targets include the DMZ area, Quang Tri Province, and Thua Thien Province. A Target Bulletin with the new targets for October and the deletions from the old TIO Target List will be published by the 15th of November. The target bulletins are disseminated to subordinate, adjacent and higher intelligence sections.

b. During October, 831 Targets were attacked by TPQ-10 controlled airstrikes in Thua Thien Province. The TIO submitted an average of 15 targets per day for TPQ strikes, and of these an average of 8 were struck each day. The TIO published a daily long range target report which included TPQ-10 targets which were struck and Direct Air Support attacks in Thua Thien Province. This report is distributed to subordinate and adjacent intelligence sections and higher operations sections.

c. There were 75 Arc Light targets struck in the 3d Marine Division TAOR and the DMZ area during the month of October. The TIO prepared the coordinates and intelligence justification for 36 of the 75. The TIO revalidated the intelligence for 75 existing Arc Lights during the same period. During the month of October, the TIO prepared coordinated and intelligence justification for 27 new targets in the DMZ area, 3 new targets in Base Area 101, and 8 new targets in the Khe Sanh area,

d. TIO, upon request of the First Marine Air Wing, 12th Marines, and Naval Liaison Officers, provided special targets for Fixed Wing, Artillery and Naval Gunfire in the DMZ and Con Thien area. TIO also contributed target intelligence and a target overlay for a new Special Area Study and for 2 updated Special Area Studies. During the month of October, the TIO instituted a new target capability by which all targets within any 10,000 meter Grid Square can be provided upon request.

c. A study on the vulnerability of Phu Bai was completed.

d. A letter on the effect of northeast monsoon on friendly and enemy operations was distributed.

e. G-2 Draftsmen completed many charts and graphs to include a book of maps and the indexed aerial photo of Phu Bai Combat Base.

## 12. PIU

a. During the month of October 1967, there were a total of 44 photo requests submitted to III Marine Amphibious Force by this Headquarters. Of these, 23 requests were fulfilled, 11 were cancelled and 10 are pending. Red Haze comprised 7 of these cancellations and they were so cancelled for reasons of passing their date of no value, inclement weather or were covered by the new IR Plan. The remaining cancellations were photography cancelled for reasons of inclement weather, size of area requested or passed their date of no value. (For a detailed break down by units see listing below)

b. Also during this period there were five photo mosaics lain; two for the Division Engineers covering Base Area 101 and Trace; one each of the KHE SANH and ROCK PILE Base areas for use in defense planning; also a selected MOSAIC of HLZ's in Base Area 14. A special study of the road network of the HUE area was also completed noting areas that could possibly become flooded. Considerable time and effort was put forth

## OPERATIONS

1. **General.** The Third Marine Division continued operations in Thua Thien and Quang Tri Provinces of South Vietnam in accordance with assigned missions. An attempt by the enemy to move forces into positions southwest of Con Thien was met by Marine forces deployed to that area.

The First Marine Regiment deployed by echelon from the First Marine Division AO to the Third Marine Division AO and opened its command post in the vicinity of Quang Tri on 5 October 1967.

The utilization of National Route 1 by Marine forces was greatly increased by the frequent operation of First and Third Marine Division Convoys between Phu Bai and Danang.

SLF-A landed administratively in the vicinity of Dong Ha 10 October and reported to the control of the Third Marine Division.

SLF-B moved from the Ninth Marines area and backloaded on 15 October. On 17 October, SLF-B landed by helicopter in the Phu Loc district and reported to the control of the Third Marine Division.

At the end of the month Operation FREMONT, KINGFISHER, and ARDMORE terminated.

2. **KINGFISHER.** Operation KINGFISHER continued at the beginning of the month with minor contact. The 9th Marine with three battalions and the 3d Marines with two battalions were the major units involved in this operation. The 1st Amphibian Tractor Battalion continued to operate in an infantry role, conducting patrols and sweeps in the eastern part of the KINGFISHER area. The 1st Amtrac Bn also provided security for the Cua Viet port facility and support for the DYEMARKER project.

Ground action was light during the early part of the month with the largest part of the enemy activity involving attacks on Gio Linh, Con Thien, and Dong Ha. Numerous air strikes and artillery missions were conducted on confirmed and suspected enemy positions. Programs of artillery fires were conducted to interdict enemy infiltration and supply routes.

control headquarters with 1/1, 2/19 1/4 (=) and 1/39 the SLF Battalion.

First Battalion, Third Marines came under attack by the enemy early on the first day of the operation. The enemy forces were repulsed by small arms and mortars. After the action, two POW's were captured in the area. As Marine units continued to sweep towards their objectives, frequent contacts, involving the exchange of heavy small arms fires were made. First Marines units encountered many enemy explosive devices and fortifications throughout their OA.

Operation MEDINA terminated 1800 20 October 1967. Friendly casualties: 35 KIA, 17 WIA (Medevac), 58 WIA (Minor). Enemy losses: 6 VC KIA confirmed, 9 VC KIA probable, 58 NVA/KIA confirmed, 76 NVA/KIA probable, 4 NVA/Prisoners of War, 23 Detainees, 23 Individual Weapons Captured, 3 Crew Serve Weapons Captured.

5. FREMONT. Operation FREMONT continued with minor enemy contact. 3/26 and 1/4 (=) provided security for the Camp Evans area and conducted extensive patrolling and small unit search and destroy missions throughout the OA. Operations were characterized by minor enemy resistance and harrasing tactics such as snipers fire and the employment of explosive devices.

On 19 August, BLT 1/3 came under the operational control of Fourth Marines.

Toward the end of the month, ambushes OP's and blocking positions were established in the vicinity of National Route 1 in coordination with ARVN activities in support of the national elections.

Company I (Rein), Third Battalion, Twenty Sixth Marines conducted a County Fair operation in the villages of Ap Hein si/Ap Pho Ninh. Four hundred Vietnamese received medical treatment and rice and soap was given out. Of 47 Detainees 18 were later confirmed as VC. FREMONT terminated 31 October 1967. Friendly losses: 17 KIA, 196 WIA (Medevac), and 64 WIA (Minor). ## COMBAT AIR SUPPORT.

## SIGNIFICANT EVENTS

In the Dong Ha/DMZ area, Operation WIGFISH was supported with 2,633 CAS/TPQ sorties during this period. These aircraft delivered 6,851 tons of ordnance in these sorties. Also 606 B-52 aircraft hit 67 targets on or more times within the Con Thien and DMZ artillery belt. During this same time rotary wing aircraft flew 1,257 sorties, lifted 1,421 passengers, and transported 32 tons of cargo.

b. CH-53 helicopters provided a primary source of logistic support to Con Thien early in the month. Several days during bad weather, Con Thien was resupplied by CH-53 under TPQ-10 control. On one day, one single CH-53 carried 100,000 pounds of cargo into Con Thien signifying a well coordinate air-ground capability. The highest single day's helicopter lift into Con Thien was 173,000 pounds.

c. Observation aircraft flew 963 hours performing TACA/VR/artillery spot and convoy escort in this area.

d. Beginning 1 October 1967, a Fire Support Information Center was established in the COC at Dong Ha. The Air Section provides continuously updated target information including Arc Light, TPQ-10, and CAS/DAS missions. Overlays display location of each target hit to enable a comparison with the current enemy target list overlay. The visual comparison allows evaluation of our planned strikes. As an example, the Arc Light overlay displayed a need to provide CAS and TPQ fire in the 3,000 meter area next to Con Thien which was an Arc Light Safety Zone. Planned CAS/DAS/TPQ destroyed significant targets from that area. After initiation of this program, the first day the forward air controller conducted CAS, he worked sixteen (16) flights close in to Con Thien. They produced seventeen (17) "large" explosions.

e. In the Khe Sanh area, Operation ARDMORE was supported with fixed wing aircraft flying 30 sorties and expending 103 tons of ordnance. Helicopters in support of the operation flew 1,654 sorties, lifted 1,703 passengers, and transported 7 tons of cargo. Due to airfield construction, the CH-53 aircraft provided the primary source of resupply and movement of passengers for Khe Sanh. In addition, 13 CH-53 aircraft made a number of air drops under radar control. No aircraft were detected by radar.

f. In the Fourth Marines area, fixed wing aircraft flew in support of Operation WIGFISH. Fixed wing aircraft flew 130 sorties and expended 153 tons of ordnance. Helicopters flew 164 sorties, lifted 164 passengers, and carried 1 ton of cargo.

g. Fixed wing aircraft flew 1 sortie and expended 38 tons of ordnance in support of Operation MEDINA. Helicopters flew 360 sorties, lifted 142 passengers and expended 33 tons of ordnance.

## COMMUNICATION-ELECTRONICS

## SIGNIFICANT EVENTS

## 1. Command Post Communications

a. The secure voice/teletype line from Phu Bai 3d Marine Division COC to USAF Nakom Phanom Thailand was completed and activated during October.

b. Construction on the new 3d Marine Division Communication Center bunker was started. Completion is anticipated in November.

c. The new radio site bunkers are approximately 60% complete.

d. Construction of protective bunkers for the AN/MRC-83 HF radio vehicles was initiated in October and should be completed by 20 November.

e. Considerable expansion of the Division CP fixed cable plant was made during October. Additional multipair cables were installed to 8th RRFS, AG-36, Gia Le and other adjacent Division units.

## 2. IWCS

a. 3d Marine Division requested and received required IWCS circuits from Dong Ha to Quang Tri and from Phu Bai to Quang Tri. These circuits will all be activated by 7 November 1967.

b. Additional IWCS circuits were received to FLC, Danang and Dong Ha.

## 3. Radio Relay

a. 3d Marine Division installed a TRC-27 Radio Relay link to the 4th Marines to relieve the 4th Marines equipment for regimental requirements.

## 4. AN/PRC-25 Radios

a. Accessories. Handsets, modules and antennas remain critical. A 3d Marine Division liaison team visited FLC and was issued 350 AT-892 (tape) antennas and bases, but only 88 H-189 handsets have been received to date. No AT-271A (whip) antennas have been received. Division Supply has initiated additional procurement action. 3d Marine Division rates 1,585 PRC-25's, has 1,473 on hand with 183 deadlined, leaving 1,290 available for operational commitments.

b. As an interim relief, a temporary allowance of 122 PRC-10's has been requested and approved by III MAF.

c. PRC-77. The 3d Marine Division rates 145 AN/PRC-77 radios but none have been received to date.

## 5 Dye Marker Communications and Training

a. The 9th Marines OJT program has graduated three officer and five enlisted men trained for the PPS-5 and three officers and thirty enlisted men trained for the PPS-6.

b. 3d Battalion, 4th Marines are currently conducting PPS-6 training for fifteen operators.

c. III MAF has completed training for four officers and seventeen enlisted men for the PPS-5 and five officers and eleven enlisted men for the PPS-6. Twenty-two ARVN operators have been trained and eight USM technicians.

d. Second ARVN regiment has drawn some Dye Marker equipment and is currently conducting OJT at Dong Da Training Center.

## 6. Dial Central Office

a. The Phu Bai (Army) Dial Central Office is approximately 80% completed. Testing of the inside plant system will begin the second week of November.

## 7. Dong Ha Combat Base

a. The Army installed two 12 channel radio relay systems at Dong Ha during October. These systems link Dong Ha to Quang Tri. Channels were allocated to Dong Ha Combat Base, 12th Marines and 9th Marines.

## 8. 3d Marine Division MARS

a. The 3d Marine Division MARS stations handled 525 messages and processed 2,312 telephone calls, of which 100 were hospital/priority calls.

b. The MARS station will be under cognizance of Division Special Services effective 1 November 1967, in accordance with Marine Corps Order 2070.2.

## 9. Problem Areas

a. AN/PRC-25 accessories continue to be critically short, as covered in paragraph 4 above.

b. Teletypewriters are becoming increasingly critical as the deadline rate increases.

c. 00 cycle generators are critically short throughout RVN.

## PSYCHOLOGICAL OPERATIONS

1. During the month of October the Psychological Operations objectives were:

- a. Support Chieu Hoi program.
- b. Exploit VC/NVA battlefield losses.
- c. Lower VC/NVA morale.
- d. Show strength of GVN and Allied forces.
- e. Reduce mining and booby trap incidents.
- f. Discredit VC/NVA.
- g. Induce reporting VC activity.
- h. Explain presence of U.S. Forces in Vietnam.
- i. Instill good health habits in the people.
- j. Encourage support of the GVN.

2. Psychological Operations supported all named operations and Regimental TAOR's. The Phu Bai TAOR, the DMZ and the Recon Zones were also targeted regularly.

3. The following leaflets by type were delivered by aerial leaflet drops:

<u>Typ</u>	No. of Leaflets
a. Chieu Hoi	21,000
b. NVA	3,880,000
c. Safe Conduct Passes	1,220,000
d. Rewards	4,375,000
e. Varied other themes	6,985,000

4. There were 67 hours and 40 minutes of aerial broadcasts covering the same basic themes in the same general areas as the leaflet drops.

5. There were 187 hours and 20 minutes of ground broadcast and 50 hours of waterborne broadcast. PsyOps speaker teams working with Coastal Groups 11 and 12 covered most of the waterways and coast from Phu Loc to the DMZ and along the rivers from Thua An Island to Hue and from the

mouth of the Cua Viet River to Dong Ha. The 187 hours and 20 minutes of ground broadcast was in support of the 4th Marines, 9th Marines, 3rd Marines, 26 Marines, 2/26, 1st Am Trac Battalion, and Combined Action Platoons in Thua Thien and Quang Tri Province. General themes were Vietnamese music, MEDCAP instructions, Chieu Hoi, support GVN, good health, mine and general weapons reward and County Fair instructions.

6. There were 12 hours of movies shown. Most of the movies shown were in support of a Division better health campaign in the Phu Bai area and in support of 3/2 during a County Fair Operation. General movie themes were cartoons, good health, support GVN and films designed to instill nationalism in the people.

7. Hand distribution of leaflets, posters, Free South newspapers, and Farm Magazines totaled 189,235.

8. Forty four VC/NVA rallied through the Chieu Hoi program in Thua Thien and Quang Tri Provinces.

9. Thirty three scouts were graduated from the third Kit Carson Scout School at Quang Tri city on 28 October 1967. The 33 scouts were assigned to Division units bringing the total number employed in the Division to 66. The eventual goal is to have two scouts for every rifle company in the Division. The scouts participated in 290 patrols with Marine units. They located mines, booby traps and ammunition caches, and exposed several ambushes. They have been credited with saving many Marine lives. Many are learning English on their own. A formal four week English class is planned for November for those scouts who have shown an ability and a willingness to learn English.

10. The southern DMZ and the areas around Con Thien are being targeted daily. A new leaflet with an NVA Chieu Hoi appeal on one side and the new rewards appeal on the other was dropped through the area. Another new leaflet called the Three Delays was also dropped in the two areas. This leaflet is counter-propaganda for a VC/NVA theme of postponing love, marriage and family until the war is over. The areas will be targeted on a continuing basis.

11. Both the Quang Tri and Thua Thien Armed Propaganda Teams were used extensively by Marine Units. The Quang Tri APT was employed with 3/4, 1/4, 1st Am Tracs and the 1st Marines in the Quang Tri and Dong Ha areas. The Thua Thien APT was employed with 3/26 on a County Fair, 28-31 October. Both APT's are being used to conduct face to face propaganda, identify VC, and gather intelligence information.

(5) Berthing space for barges was completed at the Dong Ha ramp on 24 **October**.

(6) Logistics **technical/administrative** inspections were conducted during October, as part of the Commanding General's **Inspection**, of 3d Tank **Battalion**, 1st AmTrac Battalion and 3d **Anti-Tank Battalion**.

b. **Combat Damage**. During the month of October the following major **items** of equipment sustained **combat** damage.

Of the total messes in operation, 15 are permanent type field messes housed in MCON structures and the remaining 44 are temporary field messes. Subsistence support provided Marine Corps, Navy and Army personnel of this Division averaged 32,000 rations daily. Of the total personnel subsisted, approximately 86% were subsisted on Field Ration A supplemented with B Rations and approximately 14% consumed Meals Combat Individual daily. ~~Meals Combat Individual are being consumed only when operational requirements preclude serving Field Ration A's.~~

## f. Supply

(1) The Excess and Cancellations Program totaled 12,868,874 dollars for the period 1 January to 30 September 1967.

(2) Substantial quantities of monsoon material including rainsuits and poncho liners were shipped to Division units.

(3) Increased use of Rough Rider Convoys has significantly reduced the backlog of Class II supplies at Force Logistic Command.

(4) The Division Supply Management Team visited and provided advice to all units in C-2 readiness category

g. Planning. Plans were revised and issued for Operations Lancaster Kentucky, Scotland and Neosho.

## 2. Problem Areas

a. Supply. The shortage of office supplies and stationery continues to create serious administrative problems. The shortage of AN/PRC 25 accessories and modules hampers the communications capability of all units authorized such equipment. Lack of communication center supplies and monoblocks for battery BB451 has limited communications of this Division. The lack of repair parts for vehicles and other heavy equipment caused an unacceptable high deadline rate of these items. In addition, shortages of cleaning material and repair parts for the M16A1 still exist.

Enclosure (1)  
SECRET

41

SECRET

b. **Transportation.** The lines of communication are at present **over-**taxed and **probably** the greatest logistic **problem**. All three basic modes of transportation are used to transport material - sea, air and **land**. Each mode must operate at peak efficiency in view of the high priority programs competing for the available transportation. The construction of the Quang Tri **Complex**, Dye Marker, and normal daily resupply were the major logistic efforts competing for transportation during this **period**. During the month increased use of Division Rough Rider convoys were used to augment the transportation assets of III **MAF** and **FLC**.

c. **Services**

(1) Laundry **facilities** for the major portion of the Division were **still inadequate**. The situation will be rectified if projected employment of laundry units received in recent weeks by Force Logistics Command is actually accomplished in **time** for the monsoon **season**.

(2) The shortage of bath units **still** exists, however appears near resolution if allowances authorized (**CMC 271259Z Oct 67**) can be placed in service within an **acceptable** time **period**.

d. **Maintenance**

(1) Short supply of repair parts for accomplishment of second and third echelon maintenance continues to hamper overall maintenance efforts of the **Division**.

(2) Lack of replacement engines and transmissions for the truck **M422-A1** continues to result in a high deadline rate for this vehicle.

(3) Shortages of replacement **parts**, modules, and accessories for the **AN/PRC 25** radio continue to contribute to a high deadline **rate**.

(4) Support received from **H** **rest** **ange Program** continues to be **unsatisfactory** due to insufficient range and depth of **exchange** items and the mechanical defects often encountered in the rebuilt **items**.

## DIVISION ENGINEER

1. During October, the Third Marine Division received engineer support from a Division and a Force Engineer Battalion, four complete Navy Mobile Construction Battalions and detachments from three additional Navy Mobile Construction Battalions. Additionally, maintenance and utilities support was provided by detachments from Naval Support Activity, Danang. Major Engineer projects have included:

a. Maintenance of Route #1. The combination of bad weather and enemy destruction of bridges and culverts required continuous coordinated effort between Navy Mobile Construction Battalions, Marine engineers and ARVN engineers to keep Route #1 open. Three major multispan bridges were blown during the month and several culverts and small bridges were damaged or destroyed. Major events included:

(1) 1 October. In the vicinity of Phu Loc the road was cut in three places. Two culverts were destroyed north of Phu Loc and were quickly repaired by NMCB-121. The 70 meter bridge at Thua-Luu (ZDL93010) was damaged and repaired by ARVN engineers the next day.

(2) 4 October. The 6 span 88 meter bridge south of Phu Eai at An Nong (YD927103) was totally destroyed. ARVN engineers emplaced a Class 12 light tactical bridge and reopened the road at 1700, 5 October.

(3) 6 October. The 2 span 47 meter bridge less than 3 kilometers south of the Phu Bai base at YD913118 was destroyed. A 165' M6 bridge was emplaced by the 3d Engineer Battalion, reopening the road at 1700, 6 October.

(4) 9 October. A 1st Marine Division convoy passing over the ARVN light tactical bridge at An Nong overloaded the bridge and caused it to sink. This again closed Route #1 south of Phu Bai. The road was reopened at 1330, 12 October, after being closed for 8 of 9 days.

(5) 13 October. The 400' floating bridge at My Chanh (YD460400) north of Camp Evans was closed for a two day period for upgrading to class 55.

(6) 15 October. A culvert between Dong Ha and Quang Tri was destroyed. The road was reopened by MCB-11 at mid day.

(7) 27 October. The 3d Engineer Battalion replaced the Class 12 ARVN floating bridge at An Nong with a Class 55 h/Class 60 superstructure bridge.

(8) 27 October. Three culverts were destroyed on Route #1 south of Quang Tri in the vicinity of Hai Lang (YD4344). Hasty repairs were performed by ARVN Engineers and final repairs were completed 31 October by MCB-10.

Enclosure (1)  
SECRET

SECRET

(9) 28 October. Route #1 north of Hue was limited to Class 17 traffic when the water became too shallow to operate the ferry at An Lo. At the end of the month the ferry was still inoperable because of low water.

(10) 31 October. The 4 span 62 meter bridge at Phu Loc (ZD099006) was destroyed. The Third Engineer Battalion was expecting to complete the installation of a Class 55 M4/Class 60 superstructure bridge on 1 November.

b. Maintenance of Route #9. Route #9 remained closed west of the Rockpile throughout the month. Heavy rains at the beginning of the month washed out the abutments of the bridge at Khe Gio (YD026561), closing the road west of Camp Carroll 1-3 October. The road was open from Dong Ha to the Rockpile for the rest of the month although the section west of Cam Lo is badly potholed and greatly in need of repair.

c. Maintenance of Route 561. A great improvement was made on Route #561 between Cam Lo and Con Thien as October brought several weeks of good weather. The entire road now has good rock base and 30% has been sealed with asphalt.

d. Khe Sanh Airfield. Repairs to the subgrade of the Khe Sanh airfield continued throughout the month. On 28 October, C-123 aircraft were landed at the field for the first time since August. At the end of the month, repairs to 2600' of runway were complete.

## 2. Military Construction

a. During October, about 20% of the 3d Marine Division 67S Military Construction Program was completed. Total facilities constructed through 31 October include 54 huts (16'x32'), 14 showers, 24 heads and 5 messhalls. The total program is now approximately 74% complete.

b. Construction under the TSFC program continued during October. At Camp Evans, a total of 24 SEA huts, 201 strongbacks, 16 heads and 4 showers have been completed. Also completed at Camp Evans were a 500 man messhall, one 10'x24'x8' bunker and one 8'x12'x8' bunker. A total of 107 SEA huts have been constructed at Cua Viet. MCB-10 commenced construction of the Camp Carroll cantonment and thus far has completed 29 SEA huts and 35 strongbacks. Seventy-six SEA huts have been constructed at Dong Ha.

## 3. Base Development

a. Construction of the Quang Tri Airfield continued during October. The 3500' landing strip has been completed; C-130 aircraft began landing on 20 October. A 500 man messhall and 34 SEA huts have been constructed to date. The site for the temporary ASP has been selected and initial work begun.

## 4. Mine Incidents

a. In October Third Marine Division units reported 53 incidents involving the discovery of mines or booby traps. Approximately 75 explosive devices were discovered and disarmed or destroyed. Division units reported 64 detonations of explosive devices, including 16 detonations by vehicles.

## CIVIL AFFAIRS

## 1. Refugees

a. No substantial numbers of new refugees were generated during the month of October 1967. As of 31 October, there were approximately 26,000 refugees in Thua Thien Province and 53,000 refugees in Quang Tri Province. However, on 30 October 1967, preparations began for the movement and settlement of an estimated 4,000-5,000 refugees from the "Street Without Joy" area to the Phong Dien and Quang Dien District Headquarters. Operation LAM SON 140 was conducted by the GVN specifically to evacuate these refugees from the "Street Without Joy". The duration of this operation is from 2-6 November 1967.

b. Temporary and permanent refugee camps continued to receive aid from GVN sources with augmentation assistance from 3d Marine Division resources. The brick factory at the Cam Lo Refugee Settlement ceased operations during the month. The reason was that cement, the factory's raw material, was not resupplied due to the changeover in the COMUSMACV logistic operations transferring the commodities to GVN control. It is anticipated that this situation will be corrected during November and that production will then resume.

c. Substantial progress in improving the life of refugees was made in Thua Thien Province during October. The Provincial SCR gave 276 families in Phong Dien and 713 families at Quang Dien a grant of 5,000 VN per each refugee family; a total so far of 4,945,000 VN. These allowances are to assist the families in building their houses. Thus far more than 600 houses have been built at both places. More are being built, however, roofing supplies have been exhausted and this is causing a delay in further building. Many refugees have moved into their houses at Quang Dien. Flooding was previously a major problem for refugees in this area. However, these people will receive 450 VN per person per month as Temporary Relief Funds. 1,421 refugees at Phong Dien were given 450 VN each (a total of 689,450 VN) for Temporary Relief during October 1967.

2. Revolution: y Development

## a. Thua Thien

(1) The 1967 Province RD Program is on schedule. The 1967 Provincial RD Plan. Five consolidated hamlets three in Quang Dien District and two in Huong Thuy District, were dropped from the 1967 plan. An increase in commodities received for the RD priority areas has made up for previous shortages. Projects that have been awaiting items, such as tin roofing, have received them and the projects are rapidly being completed.

(2) Security continues to be good with the three ARVN 3d Regiment Battalions operating in and around the three RD areas. Attention is being given to the understrength RF platoons that are collocated with the RD Cadre

Enclosure (1)  
SECRET

SECRET

Teams. Enemy activity for the month was light. There were six VC initiated incidents involving RD Cadre in October. These incidents included two mortar and two ground attacks and one incident each of sniping and mining. They resulted in one friendly KIA and six friendly WIA. However, in general, enemy activity throughout Thua Thien Province decreased during October.

(3) The effectiveness of the RD Cadre remains relatively the same as in previous months. A significant incident was the repelling of a VC platoon attack by an RD Cadre Team through the use of a coordinated defense with the ARVN RD Support Battalion. Calling for support from the battalion, the RD Team received artillery and mortar fire support shortly after requesting it. This shows that RD Teams are able to repel small scale enemy attacks with light friendly casualties by proper coordination with their ARVN Support Battalions.

(4) Through the coordinated actions of Census Grievance, PR and PSB personnel, two successful action operations against the VC infrastructure were conducted during October. Based on a Census Grievance report, a PRU mounted an operation on 6 and 7 October. The leader of a Hue City sabotage cell, two cell members and two VC suspects were all taken to the PIC for interrogation. As a further result, 7 other members of the sabotage cell were arrested on 8 October and explosive devices were confiscated. On 21 October, the PSB arrested a prominent VC Cadre, one Nguyen Tron. He had been recruited as the VC commander of the Hue City "Liberation Force" in 1965. Tron was directed to penetrate the Buddhist struggle movement, on behalf of the VC, during 1966 which he succeeded in doing. He was eventually appointed a company commander of the struggle movement. After its collapse, he escaped to a pagoda where he remained in hiding for 16 months. Subsequent to his arrest, Tron provided the names of three other VC Cadre who have since been arrested by the PSB. One of these is one Tam, who is described by Tron as the Chief of VC Hue City Security. Tam appears to be a senior ranking VC. Considerable progress during the month was made by the DOI/CCS established in Phu Vang and Huong Thuy Districts. Full support for the DOI/CCS by the new District Chief should result in much more effective correlation of all information concerning the VC infrastructure in these two Districts.

b. Quang Tri

(1) The RD momentum achieved in the Province during previous months was interrupted and the 1967 RD Plan in the Province is farther behind in its schedule than it was at the end of the previous month. Few commodities were issued to RD Teams during October because the CORDS logistics system was transferred to the new GVN logistics system as of 1 October 1967. Multiple shifts of RD Teams from hamlet to hamlet, to satisfy GVN political demands for increased RD progress, were a major factor in hindering the RD effort in the Province.

(2) The efficiency of RD Teams and the security provided to the RD Priority Area continued to improve during October. Greatly improved cooper-

ation between all the intelligence and reaction agencies in Quang Tri Province resulted in considerable progress in the attack against the VC infrastructure. The most notable example was the successful Thuong Xa Operation in Mai Linh District on 25 October. Five VC infrastructure personalities were arrested, twenty suspects were detained and 13 VC guerillas or infrastructure members were killed. This was a combined operation involving all GVN intelligence agencies, a USMC Battalion and a Provisional Sector Battalion, composed of personnel from each of the Province's several reaction forces, including PRU's, RFs and PFFs. It was a milestone in Quang Tri Province's drive to achieve concerted action against the VC infrastructure.

(3) The attitude of the people toward the GVN and their confidence in security arrangements improved during the month. The major factors causing this were the successful Lower House elections of 22 October and the arrival of the 1st Marine Regiment at La Vang, just south of Quang Tri City. Operation LAM SON 138 by the 1st ARVN Regiment was a major victory that virtually destroyed a VC/NVA battalion. The GVN/US "instant pacification" operation at Thuong Xa Hamlet was also highly successful. Both operations were major contributions to the security improvement and the resulting better attitudes of the populace.

(4) Enemy activity in and around the RD Priority Area primarily consisted of small scale harassment and mortar attacks on RD Teams and PF Platoons. VC initiated incidents for the month reached a peak during the period just prior to and during the Lower House elections. There were some assassinations and kidnappings in RD Hamlets. An information booth constructed by an RD Team and a hamlet office were sabotaged and bamboo fences were destroyed. There were two attacks against RD Teams during the month, both on October 22. The first squad-sized ground attack resulted in one RD Cadre KIA, four drowned while trying to flee across a nearby river and one WIA. The second attack by mortar fire resulted in two Cadre and two civilians WIA.

### 3. Division Civil Affairs/Civic Action

a. Agriculture. A Demonstration Garden project to present new agricultural methods and introduce new vegetables to the Montagnards (Brou) of the Khe Sanh area was started. Rice Threshing machines were demonstrated in the Dong Ha and Quang Tri areas during the month. These machines are being very well received throughout Quang Tri and Thua Thien Provinces. Fifty machines issued to farmers by the 3d Marine Division Agriculture Advisor are now in use. Of these, 21 machines have been purchased by the farmers at 3,500 VN\$ each. It is expected that 15 additional machines will be purchased by the using farmers during November. The remainder that are not bought will be returned to the Division G-5 at the end of the harvest season for further loan next year. Funds from the sale of the 36 machines will be used to buy additional machines and thus further expand this project. All pig projects are progressing very well, with two exceptions. One pig must be sold because of a hernia and another died of pneumonia, the contractor of which was unavoidable and not due to lack of care by the farmer.

b. MEDCAPS. A total of 46,165 Vietnamese were treated at MEDCAPS/ DENTCAPS during the month. This was a decrease of about 2,000 from the 48,256 treated in September and 48,525 treated during August. It is believed that the limit of the Division's capacity (approximately 45,000 to 50,000 per month) to conduct MEDCAPS has been reached under current operational conditions, personnel availability and available MEDCAP supplies. A new MEDCAP supply requisitioning initiated by III MAF in November. This should greatly simplify the procedures for obtaining MEDCAP supplies and should expedite delivery of supplies to using unit Civic Action Officers. Further, this Division is currently reviewing our MEDCAP procedures to determine if any improvement in the conduct of MEDCAPS can be made. These actions may result in further increases in the number of patients treated per month. An effort is also being made to insure that Vietnamese health workers are being treated at all MEDCAP locations in order that such treatment can eventually become a GVN self-sustaining function.

c. Food for Work. In Quang Tri Province, the Food for Work Program sponsored by CORDS continues to offer employment to many Montagnards (Brou) families around the Khe Sanh area. This program pays local Brou workers in USAID commodities for camp construction, trash disposal, improving camp fortifications, folding and stacking parachutes and working in air delivery drop zones. An average of 45-55 Brou per day are paid by the 26th Marine Regiment at Khe Sanh during October. They are paid in kind with a total of about 20 bags of rice per day or approximately 1,000 pounds of rice per month. The payment for work in rice has become an important source of subsistence for the Brou who perform labor in a most satisfactory manner. It has also aided the local economy which has been in a depressed state for several months due to the closing of Route 9 from the coast to Khe Sanh because of NVA/VC activity. The program has also tended to improve relations between the Marine Corps command and the local populace.

#### d. Logistics

(1) A change in the policy which previously banned local civilians from using military aircraft flying to or from Khe Sanh was authorized by CG III MAF/SA I Corps msg 230510Z OCT67 (S). Implementation of the new policy has not yet been effected by the Senior Province Advisor, Quang Tri Province, but it is hoped that the new travel policy will be placed in effect during November. This will be of measurable assistance to the economy of the Khe Sanh area and should greatly improve the attitudes and usefulness of French coffee planters, local merchants and the populace in the Khe Sanh area.

(2) The Division G-5 Commodities Warehouse issued 9,558 items of Civic Action supplies to unit CA Officers during October. This includes 4905 bags of cement, 526 sheets of tin, 3,200 bars of soap, 2,390 assorted books, 54 blackboards, 624 boxes of powdered milk, 2,400 rice bags, 53 boxes of assorted clothing (many received by the Division G-5 via direct U.S. Mail) and 3,000 board feet of assorted scrap lumber.

o. Third Marine Division Vietnamese Scholarship Fund. During the

Enclosure (1)

month, 103 students of Thua Thien Province and 9 students of Quang Tri Province received benefits from the scholarship fund for which a total of 112,500 VNS was expended. III MAF General WALT Scholarship funds in conjunction with unit donations to the Division Fund have been used to give an added financial base to the program and to permit its expansion to the present level of 112 students. It is planned to level off the program at 125 students for the remainder of the current school year in order to evaluate the effectiveness of the program.

f. Public Health

(1) A program to present public health films to schools in Thua Thien Province was begun on 24 October 1967. The 1st AA Platoon, 29th Civil Affairs Company, attached to the Division, showed the films, Walt Disney cartoons with a health education theme in the Vietnamese language, to 6,000 students at seven schools in three days. This project will continue throughout November and December. The films were very well received by all the children and their teachers.

g. Lower House Election Results

(1) Elections for the Lower House of the Vietnamese Legislature were held without serious incidents on 22 October 1967. They were highly successful in spite of VC efforts to disrupt the elections. In Quang Tri Province, pre-election incidents were fewer and more poorly executed than in September. The incident rate in Thua Thien Province on 22 October was actually lower than during the week prior to the election. Voting results in the Lower House election were:

PROVINCE	PERCENTAGE OF REGISTERED VOTERS WHO CAST BALLOTS
Thua Thien	76.4%
Quang Tri	80.2%

## DIVISION CHAPLAIN

## I PERSONNEL

The month of October 1967 began with twenty-eight (28) chaplains serving with the 3d Marine Division; two (2) of whom (Chaplain ROGERS 1/3 and Chaplain RUTHERFORD 2/3) were with their units deployed to Special Landing Force.

Chaplains DAVIS, LAVIN and OLIVER rotated to CONUS during the month.

Chaplains HEINO, DRISCOLL and COHILL reported from CONUS for duty with 3d Marine Division during the month of October.

Chaplains ROGERS and RUTHERFORD returned to country briefly with 1/3 and 2/3 to OPCON 3d Marine Division for several operations but remained ADCON 9th MAB.

Assignments were as follows:

Chaplain COHILL to 4th Marines  
 Chaplain DRISCOLL to Hq. Bn. KHE SANH  
 Chaplain HEINO to 1/9

Reassignments were as follows:

Chaplain FILMYER to Hq. Bn.  
 Chaplain JONES to Hq. Bn.

The month of October ended with twenty-nine (29) chaplains serving with the 3d Marine Division, two of whom (Chaplain ROGERS 1/3 and Chaplain RUTHERFORD 2/3) are with their units deployed to Special Landing Force. Two chaplains were medically evacuated LT N.D. CHASTEEN to Naval Hospital, Great Lakes in August of 1967 and LT J.M. RIGLER to Naval Hospital, Oakland in September of 1967.

## II DIVINE SERVICES

3d Marine Division Chaplains conducted 414 Sunday Divine Services during October with an attendance of 13,955 and 495 Weekday Services with an attendance of 8,199; total Services 909 attendance 22,154.

Jewish coverage was provided for Division personnel by the Jewish Chaplain LT SHELDON KIRSH, CHC, USNR, III MAF.

Chaplain KEARSLEY, Force Logistics Command, continued to travel throughout 3d Marine Division TAORs providing Latter Day Saints religious coverage.

Chaplain FRIMENKO, 1st Marine Division, offered Eastern Orthodox religious services at least once during the month in all 3d Marine Division enclaves.

Chaplain HARTBY, 2nd Battalion, 26th Marines provided weekly Episcopal Holy Communion Services in the Division CP Chapel.

### III OPERATIONS

Chaplains participated in operations as follows:

ART ORE: Chaplains FENNING, RYAN, PHILLIPS, MCELROY, and STUBBE.

CUMBERLAND: Chaplains FENNING, RYAN, KIRK, FILMYER, COHILL, SWIFT, and BRETT.

KINGFISHER: Chaplains FENNING, RYAN, PHILLIPS, FOGARTY, KEELEY, MCMORROW, STANIS, MYATT, MCALISTER, JONES, SEIBERT, BLACK, and HEINO.

MEDINA: Chaplains AUER and LYONS (1st Division, OPCON to 3d Marine Division).

GRANITE: Chaplains FENNING, RYAN, BRETT, KIRK, SWIFT, and COHILL.

### IV RELATED ACTIVITIES

1. "Religiously Based Customs in the Republic of Vietnam" lectures were delivered with regularity by 3d Division Chaplains. A one-hour lecture on this subject is a standard part of the indoctrination of newly joined personnel in practically all units. The assistant Division Chaplain provided this lecture session as a standard part of the training cycle for the Personal Response School, as well as the lecture session on Vietnamese Religions in that school. The Headquarters Battalion Chaplain lectures to every Combihed Action Group indoctrination class on both subjects.

2, Civic Action. Chaplains reported such varied activities as distribution of food, candy, clothing, firewood, building materials and school supplies; assisting native churches, orphanages and hospitals; teaching English language classes; assistance in Medical Care Programs of Vietnamese villagers; and the showing of films on personal hygiene and patriotism to the villagers near their unit's area.

## 3D DENTAL COMPANY

## NARRATIVE SUMMARY

The 3d Dental Company furnishes dental support to Marine Corps personnel in the Hue-Phu Bai, Dong Ha, Khe Sanh, and Cam Lo areas of RVN. The construction of a new clinic in the 3d Marine Division CP area was completed on 15 October. The hard-clinic formerly serving this area was disestablished at that time.

A hardback clinic was completed at Camp Carroll during the month of October. The Dental/Surgical Van formerly serving this area was relocated at Cam Lo.

The 3d Dental Company personnel assist Medical in Mass Casualty Care and are active in the Civic Action Program. The oral surgeons treat maxillo-facial wound cases.
