SPECIAL INVESTIGATION
ATTORNEY-GENERAL'S OFFICE

(4SEC.No. 118)

March 7, 1950

FROM : Director Mitsusada YOSHICAWA of Special Investigation Bureau,
Attorney-General's Office.

FOR : Major Jack P. Napier, Government Section, G. H. Q.

SUBJECT: Activities of Koreans after the Close-
u p of Korean Schools.

I. In connection with the problem of Korean schools, of which we have already reported to you with our notification "4 SEC. No. 5" dated January 10, 1950, no particular developments have been observed since.

II. Although there happened some troubles such as the "refusal of school works", "demand for racial education" and "request for economic benefits" sporadically up to about January,

Korean teachers as well as pupils have become gradually reconciled with measures taken by the Japanese authorities ; and the situation is passing rather smoothly, even though there still exists a bit of discordance.

b. During the time when the schools were closed and subsequently reformed, which came directly after the dissolution of the League of Koreans and the Korean Young Men's League, both the left and right of the Korean people moved desparately opposing to the measures ; but in the meantime, being restrained by the economic presure in daily life that weighed on them as well as on general Japanese, and becoming aware, at the same time, of the even-
eventual usefulness of their desparate efforts, those Koreans came to change their way to such policy as called "interest rater than fame" and have now abandoned the line of the maintenance and operation of those schools to the care of the Japanese government, shifting the emphasis anew to the direction of " racial education", the extra-carriculum course in these schools.

c. It is suspected that the former leading members of such dissolved organizations as the League of Koreans, the Koreans' Emancipation and Relief Association, and the Korean Democratic Women's League are working on Korean pupils through their kindreds and Korean teachers; but such elements are those that belonged to that class called "professional leaders", and as for Koreans in general, they are withdrawing one after another from the movement due to the cause of economic pressure in their daily living.

Such being the circumstance, it is expected that the affair will pass on without trouble hereafter, if no particular change is caused by any outside factors.

III. None.

IV. We intend to close this investigation for the present, and make necessary reports in future each time that any particular event develops.

M. Yoshikawa
Director of Special Investigation Bureau,
Attorney-Generals Office

SPECIAL INVESTIGATION
ATTORNEY-GENERAL'S OFFICE

(4SEC.No. 88)

March 8, 1950

FROM : Director Mitsusada YOSHICAWA of Special Investigation Bureau,
Attorney General's Office.

FOR : Major Jack P. Napier, Government Section, G. H. Q.

SUBJECT : On the Problem of Korean Schools in
Tokyo : 3rd Report.

I. The present report is connected with
Item b, Paragraph II of our report "4 SEC —
No. 51" dated February 20, 1950.

II. Through investigation effected by
Subsection II, Fourth Section, S I B the details
concerned with the above were revealed as fol-
lows :

a. As to the 3 persons who instigated
the pupils to refuse school lessons and
committed violence, their original domiciles,

present addresses and ages are not known ; but these persons that are deemed to have acted as leaders in the present case are Kin Kishuts (former student of a high school ; aged 20 or so ; domicile, address and occupation not known) and 2 others who are considered to have been students of a secondary school of the older system. All these persons are ones that belonged to a boys' corps which was under the control of the former League of Koreans.

b. During the 3 days from January 18 this year, those persons presented to Hirotake TOMIMORI, the Japanese schoolmaster, such requests as " immediate withdrawal of all Japanese teachers from the school" and "establishment of the system of racial education by Korean teachers". These requests being refused, they resorted to that action called "tsurushiage (Kangaroo court)" , and moreover, took down the sign-board bearing the name of the school and carried

it away.

c. The personnel of the school consists of 7 Japanese teachers including the schoolmaster and 6 Korean teachers ; and the number of students thereof, that are divided into 6 classes, in 204.

III. It is recognized that the Korean teachers and pupils of the school have gradually turned mild and have reconciled themselves with the Japanese teachers, the cause for which is to be found solely in economic factors.

IV. It is considered harmless that investigation on the matter should be discontinued for the present.

M. Yoshikawa
Director of Special Investigation Bureau,
Attorney-General's Office.
