Dear Maria & Henry

I am keeping a very accurate
journal of Maria's for your information & in-
struction whenever I have a prospect of opportunity
of writing to you I shall send you that
but as I am not an owner of a vessel to you -
I will try & do the best I can for you
- keeping a journal of your letters
I will try to condense as much as possible
of the sayings and doings here & when you
get my journal - the Liberator & if you know
any one who is perfect - I believe our last letter
found you an idea of how things were going
on here up to the time of the annual
meeting of the friends of John and Anne who sub-
ject to America was in a great state of
well order - it will be it is
I believe a blot of violence to nothing can
be seen in their eye & I have to think that we
have any existence except at the present time

as we were - I have been resolved
to choose to be by ballot in the course of

& ballots were a preparation to spread over
the many appearing in a loose manner was
as usual - & they reported the old house
which report was highly amended - the
promising committee - was reported Philbrick
