fleet Successfully Launched From Point Elice Yard of Foundation Company Last Night—Mrs. S. F. Tolmie Sponsor

On the ways vacated last night by the Montmagny a start was made this forenoon in laying the keel of Hull 225, the last of the fleet of twenty wooden steamships being built here by the Foundation Company of British Columbia, Ltd., to the order of the French Government. Twelve ships of the fleet have already been launched and eight hulls are now in various stages of construction at the Point Hope and Point Elice yards of the company. The launching of the Montmagny marks the disposal of the fourth hull by the construction plants this month, which, together with the delivery of four completed ships, creates a shipbuilding record which has never been approached by any shipbuilding plant throughout the Dominion of Canada.

Prominent among those present at the launching ceremony was Sir John Aird, general manager of the Canadian Bank of Commerce, and Lady Aird, who were accompanied in the launching platform by W. H. Hargrave, local manager of the big banking institution, and Mrs. Hargrave.

Most Successful Event.

The launch of the Montmagny passed off most successfully before a prominent assemblage of citizens, the invited guests of the sponsor, while the yard and its approaches were crowded with many interested spectators. With customary promptitude the vessel got away on her flight down the ways at 6 p. m. Mrs. S. F. Tolmie, wife of the Federal member for Victoria, smashing the champagne bottle with precision and scattering its contents over the bows. The Foundation band under Lou Turner struck up the French National Anthem and the big ship smoothly glided into the water.

Gave Signal.

Dr. Simon F. Tolmie gave the signal for the release of the triguers. Edw. E. Jenkins, assistant Northwest manager of the Foundation Company, was master of ceremonies, and on behalf of the French Government and the Foundation Company presented the sponsor with a handsome gold vanity case. A. O. P. Francis, French Consul, represented the French Republic, and Emile E. Triguereau and the Foundation Company presented the sponsor with a handsome gold vanity case. A. O. P. Francis, French Consul, represented the French Republic, and Emile E. Triguereau and the Foundation Company presented the sponsor with a handsome gold vanity case.

Frank Quilter, secretary-treasurer of the Foundation Company, who is visiting here from New York, also witnessed the advent of the Montmagny. National color was given to the event by the presence of Engineer-Commander Lacey and Lieut. Doveston, who were in the city with Capt. Dewet, of the Naval Transport Service.

List of Guests.

The following were among the list of invited guests:

- Premier Oliver, Mrs. and Miss Oliver; Senator and Mrs. Barnard; Senator and Mrs. Planta; J. C. McIntosh, M. P., and Mrs. McIntosh; R. F. Green, M. P., and Mrs. Green; Major-General Leckie; Hon. J. RUBBER EXPORT OF MALAY STATES

J. Hodgins, of Kuala Lumpur, Says Annual Output is Valued at £14,000,000

The annual export of rubber from the Straits Settlements is valued at £14,000,000 sterling, according to J. Hodgins, a commercial man from Kuala Lumpur, Federated Malay States, who reached Victoria last night aboard the C.O.R. liner Empress of Russia. Mr. Hodgins, who has been a resident of the Federated Malay States for the past sixteen years, declared that general business conditions in the Far East had shown a gradual improvement since the termination of hostilities in Europe. The export of rubber, which is the largest export commodity of the Straits Settlements, he says, is being greatly facilitated with the release of tonnage, the lack of which during the war was seriously felt.

Another passenger arriving from the Straits Settlements on the Empress of Russia was Col. G. A. Derrick, of Singapore, who took a prominent part in quelling the mutiny of Indian troops there.

Both are bound to the United Kingdom.

Italian Minister
Signor Carlo Garbasso, Italian Minister to Peking, arrived on the Empress of Russia en route to Europe where he is to take the position of Foreign Secretary in the Italian Cabinet. He boarded the liner at Shanghai.

J. Harold Dollar, who represents the interests of the Dollar Steamship Company in the Orient, arrived by the liner from Shanghai accompanied by Mrs. Dollar and two children. As president of the Shanghai Chamber of Commerce, Mr. Dollar, prior to his departure for this coast, presided at a banquet given at Shanghai to Admiral W. L. Rodgers, commander of the United States Asiatic fleet, and Girard Swope, president of the International General Electric Company.

H. P. Saylor, of John's University, and D. K. Grady, of the American Y.M.C.A. in Siberia, and correspondent for a number of the leading Chinese and Japanese newspapers, are bound to the United States.

Hon. William Potter, of the United States diplomatic service, also arrived on the Empress of Russia en route to Philadelphia.

S. Issacs, of Yokohama, who has had thirty years' business experience in Japan, is making a tour of the continent.

AROUND THE SHIPYARDS

Laying Second Keel.
In pursuance of its plan to go ahead with the construction of the two 8,100-tonners simultaneously, the Harbor Marine Company will to-day or tomorrow lay the first keel plate of the second ship at the plant on the Reserve. By the time the men knock off work this evening the last of the keel plates of the first ship will be in place. The force of workmen at this yard is gradually being increased and considerable activity may be anticipated at the new steel shipyard now that things are getting down to a working basis.

Back in Harness.

Kenny Macpherson, who learned a great deal of what he knows about the shipbuilding business on the Clyde, is now installed at the Harbor Marine yard as foreman plater under Chief Engineer J. S. Clark. Prior to throwing in his lot with the Harbor Marine Company, Kenny was yard superintendent at the Point Hope plant of the Foundation Company here.

Shipyard Worker Injured.

Edward Archer, a workman employed at the Foundation yards, was seriously injured yesterday by being pinned between two heavy timbers. The unfortunate man sustained a fracture at the base of the skull. Dr. Lennox was called and the case was rushed to the Royal Jubilee Hospital.

LEAKING FUEL PIPE CAUSE OF DISASTER ON ADMIRAL KNIGHT

Fire Spread So Rapidly Engineers Could Not Shut Off Steam

The fire which destroyed the steamer Admiral Knight in the Gulf of Georgia was caused by the breaking of a fuel oil pipe in the engine-room when the escaping fuel immediately burst into flames and quickly enveloped the ship. The engine-room crew had great difficulty in making their escape and so quickly did the fire spread that the engineers were driven on deck before they could shut off steam.

Yesterday morning the boilers of the drifting derelict blew up and she sank, no trace of the craft having since been seen by the coasting steamers plying between Victoria and Vancouver.

The salvage craft Helac, of the Vancouver Dredging and Salvage Company, got a line aboard the burning vessel Sunday night and towed her for several hours finally abandoning the ship about a mile from Cowichan Gap. Her anchors had fallen away and the vessel appeared to be a hopeless loss.

The Admiral Knight was a ship of 647 tons gross and has been owned by the Pacific Steamship Company for the past three years. Formerly she was known as the Kuskwim, later registered as the Portland, by which name she was known when acquired by the Admiral Line.

It is estimated that the loss of the vessel and freight which is fully insured, will total \$200,000.

The Admiral Knight was built at Seattle in 1916. She was of 643 tons gross, 142.2 feet long, 35.7 feet beam and had a speed of seven knots.

Hoodoo Ship.
She was a hoodoo ship from the time of her completion. Launched as the Kuskwim the vessel met with two misadventures before being launched. On her first trip to Alaska she was beached at the mouth of the Kuskowim River, Alaska, and had to be towed back to Seattle.

On her next voyage she took fire off Cape Flattery and was forced to put back to Port Angeles. The fire was extinguished and the vessel was sent to Seattle where her cargo was discharged and the craft involved in liquidation over the cargo. Later she was sold and operated as the Portland, eventually being acquired by the Admiral Line.

ENCOUNTERED MUCH FOG DURING VOYAGE

Mist Lifted To Permit Liner Mexico Maru to Make Good Landfall

Almost continuous fog was experienced on the Okaika Shosen Kaisha liner Mexico Maru during her passage across the Pacific.

The Japanese liner arrived at William Head during the night after a run of fifteen and a half days from Yokohama. Capt. Komiya, master of the Mexico Maru, says the fog blanket lifted when his ship was three miles off the entrance to the Straits and the navigating officers were able to pick up Cape Flattery. As the liner was passing in, however, the mist again shut down and cautious navigating was necessary into the Straits.

One Hundred Passengers.
The Mexico Maru brought one hundred passengers from the Orient including nine in class. Twelve steerage passengers were here after the ship berthed at the Outer Docks this morning. Six thousand tons of general liner cargo was stowed away in the Orient's holds, including 3,000 tons of Tacoma and 1,656 tons for Seattle. A shipment of tea amounting to eighty-six tons was put ashore here. The Vancouver cargo, amounting to 1,100 tons, will be taken to its port of destination after the ship has completed working cargo on Puget Sound. The raw silk freight carried by the Mexico Maru amounted to 2,122 gals. The biggest through shipments consisted of 1,745 cases of tea and 3,844 packages of rubber.

On her next outward voyage the Mexico Maru will only go as far as Yokohama, Kobe and Japan. The ship is to be reorganized for the North Pacific coast. The object of this is to reorganize the sailing schedule on a pre-war basis. Six regular liners will maintain the O. S. K. trans-Pacific service.

Chicago Maru Next.
The next inbound liner of the Okaika Shosen Kaisha will be the Chicago Maru, which is due to arrive at this port from Hongkong and Yokohama on August 3.

PORT ARTHUR SHIPBUILDING.
Port Arthur, Ont., July 28.—Five steamers are now under construction in the local shipyards, three of 3,400 tons each and two of 4,300 tons.

TOUR OFFERS A THOUSAND WONDERS

"See British Columbia First" is Suggested Slogan For Canadian Tourists

This old mother earth of ours has a strange medley of pleasures to offer her children, but there are few of her gifts comparable to the joy of travel. This is particularly true when the way is open to visit new places, novel and enchanting, that one really experiences new life—sees the world from a new angle and goes back to the daily routine of life with brighter anticipations for the future.

Especially applicable is this to those who have a new "Wonder World" so accessible, it means only a holiday trip to be made during summer vacation. Where else is to be found a tour so varied, so delightful, so enervating for that never-to-be-forgotten "Wonder Land" embracing a five hundred and fifty mile sea voyage through the protected waters of the "Inside Passage" from Victoria, Seattle, and Vancouver to Prince Rupert, and thence by rail to Edmonton and Calgary through the finest scenic section of the Canadian Rockies and visit Central British Columbia—the land of the totem poles, rich in romance and history—where a week's stay means an education on such things as cannot be obtained by any other means. It is only in recent years that this verdant "Wonder Land" has been made easily accessible even to those living comparatively near at hand.

This delightful tour can be made readily in two weeks time leaving Victoria, Vancouver, and Seattle on the "Prince Rupert" or "Prince George" for that never-to-be-forgotten "Wonder World" of five hundred and fifty miles to Prince Rupert. These steamships are the finest and fastest in regular trade on the North Pacific coast. They are modern in every particular and the service is unsurpassed from Prince Rupert. Passengers may continue the boat trip to Anyox enjoying the scenery of Observatory Inlet, one hundred miles north of Prince Rupert and return direct to Vancouver, and Victoria, or they may take train at Prince Rupert for the trip through the mountains, making stop-overs at points of interest en route, including Klitwanga, the ancient Indian village and its totem poles, Mount Robson and Jasper Park, at which point Jasper Park Camp has been re-established furnishing excellent accommodation for tourists, and from which point excursions to points of interest in the Park may be made; thence to destinations at Edmonton or Calgary. The return trip may be made by the same route or by optional routes from these points.

ESCAPING OIL DAMAGED CLOTHING OF PASSENGERS

Passengers arriving by the liner President from San Francisco threaten to claim damages for clothing spoiled by escaping oil which sprayed the deckhouse while the vessel was nearing her destination.

The President reached port at 9 o'clock last night and left at 3 o'clock this morning for Seattle.

ASK THAT STOCK OF COMPANIES BE GIVEN TO UNION

San Francisco, July 28.—The San Francisco riggers and stevedores' union is willing to accept in lieu of a wage increase of fifteen cents an hour, twenty-five per cent. of the stock of steamship companies employing dock laborers, a resolution overwhelmingly advised.

If the stock is turned over to the union a trace of ten years from labor demands is promised.

Stevedores' pay is eighty-five cents an hour with \$1.20 for overtime. Demands made public ask \$1.00 for an hour with \$1.50 for overtime.
