Durham has nine banks (including Morris Plan Bank and one colored bank), with combined deposits in excess of \$6,000,000, and with annual clearings of \$90,000,000.

Durham had Post Office receipts totaling \$67,956.32 in the fiscal year ended June 30, 1917.

Durham is the home of the largest negro life insurance company in the world—The North Carolina Mutual and Provident Association.

Durham derives its present water supply from Eno River. A new water plant (source, Flat River), with reservoir capacity of 45,000,000 gallons and maximum filter capacity of 4,500,000 gallons per day, is practically completed.

Durham has the Watts Hospital, donated to the city and county by Mr. Geo. W. Watts. This institution is one of the most liberally endowed and completely equipped in the South.

### INDUSTRIAL.

Durham has a healthy industrial atmosphere, as indicated by its many prospering industries, which are constantly adding to their capacity. Industries seeking a location will find here admirable transportation facilities, cheap labor, and abundance of electrical power, furnished by the Southern Power Company and the Durham Traction Company. Durham receives annually freight to the amount of more than 600,000 tons and sends out to the markets of the world 400,000 tons. Durham manufactures annually products to the amount of more than \$30,000,000.

**Tobacco.**—Durham is in the heart of the famous Piedmont bright tobacco section, and has long been known as a center of the tobacco manufacturing industry. There are four warehouses for the sale of tobacco grown in this vicinity. Durham manufacturers and exporters buy 70,000,000 pounds of tobacco every year, most of which is manufactured here into the famous "Bull Durham" granulated smoking tobacco, made by the American Tobacco Company; into "Duke's Mixture," made by the Liggett & Myers Tobacco Company, and into many well-known brands of cigarettes. The exporters re-dry and ship abroad several million pounds annually. The Imperial Tobacco Company has here one of the handsomest factory buildings in the South, a \$250,000 plant, the largest and most up-to-date plant in the world used exclusively for re-drying tobacco, having capacity for drying 20,000,000 pounds a season and storage for 5,000 hogsheads.

**Cotton.**—Durham has two large mills and bleacheries of the Erwin Cotton Mills Company, making wide sheeting, pillow cases and linens, and using nearly 100 bales of cotton daily. There are also three

cotton mills making large quantities of gingham, wide sheetings and hosiery yarns. Durham also has the largest cotton bag mill in the world, the Golden Belt plant, making 2,000,000 assorted bags daily.

**Hosiery.**—Durham is the home of the Durham Hosiery Mills, the largest hosiery concern in the world. The plants of this company turn out daily 342,000 hose and socks of the "Durable Durham" brand. Hosiery for the Army and Navy is constantly being manufactured.

**Other Industries.**—Durham has one of the largest and most completely equipped fertilizer plants in North Carolina, that of the Virginia-Carolina Chemical Company. Here also is the large flour milling plant of the Austin-Heaton Company, with a capacity of 800 barrels a day. There are several lumber plants, supplying any quantities of all grades of building material. Other products: Blank books, castings and iron products, cigars, harness, ice, mattresses, overalls and wagons.

The High School has about 500 pupils. Several of the schools are equipped with playgrounds. There is also a large general playground.

**Trinity College.**—Durham is the home of Trinity College (co-educational), one of the leading institutions of learning, and the most liberally endowed in the South (with one exception). Trinity has a very attractive campus of 102 acres, and holdings valued at about \$3,000,000, including 24 buildings. The endowment is \$1,641,003.79.

Last year there were 706 students, besides 99 taking extension work—a total enrollment of 805. The college has 64 teachers and officers.

There are seven other colleges within fifty miles, including the University of North Carolina at Chapel Hill, twelve miles distant.

**Other Institutions.**—Durham is the home of the Southern Conservatory of Music, affording vocal and instrumental instruction to young men and women, who come from many States. The Durham Business School affords instruction in day and night sessions, in book-keeping, stenography, typewriting and salesmanship.

### DURHAM COUNTY.

Durham County, of which Durham is the county seat, has a great variety of soils adapted to the growing of tobacco, cotton, grasses, produce and fruits. The farmers' products find a ready market in Durham. The farm lands respond readily to intelligent treatment, land being worth from \$15 to \$100 per acre, depending upon the distance from Durham. The county has a complete free school system, with full eight-months term. There are two Farm Life Schools, and the county employs Agricultural and Home Demonstration Agents. Durham County has a system of sand-clay and macadamized roads which represent an outlay of about a million dollars. The \$300,000 County Court House is of recent construction.

## City Directory Don'ts

**DON'T** put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

**DON'T** think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

**DON'T** look mad when a customer asks to look at your Directory.

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

**DON'T** forget that an up-to-date city must have a Directory and a merchant that has no DIRECTORY is what?

**DON'T** forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

---

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Wilmington City Directory.
