Introductions/Why are we here today?

- Who here is categorizing?
 - Own media files
 - Other media files
- Who is happy about the current state?

We have currently 40 Million files on Commons. How can we make sure, everybody can actually find them?

Recap #comcatmeet2016

We talked about:

- How to spot badly categorized content
→ Catscan
- Overcategorization: a persisting problem
- Structured Data on Commons:
What is going on?
- Archive for raw files
- File version management
- How to make categorization easier for beginners

Discussion topics for today

- How will Structured data change Commons?
- Catscan → Petscan, improvement?
- [Commons Conference](#)
- Improving image wish lists

How will Structured data change Commons?

Improving image wish lists

- Too many different lists
 - Different Wikipedias
 - Commons
 - Wikishootme
 - Commons-App
- Not well maintained
 - Often outdated
